

## Carnival March 17 To Raise Funds to Improve Football Field

There will be a carnival in the High School gymnasium starting at 7:30 p. m., Thursday, March 17. This carnival is sponsored by men in town who are interested in raising money to sod the football field and fix the dressing rooms at the Hico Football field and stadium.

Everyone is present that night because there are going to be plenty games and side shows.

Events scheduled for carnival:

- Bingo (40 play at a time).
- String shooting.
- Cake walks.
- Side show.
- Cold drinks and pop corn.
- Milk bottle throwing.
- Dart throwing.
- Guessing events.
- Fortune telling.
- Free throw pitching.

There will be several nice prizes given away in above mentioned events. Also there will be other events not listed.

Everyone keep Thursday night, March 17, in mind and be sure to come to this carnival.

To fix our football stadium to be the best in our district, it is necessary to have a good crowd because it is going to take a good night of playing to fix things as planned.

Post Card advertisement will be used and these cards will be sent out on the morning of the 17th to remind you again of what happens that night.

If you are interested in helping or want any information, contact Mr. Coats at the Coats Furniture store.

## HOMETOWN GIRL TAKES PART IN TSWC STUNTS

Denton, March 8.—Participating in class stunts, the outstanding inter-class competitive event of the year at Texas State College for Women, is Miss Frances Emily Angell, daughter of Mrs. Bryan Angell.

Stunts will be presented two nights, March 11-12 to accommodate capacity audiences which since last year have made two performances.

The thirty-five year old stunts tradition began with a circus frolic by the "Middlers" class. The event became all-college in 1935 with the awarding of a silver loving cup to the prize stunts.

Each year the four classes write and produce 20-minute stunts usually with a musical comedy or fantasy theme. Executed entirely by student talent, the shows often include original songs and dances and specially designed costumes and sets.

## 'New Look' In Cars and Quarters

### FIRST SHOWING OF NEW CHRYSLER TO PUBLIC AT GEO. JONES MOTORS TODAY

With newly remodeled and re-decorated quarters, and what they think is the greatest thing the automotive world has yet seen, George Jones and his efficient staff have put everything in tip-top shape for the first public showing of the new Chrysler today, Friday, March 11.

Chrysler dealers all over the country are holding their first showings of the "Silver Anniversary" models today and the public will have a chance to see what the company has achieved by way of celebrating the completion of a quarter-century of business. It is understood that Chrysler will show more changes in design and engineering than in any previous model.

Among other things, the car has been made considerably more roomy in its passenger compartment, and it has four inches more wheelbase. Yet it is shorter overall, narrower and lower than its immediate predecessor. There are more than 50 engineering advances—including a higher-compression engine that increases horsepower and torque, while promoting gasoline economy.

While no elaborate program of entertainment has been planned for Friday's local public showing, Mr. Jones believes everyone will be repaid for time spent in visiting the offices, showrooms, and shop department.

## QUESTIONS AND ANSWERS

**Q** I was honorably discharged from the Army in 1946, but have not applied for readjustment allowance yet. How long will this benefit remain available to me?

**A** Generally this benefit must be claimed within two years from discharge or release from active service or two years from July 25, 1947, whichever is later.

**Q** As an honorably discharged veteran of World War II, I would like to know to what hospitalization I am entitled.

**A** If you have a service-connected disability, you have top priority for VA hospital care. If you suffer from non-service-connected disability, you may be hospitalized under law if beds are available and you say you cannot afford treatment elsewhere.

**Q** I am at present receiving compensation for 30 percent disability. If I take a job carrying rural mail three hours a day, will my compensation be stopped?

**A** Compensation is not reduced because of your employment. Reduction in compensation is made only if your disability has lessened in degree.

**Q** Early last year I received an adjustment check on my compensation from the Veterans Administration. Do I have to pay income tax on this payment?

**A** No. By law, all payments under laws relating to veterans are exempt from Federal income tax payments.

## Hico Man's Brother Died At Amarillo, Funeral Here Tuesday

Uriah Cicero Kidd, 90, brother of J. L. J. Kidd of Hico, who died March 6 at Amarillo, was brought to Hico for funeral services held Tuesday afternoon at 2:00 o'clock at Barrow-Rutledge Funeral Chapel, conducted by Eld. Stanley Giesbeck.

Mr. Kidd was born Dec. 13, 1858, in Georgia, the fifth child in a family of 11 children. He was a member of the Church of Christ for nearly half a century, and had lived for a long time at Thorpe Springs, visiting here with his brother often. At the time of his death he was making his home with his son-in-law, Rue V. Derrick, at Amarillo.

Besides his brother at Hico, he is survived by another brother, E. G. A. Kidd of Roanoke, Ga., and his wife who is over 92 years of age, living with her son at Amarillo.

## AAA Administrative Officer Gives Some Timely Information

News to Hamilton County Farmers about the 1950 Agricultural Conservation Program.

Although 1949 is only about two months old, with County Agricultural Conservation Association Offices busy finishing up the 1948 Agricultural Conservation Program and with farmers just getting started on the 1949 ACP, work on the 1950 program already is underway.

According to Mr. Ernest P. Schwabe, Chairman of the Hamilton County Agricultural Conservation Committee, this is the time of the year when recommendations for the next year's program are made.

The program for each year is developed from suggestions and recommendations from each of the Nation's 3,000 agricultural counties which in turn reflect the needs and experiences of farmers in the counties.

Every farmer is invited to make recommendations, says the chairman. In developing the program, he explains only the most essential and practical practices can be included and final decisions must be based upon available funds.

The chairman explains the procedure as follows: Recommendations from each county are considered along with the recommendations of all other counties in the State by the State Production and Marketing Administration Committee and the agricultural specialists who make up the State Technical Committee. The recommendations from each State are sent to Washington for a consideration in the national program.

Recommendations fall into three general categories, Mr. Schwabe said.

1. Changes in the current program—changes in practices or specifications and the amount of assistance for practices now in the program.
2. Elimination of practices or provisions. When a practice is sufficiently established so that it will be carried on without assistance or there is no longer a need for it, the policy is to take it out of the program.
3. New practices. As science finds new and better methods of conservation or as changing conditions make new practices necessary, the recommendations for new practices are made.

Most of the practices and provisions are continued from year to year, the chairman explains, but this yearly opportunity to go over the program carefully and make suggestions for improvement keeps the program flexible and in line with conservation progress and new developments.

## NEWS TO CATTLEMEN

Farmers and ranchers can now purchase Irish Potatoes for livestock feed, delivered at any railroad station for \$45 per 100 lbs. They come in carload lots of 450 one hundred pound bags. If you desire any of these potatoes, please come by the AAA office and we will help you get them. They may be bought in smaller quantities, but farmers will have to pay the freight. March 15, 1949 is the last day potatoes will be available. The AAA office is located in the north end of the old depot building.

Winter Legumes: If your legumes have reached the specifications as to stands and growth, you may report on them, by signing the approval which you got at the AAA office and mail or bring it back to the AAA office.

You can now get phosphate to be applied to summer legumes. Farmers can get 200 pounds per acre on 25 cent of their crop-land, but 10,000 pounds is the maximum amount to any farmer or farm. This will be all the fertilizer any farm will get for summer and winter legumes.

## G-I Farmer

By T. H. BENSON

Devoted to news of the 175 veterans receiving institutional on-the-farm training under the G-I Bill of Rights.

The primary objective of the veterans on-the-farm training is to get our returning veterans who want to be farmers established in farming. The large amount of capital now necessary to be a farmer makes it quite difficult for many of our ex-servicemen to gain even a foot hold. I am sure that this was the idea when the program was established—that the veteran's substance check would make it easier. In our teaching we encourage each man to do everything in his power to make his farm produce a living and invest his substance check in such a way that after his period of eligibility is over, this investment will increase his earning capacity. In 36 months of training (the maximum time, provided the veteran has that much time in service) he will have received approximately \$3,600 which would give him a nice start. Of course many veterans are unable to invest their monthly checks but we have some who are and these men are becoming firmly established in their vocation.

One of the veterans now in training has been able to save and on January 1, 1949, moved to his own farm. Hugo Bush of the Aleman class in Hamilton County Vocational School, had been a renter since he borrowed \$250 when he left the service to start farming. Thirteen months after he enrolled in school he owned his farm. He explained that he had a good rent set-up but just the same he wanted his own home and after learning that Mr. Bush had done since the first of January, the reason is obvious.

First he built an extra room on the house to be used as a kitchen, and on rainy days built a modern kitchen cabinet. The house had no electricity so wiring was necessary. A work shop and smoke house were built. Next, Mr. Bush constructed two 20x20 chicken houses for his laying flocks and baby chicks he is buying this spring. A home orchard was set out and a home garden fenced. Nearly all the work was done by Mr. Bush himself and the assistance of class members when the things he was doing included something that could be used in teaching.

In addition he attended class 12½ hours each week. We hope in the months to come to see many of our veterans make as much progress as has Mr. Bush.

## EX-SERVICE WOMEN REQUESTED TO CONTACT RECRUITING SERGEANT

Ex-Service Women Benefits will be announced in the very near future announced the WAC and WAF Recruiting Sergeant, Sally T. Mariotti located at the US Army and US Army Air Force Recruiting Main Station, 817 Austin Avenue, Waco, Texas. All ex-service women are requested to contact the WAC and WAF recruiting Sergeant either by mail, phone or in person at their earliest convenience. Even if you do not want to go back to duty and have dependents it will be to your advantage to look into this matter at once.

The WAC and WAF Recruiting Sergeant has just returned from Dallas, Texas where she attended a meeting of all WAC and WAF Recruiters of the Dallas District of the Fourth Army with Col. Mary A. Hallgren, Director of the Women's Army Corp and Capt. Lallah C. Stivers, the WAC and WAF Recruiting Office.

A meeting of all ex-service girls was held at the same time and over thirty-five girls attended.

## STRAYING HICOANS AT MIDLAND 'PUT SUMP' IN THE POT'

Appreciated renewal subscriptions have been received from two Hico families caught in the oil boom at Midland. There are a couple of other Hicoans out there "not calling their names" who'd better "put something in the pot" soon or suffer the consequences.

In a note with his renewal check, George Griffiths said: "Your price of \$2.00 per year isn't too much for such a splendid little paper, but under separate cover I'm sending you one edition of Midland's daily which figures out that at the price of your good paper one year I could have bought 6,000 pages of good reading." The N-R editor, after struggling through the ten sections and 152 pages, has decided that such a bargain isn't worth the effort, although the complimentary reading is appreciated.

On the heels of George's letter came another renewal from Herbert Gregory, who said he didn't want to miss a copy of the Hico paper like his friend George did.

All we can say about the comparison is that those fellows out in West Texas do everything up in a big way. Maybe we'll have to keep reading the Midland paper to find out about this Hico oil "boom."

## JTAC STUDENTS NO'S

Stephenville March 8.—John McCoy and Junior K. Bright of Hico were given non-commissioned officer ratings at a recent announcement of promotions at John Tarleton Agricultural College. John was promoted to sergeant's first class and Junior was given a corporal's rating.

Both boys are freshmen students. John was awarded the "T" for his service as cheer leader during the football season.

## RED CROSS SOLICITATION

They are anxious to make as good a showing as possible to keep Hico's good record, and will appreciate any cooperation extended.

## INTERESTING PROGRAM OF EVENTS SCHEDULED FOR NEXT WEDNESDAY

Entries for the local FFA Live Stock Show are reaching out over a wide area and are still coming in. The committee reports that to date entries and inquiries have been received from Bluff Dale, Glen Rose, Mullin, Goldthwaite, Ranger, and Dublin. A large number of stock are expected and a big turn-out is assured.

Weldon Pierce and the boys took a flying but effective trip Tuesday to Claiborne, Alexander, Dublin, Stephenville, Bluff Dale, Tolar, Granbury, Walnut Springs, Glen Rose and Inell advertising the stock show.

As a preview to the big event, one of the steers fed out by Roline Chaney, local FFA class member, will be shown on the streets of Hico Saturday afternoon, March 12. The public is invited to see this steer at this time.

A schedule of events, carrying a list of prize money and other important information, recently published in this paper as a news item, is carried in a display advertisement on Page 6 of this issue.

A majority of merchants of the city of Hico have signed a list agreeing to close their places of business next Wednesday from 1:00 p. m. to 4:30 p. m. for the Stock Show. Publication of the list was requested this week, but upon inspection it apparently represented almost the complete business section, and lack of space prevents listing each name. The support given this show has been almost universal, and success seems already assured.

## CITY COUNCIL ACTS ON FOUR PROPOSITIONS AT MONDAY NIGHT MEETING

Hico City Council met Monday night in regular session for March, with Mayor H. V. Hodges presiding and all councilmen present, including Clyde Ogle, Paul Neal, O. L. Davis, Bill Norton, and Wallace Ratliff.

After disposing of routine business including reading and allowing of bills, reading minutes of previous meeting and reading of officers' reports, the council adopted four motions as follows:

1. A motion to collect delinquent city taxes.
2. A motion that sewer rates be set at 75 cents for residence and \$1.25 for business houses.
3. A motion that the City of Hico reimburse the local fire department for the amount called for on checks they presented to the Stephenville and Hamilton fire departments for recent assistance.
4. A motion that the city grant the fire department \$150.00 to take care of expenses to the firemen's convention and school and to pay dues.

## HICO BAND RECEIVES ONE OF SIX AWARDS AT BRADY FESTIVAL

Over forty members of Hico's band, under direction of Chas. Tunstall, and accompanied by a number of parents and other interested individuals, went to Brady last Saturday to attend a band festival where bands from towns throughout a wide territory competed for prizes.

The local band won one of the six awards of merit, and lacked only 14 points of winning a high trophy, which was impossible of achievement on account of lack of instrumentation. The local band has been organized only a short time, and citizens are proud of the showings they have made.

A more complete account of the trip is carried in the school news.

## FORMER HATCHERY OWNERS GET SHOWMANSHIP AWARD

Mr. and Mrs. Webb McEver, who moved to Waco last month after losing their local hatchery by fire, were visiting in Hico last week end. Mr. McEver, who is now employed by Feeders Supply Co., recently received notice that McEver and Sanders Hatchery had received the Eddy Arnold Award for Showmanship for the successful completion of the recent "Mike and Ike" live pig display at the store.

The award was given by Arnold on behalf of the Ralston Purina Company, sponsors of "Mike and Ike" demonstrations throughout the country. The award consists of a large picture of Arnold, who is acknowledged the nation's favorite singer of folk songs, an inscription calling attention to the showmanship exhibited by McEver and Sanders Hatchery and bears Arnold's autograph.

Mr. and Mrs. L. B. Mayes, publishers of The Whitney Messenger, printed a day earlier than the News Review, were in Hico visiting press night this week.

**BUTTERMILK DID IT . . . And plenty of boiled potatoes, too. These are two of the ingredients included in Mrs. Fredericka Koschnitzke's recipe for eternal youth—guaranteed, she says, to help anyone duplicate her success in achieving the ripe old age of 103 years.**

## HOMEMAKERS TO PRESENT 'TILLY FROM TEXAS' AT AUDITORIUM MARCH 16

On the evening of March 16, next Wednesday, the homemaking girls are going to prove that the female of the species no longer need the assistance of the males in order to give an audience two solid hours of side-splitting laughs when they present the excruciatingly funny three-act comedy, "Tilly From Texas" in the Hico High School Auditorium.

They will also show that women don't need men to help them get into trouble because there isn't a man in the entire cast, and the amount of trouble that the fair sex gets into in this sprightly, fast-moving play promises to cause ev-eryone who sees it to have a grand time.

Tickets are selling at nominal prices. The play will start at 7:30. Don't forget the time (7:30), the date, March 16, 1949, and the place, Hico High Auditorium.

Heavier spinach loadings in the Eagle Pass and Winter Garden districts sold at less than half the prices of two weeks ago. Bushel baskets of Savoy type brought \$1.10 over the week end. Louisiana sweet potatoes remained steady. Colorado onion season was about over, and potatoes found slow demand.

Cotton advanced 75 cents to \$1 for the week. Spot middling 15-16 inch closed Monday at \$2.80 cents a pound at Dallas, and \$2.85 at Houston and New Orleans.

## Hico Review Club Met Last Week In Mrs. Marshall's Home

The Hico Review Club met last Thursday, March 3, at 4 p. m. with Mrs. Marvin Marshall. The theme for study was Texas Day. Roll call was answered by 17 members, each naming a historical landmark of Texas, and discussing it.

Mrs. Odie Petsick was program leader and gave an interesting discussion on "Historical Relationships Between Texas and Pan-America." "Pan-American Highway A Link In Progress of Inter-American Good Will" was another subject for discussion, but was omitted since Mrs. J. L. Goodman who was to have given this part was absent.

Delicious refreshments were served by Mrs. Marshall before the club went into a lengthy discussion of business, and reports of various committees. The subject of greatest interest was the choice of a project for the club for another year. Already the High School library has been provided with a number of good books, and the club is making plans to enter into another worthwhile project. Some worthy causes mentioned for consideration were:

- 1. Establishing and maintaining a public rest-room in the business district of Hico.
- 2. Establishing a welfare agency for needy people.
- 3. Aiding in a financial way Boy Scouts and Girl Scouts.
- 4. A skating slab, or rink, on school ground or at city park, and
- 5. Remembering needy people at the Christmas season.

For school improvement the following projects were suggested:

- 1. Landscaping school ground.
- 2. Health program to aid children who have defects in hearing, eyesight or speech.
- 3. Playground equipment.
- 4. Library improvement.
- 5. Rest-room for High School.

### SENIOR NEWS

We are happy to have Wanda Jean and Billy McLendon back with us.

We are very proud of the band for coming back from Brady as the winners of first place in their division.

Charles J. Buck and Bulldog are talking about pretty hands. La Verne, Marie and Melvin are getting bookkeeping. Shirley, Bonnie and Ralph are reading library books. Wanda Jean, Dolores and Patsy M. are talking about the play.

The seniors have decided to present their play, "In Walked Judy", on April first.

### JUNIOR NEWS

We had a class meeting and voted on three plays which had been selected by a committee for that purpose. The plays that were selected were: "The Darling Brats", "Girls Are Like That", and "Faith, Hope and Flarity". We voted our play to be "Faith, Hope and Flarity". We are now trying out for parts.

We were glad to have one of our old classmates, Genevie Elder, with us last Thursday and Friday.

### SOPHOMORE NEWS

I wonder why everyone is looking so sad? I bet it is because we got our report cards and some of them weren't so good.

The F. F. A. run-off speaking contest was even better than the original one. Congratulations to the Future Farmers for their fine contest. Benny Terry was the winner.

### FRESHMAN NEWS

It seems that everyone is doing more work than talking this morning. I imagine the reason is that they won't have to stay in study hall this afternoon.

All the students are looking forward to Friday when we won't have any school. The teachers are going to a teacher's meeting at Brownwood.

### HOMEMAKING NEWS

In the homemaking II class we are studying "Care and Guidance for Children."

The characters in the Home-making play are working very hard trying to get everything ready for March 16.

### BAND NEWS

The band left here Saturday morning at 7:30 for Brady. We got there at 10:30 in time to hear the DeLeon band play. We then went to the warm-up room and went on the stage at 11:45 to play our concert. Everyone was shaking so that the stage even shook from the vibration. We were allowed 15 minutes on the stage. We got one played and got off in 12 minutes. Then we went back to the band room and put up our instruments and went to the park to eat our lunch. We then went back to the school to hear McMurray College Band play. We all enjoyed it very much. After the McMurray band we went to the different clinics. We all learned quite a lot of things that will help us to win at San Angelo. After we marched down town and played in the mass band concert, which consisted of 2100 students, the awards were awarded. Much to our surprise we got one of the 6 awards of merit for playing the best concerto out of twenty bands. We lacked only 14 points getting the high trophy. Why we didn't win this was lack of instrumentation. We need help for the San Angelo contest. Don't let your band down on lack of instrumentation.

The band as a whole enjoyed the hospitality of the Brady Chamber of Commerce immensely. We hope to get another invitation next year from Brady, the Heart of Texas Band Festival.

Again we plead with you, don't let your band down for the contest at San Angelo. Get in and help fill the instrumentation. Our brightest goal is ahead.

### SPORTS NEWS

Last Wednesday night, the Hico teams went to Valley Mills and played in the new gym.

The Hico girls defeated the Valley Mills girls 26-11, but the Valley Mill boys downed the Hico boys 27-21.

On the last trip of the season Hico played in the County tournament at Fairy. The Hico girls played the Pottsville girls at 6:00 Friday evening. The six Hico girls that started in the game were Jean Suitt, Pat Salmon, Mary Sherrard, Betty Knight, Shirley Seago, and Stella Behrens. Billie Fulcher also played some. At the end of the game the scores were 26-26, but in a three minute over-

time Pottsville netted 4 points and Hico made only 2. This made the final score, 30-28.

At 7:30 Friday night the Hico boys played the Pottsville boys. This time Pottsville defeated Hico by 6 points. The final score was Pottsville 31, Hico 25.

This was the last games for six of the Hico players. Those not returning are Shirley Seago, Betty Knight, Paul Allen, Vernon Hill, Charles Goulightly, and Melvin Jaggers.

Everyone was glad that Mary Sherrard finally received a gold basketball for being on the all-tournament at the DeLeon Tournament.

Dear Parents and Friends of Hico, This is written to get you to cooperate with us the remaining eleven weeks of our school year. More loyalty has been shown toward our school this year than ever before. This has been appreciated more than you will ever know.

March 16 opens our spring activities. In the spring our school plays and Graduations mean more to us than some of the rest of our activities. I am sure most of you remember some instances when you were in plays, or you remember the night of your graduation. You had the jitters pretty bad didn't you? Well, we school kids of today haven't changed a bit. We try to set the hour and day of our school activities so that it will be most convenient for you. We realize that there are times when it is impossible for you to be prompt, but aren't there instances when you could have been on time when you weren't? You know how much it bothers the person making a speech or the student in a play when late comers interrupt.

So parents and friends, regardless of the activity, please help us to help you, by being present and on time.

Respectively yours,  
Your School Gang.

Another Good Man Gone  
Charles Heubert Tidwell was born Sept. 11, 1886 in Iredell, Tex. the son of Mr. and Mrs. J. M. Tidwell, now deceased. He passed away at his home in Big Spring Wednesday morning, March 2.

He was married to Miss Ollie Johnson Nov. 26, 1910. To this union two children were born: Mrs. W. R. Johnson of Houston, and James Tidwell of Big Spring. He was converted and joined the Methodist church when he was young and lived a faithful member throughout the remainder of his life. His membership was in the New London Methodist Church.

He was a member of the Knights of Pythias, the Odd Fellows, and was a 32nd Degree Mason, being a member of all the Masonic bodies. He was also a member of the Brotherhood of Railway Trainmen.

Heubert had been in bad health for some time. He was very patient through all his illness. He was a good Christian man, did good to all, and had many friends. He and his wife lived here for a while. Their son was born here. I have known Heubert all of his life. He was of a jovial nature, always looking on the bright side. He was a devoted husband and father, and a loving brother who is missed by his many loved ones and by his host of friends.

The body was brought to the home of his sister, Mrs. John Parks, on Thursday of last week. Besides his wife he is survived by two children, Mrs. W. R. Johnson of Houston, and his son James, of Big Spring; two brothers, C. M. Tidwell of Big Spring and J. D. Tidwell of Iredell, and one sister, Mrs. John Parks of Iredell; two grandchildren, Charles and Walter Johnston. He was preceded in death by his parents, one sister, Mrs. Willie Williamson, and three brothers, Osburn, Fred and Key. He is survived by a host of nieces and nephews and other relatives.

The funeral was held Friday afternoon in the Methodist church in the presence of a large crowd of

relatives and friends. It was in charge of Barrow-Rutledge of Hico. Rev. Potest brought the message which was fine and was enjoyed. The following were pallbearers: Messrs. Harlan Cunningham, Howard Myers, Allen Dawson, Roy Moore, W. W. Oldham and Horace Whitley.

The floral offerings were large and beautiful which told of the high esteem in which he was held. The relatives and friends feel the loss of him but all know he is at rest for ever more. The remains were laid to rest in the new cemetery.

Out-of-town relatives who attended the funeral were: Mrs. C. H. Tidwell, Mr. and Mrs. C. M. Tidwell, Mr. and Mrs. W. R. Newson and Mr. and Mrs. James Tidwell of Big Spring; Mr. and Mrs. W. R. Johnston and two sons and Mr. and Mrs. A. C. Johnston of Houston; Mr. and Mrs. Will Johnston of El Paso; Mr. L. K. Johnson and L. J. Johnson Jr. of New London; Mr. and Mrs. Herman Robertson, Mr. and Mrs. Homer Lee, Mrs. Dorothy Erick, Mr. and Mrs. W. M. Robertson, Buster Robertson, Mr. and Mrs. Wolfe, and Mr. and Mrs. E. OPERATION... STARTING MASH!

You've ordered your chicks, you've cleaned up and disinfected your brooder house, you've got the brooder in good heating condition. Now... have you planned "Operation Starting Mash"?

It's time to order a starting mash which is fortified with all the vitamins and minerals known to be essential to a quick start and a high state of nutrition. With baby chicks it pays to be there with the "fastest and the most" — otherwise valuable time and money is lost later on.

Fairy

By Mrs. Jesse A. Massengale

We have had Spring-like weather the past few days and everyone seems to be quite busy with farming, gardening and working of lawns.

Hugh Allison and Andrew Hutton of Hico were Fairy visitors last Sunday. Mr. Allison visited in the home of his brother, Mr. and Mrs. Edd Allison and Texie.

Mrs. Charles Price and little daughter, Sherry, of Austin spent last week visiting in the home of her parents, Mr. and Mrs. P. L. Cox.

Those from here attending singing at Unity last Sunday were Mr. and Mrs. Judd Massengale, Mr. and Mrs. Jesse Massengale, H. S. Pitts, and Walter Porterfield.

Mr. and Mrs. Marvin Porterfield have opened a cafe at the Cox Service Station building, back of the Woodman building, and are reported to be receiving a good business. We wish for them much success as Fairy has been in need of a cafe for some time.

Mr. and Mrs. D. E. Allison and family of Dublin visited here a short while Sunday with relatives. Mr. and Mrs. J. R. Moore and Patricia of Abilene and Mr. and Mrs. F. M. Wood of Duffau spent Saturday night in the home of their brother and son, Chester Wood, and family.

Mr. and Mrs. Frank Sellers, Bobbie and Barbara of Hamilton visited Sunday in the home of his brother, Carl Ray Sellers, and family.

Mr. and Mrs. Edd Allison and son Texie visited Sunday night in the home of their son and brother, E. C. Allison Jr., and family of Hico.

Wysong Graves and son Jerry of Hico were employed on a painting job last week at the Gulf Service Station operated by Edd Allison and son Texie. The station looks quite nice with its new coat of white paint with an orange red trim and a concrete driveway has also been added which will add greatly to the convenience of all.

We are glad to report H. R. Brummitt much improved from an operation he underwent last Sunday week at the Hico Hospital. He was expected to return home last Sunday.
