## SCHOOL COMPETITION AT THE FAIR

Improvement of Grounds and Interiors, Best Individual Work. Special Prize Essay.

In line with the recent announcements, the Reeves County Fair Association is able this week, through co-operation of Prof. F. F. Mace offer the list of prizes open to competition of schools in Reeves county. It is hoped that the teachers of the whole county will take enthusiastic interest in this work, and that they will realize its opportunities for a large and wholesome development along right lines. A special prize of at least ten dollars value will be offered, in addition to the list prepared by Prof. Mace. This will be given for the best essay on the subject: "The Reeves County Fair—How to Make it a Winner." This competition will be open to any student, boy or girl, regularly enrolled in any public or high school of Reeves county. Manuscripts entered for this contest must be of not less than 750 words, more than 2,000 words in length, written on one side only of the paper, in the handwriting of the contestant composing it. Typewritten manuscripts may be submitted, provided that they have been typewritten by the students entering. A left-hand margin of at least one inch should be observed on each page. Contestants may, at their option, submit their outlines along with their productions, as illustrative of the preparations made in the handling of their subject. In this essay contest, the status of the county may consult with parents, teachers, friends, and acquaintances, for suggestions. In the management of the fair, it is hoped that the management of the fair may secure in this many most invaluable suggestions for the future policy of the fair, in order that it may be conducted as a winner. The management believes, at the same time, that it can serve the people of the county no better than by encouraging the sort of work that will be done along the lines proposed. This will do well to encourage the pupils and teachers to make a thing for their schools in every department of this competition, both as a matter of community and individual pride and achievement. Because of the unavailability of money prizes in such a contest, no cash premiums are offered. Following is the list prepared by Prof. Mace, under suggestion of the management. It will be observed that it has been so arranged that no school will be given any advantage because of its size or numerical importance. All competitors will be along the broadest and fairest lines. The officers of the Reeves County Fair Association believe that the schools, and their teachers, should be of first consideration in the life of this section. Do you know that? "The 4 get behind the position RIGHT NOW, and do your personal interest and whether you are parent, teacher, pupil, or "mere citizen," just referred to, and the attendant regulations, follows:

**QUESTIONS TO TEACHERS.**  
 Exhibits calling for photographs have photographs taken now arranged with some reliable party in the district, if you will not be during the summer to have photographs taken the first of August, out of door views. Encourage pupils to look after the features during the summer. For interiors, have photographs taken just before the close of school. Have your exhibits all in order and leave them in the hands of some one who will see that they are properly placed, but if it is so that you can't do it yourself.  
 The best you can this year and your plans to have a better next year. Entries made will help us to have a better next year. It is the aim management of the Reeves County Fair to make this a real benefit of the fair and to make it benefit to the schools and the community.  
 Exhibits.—Schools will be

divided into two classes. Class A will consist of schools employing three or more teachers. Class B will consist of schools employing one and two teachers.  
 No awards to be made in any class unless there are three or more entries.  
 School Improvements.—Exhibits in this division will consist of photographs, any number, showing conditions at the present time and another set showing conditions at the close of school (for interiors) on not later than August 15, 1915. If the nature of improvements do not show clearly in the photographs, such as sod, walks, etc., they may be indicated on the photograph and a description attached.  
 For greatest improvement in school grounds and surroundings of school house, Class A school:  
 First, \$5 worth of seeds, plants or bulbs.  
 Second, \$3 worth of seeds, plants or bulbs.  
 Third, \$2 worth of seeds, plants or bulbs.  
 Class B school—Same awards as above.  
 Greatest improvement in the interior of any schoolroom during the year ending Aug. 15, 1915. Class A school: First, piece of statuary; second, large picture; third, small picture.  
 Class B school—Same awards as above.  
 School room work.—Best general exhibit consisting of composition work, mathematical papers, grammar work, written geography work, (illustrated if desired) maps, history papers illustrated by maps and prints, and specimens of writing, drawing and color work. The award to be made on neatness and quality rather than on quantity. Each class of papers should be uniform as to size and all should be mounted or prepared for hanging.  
 Class A school—First, U. S. flag 5x10; second, U. S. flag 3x6; third, U. S. flag 3x5.

## PECOS SCHOOL FIRST FIELD DAY

Last Saturday was Field Day—the first that the Athletic Association of the Pecos school has had. The splendid showing the boys made in the track work testified to the efficiency of their coach, Mr. Mace, as well as to their own ability. The girls, too, in a series of tennis games and a basketball game with Barstow, showed that they had not neglected athletics. The girls had a lunch and cold drink stand so the people who attended the meet were able to make an all-day picnic of it.  
 The following boys won the blue, red, or white ribbon in the contests named:  
 Fifty-yard dash—First, Gammon Nesbitt; second, Hugh Bunch; third, Milton Wadley.  
 One hundred-yard dash—First, Gammon Nesbitt; second, Milton Wadley; third, James Ross.  
 Two hundred twenty-yard dash—First, Gammon Nesbitt; second, Joe Bob Humphrey; third, Hugh Bunch.  
 Half-mile—First, Joe B. Humphrey; second, Milton Wadley; third, Mose Buchanan.  
 Mile—First, Joe Bob Humphrey; second, Willie Hoefs; third, Milton Wadley.  
 One hundred twenty-yard hurdles—First, James Ross; second, Mose Buchanan; third, Troy Hicks.  
 Two hundred twenty-yard hurdles—First, Gammon Nesbitt; second, James Ross; third, Joe Caroline.  
 Mile Relay—First, tenth and eleventh grade; second, eighth grade; third, seventh grade.  
 Broad jump—First, Milton Wadley; second, William Ross; third, Joe Caroline.  
 Discus throw—First, Hugh Bunch; second, Lester Eddins; third, William Morris.  
 Shot put—First, Hugh Bunch; second, Joe Bob Humphrey; third, William Morris.  
 Hammer throw—First, Hugh Bunch; second, Joe Nelson; third, William Morris.  
 Pole vault—First, Gammon Nesbitt; second, tie, Barney Hubbs and Joe Glover; third, Dewey Richburg.  
 High jump—First, William Ross; second, tie, Hugh Bunch and Troy Hicks; third, tie, William Morris and Joe Glover.  
 The tenth and eleventh grades combined, working under an 18 per cent handicap, won first place; eighth grade, second, and seventh grade, third.  
 The county track meet will be on San Jacinto Day and the State meet the fifth of May. For obvious reasons, the coach does not wish the running time, jumping distances, etc. of the boys published yet.  
 The girls' basketball game resulted in a score of 9 to 7 in favor of Pecos. The tennis final to be played by Mary Lee Richburg and Stella Weaver against Aileen Love and Julia Davis, will be played this week.  
 The boys' basketball game resulted in a victory for Hoyt Jones' team.  
 The athletic work these young people are doing deserves the approval and backing of the Pecos people. They will advertise Pecos and Reeves county efficiently at the Austin meet. Take a day off on the 21st, see the county athletic meet, and back this movement with a little good hard coin.  
 second, large picture; third, small picture.  
 Best set of historical papers and historical maps from a high school history pupil—First, gold medal; second, silver medal; third, silver pin.  
**CATTLE SHIPMENTS.**  
 There were shipped from Toyah Valley last Monday and Monday 3750 head of yearling steers that sold last fall for \$35 a head for this spring delivery.  
 The shipments passed through Pecos Sunday and Monday evening. It required two of the heaviest freight engines to haul the 75 cars of young steers.  
 The Toyah Valley people have been so busy shipping out cattle and hay this week they haven't had time to talk to their neighbors.

## BIG COWMEN IN PECOS COUNTRY

Dr. J. H. Avery, Sanitary Board and Prominent Bankers in City to Receive Shipments.  
 Incidental to the big movements of cattle out of Pecos this week, a number of well known cattlemen of the Panhandle and Oklahoma have been in town. Dr. J. H. Avery, chairman of the Texas Live-stock Sanitary Board, was on hand to help receive the shipments of Wave Redheads, of Amarillo, B. T. Ware, president of the Amarillo National Bank, and Dick Ware, assistant cashier of the same institution, were also here. Among the other visitors, too, were Miles Beavans, son of Lee Beavans, of Amarillo, Armstrong & Byrd of Oklahoma City, and J. Record of Amarillo, foreman of the Armstrong & Byrd Panhandle ranch.  
 Of the three thousand head of yearling stuff, one thousand came from the Casey ranch; one thousand from the W. D. Cowan ranch; and a thousand from C. C. Kountz & Son, Lee Harbert, Oates Bros., Barber & Doepf, and Mrs. J. L. Duncan. The thousand yearlings last mentioned were sold through the agency of R. H. King, local representative of Russell & Carver of Fort Worth and Wichita Falls, to that firm. Russell & Carver were also the purchasers of the other yearlings mentioned, for spring delivery. They had the three thousand head re-sold to Armstrong & Byrd, who received them here.  
 Among the other deliveries were the following: Twelve hundred fifty head of 3-year-olds from Sol Mayer, and four thousand head of three from Russell & Carver's ranch north of Toyah, to Ware Brothers of Amarillo. The same firm also sold to Lee Beavans of Amarillo, twelve hundred head of two from their ranch north of Toyah, and four hundred two from the Casey ranch. Mr. King stated that he and E. B. Carver would go to Big Lake, Texas, today, to deliver another shipment for Russell & Carver, and that they would double back to Kent to make still another delivery on the 20th of the month. The above movements constitute the heaviest shipments that have been made out of this section for some time, and the receipts ought to help to put some good money into the Pecos country, for the prices paid were all in line with the present good prospects.

**SARAGOSA SAYINGS.**  
 The Methodist meeting which has been in progress here for the past week will continue throughout this week.  
 Rev. S. E. Allison, the presiding elder of this district, arrived last Saturday to assist Rev. J. A. Foster in the meeting.  
 Rev. C. A. Dickson, the Baptist pastor, was here Saturday but on account of the Methodist meeting, did not fill his regular appointment.  
 On account of insufficient funds to continue the public school longer at this place, closed last week, Prof. J. A. Elder left Wednesday for Pecos.  
 R. Davis, credit man for J. M. Radford Grocery Company, of Abilene, was here last week visiting his brother, Dee Davis.  
 A party of young folks, under the chaperonage of Mrs. S. H. Crenshaw, went to the Davis Mountains last Thursday on a camping and outing trip, returning Saturday afternoon. The following were in the crowd: Misses Eva Stancliff, Daisy Hankins, Abbit Harbert and Macie Bearden and Messrs. Herndon, Crenshaw, Floyd Crenshaw and Hubert Honaker. They report having had a pleasant time.  
 L. H. Bullard came in from Sargent Sunday for a visit with home folks.  
 W. D. Cowan and sons and John Oates and others shipped 17 cars of cattle from here Monday to Byrd & Armstrong, Hartley, Texas.  
 Miss Daisy Hankins, who has been teaching in the public school at this place, left Tuesday for her home in Denton.

## PORTERVILLE POINTERS.

Postmaster W. S. Newton is arranging to erect a new building for the accommodation of the postoffice and his shoe trade.  
 Mr. J. B. Davis, veteran ranchman of Reeves county, came up Monday with Joe Hudgens in his auto and visited in town for awhile. Charles Prindle has leased the Hammarlund place and will farm it this year in addition to his other lands.  
 We understand on reliable authority that Floyd Goodrich has decided to refuse the position of superintendent of telegraph poles tendered him by the representative of the Western Union and will remain on his farm.  
 Our general merchant, Geo. D. Prindle, reports having the best trade the past month for a long time past, and that collections have been better and that too during the duller time of the year in his line of business.  
 A square block of the townsite is being put in perfect shape for irrigation and will be used as a demonstration tract. Everything heretofore produced in this section and a few products never before attempted will be grown in a scientific manner.  
 J. M. Davidson, formerly of Quincy, Illinois, and who is well known in the vicinity of Barstow, where he spent several months studying irrigation, has decided we have the best lands and the best outlook of any place in the valley and has purchased 20 acres near the town and gone to work.  
 The main office building of the irrigation company has received a thorough overhauling and some additions and improvements, including an extra room and two coats of paint. The officers are getting ready to attend to a number of new settlers who will come in and push the development in an energetic manner.  
 The lands cleared and ready for seed about the townsite now number 1835 acres and others are being steadily added. Of these over 360 acres has been in alfalfa for several years and will equal the best ever grown anywhere under any condition.  
 Byron D. Wilcox, one of our prominent farmers and the superintendent of the Sunday school, announces that he will go back to the old Michigan home for a short visit in May. We will back our Sunday school against any in the world for attendance in proportion to population and the collections are so liberal that there is always a surplus that is used in various ways for the benefit of the community.  
 Chauncey Kurtz, who came here last winter from Lansing, Michigan on a tour of investigation, returned Saturday and announced that he had sold his farm and would make his home here in the future. Before settling down he has gone on to attend the San Francisco fair and will return in a few weeks.

**KERMIT HAPPENINGS.**  
 Hugh Campbell and W. A. Priest autoed to Monahans last Friday night to attend the Masonic lodge. Bird Estes, the hustling cowman of the Sand Hills, was a pleasant caller in Kermit.  
 Mesdames Bob and Fred Leck visited in Kermit this week.  
 Miss Erma Sprouts of Taylor county is visiting her sister, Mrs. Joe Lovett.  
 Some sickness in this section, though of a mild type.  
 Seth Campbell says the people should make more room for school teachers here. Says he expects to be one of the pupils next year.  
 Kro Ka is all the go in Kermit these days.  
 Emmett Lovett left today for Arizona, where he will accept a position in mining enterprise. His family will follow later.  
 Kermit school will close next week. The kids are counting the days.  
 Judge Baird and family have moved into the McCutcheon house. The judge having leased the ranch. Estes Bros. have leased the Baird ranch over in the sandhills.  
 On last Friday night we were visited by a heavy storm, hard rain and heavy hail. In some places the hail was very destructive to fruit. In places, hail remained in piles until 10 o'clock next day.

**SARAGOSA AUTO LINE.**  
 P. A. Harbert, proprietor, will deliver you anywhere you want to go from Saragosa.

## FIELD DAY WAS GREAT SUCCESS

Superintendent F. F. Mace Pioneer in Athletics in West Texas.  
 Every mother, father and friend of the girls and boys of the Pecos Public School who failed to witness the athletic events at the fair grounds on Saturday missed a treat. Clean, out-of-door sport participated in by the daughters and sons of the citizens of Pecos and Reeves County. Those who attended on Saturday are enthusiastic in their praises and will be on-hand Wednesday to see the county meet. We urge those who were kept away by business, housewives and merchants to take a day off, come out and encourage these young people by your presence, and give to Prof. Mace your hearty support.  
 Pioneer work is the hardest work and deserves the united appreciation of the people. Field Day was not an amateurish entertainment, but was conducted along the lines of the State meet at Austin, exciting fine work on the part of Prof. Mace and splendid co-operation by the girls and boys. Their clean, thorough work testified to fine training by an experienced and competent athletic director. Prof. Mace and his track team have worked several hours every day in good weather and the girls practicing afternoons and at school. Their slogan is: "A sound mind in a sound body."  
 Mrs. Mace has been a constant source of inspiration to the girls and boys, cheerfully doctoring their spiked feet and bruises, and encouraging good scholarship.  
 Pecos people are noted for their generosity, giving liberal patronage to our fair, the medicine man, the carnivals and picture show. Come out on Wednesday, the 21st, and boost your own girls and boys in their splendid team work.

**BARSTOW NEWS ITEMS.**  
 E. B. Ross was up from Grandfalls a couple of days this week.  
 N. P. Rogers of Pyote was in the city on business Monday.  
 R. L. Sanders of Monahans attended the regular monthly meeting of commissioners' court here this week.  
 Dave Disque and family "forded" it over to Stanton this week and we haven't heard from them yet.  
 The Barstow basketball girls of the public school went to Pecos Saturday of last week and played the Pecos girls a dramatic game.  
 Attorney B. W. Baker and family left Wednesday for El Paso on legal business.  
 Aaron Estes, one of the pioneers of Grandfalls, was in the city Tuesday.  
 Sheriff Cantrell has purchased a Ford roadster, said to be the swiftest in the county.  
 Editor W. N. Townley of the Ward County News was a business visitor to El Paso first of the week.  
 The T. and P. force of workmen have been busy this week putting a tile viaduct under the railroad in Barstow in order to drain the water from the town more quickly during hard rains.  
 W. E. Coffman is in Pyote and Monahans this week on business.  
 H. B. Parker was down from Pyote first of the week.  
 Mrs. Geo. Doss left this week for her former home in Ohio.  
 Dr. T. L. Dean, the oldest citizen in Barstow, is said to have the finest garden in the valley, all his work is done by hand, and the doctor is an expert, even though he has passed the four score mark.  
 Judge Starley was over from Pecos Tuesday on professional business.

**NEW SANITARIUM LOCATED IN PECOS.**  
 Dr. F. B. Crutcher, president of the Guarantee Medical Company, has been in Pecos all this week looking for a place to locate a sanitarium and he has located at the Windmill residence for the present, until they can make more permanent arrangements for their office and sanitarium. Dr. Crutcher said that if they could not rent a suitable place they would build a building such as is generally used for hospitals in order to take care of their

# BOOST FIELD DAY EVENTS

What Sports Mean to Pecos and the Schools—Track Team Will Go to Austin.

Next Wednesday—San Jacinto Day—the final field-day meet of the Pecos High School will be held at the Reeves County Fair grounds. This meet will determine the personnel of the track team that will represent the State meet in Austin early next month. It will also determine the number of men that can be carried, and therefore the chance that Pecos will have in the winning of honors, for the number taken will depend to a large extent on the funds that the local athletic association will have in its treasury. This is the first year that athletics have ever received the attention that they deserve in the Pecos schools. By the same token, according to the people who have most closely watched the progress of their work, it is the first year that the Pecos schools have ever had a spirit of individuality—a school spirit—that stands for something as such. Do you know your children? Have you any conception of "what is in them?" Maybe you will revise your ideas of a lot of things if you get out next Wednesday. Certainly you will get a new idea of the Pecos schools, and

TO RESIST THE ATTACK—of the germs—of Consumption, Scrofula, Grip, Malaria, and many other diseases—means health or die for all of us. There are germs in the air where in the air we breathe. The odds are in favor of the germs if the liver is inactive and the blood impure. What is needed most is an increase in the germ-fighting strength. To do this successfully you need to put on healthy flesh, rouse the liver to vigorous action, so it will throw off these germs, and purify the blood so that there will be no weak spot, or soil for germ-growth. We claim for Dr. Pierce's Golden Medical Discovery that it does all this in a way peculiar to itself. It cures troubles caused by torpid liver or impure blood. The Common Sense Medical Adviser, latest edition, in French cloth binding, will be sent free on receipt of 31 one-cent stamps to pay the cost of wrapping and mailing only. Address Dr. Pierce, Buffalo, N. Y.

the lively set of youngsters that have determined to do something "for the honor of Pecos" at Austin next month.

Come out Wednesday. Pay your way in to the grounds. See the games, races, and other contests. See the younger generation learning in a large way the fundamentals of good citizenship. Help them to realize that they belong to Pecos and that Pecos is proud of them. Give them a memory of your loyalty and support that will carry them tingling with its inspiration to successful competition at Austin. Bear your little share of the work. The Pecos schools call. Let your loyal red blood respond!

### MESSIAH'S KINGDOM.

**Glorious Day of Divine Favor Near.**  
The period in which sin is permitted has been a dark night to humanity, never to be forgotten; but the glorious day of righteousness and divine favor is soon to be ushered in by Messiah. He, as the Sun of Righteousness, shall arise and shine fully and clearly into and upon all, bringing healing and blessing, which will more than counterbalance the dreadful night of weeping, sighing, pain, sickness and death, in which the groaning creation has been so long. "Weeping may endure for a night, but joy cometh in the Morning."

### PLATE GLASS WINDOW

IS BROKEN OUT.  
Monday afternoon while Postmaster Gentry was sitting at his desk near the front of the postoffice there was a sudden crash of glass and the plate window on the right hand side of the door came crashing down.

It is supposed that the settling of the foundation was what caused the breaking. We understand that Judge Gentry started for the rear of the office at quarter-horse gait, and the other occupants made a rush for the back door.

### PECOS VALLEY SOUTHERN'S FORCE TURN OUT NEW ENGINE.

They Now Have a First-Class Force at Work in Their Shops.

The Pecos Valley Southern's officials are to be congratulated upon the splendid force of efficient workmen at work in their shops in Pecos.

W. M. Garlick is master mechanic. He is ably assisted by Messrs. Harry Mount, Tom Harrison, Dan Mount and Frank Jeanes.

Last week they finished remodeling and building over No. 3, their largest engine, and on Saturday went out with 38 empty cars and hauled in that many loads.

Sunday she went out with C. W. Herrin at the throttle and Billy Garlick as conductor, and brought in 41 carloads, which were met here by a double-header of engines by the Texas & Pacific, which carried them East.

No. 3 is a dandy for a small engine and is looking fine since her remodeling. She was inspected by some experts and their judgment was that the engine was a beauty and was a job that any shop would be proud to turn out.

### JOHN F. GROGAN BADLY INJURED.

Last Friday evening Messrs. Jno. F. Grogan and Pen Morris went out to the old Morris place southwest of town to help start up an engine which had been installed at the pumping plant of the people who had purchased the ranch.

While trying to shift the drive belt Mr. Grogan in some way slipped and was thrown between the belt and pulley and they had to stop the engine to get him out.

One arm was broken between the elbow and wrist, a hole was torn into the back of his head, the belt burned him in different places and he was otherwise bruised up.

It was a close call for his life. We are glad to say that he is getting along nicely, considering his numerous injuries, and if nothing else sets in he will soon be up and around again.

of the times, Arizona believes in enforcing the law. Five convicted men are soon to learn what it is to die. If some of the higher officials doesn't belong to the union:

Phoenix, Ariz., April 14.—Within a few days, probably next Saturday, the state board of pardons and paroles, the validity of which has been upheld by the supreme court, will meet to consider the cases of the five men under sentence to die May 28.

Attorney General Wiley Jones, school superintendent C. O. Case and Frank P. Trott compose the board of pardons. All have carefully avoided making any statement of their views on capital punishment.

The names of the men convicted of murder, who were reprieved by the governor, on recommendation of the board, to May 28, are Ramon Villalobo, N. B. Chavez, Miguel Peralta, Francisco Rodriguez and Eduardo Perez. Their last reprieve was issued in order to give the supreme court time to act on the Knox Laird habeas corpus case.

Supreme Justice Henry D. Ross wrote the majority opinion in the Laird case, and Justice Alfred Franklin concurred. Justice D. L. Cunningham dissented.

**N. B. BROWN SHOT AND KILLED AT CORONA.** N. M. Corona, N. M., April 14.—Napoleon Bonaparte Brown, a ranchman, was shot and killed by John T. Kimmons, a farmer, here last evening. Kimmons says he was attacked by Brown with an ax. Brown leaves a wife and two married children. The body goes to Midland, Tex., for burial. An old boundary caused the trouble. Brown was cutting timber on land Kimmons claimed. Kimmons came in and gave up to the Corona deputy sheriff. He has a wife and two small children. The trial will be in Torrance county. Mrs. Kimmons and T. A. Allen were witnesses to the tragedy.

Carrizozo, N. M., April 14.—Between 2 and 3 o'clock yesterday afternoon John Kimmons shot N. B. Brown near Varney. Brown died this morning. Kimmons is said to have used a Winchester and later gave up to the officers. The trouble arose over a dispute of long standing over a piece of land. Ed. Kelly, an undertaker of this place, left today to prepare the body.

Napoleon B. Brown lived in El Paso for many years, but had recently been living on his Corona property and had gone extensively into the cattle business. He was 61 years of age and is survived by his widow, a son now in Midland, Tex., and a daughter, Mrs. J. D. Thurman.

It is expected that the funeral will be held under Masonic auspices as he was a member of that order.

is stated that the department of justice and, in fact, the whole administration, will stand back of Secretary McAdoo of the treasury department and controller of the currency Williams. They have been sued by the Riggs National bank of this city, which alleges the treasury officials have persecuted the bank in an effort to wreck it.

Attorney General McReynolds has announced the appointment of Louis D. Brandeis as special assistant to defend the treasury officials. The bank officials have denied the charge of Controller Williams that the bank encouraged people to borrow money for purposes of speculation.

**NOTICE OF CONSTABLE'S SALE**

State of Texas, County of Reeves. Will be sold at the court house door of Reeves County, Texas, in the town of Pecos, on the first Tuesday in May, A. D. 1915, being the 4th day of said month, for cash to the highest bidder, the following described property, to-wit: Section twenty-five (25), township No. seven (7), block fifty-one (51), Texas

acres of land, more or less; levied on by me this the 13th day of March, A. D. 1915, as the property of M. O. Tucker, by virtue of an alias order of sale issued out of the District Court of Eastland County, Texas, on the 5th day of March, A. D. 1915, in cause No. 2390, wherein M. O. Tucker was plaintiff and J. B. Kynard and T. P. Boyd were defendants, in which cause said defendants recovered a judgment against said plaintiff for the sum of seventeen hundred sixty-seven and 36-100 dollars (\$1,767.36) with interest thereon at 6 per cent per annum from the 29th day of January, A. D. 1914; said order of sale commanding me to levy on and advertise said property for sale, as above mentioned, providing that the south half of said section be first sold for the purpose of paying off said judgment, and in case the south half shall sell for more than enough to pay off said judgment, then the remainder thereof shall be paid over to said defendants; but, in the event it shall not sell for enough to pay off said judgment, the north half of said section shall be sold, and if any of the proceeds of said sale of the north half of said section shall remain after paying said judgment, then said amount shall be paid to the plaintiff.

This the 13th day of March, A. D. 1915.

ED. LOPER,  
Constable Precinct No. 1, Reeves County, Texas. 9Apr15\*

**CITATION BY PUBLICATION.**  
The State of Texas  
To the Sheriff or any Constable of Reeves County—greeting:

You are hereby commanded to summon F. L. Fisher, by making publication of this citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your County, if there be a newspaper published therein, but if not, then in any newspaper published in the Seventieth Judicial District, to appear at the next regular term of the District Court of Reeves County, to be holden at the Court House thereof, in Pecos, Texas, on the third Monday in April, A. D. 1915, the same being the 19th day of April, A. D. 1915, then and there to answer a petition filed in said Court on the 11th day of March, A. D. 1915, in a suit, numbered on the docket of said Court No. 1521, wherein F. J. Billingslea is plaintiff, and F. L. Fisher is defendant, and said petition alleging substantially as follows, to-wit:

That on the 12th day of April, A. D. 1911, the defendant, F. L. Fisher, made, executed and delivered to the plaintiff two certain promissory notes for the sum of \$200.00 each, bearing date as aforesaid, payable to F. J. Billingslea, at Pecos, Texas, being due on or before twenty-four months and thirty-six months respectively, after date, bearing interest at eight per cent per annum from date, and providing for ten per cent attorney's fees if placed in the hands of an attorney for collection. That said notes were given as a part of the purchase price of the following described tract of land: The South one-half of the south-east quarter of Section No. 142, Block 13, H & G N Ry. Company's survey, in Reeves County, Texas, said notes retaining a lien on said described land until the said purchase price was fully paid; said land having been conveyed to the defendant by said plaintiff on said April 12th, 1911. Plaintiff further alleges that both of said notes are due and unpaid and that said F. L. Fisher has refused and still refuses to pay the same or any part thereof, and that plaintiff has placed same in the hands of his attorney for collection. Plaintiff prays for a judgment against said defendant for amount of notes, interest, and attorney's fees, and for foreclosure of his lien as aforesaid, and for costs of suit.

Herein fail not, but have before said Court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.

Given under my hand and the seal of said Court, at office in Pecos, Texas, this the 24th day of March, A. D. 1915.

## A Tremendous Trifle

A king riding for his life had been told a nail was missing from one of the shoes of his mount. He didn't think it mattered. But the horse cast a shoe, went lame and the royal fugitive fell into the hands of his enemies—lost for lack of a trifle.

The trifle is always producing results out of all proportion to the cause.

Oil is a trifle in each individual case, but it enters so intimately into all the operations of your domestic or business life that you depend upon its service for the continuance of all your affairs.

Quality and service are of the utmost importance to you. The kind of quality and service supplied by the "Made in Texas" products of The Texas Company, known by the Red-Star-Green-T emblem and the Texaco name.

Remember the service you require and get Texaco, the quality product for the fulfillment of that service.

### SOCIAL EVENTS

#### ANNIVERSARY CELEBRATED

On Tuesday evening, April 13, the pretty bungalow home of Mr. and Mrs. Albert Sisk, the Merry Wives and their husbands and families gathered to celebrate the anniversary of the Merry Wives Club. Tables were arranged in three rooms and when all those bidden had arrived a bountiful dinner, consisting of turkey and all the good things one expects with that delectable bird was served. Everybody ate and talked and laughed, but of all the tables none had a merrier time than those at the big dining table, which was surrounded by the little people, whose mothers are Merry Wives. After dinner the tables were cleared and the company enjoyed playing the games of Rook and Forty-two until a late hour, when the Merry Wives, their equally merry husbands, and their merrier though weary children, departed for their various homes, voting Mr. and Mrs. Sisk their thanks for their hospitality and wishing that anniversaries occurred oftener than once a year.

On Wednesday morning the club met and decided to give a tea at the library on the third Friday of each month, the proceeds to be used to buy books for the library.

#### PRESBYTERIAN AID SOCIETY MET TUESDAY

The Presbyterian Aid met with Mrs. John Lilley Tuesday, April 13. The topic for the afternoon was "Mexico." Mrs. Brown was leader of the foreign department and Miss Nelson presented the home work. Mrs. McChesney gave an interesting account of our missionaries now in the field. After the business hours delicious refreshments consisting of strawberry cream and cake were served.

Those present were Mrs. Moore, Charske, McChesney, Brown, Colie, Couch, Cole, Misses Nelson and Burken.

#### A BIRTHDAY PARTY.

Wylie Sue Cole was "at home" to about fifty of her little friends Monday afternoon, April 12th, in honor of her fifth birthday.

The little ones began to arrive shortly after four and were all soon enjoying the games so dear to the hearts of the little tots, such as Thimble, Frog in the Middle, Drop

the Handkerchief, etc.

After playing until they grew tired, refreshments were served, and Miss Wylie Sue demonstrated that she was a splendid hostess for one so young. She was assisted in entertaining her friends by her mother and grandmother.

They left many nice little remembrances and wished her many happy returns and all went home happy that they had had the pleasure of being there.

#### JAPANESE TEA AT LIBRARY.

The Merry Wives Club will have a Japanese Tea in the Library Saturday afternoon, April 17, from 4 until 6:30 o'clock. Everyone cordially invited.

Sunday school 9:45. Prayer services Wednesday evening. Public cordially invited to all services. Good music.

Fred Little, Pastor.

#### PRESBYTERIAN.

Sunday school at 10 a. m. Preaching 11 a. m. and 8:30 p. m. There will be a meeting of the session at 4 p. m. to hear the report of the delegate to presbytery.

A very cordial welcome is extended to the public to come and worship with us.

A. A. Davis, Pastor.

### MARCH LIBRARY REPORT.

The people of Pecos are doing their best to make the Library reach the thousand mark before the year of work is ended. The first year ends the first of June, and the library board urges all contributors to endeavor to get their books in before that time. Besides the books noted in the past two issues of the Times, the following have given books to the library during the past month:

- Guilford Runyon, 1.
- Elizabeth Little, 1.
- Mrs. J. C. Wied, 4.
- Mrs. A. J. Curtis, 4.
- Fred Little, 1.
- Euterpean Club, 5.
- Congressman Smith, 11.
- C. O. DeWitt, 1.
- Mrs. Runnels, 1.
- Mrs. McDermott, 11.
- Mrs. Eggleston, magazines.
- Homer L. Magee, magazines.

The library board have purchased about 50 new books during the past two months, mostly children's books and fiction.

This makes a total of 944 books in the library at present, 122 new books having been added in the past two months.

The library now has about 300 regular readers; 414 books were issued during March, making 75 more books read in March than in February.

Curtains have been purchased for the reading room, insuring coolness, and subdued light for the readers during the hot summer. The Twentieth Century Club reported \$7 available as the result of their first Friday tea. This, with the money already donated for the furnishing of the club room, will be expended by the committee for much needed furniture.

Everyone is looking forward to the mass meeting of the association which will be held in June, at which time the plans for next year's work will be decided upon.

### BIG RAIN IN U PASTURE.

E. P. Stuckler, manager of the U ranch was in Pecos the first of the week on business and told a Times reporter that they had one of the heaviest rains in their pasture last Friday that he has ever seen in such a short time. He and Mr. Popham were over at the Eclipse windmill, and shortly after leaving there they met the water and when they reached the creek it was so deep that they could not cross and had to go up to the head of the same in order to get to the headquarters. He said that in one part of the ranch it hailed very heavy and had drifted up against the fence to a depth of three feet. The Sandia was bank full as was Toyah Creek below where it received the Sandia water. The U's are gathering their yearlings and will ship out some sixty carloads to Amarillo, via Sweetwater, about the first of May.

### CALOMEL SALIVATES AND MAKES YOU SICK

Acts like dynamite on a sluggish liver and you lose a day's work.

There's no reason why a person should take sickening, salivating calomel when 50 cents buys a large bottle of Dodson's Liver Tone—a perfect substitute for calomel.

It is a pleasant, vegetable liquid which will start your liver just as surely as calomel, but it doesn't make you sick and can not salivate. Children and grown folks can take Dodson's Liver Tone, because it is perfectly harmless.

Calomel is a dangerous drug. It is mercury and attacks your bones. Take a dose of nasty calomel today and you will feel weak, sick and nauseated tomorrow. Don't lose a day's work. Take a spoonful of Dodson's Liver Tone instead and you will wake up feeling great. No more biliousness, constipation, sluggishness, headache, coated tongue or sour stomach. Your druggist says if you don't find Dodson's Liver Tone acts better than horrible calomel your money is waiting for you. (Advt.)

## CLOUD BURST CAUSES DAMAGE

A cloudburst occurred last night about 15 miles northwest of Pecos City and the water gathered in a furrow running southeast and came clear down to Pecos.

At the McKee Heights D. T. McKee lost nine of his fine pigs, forty-three young chicks and one hen. Mr. McKee did not know of this flood of water until he arose this morning at about 5 o'clock, and when he stepped out in the yard he stepped into about six inches of water. He then got busy and found that he was surrounded with water. The water had been much deeper, but was running down.

Mr. Adams, a neighbor of McKee, was up about 4 a. m. He had been aroused by the running noise of the water, arose and went out and found that the water had been from one to three feet deep over his land. He lost 23 pigs and 40 chickens and two hens, which were drowned, and his farm was badly damaged by being washed, and also his fencing was washed down. The Santa Fe train failed to get in on regular time.

## FIVE HUNDRED INSANE IN THE COUNTY JAILS

Austin, Tex., April 14.—The question as to what disposition shall be made of the insane now in the county jails of Texas was discussed at a conference held by Governor Ferguson with a delegation of county health officers. This delegation consisted of county health officers D. Berry, of Bexar; E. S. Cox of Galveston, W. H. Martin, of Houston, and S. N. Thomas, of El Paso, and state health officer W. B. Collins. They represented to the governor that there are approximately 500 insane persons confined in the county jails and unable to obtain admission to the state insane asylums.

Included in the number are many epileptic insane. In the latter cases the situation is even worse the delegation claimed, because the insane asylum managements will not admit them because they are afflicted with epilepsy, and the epileptic colony at Denton will not give them shelter because they are insane.

The health officers urged upon Governor Ferguson that the present asylums be either enlarged to admit these unfortunates or that provision be made to take care of that unfortunate class.

The delegation also discussed with the governor the question of the establishment of a leper colony. During the Campbell administration an act was passed creating a commission to locate and establish such a colony. A point on Galveston island was suggested and recommended, but there was so much opposition to the plan that it was abandoned. Several other sites even for into the western portion of the state were recommended, but the people living close to the proposed sites protested, and the plan was finally abandoned. The governor said that the question of the establishment of a colony was again being agitated, and would give the matter consideration.

## RUMORS OF POSSIBLE CANDIDATE FOR GOVERNOR

Political gossip about Dallas nowadays mentions the names of Judge William Poindexter of Cleburne, Attorney General B. F. Looney and Cullen F. Thomas in discussions of a prohibition candidate to oppose Governor James E. Ferguson next year. Judge Poindexter made the race for governor in 1910, when O. B. Colquitt, Cone Johnson and Gen. R. V. Davidson also offered for the democratic nomination. Those who suggest his name do not profess to know whether he would make the race if urged, even whether he has given the matter any consideration. Friends of Attorney General Looney are desirous that he make the race for governor, and Cullen F. Thomas has received many requests to run for that office or for the United States senate next year.

Dwight L. Lewelling, a member of the Dallas county delegation in the Texas legislature, and a pronounced prohibitionist, said yesterday that Thomas, Looney and Poindexter were the names he had heard mentioned most in discussion of a prohibition candidate for governor next year. Mr. Lewelling believes a prohibitionist will win in the United States senatorial race. Incidentally Mr. Lewelling says he intends to vote for the resolution at the coming special session of the legislature to invite former Senator J. W. Bailey to address that body. In the Thirty-third house Mr. Lew-

## IMPROVEMENT IN AMERICAN TRADE IS SHOWN

Washington, April 14.—Treasury officials today predicted continued improvement in business conditions throughout the country. Their optimism was based on reports from eighty national bank examiners which the department has made public in a statement declaring the recent past has been marked by a steady return to conditions existing before the European war upset American commercial relations, both domestic and foreign.

Revival of business activity in virtually every line was found. There was pronounced hopefulness, the report said, in agricultural, commercial and manufacturing circles. Business in the South, the department announced, with cotton active at advancing prices is showing a pronounced improvement. Crop prospects in the South were declared excellent. In the Western and Pacific states a general improvement was noted. The lumber industry was said to be recovering and mining was returning on a larger scale. Good crops were predicted.

Some expression still is felt in New England, the Middle Atlantic states and portions of the Central West, it was said. Although crop conditions were declared satisfactory, manufacturing except for foreign trade was said to be lagging. Maine, however, was said to be the only state in which there was any real depression.

There was an increased demand, it was said, for railroad cars and steel rails and for structural iron.

## TOLD THAT THERE WAS NO CURE FOR HIM.

"After suffering for over twenty years with indigestion and having some of the best doctors here tell me there was no cure for me, think it only right to tell you for the sake of other sufferers as well as your own satisfaction that a 25c bottle of Chamberlain's Tablets not only relieved me but cured me within two months although I am a man of 65 years," writes Jul. Groblien, Houston, Texas. Obtainable everywhere. Sold by all dealers. (Advt.)

## FORT DAVIS MAY GET A RAILROAD.

Fort Davis, Tex., April 14.—B. Q. Musgraves is heading a party of capitalists to build either an inter-urban or steam railroad from here to Marfa, Tex., and a civil engineer of El Paso with a large corps of men is now in the field running the right of way for the proposed road and will possibly finish the work this week. An estimate of the cost of construction, rolling stock, etc., will then be made and further steps will then be taken relative to the construction work.

The distance from here to Marfa is only 22 miles and over an excellent strip of country for a railroad, and it is not thought that the cost will exceed \$150,000 to build the road.

When the road reaches Fort Davis, it will very likely be extended on to Toyahvale, the terminus of the Pecos Valley Southern railroad, a distance of only 35 miles, through the famous Lympia canyon, the most picturesque valley in all Texas, and will no doubt rival some of the most beautiful valleys of Colorado and California.

This would give Fort Davis a cross country road to Pecos, where the Pecos Valley Southern road connects with the Texas and Pacific and the Pecos Valley line of the Santa Fe. At Marfa connections would be made with the G. H. & S. A.

The road will traverse some of the most fertile lands in the Southwest, as it will go through the famous Fort Davis apple and alfalfa lands, which are well known over the country, and when the road is completed and in operation there will be thousands of additional acres put in fruit and alfalfa, as such has not been done heretofore only because of the poor shipping facilities. However, there are now many hundreds of acres in fine apple orchards and alfalfa farms, some of which will equal any in the United States. One of these farms last year netted the owner over \$8000 cash, and this year an additional 12 acres orchard of young trees will be bearing and it is thought that his

income will exceed \$20,000. There are many other smaller orchardists who are making independent fortunes on small orchards.

Fort Davis is known as the "Scenic Beauty Spot" of the great south west. There is now a great influx of people to this country; as the recent discoveries of rich mining properties of gold, copper and silver as well as coal, in addition to the enormous possibilities of fruit, trucking and poultry growing and the great cattle industry here, is bringing people here in large numbers almost daily.

### BARSTOW DOLLS UP FOR SPRING.

Barstow, Tex., April 14.—The Texas and Pacific railroad has completed the 30-inch culvert under its tracks at the foot of Mackey avenue near the depot. This culvert is some 80 feet long and is a needed improvement. The city will now "get busy" and grade the main street, which work has been delayed pending the T. P. railroad's action.

The alfalfa fields are now looking splendid, and all the farmers are irrigating with the fine muddy Pecos river water. A three foot rise in the river was reported last night. The first cutting will be about May 10 or before.
