COUNTY COURT IN SESSION

Business Has Been Very Light To Date.—May Pick Up During The Next Week.

The following are some of the cases that came before the County Court, during its first week's session, and disposed of:

Pruett Lumber Company vs. H. C. Roberson, two cases; both dismissed on motion of plaintiffs, they to pay the costs of the suit.

G. Lastinger et al vs. Toyah Valley Irrigation Company et al; case was set for trial Wednesday, October 27th, at 10 o'clock, a. m.

The Pecos Mercantile Company vs. Lon P. Smart, O. J. Green and J. B. Sullivan; case continued by an agreement between all concerned.

E. O. Olds et al vs. W. E. McLendon et al, and E. O. Olds vs. N. Costa et al; both cases continued by agreement.

Balmorhea Mercantile Company vs. L. E. Walker; continued to perfect service.

Victor Dziedzioch vs. J. F. Grogan; continued on motion of defendant for the plaintiff to make proper cost bond.

Hazel Loomis vs. Pecos Mercantile Company; continued by agreement.

Pecos Dry Goods Company vs. Jno. B. Dandridge et al; judgment rendered for plaintiff in the sum of \$303.52, with interest and costs.

State of Texas vs. Ab Wilson. A plea of guilty was entered to simple assault; fined \$5.00 and costs.

Groes Lumber Company vs. W. H. Rogers and T. A. Ezell, judgment was rendered in favor of the plaintiff in the sum of \$350.94, with interest and costs of suit.

Pecos Valley State Bank s. Marjorie Rheinart, judgment for \$612.87 with interest, and costs of suit.

Joseph Kinstler vs. Trans-Pecos Land and Irrigation Company; judgment for plaintiff for \$281.56 with interest and costs of suit.

WINS DOUBLE WIDTH BLUE RIBBON.

Robert P. Tyler has won the Double Width" blue ribbon for sweet potato raising.

He planted the slips about the 5th of June and on the 21st day of October, dug from one of the three sweet potatoes of the white variety, one of them weighing 1-4 pounds, the other two weighing 3 pounds each. This makes a total of 13 1-4 pounds from one vine in five months. The large potato measured 21 1-4 inches in circumference. The potatoes were grown in Mr. Tyler's garden in the city of Pecos.

Mr. and Mrs. Marion Ezell came down Wednesday from their ranch and Mrs. Ezell visited until today with friends in Pecos while Marion went to Lorraine and Clyde on business.

COMMISSIONER COURT MEETS

Sale of Road Bonds Annulled and New One Made With Concern From El Paso.

The Commissioners' Court met in regular session last week and did considerable business.

Those present were: County Judge Ben Randals, Commissioners Couch and Sullivan, Miss Willie-de Woods, Clerk, Tom Harrison, Sheriff, and J. A. Drane, County Attorney.

Among business disposed of was the resignation of John Hibdon, as Justice of the Peace of Precinct No. 2, and after his report of cases and collection of costs and fines was received, examined and approved, his resignation was accepted.

The attention of the court was called to the necessity of a new Abstract book for Pecos City and its additions. The Court proceeded to engage the services of Mrs. Joe Camp to prepare the same and it goes without saying that it will be gotten up in proper shape.

It being shown upon examination that Assessor W. W. Camp had not received compensation for the assessing of Road District No. 1, the Court ordered that a warrant for \$22.01 be drawn in his favor for such services.

Mrs. J. C. Wied, Road Overseer, stated to the Court that the T. & P. Railway's ditch was constructed so that waste waters carried away by said ditch were let loose onto the County Road and this made the road impassible. After due investigation the Court found it as she had reported and B. G. Warner, City Engineer was ordered to go over the grounds and ascertain positively the amount of damage done by the flood waters which are being allowed to flow over said road and report the same to J. M. Frame, local agent for the T. & P. Ry., so that he can take up the matter of changing the course of the discharged waters.

There were quite a number of claims against the County presented and allowed.

The Court issued warrants for the following scalps: 212 wolves, 6 cats, and 2238 jackrabbits, which amounted to \$542.65. One-half of this will be returned to the County by the tate.

We are informed that there is only about \$250.00 left in the treasury fund for the paying of scalp bounties at the next meeting of the Commissioners' Court, unless the State gets their part in, then there will be about \$500.00. We make this statement as quite a number the people wanted to know how the funds were holding out.

There appearing no further business the Court adjourned.

The Court met in special session Monday, October 18th, with a quorum present, the Judge, Ben Randals in the chair.

On motion the contract which was made on May 25th, 1915, with the Municipal Engineering and Construction Company of Oklahoma City, for the purchase of the 5 per cent \$100,000 Road District No. 1 bonds of Reeves County, to run 40 years, with a 20 year privilege, was declared breached by the said construction company, and that the said Commissioners' Court, and the Road District No. 1, be discharged from further liability thereon, on account of the said company failing to comply with their contract to purchase the said bonds within 30 days after their approval by the Attorney General of Texas, and their check for \$1,000.00 given for the carrying out of the contract was therefore declared forfeited and J. A. Drane County Attorney, was authorized and instructed to proceed and take the necessary steps to collect the same and turn the receipts into the said Road District No. 1's fund.

The Court accepted the offer of the Curtiss-Manning Company, of El Paso, for the Road District No. 1 bonds, and made a contract with them, they to pay par and accrued interest, they to receive \$10,657.60 as a commission for placing the

SOCIAL EVENTS.

"CHEERFUL WORKERS" ELECT OFFICERS.

Last Friday afternoon the "Cheerful Workers" were entertained at the home of Miss Lillian Eddins. The minutes of the last meeting, read by the secretary and the announcement of the business before this meeting, the election of officers, made. Miss Novella Wilson retained her position of president, the new officers being: Mabel Smith secretary, Aileen Love, treasurer, and Paulette Davis press reporter. The afternoon was enjoyably and profitably spent by all.

A TREAT FOR PICTURE SHOW PATRONS.

That the Airdome as conducted by J. S. Johnson, has taken a progressive turn is fully demonstrated by its patrons. Besides the regular weekly shows, he has, usually on Saturday nights, a special five-reel feature. These are something out of the ordinary, as most of them feature some high star of the legitimate stage. Mr. Johnson has contracted for several of these feature plays, and was fortunate in being able to secure a list, which is published that all may read of and anticipate the good things that is in store for them:

"The Earl of Pawtucket," featuring Lawrence D'Orsay, and he is supported by that imitable pair Miss Theby and Harry Myers of the Universal Co.

"Scarlet Sin," featuring Hobart Bosworth. A strong, semi-religious play.

"Judyforgot," featuring America's greatest comedienne, Marie Cahill. Comedy.

"Just Jim," featuring Harry D. Carey. Western romance of the days when men counted. Full of punches, not a dull foot.

"Mrs. Plum's Pudding," featuring Marie Tempest, supported by Eddie Lyons, Lee Moran, Victoria Forde and—nuff said.

"Jewel," featuring Ella Hall and Rupert Julian. You are acquainted with these actors, and can form your own opinion as to the merits of the play with them in the stellar roles.

"The Little Brother of the Rich" featuring Hobart Bosworth. This play has had more comments from the press than any play of the year. A society setting, with the scenes built around a selfish wife, who ruined a score of lives by this dispicable trait. A seven passenger car is hit by an express in this picture, no trick, but a pure accident, which is shown on the film.

"Business is Business," featuring the only Nat C. Goodwin. To such an extent does the character carry his business motto, which is the title, that he sacrifices his daughter to this principle. A strong play.

"Under outhern Skies," featuring beautiful Mary Fuller. A story of the South, staged amid Southern scenes, bound to please a Southern audience.

Several others are on the list and definite announcement in regard to them will be made later.

The manager informs us that "The Broken Coin" has been secured, and as several of the people of Pecos witnessed this in the making at Universal City, it should be doubly interesting. Watch for the announcements regarding it and it will be a treat to see.

Col. S. E. Wskom, one of the Toyah Valley's most popular citizens, was in Pecos Wednesday and Thursday circulating among our citizens and was heartily extended the glad hand.

bonds, and bonds are to placed within 60 days. They have placed \$1000 cash on deposit here for assurance of making the sale, and the amount will be forfeited if they do not fill their part of the contract.

The Court authorized County Attorney J. A. Drane to proceed to collect the \$500 check which W. P. Bullard forfeited when he failed to place the \$100,000.00 bonds of Road District No. 1.

L. B. Westerman of Fort Stockton made a proposition to the Court that he would build the roads and take the bonds as payment on same.

\$100,000 ROAD BONDS SOLD

Curtiss-Manning Company Makes Successful Bid—Pecos Favors El Paso.

The Curtiss-Manning Company, through John Curtiss, purchased, Monday, from Reeves County, the \$100,000 of 5 per cent road bonds, which will be used in improving district No. 1, inclusive of Pecos City, the county seat. The bonds are of the 40 year period and were purchased at par and accrued interest, less a commission of more than \$7,000.

Speaking of the purchase, Mr. Curtiss said:

"This is the first and only time that an El Paso concern has bought an out of town bond issue which will have a vital effect upon the El Paso territory. Several times the local banks have bought El Paso city bonds and El Paso county bonds but this is the first time local financiers have reached out into the tributary territory and absorbed a complete issue.

"It is our intention to not only handle and dispose of this issue, but to also take similar action when other securities having to do with the Southwest are offered."

Mr. Curtiss returned from Pecos City Tuesday morning after a several days' absence. He stated that the county officials gave the El Paso bidders the first chance at the issue as it was their desire to keep the money and the bonds in Southwestern territory.—El Paso Herald.

MALCOLM HILL.

Malcolm Hill, 21 years of age, a resident of Monahans, while branding calves on the Cotton ranch last Friday, about 60 miles north of Pecos, was kicked by one of the animals in the ankle, breaking the bone and was brought here for medical treatment, by a Mr. Dooley, and taken to the Central Hotel. The limb was set, and Mac being made comfortable as possible was left for the night, but was found unconscious the following morning. A rare complication, known to the medical fraternity as cerebral embolism having set in during the night. According to attending physicians fat globules were washed into the circulation at the break, clogging and causing a clot to form on the brain.

He died Sunday evening at about 2 o'clock, never having regained consciousness. His mother, Mrs. M. J. Hill, and sisters, Mrs. Homer Jackson and Mrs. G. P. Mitchell, and two brothers, Elmer and Clarence Hill, of Monahans, were at the bedside.

The remains were shipped to his home in Monahans Monday morning for interment.

Mr. Hill was, until recently, an employee of the Stephens' barber shop in Pecos, and was well and favorably known throughout this section.

THEY ARE MOVING SOMEWHAT THIS WEEK.

This is somewhat of a "moving time" among some of our citizens. Tuesday J. A. Buck moved into the Chas. Boyd residence, John B. Howard moved into the house vacated by Mr. Buck and J. V. Hausen and family of Big Springs moved to the house vacated by Mr. Howard.

Frank Kelton is having a four-room, with bath, bungalow built at his ranch headquarters, about 18 miles Northwest of Pecos.

To say the least this looks suspicious to his friends for they know that Frank don't need that large a house just for himself, and he intends to live at the ranch himself.

Wm. Ikens has purchased a new Franklin car and had it delivered last week through O. Mitchell.

L. G. Waskom is here from Metcalf, Arizona, for a visit with the homefolks.

Legrand Merriman, the Piano man of Pecos, was here a few days the past week.

CHANGE IN DRY GOODS DEPT' PECOS MERCANTILE.

G. C. Parker has resigned his position in the Dry Goods department of the Pecos Mercantile Company's store and is contemplating a position on the road for the firm he worked for before coming to Pecos. We understand that this place will be his headquarters which is good news to his many Pecos friends.

The new man taking Mr. Parker's place is J. V. Hansen, who for a number of years has been with Fisher Bros. of Big Springs, and as he has had many years experience in this line, will undoubtedly make good.

CITY IS GRADING STREETS

The City has commenced a good move and are doing a systematic job of grading some of the streets in the central and southern part of the city.

From Fifth to Ninth streets on Oak and Cypress streets have been graded and substantial culverts on each side of the street crossings have been laid, and in so efficient a manner that all the "bump" has been cut out for vehicles going north and south. If the remainder of the streets are put into as good shape as these it will certainly be a wonderful improvement.

The grading is being conducted in such a manner that a large portion of the flood waters which have been coming down through the business section of the town will be thrown east toward the river.

IS BUILDING NEW HOUSE AT HIS RANCH.

Frank Kelton is having a four-room, with bath, bungalow built at his ranch headquarters, about 18 miles Northwest of Pecos.

To say the least this looks suspicious to his friends for they know that Frank don't need that large a house just for himself, and he intends to live at the ranch himself.

WEDDING

LEWIS - GRISSOM.

Robert H. Lewis and Miss Kate Grissom were happily united in marriage on the 10th day of October, 1915, at the Presbyterian manse.

At about 4 p. m. they drove up to the manse and Rev. A. A. Davis, pastor of the Presbyterian church, pronounced the words that joined the two lovers together as man and wife.

After congratulations had been extended by those witnessing the ceremony, they departed "no longer twain, but as one body," and as happy as two birds. We know that The Times is joined by all in extending congratulations and well wishes for a prosperous and a happy life.

QUICK ACTION ON INSURANCE.

Three late Judge J. T. Hefner was insured in the Knights of Pythias, carrying a policy of \$5000, on which he paid \$10.50 a month, but each year was allowed from one to two of these premiums as earned dividends.

He died on October 3rd. On the 4th, or next day, Max Krauskopf, local secretary for the insurance here, wired to the head office at Indianapolis, Ind., to send the blanks necessary to make the death proofs. On the 9th of the same month these were forwarded to the head office, and on the 17th a check for the full amount of \$5000 was received to be turned over to Mrs. Hefner. The reason of the delay in sending the death proof was the fact that Mr. Krauskopf had to wait to get a copy of The Times with a notice of the death was published, and as this did not issue before the 9th, a slight delay was occasioned. If the paper was issued sooner the check would have been received sooner. Mail requires about three and one-half days to go from here to Indianapolis, Ind.

SANTA FE OFFICIALS MAKE INSPECTION TRIP.

On Thursday of last week the Santa Fe officials came down in a special car over that road on their annual inspection trip, and were well pleased with the conditions of things along the line.

Following is the personnel of the party: F. C. Cox, General Manager; T. H. Evans, General Superintendent; F. J. Evans, Division Superintendent; Hugo Schaefer, Master Mechanic; Willard Keen, Road Master; and J. A. Klasner, Superintendent.

ON A BUSINESS TRIP TO CULBERSON COUNTY.

Messrs. C. E. Buchholz, and Joe Kraus left last Sunday on a week's business and prospecting trip up into the Culberson County country north of Van Horn.

There is no doubt that these gentlemen will have a pleasant trip.

SARAGOSA.

Glenn Stancliff went to Dallas Thursday for a visit with his brother and will also spend a few days at the State Fair.

Mrs. J. O. Burt was called to Wills Point last week on account of the serious illness of her mother. Jesse Williams has accepted a position with Dee Davis as salesman.

Mrs. M. C. Lucky returned home last week after a month's visit with friends and relatives in Missouri.

Mrs. M. L. Dismuke returned to her home here last Wednesday after several weeks visit with home folks at Louisiana, Missouri.

C. C. Boyd went to Pecos last week and brought his family out will reside permanently. They are occupying the Witherspoon residence.

Wm. Ikens has purchased a new Franklin car and had it delivered last week through O. Mitchell.

L. G. Waskom is here from Metcalf, Arizona, for a visit with the homefolks.

Legrand Merriman, the Piano man of Pecos, was here a few days the past week.

WHAT SHALL I DO WITH JESUS?

"What then shall I do with Jesus, which is called Christ?" (Pilate). Oh What shall I do with Jesus? Life's morn is pink and fair, In the whirl of youthful madness, I shall not want him there. How could I condone life's folly Or justify its pride? With the meek and lowly presence Forever at my side? O, what shall I do with Jesus? In the hurry of life's high noon, The spirit and word are calling, And I will follow them soon. But I'll tarry a little longer, For life's world is fair to all, And I must give up its pleasures Ere He will abide with me. O, what shall I do with Jesus? Life's sun is sinking fast, His grace so long I've slighted, His charm is almost past. I cannot call Him Master, Nor yield my unbent will, Let us eat, drink and be merry, And the pleading voice is still. But what shall I do without Him? When life has slipped away, What will my pride avail me, Or my riches in that day? How shall I undo my folly? How shall I excuse my scorn? When every eye shall see Him, And the tribes of earth shall mourn. —Midland Reporter.

GUARDS FOIL PRISON PLOT

Leavenworth, Kansas, October 18.—A plot for the delivery of ten of the most desperate prisoners in the Federal prison failed, it became known here today, when Richard Brown, a guard gave battle to Joe Lewis, negro, armed with a hacksaw. The attempt was made last night in the isolation ward, where the most desperate prisoners are confined.

With the saw Lewis severed the lock from his cell and escaped into the corridor, where he leaped at Brown from the rear. Three negro demanded the keys to the other cells of the ward on the threat of cutting the guard's throat with the saw. Brown resisted and the scuffle attracted the attention of other guards who succeeded in subduing Lewis.

WHAT TO SPEND AND WHERE TO SPEND IT.

Christmas looms up ahead of us, and the problem of what to spend and where to spend it must soon be faced. There should be but one answer to the question.

Prosperity is ahead of us again; therefore let us make this a joyful Christmas to one and all.

Let us make it a prosperous Christmas to this town by buying from our local stores, by keeping our money at home.

A liberal spirit of giving this Christmas will restore confidence, and enhance our optimistic feeling for the future.

The patronizing of our home merchants will enable us to increase the prosperity of our town and will give each and every one of us a feeling of just pride in the fact that we are good citizens all around.

Let us make it a "home Christmas," and let us begin now to keep that money in circulation at home.—Southland Reporter.

RURAL SCHOOLS GET STATE AID

Several Applications for Funds Are Rejected Because of Failure To Comply With the Law.

Austin, October 14.—State aid ranging from \$75 to \$500 was granted 275 schools of the rural districts at the meeting of the State Board of Education which adjourned today. Failure to comply with the requirements of the law resulted in the refusal of the board to grant aid to many other applicants. Names of the schools receiving State aid are not yet made public.

A payment of \$70,000 was voted on bonds previously purchased by the State Board. Because of the slow returns of taxes it was impossible to purchase additional bonds or make the contemplated payments on the bonds previously purchased.

High schools receiving vocational aid totaling \$10,700 were located in Amarillo, Donna, Honey Grove, La Scola, La Grange, Munday, San Benito, Crystal City, Sargent, Sour Lake, West Dallas, Yoakum, Kilgore, Dayton, Anderson and Potter Springs.

WHEN BABY HAS THE CROUP.

When a mother is awakened from sound sleep to find her child who has gone to bed apparently in the best of health struggling for its breath, she is naturally alarmed. Yet if she can keep her presence of mind and give Chamberlain's Cough Remedy every ten minutes until vomiting is produced, quick relief will follow and the child will drop to sleep to awaken in the morning as well as ever. This remedy has been in use for many years with uniform success. Obtainable everywhere at all druggists.—Advt.

THE MEANING OF THRIFT.

Of late years the principle of thrift has taken on a new meaning. No real success is possible without a reasonable amount of thrift being practiced. It was formerly the idea that thrift meant the hoarding of money, but it has been thoroughly demonstrated that hoarding begets stingy, miserly dispositions and cramps both intellectual and financial attainments. Thrift not only applies to money, but to time and talents as well. A thrifty man is the master of his money, saving it by careful economy, and self-sacrifice, and putting it to a profitable use, that it may be used in larger undertakings for the furtherance of greater projects. The hoarding of money is a positive injury to the country, but the profitable investment of a dollar is a real help. So real thrift is a profitable living. The people of this country are naturally wasteful. They have acquired the habit of expending their income rapidly, studying minutely the amount of things their fund will buy, even before they get it. The system should be changed. We should study to see just how many things we could do without; how many of them are really unnecessary. It is well to keep the dollars circulating but our efforts should be to see how many of them can be circulated through investment channels. It matters not just how the money is earned if it is earned honestly, but it does matter how it is expended. The depression of the past year impresses us strongly that this is a very appropriate time to study anew the great question of thrift. Prosperity is again upon us and we now have the opportunity to choose and practice thrift, as we have been forced to practice it for the past few months. The practice of thrift when prosperity shines dispels the shadows and gloom when times of depression come.—Texas Trade Review and Industrial Record.

CONFEDERATE PENSION FUND IS APPORTIONED.

Amount Per Capita is \$14.25—Slow Tax Collections May Cause Veterans to Discount.

Anstin, October 15.—Apportionment of the Confederate pension fund was made today and announced by Pension Commissioner J. C. Jones. The apportionment for the present quarter is \$14.25 per capita and \$25 per capita for totally disabled pensioners. Pensions under this quarter are not due until December 1, and on account of the slow collection of taxes from the 5 per cent special Confederate pension tax it is not likely that there will be sufficient funds available to meet these pensions and the old soldiers will have to discount their warrants.

DUCK SEASON NOW OPEN.

Wild Water Fowl Can Now Be Killed Without Violating the Law. Game Plentiful.

The open season on ducks began last Friday, and as the birds are very plentiful in this section of the State, hunters will be out early and late for the next few weeks. Reports received are to the effect that there are more ducks in North Texas this fall than is usually to be found at this season of the year. Hunters who make a study of the flight of the migratory birds attribute this to the fact that the season was short last fall, and as the open season started later this year than heretofore the birds have stopped on the streams and lakes and were not driven farther south by the hunters.

As there has been but little cold weather in Texas to date, it is believed that the ducks will be more plentiful a little later on. Hunters are complaining of the scarcity of doves. In fact it is said that thru a great part of North Texas there have been few doves since the Galveston storm, and it is believed that they left this section ahead of the hard wind.

GERMANY NOW WANTS COTTON

Offered To Buy One Million Bales Through State Marketing Department at 3 cent Increase.

It has become known that the financial agent of Germany recently made to the Texas Warehouse and Marketing department a proposition to purchase 1,000,000 bales of cotton at a price 3 cents above the market price then prevailing. This offer was not accepted because the condition was that the cotton be delivered at Bremen, although it was also agreed that delivery be under the supervision of the United States Government authorities and that no part of the cotton so purchased should in any way be converted into munitions of war.

Governor Ferguson however, at whose suggestion the managers of the Warehouse and Marketing department went to Washington, tried to avoid any arrangement which would embarrass the Administration and therefore was opposed to any arrangement whereby the State of Texas would guarantee the delivery of cotton in Germany. This counter price suggestion made by the Texans, it is believed that the object of the Governor and the Warehouse and Marketing department, which was to secure an outlet for cotton, at prices which would be remunerative to the producer, was in large part attained, although negotiations with foreign buyers were not carried through to a conclusion.

CHRONIC CONSTIPATION.

"About two years ago when I began using Chamberlain's Tablets I had been suffering for some time with stomach trouble and chronic constipation. Obtainable everywhere at all druggists.—Advt.

KNOW THY STATE

SILO BUILDING. By Peter Radford.

The silo is a development agency and one in which both the commercial and agricultural interests of Texas can successfully co-operate in promoting.

If we are to place our cereal and forage crops on a stable and profitable basis, we must use all helpful devices and processes that multiply the value of the product after production and that enables us to turn waste products into profit. The economies easily possible in these two lines of endeavor are sufficient to make the Texas farmers home owners and wealth accumulators.

Feeding corn direct to stock by the old method, it is authoritatively estimated, adds approximately 30 per cent to its value, and the farmers using silos will find that when corn is cut at the right time and is fed as ensilage, the efficiency of the feed is increased 40 per cent, making a net gain of 70 per cent, over the market value by feeding to livestock through the silo.

The silo is a manufacturing plant built on the farm, and therefore lends itself to co-operation of the commercial and agricultural interests, and the farmer, by operating it, gets the profit of both the producer and the manufacturer. The farmer does not want bonuses, fee sites, etc., but the commercial interests can materially assist him by making it easy to build silos.

This can be done by making available money for building them on easy terms and at a low rate of interest. It is opportunity, rather than favors, the farmer needs, but when a community has money to invest in promoting agriculture, it can put it to no better advantage than by applying it in encouraging the construction of silos. When so expended, every dollar hits the mark and the merchant and banker spend their money where it does the most good, and they are helping those who help them.

A farmer can build a fair sized silo for two or three hundred dollars, and it will, under ordinary conditions, pay a dividend of 40 per cent, where it is run to its capacity. No better investment can be made than in the construction of a silo.

The silo will help on to maturity crops that are frequently caught by a drought or burned by hot winds, and there is scarcely a year in Texas in diversified farming that the silo will not rescue a crop from the delinquent forces of nature. As a stimulation in diversification alone, it is a valuable agency.

My own observation is that the silo is one of the greatest business educators in agriculture, and, like all great and far-reaching improvements, stamps its characteristics indelibly upon its human associates. It arouses the spirit of enterprise, develops commercial ingenuity, awakens the joy of ownership and will take away the nomadic habits of the tenant farmer and plant within him a desire to own a home. Every farmer in Texas should build a silo.

SHERIFF'S SALE.

THE STATE OF TEXAS,) COUNTY OF REEVES)

Notice is hereby given that by virtue of a certain Execution issued out of the Honorable District Court of Reeves County, of the 4th day of October, 1915, by Willie-de Woods, clerk of said court, for the sum of Thirteen Hundred Forty and 63-100 (\$1340.63) dollars and costs of suit, under a Judgment in favor of W. G. McClure, in a certain cause in said Court, No. 1213 and styled W. G. McClure vs. Geo. H. Tucker, and placed in my hands for service, I, Tom Harrison, as Sheriff of Reeves County, Texas, did, on the 6th day of October, 1915, levy on certain real estate situated in Reeves County, Texas, described as follows, to-wit:

Two Favorite Shotguns and the Steel Lined "Speed Shells"

"Dope" on shooting is plentiful. And shooters know where the right dope comes from—and that it leads straight to Remington-UMC.

THE Remington-UMC Pump Gun and Autoloading Gun—these are the shotguns of today. Adopted everywhere, for use in the field and over the traps—shot by more of the men who are setting the pace in the sport than any other make of guns in the world.

In the matter of Shells—where is the sportsman who does not know the Remington-UMC "Speed Shells," Steel Lined—all the drive of the powder kept back of the shot, and showing results that flatter any make of gun?

For the right dope—see the Remington-UMC Dealer. He displays the Red Ball Mark of Remington-UMC—the sign that his store is Sportsmen's Headquarters of the town.

TO ASK \$100,000,-000 FOR NATIONAL DEFENSE

Plans to Call For Formation of Continental Army of 800,000 Men to Serve 6 Years.

Washington, October 16.—Employers throughout the United States, corporations, manufacturers professional men, tradesmen and business men of all classes are to be asked to contribute their share in the national defense, permission for their employees to engage without serious financial loss, in two months military training during each of 3 years.

This is an essential part of the Administration's plan for raising a citizen army of 800,000 men in six years which, with the regular army of 140,000 and 300,000 reserves, would give the United States a trained force, exclusive of the State militia, of about 1,200,000 men in the event of a war.

The success of the plan, officials admit, depends not on the appropriations of Congress, for its cost will be comparatively small, but on the patriotic response of the employers, to whom an appeal will be made to furlough as many men each year at the different seasons, as they can spare, who wish to join the proposed continental arms.

Administration officials are confident that even though it is proposed to enlist only 133,000 men a year in the continentals or a total of nearly 800,000 in the first six-year period, more than that number would be attracted by the outdoor life of a military camp if they could be assured by their employers that their positions would not be lost or their earnings seriously decreased. The proposed enlistment requires two months' service for each of the three years and liability for service during the remaining three years only in event of a war.

The army plans for more than one million trained men in six years, and the navy's program of six battle cruisers and ten dreadnaught ships within five years, both of which will be presented to Congress with the endorsement of President Wilson, were the absorbing topics of interest here today.

IT PAYS TO SAVE CHICKEN MANURE.

In estimating the proceeds from our poultry we often fail to put any valuation on what I have found to be a very important item—the fertilizer. For vegetables and for flowers there is nothing equal to it. This is especially true of onions, tomatoes and roses. They will not suffer from drouth so quickly and are not so apt to rot or blight when this manure is used.

Our hen house has a dirt floor, which is swept frequently and the manure is put directly where needed, and worked into the soil and is covered. If the weather will not permit spreading at once it is usually stored in barrels in a dry place. In the late fall I pile this manure around my rose bushes and work it in until spring. The result is thrifty bushes and exceptionally fine roses.

All on hand should be put on the ground before freezing weather and none allowed to waste during the winter. Some trouble should be taken to save a fertilizer so valuable.—MRS. M. T. WELLS, in The Progressive Farmer.

Large Dairy Farmers Use Texaco Roofing

THAT in itself is one of the strongest recommendations for this particularly valuable Texaco Product.

Dairy farming, with its necessarily large investment and its costly live stock, has become a valuable and efficient industry.

The experienced business man engaged in it uses Texaco Roofing to protect his cows from rain and damp.

Texaco Roofing is a paying proposition for him. Not only for the protection afforded, but for the low cost of upkeep and the ease with which it is applied. These features make it doubly valuable on your house, barn or factory.

Lay it yourself and make a perfect roof. Get in touch with the Texaco agent in your town. Let him explain Texaco Roofing to you.

It is a worthy representative of the whole line of Texaco Quality Products.

The Pecos Times, has made arrangements by which its readers may follow, week by week, the feature play "The Broken Coin," to be shown at the Airdome. This is a feature that only people living in the larger cities have heretofore enjoyed, and will render the pictures doubly interesting to the patrons of the show. The episode that is to be shown will be related in the paper before the picture itself is shown. Some like to read in advance of what is to come, others do not. So this plan will please all. The installment in the paper are divided, like the story, and only the episode to be shown at the theatre will be dealt with that week. Take the Times, go to the show and intelligently enjoy this greatest of serials.

NEW JERSEY REJECTS "VOTES FOR WOMEN."

President Wilson's Own Precinct More Than Two to One Against.

Jersey City, N. J., October 19.—The defeat of woman suffrage was conceded at 10:20 o'clock tonight, by Mrs. E. F. Feickert, president of the New Jersey Woman Suffrage Association. Her admission was borne out by unofficial early return of every section of the state, which indicated that the majority against suffrage was decisive.

Indications based on unofficial returns shortly before midnight, were that woman suffrage would be defeated in New Jersey by from 50,000 to 60,000. A majority of 23,671 was recorded in unofficial returns from 804 of the state's 1891 districts, the vote being 56,676 for and 80,347 against the amendment.

Hudson and Essex Counties, in which the fight centered apparently had given decisive majorities against the amendment at an early hour.

President Wilson's own precinct, the 7th election district of Princeton borough, voted against suffrage by a majority of more than two to one, the figures being: For 64, and Against, 150.

THE STATE OF TEXAS

To the Sheriff or any Constable of Reeves County—Greeting:

You are hereby commanded to summon Wm. H. Mathis, Mrs. Josie Jackman and Mrs. Ellen Mathis by making publication of this citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your county, if there be a newspaper published therein, but if not, then in any newspaper published in the 70th Judicial District; but if there be no newspaper published in said Judicial District, then in a newspaper published in the nearest District to said 70th Judicial District, to appear at the next regular term of the District Court of Reeves County, to be holden at the Court House thereof, in Pecos, Texas, on the fourth Monday in November, A. D. 1915, the same being the 22nd day of November, A. D. 1915, then and there to answer a petition filed in said Court on the 17th day of May, A. D. 1915, in a suit, numbered on the docket of said Court No. 1543, wherein W. H. Browning, Jr., as administrator, with the will annexed, of the estate of B. Mathis, deceased, is plaintiff, and Wm. H. Mathis, Mrs. Josie Jackman, and Mrs. Ellen Mathis are defendants, and said petition alleging that, on February 22, 1912, B. Mathis died, leaving a will, by the terms of which the defendants herein, together with Allie Mathis, Walter

Steward, Ora Jackman, Earl Mathis, Loren Mathis and A. B. James are named as beneficiaries in certain proportions of the proceeds arising from the sale of certain real estate at the time of the sale thereof, which time of sale is, by the terms of said will, limited to not less than five years nor more than ten years from the date of the death of said B. Mathis.

That said will was probated in Reeves County, Texas, on October 18, 1912, and plaintiff appointed administrator with the will annexed, and is now the qualified and acting administrator.

That a part of the property which came into his possession and control as administrator was Lot No. twenty-one (21) Block No. six (6) in the town of Pecos, in said Reeves County, upon which is located a cement block building known as the "Mathis Building."

That defendants have at all times recognized said lot and building as part of the estate of said B. Mathis, deceased, and as such subject to the terms of said will, and have accepted from plaintiff their distributive parts of the rents of said building and have acquiesced in plaintiff's distribution of said rents.

That on or about the 16th day of November, 1914, defendant Wm. H. Mathis caused to be filed for record in the office of the County Clerk of Reeves County, an instrument purporting to have been signed by B. Mathis on the 20th day of January, 1912, bearing notarial certificate of one E. M. Bennett, as Notary Public in and for the County of Jasper, State of Missouri, dated on said 20th day of January, 1912, which instrument purports on its face to be a deed conveying said lot No. twenty-one (21) Block No. six (6) in said town of Pecos to the defendants, jointly, which instrument is recorded in Vol. No. 41, page No. 64, of the Deed Records of said Reeves County.

That neither the said Wm. H. Mathis nor any of the defendants herein have at any time claimed any interest in said lot, save as beneficiaries under said will, nor did the said Wm. H. Mathis at any time apprise plaintiffs of the existence of said instrument, or of his possession of same, or of his intention to file same for record, and that same was recorded without the knowledge of plaintiff, and that he was not advised of its existence or record until his attention was called thereto accidentally.

That plaintiff believes and alleges that the instrument aforesaid was (1) executed and acknowledged by B. Mathis prior to his death, but not delivered to defendants or either of them, and has, since his death, been discovered by defendant or one of them; or (2) that the instrument is a forgery, made with fraudulent intent, and for the purpose of depriving the beneficiaries under the will of the said B. Mathis of substantial interests in said estate.

Plaintiff files this suit that by proper decree he and his bondsmen and the beneficiaries under said will may have legal protection, the defendants, and each of them, having been by plaintiff requested to reconvey said lot and building to plaintiff in order that same may be administered as part of said estate according to the terms of said will.

Plaintiff prays that this court make such necessary and requisite decree as will adjudicate the validity or genuineness of the instrument aforesaid; for reasonable attorney's fees incurred in and about the filing of this suit to be charged against defendants, and for legal and equitable relief.

Herein fail not, but have before said Court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.

Given under my hand and the Seal of said Court, at office in Pecos, Texas, this 20th day of October, A. D. 1915.

Walker are defendants, said petition alleging that on May 10, 1911, defendant J. S. Long made, executed and delivered to defendant M. S. Magee his three certain promissory notes, each bearing said date, two being in the principal sum of \$300.00 each and one being in the principal sum of \$356.00, the first named two being due on or before November 10th, 1913, and May 10th, 1914, respectively, and the last mentioned being due on or before November 10th, 1914, each payable to M. S. Magee or order at Pecos, Texas, and each bearing interest from date at the rate of 6 per cent per annum, and each providing for the usual ten per cent on both principal and interest then due as attorney's fees if placed in the hands of an attorney for collection, or if collected by suit, and being purchase money notes given in part payment for Section No. 8, Block No. 54, Township 7, T. & P. Ry. Co. Survey in Reeves County, Texas, and secured by a vendor's lien on said Section, containing 672 acres, retained in a deed executed on or about said date to said land by defendant M. S. Magee, joined by his wife, to defendant J. S. Long; that on or about May 21, 1913, and before maturity of said notes, defendant M. S. Magee, for a valuable consideration, sold, transferred and assigned to plaintiff each of said three notes and said vendor's lien to secure the payment thereof, and also guaranteed to plaintiff the payment of said notes; that on or about September 12, 1911, defendant J. S. Long, joined by his wife, sold by deed to the defendant W. K. Walker the said above described land, and in said deed of conveyance and as a part of the consideration thereof, said defendant Walker assumed the payment of the said three above described notes; that plaintiff is informed on information and belief that defendant E. E. Walker is asserting some claim, right or title in and to above described land, which claim, right or title, if any,

is inferior and subordinate to plaintiff's vendor's lien against said land, and said defendant E. E. Walker is made a party herein in order that he may set up his said claim, if any, and that said claim may be barred by this action; that each and all of said notes are past due and that no part of them has ever been paid, either principal or interest, and that plaintiff has often requested defendants to pay same and is now the legal owner and holder of said notes and the lien to secure same; that said notes have been placed in the hands of Buck & Starley, attorneys, for collection, and that plaintiff has instructed said attorneys to bring suit thereon, and has agreed and promised to pay said attorneys the attorney's fee stipulated in said notes for bringing this suit, and that said fee is a reasonable fee for said services. Plaintiff further prays for citation to all said defendants and that upon final trial he have judgment against said defendants for his debt, principal, interest and attorney's fees, for

costs of suit, and for judgment foreclosing his said vendor's lien against all of said defendants, the same as existed on May 10, 1911, and has at all times since existed; that said land be sold for the payment and satisfaction of said judgment, and for such other and further relief, both general and special, in law and in equity, as plaintiff may be justly entitled to receive.
Herein fail not, but have before said court on the said first day of the next term thereof, this writ with your return thereon, showing how you have executed the same.
Witness, WILLIE-DE WOODS, Clerk of the District Court, Reeves County, Texas.
Given under my hand and the seal of said Court, in the town of Pecos, County of Reeves, State of Texas, this 14th day of October, A. D. 1915.

SNOW OUT ON

NOMINAL BOND.

A great deal of excitement was occasioned in Pecos the first of the week when the report went out that J. D. Snow, a young man who had worked here three years ago for Loper & Dickenson, who were running a tailoring and clothes cleaning shop, had confessed at El Paso to murdering J. Sousa, known as "Apple John," on Toyah Creek.

E. O. Hahn was in Pecos Sunday from El Paso and told Sully Vaughan, deputy sheriff, that Snow had made a confession to him that he, Snow, murdered "Apple John," that he had been shot by John, and that the bullet went through the fat of his leg and lodged under the skin and that a barber by the name of Williams cut the ball out with a razor.

Sheriff Harrison went up to El Paso Tuesday after Snow, with a

warrant, returning with his man on the early train Tuesday morning. Snow was arraigned before Esquire Richburg the same morning and after a thorough examination he was released on a nominal bond for his appearance before the grand jury, which meets the latter part of November.

The best we can learn is that Snow was not in Pecos until six months after the murder was committed, and it was stated by Hahn that Snow went down to the Valley a short time before the murder to start a clothes cleaning shop. Snow says that he is a witness in a case against Hahn, which comes up for trial soon, and that this story was a frame-up to get him out of the way.

The annual Bazaar of the Christian Ladies Aid will be held sometime during December. Watch for the exact date.

SURVEY MAPS NOW OBTAINABLE FROM P. M'S

The finest and most accurate of maps of the United States are the ones made by the United States Geological Survey. This branch of the Government service prints more than 3000 maps a day, or about a million a year most of which are sold to the public directly from the department at Washington. Book and stationery concerns in the larger cities of course handle these maps, but heretofore there has been no way in which the inhabitants of the small town throughout the country could get them except by sending to Washington. Now, however, postmasters of towns and villages have permission of the Post Office department to handle these maps. When the Geological Survey prints a new map it sends a sample copy to the postmasters in the area covered with the suggestion that they tack it up in a conspicuous place where everyone calling for mail can see it, and order a small stock for sale to those who wish to buy the map. This saves the purchaser the annoyance of sending to the Geological Survey and waiting until the map is received from the department in Washington and also save the expense of postage. The postmaster himself receives a small commission on each map sold.

Many active postmasters are handling the maps, and that their fellow-citizens appreciate the accommodation of being able to buy Government maps at the post office is shown by the number that is sold in this way. The record of maps sold shows that a postmaster in Minnesota heads the list so far, having sold 125 maps the first month he handled them.

Only postmasters postmasters in regions that have been recently mapped out have been asked to handle the maps, but the Geological Survey willingly answers questions made by other postmasters, sending them sample copies of the map that covers their district if it has been mapped.

It is believed that this new plan of distributing the Government maps will benefit all concerned; it

GARDEN AND POULTRY.

A Good Garden and Plenty of Poultry Will Enable the Farmer to SAVE MONEY.

The next best thing to live stock on the farm is the garden, supplemented with the poultry to help consume the waste and surplus vegetables. One acre set aside for the garden and all kinds of vegetables, is worth more to the family than any other five acres on the farm. As it has been considered a small item, it has been sadly neglected by the majority of the farmers in the Cotton Belt, but if there is one acre that should be well prepared on the farm it is this one acre for the garden, and it should be thoroughly planted and cultivated every week during the growing season. You will be astonished to know how much of a living this garden will produce during one season. You can have something to eat from it 365 days in each year.

With the poultry yard, garden, a good cow, a good living on the farm is reduced to the minimum cost. It beats making cotton to buy it with. Then you can have a part of the cotton at least as a surplus with which you can put lights water and a phone in your house. This is the way I put them in mine and it does not cost very much, if you'll get right down after it, and do a part of the work yourself. With good roads in addition you have the luxuries and conveniences of a city and more, for you will still live in the country and would not move to town to live if you were able.—B. F. Shelton.

will be a convenience to the purchasers, it will bring the postmasters a small commission and it will increase the sale of the maps.

CALAMITY HOWLERS ARE DEAD

King Cotton Has Preached Their Funeral—Agricultural Prosperity Assures Progress.

The pessimists are all dead and buried. There are no such animals alive today. They died of heart-failure. They threatened us with war; they prevailed upon the banks of the country to be careful; they said that when England placed cotton on the contraband list it would be to the detriment of the South and would insure low priced cotton; they have used every argument possible but to no avail. They are dead. A movement was started to "Buy-it-in-October," and thus start prosperity. That is a movement that sounds mightily like the "Buy-a-Bale" movement. No movement can start prosperity. Prosperity has been started nevertheless. Cotton got tired of its narrow confines and just began to bulge and bulge—9, 10, 11, 12 cents a pound, and we are almost afraid to stop at that figure and that is what has brought prosperity. If a movement would bring it, then a movement ought to be started every month, yea, every day, even every hour, and every minute. It is a mighty good thing to keep old prosperity a-hustling all the time. High priced cotton will help do it; diversification will help; dairying will help; economy will help; "Living at home" will help; growing livestock will help; and by all this combined help the prosperity wagon will gain such speed that all the calamity howlers in the country will not impede its progress.

The industrial world is mighty anxious for the agricultural world to prosper. The agricultural world produces a large percentage of the raw material to be used in the industrial world, and too, the agricultural world is doubtless the greatest user of the manufactured products. When the agricultural world suffers, the industrial world also suffers.

We have maintained all along, there was no use and no sense in the hard times that prevailed the past year. For the nonce the pessimists and the calamity howlers got into the saddle. We must not be too hard on them, however. After all they doubtless have been a blessing in disguise. Not of their own desire or purpose, but in spite of it. They have taught the people lessons that they needed to know. We were growing lax with credits, and wasteful of our means, unanchored in the mysterious relations of life and drifting into realms of ungrounded and rapidly increasing property values. Stock has been taken a foundation has been reached and good seasons of industrial and trade activity is assured. Texas Trade Review and Industrial Record.

PREACHER WAS LAID UP.

Rev. C. M. Knighton, Havana, Fla., writes: "For three months I suffered intense pain in the kidneys and back which at times laid me up entirely. I used 1-2 bottles of Foley Kidney Pills and all the pain disappeared. I feel as if twenty years had been added to my life. Relieves rheumatism, backache, sore muscles, stiff joints. For sale by Pecos Drug Co.—Adv.

FEEDING OF KAFFIR AND MILO—THEIR VALUE.

Kafir corn chops contain in 100 pounds 7.0 pounds digestible protein, and it has a productive value of 18.2. Cotton Chops contain in 100 pounds, 6.5 pounds of digestible protein and has a productive value of 20.6. These are average basis of values. It is seen from this statement that corn chops are more valuable in protein and about 10 per cent less valuable in fat producing power than ordinary corn. As the price of kaffir corn is decidedly less than 90 per cent of the price of corn chops, kaffir corn chops is more economical for feed stuff. Since the grains of kaffir are small and hard and may escape mastication and digestion, it is always advisable to grind them before feeding, or else feed them as chops.

Milo chops have very nearly the same composition as kaffir chops and very nearly the same feeding value, although according to the average composition and digestibility, they have slightly more feed value. Thus milo chops have a digestible protein content of 6.7 pounds in 100 lbs. a productive value of 19.1, or 7 per cent less than grain.

OUR PUBLIC FORUM

J. M. Potter

On Business Methods in Marketing.

The Executive Committee of the Texas Bankers' Association, working in connection and in harmony with the bankers and business men of Texas, are making an earnest and persistent effort to get warehouses built for the storage and protection of all farm products, especially cotton. It has always been said, that the farmer being primarily the producer of the world's actual needs, is the most independent business man among us. This probably should be true, but a large per cent of the farmers are in fact quite dependent, making themselves so by continually putting themselves at the mercy of the man who buys their crops. This awkward and unbusinesslike situation grows out of the fact that the farmer has no place to store his crop after it is made. Wheat is now bringing a fair price for advanced prices, the farmers all over this country are forced to sell their wheat because they have no place to store it. The facilities for storing and protecting cotton are much worse than the wheat.

The farmers of Texas lost by country damage enough in the past few years to build sufficient storage room for all the cotton grown in the State. In view of the facts above set forth and the unsatisfactory conditions arising therefrom, the bankers are anxious to see suitable warehouses built and cotton stored therein where it can be protected from the weather and from fire and made a basis of credit for carrying on the business of the country.

The writer heretofore, as chairman of the 7th District Texas Bankers' Association, has called the attention of every bank in the district—over four hundred—to the needs mentioned herein and urged action in all of their respective counties where cotton is raised or handled. The Seventh District is so large and its interests so varied, that uniformity of purpose and action is hard to obtain; nevertheless much interest has been aroused and many new warehouses are being built and old ones repaired so as to meet all requirements. At this writing conditions are such as to increase the difficulties that already beset us in the exportation of our surplus cotton and likewise intensify the need for storage for our 1915 cotton crop.

In my long experience in the banking business, I can scarcely recall a time when a farmer could not get credit extended and increased on stored and insured cotton. Our new Federal Bank Law as interpreted by those entrusted with its administration, has not only increased and made more rapidly available the facilities for handling such cotton, but has fixed beyond controversy the value and negotiability of duly executed warehouse receipts. Out of the conditions above recited have grown the consistent and persistent efforts of the bankers of Texas to get the cotton grower to house his crop and place it on the market in such a business-like way as to secure the best possible results. The effects of this campaign, I am persuaded, will be gratifying to all parties interested therein.

SHERIFF'S SALE.

THE STATE OF TEXAS,)
COUNTY OF REEVES)

Notice is hereby given that by virtue of a certain order of sale issued out of the Honorable District Court of Reeves County, of the 7th day of October, 1915, by Willie-de Woods, clerk of said court, for the sum of Two Hundred Thirty-nine and 41-100 (\$239.41) dollars and costs of suit, under a judgment, in favor of Mrs. M. L. Moore and her husband, J. W. Moore, in a certain cause in said court, No. 1535, and styled Mrs. M. L. Moore et con. vs. Z. T. McCoy, and placed in my hands for service, I, Tom Harrison, as Sheriff of Reeves County, Texas, did, on the 7th day of October, 1915, levy on certain real estate, situated in Reeves County, Texas, described as follows, to-wit:

Being tract No. 12, in section 37, block 4, H & G N Ry Co survey, according to plat by the Pioneer Canal Company, of record in Vol. 8, page 450, Deed Records of Reeves County, Texas, and being the same land conveyed by Mrs. M. L. Moore and husband, J. W. Moore to O. Spurgeon by deed recorded in Vol. 35, page 408, and conveyed by O. Spurgeon to Z. D. McCoy, by deed recorded in Vol. 41, page 22, Deed records of Reeves County, Texas.

And levied upon as the property of Z. D. McCoy and that on the first Tuesday in November, 1915, the same being the 2nd day of said month, at the Court House door, of Reeves County in the City of Pecos, Texas, between the hours of 10 a. m. and 4 p. m., by virtue of said levy and said order of sale, I will sell said above described Real Estate at public vendue, for cash, to the highest bidder, as the property of said Z. D. McCoy.

And in compliance with law, I give this notice by publication, in the English language, once a week for three consecutive weeks immediately preceding said day of sale, in the Pecos Times, a newspaper published in Reeves County.

Witness my hand, this 7th day of October, 1915.

TOM HARRISON,
Sheriff, Reeves County, Texas.
By S. C. VAUGHAN,
Oct. 8-41-3. Deputy.

THE STATE OF TEXAS.

To the Sheriff or any Constable of Reeves County—Greeting:

You are hereby commanded to summon Zipporah Aronson, by making publication of this citation once in each week for four consecutive

weeks previous to the return day hereof, in some newspaper published in your county, if there be a newspaper published therein, but if not, then in any newspaper published in the 70th Judicial District; but if there be no newspaper published in said Judicial District, then in a newspaper, publisher in the nearest District to said 70th Judicial District, to appear at the next regular term of the District Court of Reeves County, to be holden at the Court House thereof, in Pecos, Texas, on the fourth Monday in November, A. D. 1915, the same being the 22nd day of November, A. D. 1915, then and there to answer a petition filed in said Court on the 5th day of October, A. D. 1915, in a suit, numbered on the docket of said Court No. 1587, wherein A. Aronson is plaintiff, and Zipporah Aronson is defendant, and said petition alleging suit for divorce on the ground that the defendant on or about April 2, 1901, voluntarily left the bed and board of the plaintiff with the intention of abandonment, and has not since said time returned to plaintiff; and on the further ground that the plaintiff and defendant have lived apart without co-habitation for a longer period than ten years prior to the filing of this suit.

Herein fail not, but have before said Court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.

Given under my hand and the seal of said Court, at office in Pecos, Texas this the 5th day of October, A. D. 1915.

(Seal) WILLIE-DE WOODS,
Clerk District Court Reeves County.

THE STATE OF TEXAS

D. 1915, the same being the 22nd day of November, A. D. 1915, then and there to answer a petition filed in said Court on the 5th day of October, A. D. 1915, in a suit, numbered on the docket of said Court No. 1586, wherein C. F. Gary is plaintiff, and O. M. Chesterman is defendant, and said petition alleging suit for debt on a promissory vendor's lien note, dated December 5, 1918, for \$175.00 payable three years after date, with interest at 6 per cent per annum, interest payable annually, and costs of suit, said note executed and delivered by the defendant to B. W. Biggs and by him sold and transferred to one C. P. Richards, who sold and delivered same to plaintiff, the present legal and equitable owner and holder thereof, less a credit of \$118.00 paid on February 8, 1909; and for foreclosure of vendor's lien on the North 150 acres of section No. Nine (9), block C-18, Public School lands in Reeves County, Texas, as it existed on December 5, 1908, said vendor's lien having been retained on said note and in the deed conveying said land.

Herein fail not, but have before said Court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.

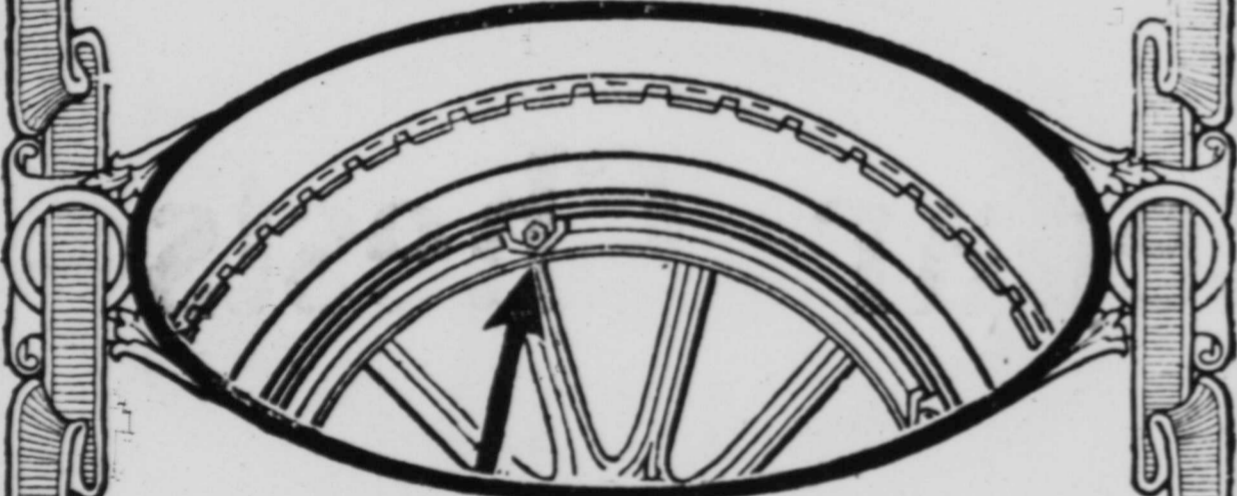

Given under my hand and the seal of said Court, at office in Pecos, Texas, this the 5th day of October, A. D. 1915.

The "Wonder Car"

Demountable Rims

The 1916 Maxwell is equipped with demountable rims, and has the same size tire on all four wheels. Two vitally important features.

To replace a tire on the road it is only necessary to loosen five bolts; slip off the flat tire; slip on spare rim and tire; tighten three bolts, and proceed.

We are waiting to take you for a test ride in the car that has broken all low "First-Cost" records, and is breaking all low "After-Cost" records.

OPPOSED BY THE CATHOLICS

Catholics High in Church in This Country Not Pleased by the Recognition of Carranza.

A statement on conditions in Mexico based on a report from Gen. Alvaro Obregon and given out by Elizo Arredondo, declared that the only organized opposition to the Carranza government was confined to portions of the States of Sonora and Chihuahua, adding that an expedition had been sent to Sonora to assist the Constitutionists in smashing the Maytorena army. The statement also announces the surrender of many former Villista officials.

Since Saturday when the Pan-American conference announced its decision to recognize Carranza, a wide spread on the internal situation has been noted. The chief result has been the apparent crumbling of opposition to Carranza, and many of the Zapata leaders as well as Villa generals are surrendering or leaving the country. Amnesty has been freely granted those who have laid down their arms.

Opposition from officials of the Catholic Church in this country to the recognition of Gen. Carranza, continues to be manifested in various ways. Secretary Lansing before deciding on recognition elicited definite promises from the Carranza authorities that "no one was to suffer with his life or property" because of religious belief. Administration officials feel therefore that the Carranza assurances must be taken as an index of future policy, and the attitude of the Carranza authorities toward the clergy, is awaited before judgment is passed.

Carranza reports today say that Touca, near Mexico City, has been taken from the Zapata forces, that nearly half the State of Chihuahua is completely controlled by Carranza, that Juarez is cut off from the interior, and that many towns in the north are arming against attack of Villa forces.

RECOMMENDE CHAMBER-LAIN'S COUGH REMEDY

"Last winter I used a bottle of Chamberlain's Cough Remedy for a bad bronchial cough. I felt its beneficial effect before I had finished the bottle, and I was cured. FREE UNTIL 1916.

Have you subscribed yet for the Youth's Companion for 1916? Now is the time to do it, if you are not already a subscriber, for you will get all the issues for the remaining weeks of 1915 from the time your subscription with \$2 is received.

The fifty-two issues of 1916 will be crowded with good reading for young and old. Reading that is entertaining, but not "wishy-washy." Reading that leaves you, when you lay the paper down, better informed and with keener aspirations, with a broader outlook on life. The Companion is a good paper to tie to, if you have a growing family—and for general reading, as Justice Brewer once said, no other is necessary.

If you wish to know more of the brilliant list of contributors, from our ex-presidents down, who will write for the new volume in 1916, and if you wish to know something of the new stories for 1916, let us send you free the Forecast for 1916. Every new subscriber who sends us \$2 for 1916 will receive, in addition to this year's free issues, The Companion Home Calendar for the year 1916.

BUSINESS SITUATION REVIEWED

Great interest is attached to the results of the \$500,000,000 Anglo-French war loan. It is believed that one of the immediate effects will be largely increased imports from the United States to Great Britain and the allied governments. Shipments of various kinds, particularly foodstuffs, have been enormous, and it is thought that this class of exports will be considerably augmented as one result of the placing of the larger credit in the United States. Shipments of munitions to the belligerent countries have also been on an increasing scale, although they have constituted a very small percentage of the total amount used in the war. It is expected that the establishment of the big credit will have the effect of increasing the export figures of a new record mark.

Although some lines of trade are still quiet they are becoming the exception to the rule. Greater building activity, heavier industrial operations, growing bank clearings, and enormous crops point to the general prosperity now experienced and yet to be enjoyed. The number of failures is still too large, but liabilities are the lowest in four years at this season. Fundamental conditions in the United States have probably never been more encouraging than at the present.

Notwithstanding the fact that the country has become practically a world money lender and although usually at this time of year there is a money stringency on account of the arge demands made for crop-movng purposes, the monetary situation is entirely easy, the placing of the Anglo French loan had thus far not the least effect upon the situation.

It would be unatural to expect any improvements in business thruout European countries as long as the war lasts, and there is considerable speculation as to how business in Europe will be affected after peace is restored. Throughout the entire world, in fact, there will necessarily be a readjustment of economic and industrial conditions the extent and character of which it is impossible for the wisest man to anticipate. All calculations for instance along the effect of the war on business in the United States were upset by what really took place. Instead of the anticipated business depression and prolonged business disaster, the country has emerged into a great era of prosperity, the extent of which cannot be measured.

And so, too the pessimistic predictions as to the shock which business would sustain when the war ceases may be all wrong. Certain it is that whether there be a temporary upheaval or not, when peace is declared there will be ultimate results which will be of vast benefit to mankind generally.—The Christian Science Monitor, October 9th.

Talks With the Boys

By J. L. HARBOUR, IN THE VISITOR.

THE BOY WHO WHINES.

If ever I feel like using the terse words, "Cut it out," it is when I hear a boy whining about anything at all. I know a boy of this kind whose old grandmother lives in his home, and one day when he was whining about some trifle his grandmother turned to him and said: "For the land sake, Elbert, stop that whining. It gets on my nerves more than anything else you can do. It fairly sets my teeth on an edge. You want to be a man, some day, don't you? Well, you will never be one if you keep on whining, and if you grow up into a whining man you'll be—well, Elbert, you will be just kind of a blot on the fair face of creation; that's what you'll be!"

The old lady was right about it. A whining boy should be a sorrowful object for his own contemplation but a whining man—words fail me when I try to give him his dues. He is certain to be an object of contempt to many, and it is certain that he will never be successful in life.

Both the whining man and the whining boy look out on life thru smoke-colored glasses. Nothing in life looks bright or cheerful to them. They perform none of the tasks of life cheerfully. They miss a good deal of the real joy of life. They are truly blots on the fair face of creation. Of a truth it might be said of them that they should "cut it out" when it comes to their whining and faultfinding, for your whiner is always a faultfinder. I once lived in a home in which was a boy who was about thirteen years of age, sadly afflicted with the disease of whining. Indeed, he was so much of a whiner that the other boys called him "Whiney Joe."

There was always a kind of tearful note in his voice, and that is some thing that the real manly boy will not stand for. When a boy of thirteen gets a tearful note in his voice and really squeezes out a tear or two because he is asked to bring in a hod of coal or to shovel a few feet of pathway in the snow, it is certain proof of the fact that he really falls a good deal short of being a boy of a manly spirit. It is many years since I boarded in the home of "Whiney Joe," and it is a long time since I have seen or heard anything about him; but I

A BOY WANTED—THE KIND.

Wanted—A boy that stands up straight, acts straight and talks straight.

A boy who listens carefully when spoken to, who asks questions when he does not understand and does not ask questions about things that are none of his business.

A boy whose finger nails are not in mourning, whose ears are clean, whose shoes are polished, whose clothes are brushed, whose hair is combed and whose teeth are well cared for.

A boy who moves quickly and makes as little noise as possible.

A boy who whistles in the street but not where he ought to keep still.

A boy who looks cheerful, has a ready smile for everybody and never sulks.

A boy who is polite to every man and respectful to every woman and girl.

A boy who does not smoke cigarettes and has no desire to learn how.

A boy who never bullies others or allows others to bully him.

A boy, who when he does not know a thing says, "I do not know" and when he has made a mistake, says, "I am sorry," and when requested to do a thing says, "I'll try to."

A boy who looks you in the eye and tells you the truth every time.

A boy who would rather lose his job or be expelled from school before he'd tell a lie or be a cad.

A boy who is more eager to know how to speak good English than to talk slang.

A boy who does not want to be smart nor in any way attract attention.

A boy who is eager to read good, wholesome books.

A boy who is perfectly at ease in the company of respectable girls.

A boy who is not a goody-goody, prig, or a little Pharisee, but just healthy, happy and full of life.

This boy is wanted everywhere. The family wants him, the school wants him, the office wants him, the boys and girls want him, and

met a lady from his home town last summer. When asking about the ones I once knew in the town, I said: "Is there a man in the town named Joe Blank?"

"Do you mean 'Whiney Joe?'" asked the lady.

"Do they call him that still?" I asked her.

"Yes, and they always will, for he whines as much or more than he ever did."

"Has he been successful in life?"

"Not in the least. He has made a failure of life and I think it is largely because he has gone thru life with a perpetual whine. He complains about not having had any chance and that he has always had hard luck and all that sort of thing, but the fact of the matter is that his habit of whining has unfitted him for the things that make for success in life. Who wants a whining man around?"

Who, indeed? No one. Never was there an age when real manliness in boys counted for more than it counts for in our day. The manlier the boy the greater his chance for success in life. Believe me, boys, you will never be successful as long as you have in you traits of character that produce a constant whine. No one wants a boy of that kind around. Every whine is an advertisement of the fact that he is a weakling. I never knew a boy of that kind who held his head up bravely and looked the world in the face bravely and cheerfully, and one who does this is the kind of a boy that finds favor in the world. If you ever find yourself lapsing into the low estate of whining, "Cut it out," and "Do it now," remembering that the boy who whines in the summer will go hungry in the harvest.

CALOMEL DYNAMITES A SLUGGISH LIVER

Crashes into sour bile, making you sick and you lose a day's work.

Calomel salivates! It's mercury. Calomel acts like dynamite on a sluggish liver. When calomel comes into contact with sour bile it crashes into it, causing cramping and nausea.

If you feel bilious, headachy, constipated and all knocked out, just go to your druggist and get a 50 cent bottle of Dodson's Liver Tone, which is a harmless vegetable substitute for dangerous calomel. Take a spoonful and if it doesn't start your liver and straighten you up better and quicker than nasty calomel and without making you sick, you just go back and get your money.

If you take calomel today you'll be sick and nauseated tomorrow; besides, it may salivate you, while if you take Dodson's Liver Tone you will wake up feeling great, full of ambition and ready for work or play. It's harmless, pleasant and safe to give to children; they like it.—Adv.

THE STATE OF TEXAS.

To the sheriff or any constable of Reeves County—Greeting:

You are hereby commanded to summon Mrs. J. S. Fredericks and — Fredericks her husband whose initials are alleged to be unknown to plaintiff, and N. H. Thorpe, by making publication of this citation once in each week for four successive weeks previous to the return day hereof in some newspaper published in Reeves County, Texas, to appear at the next regular term of the District Court of Reeves County, Texas, to be held at the courthouse thereof in the town of Pecos, on the fourth Monday in November, 1915, the same being the 22nd day of November, 1915, in a suit numbered on the docket of said Court No. 1582, wherein J. A. Buck is plaintiff and Mrs. J. S. Fredericks, — Fredericks her husband, whose initials are alleged to be unknown to plaintiff, N. H. Thorpe and W. H. Drummond are defendants; said petition alleging that plaintiff, on or about August 4, 1915, was lawfully seized and possessed of and holding and claiming in fee simple the north one-half of the east three-eighths of Section No. Eight, block No. Three, Certificate 71408, H. & G. N. Ry. Survey in Reeves County, Texas; that said description of said land is true and correct but that said land was, by mutual mistake of N. H. Thorpe, J. G. Love and plaintiff in a deed of trust from said Thorpe to said Love, wherein plaintiff was beneficiary and in the deed from J. G. Love, Trustee as aforesaid to this plaintiff misdescribed as being the north one-half of the E. 3-8 of Section No. 8, Block No. 3, Cert. 11408 in Reeves County, Texas, and that plaintiff owns and claims said land under said deed of trust and said Trustee's deed; that said deed of trust and Trustee's deed gives the wrong certificate number and omits to state that said land is in the H. & G. N. Ry. Survey in said Reeves County, Texas, but that the land described in said deed of trust and in said Trustee's deed is identical to the land owned and claimed by plaintiff as aforesaid, the true and correct description of which is first above set out; that on or about the said last named date, the defendants unlawfully entered upon said land and premises and ejected plaintiff therefrom, and unlawfully withheld from plaintiff the possession thereof to his damage in the sum of \$50.00; that defendants are claiming the title to said land against plaintiff, to his damage in the sum of One Thousand Dollars. Plaintiff prays that defendants be cited to appear and answer and that plaintiff have judgment for the title and possession of said above described land and premises, for judgment correcting the said misdescription of said land and awarding the title and possession of said land to plaintiff accord-

ing to the correct description thereof, for writ of restitution, damages and costs, and such other and further relief, both general and special, as, in law and equity plaintiff may be entitled to receive.

Herein fail not, but have before said Court on the first day of the next term thereof, this writ, with your return thereon, showing how you have executed the same.

Witness, WILLIE-DE WOODS, Clerk of the District Court of Reeves County, Texas. Given under my hand and the seal of said court, in the town of Pecos, in the County of Reeves and State of Texas, this the 29th day of September, A. D. 1915. The Voice of Now

It is the present, the today, the NOW in which we are interested Shakespeare wisely says:

"Tomorrow never yet On any living mortal rose or set."

It is the printed page which deals most intimately and with the greatest detail in the movements of the present. It is THE VOICE OF NOW proclaiming to the world the things that are happening today. The Government of the United States is NOW gravely concerned in certain aspects of the war in Europe and has had trust on it several serious international problems which are NOW in process of solution. The American farmer is NOW interested in this titanic struggle, for his interests are being affected by it today and will be tomorrow, and he wants to keep in close touch with it NOW.

EVERYBODY is interested in the cotton crop from the time of its planting to the days of its harvesting and marketing. They want to know "the NOW" in all that pertains to the great Southern staple; they want to know "the NOW" of all other agricultural markets, the latest in modern farming, the facts of the warehousing problem, and all else that pertains to the progress of the times in every theater of life.

The tens of thousands of men and women who know the Semi-Weekly Farm News know it is "THE VOICE OF NOW," telling in direct and positive tones of what is going on at home and abroad.

PERSONAL MENTION.

W. C. McAfee of Barstow is hauling hay from that place to Pecos, and is having fine luck disposing of it at a profit.

Will Cowan came down yesterday from his ranch in Culberson County and reports everything lovely in that section.

Mrs. J. M. Frame visited with relatives in Monahans Monday and Tuesday.

Pink and Tobe Mitchell of Monahans were in Pecos the latter part of last week at the bedside of their cousin Mac Hill, who died Sunday evening.

Mrs. A. B. Bryant, after spending two weeks visiting her brother and friends at Columbus, N. M., returned home Wednesday evening, but let me tell you that A. B. was as happy as a lark. Even the little mules were glad to see her.

Mrs. L. W. Anderson presented L. W. with a nine-pound girl last Sunday morning. It is reported that the mother and babe are doing nicely and that L. W. is happy.

Mayor E. C. Canon returned Wednesday from Kermit, where he had been in attendance on the District Court. From the smile illuminating his face he must have met with success.

Rev. A. A. Davis left this morning going to Balmorhea for a two weeks protracted meeting.

Rev. J. J. Golden from Toyah, passed through Pecos this morning going to Saragosa to hold services at the Methodist Church.

Mrs. S. J. Johnson, treasurer of the moving picture show, left yesterday on No. 6, going to Mingus for a visit with her grandparents.

Don't forget that the ladies of the Methodist Church will serve hot dinner during court.

Mrs. G. G. Nesbitt and son, Gamon, left Tuesday afternoon for their new home at Shreveport, La., where they will reside in the future. Mr. Nesbitt, who for some time past has been in El Paso will soon join them. Their many friends in Pecos and vicinity will certainly miss them greatly, and one and all with The Times wish them the best of success. The Times will make them weekly visits and keep them posted on the main happenings in this section.

Eugene Kite accompanied by his youngest daughter, left Monday on a visit to the homefolk at Texarkana.

Mr. and Mrs. Jas. McKillop were up Wednesday from their extensive farm-ranch near Carmel after supplies, and report that everything out there is in fine shape. Mrs. McKillop's mother and Mr. McKillop's sister and daughter came out from Fort Worth, via auto, last week for a visit with them. They were accompanied by D. G. Albright, manager of their ranch.

W. W. Stewart of Balmorhea was a business visitor in Pecos Tuesday. Cotton is selling on the streets of Pecos today for 11 1-2 cents.

NEW MAN LOCATES IN PECOS.

Jas. N. Kennedy of Denver, arrived in Pecos yesterday and has purchased a 40-acre farm about five miles north of Pecos, out of section 25, under the Farmers' Independent Canal system.

We understand that Mr. Kennedy is an experienced irrigation farmer and if this be true; he will certainly "make good," for there is no better land in the Pecos Valley of Texas than that on which he has settled.

The Times joins in extending Mr. Kennedy a most hearty welcome to Pecos and trusts that his success may exceed his expectations.

D. 1915, in a suit, numbered on the docket of said Court No. 1560, wherein Mrs. Jennie Arrington is plaintiff, and Mrs. Florence H. Kistler, and her husband Frank E. Kistler, are defendants, and said petition alleging suit for debt on two promissory vendor lien notes, dated May 13, 1912, for \$500.00 each, due one and two years after date, with interest at ten per cent per annum, and also stipulating for ten per cent attorneys fees if sued on or placed in the hands of an attorney for collecting said notes made, executed and delivered by the defendant Mrs. Florence H. Kistler to Mrs. Jennie Arrington; Frank E. Kistler, husband of Mrs. Florence H. Kistler being joined proforma as a party defendant to this suit.

Said petition praying for judgment for debt, interest, attorney's fees and costs of suit, and for foreclosure of vendor's lien on Lots One and Two, in Block Ten, in the Town of Toyah, Reeves, Co., Texas, said vendor's lien having been retained in said note and in the deed conveying said lots.

Herein fail not, but have before said Court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.

Given under my hand and the seal of said Court, at office in Pecos, Texas, this the 13th day of October, A. D. 1915.

(Seal) WILLIE-DE WOODS,
Clerk, District Court of Reeves County.
