Letters From the Soldiers to Home Folks

PECOS BOY AMAZED AT SIGHTS IN NEW YORK AND WONDERS WHAT HOLD UP BRIDGES OVER THE RIVER

The following letter was written by Walter Rullen to Ed Warn, and describes a trip through the North. The many sights up there evidently made a deep impression on him, and what bothered him not a little was the people themselves who, he declares, do not talk United States.

Here is the letter: Will drop you a line before I go back to the tent, to let you know I am well, and trust all at home are.

Some people may talk about how they like the North, but give me old Texas. I haven't seen the sun twice since I have been here, the time I did see it it was so dim it looked like the moon. They can talk about the women, too, but I haven't talked to but one. She stopped me to ask me where the telegraph office was. I had just as soon talk to a Chinaman. It took me half an hour to find out what she said and only with the help of a boy who was with me who acted as interpreter. He is a sergeant and from Texas.

The people up here are sure pale and yellow. I think they had better ship them all down to Texas to get a little fat on them and tan them up. They are small, too.

I think I wrote you in Detroit. I was on the boat then, crossing over to Canada, after which we crossed back to the United States at Niagara Falls. The Canadians treated us fine.

They were going to march us to the Falls, but it was raining and they decided not to. We sure had a nice time coming here. The Red Cross women met us at every place and refreshments of some kind were served us; they also furnished us post cards.

We unloaded at St. Louis and had a fine bath at the Y. M. C. A. swimming pool. We all piled in alongside a bunch of sailors that were in there. After the swim they furnished us with towels and soap and we took a shower bath.

We are but an hour's ride from New York City and I sure hope we get to go there. I saw the Statue of Liberty from the ferry. After leaving Niagara we turned in, but as I was on guard, I was awake when we passed through Rochester, N. Y. It is a good sized city. At daylight we were following the Hudson River and were sure traveling, too. Some very pretty country along there. Crossing over to New Jersey we boarded the ferry at Weehawken, and passed by the Statue of Liberty and under three bridges, one of which is the noted Brooklyn Bridge. They all looked the same size to me. I don't see what makes them stand up there like they do. I had to hold my breath when we went under them. Here I saw my first battle ship and some transports, one of the latter being filled with soldiers ready to go over.

We had to turn in our campaign hats and everything except what we could carry on our backs. You ought to see me in my little cap and spiral leggings. Another letter this week is from Dr. Jim Camp, who is with the Medical Reserve Corps at Chickamauga Park, and he is high in his praise of the camp from a sanitary standpoint, stating "We have a fine camp home here; good drainage, some shade, no mosquitoes and very, very few flies."

LIKE AN ELECTRIC BUTTON ON THE TOES

Tells Why a Corn is So Painful and Says Cutting Makes Them Grow

Press an electric button and you form a contact with a live wire which rings the bell. When your shoes press against your corn it pushes its sharp roots down upon a sensitive nerve and you get a shock of pain.

Instead of trimming your corns, which make them grow, just step into any drug store and ask for a quarter of an ounce of freezone. This will cost very little but is sufficient to remove every hard or soft corn or callus from one's feet. A few drops applied directly to a tender aching corn stops the soreness instantly, and soon the corn shrinks so it can be easily

out, root and all, without pain. This drug freezone is harmless, and never inflames or even irritates the surrounding skin.

A VISIT TO CAMP DICK

It may interest my friends to know some of the pleasures I had in Dallas. Cousin's friends, the Marches, came to take us in their car to an open air concert by the Aviator Band at Camp Dick.

You may not remember that all the Aviation Fields are named for Aviators who have lost their lives in service. Dallas has two—Dick and Love Fields. We stopped at the Union Station for me to mail a package at the new branch postoffice.

We started early—before sundown—but by the time we reached Exposition Park (where they have the State Fair every year, and where Camp Dick is now located) it was dark and the grounds were crowded—cars were too thick to move. Soldiers came forward at every turn to tell us to go here—not to go there—to move on—to stop. Finally we found a place in the double row of where we might stop.

Mr. March and I went into the building and secured some chairs without bottoms. When we found a place to put the chairs down there were 15,000 people between us and the performers—they sat on benches, chairs, car cushions, and the ground.

The concert had just begun. I stood on my chair to see the people and the splendid looking musicians who were all aviators from different parts of the United States.

The grandstand is what is called a "Shell", and is just a large theatre stage only out in the open.

This one has a beautiful white frame like a picture, and inside of the frame is an arch of electric lights which make the stage very bright. This night the sky was as blue as could be and a great round moon sailed above the "shell" and seemed to stand still a long time. The beauty made us hold our breath.

There were about fifty musicians in the khaki uniform and with their shining instruments make a fine show but we could not hear the softer parts of the music because the people talked just as if it were a party. "A Hunting Scene" was especially interesting. The bugle called loudly and was echoed, then we heard the beating of hoofs that sounded perfectly natural, then packs of dogs yelping, the musicians giving a fine imitation of packs in full cry, then the hunters hurrahed when they saw the fox, shot many times, hurrahed again, the dogs mad with joy; then the hoof beats grew fainter and fainter—until applause drowned them.

We had to leave early to "avoid the rush" and got out easily while all was still, reaching home without adventure.

As we drove into Commerce Street it looked like a wide gold ribbon with its bright lights—it and the viaduct are worth coming to Dallas to see. That evening was more wonderful than any sights Aladdin's lamp ever caused him to see and I shall never forget it.

All the time I was in Dallas it was nothing unusual to see from three to six—sometimes eight—airplanes flying over our house, and at Camp Dick Track meet the 4th of July I saw among other wonderful stunts eleven airplanes going through all sorts of manoeuvres. These eleven were from Barron Field at Fort Worth and each plane had on it a large letter spelling Barron Field.

I was with Lieutenant A. P. Stramler of Stephenville, and he knows how to show the sights to a boy.

But I'm glad to be at home again in Pecos.

J. B. Davis, Fourth St., says: "I had quite a bit of trouble with my kidneys and my back was weak and lame and ached all through the small part. I had bladder trouble also and the kidney secretions were too frequent and burning in passage and highly colored. "OUR BOYS" DISPLAY AT BRADY-CAMP JEWELRY CO.

A feature that has caused more than casual notice from our people is the beautifully arranged display of photographs of Reeves County men who are now in the service of Uncle Sam, displayed in the window of the Brady-Camp Jewelry Co. The pictures are in beautiful patriotic frames, and the idea which originated in the fertile brain of Charlie Manahan, is also a unique way of advertising these frames.

The pictures shown in the present display are those of Jas. and Wm. Ross, Tom and Ray Harrison, Bee Colwell, J. C. Wilson, V. V. Beck, G. C. Breen, Ben Briscoe, and Tom McClure, representing the Army; Toto Drummond, Dewey Richburg, Vernon Hicks, and Beaury Bözeman, representing the Navy.

It is Mr. Manahan's intention to change the gallery from time to time and in order to do this he requests that parents or sweethearts having a photograph of loved ones in the service, to let him have them, guaranteeing their safe return after exhibition.

The idea, besides being novel, is a fine one in other ways, and leads The Enterprise to advocate a gallery of honor, displayed in some public place and supervised by an authoritative committee. Let's have it.

EVER SALIVATED BY CALOMEL? HORRIBLE!

Calomel is Quicksilver and Acts Like Dynamite on Your Liver

Calomel loses you a day! You know what calomel is. It's mercury; quicksilver. Calomel is dangerous. It crashes into sour bile like dynamite, cramping and sickening you. Calomel attacks the bones and never should be put into your system.

When you feel bilious, sluggish, constipated and all knocked out and believe you need a dose of dangerous calomel remember that your druggist sells for 50 cents a large bottle of Dodson's Liver Tone, which is entirely vegetable and pleasant to take and is a perfect substitute for calomel. It is guaranteed to start your liver without stirring you up inside, and cannot salivate.

Don't take calomel! It makes you sick the next day; it loses you a day's work. Dodson's Liver Tone straightens you right up and you feel great. Give it to the children because it is perfectly harmless and doesn't gripe. Advertisement

LEMONS BEAUTIFY AND WHITEN THE SKIN.

Make This Beauty Lotion Very Cheaply For Your Face, Arms and Hands

At the cost of a small jar of ordinary cold cream one can prepare a full quarter pint of the most wonderful lemon skin softener and complexion beautifier by squeezing the juice of two fresh lemons into a bottle containing three ounces of orchard white. Care should be taken to strain the juice thru a fine cloth so that no pulp gets in, then this lotion will keep fresh for months. Every woman knows that lemon juice is used to bleach and remove such blemishes as freckles, sallowness and tan and is the ideal skin softener, whitener and beautifier.

Just try it! Get three ounces of orchard white at any drug store and two lemons from the grocer and make up a quarter pint of this sweetly fragrant lemon lotion and massage it daily into the face, neck, and hands. It is marvelous to smoothen red, rough hands.—Adv't.

DIED IN CASHMERE

Word has been received by Mr. and Mrs. F. P. Richburg that their daughter, Mrs. Seymour Somes, died Friday at her home in Cashmere, Washington, following the birth of a son, that is still living and doing nicely.

Mrs. Somes was Miss Bernice Richburg, whose young womanhood was spent in Pecos, where she was held in highest esteem. She was married to Mr. Somes about a year ago, and they left soon after for Cashmere, to make their home. Her brother, Clifford Richburg and his wife live in Cashmere, and were with them. Dewey Richburg, another brother, went from the training camp in California, but the distance was too great for any of the family here to reach there in time for even the funeral.

Mrs. Somes was a member of the Baptist church.

The many friends of the family in Pecos extend deepest sympathy to the bereaved in which The Enterprise joins.

CARD OF THANKS

We take this method to express our sincere thanks and appreciation for kind words and comforting expressions made to us, in the death of our daughter and sister, Bernice. Words fail to express our gratitude for every word and other expressions from so many good friends.

Army Not All Work

ALL KINDS OF ATHLETICS ENCOURAGED TO MAKE MEN THINK AND ACT QUICKLY AND DEVELOP PHYSICALLY

That there is more than hard work for the recruit in Uncle Sam's Army is best indicated perhaps by figures recently announced by the Y. M. C. A. for Camp Travis. When it is to be considered that the soldier is likewise entertained by the K. of C., and by several other organizations the civilian can see that the United States Government really appreciates the fact "that all work and no play makes Jack a dull boy," and is doing everything possible to obviate this.

During the month of July alone 44,938 men played in various recreational and athletic games, such as baseball, indoor baseball, volley ball, quirts, wrestling, boxing, etc. Athletics have become a part of the soldier's training. Because of this the American soldier is quick to act, quick to think, has speed and stamina. Each and every company has its athletic box with athletic equipment, and drill is deftly sandwiched in with boxing, running, etc.—all to the same end—the development of a soldier in every sense that the word implies.

That the athletics is of a high standard and perfected by the finest physical directors and instructors in the country is evidenced perhaps in the fact that 95,501 people witnessed various athletic contests during the month. They came not only from San Antonio, but from surrounding towns. At one baseball match there were more than 5,000 people, and it is estimated approximately that number also saw a championship boxing card on one of the drill fields. These contests are arranged by such men as Johnny Coulon, former bantamweight champion of the world, assisted by Bobby Burns, a former contender; Bud Goodwin who holds several world records at this time as the champion swimmer of the world. The soldier has the opportunity of free instruction in boxing, in swimming, etc., by these men, sent here by the Commission on War Activities.

But athletics are not all the soldier has as a diversion. There are entertainments galore. The finest dramatic talent in San Antonio and neighboring towns entertains them at the army camp. During the month there was a total attendance of 49,086 at the entertainments of various nature. These range from musical programs to lectures on military subjects, and it would surprise the civilian to know the interest the soldier takes in lectures on military subjects combined with moving pictures. Some of the lectures have been on thrift, on social and economic questions, and on health.

Camp Travis has a splendid library open to the soldiers. Here all the late periodicals, newspapers and war books are available. Every late war book as soon as it come off the press is sent here immediately. There are 25,000 volumes or more available to the soldiers in the camp through the general library and the company and branch libraries and they are all well patronized. The Y. M. C. A. alone gave away 23,178 volumes to soldiers during the month of July.

In religious circles much has already been said. There are 159 Bible study classes in operation at the present time. Religious meetings numbering 163 were held by the Y. M. C. A. during the month of July, and the total attendance was 46,289. The religious activities are not confined to any one faith, for every one has its ceremonies at regularly appointed times.

All of this is optional with the soldier. But there is a portion that is compulsory. It is a series of lectures given by the company commanders on health, hygiene, care of the feet, care of equipment, "Why We are at War," etc. All of these are intended to better fit the soldier for the part he is to play in the army. Then there are the regular exercise periods conducted by the company commanders in which the soldier is required to take part each morning before breakfast and during the day's drill periods. These exercises are to develop and harden the muscles, to develop agility and strong winds, to start the blood in circulation and to quicken the brain action.

This is all in the army camp. San Antonio nearby offers numerous other opportunities for pleasures, amusement and improvement, both physically and mentally.

RETURNS FROM TRIP—SAYS THIS SECTION PROSPEROUS

Jack Hubbs and family returned Wednesday from a trip of ten days in South Texas, visiting at Corpus Christi. Jack says the whole part of the country they saw is dry and desolate looking and that the people of Reeves county do not know anything about "hard times", and that Reeves county looks like a garden spot as compared with any portion of the country visited by them after leaving Pecos county. He says that they did not see any green grass after leaving Pecos county until they reached it again on their return.

They report a most delightful trip aside from a few "blowouts", but were all glad to get back home and are now better satisfied with West Texas than ever before.

DIED

Mrs. J. M. Jones died at her home in Pecos Saturday morning at about eleven o'clock. She was a victim of tuberculosis, coming to Pecos a few months ago with her husband and children from Louisiana. She was a member of the Baptist church and was a patient sufferer. She is survived by her husband and three children.

Her body was carried to the old home in Louisiana, accompanied by the family, and buried beside loved ones who have gone before.

Mr. Jones and the children have the sympathy of all the people of Pecos in this their sad hour.

DUDLEY APPRECIATES VOTE GIVEN HIM IN THE COUNTY

In the recent primary election Hon. R. M. Dudley of El Paso, was the winner by a large majority. Evidently the people of this Senatorial district chose wisely and will have a man in Austin who will work untiringly for the best interests of his people. Heretofore he has done much for our people and on several occasions rendered valuable aid to Judge J. E. Starley in getting bills before the Legislature and passed which were of great importance to this section of the country.

The following letter to Judge Starley has the right kind of ring and shows clearly Mr. Dudley's intention to work with and for us in the future:

El Paso, Aug. 13, 1918. Judge J. E. Starley, Pecos, Texas. My dear Judge:

I thank you for yours of August 9th, and I thank you for the efforts you made in my behalf, which were very much appreciated. I am very proud of my vote in Reeves county, it was more than I could have expected, and but for the good work of such friends as you, I know I could not have received such a vote. I want the people of your county to know that I am their Senator and ever ready to serve them, and no day will be too long and no night too stormy for me to answer your calls. To you, personally, I wish to say that when you want anything done in Austin or anywhere else, that I can do, please call on me.

Sincerely yours, R. M. DUDLEY.

Dr. I. E. Smith of Snyder, is here this week and informs The Enterprise that he will become a resident of Pecos in a few days. He was today making an effort to rent a good residence and will move to Pecos as soon as they can pack up and ship their household goods. The Enterprise bespeaks for him a cordial welcome.

Rev. W. A. Knight returned Monday from Grandfalls where he had been assisting in a revival. He went to Van Horn Tuesday to administer the rites of baptism to a number of candidates who wished to join the Baptist church, there being no pastor of the church there at present.

A. F. Zabel and his estimable family left Sunday for Johnson, Nebraska, their old home, where they are returning to reside again. Mr. Zabel is a farmer and purchased land in this country with the intention of developing it, having moved here about the first of the year.

Dream Pictures

Suddenly, in the glow of the evening lamp, a presence appears—a great artist, with violin in hand, who at our bidding, draws from the strings a sob of grief—a thrill of joy—a sigh of love. All thought of war and strife has fled from our minds and the burden of anxiety and sacrifice is lifted from our hearts.

Gradually the presence fades away and in its place we behold a masterpiece of the furniture designer's art, a beautiful cabinet from which the music actually is coming.

It is such dream-pictures that would come to you with the possession of the genius Edison's marvelous new instrument, named after him—

The NEW EDISON

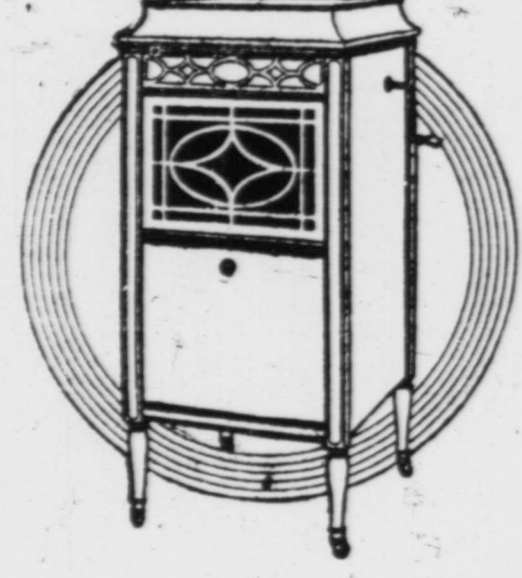

"The Phonograph with a Soul"

When will Edison dream-pictures enrich your home? When will you come to know the happiness, the contentment, the solace of this wonderful creation of Edison's brain?

We will gladly place a New Edison in your home long enough for you to appreciate what an ever-ready and inexhaustible fountain of mental refreshment it is.

# They're in to Win

Fair targets, every one of these men, for the German riflemen and machine gunners hidden behind the parapet.

But they are not thinking of the bullets whizzing past them; of the shells bursting over their heads.

They are intent on one thing — to scale that bank, take the bridge head and win the day.

And these men are made of the same stuff as all true Americans who read these words.

*If we are the same stuff, let us prove it. Let us get into the fight as they do—to the limit—for Victory!*

### WHAT SUBSCRIBING TO THE 4TH LIBERTY LOAN MEANS

What is the Liberty Loan?  
It's forts and it's ships and it's shining guns.  
It's squadrons that sweep the sea. It's all of the circling band of steel That shall keep all the home shores free.  
It's grub and it's warmth for the sailor lad  
Far out on the wintry foam.  
For the brave jack-tar, as he fights afar,  
It's the good old Money from Home.

What is the Liberty Loan?  
It's rifle and helmet and bayonet, It's shovel and shot and shell  
For the soldier boy in the olive drab, Out there on the edge of hell.  
It's the soaring wings of the whirling planes  
That battle on high alone.  
For the lad who is daring "over there"  
It's the good old Money from Home.

What is the Liberty Loan?  
It's succor and life for a bleeding world.  
It's the glimmer of peace at dawn. It's the strength of a mighty arm to strike;  
It's the gleam of a great sword drawn.  
But more than all, it's the pledge of love  
To the lads whom we call "our own," To the boys and land, afloat, on high  
It's the good old Money from Home.

## The Solace of Sacred Music

In these days of a world at war, the breaking of family ties, those instincts strongest of all that govern the human race, he who can neglect the solace of sacred music is unheeding and soulless indeed. The mighty oratorios with their inspiring solos, and their booming choruses; the magnificent anthems, "The Palms," "The Holy City" and a host of others; the quartet renditions of the familiar old hymns, "Jesus Lover of My Soul," "Throw Out the Life Line" or "Nearer My God to Thee," who is there who can feel himself so self-sufficient as to be independent of their comfort and their inspiration.

The great, the wonderful realm of religious music will open wide its gates through the magic of

### OBITUARY

Mrs. Jewell Grissom Stewart quietly passed away Monday evening at seven o'clock, after an illness of several weeks at the home of Mrs. B. G. Gunn, where she was being nursed, and all that loving and tender care could do by loved ones, nurse and physician, was done to prolong life and alleviate suffering. Mrs. Gunn nursed Mrs. Stewart's mother through her last illness and death which occurred eight years ago September 22.

Mrs. Stewart was born January 17, 1896, at Larrissa, Texas, and in early childhood days moved with her parents to Henderson county, and from there to Pecos some years ago. She was converted in early life and joined the Christian church, and was one of those pure, lovable, Christian characters that made the world better by her having lived in it.

She was married to W. W. Stewart, Jr. of Balmorhea, November 16, 1917, and was blessed with a precious little son, christened Wilson Grissom, on August 22, 1918, who lived but six weeks, passing into the great beyond Wednesday evening at six o'clock, thus reuniting with his mother in eternal rest after only a few hours of separation.

Funeral services over the body of Mrs. Stewart were held at the Christian church Tuesday afternoon at four o'clock, that of the baby Thursday afternoon at two o'clock. The funeral services were conducted by Homer L. Magee.

Burial was in Fairview Cemetery beneath mounds of beautiful flowers. Deceased is survived by a young husband, W. W. Stewart, Jr., an aged father, R. F. Grissom, and two sisters, Mrs. Robt. Lewis, and Miss Vivian Grissom.

The Enterprise joins the many friends of the family in deepest sympathy.

### —Pay the President— CARD OF THANKS

We take this method of personally thanking each and every one of our friends who in any way ministered during the illness and death of our loved ones and for the many floral offerings. These kindnesses will always be remembered gratefully and may the God of us all comfort each and every one when such a bereavement may come to you is the earnest prayer of

TURNIPS RAISED BY CURTIS

The editor and wife are indebted to A. J. Curtis for fine turnips and greens this week. As Mr. Curtis was passing around the corner at the Pecos Hotel a fine bunch of turnips fell from his delivery car. The editor was on them in a jiffy and not until they had been cooked and partly eaten did he notify the owner. The turnips were large, tender and sweet, as were also the tops. Curtis has a fine garden and if there is anything in that line you did not raise in your war-garden, he can more than likely supply it for your table, for he has some garden.

### —Pay the President— RAILROAD ATTORNEYS ARE CALLED FOR DUTY OVERSEAS

The Government, through the railroad administration, has called for a large force of railroad attorneys and claim adjusters for services overseas and this week Jno. B. Howard received a message tendering him one of these positions. The position carries with it the rank of Major with a salary of \$400 per month. This is a recognition of Howard's long and faithful service as attorney for the T. & P. Railway. As Mr. Howard could not accept he has recommended his law partner, Clay Cooke, and the latter will probably be called at an early date.

### STATEMENT OF OWNERSHIP

Statement of the ownership, management, circulation, etc., required by the Act of Congress of August 24th, 1912, of The Enterprise and Pecos Times, published weekly, at Pecos, Texas, for October 1918.  
STATE OF TEXAS,  
County of Reeves ) ss.

Before me, a notary public in and for the State and county aforesaid, personally appeared John Hibdon, who, having been duly sworn according to law, deposes and says that he is the Editor, Owner and Publisher of The Enterprise and Pecos Times, and that the following is, to the best of his knowledge and belief, a true statement of the ownership, management, etc., of the aforesaid publication for the date shown in the above caption, required by the Act of August 24, 1912, embodied in section 443, Postal Laws and Regulations, printed on the reverse of this form, to wit:

1. That the name and address of the publisher, editor, managing editor, and business manager is John Hibdon, Pecos, Texas.

2. That the owner is John Hibdon, Pecos, Texas.

3. That the known bondholders, mortgagees, and other security holders owning or holding 1 per cent or more of total amount of bonds, mortgages, or other securities are: The Pecos Valley State Bank holds one note with mortgage for three hundred and fifty dollars with interest, and due December 2nd, 1918, and there is no other indebtedness whatever against the plant.

4. That the two paragraphs next above, giving the names of the owners stockholders, and security holders, if any, contain not only the list of stockholders and security holders as they appear upon the books of the company, but also, in cases where the stockholder or security holder appears upon the books of the company as trustee or in any other fiduciary relation, the name of the person or corporation for whom such trustee is acting, is given; also that the said two paragraphs contain statements embracing affiant's full knowledge and belief as to the circumstances and conditions under which stockholders and security holders who do not appear upon the books of the company as trustees, hold stock and securities in a capacity other than that of a bona fide owner; and this affiant has no reason to believe that any other person, association, or corporation has any interest direct or indirect in the said stock, bonds, or other securities than as so stated by him.

JOHN HIBDON,  
Owner and Publisher.

Cincinnati Man Discovers Drug That Loosens Corns So They Lift Out

Good news spreads rapidly and the druggists here are kept busy dispensing freezone, the recent discovery of a Cincinnati man, which is said to loosen any corn so it lifts out with the fingers.

A quarter of an ounce costs very little at any drug store which handles drugs, but this is said to be sufficient to rid one's feet of every hard or soft corn or callous.

You apply just a few drops on the tender, aching corn or toughened callous and instantly the soreness is relieved and soon the corn or callous is so shriveled that it lifts out without pain. It is a sticky substance which dries when applied and never inflames or even irritates the surrounding skin. This discovery will prevent thousands of deaths annually from lockjaw and infection heretofore resulting from the suicidal habit of cutting corns.

## WILL YOU HELP OUR BOYS ABROAD?

Every Man, Woman and Child Can Join to Send News of This Town Into the Front Line Trenches.

### WHOLE NATION MOVES TO BANISH SOLITUDE

Our Heroes Are Calling From Over There—Give What You Can to Help Those From Home.

Every citizen interested in the boys of his home town now at the front, and in the brave women who equally are serving their country abroad, has an opportunity to show his appreciation of the sacrifice they are making. The opportunity comes as a result of the generosity and thought of Colonel William Boyce Thompson of New York, who has conceived and put into execution what is known as the Home Paper Service.

Under the plan, every man and woman in foreign service will receive the town newspaper, and so be kept in constant touch with the places and the people they know and love.

Every branch of the United States Government is interested in the plan. The Government realizes the importance of keeping those in the service happy and constantly in touch with their home ties and associations. Nothing is more depressing in a national emergency than the spirit of loneliness in those serving their country, and officials know that nothing can dispel this feeling more effectually than reading the home town newspaper.

Publishers of newspapers in all parts of the country—this newspaper included—have grasped with pleasure the plan outlined by Colonel Thompson, and they have agreed to co-operate in every way.

Under the ruling of the War Industries Board newspaper publishers are forbidden to send their newspapers free, even to soldiers. The newspaper must be subscribed for in the regular way, the only exception being soldiers who formerly were in the employ of the newspaper and who left that service to enlist. Colonel Thompson therefore proposes that the public in each community contribute to a fund so that the home newspaper (in our case this newspaper) may reach every man and woman now in the service of his country.

Anyone may contribute to the fund, and any sum may be contributed. It is not necessary to contribute the entire amount of one subscription. It does not matter whether the rich man sends in one hundred dollars or the poor boy or little girl sends in five cents. Each gift will be a message of love and helpfulness to the home town folks "Over There." The money will be lumped into one fund, out of which subscriptions will be entered as fast as the money is received.

Contributors who send in the full price of a year's subscription may, if they wish, designate to what particular person they wish the newspaper sent, but if the name given is already listed as receiving the paper, then the publisher reserves the right to apply the subscription to some less fortunate soldier boy or noble woman who is just as lonely for news of home and home folks.

The name of every contributor to this home paper service will be published in this newspaper, and the name of everyone entered for a subscription will be published as well as the number of those remaining whose subscriptions have not been covered.

If the amount of money received shall be more than is necessary to send the paper to every person from the town now in the service, then the balance will be turned over to the Red Cross.

The plan is endorsed by the publisher of this newspaper without any thought of profit, either directly or indirectly, but with a sincere desire to help keep the home fires burning and to send to our heroes and heroines news of our town, to keep their hearts warm for us and to let them know they are constantly in our minds.

The publisher, of course, cannot make a profit on circulation, and additional circulation such as this will be circulation from non-purchasers sent far across the sea—can have no added value to the advertiser.

These facts are stated so that every contributor may feel that every cent contributed goes to the good cause.

The mothers of our boys are facing an ordeal with a bravery that commands respect and admiration. Here and there where tiny stars are turned from blue to gold, where anguish grips the heart, the nation stands in silence and honors the women who have given of their blood, the very bone of their bone, to their country. To them, home has lost its meaning—the soul of it has fled—there is no home, it is just a place, and no place is quite so lonely, unless it be within the hearts of those brave sons in far off France who long for just a word of home. There cannot be a man, there cannot be a woman, no, not even a child, who will fail to contribute just a little to make the hearts of these patriots lighter.

# Does Such an American Exist?

Can there be any American who is not doing all he can to help win the war? Who pretends to believe that we could have kept out?

Who whines or growls about the little sacrifice he is asked to make?

Who gets panicstricken and thinks that it would be better to compromise with the Hun and listens to the serpent whisperings of German propaganda?

If such an American exists let him realize what Germany has done to Russia, which gave in and negotiated a cowardly peace.

There is only one thing for us all today and that is war to the bitter end—war until the Hun is utterly and completely destroyed.

For those who cannot fight, **LIBERTY BONDS** are the best possible weapons against the Hun.

When this cruel war is over we hope to see that the Hun brute is classed among the animals that are extinct.

A woman's mind enables her to reach a conclusion without starting. Most of us would rather hear an enemy roasted than a friend praised.

## Trade Test Board is Now On the Job

IF YOUR KNOWLEDGE OF AUTOMOBILES IS SIMPLY TIGHTENING RUSTY BOLTS DON'T CLAIM TO BE AN EXPERT

When Uncle Sam became so enraged at the dongs of the Huns that he felt himself forced to exterminate them, he invoked the assistance of the selective draft because he wanted each to be placed where he could "lay on" with the greatest effect. There were a thousand and one items to be done before the Stars and Stripes could float over the palace at Berlin, and to expedite the expedition Uncle decided to select the specialists instead of shutting his eyes and picking out at random the individuals for each particular duty. "Speed" has been the watchword from the start and to this has been added, "but not at the expense of certainty" to complete the fighting program.

From the very first men called by the draft were sorted and each placed at the work for which a cursory examination showed him to be best adapted. Gradually a sorting process has been improved until it is reaching the perfection point at Camp Travis. The last piece of improved machinery installed at this great receiving camp has been patented under the name of "Trade Test Board."

This is just exactly what the name implies. When the recruit starts punching the clock at this mammoth soldier factory he is quizzed at great length concerning his civil life with a view of finding out in what department he will be of greatest service. Not infrequently a recruit who before being summoned to the army piloted a grocery flivver, informs the board he is a motor driver. And just as frequently one who has spent a few months studying the "Hunt and Peck" system of typewriting will record himself as a typist; or the fellow who once fastened a few loose nuts on a rattling Ford declares he is an auto mechanic. Uncle Sam was sometimes fooled by these when he was badly in need of some one who could deliver the goods. Now he has added the trade test board to his plant and its function is to find out

### BLAST WITH W.S.S.

The constant saving and regular purchase of War Savings Stamps will clear the victory path.

by actual experiment whether the recruit is what he pretends to be.

On August 27th there came to Camp Travis an order from the War Department and with it representatives of the committee of classification of the Army Trade Test Board. They had long been identified with this service and two sergeants had recently completed a course of instruction in the same work. In ten days they had installed the trade test board here and the officers went on to the next camp leaving the local work in the hands of the two sergeants and their assistants. And since their coming, hundreds of recruits have been run through the plant, the efficient being sifted from the inefficient.

As a recruit enters the door he is registered and given a score card upon which his record is to be entered as he passes through the mill. Assigned to one of the thirty-five booths he faces a questioner across the table and has an oral examination. If he is registered as an auto mechanic he is given an engine or a piece of an engine to put together and take apart. If he is supposed to be an electrician he is provided with framework representing a room and with wire and tools and given instructions he is to wire the model. If he claims to be a typist he is con-

ducted to a seat at a typewriter and told to copy some 500 words as rapidly as possible and accurately. If he is rated as a truck driver he is taken to the testing ground where he is given a truck or car and an opportunity to show what he can do. Grades are made and reclassification regulated according to the quality of the work.

Anyone who can successfully negotiate the truck and auto course is well worthy of his intended job.

Uncle Sam is just as particular that the trucks and autos has careful handling as he is that his horses and mules are not abused. And all through the test an observer watches carefully to see that the engine is not raced. It is to be kept running evenly and the gears are not to be ground while the test is being made.

#### —Pay the President—

The war is bringing us many a "blessing in disguise." Among the most insidious enemies of business are vagueness, uncertainty, indefiniteness, the habit of drifting and the lack of accurate, complete records and statistics upon which to base policies and plans. War measures are forcing us all to get more thoroughly acquainted with our businesses than we ever were before, and the acquaintance is bound to prove permanently profitable.

If urinary troubles set in;  
Perhaps your kidneys are "in a bad way."

Don't delay—use Doan's Kidney Pills.

Here is good evidence of their worth:

Mrs. R. H. Mann, 210 Locust St., Big Spring, Tex., says: "My back was so weak I could hardly get up after sitting down and I couldn't stoop at all. I had a dull, constant ache in the small of my back and my kidneys frequently acted too often causing me much annoyance. I got Doan's Kidney Pills at Bile's Drug Store and they cured me."

## It stirs every American heart

Who was not thrilled to read of the American soldier who supported a wounded comrade, and fought his way with the little detachment back through the Boches to the American lines?

That is only one deed of heroism among the many happening every day and looked on as a matter of course by the boys fighting for us over there. It shows the stuff that's in them. They are our own sons and brothers. Is the same stuff in us over here?

We have the opportunity at home to show our patriotism by other deeds of valor. We can fight and we MUST fight. And we must WIN, no matter how heavy our burdens may be.

Our former habits are the Huns we've got to battle with. We can't go on living as we used to. We can't go on spending our money for things we like. We must set up new standards—war standards—and stick to them—loyally.

From now on there can be only one standard for those of us who fight behind the lines—by saving and lending
