"Healthful Hico On the Beautiful Bosque" is living up to its age-old slogan...

The story sent in this week is a good sample of how to make a story when there is no news...

This is an unusual record, Mr. Hudson pointed out, in spite of the general good health of the community...

Fred Red Harris, candidate for Lieutenant Governor of the State of Texas, was eliminated from the two-man steeplechase in the first primary...

He made a lot of friends over this big State of Texas to add to a list larger than common...

He and his family left Monday for Dallas after having spent a great deal of their time around here at their Circle H Ranch...

Although Fred Red (that's his official name) has an established law practice at Dallas, where he has served as County Commissioner, State Representative, and State Senator...

Pat Ryan and I. J. Teague are neighbors, although you wouldn't know it sometimes to hear them spitting back and forth at each other...

Recently Pat had a deal with I. J. to trade a rain gauge for a water pump, which seemed at that time to be more useful...

This week, however, the deal was off. Pat dropped by the variety store to notify his neighbor that the fine rains we've been having have reversed the situation...

We have it on very good authority that C. D. (Toon) Estes has been elected County Judge of Ward County, and would like to extend congratulations...

This good family lived around Hico until this year, when they moved back to their old home at Monahans. We rather believed Toon was making a mistake when he left this Promised Land, but apparently he knew what he was doing...

Maybe after a long and successful period of public service he will condescend to retire and come back here where he and his family have a host of friends...

Paul Neel always likes a joke, and sometimes you have to take his words with a grain of salt if he's trying to get something over. But he declares that a story he told at the Lions Club Wednesday is true, and a friend vouches for it...

Paul declares she wouldn't even let him have the small plate at the higher price charged for a regular plate, but went back and loaded it up with the usual \$1.29 fare. And he still wasn't hungry!

Rev. E. R. Patterson, father of the local Methodist preacher who is visiting with him, was a visitor at the same Lions Club meeting. Without divulging the exact nature of his remarks, we might say he took care of himself very well when it came to impromptu speaking...

School Opening and Cool Fall Weather Touch Off Interesting '50 Football Season

Grammar School Teams Organized Throughout District

District 12B, consisting of Hico, Valley Mills, Clifton, Iredele, Meridian, Walnut Springs, Cranfills Gap, and Whitney, met at Walnut Springs on Sept. 1 to discuss the football plans for the district for the coming season.

At this meeting various items concerning eligibility were discussed and the question of tie-in percentage points for championship was settled. In case of two teams having the same percentage points at the end of a football season the winner of the game between the two teams during that season will be selected to represent the district in bi-district play.

Also all eight members voted to have a grammar school team this coming season, with boys who have not reached their 15th birthday on May 1, and still in grammar school eligible to play. To avoid too much travel the district was divided into two zones with four teams in each zone and the zone winners to meet for district championship.

All games for the West zone will be played on Tuesday nights and each school will play six games. Following is the schedule for the Grammar School West Zone, with all games starting at 7:30 or 7:45: Sept. 26—Hico at Iredele, Cranfills Gap at Walnut Springs, Iredele at Walnut Springs, Cranfills Gap at Hico, Oct. 10—

* Denotes Conference Games

First Game to Be Played At Dublin Friday Night at 8

Hico Public Schools went back into operation Tuesday of this week as scheduled, and within a short time it is expected that classes will have been organized and the faculty and students will enter into another year's work in earnest.

Football practice has been in progress since September 1 for Hico. The first game will be at Dublin Friday night (tonight) at 8 p. m. Coach Willie Sirman is not making any rash promises, but does declare that he and his boys will do their best, and asks the cooperation of local fans such as has always been the case.

Sirman released the following information this week: Dublin has been practicing since August 15, but Hico could not start until September 1 because last Spring the Class B schools were permitted to have Spring training whereas Class A schools were not.

The Hico-Dublin game should be a good one. Most fans will remember that Dublin defeated the Tigers last year 12-0 at Hico.

The following boys are coming out for football:

Backs: 'Lively, 'Jones, 'Able, 'Loden, Ross, Johnson, Baldwin. Guards: 'Barnett, 'McWilliams, Churchill, Coline, Battershell. Tackles: 'Petty, 'Terry, B. Tool, 'Leath. Ends: 'Gray, 'Kennedy, Knight, 'McCart, Lewis, 'Nix. Centers: 'Chaney, Luckie. *Denotes probable starters in the game with Dublin tonight.

Lions Discuss Current Topics At Regular Meeting Wednesday

When introduced before the 24 members present at the Lions Club meeting Wednesday, Rev. E. R. Patterson responded with a flattering tribute to the organization. The retired minister of the Methodist Central Texas Conference, who is making his home presently with his son, Rev. J. Fred Patterson, local Methodist pastor, brought out two points that gratified him: first, he was always glad to associate with members of an organization portraying such fine principles and such good fellowship as does the Lions Club; second, he got a good meal, Wood's Cafe served the meal family style at Fireman's Hall.

Lion Odie Petsick reported for H. L. Knight on the reasons the local lion would not run this season, and also stated that there was a good attendance at George Holladay's dispersal sale last Friday and at the dairy meeting in the park that night.

Lion J. B. Woodard called attention to the dairy show at Cleburne, and urged as many as could to attend. Lion W. D. Bradley Jr., program chairman, promised that he and the other committeemen, Lion R. B. Jackson, would have something interesting to offer in the near future.

Lion Willie Sirman announced the football game at Dublin Friday night, and urged support of the boys.

Lion J. P. Neel reported on a trip he and his wife and Mr. and Mrs. J. E. Lincoln recently made through the Rockies. Lion President M. S. Norton called attention to the zone meeting to be held here next Thursday night and asked that those planning to attend give notification by next Wednesday. He also stated that the Trades Day this week would be the last one.

MODERN DOORS REPLACE OLD ONES AT FIRE HALL

Improvement on the fire hall, started last week, was nearing completion this week as workmen installed two new doors on the entrance. One 12-foot door and one 9-foot door are equipped to open upward and roll onto the ceiling. These replace the sliding doors and will facilitate opening of the doors during emergencies.

The improvement is being made jointly by the City and the Hico Volunteer Fire Department.

RELATIVES ARE VICTIMS OF HOLIDAY MISHAP

Among the traffic fatalities recorded in Texas over the Labor Day week end were a niece and grand nephew of J. C. Barrow, Joe Bob Wilson, age 6, and his mother, Mrs. Jesse L. Wilson, of Lake Jackson died of injuries received in a wreck near Waller Sunday.

Mrs. Wilson is the daughter of the late Mrs. Sid Barham and Mr. Barham of Stephenville. Mrs. Barham was Miss Ola Barrow, sister of J. C. Barrow.

Large Crowd Gathers To Hear Spokesman For Tennessee Dairies

One hundred dairy-minded people gathered in the city park last Friday night to listen to O. E. Horton, field representative of the Tennessee Dairies of Dallas to see film, and to eat watermelon. The meeting was sponsored by the Chamber of Commerce.

"Hamilton County and the Hico community are ideal for dairy farming and there is no reason for us not to come into your community to pick up your milk," Horton said, "as you have the goods and if we are still needing milk bad we will be happy to serve you."

Horton plans to return to our community this week and make a more complete study of our dairy situation before he commits himself. Film on "No Milk Stripping" and "No Squatting" were shown to the group by C. W. Gibson, distributor for Surge milking equipment, and he later served iced watermelons to everyone present.

Southern Manufacturers Cooperate to Promote Industry In South

Several million dollars in facsimile Confederate money will soon appear throughout the South as part of a huge publicity campaign by Southern manufacturers including Burrus Mill & Elevator Co., to promote the growth of the South.

The campaign is being launched to call attention to the area's many advantages both as a place to live and as a location for industry. Working together, the companies will sponsor a South-wide contest to stimulate the interest and pride of Southerners in the South.

The most ambitious attempt to date of Southern manufacturers to promote their market, the contest will offer 100 prizes valued at more than \$15,000 to the winners.

ALEXANDER INVITES FANS TO SEE BASEBALL THERE

The Alexander Baseball Team has extended a special invitation to their friends in Hico, Duffau and Clairette communities to come out next Sunday to see Alexander and Iredele play the second game of the series in the Shaughnessy play-off. The game will be played in Alexander at 2:30 p. m. Sunday, as announced by Leon Lewis, sports writer from Alexander.

Alexander won the first game by a score of 8 to 5, and the team will be playing hard to enter the finals with Duffau. Duffau has taken two straight wins in their series. The game at Alexander will be the only one played this week in the Bosque Valley League, so fans are especially invited to attend.

RATLIFF & SON INSTALL NEW FRIEDRICH FREEZER

For the convenience of their customers, Ratliff & Son have installed a new Friedrich freezer which is self-serving. They will have all kinds of frozen fruits and vegetables, fruit juices, chickens and ice cream. They also plan to have frozen fish in the near future.

In an advertisement on Page 4 of this issue of the N. R., they list the prices of their frozen foods along with other specials.

OCCUPIES NEW OFFICE

W. M. Horsley moved his real estate and insurance office Monday to the building next to the Post Office, formerly the location of the Remnant Shop, and for many years the insurance office of the late J. C. Rodgers. Mr. Horsley is representative for the Hartford Insurance Company.

City Council Passes Resolution Favoring Public Housing Units

The City Council met in regular session Tuesday night at the City Hall, having postponed the meeting from Monday night because of the Labor Day holiday. The following notes are taken from the minutes of Mrs. J. R. McMillan, City Secretary. Mayor W. H. Greenlit presided over the meeting with four members present, Max Hoffman, H. W. Sherrard, Henry Davis and Ernie Jacobs.

Mayor Greenlit read a financial report on the Reunion. A motion carried to appoint H. W. Sherrard as a member of the Reunion committee to succeed E. H. Randalis Sr. Hoffman moved and Davis seconded that M. S. Norton be retained as Reunion manager for 1951. The motion carried.

The council adopted a resolution approving the application of the Housing Authority of the City of Hico for a preliminary loan to cover the cost of surveys and planning in connection with the development of dwelling units of low-rent public housing. This resolution specified that the city would back the local authority's application to the Public Housing Administration in accordance with the provisions of the U. S. Housing Act of 1937, as amended.

Alexander to Play Iredele Sunday While Duffau Winners Watch

Duffau won over Shiloh last Sunday to make it two straight wins and end the series. The game was played on a wet field and the game was called in the last half of the 7th inning because of rain. Duffau had made 8 runs on 12 hits and Shiloh had 2 runs on 3 hits when activities came to an end. Ivy and Anderson were the leading hitters for Duffau in this game. Anderson hit a single, the double and triple in four official times at bat, with Ivy hitting 2 singles and a home run in 4 tries.

Winning pitcher was Stacey and losing pitcher was Sones. The game between Iredele and Alexander at Alexander was called off in the first inning because of rain. This series will be continued next Sunday, September 10, at Alexander between these two clubs. This will be the only League game on schedule as Duffau has won their series and will await the winner of the Alexander, Iredele games.

Alexander won the first game of this series and this next game should be a pip. A good crowd is expected to see if Alexander can salt the series at two straight.

LEAVING FOR COLLEGE

Many graduates of the 1950 Hico High School class plan to leave Saturday for Stephenville where they will enroll Monday at Tarleton State College. The list includes: Wendell Burden, Bobby Ratliff, Paul Allen, Bennie Collins, Darold Dickey, and Myrna Sparks.

Two other members of the same class, Frances McCullough and Valmer Norrod, plan to enroll in the University of Texas, Austin.

Bigger Social Security Program Becomes Law

Here is what happened to old-age and survivors insurance in the Waco area when President Truman signed the 1950 amendments to the Social Security Act.

Monthly insurance checks now being paid to the 3600 social security beneficiaries in the eleven counties administered by the Waco Field Office will be raised substantially, beginning with the September checks, according to Elliott W. Adams, Manager of the Waco office. Adams explained that these automatic increases, for September, are scheduled to reach local beneficiaries during the first week of October. Increases will range from about 50% to 100%.

For example, the average primary benefit of approximately \$26 per month for a retired worker will be increased to about \$46. A widow with two children who had been receiving \$53 a month will now receive about \$110 altogether.

Manager Adams said that under the old terms of the social security law the 3600 beneficiaries in the area would have received about \$60,122.00 for the month of September. Under the new increases, however, total payments for September are estimated to be about \$113,100, or an immediate increase of some \$53,000 monthly in insurance benefits to this area.

Under the new law the amount of earnings which a beneficiary may make in a month, and still accept his insurance payment for that month, is raised from \$14.99 to \$50. This applies to beneficiaries under age 75, and for earnings in a job covered by social security. After attaining age 75, a beneficiary may have any amount of earnings and still accept his insurance checks.

Approximately 8,700,000 more people may have old-age and survivors insurance under the revised law. For most of the new groups, coverage will be mandatory after January 1, 1951. However, employees of nonprofit charitable, religious and educational institutions will come under social security only if the employer chooses and if two-thirds of the employees express a wish to participate. Employees of State and local governments may have social security coverage on an optional basis but the State government must take the initiative if it chooses to participate. An estimated 2,000,000 work-

The background color of the flag is the light blue associated with U.N. since its early days, while the official United Nations seal in its center is in white.

ers are in the two groups subject to optional participation in the program.

Adams estimated that the Waco area would have approximately the following numbers of newly covered workers under social security: 4,650 self-employed non-farm workers, 850 farm workers, 1,000 household workers in private homes. Employees of nonprofit institutions in the area number about 600; while there are about 1,425 employees of the State and local governments in their counties who might be covered if the State chose.

A very important aspect of the new legislation is the more liberal qualifying conditions. Adams pointed out that any individual now age 65 or more who has at least six "quarters of coverage" may be immediately eligible for monthly benefit payments. It has been estimated that about 750,000 old people in the United States may qualify for insurance payments under this clause. Many aged persons may now claim benefits even though they have not been employed long enough to qualify under the former requirements. Adams said that this would affect a considerable number of aged persons in this area who had once filed claims for social security benefits but had not at that time been able to qualify. The social security office here has been reviewing records for several weeks to screen as many as possible of these persons and will send letters notifying them that benefits may now be payable if the claim is renewed.

Other persons not yet age 65—those now 63 and over—will also only need six quarters of coverage—roughly a year and a half of employment in work covered by social security—to be insured upon reaching age 65 and retiring. A sliding scale requires longer employment for those reaching age 65 after 1953, but in no case will a person be required to have more than ten years of employment under social security in order for benefits to be payable.

It is possible for newly-covered workers to become insured for survivors benefits in as little time as a year and a half under another provision of the law. The new definition of "employee" in the amended law accounts for an additional 350,000 to be covered by social security.

This new definition extends Federal insurance to full-time life insurance salesmen, agent-drivers or commission drivers engaged in distributing meat or bakery products, vegetables or fruit products, beverages (other than milk), or laundries or dry cleaning services. Full-time traveling or city salesmen (other than house-to-house salesmen) are included.

Still excepted from social security coverage are farm operators, ministers and members of religious orders, and certain self-employed professional people. A new type of payment is mother's insurance benefits. These are monthly payments to a mother who has in her care a child entitled to monthly insurance benefits. Separation or divorce from the wage earner does not prevent the mother's receipt of monthly benefits, provided the wage earner was furnishing the greater part of her support. This changes the former law which did not permit payment to wives who were divorced, and did not permit payment to the wife of a retired wage earner until she reached age 65. If she has children under 18, she may now receive benefits when her husband retires, even if she is under 65.

The amount of the benefit paid to dependent parents (in case where the parent was dependent on a deceased worker and where no widow or child can be entitled to benefits) was raised from half the worker's benefits to three-fourths. The monthly benefit for the first child, in the case of a deceased wage earner, was also raised from half to three-fourths of the worker's benefits. The benefits will continue to be paid for in the same way—by payroll taxes on the workers and employers involved—but since self-employed as well as employed persons are now covered, a new way of collecting part of the taxes was called for. Self-employed persons will report their annual earnings and pay their special social security tax (2% to start with) when they make their income tax returns at the end of each year. Present tax rates will more than pay for the increased benefits at first, but higher contributions will be necessary as more people retire, or die. The law provides that

Carlton

MISS MITTIE WALKER

Death has claimed another of Carlton's most beloved citizens. Miss Mittie Walker, loved by all and a life-long friend of your correspondent, who passed away suddenly and unexpectedly, Sunday night, August 27, at 11:45, at her home near Carlton with a heart attack. The funeral services were conducted in the Methodist Church Tuesday at 3:30 p. m., where she had been a faithful attendant when her health permitted and was present at Sunday School, Sunday morning preceding her death. Rev. W. A. Flynn of Weatherford, a former pastor here, conducted the services, assisted by her pastor, Rev. E. E. Dutton. Burial was made in the local cemetery by the side of her parents, with Barrow Rutledge Funeral directors of Hico in charge of all arrangements. Tenderly carrying the body of their beloved aunt were her nephews, Walker and J. B. Curry of Carlton, Fred Curry of Comanche, Curtis Kennedy of Odessa, Billy Keeney of Denton, Curley Burnea of Comanche. Miss Mittie was the youngest daughter of the late Capt. and Mrs. C. E. Walker, who came to Texas from Georgia about seventy-five years ago and lacked a short time of being seventy two years of age and had made her home at Carlton all of her life. One brother and one sister, Will Walker and Mrs. J. B. (Nettie) Curry Sr. preceded her in death. After the death of her parents, she made her home with her sister, Mrs. Curry, who passed away in 1933. Mr. Curry passed away two years ago, Dec. 7. She continued to make the Curry home her home and endeavored herself to her nephews and nieces. They are J. B. Walker and Fred Curry, Mrs. J. F. (Georgia) Cope, Paint Rock; Mrs. Rex (Inez) Howell, Albuquerque, New Mexico; Mrs. G. C. (Ila) Keeney, Winslow, Arizona; Mrs. Dan (Pauline) Irwin, Rosebud; Mrs. J. C. (Una) Carmack, San Bernardino, Calif.; and Mrs. P. A. (Dessie Walker) Dennison, Floydada. All were present for the funeral except Mrs. Carmack. Out of town relatives attending the funeral were Mrs. Dora Anderson, sister of Mr. Curry Sr. and daughter, Mrs. Jimmie Koaker of Cleburne; Mrs. W. E. Walker, Floydada; Mrs. Lee Curbo and daughter Helen of Waco. Friends from out of town attending were Mrs. Kenneth Evans, Mineral Wells; Mr. and Mrs. Roy French, Mrs. Guy Aycock and Mr. and Mrs. Medien.

Women Reserves Are Now Being Sought By Navy Recruiters

After several years of the prosaic business of signing up mostly mere men, things are looking up in the Navy recruiting service. The call has gone out to get some WOMEN!

"Desire additional applications from naval reserve women officers and enlisted women on a voluntary basis for recall to active duty for an obligated and guaranteed period of one year," said an order from the Navy bureau of personnel.

Sailors usually acknowledge an order with an "Aye, aye, sir." This time they said "It's a pleasure."

Women reserve officers in the ranks of lieutenant commander and below, both line and supply corps, are needed, recruiting officials said. No previous active duty or indoctrination training is necessary.

Rated enlisted women are sought in the following reserve classifications: teleman, radioman, communication technician, yeoman, personnelman, machine accountant, storekeeper, disbursing clerk, aerographer, tradesman, aviation storekeeper and dental technician.

Some non-rated enlisted women are also being recalled, it was announced. Any Navy recruiting station will be happy to give full particulars—very happy.

Thinking of the Long Pull?

Better Buy Buick!

If that car of yours has put its best days behind it, there's no time like right now to think about starting out afresh with a taut, new, up-to-the-minute motorcar with all its mileage still in it.

And there's no better place in the world to start than with the beauty pictured here, for a variety of reasons.

For one thing, this Buick SPECIAL is a quick-stepping Fireball valve-in-head straight-eight that's priced lower than some sixes.

For another, it's built with typical Buick ruggedness through and

through—a husky that can take a lot of years without crying "Uncle!"

Then, too—this high-styled beauty is proving to be one of the most economical Buicks ever built—easy on gas, easy on upkeep, easy on you in its soft, floating, light-handling comfort.

It even comes with Dynaflo Drive* if you like—and Dynaflo means that you will never have to service or replace a friction clutch, and that rear-end or transmission servicing—even engine upkeep—are cut to a minimum.

*Standard on ROADMASTER, optional at extra cost on SUPER and SPECIAL models.

Of course, you can't see all of this in the brief span of a trial drive.

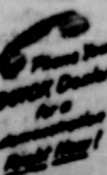

But you can experience the good solid feel of Buick strength beneath you. You can satisfy yourself on the lightness of the controls, the utter smoothness of Dynaflo, the quick surge of Buick's Fireball power.

All such things will tell you that this is a car you'll be glad to live with for a long time to come—and you need only to ask your Buick dealer for a demonstration to see precisely what we mean.

Why not call on him soon to talk about signing up?

Tune in HENRY J. TAYLOR, ABC Network, every Monday evening.

FUEL SAVINGS CERTIFIED
By
Pittsburgh Testing Laboratory

Comparative tests with the MIX-O-GAS System and ordinary butane-propane systems show consistent fuel savings.

The automatic agitation action in the MIX-O-GAS System assures you of getting a full blend of the heavy and light parts of LPG from a full or near empty tank, with constant pressure, so your appliances can work at top efficiency.

Most winter freeze-ups in butane-propane systems are caused by accumulation of water from condensation. Automatic agitation in the MIX-O-GAS System prevents the accumulation of such water in the storage tank.

No ordinary butane-propane system can offer the exclusive features of the MIX-O-GAS System, because it is protected by U. S. Patent No. 2,211,005.

Carlton Rams to Play South Texas Team in Hamilton Saturday

The Carlton Rams will play host to the strong Dowdy team of Guadalupe county on Kookan Field in Hamilton Saturday night, September 9 at 8 p. m. This should prove to be a hard, exciting game, said Herman Walton, superintendent of Carlton schools, in announcing the game. The Dowdy boys play in one of the strongest 6-man football districts in the state and are doped to finish at or near the top of the heap this year. They have a bunch of big boys with one or more years experience.

The Carlton team, playing their second year of football under Coach Aubrey Roberts, are light but fast. Don Thompson, Jerry Yocham and Ross Brown give the Rams a light, but fast backfield in which all three boys can run or pass the ball. Coach Roberts will boast a veteran line averaging 160 pounds. The team has four of last year's nine lettermen returning.

Fans will remember this team from last year, playing their first year of football, when they advanced from the very weakest club to one capable of playing the best team in the district a good game. Coach Roberts believes he has the boys who have the fight, speed, and determination to give all fans who choose to follow his team their money's worth.

This game will give the fans a

chance to compare the type of football played in South Texas with that played in our locality.

The following boys compose the Carlton team: Don Thompson, letterman, back; Don McClean, letterman, end; Kenneth Munsell, letterman, center; Donald Williamson, letterman, end and back; Jerry Yocham, squadman, back; Fern Jordan, squadman, back; James Munsell, squadman, end; Dorman Vance, squadman, back; Kenneth Turney, squadman, end; Harold Bickle, squadman, center; Ross Brown, freshman, back; Vandereil Chick, freshman, center; Thurman Thompson, squadman, end; Buster Shaw, freshman, back; Cleo Box, freshman, back.

CARD OF THANKS

I take this means of thanking Dr. Hafer and Dr. Hedges, all the nurses, the ones that prepared the food and served it, and all the friends that visited me while in the Hico Hospital and since I came home, May God bless each one.

MRS. J. H. PRIEST.

**International Situation
 Calls For Cooperation
 In Highway Safety**

Austin, Sept. 5.—The international crisis has a direct bearing on this country's traffic safety record. That was the opinion expressed today by Homer Garrison Jr., Director of the Texas Department of Public Safety, in appealing to Texas motorists for an immediate check on the mechanical condition of their vehicles.

"It is imperative," said Garrison, "that each Texan do his utmost toward helping to maintain and conserve the resources of this Nation." An important portion of those resources, he indicated, is the thousands of motor vehicles which are operated daily in this State. He urged all car owners to have their vehicles inspected regularly for mechanical defects.

"Worn out defective automobiles," the Director emphasized "are conducive to increased traffic mishaps. By periodic inspections we are serving a dual purpose. First, we assure ourselves of continued transportation in case controls or restrictions are placed on motoring, and, second, we make a decided contribution toward greater traffic safety, thus assisting in the conservation of our human resources."

TO REMOVE THE RING around a bath tub, apply kerosene with paper toweling, then wash clean with soapy water. Rust stains may be removed from bathtub by rubbing with cut lemon. Wash off after using, as acid will stain porcelain.

Never apply polish to dusty furniture as it leaves it sticky. A dirty cloth will soil and darken the wood. Leave no trace of unabsorbed polish on furniture, or it will give a cloudy appearance. Test for dryness with a clean dry finger; it will not leave a track.

When applying wax to furniture, rub with a heavy flannel cloth until desired sheen is reached. Use only thin coatings of wax.

RECIPE OF THE WEEK

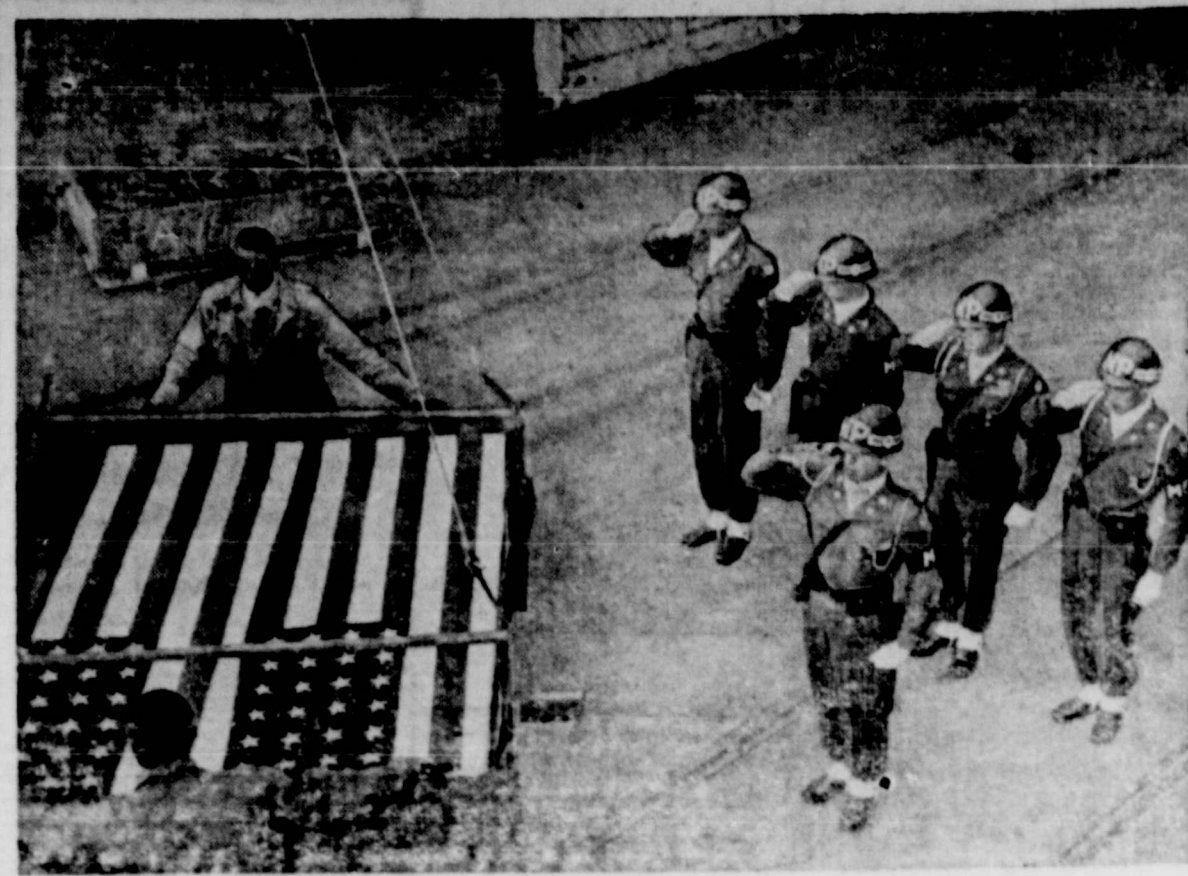

Chewy Chocolate Brownies
 (Makes 16)
 2 eggs, well beaten
 1 1/2 cups brown sugar
 1 teaspoon vanilla
 1/2 cup flour
 2 squares chocolate, melted
 1 cup broken pecans
 Add sugar, vanilla and melted, cooled chocolate to beaten eggs. Add flour and half of the pecans. Spread 1/2-inch thick in a buttered square pan and sprinkle remaining pecans over the top. Bake in a slow (325° F.) oven for 20 to 25 minutes. Cut into squares while warm. Dust with confectioner's sugar, if desired.

spoons linseed oil, 1 tablespoon turpentine and 1 quart of hot water. Mix thoroughly and let cool. Wring a soft cloth out in this solution and wash a small area. Wash quickly and dry quickly.

Cut glass may be washed with a soft brush in mild soapsuds and lukewarm water. After drying, place on a turkish towel to let it absorb excess moisture. For a brilliant luster, dip the outside, while slightly wet, in jeweller's sawdust. When dry, remove sawdust with soft cloth or tissue.

Cloudy glass vinegar cruets can be cleaned by letting a dilute solution of ammonia stand in them for a short time. Rinse off solution, then wash in soap and water and rinse thoroughly.

WAR DEAD ARRIVE HOME . . . The bodies of two American soldiers who died of wounds suffered in the Korean war are lowered from the navy supply ship Cardinal O'Connell in Oakland, Calif. The soldiers were wounded in battle and removed to Japan where they died and were shipped to the U.S.

By LAYNE BEATY

When the Chamber of Commerce at Edinburg, Texas, sent a bale of long staple cotton to the new English prince, baby daughter of the Duke of Edinburg, the Rio Grande Valley folks weren't heaving with the traditional thriffliness that the names of the town and the duke always imply.

Presumably, Edinburg, Texas was named with Edinburg, Scotland in mind.

And with cotton promising to be scarce this year, it might appear a bit reckless to be giving it away.

However, considering where it went, it was indeed a thoughtful gift, and no doubt will bring much British attention to the Rio Grande Valley and its long staple cotton, perhaps creating a bigger demand for same across the big drink.

L. T. Murray of Waco, manager of the Texas Cotton Association, says he won't have enough cotton this year to go around. Already, he reports, more firms than ever from east of the Mississippi have been trying to establish contact to share in the 1950 crop in Texas, short as it promises to be.

Meanwhile, our hopes for a fair crop of rest now with the South Plains, because with south Texas turning out only a medium production and the bugs already having run off with the crop in the north central area, the scampering promises to be lively at marketing time.

November 2 and 3 are the dates for Fort Worth's big livestock marketing roundup, with everyone invited who is interested in any connection with producing livestock for the market.

Empty seats will be on raising them for profit, and there will be considerable demonstration on the day-and-a-half program.

Representatives of packing companies, the National Livestock Loss Prevention board, one or two of the colleges, and one group of 4-H boys will take part.

Details of the program will come out later.

Business and professional people and even housewives will be learning more about soil conservation as result of a new program under way by soil conservation district supervisors. They feel like this vital matter is one which concerns us all, not just the people who operate and own the land.

Naturally, all of us are interested in food, a rather consuming interest, one might say. It should be of some concern to us, then, what the prospects are for continued eating.

All life, you know, comes directly or indirectly from the soil. Even "type live" so well known to novices around printing shops.

The question has arisen in some circles as to whether more people, town and country, are interested in agricultural news than in sports news, notwithstanding the big play that sports gets in the papers, magazines, radio and television.

True, sports fans make more noise than farm people, except perhaps in Washington, and folks are apt to make a bigger fuss over play than work, anyway.

After we mentioned on the air recently that a friend of ours abhors red barns because the color red is supposed to be hard on the nerves, a listener wrote in to say that she had always heard that one reason so many barns are red is that they repulse birds and bugs.

We haven't looked up the answer to that one yet. Do you know?

**Health Officials Have
 Been Waging 10-Year
 Battle On Hookworms**

Austin, Sept. 5.—A puny little parasite no more than a quarter inch long when it's full grown can turn a champion weight lifter into an anemic cream puff.

Even while it's still a baby, this pernicious parasite can make a wheezing weakling out of a top field hand, and turn a stout boy's muscles to the texture of soft butter.

It's a hookworm. State Health Officer Geo. W. Cox, with understandable disdain, puts the finger on it as the cause of so-called toe itch, dew itch, ground itch, and summer scratch.

Says he: "All these itches are provincial ways of saying hookworm."

Dr. Cox says his department has been waging a ten-year battle against hookworms in Texas, and that deep inroads have been made into its natural habitat, especially in eastern and southern sections. Health experts know what it is and how it gets into the human body, but the big job is in convincing people that they ought to do something about it.

Hookworms live a double life, the health official says, half in the intestines of a human being and half in the soil around an open pit privy. The female lays eggs while attached to the intestines.

Eggs pass from the body, and hatch within 24 hours. Then the young worm lies in wait for the first unsuspecting barefoot person—usually a youngster—to come by. It pierces the foot skin and slowly inches its way deeper and deeper into the body until it reaches the intestinal tract where the cycle starts again.

"It is a disease," Dr. Cox says, "that stunts the growth of children, causes skin discoloration, loss of weight, and anemia." Severe infestations often cause a morbid craving for such things as chalk or dirt, he says.

But it's easy enough to control—merely by building properly designed sanitary pit privies or septic tanks. That, and wearing shoes.

A good many children in various rural sections have had light infestations all their lives, and have never known what it means to feel entirely well.

**CHEW FAMILY HAS
 REUNION IN CITY PARK**

The annual reunion of the Chew family was held Sunday, September 3, at the City Park in Hico. This is the first time that all of the children of Mr. and Mrs. Virgil Chew have been together since 1934. In 1939 they were all together except for Mr. and Mrs. R. D. Patton and children, who live in Fresno, Calif. Also in 1941 they were together except for Mr. and Mrs. D. O. Chew and children, who live in Roswell, N. M. and Mr. and Mrs. L. R. Chew and children of Blackwell.

The nine children are Clara, Beacie, Leroy, Leona, Vernon, Dewell, Hubert, Jewell and Bill. Fifty-eight persons attended. There was a big picnic feast served around noon. Those attending were as follows:

Mrs. Clara Posten, Mr. and Mrs. H. S. Chew and daughters, all of Stephenville; Mr. and Mrs. E. H. Bourland, Dallas; Mr. and Mrs. L. R. Chew and children, Blackwell; Mr. and Mrs. W. B. Pounds, the former Mrs. R. D. Patton and children of Fresno, Calif.; Mr. and Mrs. W. R. Wright and daughter, Fort Worth; Mr. and Mrs. Virgil Posten and children, Sweetwater; Mr. and Mrs. Dewane Carlson and children of Colorado, Texas; Mr. and Mrs. M. V. Chew and children, Mr. and Mrs. D. O. Chew and children and Mr. and Mrs. Bill Chew and son, all of Hico.

Those unable to attend were three grandchildren, Mr. and Mrs. Jack Wood and children of Dallas, Mr. and Mrs. Jerry Fisher of San Francisco, Calif., James H. Patton of Bremerton, Washington; Mr. and Mrs. A. J. Schrader, Fredericksburg; Mrs. Onie Bell, Stephenville, and Mr. and Mrs. Mutt Walls and children of San Angelo.

From where I sit . . . by Joe Marsh

**Squint's Drumming
 For Fair Play!**

Squint Miller's mighty-proud of the lot he owns that fronts on River Road—one of the prettiest spots around here.

He's been in a stew about it lately, though. Seems that trash-dumpers take one look at his property, stop their car or truck, and out goes a load of rubbish, spilling all over his place and the roadside, too. Wouldn't that make you mad?

Last night Squint dropped by the house. Over a friendly glass of beer, he tells me what he's done "I put a couple of empty oil drums

out there," he says, "with a big sign reading: 'If you must dump trash—use these—I like to keep my property clean!'"

From where I sit, Squint's sign should make any would-be roadside trash-dumpers pretty darned ashamed of themselves. Now and then some folks just have to be reminded that they ought to have as much regard for their neighbors' rights as they do for their own.

Mr. and Mrs. Curtis Wright and son, Curtis Glen, spent the week end here with his parents, Mr. and Mrs. Ben Wright. They moved last week to Fort Worth, where Curtis is employed at Convoir.

Mrs. J. E. King of Hamilton and Mrs. W. O. Lackey of Dallas came and stayed with their sister, Mrs. J. H. Priest, while recuperating from a recent operation in the Hico Hospital.

Mr. and Mrs. H. N. Wolfe and Paul pent Saturday and Sunday in Abilene with Mr. and Mrs. Tom Wolfe and Kendall. They were accompanied home by Kendall, who will visit awhile with them.

Rev. E. R. Patterson, a retired Methodist minister in the Central Texas Conference, arrived here last week for an extended visit in the home of his son, Rev. J. Fred Patterson, pastor of the Hico Methodist Church.

Mr. and Mrs. L. E. McAlpin and daughter Celia and Mr. and Mrs. Mack Woods, all of Elk City, Okla., visited Mrs. Mollie Harvey Friday of last week. Mrs. Woods is the former Mrs. Tom Preston, who has visited in Hico frequently.

David, Ralph and Margo Horton returned last Saturday to their home in San Angelo after an extended visit here with their grandparents, Mr. and Mrs. A. A. Brown, who accompanied them home and spent the week end with their daughter, Mrs. Ralph Horton.

Mr. and Mrs. Guy Crews and son Clyde went through Hico Friday on their way home after a vacation trip. Mr. Crews is publisher of The Alford News. They were accompanied home by his mother, Mrs. C. C. Crews, who spent the week here with Mrs. Josie Duckworth and Miss Irene Frank.

Billy Wayne Hutton, who is in the Naval Reserve, received orders to report in Houston Tuesday. Wednesday he called from Dallas and stated they were sending him by plane to San Diego, Calif. His wife, the former Billy Jean Williamson, remained here with her parents, Mr. and Mrs. Hurshel Williamson. His parents are Mr. and Mrs. Andy Hutton of Hico.

Rev. and Mrs. J. L. Ray of Gorman, Mrs. Paul Luker and son David, of Dallas, Mr. and Mrs. A. D. Horton and Mrs. Jim D. Wright were visitors Friday night in the home of Mr. and Mrs. Tyrus King. Rev. and Mrs. Ray also were in Hico Wednesday on their way to a homecoming in Whitney, where he was formerly pastor and was invited back to preach a sermon that evening.

B. & P. W. Club Has First Meeting After Summer Adjournment

Tuesday night the Business and Professional Women's Club met at 7:00 p. m. to begin another year's club work after a summer recess of three months. Mrs. Lawrence Lane, Mrs. W. H. Greenlit and Miss Louise Blair were hostesses in the club house behind Mrs. Lane's home, where dinner was served preceding the business meeting.

Four guests were present, and after consenting to being members, Mrs. L. S. Chandler and Mrs. J. Fred Patterson were voted into the club. With regrets the club accepted the resignation of Mrs. H. N. Wolfe, and granted Mrs. M. T. Neenan a leave of absence.

New Yearbooks were presented by the yearbook committee. Following the business session, the program began with a speech on the theme of Women Executives. Miss Carolyn Holford gave a talk on Mrs. Charles Knox, president of Knox Gelatin Company.

Interesting discussions of trips made this summer were given by Mrs. W. D. Bradley Jr. and Mrs. L. N. Lane. Mrs. Bradley described her trip through Yellowstone National Park and in Santa Fe, New Mexico. Mrs. Lane discussed California, with special emphasis on Knott's Berry Farm and a mock Ghost Town.

Seven members and four guests were present. Others besides those mentioned above were Mrs. S. W. Everett, Mrs. J. W. Richbourg, Mrs. Pauline Slaton and Mrs. O. C. Cook.

Hico Review Club Opening '50 Season With Seated Tea

The Hico Review Club was to have opened its 1950 season with a seated tea at the home of Mrs. W. F. Hafer, at 4 o'clock Thursday afternoon, with Mrs. J. W. Fahey, Mrs. S. E. Blair Sr., Mrs. Louise Angell, Mrs. J. T. Appleby, Mrs. W. M. Horsley, Mrs. W. D. Bradley Jr., and Mrs. Hafer as hostesses.

Mrs. Marvin Marshall was on the program for the president's message, and comment on the yearbook was due from Mrs. Horsley. The program consisted of reports on summer trips made by the members.

Decorations were arrangements of thistle and coxcomb in blue pottery. Refreshments of punch, sandwiches, cheese tidbits, and angel food squares were served.

A full report of the meeting from the club reporter is expected for next week's paper.

Mr. and Mrs. O. M. Bramblett were in Fort Worth Monday to visit their daughter, Mrs. Bruce Ware. Mrs. Bramblett remained for a longer stay.

Mr. and Mrs. D. F. McCarty returned home last Thursday from Bandera where they visited his niece and husband, Mr. and Mrs. Frank Montague, and his sister-in-law, Mrs. Laura McCarty. They were accompanied on the trip by Mrs. Frank Hobbs and daughter, Cissy of Abilene and Mrs. Charles Clark and daughter, Jane Ann of Hillsboro.

Mrs. T. E. Ridgeway of Dallas spent a few days last week in the home of her nieces, Misses Mae and Ruth Phillips. She is a sister of the late Mrs. James M. Phillips and formerly lived in Hico. Other visitors in the Phillips home last week were Mrs. N. Sherman Watson and daughter, Jan and Miss Larice James, also of Dallas, Miss Ruth Phillips, who is a bookkeeper at the First National Bank, accompanied them home for a week's visit.

Jack Neel Takes Bride In Methodist Church Of New London Aug. 18

In an impressive ceremony in the Methodist Church in New London, Miss Rose Ellen Taylor became the bride of Jack Taylor Neel on Friday, August 18, at 9:00 a. m. Rev. Emmett Mays, pastor of that church, read the double ring ceremony.

The bride's parents are Mr. and Mrs. M. E. Taylor of New London, and the bridegroom is the son of Mr. and Mrs. J. P. Neel of Hico.

Given in marriage by her father, the bride was attired in a ballerina dress of white embroidered organdy, fashioned with a V-neck and self-covered buttons and a full skirt. Her veil of French illusion fell from a small bonnet and was edged in pearls. She carried a bouquet of roses and daisies set in tulle and maline.

Miss Colleen Renfro of New London was maid of honor. Dressed in white meatlase organdy over yellow taffeta, she wore a halo of yellow daisies, short mitts, a yellow necklace and opera pumps. Her flowers were Shasta daisies.

Miss Patricia Martin of New London was flower girl and wore a blue organdy ballerina dress, white gloves, a necklace of pearls, and daisies in her hair. She carried a basket filled with daisy petals.

John Henry Neel, cousin of the groom from Lamkin, was best man. James White of Washington, D. C., another cousin of the groom, and Everett Elliott of New London were ushers.

Altar decorations were baskets of white gladioli and chrysanthemums set among fern trees. Traditional wedding marches accompanied the ceremony, and special songs were "Through the Years", "I Love Thee" by Grieg, and "The Lord's Prayer."

For their wedding trip to Ruidoso, New Mexico, the bride wore a navy blue faille suit with navy accessories, a coral hat and a corsage of roses.

Mrs. Neel is a graduate of New London High School, Kilgore Junior College and the University of Texas. She will teach commercial subjects this year in Bastrop High School.

The groom was graduated from Hico High School, and attended Tarleton College and the University of Texas, where he has been an outstanding member of the Reserve Officers Training Corps. He expects to receive his degree in pharmacy next June. His family has lived here for the past six years and are well known here.

The couple are at home at 1803 North Main, Bastrop.

Mr. and Mrs. Harold Goolsby and his mother, Mrs. B. F. Goolsby, all of San Antonio, visited over Labor Day in the home of Yetta's parents, Mr. and Mrs. L. P. Blair.

Mrs. Milt Wallace and daughter, Mrs. J. W. Bolton and Mrs. Kemp of Wharton spent the Labor Day week-end in the homes of Mr. and Mrs. Wallace Ratliff, Mr. and Mrs. A. B. Roberson and Mr. and Mrs. J. B. Ratliff. Mrs. Wallace remained for a longer visit with relatives.

Gin In Hico Will Not Run This Season

I am very sorry to have to say that I will not be able to operate my Gin in Hico this season owing to the many adverse conditions confronting us—

Cotton acreage vastly reduced, heavy insect damage, labor problems, and last—but not least—the continued illness of Mr. Driver, the Manager and Cotton Buyer—Also many other problems which cannot be overcome at this time.

I regret this very much but feel sure that my customers will understand.

Since I have made every effort to serve you in Hico but find it impossible, I will greatly appreciate having your patronage at either Dublin or Stephenville, where we are equipped with the same machinery in every way, including cotton driers, that I have in Hico.

Mrs. Eunice Massengale

Our school will open this Friday, September 8. We have received that much needed rain, some five and one half inches has fallen up to this writing (Tuesday) and showers are still falling. We were very sorry to learn of the death of Mr. Austin Fulbright of Stephenville, who passed away in the Stephenville Hospital Saturday night following a prolonged illness. Mr. and Mrs. Fulbright have been frequent visitors here in time past looking after property interest here and visiting with her sister and husband, Mr. and Mrs. A. R. Hoover, who now reside at Dublin. We extend sympathy. Those from here attending funeral services for Mr. Fulbright, held at the Trewitt Funeral Home in Stephenville Monday afternoon were Mr. and Mrs. M. E. Parks and son, Elsie Lee, Mr. and Mrs. E. M. Hoover and Mrs. Eunice Massengale, Bryan Gann and Mr. and Mrs. Claude Brunson attended grave side services held at the family cemetery at Spurlin. Mr. and Mrs. J. A. Edwards and little son moved their house hold

effects to the home of relatives in the Lanham community and left the first of the week for El Campo where Mr. Edwards has employment with an oil company. Harvey Little of Oklahoma City spent several days last week visiting his mother, Mrs. Brittle Little. His wife and son, Wayne spent the week and here and at Carlton with relatives. All returned home Monday. Mr. and Mrs. Stanford Berry and son and daughter of San Antonio spent the week end and Labor Day holiday here visiting her mother, Mrs. J. C. Sills and other relatives and friends. Mr. and Mrs. J. C. Sills Jr. of Valley Mills were also week end guests of his mother and other relatives. Mrs. Judd Massengale left last Friday for several days visit at Laikin with relatives. She accompanied her brother and wife, Mr. and Mrs. Will Parker of Hico. Mr. and Mrs. Sid Dickerson of near Hico visited Sunday with his sister, Mrs. Brittle Little. Mrs. Gladys Cox visited Sunday afternoon with Mrs. Minnie McCarty and Mr. and Mrs. Willis Oglesby of Hamilton. Mr. and Mrs. Nobles were honored with a going away shower recently at the Church of Christ. They resided on the Carter ranch in the Lanham community but attended church here. Mr. Nobles had served as song leader for the church the past year or more and will be greatly missed. They moved to Corpus Christi. Mr. and Mrs. Carl Ray Sellers and children, Carolyn and Jimmie Don attended a family get-together at Comanche last Sunday honoring his nephew, Art Gilmer of Fort Worth, who has been called to service, but Mr. Gilmer was unable to be there due to illness of his wife who had recently undergone surgery in a Fort Worth hospital. The writer attended singing Sunday afternoon at Macedonia Baptist Church near Hico and visited at Hico in the Burnett home and with Mrs. Dora Houston. Mr. and Mrs. Charles Price of Austin spent Friday night here with her parents, Mr. and Mrs. P. L. Cox. Their daughter, Cherry Kay, who had been with her grandparents for the past month returned home with them. Chester Wood was a patient in the Hico Hospital Sunday with a severe eye injury received while working at the school house last week, but at this writing is doing fine. Mrs. Maude Whitson has returned home after several weeks visit in the home of Mr. and Mrs. Lester Grisham and family of Fort Worth. Mrs. Grisham, who was the former Miss Neva Allison of Fairy recently underwent surgery and Mrs. Whitson assisted in the duties of the home and care of Mrs. Grisham. Mr. Grisham is a cousin of Mrs. Whitson. Mr. and Mrs. Lester Betts, Judy and Sherry of Austin came in Friday of last week for several days visit in the home of his parents, Mr. and Mrs. T. L. Betts and to assist with home duties while his father attended a family reunion of his relatives at Portales, New Mexico. Mr. Betts returned home Monday. Mrs. Betts, who is employed at Fort Worth spent the week end here. A house warming honoring the J. T. Jackson family was held recently at their new home south of Fairy. A nice crowd was present and they received many nice gifts for their new home. Mr. and Mrs. B. J. Parks and her brother, Judd Massengale visited in Hico last Sunday with their uncle, Mr. Bob Ogle, who is ill and they also made inspection of Dr. and Mrs. Hedges new home in Hico and visited in the home of their sister, Mrs. Dora Houston. Mr. and Mrs. Clifford Tinkle of Hamilton were visiting Sunday in the Edd Allison home. Mr. and Mrs. Calvin Anderson and family of Grand Prairie spent the week end here with her parents, Mr. and Mrs. Frank Driver and at Hamilton with his parents, Mr. and Mrs. Marlon Anderson. Mr. and Mrs. Billy D. Blakley and baby of Dallas visited last week with his parents, Mr. and Mrs. J. E. Blakley and family. Mr. and Mrs. Vernon Jackson of Grand Prairie visited over the holiday with his parents, Mr. and Mrs. J. T. Jackson and family

Their two small daughters have been visiting in the home for the past week or more. Mr. and Mrs. J. W. (Dub) Blakley and little son of Kansas were visiting last week in the home of his parents, Mr. and Mrs. Roy Blakley and other relatives. Mrs. Dan Fulbright and two little sons of Kerrville have been visiting in the home of her parents, Mr. and Mrs. M. E. Parks and family, while her husband assisted his mother, Mrs. Austin Fulbright of Stephenville with business matters before returning home. They expect to return home Wednesday. Mr. and Mrs. L. V. Houser visited last Sunday in the home of her sister, Mr. and Mrs. Clint Herring and family of Cleburne.

Water Will Run Postwar Chryslers In Emergencies

A quart of water poured into the gasoline tank can save the stranded motorist a long walk to a gas station, if his car is a new Chrysler. All postwar Chryslers are equipped with a super-efficient fuel tank filtering device which is effective against even the most minute droplets of water. Should the new Chrysler "run out of gas," a quart of water poured into the fuel tank will cause the gasoline remaining at the bottom to rise to the level of the filtering element, allowing the car to run a few more miles. No harm will result to the fuel system of the car if the water is drained off by removing the drain plug at the bottom of the tank before refueling. Called the "Oilite" fuel tank filter, the device consists of an Oilite disc which forms the bottom of an inverted steel cup. The filtering disc is made up of small grains of bronze moulded and sintered together into a porous mass fine enough to prevent the passage of solid particles larger than .005" in diameter. The filtering element is tin-plated to prevent the fuel from coming into contact with the copper base material in the element. The entire unit is supported by two legs welded to the fuel tank so that the filter element is about half an inch from the bottom of the tank. Because of its location, the filter protects the entire fuel system. In addition, the sloshing action of fuel in the tank continually keeps the surface of the filter free of dirt particles, so that the element is in effect self-cleaning and never requires attention.

"Let's Talk Live Stock"

By TED GOULDY

Fort Worth, September 4.—As another Labor Day rolled past, the encouraging signs of peace on the labor front seemed to spell continued good demand for the products of the farms and ranches. Wage levels have been strengthened in some key industry spots recently and the present bill which Congress has handed the President tying price controls and wage controls into one package is generally interpreted as good insurance against hasty application of controls on livestock or other farm products.

It is generally believed that the President will be slow about freezing wages. This type of news has been reflected in the increased competition between buyers of stockers and feeders and slaughter buyers. Almost every time, the feeder buyer is getting the two-way type of livestock. Today a load of about 1,100 pound steers from Clay County, fat enough to attract bids of around \$24.50 and \$25 from packers, sold to feeders at \$25.50. Indicative of the strong feeder market were some just fairish kind of red feeder yearlings at \$25 that weighed around the 725-pound marker.

Some sections of South Texas are pretty dry. Bevans Callan, President of the Victoria National Bank, was a Monday visitor in Fort Worth and reported that although the country was rather dry, that all stock being sold was moving at extremely favorable prices. Callan reported also that South Texas cattle that went to northern grass this year were bringing favorable returns.

Although hog supplies have been somewhat larger, they have not been large enough to account for the slowup in pork trade last week which resulted in hog prices slumping somewhat. Top hogs in Fort Worth Monday at \$23.75 are around \$1 under the same day a week ago.

The trade blames a slack-off in pork purchases attributed to buyer resistance and some warmer weather in big consuming centers. Cooler weather will step up demand for pork and supplies of butcher hogs are due to increase seasonally in the next month. The

hog outlook is much more favorable than a year ago, which accounts in part for the rise of \$1 per hundred in the feeder pig market at Fort Worth and the demand for feeder pigs far exceeds the supply here every day. Same is true everywhere, they tell me.

Lightweight calves and stocker cows remain in extremely broad demand, some fair kinds of bald-faced cows with calves sold here today at \$23 per hundred with the calves at \$35. Packers would like to lower prices of boning cows such as canners and cutters, since the housewives are getting increasingly stubborn about present mean prices and in many cases are stepping up purchases of fowl and the other meat substitute but have had little luck since any cow that looks like she'll make it another year usually goes back to the country as a stocker.

The summer bull market has been the best ever, with bulls selling around \$24 to \$25 rather freely at Fort Worth and small sausage mills giving the big packers lots of competition for the available offerings. A good many pasture men and cattle feeders would like to buy some feeder type bulls but have been virtually frozen out by the sausage makers. A few plain and common feeder bulls are being put up in the \$21 to \$23 bracket for feeders.

We are hearing rumors of some concern over the wool supply. Domestic needs this year are taking considerably more wool. Australian wool prices are being reported "sensational." This indicates keen world-wide demand. Currently wool prices in this country are pretty sensational themselves, and in view of the war situation, re-arming, etc., concern over allocation of our wool supplies is being talked in Washington. Look for more news along this line from Washington in just a few weeks.

Feeder lambs climbed to \$25.50 at Fort Worth last week and may reach \$26 any day. Some feeder yearlings Monday at \$20.50 were fully 50 cents higher. Slaughter of sheep and lambs continues large in view of the restocking job that lies ahead for the sheep industry. Lighter wheat feeders should enjoy a most favorable position this Fall with wheat pasture, or feedlot operators eager buyers. In the meanwhile, range men with lots of grass are eager for breeding age ewes.

"OLE SARGE"

THE DEPARTMENT OF DEFENSE has released information stating that Physicians, Dentists and Veterinarians who received all or part of their training during World War II under the Army Specialized Training Program (ASTP) or the Navy V-12 Program, who do not have commissions with other military services, are eligible to receive commissions in the U. S. Air Force.

The present law provides that physicians and dentists who volunteer for service will receive an extra \$100 a month in addition to regular pay and allowances. They will be commissioned as first lieutenants, unless their professional qualifications entitle them to a higher rank.

Veterinarians will be commissioned as second lieutenants or in a higher rank if their professional qualifications permit.

MANPOWER REQUIREMENTS continue to soar as the Korean situation continues to require additional reinforcements.

THE AIR FORCE has announced that its critical requirements are for approximately 50,000 reserve officers and airmen. Of these, it is estimated that about 8,000 will be in officer grades with most of them holding the rank of Captain or below. The remaining 42,000 represent enlisted reserves possessing specially needed military skills.

ON THE LIGHTER SIDE, information has been received from the Special Services Branch of the Air Force, that it plans to establish barbershop quartets at Air Force bases which are interested, in cooperation with the SPEBSQSA (Society for the Preservation and Encouragement of Barber Shop Quartet Singing in America)—Incorporated, that is.

If Airmen take kindly to the new program, one can expect that strains of "Sweet Adeline", "Down By the Old Mill Stream" and other barbershop favorites, flowing through the barracks will become a familiar sound to Air Force personnel.

THIS MIGHT BE A GOOD IDEA. For if there were more good fellowship and harmony in the world, such as is promoted by the SPEBSQSA, this old world might well be a more peaceful place in which to live. So long 'til next week. OLE SARGE.

Refreshment Center To Be Innovation At State Fair of Texas

The Diamond Garter—a new refreshment center for quaffing and chaffing which will offer continuous entertainment—will be a feature of the 1950 State Fair of Texas, Mid-Century Exposition, Oct. 7-22.

With the atmosphere of an old-time music hall of the Gay Nineties, the Diamond Garter will present three nightly performances of "The Drunkard's Daughter," new but nostalgic comical preaching against sin and gin.

From the time the theater-restaurant opens at 11 a. m. until it closes around midnight, patrons will be entertained by singing waiters and hand-bar mustaches, piano players with a "backroom" touch and top talent doubling as actors in the old-fashioned melodrama and as entertainers.

Located at the "top of the Midway," directly across from the sensational new Sky Wheels thrill ride, the spacious Diamond Garter will contain 400 tables accommodating 1600 patrons. From the 100-foot bar, sandwiches, soft drinks and other beverages will be served at reasonable prices.

The Diamond Garter will be operated by R. G. McElyea of Amusement Enterprises in Fort Worth, and the show will be produced by Charles R. Moecker Jr., managing director of the Starlight Operetta and the State Fair Auditorium, in cooperation with McElyea. Decorations for the refreshment center will be designed by Peter Wolf, scenic designer for the Starlight Operetta.

McElyea said that the show to be produced at the Diamond Garter would be of top quality and that entertainers would be the best talent available.

He plans to employ actors for the Melodrama, "The Drunkard's Daughter," who can also sing and otherwise perform, and a brace of good masters of ceremonies will keep things moving at a fast pace continuously.

The Diamond Garter will be the first theater-restaurant of its type to be in operation at the Fair since the Texas Centennial and Pan-American Exposition in 1936-37. Along with excellent entertainment to be provided, the Diamond Garter will offer a comfortable place for State Fair visitors to relax and partake of light refreshment while seeing the sights at the 1950 Fair, McElyea pointed out.

SOCIAL SECURITY—

(Continued from Page 1)

employee and employer will pay 1 1/2% of pay rolls through 1953, 2% until the end of 1959, 2 1/2% until the end of 1964, 3% until the end of 1969, and 3 1/2% thereafter. Only the first \$3,600 of wages in a year will be taxed. This represents an increase from the \$3,000 wage base which has been in effect since 1937.

Self-employed people, who are in effect both employee and employer, will pay 2 1/4% through 1953, 3% until the end of 1959, 3 1/2% until the end of 1964, 4 1/2% until the end of 1969, and four and seven eighths per cent thereafter, on the first \$3,600 of net self-employment income per year.

The new law gives wage credits of \$160 per month toward old-age and survivors benefits for military service in World War II. These wages are to be used in computing all monthly benefits payable on the basis of veterans' wage records after 1949, whether the veteran died in service or after discharge, and regardless of whether pension or compensation is paid by the Veterans Administration.

Included in the social security program for the first time, and under special conditions are household workers regularly employed in private homes. Household workers, including maids, cooks, laundresses, practical nurses, gardeners, chauffeurs, etc., will receive credit only for their cash wages, and will not be covered by the law at all unless they are employed 24 days or more and their cash wages are over \$50 in a calendar quarter.

Regular farm workers including household workers in farm homes, will be covered by social security beginning in January. To be affected, the worker must be employed by one farm operator for a period of not less than five months and those months must fall within two calendar quarters. After full three months employment in the first quarter, the employee must work for the same employer in the second quarter not less than 60 days with cash wages of at least \$50 for work in that quarter. This bars occasional or seasonal farm workers and itinerant harvesters from coverage under the new social security law.

LOCAL BOY RECEIVES MASTERS DEGREE AT UT

Paul Kenneth Wolfe was among 346 students included on the list of Masters' degrees granted from the University of Texas Graduate School, as announced by Dean A. P. Brogan. These degrees were granted at the close of the summer session, August 31. Paul is the son of Mr. and Mrs. H. N. Wolfe of Hico, and has returned home. He received his degree as master of music.
