the words used by Prof. Max F. M. er, professor of psychology in the Missouri State University, when he was asked to join the People's Council of America for Democracy and Peace:

"I am thoroughly familiar with the present organization of the German social body and with its culmination, the present German government. I am much more familiar with it than any of the members of your committee. I have lived in Germany twenty-five years. I was born there. I was educated there. Not in the sense in which some of the members of your committee were educated there, who visited a German University for a year or two. I spent nineteen years of my life in German educational institutions from the kindergarten to the research laboratory.

"I confess that at the beginning of this war my sympathies were divided. The German nation had many justifiable complaints against its neighbors. But whatever wrongs the German nation may have suffered in the past from other nations, the German government during this war has had more than one opportunity to have them set right and to terminate the war. Its actions show that world domination, not justice, is its aim. I sympathize with the German people, but not with their government. You, however, act as voluntary agents for the German government. Perhaps you would appreciate your American citizenship better if, like me, you had been born and brought up in Germany.

"If Germany wins this war, fifty years hence its government will rule American children put under this yoke, which I escaped by coming to America. My hope is that the German government will be overthrown, and that the German nation, my relatives and friends, will enter an international organization for peace and justice. But the German government—this fearful danger to our future—can be overthrown only by raising armies, not sitting around the council table of the People's Council of America and 'working for the repeal of conscription laws.'

"It is pitiful to see such a propaganda as yours lead by an American University president, a distinguished scientist who evidently cares nothing for the freedom of our children. It is pitiful to see even whole universities in trouble through shortsighted activities of their professors in favor of the enemy. Please do not count on me for bringing this disrepute upon the University of Missouri, the institution to which I belong."

CHAMBERLAIN'S COUGH REMEDY THE MOST RELIABLE

After many years' experience in the use of it and other cough medicines, there are many who prefer Chamberlain's to any other. Mrs. A. C. Kirstein, Greenville, Ill., writes, "Chamberlain's Cough Remedy has been used in my mother's home and mine for years, and we always find it a quick cure for colds and bronchial troubles. We find it to be the most reliable cough medicine we have ever used."—Advt.

WHY SKIRTS ARE SHORT

Early in the season manufacturers of women's skirts decided that the short, narrow skirts must be discarded. Not for puritanical reasons, but because the manufacturers of materials were losing money, says the Popular Science Monthly for September. "Make them long and full" was the verdict. "No," retorted the shoe manufacturers. "Do you want to put us out of business? Make them full as you like, but short—and shorter!" The argument waxed hot and revealed the fact that every inch added to the length of the women's dresses means a loss of \$10,000,000 in the shoe business. In the face of such appalling figures it was decided to cut the skirt off at seven, eight and nine inches above the ground, making up the deficiency in the width. The little matter of cost of high shoes did not disturb the manufacturers.—Ex.

Cincinnati Man Tells How to To Shrivele up Corns or Calluses so They Lift Off With Fingers.

Ouch ! ! ! ! ! This kind of rough talk will be heard less here in town if people troubled with corns will follow the simple advice of this Cincinnati authority, who claims that a few drops of a drug called freezone when applied to a tender aching corn or hardened callus stops soreness at once, and soon the corn or callus dries up and lifts right off without pain.

He says freezone dries immediately and never inflames or even irritates the surrounding skin. A small bottle of freezone will cost very little at any drug store, but will positively remove every hard or soft corn or callus from one's feet. Millions of American women will welcome this announcement since the inauguration of the high heels. If your druggist doesn't have freezone tell him to order a small bottle for you.—Advt.

President Wilson says that America is in the war until kaiserism is crushed. There is no use to think of a permanent peace until that is accomplished.

Several of the South American Republics have broken off diplomatic relations with Germany, and some of them may declare war on that country at any time.

Reeves county's quota of the Second issue of the Liberty Loan Bonds is \$96,831, according to bulletins issued by the directors of this district. Let every one do his duty.

Greece is preparing to put a large army in the field to cooperate with the Allies. The only hindrance is the lack of equipment for its army, but that is being rapidly supplied by the Allies.

Frosts in Oklahoma the early part of the week are reported to have done great damage to the cotton crops. Frost is also reported at several points in Texas, but no damage worth mentioning resulted.

The duck season opens on the 15th of this month, and already some of the sportsmen of the town are beginning to clean up their shotguns. The ducks are said to be plentiful on the gulf, but how about this section?

The cold snap Monday caused a rush to the stove dealers and all were busy as bees for a day or so. Better have your flues examined before putting up stoves, and it may be you will later prevent the loss of your house by fire.

Pecos has again set a date for a "Turkey Day"—Tuesday, November 20th. Now is the time to begin to get ready. This year bigger and more substantial premiums than ever before will be offered, and considerable of that in gold coin. Other premiums will be given in dry goods and groceries of your own choice. Buyers will be here from out of town and you are assured of the highest market price and a sale for every turkey you bring. Big hangers will be out soon announcing the date and premiums offered.

The Enterprise is sorry it had to cut off a few subscribers who would not respond to notices sent them personally. Some will get "hot", curse the paper and the editor—that was anticipated at the start. These and others are reminded that a newspaper can no more be operated without money than can a bank. For one, the Enterprise will no longer attempt this stunt. Better watch your dates, printed each week on the paper opposite your name. This indicates the time your subscription will expire and also indicates the date upon which your name will be stricken from the list unless you pay up.

This issue of The Enterprise is replete with, not advertisements, as one might unconsciously call them, but with appeals from patriotic business men of Pecos in behalf of the Liberty Loan Bonds. That they are earnest in their appeals is evidenced by the fact that they are expending good money for the space used in their plea that the citizenship awake to the real situation and get behind the government in its battle for world safety—YOUR GOVERNMENT, MY GOVERNMENT. It is useless for us to sit idly and wring our hands and hope for peace. We must act. We must make sacrifices in order to help finance the cause of democracy. Those who can should have one or more of these Liberty Bonds. There is no excuse why you should not. Many of our business men will accept them at par, some above par, on purchases at their store. The Pecos Mercantile Company will accept them at par, on new purchases, and above par on account. They will be easy to get rid of should they become burdensome to you, but we'll wager that when you become the possessor of one of these bonds, you will be loathe to dispose of it on any sort of terms, pointing to it with pride as proof of your loyalty and patriotism. GET A LIBERTY BOND—THE PATRIOT'S BADGE!

HOW TO EASE YOUR TAXES

This is a subject that interests every man. This war is costing a sum of money so great that no man can realize what such an amount means. We have to find eighteen and one-half billion dollars during the first year of the work. Eighteen Thousand Five Hundred Million Dollars. Think of it! But perhaps you had better not; it will only make your head go round, and you will not be any nearer to grasping the meaning of such an amount of money, when you have done thinking.

To get down to something you can understand, it means that every man in this country has to give up nearly half of what he earns this year. The government is going to get this money, because it has to have it. Of course, it can tax your income, tax everything you eat and drink, your land and your cattle, and raise the money this way. However, this would be too hard on you, so the government has decided to ask you to loan some of the money, with Uncle Sam's own promise that he will pay you back, and pay you interest in the meantime. Uncle Sam's promise to pay is so good that his written promise in the form of a bond can be handed around from man to man, almost like a dollar bill. You don't mind giving a silver dollar in exchange for a bill, and you can feel just the same way about giving a cheque in exchange for a Government Bond.

NOW HERE IS THE POINT: JUST SO MUCH AS THE GOVERNMENT WILL ALLOW YOU TO LOAN TO THEM, SO MUCH LESS WILL THEY HAVE TO TAX YOU.

Looked at fairly and squarely, is it not better to loan money, rather than have it taken from you?

We are a level-headed people, and when things are put up to us in a straight-forward way, by straight-forward people, we are ready to fall in line.

You know the facts now, straight from the U. S. Government. You have money that you do not need until next spring. Lend it to Uncle Sam. If you must have it back next year, borrow on your bond, or sell it.

Your banker is a good man to talk to. You believe in him. Go and ask his opinion. He will tell you that he has bought Liberty Bonds, and he will advise you to do the same.

"LET THE OTHER FELLOW DO IT."

This is the thing that has caused so many failures, so much misery, so many deaths—"letting the other fellow do it." From the fall of great nations down to the smallest personal accident it is this policy that has been responsible for so many of the troubles of the world. Time after time "the other fellow" does not do it. The Liberty Loan is a case in point. It is absolutely useless to rely upon the other fellow, because the amount to be raised is so enormous that it will take the combined self-denial and effort of every man, woman, and child in this country, to provide the money.

This leads naturally to another thought. It is not enough that we merely subscribe. We must see that our neighbor subscribes, because if he falls down, we ourselves shall suffer, even although we may have done our share.

There are just a few people left in this country who say "let the rich man find the money." When the government has had its needs supplied, the rich man will not be so rich; his taxes will be enormous, and many a wealthy company struggling with the high cost of everything they use in their business, in addition to their taxation, will have a difficulty in securing profits for their shareholders. The profits of those making war supplies will be cut in half, at least, by government action. Again we must remember that our wealthy men invested millions and millions of dollars in the loan last time and will do it again. The average citizen must realize that the wealthy man is doing his share, and that it is to the farmer, the merchant and the working man that the country look for a large share of the subscriptions to the present loan.

"If you say "let the other fellow do it," the loan will fail, we shall be disgraced in the eyes of the world, the resistance to Germany of our allies may break down, and the most terrible thing in the world will happen to us—conquest by Germany. This would mean taxation beyond human endurance, national disgrace and having to work for German masters for years to come.

The Germans are not willing "to let the other fellow do it." Their boys of 14 and their old men of 60 are serving in the army, their women and their children are going short of food; they are giving up almost every cent they possess in order to beat this country. Surely we have more patriotism than the Germans, more sense—if not, then we deserve to be beaten.

Call in and see your banker and ask him whether this article contains the truth. He will tell you that it does, and will agree that it is a fatal thing in this great national crisis to "let the other fellow do it."

Toyah News Items

Miss Vera Mitchell is in El Paso visiting her sister, Mrs. Carl Cargill.

The Toyah Mexican school will begin soon, and will be in charge of Mr. G. F. Williams.

Mrs. A. B. Burchard and children visited in Pecos Wednesday afternoon with friends.

The Missionary Ladies had a "market" last week and realized \$25 as a reward of their efforts.

Mrs. Geo. K. Jackson and Miss Julia Padgett of Hoban, spent Sunday in Toyah, the guests of friends.

A number of the faculty and students are planning to attend the art exhibit at Pecos Friday afternoon.

Mr. and Mrs. D. H. Mitchell and H. T. Mitchell recently made an overland trip to Carlsbad to visit relatives.

Mrs. W. H. East and Mrs. W. M. Chatham and baby have returned home after a two weeks' visit to relatives in El Paso.

A new coat of paint is being given the Baptist church. The pastor, Rev. E. G. Richbourg is on a visit with his family in New Mexico.

A number of the High School students are becoming interested in tennis and courts have been laid out for this interesting and beneficial game.

The baseball fans of Toyah had plenty of excitement Sunday. A wire was cut into the waiting room at the depot, where all could get reports of the world series games as they came in.

The good ladies of Toyah are not slackers. They are "doing their bit" by making garments for the Red Cross Society. They met this week at Mrs. Humphries' residence to discuss ways and means to help all they can.

On last Sunday afternoon the students organized a literary society which is to meet every two weeks. Officers were elected, committees appointed, and a program will be given Friday week. The public is invited to attend any program given at the school building.

Mr. Clem Calhoun who, until called to the colors, was superintendent of the Van Horn school spent part of Saturday and Sunday visiting friends in Toyah. Mr. Calhoun was principal of the Toyah school last year. He intends to practice law when he returns from the war.

Rev. Lewelling, who was supply preacher of the Methodist church here is attending the Conference in El Paso. He has been assigned to Carrizo, New Mexico. Rev. Faust will serve at Van Horn and here during the coming year, but has not arrived yet. The parsonage is being overhauled for his occupancy.

The Toyah High School pupils, under the direction of Miss Robertson, gave an entertainment on the lawn at the school building last Tuesday evening. The program consisted of acts, readings, pantomime, and contests in which the audience took part. Considering the short time devoted to preparation the program was well rendered. A good crowd was present and seemed to enjoy the numbers immensely. It is the purpose of the faculty to try and make the splendid school building as much of a social center as is possible with the heavy work the teachers have to do.

VICTORIA CLUB MEETS

The Victoria Club of Toyah held its first meeting for the year 1917-18 on last Thursday afternoon at the home of Mrs. Theo Andrews. Roll call was responded to with Patriotic Toasts, which were very interesting.

Mrs. A. W. Hosie read a paper on "Our President," and Mrs. W. E. Morton one on "Our Country—Its Responsibilities; Its Possibilities."

Both papers were splendid and were generously applauded by all present.

The President's address, outlining a useful year for the club, was listened to with much interest and warmly applauded at its close. The President then reported that the club had purchased the following pictures, and Mrs. J. B. Young, in her pleasing and always appreciative way, presented them to our Public School:

"Sir Galahad," by Watts.
"The Gleaners," by Millet.
"The Angelus," by Millet, representing the English School.
"Plowing at Nervalma," by Rosa Bonheur, representing the French School.
"The Aurora," by Guideroni, representing the Italian School.

The club unanimously voted to lay aside its well-planned and interesting study course and devote its time and energies towards financing and assisting in every way our local Red Cross workers.

Mrs. Dee Davis and Mrs. J. B. Woolfolk of Saragosa, were welcomed as new members at this meeting.

WANTED

We want a tract of several hundred acres of land in a country where the land is reasonably productive and adapted to a variety of crops. The principal crops being corn, peanuts, field peas, sorghum, hay, fruit and vegetables, and a native grass that will turf and set to a regular stand. Would like for 1-4 to 1-2 be in state of cultivation. Would not object to it being in small tracts, provided the tracts join. We want as cheap land as we can find, but don't care to sacrifice everything else for cheapness. A few miles from railroad would not be seriously objectionable. Want good water for drinking and stock. If you have a tract that will come up to the above description let us hear from you. Respectfully,

WHERE IS YOUR BOY?—TELL US.

The Red Cross Chapter is very anxious to get the name and address of every man who claims Reeves county as home, who has answered his country's call since war with Germany was declared. It matters not in what branch of the service they are stationed, in the army or navy, whether they were drafted or volunteered, if they are one of "our soldier boys" we want to know it.

This is being done that a complete record may be kept, and the boys all remembered at Thanksgiving and at Christmas time by the "folks back home." Many of these boys volunteered, enlisted willingly and unselfishly, going to perform, to them, a patriotic duty, and we want to know who they are; so if you have a husband, son, brother, or dear friend serving under Old Glory these days won't you phone or send the name and address to Mrs. Jas. F. Ross, chairman of the Red Cross Remembrance Committee.

CALOMEL SALIVATES AND MAKES YOU SICK

Acts Like Dynamite on a Sluggish Liver and You Lose a Day's Work

There's no reason why a person should take sickening, salivating calomel when 50 cents buys a large bottle of Dodson's Liver Tone—a perfect substitute for calomel.

It is a pleasant, vegetable liquid which will start your liver just as surely as calomel, but it doesn't make you sick and can't salivate.

Children and grown folks can take Dodson's Liver Tone because it is perfectly harmless.

Calomel is a dangerous drug. It is mercury and attacks your bones. Take a dose of nasty calomel today and you will feel weak, sick and nauseated tomorrow. Don't lose a day's work. Take a spoonful of Dodson's Liver Tone instead and you will wake up feeling great. No more biliousness, constipation, singleness, headache, coated tongue or sour stomach. Your druggist says if you don't find Dodson's Liver Tone acts better than horrible calomel your money is waiting for you.

Trebled In Ten Years

In Ten Years the Cost of Government in Texas Has Increased From About 8 Million to over 25 Million Dollars a Year. Yet the Population Has Increased Only About 20%.

How Do You Like This, Mister Farmer?

Where do you suppose all this money goes? Who do you suppose gets it? Do YOU receive any benefits from it? If not, who does?

These questions and many others of vital interest to Texas taxpayers will be answered by Senator John G. Willacy in

FARM and RANCH

The Farm Paper of the Southwest

Senator Willacy's sensational story "The Heavy Hand of Invisible Rule" will begin in the Oct. 20 issue of FARM AND RANCH. It is written in fiction form, but it will throw the searchlight of cold facts on all the new departments, soft jobs, traveling expenses, salary grabs and other rank extravagances of the invisible forces that control our state Government, and which you have to pay for.

It will show you clearly why and how the cost of governing Texas has trebled since 1907. It is something you ought to know. It begins in the Oct. 20th issue. Don't miss it.

For Nearly Forty Years

FARM AND RANCH has been gathering and publishing facts and experiences of immense value to the farmers and stockmen of the Southwest. Its editorial staff and regular contributors are men with thorough scientific knowledge and long practical experience in agriculture. It will show you how to make your farm more productive. It will help you make more money.

"Martha! We will have to throw off those shoes and books and clothing! The Governor and the Legislature have fastened the other burdens on us too tight to lift!"

Trebled In Ten Years

In Ten Years the Cost of Government in Texas Has Increased From About 8 Million to over 25 Million Dollars a Year. Yet the Population Has Increased Only About 20%.

How Do You Like This, Mister Farmer?

Where do you suppose all this money goes? Who do you suppose gets it? Do YOU receive any benefits from it? If not, who does?

These questions and many others of vital interest to Texas taxpayers will be answered by Senator John G. Willacy in

FARM and RANCH

The Farm Paper of the Southwest

Senator Willacy's sensational story "The Heavy Hand of Invisible Rule" will begin in the Oct. 20 issue of FARM AND RANCH. It is written in fiction form, but it will throw the searchlight of cold facts on all the new departments, soft jobs, traveling expenses, salary grabs and other rank extravagances of the invisible forces that control our state Government, and which you have to pay for.

It will show you clearly why and how the cost of governing Texas has trebled since 1907. It is something you ought to know. It begins in the Oct. 20th issue. Don't miss it.

For Nearly Forty Years

FARM AND RANCH has been gathering and publishing facts and experiences of immense value to the farmers and stockmen of the Southwest. Its editorial staff and regular contributors are men with thorough scientific knowledge and long practical experience in agriculture. It will show you how to make your farm more productive. It will help you make more money.

Lee Windham was in from his claim in New Mexico this week, sporting a fine mustache, which he says was the only thing raised in his section during the year. He reports no rain as yet, and added that he was becoming interested in the situation, and was going to stay and see how long they could do without rain before starving out and having to quit the country.

Mr. and Mrs. Harbour of Balmorhea came in Monday to see their only son, James Harbour, leave for the training camps. They are very old people and said to be in a way dependent upon this son, he being their mainstay. It was a sad parting, for the old mother fainted at the station and was unable to return home until some time Tuesday. They remained over with the family of Joe Hollebeke.

WE MUST SAVE OR PERISH

Do you realize that the war calls for nearly all of the money that the people of this country will earn this year.

The money must be found, too.

Argument is useless. We must fight and win, or become slaves, as the poor people of France and Belgium have become.

We must work, save, and lend money to the Government.

Common sense and duty demand it.
