Those Accepted—Others Being Examined

The following are those who have been accepted by the local board and called to the service of the United States this week:

Order No.	Serial No.	NAME	ADDRESS
91	146	Virgil Holman	Pecos
100	228	W. H. McEachin	Pecos
88	285	Claud E. Sutphin	Toyah

124	36	Ben Briscoe	Pecos
108	344	Lawrence Williams	Balmorhea
103	96	Alvin Oscar Erickson	Balmorhea

The examinations have been going on by the local board in the selective draft system for the past two or three days and the following have been called for examination. Out of this number the first 126 had been examined up to 4:30 yesterday afternoon. Out of that number only seven recruits have been secured. Judging from this it seems as if the full quota will have to be drawn before Reeves county gets her portion.

The list of those drawn this week follows:

Federal and U. S. Tires

Reduce the Running Expenses of Your Car by Buying the Federal and U. S. Tires

You know what they will do without us telling you.

In fact, we have enough confidence in them to offer you the following proposition:

If any tires we sell proves to be defective in any way, we will repair or replace with a new one as the case may demand.

It will just cost you extra in proportion to the amount of service you have received.

Remember that Under Inflation, Improper Alignment, Skidding, Bruises, Snags, Overs and other causes, peculiar to the conditions of our roads will cause troubles not due to a defect of the Casing.

Commissioners' Court

The Honorable Commissioners' Court, of Reeves County, held its regular quarterly session this week, with all members of that body present.

A failure to secure the necessary county trustees at the regular election, resulted in the court appointing the following gentlemen to serve in that capacity: W. W. Hubbard and A. J. Curtis, Pecos; B. W. Van Deren, Balmorhea; F. A. Besire, Toyah; J. Y. Bell, Loving county.

Messrs. McGuirk, Leeman, Nelson and Brookfield, of Loving county, appeared before the court with a view of having Loving county divided into two school districts. The matter was referred to the school trustees of that county.

A petition asking that Henry Lavelle be appointed sheep inspector for Reeves county, as provided by a recent ruling of the Live Stock Sanitary Commission Law, was presented, and the appointment made.

Juries of view for four roads, three in Reeves county and one in Loving county, were appointed.

Publication of the delinquent tax list was awarded to The Enterprise as the best bidder.

Repair work on the Sullivan bridge was reported completed.

The various officers' accounts were examined and approved, and the usual accounts allowed were ordered paid.

Little Miss Virginia Howard is home from a visit with relatives at Fort Worth.

West Texas Comes Into Its Own

Heavy Wind Accompanies Best Rain of Year—Many Trees Uprooted in City.

Tuesday afternoon the best rain fell in Reeves county that has visited this section in about ten months. It came from the southwest and covered practically all the country.

A heavy fall is reported from Saragosa, but was light at Balmorhea and Toyah, with good rains at different points throughout most of the country. Some of the local ranchmen report good rains on their ranges.

The rainfall was heavier at Pecos, Saragosa and Barstow than in any part of Pecos' trade territory, and will give the grass a good boost towards making fall ranges, and if another rain comes soon this country will have fine winter range and stockmen will be on easy street by spring, and the farmers can plant winter crops of wheat, rye and oats with the assurance of a big harvest in the spring.

The rain extended north as far as Carlsbad, to El Paso on the west, while east of here the rain was general to Pyote.

Mrs. Martha Adams returned Thursday from St. Louis, where she went to purchase her fall and winter line of millinery.

Women Register for War Service in County

323 Women in Reeves County Have Asserted Willingness To Do Their "Bit".

Everyone knows about the registration of men for military service on June 5, but less is known about the registration of women for war service. It is a fact, however, that a great many women throughout the United States have already registered.

In Reeves County the registrations of the different towns are as follows:

Pecos	201
Toyah	72
Saragosa	50
Balmorhea (unknown)	
Total	323

This registration is not compulsory, but is approved by the government and is being handled thru the National League for Women's Service. Those registering are not even obligated, except morally, to do that which they promise. The promise is voluntary and living up to it after it is made is also voluntary. The league takes registrations of women who actually want to go to the front and do nursing, ambulance driving, wireless, etc., and it turns these over to the government to draw in case of need. But, also, they take a much larger number of registrations of women who do not expect to go to the front at all, and so state in their registrations. Some of the things that may be registered for are making supplies for hospitals at home, home gardening and canning, assisting in caring for the needy families of those who have gone to the front, the serving of lunches and furnishing entertainment to soldiers in the camps and enroute through the country, and all such services that have a direct bearing on the war through food con-

servation or service direct to soldiers.

And besides all these, registrations may be made to do all kinds of clerical and office work. This last is for the purpose of getting the women located who will be willing to and able to take the places of men when a sufficient number of them have been called to the front to cripple the home industries.

The diplomatic representatives from England and France, who came over to counsel us about the war, insisted on this registration of women for clerical work. Their experience was that when all the able-bodied men had to leave home, industries were disorganized—not because there were not competent and willing women to do the work, but because the government did not know how to get hold of them promptly.

Take for instance, a woman who has done office work before her marriage, but not for several years. If her husband goes to the war, or even if he does not, it may be that she will like to have a good office position again. It may be also that there are plenty of places just the kind she would like open, but if nobody knows she can and will do this work, they may be given to others less competent.

Mrs. M. A. Grisham of Toyah, has been appointed chairman of this registration for Reeves County, and has plenty of blanks which she will be glad to furnish on application to any woman who wishes to register.

You are urged to do this, and thousands of women are responding to the call everywhere and as the war progresses thousands more will.

Will YOU be one?

Mr. and Mrs. Green McCombs and children came down Monday from their Guadalupe Mountain ranch home for a few days visit with relatives. They were accompanied by their house guests of two weeks, Miss Hazel Berry, and Misses Aileen and Margaret Love, who have returned home and report a most delightful visit.

A Synopsis of the New Highway Law

Seal of the Highway Department Must Be on All Cars. To Be Enforced.

At the request of some of our readers we give a synopsis of the State road law that became effective July 1st, 1917, as follows:

That every motor vehicle shall be licensed by the State Highway Department before it may lawfully be driven over any street or road within this state.

That upon every motor vehicle so driven there must be displayed the seal of the Highway Department—upon the front end of autos and the rear end of motorcycles.

That the Highway Department may refuse to license any unsafe vehicle to use the roads and may revoke the license of any which may become unsafe.

That all motor vehicles must display on the front and back thereof number plates corresponding to the numbers assigned such vehicles by the Highway Department.

That heavy penalties accrue in case registration fees are not paid when due and the Highway Department is directed to foreclose on the vehicle to enforce the collection of any such fees and penalties.

That all autos must display at night and in fogs at least two white lights upon the front which shall be visible 500 feet in front of the car, and one red light in the rear which shall be visible a like distance. Under same conditions a motorcycle shall display one light in front and in the rear which shall be visible 500 feet.

All motor vehicles must at all times be provided with adequate brakes in good working order.

No muffler cutouts shall be used in any town or any highway near a closely built up section, and all vehicles shall be so arranged as to prevent unnecessary noise.

No drunk or intoxicated persons shall drive a motor vehicle in this state.

No vehicle shall be left in any public highway unless the brakes are set and the motor stopped thereon.

All vehicles shall be driven in a careful manner with due regard to the safety and convenience of pedestrians.

Two vehicles passing each other shall have the right-of-way and no other vehicle shall pass or attempt to pass such vehicles.

All travel shall be upon the right side of the highway unless the road on the left shall be clear and unobstructed for at least fifty feet ahead.

Every precaution shall be used in passing a vehicle that is drawn by a horse, or two horses, or a person riding a horse to prevent frightening same and to insure the safety of the person or persons riding or driving same.

In passing any interurban railroad or street car while passengers are alighting from or boarding same, a motor vehicle shall be so operated as to insure the safety of such passengers even though it may be necessary to stop said motor vehicle.

Police patrols, ambulances, fire engines, etc., shall have the right-of-way at all times, but shall exercise due care at all times.

In crossing railroads and interurbans at grade crossings, all motor vehicles and motorcycles shall reduce their speed to six miles an hour, where the view of the crossing is obstructed, even partially.

In case of any collision between a motor vehicle and any other object the driver of and all persons in control of such vehicles shall stop and render such assistance as possible, including the carrying of any injured person to the physician or hospital, and shall furnish all information that may be asked by the person damaged. Violation of this provision shall be punished with imprisonment in the state penitentiary

not exceeding five years or by a fine not exceeding \$5000.

No race or contest for speed shall be held upon any road or highway in this state.

All vehicles must be driven in a careful manner and at a rate of speed reasonable and proper. No vehicle may exceed 25 miles an hour anywhere; nor in closely built territory 18 miles an hour; nor in town or city 15 miles an hour; nor in business districts more than 10 miles an hour; nor in passing other vehicles on any road of 15 miles an hour.

All chauffeurs shall have a special license issued by the State Highway Department, and shall display a metal badge furnished by the Department.

The Submarine's Task

The underwriters of frightfulness those Germans who stand pledged to win the war with the submarine, must be enervated by a sense of futility as they read the news that goes out of Washington. For the import of this news is that the job put upon the submarine is growing faster than it is being accomplished. German interned ships are fast being put into commission, ships are interned not only in our ports, but those in Cuba, Brazil, and even in far-off Siam. On top of this comes the news that Holland and Norway have offered to put a million tons each of their shipping in American service as a means of making peace with our embargo; and finally we have the announcement that the Government has commandeered all ships flying the American flag. This means that all our shipping resources are made available for war at an instant's call. These actual and prospective accessions enlarge the task put upon the submarine to an extent that forbids the thought of fulfillment before ships in process of construction are ready for service. Of course the subs will go on with their work unabated; will continue to sink ships as fast as they can, but the news coming out of Washington blights any hope they may still have that they will be able to sweep the seas clean enough of enemy shipping to win the war. It may be a profitable work the submarine is doing, but it has lost all chance of being a decisive one. It must now shift back on Hindenberg's shoulders, the job of winning the war.—From Dallas News.

A Remarkable Charge

Let us say just a few words about the Toyah Valley Charge and our relation as pastor.

We have three preaching points: Toyah, Saragosa and Balmorhea.

Toyah has a nice parsonage, nicely furnished, electric lighted, and a splendid garden spot with free water for irrigation, being located on the church lot.

The church is one of the prettiest I have seen, nicely arranged and well furnished and electrically lighted.

Toyah has a good little Sunday school, about 35 members, with fine officers and teachers.

We have at Toyah a fine Mission Society and will refer again to their noble work.

There are 41 members in the Toyah church, all are active in the work and a fine spirit of union exists—no friction whatsoever.

Saragosa has about 41 members, and we own our building there. They have a fine Sunday school with about 50 members, with fine officers and teachers.

The church in Saragosa is in fine condition, loyal members and fine Christian workers, who work together with a fine Christian union.

Balmorhea has 10 members, and no church building, worshipping in the Presbyterian building. These members, just a few in number, are every one workers, doing everything they undertake and doing it right. Everyone is truly religious and consecrated.

Saragosa and Balmorhea are located in the famous Toyah Valley, irrigated by a large spring coming from the foot hills of the Davis Mountains. The land is very rich and productive. These people have just completed a \$200,000 dam to hold water that comes down from the mountains during the rainy season. This affords our church the greatest opportunity that we have in West Texas. These people can and will do more in the way of progress than any two churches in the Conference within the next two years. In a couple of years these churches will pay a preacher a salary of \$1500—a man that has the stuff that will put progress in the church. Any preacher that wants to do things should feel honored to be sent to the Toyah Valley Charge. Last year this charge paid the preacher \$620.00, this year they paid, to date, \$838.20, and \$110.00 on claims and donated the pastor \$250.00, the total paid the preacher being \$1088.20. With donations included they will pay the pastor \$1200.00.

The membership of the three churches is only 92 after having received about 20 members and removing several by certificate.

Pay is not all these folks do. I have had the care of a sick brother and these faithful people gave us so much sympathy and prayers and help that we needed on the way. We cannot express our appreciation, and the judgment only will reveal our love for them, for all their services. No man can merit nor is he worthy of such treatment.

Let me say a word in conclusion about our two Mission Societies.

Balmorhea has but 8 members and they have one or more Liberty Bonds. This society will build a modern five-room parsonage in 1918. They gave Mrs. Armor a very substantial gift, in fact, she has taken the gift and bought silver and engraved on same "B. M. So."

The Toyah church has done much for us. Gave us two poundings—real poundings—paid \$400.00 on preacher's salary, taught Mrs. Armor to be a very efficient Woman Mission Society worker. They papered the parsonage, bought many things which added to our comfort; gave to others in

need and keep up part of the church expenses. I am sure that they have raised and spent on salary and church repair \$200.00.

They have had a Bible study as well as the study of our South American neighbors.

My year on the Toyah charge has been my happiest, because God has so wonderfully blessed me, and the cooperation of the church and Christian people of the charge have made it so.

May God bless every person in Toyah Valley.

Your servant,

R. L. ARMOR.

Apple Pie—Not a Recipe

The great American dish has come into its own at last. At the same time France and other foreign nations have become fully civilized, or will.

It all happened in the natural course of events. It had to happen. The world, except America, had an itch it could not scratch. There was a vacancy in the cupboard that couldn't be filled, an eternal peering over the horizon for a something that was a long time coming. The peoples of the earth smelled it and knew it was there, but they couldn't quite put their hands on it. They had visions of something hot and dripping coming out of the oven, but they couldn't name it.

Then the big event happened. The Kaiser, of course, is to blame for everything undesirable in this world, just like a Republican president (or vice versa), used to be, only more so. He is the cause of high-priced potatoes, of hens not laying; of the drouth, no doubt; of the army draft. In all the years he has been hunting trouble and finding it, he hasn't done as much good as a woman could cram in the eye of a cambric needle, except once. That was when he was the cause of our Uncle Sammy sending an army over to France, which was the direct cause of the American apple pie, brown and sweet, and juicy and piping hot, becoming a household word and a daily dessert in every country on the globe that amounts to anything.

But about the big event: A fleet of American transports, convoyed by cruisers was crossing the Atlantic toward a certain port in France. The thousands of soldiers on the transport had an itching on the palates that they couldn't scratch. They knew what the itching was.

Then one day they started to go ashore at that certain port in France. The van of them began to slip down the gangplank from the transport. The second one to land, the second man of the American army to land on European soil, stopped and asked a newspaper man, standing handy, this vital question:

"Can a fellow buy an apple pie around here any place?"

Apple pie! The words startled the world. French wives flew to their homes with cries of joy to begin baking apple pies. The itching that could not be scratched began to tingle harder than ever, and kept up until the first pies began to come from the ovens sweet, brown and hot. At the first mouthfuls cries of joy were heard from the Frenchmen that were heard above the battle of Verdun. The itching was scratched. Apple pie was the thing they had been longing for.

And the news was sent around the world by foreign correspondents as they ate apple pie with one hand and wrote with the other.

Ask Anyone Who Has Used It

There are families who always aim to keep a bottle of Chamberlain's Colic and Diarrhoea Remedy in the house for use in case it is needed, and find it not only a good investment but it saves them no end of suffering. As to its reliability ask anyone who has used it.—Advt.

CLIP THIS AND PIN ON WIFE'S DRESSER

Cincinnati Man Tells How to Shriveled Corns or Calluses so They Lift Off With Fingers.

Ouch ! ! ! ! ! This kind of rough talk will be heard less here in town if people troubled with corns will follow the simple advice of this Cincinnati authority, who claims that a few drops of a drug called freezone when applied to a tender aching corn or hardened callus stops soreness at once, and soon the corn or callus dries up and lifts right off without pain.

He says freezone dries immediately and never inflames or even irritates the surrounding skin. A small bottle of freezone will cost very little at any drug store, but will positively remove every hard or soft corn or callus from one's feet. Millions of American women will welcome this announcement since the inauguration of the high heels. If your druggist doesn't have freezone tell him to order a small bottle for you.—Advt.

Nobody Knows

The following is clipped from a paper published in Alabama: Absolute knowledge I have none, But my aunt's washerwoman's sister's son

Heard a policeman on his beat Say to a laborer on the street, That he had a letter just last week Written in the finest Greek, From a Chinese coolie in Timbuctoo, Who said the niggers in Cuba knew

Of a colored man in a Texas town, Who said he got it straight from a circus clown That a man in Klondike got the news. From a gang of South American Jews, About somebody in Borneo, Who heard a man who claimed to know,

Of a swell society female rake, Whose mother-in-law will undertake, To prove that her seventh husband's sister's niece Had stated in a printed piece, That she has a son who has a friend

Who knows when the war is going to end. Now, you've got it straight, keep it, and know when the end is coming, just one minute before the last shell explodes, you must be a cash subscriber to Our Mountain Home.

He Felt Like Ninety

Nothing makes a person feel old like disordered kidneys. They cause aches and pains all over the body. A. W. Morgan, Angola, La., writes: "Oh, I suffered with pains in my back. I am 43 years old, but I felt like a man 90 years old. Since I took Foley Kidney Pills I feel like I did when I was 21." For sale at Bozeman's Drug Store.—Advt.

Sow More Wheat.

Winter wheat has proved a good crop in the Pecos Valley whenever given a fair chance. The experience of the best farmers this year bears this out.

The price of wheat will remain high and the valley may well take advantage of this by growing a large acreage of winter wheat.

This is just to call attention to the opportunity to add wheat growing to the farm in the Pecos Valley. Idle land that there may not be time to cultivate through the summer may be seeded to wheat and be practically out of the way when the busy season is on in midsummer. Much water goes to waste in the winter nearly every year and may be used to profit in irrigating the winter grain.

But even winter wheat must be handled properly to make the best crop. The land needs to be plowed deep and gotten in first-class condition for sowing. The seed bed must be deep and firm and contain sufficient moisture to give the wheat a good start.

The character of the seed is important. Like begets like even in wheat. Sow thirty pounds of clean plump seed, carefully treated for smut, with a press drill, at least two and one-half inches deep, possibly three inches is better. Turkey Red and Klarkof are standard varieties of hard wheat adapted to the valley.

The wheat produces winter pasture. The man who wants a fall grain crop pastures his wheat very lightly if at all for a month or so in the middle of the winter.

Talk wheat growing over with the banker, the business man, and the county agent. They all are interested in the growing of more food acres.

The Santa Fe Railway has a new bulletin on wheat growing that may be had from H. M. Bahner, Topeka, Kansas, or L. L. Johnson, Amarillo, Texas. Agricultural and Industrial agents.

The Call and the Answer.

Across the rolling prairie lands, Along the bleaming sea-beat sands, Through crowded streets, o'er pine-clad hills.

A subtle message throbs and thrills, The motherland is calling to her sons—"COME."

Is calling to her stalwart sons—"COME." Hark! Across the rolling prairie lands, Along the gleaming sea-beat sands,

Through crowded streets, o'er pine-clad hills, This subtle message throbs and thrills— The motherland is calling to her stalwart sons.

And they come. Is calling to her stalwart sons— And the come.

"Here Lies a Man"

We do not know who Homer McKee is, but his prayer as published by the Kansas State Board of Health is something that would be worth while for all to consider, and if we commit the principles to heart we cannot go far astray. Here it is:

Teach me that 60 minutes make an hour, 16 ounces pound and 100 cents a dollar. Help me to live so that I can lie down at night with a clear conscience, without a gun under my pillow and unhaunted by the faces of those to whom I have brought pain.

Grant, I beseech Thee, that I may earn my meal ticket on the square, and in the doing of this may I not stick the gaff where it does not belong.

Deafen me to the jingle of tainted money and the rustle of unholy skirts. Blind me to the faults of the other fellow, but reveal to me my own.

Guide me so that each day when I look across the dinner table at my wife, who has been a blessing to me, I will have nothing to conceal.

Keep me young enough to laugh with my children and to lose myself in their play.

And then, when comes the smell of flowers the tread of soft steps, and the crushing of the hearse wheels out in front of my place, make the ceremony short and the epitaph simple "Here lies a man!"—The Billboard.

PECOS NEWS.

This Case Has a Hint For Many Times Readers.

A Pecos woman has used Doan's Kidney Pills. She has found them as represented.

She wishes her neighbors to know. She publicly recommends them.

No need to look farther for a tested kidney remedy.

The proof of merit is here and can be investigated.

Profit by Mrs. Miller's statement.

Mrs. R. E. Miller, Second & Elm Sts., Pecos, says: "My back was weak and lame, and I had constant ache through the small part of it. My kidneys showed signs of weakness and annoyed me greatly. It did not take many boxes of Doan's Kidney Pills before I was cured and I have never found it necessary to take any since. I usually get Doan's Kidney Pills at the Pecos Drug Co."

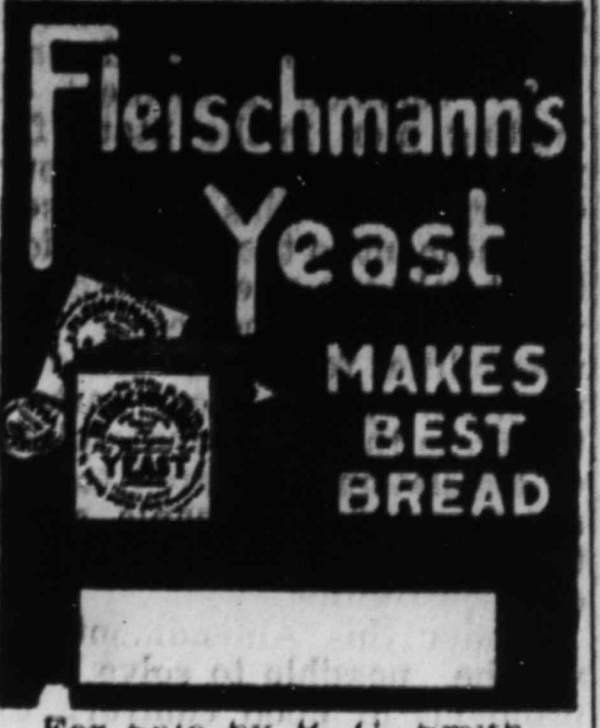

Price 40 cents at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Miller had. Foster-Milburn Co., Props., Buffalo, N. Y.—Advt.

Of course, the constitution of the United States is sacred, but there is just one thing even more important than the constitution of the country. In times like these it is well to stand back of the president and leave constitutional questions affecting the army to be decided after the war. The proposed test of the president's right to send the national army to Europe looks too much like a piece of pro-German propaganda to suit the average American.—El Paso Times

The attention of the City Council is again called to the row of fire traps between The Enterprise office and the station. Condemn them at once, have them sold and removed, and start a general clean-up crusade. The block upon which these shacks stand could be considerably improved in healthfulness and appearance by a general cleaning. The Enterprise will promise to begin this good work by raking up and piling for the city wagon the trash in the rear of the office. Let's all do likewise and have a clean town.

The Constitutional Amendment

The voters of Texas should not forget the election on next Tuesday, the 21st of August, when an Amendment to the Constitution of the State will be voted upon. This Amendment is known as the Conservation and Reclamation Amendment. By common agreement of leading men in the State, familiar with the purposes of our Government, this proposed Amendment to the Constitution is not only one of exceeding importance, but possesses the possibilities for greater good to all the people in every part of the State than any single piece of legislation submitted to the approval of the people since the establishment of our present Constitution.

Under this Amendment it will be possible to solve the problems of flood control; to reclaim lands subject to overflow, establish great systems of irrigation for those sections of the State in which irrigation is necessary to profitable crop production; provide adequate systems of drainage; and utilize any surplus flood waters for all beneficial purposes such as the development of power for industrial enterprises, for irrigation and other uses calculated to develop wealth and increase the prosperity of the people.

The adoption of this Amendment will answer more fully and more quickly the demand of the nation and state for the greater production of those crops necessary to meet the emergency now confronting us and the conditions which will continue to confront us for a good many years to come. The voters of Texas can perform no greater service to the State and to their respective communities than by voting for the adoption of the proposed Constitutional Amendment.

The Woman of the future.

Once, to call a woman "womanly" was to bestow upon her the crown of praise; times are changed. We now have the woman-doctor, the woman-lawyer, the woman-orator, the woman-journalist—many others; but the real woman is becoming as rare as the Dodo. Has anybody reflected, I wonder, on the serious consequence to English Literature that will ensue if this sort of thing continues? What is to become of the poet's stock in trade; all the endearing epithets, the charming similes with which from time immemorial he has sung in praise of lovely woman kind? They will not only cease to be appropriate; they will be affronting. The woman of the future will neither deserve nor desire to be called an "angel"; deprive the rhymesters of this word alone and see what a serious blow you inflict upon them! Take away "star", and "gazelle", and "fawn"—put the pen through every one of the phrases that stand for grace and timidity, modesty and helplessness, and see how seriously you hamper the poor scribblers.

The humble but useful of all friends of the literary toilers, the Dictionary of Quotations, will gather dust upon the shelf and Shakespeare and other dead and gone masters will cease to be intelligible.

When woman is no longer diverse from man, and only a second and bolder edition of him, there will not be adjectives to go around. Some few terms, such as "the weaker vessel", "the better half", the gentler sex", will change hands, to the great confusion of the few old-fashioned people who cannot get over their early prejudices. But perhaps another generation will bring things to a normal state once more, and we shall have Bowdlerized editions of standard prose and poetry with explanatory notes for the use of schools!

Yet, when the great history of the present world conflict is written we shall fully realize the wondrous debt we owe to the woman of the war. Her courage, in the face of danger, her tenderness, her devotion to the cause—all these have glorified the "manliness" she has taken unto herself.

And the woman of days to come will be the combination of Jeanne D'Arc and Emmeline Pankhurst—the woman of the past and the woman of the future merged into one personality. God help the slacker then!—W. H. M. in Puck.

Prominent Family Move to Midland.

The household goods of Sid Floyd were shipped to Midland Saturday, and he and his family left this week for that point where they go for the benefit of the higher schools of that city. The Floyds have lived in Pecos for the past seventeen years and have been prominent in the upbuilding of our city. Mr. Floyd has been auditor of the P. V. S. Railway since that line was first built, and is considered one of the finest accountants in this part of the country. It is understood that he will hold a similar situation with the Midland & Northwestern Railway.

It is with regret that The Enterprise chronicles the departure of this most estimable family, and they are commended to the best people of Midland as worthy of their confidence and esteem.

Hold-Up Gangs Work in Novel Way in El Paso.

Merchants of El Paso have been victimized by a hold-up gang, working in a novel manner, during the last few days, according to reports received at the city detective bureau on Wednesday.

According to the information received by the police the highwaymen telephone to a merchant, giving him an order for dry goods to be delivered at a certain time. They instruct the merchant that as they have no change they must send sufficient money with the messenger to change either a \$5 or \$10 bill. When the messenger arrives the hold-up men relieve him of the change at the point of a revolver.

Several instances of this newest manner of committing highway robbery have come to the attention of the detective bureau. Good descriptions of the hold-up men have been obtained and an effort is now being made to apprehend the gang.—El Paso Times.

Miss Vera Mitchell was hostess Friday evening at a delightfully appointed party to the young people. The diversion was games of Rook, after which an ice course was served.

Mrs. J. B. Young Entertains

That was a very delightful occasion last Thursday afternoon of last week, when Mrs. J. B. Young was hostess at a prettily appointed party honoring her guest, Mrs. V. Van Gieson of El Paso and Mrs. W. E. Tinnin of Anthony, New Mexico. The rooms of the reception suite were prettily decorated in U. S. flags. Six tables were arranged for the interesting games of Rook and Bridge, which were the entertaining features for the afternoon. After the games an ice course was served to the following: Mesdames V. Van Gieson, W. E. Tinnin, Geo. K. Jackson, M. McAlpine, M. A. Grisham, C. A. Ruhrop, W. M. Chatham, J. J. Pope, C. C. Cargill, A. B. Tinnin, C. W. Crawford, W. M. Hopper, F. J. Billingslea, H. H. Luckett, E. B. Daniel, A. W. Hosie, Thos. Roberts, Theo Andrews, Ruth Dixon, and Davis. Mrs. Finley Holmes and Mrs. Young.

Mrs. W. M. Hopper Entertains.

Mrs. W. M. Hopper was the delightful hostess Friday afternoon at an interesting party in honor of her daughter, Mrs. W. E. Tinnin of Anthony, New Mexico, and Mrs. V. Van Gieson of El Paso. The color scheme was yellow and white in which the rooms were beautifully decorated. The diversion was games of Rook played at seven tables. The score cards were passed by the beautiful little granddaughter of the hostess, Miss Juanita Tinnin.

Mrs. W. M. Hopper Entertains.

After the games an ice course, consisting of yellow and white brick ice cream and yellow and white cake were served. Those present were Mesdames W. E. Tinnin, V. Van Gieson, A. B. H. L. Magee closed his revival meeting at Lovington, N. M., Sunday night with splendid results. The preaching was all that could be desired. The church was revived and there were fourteen additions to the church.

Conductor Mlover, of the T. & P., who is taking a lay-off, spent part of Wednesday in Pecos, and left on No. 6 for points east. He owns a farm in the Toyah Valley and was out there on business connected with the property.

Mr. and Mrs. Tom Hart of Toyah arrived on the Tuesday morning train. The former to be examined for military service. Miss Luella Hart, who had spent two weeks here with her sister, Mrs. D. J. Moran, returned home with the couple Tuesday evening.

E. W. Clayton has just returned from visiting his relatives at Gilbert, Arizona, Mr. and Mrs. Jones Black, formerly residents of Pecos. Ed's description of the country, its resources, its beauty and its enterprise is so glowing that it must be the famous Utopia of Sir Thomas Moore.

Mr. and Mrs. M. Somes left on the early Tuesday morning train for their home at Waco, after a delightful visit of two or three weeks to relatives and friends in Pecos and the Toyah Valley. Mr. Somes is now with the Hill Printing Co., of Waco, one of the largest printing establishments in that part of the state, and is prospering.

Mr. and Mrs. W. H. Browning, Jr., and Mr. and Mrs. J. A. Drane, and Misses Marie Grafius, Della Hudgens, Florence Johnson and Sybil Bowie arrived home Monday from the B. Y. P. U. Encampment at Lampasas. While away Messrs. Browning and Drane joined a fishing party on the coast for a few days and report a splendid time.

During the rain Tuesday afternoon the wind blew a section of a barn roof from somewhere in the east part of town across several blocks and landed it on the Central Hotel, knocking the top off one of the brick flues and a portion of the bannister of the upper awning down. A number of trees were damaged considerably, and a few blown down.

Attorney Clay Cooke left in his car Saturday for Morgan, Bosque county, where he will be joined by his wife and together they will go on to Eureka Springs, Arkansas, for a month's vacation. Mr. Cooke had just received a new trailer for his car from the factory, and is said to be the best seen in Pecos and with this they will make the trip both pleasant and comfortable.

Misses Annie and Mary Lee Richburg and Miss Bynie Bozeman were the house guests on last Thursday and Friday of Mr. and Mrs. H. H. Johnson. Friday evening Mr. and Mrs. Raymond Bozeman drove out and enjoyed tea with Mrs. Johnson and her guests which was served on the porch, after which the tables were cleared and games of "42" were then played.

There is a very much alive minister at this church during this month. If you fail to hear him next Sunday at 11 a. m. on "Our Eternal Home," and at night on "Salvation by Grace" you will miss something out of your life.

Prayer meeting Wednesday night.

H. O. MOORE, Pastor.

Will Return to Deming

Mr. F. V. Flahive, who moved to Pecos from Deming, New Mexico, something like a year ago with his family, and has for some time been in the grocery department of the Pecos Mercantile Co., will return this week to their former home. Mrs. Flahive and the children left several days ago and he is now preparing to ship their household goods. The Flahives are good people and also prominent church workers, and it is with regret that The Enterprise notes their return home.

One of the Pea hens belonging to the editor left home yesterday. Any one knowing of its whereabouts will please phone 283 or 16.

Mrs. Jim Prewit and children returned yesterday afternoon from a visit to her sister, Mrs. Lou Duncan at their home in the Davis Mountains.

Announcement.

Mr. P. D. Phillips is pleased to announce that he has secured the agency for the well-known "Winona Mills" lines of Hosiery, Underwear, and Sweaters.

For over a quarter of a century, "Winona Mills" have been building and maintaining the reputation of producing Quality Hose "that wear." Winona Underwear is universally known as leading in fit, comfort and durability.

The supremacy of Winona Sweaters is well established. The coats set and fit like tailored garments, and always hold their shape. It is significant that exhibited at each National Exposition, Winona Mills products have been given the highest award. The line comprises 600 styles for men, women and children.

Mr. Phillips will make a canvass of the different communities of the county, and those who need Hosiery, Underwear and Sweaters for winter, will do well to place their orders with him.

Purchases Large Ranch

W. D. Hudson has been out on the ranch for the past week looking after his interests up there. While away recently, shipping a bunch of 1200 head of cattle to Dalhart, mention of which was made in The Enterprise, Mr. Hudson purchased another large ranch in northern New Mexico which had been visited with splendid rains and has now a fine crop of grass. Upon this grass Mr. Hudson will pasture some of his herds which have been subsisting on dry grass for some months. Hudson is a rustler, but he is a conservative business on the square and continues to grow rich and proper.

You can have all these great artists sing for you in your own home

The world's greatest singers to provide an evening of music for yourself and friends—whenever you wish, as often as you wish.

A performance such as is never even witnessed in the world's greatest opera houses—no management could afford to pay the thousands and thousands of dollars necessary to engage all these artists for a single performance, even if such a thing was possible.

And yet you can command their services on the Victor and have them sing their greatest arias—and enjoy their voices just as much as though you heard them in person.

Come in and hear these famous singers, and let us show you the different styles of the Victor (\$10 to \$100) and the Victor-Victrola (\$15 to \$250).

Mrs. Jay Heard Entertains

Mrs. Jay Heard was hostess Monday evening at the home of her parents, Mr. and Mrs. R. C. Warn, in honor of Miss Dorothy Somes, at a Spanish luncheon served on the lawn.

A three piece orchestra furnished beautiful music through the entire evening.

Those present were the honoree, Miss Somes, Miss Jane Looby, Miss Nell Kerr, Miss Leta Beauchamp, Miss Bynie Bozeman, Miss Loda Robbins, Miss Golda Wilhite, Miss Colon Prewit, Mrs. Harden Ross, Mrs. Charles Manahan, Mrs. R. C. Warn and Mrs. Heard.

Mrs. Sid Floyd Honored

The Christian Ladies Aid Society gave a miscellaneous shower to Mrs. Sid Floyd Saturday afternoon at the home of Mrs. R. C. Warn. When the guests had all arrived Masters Bryan Stine and James Starley came in bearing a large overflowing basket with all manner of useful and delightful gifts which will be pleasing reminders to Mrs. Floyd in her new home, of the many friends she has in Pecos. She was also presented with a silver tomato service from the Society as a whole. As a conclusion of this pleasant afternoon an ice course was served.

Another Good Family Leaves Pecos This Week.

Mr. and Mrs. W. T. H. Baker left this morning for Mineral Wells to make their home. They have lived in Pecos some 'steen years and are people who not only have plenty of wealth as regards finances, but a wealth of years of well-living and doing good to their neighbors. Those are fortunate, indeed, near whom W. T. H. (more commonly known as "Dad") lives. The Enterprise is very sorry they have left Pecos, but since they have, wishes them much peace, happiness and good health in their declining years. The Enterprise hopes the good people of Mineral Wells, many of whom are friends of the editor, will deal kindly with these good people.

Notice.

The City Council of the town of Pecos City will receive bids for the selection of a city depository to be selected according to law. Such bids will be received and considered on Monday, August 20th, 1917, at 8:30 p. m., at the City Hall.

Summer Complaint.

During the hot weather of the summer months some member of every family is likely to be troubled with an unnatural looseness of the bowels, and it is of the greatest importance that this be treated promptly, which can be done only when the medicine is kept at hand. Mrs. F. F. Scott, Scottsville, N. Y., states: "I first used Chamberlain's Colic and Diarrhoea Remedy as much as five years ago. At that time I had a severe attack of summer the complaint and was suffering intense pain. One dose of it relieved me. Other members of the family have used it with like results.—Advt.

About Advertising.

No more than you can eat enough in one day to do you a week, can a business man advertise enough in one week to last him a year.—Crawford Advance.

Right as a rat tail. The only time to stop advertising is after the store burns down. Even then some sort of advertising should be kept going in case the proprietor means to open up again. No little store can become a big store without advertising any more than a baby can grow up without its milk. Perhaps there was a time, in the Middle Ages, when a store keeper could build a retail business to a satisfactory size without printed advertising, but it was possible even then only to the few individuals who possessed highly developed business acumen and personal magnetism. In any populous community where personal acquaintanceship is productive of steady customers it sometimes happens that a merchant of unusual personal popularity commands considerable trade on account of his personality. But the merchant who must appeal to the entire community upon the merits of his goods and the rightness of his prices can not hope to win success by standing on the sidewalk and button-holing the passing public. A store must have dignity no less than the merchant must, and good advertising lends dignity to the advertiser. Whatever may be true of the nineteenth or eighteenth or seventeenth centuries, the truth about the 20th century is that all the biggest stores are advertising stores. Business men who hate advertising do not remain in business long. They, in the regular course, lose out, and many of them grow disgruntled and go join "the army of the unemployed." In those numerous instances where the merchant himself doesn't know how to advertise he ought to hire an assistant who does know how. Items From Camp Bowie

By H. C. BURKE, Jr.

Army engineers, carpenters, railway construction gangs and road builders, numbering into the thousands, are busily engaged in ten hour work days, building Camp Bowie, where the Texas and Oklahoma troops who comprise the former National Guard units of these two States will soon be encamped for training.

Keeping pace with this great building activity, the entire citizenship of Fort Worth is uniting to extend a genuine, hearty hospitality to the 30,000 troops who will be stationed at Camp Bowie. Fort Worth's program for making the surroundings pleasant for the men in khaki, during their hours of leisure, is prompted more from a sense of pleasure than of duty. The city is proud to have been chosen as the Military Home of the Texas and Oklahoma troops.

The Fort Worth business men, bankers, manufacturers, professional men, the city and county officials, clergymen, educators and women of social station and grace, have formed a War Service Board, in cooperation with the War Department National Commission on training camp activities. This board is meeting at frequent intervals and is planning definite recreational diversion for the soldiers. \$25,000 is now being raised to foster the work of the Fort Worth War Service Board.

Camp Bowie occupies a commanding site overlooking all of Fort Worth. The camp is within two miles of the business center of the city and is traversed by a car line, now being doubled tracked to give adequate, speedy service to the camp. High altitude of the camp insures cool, and restful nights, and sanitation experts with the army have emphasized in their reports the healthful drainage and surroundings of the site.

The troops stationed at Fort Worth can enjoy something not found in any other Southern Camp City—Lake Worth. This body of clear, pure, cool water, covering 600 acres will be the mecca for troopers after a hard day's drilling. Bathing, boating, fishing and hunting will be open to all. The municipal bath house and sand bathing beach will cater especially to the soldiers.

The pocket map, showing all the places of interest and entertainments and directions for reaching same, is now being prepared for free distribution among the "residents" of Camp Bowie. Weekly bulletins will be printed and posted listing all the entertainments and amusements for the soldiers.

The ambition of the men at Camp Bowie will be the ambition of the citizens of Fort Worth—to make Camp Bowie the best in the United States; the best in health, best in social pleasures, best as to military efficiency, best in all that will send the troops wherever duty calls them, fitted to reflect credit upon themselves, their families, their States, and last, but not least, their country.

WHAT IS URIC ACID?

The Cause of Rheumatism, Gout, Gravel and Kidney Death.

Ever since the discovery of uric acid in the blood by Scheele in 1775, and the bad effect it had upon the body, scientists and physicians have striven to rid the tissues and the blood of this poison. Because of its over-abundance in the system it causes backache, pains here and there, rheumatism, gout, lumbago, neuralgia and sciatica. It was Dr. Pierce who discovered a new agent, called "Anuric," which will throw out and completely eradicate this uric acid from the system. He found "Anuric" 37 times more potent than lithia, and consequently you need no longer fear rheumatism, lumbago, pains here and there or many diseases which are dependent on an accumulation of uric acid within the body. Send Dr. Pierce, of the Invalids' Hotel and Surgical Institute, Buffalo, N. Y., 10 cents for a large trial package of "Anuric" Tablets, or obtain a 50c. package now at your druggist's.

LEMONS BEAUTIFY AND WHITEN THE SKIN.

Make This Beauty Lotion Very Cheaply For Your Face, Arms and Hands

At the cost of a small jar of ordinary cold cream one can prepare a full quarter pint of the most wonderful lemon skin softener and complexion beautifier by squeezing the juice of two fresh lemons into a bottle containing three ounces of orchard white. Care should be taken to strain the juice thru a fine cloth so that no pulp gets in, then this lotion will keep fresh for months. Every woman knows that lemon juice is used to bleach and remove such blemishes as freckles, sallowness and tan and is the ideal skin softener, whitener and beautifier.

Just try it! Get three ounces of orchard white at any drug store and two lemons from the grocer and make up a quarter pint of this sweetly fragrant lemon lotion and massage it daily into the face, neck, and hands. It will gradually smoothen red, rough hands.—Advt.

Remarkable Prophecy Made in 1600 Is Working Out

Prediction of Anti-Christ Seem to Fall on Kaiser, Stating He Is Doomed to Fail.

Dr. H. H. Fordyce of Union, has handed The Journal a copy of a Mansfield, Pa., paper called the Advertiser, containing the following remarkable prophecy:

"The following prophecy by the monk, Fratre Johannes, who lived about the year 1600, is remarkable in its application to the present world crisis. The Advertiser at first doubted its authenticity, because of a few discrepancies in the text, but the matter was referred to the newspaper information bureau at Washington and Director Frederick J. Haskins replied as follows:

"In reply to your letter asking whether the prophecy of the Monk, Fratre Johannes, is real, we would say that this prophecy was discovered on old parchment in the convent of the Holy Ghost, at Wismar, in Germany, and is kept under glass in the town hall of this city. There have been numerous translations in which the text varies somewhat. We are returning your copy of this prophecy."

"The discrepancies which we noticed and which you may also notice are probably due to the variations in the translation of the text. On the whole it is a remarkable prophecy, and is as follows:

"The real Antichrist will be one of the monarchs of his time, a Lutheran protestant. He will invoke God and give himself out as his messenger or apostle.

"The prince of lies will swear by the Bible. He will represent himself as the arm of the Most High, sent to chastise corrupt peoples.

"He will have only one arm but his innumerable armies, who will take for their device the words 'God is with us,' will resemble the infernal regions.

"For a long time he will act by craft and strategy. His spies will overrun the earth, and he will be master of the secrets of the mighty.

"He will have learned men in his pay, who will maintain and undertake to prove his celestial mission.

"A war will afford him the opportunity of throwing off the mask. It will not be in the first instance a war which he will wage against a French monarch. But it will be one of such a nature that, after two weeks, all will realize its universal character.

"Not only all christians and all Musslemans, but even more distant people will be involved. Armies will be involved from the four quarters of the earth.

"For by the third week the angels will have opened the minds of men, who will perceive that the man is anti-christ, and that all will become his slaves if they do not overthrow this conqueror.

"Antichrist will be recognized by many tokens—in special he will massacre the priests, the monks, the women, the children and the aged. He will show no mercy, but will pass, torch in hand, like the barbarians, but invoking God.

"His words of imposture will resemble those of christians, but his vows of all the human race.

"He will have an eagle in his arms, there will also be an eagle in the arms of his confederate. But the latter will be a christian, and will die from the malediction of Pope Benedict, who will be elected at the beginning of the reign of Antichrist.

"In order to conquer Antichrist it will be necessary to kill more men than Rome ever contained. It will need the energies of all the kingdoms because the Cock, the Leopard and the White Eagle will not be able to make an end of the Black Eagle without the aid of all the human race.

"Never will humanity have been faced with such a peril, because the triumph of the Antichrist would be that of the

demon, who would have taken possession of his personality.

"For it has been said that 20 centuries after the incarnation of the Word the beast would be incarnate in his turn, and will menace the world with as many evils as the Divine incarnation has brought with braces.

"Towards the 2,000 the Antichrist will be made manifest. His army will surpass in number anything that can be imagined. There will be christians among his cohorts and there will be Mohammedans among the defenders of the Lamb, as well as some heathen soldiers.

"For the first time the Lamb will be red—for blood will flow in the domains of the four elements at once.

"The Black Eagle will hurl itself upon the Cock which will lose many feathers. It will soon be exhausted, but for the Leopard and its claws.

"The Black Eagle, who will come from the land of Luther, will make a surprise attack upon the Cock.

"The White Eagle will come from the north.

"The Black Eagle will find itself forced to let go of the Cock in order to fight the White Eagle, whereupon the Cock will have to pursue the Black Eagle into the land of the Antichrist to aid in the White Eagle.

"The battle fought up to that time will be as nothing compared to that which will take place in the Lutheran country.

"When the beast finds himself lost, he will become furious.

"Men will be able to cross the rivers over the bodies of the dead.

"The Antichrist will sue for peace many times but the seven angels, who march before three animals of the Lamb will have proclaimed that victory will not be given except on the condition that Antichrist shall be crushed like straw on the threshing floor.

"The three animals will not be permitted to cease fighting as long as Antichrist has soldiers.

"It will be made manifest that the combat, which will be fought out in that part of the country in which Antichrist forges his armies, is no human conflict. The animal defenders of the Lamb will exterminate the last army of Antichrist.

"Antichrist will lose his crown and die in solitude and madness. His empire will be divided into 22 states, but none will have any longer any fortifications, army or ships of war.

"The White Eagle, by order of Michael, will drive the Crescent out of Europe, where there will no longer be any but christians. He will install himself at Constantinople.

Feel Worse After Vacation

The change from outdoor activity of vacation time to the quiet of regular employment sometimes makes one feel heavy and suffed up, uncomfortable and bilious, with a mean headache and coated tongue. Foley Cathartic Tablets give prompt relief from these results of indigestion. Mild and gentle, but sure. For sale at Bozeman's Drug Store.—Adv.

The advertising business men of the town are the town builders. The non-advertisers live off the business created by those establishments that work on the co-operative plan of town building, the plan of supporting all other institutions which are a factor in the town's development. The non-advertiser is, to speak figuratively, a knot on a tree. And a knot on a tree is non-essential to the tree's growth, but of course, if it's a pretty knot it has value as an adornment.—Foard County News.

All primary and intermediate teachers are required to study Kendall & Merrick's "How to Teach the Fundamentals", Southern School Book Depository, Dallas. All high school teachers study "Methods of Teaching in High Schools", Parker, Ginn & Co., Dallas, or "How to Teach," Strayer & Norsworthy, Southern School Book Depository, Dallas.

Teachers may secure homes in private families or at the hotels, at reasonable rates. Notify Judge Jas. F. Ross, Pecos, Texas.

Mary Roberts Rinehart has slipped into the limelight with the following: "No, our prosperity has not made us generous; our wealthy class are hoarding their money or are spending it on themselves. We are sentimentalists rather than patriots, and we are sentimentalists only when the band plays." This lady has studied present war conditions close up ever since its inception and it is barely possible that she has stated a grewsome truth in a decidedly unique manner.—El Paso Morning Times.

Are You Unlucky?

In August the air is full of pollen and dust that cause trouble for some, yet others are never bothered. No remedy does more to relieve hay fever and asthma than Foley Honey and Tar Compound for coughs, cold and croup. It clears and soothes the afflicted nose, throat and the bronchial tubes. For sale at Bozeman's Drug Store.—Adv.

THE THRICE-A-WEEK EDITION OF THE NEW YORK WORLD. IN 1917.

Practically a Daily at the Price of a Weekly. No other Newspaper in the world gives so much at so low a price

The value and need of a newspaper in the household was never greater than at the present time. The great war in Europe now half-way into its third year, and, whether peace be at hand or yet be far off, it and the events to follow it are sure to be of absorbing interest to many for months to come.

These are world-shaking affairs, in which the United States, willing or unwilling, is compelled to take a part. No intelligent person can ignore such issues.

THE THRICE-A-WEEK WORLD'S regular subscription price is only \$1.00 per year, and this pays for 156 papers. We offer this unequalled newspaper and The Pecos Times together for one year for \$1.65.

The regular subscription price of the two papers is \$2.

Judge Slack of Barstow, informed The Enterprise that the alfalfa seed crop in that part of the valley has been unusually fine, some of the land producing a thousand pounds per acre. As it sells at the thrasher for twelve and a half cents a pound, this one cutting brought one thousand two hundred dollars. Besides the threshed hay was worth \$15 to \$20 a ton, and this is not all, for there are four other cuttings for hay exclusively, yet to be accounted for. Verily, if cotton is King, alfalfa is an Emperor.
