Train 4-H'ers for Leadership In National Program

If there had been 4-H Clubs when George Washington was a boy, he probably would have qualified as a champion in the National 4-H Leadership awards program. Today's rural youth have the advantage of being trained for leadership by taking part in this program. As one 4-H'er aptly observed—initiative, patience, perseverance and resourcefulness are qualities to be desired in a leader, and there's no better place to learn them than in 4-H.

With these objectives in mind as they work in the various 4-H projects, Texas Club members are participating in the 1949 leadership contest, according to the State 4-H Club office. Alvin Davis of Post, was one of the national winners last year. He and Patsy Delavan of Devine, had the most outstanding records in the state, and were presented with a 17-jewel wrist watch appropriately engraved.

Besides the watch for state winners, there is an educational trip to the National 4-H Club Congress for the high-ranking boy and girl in each of the four extension sections. From these eight sectional winners, the boy and girl having the best record will be chosen to receive a \$300 national scholarship. The two-runners-up will get a \$150 scholarship. Top boy and girl in each county will be awarded a gold medal of honor. All of the awards—totaling more than \$6,000—are donated by Edward F. Wilson, president of Wilson and Co., Chicago.

In addition to the state winners, county medals were awarded to 94 other Texas boys and girls. The Cooperative Extension Service supervises the program.

Salvation Army Worker, Familiar Figure, Has Retired

W. D. Pedigo, Texas field representative for the Salvation Army for the past 25 years, has retired at the age of 78.

Pedigo became a familiar figure in Texas, and regularly visited Hico on his trips about the state and has many friends here. Before coming to the Salvation Army he had been in the railroad and banking business.

Mr. Pedigo will be succeeded by Major Bernice Lyons, now in charge of The Salvation Army unit at Pampa. Major Lyons has served 19 years as a Salvation Army officer in Texas.

A. & M. GRADUATE

College Station, June 8.—Among the June graduates from Texas A. & M. College was Alvin A. Price, son of Mr. and Mrs. Sam C. Price who live between Hico and Iredell. Alvin received his degree as Doctor of Veterinary Medicine.

Giles Explains Operation of New Veterans' Land Program

By BASCOM GILES
Commissioner of the General Land Office

The Veterans Land program is now a reality. The idea was born in the hearts of the veterans themselves while they were overseas and thinking about home. Their letters to my office asking how they might obtain a farm or ranch home if and when they returned, inspired me to put the machinery of this program in motion.

Last week Governor Jester's signature made the Veterans Land bill into formal law. The bill was sponsored in the upper House by Senator John Bell of Cuero and in the lower House by Representative Reuben Senterfitt of San Saba.

The legislation grew out of a Constitutional Amendment adopted by the Citizens of Texas in a special election in November of 1946. At the following session of the Legislature the necessary enabling legislation failed to receive final consideration in the Senate.

The 51st Legislature, promptly and without a single negative vote in either House carried out the mandate of the people, making it possible for Texas Veterans of World War II to own a farm or ranch home of their own choosing by making a small down payment with the balance financed by the State at a low interest rate.

The Legislature has placed the administration of this program in the hands of the Governor, Attorney General and the Commissioner of the General Land Office.

The second article explains how a veteran should proceed in selecting a tract of privately owned land for his future home.

OIL AT DUFFAU? A. A. McELROY HAS THE EVIDENCE

Following heavy rains last week in the Duffau country A. A. McElroy, citizen of that community, found oil seeping from the ground in two or three places. The find was in the vicinity of the Koonsman well drilled to a depth of 2438 feet in 1930.

McElroy said that after hard rains it was easy to find oil in cellars and slough around the Koonsman. He brought a fruit jar filled with the fluid to Stephenville Thursday of last week. The Koonsman well when drilled to 2438 feet had gas production of almost two million feet and a 750 pound rock pressure. It was drilled by the Southern Union Gas Company but was plugged until 1934. The well is about one and one-half miles west of Duffau.—Stephenville Empire-Tribune.

Texas Highway Map Gives Interesting and Vital Information

Austin, June 7.—The 1949 Texas Highway Map came off the presses today ready for free distribution by the Texas Highway Department. Showing 31,000 miles of completed Texas highways, over 30,000 miles paved, the map is illustrated with drawings and 30 full color pictures.

A panel is devoted this year to travel attractions in Mexico on the Pan-American Highway, with particular attention given to prehistoric ruins. This highway, which dissects Texas, north to south, now runs to Tuxtla, almost in Central America. Texas will be the gateway state in future travel on this international road.

Complete mileage tables of comparative distances between Texas cities and between state capitals outside of Texas to border points in Texas are given. Mileages from Laredo south to points on the Pan-American Highway are included. A United States road map, showing major national highways, is on the back of the Texas map. Governor Beauford Jester's message to Texas travelers prefaces the edition.

Girl Scouts Plan Party At Monday Night's Meeting

At our regular meeting Monday night we planned an all-night party. The party will be held at the home of Mrs. Weldon Pierce.

We went to Mrs. Pierce's home last Monday night to hold our meeting. Mrs. Pierce served us punch, and we wish to thank her for a nice time.

The Pioneer Patrol has elected new leaders. Our patrol leader moved away and Wilma Woodard took her place. June Hamilton is the new assistant patrol leader.

BETTY DAVIS, Scribe, Hico Girl Scout Troop 1.

BURIAL FOR INFANT

An infant daughter, stillborn Thursday morning to Mr. and Mrs. Raymond Collins was tenderly laid to rest that afternoon in the Hico Cemetery.

Cattle Greatest Source Of Texas Farm Cash Income During April

Austin, Texas, June 8.—Texas farm cash income totaled \$68,176,000 in April, rising 25 per cent from March, the University of Texas Bureau of Business Research reported.

Cattle was the greatest source of income in April, bringing Texas farmers \$33,386,000. Income from milk products totaled \$10,298,000, and eggs, \$4,724,000.

Heavier marketings of cattle, poultry, and vegetables, and livestock products pushed April income ahead of last month in the majority of crop reporting districts. South Texas Plains, Lower Rio Grande Valley, and Edwards Plateau more than doubled their farm income from March to April.

On the other hand, March-to-April declines ranged from 2 per cent in Red Bed Plains to 9 per cent in Northern High Plains.

In comparison with April 1948, farm cash income for April 1949 was down 34 per cent. With the exception of rice, peanuts, poultry, and wool, all farm commodities brought Texas farmers less money in April than a year ago.

Farm income rose 7 and 17 per cent over April 1948 in Northern High Plains and Coastal Prairies, respectively, but declined sharply in other districts. Decreases ranged from an 18 per cent drop in East Texas Timbered Plains to a 70 per cent fall in the Lower Rio Grande Valley.

After adjustment for seasonal variation, the Bureau's index of farm cash income declined to 212 per cent of the 1935-39 base period in April from 220 in March and 331 in April 1948.

For the first four months of 1949, farm income totaled \$225,689,000, falling 22 per cent under a like period in 1948. Except for increases of 16 and 20 per cent in Northern High Plains and Coastal Prairies, all districts recorded declines from 13 to 60 per cent under their 1948 levels.

Railroad Promotes Telephone Courtesy Among Employees

Intensification and expansion of an educational and public service program, including the promotion of telephone courtesy among all personnel, is being carried on by the Chesapeake and Ohio Railway.

The telephone is the railroad's first line of defense, according to President Walter O. Tuohy. Of the railroad's 43,000 employees, it is estimated that about 10,000 contact the public by telephone. Having started with the operators, the railroad is carrying its telephone courtesy educational program through to all who answer telephones.

The railroad's objective is to end delays in answering telephones, unnecessary holding of callers on the line and giving incomplete information. It is trying to develop the telephone voice, the pleasing approach and give service to the caller and those within the organization.

Gatesville Baptists to Hold Man's Meeting On 40th Anniversary

The Baptist men of Texas are celebrating the 40th anniversary of the organization in Texas of a men's meeting to work with the pastor and the church for the good of the church, community, stewardship, and missions. This organization was in Gatesville, Texas some forty years ago, and on June 23rd, men from all over the state will gather in Gatesville to celebrate this occasion.

Starting off at 6:30 p. m. with a big free barbecue accompanied by a Band Concert, the meeting will adjourn to the air conditioned church auditorium, the coolest in the state. Special music will be led by the Men's Chorus of the Gatesville Church and will be led by Mr. Tump Martin of McGregor and Mr. Bradford Corrigan of Hamilton. Address of welcome and introduction of visitors will be by Mr. H. K. Jackson, Sr. with response by Dr. R. E. Dudley of Dallas, Executive Editor of the Baptist Standard. Dr. R. E. Bell of Decatur who was the pastor when the organization came into being will give a tribute to the Founding Fathers: Bro. A. D. Honeycutt, now deceased; Hon. H. E. Bell of Houston, and Mr. Dan E. Graves of Gatesville. Addresses will be given by Judge Thomas J. Pitts of Odessa, State Brotherhood President, and Dr. L. H. Tapscott of Dallas, State Secretary.

Many prominent laymen have announced their intention of being present and these include college presidents, former presidents of the State Brotherhood, and many other noted laymen from all over the state. The invitation is to all who will to come—the only requirement is that the church at Gatesville be notified by mail or phone by June 19th as to the number coming. Free entertainment will be provided for those who wish to spend the night.

The event is to be recorded and still and motion pictures will be taken and shown at the State Brotherhood Convention in El Paso this fall. It is to be covered by the secular and religious press.

Come for the free barbecue at 4:30 June 23rd at Gatesville, Texas.

GRAVITY CREW MAKES SURVEY IN BOSQUE COUNTY

Meridian, Texas, June 6.—A gravity meter crew headed by W. L. McPeak, representing the Republic Exploration Company of Tulsa, Okla., has set up offices in Meridian from which a survey of oil-producing possibilities in the Bosque county area will be made. Two wildcat wells are drilling in the county.

Reports of oil showings have come from the American Liberty test, located about one mile south of Iredell, but the company has released no official information.

The Buie and English test five miles south of Meridian on the Doe Anderson farm is drilling around 190 feet, and contracts calls for a depth of 5,700 feet or 200 feet into the Ellenburger lime.

Leasing activities in Bosque county have been heavy during the past year.—Dallas News.

Felix Shaffer New Owner of Goodman's Market and Grocery

Felix Shaffer of Meridian, a merchant in Hico until twenty years ago, announced Wednesday night that he had purchased J. L. Goodman's market and grocery here, and was assuming active management Thursday morning.

Mr. Shaffer is well known throughout this territory, having operated a chain of grocery stores in Valley Mills, Clifton, Cranfills Gap, Morgan and Meridian since removing from Hico. He is now financially interested in two stores operated by sons-in-law at Valley Mills and Meridian. He expects to have a regular message in the newspaper each week and promises an announcement of policy for the next issue.

Mr. Goodman, who has operated the grocery and market as a Clover Farm Store since October, 1947 has not made any announcement of his plans for the future, further than he and his wife and daughter, Gay, plan to remain as citizens of Hico. Mrs. Goodman has accepted a position in the public schools.

Bar Association Met At Hamilton For Officer Election

The Bar Association of the 52nd Judicial District met in Hamilton last Friday, June 3. After luncheon at the Atkinson Hotel, Judge Joseph W. Hale of the Court of Civil Appeals at Waco made an address on World Federation.

The Association elected the following officers for the coming year: Judge P. M. Rice of Hamilton, president; B. F. Ward of Meridian, vice-president; Joe H. Eldson of Hamilton, secretary-treasurer; Judge Floyd Ziegler of Gatesville and H. W. Allen of Hamilton, executive committee.

U. S. Dept. of Agriculture's

OFFICIAL REPORT ON WEEKLY SWING OF FARM MARKETS OVER THE SOUTHWEST

Most southwest farm markets displayed easier to definitely lower tendencies during the past week, the U. S. Department of Agriculture's Production and Marketing Administration reports. Some products sold steadily or strong.

Tomato shipments from east Texas added to those from south Texas to bring much lower prices this week. Lower Rio Grande Valley growers received mostly 1 1/2 to 2 cents a pound over the week end. Increased haulings of onions in North Texas found fairly good demand in mostly steady markets. Fifty pound sacks of U. S. No. 1 yellow Bermudas loaded mainly from \$2.15 to \$2.25. Good greens were scarce at Fort Worth, but watermelons and East Texas potatoes were liberal and lower.

New crop supplies dropped wheat and barley prices around 20 cents a bushel and sorghums 25 cents a hundred pounds since a week ago Friday. Other grains changed little. No. 1 wheat closed Monday at \$1.89 1/2 to \$1.96 1/2 in bulk carlots at Texas common points. No. 2 barley brought \$1.02 to \$1.07, and milo \$2.40 to \$2.50.

Growing rice made good progress, and milled rice held steady last week. Best long grains brought \$12 and short grains \$9 per hundred pounds. Prices of many feed-stuffs fell sharply. Unfavorable curing weather unsettled hay markets. Markets received mostly wet, undercured or damaged alfalfa hay. Peanuts made slow growth, and less than a fourth of the crop has been planted in North Texas.

Hens sold lower than a week ago, but fryers held firm. North Texas markets paid 23 to 28 cents a pound for heavy hens, 20 to 23 for light hens, and 28 to 31 for fryers. Denver quoted similar prices and New Orleans some higher. Eggs eased only slightly. Current receipts ranged largely from 37 to 39 cents a dozen.

Critical Problem of Grain Storage Being Eased by New Order

Waco, Texas, June 8.—J. Walter Hammond, president of the Texas Farm Bureau Federation, today sent a telegram to Secretary of Agriculture Brannan commending him for his action in meeting the critical storage problem by making price support loans available on grain piled on the ground or placed in temporary storage. "Under the Secretary's three-point program, all producers may take advantage of the government loan," Hammond said. Full text of the telegram to the Secretary follows:

I want to commend you for your courageous action in offering storage requirements which will enable farmers to secure government loan on grain. Circumstances justify such action, but will probably bring a storm of protest charging government waste from those who were all set to steal the grain crop. The saving to producers of millions of dollars will far outweigh any chances of loss incurred because of the action."

Announcement of the Secretary's program immediately after President Truman signed the Commodity Credit Bill authorizing the Secretary to provide storage, climaxed the fight started by Hammond in April when he began contacting officials in Washington apprising them of the storage problem in Texas and urging that action be taken to remedy the situation, thereby sparing producers a loss of millions of dollars on the 1949 crop.

After appeals to all other sources Hammond last week dispatched a telegram to President Truman in which he told the President that "gravity of the situation and urgency for immediate action would justify unusual procedures and this appeal for consideration by the President."

Hatcheryman for Local House Attends Turkey Short Course

Leonard McLendon, hatcheryman for Knox & Tulloh at Hico, is in College Station this week attending the Texas A. & M. College poultry short course. This week's sessions, beginning June 6 and lasting through June 10, will feature training for prospective turkey flock selecting and blood collecting agents.

Another session will be held from June 20 to June 24, at which time the specialty will be work with chickens. McLendon, who has been in charge of the incubators since their recent installation at the local establishment of Knox & Tulloh, also plans to attend the sessions of the Chicken Short Course.

Those who qualify as flock testing and pulborum testing agents may secure license from T. A. Hensaring, Executive Secretary Texas Poultry Improvement Association, Stephenville, Texas.

"Serving Those Who Serve the Best"

Hamilton-Coryell Soil Conservation District Notes

Otte Marwitz, 8 miles west of Hamilton in the South Pottsville group, reports good success with second year Madrid Sweet Clover. This clover with a small amount of volunteer Johnson grass produced 75 bales per acre the first cutting. The average height of this clover was 5 feet with some small areas where the stand was not so thick reaching a height of 7 feet. This crop not only made a large quantity, but a high quality of leafy high protein legume hay. This clover is considered a most excellent crop, not only for adding nitrogen to the soil, but also for improving the structure of cultivated soils which has run together or puddled so that it does not permit free penetration of rain water. Some construction of conservation measures continues to come in. Albert Peters, 13 miles southwest of Hamilton in the Shive group, constructed 1442 feet of diversions to protect crop land from hill water.

Mrs. Ella Sheppard, 20 miles east of Hamilton in the Live Oak group, has constructed 1313 feet of terraces and 1202 feet of diversions.

G. A. Sheppard, also of the Live Oak group, has shaped 880 feet of collective outlet waterway and constructed 5240 feet of terraces.

J. B. Wooten, 2 miles southeast of Hico in the East Hico group, has constructed 4520 feet of terraces.

Paul Horton, 23 miles southwest of Hamilton in the Star group, constructed 1420 feet of diversions to protect his bottom field from hill water and 365 feet of collective outlet waterway.

She also leaves two brothers, Mr. Ed New of Washington and Mr. Harry New of Lott, and one sister, the former Mrs. Laura Pike. There are also twelve grandchildren and six great-grandchildren.

She was converted and joined the Baptist church at an early age and lived a consecrated Christian life. She certainly was a faithful member. When her health would permit she was in her place for the church and her pastor.

She was ill for a long time, was confined to her bed for six months or more, but was very patient. She suffered a great deal. She knew she would soon be forever at rest. A good many years of her life were spent in and near Iredell. We were great friends and we had sure had good times together. I would visit her quite often and she would visit me. She would have a welcome for one and all, and treated everyone alike. I feel like I have lost a very dear good friend but God knows best. She is missed by her children and her neighbors and friends, for she was a friend to all and I don't guess she had an enemy.

Last Sunday afternoon I visited her but she never knew I was there. She was unconscious. I sat by her bedside and it made me feel bad to see her suffer, but now she is at rest and with her loved ones. If she could speak from her heavenly home she would doubtless say, "This is a beautiful place—no more suffering. I will be watching and waiting for all my loved ones and friends."

Mrs. Marie Hanshaw took care of her and she certainly did a good part by her. She will miss her also. She is gone but she is not forgotten. Her sweet influence she shed from a Godly life will live on down through the ages.

The funeral of this good woman was held Monday afternoon, May 30, at 3 o'clock in the Baptist church, where she had worshipped

so long. Her membership was in that church.

The Barrow-Rutledge undertakers of Hico had charge of the funeral. Rev. Tension brought a beautiful message. Mrs. Tension and Mrs. Neatherlin sang a beautiful song, "Precious Memories."

The floral offerings were beautiful. Three of her granddaughters and Patsy Jean Lott were flower girls. The following were pallbearers: Messrs. John Parks, Word Main, W. J. Cunningham, Jap Fallis, Hayden Sadler, and Allen Dawson.

She was laid to rest in the new cemetery by the side of her husband.

The out-of-town relatives who attended the funeral were: Mr. and Mrs. Roy Kelly and children of Denton, Mrs. Estelle Parvin of Sweetwater, Mrs. Eula Hutchins and three daughters of De Leon, Mrs. Blanche Royal and four sons, Mr. and Mrs. Don Copeland, and Mr. Roy Pressum, all of Waco, and others whose names I failed to get.

The children and other relatives have the sympathy of their many friends in the loss of their loved one.

State Fair Official
Ridicules California's
Presumptuous Plans

"We didn't even know they had a state fair in California," R. L. Thornton, president of the State Fair of Texas, has declared in the current controversy between the two states as to whose fair is bigger.

W. C. Wright, president of the California State Fair, recently announced that the West Coast fair tops the mammoth Texas exposition, and figuratively told Texas to "put up or shut up."

"We'll put up," Thornton said. "And just in case the California fair does open its gates this year, we have delegated some of our best secret service operatives to try to locate the town of Sacramento and see just what claims, if any, are true."

"If we find anything at all, we will arrange to send a half dozen flat cars to transport their entire fair to Texas, and place it in a corner of our own fair grounds as some sort of Lilliputian novelty."

Thornton said he doubted the ability of Californians to build a truly great fair.

"Two or three years ago a bunch of fellows from California were in Texas wanting to know what it takes to build a great show like ours. We told them it takes 35 years and 35 million dollars. Unless they have borrowed the money from somebody in Texas, I am sure they haven't what it takes."

"But we should give them credit for having the foresight to schedule their carnival a month ahead of the State Fair of Texas. If it were the other way around, they would probably be too discouraged to go on."

"The State Fair of Texas long ago demonstrated that in attendance, size of grounds, value of buildings, scope of livestock and agriculture shows, and in number of outstanding athletic and other special events, the Texas fair stands so far above any other exposition in the world that the words 'biggest and best' have ceased to have meaning when applied to any other fair."

While he was on the warpath, Thornton took a poke at California's boast that its oil wells are biggest and best.

Dale Carnegie
Author of
"HOW TO WIN FRIENDS and
INFLUENCE PEOPLE"
TAKE A LESSON FROM LARRY

HERE'S a story of a man who took part in a contest with 22 rivals.

When Larry Adler was a boy in Baltimore he loved to push air through a harmonica. No one else in his family played one, but Larry played until he almost drove his family into the snake pit.

In 1927 he read in a Baltimore newspaper that the paper would sponsor a harmonica contest. Larry's eyes grew as big as flying saucers. He had been selling magazine subscriptions, so he took three dollars of his savings and bought himself a new mouth-organ. It would do tricks that his old one couldn't manage.

Now he began practicing against the day of the contest; his family suffered; so did the neighbors.

At last the Big Night! Practically all of Baltimore were present! The judges were impressive, one being the music critic of the paper, another the head of the Peabody Music Institute, which was the last word—the very last comma—in music in Baltimore. The third was the conductor of the Baltimore Symphony orchestra. The Matterhorns of music.

The other contestants poured in, 23 in all, loaded, cocked and primed. Depressing! Some of them played exceedingly well, as well as Larry—maybe better—and Larry got lower and lower in his mind.

Larry noticed that all of them played jazz. For that matter, jazz was all Larry had planned in his repertoire. He said to himself, "I'm going to be different. At least, that will attract attention."

The only classical piece he could remember was Beethoven's Minuet in G. He had only his memory to depend upon, and his memory was as full of holes as a Swiss cheese. But he tore into it, did the best he could. Not very hopefully, for he knew he was bad, but he also knew he was doing something different. After all, there was a sameness to the selection of the other contestants, no one outstanding, no one too easy to recall.

When the judges returned from deliberation, they announced Larry was the winner. He was the only one who played a classical selection, and he was the only outstanding contestant.

Rheumatic Heart Is
Dangerous Disease
Among Children

Austin, Texas June 6.—The disabling and often fatal disease of children, rheumatic heart disease, is one of the leading causes of death among children and young adults in the age group of 10 to 25 years.

Unfortunately, there has been developed for this disease no vaccine such as we have for small-pox, diphtheria and whooping cough, but by recognizing the early symptoms and obtaining a competent physician's diagnosis and treatment, some of the damaging results of rheumatic heart disease can be prevented or moderated.

The State Health Officer, Dr. Geo. W. Cox, says that "in general the early symptoms of rheumatic fever are pain and swelling in the joints of the knees, ankles, elbows or wrists. The pain is felt usually in one of these joints, and spreads frequently to the others. Often a doctor's examination of a child who becomes irritable and cross without apparent cause, cries easily, and develops nervous habits, will disclose the presence of rheumatic heart disease."

Predisposing causes to this serious illness include frequent chilling, living in damp, steamy quarters, poor diet, frequent colds, and sometimes scarlet fever or other infections caused by certain streptococcus germs. All such conditions should be avoided if at all possible.

Protection for children against rheumatic heart disease, should include a thorough physical examination by a physician at least once a year; a well balanced and nourishing diet; sufficient rest and sleep, and dressing at all times in accordance with the temperature of the room or playground. Consult a physician at once if any symptom suggests that this disease may be present or in the process of developing.

Thousands of Texas
Students Will Learn
Safe Driving Soon

Fort Worth, June 7.—Thousands of Texas students will learn safe driving next school year as the result of a series of teacher-training courses to be offered in colleges and universities this summer. It was announced here today by Mr. W. A. Meacham, Regional Director for School Safety in the Texas Safety Association.

Eleven courses in seven schools will be available to prospective driver training teachers, Mr. Meacham said.

"The organized courses in seven schools is rapidly eliminating the two obstacles that have stood in the way of driver training in the secondary schools," Mr. Meacham said. "Schools have not had qualified teachers or money to provide automobiles. These courses will qualify from 200 to 300 new teachers. And members of the Texas Automotive Dealers Association are furnishing cars free to schools having qualified teachers."

The series will begin May 23 with a five-day short course for college professors at the University of Texas and at Baylor University, Waco, beginning May 30.

Semester courses for high school teachers will be offered at East Texas State Teachers College, Commerce, beginning June 6 and July 18; at the University of Houston, June 9; North Texas State Teachers College, Denton, June 8 and July 19; Sam Houston State Teachers College, Huntsville, June 6 and July 18; and Stephen F. Austin State Teachers College, June 3.

Teachers may earn either graduate or undergraduate credit in the courses.

CARD OF THANKS

We take this method to try to thank all of our many neighbors and friends for their deeds of kindness in helping us in our dire need when the fire destroyed our home and all we had in it.

Your sympathy and many gifts of money and useful articles will enable us to stand the loss much better and will enable us to start all over again.

From the very depth of our hearts we thank every one of you, and may God bless each of you.

Chadwick-Seal Vows At Home of Bride's Parents

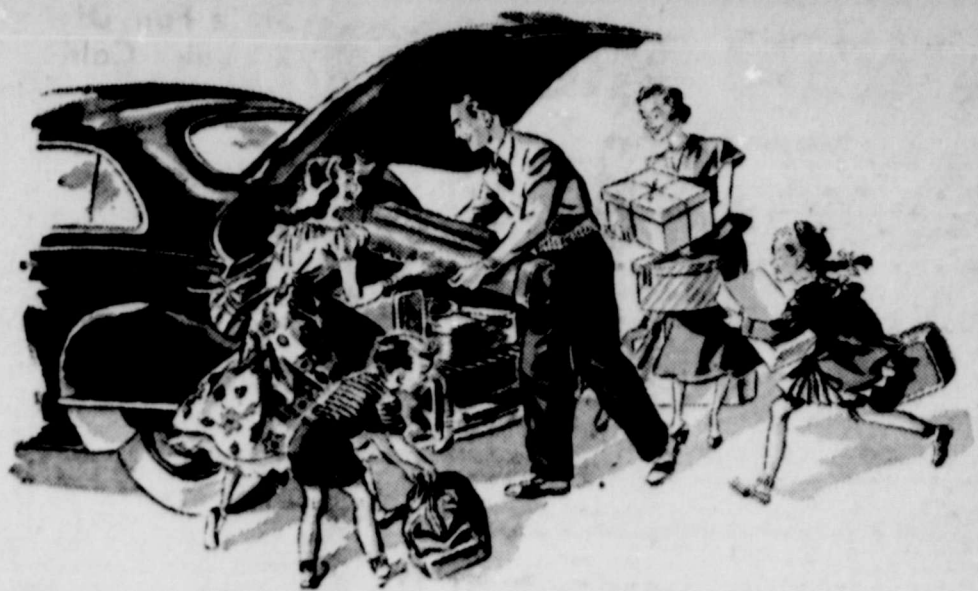

The marriage of Miss Joree Seal and Billy Joe Chadwick of Stephenville, was solemnized at 8:30 p. m. Saturday, June 4, in a candlelight ceremony at the home of the bride's parents, Mr. and Mrs. Roy Seal of Hico. The bridegroom is the son of Mr. and Mrs. W. C. Chadwick of Colorado City.

Before an improvised altar of pink gladioli and fern, Q. A. Dunn performed the double-ring ceremony which was preceded by traditional wedding music. Given in marriage by her father, the bride wore a ballerina-length dress of pastel pink eyelet embroidered organdy with white accessories and a large white picture hat. Her only jewelry was her mother's engagement ring. She carried a white Bible topped with orchids. Mrs. Dan Richey of Stephenville, matron of honor, wore a blue crepe dress with navy accessories. Her corsage was of pink carnations. Sgt. Jamie Boyd of Carswell Air Base, Fort Worth, was best man. Donald Seal, the bride's brother and Frankie McCook, cousin of the bride, lighted candles.

After the ceremony a reception was held at the home. The three-tiered pink wedding cake and punch were served from a table laid with a white lace cloth over pink.

Out-of-town wedding guests included Mr. and Mrs. W. C. Chadwick and Mr. and Mrs. R. A. Moore and daughter, Barbara, Colorado City; Carl Moore, Fort Worth; Tommy Chadwick, Fallsburg; Mr. and Mrs. Pete Smith, Huckaby and Mr. and Mrs. Dean Richey, Mrs. Guy Willard, Mrs. Frona Randolph and Mr. and Mrs. Don Dafeck, all of Stephenville. The couple left for a short honeymoon before returning to Stephenville to make their home where they are both associated with the Stephenville Hospital.

Answer to Last Week's Puzzle

Fairy

By Correspondent

We are having ideal weather for harvesting of the grain crop, which is getting in full swing. Barley and oats, which are principal grains being harvested at this time, are producing fairly good yields.

A good crowd was present for the ball game Sunday afternoon played here between Fairy and Duffau. So far, we have not learned who came out the winner.

Mrs. Carl Ray Sellers and children, Carolyn and Jimmie Don and her cousin, Mrs. Charles Price, visited Saturday afternoon in the home of their mother and aunt, Mr. and Mrs. Jesse Massengale of Carlton.

Mr. Charles Price of Austin spent the week end here at the home of his wife and parents, Mr. and Mrs. P. L. Cox. Mrs. Price and little daughter, Cheryl, who had spent the past week here returned home with him.

Mr. and Mrs. Darwin Hoover and little son, Charles D. Jr., of San Francisco, Calif., who had been visiting his parents, Mr. and Mrs. E. M. Hoover for the past week left for their return home Monday night. His parents and sister, Miss Daphne accompanied them to Brownwood where they departed by way of Santa Fe railways. Darwin is an employee of the Santa Fe Railroad Co.

Mr. and Mrs. D. E. Allison of Dublin visited a while Friday night in the home of his parents.

Miss Daphne Hoover of Stephenville, who spent several days visiting with her parents, Mr. and Mrs. E. M. Hoover and to be with her brother, Darwin and family, left Wednesday of last week for a few days visit in the home of her sister, Mr. and Mrs. Ralph Spencer of Lubbock.

Mrs. Loreta Hargis and children of Carlsbad, N. M., have been visiting in the home of her parents, Mr. and Mrs. A. J. Miller.

Mr. and Mrs. Jerry Todd had all of their children home recently. Horace's wife and two children were unable to be here. It will be remembered that Horace married over seas during the service. This was his first visit home since his leaving for overseas duty. But seems Mr. Todd has forgotten what these kids will do, when he carried several of the grandchildren to town with him to purchase some groceries. After making his purchase and placing same in the car he left for a few moments, returning to find the youngsters feasting on raw bacon and fresh tomatoes.

New Hope Seen In War Against Polio Explained In Pamphlet

The conquest of infantile paralysis is now within sight, Alton L. Blakeslee, noted science writer predicts in a pamphlet published today by the Public Affairs Committee, Inc., of New York.

"No one can predict just when the victory will come, or in what way," he adds, "but medical science is making such progress that there is real cause for optimism."

Such striking progress has been made in treatment during the past ten years that only about 15 to 25 per cent of polio victims are now left more or less severely handicapped. Forty to 60 per cent of the children or adults who get the illness in recognizable form will recover completely, or almost completely, without any visible evidence of paralysis.

Scientific study of means for preventing the disease has been slower, Mr. Blakeslee admits in the 20-cent pamphlet "Polio Can Be Conquered", but he lists a number of recent developments that appear to carry great promise. Monkeys have been inoculated against polio safely and effectively, he points out. Unfortunately, the vaccine does not protect the monkeys against all strains of the virus and thus could not offer satisfactory protection for humans.

Top scientists are cited as believing that a safe vaccine for humans will some day be found. The recent success of scientists in almost completely purifying one kind of polio virus should hasten this day, Mr. Blakeslee declares. "Drugs and other chemicals have been found," he reveals,

which "protects mice against viruses like the polio virus, or which helps the mice recover when they are given the viruses." So far, however, none has been used successfully on humans.

Although little is known about the way in which polio spreads, the pamphlet carries a number of tips for parents in the event that infantile paralysis breaks out in epidemic form in their neighborhood. Parents are urged to:

- 1. Watch for the symptoms that may be wearthens of polio: a tired feeling, headache, nausea, upset stomach, pains or stiffness in the muscles, or a fever. A big part of the victory in polio is immediate rest and immediate treatment.
- 2. Avoid crowds. There is no way of telling who has the virus, who is becoming sick, or who is a healthy, unaffected carrier.
- 3. Keep children from becoming overtired or chilled.
- 4. Do not let children swim in polluted waters. Attacks of polio have followed after such experiences.

5. Keep clean. Make sure that the children wash their hands before eating.

6. Keep garbage covered and screen the house against flies.

"Polio Can Be Conquered," by Alton Lee Blakeslee, is Pamphlet No. 150 in the series of brief, popular, 20-cent pamphlets issued by the Public Affairs Committee, Inc., a nonprofit, educational organization at 22 East 88th Street, New York, 16, N. Y.

Gilmer-Akin Bills Widely Acclaimed By Texas Teachers

Austin, Texas, June 6.—Texas will soon be among the top ten states in education.

Enactment of the Gilmer-Akin bills into law provides the vehicle by which the state will climb from its low rank, it was declared here today by Charles H. Tennyson, public relations director of the Texas State Teachers Association.

The organization led the lengthy legislative battle for re-organization of the public school system.

"These measures pave the way for more classrooms and more and better teachers, as well as providing for more equitable distribution of the cost and revising the top-level administration," Tennyson declared.

"Our children will receive a better education. As a result, our state will benefit."

Tennyson pointed out that schools which fail to meet the minimum requirements of teachers' and administrators' salaries will not only fail to receive state aid provided in the new laws other than the per capita apportionment, but will be dropped from the accredited list.

There are now 42,500 teachers and 4,000 principals and superintendents in the public school system.

"The new laws pave the way for the addition of 1,500 teachers as soon as physical facilities can be made available."

"This will relieve much of the classroom congestion which has made for substandard education in many of our schools."

The new salary scale for teachers and administrators will do two things to provide Texas with a superior educational system.

Tennyson also pointed out, "Texas will be much more attractive to outstanding teachers from all parts of the country," he said.

"Too, the additional pay teachers can get for holding masters degrees will send thousands of them to school to get the higher degree."

"The greatest enrollment in many years is expected by most Texas colleges and universities this summer in their graduate divisions."

The minimum salary for teachers holding bachelors degrees was increased from \$2,000 to \$2,400 annually. Under the new bills, they get \$54 a year additional for the first twelve years of teaching.

That makes a maximum salary of \$3,051. The old ceiling was \$2,655. Teachers holding masters degrees will have a minimum salary of \$2,628. The minimum was \$2,232. Their credit of \$54 a year additional for each year of teaching experience now continues for twenty-six years instead of twelve. That makes a maximum salary of \$4,032.

In addition, the law was revised to allow school districts to supplement the salary scale set by law. Under old statutes, districts receiving rural or equalization aid were forbidden to add to the specified salaries. Furthermore, districts may employ more teachers than allotted under the law if they desire to do so.

Mrs. Betty Casey Laid to Rest in Hico Cemetery Monday

Mrs. T. A. Casey, who passed away at her home in Hico Sunday, June 5, was laid to rest in Hico Cemetery Monday afternoon after services at 3 o'clock at the family residence, conducted by Rev. L. H. Davis and Rev. J. L. Ray.

Palbearers were Aubrey Duzan, George Jones, Ike Malone, Roy French, Glenn Higginbotham, and Irvin Cox of McGregor.

Mrs. Betty McKinley Casey was born in Fayette County, Texas, Sept. 14, 1875. She was married to Thomas A. Casey in 1904. To this union were born five children, two passing away in infancy. The three who survive are Charlie Casey of Hamilton, Alvin Casey and Bessie Casey of Hico. Also surviving are a nephew, Grady Casey, of Hico; two brothers, Lon and Mack McKinley of Hamilton; four grandchildren and a host of other relatives.

Mr. and Mrs. Casey lived in Hamilton a number of years, and also in Coryell County for 14 years, moving to Hico in 1943. Mrs. Casey joined the Baptist church in early youth and lived a true Christian life.

She was known by all her friends far and near as one of the kindest persons, loving everybody, and she was never heard to complain about the everyday worries of life. Her motto was, "You can do more through kindness than any other way."

Funeral services for C. A. Gregory held Thursday afternoon

Funeral services for C. A. Gregory, who died in the Hico Hospital early Wednesday morning, were held at Barrow-Rutledge Chapel at 2:30 Thursday afternoon, conducted by Rev. J. L. Ray, pastor of the local Methodist church.

Burial was in Hico Cemetery. A large crowd of relatives and friends from Hico and elsewhere attended.

Mr. Gregory, who was born December 25, 1881, had spent a major portion of his life in and around Ireland. In recent years he had been associated with his son, H. G. Gregory, in the carpentering trade here and at Midland, where the son now makes his home.

He had been a patient in the Hico Hospital for some time. While living in Hico he made many friends who extend sympathy to the children and the many other relatives in their bereavement.

Advertising Campaign Would Promote Tourist Business for Texas

Houston, Texas, June 7.—Texas are "sleeping blissfully through an unparalleled opportunity to expand Texas' biggest money crop—a year-around tourist business."

Little has been done to attract tourists to this state, Colonel Ibe Ashburn, executive vice president of the Texas Good Roads Association, said today in a speech prepared for delivery at the Texas Chambers of Commerce Managers Annual Convention.

The chamber's activity has been mainly that of bringing conventions to their individual cities, Ashburn said, adding that another factor in attracting tourists was the introduction to Texas gained by service men stationed here during both World Wars.

The speaker observed that a number of corporations have spent considerable sums for institutional advertising, but:

"We need a highly selective advertising campaign to secure additional tourists, to divert tourist trade from competitive areas, to increase itineraries and length of stay, and to encourage 'repeater' tourists."

The advertising campaign, Ashburn observed, "should be to seek as vacationers persons who have a contribution to make to Texas and its development."

Other states, such as Arizona and New Mexico, have spent modest sums for advertising, and have thereby doubled or tripled their tourist income, Ashburn said.

"Texas, with no funds and no descriptive literature except Texas Parade Magazine, drew 1,849,000 out-of-state automobiles in 1947," he declared. The occupants of these automobiles spent \$114,528,000 in Texas last year.

"If we spent \$100,000 per year we could more than double the number of visitors making a quarter of a billion dollars per year income from out activities," Ashburn told his audience.

"That is what Texas Parade is for, primarily, to bring visitors and industries into Texas," he said.

The speaker advocated that the State Highway Department be authorized to expand some of its money for expansion of tourist travel in Texas.

"The local chambers of commerce can help," he said, "by giving support to the idea of a combined Texas non-profit, non-political publication, artistically prepared and replete with colored pictures of the scenic wonders of Texas."

Social Security Cards Useless In Poker Game Or As Identification

Social security account number cards are not intended for use as poker chips, courtesy cards, or identification for cashing checks or buying on credit, Joe H. Clepp, field representative of the Waco social security office, pointed out today. They are not transferable, and the only time a holder must prove his identity is when a claim is filed.

"For example," Clepp added, "if Roland Holford of the News Review were not personally known to me, he could call at our office and get a card in any name he desired, if he did not disclose the name."

These cards are issued for the sole use by the rightful owner for getting credit for the wages he earns in employment covered by the Social Security Act.

There have been instances of individuals winning several account number cards in dice games, and then attempting to "cash them" at local social security offices. Frequently account number cards are offered as identification when persons attempt to cash checks where they are not known.

Clepp stated that the card needs to be shown only:

1. To the employer, when starting work on a new job.

2. To the social security office, when claiming old-age or survivors benefits; when asking for a report on his social security account; or when a "Miss" becomes a "Mrs." or other name change is necessary.

SINGING AT CARLTON

Regular second Sunday singing will be held at Carlton Sunday, June 12, at the Carlton Baptist Church, starting at 2:00 p. m., according to announcement from J. W. Jordan, president of the class.

Mr. Jordan said some real good singers were expected and added that everyone was invited to attend.

CARD OF THANKS

We wish to express our sincere thanks and appreciation to all our friends and neighbors for their kind deeds during the time of sadness at the death of our loved one, Mrs. T. A. Casey. Also for the words of sympathy and the beautiful floral offering. May God bless everyone of you.

T. A. CASEY & FAMILY.
