NUMBER 37.

Local Girls' Cager Team Wins County

The Hico girls' basketball team took the Hamilton County Championship in the Hillsboro League when they defeated Aleman Wednesday night for the second successive time. Since Hico won the first two games of a three-game series, it was not necessary to play the third.

Score Wednesday night was 42-26, in favor of Hico. Monday night the Hico girls won over Aleman, 45 to 19. This first game featured the fine guard play of Mary Sherrard, Billie Jean (Fulcher) Kennedy and Stella Behrens. The forwards were very sharp on their shots, with Salmon making 21 points; Jean Suitt, 20, and Betty Bolton, four. High scorer for Aleman was Sommerfeld with 11 points.

Prominent Eastland Attorney Dies Here Of Heart Attack

Cyrus B. Frost, 63, former county attorney and county judge of Eastland County, died Tuesday of a heart attack in the office of Dr. W. E. Hafer at the Hico Clinic.

Frost suffered the attack after being called here Tuesday morning to inspect damage from grass fires on his 1,800-acre ranch six miles northeast of town. He had been busy throughout the day helping to put out small fires that kept recurring and putting water on smouldering fence posts. According to a report by Ewing Baker Jr., who with his father held a lease on the ranch and both of whom were on hand, Mr. Frost complained about mid-afternoon of a heart ailment and expressed an intention to come in to the local clinic for a check-up. He drove his own pickup truck into town, and died about 3:30, shortly after arriving at the doctor's office.

Arson Reported In Pasture Fires Here Early This Week

(Waco News-Tribune)

An arsonist burned off 400 acres of pasture on the Cyrus B. Frost ranch near Hico early Tuesday morning, then escaped in an old-model car before he could be apprehended.

Sheriff Clark Royal of Meridian said the fire was set in 13 different places about midnight Monday. No buildings or livestock were lost in the blaze, but heavy damage resulted to fences.

The arsonist aroused Ewing (Jack) Baker Jr., who has the ranch leased, when the last fire was set. Baker was quoted as saying he didn't know whether to call the fire department or pursue the car, but finally decided he had better call the Hico fire department and save the ranch.

"We know the fire was set and we know it was set in 13 places," Royal said. "I have a pretty good description of the car and I'm still looking for it."

Royal said the entire ranch would have been swept by the flames if it hadn't been for Hico's new fire truck, especially built to fight pasture fires.

"There were 50 or 75 men out there with the trucks fighting the fire," Royal said.

The Sheriff said all livestock was moved back from the fire. It was understood there were 400 head of sheep, 100 head of registered cattle, and 50 head of grade cattle near the fire.

Chamber of Commerce Directors Meet to Plan Civic Projects

Ten directors of the Chamber of Commerce met Thursday at noon for a board meeting, previous to the regular meeting of the whole organization, which will be held Tuesday, Jan. 30, at 7:30 p. m. in the Scout Hall above the City Hall. Coffee and doughnuts will be served that night.

Present at the noon meeting at the Chicken Palace were J. R. Bobo, Marvin Marshall, J. B. Woodard, Odie Patsick, O. L. Davis, J. Doyle Love, W. B. Coats, Wayne Rutledge, W. H. Greenslit and Truman E. Roberts.

Committee chairmen who were appointed and approved were as follows:

Other business included a vote to sponsor a Trades Day for the merchants of the town and a vote to compile and publish a business directory of the services and businesses of the town and community.

Our Subscribers Are Generous Lot

Reader Reciprocates With Gift to Firefighters' Fund

Ernest Barrow of Fort Worth, who did his annual chore at the subscription counter shortly after New Year's Day, misplaced the paper telling how to make donations to the rural firefighters fund, and came by last Friday to leave a \$15.00 donation. He was on his way to Hamilton to visit his sister, Mrs. Will Autrey, who is seriously ill. Ernest grew up in these diggings, and never will lose his interest in Hico and its people. "This check is little enough," he said, "for what these fellows in the country have done for me through the years. I have never been denied hunting or fishing privileges and have a warm spot in my heart for these friends. I may have my faults, but ingratitude is not one of them." The editor appreciates such a spirit, but seriously doubts if Mr. Barrow has killed or caught \$15.00 worth of game in all that time. Ouch!

In renewing his subscription to the News Review, J. W. Luckie said that he noticed the price hadn't gone up on that, as it had on everything else.

Mrs. Rucker Wright, Big Spring, wrote in to renew her paper, saying, "It would be pretty hard to do without the news from home." She sent greetings to friends in Hico, and best wishes for a Happy New Year.

Mrs. Emma Paddock's paper has been renewed by Louis Chaney, who said he wanted to be sure and take care of his mother-in-law.

Miss Pearl Whiteside came by Monday to send subscriptions to two nephews, S. E. Patterson, Stephenville Rt. 3, and H. A. Patterson, Hico Rt. 7.

In reading the subscribers' column, Mrs. H. L. McKenzie said she figured they might be reminding her to other people, and so she came by to renew her subscription.

Miss Ruby Rodgers said she thought the Rodgers family might not be getting another paper unless she paid up—and so she did.

Mrs. Henry Davis has ordered subscriptions sent to her daughters, Mrs. T. O. Lowery in Waco and Mrs. Grady Wilson in Fort Worth. We miss those visits that Hattie used to make to the office, but at least are glad to know she is back in town again after a sojourn with doctors in Fort Worth last fall.

Mrs. R. H. Peek (nee Mary Golden) wrote the annual letter that the office looks forward to each year, and sent in her renewal with her chatty report. Sending wishes for a happy and prosperous New Year, she apologized for being a shade late (about a week is all) saying: "I certainly do not want to miss any copies, and right now you probably think that I have lost all interest in my home town, but I definitely have not." We knew that without your telling us, Mary, and only wish it wasn't so far from Galveston to Hico that you can't drop in on us every week end.

R. V. Johnson, Hico Rt. 4, sent in his renewal this week.

MARCH OF DIMES TO FOLLOW PORCH LIGHTS

MAYBE THIS WILL BRING A RAIN

A little bird tells us Spring is near, and brings to mind garden activities. Let us all remember our Flower Show in April. Begin now to plan your flower entries. Watch for further information in The Hico News Review—Garden Club Staging Committee.

Dollars Needed As Well As Dimes to Attain Hico's Goal

When your porch light shines tonight, it will brighten the hopes of many crippled lads and lassies. If you don't have a porch light, you are asked to turn on a flashlight, car light, candle or any other signal that will show the workers of the March of Dimes that you want to make a contribution.

Promptly at 7 o'clock tonight, the fire siren will sound, and in the hour between 7 and 8 o'clock, a mother will be waiting in each block in town to see the lights go on. At each home where there is a light, she will go in to take the offering and add the donor's name to her official scroll. Thereby it is a dramatic form of giving, with every person contributing at the same time, in whatever amount he is able, responding to the call of polio victims, who need your help this year more than ever before.

It has been named "Mothers' March on Polio." The slogan is "Turn on Your Porch Light; Fight Polio Tonight." This is a concentrated effort which eliminates the usual door-to-door solicitation and repetitive calling on someone who may have already donated. Businessmen will not be called upon downtown, as has been the custom in previous years. All giving is strictly voluntary.

Mrs. Wm. D. Bradley Jr., co-chairman of the Hico March of Dimes, is in the City Hall each afternoon from 4 until 6 o'clock and she will accept checks for that cause from those who do not have the opportunity to contribute otherwise, or those who prefer to give downtown. Checks may be made payable to the March of Dimes, and may be mailed to Mrs. Bradley or Odie Patsick, Hico, co-chairmen of the drive.

For further information, we urge you to read the ads. Most of the advertisers have a message in their ads about polio this week, and they have donated regular space freely to this cause.

Improvements Begun On Fireman's Hall to Utilize Space Better

Remodeling of Firemen's Hall, which has been underway nearly two weeks, is planned to make it as liveable as your own living room at home, according to a hope expressed by Ollie Davis, who is serving on a committee with L. J. Chaney and Charlie Meador to oversee the work. The project is financed by contributions from local organizations which meet in the hall regularly.

The kitchen and rest rooms, formerly located in the front of the building, are being moved to the back, with a serving bar finished in knotty pine separating the kitchen from the dining hall. The pine walls will also be at the opposite end of the dining hall, with pine wainscoting completely around the room. The raised level of the floor, which formerly extended about three feet completely around the room, has all been taken out to add more space.

The front of the building will be used as a meeting and reception room, with venetian blinds to be moved there from the back wall. This room has been made wider by moving the wall over and making the stairway narrower. It is 42 x 26 feet.

The dining room is 34 x 24 feet, and the kitchen is 10 x 10 feet. Ceilings will be finished in Celotex, and the upper part of the walls will be a sea foam green. Kemtone.

Clean, Safe Water Is Top of School Here Next Month

The Bosque River Water and Sanitary Association met in regular session in Hico Tuesday night with representatives of towns of the association present. An address of welcome was made by Mayor W. H. Greenslit. G. F. Higgs, representative of Briggs-Weaver Machinery Company, gave a short talk.

J. L. Drake of Hamilton, secretary of the association, released the following report on the meeting:

In the business session presided over by J. Percy Anderson of Stephenville, president, it was decided to hold the state water school in Hico from February 12 through March 2. The purpose of this school is to train the employees of the cities' water departments to give the people clean, safe water at a minimum cost and in an efficient manner.

This is the first time a state water school has been held in the new water association district since its organization.

Towns in the Bosque River Association are Hico, Stephenville, Hamilton, Clifton, Granbury, Glen Rose, Morgan, Dublin, Tolar and Valley Mills.

Scouts Contribute to March of Dimes At Monday's Meeting

Girl Scouts met Monday night to hear Miss Louise Blair, leader, give instructions on "Survival Under Atomic Attack." Using diagrams with her speech, she discussed the subject as reported in a government document. Scouts carried on a round table discussion afterward.

The group gave a contribution to the local campaign for March of Dimes.

Games were played later, under the direction of Mrs. Wm. D. Bradley Jr. and Nelda Calder passed two proficiency badge tests.

The Baptist meeting closed last Sunday night. They got one member by letter and one by baptism. The meeting was a good one and was well attended. They had several dedications.

John Benjamin Wyche
John Benjamin Wyche was born April 26, 1882, in Prairieville, Kaufman County, Texas, to Mr. and Mrs. Robert Wyche.

He passed away at his home on January 14 at 2 p. m.

He was married to Miss Ida Parks on April 27, 1910. To this union two children were born, James of Odessa and Evelyn, now Mrs. Whitley, of Iredell.

He professed faith in Christ and joined the Methodist church at the age of 24.

He was confined to his bed for some time. He was able to be up and around in the house during his long illness, which he bore with patience.

He was a loving husband and father and he was a good Christian man. He was a loyal friend and a good neighbor. His family and children and other relatives and friends will miss him, but he lived out his days and passed to his eternal home where he will be at rest for ever more.

I visited him several times. I was there on Sunday afternoon before he died and he was up shaving. I didn't think then that the next time I saw him he would be cold in death. Rev. Wallace visited him and he told him he wasn't afraid to die although he didn't want to leave his folks. Rev. Wallace quoted him as saying that he wasn't ashamed of the record he had made. That was a wonderful thing to say. He was a good man and his record was perfect. His wife certainly was faithful to him, and his children also were faithful.

He spent the better part of his life in Iredell. He was in business here, had a filling station for a while, and he was honest in all of his dealings with the public.

Besides his wife he is survived by his two children and five grandchildren. He was preceded in death by his parents, Robert and Nora Ann Wyche, and one sister and one brother. He is also survived by three brothers and two sisters and a host of nieces and nephews. The brothers are W. A. C. E., and R. E. Wyche. The sisters are Miss Grace Wyche and Mrs. B. F. Springfield.

The funeral was held Monday afternoon at 3 o'clock in the Iredell Methodist Church. Barrow-Rutledge Funeral Home of Hico had charge of arrangements. Rev. R. T. Wallace, the pastor, brought a beautiful message. He was assisted by Rev. Ray Ellis, the Baptist pastor, in the presence of a host of relatives and friends. The floral offerings were large and beautiful, which told of the high esteem in which he was held by his friends.

The pallbearers were Messrs. W. J. Cunningham, Word Main, J. E. Lawrence, B. L. Mitchell, Roy Moore, and Homer Whitley. Interment was in Iredell cemetery.

Out-of-town relatives who attended the funeral were: Mr. and Mrs. W. A. Wyche of Springfield, Colo.; Mr. and Mrs. C. E. Wyche, Sherman; Mr. and Mrs. R. E. Wyche, Ringland, Okla.; Mrs. B. F. Springfield and Wyche Springfield, Marlin; Mr. and Mrs. Robert R. Wyche and son, Abilene; Mr. and Mrs. B. F. Springfield, Mr. and Mrs. Oscar Springfield, Miss Grace Wyche and Mrs. George Bickel, Dallas; Mr. and Mrs. R. V. Wilson and Mrs. Bob Scott, Arlington; Mrs. Hill Ross, Poolville; Mr. and Mrs. D. B. Parks and Mr. and Mrs. Jim Hal Parks, Graham; Mrs. W. R. Newsom, Big Spring; Mr. and Mrs. R. W. Brannon, Comanche; Mrs. F. D. Main, Mrs. Norman Clark and Janice, and Mrs. George Williams, Hamilton; Mr. and Mrs. R. C. Isham, Fort Worth; Mr. and Mrs. James Wyche and Annette, Odessa, and Miss Jo Jo Wyche, a student at Tarleton College, Stephenville.

Mrs. Wyche and children and other relatives have the sympathy of their friends in the loss of their loved one. He is gone, but not forgotten.

HIGH SCHOOL FAVORITES AS FEATURED IN ANNUAL ANNOUNCED THIS WEEK

Hico High School favorites, whose pictures will be featured in the school annual, The Tiger's Lair, were announced this week.

Wanda Jo Jaggars, a Senior, and Royce Knight, a Junior, favorites of the entire high school, will have a full page.

Class favorites are as follows: Freshman, Don Ross and Jean Sherrard; Sophomore, Steve Garrison and Betty Bolton; Junior, Fred Jones Jr. and Wilma Haley; Senior, Kenneth Johnson and Mary Nell Keller.

Half-page pictures of Vanetta Patton, football sweetheart, and Betty Jane Golightly, FFA sweetheart, will appear in the annual, as well as pictures of the high school Hallowe'en king and queen, Aubrey Blakeley and Betty Bolton, and grammar school king and queen, Ronald Massey and Linda Cox.

Work on the annual is to be completed by February 10. The snapshot pages are the only ones not completed, and pictures are being taken for these now.

GREETINGS FROM DENMARK

Doris is looking for someone to read it. She says it's all she can do to read English.

WORM'S EYE VIEW

Say, are you cold? This wind just whistles right on through my red flannels and chills my very backbone. You know, there's one girl in this school that I'll bet doesn't get cold. She's so little that the wind just passes her by without even touching her. And to top that, she wears a very large track jacket, which incidentally belongs to Clinton Spotts.

Paula is always busy. She's editor of the annual, and this annual seems to take a lot of time. And she really gets mixed up when Mr. Sirman starts asking her questions in Bookkeeping.

Just so you'll recognize Paula Decker, I'll give you a description of her. She's 5' 2" inches tall, has brown eyes, reddish blonde hair, weighs 105 pounds and has long dark eyelashes.

See you next week if I'm not classified as an icicle by then.

HICO BASKETBALL BOYS AND GIRLS LOSE RETURN GAMES TO SEAGOVILLE

The Hico girls and boys played a return game with Seagoville Saturday night. In the girls' game Jean Suitt was high point girl with 8 points. The scores were 35-17 in Seagoville's favor.

In the boys' game Virgil Grey was high point man with 11 points. The scores were 24-20 in favor of Seagoville.

MISTAKES IN DRIVING ARE COSTLY; LET'S TRY TO CORRECT THEM

While out driving an automobile, a person sometimes does not realize his mistakes until it is already too late to do anything about them. If a driver would pay more attention to his driving before he had an accident, he would be less likely to have the accident. He also would be doing his part in reducing the number of deaths resulting from accidents caused by negligence on the part of the drivers who are involved. A person who pays no attention to his driving cannot be expected to be a safe driver.

On the other hand, a person who drives safely at all times can be trusted to do the right thing at all times, too.

Therefore, you should notice your mistakes in driving and correct them before you have an accident and it is too late to do so.

NOTICE To City Tax Payers

All city taxes were due and payable on October 1, and if not paid by the last day of January will be delinquent.

Delinquent taxes are subject to penalty and interest, and it is greatly to your interest to take care of your taxes BEFORE THE FEBRUARY 1 DEADLINE.

Delinquent Taxes

We still have some delinquent taxes on our books and those owing such taxes are urged to come in and see about them.

According to law, delinquent taxes are a valid lien against any real estate property and in case of a sale of property, must be satisfied. In other words, you could not give title to your place if there were any unpaid taxes against it.

We need all the tax money we can get in to make badly-needed improvements in our water and sewer system, and hope all loyal citizens will pay in full.

Foresight Needed in Civil Defense Plans in Case of Disaster

Austin, Jan. 22.—It is hoped that we may achieve orderly thinking and make concrete suggestions for use by local and state committees in planning the medical phase of civil defense and disaster relief in the very near future, said Dr. Geo. W. Cox, State Health Officer and State Medical Defense Director.

No community can prepare itself to provide these additional health services that will be essential for civilians subjected to disaster, without a great deal of forethought, prolonged training and development of systematic performances, drills, tests, etc. When the average community prepares itself for disaster, the effort of each citizen and every profession must be fitted into a coordinated system.

There is no easy way to prepare for disaster, as it is all hard work. There are two opinions as to local planning. One maintains that no local planning should be done until the central agency prescribes a uniform pattern for each locality.

On-the-Spot Pictures Produced by Army's New-Type Camera

Austin, Jan. 22.—Development of a new-type camera using invisible electrical images which can produce on-the-spot pictures even in active atomic radiation areas without being fogged, has been sponsored by the Signal Corps Engineering Laboratories.

In the making of the past year and a half, a model of the camera, dubbed "Two-minute Minnie," produces a finished 4x5-inch picture two minutes after the shutter is snapped. Its plates, which need no chemicals for processing, can be used over and over again merely by wiping off the image.

The picture has tones similar to that of an ordinary black and white photograph and can be printed on paper, wood, cloth, glass, plastics or ceramic materials. It can be made into a transparency from which enlargements can be produced.

The camera employs the newly discovered electrostatic, electro-photographic process in which light is recorded on a selenium-coated metal plate that has been sensitized by an electrical charge.

Where the light hits the charged plate, the electricity leaks off the sensitized material in proportion to the amount of light received and is grounded on the plate. What is left is an invisible electrical image.

Finely ground charcoal or anthracite coal powder is then blown across the face of the plate. Wherever there is electricity on the plate, the dust sticks—the more the electricity, the more powder remains.

The powdered image is then transferred to ordinary paper of other material coated with an adhesive layer such as rubber cement. To protect the surface and fix the print a clear transparent plastic film is pressed against the picture.

For military use, the new camera, when it reaches the field, will offer several advantages over the conventional silver process of photography. The camera uses an ordinary lens and shutter. Its light source is the same as for an ordinary camera—sun or reflected light, photofloods, flash bulbs or ordinary light bulbs.

Development of the camera was under sponsorship of the Signal Corps which aided the Haloid Company, Rochester, New York, and the Battelle Memorial Institute, Columbus, Ohio, in the research and design leading to production of a model.

Big Parade to Open Fort Worth Stock Show in Spirit of Old West

Fort Worth, Jan. 25.—The color and excitement of the old west are prevalent in Fort Worth on the eve of the opening of the Southwestern Exposition and Fat Stock Show.

Cowboys, cowgirls and livestock from 30 states, Canada and Cuba already have arrived for the huge show which will swing open its gates to the public Friday. W. R. Watt, president-manager, predicts that the 1951 edition will be the greatest of them all.

Opening day festivities will begin at 2:00 p. m. with the traditional downtown parade. Ernest Allen, vice-president and chairman of the parade committee, reports that the event will be more spectacular than ever before. The TCU Horned Frog band will lead the review through downtown Fort Worth, followed by almost countless riding clubs, horseback riders and horse-drawn vehicles. School bands will be interspersed throughout the length of the parade.

Verne Elliott, "Mr. Rodeo," will again produce the world's greatest indoor rodeo in Will Rogers Memorial Coliseum. Performances will be at 2 p. m. and 8 p. m. daily through Feb. 4, after the first performance on opening night.

More than 375 of the greatest rodeo performers will compete for their share of the \$50,000 purse. The Boom Town Mounted Square Dancers from Burk Burnett will thrill rodeo fans with their brand of horsemanship during the rodeo. Nearly \$25,000 in premiums have increased horse show entries to more than 850 head of the country's finest horses.

Audie Murphy will exhibit a Quarterhorse.

Adult Night Classes To Be Offered Again at Tarleton College

Stephenville, Jan. 22.—Tarleton State College will continue its program of night classes for adults during the spring semester of this year, according to Dean Paul Cunyus.

A meeting will be held at 7 p. m. Tuesday, Jan. 30, in the Tarleton Auditorium for all persons interested in taking any kind of night course. At this meeting class hours will be arranged, fees paid, books and supplies secured and registration completed.

Classes will be offered in any subject for which there is sufficient demand. So far most interest has been shown in typing, shorthand, English, rural sociology and shorthand.

TO PREACH AT ROCKY

Bro. Blackburn will preach at Rocky Church on Sunday, Jan. 28, according to an announcement made by a member of that congregation. He will have charge of both morning and evening services. Everybody is invited to attend.

Mrs. Bill Lackey Is Friday Hostess To Fairy HD Club

"One should not plant annuals in the bed with shrubs," said Mrs. Archie Corbett at a meeting of the Fairy Home Demonstration Club in the home of Mrs. Bill Lackey last Friday afternoon.

The club was called to order by the president. Roll call was answered with members' favorite roses or flowers. The new officers were installed by Mrs. L. J. Wood. Mrs. Corbett gave an interesting discussion of "Growing Better Annual Flowers," followed by Mrs. C. H. Boyd, whose topic was about selecting and planting roses. She brought out several new ideas on setting out rose bushes. Mrs. Jasper Jenkins told an interesting history of Hamilton.

One new member, Mrs. C. J. Lackey, was added to the club. Besides those mentioned above, refreshments were served to four visitors, Mrs. Louis Abel, Miss Lois Courtney, Mrs. I. M. Hutchins and Mrs. J. C. Sills of Valley Mills; and to the following members: Mrs. J. J. Jones, Mrs. Chester Wood and Mrs. Carl King. The meeting was adjourned, to meet in the home of Mrs. Archie Corbett, February 16.

South Hico H. D. Club Gives to Polio Fund, Studies Party System

Mrs. W. R. Churchill was hostess to the South Hico Home Demonstration Club Tuesday.

Eight members were present: Mrs. B. F. Rainey, Mrs. D. F. Dunn, Mrs. Woodie Garner and children, Mrs. Faye Simons, Mrs. F. E. Stone and Linda, Mrs. Leonard Weaver, Mrs. V. D. Dittmore, and a new member, Mrs. W. A. Moss. We were glad to have five visitors: Mrs. Truman Pearson, Mrs. Rankin Jones, Mrs. Kyle Archie and Becky, Mrs. Byron Hawthorne and Mrs. Eva Hodnett.

Roll call was answered by naming a state office and the officers. Mrs. Garner gave the council report. Each gave a dime to go in the treasury, and each gave a dime for the March of Dimes.

The program was given on what the following stand for: Republican party, Mrs. Weaver; Democratic party, Mrs. Rainey; Socialist party, Mrs. Simons; Communist party, Mrs. Churchill; Imperialist, Mrs. Garner. Mrs. Churchill had up a quilt, and most of those present quilted some.

Each member received a gift from her secret pal, and we drew new names.

Refreshments of lemon pie and hot chocolate were served. Miss Ethel Hander, H. D. agent, will be with us on our next meeting Feb. 13, with Mrs. Stone.

Right Under Our Nose!

Sometime back, we got word from the Governor, asking if we wanted to use the State Fire Inspection Team—a group of experts they send around to communities to inspect public buildings.

We sent a letter saying: "Okay! Give us the once-over!" They came down, all right—last week.

After the inspection, we got their report. Came out pretty well, all told. Town Hall and the School were O.K. Post Office just needed more sandbuckets. In fact, everything got a clean bill of health, except—the Fire Station!

Review Club Meets Thursday and Gives To March of Dimes

Seventeen members of the Hico Review Club met in the home of Mrs. S. E. Blair Sr. on Thursday afternoon, Jan. 18, to continue their study of "Americanism." A salad plate was served, Mrs. Blair and Mrs. J. W. Fahey were co-hostesses.

The club voted to contribute to the local campaign for March of Dimes. Federation news was told the club members by Mrs. L. J. Wood, federation counselor.

Plans were made for a program on March 15 to feature a book review to be given by Mrs. T. D. Craddock, English teacher in Hamilton Public Schools.

Members answered roll call with names of famous American women. "Woman's Opportunities and Responsibilities" was the subject discussed by Mrs. C. H. Boyd. She cited the numerous opportunities that the modern woman has in every profession, and challenged the women to do their part as responsible citizens and make their influence count for good.

Mrs. Wayne Rutledge told about "Outstanding American Women of Today," giving thumbnail sketches of women in Washington associated with the government.

Present were Mrs. Bryan Angell, Mrs. W. M. Horsley, Mrs. Edgar Bradley, Mrs. R. B. Jackson, Mrs. J. E. Lincoln, Mrs. Bernell Jernigan, Mrs. Marvin Marshall, Mrs. J. Fred Patterson, Mrs. T. E. The Night Cometh
Jesus reminds us that life has a way of getting away from us. Days speed into weeks, weeks into months, months into years and our lives pass with them, into Old Age—and then the Night Cometh.

That life has a way of advancing, maturing, and then passing is a solemn and sobering thought.

In this, the beginning of another year, we would press home the great need for Workers in the Church.

Many of you resolved a long time ago that you would do what the Lord wanted you to do—TEACH, WITNESS, SING, GIVE. What has become of that resolution? Time is still passing.

Maybe others have a mind to work when circumstances are right. Let us remind you that many are Working, Praying, and Giving in spite of circumstances.

There is no better time to begin than now. How about it? Is the Lord calling you to work in His Vineyard? May the Lord help YOU to do it now!

Lone Star delivers a bargain in modern living to 147,575 new homes

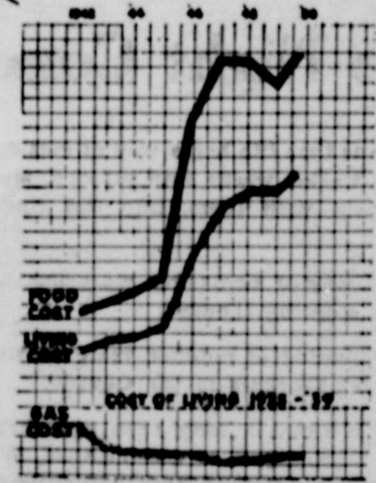

In the last five years, 147,575 homes were built in communities we serve. Imagine, if you can, these new homes without natural gas service. They simply couldn't be as modern—as comfortable, as clean, as convenient.

Modern living in every home is partly our responsibility. So, we have been building new natural gas facilities for these new homes. We've added scores of gas-producing wells, built several hundred miles of cross-country and city pipe lines, and built many other new facilities—totaling over 80 million dollars.

The price of virtually all materials and labor in this building program has gone up... up... up. Yet, Lone Star natural gas service for homes has not gone up. In fact, natural gas service for homes here is cheaper now than 10 years ago.

Lone Star Gas Company has kept abreast of every community's growth—yet it still costs an average of less than 15 cents a day for gas water heating, gas refrigeration, gas cooking and gas house heating in the average home. Where else does so little buy so much?

Gulf Announces New Farm Tractor Guide Available at Dealer's

A new Farm Tractor Guide, with a wealth of valuable ideas for making farm tractors last longer and perform better, has been published by the Gulf Oil Corporation and is ready for free distribution to all who request it.

The Guide is of convenient size and contains 76 pages. It is profusely illustrated and written in easily understandable language for more efficient and comprehensive use.

In addition to the photographs used for illustrative purposes, the Guide also carries complete, easy-to-read diagrams covering every phase of farm tractor lubrication.

Included in the Guide are sections on lubrication and maintenance of engines, crankcases, oil filters, carburetors, fuel pumps, valves, transmissions, air cleaners, etc.

Complete sections on the care of the cooling and ignition systems are also included, as well as well-illustrated sections on the care and maintenance of tires, tubes, and batteries.

Of particular interest to all owners of farm tractors right at present is a section containing tips on cold weather operations and storage for winter.

Also incorporated in the Guide is a very informative section entitled "The Trouble Shooting Guide" which gives valuable tips on where to look for trouble in any case of engine failure.

The Guide concludes with a pertinent section on rules for safe tractor operation and the nine general rules for giving temporary first aid in case of farm accidents.

It is sized just right, and the book is punched for hanging in readily accessible places in barns, garages, and sheds.

The new Gulf Farm Tractor Guide may be obtained free of charge by contacting Mr. Grady Hooper, local distributor of Gulf Oil Products.

Army Reservists In Active Service Eligible For Civil Protection

Austin, Tex., Jan. 22.—Army reservists ordered to active military service, either voluntarily or involuntarily, are entitled to protection from civil lawsuits, evictions as well as reemployment rights, under the provisions of the Soldiers' and Sailors' Civil Act, Colonel C. M. Culp, Chief of the Texas Military District, stated today.

Personal affairs officers will be available at training centers to assist individual reservists with their problems. In cases where whole units are called into service, arrangements have been made to place members of the Judge Advocate General Department duty to assist reservists with legal problems, prior to departure from their home stations, Colonel Culp said.

While this relief law has been in effect since 1940, and was extended and broadened by the Selective Service Extension Act of 1950, some reservists have been applying for delays and deferment from military service because of personal obligations which the act covers.

In general the law provides that neither personal nor real property can be repossessed from an individual ordered to active military service without a court order. If court action is resorted to by the lender, the serviceman may be represented by a dependent if he is unable to attend the hearings or the court will appoint a qualified attorney to represent his interest. The court may stay proceedings if the serviceman's ability to make payments according to the original contract has been affected by his entry into military service. Also, foreclosures of mortgages and deeds of trust may be stayed by the court. This provision includes property purchased under the GI Bill of Rights as well as other mortgage loans. If court action is started by the lender involving the payment on loans, mortgages on real or personal property or other installment obligations, the court, if it sees fit, may lower the payments or declare them suspended until three months after honorable discharge.

It is not the purpose of the act to make military service a refuge for anyone attempting to avoid legitimate obligations where the entry into the armed forces does not affect the ability of the person to properly discharge such obligations. Therefore, throughout the act, such expressions as "such other disposition of the case as may be equitable to conserve the interest of all parties", "discretion of the court", "materially affected by reason of military service" appear repeatedly. Each case will be adjudged by the court according to the law and the circumstances surrounding that particular case. Each case must stand on its own merits and will be adjudged according to the circumstances and equities of all parties concerned.

In the recent ordering to active military service of company grade Army reserve officers, the announcement by the Department of Defense at Washington specifically pointed out the fact that officers volunteering for active service would have their reemployment rights protected under the reemployment provisions of the Soldiers' and Sailors' Civil Relief Act as amended. This section of the act assures those entering active military service that their civilian jobs will be restored to them if reasonably possible and that they will return in the status and with all the benefits and advantages that would have accrued to them if such civilian work had not been interrupted by military service.

The law is long, and to the layman, complicated. Therefore, Army authorities recommend that either a qualified civilian attorney or a legal assistance officer be consulted for advice and assistance where the entry into active military service creates a hardship on the serviceman or his dependents.

Final Preparations Going Forward On Houston Stock Show

Houston, Tex., Jan. 22.—This highly-industrialized Gulf Coast city is rapidly taking on a Western atmosphere as final preparations are being made for the grand opening Wednesday, January 31, of the 19th annual Houston Fat Stock Show.

Early next week the first of more than 10,000 prize livestock entries will begin moving into Sam Houston Coliseum and at 10 a. m. Wednesday a gigantic three-mile long parade will start its procession down Houston's main drag. This will herald the opening of the show.

The parade, tremendous like the rest of the 1951 exposition, will be headed by Governor Allan Shivers, Show President W. A. Lee, Show Board Chairman J. W. Sartwell and a galaxy of other top state, county, city and show officials.

And astride his beautiful horse "Trooper" will be William (Hop-along Cassidy) Boyd, who, with Eddy Arnold and his Oklahoma Wranglers, will star at 19 performances of the World Championship Rodeo, January 31 through February 11.

More than 3000 members of 65 Gulf Coast and East Texas high school bands will march between the canyons of Houston skyscrapers, amid avalanches of ticker tape and the blare of martial music.

The mighty transformation from an industrial city to a Western cowtown will be complete.

Premier performance of the rodeo is at 2 p. m. Wednesday when the band members and Houston's underprivileged children will be the first to see the rodeo stars, the estimated 300 top professional cowboys, quarter horses, calf scramble, and other major events making up more than two hours of fast moving entertainment.

Governor Shivers is due to join President Lee and others in the official opening ceremonies at the 8 p. m. rodeo performance.

President Lee said livestock entries clearly indicated a well-rounded Stock Show, a show in which all participants will be vying for a total of \$102,000 in cash awards and premiums. Many of the nation's top herds have been entered.

Rodeo tickets may be ordered by mail by writing Rodeo Ticket Director, P. O. Box 2371, Houston, Texas.

SINGING CONVENTION IN HAMILTON SUNDAY

Hamilton County Singing Convention will be held next Sunday, Jan. 28, beginning at 1:00 p. m. in the Littleville Baptist Church in Hamilton, as announced by Ollie McDurmitt.

A cordial invitation is issued to everyone, he said.
