Hadacol Now Nation's Best Selling Tonic

Sale of Hadacol, which is made with five of nature's B vitamins and four important minerals, has spread from a small section of Louisiana to more than 20 states, and is now the nation's largest selling tonic.

Dudley J. LeBlanc, President and founder of the LeBlanc Corp., Lafayette, La., makers of Hadacol, has announced plans to expand the sales of Hadacol to the entire nation within the next year.

Dudley J. LeBlanc

Mr. LeBlanc is directing the south's largest advertising campaign for Hadacol and newspapers, especially weekly newspapers, are playing an important part in this effort.

The LeBlanc Corp. is using every weekly and daily newspaper in Louisiana, Arkansas, Mississippi, Texas, Oklahoma, Tennessee and Alabama this week to tell the story of how Hadacol put the Chief of Detectives of Hot Springs, Ark., back on the job after all else failed. He had suffered from a deficiency of B vitamins and certain minerals, which Hadacol contains.

"You must use the newspapers, daily and weekly, if you want to bring your message to the grass roots of America, the towns and wonderful rural areas," said Mr. LeBlanc.

Besides being founder and President of LeBlanc Corp., Mr. LeBlanc has many other business interests, and is President Pro-tem of the Louisiana state senate. He is well known for his work for pensions for old folks and other social advances.

Fairy

By Correspondent

The first real cool spell of the season blew in late Sunday afternoon, which sent the temperature on a downward trend. The norther was accompanied by a slight mist which lasted only an hour or two. We have had practically no wind blowing for nearly a week and several were running low on water for house hold use and a few were out, so the norther was gladly received by some of us.

Grain is looking pretty, but most farm work has been retarded due to recent rains.

Word has been received here that Mrs. Minnie Penny McCarty of Hamilton fell recently and broke her hip and is confined to the Hamilton Hospital. She suffered a paralysis stroke some weeks ago and was recovering nicely and we are so sorry to learn of her recent misfortune and hope she will soon be on the road to recovery again.

Mr. and Mrs. E. M. Hoover were called to Dublin last Saturday morning to be with his mother, Mrs. A. R. Hoover who suffered a heart attack. She was conveyed to the Dublin Hospital and was resting fairly well at last report.

Mr. and Mrs. Carl Ray Sellers, Carolyn and Jimmie Don and her mother, Mrs. Jesse Massengale of Carlton visited Sunday in Dublin in the home of their sister and daughter, Mr. and Mrs. Deward Allison and family. While there Mrs. Sellers and mother and Mrs. Allison visited Mrs. A. R. Hoover at the hospital. Mr. and Mrs. Clyde Hoover of Dallas spent the week end at his parents home to be with his mother. We hope she will soon be much improved.

Mrs. Beatrice Oglesby and brother, Lewis Heyroth of Lanham visited Sunday afternoon in the home of their brother, Mr. and Mrs. V. H. Heyroth.

Mr. and Mrs. Milford Miller of Fort Worth were visiting here last week with their parents, Mr. and Mrs. A. J. Miller and Mr. and Mrs. M. E. Parks and family.

Mrs. J. J. Jones Jr. recently assumed the duties of Home Demonstration Agent for Bosque county succeeding Mrs. Mildred Walker.

The drilling rig on the Sibley Ranch has been moved and a rig is being set up on the Berkeley place according to reports and rumors are also being circulated

that a test well is to be drilled on the Cliff Tinkle place near Fairy. Well the peg is there, we can vouch for that.

Mr. and Mrs. E. M. Hoover and her sister, Mrs. V. H. Heyroth spent last Friday in Fort Worth shopping.

Mr. and Mrs. Roe and family have moved to the former J. C. Sills farm south west of Fairy.

The Hallowe'en Carnival was held at the school gym last Saturday night. A large crowd was in attendance.

Miss Leta Fort, who has been confined to the Hico Hospital for the past several weeks with a broken hip, is about the same and will have to remain there some six weeks longer.

CARD OF THANKS

We wish to express our heartfelt thanks and deepest appreciation to our many friends and neighbors for their thoughtfulness and kind expressions of sympathy to us in our recent loss of our loved ones. May God bless you all, and our prayer is that when your hours of sadness come you will have such friends to comfort you.

YOUR FRIENDLY

MAGNOLIA DEALER

Attention Peanut Growers

Because of changes made by the Commodity Credit Corporation in the method of grading and buying peanuts, it will pay you, this year more than ever before, to do a good job of harvesting and threshing your peanuts.

FOUR IMPORTANT THINGS TO REMEMBER:

1. The maximum amount of foreign material allowed in farmers' stock without penalty is 3%. For each 1% in excess of 3%, you are penalized .50 per ton up to 15%. Above 15% you are penalized \$1.00 per ton for each 1%.
2. The maximum damage allowed without penalty is 1%. For each point above 1%, you are penalized \$3.00 per ton.
3. The maximum moisture allowed without penalty is 7%. For each point above 7%, you are penalized 1% for each full 1%; however, for each point below 7%, you will receive a premium of 1%.
4. With the slotted screen now being used, all kernels split or damaged in threshing and handling go into shrivels. CAREFUL HANDLING WILL REDUCE THE NUMBER OF SPLITS AND SECURE FOR YOU A HIGHER GRADE.

We are set up at the corner of Barnes & McCullough's for receiving grade certificates and weight certificates, and writing cash drafts for peanuts handled by us. Please call on us any time we can be of assistance to you in the marketing of your peanut crop. We welcome the opportunity to serve you.

NEW... PURINA "HIGH ENERGY" PLUS LAYING CHOWS

Purina Research tests prove that these new High Energy Plus Laying Chows make more eggs on less feed than Purina's 1948 formulas. They are the most efficient, most economical laying rations in all Purina's history! In every bag, you get these four big extras!

- EXTRA VITAMINS**
Added vitamins and better control of vitamin quality result in better condition of birds through the year!
- EXTRA PROTEIN QUALITY**
Egg whites and yolks are made from several kinds of proteins. Purina this year gives you a higher-quality blend of proteins.
- EXTRA PALATABILITY**
There's new appetite appeal in Purina Laying Chows. The taste is better... texture is better... hens like it better!
- EXTRA EGGS!**
All of this adds up to extra eggs on less feed. Purina Research Farm Tests have proved this new saving to poultry raisers.

SENIOR

Well this is Hallowe'en week, so you had better be careful of the old witch will get you.

We all enjoyed the football game Friday night. The boys played very good. We know that they will win next Friday night, so come on boys, don't let us down.

The basketball girls have a game Tuesday night at the Gap, so come on everybody lets back the girls. We hope that you win.

JUNIOR

These weeks of school are sure passing fast.

Tomorrow night (Monday night) is Hallowe'en. The Junior class hopes Paula and Roline are the king and queen of the Hallowe'en carnival.

Everyone enjoyed the assembly put on by the freshman class last week.

Hico really showed Granbury who could play football Friday night. It was a good game even though we did beat them so bad.

SOPHOMORE

The Sophomore class are anxious to see who will be king and queen of the Hallowe'en Carnival. Of course we hope it will be from our class.

We are proud of the football boys. The score of course was in Hico's favor. It was really a good game.

We welcome back one of our old members, Waynell Trantham.

FRESHMAN

The score really turned out in our favor last Friday night. They were: Hico 59 and Granbury 0. Too bad the scores didn't turn out that way when we played Valley Mills and the Gap. Most of the boys who are out for football got to play Friday night.

The next game is with Meridian and it is to be played here.

There are some of the boys in our class who play on the Junior High team. They played Hamilton last Thursday evening here. The Hico boys won the game.

BAND

The band played at the football game Friday night. The band and pep squad marched on the field at the half. We did a waltz and formed a four-leaf clover. We played "I'm Locking Over a Four-leaf Clover." We are glad the boys played so well.

The band is trying to work up money to buy a new bass drum.

HOMEMAKING

This week will be a busy week for the Homemaking girls of Hico for it is F. H. A. week. The girls have been planning for the last week what will be done and several useful things have been decided upon.

F. F. A.

The F. F. A. chapter of Hico is trying to make back the money that they lost on the rodeo by feeding out five Duroc Jersey hogs.

The school lunchroom gives all the waste and garbage to the chapter to feed their hogs. Along with the garbage the hogs are given shelled corn and supplement.

During the week days the hogs are fed by Kenneth Johnson and Gene Simpson and on the week end they are fed by the boys living in town. If the boys forget to feed the hogs, they are required to clean the pen.

WORM'S EYE VIEW

Boy was this week end cold! I got caught out again without my long woolens. Naturally I turned blue with cold.

On my way to the show one night. You know I do go to the show sometimes. Well anyway, I saw a tall good looking boy who's initials are Benny Collins. After a long hard pull Benny finally has the privilege of saying he's a senior.

One day when I strolled into the typing room it seemed that Benny was having another fit like he had in the Junior play last year. What's the matter Benny, don't you like typing?

Although he doesn't seem to like typing he's a good old boy.

SPOTLIGHT

You know something people, lately my life has turned into an enie, meie, moe business. Every night when I get ready to start out with the Spotlight, I have trouble deciding what to wear. This Texas weather is giving everyone headaches. If you wear a coat, the sun comes out and you roast. If you wear a summer garment, it rains, and if you choose a light rain coat it freezes. So I've developed a system—if it's hot I ride on top of your car and listen from there. If it's cold I come inside and join your cozy two-some. They say, "two's company, three's a crowd." Well not one of you seemed to mind when I quietly visited in on your dates. Maybe you thought there was just an extra mosquito flying around.

Say I really dug up the dope on the couple dating situation this past week. The spotlight had the hicoughs Monday night, and with it blinking on and off I didn't get much snooping done. But Tuesday night all was calm and I covered the ground.

The only inhabited spot I no-

ticed was the show. So let's drift down slip in the back way, and just see who's there.

Von Scott and Dwain Wolfe were out with two old drums. Oh! I beg your pardon Joy Ann and Mary Nell, I meant two charming drummers of Hico's band. Say, Jo and O. J. just came in. By the way, have heard that Jo seems to be fascinated by cats in shows? Ask her, maybe she'll tell you all about it.

Dot Randolph has changed again. Looks like. Anyway, she was with Harold P. They are getting along fine too.

Buck and Charlotte laughed their way down the aisle and were seated. The remaining couple I saw was Bertha M. and Milton W.

Now that about covers Tuesday night so catch your breath and we're off for Wednesday.

The sun has just gone down and the couples are just coming out. The night's not too warm or too cool, in fact it's just right. In the show sit Louise, Earl and two sacks of pop corn. About the time the lights went out Charles and Margaret came in. I bet they were trying to slip in without me seeing them. But no luck. Wanda Jean and Don W., Mary Jo and Royce M. also were unlucky enough to cross my path, the results? Here they are down in black and white.

Well, after all that I'm slightly breathless and the week is only half through. But I suppose if you can take time out to date every night I can at least record where you went.

Thursday night several interesting things attracted my attention. Up at the six-man football game for instance, Jo almost broke O. J. up. As for as money is concerned I mean. Was it three or four sacks of peanuts you ate Jo?

Lois R. was with Fred D. but she seemed very interested in a certain Carlton football player. Say did you notice Wendell B. is getting lazy now days? He had Betty G. doing most of the work selling cold drinks.

Now that the game is taken care of lets run down the hill and catch the show.

As we inter I see Lois is out at the pop corn stand talking to Donald, Louise and Billy M. Louise B. and Earl S. just went by.

Say I've got a problem. Maybe you can help straighten me out. Was Joy Ann with Kenneth G. or Travis L.? I saw her, sitting with Kenneth but after the show she was outside standing with Travis.

Paul and Frances, Myrna and Roline seemed to be having trouble over some chewing gum. Say kids, aren't these five pieces to a package? But I suppose the girls had to have two pieces.

Jo S. and Ralph were a happy looking couple. Wonder Why? Did you know Pat and Glen are having trouble seeing lately? Well, they are. They sat about three seats from the front so they wouldn't miss anything.

Say something rather funny took place Friday night! For the first time in dating history Friday night out shown Saturday night. Maybe the youth rally was the reason. But Friday night definitely was the main dating night of the week.

Everyones spirit as well as the football score was high. Mary M. went wandering over to the pep squad and sat down by Betty and James. Later I saw Odell headed in the same direction. Charles and Margaret sat behind Patsy and Buck. Earl and Louise came together, too.

A lot of interesting things met my sights as I traveled in to the youth rally. For instance, Virgel and Benny were escorting two cute girls in cute costumes, Mary and Paley.

Betty waited for Wendell and they came down together. Charlotte and Buck, Pankin and Jimmy, and Frances and Paul were doing some lovely singing as I passed by.

Did anyone notice if it was six or seven sandwiches, Touchdown Jones ate?

I saw Roline with two girls. Now that that so look out, here Myrna and Mary Nell. How come? comes Saturday night! After getting their shoes shined, hair slicked down and looking their best for the slick chicks, the boys went for a calling. Just think, all this trouble, and only because it's Saturday night. Why I bet a few of them even took a bath!

I came around the corner just in time to see Lois and Fred disappearing into the show. You know what? I bet they were going to see Johnny Mack Brown catch his man, wish I could catch one!

Boy! I almost got run over then. Myrna, you should teach Roline how to drive. My goodness!

After chasing everyone all over Hico and it's suburbs, I came back and saw the following couples going into the show. Puff! Puff! Here come Jim with Billy F. Paula and Benny, Margaret and Charles and Louise and Earl. By the way that's a very pretty ring Louise is wearing.

Betty and James (with no hair almost) were again together. Theres Mary and Virgel. Maybe an old flame is beginning to burn again. Looks like it.

Oh! I wonder who that was that just went around the corner? Here I go and guess who it was? Wanda Jo and Ralph.

The cutest couple Saturday night was Raymond L. and Bobby R. and they seemed to be so in love too! What either see in the other I can't see. Maybe Mary Nell and Mary could tell me.

There's no use talking to Mary M. now days because she won't hear it. It seems she's thinking about Friday night. She and Odell went to Fort Worth after the game. Mary, what was that cop talking to you for? No tail lights, you say?

Well kids if I live after you read this weeks news I'll see you next week.

ZINGARA

Dear Reader,
Looks like my column will have to be kind of short this time. The editor is tearing her hair. Sorry I'm late this week, Ed, but I just couldn't find my purple false eyelashes, and it just upset my whole schedule.

I just overheard Benny Collins saying why does everything happen to him, and wonder if he could get in the Foreign Legion. I guess he must be behind in typing again.

You know, speaking of pep squad leaders, it seems to me that all of the yelling is done by the leaders and three or four others. If I remember correctly this years pep squad is the smallest in three years. May I ask what happened?

Don't you girls and boys like our football boys, or is it that you just don't feel like yelling? Well, either one is no excuse. Get on the ball, you guys.

While I'm still in a lecturing mood, there is another matter I want to bring up. About this annual business, they tell me that there have been only sixty seven deposits. I realize that some of you can't buy one, but out of 124 students in high school, there should be 90 to buy one. It's okay with me, though, if you don't want anybody to have an annual, that's your business.

Promising Poetry Pertaining To Popular People

Our Homemaking teacher's good looking
She constantly has something cooking.
Almost every day,
You can hear someone say,
"I wonder what's cooking,
good looking?"

There was a musician named Bradley,
Who played on the clarinet madly.
When he turned up his toes
And stopped up his nose,
You could tell that the band sounded badly.

What We Love About Juniors
Virgil's hair
Mary's glasses
Patsy Jo's smile
Roline's eyelashes
Mary Nell's laughter
Betty Jane's determination
Kenneth Nix's slippin' around
Joe's ability to chew tubble gum and sing at the same time.

Paula's tendency to turn scarlet at the least provocation.
Last of all, we love the Juniors because of the affection they feel for the dignified seniors.
That's all this week.

Miss Joann Finstad and Charles Abel Exchange Vows At Cranfills Gap

The marriage of Miss Joann Estelle Finstad to Charles Weldon Abel was solemnized at St. Olaf Lutheran Church, Cranfills Gap, Tex., Sunday Oct. 23, at 6 o'clock in the evening with Rev. B. R. Maakestad officiating.

The parents of the couple are Mr. and Mrs. Guy Finstad of Cranfills Gap and Mr. and Mrs. Walter Abel of Hico.

In front of the Altar an arch bedecked with pink rosebuds and lace fern and on either side, tall baskets of rosebuds and dusty Miller with green palms, in the background, tall candelabras illuminated the church through out, which furnished a setting for the double ring ceremony.

Mrs. Alfred Finstad, aunt of the bride, at the organ, gave a prelude selection, "Trauerzeit" by Robert Schumann, while candles were lighted by Margie Lee Pederson, Barbara Lou Bateman, and Guy Wendell Finstad.

Mrs. B. R. Maakestad sang "Because" and "The Lords Prayer". The nuptial music included the "Wedding March" from Lohengrin and as the recessional, Mendelssohn's Wedding March.

Given in marriage by her father, the bride chose for her wedding a traditional gown of ivory skiner-satin, fashioned with a sweet-sart neckline with a yoke of illusion. A fitted bodice with long fitted sleeves extending to points over the hands. Full skirt with knife pleating extending from the waist line to chapel length train. Her finger tip veil of silk illusion fell from a coronet of seed pearls. She carried an arm arrangement of feathered carnations and feverfew centered with an orchid, made on a cascade style and streamers with feverfew in sweetheart knots. She carried out the traditional something old, in a lavender owned by her aunt, Mrs. G. W. Anderson of Fort Worth something new, (an imported linen handkerchief given her by Mrs. B. R. Maakestad) something borrowed, something blue and a penny in her shoe.

Miss Wenona Finstad of Fort Worth, sister of the bride, was maid of honor and wore a gown identical to that of the bride, except that it had no train. She carried an arm arrangement of pink rosebuds and feverfew with pink streamers tied in sweetheart knots and feverfew.

Bridesmaids were Miss Loreen Grimland of Dallas, Miss Glenna Dell Nelson of Waco, and Mrs. Louis Abel of Hamilton. Their gowns were of pastel satin and head-dresses were shoulder length pink net. They carried nosegays of pink rosebuds.

Carolyn Christianson and Keith Anderson of Fort Worth carried the rings on satin pillows. James Abel attended his brother as best man. Groomsmen were Ralph Brown of Fort Worth, O. J. Clark and Louis Abel of Hico.

Mrs. Guy Finstad, mother of the bride, and Mrs. Walter Abel, mother of the groom, wore matching grey suits with pink rosebud corsages.

A reception was held at the home of the bride's parents. The table was laid with an Alcon lace cloth and centered with pink rosebuds and feverfew. The three tiered wedding cake was topped with a miniature bride and groom and pink love birds.

Mrs. G. W. Anderson and Mrs. Oliver Anderson of Fort Worth served cake and presided at the punch bowl. Master Gayle W. Anderson of Fort Worth played "I Love You Truly" on the trumpet while the bride cut the cake. Miss Mary Nell Rohne was in charge of the guest book. The wedding gifts were arranged by Misses Christabel Bertelson and Paula Christensen.

For traveling Mrs. Abel wore a wine colored (sahardin) suit with brown accessories, and an orchid. On returning from a short wedding trip in San Antonio and South Texas the couple will be at home at 1324 Montgomery St., Fort Worth, Texas.

Oysters Make Good Eating Regardless of What Calendar Says

Austin, Texas, Nov. 1. — Some people claim oysters are good only during the months which have R in their spelling.

But the Texas State Health Department says oysters are not safe any month, with or without the R, if the seafood has not been cultivated, shucked, packed, and shipped under sanitary conditions.

Texas' veteran state health officer, Dr. Geo. W. Cox, says oysters have much to commend them as a source of food.

"They have protein of good quality, iron, and copper (important as a protection against anemia), iodine, which is essential to proper working of the thyroid gland, and a fair amount of vitamins," Cox says. But he adds emphatically, "Beware of uncertified oysters."

According to the doctor, each oyster grower in Texas is given a certificate of approval for the oyster beds he uses, provided health department officials find the beds are free from pollution, and the shucking house are clean and well-kept. Otherwise, no certificate.

Each shucking house (where oysters are opened) must have a certificate showing all employees are free from communicable diseases, especially typhoid fever. The certificates are issued annually.

The Federal government cooperates by keeping a list of all certified shippers in Texas. If a shipper isn't certified by the State Health Department, his oysters can't be shipped in interstate commerce.

And since Texas has some fine oyster beds, Dr. Cox says the interstate commerce ruling is an incentive for oyster shippers to adhere to sanitary practices. Otherwise they miss the out-of-state market.

That's the situation on oyster sanitation from a man who knows. So don't look at the calendar when you order oysters. Ask the seller if his product is certified by the proper public health officials.

Veterans May Find Obligations Deducted From NSLI Checks

More than a half million veterans who owe the government money as a result of overpayments on subsistence allowances or other veterans benefits or defaults on loans guaranteed by the Veterans Administration may find all or part of their share of the forthcoming special dividend payment on National Service Life Insurance deducted to cover their debt, VA said today.

VA estimated that somewhere between 20 and 30 million dollars of such debts may be collected from the NSLI dividends.

All of the individuals concerned are aware of their indebtedness to the government and know that it is deductible from other VA payments to which they may be entitled, the agency said.

Some 600,000 veterans are currently indebted to VA for a total of about 70 million dollars. The bulk of this amount constitutes overpayment on subsistence allowances for veterans taking educational courses or training under the GI Bill.

Other types of indebtedness are overpayments on pension, compensation or readjustment allowances, and losses made good to lenders on defaulted GI loans.

A considerable number of veterans are now repaying indebtedness by having deductions from their monthly checks. When the overpayment is wiped out, as it may be by the dividend deductions, there will be no further monthly withholding.

HICO STUDENT AMONG GROUP HONORED AT TEXAS A. & M. COLLEGE

College, Station, Nov. 1.—Twelve faculty members and 26 top seniors and second-semester juniors at Texas A. & M. College were scheduled to be initiated into Phi Kappa Phi, national honorary society, Monday night.

CAED OF THANKS

We most sincerely appreciate every kindness shown our mother, Mrs. B. N. Derrick, during her long illness. We extend our deep appreciation and thanks to Dr. Hafer and the nurses at the Hico Hospital, who faithfully and tenderly cared for her; also the friends and neighbors who came to us in our sorrow with food, flowers, and spiritual words of condolence. We know God will not fail to greatly bless those who do deeds of love.

The care and feeding of telephones

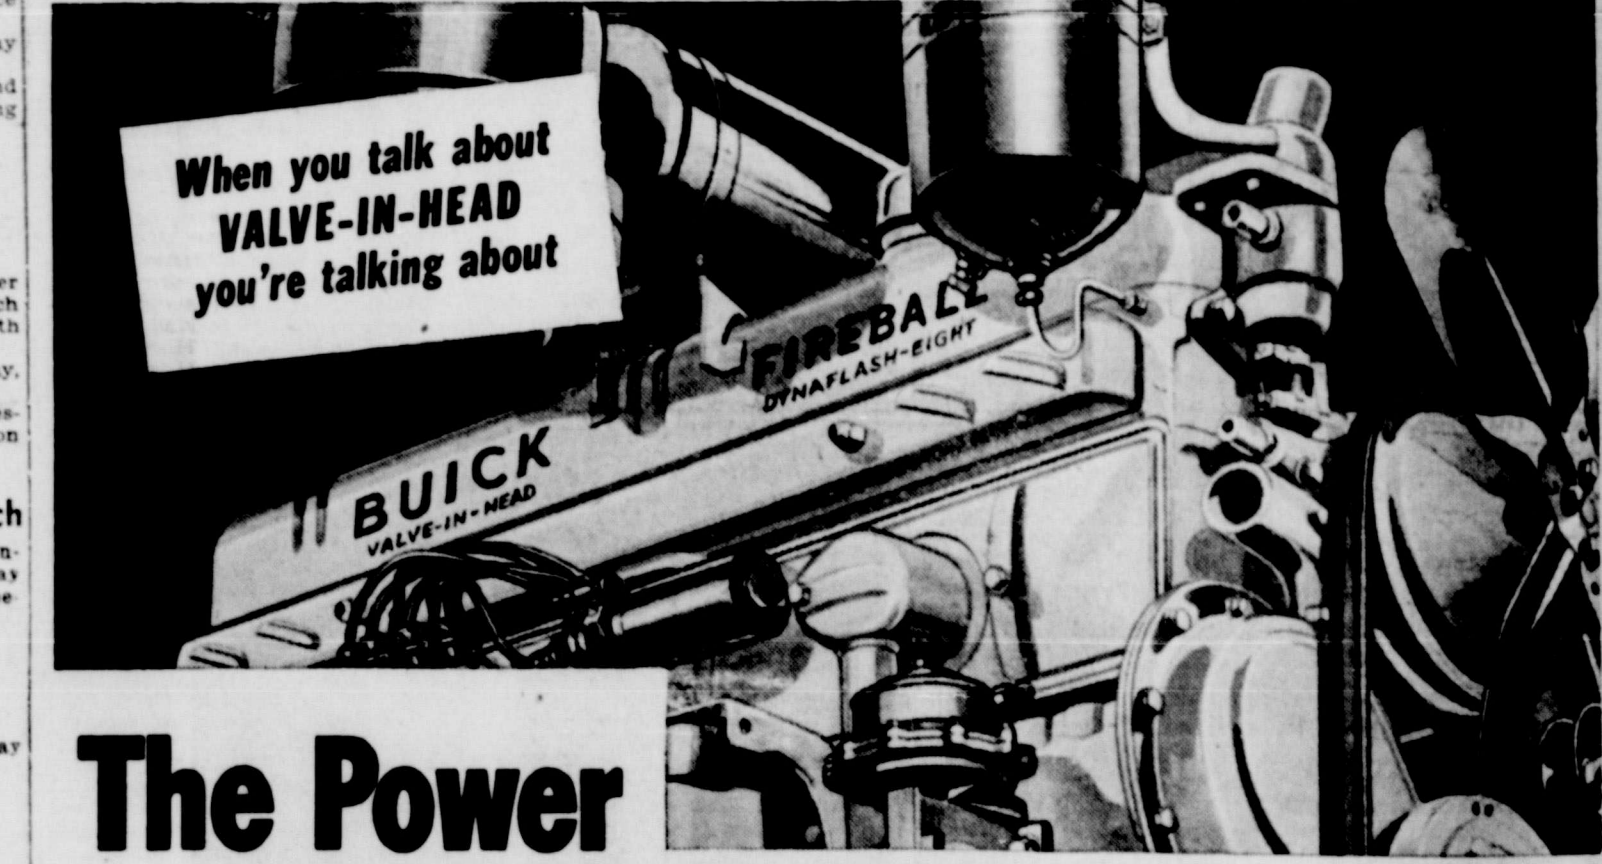

Telephones, like any other equipment, work best when properly cared for. So if you want to get more and better service from your telephone instrument, just follow these simple suggestions:

- 1. Always replace the receiver carefully.
2. Be sure your telephone is on a firm desk or table when it is not likely to be knocked off.
3. Be careful to keep your telephone cord straight and even. Too much twisting can damage the wire.
4. Never leave your telephone near an open window where it can be damaged by the weather.

The Power that made Buick Famous

When you talk about VALVE-IN-HEAD you're talking about... IF you want to know what's "the newest thing" in automobile engines, look at the Buick engine pictured here, and you'll see the words "valve-in-head."

But it happens that this isn't new with Buick. As a matter of fact, the valve-in-head engine was invented back in 1902—U.S. Patent No. 771095—and immediately, Buick adopted the principle, which became the first in a long string of "Buick firsts."

Not everyone went for the idea—then. In spite of the fact that this engine "breathes" more freely—gets fuel in and exhaust gases out more easily—others hung onto their pet ideas.

Then came the airplane, with its need for maximum power from every drop of fuel—and every maker of internal combustion airplane engines adopted the valve-in-head principle.

And more recently—with the hope that higher-octane fuels will become available—a lot of automotive engine designers are taking a new look at the valve-in-head idea.

But just for the record, we'd like to point out that Buick got there first. And ever since, Buick has gone steadily ahead, building up a name as "valve-in-headquarters." Buick engineers reshaped pistons to put Fireball wallop in these engines. They stepped up compression ratios as fast as better fuels came along.

So perhaps you'll want to remember, when you hear the term "valve-in-head," that this is the type of power that made Buick famous. If others want to climb on the bandwagon, we say "more power to them"—and no pun is intended. But Buick has been doing more with valve-in-head right from the start. And—we might add—it stands to reason that Buick is not through making this type of engine better and better.

Those that are not in the Baptist Sunday school or that at the Church of Christ, the Methodists would be glad for them to come. We need more in the S. S. So all come that can do so.

The WSCS met Monday afternoon, had a very entertaining program. All the Methodist ladies are invited to attend. We meet every Monday afternoon at 2:30.

FAIRY SCHOOL NEWS

Freshman News
We start off today by telling you about Halloween night. We brought in \$26.00 last night from our stands.

Now as I glance around the room, I see Mrs. Gaston talking to Leon, Tom and Dan.

What's the matter boys? We received our pictures yesterday. They are good considering everything. We will leave until next week, bye now.

Sophomore News
Howdy! How are you all? We have had a quite enjoyable time this week getting prepared for Halloween. And also we had a class party Thursday night. I'll tell you some of the things we did. First we went to the football game and afterwards to the oil well. Then after the boys left the girls had a slumber party. That's why we looked weak eyed the next morning. The boys and girls that got together for the party were Norma, Maxine, Thurlia L. Barbara, Virginia S., and Tom A. Leon, Jimmie, and we also had two visitors that weren't in our class but were welcome just the same. They were Virginia A. and Don B.

Junior News
It's over at last, Halloween with all the black cats and all. The seniors got the Queen and King. The second grade Duke and Duchess were crowned King and Queen of grammar school.

The Juniors finally got their rings last Friday. We are really proud of them. We think they are very pretty, naturally we would. But some don't think so.

Everyone seems to be very busy lately, with themes and maps due Thursday. We understand.

The basketball girls started playing basketball last week. Most of them were sore but by now they are over it.

The reason the juniors didn't have any news last week was because the boys were supposed to write it and since they never do mind the girls we didn't have any news. We will try and have news every week from now on.

Had RHEUMATISM So BAD That He Had To Quit Working

*Caused by dietary deficiency

Mr. Jerry Watkins, chief of detectives of the city of Hot Springs, Arkansas, suffered with rheumatism so much and the aches and pains were so terrible that he had to quit working in an effort to regain his health after he had tried everything which his friends recommended.

Detective Watkins is well known and his countless number of friends throughout the country will rejoice to know that he is now healthy, free of rheumatic aches and pains and now working hard.

Mr. Jerry Watkins

"For several years," Mr. Watkins says, "I suffered from a rheumatic condition in the hip and leg. I was very nervous and finally developed migraine headaches. I tried all kinds of medicines but nothing seemed to do me any good. I seemed to be growing worse and worse and was finally advised to take a leave of absence from my work on the police force in an effort to recover my health."

"The pains in my head sometimes were unbearable. I suffered tortures and I was miserable. At night particularly I lay awake and could not sleep."

Mr. Watkins said that someone finally persuaded him to try HADACOL, and after taking the first bottle he said he could see an improvement in his general condition.

"On January 14th of this year," he said, "I felt so much better I decided to go back on the job. The examining doctor told me I was in perfect health. Now I am

working from 8 to 12 hours every day and I am able to sleep as any normal person. I have taken six large size bottles of HADACOL and all my friends know I owe my good health to HADACOL."

Mr. Watkins is one of the many thousands of people who suffered from a deficiency of the B vitamins and the minerals that HADACOL contains and who, therefore, found relief in HADACOL.

It is a well-known scientific fact that the lack of only a small amount of the B vitamins and certain minerals in your system will cause certain bodily disorders such as nutritional neuritis, which causes the aches and pains commonly known as rheumatism, and there is no known cure for the ailment except the administration of the needed vitamins and minerals. This is why people who suffered for years and years never were able to obtain any relief until they took the vitamins and minerals the lack of which was causing the disorders.

HADACOL does not contain only one but has five of the B vitamins and four necessary minerals. It comes to you in liquid form so that it will be easily absorbed by the blood and, therefore, carried to the parts of the body which need them most.

So, it matters not where you live—no matter who you are—if you have tried all the medicines under the sun, you should be fair to yourself and give this wonderful preparation, HADACOL, a trial. And if your disease is caused by a lack of the B vitamins and minerals which HADACOL contains, then don't go on suffering—don't continue to make your life so miserable. Temporary relief for you is not enough. Take HADACOL.

Sold at all leading drugstores. Trial size only \$1.25, but save money; buy the large family economy size, only \$3.50. If your druggist does not handle HADACOL, order direct from The La Blanc Corporation, Lafayette, La., and when the postman brings your package, just pay the amount plus the c.o.d. and postage. If you remit with the order we will pay the postage.

Then, if you don't feel perfectly satisfied after using HADACOL as directed, just return the empty carton and your money will be cheerfully refunded. Nothing could be fairer.—Adv.

PROTECT Young Eyes

with BETTER LIGHT for easier seeing

Reading comic books is hard work for young eyes. The strain of trying to see small print on grey paper may result in permanent damage to vision unless there is plenty of good light for easy seeing.

Give your children the abundant glareless light of a modern floor lamp equipped with a white glass diffusing bowl and 100-200-300 watt bulb. And see that they do their reading in a chair close to the light source and not while lying on the floor. Remember—eyes are priceless... good light is cheap!

Stock Show Offers Higher Premiums in Bull Competition

Premiums for the carload and pen division of Hereford bulls have been increased to \$2,000 and a new division of Aberdeen-Angus competition—pens of three bulls—has been added for the Southwestern Exposition and Fat Stock Show in Fort Worth, Jan. 27 through Feb. 5. Premiums for Aberdeen-Angus bulls have been increased to \$1,100.

The carload and pen division of Hereford bulls, open also to Polled Herefords, consists of carload, 12 yearling bulls; carload,

15 senior bull calves; and carload, 15 junior bull calves, with of course champion and reserve champion carloads being chosen. Pens are five yearling bulls, five senior bull calves and five junior bull calves, with champion and reserve champion pens being named.

Animals in the Hereford carload classes are not eligible for the pen classes and vice versa. Animals exhibited in the individual classes are not eligible for carload or pen classes and vice versa. All bulls in each carload or pen must be owned by the exhibitor.

Judging of Hereford carload and pen division will take place Sunday, Jan. 29, beginning at 1 p. m. Other Hereford judging will begin at 8 a. m., Jan. 30 and will continue next day.

Polled Herefords will be judged Jan. 30, starting at 8 a. m.

The Hereford auction will start at 2 p. m., January 31, conducted by the American Hereford Association, Jack Turner of Kansas City, Mo., sales manager. The Polled Hereford auction, beginning at 2 p. m., Feb. 1, will be conducted by the Texas Polled Hereford Association, of which Henry Fussell of Dallas is secretary.

Judging of Shorthorns will start at 8 a. m., Feb. 1, and the auction will begin at 10 a. m. next day, conducted by the Shorthorn Club, Clinton K. Thomson of Chicago, sales manager.

Judging of the Brahmans will be held on Jan. 30, commencing at 8 a. m. This breed entered competition in Fort Worth for the first time last year.

There will be three groups in the pens of three bulls, a new division in Aberdeen-Angus competition; for yearling bulls, senior bull calves, and junior bull calves, with champion and reserve champion pens being chosen. There will be a like competition for pens of five. Aberdeen-Angus pen judging will be held Jan. 29, starting at 2:30 p. m.

Other Aberdeen-Angus judging will start at 8 a. m., Jan. 31 and will continue the next day. The auction will be held Feb. 2 at 2 p. m. by the Texas Aberdeen-Angus Breeders Association, the sales manager being Tommy Brook, Camp San Saba, Texas.

Mrs. Derrick's Passing Takes Away Another Pioneer to Reward

Mrs. Mary J. Derrick passed away in the home of her son and daughter-in-law, Mr. and Mrs. W. C. Derrick, Stephenville, Oct. 21, 1949 at 8:00 p. m.

Funeral services were conducted in the Pleasant Hill Methodist Church Saturday afternoon, Oct. 22, at 4 o'clock, with Baptist Minister Ernest Rippetoe officiating. Mother Derrick was laid to rest in Indian Creek Cemetery beside her deceased husband, who passed on in death in 1944.

Pallbearers were Paul Davis, O. V. Boucher, E. R. Stephens, and three grandsons, Dewey E. Edwards, Dewey Derrick, and Joe Derrick, Jr.

Mary Jane Norred, daughter of John and Nancy Elvira Norred, was born at August, near Crockett, in Houston County, Feb. 2, 1877. At the age of 16 years she came to Erath County with her parents, settling on a farm in the Cottonwood community east of Dublin. Two years later they moved to Indian Creek. Here she met Bluford N. Derrick and they were married Nov. 28, 1886.

They settled on a new farm 12 miles south of Stephenville near the Bosque River. Here they resided for 38 years, raising a family of 11 children.

They had all the hardships common in the pioneer days but they possessed courage and a hope and confidence which brought them successfully through many trying circumstances. "Though never rich in this world's material things they left their children a rich heritage that no man can take from them."

In their declining years, when conversing with friends, the father would tell them: "We raised our children to be honest, to work and to treat their fellow man right." The mother never failed to teach her family noble Christian principles by often quoting Bible texts. They said many times, "We have been well blessed. Now our children know how to take their rightful places in the world."

To this union six sons and five daughters were born, all of whom survive. They are Roy and Robert of Hico; Frank, W. C. and Joe of Stephenville; Homer of Fort Worth; Mrs. Florence Hall of Stephenville; Mrs. Doll Cleghorn of Richland Springs; Mrs. Alma Dulin of Lubbock; Mrs. May Edwards of Fort Worth; Mrs. Ora Johnson of Coleman. All were present for the rites except Mrs. Dulin.

She is also survived by 27 grandchildren and 12 great-grandchildren; two brothers, Emmett Norred of San Antonio and Luther Norred of Greenleaf, Calif.; one sister, Mrs. Lillie Sidea, of Jamestown, Calif.; one sister-in-law, Mrs. Ada Powell of Los Angeles, Calif.; and a brother-in-law, Bert Hunt of Stephenville.

Among out-of-town relatives attending the services were: Emmett Norred, Mr. and Mrs. Earl Norred, San Antonio; Mrs. Ina Bounds, Fort Worth; Mrs. Maxine Harrison and sister, Fort Worth; Mrs. Lena Hatfield, Fort Worth.

The last six years Mrs. Derrick lived in the homes of her children, except one year she spent in the old family home. A daughter, Florence, and granddaughter, Jean Derrick lived there with her.

Mrs. Clepper's Mother, Mrs. Joseph F. Butler, Buried At Gordon

Funeral services were held in Gordon, Texas, last Sunday, Oct. 30, 1949, for Mrs. Joseph F. Butler of Gordon, Texas, Mother of Mrs. J. P. Clepper of Hico.

Among those from here attending the services were Mrs. Clepper and her husband, and Mr. and Mrs. John Rainwater. They were accompanied by Mr. and Mrs. Alvin H. Clepper and son Jimmy and Mr. and Mrs. G. G. Clepper of Fort Worth who were visiting in the home of Dock Clepper and family, who also attended with their two children.

The services were conducted by her pastor, Mrs. Clepper joined the Methodist church at the tender age of ten years and was a faithful member to the end. She was buried by the side of her husband in the Fox Mountain Cemetery near her old farm home.

Pallbearers were six of her grandsons, Perry Clepper of Fort Worth, Dock Clepper of Hico, Alvin Clepper of Lamesa, Albert Boyd of Gordon, Rev. Bennie Boyd of Wichita Falls, and Elbert Brown of Big Spring.

Mrs. Louisa (Hubbard) Butler was born June 3, 1866 in Montgomery County, Mo., and moved to Texas in a covered wagon when she was eight years of age, with her parents, and they settled in a home four miles north of Eastland. On March 19, 1882, she was united in marriage to Joseph F. Butler and they moved to Gordon the same year and lived there the remainder of her life until April 24, 1949, when on account of poor health she broke up housekeeping and went to live with a daughter, Mrs. Ida Witt of Glen Rose. On Oct. 28 at 10:30 p. m. she quietly passed away in her sleep. Her husband had preceded her in death on Oct. 28, 1935.

She leaves to mourn her death eight children, seven daughters and one son; Mrs. Frank C. Brown of Colorado City, Mrs. J. P. Clepper of Hico, Mrs. Ida Witt of Glen Rose, Mrs. Olive Huddleston of Cross Plains, Mrs. Charles P. Ashcroft of Ranger, Mrs. Rev. Calloway Atkins of San Antonio, Mrs. Vernon Rexroat and Alvin Butler of Gordon; thirty grandchildren, seventy great-grandchildren, and three great-great-grandchildren.

CONTRIBUTED.

Services Held At Stamford Wednesday For Former Hicoan

Mrs. A. Q. Stanford, 80, mother of Chester Stanford of Hico, who lived here several years ago, passed away at her home in Stamford Tuesday morning.

Mr. and Mrs. Chester Stanford left immediately after being notified, to be present at funeral services which were held in Stamford Wednesday afternoon at 2 o'clock.

Besides the son in Hico, Mrs. Stanford is survived by her husband; two other sons, Marvin of Stamford and Glenn of Lueders; two daughters, Mrs. Gertrude Loyd of Oklahoma and Mrs. Mary Wallace Bosse of Stamford; nine grandchildren and five great-grandchildren and three sisters.

Tourist Business In Texas Could Add Big Source of Revenue

Austin, Texas, Nov. 1.—Texas can have a tourist business amounting to half a billion dollars in 1950.

The figure is estimated by General Ike Ashburn, publisher of Texas Parade magazine, in the November issue. The total was revised upward from a previous one.

Here is how the publisher arrived at his estimate: According to inquiries made by Texas Highway department information stations, tourists coming here by automobile from other states left \$114,528,000 in Texas last year.

If intrastate automobile equaled that amount, the total would be more than \$229,000,000.

Money spent by those who used means of travel other than the automobile certainly brought the 1948 total over \$300,000,000.

"Concentrated effort on the part of Texas and the investment of some money in exploiting the recreational resources of Texas can bring half a billion dollars in tourist trade here next year, General Ashburn said, adding, "it's a return worth shooting for."

He pointed out that Texas has a coast line more than 500 miles long, a score of great inland lakes,

the hills of Central West Texas, the Davis Mountains, Palo Duro Canyon and other attractions.

"No commonwealth has more to lure the traveler than Texas," he declared.

In addition to the various attractions, tourists can reach them easily, General Ashburn said, because "no state has a finer network of highways or better rail, air, and water travel accommodations."

The publisher referred to a report of Brookings Institution which reported that, according to present trends, travel and recreation are destined to become the nation's biggest industry.

Here is the ranking of industries today (in billions of dollars) according to the institution's fact-finders:

1. Manufacturing 61
2. Wholesale and retail trade 37
3. Travel and recreation 24
4. Agriculture 19

It was also shown that greatest increases are being made by travel and recreation which, if present trends continue, will sooner or later account for the expenditure of more money than shelter and home maintenance, attire and personal care, food and nutrition, health and education.

"Indirectly, of course, every citizen of a town benefits from each tourist dollar spent there," General Ashburn said in his article. "Texans cannot afford to ignore the significance of travel and recreation as factors in the economic development of this state."

FORMER HICOAN'S HUSBAND DIED IN CALIFORNIA TO BE BURIED IN SAN ANTONIO

Mr. and Mrs. O. E. Mendor received a message this week from their daughter, the former Miss Stella Mendor, that her husband, Fred Mendiola, had died of a heart attack Monday at Redondo Beach, Calif.

The body of Mr. Mendiola, a World War I veteran, was being returned to San Antonio for burial in a national cemetery. His wife and daughter, Bertha Jean, were on their way to San Antonio, where Mr. Mendiola's father and brother also reside.

Relatives from here expected to attend the services, time for which had not been set when the above information was received.

WE BELIEVE INFORMED VOTERS WILL

VOTE AGAINST

Constitutional Amendment NO. 2 On Your Ballot (H. J. R. 5)

This amendment provides for ANNUAL SESSIONS of unlimited length while seeking salary raises of 500 per cent for Legislators. It would impose a tremendous additional tax burden upon the people.

The amendment is second (No. 2) on the ballot. It is worded so as to mislead the voters as it does not mention Annual Sessions or Increased Salaries. It provides both.

It is impossible to vote for salary increases alone, which informed sources figure would cost us some \$2,500,000.00 without adding to the efficiency of the Legislature. Our position is not so much against some increases in salaries, for we believe the men who make our laws should be paid at least as much as baby sitters get.

But long annual sessions will isolate from their districts these who represent us in Austin, and will lead to great expenditures and may inflict STATE INCOME TAXES, STATE SALES TAXES and other burdens upon the people. The last biennial session was a BILLION DOLLAR session. Texas taxpayers cannot stand such annual expenditures. We believe the people should guard against such expenditures by voting against HJR No. 5.
