FOR TAX ASSESSOR

In The Enterprise this week will be found the announcement of Henry Lavelle of Balmorhea, for the office of Tax Assessor of Reeves and Loving counties, subject to the action of the July primaries.

Henry is too well-known for introduction. He has lived in the county for thirteen years, and has served the people in an official capacity, being the first tax assessor of the Toyah Valley Irrigation District, a position he relinquished on account of duties as postmaster at Balmorhea. He is a regular fellow and is in the race because he wants the office and promises to do his full duty if elected.

JUDGE GIBBS IS DISPOSING OF CASES WITH RAPIDITY UNKNOWN IN THIS SECTION GRAND JURY QUILTS

"The mills of the gods grind slowly and exceedingly small" may be true, but justice is a goddess and the rule doesn't apply. Especially is this true in the district court now in session here. Judge Gibbs set his well-oiled machine in order the first week of the term and it is still going strong right through the docket. The past week saw the following cases disposed of:

W. W. Arledge vs. Western Union Telegraph Co., for damages; motion for new trial overruled and plaintiff given sixty days in which to prepare and file bill of exceptions and statement of facts.

E. D. Balcom vs. Ira M. Cobe; to try title and damages; judgment for plaintiff by default, he to pay costs.

J. A. Bradley vs. Albert O. Swenson et al, to try title and damages; plaintiff secured judgment by default as prayed for.

E. N. Heath vs. Dallas Capps et al, to try title and damages; judgment for plaintiff by default.

Barstow Town Co. vs. Ward County Irrigation District No. 1, for debt; case set for trial May 21st.

A. J. Carpenter vs. C. C. Kountz et al; injunction; court to render a decision next Monday.

Cases of O. J. Green and D. H. Bones vs. Ward County Irrigation District No. 1, for damages were both continued by agreement.

Arno Irrigation Co., vs. Leslie A. Neednam et al, for attachment and damages; continued to abide by decision in case No. 13154 in the 41st district court.

D. K. Haworth vs. E. L. Stratton, foreclosure of vendor's lien notes; continued by agreement.

L. W. Roberts vs. Panhandle & Santa Fe Ry Cos., damages; settled and dismissed.

On Tuesday the grand jury made its report to the court with a request that they be discharged, which was done. Seven bills were brought in by this body during their session.

LADIES OF THE RED CROSS HERE'S A RARE OFFER

The Enterprise though of the idea below, but timidly in mentioning it perdonated. Now Mrs. Jim King voluntarily offers to do a great work as her bit in the great work for humanity. She is unable to attend the Red Cross work, but is desirous to be busy and asks The Enterprise if all women who have babies and do Red Cross work that she will gladly "entertain the kiddies" while you work. She will be assisted in the afternoons by Miss Fern Cooper. So bring the little chaps right along; Mrs. King resides across the street from Mrs. J. B. Wright.

BATTLE BETWEEN FIRE COMPANIES NEXT WEEK

Did you ever see a water fight? Not the kind where you wade out to where the water is fully ankle deep and splash water in Jimmy's face until his shirt gets real wet and himself peeved. But a real battle with real water and plenty of it coming with a force of about 300 pounds head-on. If you never witnessed a battle of this kind come out Thursday and do so.

On that day the members of Hose Companies 1 and 2, of the Pecos Fire Department will don their old clothes and pull off a battle royal in front of the Orient Hotel, at 6:30 p. m., if weather conditions permit.

Everybody should be on hand to see the fun; bring some loose change as a collection will be taken for the benefit of the Red Cross.

Mrs. H. R. Brannon came up from Fort Stockton Sunday for a visit to her mother, Mrs. Martha Adams. She was accompanied by her little sister, Prebbie Adams, who had been visiting her for some time.

Fenton Alley and Jack Hines autoed to Pecos via El Paso from Roswell, and visited with relatives and friends Wednesday, leaving yesterday for their homes.

ABOUT THREE HUNDRED HEAR STRONG APPEAL FROM FORMER GOVERNOR.—CROWD APPLAUDS OFTEN

Jas. E. Ferguson, ex-governor of Texas spoke here this afternoon to a crowd of approximately 300 persons, among which was a generous sprinkling of women. Notwithstanding the fact that the political record of Mr. Ferguson is under a cloud, The Enterprise ventures to state that no public speaker who ever visited this city was accorded a more impartial hearing than was Mr. Ferguson on this occasion.

Before Mr. Ferguson's address, the chairman, Hon. Harry MacTier, introduced Jno. R. Moore, of Palestine, running mate of Ferguson, for the office of Lieut. Governor. Mr. Moore, after paying his respects to the last legislators of Texas, referring to them as a "bunch of goat-heads," closed with the remark that "if you elect me to the office of lieutenant-governor of Texas, I promise you that I will attend strictly to the duties of that office and let the governor's office alone." Mr. Moore also took a parting shot at Governor Hobby when he said "As lieutenant-governor should I desire or aspire to become governor, I will have the manhood to run for the office, letting the people's voice decide the question, and not seek the office by appointment from the legislators."

On introducing the speaker of the day Judge MacTier waxed oratorical, denouncing in no uncertain terms what he term a crime on par with that committed by Prussian autocracy, and asked the people present to listen carefully to Mr. Ferguson as he laid bare the wrongs to which he had been subjected. Mr. Ferguson was generously applauded as he came before the people.

One of the opening statements of the governor was "I will be 47 years of age in August, and at that comparatively young age, was going to have conferred upon him an honor accorded no other governor of Texas in the history of the State, that of being elected governor three times by the people." He went into full details of the impeachment trial all of which is past history to many of our readers, but it could plainly be seen that Mr. Ferguson's version of the same identical facts put the matter in a different light to many, and it is The Enterprise's unbiased opinion that Ferguson made many friends and gained support by his visit. His exposure of the State University was startling, backed as it was by figures.

Governor Ferguson has a pleasing appearance, and though not an ora-

EXECUTIVE COMMITTEE MEETS AND PLANS CAMPAIGN FOR FOR FUNDS.—COUNTY IS ASKED TO RAISE \$3,742

On Wednesday afternoon the executive committee of the second Red Cross War Campaign for the Pecos Chapter met at the City Hall. This committee is composed of the following: J. A. Drane, chairman; F. W. Johnson, W. W. Camp, C. B. Jordan, Mrs. J. W. Moore, Mrs. W. L. Koss, and Mrs. F. W. Johnson. Upon them rests the responsibility of raising the quota of Reeves county, which is placed at \$3742.00. The drive to raise this amount for the Red Cross will begin on Monday, May 20, and last until Monday, May 27.

Other committees appointed were as follows: Publicity Committee. H. H. Johnson, chairman; Steve Ward, Mrs. H. H. Johnson and John Hibdon. Speakers' Committee: Judge Jas. F. Koss, chairman; W. A. Hudson, and Rev. W. A. Knight. Soliciting Committee: Mrs. Tom Harrison, Mrs. M. Kerr, Mrs. T. J. Hefner, Mrs. Woody Browning, Mrs. F. W. Johnson, Mrs. Jas. F. Koss, Mrs. Sid Cowan, and Mrs. Will Cowan. Program Committee: Mrs. J. W. Moore. Walter Browning was appointed War Treasurer.

These committees will please get together between now and the 20th of May and form such plans as they may agree upon to raise the quota.

The quota this year is 50 per cent more than it was last year but is not our interest fifty per cent more? Our funds then, went for the distressed Allies; now they will go for our own wounded and dying. When we gave them it was for the boys of France and Belgium—now it is probably for your own boy.

To the soliciting committee above has been added Mrs. L. W. Anderson. J. A. DRANE, Chairman.

QUIETLY MARRIED IN PECOS LAST MONDAY MORNING

At the residence of Homer L. Magee resident minister of the Church of Christ, he officiated at the marriage of Mr. Alfred Pask, of Pecos, and Miss Barbara Orsak of Dallas.

Mr. Pask has been a resident of North Pecos for several years and is favorably known to all our people. The bride, is unknown to our people, but The Enterprise bespeaks for her a welcome to Pecos, and wish for this new union many years of happiness.

tor holds his audience's attention in a remarkable manner. He is confident of his election in July, stating during the closing minutes that he believes the people "want a independent governor, not one who would be the lackey of university politicians"

Every Town in the County Goes "Over"

COUNTY EXCEEDS ITS QUOTA THIRTY PER CENT.—TOTAL IS \$106,000 IN HANDS OF 500 SUBSCRIBERS TO LOAN

Reeves county went "over the top". Our quota is oversubscribed by about 30 per cent. Approximately 500 subscribers took \$106,000 in Liberty Bonds. Every community flies an Honor Flag—five in all—eloquent testimony to the whole-hearted patriotism of our people.

Those in authority appreciate what we have done. In a thoroughly real sense Uncle Sam is proud of Reeves county—proud of Balmorhea, Saragosa, Toyah, Porterville and Pecos. We have gone "over the top" in boys and in bonds, and have helped to create an unbreakable union of American hearts.

As County Chairman, I am eager to express my profound appreciation of the loyal, enthusiastic and unflagging efforts of the great band of workers throughout the county whose labors achieved the result. It was no one-man campaign—team work did it. The sub-chairmen, salesmen, speakers, owners of automobiles, the newspapers, Pecos band, teachers, musicians and helpers of every character and description, backed by the generous liberality of a fine citizenship honored themselves and our county in a cause which links us together with ties stronger than those of blood.

No man can say when the end will come. Until it does, and the whole world has gained unspcakably by the unselfish sacrifices of the great Republic, may the Great Father keep us loyal and steadfast in the sacred task to which we have set our hands.

JAS. F. ROSS, County Chairman.

BASEBALL GAME TUESDAY

Two town teams, Pecos Mercantile vs. Green's All Stars played a game of ball at the old grounds Tuesday afternoon.

There was a good crowd who enjoyed the many good plays as well as the other kind and much fun had. The Enterprise is unable to give a detailed write-up of the game.

A collection was taken for the benefit of the Red Cross amounting to \$4.25.

The line-up of the two teams was as follows:

Mercantile: Prewitt c, Jones p, Hinkle ss, Oliver 1b, Browning Bros. 2b, Camp 3b, Smith rf, Sisk cf, and Richburg lf. Collings and Maley, utility.

All Stars: Wright c, Green p, Davis ss, Wadley 1b, Palmer 2b, Chandler 3b, Otto rf, Brown cf, Wilcox lf. The score was 11-8 in favor of the All Stars. Bob Lewis called the game in a regular professional manner.

High School Students Make Trip to Austin

COMPETE IN STATE MEET AT STATE CAPITAL.—EFFORT IS BEING MADE TO SECURE DISTRICT MEET HERE

Four High school students, in company with the superintendent, J. H. McCasland left last Tuesday for the State capital. They were, Miss Estelle Durdin, winner in the county and district meets, in senior spelling, and Hilliard Camp, Jim Frewitt, and George Ross, the two former being winners in track events at the meet, the last named going along for company and to help root his classmates to victory.

Though our representatives did not succeed in capturing any of the premier honors on this occasion, Pecos is nevertheless proud of them. It was hoped that they would succeed in one branch at least, but they were pitted against the flower of the entire State, many of whom have been to the meet year after year, and are well over the strange feeling that must come to our young people when they find themselves among total strangers. All report the very best time possible, and feel that the trip did them a world of good, and are back home with a determination to strive the harder for future events of this kind.

The meet at Austin was a success from every standpoint. Over three hundred students from all over Texas took part in the exercises. The students of the University of Texas showed what they could do in the way of entertaining, and they were a big factor in making the event the grand success it was.

It is hoped, and a move in that direction has been started, that Pecos will be selected as the place to hold the district meet next year. The accommodations here are ample, and with true western spirit we are more than anxious to show the people of this district how we can entertain the stranger within our gates. We trust the opportunity will be ours next year.

GEO. BROOKS SELLS SHOP AND LEAVES FOR DEMING

George Brooks, proprietor of the Orient Tailoring Co., sold out his entire interest in that line of work last week to Hubbs & Palmer, and left Tuesday for Deming, N. M., which place he had already acquired an interest in a similar business.

Mrs. Brooks and the children will leave today for Midland to visit with her relatives until George is comfortably located, when they will join him. These are good people, and The Enterprise unhesitatingly and unqualifiedly recommend them to the good people of Deming.

High School Students Make Trip to Austin

COMPETE IN STATE MEET AT STATE CAPITAL.—EFFORT IS BEING MADE TO SECURE DISTRICT MEET HERE

Four High school students, in company with the superintendent, J. J. McCasland left last Tuesday for the State capital. They were, Miss Estelle Durdin, winner in the county and district meets, in senior spelling, and Hillard Camp, Jim Prewit, and George Ross, the two former being winners in track events at the meets, the last named going along for company and to help root his classmates to victory.

Though our representatives did not succeed in capturing any of the premier honors on this occasion, Pecos is nevertheless proud of them. It was hoped that they would succeed in one branch at least, but they were pitted against the flower of the entire State, many of whom have been to the meet year after year, and are well over the strange feeling that must come to our young people when they find themselves among total strangers. All report the very best time possible, and feel that the trip did them a world of good, and are back home with a determination to strive the harder for future events of this kind.

The meet at Austin was a success from every standpoint. Over three hundred students from all over Texas took part in the exercises. The students of the University of Texas showed what they could do in the way of entertaining, and they were a big factor in making the event the grand success it was.

It is hoped, and a move in that direction has been started, that Pecos will be selected as the place to hold the district meet next year. The accommodations here are ample, and with true western spirit we are more than anxious to show the people of this district how we can entertain the stranger within our gates. We trust the opportunity will be ours next year.

GEO. BROOKS SELLS SHOP AND LEAVES FOR DEMING

George Brooks, proprietor of the Orient Tailoring Co., sold out his entire interest in that line of work last week to Hubbs & Palmer, and left Tuesday for Deming, N. M., at which place he had already acquired an interest in a similar business.

Mrs. Brooks and the children will leave today for Midland to visit with her relatives until George is comfortably located, when they will join him. The Enterprise unhesitatingly and unqualifiedly recommend them to the good people of Deming.

CALOMEL SALIVATES AND MAKES YOU SICK

Acts Like Dynamite on a Sluggish Liver and You Lose a Day's Work. There's no reason why a person should take sickening salivating calomel when 50 cents buys a large bottle of Dodson's Liver Tonic—a perfect substitute for calomel.

It is a pleasant, vegetable liquid which will start your liver just as surely as calomel, but it doesn't make you sick and can not salivate.

Children and grown folks can take Dodson's Liver Tonic because it is perfectly harmless.

Calomel is a dangerous drug. It is mercury and attacks your bones. Take a dose of nasty calomel today and you will feel weak, sick and nauseated tomorrow. Don't lose a day's work. Take a spoonful of Dodson's Liver Tonic instead and you will wake up feeling great. No more biliousness, constipation, sluggishness, headache, coated tongue or sour stomach. Your druggist says if you don't find Dodson's Liver Tonic acts better than horrible calomel your money is waiting for you.

THE ENTERPRISE GLADLY MAKES THE CRECTION

In an article in The Enterprise last week describing the miniature war garden in the the window of the B. G. Smith Grocery, credit was given to Joe Caroline, as the originator and decorator. It should have been Roy Wilcox instead. Inasmuch as these sterling young fellows are often mistaken for twins, The Enterprise trusts it will be excused.

Reasons!

Why you should use Cardui, the woman's tonic, for your troubles, have been shown in thousands of letters from actual users of this medicine, who speak from personal experience. If the results obtained by other women for so many years have been so uniformly good, why not give Cardui a trial?

Take CARDUI The Woman's Tonic

Mrs. Mary J. Irvin, of Cullen, Va., writes: "About 11 years ago, I suffered untold misery with female trouble, bearing-down pains, headache, numbness... I would go for three weeks almost bent double... My husband went to Dr. for Cardui... After taking about two bottles I began going around and when I took three bottles I could do all my work." E-80

Women can be usefully employed in nursing the wounded, in making up the soldiers' kits, and in a thousand other ways. Many American women are weak, pale or anemic from woman's ills. It can now be had in tablet form for 80 cents. All druggists. Send Dr. Pierce, Invalids' Hotel and Surgical Institute, Buffalo, N. Y., 10c. for trial package tablets.

WHAT THE RED CROSS IS DOING AND WHAT YOU CAN DO

CANTEEN SERVICE DEPARTMENT.

The Canteen Service of the Red Cross has organized to date 104 active canteens in towns along main railway lines in the Southwestern Division, that is in the states of Missouri, Kansas, Arkansas, Oklahoma and Texas.

The value of this personal touch cannot be over estimated. Nothing cheers the boys up like the warm reception they get from a Canteen Committee, especially when hungry and tired, and they leave the town with the feeling that the people are proud of them and will stand back of them. When the women understand how much real good they can do by paying this attention to our soldiers they will all want to do their share, for in no better way can they do their bit to help our boys who are about to make the supreme sacrifice for their country.

It ought to be a great satisfaction to the parents and friends of the boys of our Southwestern country to know that wherever they go in the United States the canteens of the Red Cross are on hand and ready to take care of them in case of an emergency, and, therefore, we know that the women of the Southwest will welcome the opportunity of establishing Red Cross canteens to take care of other troops that may pass through their own home towns.

Innumerable letters are received from the officers and men showing their appreciation of the attentions that have been shown them by the Red Cross canteens on their journeys. I will quote from but just two letters to show just how the work of our canteens is appreciated by the army.

Extract from New Orleans report: "I am sure that every one of the men who were cheered and benefited during their arduous tour of duty would be glad to thank you personally for your thoughtfulness, but, as this is impossible, I am happy to be in position to do it for them and to express my sincere appreciation of the efforts

WORK OF RED CROSS IS DESPERATELY NEEDED

It is Up to the Civil Population to Determine Length of the War, George W. Simmons Says.

It is right up to the civil population of the United States to determine the length of the war.

This is the stirring message sent to this country and particularly to the people of the Southwest by George W. Simmons, manager of the American Red Cross, who is in France on a tour of observation for the War Council of that organization.

Simmons has been at the front with the American forces; he has seen what the boys from the Southwest and other portions of the country are doing; he has seen the work of the Red Cross "over there" and he sends back the message that if the people of the whole United States only will realize that this is a war of nations, not of armies; remember that the American army and navy will do their part, then we can make sure of a victory for America and her allies by acting as a nation, thinking as a nation, fighting as a nation. If we do that, Simmons says in his message to the Southwestern Division of the Red Cross, America will be the deciding factor in the war.

Nothing else matters if we do not win the war, Simmons says in a final appeal for harder Red Cross work and more ships with which to transport our men and supplies and munitions.

There is a Heap of Solace in Being Able to Depend Upon a Well-Earned Reputation.

For months Pecos readers have seen the constant expression of praise for Doan's Kidney Pills, and read about the good work they have done in this locality. What other remedy ever produced such convincing proof of merit?

Mrs. J. A. Stephens, 509 Gregg St., Big Spring, Tex., says: "I suffered from an ache through the small of my back and my kidneys acted irregularly. I got Doan's Kidney Pills at the Ward Drug Co. and I haven't had any kidney trouble since."

WOMAN WORKER IN ALASKA RAISES FUNDS FOR RELIEF

The American Red Cross has received a remittance and the following letter from a woman in a town in Alaska:

"I am sending you a money order for the amount of \$36.50, to be used for the Red Cross. I collected it from the men on two Tin Dredges here in the summer. I am the onliest white woman here and my nearest Naborer (white woman) are 50 miles from here. I have been here 10 years, without been outside, but tried to do my best to do my bit for our boys in this awful War. I had only two refusals, so consider myself lucky, and a little bit proud. Please let me know when you receive it."

"Every Bank Should Sell Stamps; Every Texan Should Save"

—Howell Smith.

President Texas Bankers Association

In purchasing Thrift Stamps and War Savings Stamps Texans not only show their loyalty to the Government, but they are feathering their own nests and making the best kind of an investment. Victory is brought nearer. This is the way that Howell Smith of McKinney, President of the Texas Bankers' Association, regards the thrift movement of the National War Savings Committee.

"They are splendid investments—these little dividend-paying stamps which have been placed on sale at bargain counter prices," declares Mr. Smith. "Every banking house in Texas should carry a stock of them for sale to its patrons and every Texan should buy a stamp every time he can.

"It is to the interest of Lone Star bankers to see that the people become thrifty by buying Thrift and War Savings Stamps. It is to their interest to do so. Of course they ought to be for it enthusiastically because of the patriotic significance; but one of the big advantages in getting their patrons and friends to buy the stamps is that they are making these people more prosperous. As a community saves and prospers, the banks and all business houses will prosper. Thrift begets prosperity. This buying of Thrift Stamps is good business anyway you look at it—the Government is helped and all kinds of businesses are helped and the individual prosper.

"If the bankers of Texas have any fear that their savings deposits will be decreased if their people buy Thrift Stamps and War Savings Stamps, they are mistaken. Just look at what happened in England during the first eighteen months of the thrift campaign over there. Within a year and a half the people of England purchased \$650,000,000 worth of Victory Stamps and during the same period the savings deposits in English banks increased over 100 per cent. The little Thrift Stamps and the principles of thrift learned in the campaign did that. Not only did the people buy as many Thrift Stamps as they could purchase, but they saved and deposited with the banks a 100 per cent more money than they had ever deposited.

"The banker who does not sell Thrift and War Savings Stamps and push their sale is standing in his own light and keeping prosperity from his patrons."

—W.S.S.—

Every War Savings Stamp you buy brings the end of the war that much nearer.

Is your county going to make its quota of War Savings Stamps? Help push it over the top.

If we win our fight at home our soldiers will win theirs in France. Save wisely, not miserly, and invest in Thrift and War Savings Stamps and you will have a sure way to help our boys. It is the one way that is effective.

Service Which Saves Lives.

Nothing illustrates better what the Red Cross means to the soldiers in the Southwestern camps and cantonments than an occurrence at Camp Bowie, Fort Worth, Tex. When the December blizzard struck the camp it found the men unprepared for it. One thousand soldiers fell ill in 24 hours. More than 2,000 were ill 72 hours after the blizzard hit. Many of them were threatened with pneumonia. Many had pneumonia. There was insufficient bedding. The government was unable to take care of the situation. Charles W. Connery, field director for the Red Cross at Camp Bowie, bought every blanket he could get in Fort Worth and other Texas cities and wired Red Cross headquarters at St. Louis for more. Within 48 hours after the blizzard struck, Connery turned over 20,000 blankets to the commandant of the camp, without any cost to the govern-

ment whatever. Undoubtedly this quick work saved the lives of many soldiers.

That is the sort of work the Red Cross is doing for 350,000 American soldiers in the Southwestern camps and cantonments, likewise in every camp and cantonment in the United States. That is how money given to the Red Cross is spent in military relief.

Shopping Personally Conducted.

The American soldier in France is a good fighting man. But when he faces the French shopkeeper—that quick-tongued, sharp-eyed little woman who keeps the till as full as she can while her husband fights, he is glad enough to have an American woman beside him. So the Red Cross women at the line-of-communication canteens have a new job. They take the boys out shopping.

TESTED AND PROVEN

There is a Heap of Solace in Being Able to Depend Upon a Well-Earned Reputation.

For months Pecos readers have seen the constant expression of praise for Doan's Kidney Pills, and read about the good work they have done in this locality. What other remedy ever produced such convincing proof of merit?

Mrs. J. A. Stephens, 509 Gregg St., Big Spring, Tex., says: "I suffered from an ache through the small of my back and my kidneys acted irregularly. I got Doan's Kidney Pills at the Ward Drug Co. and I haven't had any kidney trouble since."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Stephens had. Foster-McBarn

WORKER IN ALASKA RAISES FUNDS FOR RELIEF

The American Red Cross has received a remittance and the following letter from a woman in a town in Alaska:

"I am sending you a money order for the amount of \$36.50, to be used for the Red Cross. I collected it from the men on two Tin Dredges here in the summer. I am the oldest white woman here and my nearest Nabeer (white woman) are 50 miles from here. I have been here 10 years, without being outside, but tried to do my best to do my bit for our boys in this awful war. I had only two refusals, so consider myself lucky, and a little bit proud. Please let me know when you receive it."

SPECIAL WAR GIFTS

Announcement is made by the Town and County Nursing Service of the American Red Cross of a series of public health nursing scholarships, donated by chapters and individuals as special war gifts.

"Every Bank Should Sell Stamps; Every Texan Should Save"

—Howell Smith.

President Texas' Bankers Association

In purchasing Thrift Stamps and War Savings Stamps Texans not only show their loyalty to the Government, but they are feathering their own nests and making the best kind of an investment. Victory is brought nearer. This is the way that Howell Smith of McKinney, President of the Texas Bankers' Association, regards the thrift movement of the National War Savings Committee.

"They are splendid investments—these little dividend-paying stamps which have been placed on sale at bargain counter prices," declares Mr. Smith. "Every banking house in Texas should carry a stock of them for sale to its patrons and every Texan should buy a stamp every time he can.

"It is to the interest of Lone Star bankers to see that the people become thrifty by buying Thrift and War Savings Stamps. It is to their interest to do so. Of course they ought to be for it enthusiastically because of the patriotic significance; but one of the big advantages in getting their patrons and friends to buy the stamps is that they are making these people more prosperous. As a community saves and prospers, the banks and all business houses will prosper. Thrift begets prosperity. This buying of Thrift Stamps is good business anyway you look at it—the Government is helped and all kinds of businesses are helped and the individual prospers.

"If the bankers of Texas have any fear that their savings deposits will be decreased if their people buy Thrift Stamps and War Savings Stamps, they are mistaken. Just look at what happened in England during the first eighteen months of the thrift campaign over there. Within a year and a half the people of England purchased \$650,000,000 worth of Victory Stamps and during the same period the savings deposits in English banks increased over 100 per cent. The little Thrift Stamps and the principles of thrift learned in the campaign did that. Not only did the people buy as many Thrift Stamps as they could purchase, but they saved and deposited with the banks a 100 per cent more money than they had ever deposited.

"The banker who does not sell Thrift and War Savings Stamps and push their sale is standing in his own light and keeping prosperity from his patrons."

Every War Savings Stamp you buy brings the end of the war that much nearer.

If we win our fight at home our soldiers will win theirs in France. Save wisely, not miserly, and invest in Thrift and War Savings Stamps and you are serving your country in one way that is effective.

This paper has enlisted with the government in the cause of America for the period of the war

The country had a fine rain recently, and it made every one of us feel good. The majority report of stockmen says that it freshened everything, but there was not enough to make grass. The rain, however, proved one thing which caused no little worry. It showed clearly, beyond the shadow of doubt, that the rain-making machinery is still in perfect working order.

According to the city dads, your little dog, no matter what breed he is, must have a tag in order to exercise his privilege of roaming Pecos streets. A fine of one dollar will be imposed on owners when this law is violated. The Enterprise has, in the past paid its respects to dogs in general, and is heartily in sympathy with the city's move. We humans must comply with the law requiring the wearing of clothes—full regalia, and its only right, just and equitable that Fido wears his little tag or be reprimanded.

Everybody is lining up for the big drive for funds to keep the Red Cross work going. Begin now to lay aside a quarter, a dime, or any amount you care to, and when called upon for a contribution you're there with both feet. System is the greatest thing in the world. It is what is going to whip the stuffing out of the Huns, and it makes all difficult tasks easier. Folks, we've got to dig up that thirty-seven hundred dollars for Red Cross work some way. Does it seem large? Well, the larger the sum, the more honored we should feel. It represents the measure of our Government's trust in Reeves county.

Those two big stiffs, Jess Willard and Fred Fulton, heavyweight pugilists, are having one time trying to whip their little scrap. The people have got the number of these hot-air merchants at last, who, for about one hour's work, mostly hugging and tangoing, demand fifty or sixty thousand dollars of the people's—mostly

are doing some real fighting, the severest in the history of war, for one

dollar a day. If these big louts really want to fight any squad of Sammies in the front line trenches will gladly "scrooch" and make room for them. At any time the antics of these advocates of the manly art (?) are a disgrace to civilization, but at the present hour of our Nation's trial, it is sacrilegious.

It takes air to float the aeroplanes, but The Enterprise opines that hot air is a detriment, and that seems to be the element injected into our program of air offense. A probe is on just now to investigate the charges of wholesale graft against those connected with the output of machines. Graft is a hard word from the standpoint of the purist, but it is mild, very mild, to apply to persons guilty of obstructing our plans in a holy and just fight. Those guilty are as big traitors as Benedict Arnold. He was tempted by visions of rank and power, these latter by a miserly, cowardly, sneaking greed. Both betrayed their country for a price, and its time, if we wish to stop it and end the war, to call this breed by the proper name and line them against a wall for their just desserts.

Some complaints have reached The Enterprise that the recent rains did considerable damage to gardens. It is a general complaint after rains and for those who would be interested The Enterprise has inquired to find whether or not the damage could be counteracted. Botany, horticulture and mineralogy are beyond The Enterprise's realms of knowledge; nor can we fortell what will happen should an alkaline substance lock horns with saline matter, but will merely confine ourselves to advice gained by those taught in the best school of the ages—Experience. They tell The Enterprise that the best method after a heavy rain is to immediately irrigate the garden, washing from the plants any soil that may be on them. They say this process will save 90 per cent of the plants that otherwise would have been killed.

Sunday has been set aside by the Governor of Texas as "Go to Sunday School Day." All should enter into the spirit, remembering that it is also "Mothers' Day." It should have double significance for us just now. Thousands of mothers sit in dread suspense at this writing, and the feeling will be with them, perhaps for many months. Their baby boys are in France, battle for the ideals dear to the heart of every true mother. You know one of the dearest things of motherhood is that no matter how old we grow, in high or low position, she still calls us her baby boy. Her thoughts follow us every day of the year, surely we can fittingly honor her on this one occasion. Especially so can we do this when we think of her as the one "Who ran to kiss me when I fell And would some pretty story tell; Or kiss the part to make it well. My mother."

The editor of The Enterprise is in Fort Worth this week, hobnobbing with the high-brows in the realms of newspaperdom, and blinking at the bright lights of the city, dodging autos, and indulging in sundry pastimes dear to the heart of the rural resident hog-wild-loose in a big noise like Fort Worth. He may have been hit by a jitne-bus, for all we know, because we read in the papers that city folks—born and raised there—sometimes get hit, so, we figure, what chance has he from the country. Be that as it may, the Cub's on the job in the Enterprise office, hitting on six though the windshield is a little foggy, and direction uncertain. So, if the rag does't come up to expectations this week, its because the editor's away, attending the big convention of the Press Association and we don't care whether we work or not until he gets back. Some poet, besides Shakespeare once said, truly: "When the cat's away," etc. Well, that's us.

Doings at Saragosa

John Oates shipped three cars of cattle to Stratford Thursday.

Lee Harbert and family of Weatherford, were here visiting friends and relatives last week.

Well, everybody seems to feel better after the good rains which fell last Thursday and Saturday.

Next Sunday Rev. C. A. Dickson will preach a special sermon, and in the afternoon the Liberty Bond Honor Flag will be raised.

Rev. B. G. Richbourg was here on Monday of this week, leaving for Pecos Tuesday accompanied by Bro. Dickson where they attended a board meeting.

George Teague was in charge of the Popham & Bolton cattle shipped to Stratford last week. He will visit with relatives near Amarillo before he returns.

Last Thursday Popham & Bolton shipped seventeen cars of cattle and two cars of horses to Stratford, Texas, to be pastured. They also shipped a car of cattle to Fort Worth.

An interesting meeting of the Saragosa-Balmorhea Red Cross Society was held at Balmorhea Monday night. An entertainment for the benefit of the Red Cross will be held at Saragosa Monday night, May 20th, and at Balmorhea Wednesday night, May 22nd. A street carnival also will be held at Balmorhea Saturday afternoon and night, May 25. The entire proceeds of these will go to the Red Cross.

John and Robert Conger found an old powder-horn, containing powder, last Monday evening and proceeded to celebrate with it. They poured the powder into a glass, and John shielded the flame of the match while Robert proceeded to set the powder off. The powder, unfortunately did not wait until the boys could get in a clear, and the explosion following was to them disastrous. John was burned around the face and neck, while Robert was severely burned on face and neck also, but John was in shape to answer roll call at school the following Monday morning, but Robert is yet confined to his room.

TO RAISE FLAGS AT SARAGOSA

The patriotic citizenship of Saragosa has set aside next Sunday, May 12th, as Flag Raising Day, and in the afternoon, with appropriate ceremonies, Old Glory will be unfurled to the breeze. In this ceremony will also be included the raising of the Honor Flag, signifying that the people did all that was required of them by the Government in contributions to the Third Liberty Loan—Saragosa went "over the top".

WRITER HERE FOR DATA FOR BOOK OF PECOS SECTION

"Valuable historical data and interesting true stories about Pecos and vicinity," was the object of the visit here Wednesday and Thursday of Carl Graham Raht of Fort Davis, who is writing the "history with a punch" of Southwest Texas. "My book will extend from the first days down to the present summer," Mr. Raht said. "I am not boosting anybody or anything, and I don't have to in connection with Pecos. This little town speaks for itself, and of course it's old history and its ultra modern history will be in my book I am keeping strictly away from that punishment Satan must use for his worst patients—dry-as-dust history, and am doing something out of the usual, that is, popularizing history by getting in things that have a thrill or a laugh. At least, that is what I am trying to do, and people will have a chance to see for themselves in late summer." Mr. Raht was interviewing some of the old-timers here. Accompanying him was Barry Scobee, his business agent. Mr. Scobee formerly was editor of the Fort Davis Post, and previous to that was engaged in editorial work on the San Antonio dailies. Mr. Raht has been at his task a year and a half, and has covered every road south and west of the Pecos River, clear to the Rio Grande and Ysleta. He is a Texas University man.

PACIFISTS PREACH WAR IN GOVERNMENT PUBLICATION

"Between a worthy war patriotism and a virile peace patriotism there is no essential difference." These are the words of Assistant Secretary of Labor, Louis F. Post, and are put at the head of the latest publication of the Committee on Public Information entitled "The War for Peace," issued this week. With these are joined a statement of David Starr Jordan that "Now that we are in the war the shortest way out is forward." The compiler of the publication is Arthur D. Call, editor of "The Peace Advocate," and secretary of the American Peace Society, the oldest peace organization in the United States. The publication may be obtained free by writing to the Committee at 8 Jackson Place, Washington, D. C. McCall's own position is shown by his statement that, "The Supreme duty of every man, woman and child in America, today is, avoiding panics and hatred of persons, to remember the ghastly offences of a might-loving aggressor, and bend every effort to win and end this war." In thirteen sections from as many separate societies or groups are set forth utterances of American friends of peace who support our Government in its righteous war. "He who proposes peace now either does not see the stake for which the Allies are fighting or wishes the German military autocracy still to control the destinies of all of us as to peace or war." This is from an address of ex-President William H. Taft, now the president of the League to Enforce Peace. "No one should be permitted to cloak attacks upon his Government or aid the enemy under the claim that he is exercising freedom of speech. Unity throughout the Nation is imperatively necessary during the war—dissent would be disastrous, we must win—and division among us would only prolong the war and increase its cost." So writes William Jennings Bryan, former Secretary of State. Among other well-known individuals quoted in this publication are Samuel Gompers, Theodore Marburg, Clarence Darrow, Herbert Hoover, the Carnegie Endowment for International Peace, the World Peace Foundation, the Federal Council of the Churches of Christ in America, and the American Branch of the World Alliance for Promoting Friendship through the Churches.

GIRLS! IT'S YOUR STEP THAT ATTRACTS!

Says Women Pay Too Much Heed to Their Face Instead of Their Corns

Watch your step! A brisk, lively step is what charms more than a lovely skin, but your high heels have caused corns and you limp a little. That's bad, girls, and you know it. Corns destroy beauty and grace, besides corns are very easy to remove.

Rid your feet of every corn by asking at any drug store for a quarter of an ounce of freezezone. This will cost little but is sufficient to remove every hard or soft corn or callous from one's feet.

A few drops applied directly upon a tender, touchy corn, relieves the soreness and soon the entire corn, root and all, lifts right out without pain.

This freezezone is a gummy substance which dries instantly and simply shrivels up the corn without inflaming or even irritating the surrounding skin.

THE THRICE-A-WEEK EDITION OF THE NEW YORK WORLD IN 1918

The THRICE-A-WEEK WORLD'S regular subscription price is only \$1 per year, and this pays for 156 papers. We offer this unequalled newspaper and The Enterprise together for one year for \$2.50.

Practically a daily at the price of a weekly. No other newspaper in the world gives so much at so low a price.

The value and need of a newspaper in the household was never so great as at the present time. We have been forced to enter the great world war and a large army of ours is already in France. You will want to have all the news from our troops on European battlefields and 1918 promises to be the most momentous year in the history of our universe.

No other newspaper at so small a price will furnish such prompt and accurate news of these world-shaking events. It is not necessary to say more.

O. E. S. DELEGATES ARE ROYALLY ENTERTAINED

The Pecos Chapter of the Eastern Star had as their distinguished guests last week the assembly of the Grand Officers of the West Texas District. While here these prominent members of the lodge circles conducted a school of instruction, the account of which will be found in another column in this issue.

On Saturday evening, laying aside their lodge duties, the Pecos Chapter was most happy in entertaining their honored guests with an elaborately appointed reception at the home of Mrs. W. L. Ross, whose palatial brick home is one of the handsomest in West Texas.

The entire lower floor comprised the reception suite, and was florally beautiful for the occasion with spring blossoms and ferns, making an effective setting for the receiving line composed of the guests of honor and the officers of the Pecos Chapter. Mrs. Ross opened the door and in her always hospitable manner welcomed the guests and presented them to Pecos' Most Worthy Matron, Mrs. Ethel Reynolds, who wore a most becoming gown of white chiffon elaborately beaded in blue. Mrs. Reynolds then presented the guest to the District Grand Deputy, Mrs. Sebitts, of Higgins, Texas, who wore a handsome creation in black lace and carried carnations. Next in line was Mrs. Lora B. Pence, of El Paso, Assistant Grand Deputy, who was gowned in gorgeous grey georgette crepe with arm bouquet of carnations. Then came those in prominence in the Pecos Chapter: Miss Sadie Collings, Associate Worthy Matron; Mrs. Elmer Johnson, Conductress; Mrs. Margaret Yarbrough, Marshal.

In the music room a most enjoyable program was given, the numbers being: Reading "The Liberty Bond" by Ione Krauskopf; Instrumental solo by Miss Mildred McCarver; Reading, "Who's Afraid," by Callie Ross; Vocal Duet, "I Live For Love," Misses Nannie Mae and Warren Collings, who, responding to an encore, rendered "Keep the Home Fires Burning." Reading, selected, by Mrs. Yarbrough, who also responded to an encore with an enjoyable humorous number. Instrumental duet, by Misses Irene Prewit and Ora Pruett.

After this pleasant feature the dining room doors were drawn back, disclosing the festive board laid in handsome lace cover, and centering the table was a beautiful embossed emblem star cake. Streamers of dainty ribbon lead from the cake, marking the guests' places with small hand-painted stars. The colors were artistically carried out in the green, red, yellow, blue and white points of the stars. The charming Misses Collings cut the cake and served the guests with ices. Thus gathered round their emblem the bonds of fraternal friendship and sisterhood encircled each and every one, making a most happy finale of this delightful affair.

BARACA CLASS ENTERTAIN WITH "HOOVER BANQUET"

To celebrate their reorganization and to discuss plans for future work, the Baraca Class of the Baptist church and several invited friends were guests at a "Hoover Banquet" in their class room at the church last Friday evening. The young ladies' class, the Euzelians, were in charge of the serving and to them is due much praise for the evening's enjoyment.

G. S. Skeen, teacher of the class, acted as toastmaster and stated the object of the banquet. The president of the class, Charles Hefner, welcomed the members and visitors and assured the Sunday school superintendent and the church's pastor of the Baracas' willingness and desire to be of assistance to them and asked the class to be called upon at any time. A. G. Taggart, Sunday school superintendent, thanked the class for this offer of help and cooperation and stated that he would gladly avail himself of same and assured the class of his interest in their work. Rev. Knight spoke along the lines of the Baraca work, and gave the class some valuable suggestions and timely advice, stressing the idea of team-work.

Short talks were made by Dr. O. J. Bryan, who, unfortunately, was called away before the completion of his talk, Van Camp, J. D. Woods, T. E. Brown, Walter Browning and others, expressing their appreciation of the evening's pleasure and bespeaking for the class the best of success.

DEATH OF JOHN Y. LILLEY

On yesterday morning, May 9th, a pall of sadness was thrown over our city when the announcement was made that our friend and fellow-townsmen, John Y. Lilley had passed away at his home here. Mr. Lilley had been ill for a little over three weeks, and his case was not considered serious until the last few days, when complication set in that baffled the skilled physicians and care of loving hands.

John Y. Lilley was born November 15, 1869, at Delhi, La. On January 30, 1907 married Miss McVea. This happy union was blessed by two sons, and one daughter. One son, John Y., Jr., preceded the father to the great beyond, dying September, 1915.

Mr. Lilley first came to Pecos in 1908, engaging in the grocery business. In 1912 he returned to his native state, Louisiana, remaining but two years, when he returned to Pecos, entering again into the retail grocery business. At the time of his death he was one of the partners in the Leader Cash Store.

Mr. Lilley was a good man, honest and upright, and had not deferred until too late the making of his preparations for eternity. He was converted three years ago and united with the Presbyterian church, and even though this life is now made sadder for his loved ones on account of his going away, yet they can rejoice in the knowledge that the flight of his spirit into yonder world will make the heavenly realms the brighter for them when they are called into the great beyond.

He is survived by his wife, a son, Thomas, and a daughter, Elizabeth. Also a sister, Mrs. Williams, of Fayetteville, Ark., who was present with the family when the end came, arriving but a few hours before.

Funeral services were held this morning at ten o'clock at the family residence, conducted by Homer L. Magee, minister of the Christian church, there being no resident Presbyterian minister here. Burial was made beneath a mound of beautiful flowers at Fairview Cemetery beside the little son gone on before, a beacon to guide the father.

With the many friends of this fine family, now heart-broken by the bereavement, The Enterprise extends its deepest sympathy.

OBITUARY

From the fact that the subjects of the following short notices being known to many of the residents of Pecos, The Enterprise was requested to reproduce them in its columns.

They both are clipped from the Times-Herald of Santa Fe, N. M., the first bearing date of December 28th, 1917, the last that of April 9, 1918:

The funeral services of Miss Myrtle Wheeler, who died in Santa Fe, N. M., Saturday, was held this afternoon at 3 o'clock from the undertaking establishment of the John Fall Undertaking Co. She was the daughter of Mr. and Mrs. N. D. Wheeler of Mart, and had been in New Mexico for her health for about a year. The Wheeler family is one of the oldest in this section.

Mrs. Hallie R. Wheeler died today at her home, 205 Chapelle street, after an illness lasting a year. She was 46 years of age.

Born in Waco, Texas, Mrs. Wheeler resided there most of her life. She came to Santa Fe in October of last year on account of poor health of one of her daughters. She made many friends during her sojourn here who will regret to learn of her death. She was a member of the Baptist church of this city. She belonged to the United Daughters of the Confederacy.

"SAVE THE WASTE AND WIN THE WAR"

Who'll Furnish Eyes for the U. S. Navy

BINOCULARS, SPY-GLASSES AND TELESCOPES NEEDED BY U. S. AS FORMER SUPPLY CAME FROM CERMANY

Binoculars, spy-glasses and telescopes are urgently needed by the U. S. for naval work. Our supply of lenses came from Germany, and the demand is great.

If you have anything in this line, send it to the Assistant Secretary of the Navy, at Washington, D. C. If the glasses can be used you will receive one dollar and a heart-glow; if not, they will be returned to you.

Furnish "Eyes for the Navy," so that its gallant fight against the sea outlaws may be prosecuted to final victory.

We publish, for the encouragement of the good work, a letter just received by Judge Ross:

Mr. Jas. F. Ross, Pecos, Texas.

Your prompt and patriotic response to the Navy's call for binoculars, telescopes and spy-glasses, is most appreciated. The glasses will be very useful in the prosecution of naval operations until victory is won.

At the termination of the war, if possible, every effort will be made to return them to you, when it is hoped that you will feel compensated for any evidence of wear, by the knowledge that you have supplied "Eyes for the Navy" during a very trying period.

On behalf of the Navy I wish to thank you most heartily.

Very respectfully,
F. D. ROOSEVELT,
Assistant Secretary of the Navy.

YOU AND I AND NOW AND THEN

By Orin R. Colle, St. Louis, Mo.

One of these days there will come from "over there" a casualty list of American soldiers that will eat into your soul and my soul. Many of the boys who went "over there" to protect your honor and my honor and your freedom and my freedom will be on the list of dead. They will have given up their lives, even as the Man of Galilee, for you and for me.

NOW, and not THEN, you and I should ask ourselves, "Are we doing EVERYTHING we can to help the Army which is back of the Army?" The Army Back of the Army is the great American Red Cross. The Red Cross is one of the biggest agencies for winning the war for the Allies. We are going to win the war, of course. But when? NOW is the time to consider that question, too. NOW is the time for you and for me to do EVERYTHING WE CAN for the government of the United States and for the rest of the Allies. And we ought to go to the depths of our hearts for the answer to the question: "Are we doing ALL we can?"

The American Red Cross is the very backbone of the American expeditionary forces. It cares for the soldier's family while he is away, if the family needs care; it cares for the soldier himself, both on the way to the battlefields and after he arrives there; the great American Red Cross MAKES the MORALE of not only the American forces overseas but the forces of the other Allies as well. We are going to win the war, yes, but we are not going to win it without the support of the American Red Cross.

And so, as I said before, one of these days we are going to get our first big casualty list from "over there," and your boy or your neighbor's boy will be one of the dead. TALK, with tears in our eyes and lumps in our throats, realizing at last that the boys "over there" have made the Supreme Sacrifice, realizing that they gave us LIFE by embracing DEATH, then—THEN—

But THEN will be TOO LATE. What about NOW? This is OUR hour to act; this is our hour to rally around the Red Cross; this is our hour to join that greatest of all great humanitarian organizations; this is our hour to help make a success of the Christmas membership campaign which has for its purpose the enlistment of 10,000,000 new members by Christmas eve; this is our hour to take to our hearts the Red Cross flag, the flag which stands not only for relief, not only for the care of OUR boys "over there," but also for the MORALE which is necessary for winning the war.

If YOU and I do not belong to the Red Cross we are prolonging the suffering of our boys in France, because we are prolonging the war itself.

Christmas day there will be flashed to the battlefields the inspiring message that 15,000,000 American men and women have joined the American Red Cross and have signified by that action that they are going to back up our boys in the trenches until the show shall have been fired that will mean that the world has been saved for democracy!

Let us act NOW, not THEN, you and I.

Our Weekly Letter From Camp Travis

SCHOOL TO TRAIN IN Y. M. C. A. WORK STARTED—BASEBALL LEAGUE ORGANIZED AND OUR BOYS ARE HAPPY

The only school of its kind in the entire world, located just inside the grounds of Camp Travis, was dedicated recently. It is the Southern Department Training School for the Y. M. C. A. and is operated exclusively for the training of Y. M. C. A. secretaries for war work in the United States and on the battlefields of Europe. It expects to turn out one hundred graduate secretaries per month, the course of instruction embracing every phase of "Y" secretary activities. A. B. Nicholls, for ten years connected with the Boston City Y. M. C. A., which has a membership of 5,000 is dean of the new school. The first terms began April 8, with fifty-three students enrolled, and ended April 29. The school will continue in operation until the end of the war, as the demand for Y. M. C. A. secretaries in this country and abroad is steadily increasing. Only men over draft age, or within the draft age, who are physically disqualified from army service, will be employed in the future, and hence men of character and standing in their respective communities who can qualify have an excellent chance for this branch of the work.

Camp Travis is to have a baseball league by "command of Major-General Allen." So far as it goes, pretty nearly everything is by command of somebody at Camp Travis, but it doesn't take much disciplinary action to encourage the men to get into baseball. The take it without any urging at all. But the powers that be found that a good baseball man makes a good soldier, or a least a better soldier than a man who never played. So each battalion is to hold a series of games to decide the champion team; battalion champions are to compete with the regiment to decide the regimental winners; then regimental teams are to fight it out for the honors of the division. Regulations have been issued for the selection of umpires, deciding of protested games and recording of scores. The officers and men not on actual duty are requested and expected to attend games whenever their teams play, as a failure to do so shows lack of "esprit de corps" which is essential for military efficiency, says the order from Division headquarters. Well, they are there when the game is pulled off—any hot absolutely dead could tell that from a distance of a quarter of a mile. As for rooting, these soldiers can put to shame any college that ever was. They have developed the capacities of the human vocal cords to an amazing state of effectiveness.

He used to be a chauffeur to the commanding general of the 90th Division, but now he has a huge war tank to drive and a gold and black hat-cord to wear on his hat. The promotion of this enlisted man to the rank of commissioned officer is merely what is going on throughout the army, for if anything comes by merit it is advancement in the National Army. Sergeant Roy. C. Campbell, as he used to call himself, has had several years service in the army. Enlisting April 27, 1915, at Fort Slocum, he served for a time with the Engineers, then with the Motor Truck Group No. 1 that went with Pershing into Mexico. On his return to Fort Sam Houston he entered the government school for chauffeurs and mechanics and was afterwards selected by Major General Henry T. Allen as his private chauffeur. He is now second lieutenant and his promotion came as a surprise to himself. He is now at Camp Colt, Gettysburg, Pa., at a training school for officers assigned to the tank service.

Clém Calhoun, who went from this county, a private in Co. B., 315th Military Police, at Camp Travis, has just finished the prescribed course at the Third Officers' Training Camp, conducted at Camp Travis. Private Calhoun came through the Camp with flying colors, his grades were exceptionally good and he was recommended for a commission as 2nd Lieutenant of Artillery and expects to be commissioned real soon. His fellow soldiers join in hearty congratulations.

WHAT THE RED CROSS IS DOING AND WHAT YOU CAN DO

NURSING SERVICE DEPARTMENT.

The Bureau of Nursing Service opens wide the door to a professional career full of satisfaction and distinction. The number of registered trained nurses in this country is barely adequate in times of peace, and there is every indication that the demand for experienced nurses will continue for many years after the war has ended. It is of vital importance now that women in great numbers be enrolled in this service. Our schools of nursing, our civil hospitals are to women what the training camps are to officers and men. Hundreds of nurses have already been drafted. The supply will be utterly inadequate unless qualified women rally in large numbers to this call of duty.

The Surgeon-General of the United States Army has stated that 40,000 trained Red Cross nurses will be needed to minister to our army before another year has passed. The War Department and the Red Cross therefore call upon the womanhood of America to enter at once upon a course of training. The emergency is so great that the training course has been reduced from three years to two, and the age limit for Red Cross service which formerly ranged between the ages of 25 to 40 has now been extended to embrace all between the ages of 18 and 45. Excellent training courses are available at all the large hospitals throughout the country.

Nursing education not only prepares for a large variety of professional fields, but is an excellent preparation for home and family life and for public service in many ways.

Almost upon enrollment the student begins her service to the community in helping to care for the sick, as a part of her instruction and training.

Life in most schools is healthy, wholesome, simple and regular. It is full of vivid human interest, the student sharing in deepest realities of life.

The graduate of a good school steps at once into regular professional life and work with an assured livelihood. No weary struggle to get a foothold—to show what she can do. The hospital has carried her over that stage. Her work is ready and waiting for her if she successfully completes her training.

The student is at no expense for tuition, board, lodging, laundry, uniform, etc., in the great majority of schools. Only a few schools charge a tuition fee for preparatory course. The student is also cared for in illness.

Salaries compare favorably with salaries of other trained women. In some fields they are higher than the average. Especially is this true of teaching and administrative work either in institutions or in public health nursing. Opportunities for advancement are many and steadily increasing.

Our schools of nursing, our civil hospitals, are to women what the training camps are to officers and men. Hundreds of nurses have already been drafted. The supply will be utterly inadequate unless our qualified women rally in large numbers to this call of duty. Enroll as a student and begin your preparation to meet your country's need for large numbers of highly trained nurses—not only for war service under the American Red Cross, but also for peace service of the greatest importance.

Hospitals and schools of nursing need an ample student nursing service, composed of well-educated, high-principled, capable and devoted young women who are in training to become expert, skilled, competent nurses. All

ARMY RECRUITERS TO "GO OVER THE TOP" THIS MONTH

The record for volunteers in the army will be broken this month, according to Capt. F. W. Fonda, District Recruiting Officer at El Paso, Texas, in a recent interview with an international news representative.

"The reason for this," the Captain stated, "is because the young men of this country realize the best interests of the nation have to be considered by Congress in passing the bill requiring all men who have reached the age of 21 since June 5th, 1917, and as they shall attain that age, to register. The bill has already gone to the President's desk, and will, as soon as signed by the President, become a law. Under existing orders, registrants are not allowed to volunteer through the recruiting officer under any circumstances, and such orders would thus preclude the new men who register, unless we should receive instructions to the contrary, which is improbable on account of the extra work upon local boards in ascertaining and recording credits for volunteer registrants. I have instructed members of this party to make an effort to give every man an opportunity to volunteer while he still has a chance to choose the branch of the service he prefers. We are accepting men every day for the infantry, cavalry, field artillery, coast artillery, signal corps, medical department, ordnance corps, veterinary corps, mining and railway organizations. In fact, practically all the branches of the service are open for voluntary enlistments to men who are not registered for the draft and who come within the prescribed ages. Men of my command are stationed in the larger towns throughout the district for the purpose of furnishing applicants information regarding the service, and if one of my men does not happen to be readily available, a letter addressed to me at the Herald Building, El Paso, Texas, will promptly obtain the information."

FOR THE SAFETY OF TEXAS SAMMIES

Those boys who left home just a short time ago are carrying the flag—the Stars and Stripes with its message of liberty toward Berlin. It's not an easy journey for them. Some of them will never reach Berlin and some will never come back home again. Hunnish bullets may cut them down or maim them; poison gas may suffocate them and barb-wire entanglements mangle them. They must fight for days at a time hip-deep in mud and slime. But they are carrying forward the flag—ready to give up their lives that German autocracy may be crushed. They are glad to do it; they only ask to serve that they may save their folks back home in old Texas from the fate of Belgians.

What Are You Doing?

Just what are you doing to back up the boys who are giving up their all—life itself, if needed—to protect you here at home? Are you carrying the flag here in Texas or are you hiding behind it and letting the boys do all? Their shoulders can't bear all of the burdens. They can't do everything for you. If the Texas men in France are to beat the Boche and come back home, they must have the cartridges your Thrift Stamps will buy; they must have the guns, clothes and food your War Savings Stamps will get for them. Are you going to refuse to save your money, are you going to keep on using non-essentials, are you going to refuse to buy Thrift Stamps and War Savings Stamps when the Texas Sammie laddies are crying to you for the aid that only you can give? Remember that your boy or your neighbor's boy is over there or they soon will be. Don't they mean something to you? Prove it, then, by saving and buying War Savings Stamps. They save soldiers and sailors, and they make money for you.

—w.s.s.—

Societies Will Save

For every company of soldiers in the field or training in the army camps there should be a War Savings Society here at home. War Savings Societies will save soldiers; they are made up of people who have taken the pledge to save their money and invest as they can in war-winning War Savings Stamps. War Savings Societies will aid those boys in getting to Berlin and they will make more certain their return to home and Texas. If you can't be in the khaki-colored ranks, at least be in the company of soldier savers here at home by joining or forming a War Savings Society. Are the boys over there asking you to do too much for them when they request that little favor of you?

—w.s.s.—

That each county may get credit for the War Savings Societies organized in them, the secretary of every War Savings Society should not fail to report their formation to Louis Lipsitz, State Director of the National War Savings Committee, Dallas, Texas. The regulations require that two blanks, L3 and L4, which may be obtained from the State Director or the County Chairman, shall be filled out and mailed to Mr. Lipsitz.

Long trains, locomotives half hidden in steam clouds, are grinding and lurching and pounding their way over

the rails to the east. They are carrying Texas soldiers—your boy and your neighbors' boys—to the ports from where they will sail for France to fight for you who remain at home. They are going—going with prayers in their hearts, smiles on their lips—going to fight for you. Their only hope is that their efforts will save Texas for Texans, America for Americans. They hope to come back when the job is well done and Wilhelm is written as plain Bill. Whether they will return is a matter that rests largely with you. Are you investing in Thrift Stamps and War Savings Stamps which supply the Texas boys with ammunition, food, clothing and things that they need?

Serve and Prosper

Money put in War Savings Stamps now saves the lives of men. Less than five years from now the same money will be paid back to you with added interest. You can't lose if you invest in War Savings Stamps, but if you don't buy War Savings Stamps the boys over there will lose—lose their lives, lose the war. Their loss will be yours—what then belongs to you will be the property of the Kaiser. Buy War Savings Stamps now and you and the boys will never lose. Save the boys and save yourself by saving and investing in Thrift Stamps and their bigger brothers, War Savings Stamps. What more could one ask than the privilege of doing his duty and adding to his pocket-book at the same time? War Savings Stamps give you the opportunity. They are Government bonds of small denomination; they differ from other Government bonds only in price. They bear interest for the owner.

—w.s.s.—

Societies Sink Subs

If those Texas sailor laddies come marching home again there must be a War Savings Society for every company of them. Americans have but two big duties today: They must either fight or help the fighters. War Savings Societies will save sailors. They have a man-sized work to do—those sailor laddies and marines from Texas. They have to keep the Kaiser's war boats bottled up in Bremenhaven where they will do no harm to America and our allies. Their duty is to prevent the Hunnish undersea water-wolves from torpedoing our transports and sending Texas lads to join the Tuscania's silent dead. They gladly risk their lives to save the men who marched away from home such a short time ago, or who soon will go.

—w.s.s.—

Records of the State Director of the National War Savings Committee at Dallas show there are a number of counties in the State which have no War Savings Societies to their credit. Is your county one of these? Has your secretary reported the organization of your Society to the State Director? See that your Society's organization has been reported. Use forms L3 and L4 to make the report. Get them from your County Chairman, fill them out and mail to the State Director at Dallas.
