Mr. Will Jones, who has been at Kerrville for the past six on eight months, is expected to return home soon. For a time he seemed to be improving, but latest word received here states that he has been quite ill for the past few days.

Word also has been received from Miss Ola Frances Grimes, who has been ill in a Borger hospital for several weeks, stating that her illness is considered to be serious. Miss Grimes is the daughter of Mr. and Mrs. Nat Grimes, formerly of Fairy.

Several from here attended the funeral services for Toby Byrd at Carlton on Tuesday of last week. We extend deepest sympathy to his mother and other relatives.

We were sorry to learn of the

death of Mrs. Dovey Noland who was making her home at the home of her son, Floyd Noland, and family at Blue Ridge. They formerly resided near Fairy. Several from here attended her funeral at Hico Friday afternoon.

The new highway from Fairy to near Lanham was oiled last week and the topping of the road bed is expected to be completed this

Mr. and Mrs. E. M. Hoover, accompanied by their daughter, Miss Daphine, spent Saturday and Sunday in Lubbock in the home of their daughter and sister, Mr. and Mrs. Ralph Spencer. They went by way of Breckenridge for Mr. Spencer's parents, Mr. and Mrs. L.

Spencer, who accompanied them.

Mr. and Mrs. Carl Ray Sellers
and Carolyn spent Sunday visiting in the home of her sister, Mr.
and Mrs. D. E. Allison and family of Dublin, and stated that a
lot of damage had been inflicted
by tornado winds along the way,
from Clairette to Dublin. Many
outbuildings were demolished and
a few homes unroofed and treetops broken out.

A very good crowd was in attendance at the singing Sunday afternoon. There were visitors on hand from Hico, Olin and Hamilton, and all enjoyed the singing.

We're Only 1 Out Of More Than 2,836,000 Small Businesses In This Country

We're considered small because our business employs less than 100 people. After all, what would RATLIFF'S MARKET & GROCERY do with a hundred people?

The government can class us as "small" if it wishes.

But we feel pretty big. The reason we feel so big is that we are big enough to provide our customers with the finest foods the market affords.

Another feature of our store is that our customers are permitted to "serve themselves" if they choose. Of course if we had the hundred employees it would take to make us "big business" we'd have a scramble to see who would wait on whom. We think we're about the right size for this good community. We like to be acquainted with our customers. It's a pleasure to know what various families prefer. This way we can serve you better. And that's what we're always trying to do.

BABY CHICK INSURANCE!

Poultry experts endorse Acid-Dextrose treatments for Coccidiosis and Diarrhea in young chicks and turkeys, so why risk losses when DURHAM'S COCCI-DINE in feed and water gives you real insurance. COCCI-DINE combines a fine acid-dextrose treatment—a powerful germicide and an astringent all in one solution. A 3-way treatment which costs you 50% less than most cid-treatments alone. And remember-COCCI-DINE is guaranteed—it must save your chicks and it saves you money.

From where I sit ... by Joe Marsh

Sam's Hens Wear Spectacles!

Yes, it's a fact ! Sam's brood of two dozen hens are wearing spectacles - which he bought from a mail-order house in Capitol City.

Sam says it works (and big poultry raisers say so, too). The hens see each other through soft colored glasses, and instead of fighting and picking at each other, they go around placidly, gain weight, and lay more eggs.

Makes me almost with we could have rose-colored glasses for human beings, too. So that instead of quarreling and criticizing, like we

do so much of the time, we'd live and let live in contentment.

From where I sit, the human race wastes a powerful lot of time in wrangling over minor issues ... whether a man should drink beer or cider ... whether a woman should wear slacks or skirts . . . instead of seeing each other through "spectacles" of tolerance that enable us to live-and-let-live like Sam's brood of chickens.

Attic Ventilation NOW

DON'T spend another summer of sweltering days and sleepless nights. Give your family the benefits of summer-long cool comfort . . . with attic ventilation!

An attic fan draws in fresh, cool air through the windows . . . exhausts stale, hot air through attic vents. It provides a complete change of air throughout the house in a matter of minutes on the hottest night . . . gives you the constant cooling effect of air in motion.

See the attic fans on display at your electrical dealer's or at our office. Get ahead of the summer demand and assure yourself of earlier installation by placing your order now!
