U. S. Radio Station is Now Located at Pecos

LIEUT. PIERI AND DETAIL ARRIVE TO CONSTRUCT TOWER AND OPEN TRAINING AND TESTING STATION

A feature that will be the cause of much interest to citizens of Pecos and surrounding country is about to be installed at this place by the U. S. Government, being an up-to-date wireless or radio station.

The location of the station will be on the vacant lots directly north of the old fair grounds.

The detachment assigned to this station is from the Radio Tractor Unit No. 43 of the U. S. Army. The personnel is Lieut. Donald Pieri, of the Signal Corps, U. S. A., commanding officer; Sergeant, 1st Class, N. T. Pineau; Corporal H. T. Roughgarden; Private, 1st Class, J. F. Gant; and Privates A. W. Taylor, W. Williamson, and A. Wolfe.

The mission of the new station in addition to teaching radio telegraphy, will be to experiment on a new and confidential radio apparatus in which the Government is interested. The outfit consists of the following equipment: One radio tractor, 100-foot sectional mast with 12 wires, a 12-wire counterpoise and ground wire set.

With them also is the Mascot—Mike, a fine white cat. Mike would resent The Enterprise classifying him as part of the equipment, for at present he ranks as private of the first class, and is up for promotion as corporal.

Lieutenant Pieri visited The Enterprise Wednesday, and was loud in his praise of the hospitality of our citizenship, and stated that nowhere did he ever see or experience such disinterested courtesies as were tendered himself and his men during the week. The Lieutenant himself is a courteous gentleman, an entertaining talker, and The Enterprise hopes that the citizens will continue to be helpful to these men, who, it is understood, will be permanently located here.

What advantages to this section will accrue from the location of this station here, the editor did not learn, but he does know that it is part of the huge program the Government has launched that victory may be ours in the great war overseas. That is reason enough why every help possible should be extended to the Lieutenant and his men.

A Few Glimpses of True, Loyal Patriotism

FOREIGNERS AT SHREVEPORT ARE FIRST OVER THE TOP IN FOURTH LOAN—SONS OF AMERICA, WAKE UP!

When the Liberty Loan train arrived at Naples, Texas the other day, a battle-scarred veteran of twenty-two, Sergeant J. S. Bolton of Naples, stood up and shouted to the crowd: "They beat me up but I can still fight, and if I can't fight over there I can fight over here."

The Greeks went over the top first at Shreveport with the Liberty Loan. One man who has not been in the country many years is running a small business and told one of the canvassers: "If my United States government needs my money to fight those Germans it can have it, I don't care whether I have a bond or not."

Here is a letter received recently by an officer well known in the Southwest. Names withheld by request:

"To Captain R. L. I do not know how to write, Signor Captain, for when I was a girl there were no schools. My grandson is writing for me.

"I am the mother of Italo, your orderly. It was destined that he should die. It was much better, however, that he should die for the Country than that he should end in some other way, perhaps badly. The times are evil in these days and the mothers are always in fear for their sons; then, too, we thank God Italo has had honor. He has been buried by his companions and the priest has given him absolution. On the other hand how many poor Christians remain who are exposed to the wind, to the sun, or worse still are in the hands of savage beings who torment them.

"Was it you, Signor Captain, who gave my name to those gentlemen who came to bring me money because Italo is dead. It was not from pride nor to mortify any one, but I could not take it, you see, for me to take that money would be like having sold my son. I have given my son."

When you have swallowed the lump in your throat, go out and buy another bond—you'll feel better.

Texas Will Stand by Her Flesh and Blood

MANY REASONS GIVEN BY GOV. HOBBY WHY TEXAS SHOULD STAND BEHIND ITS SONS WITH ITS WEALTH

Approximately 200,000 men have gone from Texas into the various branches of the United States Army and Navy.

These men must be fed and clothed and supplied with the necessary equipment for carrying forward to a successful culmination the task to which they have dedicated themselves, their lives and fortunes.

The work of maintaining an army of 200,000 men is a stupendous task and the cost is in proportion.

As an individual, as private, non-commissioned or commissioned officer, the American soldier costs approximately annually per capita \$2,000. Of this amount \$430 goes for sustenance; \$380 for personal equipment; \$650 service; \$480 goes for pay (general average); \$80 for housing, cantonment, etc.; \$120 for transportation here and abroad.

Of this computation of \$2,000 annually, it will cost Texas \$400,000,000 annually to maintain her army of 200,000 men, not including guns and ammunition. Nothing less is expected from Texas.

In his report to the House Appropriations Committee, General March said that there are now about 3,200,000 men under arms. Sixteen per cent of this number came from the Lone Star State. To the everlasting glory of a big state that does big things, it can be said that Texas did her duty to her country in giving her man power to this big cause for which our country went to war, and her task of meeting the gigantic cost of feeding, clothing and maintaining this huge representation of the greatest commonwealth in the greatest country in the world, will be accomplished with the same spirit of readiness with which she raised and sent into training and across the sea her army of 200,000 men, and with which she meets all big situations.

The message sent back to this country by the boys who are now in the thick of the fight is this: "We can do your fighting to a victorious finish, if the folk back home are willing to 'stand the gaff.'"

Texas is going to "stand the gaff." She has never admitted defeat. Conditions in the western section of the State have been deplorable by reason of an unprecedented drouth. The answer to an appeal for relief of the drouth sufferers was spontaneous throughout the State. And just as Texas arose to a situation that demanded the immediate financial assistance to citizens within the confines of the State, so will she lend the necessary backing for those boys, 200,000 strong, who have uncompromisingly, cheerfully, and with a smile on their lips shouldered the responsibility of this war, which is

Machinery for Test Oil Well Arrived

ALL THINGS FAVORABLE THAT ACTUAL DRILLING WILL BEGIN NEXT WEEK AND PUSH-ED TO CONCLUSION

Mr. Tinally informs the editor that the balance of the machinery for the oil well has arrived and been moved to the site of the well. A car of coal has also arrived and is being hauled out.

The heavy timbers for the mud-gills for the derrick and the walking-beam, Mr. Tinally is assured, will be here tonight, and tomorrow work on the derrick will be begun in earnest.

It is hoped to have the drill going by the latter part of next week when the work will be pushed until an oil well is brought in or it is definitely determined that there is no oil under the ground in that spot.

Let the good work go on!

Judge Jas. F. Ross and L. W. Anderson returned Thursday from Washington, D. C., where they had been in the interest of the Pecos Valley Southern Railway. J. P. KENNEDY DIES FROM TYPHOID FEVER AT ALPINE

J. P. Kennedy, a rancher near Alpine, who was well and favorably known to the greater part of Pecos people, and familiarly known to them as "Peeler" Kennedy, died yesterday at Alpine, after a week's illness with typhoid-pneumonia.

The sad news was brought to Pecos this morning by Wm. Youngblood and Ed Davidson who autoed from Alpine to Pecos to meet the Santa Fe train and return with C. M. Wilson and wife, parents of Mrs. Kennedy.

Further particulars were not obtainable, but The Enterprise knows it expresses the sentiment of Pecos people in stating that the bereaved has their deepest sympathy.

Things in Shape for the Drive on Fourth Loan

WORK OF SALES COMMITTEES SHOW \$36,000 ALREADY SUBSCRIBED—NEXT WEEK TO BE BUSY ONE IN COUNTY

A meeting was held at the Commercial Club rooms Friday of last week to organize and get ready for the big Fourth Liberty Loan drive. A representative body of business men were present and committees appointed, resolutions passed and the ball started to rolling in earnest.

It was a good meeting and to show that the men present had their hearts set to raise the full quota about \$7,600 worth of bonds were purchased in about five minutes.

W. W. Camp was elected as sales manager for the campaign and his splendid work during the last drive is sufficient evidence that his selection is a wise one.

A number of Pecos citizens met at the Commercial Club rooms this afternoon to canvass the different lists of bond salesmen who had been at work among our people since the first meeting last Saturday. Including the amount raised at Bajmorhea, which it is understood was about \$16,000, the lists showed that the sum of \$36,000 had been subscribed.

A patriotic meeting will be held at Toyah Wednesday night at which numbers of Pecos people will be present to assist. Toyah has never yet failed to do her part in any undertaking and after this meeting it can be depended upon that the goal will be in sight.

At the meeting this afternoon a great patriotic meeting was arranged to be held in Pecos Monday night at the Music Hall at eight o'clock, at which time an attractive program will be rendered. Let all our people, men, women and children, come to this meeting. If ever there was a time for a man to show what he is made of, that time is surely now! Every patriotic citizen in Pecos will be at this meeting. We are looking for you, and if you do not come you should certainly explain the reason why.

American boys are giving their blood, their lives, their all, for you. What are you giving for them? This may be the last test. See the honor roll published elsewhere in this issue. Is your name written there? If not, come out Monday night and put it there in big, black letters, beside the names of your other fellow townmen!

—Pay the President—

The news from the trenches makes us all feel good. Do you know what it is? Nothing more or less than your dollars loaned the Government in the first, second and third Liberty Loans at work. One more good hard dig, clean to the bottom of your jeans and buy the price of a ticket for the boys to ride into Berlin.

—Pay the President—

Mr. and Mrs. W. Boyes of Orla, were in Pecos Monday.

Counties Going Over Top to be Honored

A TANK TO BE NAMED FOR THE TEN COUNTIES OR COMMUNITIES PRODUCING GREATEST OVERSUBSCRIPTION

The Honor Flag system instituted during the last Liberty Loan Campaign is still in force, and the Honor Flag with four bars will be awarded to every county or community oversubscribing its quota.

Another matter to which attention is drawn is the fact that ten ships built by the United States Shipping Board will be named after the incorporated towns or cities that raise the largest oversubscription to the loan. In this connection the percentage of population purchasing bonds will also count and it is the two factors taken together which will determine which towns or cities are to receive the honor.

Ten military tanks will be named after the counties producing the greatest over subscription together with the greatest percentage of subscription by poulation.

The last scholastic census will be used as the basis upon which to figure.

The honor of sending tanks into battle with the name of their county on the side should appeal to every citizen.

In the name of the quarter of a million men who have left this District to fight for us, I appeal to the citizenship of the Eleventh Federal District to subscribe and over-subscribe the Fourth Liberty Loan, and I call upon them to do it quickly.

Let us put away as unworthy of ourselves and of this occasion the usual thoughts of our little, and really unimportant lives.

Men are fighting, braving and suffering even death itself for you and me.

As ordinary average decent human beings we should feel that we must support these men and provide them with the minimum amount the Government asks of us. As men of pride in our race, birth and nationality, we must do more and make our response both prompt and generous.

To count our money while our sons are fighting for our lives, our homes and our future, is out of place and unworthy.

Conditions in this District of ours are not ideal and the burden of the loan has been most carefully adjusted. Not a single man, not a single community has been asked to do more than is possible and reasonable.

Upon the wealthy men of this community rests a responsibility greater than that ever placed upon their shoulders before. They must lend to their country the accumulated wealth of past years and we know that they will do it.

Our boys went to our defense fearlessly, courageously and with a smile on their faces. We must all lend as they have given.

J. W. HOOPES.

How Much Would the KAISER Tax Your Business?

Think this thought twice over: "If we should fail to win this war what would happen to my business?"

What is left of business in the invaded districts of France and Belgium? What will be left of business here, if we fail to crush the sinister power of Prussian militarism? How much would you have left after paying the taxes and levies imposed by a victorious Germany?

Defend Yourself With LIBERTY BONDS

This is not only a war for Democracy and Liberty, but a war of self-defense. Germany menaces our rights, our self-respect, our homes, and our means of livelihood.

Every citizen—every business man—has weapons of defense ready to his hand. These weapons are Liberty Bonds. We cannot all fight with guns and bayonets but we can all fight with Liberty Bonds.

Buy to Your Utmost

Of course you have bought Liberty Bonds. Every one has. But how *many more* will you buy? The success of the Fourth Loan and of the war itself depends on your answer to that question.

Buy all the bonds you can. Go to your bank and make your arrangements. Buy more than you ever thought you could buy.

Our Weekly Letter From Camp Travis

ALL SUSPECTED CASES OF INFLUENZA ARE CAREFULLY WATCHED—NO DEATHS FROM THIS DISEASE

No cases of Spanish influenza have been discovered in Camp Travis. Influenza of a mild form has been noted in a few cases during the past few months but in no instance has the influenza been of a virulent type such as is reported prevalent in the East. This was the statement of Lieut. Colonel L. W. Little, the chief surgeon of the Eighteenth Division now located at Camp Travis.

Because of the prevalence of the virulent type in the East every case of influenza of every form is reported to the Surgeon-General at Washington. Cases numbering thirty-seven that have been reported from Camp Travis, however, have been of a very mild type and not to be classed as Spanish influenza. Every precaution has been taken and is being taken to prevent the introduction or spread of the infection now reported in many other camps.

There has never been a death reported from influenza from the Base Hospital at Camp Travis or from among the soldiers at Camp Travis, notwithstanding the fact that there has been a total of from 25,000 to 40,000 practically all the time. All suspected cases are being watched for symptoms of influenza of the Spanish type.

According to Colonel Little, Spanish influenza is different from the usual type of influenza in the virulence of the factors. Climatic conditions have much to do with the status of the disease. It is notable that camps and cantonments of the United States west of the Mississippi River have been singularly free from the influenza in any form whatever. There is no reason for worry, as the health of the soldiers in the cantonment at Camp Travis, unless very unexpected outbreaks of the influenza appear. This is deemed unlikely because of the preventative steps already taken and the general health conditions existing.

Given the name, as Brigadier-General George H. Estes said in making the announcement, "because the Germans will gain their knowledge of its quality through bitter contact," the Eighteenth Division now forming at Camp Travis is to be known as the "Cactus Division."

Following the initial review of the embryonic division by the new commander Saturday, September 21, the work of unifying the various component parts and welding the whole into overseas shape is progressing rapidly. Saturday's review was but the first step in the program of making this new division the equal of its predecessor, the Ninetieth Division, which is already taking part in the conflict across the Atlantic. The review will be followed by a series of battalion parades to take place each afternoon. A different series will be represented each day of the week.

While much remains to be done toward the final organization of the group, these have already assumed training form and are beginning to give promise of what they will be when the time comes for departure. General Estes, one of the youngest Brigadier Generals in the Army, is one of the men selected by the War Department to take up the training of the new divisions in the cantonments of the United States.

BLOODY CHAPTER OF PECOS' HISTORY RECALLED BY VISIT

Mrs. M. J. Denson of Junction City, passed through Pecos Tuesday, on her way from Del Rio to Roswell. Mrs. Denson was born in Liberty County and has seen many hardships incident to life on the border.

Her visit to Pecos recalls to the minds of old timers one of the crimson chapters in its history. It was an encounter between Barney Riggs, Bill Ahardt and John M. Denson, on October 3, 1896, in which Riggs killed both Ahardt and Denson. The killing grew out of the Frazer-Miller feud, Ahardt and Denson being friends of Miller, while Riggs was a brother-in-law of Frazer.

John M. Denson was the son of Mrs. Denson, and the latter on this visit, made herself known to R. S. Johnson and expressed a desire to visit the grave of her son, and also the place where he had met his untimely and tragic end. Mr. Johnson and Harry Anderson drove the old lady to the cemetery and pointed out the grave and also showed her where her son met his death.

Mrs. Denson continued her journey to Roswell on the 2:45 Santa Fe train Tuesday afternoon.

—Pay the President—

E. P. Stuckler, manager of the U ranch, returned home Tuesday from a two weeks' visit up in the Panhandle country, stopping at Amarillo, Stratford, Dalhart, and other places. He reports the latter two places as being in fine shape, with plenty of grass, but the other places visited were in even worse shape than they are here.

RED CROSS "BAILEY" BIG SUCCESS—MORE COMING

The Red Cross "Baile" Saturday night at Santa Rosa proved to be a success financially as well as otherwise. The amount raised was \$86.42.

Juan Hernandez made the opening patriotic address to the Mexicans in their own language and was followed by Judge Harry MacTier in a brief but patriotic address, after which the dance began.

Mrs. W. H. Drummond and Juan Hernandez are the instigators of this move to raise funds for the Red Cross among the Mexicans and they have been tireless in their work, and the amount raised shows the success of the undertaking.

On this occasion they had eats in abundance and Jim King was the dispenser, and with plenty of help did his part admirably, and Mrs. Drummond requests The Enterprise to express her gratitude and the gratitude of the Mexican population to him, as well as to O. J. Camp, Harry Dixon and the Pecos Mercantile Co., and others who rendered valuable aid.

Mrs. Drummond informs The Enterprise that the next drive will be made on the 12th of this month in a big "baile" at the court house. Just what they will have to eat on this occasion has not yet been decided, but as heretofore there will be plenty and everybody is invited to come and help the Mexicans out in this laudable purpose and have a good time.

Last Saturday night practically the entire population of Pecos was there and enjoyed the enchilates, chili, and sandwiches to the fullest.

—Pay the President—

Miss Norwood Wynn, a missionary in Mexico, was in Pecos Tuesday, the guest of Mrs. Albert Sisk. She was en route from El Paso to Roswell, N. M., to attend the annual session of the New Mexico Conference of the Methodist church. Mrs. Ben Randals and Mrs. Albert Sisk, who are conference officers of the Woman's Missionary Society of the Conference, and Mrs. J. G. Love, a delegate from the local society, also went up to Roswell Tuesday to attend the Conference.

W. S. Johnson, manager of the ranch of Mrs. W. L. Ross, returned about a week ago from Louisiana and is reported as having a full-grown case of Spanish Influenza. He has been very ill ever since his return.

When You Fight--Fight

FIGHT as these American soldiers fought in the streets of Fismes. "They covered themselves with glory," the papers say. Of course they did—they are Americans.

They met the finest of the enemy's troops in a terrific hand-to-hand struggle. They used their guns—their bayonets—their bare fists. Every American soldier went after his man desperately, fearlessly, persistently, with one great driving purpose—to whip that Prussian Guard, to silence its machine guns—to win!

It's a pretty good way to fight—this American way. It wins battles over there, it will win a splendid victory over here—if we *fight* when we fight—if we buy Liberty Bonds to our utmost.

When you fight—fight! — When you buy—buy!

Lend the way they fight—Buy Bonds to your utmost

from **OUR HOME TOWN BOYS**
OVER THERE

LETTERS from our boys in the trenches and from the women in canteen and other war work, all bring to us the same message—SEND US NEWS FROM HOME.

World news is all right, but OUR BOYS want NEWS OF THIS TOWN. They want the home newspaper. Publishers are prevented from sending their papers free to anyone, even boys in the service. Consequently a national movement has been started by Col. William Boyce Thompson of New York, who is acting as President of the Home Paper Service of America to give the boys what they are calling for. Every community is joining the movement. Let us see that our boys are not forgotten.

Send to the publisher of this newspaper whatever amount of money you can—5 cents or \$50.00. We will publish a list each week of those contributing, and the amounts contributed.

Every cent received will be used to send this paper to our boys at the front. If at the end of the war, there is any surplus, it will be turned over to the local Red Cross Committee.

There is no profit in this to the publisher—even in normal times, subscriptions are not sold at a profit. With war-prices prevailing, and the high rate of postage on papers sent to France, our cost will scarcely be covered by our full subscription price.

Remember that over in France, some brave soldier or sailor from this town—perhaps even some splendid woman working within sound of the guns—is depending on you to "KEEP THE HOME LOVE KINDLED."

Crown Prince Writes
His Pa On the Run

AMERICANS KNOW NODINGS OF KULTUR, ALSO NODINGS OF WAR AND RUN AT US WHEN THEY SHOULD RUN AWAY

Somewhere in France, August 20 Times.

Dear Papa:

I am writing on the run as the brave and glorious soldiers under my command have not seen the Rhine for so long that they have started back dat vay and of course I am going mit dem along. Oh, Pap, dere nas been some oriel dings happened in France. First I started my big offensive to crush dose fool Americans, but dey know so liddle about military tactics dat dey vill not be crushed like I vant dem to. I sent my men into der big fight in waves and ven dey got to dose Americans dey all said "Boo," as loud as dey could holler. Vell, according to vat you haf always told me de Americans should have turned and run like de blazes. But, vot you dink? De fool Americans don't know not a thing about war and instead of running de odder vay, dey come right toward us. Some of dem vas singin' somedings about "Ve vont come back till over, over dere," or some odder foolish song and some of dem laffing like fools. Dey are so ignorant. But dey are offel reckless mit dere guns and ven they come toward us it vas den dat my men took der notion dat dey vanted to go back to der dear old Rhine. Ve don't like de liddle old dirty Marne River anyhow; and, Oh, Pap, dem Americans use such offel language. Dey know noddings of kultur and say such offel dings righ before us. And dey talk blasphemy, too. Vot you dink dey say right in front of my face? Von big husky from a blace dey call Arizona, he said—oh, Papa, I hate to tell you vat an offel ting he said—but I can't help it, he said "To hell

anytings so offel? I didn't tink anybody would say such an offel ting. It made me so mad I wouldn't stand and hear such an offel ting, so I just turned and runned mit der odder boys. Vas I right? Vat? And, oh, Papa, dem breastplates you sent us. Can you not send some to put on our backs? You know ve are going der odder vay now, and breast plates are no good, for de cowardly Americans are shooting us right in der backs. Some of der boys took off dere breastplates and put 'em behind, but de fool Americans are playing "De Star Spangled Banner" mit machine guns on dem plates. Can't you help us? You remember in your speech dat nodding could stand before de brave German soldiers? Oh, Papa, I dond believe dose ignorant American soldiers ever read dot speech of yours, for dey run after us just like ve vas a bunch of jack rabbits. Vot you dink of dot? Can't you send some of your speeches right away? Dey dond know how terrible ve are. Can't you move my army back to Belgium vere ve von all our glory? My men can vip all de vimmen and children dem Belgians can bring up. But de Americans, are so rough and ignorant. Ve can't make dem understand dot ve are de greatest soldiers on earth, and ven ve try to sing "Deutschland Uber Alles" dey laff like a lot of monkeys. But ve are getting de best of der Americans. Ve are outrunning dem. Papa, if ve are not de best fighters on earth, ve are de best runners. WEEKLY FINANCIAL REVIEW

A compilation showing the average import prices in the fiscal year 1918 of a large number of articles representing production in every section of the world, shows prices even higher than those of 1917, which in turn exceeded those of 1916, 1915, and the fiscal year 1914.

In nearly all of the important articles imported, 1918 average price figures stand at the top of the ascending scale of prices dating from 1914. The average import price of clothing wool in 1918 was 54 cents per pound against 36 cents in 1917, 28 cents in 1916, and 23 cents in 1915.

In copper the average price of the importation of 1918 was 26.2 cents per pound against 19.4 cents in 1916, and 13.4 cents in 1915, being thus practically doubled in the four-year period. Raw silk averaged in 1918 \$5.25 per pound against \$4.61 in 1917, \$3.61 in 1916, and \$3.09 in 1915.

Raw sugar averaged in 1918 4.8 cents per pound as against 4.3 per pound in 1917, 3.7 cents in 1916, 3.2 cents in 1915 and 2 cents in 1914.

Tin averaged in the fiscal year of 1918 54.6 cents per pound against 40 cents in 1917, 35.5 cents in 1916 and 32.4 in 1915.

In a few articles prices are lower. The average import price of coffee in 1918 was 9 cents per pound; in 1914 it was 11.1 cents per pound.

No Worms in a Healthy Child
All children troubled with worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS CHILL TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a General Strengthening Tonic to the whole system. Nature will then throw off or dispel the worms, and the Child will be in perfect health. Pleasant to take. 60c per bottle.

CALOMEL SALIVATES AND MAKES YOU SICK

Acts Like Dynamite on a Sluggish Liver and You Lose a Day's Work

There's no reason why a person should take sickening, salivating calomel when 50 cents buys a large bottle of Dodson's Liver Tone—a perfect substitute for calomel.

It is a pleasant, vegetable liquid which will start your liver just as surely as calomel, but it doesn't make you sick and can not salivate.

Children and grown folks can take Dodson's Liver Tone because it is perfectly harmless.

Calomel is a dangerous drug. It is mercury and attacks your bones. Take a dose of nasty calomel today and you will feel weak, sick and nauseated tomorrow. Don't lose a day's work. Take a spoonful of Dodson's Liver Tone instead and you will wake up feeling great. No more biliousness, constipation, sluggishness, headache, coated tongue or sour stomach. Your druggist says if you don't find Dodson's Liver Tone acts better than horrible calomel your money is waiting for you.

United War Work Committee Met in Dallas

UNITY, REGARDLESS OF RACE OR RELIGIOUS OPINION IS OBJECT SOUGHT AT THE REQUEST OF PRESIDENT

That the State conference of the United War Work Committee held in Dallas on September 24th, in response to the request of President Wilson and attended by eight hundred citizens representing every part of the State and each of the seven participating organizations, marked an epoch in the world war, was the opinion expressed by many of the leaders present. Just as the armies of Great Britain, Italy and the United States, after much doubt and discussion united under a single command, so now the welfare workers laboring with the army have united for a financial campaign under a single command at the suggestion of our commander-in-chief, President Wilson, to avoid districting the nation and disturbing industry by making continual separate financial campaigns throughout the year.

On the program for the first day appeared Dr. Wm. H. Greenburg of Dallas, and Dr. Geo. Fuchs of Fort Worth, prominent and scholarly Jewish Rabbis; Father J. M. Kirwin of Galveston, and Father B. H. Diamond, vicar-general of the Dallas Diocese and rector of the Sacred Heart Cathedral, representing the Catholics; Brigadier Geo. Wood, of the Salvation Army; F. S. Brockman of the International Y. M. C. A.; Dri A. Davis of New York, J. G. McNary of El Paso, and Miss Oloolah Burner, three workers just back from France. Dr. Katherine C. Davis, social worker of New York, now with the Government; G. S. Bilheimer, depart-

ment campaign director; L. A. Coulter of Dallas, State Director; Jno. T. Scott of Houston, state chairman; Nat M. Washer of San Antonio, presiding officer; Rev. T. A. Warton of Sherman; J. E. Morgan of Waco; S. B. Murray of Dallas.

By an audience almost wholly Gentile and very largely Protestant, the speeches of Rabbi Fuchs and Father Kirwin, explaining the need for the services of their peculiar welfare work among soldiers of their faith, and assuring sympathy for and cooperation with all the other agencies, received an applause that amounted to a demonstration.

Brigadier Geo. Wood of the Salvation Army was as cordially received. The work of the Y. M. C. A., Y. W. C. A., American Library Association and War Camp Community Service were equally well represented at the meeting.

The conference formally resolved to bend the energies of the organization to make the Liberty Loan a huge success before entering upon the war work campaign.

Mr. Davis, Mr. McNary and Miss Burner recited many facts to show the stupendous work accomplished in France by the welfare war work and showed the vast need for still greater work, both here and there. General Pershing of our Army and General Petain of the French Army were quoted many times, in letters, dispatches and verbal statements, and showed their unreserved and enthusiastic approval of the welfare work and their eagerness to see it liberally extended. Secretary Baker and Secretary Daniels were also quoted, to the effect that each were deeply interested in the welfare work in the Army and Navy.

LEND AS THEY HAVE GIVEN

It is unfortunate that the heart can be stirred in times like these by only the direst calamity.

If appeals to reason could reach the deepest emotions our Government would have all the money it needs.

The torpedoing of one of our troop ships would bring it in a grim, determined hurry but at the same time it would be perilous for our future. The wrath of our country would be aroused to the fury of hell and we might commit some overt act that would count against us at the peace table. To avoid such a possible tragedy, and consequent result, it is the duty of every citizen to furnish our Government with all the funds it needs without the asking, so as to eliminate the enormous expense of these bond drives and release for other war activities these splendid services of the hosts of men thus engaged.

I want to say a word to the hundred dollar man without dependents, in an endeavor to bring him to a realization of his responsibility in this great war which we will win; in the same ratio, what I say to him can be applied to every man earning one hundred and twenty-five dollars and upwards, per month. It costs our Government close around eighty dollars per month to maintain each brave man that is fighting for the liberty of the world. Based upon the cost of menial labor the soldier is, at least, a hundred dollar man. He, therefore, is not only offering his life, but he is actually giving our Government, with no expectancy of return or hope of reward, twenty dollars every month, in order that you may have an opportunity of earning your one hundred dollars per month in perfect safety. Are you giving twenty dollars per month to our Government to help win the war? No? Well, will you not lend our Government twenty dollars per month for the duration of the war at 4 1/2 per cent interest? Is it not the least you can do, and, honestly, is it not your duty to do the most you can?

After this war is won, probably before, there is going to be another draft. A draft before the Board of Public Opinion, and all men are going to be classified. There will be a class for the Miser, and a class for the Slacker, and—may God pity them, for their fellowman will not.—By T. Q. Martin, Dallas.

The Fighting Fourth. We must lend as the boys "over there" have given.

Bulgaria saw a light ahead, but it was a mighty dim one, so she turned back.

It is puzzling to read Germany's accounts of her victories in the face of positive defeat and disaster. It is plim easy, however, when you become acquainted with the fact that they get everything backwards in their speech. An example to prove this: They said Americans couldn't fight.

Spanish influenza is rampant in the land and in northern cities it is reported to be taking heavy toll. As this is the time of the year when

all are afflicted more or less by la grippe, it will be well for our people to not be alarmed, as no cases that could be called influenza have been noted in this section, while many are down with the old-fashioned la grippe.

The attention of the officers is called to up-stairs of the Thomason building where the W. O. W. and W. O. W. Circle lodges hold their meetings. The hallway in this building has been converted into a veritable privy. The ladies—our wives—hold their meetings there and unless it is made decent they will either have to hunt another hall or disband. The safety and common decency of the children of the town demand that the matter be looked into and that the guilty ones be reprimanded in such a way that it will ever be a flaming fire before their eyes when they think of such a thing again.

APPOINTED IMMIGRATION AND INDUSTRIAL AGENT

An order issued from the office of the traffic manager, at Dallas states that G. S. Bruce of Houston, Texas, is appointed, to take effect September 15, immigration and industrial agent of the following roads: Texas & Pacific, M. K. & T. Railroad (in Texas) Trinity Branch; Beaumont & Great Northern, Galveston, Houston & Henderson, Houston & Brazos Valley, Trans-Mississippi Terminal Railroad, and the St. Louis Southwestern Railroad (in Texas).

W. W. Stewart returned from Washington, D. C., and to relatives in the North Wednesday. He, was in Washington with others from Reeves county in the interest of the P. V. S. Railway.

Henry Kerr came in from El Paso Tuesday for his vacation. He is jailor, or assistant jailor there and has a month's vacation, fifteen days of which is on full pay. Henry is looking well and likes El Paso, but says it is not as lively as it used to be.

Our Dry Goods department will soon be complete. Call and see.—Green's.

With no thought of bursting shrapnel and poisonous gases into which they plunge—with every muscle tense, with every faculty of mind alert, with one thought only—TO FIGHT AND WIN.

That is the way our men are going into battle. When the shrill whistle sounds the advance, out they go—their whole heart in the task before them. No power on earth can hold them back.

Forward!

The same sharp challenge to battle is sounding for us. We must answer in the same proud way—the way of our fighting men—the American way. We must lend the way they fight.

We must show the war-maddened Hun a united American people moving forward shoulder to shoulder, irresistibly, to Victory.

Our task is to supply the money, the ships, the guns, the shells that we must have to win. It is a tremendous task. We must do it as our fighting men do theirs—with the indomitable spirit of Victory.

We must work, and save, and lend with one thought only—TO FIGHT AND WIN.
