This Has Been Liberty Week in Reeves County

Enthusiastic Meetings in the Various Towns Indicate Generous Responses To Liberty Bond Issue

County Judge Ross and Mayor Starley, together with such staunch henchmen as county attorney J. A. Drane, Judge Hudson, and W. H. Browning, Jr., have been doing some heroic and faithful work all this week in the interest of the Second Liberty Loan.

On each and every occasion Pecos' splendid band has been on hand to do their bit in an effort to sell these bonds.

On Monday night these gentlemen, with others—fourteen in number—went out to Balmorhea on the motor car of the P. V. S., for a big rally with those good people, L. W. Anderson, general manager, bringing the crowd back after the rally.

The crowd was met at the station at Balmorhea by a number of the leading business men with their cars and carried to Balmorhea's leading hotel where a splendid supper had been prepared for the Pecos boosters.

After supper the band played several pieces at the hotel and were then carried to the splendid school building where the auditorium was crowded to its capacity with the flower and wealth of Toyah Creek, all filled to overflowing with patriotism.

Editor Walker was elected chairman of the meeting and handled the meeting in a manner befitting such a booster and hustler. Talks were made by several citizens of Balmorhea among whom was W. W. Stewart, whose talk was patriotic and calculated to enflame the most pessimistic of the crowd with patriotic enthusiasm. While he had bought heavily of the first bonds, he was ready to buy of the second issue as heavily as before, and while he had spent his wealth, he had sought his banker in Kansas for assistance and produced a telegram showing the promise of from one to ten thousand dollars as a loan with which to purchase bonds, showing how the bankers look upon these bonds as securities.

Several orations were made by Pecos orators, after which Judge Ross proceeded to sell the bonds. At the conclusion of the rally the result showed that approximately \$9,000.00 in bonds had been purchased. Since the meeting there has been more purchased, running Balmorhea's purchases up to \$15,000.00.

On Tuesday night Judge Ross and others of Pecos met with the good people of Toyah in a mass meeting and Liberty Bond rally. At this meeting there was shown a spirit of enthusiasm and free-heartedness seldom witnessed anywhere else on the globe outside of Toyah. The meeting was held in the lobby of the Youngblood Hotel and after a speech by Judge Ross, A. W. Hosie, the leader, and sage of that little city, announced the fact that other speechmaking was unnecessary as the people of Toyah were ready to do their duty, and in less time than it would take to tell it something like \$15,000.00 worth of Liberty Bonds had been sold.

Those present from Pecos pronounced this the best and most enthusiastic meeting held up to that date.

On Wednesday, in accordance with the proclamation of the President and of the county judge and the mayor of Pecos City, a general jubilee was held. The school children marched en masse from the school building to and around the fountain, stopping in line in front of Drs. Camp, Eryan & Lusk's office. This procession was followed by a long train of autos. The school children bore flags and banners and the cars were properly decorated for this occasion, the band furnishing music for the occasion.

At night the grand rally was pulled off at the Music Hall, which was patriotically furnished by the proprietor Harry Dixon, for the occasion. A splendid program which had been prepared by the school children was rendered, after which Judge J. W. Parker made the leading address, which was followed by others. All necessary appeals having been made the books were opened for the sale of bonds, and clerks appointed for this duty were kept busy until about 11:30.

An Appeal That You Should Harken To

A Few Facts to Be Considered by the Man Who Can, But Will Not Do His Patriotic Duty

The following message was sent as a press report to every newspaper in the Eleventh Federal Reserve District on the night of Friday, October 19th, by the Federal Reserve Bank of Dallas:

We consider the facts referred to so extremely important that we have made a reprint of the dispatch, and ask your most earnest attention to the aspect of the Liberty Loan referred to.

"The greatest peril to the Liberty Loan is the attitude of the wealthy man who says: 'I can do better with my money than buying Liberty Bonds.' There are thousands of well-to-do men who are buying Liberty bonds of \$1000 denominations who could purchase \$100,000 worth, and who admit frankly that they would purchase bonds to the last mentioned amount if they were not subject to income surtax.

"These men should realize that without their help the loan will fail. Then, surely as night follows day, the Government will increase their surtaxes to a point that will take away the best part of their income for the year. The Government will get after the big on for the big amounts.

"Was there ever a clearer example of the advantage of loaning money to the Government in preference to confiscation as is exemplified in the case of these wealthy men? It is nothing but sound, common sense, business sense, for this class of man to wake up and realize that he has but a few days in which to make up his mind as to whether he will loan his wealth or have it confiscated.

"Must we be dishonored as a Nation, must our allies fall for lack of financial support, must our sons die, forsaken by their country, because certain men cannot be relieved of taxation?

"Sacrifice and only sacrifice will win this war. We call upon men of wealth to forget immediate percentage and to exercise their vision. The whole industrial and commercial fabric rests upon the realization by them of the necessity of winning the war at any cost."

October 28th to be A Day of Prayer

Proclamation Calls Upon People To Observe Day By Asking Divine Assistance for Success in War.

By the President of the United States of America:

A PROCLAMATION

Whereas the Congress of the United States, by a concurrent resolution adopted on the 4th day of the present month of October, in view of the entrance of our Nation into the vast and awful war which now afflicts the greater part of the world, has requested me to set apart by official proclamation a day upon which our people should be called upon to offer concerted prayer to Almighty God for His divine aid in the success of our arms:

And whereas it behooves a great free people nurtured as we have been in the eternal principles of justice and of right, a Nation which has sought from the earliest days of its existence to be obedient to the divine teachings which have inspired it in the exercise of its liberties, to turn always to the Supreme Master, and cast themselves in faith at His feet, praying for His aid and succor in every hour of trial, to the end that the great aims to which our fathers dedicated our power as a people may not perish among men, but be always asserted and defended with fresh ardor and devotion and, through the divine blessing, set at last upon enduring foundations for the benefit of all the free peoples of the earth:

Now, therefore, I, Woodrow Wilson, President of the United States, gladly responding to the wish expressed by the Congress, do appoint October 28, being the last Sunday of the present month, as a day of supplication and prayer for all the people of the Nation, earnestly exhorting my countrymen to observe the appointed day, according to their several faiths, in solemn prayer that God's blessing may rest upon the high task which is laid upon us, to the end that the cause for which we give our lives and treasure may triumph and our efforts be blessed with high achievement.

In witness whereof, I have hereunto set my hand and caused the seal of the United States to be affixed.

Done in the District of Columbia, this nineteenth day of October, in the year of our Lord one thousand nine hundred and seventeen and of the Independence of the United States of America the one hundred and forty-second.

WOODROW WILSON,
By the President:
ROBERT LANSING,
Secretary of State.

Prospects for Gusher in Oil Fields Good

Gas and Oil Struck at Shallow Depth in New Well Being Sunk by Independent Co. in Reeves Co.

Among others are R. S. Johnson and W. W. Camp who own an 80-acre block of land near the old oil well of the Texas Company, and the sulphur mines, upon which C. B. Troxel is now putting down an oil well.

On Monday of this week Troxel phoned in to these two gentlemen to come out to the well. They went and found that in drilling, at about 180 feet they had struck a pocket of gas of considerable volume. The gas makes a loud, rumbling noise and can be seen shooting from the well five or six feet high. A few days ago this well caved in, presumably caused by the gas which had been struck a few days before. It was cased off and the drilling continued.

This well is about three miles from the old Texas Company well No. 1, and the prospects for a gusher were never more encouraging. Besides this gas proposition at that depth Mr. Camp says they struck fine traces of oil. This is very unusual in this field to strike oil and gas both so shallow and the owners of this proposition feel justly elated over the strike and the prospects.

SUBSCRIBES \$5,000 TO LIBERTY LOAN

New London, Oct. 20, 1917.
Clay Cooke, Pecos.

Dear Sir:

To help Reeves county make up its apportionment of Liberty Bonds, I enclose herewith subscription for five thousand dollar (\$5,000) bond, and \$100 check for 2 per cent payment.

Yours,
WM. H. HATTON.

Mr. Hatton owns some interests in our county around Arno, and the people of the county certainly appreciate his generous aid. This is one of the two largest single subscriptions received, the other being for the same amount by the Rosenbaum-Mountcastle interests at Balmorhea.

Rev. J. B. Bell, State Missionary of the colored Baptist church, of New Mexico and Arizona, enroute from Carlsbad to El Paso, spent Monday afternoon in Pecos and preached at the colored Baptist church at night. He is engaged in a great work and is accomplishing much good for his race.

Since this meeting many others have purchased bonds.

As a matter of fact County Judge Ross made a supreme effort to float Reeves county's quota of these bonds and deserves credit for his untiring efforts, along with those others who have ably assisted him. It is now believed by those in charge of this matter that at least \$50,000 will be raised by Saturday, the last day of the

Senator Hudspeth Was in Pecos

Drops in This Office for Friendly Chat And, Incidentally, to Inform Us He is in Race For Congress

Senator Claud B. Hudspeth of El Paso, was a business visitor in Pecos Wednesday of this week and made The Enterprise a very pleasant visit. Hudspeth was, a long time ago, a newspaper man, and made a success and money out of the Ozona Kicker. In order to do this he made a good paper first. He has been making and doing good things ever since, and with all has prospered in a financial way and grown stronger in knowledge until he is now known as one of the biggest men in West Texas.

As fate would have it, Hudspeth has been as nearly on the right side of every question as it is safe to be from the fact that it is not allotted to man, single handed, to be on the right side of every question at all times, and Claud is not the man who allows the other fellow to do his thinking, or who follows false gods.

By the way, Hudspeth informs The Enterprise that he is in the race for Congress from this district at the next election. He is not the man to start in any game at the last hour, but believes in falling in line at the beginning of the race, and like everything else he undertakes, doing his level best all the way through. He starts in with the intention of RUNNING every inch of the way, and, believe The Enterprise, he is some runner, in West Texas, at that, and when the end of the race comes he will be found in the forefront.

In case Hudspeth is elected to the office to which he aspires The Enterprise has no hesitancy in saying that, in the honest opinion of the editor, West Texas will be well represented in the halls of Congress.

QUICK RECOVERY FROM OPERATION

Hill Hudson returned to school at Fort Worth Sunday, after having spent three or four weeks at home. He came home for an operation for appendicitis and our splendid physicians removed that offending portion of his anatomy and put him on his feet and enabled him to return to his school duties in short order. His fine physique and physical condition had much to do with his ability to return to school so early after the operation and his many Pecos friends congratulate him and are watching his career and expecting much from him in the years to come and it is predicted by The Enterprise that they will not be disappointed in this young man.

The family of Walter Stephen, who had been out on the ranch of a friend for the past two or three weeks recuperating and resting, came home this week and are all looking and feeling much better. They report a delightful visit. They were out near Rosalia.

GERM FREE BLACKLEG VACCINE

Clayton, N. M., Sept. 22, 1917.
Purity Biological Laboratories,
Sioux City, Iowa.

Gentlemen:

We have now vaccinated somewhere in the neighborhood of 12,000 head with Germ Free Vaccine this season, and have had a loss of three head out of this number. These animals were in a herd dying badly with Blackleg, and they died in three days' time. Only one of the animals, however, was found to have Blackleg for certain. I have been in herds where they were dying altogether too fast with Blackleg, and they lay dead around the corral where we were vaccinating. One of these herds consisted of 1,600 head, and there has never been the loss of a single calf since, and they were vaccinated in May of this year. This man is one of my strongest supporters, for this is the first year in the history of his ranch that he has been free from blackleg. I have known his loss to be as high as 125 head during the summer season. This loss was at the same time in a much smaller herd than what he has now. When the herd is clean and no animals have died with Blackleg, I have yet to see the first case of Blackleg occurring after vaccinating with the Germ Free Vaccine. Very truly yours,

E. A. JENNINGS,
J. B. HEARD, Agent, Pecos, Texas.

Cincinnati authority tells how to dry up any corn or callus so it lifts right off

You corn pestered men and women need suffer no longer. Wear the shoes that nearly killed you before, says this Cincinnati authority, because a few drops of freezone applied directly on a tender, aching corn stops soreness at once and soon the corn loosens so it can be lifted out, root and all, without a bit of pain.

A quarter of an ounce of freezone costs very little at any drug store, but is sufficient to take off every hard or soft corn or callus. This should be tried, as it is inexpensive and is said not to inflame or even irritate the surrounding tissue or skin.

If your wife wears high heels she will be glad to know of this.

POINTED PARAGRAPHS

Many a truthful man breaks his word because he stutters. The kiss one woman bestows upon another is almost as meaningless as the handshake of a hotel clerk. It pays more to appreciate fools than to be appreciated by fools. Boasting of their strong points is a weakness, with some people. Ever notice how narrow minded some people are who argue with you? It is easier for women to talk on any subject than it is to stop. Some men are so cautious they will never allow their friends to owe them a cent. All things may come to the man who waits—provided that he has sense enough to wait in the right place.

"Geta-It" Peels Your Feet in Glove and tape, trying to fix a corn so I wouldn't hurt. But now no one in the world "should worry" because the moment you put "Geta-It" on it means the end of a corn. There is nothing in the world like "Geta-It"—nothing as sure and certain—nothing that you can count on to take off a corn or callus every time, and without danger. The corn never grew that "Geta-It" will not get. It never irritates the flesh never makes your toe sore. Just two drops of "Geta-It" and presto the corn-pain vanishes. LETTERS FROM REEVES COUNTY LIBERTY BOYS

JOHN HEDDON Editor and Owner

Subscription, \$1.50 a year In Advance

McLennan county fell into the dry column Saturday by a majority of 1,366 votes.

Germany would like to make peace now, but the kind of peace she wants to patch up does not suit the allies a little bit.

The British and French continue their sledge-hammer blows against the Germans and are gradually driving the Teutons back, and occupying their trenches. It has been given out that the allies will continue on the offensive during the winter.

OF INTEREST TO HOLDERS OF LIBERTY BONDS

The following letter from the Federal Reserve Bank at Dallas was received by the Pecos Valley State Bank and is self-explanatory:

Replying to your of the 19th inst. relative to exchange of Interim Certificates of the First Liberty Loan for Definite Bonds of the new issue bearing 4 per cent interest:

The new bonds will be of date November 15, 1917, and the right of conversion will not arise until that time. The Treasury department will, within the very near future, issue a circular outlining the exact procedure to be followed in exercising this conversion privilege, a copy of which circular will be mailed you as soon as we receive them from Washington. In the meantime, we will ask that you please request your subscribers to rest with their Interim Certificates until such time as the exact method of exchange can be determined.

Thanking you for your cooperation, and hoping to receive several more subscriptions from you to the Second Loan before the expiration of the subscription period, we are,

Yours very truly, SAM R. LAWDER, Assistant Cashier.

Mr. Love informs The Enterprise that they now have the Interim Certificates of the first Liberty Loan ready for delivery to the purchasers and if they are not called for he will take the liberty of exchanging them for these Second Liberty Bonds at 4 per cent. This bank is constantly watching out for the best interests of its patrons, and are heavy purchasers of these bonds.

The Pecos Valley State Bank requests The Enterprise to state that it will take care of all bonds entrusted to it, without charge, collecting interest for them and giving proper credits for same.

OUR COUNTY'S CONTRIBUTION

In the plan of organization it fell to the lot of the various county judges to lead the campaign for the sale of the Liberty Bonds. By force of circumstances, therefore, the privilege of making this announcement is mine.

Reeves county—every part of it—has responded nobly to the call. The subscription will total between \$60,000 and \$70,000. It is a record of which none of us need be ashamed.

The result has been achieved by Team Work. In the contributions I include the purchase of bonds, the music by the band, the helpful ord. the ready and hearty assistance, the good-will of the various committees and the intense earnestness of a host of loyal and patriotic workers. I am proud—we all are—of Reeves County, of each and every part of it, and of every person whose heart was with us in the great work.

The great lesson for us is this: The success of the bond issue proves conclusively that the Nation is united—head and heart and hand—in the prosecution of the war. The magnificent result puts into operation a force marvelously potent for a speedy and victorious peace. To the Germanic mind it furnishes evidence of the dedication of all the resources of the American Republic to the cause of Democracy.

Those who learned the Nation's attitude toward the war will know how ardently our citizens hope and pray that the money thus furnished the Government may be the means of speedily ending the fearful carnage, and of introducing to a soul-sick people the new world wherein dwelleth Peace.

JAB. F. ROSS, County Judge.

LETTERS FROM REEVES COUNTY LIBERTY BOYS

Times Like Most That Have Been Received, Indicate That Boys Are Content With Life At Camps

The boys from Reeves county who are now in the training camps, seem to be well satisfied, as will be attested by the following letters. A letter to Jno. B. Howard from Preston Glover, says:

"We boys from Pecos are getting on fine. We were placed in different companies mostly, but see each other often.

"Since I arrived here I have found out that I know nothing at all about army life and have profited very much from the few words that you spoke to us before leaving Pecos."

Another from Ben Briscoe to Hubbs & Palmer is as follows:

"Hello, boys! How is everything in the old burg. Are you still hitting on six?"

"We are having a fine time down here, drilling 8 hours a day but get lots to eat and leave to go to San Antonio most any day.

"I am in Ralph Landrum's company, and I want to say that he is the best officer in the camp and he sure knows his business, and all the men like him.

"Tell all the other boys that are coming down here to hurry up, as they are missing something every day they are not here.

"Well, I will close for this time. Write soon."

Camp Travis, Oct. 18, 1917. Dear Home Folk:

Was glad to get your letter. I am still on the job and getting on fine. There is very little sickness here now, everything is kept so clean. We have barracks to sleep and eat in, the mess halls are all screened and well ventilated and are inspected daily.

Every one has his mess kit, consisting of a spoon, knife, fork, two plates that fasten together and hold the knife, fork and spoon. Our cup has a hook-like handle that fastens to our belts.

Every body washes his own outfit. We were furnished a cot, a straw mattress and two blankets and plenty of clothing, until it gets cold.

We all must be in bed by 11 o'clock and up and dressed and ready for roll call at 5:45. Drill starts at 7.

The supply trains are not supposed to do any actual fighting, but we must all get perfect in military drills and regulations so we will look and act like soldiers. Our trucks will be issued to us soon.

We have had nothing to carry so far while on the drill grounds, but the infantry and some of the other companies have to carry a rifle, bayonet, pistol, mess kit, canteen and blankets. They haven't enough guns yet, so some of the companies are using the wooden guns or boards in the manual drills.

The six supply companies have 76 men to the company and 32 trucks. Each company having its own cook.

The infantry and the other companies have more men in a company. Everything is fixed up-to-now here, lots of fresh water, electric lights, shower-baths, and everything we need. The streets are paved and well-lighted. There are plenty of hospitals and doctors. All the officers are fine fellows, and I like the boys in my company.

The Red Cross bags sure come in handy, I could not do without mine.

We received some books and magazines. They are distributed among the many companies so all will have a chance to read them.

Will close this time. Love to all. PRESTON GLOVER.

Next week The Enterprise will give the names of all others in Reeves county (which we could not obtain at this time) who have subscribed to the Liberty Bonds of the Second Issue, giving the amounts. This is impossible this week from the fact that these names cannot be obtained at the time of our going to press.

FROM PATRIOTIC NON-RESIDENTS

Mr. Pires, who is the owner of considerable city property in Pecos, in answer to a letter from the Liberty Loan Committee wired:

To First National Bank, Pecos: Answering letter of seventeenth of Bond Committee authorize you to subscribe \$3,000 of Liberty Bonds.

L. A. PIRES. A letter to Judge Ross from S. H. Smith, connected with the Balmorhea Land and Cattle Co., which is the Rosenbaum interests in Toyah Valley, says:

Most sincerely yours, S. H. SMITH.

The action of these gentlemen show where their hearts are, and we are sure that the entire county is grateful for their liberality in aiding the county to raise its apportionment to the Liberty Loan Bond.

A Chicago doctors says: "Don't worry when baby frets; it's just his way of swearing." This may be true as a rule, and its truth being admitted, is it not wonderful how babies can accumulate such a gigantic stock of profanity before they accumulate anything else?

TRY IT! SUBSTITUTE FOR NASTY CALOMEL

Starts Your Liver Without Making You Sick and Cannot Sallivate

Every druggist in town—your druggist and everybody's druggist, has noticed a great falling off in the sale of calomel. They all give the same reason. Dodson's Liver Tone is taking its place.

"Calomel is dangerous and people know it, while Dodson's Liver Tone is perfectly safe and gives better results," said a prominent local druggist who sells it. Dodson's Liver Tone is personally guaranteed by every druggist who sells it. A large bottle costs 50 cents, and if it fails to give easy relief in every case of liver sluggishness and constipation, you have only to ask for your money back.

Dodson's Liver Tone is a pleasant-tasting, purely vegetable remedy, harmless to both children and adults. Take a spoonful at night and wake up feeling fine; no biliousness, sick headache, acid stomach, or constipated bowels. It doesn't gripe or cause inconvenience all the next day like violent calomel. Take a dose of calomel today and tomorrow you will feel weak, sick and nauseated. Don't lose a day's work! Take Dodson's Liver Tone instead and feel fine, full of vigor and ambition.

COTTON RAISERS REAPING RICH HARVEST FROM CROP

R. N. Hairston was in town Wednesday of this week with another bale of cotton for which he received something over one hundred and seventy dollars, and kept the seed. Mr. Hairston informs The Enterprise that his crop is short this year as he did not irrigate at the proper time. As it is he will make something like seven or eight bales, but thinks he would easily have doubled that amount had he irrigated the crop ten days earlier than he did. Verily, Reeves county is coming to the front as a cotton country and those who raise this product have made good money in every instance where they have used good, sound judgment in the planting and cultivation of the crop.

A FINE PECOS GARDEN

F. M. Bratton is not only a good shoe and bootmaker, but a good gardener as well, as will be attested by the fact that this week he and Mrs. Bratton brought the editor and family, from their own garden, a big basket well filled with tomatoes, roasting ears, snap beans, cucumbers, peppers, beets, turnips, and spring onions. Mr. Bratton had already started one garden, and purchased this new home late in the season—too late to start a garden, in the opinion of a great majority of the people of this little city—but they thought differently and went to work. To those who may be a little pessimistic on the subject of gardening in Pecos all that would appear necessary to dispel this feeling would be to go and take a peep at this little but well filled and beautiful garden which has cost Mr. Bratton very little labor, and means so much to the family in the way of having the very best and freshest of vegetables, and not only this but it has and will cut the high cost of living to a considerable extent.

The Enterprise extends to Mr. and Mrs. Bratton their sincere thanks for this basket of most delicious vegetables which has been enjoyed to the fullest extent.

HEARD McADOO SPEAK

Mr. and Mrs. A. J. Curtis returned from their visit to the Dallas Fair and friends at Fort Worth on the Wednesday morning train. They report a most delightful trip, and heard Secretary of the Treasury McAdoo make his appeal to the people of Fort Worth Sunday and were delighted to report that he is just as fine as he appears to be from the description of him in the papers.

OTTO BOY IS HURT

On Saturday last while riding on the City delivery car with Milton Wadley in the western part of town Jesse Otto was thrown into a barbed wire fence and badly lacerated. The boy was at once carried to the office of Drs. Camp, Bryan and Lusk where his wounds were dressed, it taking nineteen stitches to close the wounds.

He was cut in places from his foot up to his shoulder on his right side, and the wounds are ugly ones.

The youngster is getting along as nicely as could be expected but will more than likely be kept out of school on account of these wounds the first half of the term.

EDITING A NEWSPAPER

Editing a newspaper is a pleasant business—if you can stand it.

If subscribers want to bawl out anybody—the editor's the goat.

If the town is lagging behind and the people won't get out and make things hum—it's because the town paper is on the bum.

If business is bad—it's because the editor want too much pay for his advertising space.

If business is good—advertising has not a thing to do with it, but conditions are right.

If we print what pleases people—that is our duty and we deserve no credit.

If we print what is displeasing—we are a grouch and a crepe-hanger, and don't deserve the patronage of the public.

If we garble it—they tell us we are subsidized by the corporate interests.

If we print the news as it is actually—people call us over the phone and tell us to stop their paper.

Editing a newspaper is a pleasant business—it is not!

Honors Even in Saturday's Games

Pecos Girls Victorious in Basketball But Pigskin Heroes Bite Dust at Hands of Midland Christian

The games of football and basketball between the Pecos High School and Midland College was a fifty-fifty proposition as far as honors went. The first event was the basketball game between the girls of these institutions, and how well our girls upheld the glory of the purple and gold, is strikingly emphasized by the score of 23 to 3.

This game was by odds the more interesting of the two, though much was expected from the knight of the gridiron, of whom we'll talk later.

For ten minutes of the first half neither side were able to locate the basket, due partly to the high wind that was blowing an amateur gale over the court and partly to the good defensive work of both sides. But, directly the day's star, Aileen Love, made a ringer, and with this first taste of victory came a determination that nothing could stop. From then on, through the first and second halves goals made by this young lady became monotonous. Of the 23 goals she managed to scrape together but a scant 21.

In justice to the Midland girls we must state that the score was all out of proportion to the way they matched up with our girls. Their playing, both offensive and defensive was as good as was that of Pecos, and the large margin of the latter's victory can only be accounted for by one of those strange freaks that attend all contests of this nature. Strange surrounding might have played a big part. Be that as it may, we are justly proud of our girls for saving for the Purple and Gold a part of the day.

Immediately after the girls' contest all rushed to points of vantage around a freshly cleared patch of ground, on which a gridiron was marked out, and anticipated much more excitement and thrills from the pigskin heroes than from the games just witnessed.

A follower of the game must have been disappointed at the result. It's true the score was not so bad as last year when these same teams clashed, but the fact must be considered that the game was as long as last year.

The Christians at first sight, did not appear to have as good a team as last year, but they hadn't been in action but a few minutes until trained eyes could see that they had a much speedier and a more aggressive line-up than in 1916. They proved this statement throughout the game, and their interference work, though bordering on the rough, was what made the contrast between the two teams more marked.

Pecos, with the exception of interference, which is a big item, showed up about as well as last year, though the weight of the team seems to be considerably reduced.

The game result was a certainty after the first few minutes of play, for it was evident that Midland had our boys outclassed. 27 to 0, which was the final score, does not mean that Midland didn't have its hands full. Our boys fought just as hard the last half minute of play as they did the first, and its a curious fact, but true, Midland showed the first signs of wear, while the High School appeared stronger when the final whistle ended the play.

McCaslan, who is training the High School squad, has developed some good material as individuals, and it is hoped that before the season closes the whole team, as a unit will be whipped into shape to retaliate on the Midland eleven.

NOLD-HOPPER

Miss Martha Nold and Gus Hopper were married Saturday at the home of the bride's parents, Mr. and Mrs. George Nold, in the presence of relatives and a few intimate friends. Homer L. Magee officiated.

Miss Martha is the youngest daughter of her parents, is a worthy and practical young woman, and Gus could not have chosen better.

Mr. Hopper is the eldest son of Mr. and Mrs. W. M. Hopper, prosperous and highly respected citizens of Toyah.

The young couple left immediately after the ceremony, via automobile, for Anthony, N. M., where they will visit Mr. Hopper's sister, Mrs. W. E. Tinnin and family.

The Enterprise extends congratulations and best wishes to them for a long and happy union.

To Sell, Lease or Trade—A section of land three miles of Toyah. Will trade for land or city property in or near Farwell or Texico, or will sell on the best terms or will lease for grass. A. B. ORANE, Matador, Texas. 10-2

MIDLAND YOUNG PEOPLE ENTERTAINED

The Pecos football team and the basketball girls delightfully and informally entertained in honor of the visiting teams from Midland Saturday night at the delightful home of Mr. and Mrs. Tom Crum.

The athletic idea of the occasion was manifest in the entertaining features which were games of "Table Football" and "Boots Without Shoes." Also music and merry conversation were enjoyed. Delicious refreshing fruit punch was served.

REV. WALKER A WALKER NO LONGER

Rev. Jas. H. Walker is now the possessor of a brand new Chevrolet car, which H. N. McKellar brought down from El Paso for him Saturday. He and Mrs. Walker have been in the country a portion of the week trying to learn how to drive it—not moving to the country but going out where they could have plenty of room so as to avoid running over some person or telephone pole. It is a beauty, and they are already becoming used to it, and can get about in a very satisfactory manner already. They are to be congratulated upon this new acquisition.

IN MEMORY

In loving memory of Grandmother Kiser, we must say the Death Angel has come and called her from her loved ones on earth. We shall meet her here no more.

To the sons, daughters, and grandchildren, we must say, as of old, in her sadness Mary sat weeping alone, softly the voice of her sister whispered: "The Master has come."

So, in the depth of thy sorrow, Gail though thy fountain may be, List! for there cometh a whisper: Jesus is calling for thee.

Beneath the sods she is sleeping—We see her form no more, But we know she is with Jesus On that bright celestial shore.

We say to those bereaved: Cheer up as best you can. Look onward and upward to the glorious day when Jesus shall come again and gather up His jewels. Then you may meet to part no more.

Respectfully submitted by
A FRIEND.

UNDERWENT OPERATION

Mrs. R. P. Hicks was taken suddenly ill Saturday and carried to the Sanitarium where she was operated upon for appendicitis Monday. The operation was very successful and satisfactory and the offending member which showed to be in a very bad condition, was removed. Mrs. Hicks stood the ordeal remarkably well and is doing nicely and will be able to be removed to her home in a few days should she continue to improve.

Drs. Camp, Bryan, and Lusk make a team that is second to none in this part of the State, and their work is always done well and in a manner satisfactory to the people. As surgeons they are up to snuff and know how, when and where to cut, and never do this until it is necessary.

REV. DR. MOORE RESIGNS

Dr. Henry O. Moore, pastor of the Presbyterian church and one of the best read men of Pecos, has handed in his resignation to his congregation and will leave Pecos. His resignation is caused by his falling health—a return of gall stones—which has been giving him no little trouble and suffering lately. The many Pecos friends of Dr. Moore will be sorry to learn of his resignation and its immediate cause. He is one of our strongest ministers of the gospel and not only will his congregation miss him but the people of the town as well. May his lot be cast with good people and the much needed rest which he intends to take make him well and strong again.

MRS. C. B. SCHERMERHORN DEAD

Mrs. C. B. Schermerhorn, mother of the late M. H. Schermerhorn, died suddenly, October 23rd, at her home in Elgin, Texas, just two months to a day after the passing away of her son.

It will be remembered that she was here during the illness and death of her son, M. H. Schermerhorn and visited for some weeks afterwards, when she met and endeared herself to many of our people, who are grieved at her passing away. She lived a faithful and devout Christian life, was a member of the Methodist church. Her going re-unites her with her husband who preceded her some years ago, and other loved ones.

The Enterprise joins the many Pecos friends in sympathy.

WHAT'S THE USE OF MONEY ANYWAY UNLESS WE WIN THE WAR

This is the reply to the man who says: "I can do better with my money than buying Liberty Bonds."

He cannot do better. He cannot do as well. He means that he can obtain a higher interest rate.

Let us suppose that everyone, or even a large number of men, talked this way. The Loan would fall. That would mean the defeat of civilization, and the triumph of Germany.

Tried almost beyond human endurance, our allies might "lie down," discouraged, disgusted, "unlikely," you say, "they will fight on." This raises a point which is not yet thoroughly understood—it is the money that is going to win this war. The supply of bravery amongst our own boys and our allies is ample; what they all need and what they must have, is money.

What would be the result of a wavering attitude on the part of our allies? Germany would take heart, possibly would make one supreme effort, and open the way for an invasion of this country, which our own fleet might not be able to frustrate.

Even supposing that as a result of her great effort, Germany was successful enough merely to force a draw and an inconclusive peace, what would happen? Her every energy would be bent towards the object of invading this country at the earliest moment possible in order to replenish her bankrupted stores of money and supplies.

Let us presume that Germany has been so far successful that the war is brought to our shores, and our export trade is at a standstill. Do you realize what would be the condition of trade? It would be paralyzed. Markets would fall to pieces, industries would be stopped, everywhere there would be country-wide unemployment. Enormous indemnities would have to be paid to Germany to call off her armies; taxes so enormous that they would stagger the imagination, would have to be imposed, and the man who said, "I can do better with my money than buying Liberty Bonds," would feel himself to be the most foolish and mistaken man on earth. His dollar that he could "do better" with, would be worth maybe twenty-five or fifty cents to him.

Truly—What's the use of money, anyway, unless we win this war?

CHAMBERLAIN'S COUGH REMEDY THE MOST RELIABLE

After many years' experience in the use of it and other cough medicines, there are many who prefer Chamberlain's to any other. Mrs. A. C. Kirstein, Greenville, Ill., writes, "Chamberlain's Cough Remedy has been used in my mother's home and mine for years, and we always find it a quick cure for colds and bronchial troubles. We find it to be the most reliable cough medicine we have ever used."—Advt.

GOOD IN THE WORST OF US

One truth that everybody should observe as he wanders through this somewhat uncertain world is that there is good in every one and that no man lives who has not in his nature some good; and it is the duty of every one to find out that good the first thing which, many times, will convince him that the good is the major part of the man's make-up. To discover the good qualities in another is not only a service to that other, but to one's self also. Indeed a man who will not see any good in others is himself a mean man. His heart is cold and his brain is scant. But if he sees whatever worth there is in others, his sympathies enlarge and his views will broaden. This is the great point in seeing good in others—it makes a better man of one and lifts him above the sordid levels of life. If we wanted to test the manliness of a man we would get his opinion of his neighbor. If there was one of them in whom he saw no good, we would mark him down. We would hardly expect him to see the same good in all, but if he would analyze his observations closely and seek an equilibrium of conditions, he would generally find no difference among them—not so much of a difference, at any rate, as to raise a feeling of more dislike than friendliness. Too frequently we charge a person with being what they appear to be, when, in fact, they are very much better than we had supposed possible. After we get acquainted with them and get a better and a clearer understanding of their personality. We are sure to find good in all if we look for it.—El Paso Times.

WOMEN HAVE THEIR TROUBLES

Not only middle-aged women, but younger ones, too, suffer from backache, pains in side, swollen ankles, sore muscles, rheumatic pains and kindred ailments without knowing that these are most often the result of deranged or overworked kidneys. Foley Kidney Pills are good medicine for kidney trouble. For sale at Bozeman Drug Store.—Advt.

GROUP

If your children are subject to croup get a bottle of Chamberlain's Cough Remedy, and when the attack comes on be careful to follow the plain printed directions. You will be surprised at the quick relief which it affords.—Advt.

SHERIFF'S SALE

The State of Texas)
County of Reeves.)

By virtue of a certain alias order of sale issued out of the Honorable District Court of Reeves county, Texas, on the 1st day of October, 1917, by the clerk of said court, against R. D. Morris and Mary Morris, his wife, for the sum of Fourteen Hundred Eighty-nine and 84/100 (\$1,489.84) Dollars and costs of suit in cause No. 1710 in said Court, styled The Pecos Valley State Bank versus W. P. Morris, W. D. Morris, Mary E. Morris and G. W. Morris, and placed in my hands for service, I, Tom Harrison, as sheriff of Reeves County, Texas, did on the 2nd day of October, 1917, levy on certain real estate situated in Reeves county, Texas, described as follows, to-wit:

All of an undivided one-half interest in and to Section No. Eighty (80), Block No. Four (4), H. & G. N. R. R. Company's Survey in said Reeves County, Texas, except that part of said section that is situated north of the Texas & Pacific Ry. right-of-way.

And levied upon as the property of said R. D. Morris and Mary E. Morris, and on Tuesday the 6th day of November, 1917, at the court house door of Reeves county in the town of Pecos, Texas, between the hours of ten a. m. and four p. m. I will sell said land at public vendue, for cash, to the highest bidder, as the property of said R. D. Morris and Mary E. Morris by virtue of said levy and said alias order of sale.

And in compliance with law, I give this notice by publication, in the English language, to the plaintiff, and said corporation, H. E. Moore, Trustee for the First State Bank of Grandfalls, Ward County, Texas, and having its principal place of business in Reeves County,

and by virtue of the laws of the State

The editor of the Honey Grove Citizen is singing a song about the good things to eat in Fannin County. Hear him: "Persimmons and 'possums will soon be ripe. Another thing which makes life one grand, sweet song in this part of the country. Fannin county 'possums are just a little better than any other."

"'Possums and 'taters make mighty fine living in grand old Fannin."

"Fannin county pumpkins look mighty good these days and it will soon be time for pumpkin pie. If there is anything better than a pumpkin pie it is another pumpkin pie."

HUSBAND SUFFERED.

Dear Editor: "I sent for a box of Dr. Pierce's 'Anurie' Tablets for my husband, and he has been greatly benefited by them. He suffered from lame back and weak kidneys; kidney excretions being too frequent. After giving 'Anurie' a trial we are convinced that it is the best kidney medicine made. Will be glad to recommend it." (Signed) Mrs. E. D. Mirns.

NOTE.—Dr. Pierce, who is director and chief physician at the Invalids' Hotel, and Surgical Institute, Buffalo, N. Y., has been testing this wonderful medicine for the relief of over-worked and weakened kidneys. The relief obtained by sufferers from rheumatism, lumbago, etc., has been so satisfactory that he determined to place "Anurie" with the principal druggists. "Anurie" is not harmful or poisonous, but aids Nature in throwing off those poisons which cause so much suffering, pain and misery. Scientists assert this remedy is 37 times more potent than lithium. 10 cents for large trial package.

To the Sheriff or any Constable of Reeves County—Greeting:

D. 1917, then and there to answer a petition filed in said court on the 9th day of October, 1917, in a suit numbered on the docket of said court No. 1751, wherein The Pecos Valley State Bank, a corporation, is plaintiff, and T. R. Martin, W. T. Martin, W. F. Martin, W. C. Dickson, H. E. Moore, Trustee for the First State Bank of Grandfalls, Ward County, Texas, Mrs. Sarah Clarke, Richard Clarke, Dorothy Clarke, and of Texas, and having its principal place of business in Reeves County,

Texas; that the defendant, H. E. Moore, Trustee, is a non-resident of the State of Texas; that the residences of the other defendants are unknown to plaintiff.

2. That heretofore, on or about March 10, 1917, the plaintiff was the owner of and in possession of the following described real estate, to-wit: Section 2, Block C-4, Public School Land; Section 18, Block C-5, Public School Land, and the S. W. 400 acres of Section 8, Block 7, H. & G. N. Ry. Co. Survey, all of said land being situated in Reeves County, Texas, the plaintiff claiming therein a fee simple title thereto; that on said date the defendants unlawfully entered upon and dispossessed plaintiff from said premises and withheld from plaintiff the possession thereof; that the rental value of said premises is \$150.00 per annum.

3. Plaintiff further shows that heretofore, on or about December 4, 1913, plaintiff filed and had duly recorded and indexed in Book 2, page 241 of the Judgment Records, Reeves County, Texas, that certain judgment recovered by the plaintiff against T. R. Martin, in cause No. 464, in the District Court of Ward County, Texas, on or about June 19, 1913, for the sum of \$2713.28, with \$65.92 costs, said judgment bearing interest from said date at the rate of 8 per cent per annum, less a credit thereon of \$515.68 of date August 1, 1913; that the said judgment is valid, subsisting, due and unpaid, and after the recording of said abstract of judgment the said T. R. Martin in whose name said above described land stood upon the records of Reeves County, Tex., conveyed the premises above described to the defendant W. C. Dickson, and prior thereto the said defendant executed a deed to said premises to said H. E. Moore, Trustee, to secure the First State Bank of Grandfalls, Ward County, Texas, in the payment of certain indebtedness therein described; that the defendants T. R. Martin, W. F. Martin, W. T. 4. That said judgment less the credit aforesaid, is past due and unpaid, and by the recording of the abstract of same the plaintiff became invested with a lien upon the above described real estate to secure the payment of said judgment.

Wherefore, premises considered, plaintiff prays that defendants, and each of them, be cited by publication, to appear and answer this petition, and that upon final hearing hereof, the plaintiff have judgment against the defendants, and each of them, for the title and possession of said above described premises, and for writ of possession; or, in the alternative, for judgment establishing the lien of plaintiff upon said premises against all of said defendants for a foreclosure thereof and order of sale, and for such other and further relief, general and special, to which plaintiff may be entitled, and it will ever pray.

Herein fail not, but have before said Court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.

GIRLS! WHITEN SKIN WITH LEMON JUICE

Make a Beauty Lotion for a Few Cents to Remove Tan, Freckles, Sallowiness

Your grocer has the lemons and any drug store or toilet counter will supply you with 3 ounces of orchard white for a few cents. Squeeze the juice of two fresh lemons into a bottle then put in the orchard white and shake well. This makes a quarter pint of the very best lemon skin whiter and complexion beautifier that is known. Massage this fragrant, creamy lotion daily into the face, neck, arms and hands and just see how freckles, tan, sallowiness, redness and roughness disappear and how smooth soft and clear the skin becomes. Yes! It is harmless, and the beautiful results will surprise you.—Advt.
