WHY KIDNEY DISEASE IS DANGEROUS.

Neglect of the First Warning Sym-
ptoms is the Prime Cause of so
Many Deaths from the Dreaded
Bright's Disease.

It is Easily Curable in the Early Stages.

Kidney diseases are so destructive to human life because they do not manifest alarming symptoms until the constitution is seriously weakened and the strength exhausted. Then, too often, the remedies employed by many physicians are of indifferent or doubtful value, and the patient rapidly sinks under the disease. The wisest course is to apply a reliable kidney and liver remedy on the first appearance of the symptoms. A little uneasiness in the small of the back, digestive troubles, bowel irregularities and disorder in the urinary organs are matters of small moment in the estimation of strong men and women, yet they have a serious meaning. They show clearly that the kidneys are suffering and need help, which must be forthcoming at once to prevent serious, perhaps fatal consequences. A few doses of Prickly Ash Bitters at this time would prove of incalculable value in restoring the weakened organs to health. An investment of one dollar in a bottle of Prickly Ash Bitters when the disease is yet in the early stage will save hundreds of dollars in doctor's bills, besides the suffering that would surely follow should the disease be allowed to fasten itself in the body. The excellent curative power of Prickly Ash Bitters is not confined to the first stages of kidney disease. It is equally efficacious in severe or chronic cases. Physicians have used it as a last resort, in cases that defied their best efforts, with the most brilliant results, and it has shown its superiority over the many so-called kidney cures, now being loudly advertised, in instances innumerable.

Accept no substitute. Insist on having the genuine Prickly Ash Bitters with the large figure 2 in red on the front label.

Sold at Drug Stores, \$1.00 per bottle.

Climatic conditions around Grapeland are so favorable to the growth of Irish potatoes that they sprout and grow in the open air. John Pelham, a very successful truck grower, called at our office Saturday and showed us some potatoes he had been keeping in an out house which were sprouting and young potatoes had already formed. We understand a considerable acreage will be put in potatoes this spring.

If interested in a course of bookkeeping, business training, shorthand, typewriting or telegraphy clip this ad, mail it to the Tyler Commercial College, Tyler, Texas, and we will send you our large illustrated free catalogue, telling how we save the student \$135 on a bookkeeping course, \$200 on a shorthand course, \$110 on a telegraphy course, and when his course is completed, how we secure for him a good position through our free employment bureau.

Don't frown—look pleasant. If you are suffering from indigestion or sour stomach take Kodol dyspepsia cure. Hon. Jake Moore of Atlanta, Ga., says: "I suffered more than 20 years with indigestion. ENDORSES OUR SENTIMENTS

As to Hunting. Enon School Disturbed by Hunters Firing Guns.

Enon, Feb. 5.—Ed. Messenger: Some time ago you mentioned in your columns a fact that we country people second, and that was concerning these fellows who have nothing to do but sport around in the fields with gun and dog seeking whom they may disturb.

We were very much surprised a few evenings past by the firing of a few shots by some of these very creatures within a stone's throw of our school building. The shots frightened a few of the children and unsettled the remainder so far as work was concerned.

Now, we know this is not in compliance with good training. We do claim to be above the stage of barbarism out here and I am sure not one of us would come near your institution of learning and fire our guns, and if we were to do such a thing we would be put in the lock-up. You understand we haven't any officers out here to take a fellow up who seems to be running wild, and therefore, we feel that it is worse to impose on the helpless than on any other class. We as a people of no boasted strength or worldly goods, do humbly ask those that are in the habit of frequenting our fields to be kind and considerate enough to not disturb our schools and homes by firing in such a careless manner so near them.

We hope this will not find its way into the waste basket for we do want these so-called sportsmen to see our notice.

Thanking you for past favors and for the favor publishing this notice, we are as patient as ever,
JOB.

Firing Foley's Honey and Tar.

Foley & Co. of Chicago, originated Honey and Tar as a throat and lung remedy, and on account of the great merit and popularity of Foley's Honey and Tar many imitations are offered for the genuine. These worthless imitations have similar sounding names. Beware of them. The genuine Foley's Honey and Tar is in a yellow package. Ask for it and refuse any substitute. It is the best remedy for coughs and colds. Carleton & Porter.

To Fruit and Truck Growers.

All persons interested in this line of farming are requested to meet at Grapeland, Wednesday, Feb. 14, at 2:30 p. m. This will be one among the most important meetings during the season and I hope a full attendance will be present.

D. W. Martin, Pres.

Foley's Honey and Tar cures the most obstinate coughs and expels the cold from the system as it is mildly laxative. It is guaranteed. The genuine is in the yellow package. Sold by Carleton & Porter.

Messrs. Chas. and F. A. Lively left Sunday for Indian Territory to inspect that part of the world. It's our opinion that they will return to Houston county better satisfied than ever.

Indigestion is such a habit. Don't get the habit. Take a little Kodol Dyspepsia Cure after eating and you will quit belching, gas on stomach, and bloating. Kodol digests what you eat and makes the stomach content. Sold by Carleton & Porter.

A. J. Spradley, ex-sheriff of Neacogous county, spent Sunday in the city.

FOR TAX COLLECTOR.

Oscar C. Goodwin announces in this issue for the office of tax collector of Houston county, subject to the action of the democratic party. Mr. Goodwin is a Houston county boy, having been born and reared at Lovelady. He has been engaged in school teaching for several years and has taught the Wesley Chapel school three years in succession, which within itself, is a good recommendation. There is not a question as to his competency to fill the office and he is seeking it on his merits. If the people see fit to elect him as their tax collector, we feel sure he will make an efficient one.

FOR RE-ELECTION.

Nat E. Allbright is a candidate for re-election to the office of county clerk, and his name appears in the announcement column. Everybody knows Nat Allbright and no introduction is needed at our hands. He has been county clerk about as long as the average boy can remember, which is sufficient evidence that his work has been efficient. If re-elected he promises to continue discharging his duties with the same efficiency as in the past.

FOR COUNTY JUDGE.

At the persistent solicitation of his many friends Hon. J. W. Madden has decided to make the race for County Judge of Houston county, subject to the action of the democratic party. Mr. Madden is a splendid man and lawyer, and we know of no man in the county that is better qualified to fill the office. He has served in the rank and file of his party, and has been prominently identified with the interests of the county for a long time. Anything you do to further advance his candidacy will be greatly appreciated by him.

FOR RE-ELECTION.

In this issue we present to you the name of I. A. Daniel, who is a candidate for re-election to the office of Representative, subject to the action of the democratic party. Mr. Daniel gave eminent satisfaction to his constituents during the twenty ninth legislature and if re-elected he will be in a position to render even better service. We commend him to your careful consideration.

Bro. R. H. Jetton has sobered up from his Christmas jag and returned to Buffalo and revived the Banner. We are glad of this because the Banner is one of our best exchanges and we missed it sadly.

A prominent lumberman of Houston came out in a lengthy article in Monday's Post trying to prove that there is no lumber tract in Texas. But every sane man knows there is.

C. G. LANSFORD.

The above gentleman comes before the people of Houston county this week as a candidate for the office of county clerk, subject to the action of the democratic party. Mr. Lansford made the race for this office two years ago and was defeated by only a few votes. He has hundreds of friends who will be glad of another opportunity to vote for him. He is fully qualified to discharge the duties of the office and if the people see fit to honor him by election, he will, no doubt, make a faithful public servant. We heartily commend him to your consideration.

Had you thought about it?

Wednesday, February 14th, is Saint Valentine's day.

Grapeland needs a new school building—a brick one—and needs it badly. Other communities have built excellent school buildings and why can't we?

A small carning factory would be a paying proposition for Grapeland.

Grapeland needs some place for public meetings, entertainments, etc. A town hall would be the thing.

There is a splendid opening in Grapeland for a bank. Inasmuch as the business men don't seem inclined to organize a bank, we invite outside capital to come and investigate.

An exchange is responsible for the statement that disastrous fires in Western towns are caused by the friction of the rapid growing towns.

If some men worked as hard trying to make an honest living as they do trying to flinch from the common people their earnings, this old world would be lots better off.

No man can look into the future and prophesy to a dot what the weather will do, but Weather Prophet Foster has hit pretty well all along and he predicts a drouth in the Southwest during the spring. Farmers had better prepare by breaking up their land.

Among the most important offices to be filled this year is that of representatives. We may have the best man in the state for governor, but if the legislators are not competent, his hands are tied. Every Texan remembers with disgust the last attempt and fizzle made by the legislature. Let us profit by past mistakes and send only the best men to Austin—men who have a high sense of duty and who will reflect credit and honor upon the people and the state.

Two Prominent Men Dead.

The sad intelligence reached here Wednesday morning that Mr. Gail Clinton had died with pneumonia at his home at Reynard. His death was a shock to the town and his many friends were surprised for it was not generally known that he was ill. The fatal malady was no doubt contracted while engaged in rail road grading in Leon county, and he had returned home for medical attention. Mr. Clinton filled an eminent position in his community and in the county and his place will be hard to fill. He leaves a family to whom the Messenger extends heartfelt sympathy.

Mr. M. M. Baker died at his home near Crockett last Tuesday night after a lingering illness of several weeks' duration. He was buried Wednesday afternoon in Glenwood cemetery at Crockett. A large concourse of sorrowing friends and relatives accompanied the remains to the grave to pay their last tributes to the dead. Everything known to medical skill was done to restore health, but to no avail. To the bereaved family, numerous friends and relatives, we tender sincere sympathy.
