NUMBER 17.

HERE IN HICO

By CAROLYN HOLFORD

You folks who live in town and have the privilege of having the Stephenville Daily Empire delivered to your front door are, doubtless, as proud of it as we are. We have heard a number of complimentary remarks on this venture from people who recognize it as a step forward for Stephenville and surrounding territory. The first issue was inaugurated Sunday, September 4th, through blood, sweat, and tears, by a staff that found it hard to change routine from a weekly to a daily, but who carried through very well.

We know that the staff found it difficult because, if you will pardon the personal reference, Mr. Holford's youngest daughter was there for two days trying to help get news for the special edition. At that time many of the staff members, including possibly Editor Rufus F. Higgs, doubted whether the first issue would ever get to the stage of coming off the press in black and white. We were told to go out and bring back some news, and with the help of Mary Ona Whitson, Wynama Anderson, Bobbie Wilson, and a few other Hicoans who have migrated, or Stephenvillians whom we've met, we finally managed to scrape enough together to give the appearance of being an experienced reporter.

Congratulations to Mr. Higgs and his staff from the staff of the Hico News Review. We hope the daily will prove to be as successful a newspaper as the planning and expense that have gone into it merit.

We'd be willing to bet that Hico had the only outdoor air-conditioning unit ever put to use Wednesday afternoon. Placed on an overhead platform in the alley at the side of Neel Truck & Tractor Store, the air-conditioner brought puzzled looks from neighbors and passersby, some of whom seemed to think that it was a necessary measure to relieve the heat—if it would work. Actually it was placed there to avoid overheating of the electric transformer which had blown a fuse and cut off the electricity for that section of town.

That was the quickest and best method that Local CPS Manager Ollie Davis could find to solve the problem, until the transformer could be replaced by one of larger capacity Thursday morning. Could he it brought the cool spell, too. Everybody talks about the weather but no one does anything—except Ollie.

Our Vicksburg correspondent, formerly Jennie Mae McDowell of the News Review staff, has written from that Mississippi town where she and her husband, Henry A. Wieser now live, giving us a piece of news that had escaped us until now.

Mr. and Mrs. Aubrey Duzan of Hico, while visiting at Vicksburg National Park Museum, noticed the Wiesers' name on the register, but didn't know they were living that close until so advised by

Lions Discuss Retail Credit, School Music, Aid to Needy Children

Meeting in Firemen's Hall, Hico Lions Wednesday enjoyed a barbecue plate lunch prepared and served by Mrs. A. H. McCook of the Texan Cafe.

Lion Vice-President Norton acted as chairman in the absence of Lion President Nance, calling attention to the observance of Lions 100 per cent Attendance Contest during the week beginning August 11. Proposal by Lion Hoffman concerning sponsorship of a local retail credit association resulted in discussion which brought out the fact that this organization would be more appropriately sponsored by the Chamber of Commerce. Dr. W. F. Hafer was appointed to present the proposal at the next Chamber of Commerce meeting.

Lion Blair called attention to two needy children who were unable to start to school for lack of proper clothing. A committee with him as chairman and Lions Coats and Knudson as other members was appointed to take care of this and other similar cases.

W. D. Bradley, guest of Lion Sirman, rendered the program which was in charge of Lion Moon. He called attention to the added opportunities in musical instruction this year, stating that there would be courses for children of every age. A rhythm band is planned for the first and second grades, a tonette class in connection with a general music class for the third, fourth and fifth grades, a general music class for the sixth, seventh and eighth grades, and a choral class and band for high school students. Every child interested he said, will be able to get musical instruction in some form or another. He particularly invited the public out to hear the band at Friday night's football game here with Dublin.

G. H. Cox, guest of Lion Hamilton, who moved here Tuesday to take over his duties as chief at the Katy Station, expressed his pleasure of being a citizen of Hico and complimented the town and the spirit of the people.

Lion Sirman, football coach at Hico High School, was optimistic about the chances of the local team in this week's game with Dublin at Tiger Stadium, stating that the probable starting lineup showed Hico's team to be slightly heavier than Dublin's. He also thanked the club members for interest shown in securing plastic helmets for the boys and for their purchase and promotion of sales of season tickets, and said that the Coca-Cola company promised to erect a \$600 to \$700 scoreboard in time for the next home game.

Lion Calvin Tulloh of Fort Worth, guest of Lion Knox, invited local members to visit the South Side Lions Club in Fort Worth at their earliest opportunity, and then abided by the teachings of the "Three Y's of a successful luncheon speaker"—be clear, be brief, and be seated.

Besides the three guests, members present at the meeting included Lions Norton, Sirman, Pierce, Neel, Hamilton, Bullock, Bobo, Woodard, Leach, Love, Hafer, Hoffman, Hampton, Holford, Moon, Rutledge, Hedges, Blair, Coats, Knudson and Knox. Lion Hitt's team with 80 points led Lion Moon's team with 60 for the day.

JEWISH HOSPITAL PREPARES TB TEST

Inexpensive, painless and easy to administer, the new test for tuberculosis, "Plastotest," is applied by a nurse to the arm of an unafraid youngster.

FOR 50 YEARS the National Jewish Hospital at Denver, the nation's first free non-sectarian tuberculosis institution, has been offering its services without charge to the needy tuberculars of all faiths. This year, as it ends its first half century of service, the hospital has prepared another gift to the TB's of the nation—the cheapest, fastest mass diagnostic test for the detection of tuberculosis.

Called **Plastotest**, the new test was devised in the hospital's laboratories under the direction of its research chief,

Dr. Harry J. Corper. In operation, the test is simple, painless and inexpensive.

All it requires is a dab of the substance on the arm of the subject. The material hardens immediately, forming a lacquer-like covering on the skin to which it was applied. If the subject has a positive reaction to tuberculosis, a small reddish blister will appear within 24 to 48 hours. If no blister appears within that time, the subject can wash the substance off his arm and forget about tuberculosis.

Chief value of the new test is that it can be used as a pre-

liminary diagnostic device in areas where physicians are limited and where expensive X-ray equipment is not readily available. Rural areas, for example, which are serviced by public health doctors and nurses can especially benefit by the introduction of this new test.

Officially called "the transcutaneous autolytic test for the diagnosis of tuberculosis," the new solution has other values in its favor. It is painless, doesn't excite nervous children and doesn't require sterile solutions or syringes.

HICO WINS MATCHED GOLF TOURNAMENT AT STEPHENVILLE

In the invitation tournament held at the Stephenville Golf Course Sunday the Hico golfers bested the Hamilton and Stephenville groups by six points to win the tournament in the last match, according to Vernon Bramblett, president of the Stephenville Golf Club.

The Hico team held a small margin over the other two cities during the entire match. Approximately 55 golfers shot during the matches in threesomes composed of one golfer from each city.

One point was given for 9 holes on the first round and one point was given for the second nine. There was also one given for the 18 on a round, Bramblett said.

There were approximately 18 Hico golfers entered in the tournament and about 14 Hamilton players, Bramblett said. About 22 Stephenville members of the local club, who sponsored the meet, were entered, Bramblett reported.

"The reception the Stephenville club members showed the visitors was very good and everyone was well pleased with the results," Bramblett concluded.—Stephenville Daily Empire.

Surplus Potatoes Being Ordered for Delivery Next Week

Various farmers of the Hico, Carlton, and Fairy areas are beginning to purchase surplus potatoes through the AAA of Hamilton, according to J. Doyle Love, vocational agriculture teacher in the Hico schools.

One carload of thirty thousand pounds of potatoes have already been ordered and should arrive within the next week. The potatoes will either be grade number 1, grade 2 or grade 3. We have to take what we get, but our chances of getting number 1's are as good as getting number 2 or 3's, Mr. Love added.

The price of these potatoes is the same as the freight charges, 45 cents per hundred pounds, and are available for livestock consumption, and not human consumption. If any of the farmers or livestock men in this immediate area are interested in ordering some of the excess potatoes, contact Mr. Love at the Hico High School.

Both the highest and lowest points above sea level in the United States are in California.

Improvement of Dairy Herds Gaining in Community Interest

Dairymen of the Hico community are beginning to realize the great need of dairy herd improvement, according to J. Doyle Love, vocational agriculture teacher of Hico.

Last Monday, August 29, Mr. Damon Weaver, Mr. Pete Jenkins, and Mr. George Holladay began a herd improvement buying tour. They were going north to observe and try to buy some Holstein-Friesian, and some Guernsey dams and maybe one or two sires, bring back to their dairy farms and begin through cross breeding, breeding up, and by individual selection.

On Wednesday, August 31, they were in St. Louis, Mo., and were planning to go farther north to complete their buying tour.

These three dairymen are expected to return about September 5th or 6th and will invite the public out to observe the sires and dams that they purchased, Mr. Love concluded.

Highway Commission Grateful to Iredell People for Support

D. C. Greer, state highway engineer, in a letter to County Clerk John R. Cowen, expresses the thanks of the State Highway Commission for the assurance of cooperation given by 343 citizens of Iredell and community in a petition sent the Highway Commission and Commissioners Court last week.

The letter follows: "Please accept our thanks for your transmittal to us of the petition dated August 10 from hundreds of citizens in the Iredell community expressing appreciation for the work that has been done by the Department in this area and assuring us of the 100 per cent cooperation on other things that we may desire to do in the near future. This expression of cooperation is indeed appreciated, and when and if you might find it possible, it is requested that you extend our expressed thanks to signers of this petition."—Meridian Tribune.

DUBLIN SHAMROCKS AND MINERAL WELLS TO MEET

The Dublin Shamrocks and the Mineral Wells Resorters will meet at the Dublin Ball Park Sunday afternoon at 3:00 o'clock for the second game in the two-out-of-three series of the championship playoff of the Brazos League.

Last Sunday the Resorters defeated the Shamrocks by a score of 8 to 4, according to the report received from Delbert L. Shafer, secretary of the Dublin Shamrocks.

U. S. Dept. of Agriculture's

OFFICIAL REPORT ON WEEKLY SWING OF FARM MARKETS OVER THE SOUTHWEST

Southwest farm prices ranged from slightly higher to somewhat lower compared to a week ago, the U. S. Department of Agriculture's Production and Marketing Administration reports.

Lettuce showed some decline from recent peak prices late last week at most terminal markets. Sweet potatoes and tomatoes strengthened on lighter supplies. Onions sold higher at Colorado shipping points, and cauliflower lower. Peaches, potatoes and peas remained steady to firm.

Fair demand for eggs and poultry held prices steady. Canned white eggs sold mainly from 50 to 55 cents a dozen in the southwest, and mixed colors 45 to 50. Best fryers brought 20 to 24 cents a pound at Denver and 28 to 30 in North Texas.

More cattle and calves arrived at southwest and midwest markets last week than the week before. Price trends were very uneven but, in general, fed cattle were steady to higher and grassers somewhat lower. Calves ranged from weak to \$1 lower, but other classes varied from weak to strong at the different markets. Most beef and veal sold steady to higher at Chicago, but lower grade steer beef weakened.

Butcher hogs and sows brought higher prices last week despite heavier supplies. Sows gained more than butchers, but pigs held about unchanged. Pork loins sold higher at Chicago, and most other cuts weak to lower.

All sheep classes closed the week

MRS. J. G. GOLIGHTLY

Mrs. Golightly Plans State THDA Meet in Mineral Wells

The Texas Home Demonstration Association will hold a convention at the Baker Hotel in Mineral Wells September 21, 22, and 23, with Mrs. John Golightly of Hico serving as general chairman. Mrs. Golightly is vice president of District 8, composed of 18 counties in Central Texas.

Theme for the convention is "Better Homes Make for a Better World." Rev. Homer Vanderpool, pastor of the Tyler Street Methodist Church in Dallas, is scheduled to be the main speaker. Presiding over the program will be Mrs. R. L. Campbell, state president, from Wildorado, Texas.

Seven hundred and fifty delegates from 14 districts in the state are expected to attend. "Usually as many visitors as delegates attend the convention," said Mrs. Golightly in reporting the plans.

One of the highlights of entertainment included in the program as it has been planned will be songs by the Erath County Chorus, composed of members of Home Demonstration Clubs of Erath County.

District 8 has been named one of the outstanding districts in the state. The winner of the Maggie W. Barrie scholarship is Barbara Dell Dean, a 4-H Club girl from this district.

Mrs. Campbell, president of the association, visited here in the early spring for her first time. She was a guest of Mr. and Mrs. John Golightly, and offered high praise for the work being done by Mrs. Golightly in this district. District 8 held a convention in Eastland in April, over which Mrs. Golightly presided.

Think You're A Practical Joker?

HERE ARE SOME SAMPLES OF THE BEST WORK OF FAMOUS PRANKSTERS

In the early part of the century, a New Yorker named Brian Hughes bought a horse-car animal for \$11.50, entered it in a swank Madison Square Garden show, and nearly won a blue ribbon by having the horse judged fifth best among a field of 27 thoroughbreds.

On another occasion, Hughes, who was named world's champion practical joker by the newspapers, created a riot on the beach at Asbury Park, N. J., by "discovering" a bag of gold that was labeled \$75,000—U. S. Currency. The bag was filled with brass filings and had been planted on the beach by Hughes earlier in the day.

Another famous prankster is Hugh Troy, an Ithaca, N. Y., mural painter. Troy and a few friends, dressed in work clothes, once dug up the surface of Fifth Avenue all day without being disturbed. Just to prove it could be done. With the same ironies, he bought an exact replica of a Central Park bench and carried it along the park paths. They got themselves arrested five or six times by suspicious cops—and each time frustrated the desk sergeant by displaying a bill of sale for the bench.

A few years ago, two Wall Street brokers invented a mythical college, telephoned the Associated Press each Saturday to report foot-

ball victories, and, by the end of the season, saw their non-existent team ranked high on the national football standings.

These and other classic practical jokes are recounted in an article entitled "How Big Can a Joke Be?" in the September issue of Cosmopolitan magazine.

The author tells what baseball writer Bill Phelon once did to Bill Hanna, of the old New York Herald. Hanna was a man who worried a great deal about his health. He used to walk fifty blocks home from work for the exercise. One day, Phelon passed Hanna three times on the sidewalk—each time walking in the opposite direction and at points several blocks removed. Each time, Phelon said, "Well, if it isn't Bill Hanna, I haven't seen you in three months. Bill, you're not looking well. Have you been sick lately?" At the second and third meetings, Hanna pleaded with Phelon to admit that they had met just a few minutes earlier, but his friend insisted that Hanna was mistaken and sick. After the third meeting, Hanna staggered to a taxi and asked the driver to take him to the hospital's psychopathic ward—not realizing that Phelon had been backtracking by street car after each meeting in order to continue his baffling re-appearances.

Fairy

By Correspondent

This community was blessed with a good rain on Wednesday of last week. Stock water was running low and many were watering their stock from deep wells. We hope the rainfall was sufficient to eliminate this.

Mr. and Mrs. Waynard Allison and little son, Johnnie Wayne of Baytown visited Monday and Tuesday of last week in the home of his parents, Mr. and Mrs. Edd Allison and family.

Several from here attended the Dublin rodeo last week. Those from here who attended whose names we secured were Mr. and Mrs. Clifford Tinkle, Mr. and Mrs. Carl Ray Sellers, Texie Dell Allison, Mr. and Mrs. O. E. Whitson and his sister and husband, Mr. and Mrs. Jones who were visiting in the Whitson home. (She is the former Miss Maudie Whitson of Fairy.) We feel sure there were many others.

Mr. and Mrs. Edwin Selheimer and children of near Hamilton visited Sunday with her parents, Mr. and Mrs. Edd Allison and family.

Mrs. Bessie Jordan and daughter of Cleburne visited Sunday with her father, Uncle Bob Parks.

Mrs. Pat Patterson was in Dallas Tuesday and Wednesday of last week to attend the funeral services of her husband's brother, Mr. Zalmer Patterson, who passed away Monday following several months illness.

Miss Lucille Little and her brother and their cousin, Joe Turner of Oklahoma City visited Sunday in the home of their grandmother, Mrs. Brittie Little. They also visited in Carlton with Mr. Turner's parents and all attended the Dublin rodeo on Saturday night.

Visitors in the home of Mr. and Mrs. Carl Ray Sellers last Sunday were his parents, Mr. and Mrs. N. S. Sellers and grandson, Billy Gilmer of Hamilton, Mr. and Mrs. Raymond Jones and family and Miss Jesse Norma Payne of Lantam and Mrs. Jesse Massengale of Carlton.

Mr. and Mrs. J. W. McAdams and family visited Sunday with his parents, Mr. and Mrs. Willis McAdams of Cranfills Gap. His mother has been ill of a bone infection in her kneejoint.

Mr. and Mrs. Will Heyroth and their neighbor, Mrs. Meeks of Gatesville were here Sunday visiting with relatives of the Heyroths.

Our school opened Friday morning of last week with good attendance of both pupils and parents. After a song and introduction of new faculty members, pupils, and various remarks concerning the school work, the pupils passed to class rooms where books and lessons were assigned. Quite a lot of improvement has been made in our school since last term. A few of these improvements are a new deep freeze installed at the lunch room, hot water heater, an electric pump at the well and the school gym basement has been completely modernized and we feel sure all patrons and visitors as well will appreciate these added conveniences. Teachers for this term are Supt. Tommie Harper, Irvin Jones, Lamont Newton, Mrs. Tommie Harper, Mrs. Bradley, Miss Nelda Poe, and Mrs. Gaston. Mrs. Pat Patterson is supervisor of the lunch room with Mrs. Maude Whitson as assistant and one other whose name we have not yet secured.

FAIRY SCHOOL NEWS

Senior News
Well, here we are back in school this bright Monday morning and from the looks of everybody, they are all glad to be back. All the boys are sore from the first football work-out.
We had a visitor with us Friday morning. She was a tall redhead and very good looking. In case you are interested, she is married.

Junior News
We are happy to say that we have gained one pupil, Jo Ann Barber. We are not very great in number this year, but precious jewels are always packed in small packages. Our hopes—the best junior class ever.

Sophomore News
The sophomore class started off eleven strong this year.
Are we going to back our new football boys? I'll say we will!

We have two new teachers this year and are very happy to have them with us.
We were glad to have Doris Smith, an ex-senior visit us yesterday.

Freshman News
Everyone is happy that school is getting off to a good beginning. We are proud of our freshmen boys that entered in football practice.
We have the same number of students in our class this year that we had last year, 10 strong.

JACKPOT FIGURES

Ever wonder what your chances are of hitting the jackpot on a slot machine? Cosmopolitan magazine which says that What You Don't Know Can Hurt You, reports extensive experiments to show that the odds average a thousand to one against you on a nickel machine and anywhere from two thousand to three thousand to one against the dollar machine player. Of course, if the operator wants more than his usual forty per cent profit, he can tamper with most of the machines to reduce even further the chances of a winning combination.

GROWTH OF POLIO CARE TEAM

1938

1949

Medical care for polio patients is costing the National Foundation for Infantile Paralysis more money than ever before—because better treatment is available today than formerly, as the accompanying chart reveals. Until 1938 when the National Foundation was formed, a physician and a nurse usually comprised the best available care. Today, modern polio treatment may include 13 specialized services, provided by an entire TEAM of professional workers. This expanded care has cost National Foundation chapters millions in March of Dimes funds. More money is needed immediately to continue these services. Support the POLIO EPIDEMIC EMERGENCY DRIVE to help care for today's polio patients. Send your contribution now to POLIO, care of your local Post Office.

HOUSE & HOME By MARY E. DAGUE

By HELEN HALE

TO PREVENT the bottom of the garbage can from rusting, pour a coating of melted paraffin over it and keep the bottom well covered.

Refresh your feather pillows by airing them on a windy, but cloudy day. Feather pillows should never be placed in the sunshine, as the sun will dry the oil out of the pillows.

It's much easier to iron delicate dresses, blouses and lingerie if they are dampened evenly. Wring a towel out of warm water and place the garments to be ironed in it for 15 to 20 minutes.

Buttons on youngsters clothing get a lot of rough wear. If you sew them on with dental floss instead of thread, they will last much longer.

Embroidery work will stand out much better if you lay the work on a heavy turkish towel and iron it on the wrong side. The towel acts as a cushion and the embroidery sinks down in it while you smooth out the material.

RECIPE OF THE WEEK Lime-Orange Sherbet (Makes 1 quart) 1/2 cup lime juice (2 or 3 limes), 1/2 cup orange juice (1 large orange), 1/2 cup sugar, 2 tablespoons lemon juice, 1 cup evaporated milk, chilled icy cold.

Articles which need heat should be sorted, dampened and placed at the bottom of the basket. Those at the top should all require low heat, and those in-between ironed with moderate heat.

You'll need less starch on articles which are ironed on the ironer since the pressure of the rolls gives fabrics a stiffness and gloss that hand ironing cannot give.

THREE PRETTIES IN A POSE... Barbara Smetana, 16, beauty contestant from East Bridgeport, Conn., was selected as finalist of the fair of the autumn state and crowned 'Miss Connecticut' in a contest in Bridgeport.

I REMEMBER...

By THE OLD-TIMERS

From Mrs. Amelia Ward of Elmore, Calif.: 'I remember, as Mrs. Mary Stewart does, the Quaker bread we used to get in Chicago. I still have two lovely pictures that came with the wrapper when you bought a loaf. The pictures are of lovely angels and are more than 60 years old...'

From Mrs. Mary Stewart of Chicago: 'I remember when mother paid the month's grocery bill of \$20 or \$25, the grocer would thank her profusely, take down a big bag and ask her whether she would like a bag of fruit and bananas or a bag of candy. With his compliments, of course.'

From L. L. Richardson of St. Louis, Mo.: 'I remember when we were too poor to have lamps when we lived in southeast Missouri. Mom twisted a string of rag, sort of braided it, and soaked it in a saucer of fat. It didn't make a very bright light, but the smoke chased the mosquitoes away.'

From Albert Lorenzen of Omaha, Neb.: 'I remember when I was a little boy, new-born calves were either destroyed or given away by a dairy near us. We always asked for them and they were saved for us. It was my brother's and my job to herd them. They're worth about \$25 now.'

From E. E. Meredith of Fairmont, W. Va.: 'I remember when stores had dollar sales and a featured item was white shirts with no extra charge for sleeve alterations.'

Six-Inch Sermon By REV. ROBERT H. HARPER

Memory Selection: Psalms 118:22 IN THE LESSON text it will be observed the passage from the Psalms is first given, then the New Testament verses that show our Lord's use of the Psalms quoted.

In the first instance Jesus answered the chief priests and the scribes who took offense at the children's song in the temple. In the second our Lord silenced his enemies when they had declared that Christ is the son of David. In the third instance Jesus condemned the leaders of the people who rejected him as the Messiah.

Christ is found in the Old Testament as well as the New. While we usually think of the New Testament as concerned with Jesus the Christ, let us see and appreciate the large place he has in the Old. Today's lesson emphasizes that the coming of Jesus is foreshadowed in the Psalms.

Of the several instances dealt with in the lesson, let us think of the discarded stone as becoming the head of the corner. The Lord who was rejected of his own people has found the preeminent place in the hearts of men the world around. May he be the corner stone in your own temple of life!

Successful Parenthood

By MRS. CATHERINE CONRAD EDWARDS

THE FIRST CRY which a baby gives after it is born isn't exactly a musical sound but it is mighty good to the ears of the doctor who knows from it that the infant's lungs have begun to function.

So it is with the first temper tantrums. It may not be a pretty sight to see a squalling baby lashing out at everything within reach because he wants something he's afraid he won't get.

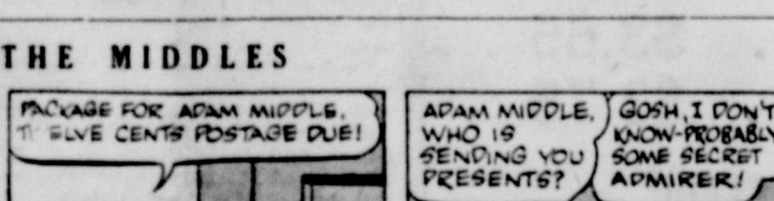

Never letting a baby have his way through howling might prevent temper tantrums when he is two or three, if this negative method didn't leave out of account two facts.

We all know what it means to be balked in what we want to do—the dress we've cut out with such hopes which simply won't hang right—and we also know that the impatience we express at such times is with ourselves and doesn't necessarily mean we have a bad disposition.

This is the time, however, to double your efforts to teach him how to work out of his own difficulties instead of raising the roof. It is the time, too, to be adamant about giving in to him when he stages a disagreeable scene.

And therein lies the main solution of this temper business. Teaching the child agreeable ways in which to make his wants known, in which to make himself feel important and liked is the business of parents as much as it is their responsibility to see that his body grows straight and strong.

MAYOR MCGUP

CONGRATULATIONS... Charlie Keller of the New York Yankees congratulates Joseph Petruss, winner of the Charlie Keller scholarship to the University of Maryland.

REVERSED NAME

(A Short Story) By RICHARD HILL WILKINSON

SO FAR Terry Sherman's second trip abroad had been a complete failure. She had expected and hoped to meet a man; a man whom she could love and adore.

That night in her cabin Terry had her stumped. The name Ford Kram had her stumped. Then, abruptly, she had inspiration. Of course! Mark Rockford! He merely reversed his name, leaving off the "Rock."

Terry's indulgence in literary exploits was, in truth, wanting. She therefore sacrificed a morning on deck with Mr. Rockford to peruse the contents of the ship's library, and was happily rewarded by discovering a copy of "Grindstone," the fly-leaf of which contained a complete list of the author's works.

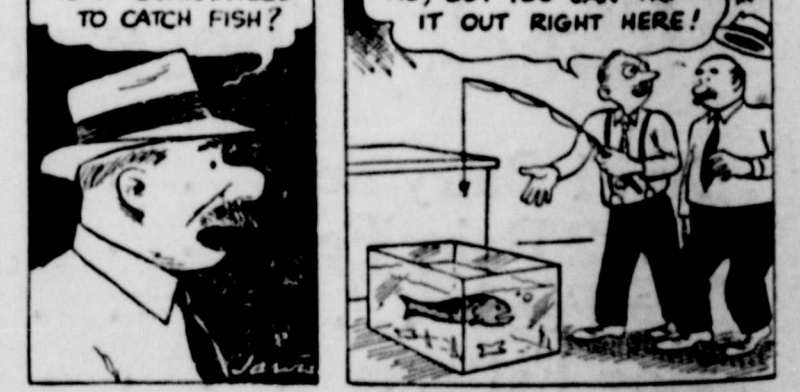

Thus fortified she returned to her conquest of Mr. Rockford. As the liner neared New York he became particularly amiable. Terry was delighted. Secretly she thrilled at the prospects of becoming the wife of an author.

A sturdy tug was slowly pulling the liner into the pier when Mark finally spoke the words that Terry longed to hear. They were standing together on A deck.

"Terry," said Mr. Rockford abruptly, "this has been a most delightful voyage. I really regret that it has ended." He sighed. "But there is an end to all pleasant things."

"We'll see each other again," she looked at him archly. "I must tell you, Mark, that I've known all along who you are. It wasn't hard to associate Ford Kram with Mark Rockford."

Mark stared. Then suddenly he grinned. "But I'm not Ford Kram, Terry. I'm Mark Rockford." He waved toward the dock. "In a moment I'll introduce you to the real Ford Kram. She happens to be my wife, who is waiting for me and whom I'm dying to see. She merely reversed my name to manufacture a pen name for herself."

September Session of Women's Professional Club Held This Week

Mrs. J. L. Goodman, Mrs. L. N. Lane, Miss Louise Blair, Mrs. Maurice T. Neenan, and Mrs. J. W. Fairry were hostesses at a dinner given by the Business and Professional Women's Club Tuesday evening at Mrs. Lane's home. The table was centered with an arrangement of zinnias, and lilliput zinnias decorated the place cards. The dinner consisted of baked ham, creamed asparagus, potatoes, pineapple salad, gherkins, lime sherbet, and cake.

Fifteen members were present. A business meeting was held after the dinner. Following the business, Mrs. Odie Patsick gave a talk on the Shaw Gardens of St. Louis, which she visited on a recent trip.

Recent Rainfall Beneficial to Late Crops Over Texas

Austin, Sept. 7.—Rains in most northwestern and western counties have been beneficial to late feed, cotton and pastures, while harvesting of mature crops has made rapid progress as hot, open weather continued in most eastern and southern counties, the United States Department of Agriculture reported today.

The farm outlook was generally favorable. However, the USDA noted that most southern high plains counties continued dry. Showers along the coast have delayed the rice and cotton harvest.

Conditions remained generally favorable for the maturity of cotton and harvest of the largest crop in many years was becoming increasingly active.

All classes of livestock, the USDA reported, were doing well on the generally plentiful supply of cured feed.

Miss Scarborough to Marry J. C. Ramage In Stephenville Rites

Mrs. E. B. Scarborough entertained with a dinner in the Scarborough home on the Hico highway Friday evening at 7:30 announcing the engagement and approaching marriage of her daughter, Miss Elizabeth Scarborough, to Jewel C. Ramage of Brady.

The wedding ceremony is to be performed Saturday evening, September 17, at 7:30 in the First Methodist Church of Stephenville. Attending the bride will be her sister, Mrs. A. H. Johnson of Fort Dodge, Iowa, as matron of honor. Best man will be the groom's brother, Jimmie L. Ramage of Houston.

Guests at the announcement dinner played bridge at tables set with a centerpiece constructed of black paper in the shape of a typewriter, with the couple's names written on its keys and the paper inserted, announcing the date.

The following friends attended: Misses Evelyn Stone, Pat Price, Octavia Hunt, Leona Bryant, Mary Ona Whitson and Dorothy Jackson, and Meses. Bill Johnson, C. H. Maguire, Ralph Jones, Ben B. McCollum, H. L. Self, Kelly M. Brownlow, R. W. Rothe, E. S. Rothe, Raymond Armstrong, H. H. Ramage, Don Smith, Almabel A. Dunn and Billie Wynelle Waters.—Stephenville Daily Empire.

CARLTON H. D. CLUB MET WITH MRS. BAILEY SHARP

The Carlton Home Demonstration Club met Thursday, September 1, with Mrs. Bailey Sharp. Roll call was answered with "My greatest achievement due to my club."

An interesting program was given by Mrs. Walker Curry, Mrs. Sam Sharp, and Mrs. Bailey Sharp on communicable diseases, polio being the most discussed, as that is the disease we are most concerned about.

Delicious refreshments of lemonade and cookies were served to eight members, two new, and one visitor. New members were Miss Ethel Murdock and Miss Mattie Walker; the visitor, Mrs. R. J. Sowell Sr. We welcome new members and visitors to our club.

Our next meeting will be September 22. We will meet in the home of Miss Ethel Hander, our home demonstration agent, at which time she will give a demonstration on shrubs. All members are urged to attend at 2 p. m.

Hamilton-Coryell Soil Conservation District Notes

D. W. Reedy, 13 miles northwest of Hamilton in the Spurlin group, has been receiving a nice side line income from hogs on his cattle ranch. The figures of his operations are as follows. During 1947 Mr. Reedy bought 10 pigs and gilts as breeding stock for which he paid \$114.85. During 1948 he bought 8 other shots as breeders as a cost of \$143.15. Then in the spring of 1949 he bought a young herd boar at a cost of \$45.00. Total cost of stock, \$303.00.

These hogs were allowed free range of an 800 acre pasture im-

mediately west of the barns at the ranch headquarters. Four months during 1948 they also followed feeder cattle.

In addition to the range and waste from feeder lots, they have been fed during 1947-48 and 1949 to date:

- Corn, \$270.00
 - Potatoes, \$45.00
 - Barley, \$35.00
 - Total cost of feed, \$350.00
 - Total cost of feed and stock, \$653.00
- His sales have been:
- June to September, 1948, 67 hogs and pigs, \$1016.21
 - October to December, 1948, 78 hogs and pigs, \$715.00
 - Killed and cured, 8 hogs, \$480.00
 - January to August, 1949, 31 hogs and pigs, \$843.39
 - On hand August 1949, 45 hogs and pigs, at present market price, \$530.00
 - Total sales were \$3584.60.

Mr. Reedy is pleased with this incidental income which he says has come in with practically no extra labor. An interesting conservation feature of this 800 acre pasture is the marked increase during the past two years of little blue-stem and Indian grasses.

District Cooperators who have reported water disposal system construction are:

Ira Schrank, 9 miles southeast of Hamilton in the South Aleman group, constructed 865 feet of diversions.

Mrs. E. G. Kingsbury, 19 miles southwest of Hamilton in the west Fairview group, constructed 790 feet of collective outlet waterway.

Polio Foundation Asks Dimes and Dollars Now to Pay for Patient Care in Epidemic of Infantile Paralysis Throughout Country

With thousands of children and adults in hospitals today as a result of current widespread polio epidemics, and with many new cases likely to develop in the months just ahead, the National Foundation for Infantile Paralysis has launched a Polio Epidemic Emergency Drive to provide immediate funds for patient care.

The price-tag on this year's epidemic will be so enormous, according to Basil O'Connor, National Foundation President, that \$14,500,000 must be raised to meet the national polio bill. During 1948, when there were 27,908 cases in the country, the highest number since the record total in 1916, the National Foundation and its Chapters spent \$17,000,000 in March of Dimes funds to provide epidemic services, he said. With even more cases this year, it looks as though it may cost \$25,000,000 in 1949 to pay for that part of medical and hospital care which families cannot pay themselves.

By the end of August, as much money had been advanced in epidemic aid to National Foundation Chapters whose March of Dimes funds have been exhausted by the cost of care as was sent in all of 1948. The nation's total number of cases now is as large as a full year's toll in previous years, with predictions for at least double that number before December 31.

Furthermore, it is estimated that a minimum of \$5,000,000 will be required to continue helping 1948 patients who still need clinic or hospital treatment. The National Foundation gives assistance as long as medical care is necessary, regardless of age, race, creed or color.

The money raised in the Polio Epidemic Emergency Drive will be used exclusively for services to polio patients in all states, Mr. O'Connor said. Contributions may be mailed to POLIO, care of your local Post Office.

"This emergency drive is our only hope of providing care for patients without slowing up scientific research and professional education programs of the National Foundation," Mr. O'Connor explained. "It is an ironical fact that this heavy incidence,

severely taxing March of Dimes resources, comes at a time when the nation's leading scientists are more hopeful of finding an answer to the problem than ever before.

"Scientists working under 68 March of Dimes grants at top medical and educational institutions are waging the largest research attack ever attempted against a single disease in this country, supported by March of Dimes funds. We must not interrupt the search for a solution cause of lack of funds. We must—and we shall be able to—both jobs—help pay for the care of the stricken while finding means of prevention or control—if the American people contribute now to carry the work through until the next March of Dimes in January."

Progress since 1938 when the National Foundation was formed, was indicated by Mr. O'Connor as follows:

More than \$23,500,000 has gone into a comprehensive research and education program, seeking control of polio and training of experts—virologists, orthopedists, pediatricians, public health physicians, nurses, physical therapists, and other medical workers who make up the professional army now battling the disease in laboratories and hospital wards.

At least \$58,000,000 had gone for patient care, prior to 1949, in payment of polio bills families could not meet themselves, in staffing and equipping polio centers for modern care and treatment, in establishing equipment depots in six strategic locations throughout the country from which respirators, hot pack machines, beds, cribs and other emergency supplies can be rapidly dispatched to hard-hit areas.

"We know now that fully 75% of those stricken make good recoveries if good treatment is available," Mr. O'Connor said. "Surely no one would deny a child a three-to-one chance for recovery because of lack of money."

The address is POLIO, care of your local Post Office. Send as much as you can—as fast as you can—today!

ABOVE THE HULLA-BULLA by LITTLE HULL

CAN ONE MAN LICK US?

WHAT A SAP you are dear reader. WHAT a sap! You allow a person named Harry Bridges to come into your country from Australia and place you in such a position that if you went to war with Russia, or any other Communist country, he could checkmate you.

This fellow Bridges controls the I. L. W. U. (International Longshoremen and Warehousemen's union, C. I. O.). He is also president of a newly formed organization in France which controls dockers in that country and Italy. It is a sweet setup: It could just about lose a war for us before we would have time to line up those members who would betray us. Do you remember what Bridges did to our shipping while Hitler and Stalin were buddies?

At the moment, Bridges and his I. L. W. U. are apparently trying to starve fellow-citizens in Hawaii. An Australian starving and threatening Americans in their own country! Receiving little help from Washington, the Hawaiian government has taken matters into its own hands; after over 100 days of torture by Bridges and his I. L. W. U., it is siezing piers and doing its own ship loading.

But Mr. Bridges won't allow these ships to be unloaded when they reach here—or anywhere else. An Australian on your land prevents your ships from being unloaded in your ports—or anyone else's—in order to starve your countrymen in Hawaii.

It's your fault, and this writer's, and that of every American who hasn't the common sense to write his congressmen and tell them that if they don't think up some way—and quickly—to kick this fellow Bridges out of our country, they can expect to be retired to private life at the next election. Tell them you don't intend to support a party which allows one man to endanger your country and to threaten your people and make them suffer.

The flimsy excuse—by the way—for undermining one of our Pacific defenses is that the stevedores need more than \$3300 for 300 days use of brawn alone.

YOUR HAT, M'LORD... Hob-nobbing with dukes, duchesses and lords is getting to be all in a day's work for 16-year-old Debe Shopp, Minneapolis, Miss America 1933. Miss Shopp's encounter with a real live lord in person took place in London.

BETTER LIGHT = BETTER SIGHT

REDDY KILOWATT TEACHER

A Lesson To Remember!

There is a lesson here for parents, too! No child can do his best at homework if eyestrain caused by poor light makes him drowsy and unable to concentrate. Make sure your child has plenty of good light at his study table. See that the lamp he uses for home study is equipped with bulbs totaling at least 100 watts, and that it is well shaded to eliminate glare. Better light means better grades!

Here's Better Light for Home Study!

Homework's quickly done with a Better Sight Table Study Lamp like this. Its wide-angle shade and extra tall standard spread light over a wide area. Its white glass diffusing bowl sifts out harmful glare. Equipped with a 150-watt bulb it provides plenty of light and the right kind of light for safer, easier seeing.

Mrs. W.'s dad and mother later at Alexandria, La. Jennie Mae said she and Henry had registered a few days before, but didn't see the names of anyone they knew from Texas. However Henry did run across an acquaintance who recognized them from their mutual wartime experience of being in the same POW camp in Germany.

Henry, by the way, is reported to have taken up golfing again, but is temporarily embarrassed by having had to engage a youthful onlooker to retrieve his golf ball from the swimming pool in front of the clubhouse after an erratic drive.

A renewal subscription from Mark Waldrop included pictures of the new home he has built in Plainview, where he recently inaugurated a new lumber yard. The home is of beautiful Austin stone, a one-story structure, and his note said: "... Glad to have the Hico paper. How is everybody? Come to see us some time. Give the pictures to Hord (Randals) and Lamp (Woodward) when you see them. We'll do that, Mark. And thanks."

NEW CLERK FOR KATY

G. H. Cox arrived in Hico Tuesday morning from Smithville to take over his new duties as clerk at the M-K-T depot, according to announcement from Paul W. Hamilton, local Katy agent. Mr. Cox's wife and small daughter remained at Smithville, but he expects to move his family here in the near future.

Dublin Rodeo Breaks Attendance Records; Prizes Awarded Sunday

Dublin, (Sp.)—Dublin's annual pre-Madison Square Garden Rodeo closed Sunday afternoon with a total attendance for the four performances of more than 30,000 persons. Due to rain, the first show, Wednesday was postponed until Sunday afternoon.

The Thursday night performance was run off before the largest crowd in the 10 years of showing at Dublin, with more than 10,000 people in attendance. The Colburn Bowl has an estimated seating capacity of 9,000 and there were more than 1,000 persons standing.

Several new and different acts were added to the show this year, including the square dance contest in which contestants from Sweetwater, Fort Worth, Cleburne and Dublin participated. The "Mix-masters," from Sweetwater, national champion, received the nod of the judges for first place in the closing performance.

Other specialty acts were "Rosemary and Omar," featuring the daughter of Everett E. Colburn and her horse, Omar, trained by Rosemary for his acts in "Sympathy in Harness," and trick rope acts by Richard and Billy Alvarado and Miss Mary Ann Mayfield of Dublin.

Performers and animals left Monday in a 21-car special train for the Madison Square Garden Rodeo in New York City.

Final winners in the various contests announced at the close of the Sunday afternoon performance were:

Bareback Bronc Riding—First place, Howard Baker, Bandera; second, Todd Whately, Hugo, Okla.; third, Paul Gould, Sweetwater; fourth, Tater Decker, Roswell, N. Mex.

Calf Roping—First, Whit Keeney, Stephenville, 47.3 seconds; second, Toney Salinas, Encinal, 47.4 seconds; third, Lefty Wilken, Yaleta, 55.3 seconds; fourth, Don McLaughlin, Fort Worth, 69.2 sec.

Saddle Bronc Riding—First, Bart Ciennon, Sturgis, S. D.; second, Bill Barton, Abilene; third place, Freckles Brown, Sante Fe, N. M.; fourth, Johnny Cobb, Fort Worth.

Steer Wrestling—First, George Mills, Pueblo, Colo., 15.2 seconds; second, Lee Roberts, Roswell, N. M., 18.1 seconds; third, Dabb Phillips, San Angelo, 18.2 seconds; fourth, Bill McGuire, Fort Worth, 24.1 seconds.

Wild Cow Milking—First, Todd Whately, Hugo, Okla., 80 seconds; second, Whit Keeney, Stephenville, 81 seconds; third, Royce Sewall, Brownwood, 85.2.

Bull Riding—First, Freckles Brown, Sante Fe, N. M.; second, third and fourth places were split among Bill Walker, Fort Worth; N. Rice, Houston, and Hubert Dalton, Osage, Okla.

Mr. and Mrs. Luskie Randals of Hico and Mrs. C. E. Nolan and daughter, Awinelle, of Clairette spent the week end in Hunteville with Mrs. Nolan's sister, Mrs. D. T. McNeill, who is seriously ill. They also visited Mr. and Mrs. R. V. Gibbs and daughters.

Author of "HOW TO WIN FRIENDS and INFLUENCE PEOPLE"

Consider Other's Hobby

THERE HAS COME across my desk a letter from a man in England which illustrates a point I've made many times in this column: how to turn a non-buyer into a buyer.

The man who has written me the letter is John F. Harvey, Leicester, England.

He was a pilot for six years in the Fleet Air Arm and was pretty experienced. He had tackled some hard problems. When the war was over he was married and in no time at all was a poppa. But he didn't want to go back into his old work as engineer, so took a job as "commercial traveler," as it's called in England.

He thought, with all the experience he'd had, that he would be able to sell without any trouble at all. But he didn't make sales and he didn't know why. He was a forceful talker and he had a good product to shout about.

There was a buyer for a large store named Harris whom he wanted to sell to, and he tried every way under the sun to win him over. But the man would not buy. John F. Harvey offered him special inducements. But no sales.

This man was a "table tennis" nut. He didn't want to talk about anything else. In fact, he was secretary of the county table tennis team.

Mr. Harvey didn't like table tennis, and he told this man he didn't. Not only that but he pooch-pooed it and called it "ping-pong" which put the other man into a deep freeze.

Then one day an idea suddenly flashed over him. "Why not talk to the other man in terms of his own interest?" He then got a book on table tennis and began to read the table tennis news in the local papers. The more he read, the more interested he became; after all, there was something to this game.

By now he knew quite a bit about the once-derided "ping-pong." This day when he went to see the buyer, instead of scorning tennis, he asked the man to tell him how his team was doing. The man stared, but he began to talk and when he saw that Mr. Harvey had a real interest, he expanded; he got up and showed trick shots and told what his team could accomplish, where one man was good and where another was weak. Mr. Harvey was tremendously interested. Why! the game was fascinating.

Shortly thereafter the man placed an order. And, on top of this, Mr. Harvey took up table tennis. Other orders followed. Mr. Harris now thinks table tennis about the finest game in the world. And the two men play together and dine together and are great friends.

DATE CHANGED ON GAME DUBLIN VS. MASONIC HOME

The Dublin Lions-Masonic Home football game originally scheduled for Friday night, Sept. 16, has been moved up to Thursday night, Sept. 15, to enable more fans to see the game which will not conflict with the other Friday night games. The information was submitted by Elgin L. Maikell, sports editor of the Dublin Progress.

A man whose normal weight is 150 pounds should weigh about 50 pounds if all the water in his system were dried up.

"Brushy Bill" Goes to Assist "Jesse James" In Birthday Celebration

O. L. Roberts of Hico, known locally by the self-administered cognomen of "Brushy Bill," was in Missouri the first of the week along with other old-time cowboys and notable characters to attend a celebration which has attracted considerable interest over the Southwest. The affair is explained in the following publicity release from the office of Richard R. Smith Associates, 82 W. Washington St., Chicago, Ill.:

"Jesse James," the aged Confederate war veteran who has baffled historians for the past year by his insistence that he is the real famed desperado of the 1870's, was scheduled to celebrate his 102nd birthday Monday, September 5, at Meramec Caverns, on U. S. route 66 at Stanton, Mo., according to Lester Dill, his host at the caves. A bang-up party had been planned to be attended by several old friends of Jesse, who lived for many years under the name of Frank Dalton, and of course, most of these friends are past the century mark themselves.

"The event practically sums up to a reunion of the Confederate Veterans of America, and other aged Missourians, plus visitors from Oklahoma, and even includes Colonel James Davis, 108, of Nashville, Tenn.," said Dill. "Col. Davis, however, is a G. A. R., so he had better wear his shooting irons, what with Jesse being a Texas pensioner for his service under the Stars and Bars."

Others who were to help Jesse blow out his 102 candles on his fifty pound birthday cake last Monday night were John Trammel, former cook for the James gang, age 110, of Guthrie, Okla.; "Brushy Bill" Roberts of Hico, Texas, a mere 90; Dr. DeWitt Travis, a former partner of James (or Dalton) in the oil field business; W. B. Harvey, also of Nashville, who has been a friend of Jesse's since 1800, and several of the James family descendants including Roscoe James of Pueblo, Colo., and Helen James of Madisonville, Ky., both second cousins of Jesse. A portrait by the famed painter, Leonard Broadfoot, was to be unveiled.

The old man moved to Meramec Caverns three months ago from Guthrie, Okla. Although bedridden, he has a sharp tongue and a sharp memory and is visited by many persons. He says he was born in Carney, Mo., September 5, 1847.

After visiting "James" several months ago for the purpose of identifying him, Roberts confirmed the man's claim to being the real Jesse. He said that he knew Jesse James many years ago in Glade-water, Texas, where his wife, Mrs. Roberts, nursed James through an illness. Roberts also claims friendship with the late Buffalo Bill Cody. He left Hico last week-end on his expense-paid trip, and was expected back home by mid-week.
