OHNSON CHALLENGES SEEKS JOINT DEBATE WITH ANTI ADVOCATES

Meet Bailey, Culberson and All

Texas Congressmen Opposed to Statewide Amendment

Dallas, June 9.— Cone Johncon, defeated candidate for
governor, who made a prohibition address at the statewide
rally here last night, has issued a
challenge to joint debate to both
United States senators from
Texas as well as congressmen included in the declaration of principles of the anti-prohibitionists
as among those opposed to stathvide prohition.

This fact did not develop until today, although the challenge was really issued last night.

Many of those who attended the prohibition rally left early or before Mr. Johnson had completed his address. Departing tom his set address, he issued the challenge.

Does that include Senator Dailey, too?" Mr. Johnson was

"Certainly," he replied. "I shall be willing to canvass the state in joint debate with any of these gentlemen on this question."

It is the intention of Mr. Johnson to make twenty-five prohibition speeches during the next six weeks of the campaign.

The Pecos Glee Club

Quite a delegation of Pecosites attended the prohibition meeting at Barstow last night, among hom was the "Glee Club," and it is reported that they had an injoyable time.

Pecos furnished the famous quartette to dispense some music for the Barstow statewiders. It would be needless for us to comment on how well the performance was rendered and received, then we tell you that Rev. A. E. Miller, Messers Taggart, Barstow and Krauskopf were the singers.

Notice! Notice! Notice!

All Fire Boys and others who would like to become Fire Boys are urgently requested to meet the Commercial Club rooms Tuesday night, June 13th at 8:30.

MRS. CARRIE NATION SALOON WRECKER DEAD

Dies in Leavensworth, Kansas, Following Nervous Breakdown First of Year

The Dallas News.

Leavenworth, Kam., June 9.—
Mrs. Carrie Nation, aged 66 years
old, who gained celebrity by her
use of a hatchet in the cause of
prohibition, died at 7 o'clock
tonight here in the Evergreen
Sanitarium. She was admitted
to the sanitarium Jan. 22, suffering from nervous breakdown.

Although it has been reported several times since she came here that she was dead, her death was not expected until several days ago. At noon today she passed into a comatose condition, from which she did not revive.

Mrs, Nation in the sanitarium was incapable of even managing her own business affairs. All trace of the bold prohibition worker had disappeared when her iron constitution began to fail, and she spent the last five months of her life in seclusion, no one but relatives and hospital attendants being allowed to see her.

When told several days agothat she would die Mrs. Nation made no comment. Only Dr. A. L. Suwalksy and a nurse were with her when death came,

Mrs. Nation's entrylinto fame was made at Wichita, Kansas, several years ago when she demolished a saloon with a hatchet. Later she repeated the performance in several other Kansas towns, and she carried her sensational fight against saloons to some of the larger cities in this country.

The body will be sent Saturday to Kansas City, where a nephew lives. Funeral services will be held there probably Sunday.

Extra Special Announcement

We are authorized to announce that the Fort Worth Record will make the following unusual offer to Rural Route subscribers on account of the forthcoming prohibition campaign: The Daily and Sunday Record will be sent by mail to any Rural Route address or to those living in small towns where the Record is not delivered by local carrier, from now until July 31st, 1911, for \$1, or from now until August 31st, 1911, for \$1, or from now until August 31st, 1911, for \$1.50. Remit by money order direct to the Record Co., Fort Worth, Texas.

Every farmer should become thoroughly posted on this great vital question and the Record can be depended upon o give both sides of the question fully nd impartially.

And Still It Rains

Another fine rain fell in Pecos yesterday evening. All the southwestern part of Texas is and has been blessed with fine rains all this year. The country never had a brighter prospect for good grass and good crops than it has now. The cowmen are highly pleased with the outlook; cattle are getting in fine shape and a large increase is looked for next year.

For the past two years the calf product has been a compara- Fair, O, Sweet and Holy!" was tive failure, but now, with the present outlook, a big increase is expected; also the dry farmers are all jubilant over these Sne rains, and the fine crops that they now have, with the season that is now in the ground, their crops are practically insured for a large yield.

We have had very encouraging reports from all over Reeves and adjoining counties, saying that their crops are as fine as they could wish for; everybody is happy, and have nothing but words of good cheer.

We read with sorrow and sympathy of the reports of the dry weather and ruined crops in oth- ing Means, best man. parts of the country. While they are suffering there on account of the lack of rain we are happy and rejoicing over a two-fold blessing: a thing that they cannot have: irrigation advantages and a bounteous supply of rainfall. Our gates are open, our country is wide, and all join in inviting you to come and be one of us.

On Wednesday evening's train from Valentine were the rest of our delegation. Automobiles kept busy hauling the people to the church which was packed to its full capacity. A vocal solo, "O rendered by Miss Zora Finley, in her sweet and pleasing style, with Miss Jessie Jones at the organ. Then Mendelsohn's Wedding March's solemn strains were wafted gently to the ears by Miss Jones.

Oll Evans, first down the aisle, was followed by Miss Ora Yowell, of Virginia, then Otis Means, Miss Cornelia Cox; of San Maicos, Miss Nell Bean, of Roswell, Miss Grace Stewart, of San Marcot, bridesmalds, followed by little liester Bute, ring bearer, and lastly the bride on the arm of her father, who were met at the altar by the groom and Hul-

The groomsmen stood on the left with Miss Stewart; and the bride's maids on the right, with the ring girl.

The preacher, in the center, facing the audience, and the bride and groom and best man and the bride's father facing him. The officiating clergyman was the Rev. Theodore Gillett, cousin of the Captain, who led the Captain and the bride's

mother to the altar. He is now a smiling old gentleman with snow white hair.

The procession marched out in beautiful order, the newly wedded couple leading the way. The costumes worn by the bridal party were very ellegant and the wearers were set off to their very best.

The bride looked very beautiful indeed.

A dozen or more cars bore the bridal party and many relatives and guests to the ranch home of the Captain, 20 miles away, that night after the ceremony, where refreshments of salads, cakes, coffee, etc., and ice cream were served. The most of this big crowd stayed at the ranch all night and were amply cared for.

The old E. V's have given up another one of her sons but have gained a daughter of whom they are justly proud.

We desire especially to thank the Marfa ladies for their genuine interest in fixing up the church; the gentlemen for the free and unstinted use of their autos in our behalf.

Notice in hereby given that Relics -- Four Dollar Bill and Newspaper

Mrs. D. E. Scales of Linedin, Nebraska, is visiting her mother. Mrs. A. M. Thomas, of this place. She made a very pleasant visit at The Times office this morning and while here she showed the editor an old Spanish \$4.00 bill dated May 6, 1776, which makes this bill 135 years, two months and seven days old. She also showed us the "New England Herald," a paper published at Philadelphia, Pennsylvania, April 8, 1728, which is a little more than 183 years old.

This ancient publication, published in Philadelphia, the city where the Constitution of the United State's was signed, is less than one half as large as the Pecos Daily Times.

Then why should we be discouraged because some one predicted that we were three years ahead of time and that the Pecos Daily couldn't live because it was of 'premature production.'
