N. R. to Be Represented in Time Capsule at Mid-Century Exposition

The 1950 State Fair of Texas will mark the Mid-Century point in history for future generations by burying a Time Capsule with instructions not to open until 2050 A. D.

The Time Capsule, containing data of historic interest about life in Texas during the first half of the 20th Century, will be sealed and buried on the final day of the 1950 State Fair Mid-Century Exposition.

Disinterment of the hermetically sealed metal cylinder 100 years hence will probably be a high point of the next Mid-Century Exposition. Its contents will enable Texans at the 2050 Fair either to marvel or smile tolerantly at the way we live in 1950.

Prominent among exhibits to be included in the Time Capsule to give a true picture of Texas in 1950 will be copies of the front pages of virtually every newspaper, daily and weekly, in the Southwest, including one from The Hico News Review.

Other items will include documents and photographs pertaining to the history of Texas and the State Fair and a description of the everyday life of today. The Atomic Age Science Show of the 1950 State Fair will also be described in great detail.

The Science Show at the 1950 State Fair will present a graphic picture of the near-miracles which have been accomplished by Science in the first half of the 20th Century," said James H. Stewart, executive vice president and general manager of the Fair.

"At the next Mid-Century Exposition, when the Time Capsule is opened, who can predict what unimaginable marvels may be revealed at the Science Show of that far-in-the-future Fair? At any rate, it may be amusing to our descendants to see how amazed we are at the Atomic Age accomplishments which then will no doubt be something from the realm of antiquities."

The Time Capsule will be buried at an impressive ceremony at 3 p. m. Sunday, Oct. 22. Officials of the Fair are consulting engineers concerning the type of cylinder to be used and how best to preserve it in its resting place for the next 100 years.

Dates of the 1950 State Fair are October 7-22.

Tarleton Plowboys Schedule 5 Home Games Season Opens Sept. 16

Stephenville, Sept. 11. — The Tarleton State Plowboys open the grid season here against Cisco Junior College on Saturday night, Sept. 16.

After a week of two-day workouts including two tough scrimmage sessions, Coaches Wilkie Zapala and Bob Tullis like their 1950 prospects, Scabbard Marvin Brown, returning letterman from Alice, is expected to spark the Plowboys in their opening game. Brown, who made the SWJC All-Conference team last year, is starting his third season with the Plowboys.

Playing this year in the new Pioneer Conference, the Plowboys are scheduled for five home games. They play Class Sept. 16; Cameron Aggies (Okla.) Oct. 12; Midwestern B, Oct. 20; Schreiner Institute, Nov. 4; and Arlington State, Nov. 23. Out-of-town games on the Plowboy schedule are with Blinn at Brenham, Sept. 23; Ranger Junior College at Ranger, Sept. 28; and HSU at Abilene, Oct. 5; Kilgore at Kilgore, Oct. 20; and San Angelo at San Angelo, Nov. 10.

Three Girl Scouts Receive Pins for Year's Membership

Julia Ann Hedges, Paula Boone, and Marguerite Watkins were awarded second-class badges at the regular Girl Scout meeting Monday night. Gold pins in recognition of the completion of a year of Scout membership were received by Nelda Calder, Julia Ann Hedges, and Bonnie Pierce.

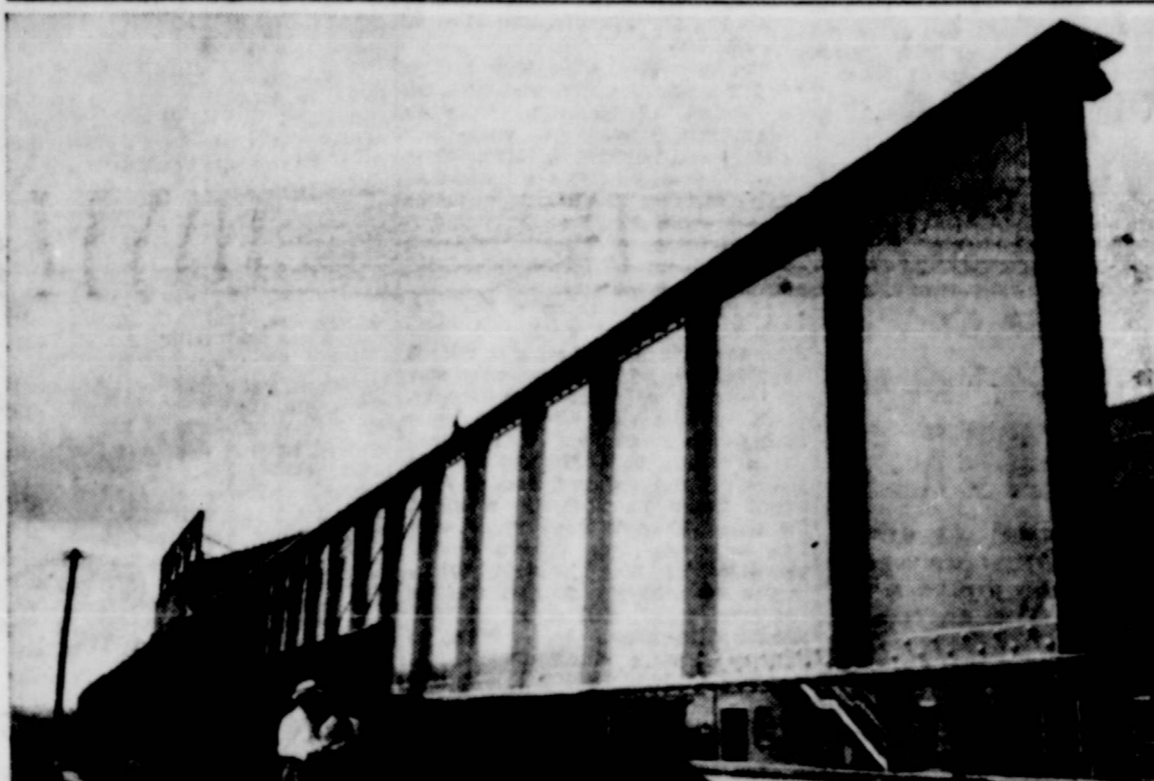

After the meeting, the girls hiked three miles. Visitors of the Scouts were Mrs. W. D. Bradley Jr., Sally Cole, and Joyce Rae Lowe.

SCOUT SCRIBE

GULF STATES TELEPHONE COMPANY OFFICIALS HERE

Oscar Burton, vice-president and general manager of Gulf States Telephone Co., and C. F. Farge, construction and maintenance engineer, both of Tyler, were here Tuesday on business with Miss Fannie Wood, local manager.

GREAT GIRDERS FOR M-K-T's NEW BRIDGE AT WHITNEY

The largest steel girders ever fabricated at the Birmingham, Ala., plant of Virginia Bridge Company are being built into the Missouri-Kansas-Texas railroad bridge now being erected by that United States Steel subsidiary across the Brazos River near Whitney, Texas. Seen here awaiting shipment from the plant are four of the unusually massive girders. Each is approximately the length of two railroad cars and weighs 88,600 pounds. Fifty of the 122-foot girders, with a total weight of almost six million pounds, will go into the 3,052-foot-long span, one of the bridge relocation projects resulting from the Army Corps of Engineers' Whitney Dam and Reservoir in Hill County.

Local VA Teacher Elected Secretary of District Group

Doyle Love was elected district secretary at the meeting of vocational agriculture teachers in the Comanche district in Comanche Monday, J. B. Payne, Area IV Supervisor of Vocational Agriculture, met with them to organize and plan activities of the district for the school year.

A. E. Boyd of Sidney was elected president of the district; Morris S. Dean of Comanche, was elected FFA district adviser, and Earl H. Knebel of Hamilton was elected publicity chairman.

Teachers of vocational agriculture attending the meeting were: Elroy Otto of Blanket, M. Dean and T. L. Peacock of Comanche, Oliver Burk of Comyn, E. H. Campbell and M. Robertson of De Leon, Gayle Adams of Gustine, Doyle Love of Hico, E. H. Knebel of Hamilton, Don Clark of Mullin, Gilbert Davis of Pottsville, Dick Vestal of Friday, A. E. Boyd of Sidney, and J. C. Yeary of Star.

At the next district meeting FFA boys from each of the schools in the district will attend, and elect FFA officers and organize for activities of the district for this school year.

'Stars In My Crown' Offers Entertainment That Is Real, Different

Of interest to local movie-goers is a picture that M-G-M has made, "Stars in My Crown," which comes to the Hico Theatre Saturday midnight, Sunday and Monday. It is what is called a human interest story.

It is not the story of one man or one family—it's about all the folks in this town or any town—the good and the bad—the dramatic things and funny things that happen to them.

Like pretty Ellen Drew—she's the wife in the story. She sort of runs the whole shabang from the sidelines. And young Dean Stockwell as John. Watching him grow is like growing up all over again. And there are characters like Uncle Famous and Chloroform and the bully—every town has them, for better or for worse.

Joel McCrea plays the parson who says, "Either I speak or my pistols do!" He has never played a role like this before. It's different and it's real.

This is a film for the whole family, and it offers solid entertainment.

Ten Teens, Alexander Home Ec Class, Plans Rummage Sale Sept. 23

The ten home economics students at Alexander High School have selected the name "Ten Teens" for their class. Lena Fern Boucher is class president; Wanda Beason, secretary; Marjorie Stagner, treasurer, and Jackie Borgan, reporter. Mrs. Charles L. McGee is class sponsor.

In order to buy paints and other material needed for cleaning and redecorating their quarters the Ten Teens plan a rummage sale. This sale will be held in the afternoon, Saturday, September 23 in the county courthouse in Stephenville.

Any contributions by the friends of the Alexander school will be greatly appreciated, the sponsor adds.

THIS PETTY PACE

BY BROWN LEE YATES

A PIECE OF GOSSIP fresh off its first tongue has no flavor. Retelling is what adds twang.

A newborn story smells like a young baby, just lifted from its bath, sweet and innocent. Sometimes even, it is true, in fact, a choice tale conceived in fact becomes all the more interesting later on because of its birthright of reality. Let's follow a product of the gossip mill through its entire process.

MRS. NEIGHBORLY (to Mrs. Noney)—Mr. Nextdoor told Mrs. Nextdoor he is getting darned tired eating canned eggplant.

MRS. NOSEY (to Mrs. Gab)—The Nextdoors had an argument over her cooking. Seems she's so lazy all she fixes is canned eggplant.

MRS. STRETCHER (to Mrs. Meaney)—Mr. Nextdoor hit his wife over the head with a crate of eggs because she's carrying on with an eggplant salesman. She marched straight to his office and gave his secretary a black eye.

MRS. MEANEY (to Mrs. Garble)—I'm certain I saw Mrs. Nextdoor coming out of the Zebra Room with that salesman. . . . He wore purple spats. . . . They say he's not a Christian, but an eggplant worshipper. . . . Burns in smoke to them. . . . They say he makes Mrs. Nextdoor dance around the tender young eggplant sprouts in a Chinese kimono. . . . You can tell by his skin he's a foreigner. . . . Probably a Californian. . . . He'd look like Rossellini if he didn't have that handsome mustache. . . . She wore rouge an inch thick with a layer of shellac on top. . . . Looked at me without batting an eyelash. . . . They were too heavy with purple mascara. . . . They say Mr. Nextdoor has been in every joint in town rubbing noses with his Eskimo secretary. . . . She must be an Eskimo, he gives her so many furks. . . . He tried to poison his wife by slipping castor oil into her codded eggs.

MRS. GARBLE (to everybody) I saw two eggplants making love behind a palm tree in the lobby of the Grand yesterday.

GEO. GOLIGHTLY BUYS BULL FOR HICO RANCH

Geo. B. Golightly recently purchased a purebred Aberdeen-Angus bull, Blue Bonnet 9th from Marvin B. Simpson of Robert Lee. He also purchased 14 cows and calves from Simpson.

The animals are for Golightly's "Bosque Valley Farm" which is located a mile and a half north of Hico on Highway 281.

"Prince Sunbeam 23rd" is another purebred Aberdeen-Angus which Golightly purchased recently from Dr. Watson's herd at Austin.—Waco News-Tribune.

Lions Will Consider Plans for Cooperative Community Center

Consideration will be given by the Hico Lions Club to a request from the Review Club that various organizations of the city join together in rehabilitating the old cannery building, formerly the city jail, into a community center.

A preliminary report was heard at Wednesday's luncheon meeting and M. I. Knudson was appointed to head a committee to investigate the proposition and report back without making any definite commitment.

W. D. Bradley Jr., program committee chairman, tendered excuses for not having something at this meeting. Upon request by R. D. Boone, he turned over program arrangements for next week to R. D. Boone, who proposes to have Boy Scouts from the local troop put on a Court of Honor.

Willie Sirman, football coach at Hico High School, promised a lively game here Friday night with Strawn, predicting that the locals would do better than they did last week when Dublin's crack A team trounced the Tigers 39-0.

Truman E. Roberts gave a quick run-down on proceedings at the Democratic State Convention held at Mineral Wells Tuesday, which he attended as a delegate.

Vice-President R. B. Jackson presided over the meeting in the absence of President M. S. Norton. Attendance numbered twenty-three members and R. R. Razaesky of Fort Worth, a guest of Weldon Pierce.

First Driving Class In County Is Being Taught At Hico High

About 30 Hico High School students were enrolled this week in a driver and safety education course, offered for the first time this year. Coach Willie Sirman, who received a special certificate qualifying him to teach such a course when he attended Sam Houston State College this summer, is the teacher.

Students aged 14 to 16 are eligible for admission to the class, and they will receive instructions behind the wheel. A car will be furnished the class by George Jones.

The Hico school is the only school in Hamilton County offering the course, according to Superintendent J. E. Lincoln, and it has had a popular reception.

Equipment Available To Hamilton-Coryell S. C. District Members

The Hamilton-Coryell Soil Conservation District now has available the following equipment which may be used in the application of soil conservation measures in neighborhoods and communities: 1 Mowing Machine; 1 Manure Spreader; 4 Post-Hole Diggers; 4 Whirlwind Terracers; and 10 Grain Drills with small seed and fertilizer attachments.

The Supervisors advise that any neighborhood wishing to use this equipment on an estimated maintenance basis can, through a neighborhood representative, see Mr. Elmo Newsom, Secretary of the Board, and make necessary arrangements for handling and operation.

TIGERS PLAY STRAWN IN FIRST HOME GAME

LOCAL COUPLE ON WFAA FARM TOUR

Mr. and Mrs. H. H. Ramage were among the 100 booted, big-hatted Texans who boarded Radio Station WFAA's special farm train last Sunday noon.

In a re-broadcast Monday of an interview just before departure from Dallas' Union Terminal, Hawthorne and Mattie displayed the enthusiasm of a high school pep squad. Mattie, when asked where she was from, gave her address as Iredell, Hico and Stephenville.

"Those folks down there'll get jealous, if we don't mention all three towns," she said in a voice that adapted itself to radio like a professional.

"How am I doin' Holford?" she interposed after that.

"Who's Holford?" asked her sponsor.

"Why, he's the editor of our local paper," Mattie replied.

"What are you looking forward to most on this trip?" was the next question.

"Well," the local character said, "I think I'll enjoy most showing that bragging mayor of Los Angeles how we Texans can roll a Bull Durham cigarette." To say the least, there will be a lot more people know pretty soon where "Peaceful Black Stump Valley" is situated.

Coming from all parts of the state, the Texans headed out at 2 p. m. Sunday on an 18-day, 6,000-mile tour of the Pacific Northwest.

Murray Cox, WFAA farm director and trip captain, announced before departure that all plans were complete.

"We're going to show Texans to the West. That's the reason for the cowboy boots and 10-gallon hats," Cox said. "And while we're doing the showing, we're going to take a look at the West ourselves."

When the whistle blows to open the first game of this year's Southwest Conference season on September 23rd, it will also signal the start of Humble Oil & Refining Company's seventeenth consecutive year of broadcasting the games to Texas radio followers of the sport. This year, as last, the Conference has awarded Humble television as well as radio privileges, but with the special proviso that only sell-out games may be telecast.

Last year's broadcast teams remain virtually intact. Kern Tips, pronounced best in the nation by Texans, heads a staff which includes such well-known announcers as Ves Box, Charlie Jordan and Bill Michaels. It is an interesting fact about all four of these men that none of them depends upon football broadcasting for his livelihood; Tips is an advertising agency principal; Box is a radio station executive; Jordan is vice president of a radio network; and Michaels is manager of a radio station. These jobs keep them in Texas, and their interest in football keeps them on microphones during the football season.

The season's first broadcast, September 23, will find the broadcast crews scattered over four states, covering intersectional tilts at Laramie, Wyoming, Sacramento, California, Lawrence, Kansas, and Dallas and Lubbock, Texas.

Before the season is over, the staff of announcers, engineers and supervisors will have covered several thousand miles of the United States by train, plane and car. And to make sure they catch the right train, that there will be hotel reservations available in football-crowded towns, that telephone lines are installed well before the game and that spotters are on hand to identify members of strange teams, dozens of other behind-the-scenes workers will keep busy from now until the last word of the final game goes on the air December 9. Engineers, linemen, time buyers, radio writers, and secretarial workers will spend hundreds of man-hours performing the dozens of different chores necessary to put a football game on the air.

ATTEND DEMOCRATIC STATE CONVENTION AT MINERAL WELLS TUESDAY

Among the attendants at the Democratic State Convention last Tuesday were the following from Hico:

A. A. Brown, precinct chairman; Mr. and Mrs. Odis Patsick, Mr. and Mrs. Truman E. Roberts, Mr. and Mrs. Lawrence Lane, and Mr. and Mrs. J. N. Russell.

W. W. Carson Jr., precinct chairman at Olin, also attended and got his picture on the front page of The Fort Worth Star-Telegram.

Evenly Matched Rivals Will Kick Off Friday At 8 P. M.

Last Friday night the Dublin team defeated the Hico Tigers by a score of 39-6. Loss of the game was attributed in part to the fact that Dublin has been practicing since August 15, whereas Hico was not permitted to start until September 1. This made Dublin's plays smoother, and the boys also seemed to be in better physical condition, as well as outweighing the local boys.

First home game of the season will be played Friday night (tonight) against the Strawn Greyhounds, beginning at 8 p. m.

"The Tigers have been working hard this week in preparation for this game," stated Coach Willie Sirman Wednesday, and he continued: "Strawn is a Class B team and for years has produced a strong aggregation. This should be a good game, so let's all you people come out and see our Tigers in action on their home field."

Following is a list of probable starters for both teams:

Table with 3 columns: Player, Position, Weight. Lists players for HICO TIGERS including Jones, Fred-B & E, Terry, Benny-T, Elms, Donald-B, Chaney, Rolin-C, Able, Jimmy-B, Kennedy, Jim-E & B, Gray, Virgil-E & T, Loden, Billy-B, Petry, Norman-T & G, McWilliams, Roy-G, Lively, Wendell-B.

Table with 3 columns: Player, Position, Weight. Lists players for STRAWN GREYHOUNDS including Wimberly, Ted-B, Salazar, Charles-B, Lynn, Richard-C, Mallory, Pat-E, Hopkins, Jim-G, Lindsay, Joe-B, Miller, Jim-T, Couger, Mac-T, Riebe, Jim-B, Elmore, Dale-E, Atkins, Wilbur-G.

The Strawn team, coached by M. J. Schofield and managed by Shannon Heath, has an average weight of 138 pounds on the full team, while Hico's boys average 148. Although this is not a conference game, it should prove exciting to watch.

Humble Again To Broadcast Football Games of Southwest

When the whistle blows to open the first game of this year's Southwest Conference season on September 23rd, it will also signal the start of Humble Oil & Refining Company's seventeenth consecutive year of broadcasting the games to Texas radio followers of the sport. This year, as last, the Conference has awarded Humble television as well as radio privileges, but with the special proviso that only sell-out games may be telecast.

Last year's broadcast teams remain virtually intact. Kern Tips, pronounced best in the nation by Texans, heads a staff which includes such well-known announcers as Ves Box, Charlie Jordan and Bill Michaels. It is an interesting fact about all four of these men that none of them depends upon football broadcasting for his livelihood; Tips is an advertising agency principal; Box is a radio station executive; Jordan is vice president of a radio network; and Michaels is manager of a radio station. These jobs keep them in Texas, and their interest in football keeps them on microphones during the football season.

The season's first broadcast, September 23, will find the broadcast crews scattered over four states, covering intersectional tilts at Laramie, Wyoming, Sacramento, California, Lawrence, Kansas, and Dallas and Lubbock, Texas.

Before the season is over, the staff of announcers, engineers and supervisors will have covered several thousand miles of the United States by train, plane and car. And to make sure they catch the right train, that there will be hotel reservations available in football-crowded towns, that telephone lines are installed well before the game and that spotters are on hand to identify members of strange teams, dozens of other behind-the-scenes workers will keep busy from now until the last word of the final game goes on the air December 9. Engineers, linemen, time buyers, radio writers, and secretarial workers will spend hundreds of man-hours performing the dozens of different chores necessary to put a football game on the air.

Bosque Valley League Games Drawing Large Crowds of Spectators

Iredell tied the play-off series last Sunday, with a 7 to 4 victory over Alexander. This leaves the two teams with one win each. The teams will resume activities next Sunday at Iredell. Winning pitcher was Knudson and losing pitcher was Jack Sones.

A very large crowd was on hand for this game. We expect an overflow crowd at Iredell next Sunday to see the final game of this series.

Duffau won a practice game from Hico last Sunday. They await the winner of the Alexander, Iredell squabble to resume the play-off series for the League Championship. This final series will start Sunday, Sept. 24.

Hico Schools Show Total Enrollment Of 307 Students

Three-hundred and seven pupils have enrolled this year in the Hico schools, Supt. J. E. Lincoln has announced. The grammar school enrollment of 201 is approximately the same as that of last year.

A slight decrease was noted in the high school because of a smaller than average freshman class. Lincoln said that a number of pupils had checked out to pick cotton, and the enrollment would show a gain upon their return.

Fairy

By Mrs. Eunice Massengale

We received more rainfall early Sunday and Monday and at this writing (Tuesday) we have good indications of more. Farmers would surely like to see some fair weather in order that the rest of the maize and corn might be harvested and other farm work continued.

daughter, Mae Nell, have moved into one of the tearage buildings in order to be near his school work. He is superintendent of the Fairy school. We welcome them into our midst. Our school opened last Friday morning with a number of parents and citizens of the community present. After the singing of "America," and a song in honor of our school and town, the invocation was given by Mr. Robert Whitaker. After which an opening address and introduction of faculty members was given by Supt. Jones. Mr.

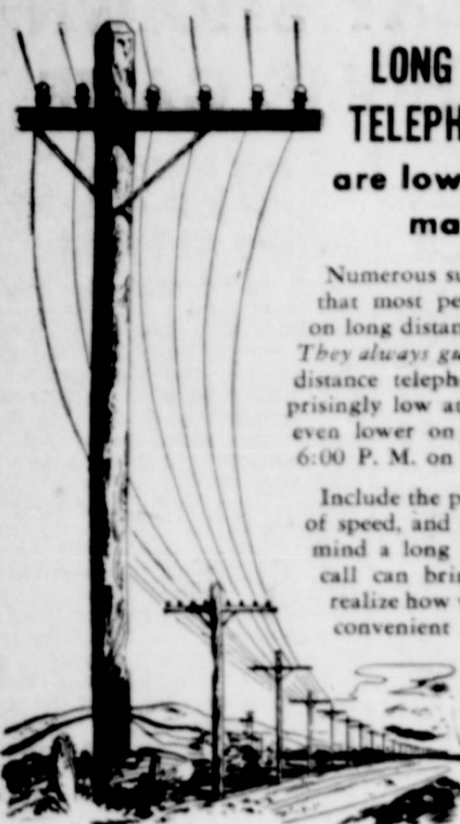

Liby Petsick will teach history and serve as ball coach, and his wife will teach English and typing. Miss Jane Coleman of Denton will teach science, Mrs. Zimmerman, whose address we failed to get will teach the fifth and sixth grades. Mrs. Evelyn Sorenson, who is the former Miss Evelyn Burden of Fairy will teach the third and fourth grades, and Mrs. Bradley, who lives north of Fairy on Hico, route 3, will teach the first and second grades. She has taught in the school the past few years and also teaches music. Mr. Glass of Flat, Texas is also a teacher in the school but we failed to get the subjects he will teach. Bus drivers are Elzie Parks, Texas Allison, Otis Dansby, and Mr. Bulard, who now resides on what is known as the Bridges place. James Arrant will serve the school as janitor and Mrs. Maude Whitson and Mrs. Dewey Massingill are in charge of the lunch room. All are looking forward to a very successful school term.

Johnnie Mullens of Talco, Texas was a Fairy visitor last Saturday. He and his wife were in Hico for a week end visit with her sister, Mrs. Lucille Battershell, who is ill. They are former Fairy residents. While at Fairy, Mr. Mullens visited a while in the V. H. Heyroth home, who were close friends and former neighbors of the Mullens. Mr. and Mrs. Frank Driver were visitors in Grand Prairie and Texas City over the week end. They were accompanied to Texas City by their son and wife, Mr. and Mrs. Dalton Driver of Grand Prairie, where they visited in the home of their son and brother, Mr. and Mrs. Raymond Driver and family. They returned home Monday.

Miss Daphne Hoover of Stephenville spent the week end here with her parents, Mr. and Mrs. E. M. Hoover. Mr. and Mrs. Carl Ray Sellers and his parents, Mr. and Mrs. S. Sellers of Hamilton were in Waco last Thursday to visit their sister and daughter, Mrs. Raymond Jones, who was a patient at the Hillcrest Hospital. Mrs. Jones was brought home on Friday, but is still in very ill health and will be unable to assist with household duties for some time. E. M. Hoover made a business trip to Brady last week and while there met up with an old friend, Mr. Quince Davidson, who was reared in the Lanham community. After a chat with him they drove out to where another of our Hamilton county men, Jim Burris was working and enjoyed a chat with him. Later he visited a short while at Penny's Dept. Store with an employee, Mrs. Evelyn Smith, a niece of Mrs. Hoover. While there Mrs. Myrtle Enger, mother of Mrs. Smith and sister of Mrs. Hoover happened in. Glad to know all were doing okay. Mr. and Mrs. Frank Driver and Mrs. Gladys Cox were visitors at Nelson's Hatchery in McGregor Tuesday for baby chicks. Mr. and Mrs. Carl Ray Sellers and children visited last Sunday in the home of his parents, Mr. and Mrs. N. S. Sellers of Hamilton.

The writer and mother, Mrs. A. L. Newman, visited last Sunday with relatives in McGregor and Moody. At McGregor we visited at the home of a cousin and nephew, Carol Nelson, who is seriously ill of a heart ailment. Here we met our aunt and sister, Mrs. Laura Nelson of near Moody who had been at the bedside of her son for the past two weeks. We also met a number of cousins, nephews and nieces here including Mr. and Mrs. Clarence May of near Moody. At Moody we visited at the home of Mrs. Sallie Cavitt and her sister, Miss Ida Meador, cousins of Mrs. Newman. Crops in that section are not too good. Fully two thirds of the cotton is dead. Mr. and Mrs. Guy Lockhart and Barbara of Pidcoke visited Sunday with her parents, Mr. and Mrs. V. H. Heyroth. Mr. and Mrs. V. H. Heyroth visited a while Monday night in the home of his mother, Mr. and Mrs. Elmo Heyroth of Walnut Springs.

There was a mistake made last week in reporting a visit by Mr. and Mrs. L. V. Houser, visiting in Cleburne. It should have read they visited in the home of Mr. and Mrs. Claude Herrin and family instead of Clint Herrin. We thought we gave the name correctly. Mr. and Mrs. Della Seago and Sherry of Waco visited Sunday in the home of her parents, Mr. and Mrs. Eld Allison and Texie. Well, old Fairy at last has a phone system again. Several of the boxes have been installed and we feel sure all who have signed up will have a box in a few days. Dr. Robert Lackey, his wife and daughter, Dale, of Dallas spent the past week with Mr. and Mrs. Bill Lackey and family. Mrs. Maude Lackey of Dallas visited several days this week in the home of her nephew, Mr. and Mrs. Bill Lackey and family, and with her sister-in-law, Mrs. Emma Lackey.

LONG DISTANCE TELEPHONE RATES are lower than you may think

Numerous surveys have proved that most people guess wrong on long distance telephone rates. They always guess too high. Long distance telephone rates are surprisingly low at all times . . . and even lower on Sunday and after 6:00 P. M. on weekdays.

Include the priceless advantages of speed, and often the peace of mind a long distance telephone call can bring—and you will realize how very, very little this convenient service does cost.

FAIRY SCHOOL NEWS

Freshman News Well here we are at the beginning of a new school term, and all very proud to be back. We elected our class officers this morning. They are: President, Glenn Arrant; Vice-president, Kenneth Knapp; Secretary-treasurer, Virginia Lawson; and Reporter, Joyce Fields.

We also elected our high school pep squad leaders yesterday. They are Louise Jackson, Audine Clark, Jo Ann Barbee and Betty Stone. The mascots are Doren Williford and Mickey Streater. I think our class will study hard this year and make good. Reporter, Joyce Fields.

Sophomore News Well school has started again and I guess some of us are happy. Some of the sophomores have had quite a vacation. This week end and almost every other one, Louise Jackson has been over at Shirley Streater's or Shirley over at Louise's. T. C. went to Stephenville yesterday and I wonder if he still has a car. Bivin went to see Melvin but didn't find him at home. The football boys came up to the good old football field and practiced football. Also found Louise's old car in front of Mr. Jones house. She, Shirley and Gwen visited Mr. and Mrs. Jones and Miss Coleman. We also would like to mention that we are glad to welcome back, a former classmate, Marie Driver and a new boy, Belvin Ahsted.

Junior News School has started again, and we are having a very nice time so far. We have all new teachers in High School, so we are busy getting acquainted. We have the same number of students, six girls and four boys in our class. The boys have started their football practice and the girls have organized the pep squad and elected their leaders. They are Betty Stone, from the freshman class, Louise Jackson from the Sophomore class, Audine Clark from the Junior Class and Joan Barbee, from the honorable and dignified seniors.—Reporters, Maxine McKandless and Audine Clark.

Senior News Well, look at us, we finally made it up to the top step of the ladder of education.

Seniors seem to like the routine of starting to school this year. We can tell you more about the situation later on during the year.

We haven't increased or decreased this year. Still the same old four—Virginia, Jo Ann, Delbert and James L. We think we will get along better this year than last.

We are satisfied with our subjects which are literature, Geometry, Civics and Safety Education.

We wish to welcome all the new teachers which we are very proud of. We think more of them, every time we go to class. Our schedule is different from last year.

St. Olaf Lutheran Cranfills Gap, Texas SUNDAY, SEPTEMBER 17, 10:00 a. m. Sunday School and Bible Classes. 11:00 a. m. Morning Worship. 7:30 p. m. Senior League. Hosts: Mr. and Mrs. Chris L. Rhone and Mr. and Mrs. C. O. Sorenson. MONDAY, SEPTEMBER 18, 7:30 p. m. Ladies Chorus. SATURDAY, SEPTEMBER 16, 9:30 a. m. Enrollment of Junior and Senior Confirmation Classes. A sincere and cordial welcome to all services and meetings. BENJAMIN R. MAAKSTAD, Pastor.

Looking for a Money Saver?

Better Buy Buick!

YOU CAN SEE here how smart it is—don't have to be told that it's the most quickly identified car on the road today.

You probably know that the engine under that broad bonnet is a Fireball straight-eight valve-in-head engine and a lively stepper in any company.

You can check the abundance of its room by the simple expedient

of taking the family and trying out its spaciousness at the nearest Buick dealer's—and a very few minutes on the open road will satisfy you that all-coil springing, low-pressure tires and Buick's torque-tube drive really do produce a ride that is matchless for its soft comfort.

BUT RIGHT NOW, it may be that the money angle is the thing uppermost in your mind, and on that we'd like to make two points:

All our records go to show that this is the most economical Buick ever built. It is easy on gas, on oil, on tires, on upkeep.

And if you choose it with Dynaflo Drive,* it immediately eliminates all chance of friction-clutch repair and replacement—not to mention greatly reducing rear-axle and transmission maintenance.

Best of all, your initial outlay is a highly favorable one—whatever Buick you buy. For these brawny straight-eights—built rugged and solid for durable service—are priced at a level that makes them a standout buy in any price class.

Yes, better buy a Buick. Your dealer will be glad to demonstrate, glad to work out all the arithmetic of a deal. See him right away and get an order signed.

Standard on ROADMASTER, optional at extra cost on SUPER and SPECIAL models.

YOUR KEY TO GREATER VALUE

Tune in HENRY J. TAYLOR, ABC Network, every Monday evening.

"OLE SARGE"

THE ARMY SIGNAL CORPS has initiated action to organize a limited number of skilled photographic cameramen into units, consisting of one officer cameraman, two enlisted still cameramen, and two enlisted motion picture cameramen. These units will be equipped and trained for immediate service where needed to augment the Signal Corps cameramen already in the field.

DONATION BY THE ARMY OF captured foreign and obsolete U. S. military weapons to veterans', civic, and other organizations for ceremonial or military trophy display purposes, has been suspended for the duration of the present emergency.

Since World War I the Army Ordnance Corps has distributed captured and obsolete U. S. weapons in accordance with existing law. Included in such donations have been about 150,000 rifles for ceremonial use and some 3,000 other items such as tanks and artillery pieces. The latter were largely to replace older trophies donated by their owners to support wartime scrap drives.

A CAREER IN THE ARMY is in every sense a part of the American way of life. Many people regard the Army as something "different," something that isn't quite a normal part of life for the average American. Perhaps it is because we are so definitely an unmilitaristic nation, that some of us don't fully appreciate the value of an Army career. However, the lesson of two devastating wars in one generation, has proved that the Army is as vital to the nation as any other public service; and there is a growing realization that the best of us may well choose an Army career as highly advantageous and PATRIOTIC. The Army offers young people a chance for a career which is of REAL and IMMEDIATE service to the nation. Every one who feels his obligations as an American, wants in some way to serve his community and his country. IT IS THAT FEELING WHICH MAKES OUR DEMOCRACY LIVE!

So long 'till next week, OLE SARGE.

FOR GOODNESS SAKE!

Duffau

By Elmer Glensecke

Rain was falling here again Monday morning. Boll worms and weevils have practically destroyed the cotton crop.

School is progressing nicely under the management of Archie Chandler as principal, and Mrs. Jennie Phillips and Mrs. Marie Lawrence as assistants. Mrs. Lucille Brown again has charge of the kitchen.

Mrs. William Power and her two children, Billie and Katy, arrived back in the U. S. from Tokyo, Japan, where they have been for several months. Mrs. Power, formerly Miss Mary Julia Talley, and her two children are staying with her parents, Mr. and Mrs. H. H. Talley. William Power is with the fighting 25th Army and the 27th Infantry in Korea.

Mrs. E. Lewallen is visiting her 90-year-old mother at Leveland this week.

Mrs. J. C. Kilcrease is at the bedside of her mother in Haskell County.

Mrs. C. B. Burgan had a near-serious accident last week, when a 22 rifle was accidentally discharged, the bullet going through her left ankle and lodging in the lower part of the foot. She was rushed to the Stephenville Hospital where the bullet was removed. Mrs. Burgan remains in the hospital for several days.

Several from here attended the funeral of Mrs. George Lively at Millsville Monday.

Henry French of Fort Worth spent Friday night in the home of Mr. and Mrs. Floyd Scales.

Mr. and Mrs. W. C. Fouts visited his brother in Temple last Thursday.

Mr. and Mrs. J. R. Lawrence visited relatives in Iredeil Sunday.

Mr. and Mrs. Max Burgan were honored with a miscellaneous shower at the home of Mr. and Mrs. Johnnie Roberson Saturday night. Mrs. Burgan is the former Miss Jo Nell Caughy. They have moved to Fort Worth where Max has a job with one of the large packing companies.

Mr. and Mrs. John B. Fouts took their small son (John Willie) to the hospital at Hico last Friday, where he remained for two days with bronchial asthma.

Mrs. S. W. Witt is a patient in the Stephenville Hospital.

The Methodist meeting closed Sunday with conference, also dinner on the ground. The pastor, Rev. Dutton of Carlton, did the preaching.

Misses Elwanda and Elvonda Stringer, the charming twins of Mr. and Mrs. Bud Stringer, spent the week end with relatives. The girls are in Fort Worth taking secretarial courses, and are making high grades.

Mr. and Mrs. Buddy Engler of Stephenville spent Sunday with Mrs. Engler's parents, Mr. and Mrs. C. C. Nachtigall.

The Mirror

Editor—Mary Nell Keller

SENIOR NEWS

This starts the beginning of our last year in high school. We elected our class officers on Monday, Tuesday and Wednesday. They are as follows:

Reporter—Joy Griffin
President—Roline Chaney
Vice-President—Paula Decker
Secretary—Kenneth Johnson
Treasurer—Patsy Salmon

Mary Nell Keller has been elected Editor of the Mirror. Our seniors are very important this year. The two co-captains of the football team are Roline Chaney and Virgil Gray, who are both seniors. Our boys will play Strawn this week here in the Hico stadium. Let's go to the games and give our support.

FRESHMAN NEWS

We freshmen are starting our first year in high school and are just now getting used to the idea. Our freshmen girls were initiated last Friday. We were certainly cute in our make-up. But all in all, Hico High is not so bad.—Peggy Goodloe.

JUNIOR NEWS

It seems as though everyone is getting used to the new teachers and routine of school.

We are sorry that the football boys lost their game with Dublin Friday night. They play Strawn here Friday night. We are sure they will win this one.—Margaret Hampton.

PROBLEMS

Each day it seems as if high school students run into some problems of some sort. In this column we would like to take time to get different students ideas on these problems. This week we have taken up the problem of going steady.

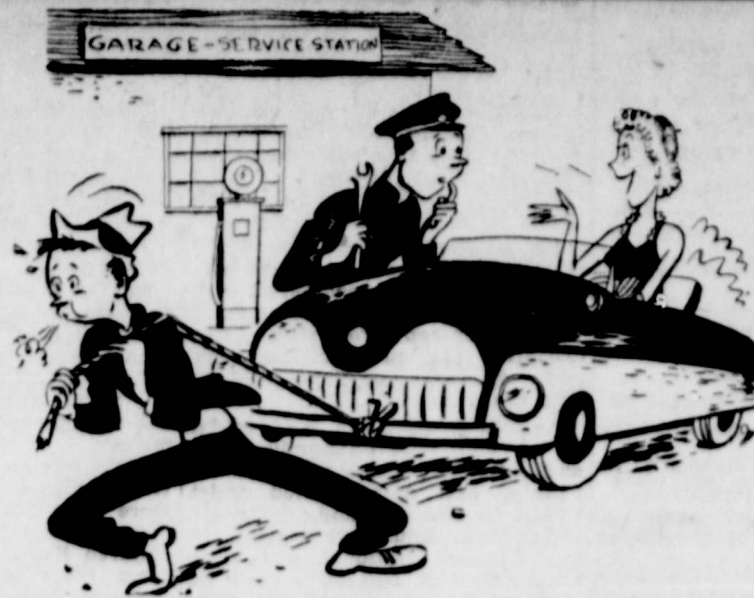

This question of going steady is more frequently raised at home. Parents often object because of age or because of being afraid they will lose their children in a young marriage. Some people are old enough to go steady at 16 while others aren't until about 18.

Some people aren't content to just go with one person. These are the ones who shouldn't go steady. Those that don't care to go with anyone else undoubtedly are in love.

One objection to going steady is that it is a one-sided affair. One should never agree to steady unless you both agree upon it.

Some more opinions on this are: "Poovey on it." "It's alright if they both agree on it and get along." "At least you know you have a date for Saturday night." If their intentions go farther, heck, why bother?"

Since this was Mrs. Angell's idea suppose we get her opinion on the fact. Quote: I think it is silly for you high school students to think of such things. Unquote.

JUST FIX THE GAS GAUGE --- IT'S BEEN STUCK AT EMPTY THE LAST TEN MINUTES!!

Well, here's the place that has the cure. A tank full of our quality gas will give the car the power it needs. And, meanwhile, maybe the boy friend could use some refreshment, too, while we fill 'er up.

Problem Kitchen Gets Face Lifted

Here was a problem kitchen: lots of room but no place to work! Inadequate work surface, worn out and unattractive base cupboards, and an old fashioned sink hampered this homemaker's work. There was no wall storage space and the pantry was an ugly catch-all, neither part of the kitchen nor out of it.

Look! The same room, but now a beautiful, back-saving kitchen. Not magic, but a plan provided by the Youngstown Kitchen Planning Service did the trick. One window was removed to make way for steel wall cabinets, and the other provides light over the new double-bowl, double drainboard steel cabinet sink. A simple archway makes the pantry part of the kitchen. It is furnished with more base and wall cabinets, along with the range and refrigerator. Now there's convenience in a concentrated area and plenty of room for eating, too.

Light Up! FOR HOME STUDY

BETTER LIGHT MEANS BETTER GRADES

Homework requires concentration and close attention to small type. Plenty of good light is needed to prevent eyestrain and fatigue that may lead to poor grades.

For better light at the study table, give your children a study lamp that is . . .

- Equipped with at least a 150-watt bulb
- Well shaded to prevent glare
- Tall enough to spread light over a wide area

We'll gladly recommend the right kind of lamp for home study . . . and help you with suggestions for better light elsewhere in your home. See us about it today!

Silence Is Golden But Not For Purposes Of Social Security

"Silence is golden—but not all of the time," stated Elliott W. Adams, manager of the Waco Social Security Administration field office.

"The most important responsibility that a 65 year old worker or a survivor of a deceased worker has, is to speak up about the insurance benefits that may be payable in his case," Adams continued.

"The social security office has no way of knowing when a death occurs or how to get in touch with an aged, retired worker. Silence at such a time will probably mean the loss of insurance benefits, since back payments may be made for only three months. In Hamilton County last year a number of persons failed to get in touch with our office, and as a result, lost hundreds of dollars in monthly benefits. Also, the lump-sum death payment is lost to a survivor of a deceased insured worker if he waits more than two years after the worker's death to file his application.

"If there are any 65 year old wage earners who have not inquired about their old-age insurance payments, or any relatives of deceased workers who have not seen about the possibility of survivors benefits they should write or visit our office immediately. An investment of a penny post card to the Social Security Administration, 206 North 6th Street, Waco, Texas, may mean the saving of dollars in insurance benefits," concluded Adams.

Cites Big Gain In Leadership of National 4-H Club Program

Rapid increase in participation in the National 4-H Leadership program since 1948 was announced by G. L. Noble, director, National Committee on Boys and Girls Club Work, in a Chicago interview.

Noble pointed out that 97,119 members were enrolled in the program last year, as compared with 73,176 in 1948, an increase of more than 32 per cent. Forty-five states accepted the program in 1948, while 47—including Texas—did so this year.

Awards comprise a gold medal of honor to the outstanding boy and girl in each participating county and a gold-filled wrist watch to the boy and girl State champions. Educational trips to the Chicago National 4-H Club Congress next November will be awarded to eight sectional winners—four boys and four girls—selected from the State champions. On the national level, \$300 college scholarships will be given to the high ranking boy and girl, and \$150 college scholarships to the second high boy and girl. All these awards are provided by Edward Foss Wilson, Chicago meat packing company president.

In addition, the two top national winners—boy and girl—will each receive a silver plated serving tray for permanent possession, donated by the Horace A. Moses Foundation, of West Springfield, Mass.

Last year's state winners were Harry Schneider, of Sequin, and Betty Blackberry, of Whiteright. One hundred fifty blue award winners received county medals. The program is directed by the Cooperative Extension Service. County Extension agents will furnish full information.

Governor Shivers To Open Prison Rodeo At Huntsville Oct. 1

Huntsville, Sept. 11 (ECHO).—Mr. French Robertson, Chairman of the Rodeo Committee, Texas Prison Board, stated today that Governor Allan Shivers has accepted the Prison Board's invitation to attend the opening ceremonies of the nineteenth annual Prison Rodeo, to be held here, Sunday, October 1st. The Governor and his party will be the guests of Prison Manager O. B. Ellis during their stay at the Rodeo.

In further display of honor to Governor Shivers, Mr. A. C. Turner, rodeo publicity director, stated that the White Oaks School Band is appearing on opening day. This band has gained nation-wide recognition as the largest rural school band in the country and has brought well deserved credit to the state of Texas.

Mr. Robertson promised many special features for Governor's day ceremonies and says that it will be the fastest, wildest show in the history of the rodeo. Activities will start promptly at 2:00 p. m. on October 1, and continue each Sunday throughout October. A full complement of newsmen are expected to cover this nationally known show for press, radio, newsreel and magazine publications. Mr. Roy Dillon will again be at the microphone as rodeo announcer.

Plenty of seats will be available with the new and modern bleachers replacing the old wooden stands. Reserved seats are now on sale at the Prison Ticket Office in Huntsville.

Transporting 320,000 Texas School Children Is Big Job Well Done

Austin, Texas, Sept. 11.—Texans are now taking good care of their million and a half school children including the transporting of 320,000 of them 55,560,365 miles during the last school year the Texas State Teachers Association pointed out today.

Nearly 6,000 public school buses carried the children to and from their homes during the 175 school days last school term a distance equal to 2,222 trips around the world at the equator. The daily total of travel was 317,431 miles.

State school funds provided for transportation averaged a little more than \$30 per pupil for the year, or a total of \$16,346,175. Only children living two or more miles from their school are provided transportation.

A total of 25,212 more pupils were carried by school buses during the last scholastic year than during the 1948-49 term. The increase was partly due to the consolidation of more school districts and more districts qualifying for state aid, but most of it was caused by increased enrollment. Nearly 5 per cent more children were in the public schools last year than in 1948-49. Transportation increased only 6 per cent. The nearly 6,000 buses in use throughout the state are valued at \$17,492,869, according to a survey recently completed by L. H. Griffin, state school director of administration services.

His survey also disclosed that one-fourth of the school buses should be replaced with new ones. School buses are expected to give satisfactory, economical and safe service for five years. More than five per cent of the buses in use are ten or more years old. Another three per cent are nine years old and 17 per cent of the vehicles have been in service from six to eight years.

School buses traveled 126,218 miles daily over dirt roads and the remainder 191,213 miles on paved or gravel thoroughfares. Buses and tires are now purchased through the state at a considerable saving to the individual school districts.

Steel Girders Going Up On Railroad Bridge Across Lake Whitney

The largest steel girders ever fabricated at the Birmingham, Ala. plant of the Virginia Bridge Company—50 in. all, with a total weight of almost six million pounds—are being built into the Missouri-Kansas-Texas railroad bridge now being erected by that United States Steel subsidiary across the Brazos River at Whitney, Texas.

The dimensions of the unusually massive girders, two of which are required to build each of the 25 deck plate girder spans, are 121 feet 10 inches long by 10 feet, seven inches deep. They weigh 88,600 pounds each. Because of their great weight and length, each girder during shipment fills one gondola car and stretches almost half the length of flat cars placed before and behind the gondola.

To set the girders in place, it has been necessary to put into use Virginia Bridge Company's most powerful derrick car, having a capacity of 80 tons at 60 feet. It is one of only three in this country sufficiently large to handle this particular load.

Officials of the company expect to set a span a week (including track) when they get into full operation, thus completing the erection job within six months.

In connection with the same project, Virginia Bridge is furnishing six 75-foot girder spans for another bridge across Steel's Creek.

The erection of the two bridges was necessitated by construction of the Whitney Dam, a water conservation and flood control measure, by the Army Corps of Engineers. Holders of the general construction contract are Winston Bros. and Consolidated Western Constructors, Inc., with the fabrication and erection of bridge steel work being subcontracted to Virginia Bridge. Consolidated Western is also a U. S. Steel subsidiary.

Meeting to Be Held At Tarleton College About Night Classes

Stephenville, Texas, Sept. 11.—Anyone from Hico and surrounding territory may enroll for night classes at Tarleton State College, Stephenville.

A meeting of all who are interested will be held in the Tarleton Auditorium, Monday night, Sept. 18, at 7:30 p. m.

The school will offer classes in education, English, Spanish, shorthand, typing, interior decoration, shop work, and other subjects. In fact, any course for which there is a sufficient demand will be offered. President E. J. Howell says, "Fees will be nominal."

Uncle Sam to Give Added Attention To Child Labor

Fort Worth, Sept. 15.—Uncle Sam is going to start giving more attention to the labor and employment of his young citizens, particularly those under 16.

That was apparent here this week when Harry B. Nunn, Field Office Supervisor of the Wage and Hour and Public Contracts Divisions of the U. S. Department of Labor, announced that his Divisions had been directed by the U. S. Secretary of Labor to put special emphasis on the enforcement of those provisions of the Federal law which Congress enacted to protect the safety, health, well-being, and opportunities for schooling of youthful workers.

It is the Wage and Hour Division of the U. S. Labor Department which investigates such matters—and may insist on legal action when it finds that a violation of the law has occurred.

The penalties for such violations can amount to a fine of \$10,000, and for a second conviction for a similar offense a fine of \$10,000 and as much as six months imprisonment, or both.

Mr. Nunn pointed out that Congress, in adopting the Fair Labor Standards Amendments of 1949, "paid particular attention to the child-labor provisions. The concern of Congress for the health and welfare of our children is clearly demonstrated by the language by which the child-labor provisions of the law were strengthened.

"The intended curb on the employment of our youth at an age before they are ready to participate as members of our working force was made effective by directly prohibiting the employment of oppressive child-labor—generally boys and girls under 16 years of age—in interstate commerce or in the production of goods for interstate commerce."

In agriculture, it now is unlawful to employ children less than 16 years of age during school hours.

"That means," Mr. Nunn said, "that if the school for the district where such children currently live is in session, the children should be in school, and not in the fields."

There are only four exemptions from the child-labor provisions of the Federal law, he said. These four exemptions permit: (1) employment of children in agriculture outside of school hours for the school district where they live, while so employed; (2) employment of children engaged in the delivery of newspapers to the consumer; (3) employment of children as actors or performers in motion pictures or in theatrical, radio, or television productions; (4) employment by a parent, or a person standing in place of a parent, of his own child or a child in his custody under 16 years of age in any occupation other than manufacturing, mining, or one found by the Secretary to be particularly hazardous or detrimental to the health or well-being of children between 16 and 18.

The farmer is made responsible for knowing the correct age of the young workers he employs. Mr. Nunn pointed out that the Federal law does not forbid children working in agriculture on their parent's own farm. But he emphasized that most states have school attendance laws and that the law which sets the higher standard, whether state or Federal, is the one which governs in any particular case.

He also emphasized that the Federal law with reference to child-labor in agriculture applies equally to local resident children and to migratory children. "When school is in session, all children belong in school—and we are going to do our best to see that they are not illegally employed and so kept out of school," he declared.

Hybrid Corn Show At Stephenville To Be Staged Sept. 23rd

The eighth Annual Hybrid Corn Growers Show will be held at Stephenville in city park at 1:00 p. m., Saturday, September 23, 1950. All growers who planted hybrid seed corn in Erath County can make one entry in one or more of the four classes of the different hybrids that were grown on his farm.

All prizes will be certified Hybrid Seed Corn for the number of different hybrids listed. There are 41 bushels of this certified hybrid seed corn to be given as prizes, which it is hoped, will be enough. If not, each prize will take its percentage of cut.

RULES:
Just be here or have someone here with your corn. Stalks can be cut below bottom ear and above top ear.
The premiums were made possible by the following Hybrid Corn Breeders: Associated Seed Company, San Antonio; John J. Bryant, Corsicana; Robert N. Harper and W. W. Bagley, Martindale; Ed Kaseh and H. Comrade, San Marcos; Ferris Watson, Garland; Robert Nicholson Seed Co., Dallas; F. B. Romberg, Holland; all of Texas; and the Peppard Seed Company, Kansas City, Missouri; also the Seed Dealers and the three Banks of Erath County.

Help the W. S. C. S. paper the parsonage by coming to the '42 party Monday night September 18, admission 25 cents. 18-11c.

Mr. and Mrs. Russell Johnson spent the week end with his parents, Mr. and Mrs. Hubert Johnson. They left Monday for Dodge City, Kansas, to make their home.

John Henry Munnerlyn underwent an emergency operation for appendicitis at Hico Hospital Saturday. He was reported to be much improved Thursday.

Mrs. Tom Herbert Wolfe from Abilene arrived here last Saturday to join her daughter, Kendall, and visit Mr. and Mrs. H. N. Wolfe and Paul.

R. B. Jackson went to Abilene Tuesday to take his son Billy to enroll for his senior year at Hardin-Simmons University. Billy expects to graduate next June.

Mr. and Mrs. Loyd Trimmer are the parents of a son, Larry Kent, born Sept. 1 at the Holt Hospital, Meridian. The mother is the former Camille Jones of Lampasas.

Mrs. J. E. Morrill, the former Mary Helen Hall of Hico, and her family moved this week from Shreveport to Fort Worth. They will be at home at 3617 Trail Lake Road.

Walter J. Latham, fireman on the USS Franklin D. Roosevelt, is in a hospital in Portsmouth, Va., suffering from a broken wrist, according to his mother, Mrs. Monroe Latham, who ordered a change in his address.

Mrs. Tom Loden was brought home Tuesday night from Waco, where she had been for twelve days. She underwent an operation on her foot last Friday morning at Hillcrest Hospital, and is reported greatly improved.

Mr. and Mrs. O. L. Davis and son Donald and Miss Lois Gray made a trip Monday to Fort Worth, Arlington and Dallas. Donald took a physical examination for employment with the Communications Department of American Air Lines in Fort Worth.

Rev. Otis O. Holladay of Texico, N. M., visited last Thursday night and Friday with his sister and family, Mr. and Mrs. V. H. Jenkins and Danny. He was en route to Fort Worth where he was to preach for a revival at the Worth Heights Baptist Church.

Mr. and Mrs. H. E. McCullough returned Thursday afternoon from Austin after taking their daughter Frances to participate in pre-rushing activities at the University of Texas, where she will enroll as a freshman for the fall term.

Truett Blackburn, who is employed as a barber in Lubbock, returned home Sunday after visiting his parents, Mr. and Mrs. J. F. Blackburn. He was accompanied to Brownfield by his aunt, Mrs. F. E. Luckie, who had been visiting with her sister and family here.

Mrs. Julius Jones of Austin and Mr. and Mrs. J. D. Farris of Gatesville returned home Tuesday after attending the funeral of the ladies' mother, Mrs. R. J. Farmer, Monday. Johnnie Farmer, of Carlisle, N. Mex., remained until Wednesday to visit with other relatives here.

Mr. and Mrs. Toy Jones and children, Loretta Ann and Mike, of Grand Prairie returned home Monday after attending the funeral of Mrs. R. J. Farmer. They were accompanied home by Bob Jones, another grandson of Mrs. Farmer. Mr. and Mrs. Jewell Jones of San Antonio also returned home Monday.

Mr. and Mrs. Ben Warren and Mr. and Mrs. James Warren and children, Glenda and Johnny, all of Wink, and Emmett Warren of San Angelo are visiting this week in the home of Mr. and Mrs. J. E. Warren. They came to be with Mrs. Ethel Gilley, who is in serious condition at Hico Hospital, following an automobile accident Saturday.

Fort Worth Nuptials Unite Jo Nell Roberts And Louis R. Kelly

Miss Jo Nell Roberts, daughter of Mrs. Ruth Roberts of Fort Worth, formerly of Hico, was married Friday, September 8, at 8 p. m. to Louis R. Kelly, in the home of the bride's mother. The groom is the son of Mr. and Mrs. H. C. Kelly of Fort Worth.

Rev. L. D. Anderson officiated in the ceremony. Miss Patsy Roberts, sister of the bride, and Roger Kelly, brother of the groom, were the only attendants.

The bride wore a pink nylon lace dress over pink satin, fashioned with a round neckline and long pointed sleeves. Her veil was of pink illusion, and she wore a corsage of pink rosebuds.

Miss Joy Ann Griffin of Hico was the only out-of-town guest. After a short wedding trip, the couple will reside at 1205 Fifth Avenue, Fort Worth.

CARD OF THANKS
I wish to take this method of thanking my friends and neighbors, the doctors and staff at the Hico Hospital and also at Fort Worth, for the nice cards and contributions sent me during my illness.
HENRY NIX

"EASY DOES IT"

WHEN MAKING JELLY or jam, it's best to work with about two quarts of fruit or juice at one time. Working with more will prolong cooking time and cause darkened jellies which often lack flavor. Use a broad bottomed kettle which gives plenty of room for boiling when making jelly. Once the juice has reached the boiling point, let it boil rapidly until the "jelling" stage is reached, that is, when two drops of syrup run together at the edge of the spoon and sheet off.

Jelly glasses should not be poured too full or it is impossible to seal them perfectly.

Always use fresh paraffin since old paraffin may have foreign matter in it, or may have a musty odor for being used and stored.

RECIPE OF THE WEEK

Currant-Rhubarb Jelly

1 quart currants
1 quart cut rhubarb
1 cup sugar for each cup juice
Crush currants as they heat. When juice flows freely, pour into a jelly bag to drain. Add 1/4 cup water to the rhubarb, heat until soft, and then place in jelly bag to drain. Combine the juices and bring to a boil with an equal amount of sugar. Boil rapidly until two drops of syrup sheet from the edge of a spoon. Pour and seal.

Jelly bags may be made of flannel or several thicknesses of cheese cloth. Let the juice drip without squeezing the pulp and you'll have nice, clear jelly.

Wash the jelly bag as soon as you've finished with it. Pouring hot water through it will remove much of the fruit stain. Launder and store carefully for use another time.

Second extractions of juice for jelly making may be made from fruits rich in pectin such as apples, grapes, currants and quinces. Return fruit to kettle, barely cover with water and heat gradually. After the juice simmers for 30 minutes, return to jelly bag.

Second extractions of juice will make cloudy jelly unless the juice is strained several times through several thicknesses of cloth.

Some jellies set slowly, requiring as long as a week to become firm.

Elder Family Has Reunion Here Sept. 3 In J. D. Jones Home

The W. D. Elder children held a family reunion Sunday, September 3, at the home of Mr. and Mrs. J. D. Jones.

Those present for the occasion were Joe H. Elder, Waco; Mr. and Mrs. W. E. Elder, Denton; Mr. and Mrs. S. O. Elder, their daughter and husband, Mr. and Mrs. Charles Higgins, and Mrs. J. R. Moss, all of Grandfalls; Mr. and Mrs. H. R. Blakley, Fairy;

Also the grandchildren and families, Mr. and Mrs. Louie Hanson, Monahans; Mr. and Mrs. Robert H. Ott, Brownfield; J. W. Blakley, Rangley, Colo.; Mr. and Mrs. Dick Hesse, McGregor; Wayne and Alvie Lee Jones, Rankin; Mr. and Mrs. Alvin Casey, Hico;

And great grandchildren, Miss Ann Hutton, Jo Ray Nicols, Waco, Barbara Ann and Jerry Alvin Casey.

All the Elder children were present except for Miss Tinnie Elder of Amarillo, who had just returned from an extended vacation to Florida and other southern states.

Other guests to register were Mr. and Mrs. Carl Moss and family, Miss Madge Moss, Fort Worth; Mr. and Mrs. W. N. Bridges, Port Neches; Laura Jane Blakley, Fairy; Mr. and Mrs. W. A. Moss, Carlton.

The favorite food of the late father, W. D. Elder, a sweet potato pudding was enjoyed by the guests. It was baked by Mrs. H. R. Blakley of Fairy. Hymns were sung for evening entertainment. CONTRIBUTED.

Mrs. Tom H. Wolfe Wins High Score At Wednesday Bridge

Mrs. Fred B. Jones entertained the Wednesday Bridge Club at her home this week. A guest, Mrs. Tom Herbert Wolfe of Abilene, was winner of high score, and Mrs. Milburn Knudson won second high.

Also present were Mrs. H. N. Wolfe, Mrs. W. F. Hafer, Mrs. R. B. Armstrong, Mrs. B. B. Goodloe, Mrs. H. Y. Hedges, Mrs. Harry Hudson, and Mrs. Odie Patsick. Refreshments consisted of lemon cake, custard and ice cream roll. Mrs. Knudson will be the next hostess.

Methodist Church

Services at the usual hours at First Methodist Church next Sunday:
Sunday School, 10 a. m.
Morning Service, 11 a. m.
Methodist Youth Fellowship, 7 p. m.
At the evening service at 7:30 p. m., District Superintendent Floyd E. Johnson will preach. Everyone welcome to all services.
J. FRED PATTERSON, Pastor.

Highlights of Summer Travel Told At Seated Tea for Review Club

The Hico Review Club opened its new club year with a seated tea in the home of Mrs. W. F. Hafer, Thursday, September 7, with Mrs. J. W. Fairley, Mrs. S. E. Blair Sr., Mrs. Louise Angell, Mrs. J. T. Appley, Mrs. W. M. Horsley, Mrs. Edgar Bradley and Mrs. Hafer as hostesses. Mrs. Marvin Marshall, club president, and Mrs. Hafer greeted the members and guests.

Fall flowers in lovely pottery containers were used in decorating the living room, the pottery being acquired by Mrs. Hafer while on a vacation trip to Colorado this summer.

Mrs. O. C. Cook, Mrs. Pauline Slater and Mrs. W. D. Bradley Jr. were guests for the occasion, and the club welcomed Mrs. Truman Roberts and Mrs. J. Fred Patterson as new members.

Mrs. Marvin Marshall, president, gave a most inspiring and challenging message to the club.

Mrs. Horsley, chairman of the yearbook committee, made a few explanatory remarks concerning the current yearbook. Mrs. Odie Patsick, recording secretary, read a very interesting letter of thanks from a lady in Poland who has been the recipient of two gift packages from the club.

The impromptu program for the day consisted of highlights from vacation trips made during the past summer with Mrs. Louise Angell leading the discussion.

The hostesses served a delicious refreshment plate to the above-named guests and new members and to the following members: Mmes R. B. Jackson, E. H. Randalls Sr., Lusk Randalls, Morse Ross, Wayne Rutledge, L. J. Wood, Mary Gleason, Guy Aycock, Bernell Jernigan, J. E. Lincoln, S. E. Blair Jr., L. N. Lane, Mrs. Marshall and Mrs. Patsick.

Hico Garden Club Meets Friday For First Fall Meeting

The Hico Garden Club met Friday at 3:00 p. m. at the First Methodist Church for its first meeting of the new club year. Mrs. Paul Neel, president, and 29 members were present.

The meeting was opened with a prayer, followed by the business session. Bills were voted on, and the treasurer was given the right to pay all bills. It was announced that September is the month to pay dues. New yearbooks were passed out, and members were requested to cut the by-laws from the old yearbooks and paste them in the new ones.

Members discussed keeping the little city park as a project for the coming year and voted to do so. Mrs. Guy Aycock, Mrs. J. W. Fairley and Mrs. W. F. Hafer were appointed as a committee to look into the possibility of making the old jail, which has been used for a cannery, into a local meeting place for the public.

Subject of the program was "Fall planting of seed and bulbs for spring blooms," with Mrs. S. J. Cheek Sr. and Mrs. L. J. Wood in charge. Tulips should be planted 12 inches deep, and peonies, one inch deep, members learned. Tulips may be moved about, but peonies do not care to be disturbed. Mrs. Harry Hudson was in charge of the bulb exchange.

The next meeting will be at 3:00 p. m. Friday, October 13, at the First Methodist Church.

Mr. and Mrs. Stanley Giesecke left Thursday to spend the week end in Austin with her brother, J. M. Hewerton.

CARLTON H. D. CLUB MEETS

The Carlton Home Demonstration Club met September 7, with Mrs. Avery Coffman, with seven members, one new member and one visitor, Mrs. R. L. Weaver from South Hico H. D. Club, present. The song, "America" was sung followed by the club motto, pledge and prayer. Roll call was answered with "A vegetable I like best," and how to prepare it for its nutritional value. Minutes of last meeting were read and approved, followed by the recreation. Each member made some suggestion for a year book, which was turned over to the committee that had been appointed. Mrs. Bessie Cooper was added as a new member and received a hearty welcome. Motion was made and seconded that the club raise money by having a birthday bank, putting in the bank on each of the members birthday, a penny for each year. Refreshments of cookies and cold drinks were served to the nine ladies and three children.

VERA KING, President,
 LILA COFFMAN, Secretary.

Mrs. Grace Melton of Corsicana, her daughter and husband, Mr. and Mrs. J. D. Bennett of Beaumont, visited Friday and Friday night with their parents and grandparents Mr. and Mrs. J. L. Potlett.

Shelby Winfree of Beaumont spent the week end with Travis King. They left Sunday morning

for Lubbock to enter fall term of school at Texas Tech.

Mr. and Mrs. Jessie Hollis and son, Carlos, of Electra were visitors the past week with their aunts, Misses Alice and Mattie Rodgers.

Mrs. Mack Ellison has been a patient in the Gorman Hospital since Saturday morning.

Mr. and Mrs. Mark Waldrop of Plainview were visitors Saturday with aunts, Mrs. Jim Pierce and husband and Mrs. J. L. Potlett and husband.

Mr. and Mrs. R. F. Lee and son, Kenneth of San Antonio spent last week end with her mother, Mrs. Frank Stuckey.

Mrs. Paul Warren and daughter, La Jauna Kaye of Dublin were Sunday visitors with her parents and sister, Mr. and Mrs. Fred Geyer and Mrs. Dow Self and sons.

Mr. and Mrs. Doc Cooper left Friday for Plainview on a business trip, returning home Tuesday.

Mr. and Mrs. Billy Nelson McCarty and children, Nancy and Tommy and his mother, Mrs. Will McCarty, all from Dalhart, returned home Saturday after a visit with Mrs. Will McCarty's brother and wife, Mr. and Mrs. Neil Clark and her sisters-in-law, Mrs. Sid Clark and Mrs. S. S. Vaughan and husband.

Visitors the past week with Mr. and Mrs. Jess Reeves were her brother and wife, Mr. and Mrs. Hal Sowell and daughters, Wanda and Barbara and Mr. Stovall of Tyler, Mr. and Mrs. Jack Reeves and two children of Amarillo and Mr. and Mrs. Graham Reeves and three children of Pampa.

Montie Walton is visiting in Lubbock with his son, Rey Walton and family.

Mrs. Bill McKnight of San Angelo spent the week end with her son, Charles McKnight, who entered Tarleton State College Monday.

Dock Short of Dublin visited Friday with his brother and wife, Mr. and Mrs. J. W. Short.

R. J. Sowell, Mr. Sparks, Mr. Saunders of Marshall and Joe Hudgins of Tyler flew to Carlton Wednesday for a visit with his sister, Mrs. Jess Reeves and husband.

Mr. and Mrs. Charley Proffitt spent the week end in Gustine with his sister and husband, Mr. and Mrs. Jess Hickman and in Comanche with their son, Adolph Proffitt and family.

Mrs. Lefty White and children, Mr. and Mrs. Wayne Chapman and children and Mr. and Mrs. J. T. Butler and children all of Irving were week end visitors with their parents, Mr. and Mrs. Watt Sharp Sr.

Mrs. J. W. Jones of Quanah is visiting her sister, Mrs. W. H. Vich.

Mr. and Mrs. Ross Whitehead and children of Stephenville visited Saturday night with his parents, Mr. and Mrs. Milton Whitehead and Helen.

Mr. and Mrs. Doyle Partain spent the week end in Fort Worth with his sister and family.

Don Williams of Kermit was a recent visitor with his grand mother and uncle, Mrs. Lula Williams and Roy.

Altman

By —
 Mrs. J. H. McAnelly

Boyd Ballard of Lockney visited in the home of Mrs. J. E. Hyles from Tuesday until Thursday. His wife and little son Toby, who had been visiting her mother returned home with him.

Mrs. Henry Forehand and daughter Carol, of Denver City are visiting Mr. and Mrs. Howard Hines and Ann.

Mrs. Trewitt of Stephenville visited Mr. and Mrs. Truett Jones Monday night. Mrs. Jones accompanied her home and they went to Lubbock Tuesday returning home Wednesday.

Mr. and Mrs. Aubrey Reed of Dallas spent the week end visiting Mr. and Mrs. John Moore and daughter Janice.

Mr. and Mrs. George Barnett and sons, Mr. and Mrs. Jim Miller of Clovis, New Mexico, who are visiting them, visited Mr. and Mrs. Ross Miller at Harbin Saturday.

Mrs. O. V. Graves and sons, Lewis Wade and Harold Dean of Dublin, Mr. and Mrs. Douglas Cox and little son, Charles of Eastland were guests of Mr. and Mrs. John Moore and Janice Sunday.

Mrs. Howard Hines received news Monday that she had a new grandson, born to Mr. and Mrs. J. R. Glover in Fort Worth.

Mr. and Mrs. H. G. Cozby of Stephenville visited Mr. and Mrs. Wayne Cozby and Waynell Friday.

W. J. Parish of Bronte visited Mr. and Mrs. Harve Yocham Sunday.

Clyce and Bryce Ballard and Clay Fairy visited Mr. and Mrs. Henry Ballard at Lanham Saturday.

H. E. Jones, Mr. and Mrs. Truett Jones were Stephenville visitors Friday.

Mr. and Mrs. Harve Yocham visited Mr. and Mrs. Bowden at Carlton Sunday afternoon.

Mr. and Mrs. Howard Hines and Mr. and Mrs. Henry Forehand visited Mr. and Mrs. J. R. Glover and baby son in Fort Worth Wednesday.

Mr. and Mrs. Brooks McPherson of Stephenville were guests of Mr. and Mrs. O. W. McPherson and daughter, Miss Cecelia Sunday.

Mr. and Mrs. Wayne Cozby and daughter, Waynell visited Mr. and Mrs. H. G. Cozby in Stephenville Sunday.

IREDELL ITEMS

by Miss Stella Jones, Local Correspondent

Bobbie Gene Patterson of Dallas visited his grandparents this week. One of his boy friends was with him.

Mrs. Mary Squires left Tuesday for Sweetwater to make her home with her daughter, Mrs. George Squires. She had got too feeble to live alone. She is a fine old lady, and was very spry for her age until recently. She is missed here by all. Her daughter had been here a month and a grandson came after them. All hope she will like her new home.

Key Williamson, who has been in the army stationed at Fort Bragg, North Carolina, got a discharge and is at home.

B. L. Mitchell Jr. of Fort Worth spent the week end here with his parents.

Mr. and Mrs. George Hamilton and baby of Sweetwater spent from Saturday till Wednesday with her parents, Mr. and Mrs. Albert Mize.

Arthur Earl Pylant of Dallas spent Saturday with his parents. He was accompanied by one of his boy friends.

Mr. and Mrs. Wynson Bowman spent Labor Day with relatives here.

Mr. and Mrs. Newton Henderson of Duncan, Okla., and their daughter, Mrs. Davis, and husband and baby of Velma, Okla., spent Tuesday and part of Wednesday with Mr. Henderson's sister, Mrs. Harrison Hollan, and husband.

Mrs. Kanutson and little daughter of Fort Worth spent the week end with her parents, Mr. and Mrs. G. W. Mingus.

On September 17 the first quarterly conference of the Methodist Church will be held. Rev. Floyd Johnson will preach. Lunch will be served, and the conference will be held in the afternoon.

Mrs. Urban Sanders is visiting relatives in California.

Mikel Wayne Wilson of Dallas spent a few days this week with his grandparents. His parents came after him during the week end.

The W. S. C. S. will have a bazaar the first of December. Will say more later.

Iredell has had some more rain and the weather has been much cooler.

Mr. and Mrs. Ralph Echols have moved into their new home that has just been completed.

Mr. and Mrs. G. W. Wilson visited his parents last week. They went on Saturday to Houston to see her parents, Mr. and Mrs. Jaehne.

Mr. and Mrs. Ed Dunlap and sons, Arthur and T., of San Angelo spent the past week in Sherman with their daughter and sister, Mrs. McPeak, and family. They also visited in Oklahoma.

Mrs. Clanton was very ill this week, but is some better now.

Mr. and Mrs. Willie Lawrence of Claude, Texas, and a daughter of Wellington visited here recently with relatives.

CARD OF THANKS

We are grateful to all our friends who helped us in any way during the illness and death of our mother, Mrs. R. J. Farmer. We want to thank the Helping Hand Class of the First Methodist Church, the members of the Eastern Star, those who sent flowers or were helpful in other ways, and especially we thank Dr. Hafer and Dr. Hedges and all the nurses at the hospital.

May God bless each one of you. Johnny Farmer

Mrs. Julius Jones
 Mr. and Mrs. J. D. Faris
 Mr. and Mrs. B. N. Strong
 Mr. and Mrs. Hursel Williamson

FARM AND RANCH CHATTER

By LAYNE BEATY

When a deadly or costly livestock disease breaks out it often causes more losses than merely dead or sick animals.

The other day we paid a brief visit to Hopkins county, a part of which has been under quarantine, along with parts of Titus and other counties, because of the discovery of anthrax a few weeks ago.

Probably Hopkins county hasn't been hurt as bad as some other areas in this outbreak, but we got only that far with our visitation.

Actually, they told us in Sulphur Springs, there have been only a very few losses of animals that were positively identified as cases of anthrax.

One reason for that, perhaps, is that the blood test must be made within three hours after the animals die, in order to establish definitely that it was anthrax.

Meanwhile, a good number of animals died, as there are usually animals dying from one cause or another, and naturally there was suspicion of anthrax in most of those cases.

Some folks told us the symptoms of some of the lost animals were more like other more common diseases. One cow, supposedly dead of anthrax, revealed a bullet wound on her under side when turned over.

It's only natural too, for all stock owners to get a little jittery when anthrax is known to be in the general locality—the same thing would apply to any disease which strikes as quick and as deadly, however—and so there has been some "scare selling" of animals at prices lower than their value.

We have heard of buyers who take advantage of this situation even to the point of planting an unfounded fear in the minds of livestock owners, which makes them easy prey for confederates in the scheme who follow along buying up healthy animals at less than their market value.

There are other inconveniences, too. Quarantines are necessary to prevent the movement of livestock which might spread diseases from one area to another.

This sometimes means that a farmer or ranchman is unable to move his horses to the place where he needs to work them, if that field, say, be some little distance away.

What such losses, direct and indirect, mean to a community is hard to estimate.

Perhaps even more graphic an illustration would be the case of the official Texas Jersey Cattle Show and Sale, which had been scheduled for Sulphur Springs this month.

Now, at this writing, most of the dairy cattle in Hopkins county are in a section that is not under quarantine. Neither is the show barn and sales ground in a quarantined area.

But such shows and sales must be planned far in advance, with detailed arrangements made.

Consignors of fine cattle find themselves a bit reluctant to permit their stock to move into a locality so near a quarantined area, particularly if they come from some distance. There is always the fear, too, that a quarantine will be applied to a new area. So, the Jersey Cattle Club and

There have been large numbers of range bulls marketed recently and the market on them was weak to 50 cents lower with a practical top of \$24.50. This would indicate a somewhat more liberal supply of sausage meat is in the hands of packers and probably canner and cutter cows will ease off somewhat in the near future as pork trimmings and other kinds of sausage meat become more plentiful.

Contrary to the way most of the Cornbelt markets worked out, the Southwestern hog market opened the week with gains. Some Cornbelt markets were 25 to 50 cents and a few of them 50 cents to \$1 lower Monday, but prices were around 25 cents higher at Fort Worth and some sovs were 50 cents up. The hog top at \$23.50 and \$23.75 Monday represented the highest levels since early last year.

Very few good fat lambs are seen these days and stocker and feeder demand remains very broad. Probably fat lambs will be scarce until the feedlot lambs and winter grain pasture grazed lambs begin to move to market. You will recall that last week we reminded you that some feeder lambs selling at \$26 at Fort Worth would not be unexpected. Today some feeder lambs from Mrs. A. D. Jones Estate, Roswell, New Mexico, and L. T. Lewis, Roswell, had loads at \$26 that weighed about 70 pounds.

the show officials at Sulphur Springs acted to move the show elsewhere this year, as big a disappointment as this would be to the dairymen and other people of Hopkins county, which has made such a noteworthy record in dairying the past few years.

A number of invitations were received from other places. It was decided to have the Jersey show at Corsicana, in connection with the fair there, September 26-30.

"Let's Talk Live Stock"

By TED GOULDY

Fort Worth, Sept. 11.—The big question right now in the minds of nearly everyone concerned with livestock is whether rationing, price controls or something of that nature may be in the making in Washington.

We are still in a period of light receipts for most classes of livestock. Meat prices at retail levels have shown small inclination to weaken. However prices of slaughter livestock have developed a few soft spots this week and last and at the moment, the situation does not appear critical enough to justify government intervention in the trade.

About the only class that shows any inclination to run away in price is stockers. We are hearing some talk that 40 cent stocker calves will be seen in October. We have been hearing some talk that 50 cents a pound cattle may be in the making for the year ahead or in the next two or three years.

We do remember some talk about 50 cent cotton during the last war and in World War I and some folks suffered losses by holding for such prices. We do know that it is the history of the livestock business that more folks have lost money by waiting to sell at the "high" time and before they knew it, the high time was behind them, and usually the person who sells when he has a profit in his stock will be in business a long, long time.

Today at Fort Worth the Tom Burnett Estate marketed some yearling steers and heifers, the steers at \$30 and the heifers at \$26. This sale was unevenly higher again. Some stocker cows, pretty good kinds weighing around 800 pounds, drew \$25.25, a strong price. A short truck lot of 411-pound calves from P. R. Bonds, Hicks, Texas, sold at \$31.50.

Two loads of steers from the Aspermont, Texas, Aspermont Farms sold today at \$24.75 for a 911-pound load and \$40-pounds for a load at \$26.50. Strong prices for grassers, most of them pretty plain. Elmer Richey, Hamilton, had in 44 head of well finished yearlings that averaged 763 pounds and brought \$30.

There have been large numbers of range bulls marketed recently and the market on them was weak to 50 cents lower with a practical top of \$24.50. This would indicate a somewhat more liberal supply of sausage meat is in the hands of packers and probably canner and cutter cows will ease off somewhat in the near future as pork trimmings and other kinds of sausage meat become more plentiful.

Contrary to the way most of the Cornbelt markets worked out, the Southwestern hog market opened the week with gains. Some Cornbelt markets were 25 to 50 cents and a few of them 50 cents to \$1 lower Monday, but prices were around 25 cents higher at Fort Worth and some sovs were 50 cents up. The hog top at \$23.50 and \$23.75 Monday represented the highest levels since early last year.

Very few good fat lambs are seen these days and stocker and feeder demand remains very broad. Probably fat lambs will be scarce until the feedlot lambs and winter grain pasture grazed lambs begin to move to market. You will recall that last week we reminded you that some feeder lambs selling at \$26 at Fort Worth would not be unexpected. Today some feeder lambs from Mrs. A. D. Jones Estate, Roswell, New Mexico, and L. T. Lewis, Roswell, had loads at \$26 that weighed about 70 pounds.

Clairette
By Mrs. Henry Mayfield
Light rains fell here Monday morning.
Rev. Neely of Waco filled his appointment Sunday at the Baptist Church.
Mr. and Mrs. Bob Clark have returned home from Dallas.
Mr. and Mrs. Morgan Martin are visiting their children at El Campo.
Mr. and Mrs. T. L. Thompson and family of Fort Worth spent Sunday with Mr. and Mrs. Artie Thompson.
Mr. and Mrs. Chas. Dowdy spent the week end in Fort Worth with their sons.
Mr. and Mrs. Hub Alexander tore down their old house recently and are building a new home.
The Busy Bee Sewing Club met last Thursday with Mrs. Bill Head.
Mr. and Mrs. C. D. Riechbourg and E. L. Smith visited Sunday evening at the Whitney Dam.
Visitors at the Burks Bird Farm Sunday were from Fort Worth, De Leon and other places.
Buster Robertson of Fort Worth spent the week end at home.
Mr. and Mrs. Erwin Darger and Joan of Henderson visited over the week end in the home of Mr. and Mrs. R. E. Dunbar.
John Mayfield suffered a heart attack one day last week. Dr. Homer Hedges was called. Mr. Mayfield is to remain in bed by doctor's orders for several days. Last report he was doing fine.
Sam Mayfield visited Mrs. Mayfield at their daughters' home in Clifton Friday. Mrs. Mayfield has improved quite a bit and wants to come home.
Mr. and Mrs. L. E. Robertson and son, Mr. and Mrs. C. W. Robertson of Stephenville, Mr. and Mrs. R. Lee Robertson of Pecos, T. E. Robertson and daughters of Haskell, Mr. and Mrs. E. T. Salmon and daughters of Carlton, Mr. and Mrs. Alvo White and family, Mr. and Mrs. Wesley Robertson, Buster Robertson, Miss Joan Robertson, Mrs. Andy Duncan and Shirley of Fort Worth, Mr. and Mrs. Herman Robertson and son, Mrs. Dorothy Erick and sons, Mr. and Mrs. Henry Mayfield and son, Sam Mayfield, all met at their parents home, the late Mr. and Mrs. L. E. Robertson Sr., on Sunday, September 3. The children decided to let their brother, Herman Robertson and family move into the home.
Miss Charlene Sherrard, daughter of Mr. and Mrs. R. W. Sherrard, and Andy York of Cleburne were united in marriage Saturday night at her parents home. Several friends and relatives attended the ceremony. The couple will make their home in Fort Worth. We wish them a happy journey through life together.

Final Tribute Paid Millerville Pioneer In Graveside Rites

Graveside services were held for Mrs. George W. Lively, 85, at 4 o'clock Monday afternoon in the Millerville Cemetery.

Mrs. Lively had been a resident of Millerville community for 50 years, and had many friends there who mourn her passing.

The former Pearl Viola Nix, she was born September 29, 1884, to Phoebe and F. M. Nix.

Besides her husband, she is survived by three sons, Ruben and Clinton of Lubbock and Calvin of Evans; two daughters, Mrs. Berntha Fay Clements and Mrs. Leda May Clements, both of Carpentaria, Calif.;

four brothers, Will Nix of Duffau, Alonzo Nix of Merkel, and Timothy and Albert Nix of Seymour; four sisters, Mrs. Nettie Tubbs of Stephenville, Mrs. Berntha Conner of Hemphill, Mrs. Ellen Conner and Mrs. J. W. Beaver, both of Seymour; 17 grandchildren and three great-grandchildren.

Luxurious Chrysler Line Augmented by New Imperial DeLuxe

The luxurious Chrysler Imperial line has been augmented by the addition of a new model, the Imperial DeLuxe, it is announced by Joseph A. O'Malley, general sales manager of the Chrysler Division.

The new model has an added touch of exclusiveness in its appointments featuring a rich combination of top-grain leather and Nylon cord fabrics for upholstery and interior trim.

The distinctive interiors are available in three colorful combinations—black leather and blue-gray nylon cord, tan leather and tan nylon cord, and green leather with green nylon cord.

Interior fittings where polished chrome would normally be used are finished in satiny butler-finished chrome in tasteful color selections to harmonize with upholstery and trim selections.

Demand for the recently-introduced Imperial 6-passenger sedans has far exceeded original expectations, Mr. O'Malley declares. The added refinements of the Imperial DeLuxe are the result of an indicated public preference for an even greater degree of distinctiveness, he states.

In addition to its unusually rich interior, the Imperial DeLuxe offers all the luxury features of the Imperial 6-passenger sedan as standard equipment. These include automatic electric window lifts, double-width folding center armrest for front and rear seats, white sidewall tires, and chrome wheel covers.

The model has a wheelbase of 131-1/2 inches and is powered by the 135-horsepower Chrysler Spitfire engine.

WEATHER REPORT

The following weather report is submitted by L. L. Hudson, local observer:

Table with 4 columns: Date, Max, Min, Prec. Rows for Sept 6-12 and total precipitation.

Food Packages Sent Abroad Must Conform To All Regulations

Christmas is again "just around the corner" and the Dallas Regional Office of the U. S. Department of Commerce calls your attention to the fact that packages sent abroad should conform to all regulations and requirements of each country's government, and should be mailed far enough in advance that they will not be caught in the last minute rush.

The Dallas office reminds you that a Christmas gift should be a pleasure to receive, not a burden to the recipient. Provisions for sending gift packages to foreign countries and the various import regulations for each country are available in the Dallas Regional Office of the U. S. Department of Commerce, Room 1114, 1114 Commerce Street.

Each country's regulations on unsolicited gift packages sent from one individual to another are radically different; some countries permit the importation of items of necessity duty free, while others prohibit entirely the importation of many items even when included in gift shipments, the Dallas office said.

Meeting the U. S. export control requirements is another regulation which must be complied with.

The Dallas Office of the U. S. Department of Commerce requests that you be sure to state the country, or countries, to which gifts are to be sent when making your request for the 1950 requirements.

These brochures do not contain information on sending gift parcels to Armed Forces personnel.

CARD OF THANKS

We wish to take this method of thanking each and everyone who was so thoughtful and kind to us through the greatest sorrow of our life in the loss of our wife and mother, Mrs. G. W. Lively. Especially do we thank those who sent and so willingly prepared the nice food, those who sat up and for the beautiful floral offering.

We sincerely hope when sorrow like this overtakes you, you will have the same kind, and thoughtful hands to administer to you. May God bless each and everyone is our prayer.

Beloved Citizen Is Lost In Death of Mrs. R. J. Farmer

Funeral services were held Monday morning at 10 a. m. in the First Methodist Church for Mrs. Robert J. Farmer, Rev. J. L. Ray of Gorman conducted the final rites, assisted by Rev. J. Fred Patterson, pastor the church. Burial was in Hico Cemetery.

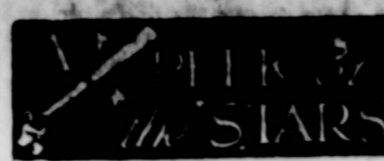

Mrs. Farmer passed away at the Hico Hospital, following a stroke of paralysis she suffered Friday. She was 84 years old.

Emily Oneeda Rollins was born January 11, 1866, in Dalton, Georgia, and was married to Robert Jasper Farmer September 25, 1882. The couple moved to Texas in 1886, and lived in McLennan county until 1916, when they moved to Hico. She was converted in childhood and joined the Methodist church, and has been a faithful member of the Hico Methodist Church for many years.

The couple were the parents of six children, four girls and two boys. Her husband preceded her in death in 1924, as did one son, Dine Farmer of Stephenville. Surviving are four daughters, Mrs. Julius Jones of Austin, Mrs. J. D. Farris of Gatesville, Mrs. Ballard Strong of Irredell and Mrs. Hurshei Williams of Hico; one son, Johnnie Farmer of Carlsbad, N. M.; a sister, Mrs. Avie Duckett of Wichita Falls; nine grandchildren and nine great grandchildren.

Palbearers were grandsons, Jewel Jones, Toy Jones, Bob Jones, Cheatham Webb, B. F. Strong and James Farmer.

Relatives and friends from out-of-town who attended the funeral services included Mrs. Julius Jones and Bob, Austin; Mr. and Mrs. J. D. Farris, Gatesville; Mr. and Mrs. Jewel Jones, San Antonio; Mr. and Mrs. Toy M. Jones, Loretta Ann and Mike, Grand Prairie; Dr. and Mrs. Frank C. Webb, Mrs. D. D. Danforth, Waco; Mr. and Mrs. B. F. Strong, Jan and Bubba, Mr. and Mrs. B. N. Strong, Mrs. Lola Laswell, Mrs. Monty Davis, Mrs. Jenkins, Mr. and Mrs. Tim Leflin, Mr. and Mrs. Hugh Harris, Mr. and Mrs. Wick Simpson, Lewis Everett, all of Irredell; Mrs. Dine Farmer, Mrs. Fannie Blakley, Mrs. W. D. Terrell, Mrs. Dick Belcher, Mrs. H. B. Garrett, Miss Pearl Bryan, Bob Hicks, Mr. Dacus, Mrs. Day Thomas, Mrs. Bill Hohertz, all of Stephenville; Dr. and Mrs. H. R. Gaddy Jr., Georgetown; Mrs. Bill Terrell, Houston; Mrs. Steve Anderson, Mr. and Mrs. Nig Edwards, Crawford; George Rollins, De Leon; Mrs. Walter Eonke, Mrs. C. C. Yeager, Mrs. Paul Cox, Mrs. Bevel Smith, Fort Worth; Clifford Hager, Terrell, Okla.; Mrs. Avie Duckett, Mr. and Mrs. Wallace Duckett, Wichita Falls; Mr. and Mrs. Will Duckett, Byers; Mr. and Mrs. James Farmer and son, West Columbia; and Mrs. Mary Cox, Carlton.

By LYN CONNELLY

A TOP AUTOMOBILE SPONSOR, at first interested in a C. B. DeMille dramatic series, has reportedly switched affections to the Martin and Lewis comedy team for an air series.

Willard Waterman replaces Hal Peary as "The Great Gildersleeve" . . . Hal goes to CBS where he'll start a new show the format of which is still a deep, dark secret . . . Cass Daley's return to radio has elated NBC to the extent that they want to get her settled in TV as well . . . Joan Bennett is being offered around the agencies and networks in a 15-minute, daily program for either radio or TV or both.

CASS DALEY

PLATTER CHATTER MERCURY—That delightful little ditty, "Sam's Song" is given a brisk treatment by Harry Geller . . . "1812" backs it . . . Two Ton Baker comes up with a surefire hit in "Let's Do It Again" . . . "Kansas City Kitty" is on the flip . . . Vic Damone has an exciting recording in the new, gay "Trena, Trena, Trena" . . . "I Love That Girl" backs it . . . "Mona Lisa" is still going strong and highly recommended is the Alexander Brothers' rendition . . . "Home Cookin'" is on the reverse. . .

COLUMBIA—Great news for album collectors! Columbia has come up with some real gems . . . There's "Hawaiian Festival" featuring Lani McIntire and his orchestra . . . Top renditions are given to such standard favorites as "Sweet Lullaby," "Song of the Islands," "To You Sweetheart, Aloha," "The One Rose," etc. Then, for kicks at your parties, there's "Abe Burrows Sings" (The question mark is correct) . . . Included in the song guy's repertoire are "Lopin' Along," "Sweet Memories," "Brooklyn," "The Gypsy's Violin," "Upper Peabody," "Sea Chanties," and "Boulder Dam."

No More Wash DAYS! just MINUTES with Serval Water Heater, Gas Clothes Dryer

Adequate supply of clean, extra-hot water and automatic gas clothes drying . . . these are essentials of any modern home laundry . . . services of the magic gas flame that take time and work out of washing.

HAMILTON SERVEL fluff-dry clothes dryer copper tank water heater

Hamilton dries clothes quickly, automatically. You are ready to iron minutes after you begin washing! No more lugging baskets of wet clothes. No more waiting for good weather. Ultra-violet lamp kills airborne bacteria — creates sunshine-and-breeze freshness. GAS operation gives added speed, greater economy! Save 160 hours of work each year — buy Hamilton at Lone Star Gas Company today.

Exclusive copper, ball-type tank is strongest shape known, cannot rust. Serval heats water fast enough to wash SIX straight washer loads of clothes at the higher temperatures recommended for cleaner washes. Simple safe controls automatically keep water at temperature you select. Speedier GAS operation gives you more gallons at less cost. Buy Serval Water Heater at Lone Star today.

Lone Star Gas Company

Announcing the Double-Duty CHRYSLER

Traveler

the smart new sedan that converts in seconds into a sports car or cargo carrier. Twice as useful as any ordinary car! Use it as a beautiful sedan seating six! Or fold down the hinged back seat and cushion . . . and you have a level deck 6 1/2 feet long. You can sleep on it . . . load all your hunting and fishing gear . . . haul farm implements, fence posts—a thousand and one things no regular car can carry. It's like having two cars in one. Come see how the new Chrysler Traveler makes your dollars do double duty. Take the wheel . . . find out how Chrysler's built-in value all the way through is combined with new utility that beats anything on the road today.

See how the rear seat cushion folds forward against the front seat back, and rear seat back turns down to form flat, level-loading platform. Spare tire can be carried in passenger compartment, or in well at right of luggage compartment.

Counter-balanced trunk lid opens easily, and stays open for easy loading. Sturdy luggage rack on roof adds conveniently to the huge carrying capacity of this car. Upholstery is tough plastic that resembles grained alligator hide.
