

From where I sit ... by Joe Marsh

It's Your Fight, Too!

Bing Crowley was "beefing" the other day about all that Our Town's doing in the way of sending food and clothes to Europe. Bing felt that those struggling democracies should look after themselves.

But most agreed with Judge Cunningham who said: "So long as any family or individual in Europe is helping hold the line for freedom—against the forces of intolerance—it's common sense, and common decency, to help 'em."

Because that's everybody's fight: To see that individual freedom is

preserved in every aspect, big or little—whether it's the right to vote, or the right to enjoy a temperate glass of beer or ale with friends.

And from where I sit, no liberty's too small to overlook. Because the minute one small freedom is threatened, all the others are in jeopardy—just as the minute one small country loses freedom, all its neighbors are in danger!

"More Precious Than Jewels"

Recently one of our subscribers wrote us, "I consider my telephone more precious than jewels." She explained that a telephone call had speedily brought medical aid when her child was critically injured. You might think this an extreme example of the endless services which only a telephone can offer. Actually, it is typical of the way telephones are used in emergencies every day everywhere. That is why we are making every effort to provide telephone service for everyone who wants it—and with all possible speed.

Fairy

By Mrs. J. O. Richardson

Giles Roland Arrant

Our hearts were made sad on Tuesday of last week when we learned of the passing of little Giles Roland Arrant, youngest child of Mr. and Mrs. Leslie Arrant. He had been in ill health for the past year, a sufferer with leukemia. His parents, relatives and friends did all possible to restore his health, but to no avail.

Funeral services were held on Wednesday afternoon of last week at 2:30, at the school gymnasium, being conducted by Rev. Roy Rollin, pastor of the Baptist church at Fairy, assisted by Rev. Oran Columbus of Chilton, a former pastor of the Fairy Church of Christ.

Rolland was born near Fairy on Feb. 1, 1939, and died Nov. 9 at the Holt Hospital in Meridian. The cheery smile which he always wore made him a favorite of his many little friends, as well as the older ones who formed his acquaintance. His favorite song, "Bring Them In," was used by the choir as a special number during the services.

He leaves to mourn his passing, his parents, Mr. and Mrs. Leslie Arrant; four sisters and two brothers: Mrs. Lloyd Needham, Austin, Tex.; Mrs. Joe Foyt, New Braunfels, Tex.; Ray C. Arrant, Kerrville, Tex.; Mrs. G. R. Swilling, Sacramento, Calif.; Ione and James Arrant of the home; two nieces, Sherry Kay Needham and Beverly Sue Swilling, and a grandmother, Mrs. Minnie Pace of Iredell, Tex.

The floral offering was large and beautiful, and bearers included a number of cousins and friends whose names we failed to secure. Pallbearers were his cousins, Garland Arrant, Milton and O. J. Clark, James and Thomas Abel, and J. R. Brown.

His remains were laid to rest in the new addition to the Fairy cemetery only a short distance from the tomb of little Michael Wolfe, who passed away recently. We extend deepest sympathy to the dear parents, brothers, sisters, and all other relatives whose hearts have been made sad by his passing. May they see him now as a partly open bud among the cuttings of God's beautiful bouquet in Heaven. May God bless and comfort each, in the wish of their many friends.

Mrs. V. H. Heyroth of Gatesville visited a short while here with relatives Friday night week. Her sister, Mrs. Gladys Cox accompanied her home and spent until Saturday when she went on to Austin by bus for a visit in the home of her daughter, Mr. and Mrs. Charles Price and Cherry.

We feel sure all are rejoicing over the good rain which fell the first of the week. It is thought

we had better than one inch of rain fall. These black fields will soon be taking on a different hue.

We have been informed that the former Blackland place has been sold and now have some new residents there, but have not learned the name of the purchaser.

Mr. and Mrs. E. M. Hoover are expecting the arrival of their son, Darwin and wife and baby and her mother, Mrs. Sidell today (Tuesday). The Hoovers have never seen the new grand son and are quiet enthused over the whole matter and who wouldn't be? The Darwin Hoovers reside at San Francisco, California. Mrs. Sidell resides at Pasadena, Calif.

Our news will probably be short this week since we are still almost a shut-in from our recent hospitalization. We wish to thank those who took care of the weekly news letter from Fairy during our absence, also for the nice cards, letters, personal visits and flowers received. Your thoughtfulness will always be remembered.

Mrs. Charles Price and little daughter, Cherry of Austin came in last Friday for an extended visit with her parents, Mr. and Mrs. P. L. Cox. Her mother, who had spent the past week in Austin, accompanied her home.

Mrs. B. J. Parks visited with the writer on Thursday afternoon of last week.

WARNING

TO WATER USERS!

DO NOT ATTEMPT TO USE THE CUT-OFF IN METER BOX. This might result in damage to your pipes and plumbing in case of a freeze, as there is no drain in the meter box cut-off. Also it is a violation of a city ordinance for any person, firm, association or corporation to turn on any public water main, plug, cut-off connection or in any way injure, disturb, destroy or affect any water main, plug, cut-off, or connection in the City of Hico without first obtaining permission from the City Council or its authorized agent.

Please confer with J. R. Bobo about matters concerning your water. He has the knowledge and authority to correct trouble, and damage to city equipment through illegal procedure must stop. 26-tfc HICO CITY COUNCIL.

NOTICE

The City Council has instructed City Law Enforcement Officers to strictly enforce parking within the line and observance of traffic signal, both cars and pedestrians.

Hydroponics, Grasses
Discussed At Recent
Garden Club Meeting

Seventeen members of the Hico
Garden Club met Friday afternoon,
November 12, in regular session.
Minutes of the preceding meet-
ing were read and approved, and
officers' and committees' reports
were heard.

Mrs. Buddy Randals, chairman
of the park committee, reported
that the committee had moved
shrubs and done fill-in work on
the park at the highway junction.
The committee was aided by the
local Boy Scout Troop in this
work. Mrs. Randals stated, "I
would like to make a motion that
our thanks be conveyed to them."
The motion was passed unanimo-
usly and the secretary was request-
ed to write a letter of appreciation
to that effect.

At the close of the business ses-
sion Mrs. S. E. Blair Sr., president
of the club, turned the meeting
over to the hostesses, Mrs. L. J.
Wood and Mrs. E. F. Porter.
These two members had as their
topic, "Flowers For Lazy People."
Their gardening hints included
planting roses, perennials, sweet
peas, pansies, petunias and more
bulbs.

Mrs. Moore also discussed hydro-
ponic gardening. "Hydroponic
gardening," Mrs. Wood said, "is
growing flowers and vegetables by
the use of chemicals. First,
you need a trough five inches deep.
Next, fill this with gravel. We
now sprinkle the seed on this
gravel and water with the chemi-
cals. Watering is done twice
weekly."

At the close of Mrs. Wood's dis-
cussion, many of the members had
numerous questions. In answer
to the length of time required to
grow vegetables, Mrs. Wood gave
this information: "Tomatoes, eight
weeks; green beans, four weeks;
cucumbers, six weeks. As to the
chemicals required, Mrs. Wood
stated that these could be pur-
chased from a firm in Florida.

Mrs. Porter's discussion was on
native grasses, their care and
treatment as lawn grasses. The
grasses which could be used in the
shade of trees came in for dis-
cussion and many members were
delighted to learn that several of
our native grasses are adapted to
use as lawn grasses.

The next meeting of the Garden
Club will be held December 10. At
this time there will be a special
roll call. Members will answer
this roll call by giving a favorite
Christmas recipe.

Farm Income In
Texas Increased
In September

Austin, Texas, Nov. 15.—The
farm cash income totaled \$230,550,
000 in September, climbing 24
per cent above August, the Uni-
versity of Texas Bureau of Busi-
ness Research reported.

In comparison with September
1947, farm income slid 5 per cent,
reflecting decreased sales of cot-
ton, wheat, hogs, sheep and mohair.

Farm income stepped up seven-
fold from August in Trans-Pecos,
and more than doubled in Red Bed
Plains and Southern High Plains.

On the other hand, farm income
decreased sharply from August to
September in the Lower Rio
Grande Valley, Southern Prairies,
South Texas Plains, and Coastal
Prairies.

Cotton brought Texas farmers
\$120,063,000 in September, for the
greatest source of income. Second,
cattle sales totaled \$27,466,000.

The Grand Prairies District
turned in \$80,415,000 in September,
and the Red Bed Plains' income,
totaling \$26,721,000, was second
highest in the State.

From a year earlier, farm income
stepped up from 2 to 45 per cent
in the Trans-Pecos District; East
Texas Timbered Plains, Red Bed
Plains, Western Cross Timbers,
and Black and Grand Prairies.
Other districts turned in decreases
from a fractional dip in Edwards
Plateau to an 85 per cent drop in
the Lower Rio Grande Valley.

For the first nine months of
1948, farm income totaled \$1,110,
949,000, or 5 per cent below a like
period in 1947. Declines were re-
corded by Southern High Plains,
43 per cent; Red Bed Plains, 21
per cent; Western Cross Timbers,
7 per cent; and Lower Rio Grande
Valley, 4 per cent. Other districts
turned in gains from 1 per cent in
Southern Texas Prairies to a 25
per cent rise in South Texas Plains.

Mrs. Harold Stevens and daughter, Glenda, of Vernon spent the week end here with her mother, Mrs. F. M. Mungus, and Mr. Mungus.

Mr. and Mrs. Tom Christian of Hamilton and Mrs. Ruth Fry of Clairette visited Sunday in Hico with Mrs. Mollie Harvey.

Mr. and Mrs. Clinton Ritchey and daughters, Shannon and Betsy, returned to their home in Marathon Thursday. They were accompanied home by Mrs. Ritchey's mother, Mrs. E. F. Porter, who expects to visit with them until after Christmas.

The Hico News Review has been requested to announce the marriage of Miss Joan Golightly, daughter of Mr. and Mrs. John G. Golightly, to Ray Keller, son of the late Mr. and Mrs. Hubert Keller, all of Hico. The ceremony took place in Granbury on October 15, 1948.

Mr. and Mrs. Arch Corbett returned home Tuesday after a visit in Edinburg with their nephew, Arthur Lee Shahan, who is assistant County Agent of Hidalgo County. They enjoyed an interesting trip through the Rio Grande Valley and visited the King Ranch near Kingsville, where they saw the famous race horse, "Assault."

Farmers Given More Time For Planting Winter Legumes

The Hamilton County ACA Committee voted Friday, to extend the final date for planting Winter Legumes, from November 15, to December 1, 1948, on account of extremely dry weather.

Farmers in Hamilton County will be given a chance to elect a farm committee to represent and administer the 1948 farm program. This election is to be held Wednesday, December 2, 1948. Each farm owner and tenant that we have a mail address on will be mailed a ballot. He can vote by mail. A farmer's wife is also eligible to vote. Vote for the nominee you wish. But everyone be sure and vote. Your voting places will be open December 8, 1948. One in each of the following communities: Hamilton, Lanham, Hico and Pottsville.

Remember the extension date is December 1, 1948.

JM F GILBREATH, Administrative Officer, Hamilton County A. C. A.

CARD OF THANKS

To express our sincerest appreciation to the many friends and neighbors who were so kind and thoughtful during the illness and at the death of our loved one, Roland Arrant, we find mere words inadequate. But we wish each of you to take this as a personal message of thanks.

Especially do we thank our kind neighbors, who worked our crops and did the chores around the farm during our absence; for the lovely flowers sent in our darkest hour of grief, and for your kind offers of assistance, we are deeply grateful. We shall always remember each of you and your comforting expressions of sympathy.

Rabies Prevalent At All Times of Year, Health Officer Says

Austin, Texas, Nov. 15.—Texas "dog days" of the mid-summer months originally derived their name from the prevalence of rabies spread from rabid dogs at that season of the year, but actually rabies occur at all times of the year. During the past year the State Health Laboratory found 847 animal brains positive for rabies. Four deaths occurred in humans.

Dr. Geo. W. Cox, states, "Few persons need to be warned that rabies is a fatal disease yet proper precautions against its spread are often neglected. Stray dogs should be humanely destroyed or impounded, and all household pets should be vaccinated. Annual vaccinations efficiently practiced will stamp out rabies in Texas."

The State Health Officer stressed this fact as important: A dog suspected as being rabid should not be killed at once, but should be kept confined for ten days, since this is the infective period before death of the animal. If the dog does not develop rabies within ten days, the individual bitten is safe as far as that particular bite is concerned. Further observation of the animal should be at the discretion of the veterinarian since many other conditions resemble rabies.

The head of the suspected animal should be packed in ice and sent to the State Health Department for examination. Freezing the brain, or killing the dog prematurely or in such manner as to injure the brain may make correct laboratory findings impossible.

SENIOR NEWS

What is happening in the senior room this morning?

Several are studying for a Book-keeping and English III test. Bobby Bates is trying to get Mrs. Angell not to give the English test. Betty June, Shirley and Mrs. Angell are discussing the annual. Melvin, Charles Golightly, Charles Jordan and Jasper are talking about football. Dub and Bulldog are trying to work a puzzle.

Congratulations to the fifth grade for a good program last Wednesday.

We are proud of the football boys who played a good game last Friday night.

JUNIOR NEWS

Maybe you are wondering where the ribbons were last week. Well, due to the holiday Thursday, we did not have time to get them made or sold. We will have plenty of ribbons this week. Everybody buy one.

Even though our boys didn't come out on the long end of the score, they played a good game last Friday night.

SOPHOMORE NEWS

With all this wintery weather coming around, the pupils of Hico High are getting into the routine of school and homework.

Even though we didn't win the ball game Friday night, we think the boys played a good game.

FRESHMAN NEWS

Some of the students are beginning to be worried because next week is six weeks test. Some of the subjects are beginning to be a little hard. Most of the Freshmen are looking forward to the Thanksgiving holidays.

SPORTS NEWS

As everyone knows, Hico was defeated by Glen Rose this last Friday night. I think even if we did get beat it was one of the best games of the season. It was nip and tuck all the way.

Glen Rose scored first in the second period, and the half ended 6-0. Burden scored for Hico and also made the extra point to put Hico out front for a 7-6 lead. Then later in the last minutes to play, Glen Rose scored again but failed to make the extra point, and the game ended 12-7 in favor of Glen Rose.

Hico made 10 first downs to Glen Rose's 11. Glen Rose made 263 yards and Hico made only 188 yards.

Hico plays Iredell at Iredell Nov. 18. The game starts at 8:00.

Let's all go and show them how Hico turns out for the Tigers and this is the last game of the season for the Hico Tigers.

By the way, when you get this the game will probably be over because they play Thursday night.

THE SPOTLIGHT

My, but have I had trouble this last week! Why the drizzle, rain and fog made it impossible for the Spotlight to shine through the night. Besides that, I got my feet wet and now I have a lovely cold. Before I could see anything I had to buy some fog light bulbs for the Spotlight and carry along an extra "hankie" to wipe off the lens. After all this trouble I had to get out and hunt you kids. But I found you and here is where I'll record what you were doing.

Sunday afternoon, Melvin and Norma Ruth had a rather reckless chaffeur. But I see they are still alive.

Monday night Wendell and Ione took in the show and then the stars and moon afterwards.

Tuesday night was when the fog settled down over Hico and as I didn't get those fog lights until Wednesday morning, I couldn't see a thing. But Wednesday night the Spotlight cut through the fog and fell on these victims. O. J., Jo Nell, Jimmie, Milton, Betty Lou, James and Barbara and Garland. They were here and there and generally minding their own business. I didn't take the hint and do the same.

If you happened to be riding out the Stephenville road last Thursday night the following scene probably met your astonished gaze. A group of dripping wet, yelling and laughing seniors trying to roast weiners over a puny flame almost extinguished by the rain. A teacher (who could hardly be seen because of the drizzle) tried to keep dry in the car, wishing he were back in the show. La

Verne and Ralph, Shirley and Verne were eating weiners which were covered with ashes. Accidents do happen you know. Delores was trying to keep those two Charles' separated. Betty and Marie were eating some of the water soaked food also.

Back in town other people enjoyed the dryness and warmth of the theatre were Betty Jane and Paul A. and Jean and Jerry. It's getting bad isn't it Glen, when you can't even get a seat by Patsy Jo till the second show.

Despite the drizzle and drip of the weather, the people of Hico turned out for the football game. Lois R., Leroy B., Mary Nell and C. H. were almost late. Say, Jimmie was in the late arrivals. Could it be that Milton brought her? La Verne and Ralph make lovely music together, don't they? They kept the records going before the game. Mildred and James, Barbara and Garland and Myrna and Delbert were watching the game too.

After the game the girls who had boy friends on the team shared the gym stands. A new one was added to the usual Friday night waiting list was Patsy T. Could it have been Melvin who was to receive the honor? Betty and Mary had about decided to give Odell and James up, when they came. Betty Jane was waiting on Paul.

Saturday night at the chicken shack seemed to be the town's gathering place. Most of the couples dropped by one time or another for their usual hamburger. Something new? Pat and James Moore with Jimmie and Milton. Patsy and Melvin must have been having fun by the laughter. Jean and Anna Suits, and Kenneth H. and Don W. were there too. Mr. Sirman was gambling all his money on the marble machine. Say, is that the example to set? Well, don't worry, the boys around here don't seem to have money to gamble, especially the seniors!

I caught a glimpse of Wanda, Pete, Billy and Louellen as they drove off.

In the show the preceding and the below sit watching the feature. Shirley and Vernon, Wendell and Ione, Norma and Raymond, and Glen and Patsy Jo.

Sunday night some new couples were out dating. They were Jo

Neil and C. M. Brown, Joy Ann and Fred Duncan. They were with some old timers, Jimmie and Milton.

Riding around town and on the streets were Myrna, Delbert, Barbara, Garland and Paul and Betty.

Hope the weather clears up before next week, cause I'm about broke buying fog bulbs for the Spotlight.

Balanced Ration Is Paying Off For Local F. F. A. Boys

Roline Chaney, who is feeding a Hereford calf for his project, has been getting some startling gains from the ration he is using. On the first 28 day feeding period he got an average daily gain of 2½ pounds. On the second feeding period the average daily gain was 2.86 pounds. According to Roline's records it takes 6½ pounds of feed for a pound of gain. He finds that at present feed prices it takes 19 cents to produce one pound of gain.

The Vocational Agriculture Classes are planning to go to the Ned Shurette farm 18 miles East of Waco on November 19. The Chamber of Commerce of Waco, Citizens of Waco and McLennan County have provided money, men and equipment for completing the work recommended by the Soil Conservation Service to completely rebuild this 172 acre farm.

Mr. Shurette will receive about \$10,000 worth of improvements and services of 250 soil technicians, and 60 machines. They will accomplish in one day, what under the regular soil building program, would take the average farmer 10 years to accomplish. Terrace lines will be established and built, orchard planted, fences rebuilt, pasture sodded, brush cleared, landscaping, and stock tanks improved. In fact a complete face lifting for the Ned Shurette farm.

Plans Reported for Hamilton Sanitarium Reopening by Dec. 1

The Hamilton Sanitarium has been leased to two Dallas physicians and arrangements now indicate that the hospital will be reopened about December 1. The opening date depends upon the installation of needed equipment.

The management of the hospital will be under direction of Dr. Herbert Nassour Jr. and Dr. Prevoost Hubbard Jr., both of whom are doing work at St. Paul's Hospital in Dallas.

Both doctors are married and their wives are nurses. They will have offices and live in the sanitarium so that there will be a doctor on the floor at all times.

Both men served in the Army overseas. Dr. Nassour served three years overseas, part of the time in Arabia. He has been three years at St. Paul's and is a graduate of the University of Texas School of Medicine. Dr. Hubbard attended the Medical Branch of the University of Maryland in Baltimore. He served three years in the Army with nine months as resident surgeon.— Hamilton Herald News.

Dimming Lights Is Safety Measure On Highways and Streets

"Don't dazzle 'em—Dim 'em!" Motorists are thus urged to use their dimmers for safety's sake on the highways and on the city streets, in the traffic safety program of the Texas Highway Patrol.

"Blinding an oncoming driver with your headlights is one of the most foolish and unnecessary things a motorist can do," Colonel Garrison, Director of the Texas Department of Public Safety, said. "You are threatening your own life when you fail to lower your headlights for an approaching car. Only a few seconds of light blindness can result in tragedy."

"It's not only good manners to dim your lights when meeting another car. It's often a matter of self-preservation. And it's safer and more courteous, too, to use the lower beam when overtaking cars. Lights glaring into a driver's eyes from the rear-view mirror can dazzle almost as readily as when they are head-on."

Here are some pointers Mr. W. J. Elliott, Chief of the Texas Highway Patrol gave for safer use of headlights and dimmers:

1. Dim lights well ahead when meeting a car on a level road.
 2. Dim before a car coming over a rise or around a bend in the road catches the full force of your bright lights.

3. Dim when overtaking to avoid blinding the driver through the reflection in his rear-view mirror.

4. Use city beam (dimmers) on heavily traveled two-lane highways and in lighted areas of settled communities.

5. Check the level and aim of your headlights frequently and see that they are correctly beamed at all times.

The special emphasis program on night traffic accidents is part of a continuing safety educational program coordinated by the Texas Highway Patrol, and sponsored nationally by the National Safety Council, said Captain Sutherland of the Fort Worth office of the Texas Highway Patrol.

"Texas law requires that headlights be 'dimmed' when an oncoming vehicle approaches within five hundred (500) feet," he said.

NURSES IN DEMAND AT ARMY MEDICAL CENTER

Brooke Army Medical Center, Fort Sam Houston, Texas, has received an increase in authorization to hire 20 additional civilian nurses to supplement the Regular Army nurses at Brooke General Hospital.

Registered nurses who are graduates of a three-year residential course at an approved school of nursing may qualify for this federal civil service position with a minimum salary of \$2974.80 per year.
