Distinguished Doctors Coming To Texas Medical Meeting

Some of the leading medical authorities of the United States will attend the 81st annual session of the State Medical Association of Texas at Houston April 26-29. They will discuss subjects of medical science in which they have won eminence. The eight distinguished guests represent such centers of medical learning as the University of Minnesota, Washington University, Mayo Clinic and University of Michigan. Dr. Lull is national secretary of the American Medical Association.

SCOUTS OBSERVE 1ST ANNIVERSARY AT COURT OF HONOR

Badge Presentation Marks Ceremonies At School Gym

Last Thursday night the local Scout troop held a Court of Honor at the school gymnasium, at which time 14 boys were presented with their Tenderfoot badges; 11 were presented with Second Class badges, two Scouts received their First Class badges, and one Eagle Scout badge was presented.

Mr. Lusk Randalls was the principal speaker for the occasion, stressing the points of good deeds done by a real Scout. Also present were Scout Committeemen E. C. Allison Jr., Max Hoffman, L. J. Chaney, and H. H. Miller, and most of the boys' parents.

The parents of the Scouts pinned the badges on their sons as they were called down for their particular award.

Scouts receiving Tenderfoot badges at the Court of Honor were: Jimmie Adams, John Phillips, Benny and James Terry, Stephen Garrison, Bennie Leeth, Wendell Lively, Bevin Dunklin, Sammy Collins, Billy Jo Luckie, Raymond Lane, Billy Ables, R. W. Leeth, and Robert Ogle.

Receiving Second Class badges were: Fred Jones Jr., Ray Battershell, Bobby Watkins, Donald Ross, Wayne Barnett, Bruce Slaughter, Rolene Chaney, Lewis Parsons, Eugene Barnett, and Billy Loden.

Dan Newman and Royce Knight received First Class badges.

James Hovey was presented with two Merit Badges by his mother; one for staking and one for life saving. James has completed his work for Eagle Scout and has been approved by the local committee. However, the award cannot be made until his application is approved by the National Scout Council.

Ralph Boone told the parents of the boys: "We are beginning a new year in Scouting next month. Please help your boys all you can. Give them more consideration and encouragement—they need it and will appreciate it more than you realize. Boys should not just grow up; they should be reared. Scouting is great work. It is good for your boy and we have room for a few more members. We have made much progress this past year and the future is even brighter."

We started last May with only a few Scouts and only two or three of those had achieved the rank of Tenderfoot; and today we have 43 boys on our roll and the progress of the Troop is shown by the promotions listed above.

BILL NORTON.

AMATEUR NIGHT AT HICO GYM MAY 21

A big Amateur Night program has been planned for May 21st at the Hico High School Gymnasium, according to announcement from the Band Boosters Club, sponsors. The announcement continues: "Cash prizes will be awarded to the best in several different classes, such as: Old Fiddlers, Song and Dance Acts, Quartettes, Instrumental or Vocal Solos, Square Dance Sets—in fact most every kind of entertainment. The best act of the evening will also receive an extra award. Participants are expected from Hamilton, Jonesboro, Stephenville and all surrounding communities. All are welcome. No entrance fee will be charged, just the general admission. "This promises to be one of the best entertainments ever staged in Hico," declares a spokesman for the sponsors. "Watch this paper for more details."

Only Few Don't Need Old-Age Insurance Of Social Security

Only 5 per cent or one out of every twenty of those eligible for retirement under social security are wealthy enough not to need social security benefits, R. R. Tuley Jr., manager of the Waco social security office, reported to the News Review this week.

Sixty-five percent have enough savings at 65 to live comfortably with the aid of their social security payments. The remaining 35 percent need help in addition to those benefits.

"Age 65 is the time to establish eligibility for this old age insurance, and that 95 percent of us need, even if we have no immediate plans to quit work and start drawing benefits," he continued.

Advantages of filing applications prior to actual retirement are:

- (1) The applicant will be notified of the amount of his accrued monthly retirement payment;
 - (2) Insurance benefits can be started simply by sending in a statement that he is no longer working;
 - (3) Benefits will be paid beginning with the first month he did not work even though he puts off sending in the "quit work" form;
 - (4) Making application before retirement no longer "freezes" or fixes the amount of his benefit. Request for recomputation at time of retirement allows addition of all covered wages earned since application was filed.
- The social security office, serving Hamilton and 19 other counties in central Texas, is located at 605 Medical Arts Building, Waco.

Samuel Jones Tilden was disallowed his election to the presidency of the United States in 1876 because of irregularities in the Louisiana ballot.

Congressman Burleson Receives Appointment As Board Member

Washington, April 16.—Congressman Omar Burleson, recently appointed a member of the Board of Visitors of the U. S. Naval Academy, a body similar to the trustees of a university, has attended meetings of the Regents this week in Annapolis, Maryland. The Board of Visitors is comprised of four Senators, five members of the House of Representatives, and seven persons appointed by the President. Among their duties they are to report on conditions found at the Academy as to the curriculum, physical equipment, and general state of morale and discipline, and to recommend changes in methods or practices that may be considered desirable, together with any matters relative to the Academy deemed advisable. In view of present world conditions, Congressman Burleson, himself a veteran of the Naval forces, is taking particular interest in our armed services, and in this capacity is in a position to serve directly in the building of our future Naval commands.

JOE BETTS MEMBER OF TREASURE ISLAND CHOIR

Special to The News Review: Fleet Home Town News Center, 9th Naval Dist., Great Lakes, Ill.—Joe D. Betts, chief electronics technician, USN, son of Tom Betts of Route 3, Hico, Texas, is a member of the Treasure Island Choir in the "Know Your Navy" radio show.

A weekly feature broadcast over Station KILX, Oakland, Calif., the show is aired from the Naval Station, Treasure Island, Calif. The program has been carried on for the past year as a permanent radio feature in the Twelfth Naval District broadcasting recruiting information, sports announcements and items of general Navy interest.

SCOUT TROOP TO SPONSOR CARNIVAL AT HICO CITY PARK

Hico Boy Scout Troop No. 99 will sponsor the Border Land Shows at the Hico City Park all next week, according to announcement from Scout officials. Gates will open Monday night, April 26. The carnival attractions, owned and operated by World War II veterans, include four rides: the ferris wheel, hobby horse, merry mix up, and auto rides, and "shows galore."

Plenty of entertainment and good clean fun is promised by the Boy Scouts, who will receive a share of the receipts.

Ordinary Housefly Enemy to Health In Spreading of Disease

Austin, Tex., April 19.—The ordinary housefly is an enemy of health and is one of the agents most commonly responsible for the spread of disease throughout the nation, according to Dr. Geo. W. Cox, State Health Officer. Typhoid fever, dysentery, and many other intestinal diseases can often be traced to the common housefly as the carrier of infection.

Speaking in this connection, Dr. Cox advised: "Be sure that your windows and doors are tightly screened so that stray flies will not endanger the health of your family. Keep flies away from all food, drink, and utensils used in the preparation of food. Make sure, if you live in rural districts, that outside privy vaults are tightly covered so as not to permit the entrance of flies. Infections from this source can be picked up by flies and spread to human beings through contact with food, drink, and utensils. Keep all garbage covered until collected or buried. Eliminate all breeding places for flies and you will be helping your community in its work of controlling communicable diseases and preventing unnecessary illness."

Dr. Cox said that the State Health Department would furnish upon request a pamphlet outlining safe and practical methods recommended for use of fly control.

PROCLAIMS CANCER CONTROL MONTH

Governor Beauford Jester is shown here as he signed a proclamation in behalf of The American Cancer Society, Texas Division, setting aside the month of April as Cancer Control Month. He called upon Texans to "support fully The American Cancer Society's program of research, education, and service." Shown with Governor Jester, left to right, are Frank C. Smith, Houston, president of the Texas Division; Will Mann Richardson, III, Austin, Travis County chairman for the April campaign; Col. Ike Ashburn, Austin, District Seven chairman of the Society; and Dr. John D. Weaver, Austin, member of the Society's executive committee.

Veterans' News

The Veterans Administration today relieved its training officers of all responsibility for the direct supervision of 220,000 non-disabled World War II veterans in training under the GI Bill in Texas, Louisiana and Mississippi.

The change will permit VA's training officers to devote more time to the needs of the 30,000 disabled veterans in training under the Vocational Rehabilitation Act (Public Law 16) in the same tri-state area. The law VA gives full responsibility for the training of these veterans.

In suspending supervision of GI Bill trainees by direct contact, VA called on all state approval agencies, schools and training establishments to meet fully their obligations under the Servicemen's Readjustment Act (GI Bill). VA will look to an increased extent to state approving agencies to carry out their obligation to approve only schools and establishments that are fully qualified and equipped to give good courses of instruction and are otherwise satisfactory on the basis of current inspections.

Schools and job establishments are obligated to furnish effective education and training to each veteran they enroll, VA said. The institutions must not keep a veteran in training any longer than his conduct and progress warrant. They must provide VA with reports of the veterans' attendance and progress.

VA will use these reports, along with spot checks of veterans in GI Bill programs, to safeguard the veterans' rights to adequate training and to prevent possible fraud against the government.

The new supervision policy varies among the different types of training institutions.

No change was made among colleges and universities which already have the responsibility to supervise all veteran-students they enroll.

VA will use periodic conduct and progress reports and spot checks to supervise ex-servicemen and women in other schools and in job training establishments.

Spot checks will be used in supervising veterans taking institutional on-farm training.

SOLICITATION FOR CANCER DRIVE FUND START NEXT WEEK

Hico Must Raise Part of County's \$600.00 Quota

"The drive to fight cancer is on in Hico and we want to raise our part of the \$600.00 quota set for Hamilton County," declared Bill Norton early this week in outlining the method whereby local people will be afforded an opportunity to contribute.

The local chairman has appointed a committee composed of Mrs. Willard Leach, Mrs. Herman Leach, and Miss Louise Blair to make a whirlwind canvass of the town next Tuesday and Wednesday, April 27 and 28. While the entire month of April has been set aside as Cancer Control Month, it is believed that the local quota can be quickly raised by popular subscription when afforded an opportunity. If the committee fails to see you, make checks payable to the American Cancer Society and mail to Bill Norton.

"The facts are presented here, with," Norton said, "Read them, and let's do our part to make this a successful battle against the killer that is taking a life every three minutes."

HOUSTON, April 20.—Texans are contributing \$268,200 to cancer control work in their own state. That's the amount sought for use in Texas by the Texas Division of the American Cancer Society, which during April is campaigning for a total of \$447,000 in the state. The remainder will go for a national research program (\$11,750) and the national educational program and operational costs (\$67,050).

But 60 per cent of the money Texans are asked to give will be used for information centers and cancer clinics in Texas, according to former governor W. P. Hobby, state chairman for the fund drive.

Nine tumor and cancer clinics in the state are now being assisted by cancer society funds. Others are being opened, and very shortly officials expect every section of Texas to have a convenient clinic for the early education and treatment of cancer.

In many of these same cities information centers are open—in Texarkana and El Paso and other cities all across the state. New ones are being planned every month—these all to be supported by the April drive.

It's all a part of a program designed to tell people that many cancers can be cured, if caught in time. Cancer Society people feel that folks who have cancer now should not wait for present-day research to find a cure, but should act immediately.

So they're emphasizing the fact that many cancers can be cured with what we now know, and that there are certain specific danger signals which often indicate cancer. If these are obeyed, cancers can be removed by surgery, X-ray, or use of radium, and many a life spared.

These information centers are the first part of the cancer service.

SENIOR NEWS

Now that the play is over, we see certain Seniors trying very hard to think of some other way to skip classes.

Representatives from the Clifton Junior College gave a program Monday morning. Everyone enjoyed it. They invited the Seniors to their High School Day, to be held May 5, at Clifton.

JUNIOR NEWS

The Senior play was a big success Friday night. All of the characters played their parts very well.

SOPHOMORE NEWS

Everyone enjoyed the Seniors' play. They certainly played their parts well.

We certainly did appreciate Mrs. Lincoln's chorus. She has done a swell job with them.

BAND NEWS

We played in town Saturday night. The band also played for Assembly Tuesday.

We have some new popular music and are learning to play it. Some of the members have ordered band jackets and the jackets are nice.

CRYSTAL BALL

Let me pull my sides together after laughing so much while seeing the Senior play, "Feudin' in the Hills." I see others laughing besides myself. Some of the couples up there were: Loretta Funk and LeRoy Bobo, Mildred Ellis and James Rainwater, Genelle Elder and Clinton Roberson, Mary Moore and Odell Terry, Patsy Meador and "Dub" French, La Verne Parker and Ralph Turner, and Pat Duzan and "Jeep" Allen.

Saturday night while stopping over in Stephenville, I see Lucy Talley and Ray Martin. When I got to Hico I saw Mary Nell Battershell and Harold Norrod, Marlene Adams and Garland Latham, Joan Golightly and Ray Keller, Betty Golightly and Paul Allen, Mary Nell Keller and Alton Parks, Jo Nell Roberts and Barbara Munnerlyn with O. J. and Milton Clark, Betty Jo Hicks and Sonny Christian, Jeanne Gilbert and John Price, Patsy Ann Tooley and "Bulldog" Hill.

Reburial For Toby Byrd

Funeral services and burial will be held here tomorrow (Tuesday) for Toby Byrd, whose body arrived in Dublin Monday from France. More about the funeral will be given in next week's news.

Charley Edgar Wilhite

Rev. Chester Sylvester, Baptist pastor, assisted by the Methodist pastor, Rev. Frank Stone, conducted funeral services Saturday afternoon in the Baptist church at 3:30 for C. E. Wilhite, who passed away at his home Friday night at 7 o'clock, after more than a year's illness.

Charley Edgar Wilhite was born February 4, 1883, in Morgan county, Alabama, to Mr. and Mrs. P. J. Wilhite who passed away April 16, 1948. His parents moved to Texas and settled in Hamilton county when he was about 12 years of age and lived in and around Carlton the rest of his life.

At the age of 19 he was converted and joined the Gilmore Baptist Church. He was a faithful member of this church for several years before he moved to Carlton.

In 1903 he was united in marriage to Mrs. Inez Jordan. To this union were born four children. The oldest child died in infancy and Doyle, the second of the children, died a few years ago. His survivors are his wife; two children, Brooks of Carlton and Mrs. Charles Waggoner of Grand Prairie; one granddaughter, Mrs. E. R. Kelley, and one great-granddaughter, Sherrey Kelley of Itasca; one sister, Mrs. Henry McAnally of Altman; one brother, W. Wilhite of Tanglewood, Tex.

Barrow-Rutledge Funeral Directors of Hico were in charge of all arrangements, with burial in the Altman cemetery.

Pallbearers were Sid Fine, Geo. Driver, Owen McPherson, Charley Dyer, Rance Sowell and J. W. Jordan Jr. Flower girls were friends of the family whose names were not immediately available.

Mr. and Mrs. J. R. Hill of Dallas were week-end visitors with her brother and wife, Mr. and Mrs. Charley Dyer.

Mr. and Mrs. Whatley Henson of Meadow; their daughter and husband, Mr. and Mrs. Clayton Lefevre of Brownwood attended the funeral Saturday afternoon of their brother-in-law and uncle, Charley Wilhite.

Mrs. Charley Wilhite, Mr. and Mrs. Brooks Wilhite, Mr. and Mrs. E. R. Kelley and daughter, Mr. and Mrs. Charles Waggoner, Mr. and Mrs. Henry McAnally, and Mr. and Mrs. Whatley Henson visited Sunday night in Brownwood with Mr. and Mrs. Clayton Le-

Author of
"HOW TO WIN FRIENDS and INFLUENCE PEOPLE"
ENTHUSIASM UNLOCKS DOOR TO SUCCESS

HERE is a man who increased his income 700 per cent through one thing and that one thing is something you can have for the taking. This increase, mind you, wasn't for just one month, it was a permanent thing.

He was a boy who came up the hard way, received not much in the way of formal education, in fact, he never even had so much as one year of high school. He is one of the most inspiring examples I know, for I saw him begin at the bottom while living in an inexpensive little apartment, and later I visited him in his home which cost him something under a hundred thousand dollars.

What was this miracle quality that did so much for Frank Bettger? Enthusiasm, that was all! He says that once when he was fired from a job he asked the boss why? The boss gladly told him, "Because you're so danged lazy."

Fred replied that he wasn't lazy. He didn't mind work, so he knew he couldn't be lazy.

"Then why," snapped the boss, "do you drag yourself around as if it is an effort to pick up your feet. You give the same impression mentally."

Now Frank knew that his attitude was due to nervousness. And this was because he didn't know where he was headed for, so he wasn't satisfied with what he was getting out of life. He told this to the boss, who snapped, "Well, wake yourself up, and put some life, some enthusiasm into what you do."

Yes, that was it—enthusiasm. It was enthusiasm which transformed his life and made him one of the most successful salesmen of life insurance this country has ever known.

Here is a poem, written by Herbert Kaufman, which Frank Bettger says helped him to generate enthusiasm. He carried it around in his pocket and read it every day before he started his work:

Victory.
You are the man who used to boast
That you'd achieve the uttermost, some day,
You merely wished a show, to demonstrate
How much you know
And prove the distance you can go . . .
Another year we've just passed through.
What new ideas came to you? How many
Big things did you do?
We do not find you on the list of Makers Good.
Explain the fact!
Ah, no, 'twas not the chance you lacked,
As usual—you failed to ACT!

Why not cut out these verses, paste them on a card and place it in your billfold where you can take it out and read it on the way to work every day. If it can do so much for Frank Bettger, surely it can do something for you.

TWO PAIRS THAT MAKE A FULL HOUSE... Four hungry mouths keep Mrs. Carmine Crispone on the run in her tiny Brooklyn flat. She is shown feeding her newest twins, a boy and girl born February 23, 1948, while the other twins, two boys (born February 11, of the previous year) set up some vocal accompaniment. The harried mother still dreams of a larger apartment than their present two and one-half room affair.

IREDELL ITEMS

by Miss Stella Jones, Local Correspondent

Frank Austin Parsons
Mr. Frank Austin Parsons was born to Mr. and Mrs. W. C. Parsons, March 2, 1874 in Washington county, Arkansas. He died at his home near Iredell on April 15, 1948, after an illness of 18 months' duration.

He came to Texas with his parents at the age of 5. He was married to Sarah Jane Raibourn on December 24, 1901. To this union were born ten children. They are: Leonard, Cecil, Irene, Lois, Bernice, Woodrow, Oma, Vee, Ruth, F. A. Jr., and a baby who died in infancy. He is also survived by 18 grandchildren and one great-grandchild, also one sister, Mrs. Frances Jones of Rio Vista, Tex., and a number of nieces and nephews.

Mr. Parsons was converted and joined the Methodist church in November, 1947. He had a happy conversion and was always interested in the work of the church until his death.

The funeral was held at Iredell Methodist Church at 3 p. m. April 16. A good crowd was present to pay their last respects to this man.

The officiating ministers were Rev. John Norris, pastor of the Methodist church; Rev. Tension, pastor of Iredell Baptist church, and Rev. C. Marvin Tidwell, pastor of Fairly Methodist church.

The flower girls were Betty Wallace, Celia Ann Parsons, Janell Burr, Edna and Mildred Kemp, and Joy Raibourn. Pallbearers were Irvin Jones, Charnell Raibourn, Aubrey Dean Raibourn, Abb and Earl Parsons, and Noble Bennett.

With the family and relatives there is a large number of loved ones and friends who mourn the passing of Mr. Parsons.

The remains were laid to rest in the new cemetery.

The relatives have the sympathy of their friends.

A large crowd of relatives from out of town attended the funeral and I failed to get their names.

Homer Does Some "Back-Seat Sewing!"

Homer Bentley's missus was working on her new sewing machine, when Homer comes in, draws up a chair, and starts talking: "Don't you think you're running too fast?" he says. "Slow down! Watch out! Be careful!"

When the missus finally turns with murder in her eyes, Homer says goodnaturedly: "I thought you might like a little help, dear—like you help me drive the car."

The missus can't help but burst out laughing—and they settle what might have been a quarrel over a

friendly glass of beer. The missus agrees to give up back-seat driving and nagging Homer about ashes on the rug. Homer agrees to quit criticizing Sarah's taste for flowery hats and parsley salad.

From where I sit, the key to getting on together is meeting every issue half way—and overlooking any petty differences in tastes—whether these tastes apply to beer or flowery-looking hats!

AT LAST! A sure way to choose a washing machine!

America's largest independent test lab reports the Bendix washes better 2 ways!

For two months, the Pittsburgh Testing Laboratory made test after test to find out which way is the best way to get clothes cleanest.

Compared with three leading non-automatic washers, the Bendix automatic Home Washer made by far the best showing on all counts. The Bendix removed 28% more soil than the average of the other washers tested and also did 10 times as good a job of germ removal!

What's more, the thrifty Bendix obtained these outstanding results with an average of 40% less soap and 10 gallons less water than the runner-up washers used on a single load of clothes!

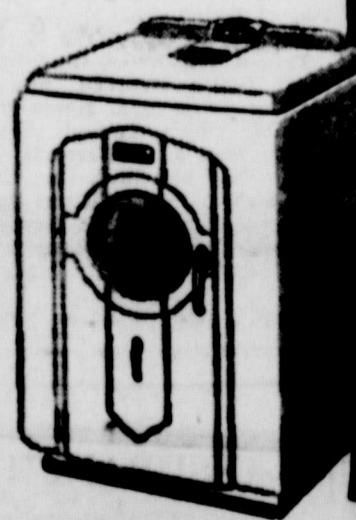

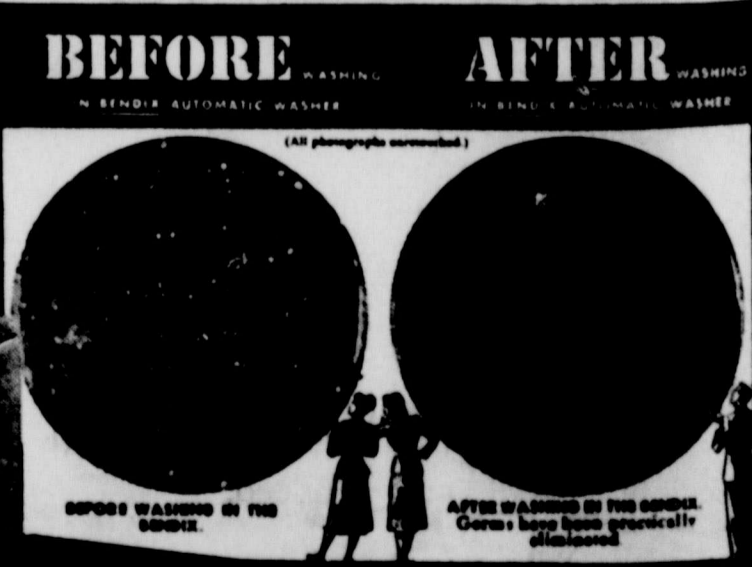

Best of all, from your standpoint, is the fact that the Bendix performs these laundering miracles all by itself... even when you're not in the house! It washes, triple-rinses and damp-dries automatically. All you do is set the dial, add soap... and you're through!

How the Tests were Made

The soil removal tests were made in accordance with the Test Manual of the American Washer and Ironer Manufacturers Association, with water temperatures of 160° for the automatic machine and 125° for non-automatic type machines as specified by the Manual.

For the germ removal tests the washing procedure as above was supplemented by a pre-determined rinse procedure established from contact with authorities in the field of home laundering including the manufacturers of the machines used. The Bendix was used in accordance with the manufacturer's published instructions. Staphylococcus aureus bacteria (bacteria commonly used for test purposes) were used to measure efficiency of germ removal.

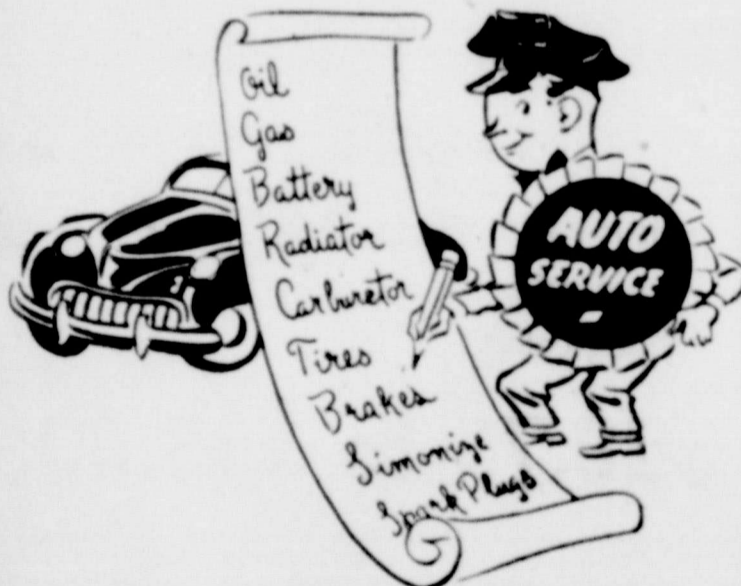

The four washers used, three non-automatic and a Bendix automatic Washer, were purchased in the open market by the Pittsburgh Testing Laboratory.

Six-Inch Sermon

By REV. ROBERT H. HARPER

Zechariah Pleads for Righteousness.

Lesson for April 25; Zechariah 1:1-4; 7:8-14; 8:16-17. Memory Selection: Zechariah 7:9.

Zechariah was probably a young man when he returned with others under Zerubbabel to Jerusalem. When in 521 B. C. the work of rebuilding the temple was stopped by order of Artaxerxes, Zechariah began to preach in encouragement to the people.

He saw that the full restoration of the people to their native land would demand a return of the people to the ways of righteousness. So he exhorted them to mend their evil ways, promising them that if they returned unto God, he would return unto them.

Zechariah referred to the prophecies of warning that had been given the fathers in days past and to the fact that they had been scattered with a whirlwind among the nations. And as this woe had come upon them because they would not harken unto God, so would ruin come upon the people then if they did not return to God.

Zechariah then counseled the people concerning the things they should do to avert disaster and prepare themselves for better things in Jerusalem. They were to be truthful and honest and peaceable in all their dealings, forsaking all evil purposes against their neighbors, all dissembling.

To those who came from Bethel to ask if certain fasts should be kept, the prophet indicated that God desired sincerity of heart above all things. So may we learn that better than "all the beasts on Jewish altars slain is the sacrifice of pure hearts unto God.

Fairy

By Mrs. J. O. Richardson

We are still needing rain in this section. Grain is holding up fairly well; however, if we don't have rain soon, the yield will be cut short.

A large crowd was in attendance at the old fiddlers' contest on Thursday night of last week and all enjoyed the occasion very much. Mr. Goff of Hico won first place in the old fiddlers' contest. The Fairy string band won first place in that division, with Misses Audine Clark, Tone Arrant, Norma Ruth Clark and her brother, Milton, winning first place in the vocal numbers.

Mr. and Mrs. T. C. Stanley and Betty of Winters, Texas, visited Wednesday night of last week in the home of Mrs. Stanley's brother, Mr. and Mrs. Chester Wood, and family. Mrs. Wood and Nedda returned home with them on Thursday for a visit with rela.

Mrs. D. E. Allison and children, Ruby Jean and Darrel, of Dublin spent last Saturday here visiting in the home of her sister, Mrs. Carl Ray Sellers, and other relatives.

Word has been received from Stinnett, Texas, that Miss Ola Frances Grimes was conveyed to a hospital on Friday of last week ill of pneumonia. We are very sorry to learn of her illness and hope she will soon be fully recovered. She is the daughter of Mr. and Mrs. Nat Grimes, who moved from Fairy to Stinnett some time last year.

Friends and relatives will also be sorry to learn that Mrs. Lucy Burden, now of Abilene, is not doing so well again, which may necessitate her return to an Abilene hospital soon. She has been at the home of her daughter, Mrs. Elwen Bedicheck of Abilene, for the past several weeks. She has been ill for almost a year, and underwent an amputation last fall and was thought recovering sufficiently to soon be able to secure an artificial limb, when suddenly her condition seems to have grown worse. We hope to soon hear of her being much improved.

Mr. and Mrs. Carl Ray Sellers and Carolyn visited Sunday in the home of his sister, Mr. and Mrs. Raymond Jones of Lanham, and to see the new baby, a little son, Donald Ray, who made his arrival Thursday of last week at the Meridian Hospital. Mrs. Jones is the former Miss Prudence Sellers. Mrs. Gladys Cox and sister, Mrs. J. O. Richardson, spent last Sunday in Brady visiting in the home of their sister and niece, Mrs. Myrtle Enger, and Mr. and Mrs. Richard Smith and family. We think we are dry here, but it is really dry out in that section. Many fields are being pastured

and portions of the grain fields would burn off if set.

A mistake was made last week in the printing of April birth dates, as the writer's birth date was April 12th instead of April 1st as stated.

We again have indications of rain and hope we get the rain this time, as last week's threatening weather passed over with a dry norther.

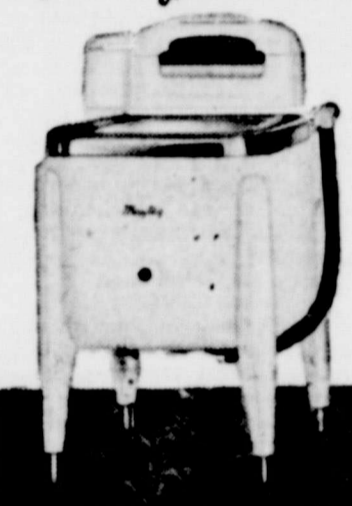

Next Sunday is our regular singing day here. We extend a cordial welcome to all who enjoy good singing to come and be with us. Many good singers are expected to attend.

Funeral Services for James A. McKandles Held At Littleville

Funeral services were held at the Littleville Baptist Church in Hamilton last Thursday, April 15, at 3:30 p. m. for James A. McKandles, 79, who died the previous day.

Services were conducted by Rev. Clifford C. Hampton, assisted by Rev. Clint Herring. The Barrow, Rutledge Funeral Home of Hico had charge of all arrangements. Burial was in Littleville cemetery. James A. McKandles was born September 1, 1868 in the state of Georgia. When he was two years of age he was brought to the state of Texas, and grew up to manhood in Grimes county.

In 1900 he was married to Mary L. Lynch. They moved to Hamilton county in 1906.

To this union eight children were born, five sons and three daughters. One daughter preceded him in death, Mrs. Lela May Lowrance. Those that survive are as follows:

Mrs. Berta Cole, Hamilton; Mrs. Marie Rogers, Hillsboro; John E. McKandles, Hamilton; Terral McKandles, Hamilton; Joe B. McKandles, Hamilton; B. D. McKandles, Hamilton and Albert G. McKandles, Fort Worth.

There are also 15 grandchildren. Bro. McKandles accepted Christ as his saviour early in life, and joined the Missionary Baptist church. To this faith and church he was faithful to the end, which came on April 14th at 7:30 p. m. His present membership was at Littleville Baptist church.

He had been in ill health for some time. Six years ago he retired from his career as a farmer because of his age and health.

Bro. McKandles has many long time friends to mourn his going, along with his loved ones.

Tobias Hudson, an English stablekeeper, made customers take the horse nearest the door, hence the term "Hobson's choice" meaning to take what's offered or nothing at all.

DRAFT . . . The first draft call would take between 800,000 and one million men, according to statement of chairman Walter G. Andrews (above) of the house armed services committee. Andrews (Rep., N. Y.), declared that first inductions would begin by July 1st.

CANCER CONTROL

(Continued from Page 1)

ice paid for in Texas by contributions to the society. Patients who receive the information and go to their doctors for examination are referred to cancer clinics for diagnosis.

If they are unable to pay for treatment then such treatment is arranged for them, and after their cancer is removed a Cancer Society representative maintains contact with them for at least five years. And if it is needed, care is furnished them in their own homes.

Mr. Hobby announced that a campaign organization has been completed in nearly all of the state's 254 counties, and that workers are making progress in their two-fold plan to raise funds and tell the truth about cancer at the same time.

Prominent businessmen, club women, civic workers, and professional men are county chairmen throughout the state. Local bankers serve as depositories, keeping all funds collected locally until those funds are turned in to the state treasurer.

CARLTON H. D. CLUB MET APRIL 8 WITH MRS. CURRY

The Carlton Home Demonstration Club met in the home of Mrs. Walker Curry, April 8. Miss Hander demonstrated ironing a shirt, showing the steps we could save. Home freeze units were discussed. Also food was prepared for the home freezer. There were nineteen members and six visitors present. Punch and cookies were served.

Our next meeting will be in the home of Mrs. Kenneth Evans on April 29. Bread making will be demonstrated.

Mrs. Kenneth Evans, Mrs. Avery Coffman, Mrs. Walker Curry, Mrs. Cyrus King, Mrs. Samford, and Mrs. Sam C. Sharp attended the H. D. meeting in Meridian on Tuesday, April 13.

CARD OF THANKS

We wish to express our sincere thanks to all our neighbors and friends for the beautiful flowers and other expressions of kindness and sympathy extended to us at the death of our dear husband and father, James A. McKandles. We especially want to thank the staff of the Hico funeral home for their kindness and help. Such true tokens of friendship will always be remembered by us.

Transportation of School Children In Texas Big Business

Austin, April 16.—Public school busses travel Texas roads a distance equal to 2,160 trips around the world every nine months. The 6,074 busses which transported 346,001 pupils traveled a distance of 54,000,000 miles during the 1946-1947 school year.

That transportation of school children is a big business was pointed out by Charles H. Tennyson, public relations director of the Texas State Teachers Association.

During the 1946-1947 school year there were 6,074 busses driven by 6,750 men and women. They were paid approximately \$3,000,000 for their services.

While 238,821 of the pupils are attending schools receiving supplemental support from the state in the form of equalization funds, 107,230 are in districts which receive no additional help from the state. The state supplemented transportation aid last year in the amount of \$9,702,040, Tennyson said.

Persons seeing an occasional yellow bus on the highway, or even parents of children transported to and from school, can hardly realize the magnitude of the public schools' transportation system, Tennyson pointed out.

A total of 230 of the state's 254 counties have school districts which own and operate their own school busses, he said.

"The development of the public school transportation system is the result of the public's demand for better educational facilities for their children," Tennyson emphasized. "Should Texas ever get a good rural road system, our schools will improve proportionately. Many of our schools with their present inadequate teaching and physical facilities will then have modern efficient school systems for the youngsters of the state. An increase in the school bus transportation system in Texas is, therefore, inevitable, for each year a great many more schools consolidate and the development of county-wide districts is becoming more common in Texas. The cost of our transportation system will of necessity increase accordingly. Hundreds of our present school busses are both inadequate and unsafe, a condition which we hope to see remedied as soon as possible."
