### W. W. Stewart Asks Preferential Primary

PROPOSAL WILL SIMPLIFY MATTER OF PEOPLE ELECTING A REPRESENTATIVE FROM THIS SECTION

Hon. Ben Randals, Pecos, Texas.  
Dear Sir:

I have announced my candidacy for the nomination for Representative from the 120th District. You have heretofore made a similar announcement.

Never in the history of our country has it been more imperative that our people exercise prudence and thoughtful consideration in the selection of their servants. In order, therefore, that the men and women of the district may be advised touching the choice of those with whom you and I come into daily contact. I suggest that we submit our candidacies to a preferential primary of the voters of Reeves and Loving counties, with the distinct agreement that the man receiving the minority vote shall withdraw from the race. I further suggest that such primary shall be held on Saturday, June the 15th or 22nd, by two judges at each polling place, one or both to be selected by you.

I feel that we owe it to ourselves and to the people of the district to thus simplify the selection of a Representative, to the end that we may have at Austin in this day of grave and serious problems a public servant chosen intelligently in a campaign free from the hazards of a three-cornered race.

As you have necessarily expended considerable money in your campaign thus far, I deem it but fair to offer to bear the entire cost of the preferential primary, and sincerely trust that you will join me in this effort to reduce to a minimum the chance that our people may make a mistake in the selection of a representative. Please advise me immediately whether you accept the proposition herein made by you.

I am handing a copy of this letter to the Pecos Enterprise for publication.

Yours very truly,  
W. W. STEWART.

—WSS—  
RAY HARRISON PROMOTED TO SECOND LIEUTENANT

The War Department, in a letter to Tom Harrison, this week, notifies him that his son, Ray, who has been in the heavy fighting in France for some time, has been promoted to the rank of second lieutenant.

As no other particulars were contained in the letter, it is natural to suppose Ray's promotion is the direct result of bravery in action, as it is a well-known fact that the Sammies in the sector where Ray's regiment is, have no time to study for advancement. In the German offensive in April, it is a well known fact that the British before Cambrai collapsed and left an opening in the line which, if only known to the Huns in time would have resulted disastrously for the Allies. When finally they discovered the breach and tried to advance they were met by the Engineer regiment of which Ray was then sergeant, and, after fierce hand-to-hand fighting the Huns were pushed back, and as a direct result Paris is still the doubtful objective of the kaiser and his hordes. Among others Ray was cited for a medal, and now comes a commission—both well deserved.

Tom and Mrs. Harrison are justly proud of their boy, and their friends rejoice with them and congratulate them.

—WSS—  
EX-VICE PRESIDENT FAIRBANKS IS DEAD

Charles Warren Fairbanks, former vice-president of the United States, died at his home in Indianapolis, on Wednesday night, June 5th.

Death was due to intestinal nephritis which had been a chronic ailment with him but not regarded as particularly serious until recently. All the members of his family except Major Richard Fairbanks, who is in France, were at his bedside.

### Americans Smash Attack by Huns

GERMANY'S TACTICS EVIDENCE THAT WEIGHT OF YANKEES WHOM THEY BELITTLED IS WORRYING THEM SOME

A dispatch by the Associated Press from the American Army in Picardy, dated yesterday, states:

American marines attacked the Germans at dawn this morning and gained three and one-half kilometers over a four kilometer front and captured 100 prisoners in the Chateau-Thierry sector. The French attacking at the same time on the left, took 160 prisoners.

The Americans now hold all the important high ground northwest of Chateau-Thierry.

The marines again attacked at 5 o'clock this afternoon, and this battle still rages.

The fight started at 3:45 o'clock in the morning and the Americans had attained all their objectives at 7:45 o'clock. The Americans have been pressing the Germans so hard that the enemy has been forced to throw three new divisions of its best troops in the line during the last three days.

The Americans are like tigers. Their commanders have all they can do to hold them back. Even the wounded are enthusiastic and eager to fight. They are proud of their wounds. A general who visited the field dressing station says he was elated at the sight.

The Americans sang and whistled "Yankee Doodle" and cheered as they went over the top. They made their way swiftly through the German's dead that lay strewn in no man's land. In addition to prisoners, Americans captured 10 machine guns. German prisoners said they had not been fed in four days, owing to the deadly fire from the French and American guns, which prevented the bringing up of supplies. These Germans were without helmets. They were tired of war. They were told by their leaders that it was British who were opposing them, being afraid to tell them it was Americans.

Veully Wood was also cleared of Germans by the Americans whose guns were thundering against the enemy this evening. The fiercest fighting was in progress at last reports, near Torcy, which lies about 2 1-2 miles east of Veully.

The French attack this morning was to straighten out the American line, and it was a brilliant performance. In this they were assisted by the American forces. American infantry cleaned out one group of 35 Uhlans who were mounted.

"Don't let one escape," shouted a big American. All but one was killed—he was captured.

The Americans advanced in a solid phalanx, their strong, determined faces and great physique a great inspiration to their gallant French comrades, who now regard them with brotherly affection.

On Tuesday the Americans faced a Saxon division; on Wednesday a Guard division; today a crack Prussian division and also a battalion of famous Jaeger sharpshooters. The Americans caught one scouting party of eight sharpshooters and killed all. Soon after the attack this morning the Americans carried Hill 142 (two-thirds of a mile south of Torcy), the highest point in this vicinity and then swept on stopping at the foot in a wheat field on the other side, where they raked the Germans with machine gun. One machine gun company of the enemy was almost annihilated. The Germans had donned French uniforms, but the Americans, forewarned, poured volleys of fire into them. One German had no less than 32 wounds. Among the captured were two officers.

German wounded that were captured were rushed to the hospitals and given quick treatment.

Some of the Germans said they had been told that the Americans were not trained, but they had found the Americans could shoot.

Nearly all along the line the German offensive is checked and all attempts to advance results in their being thrust back. The tactics of the Allies are purely of a defensive character, with the possible exception of the fighting of the Americans,

## To the Car Owners

One of the most troublesome and expensive parts about your car is the tires :

You sometimes hesitate as to the kind of tires to buy and whether one is worth repairing or retreading :

We are doing an Extensive Vulcanizing business, and we have the machinery and experience to Give You Firstclass Work :

### Ed Valentine Killed by Sanderson Citizens

AFTER KILLING SHERIFF WHO ATTEMPTED TO ARREST HIM HE IS SHOT TO DEATH BY POSSE OF SANDERSON

On Tuesday of this week Ed Valentine shot and killed Sheriff Anderson of Terrell county, at Sanderson, when the officer attempted to arrest him for an alleged disturbance of the peace. Valentine, after the killing, took refuge in a house near the scene of the killing where an hour later, he was killed by a posse of Sanderson citizens.

Sheriff Anderson, reports state, was held in high esteem by the people in that section and had a fine record as peace officer. He is survived by a wife and daughter.

Ed Valentine is well known in this section, and was a resident of Pecos for many years, and two years ago he moved to Fort Stockton, and, recently, to Sanderson.

—WSS—  
FOR REPRESENTATIVE

Mr. W. W. Stewart announces in this issue for the office of representative from the 120th District, subject to the Democratic primaries. Mr. Stewart has been a resident of Toyah Valley for the past seven years where he is held in the highest esteem by his people as well as by all who know him in Reeves county.

He is now serving his third term as Secretary of the Board of Directors of Reeves County Water Improvement District No. 1, having been elected to that office when the organization was made. He is one of the largest individual irrigation farmers and stockmen in Reeves county, and has made a success in that line. Mr. Stewart has been one of the hardest workers in Toyah Valley for the Liberty Bond and War Savings Stamps sales, and in raising funds for the Red Cross. He is also a member of Toyah Valley Good Roads Association, the Texas Cattle Raisers' Association and, in fact, is at his post of duty taking an active interest in everything for the betterment of Toyah Valley and Reeves county.

He asks for your support and should he be elected The Enterprise has no hesitancy in saying that it firmly believes our district will be well and satisfactorily represented in the halls of the Texas Legislature.

—WSS—  
GOOD RAIN VISITS PECOS

A fine rain, approximating the one inch mark, fell in Pecos and vicinity yesterday afternoon and freshened things considerably. Reports are to the effect that although there has been no general rain, most localities in West Texas were visited by copious showers the past week, and the effect has been to put a new stimulus into the cattle industry.

### "Pledge the President" is the Stamp Slogan

INVESTMENT OF \$20 EXPECTED OF EVERY MAN, WOMAN AND CHILD IN STATE TO REACH QUOTA FOR TEXAS

Dallas, Texas, June 7.—"Pledge the President," will be the slogan under which the United States Treasury Department and the National War Savings Committee will operate the June drive in Texas for pledging of the \$91,000,000 War Savings Stamp quota which Secretary McAdoo has assigned to Texas.

On June 28, National War Savings Day, Louis Lipsitz, State Director of the National War Savings Committee, has pointed out, every adult taxpayer and wage earner authoritatively called by presidential summons to attend the meeting in his school district, will indicate to the President the greatest amount he can save and invest in War Stamps by December 31st.

While the War Savings quota for Texas has been made on the basis of an investment of \$20 from every man, woman and child in the State, the Government will not consider such a pledge sufficient for any person who can make a much larger pledge.

Stressing the importance that the Government attaches to National War Savings Day, a personal letter has been written by Mr. F. A. Vanderlip, National Chairman of the War Savings Committee to every county War Savings official in Texas.

"We can hardly compare the services we are rendering to that of the soldier who lays down his life," Mr. Vanderlip said, "yet in doing this work and pledging the people of the Nation on June 28, National War Savings Day, to save and economize and invest in War Savings Stamps, we are backing up the boys in khaki and rendering a service second only to that of the soldier who goes over the top.

"The entire cost of the war to the United States and its Allies up to August 1st will be approximately \$155,600,000,000," Mr. Vanderlip pointed out. The United States Congress has already appropriated \$21,000,000,000 for the present fiscal year.

Remember that this money, however, has been appropriated, not raised and actually in the treasury. The War Savings Campaign is the foundation upon which the Government is resting its hope of raising this money. Of course the whole of the \$21,000,000,000 will not be raised in War Savings Stamps alone, but it is the war savings lesson, practiced through the medium of War Savings Stamps, which will make possible the raising of this great sum of money.

PLEDGE THE PRESIDENT!

### Definite Wheat Program Effective June 5

ACTION IS RESULT OF MEETING OF BAKERS AND PROPRIETORS OF PUBLIC EATING PLACES, HELD IN DALLAS

As a result of a conference between a delegation of bakers and proprietors of public eating places, of Dallas, with officials of the Federal Food Administration for Texas, last Friday morning, it was decided to ask the United States Food Administration to approve of the following program:

"On and after June 5th, public eating places, with the exception of restaurants, hotels, clubs, dining cars in Class 1, and now on a wheatless basis, be forbidden to serve any bakery products containing more than one-third wheat; pies, cakes and pastries to contain no wheat products whatever when dispensed in public eating places."

Henry Stude, president of the National Association of Master Bakers, strongly recommended for the Bakers of Texas, that until such time as the wheat crisis has passed no Victory Bread be sold by licensed bakers to public eating places of any character whatever.

The Dallas delegation consisted of Will Klebe, Joe Schepps and Ed Goodman, representing the bakers of Dallas; R. T. Adkins and G. M. Hatch the restaurateurs; and Mrs. C. L. Hamil, Inspector for the Federal Food Administration at Dallas. The conference was presided over by R. A. Parker, Director of the Hotel, Restaurant and Bakery Division, and R. F. Crow, first assistant to Administrator Peden.

—WSS—  
TO WOMEN VOTERS

Owing to the fact that the attorney general has made two or three rulings in regard to women registering, this is to notify all that the last ruling is to the effect that all women who vote will be required to register. The tax collector's office will be open from June 26th, to July 13th. The tax collector will also spend one day in each precinct in order to make it more convenient for those who do not desire to go to the county seat. Dates will be advertised later.

—WSS—  
TOM HARRISON, Sheriff and Tax Collector.

who are giving Fritz a taste of what is in store for him when the Sammies arrive in force.

The entire week has been favorable to the Allies, whose lines are being strengthened while the enemy checked at every point seeks some weak point to gain his objective.

The activities of the U-boats in our home waters is a negligible quantity when viewed from a military point of view. It has gained not the slightest possible advantage and is merely an extension of their endeavors in frightfulness.

### Y. M. C. A. Workers are Needed Overseas

GOVERNOR HOBBY APPEALS TO TEXAS MEN CAPABLE OF DOING WORK OF THIS KIND TO ANSWER COUNTRY'S CALL

Recognizing the urgent need for overseas workers under the banner of the Army Y. M. C. A., Governor Hobby of Texas, has issued the following statement to his people urging able-bodied men above draft age and under fifty years to volunteer their services to this cause:

"My attention has been called by representatives of the War Work Council of the Young Men's Christian Association, who were my guests last week, to the pressing need for men in France, which need has been expressed through General Pershing and Ambassador Sharpe. It gives me great pleasure to lend my influence and support to this worthy organization in its attempt to meet the demand. In addition to the regular work of the association which demands men specially trained for religious, educational and athletic work General Pershing has turned over to the organization the entire canteen business for the American Expeditionary Forces. This action of General Pershing has increased tremendously the need for men who are expert accountants, bankers, merchants, trained transportation men, and general all-round business men. I am anxious that Texas shall do her part in sending men who are equipped to do this service. It offers a splendid opportunity for those who are anxious to serve the country in this critical time but who are kept out of the army on account of the age limit. No men are taken for this service who are under 31 years of age or over 50. They must be men of good character, men who are thoroughly sympathetic with the aims of the Nation and men who are willing to serve co-operatively with the organization overseas.

"Because I am not able to attend the matter myself, I have asked Mr. Thomas W. Currie, 2200 Guadalupe Street, Austin, Texas, if he will not act as my personal representative in receiving all correspondence from those who are interested in offering themselves for this service. It is my frank judgment that there are hundreds of men prominent in this State who ought to offer themselves immediately for this branch of the service."

—WSS—  
STOCK SHIPMENTS

Saturday W. W. Stewart shipped two carloads of sheep from Balmora, via the P. V. S. and Santa Fe roads, to Kansas City.

Tuesday John Camp shipped a carload of cattle to the Fort Worth market, loading out at Riverton.

### The Congressional Race in 16th District

#### A CHANCE AND A CHALLENGE FOR PROHIBITIONISTS OF THE 16TH CONGRESSIONAL DISTRICT

So far as we know there are only two candidates for Congressman in the 16th or El Paso District. They are State Senator Claude Hudspeth and Hon. Zach Lamar Cobb. Mr. Hudspeth is a life-long friend and a leader in corrupt liquor politics, a ring-leader in corrupt liquor politics. His name appears frequently in the private correspondence of the brewers produced as evidence in the Sulphur Springs suits, and he is always referred to as the friend of the brewers and their cause. During the recent called fourth session of the 35th Legislature he rendered yeoman service for the liquor traffic up to the very last hour of its life in Texas. He was so earnest in his opposition to National prohibition that he was allowed to vote against ratification, although absent, being in New Mexico when the vote was taken. He did all he could against the State-wide law, and was even paired against the ten-mile zone law, which was purely a patriotic measure. The "Swan Song" of the liquor traffic which he sang just before the session ended, could not in any way affect or atone for the record which he made. It seems unthinkable that a great prohibition district should send to Congress Senator Hudspeth who could in no sense represent the people of that district on great vital matters of government and governmental policy. The Senator is personally a most likable man, and we have nothing but the kindest of feelings for him, but he surely is not fitted in his political beliefs to represent a prohibition district. The prohibitionists of the 16th district have a fine opportunity to elect the right kind of a representative in the candidacy and person of Zach Lamar Cobb who recently gave up the position of Collector of Customs at El Paso to make the race. Mr. Cobb is a prohibitionist all wool and a yard wide; he is a prohibitionist without any if's, and's or but's; he is a prohibitionist that takes it all in from precinct to Nation. This is only one of his qualifications. He is every inch a man, and in full sympathy and touch with the Woodrow Wilson policies, and is just the type that ought to be sent to Washington in this time of the Nation's peril and need.—Home and State.

(Political Advertisement)

### THE SUMMER GARDEN

The following article regarding the care to be used in planting and irrigating summer gardens is by G. D. Everett, garden specialist, Extension Department of the A. & M. College of Texas:

It is now time for the vast army in the increased feed production campaign to consider the summer garden, provided they have not already done so. Vegetables are difficult to grow during the summer without a little water, especially in the sandy localities; however, there are vegetables which will produce during the entire summer in nearly all sections of Texas.

The Tepary, Pinto, Pole Snaps, Pole Lima, Henderson Bush and Texas Speckle Lima Bean will grow and produce beans in most sections of Texas, except in the extreme South.

The cowpeas, such as black-eye and lady pea will also produce a crop. For greens, the Swiss chard, and New Zealand spinach will produce in nearly every section of Texas. Okra, late corn and the vine crops such as cucumbers, watermelons, cantaloupes and pumpkins, will grow and produce food in all sections of Texas. The pepper, tomato, egg plant and sweet potato can also be planted to produce summer food in nearly every section of Texas.

The watering or irrigating of the vegetable garden has been a problem with most people of Texas. One of the best methods of putting on the water is by running it down a furrow close to the plants as possible. When this method is used the soil should be stirred before irrigating. This stirring will permit the land to take up more water.

Where the garden is small and but few plants to irrigate, a small receptacle such as a can, with holes in the bottom placed near the plant can be used to great advantage. This method is not practical when there is a large field to irrigate.

After irrigating the land should be stirred as soon as possible. Irrigation without cultivation has been the ruin of many crops. If the soil around the roots has plenty of moisture, it is not necessary to irrigate. If the soil, when compressed, on the palm of the hand, adheres, irrigation is not necessary.

—WSS—

Mrs. R. Davis and little daughter Ruby Helen, arrived this afternoon from Sonora for a month's visit with Mrs. J. B. Wright and Miss Buena Mae Howard. Mrs. Davis is a sister of Miss Buena and an adopted daughter of Mrs. Wright.

—WSS—

Miss Gladys Prewit, daughter of Mr. and Mrs. Jim Prewit, is expected home Sunday from Abilene, where she attended Simmons College for the past term.

### Rationing of Nation in Hands of Individuals

#### FOR U. S. TO SYSTEMATICALLY SUPERVISE USE OF WHEAT, MEAT AND SUGAR WOULD COST \$50,000,000

It is estimated that \$50,000,000 would be required if the Nation was successfully placed on a ration system for the handling of wheat flour, sugar and meat; nor would this sum cover the monthly operating expenses after the system was inaugurated. "For this reason," announces the Federal Food Administrator of Texas, "we look to the individuals for cooperation in observing the ration suggested and to the distributor to see that the quantities suggested are dispensed as nearly in the degree suggested as possible."

The placing of all manufacturers using sugar on a rationing basis has been achieved at a great expense to the Food Administration. Sugar used by the manufacturers may only be procured through the possession of a certificate issued by the State headquarters and the quantity is based upon a definite schedule of allotments.

The distribution of wheat flour in Texas, now that the State has adopted a wheatless program, is handled alone in Victory Bread, through the licensed bakers. Homes and public eating places until the wheatless program was adopted were on a 6 pound per person of flour per month. While difficult to make this rationing complete, the distribution to the public through the wholesalers and retailers, nearly approximated that quantity, when the sum total of wheat flour for Texas was divided by the sum total of the consuming public.

Bewilderment is now expressed by dispensers of meat, both in public eating places and at meat markets as to how the individual is to be kept within his ration of two pounds of meat per week. Some have suggested a return of meatless days and meatless meals. The United States Food Administration, in announcing the new meat program expressed an unwillingness to return to fixed meals or days. It is hoped that the public will conform their purchases, on patriotic and military grounds, to the two pound ration of meat, just as the majority have done in the purchase of sugar and flour; and that in the general consummation the total amount consumed nationally a month in the United States when divided by the people consuming meat, will reflect the 2-pound ration.

While no instructions have been issued defining a program, it is the opinion of the Federal Food Administration that the time has come when public eating places and meat markets should begin to approximate their respective trade in numbers. Every meat dispenser should begin to collate a list of families making regular purchases at his place of business. Families of five would be encouraged to buy not more than 10 pounds of meat a week; families of two not more than 4 pounds a week, and so forth. This is not obligatory but more and more, as the war advances and military necessity is demanding increasing quantities of meat, it would be to the advantage of every meat dispenser to know to a man the number of persons buying meat at his place of business.

If at the end of each day the meat dealer will divide the number of his customers with the pounds of meat bought he will know the average purchase for the day in pounds per person; and if at the end of each week he will divide the total pounds sold by the total persons represented in the sales of the week, he will soon be in a position to gauge whether or not he is meeting the Federal requirements. Such information would be invaluable, as the program is advanced to meet military need.

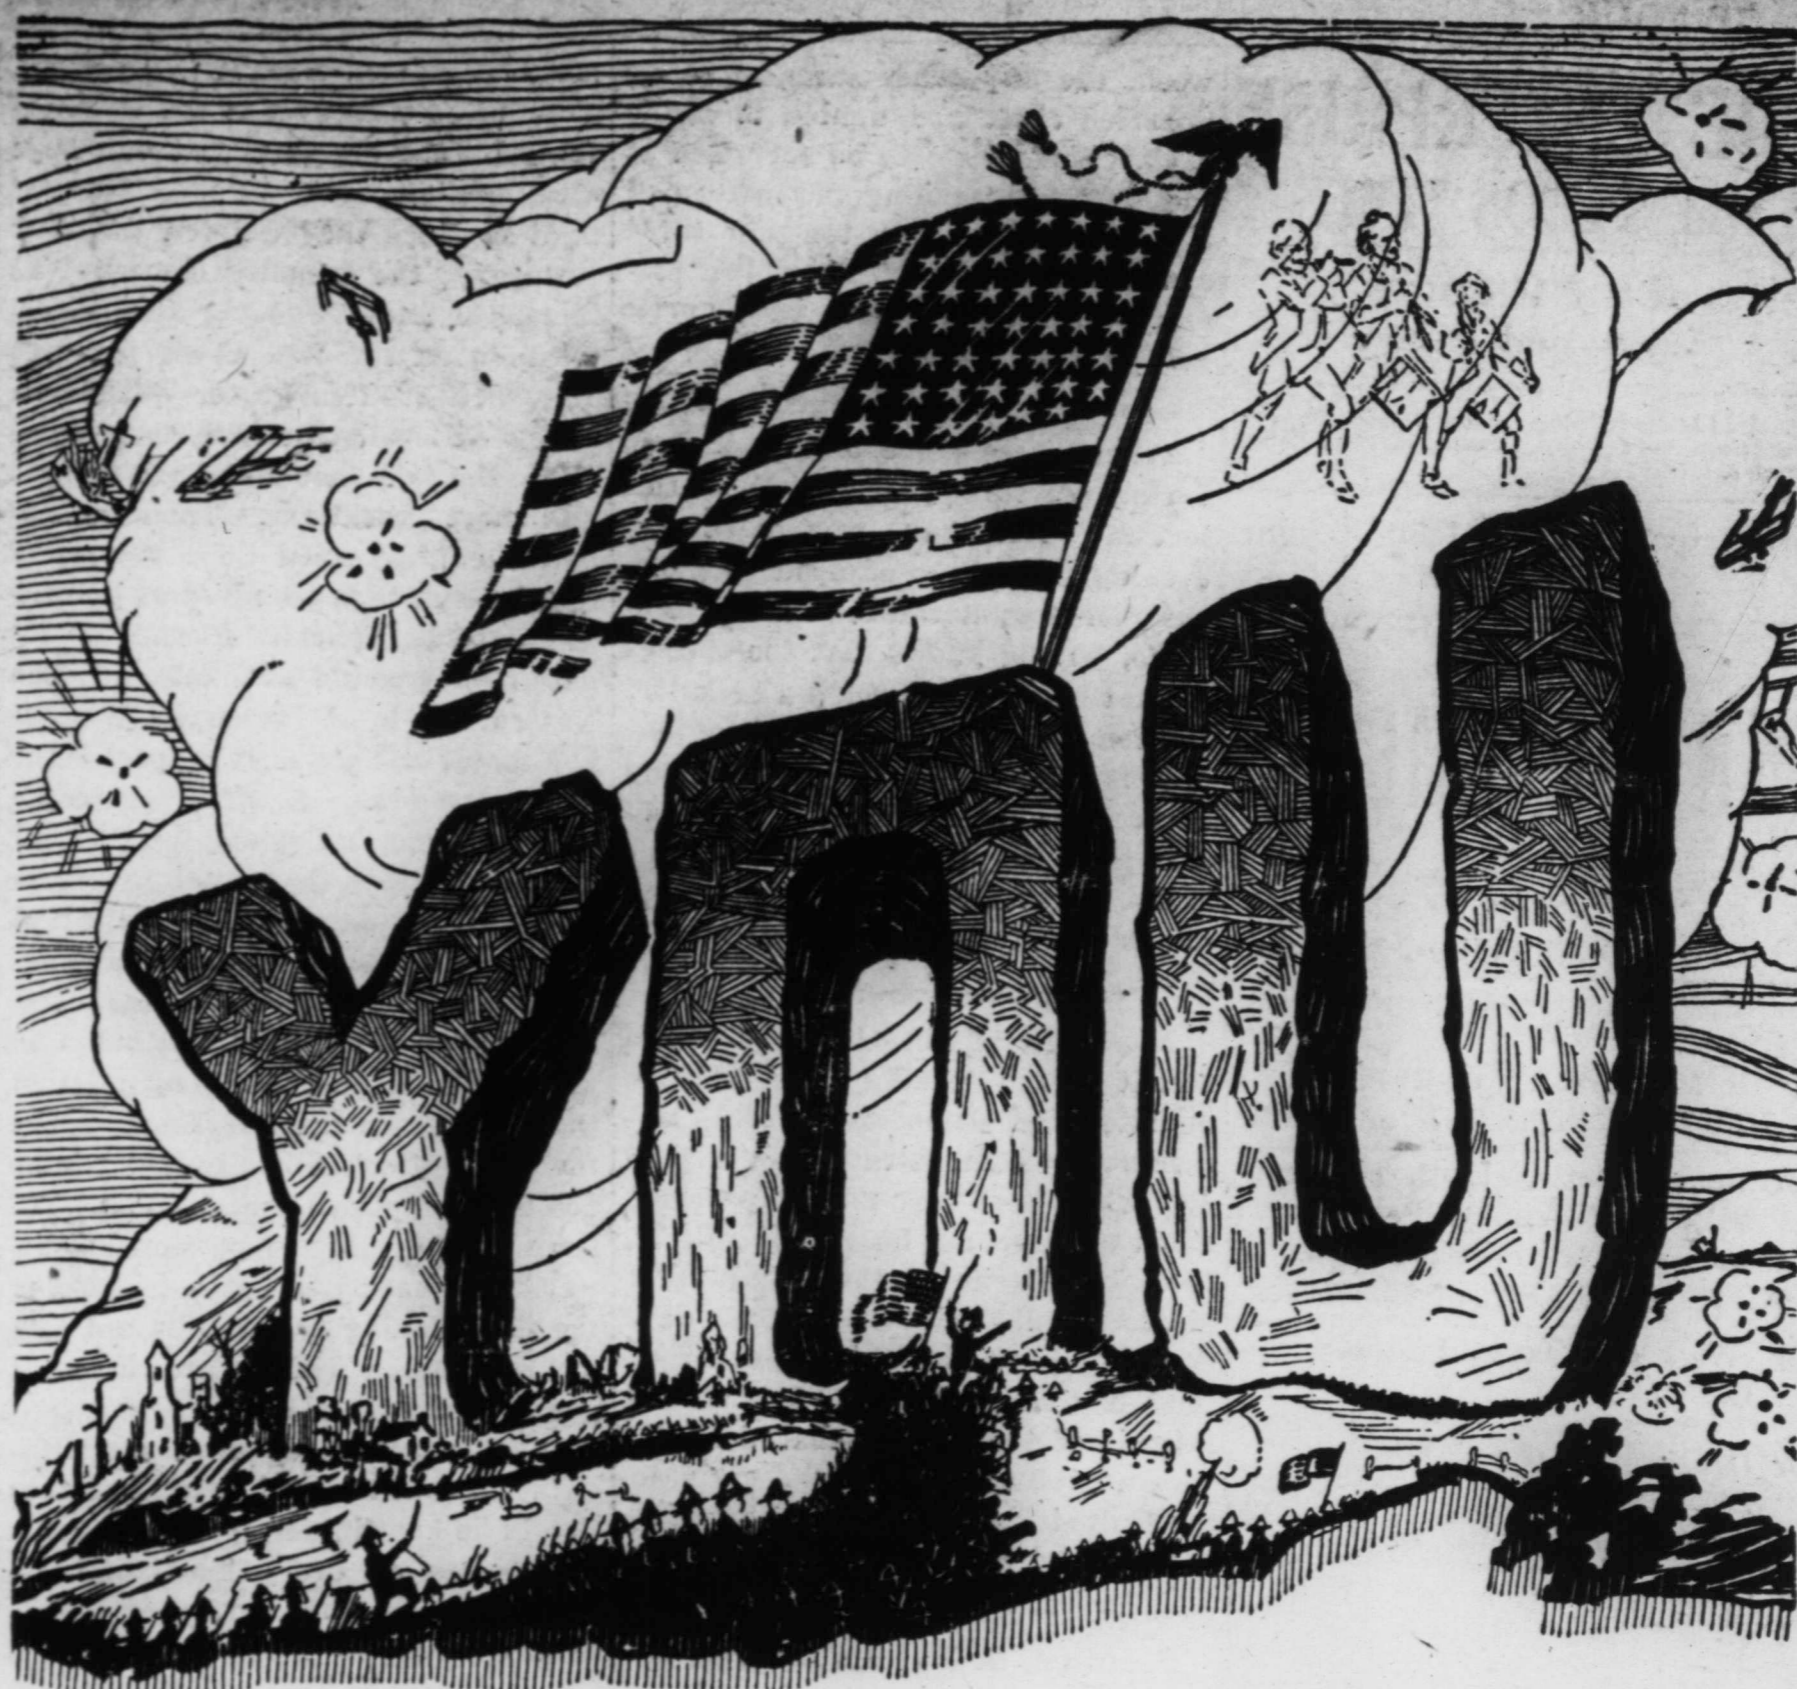

All of this detail means additional work, but the present war is a test of men in service at the front and in the business world to survive, and out of it the Food Administration believes that lack of business methods will disappear and men will come to know accurately the minute details and elements which make up their livelihood—facts which because of too much prosperity and extravagance have almost been obliterated from American life.

—WSS—

If You Want a good gas engine to run stock water pump see Hibdon at The Enterprise office. Two good ones and both Fairbanks-Morse make. Either one at a bargain.

## "State Units Now Training Within Sound of Enemy Guns"

A cablegram from France, publication of which was recently authorized, contains the following information:

**Part of the National Guard has arrived in France and is undergoing intensive training behind first line trenches within the sound of the guns at the front.**

### This Brings the War Home to YOU

In a short time these gallant young men, whose parents, brothers and sisters, wives and sweethearts are your own neighbors, will be IN the front line trenches, under the murderous fire of enemy artillery, and going "over the top" to meet the sweeping hail of the machine guns and the bayonets of the Huns.

If these soldier boys—YOUR soldier boys—were three miles away instead of three thousand, you would bend every energy, exhaust every resource, make every sacrifice, to make sure that they were fed, clothed, armed and equipped as no soldiers ever were before.

Is your duty any less imperative, any less sacred, because it is your neighbor's boy who is defending your country, your flag and your home from German frightfulness on the other side of the ocean?

Is it not a splendid privilege as well as a duty to deny yourself luxuries, to save food, save clothing, above all to save money, for our soldiers?

### U. S. Thrift Stamps Save Lives and Shorten the War

There is one thing you can do, every day, to help the Government provide the guns, ammunition, food, clothing and other supplies which our soldiers and sailors MUST HAVE to win the war, win it quickly, and come safely home again.

Go today to any bank, any postoffice, or any store where you see the W. S. S. (War Savings Stamps) sign displayed.

For 25 cents you will receive a U. S. Thrift Stamp and a card to paste it on. The card has spaces for 16 stamps, costing you \$4. When it is full, exchange it—with a few cents additional in cash—for a War Savings Stamp, for which the Government will pay \$5 January 1, 1923.

These War Savings Stamps are as safe as U. S. Bonds. They are the safest investment in the world because they are backed by the entire resources of the country, and the profit you make on them amounts to four per cent interest, compounded quarterly, if held till January 1, 1923.

Buy a U. S. Thrift Stamp with every quarter you can possibly save. Every stamp helps to stamp out autocracy. Every stamp saves priceless American blood. Every stamp is a blow for Liberty. Every stamp will help bring peace to the world—a permanent peace, grounded in justice and righteousness.

**Every Stamp Helps to Bring Those Soldiers and Sailors Home Again Alive and Victorious**

### Let Music Brighten the Lives of Your Children

After all, it's not the school training but the home atmosphere which molds the child. Children brought up in a cultured home betray that fact during their entire lives. It leaves a lasting imprint. A home with any claim to culture is a home in which good music is enjoyed and understood. A child whose interest in music is fostered will become a man or woman who possesses a resource which makes for lasting happiness. You want to give your children every advantage. That is just one reason why you want

### The NEW EDISON "The Phonograph with a Soul"

This wonderful instrument brings the best music right into the home; Re-created by the world's greatest artists. No matter where you live, you and your children can have the same musical advantages that you would possess if you could take them to New York for the opera season. The New Edison does not merely imitate. It Re-creates. No human ear can distinguish artist from instrument. The famous Edison tone tests have proved this, not once, but more than 1500 times.

Call at our store for a demonstration. And bring the children; they'll enjoy it too.

BradyCamp Jewelry Co. Pecos, Texas Dealers

### Wheat Consumption Restriction Necessary

#### HOOVER EXPLAINS CRISIS IN WHEAT SITUATION TO TEXAS PEOPLE—TO RELAX WOULD RESULT IN WANT

Recent press dispatches widely circulated through the country have given the wholly false impression that there is no longer need for rigorous conservation of wheat flour and wheat. The Food Administration declares that every aspect of the wheat situation, both present and prospective intensifies the need for the greatest possible limitation in the American consumption of wheat and wheat products. If restriction should in the slightest degree be relaxed, it would result in serious want for the people of Europe before the new crop can reach the market. Herbert Hoover wired Texas Friday last concerning the wheat crisis as follows:

The Food Administration's estimates of the position on the first of June indicates a total supply available until the new harvest, including the grain, which will be available from the farms in the country and terminal elevators and mill elevators of about 56,000,000 bushels. Of this 30,000 bushels must be exported before the new wheat is available for export if we are to maintain the absolutely necessary shipments to our Army and the Allies. That leaves about 26,000,000 bushels for domestic consumption for the next two months. The normal American consumption is something over 40,000,000 bushels a month, so the most liberal consumption at home would only be one-third of normal. In addition to the wheat in the farms and elevators there is always an indeterminate further amount in transit and in dealers' hands and this can never be reckoned in with the flour available for use for export and use at home. As a matter of fact this stock is not actually available since these supplies must remain constantly in flow; they remain a permanent stock, the removal of which would cause a period of actual shortage in distribution before the new

wheat would be available. There is, further, an inclination to include new crop prospects with the present conditions, which led to confusion. The harvest will not be generally available in flour until the middle of August and early September, although in the extreme South it will be much earlier. At a meeting of the Federal Food Administrators in Washington, on May 30, representing all 48 states, it was the unanimous view that even if the harvest does prove abundant it will be the first duty of the American people to place every grain they can save into storage as against possible bad years ahead. In consequence there should be no anticipation of unlimited wheat bread until the war is over. Some of the most inconvenient restrictions can no doubt be modified with the arrival of a large harvest, but if we are honest with ourselves we will maintain restrictions requiring the use of some substitutes both domestic and commercial; we will continue the requirement of high milling extraction and the elimination of the non-essential use of the waste in flour and bread. It is worth remembering that the famine in Egypt eight years ago was saved by a little governmental foresight and it does not require any illuminating dream to anticipate that so long as the war lasts with its increasing drafts for soldiers and munition workers, the world will steadily produce less food. If we are wise a great harvest will mean the willing building up of a great national reserve.

### THE CHEERFUL CHERUB

I will get at the heart of life—The fool conventions, petty sins And all the little proper rules I'll strip away like onion skins.

### Eggs for Sale Must Be Canded for Defects

#### BLOW AIMED AT WASTAGE IN PLAN TO STOP SALE OF EGGS OF DOUBTFUL VINTAGE—EFFECTIVE JUNE FIRST

The United States Food Administration has ruled that on and after the first day of June, 1918, all eggs must be candled by the buyer or seller, whatever he be—general merchant, egg dealer or huckster. The purpose of this ruling is to stop traffic in eggs which are unfit for human food, to prevent their entering the channels of trade, and thereby preventing an enormous wastage. Careful and conservative estimates show that for the past five years during the period from June 1st to October 1st, 25 per cent of all eggs were a total loss and 40 per cent materially depreciated in food value. In order to save as much as possible of this food during the great emergency, the Poultry and Egg Section of the Federal Food Administration recommends:

- 1. Compliance with all municipal, State and Federal regulations as to candling and purchasing.
  - 2. Cooperation with Agricultural College men handling this work.
  - 3. That in every case of candled eggs there be placed on the top a Candling Certificate.
  - 4. That it is desirable that these recommendations be put into effect on June 1st, 1918.
- The matter is so urgent that the Food Administration finds it impossible to furnish the blank certificates, and therefore hopes that the various trade organizations and individuals will find it convenient to have them printed, conforming to the copy that has been planned by the Government. Form from which to make up the certificate will be supplied by the Perishable Division of the Federal Food Administration for Texas, by addressing that department.

Unless you own your limit of War Savings Stamps and unless you are buying them to the hilt of your ability, you are not performing the functions of a good American, and you are letting the best opportunity you ever had for prosperity slip away.

#### EVER SALIVATED BY CALOMEL? HORRIBLE!

Calomel is Quicksilver and Acts Like Dynamite on Your Liver. Calomel loses you a day! You know what calomel is. It's mercury; quicksilver. Calomel is dangerous. It crashes into your liver like dynamite, cramping and sickening you. Calomel attacks the bones and never should be put into your system. When you feel bilious, sluggish, constipated and all knocked out and believe you need a dose of dangerous calomel remember that your druggist sells for 50 cents a large bottle of Dodson's Liver Tone, which is entirely vegetable and pleasant to take and is a perfect substitute for calomel. It is guaranteed to start your liver without stirring you up inside, and cannot salivate. Don't take calomel! It makes you sick the next day; it loses you a day's work. Dodson's Liver Tone straightens you right up and you feel great. Give it to the children because it is perfectly harmless and doesn't gripe.

The Government expects every man, woman and child in this country to own a minimum of \$20 in War Savings Stamps. Are you standing behind the Government or hiding behind it? Count your Stamps and find out.

#### A Pecos Citizen Tells of His Experiences.

You have a right to doubt statements of people living far away but can you doubt Pecos endorsement? Read it: J. B. Davis, Fourth St., says: "I had quite a bit of trouble with my kidneys and my back was weak and lame and ached all through the small part. I had bladder trouble also and the kidney secretions were too frequent and burning in passage and highly colored. Doan's Kidney Pills did me a great deal of good and when I have noticed any return of the kidney trouble since, I have procured a box at the City Pharmacy. They have never failed to relieve me." Price 60c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Davis had. Foster-Milburn Co., Mfgs., Buffalo, N. Y.—Adv. 1

### SOMEWHERE IN FRANCE

Written by his dad, W. J. Stribling, April 27, 1918, from Memphis, Tenn.:

It's lonely, son, since you went away,  
Across the sea;  
And the birds don't sing as they used to do,  
When we walked down the street,  
Just me and you.  
But stick, my boy, and be a man,  
And if you can't lick them,  
Your daddy can.

It's going to be tough, for you and me  
Before the war is won;  
You're going to be hungry, tired and sore,  
The guns will be few when they should be more.  
But don't forget, I'm with you, son,  
Doing all I can till the war is won.  
You know I'm getting old,  
But I'm still a man,  
And if you can't lick them,  
Your daddy can.

I'm kind of crippled and not as young as I used to be,  
While a good fight is left in me still,  
And should you need the old man, just holler "Bill",  
I'll help send the guns and all the rest.  
And you stay on the job and do your best.  
Don't grumble or "euss," just be a man;  
And if you can't lick them,  
Your daddy can.

You know we've always been pals, since you were small,  
Just you and me,  
It was just like a knife stuck through my heart,  
When you joined the Navy to do your part,  
But I'll work over here and you over there,  
And father and son will make a good pair.  
And always remember you've got an old man,  
And if you can't lick them,  
Your daddy can.

The poem herewith was written by W. J. Stribling of Memphis, Tenn., who is in Pecos now visiting his nephew, P. E. Bowie and the Kirkpatrick, who are also kinsmen. Mr. Stribling is in the transportation department of the Mountain Railroad at Memphis. The poem above is copyrighted, or rather a copyright has been applied for, but through the courtesy of Mr. Stribling The Enterprise is permitted to publish it. It has the ring of a true patriot.

Whenever You Need a General Tonic Take Groves'. The Old Standard Groves' Tasteless Chill Tonic is equally valuable as a General Tonic because it contains the well known tonic properties of QUININE and IRON. It acts on the Liver, Drives out Malaria, Enriches the Blood and Builds up the Whole System. 60 cents.

Carbon Paper—Legal size, for sale at The Enterprise office.

### LEGAL NOTICES

#### NOTICE IN PROBATE

THE STATE OF TEXAS  
To the Sheriff or any Constable of Reeves County—Greeting:  
You are hereby commanded to cause to be published once in each week for a period of ten days before the return day hereof, in a newspaper of general circulation, which has been continuously and regularly published for a period of not less than one year in said Reeves County, a copy of the following notice:

THE STATE OF TEXAS,  
To all persons interested in the estate of N. J. Hefner, deceased, N. F. Hefner, Administrator, has filed an application in the County Court of Reeves County, on the 4th day of June, 1918, for an order to sell the following property belonging to said estate, situated in Reeves County, Texas, to-wit:  
Lots 7 and 8, in Blk. 50, in the Town of Toyah, Reeves County, Texas.

Which said application will be heard by said court on the 8th day of July, 1918, at the court house of said county in Pecos, Texas, at which time all persons interested in said estate are required to appear and answer said application should they desire to do so.  
Herein fail not, but have you before said court, on the first day of the next term thereof, this writ, with your return thereon, showing how you have executed the same.  
Witness my hand and official seal, at Pecos, Texas, this 5th day of June, 1918.  
S. C. VAUGHAN,  
Clerk Co. Court, Reeves Co., Texas.  
By MAGGIE GLOVER,  
42-42 Deputy.

# F. P. Richburg Land & Rental Agency

## We Give a Few of Our Best Bargains

- No. 293.—One section land 8 miles south of Pecos. This section borders on the Pecos River which makes it a riparian land. Most of it is agricultural land. Price \$10 per acre.
- No. 300.—1 section, No. 24, H. & G. N. Ry. survey. A splendid river section. Part has been cultivated. Price \$10 per acre. Good terms. Lies 10 or 12 miles from Pecos on the Pecos River.
- No. 301.—E 1-2 of section 59, blk. No. 4, H. & G. N. Ry. Co. survey. Situated between Experiment Farm and Sand Lake. Price \$5.00 per acre.
- No. 302.—Sections Nos. 21 and 22, price \$3.00 bonus. \$2.00 due to the State at 3 per cent. 2 other sections joining that can be leased.
- No. 375.—We have several small ranches for sale, ranging from 4 sections to 50 sections. Price from \$1.00 to \$3.00 per acre, most of it \$1.50 to State at 3 per cent interest. If you want a small ranch come to see us.
- No. 376.—800 acres in Ward County, just across the Pecos River from Pecos City. 160 acres of this tract lies on the south side of the T. & P. R. R. track and borders on the river. There are some 150 or 160 acres of this tract in cultivation. A grain ditch and a canal pass through it. Will sell it in a body or in tracts. Price \$40 to \$80 per acre. We can make satisfactory terms. This tract lies on the Pecos and Barstow roads for 1 mile or more.
- No. 378. A 5-room one and one-half story on 115-foot lot. Northeast corner, good shades. A good place for a good house. Price \$1500. 1-2 cash, balance in three annual payments.
- An 18-room Hotel for sale or rent. Will sell furnishings and rent the building or sell all.
- We want a section of good land near railroad. If you have one let us know.
- No. 379.—4 sections, Nos. 4, 5, 6 and 26, block 57, twsp. 2, T. & P. Ry. Co. survey. This land lies on the sulphur belt, between Orla on the Santa Fe and the Tinsley sulphur mines. Price \$5.00 per acre, bonus.
- No. 380.—1 section, No. 183. This section lies on the north side of the P. V. S. Ry., joining Verbalde. Splendid land. Price \$10 per acre.
- Don't forget to list your pasture land with us.
- We have a 200-acre Clay county farm to trade for a small ranch. Will trade all farm implements and teams and take cattle on the ranch.
- No. 400.—A 6-room house and 100 foot lot, with barn, poultry yards and garden and lots of nice shades. This place is situated in the best part of town. An artesian well in back yard. A good bargain. Price \$1500, two-thirds cash, balance easy terms.
- We have a number of cheap houses that we can give special bargains in. If you want a little house call and see us. If you have any property to trade let us hear from you.
- TO SELL OR TRADE
- No. 280.—164 acres, 5 miles west of Pecos, on T. and P. Ry., 80 acres in cultivation and fenced with rabbit proof wire. 3 room house in good shape, good barn and other sheds. A good well of about 1500 gallons per minute, 5 inch pump, 45 horse power crude oil engine. This land is suitable for growing cotton, maize, alfalfa, sweet potatoes, melons, etc. Price \$50 per acre. If this interests you write us for full particulars. Would consider trade for farm in the Lampasas as country, at the right price. The same kind of land this year has made an average of \$375 per acre on 7 acres in melons.
- No. 281.—A small 4 section ranch 25 miles south of Pecos. Four sections in solid block and 5 sections leased for 5 years, making 9 sections in all. All fenced and all lying in block. Good soft water, 4-room new house, barn, garage and good corral made of 2x8 lumber. The four sections, Nos. 35, 36, 37, and 38 bought at \$2.01 from State. 5 1-2 sections leased on five-year lease. This is a splendid little ranch with soft water and good soil to grow fruit, vegetables, etc. Price \$3.50 cash or \$4.00, 1-2 cash, balance in one year.
- No. 274.—160 acres 3 miles northwest of Pecos, 1 mile northwest of the State Experiment Farm. All in good state of cultivation, watered by a large pumping plant. The entire farm is fenced with hog-proof woven wire. Has a \$3,000 residence and 1 tenant house. This is an extra good irrigated farm. Only \$100 per acre. Good terms.
- No. 282.—1 sections, No. 10, 660 acres, and S 1-2 of section 6, Block No. 54, twsp. 7, 276 acres. \$1.50 to State, at 3 per cent. Has good well. Lies 3 miles west of Hoban, and joins the H. H. Jones farm on the north. Think this can be bought for \$5.00 bonus.
- 5-room house on 100 ft. lot and S. E. corner. Weatherboarded and painted. Considerable out buildings, house nicely painted and screened porch. Plenty shade trees and good garden place. Price \$900; \$250 cash, balance monthly or in 2 or 3 annual payments, 8 per cent interest.
- No. 286.—A well located 4-room house close in; 50-ft. lot, east front and good terms. Price \$800. Part can be paid in monthly installments. If you want a pleasant little place don't fail to see us.  
Good time now to lease grass land; it is not going to stay dry all year. F. P. RICHBURG LAND & RENTAL COMPANY. 9-11
- No. 288.—Good 5-room house with screened porch and bath; garage, barns, poultry yards and pens and garden. East front. This is a weather-boarded house and up in good shape. Lot 100x115 feet. In good neighborhood. Price \$1500.
- No. 290.—4 section ranch about 4 miles west of Arno. Sections No. 4, blk 54, and Nos. 8, 10, and 12, blk. No. 55, Twp. 4, T. & P. survey. Well on section No. 4, blk 54. This is good grazing land. Other land around it can be leased. Price \$1000 per section bonus.
- No. 291.—Corner lot with two 4-room houses on it. This property is in fairly good shape and is good rent property for colored people. Close in, almost always rented. Owner lives in Illinois and wants to dispose of it. Price, \$600 cash.
