Golfers, Greens Set for Texas Sand Green Championship Tournament At Bluebonnet

Qualifying Rounds Over Week-End; Finals On Monday

Local golfers and their guests are assured of a cordial welcome and lavish entertainment through the arrangements made by the various committees functioning for the Texas Sand Green Championship Tournament, to be held at Bluebonnet Country Club here over the holiday week-end.

Qualifying rounds will be played Saturday, July 3. Golfers' qualifying scores on their home courses will be accepted in case they can not play here to qualify.

The Barbecue for players and Caletta with ensuing auction of players will be held at the club house Saturday night. A lot of interest has been generated in this affair, and telephone calls and letters have been coming in to indicate that this will be the biggest and best tournament ever staged locally.

Match play will begin Sunday, July 4, with the finals to come off the following afternoon. There are indications of plenty of entries in all flights. Driving and approaching contests will add to the interest.

J. H. Brinkley of Fort Worth, former Hicoan who yielded his crown last year to Ray Cheek, has notified that he will be on hand, as have many other champs, semi-champs and duffers.

Deaths From Cancer In Texas Increasing At Tremendous Rate

Austin, July 1.—An increase of more than 18 per cent in Texas cancer deaths during the five years between 1943 and 1947 has been announced by Dr. Geo. W. Cox, State Health Officer.

Texas mortality tables compiled by the Texas State Department of Health show 1943 cancer deaths at 5,567, as compared to 6,770 for 1947.

"The greater part of this tremendous increase in cancer deaths is attributable to needless delay in seeking treatment, once a person has reason to suspect he has a cancerous growth," Dr. Cox said. He added his belief that advertising of patent medicines and so-called cancer quacks puts dangerous and misleading information before the public, thereby adding to the cancer mortality rate. This is because people are lulled by such propaganda and do not receive proper diagnosis and treatment until too late.

Dr. Cox said that almost two-thirds may respond to X-ray or radium treatment.

"These three methods are the only means by which the disease can be treated," he said. "Self-medication, serums, colored lights, pastes, and diets are absolutely useless."

The Health Officer pointed out that the greatest defense against cancer is an early diagnosis and competent treatment by a reputable physician. He urged special attention to any unnatural bleeding from any body opening, lumps in the breast, and skin sores which fail to heal normally.

Recently Elected Masonic Officers To Be Installed

W. T. Morgan, elected secretary of Hico Masonic Lodge No. 477 at the regular June meeting, this week announced that installation ceremonies for the newly elected officers would be held next Thursday night, July 8, in the lodge hall, beginning at 7:30.

Others to be installed besides Morgan, who has been acting secretary since the departure of Bill Neal for Brownfield, were named as follows: D. F. Couch, Worshipful Master; Frank McClure, Senior Warden; C. W. Gandy, Junior Warden; E. H. Randalls Sr., Treasurer, and Marvin Marshall, secretary.

All members of the lodge are urged to be present, and visiting Masons are invited to attend.

Mrs. Frank Mingus Opening New Dress Shop At Her Home

This week Mrs. Frank Mingus is announcing the opening of a new ready-to-wear shop which will be located in her home just across the street north of the Hico Gulf Service Station.

The name of the shop is Bess Mingus Dress Shop. In an advertisement in this issue of the paper she invites the general public to come in and look over her stock of exclusive items in ready-to-wear and other merchandise.

Failure of Universal Military Training Measures to Win Congressional Approval Has Resulted in Return of at Least Two Southwestern Army Camps to the War Assets Administration for Disposal as Surplus.

Camp Maxey, near Muskogee, Oklahoma, both have been re-scheduled for sale after having been "frozen" at request of the armed forces. However, WAA's regional real property office declared that re-appraisals and classification of remaining property at these installations will now be necessary before sale of buildings and facilities can actually be put under way. The public is asked to refrain from submitting applications until sales programs at these sites have been completed. Full announcement will then be given to all disposal plans.

Release of additional materials by federal agencies and national defense authorities will bring to nearly one million dollars the total inventory of war surplus to be marketed in Houston July 9. Houston sites to be cleared simultaneously in this big roundup of stored materials are WAA warehouse 6, Reed Roller Bit Plant, Hughes Strut Plant, Good Year Rubber Company, Converted Rice Milling Company, and the former Houston Customer Service Center. Among choice items to be included in the several hundred competitive bid lots offered will be automobiles, hand tools, fountain pens, cafe equipment, aviator equipment, scrap metal, bar steel and machine tools.

A publicity campaign to acquaint the people of Texas and the southwest with the development possibilities inherent in this region's surplus war plants will be launched in late July. One object of the campaign will be to correct a widely held impression that surplus industrial plants are being held by the government for defense purposes. Actually, all except a designated few may be bought by anyone agreeing to provisions of the national security clause.

Bargain seekers in industrial equipment and related supplies will want to attend a War Assets sale to be held in New Orleans July 9. A stock of various materials which originally cost the government \$300,000 will be offered to veterans and other high bidders. The goods are on inspection at the Higgins Aircraft Vultee plant. Awards from floor bidding will be made at the New Orleans plant. In the lots will be industrial supplies, metal working machines, welding equipment and other general products.

Telephone and electric distribution systems of the Big Spring Army Air Field are on sale to both priority buyers and the general public for removal from the grounds. Proposals for purchase of these utility facilities will be considered from priority claimants until July 6 and from the general public until July 19. Awards will be made by the War office of real property disposal.

Huge Feed Mill In Fort Worth to Open On July 22

Ft. Worth, Texas, July 1.—Opening of the \$2,000,000 Burrus feed mill, one of the largest in the world, will take place on Thursday July 22, it was announced today by Wiley Akins, manager of Burrus Feed Mills.

Among those on hand when the machinery in the huge mill begins turning will be state officials, farm and livestock editors of Southern and Southwestern newspapers, writers for agricultural, livestock and milling magazines, radio commentators, Texaco feed dealers and leading business men of the twelve states and the dozen Latin American lands in which Texaco feeds are sold extensively.

The mill, just north of Fort Worth, is strategically located with reference to highways, railroads and the stockyards. Engineers pronounce the plant the most modern ever built. It is equipped with automatic signals is powered by 242 electric motors and all weighing, mixing and packing will be done entirely by machinery. The central structure is 11 stories; 6,500,000 bushels of storage are available; the warehouse covers 7 1/2 acres and, under its roof, 32 boxcars can be loaded at one time while eight of the largest type trucks can be loaded simultaneously at the freight docks.

Capable of operating 24 hours a day, the mill has a daily capacity of 2,400 tons.

Unity Church Members Express Appreciation For Recent Cooperation

We wish to express our thanks and appreciation to everyone who contributed and gave us aid in any way in building and remodeling the Unity Church Building, which could not have been done without the cooperation of the good people outside our community, of Hico, Iredell, Stephenville, and Dublin.

We realize that all have been very nice and considerate of the people of Unity community. We are very thankful to you for your help, whether great or small.

We are also thankful to the Hico School Board for making it possible for us to acquire the school building to remodel into a church and meeting place for the people of Unity. We welcome all of you to visit our church any or every Sunday. We have Sunday school at 10 a. m. every Sunday, preaching first and third Sundays at 11 a. m. and 8 p. m., and prayer meeting every Wednesday night. We welcome your presence at any time.

Thanks to all for the interest shown in our building project.

UNITY CHURCH.

KCLW, HAMILTON, NEW RADIO STATION COVERING THIS AREA

A new radio station covering this entire trade area is now operating from Hamilton, Tex. The new station, KCLW, is operating on a clear channel frequency of 900 kilocycles, meaning 900 on your radio dials, with a power of 250 watts. The station is operated during day time hours only. A complete program schedule of music and news is now being aired each broadcast day, from sunrise to sunset.

The new station KCLW has installed all new equipment, and a 265 foot radio tower to enable them to cover approximately a hundred and fifty mile radius of Hamilton. Actual mail coverage from reports received from the station since it went on the air last May 22 indicate that the coverage area for listening is even more than 150 miles, since mail is being received from the west as far as Big Spring, from the South as far as Giddings, from the North in Dallas, and from the East as far as Tyler.

The new station is broadcasting many educational and information programs, and the newscasts are compiled from the 24 hour United Press teletype machines installed in the KCLW newsrooms. A complete news coverage is provided. Farm and ranch news is being broadcast each day, and local and central agricultural reports gain main attention of the broadcasting program.

The staff of the new station includes Wm. T. Stubblefield as general manager; Mrs. Alma Yates as commercial director; Cynthia Stubblefield, receptionist and secretary; Clarence White, announcer; Tommy Leeth, musical director; Carl Knolly, chief engineer, and Mitch Inabert, radio engineer. The station is owned by Clyde Weatherly of Hamilton.

New modern, air conditioned studios and offices have been constructed in downtown Hamilton and a transmitter building and tower are located two miles on the Comanche highway.

A complete program schedule will be sent to anyone caring to write Box 511 in Hamilton, and requesting same.

The motto of this new station is: "The Center of Entertainment for Central Texas in the Center of the Dial." The dial location, again, is 900.

District Manager for Lone Star Gas Co. Makes Announcement

George Gott of Cleburne, district manager for Lone Star Gas Company, was in Hico Tuesday on a routine visit, and conferring with Pete Turner, service manager for the Hico district composed of Hico, Iredell, Duffau and Fairy.

Following Mr. Gott's visit, an announcement was made that in the future collections for gas service would be made by W. E. Coats at the Coats Furniture Co. In a display advertisement in this issue Lone Star customers are notified of the change and requested to cooperate.

Mr. and Mrs. Pete Turner spent the week end in Fentress with his mother, Mrs. Mary E. Turner. They also visited in San Marcos.

FIVE INJURED IN TRAIN-CAR CRASH EARLY SATURDAY

Five of the seven occupants of a car from Camp Hood were injured about 4 o'clock last Saturday morning when their vehicle and a freight train collided at the crossing of the Katy tracks, and Highway 281 near the home of Mrs. May D. Bates.

The car, headed north, came to rest in a badly demolished condition several feet west of the point of the collision with a west-bound freight train.

Occupants of the car were rushed to the Hico Hospital, in the same block where five of them were entered as patients. The hospital staff reported Thursday afternoon that they had all been removed to a hospital in Gatesville, which is nearer their home.

Listed in the party by the hospital were Mr. and Mrs. I. V. Anglen and their two daughters, Doris and Dorothy; Mr. Anglen's mother, Mrs. Ida Anglen, and his sister, Miss Bessie Anglen; and a friend, Miss Emma Lee Blakley who had left Gatesville on a trip to Oklahoma.

Reports were that the elder Mrs. Anglen was hurt the worst, but that none of the injuries were considered serious.

State Highway Patrol Gives Some Safety Tips to Motorists

"To save your life," said Colonel Homer Garrison Jr., director of the Texas Department of Public Safety, "you couldn't think of a more logical traffic safety rule than this: Drive a safe car."

W. J. Elliott, chief of the Texas Highway Patrol, requests every motorist in the community to "Check your car check accidents." This is the slogan of the big traffic safety program the Texas Highway Patrol is carrying on as part of a year-round safety educational program. The continuing program is part of a nation-wide traffic safety promotion of the National Safety Council.

"When you 'check your car' to 'check accidents,'" Captain Jack Sutherland of the Fort Worth office of the Texas Highway Patrol said, "make sure repairs or replacements are made at once: headlights, tail and stop lights, brakes, steering assembly, muffler and exhaust system, glass, windshield wipers, rear-view mirror, tires and horn."

Safety Score Questions

The Texas Highway Patrol suggests these questions to check your car's safety score:

1. Are you a one-eyed driver? Is the light cut down by dirty lenses? Do your headlights shoot up in the air to blind oncoming motorists?
2. Are your tail lights clean and bright, and stop lights in good working order?
3. Is your braking power good enough to stop your car in an emergency? For instance, if a child should run into your path? At 20 miles per hour, you should be able to stop within thirty feet. Brakes should be balanced so they take hold evenly on all wheels without "grabbing."
4. How is your steering and wheel alignment? Too much play in the wheel is a danger sign and running against curbs or driving on rutty roads can get wheels out of alignment before you know it.
5. What about your muffler and exhaust system? Even if the muffler is not getting noisy—a sure sign of wear—the system should be checked frequently to be sure no carbine monoxide gas is leaking into your car.
6. Are your windshield and windows clean and clear? They're made to see through, you know. So keep them clear of dirt, discoloration and ornamental stickers.
7. And your windshield wipers? It can't always be fair weather. Don't risk having to "drive blind" should a storm catch you with wipers in need of repair.
8. How about your tires? Are they properly inflated, well-matted, with good treads, and without cuts, blisters and exposed fabric? If they're old, and you feel you must use them a little longer, respect their age and hold down your speed.
9. Is your rear-view mirror cracked and clear? Don't let dirt, cracks or discoloration blind the "eyes in the back of your head."
10. And your horn? Keep it in good working order, so you'll have it when you need it.

"Don't take your car for granted. Check it for safety's sake—and drive carefully at all times," Captain Sutherland said. "You'd never forget it nor forgive your self if neglected repairs to your car caused a traffic accident or death. Check your car and check accidents."

Caravan of Rodeo Boosters Departing This Morning to Invite Visitors Here July 4-5

Quadrille From Star Interesting Addition To All 3 Shows

A score and more of enthusiastic boosters had signed up to take at least six or eight cars on a trip over this section Friday to advertise the Hico Rodeo, July 4 and 5. The caravan was due to leave out from in front of City Hall at 8:30. A general invitation was issued to all to join in on the trip, which will cover most of the neighboring towns.

On the tentative schedule were Dublin, Stephenville, Tolar, Glen Rose, Walnut Springs, Iredell, Meridian, Cranfills Gap, Hamilton, Carlton—and in fact as many of the towns and communities in a circle about Hico as it would be possible to visit.

Tempting offers of free barbecue on both days, every town, in addition to one of the best shows of its kind ever staged in this section.

Addition of a Horse Quadrille from Star for all three performances was expected to draw a lot of interest, especially from those who have not been so fortunate as to witness such a show before.

Wallace Ratliff, J. B. Ratliff, R. W. Hancock, R. Koonsman, and Donald Hefner, owners and operators of the enterprise, think they will have an offering that will interest seekers of amusement over the week-end Independence Day holidays. They have installed lights and bleachers, have chutes and grounds in excellent shape, and announced ready for any and all comers. A display advertisement on Page 4 of this issue gives further information about the details.

Tom Gillaspie In Race For Sheriff Of Bosque County

In response to solicitations from different parts of Bosque County, I have decided to enter the race for Sheriff of Bosque County, subject to the action of the Democratic Primary Election.

I have had 16 years' experience as a peace officer and am sure that I am capable of discharging all of the duties of the office to which I aspire in an efficient and satisfactory manner.

If elected, I shall strive to enforce all the laws in a fair and impartial manner and will fully cooperate with all state and county officers and the officers of adjoining counties; in fact, it will be my aim to be on the alert at all times and render you the service you are due and should expect of your sheriff.

I will make a thorough campaign of the county before Primary Election day and intend to see each voter personally. In the meantime, please consider my candidacy and be assured I will appreciate your favorable consideration of same.

Yours sincerely,
TOM GILLASPIE.

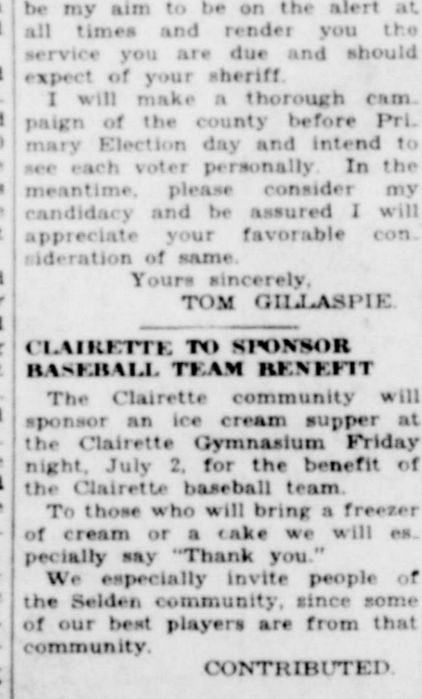

CLAIRETTE TO SPONSOR BASEBALL TEAM BENEFIT

The Clairette community will sponsor an ice cream supper at the Clairette Gymnasium Friday night, July 2, for the benefit of the Clairette baseball team.

To those who will bring a freezer of cream or a cake we will especially say "Thank you."

We especially invite people of the Selden community, since some of our best players are from that community.

Chamber of Commerce Held Regular Monthly Meeting Tuesday Night

The Hico Chamber of Commerce met in regular monthly session on Tuesday night, June 29, with 21 members and guests present. Dinner was served at the Texan Cafe. The following account of the business session is taken from the minutes of Secretary M. S. Norton:

Calvin Hazlewood of Dublin and Mr. Toby of Dallas were guests of the Chamber. Mr. Hazlewood discussed the dairy industry and milk production in this area. While on the floor he made an appeal to all citizens to please to avoid the risk of polio; in there are now two cases in nearby Dublin. Norton pointed out that there are over 30 open toilets here in Hico, and asked all to help by cooperating with the City Ordinance that reads: "All outdoor toilets are to be cleaned and disinfected every two weeks by the City Scavenger man."

Mr. Toby, salesman for the Toby Sign Co., presented street markers and house numbers for the consideration of the Chamber. His plan is to put up street markers of aluminum on every street corner at a cost of less than \$6.00 each. The house numbers will be sold at \$1.50 per house and the profit from the house numbers will finance the project. This can be accomplished only by the full cooperation of Hico citizens. The Chamber voted to accept this plan and to ask various Women's Clubs of the town to cooperate in the project.

Chamber adjourned at 10 p. m.

Seven hundred Amarillo Army Air Field buildings to be sold July 7 and 8 will be the last opportunity for West Texans to buy surplus buildings from the War Assets Administration in that area. Public sales of camp structures at Dalhart, Pampa, Childress, Lubbock and other Panhandle sites have cleaned up WAA's remaining building inventory. Aside from a few buildings which may be offered at scattered locations by sealed bid disposals, the WAA anticipates no further sales of buildings in West Texas. Therefore ranchers, businessmen and builders of the area are urged to take advantage of the Amarillo public high bid sale. Inspection of the property will continue through July 6.

THE MIDDLES By Bob Carp

Fairy

— By —
Mrs. J. O. Richardson

We have unsettled weather at this writing (Monday) following about two inches of rain which we received Wednesday night and Thursday of last week. Who said it doesn't rain nights in June?

Farmers were very fortunate in finishing most of the combining of their grain the first of last week.

Rev. and Mrs. Oran Columbus and family have moved to Waco. He has secured a position as superintendent of a school near Waco. Just to show you how far behind we are, they left out about two weeks ago. We regret to lose them from our community, but hope they will be well pleased in their new location. Rev. Columbus served as pastor of the church of Christ and superintendent of our school for several years and they will be greatly missed from our community.

There was very good attendance at the singing here Sunday afternoon, with visiting singers here from Hico, Pottsville and Ohio.

Mr. and Mrs. Leslie New had as guests Sunday his parents, Mr. and Mrs. F. D. New.

Mrs. V. H. Heyroth of Gatesville

visited here last Sunday with her sisters, Mrs. E. M. Hoover and Mrs. Gladys Cox, and other relatives.

Mr. and Mrs. Carl Ray Sellers and Carolyn visited Mrs. Arnold Gleason and new baby son at the Hico Hospital last Sunday afternoon.

H. H. Wolfe attended funeral services at McGregor recently for his aunt, Mrs. Fisher, who was his mother's sister.

Mrs. H. S. Berry and children, Patricia and Stan Jr. of San Antonio attended church here Sunday and are visiting in the homes of her brother, Mr. and Mrs. Herman Sills and family, and Mr. and Mrs. Bill Lackey and family.

David Walker of Corpus Christi, who is visiting relatives here, is recovering from a badly lacerated knee which he received recently while riding a bicycle at the home of his aunt, Mr. and Mrs. Bill Grisham.

Miss Daphne Hoover of Stephenville spent the week end here with her parents, Mr. and Mrs. E. M. Hoover.

Mr. and Mrs. Carl Ray Sellers and Carolyn visited a while Saturday night in the home of his brother, Mr. and Mrs. Dewey Sellers of Pecan.

Miss Ruby Jean Allison of Dublin is spending this week in the home of her aunt, Mr. and Mrs. Carl Ray Sellers. Her brother, Darrell, is visiting with his grandparents, Mr. and Mrs. Edd Allison, and Texie.

The hill between the school building and the cemetery has been cut back some, and proper drainage installed on the road bed, which has also been graded, and the parking space at the cemetery graded down which adds greatly to the appearance of our cemetery and makes the turn much safer for travel. Thanks to our commissioner, Mr. Fern Jordan, and employees.

Mr. and Mrs. Scott Blakley and Lera Jane spent last Sunday in Fort Worth visiting relatives.

We are very sorry to learn of the misfortune of the small son of Mr. and Mrs. Charlie McCoy of Throckmorton in the loss of an eye by accident, piercing it with a pocket knife.

Mrs. H. S. Berry of San Antonio and Mrs. Herman Sills were visiting Monday afternoon in the homes of several of Mrs. Berry's friends and former neighbors, Mrs. A. J. Miller, Mrs. J. L. McCoy, Mrs. Scott Blakley, and Mrs. J. O. Richardson.

Mrs. J. O. Richardson and daughter, Mrs. Carl Ray Sellers and Carolyn visited Wednesday of last week with their daughter and sister, Mrs. D. E. Allison of Dublin.

Rev. J. L. Ray of Hico will fill an appointment at the Methodist church here next Sunday morning at 9:30 o'clock and we are glad to announce that these services will be held every first Sunday morning at this hour. All are invited to attend.

If you spend a dollar in your home town, you have some hopes of getting it back; if you don't, you just spend a dollar.

HOUSE AND HOME By MARY E. DAGUE

By HELEN HALE

FLOWER HOLDERS or frogs will not slip if a little melted paraffin is placed in the bottom of the flower holder. Press the flower holder in the paraffin while it is still soft.

Rosebuds will open more quickly if you put a lump of sugar in the water in the vase.

To save on dish cloths, use a medium sized cork dipped in scouring powder for polishing paring knives and cutlery.

A FEW LEMON PEELS dropped into the wash boiler in which you are boiling towels will make them whiter, fresher and more fragrant.

An alcohol dampened cloth will remove dust from candles without destroying the original gleam and luster.

Keep the inside of the coffee pot clean and sweet by boiling a solution of water and soda in it for a few minutes at least once a week.

SEASONED FLOUR, kept in a small paper bag, saves time when you want to bread vegetables, meats or fish.

Use a hot blade for slicing fresh bread and a wet blade for slicing fresh cake. A very thin sharp blade is best for ice box cookie dough.

PLACE SLICES OF BREAD on the partially opened lid of the kettle in which you cook strong smelling foods like cabbage, onions and broccoli. The bread helps absorb the odor.

RECIPES OF THE WEEK Fruit Luncheon Salad (Serves 8-10) 1 (No. 2) can pears 1 (No. 2) can grapefruit 1/4 cup maraschino cherries 1 ripe banana 2 egg whites 2 tablespoons sugar 1 tablespoon gelatin 2 tablespoons mayonnaise

Softens the gelatin in a little cold fruit juice and dissolve in the balance of the juice which has been heated. Chill, then fold in mayonnaise, diced fruit, and the stiffly beaten egg white which has been blended with the banana. Add sugar, then place in freezing tray for 2 to 3 hours. Slice and serve in lettuce cups.

BEFORE CLEANING YOUR RANGE, don a pair of sturdy canvas gloves so that you will not injure hands and nails. Cleaners will be more pleasant if you know you don't have to ruin your hands.

Ranges that are wiped after every use and given a regular weekly cleaning will never need a major excavation job which you dislike approaching.

Badly burned spots on the range can be scraped off with abrasive pads and the smooth portions washed in water into which has been dissolved some common baking soda.

Use a long handled brush to get at those parts which hands can not reach readily.

Nickel portions of the range can be kept gleaming and bright by using silver polish.

OVENS SHOULD BE BRUSHED out after anything spilled has dried. Finish the job by wiping with a damp cloth.

An old cookie sheet is excellent to place on the bottom of the oven to catch juice from fruit and berry pies. It's much easier to remove and clean than trying to crawl into the oven.

FLOOR MOPS should be cleaned after each use, for a soiled mop will do your linoleum no good. Wash dust mops, too, as often as they become soiled. Mild soap suds, clear rinse water and drying in sun and air, as quickly as possible is good treatment for both types of mops.

Oil mops should be kept in their own boxes so that oil can be retained while mop is not in use.

BRUSHES AND BROOMS should be kept hung when not in use. Hang them with the brush up rather than down to keep them best.

RECIPES OF THE WEEK Pinecot Jam (Makes 10 6-ounce glasses) 1 pound dried apricots 1 No. 2 can crushed pineapple 1 No. 2 can sliced pineapple Sugar

Wash apricots and cut into pieces; soak overnight in syrup drained from pineapple, adding water if necessary. Dice the sliced pineapple and mix with crushed pineapple and apricots. Measure and add one-half cup of sugar for each cup of fruit and juice. Cook over low heat, stirring carefully, until the mixture is thick and transparent. Seal in hot sterilized glasses.

Oxley Family Reunion Honors Mrs. Paddack On 68th Birthday.

The City Park was a scene of attraction Sunday, June 27, when the Oxley family, their relatives and a few friends gathered to celebrate the 68th birthday of Mrs. Emma Paddack, who is the oldest member of the Oxley family. The occasion had been planned by the honoree's children and was a complete surprise to her. She was taken for a drive around the old Oxley home place, and was brought to the park at the noon hour with the intention of meeting her children there with a picnic lunch. She was greatly surprised and thrilled beyond words when she recognized that it was her party.

The table was large and beautiful and filled to its capacity with good eats of all kinds which had been brought in by the guests. Those enjoying the occasion were: Mrs. Emma Paddack, Mr. and Mrs. G. W. Oxley, and Mr. and Mrs. J. J. Cason, all of Hico; Mr. and Mrs. Elbert Cason and three children, Mr. and Mrs. J. H. Fincher and Thomas Ray, Mr. and Mrs. O. H. Fincher and Johnnie, Mr. and Mrs. Junior Fincher and daughter, all of Stephenville; Mr. and Mrs. E. P. Herick and Katherine, Mr. and Mrs. E. T. Paddack, Jerry Don, Buddy and Carroll, Miss Frances Nelson, and Waldo Fincher, all of Fort Worth; Mr. and Mrs. Dallas Waldrop and daughter of Stephenville; Mrs. Cassie Waldrop, Mr. and Mrs. C. H. Paddack, Martha Ann

and Charles, Mr. and Mrs. L. J. Chaney and Rolene, Mr. and Mrs. Herschel Patterson, Carolyn and Barbara, Mr. and Mrs. M. J. Chaney, Billy Gene Paddack, and Paul Homer, all of Hico.

The afternoon callers were Mrs. B. A. Herrin, Mrs. Willie Bullard, Mr. and Mrs. Dennis Booth, and Mr. and Mrs. Aubrey Smith, all of Hico; Mrs. Myrtle Slaughter and Mr. and Mrs. Charles Ellis of San Angelo, Mr. and Mrs. Jake Herrin of Abilene, Mr. and Mrs. Hub Herrin and children of Walters, Okla., Andrew Herrin of Clovis, N. Mex., Miss Mildred Herrin of Lubbock. The afternoon went hurriedly by in talking, laughing, Kodaking, and a general happy get-together. Most of the crowd remained for the evening meal, after which all wished Mrs. Paddack many more happy birthdays before returning to their home.

Let us guard it well, for there are malevolent forces at work to wrest it from us. They might continue to hail it as an American document — even perpetuate its parchment under glass. But they would destroy its very meaning; distort it with instruments to smother all freedom; cripple our right to liberty; and make our observance of anniversaries such as this Independence Day — a thing of the past.

Funeral For Mrs. Sims
Mrs. Biddie Marvin (Thomas) Sims was born April 18, 1884, in Lavaca County, and passed away at the home of her daughter, Mrs. Emma Gatewood, June 10, 1948. She was the daughter of Jim and Sarah Thomas. She moved with her parents to Somervell County in 1900 and on Dec. 8, 1905, she was married to W. F. Sims. Five children were born to them, two sons and three daughters, one of whom died in infancy.

Mrs. Sims was converted in early childhood. She never united with any church, yet she was a staunch believer in God and all things pertaining to truth and righteous-ness. Mrs. Sims was confined to

her bed for a long time and suffered much, but bore her afflictions with patience. She is at rest now from all her cares and worries.

She had many friends and she was a friend to one and all. She is missed by her loved ones and her friends. She was a good woman, loved by all.

Services were held for Mrs. Sims Friday afternoon in the Iredell Baptist church, with Elder A. D. Wood of Glen Rose officiating.

The floral offerings were large and beautiful.

She is survived by her two sons, O. L. Sims of Gladewater, Tex., and Marvin Sims of Wickliff, and two daughters, Mrs. E. E. Webster of McCamey, Tex., and Mrs. Emma Gatewood of Iredell. She is also survived by one brother, Brooks Thomas of Pecos, Tex., and four sisters, Mrs. W. L. Newman of Glen Rose, Mrs. B. M. Zumwalt of Lipan, Mrs. J. F. Coleman of Quail, and Mrs. W. A. Yates of Beeville.

The following were pallbearers: Hunter and Travis Newman, Mal Huffstutler, Wick Simpson, Ballard Strong, and Ernest A. Alexander. Interment was in the Iredell Cemetery east of town.

The children and other relatives have the sympathy of their many friends in the loss of their loved one. She is gone, but not forgotten.

The out-of-town relatives present for the funeral were Mr. and Mrs. Mal Huffstutler and Mrs. Emma Howell of Lipan, Mrs. Venita Moore of Grandbury, Mrs. Robert Latham of Hanley, Travis Newman of Fort Worth, and Mr. and Mrs. Hunter Newman and daughter of Hico.

(This should have been in last week, but I never got the obituary in time).

From where I sit... by Joe Marsh

Pampered Farmers

If the folks in our town were less tolerant, they'd be really burned up over that nationally circulated article on "pampered farmers," describing them as living off the fat of the land.

From where I sit the farmer is anything but "pampered." If he's better off today than twenty years ago it's because he's worked hard to improve the quality and quantity of his production.

Take Bert Childers, for example. Bert is up at four in the morning, to get the milking finished—and

ploughing or harvesting, depending on the season, until sundown. In the evening he finally relaxes with the missus over a moderate glass of beer.

And the farmer today's not only temperate in his habits, like Bert's evening glass of beer... but tolerant in his opinions. So he'll probably say of that article, "somebody got the facts wrong," and just let it go at that.

Music Lessons Are Indispensable to Children

Are you teaching your child music or just giving him music lessons? To the child there's as much difference in these two approaches as there is to a puppy between walking him around the block or letting him run free in the woods. The teaching of music should mean opening up the world of melody and musical creation to the child, providing him with a source of calm and comfort or of energy stimulation through rhythms. When used as another vital element like air and water, music becomes a factor in the growth of poise and stability. This means singing with your children, listening together to all kinds of music on the air or by playing records, helping them make music for others. This last is the surest way of making music fun, and the social experience is one of the happy by-products.

Music lessons are indispensable, too, but they should begin after the interest in music has become genuine. Then learning to play an instrument is a privilege, something to get excited about. Of course there is bound to be discouragement when the child finds that it isn't as easy to make an instrument do what you want it to as it is to sing a song or turn on the radio! But a good teacher will be able to hold the child's interest with small successes and new discoveries about the instrument. A successful teacher will also help the child progress with speed so that within a year he can have

the pleasure of making music that the family will enjoy. If progress is slow, try another teacher. Music lessons no longer need be dull either to the child or to the family listening to his practice.

When to start lessons is usually the first question asked by parents about a child's musical education. We've already answered it—when ever your child's interest makes him eager to begin. But what if interest is delayed beyond the average age of 8 or 9? This doesn't greatly matter—twelve is just as good an age if there is a real push toward accomplishment on the child's part. On the other hand don't hold back a five-year-old who loves to pick out tunes on the piano. Lessons won't be a burden to him at this early age because they help him satisfy a natural urge to create music.

Don't however, just wait around for a child's musical tastes to show themselves. Great talent or genius will, of course, break through the utmost indifference on your part. But the average child needs to have his interest directed to music if he is to advance to the instrument playing stage. But, as we said, you begin with music, not with the lessons.

Place paper or paper toweling on table when you peel fruits and vegetables, hull berries, break eggs or measure ingredients. You can just fold the paper, discard it and have a clean surface without cleaning.

Before you broil bacon or steak, cut gashes in the fat around the meat so it does not curl while broiling.

Dale Carnegie

Author of "HOW TO WIN FRIENDS and INFLUENCE PEOPLE"

WILLIAM LYON PHELPS was a great educator, whom all of literary America has delighted to honor. I personally am proud to say that I knew William Lyon Phelps, and every time I think of his courage in relating to me the following story, I honor him the more.

D. Carnegie

Dr. Phelps was a professor at Yale University. He said that the editor of the Yale magazine sometimes asked him to criticize short stories written by the students. "Be frank," he was always advised, "it will do them good, take the conceit out of the young whippersnaps who think themselves so smart."

So one day Dr. Phelps lit into a story by one of the young authors. The boy accepted the criticism in silence, but he later confided to a friend that since so eminent a critic as Dr. Phelps had said he couldn't write, he would never try again; Dr. Phelps must know what he was talking about. Yet that boy wanted more than anything else in the world to follow writing as a profession. A few years later, in a fit of despondency, he shot himself.

Dr. Phelps added that remorse would never sting him, and that ever since that time, when it fell to him to criticize a story he made it constructive criticism, and he always made a point of praising the spirit of the boy who at least had made a try. He said that he had often wondered that if he had encouraged that boy to do what he so strongly desired to do, might he not eventually have succeeded instead of resorting to so tragic an end?

Personally, I think he might have succeeded to some degree, for I have seen it proved so many times that "The fulfillment of the desire is within you or the desire would not be there."

In re-telling Dr. Phelps' story, I am reminded of a day when I saw Homer Croy return from an editor's office deeply hurt. This editor, like Dr. Phelps, was a famous man, and a man who knew well his field. He was Robert H. Davis, editor-in-chief of the Munsey publications, who read and bought a tremendous number of manuscripts in those days. But he didn't buy Homer Croy's. No, he advised Homer to give up writing, said he didn't have the qualifications.

I am happy to tell you that a few years later, after Homer had written "West of the Water Tower," Bob Davis wrote him a letter. Something had made him remember all those years his remark to Homer—perhaps it was Homer's dejected manner, perhaps it was his own conscience. In his letter Bob Davis said, "I have just read 'West of the Water Tower,' and I see that I was mistaken; I congratulate you."

Big men, were they not, those two who admitted that they had been wrong? It takes a big nature to do that.

Let's all of us learn a lesson from these experiences of Dr. Phelps and Mr. Davis. If we must criticize, let's make it constructive.

Annual Reunion of Boatwright Family Held At City Park

The annual reunion of the Boatwright family was held at Hico in the City Park recently. So many of the relatives were unable to attend that some disappointment was registered, but those who did attend spent an enjoyable day together in happy conversation, Kodaking, and other amusements.

At the noon hour a bountiful feast was spread and enjoyed by all. Supper was served at 4:30. Plans were made to meet next year at Glen Rose, the first Sunday in June, when it is hoped that there will be a larger attendance. Those present for this occasion were: Grover Boatwright, Lubbock; Mr. and Mrs. Cecil Boatwright, Mr. and Mrs. Ben Taylor and Junior and son, Dublin; Mr. and Mrs. Ross Britain and son, Jay; Mr. and Mrs. J. T. Stephenson, and Mrs. Hattie Carter, Dallas; Mrs. Bert Boyd, Mr. and Mrs. Charles Wolverton and sister, Henderson; Mr. and Mrs. J. C. Stringer, Enid, Okla.; LA and Mrs. Joe Priuett and children, Joe Jr. and Annawyn, Lawton, Okla.; Mr. and Mrs. Sam Parks, Mr. and Mrs. Botch Burson, Ross Lee and Ronnie, Haskell; Mr. and Mrs. Melvin Boatwright, Mary and Thelma Jo, Mr. and Mrs. Finch Boatwright, Troy, Howard, and Joyce, Mr. and Mrs. Millard Boatwright and Herschel, Hamilton; Mrs. Lee Jenkins, Rochester; Mr. and Mrs. J. C. Jackson, Paul Wayne and Dean, Stephenville; Mr. and Mrs. James Boatwright, Jimmie and Luis Jean, Mrs. Virginia Thompson, Hico, and Mrs. Edd Stringer of Carleton.

CONTRIBUTED.

Uncle Sam Says

As you drive along country roads you will see one of America's most familiar scenes—farmers pitching hay. From this scene has come a phrase you have used many, many times—making hay while the sun shines. Well, niece and nephew, that's exactly what you are doing when you stack up United States Savings Bonds. You're making plenty of future security when the going is good, when a few extra dollars has been added to your take-home pay through the new income tax law . . . and when you should be acting for your future security.

U. S. Treasury Department

ABOVE THE HULLS SALED BY LITTLE HULL

THE latest Russian "misunderstanding" over the settlement of Soviet-American differences, probably tabling as unconstitutional of the southern states regional educational compact as a violation of civil rights, passage by the house of the Bulwinkle bill taking railroads from under the anti-trust laws in rate-making, passage of the armed services measure . . . all provided stiff debate and frayed nerves and tempers on Capitol Hill.

In the meantime congress speeded up its tempo to get adjournment by the agreed date of June 19 with critical and imperative legislation hanging in the balance including extension of the reciprocal trade agreements act which expires June 12. The nation's entire foreign policy is predicated upon the lowering of trade barriers and economic co-operation among the several nations signatory to the Marshall plan. Failure to extend the reciprocal act, according to most observers, would topple the foreign policy and leave the structure hanging in mid-air.

MOST ALL THE FISCAL YEAR appropriation measures are still hanging fire, the senate just having completed action on the deficiency appropriation measure amounting to several millions of dollars. This deficiency appropriation measure is for governmental agencies which ran out of money due to cuts made in their appropriations by the last session of congress. Among the appropriations was one for \$1,058,000 for tax refunds. It will be remembered that the last session slashed \$800,000,000 from the appropriations for tax refunds and added it in the "savings" made by congress. So in the deficiency appropriation bills this year are three items . . . one for \$500,000,000 and one for \$300,000,000 making up the \$800,000,000, and an additional item of \$268,000,000 for tax refunds which not only eliminates the so-called savings but adds \$268,000,000 to the expenditures.

PRESIDENT TRUMAN, calling for a long-range farm program predicated upon the proposals of former secretary of agriculture Clinton Anderson, recently resigned, is urging congress to pass this legislation before adjournment. Recently Sen. Robert Taft of Ohio, chairman of the GOP steering committee, also called upon congress for a long-range farm program but thus far no progress has been made toward making that program a reality.

IT BEGINS TO APPEAR that the housing bill and the federal aid to education bill, both passed by the senate and sponsored by Senator Taft and others, are going to be allowed to die a pigeon-hole death in the house. And the national health bill apparently has died aborning unless some fast action during the closing days of the session can bring these three measures out of their present eclipse.

Jack Noel, student at the University of Texas, Austin, spent the week end in Hico.

Girl Scouts Defer Meeting and Attend Donkey Ball Game

We didn't have our regular Girl Scout meeting Monday night because of the donkey ball game the Boy Scouts were sponsoring. We met at our usual time, which was about 7:30, and about 8:00 Miss Blair took us up to see the ball game.

The ball game was very funny, and everyone seemed to enjoy it very much.

We will have our usual meeting next Monday night.

BRUNSON FAMILY REUNION

The children of the late Mr. and Mrs. D. C. Brunson held a reunion last week in the home of their father's brother and wife, Mr. and Mrs. Clair Brunson.

This was the first time they had all been together in 12 years.

Those present were Mr. and Mrs. W. E. Brunson and daughter, Peggy, Fresno, Calif.; Mr. and Mrs. Perry Brunson and two daughters, Aransas Pass, and Mrs. Ona Smith of Kilgore.
