Bonus of Sixty Dollars for Soldiers

THIS AMOUNT WILL BE PAID TO MEN DISCHARGED FROM THE SERVICE UPON APPLICATION TO WASHINGTON

Section 1406 of the Revenue Act, approved February 24, 1919, authorizes for the payment of a bonus of \$60 to officers, soldiers, nurses, and field clerks of the army upon honorable separation from active service by discharge, resignation or otherwise. This bonus is not payable to the heirs or representatives of any deceased soldier.

Those who are discharged hereafter will receive the bonus on the same roll or voucher upon which they are paid their final pay.

Those who have been discharged and have their final pay without the \$60 bonus, should write a letter to the Zone Finance Officer, Lemon Building, Washington, D. C., stating their service since April 6, 1917, the date of last discharge and their present address to which they desire their bonus checks to be sent and enclosing with this letter their discharge certificate or military order for discharge and both, if both were issued.

Upon receipt by the Zone Finance Officer, Washington, D. C., of this information and the soldier's discharge certificate, this officer will cause the checks to be drawn and mailed to the claimants in the order in which their claims were received by him. The discharge certificate will be returned to the soldier with the check.

It is estimated that at least one million and a quarter persons have been discharged from the service who are entitled to the benefits of this act and while payments will be made as expeditiously as practicable, it will manifestly take considerable time to write and mail this many checks.

BALMORHEA COUPLE ARE MARRIED AT PECOS

J. B. Van Deren and Miss Jamie Walker, both of Balmorhea, were married at the Christian church in Pecos, Monday afternoon at 2 o'clock by Homer L. Magee. The parents and brother of the groom and Mr. and Mrs. Lee Kingston, brother-in-law and sister of the bride, were the witnesses. After the ceremony the couple left for El Paso for a short stay.

The groom is a son of Mr. and Mrs. B. W. Van Deren, and the bride is a daughter of Mr. and Mrs. J. H. Walker. Both families are prominent in the Toyah Valley. May there be plenty of good times ahead for Jim and Jamie is our wish.

W. A. Knapp, a prosperous alfalfa raiser of Balmorhea, this week purchased a fine milk goat of the editor—sixty dollars being the consideration. This is a fine Toggenburg, and a splendid milker and worth the money.

Reeves County "Over The Top" Again

QUOTA FOR THE RELIEF FUND TO HELP ARMENIANS AND SYRIANS IN FAR EAST IS OVERSUBSCRIBED

Reeves County has again demonstrated that she is in the forefront in every good work. The Nation was asked by the committee for "Relief in the Near East," to raise \$30,000,000, to assist in feeding and clothing the refugees of Armenia, Assyria, etc., until they can be returned to their homes and made self-supporting. The call was backed by the government, so that it was not only a charitable, but a patriotic enterprise as well.

Texas' quota was \$650,000 and that of our county \$900. The committee finished the county drive last week, reaching a total of \$908.81.

Now, all together, for a strong pull on the "Victory Loan" that is soon to be.

PARENT-TEACHER ASSOCIATION IN REGULAR MEETING

The monthly meeting of the Parent-Teacher Association was held in the High School auditorium Friday afternoon. The seating capacity was filled to the limit and the following very interesting program was enjoyed to the limit:

Piano Solo—Miss Mildred McCarver.

Song, "Sweet and Low"—First Grade.

"Three Crosses"—Denwood Ross.

Song, "Wind and Flowers"—Second Grade.

Reading, "Seein' Things at Night"—Mrs. Harry Woods.

Folk Lore Dance, Fourth Grade.

In the book contest the award was made to the second grade. They are a wide-awake and enthusiastic bunch of youngsters, and were much elated on winning the prize again.

Books were presented by Superintendent P. J. Rutledge to the grades that won on previous occasions.

A short business session was held after which adjournment was made until the first Friday afternoon in April.

TOYAH VALLEY SHIPS HAY TO WISCONSIN

16 cars of the famous pea-green alfalfa hay were shipped from the Toyah Valley Saturday—10 from Saragosa and 6 from Balmorhea.

One car was shipped to Wisconsin the remainder to Texas points.

The City Pharmacy is making a strong bid for soda fountain patronage, and have secured the services of Harvey Guynes of Crandall, Texas, who is an expert mixologist.

Mr. and Mrs. John Oates were in from Saragosa Wednesday visiting Pecos friends.

Pecos Has Airplane Party as Guests

TRIP OF LIEUTS PLUM AND MONTAGUE OF TALIAFERRO DELAYED BY SAND STORM AND ENGINE TROUBLE

Saturday morning the population of Pecos was distracted in its various lines of business by the purring of a motor, and investigation disclosed an army plane, high in the heavens until it resembled a huge hawk, sailing majestically over the city. After two or three circles the plane headed for the landing station west of town and there alighted. It developed later that at an altitude of 4500 feet the gasoline supply was exhausted and the engine stopped, forcing the driver to volplane from this dizzy height to terra firma. Those who witnessed the descent from points of vantage saw the plane landed as easily as a bird.

The plane was in charge of Lieut. Jim Plum, whose several visits to Pecos have made him familiar with our people, while in the observer's seat was Lieut. H. H. Montague who was operating the huge camera, taking photos of the landing stations on the route from Fort Worth to El Paso.

After landing it was discovered that the engine must be overhauled before further flight, so they took on a few gallons of gas, and loaded Lieutenant Peirre in for guide and flew to the Pecos Auto Company garage, where the engine was overhauled, the work occupying two days. Another two days of the trip was lost on account of a fierce sand storm.

The officers were high in praise of the conduct and courtesy of Pecos people during their stay. No attempt was made to detach parts of the machine for souvenirs, and neither did these officers lack for hospitality during their short stay. The boy scouts of the town stood guard over the airplane the first night, but this was declared unnecessary after their first night's vigil.

The machine was in shipshape Monday at noon and the start for the West was made under conditions that had all the earmarks of a gala-day—every one was there who could possibly get away from his business.

In big circles the machine reached an altitude of 6000 feet, the required height for photographing the aviation field, and after a thorough test of the engine they were off.

Last night several of our citizens declared they saw a plane at dusk, but no one was informed of its coming, and all were skeptical until early this morning it rose from a point just west of the city and flying low passed over on its way east.

The object of this trip was to secure photos of every landing station between Fort Worth and El Paso on the proposed route to the coast.

A word about the officers in charge of the machine will not be out of place. Our people are high in their praise of the courteousness of Lieut.

Gleanings From the Pecos Oil Fields

MANY NEW SITES ARE SELECTED AND SHORT PERIOD WILL FIND INTENSIVE EXPLOITATIONS CARRIED ON

That activities in the Pecos fields are beginning to assume proportions beyond the hope of the home people is evidenced in every new move during the past few weeks. Many companies, with unlimited capital behind them, are entering the field, and, for the present at least, information as to just what they are doing or going to do is "scarce as hens' teeth." The items below, however, have been dug out, and they are calculated to enthrall all who are really interested in the oil development of this section.

Geologist Hugh H. Tucker of Dallas, was here Monday looking after the progress of the Laura Well and also to locate the site for another well for the San Antonio and El Paso parties who have secured from the Sunshine leases on 1000 acres. Representatives of this party were here also and gave an order to the agent of the Lucy Manufacturing Co. for a standard rig to be shipped at once, and upon its arrival the well will be spudded in. The above lease was granted to these people upon the express condition that operations be begun on a well within 90 days.

C. W. Watson was in town from El Paso the fore part of the week. He came for the purpose of unloading his oil rig with which he proposes to start drilling at the earliest possible moment. The rig has been ordered for some time, but to his regret, had not yet arrived.

Judge Croom of El Paso, attorney for the El Paso and San Antonio parties who will drill for oil in the Pecos field as soon as the rig can be delivered, was a Pecos visitor Monday.

The Sunshine company, as stated elsewhere, is on the job day and night but mum is the word as to the log of the well, etc. Alfred Tinnally, president of the company, was here the latter part of last week and the fore part of this, attending to business and noting the progress of the Laura Well. Three shifts are busy, and the equipment is the best procurable and steam is never allowed to go down in the boiler. The Sunshine people have put Pecos on the map, and she's there to stay this time.

Mr. E. L. Stratton, arrived from Dallas this week. He is manager of the Toyah Valley Oil Co., and he says he has with him a geologist of eminence, who will select the sites for two wells, and also the authority to order rigs at once and push the work to completion.

Plum and Montague, who had a pleasant word for everybody, and every question was cheerfully answered that did not conflict with regulations. It is the universal desire that they drop down on us often.

Popular Amusements!

There are Three Popular Amusements that will be discussed in a series of sermons at the BAPTIST CHURCH on Sunday Evenings, beginning next Sunday.

First Sermon—"The Card Table and Its Kin Folks," Sunday, March 16, 7 p. m.

Second Sermon—"The Show Going Habit," Sunday, March 23, 7 p. m.

Third Sermon—"The Modern Dance" Sunday, March 30, 7 p. m.

There will be fair and courteous but very plain discussion. If you are against these things, come. If you are for them come. If you don't care a snap of your finger either way, come.

W. A. KNIGHT

PECOS VULCANIZING CO.

Pecos, Texas

Company to Locate Site for Three Wells

TOYAH VALLEY OIL COMPANY WILL START DRILLING NEW OIL WELLS WHEN SITE IS SELECTED BY GEOLOGIST

A letter under date of March 12th, from E. L. Stratton, general manager of the Toyah Valley Oil Company, with offices at Dallas, enclosing checks for job printing and subscription was received yesterday. The officers of this company are: E. P. Turner, president; J. D. Rose, vice-president; E. L. Stratton, general manager; J. J. Carter, treasurer; E. D. Balcom, secretary, and J. E. Bassett, assistant secretary-treasurer.

Mr. Stratton's letter says, in part: "We have secured a fine suite of seven rooms at 1011-1013 Southwestern Life Building, Dallas, and will move there within the coming week. I plan to leave here tomorrow with another and very eminent geologist. We will go to Pecos and look over some of the leases and locate three wells. I have been authorized by our board of directors to purchase materials for derricks and we will push the work as fast as possible and go to any necessary depth to find out what lies below our lands."

This is a strong company of thorough-going business men who are hustlers and will get things to moving at once and their entering this field means that considerable development will be under way at an early date. Let the good work go on.

QUESTIONNAIRE FOR THE SCHOOL TEACHERS

E. J. Mathews, Registrar of the University of Texas, in a circular note to the teachers of this State, asks the following pointed questions: Did it ever occur to you that the average teacher almost wastes the summer?

That the average teacher is getting about half as much salary as he could get by getting more preparation?

That the longer the teacher puts off getting his preparation the harder it will be for him to do it when he gets it?

That by putting in some of the long summer sessions getting some more education, some new ideas, some outside inspiration, a teacher can go a long way toward overcoming the handicap of poor preparation earlier in his career?

That the University of Texas offers every summer two terms, each complete, for the benefit primarily of those who cannot attend the regular sessions?

That you better look into this at once?

Mrs. Bob Baker is up from Saragosa this week looking after the management of the Pecos Hotel for Mrs. Adams who is yet under treatment at Fort Stockton.

Work on the Sunshine Well is Being Pushed

EDITOR FINDS THREE SHIFTS AT WORK NIGHT AND DAY WITH AN EQUIPMENT SECOND TO NONE IN THE COUNTRY

The editor and wife and Mrs. John Camp were invited by Dr. and Mrs. I. E. Smith, Sunday afternoon, to occupy seats in the big Studebaker car, for a visit to the Laura well.

Arriving at the well we found Mr. Tinnally, president of the Sunshine Oil Corporation, as busy as could be, giving orders for more machinery for his other wells and entertaining visitors. There were many cars there and at least half a dozen were met on the way, returning to Pecos.

Mr. Tinnally now has three shifts of men and the drilling is going on night and day. He informed the editor that his drillers were the very best to be had and as good as there are in the State. From the way they took hold of things it's a cinch they know what they are about. The Enterprise man was shown over the plant and it is certain that the corporation has nothing to be ashamed of in the way of equipment. It is all absolutely new and is as good as any rig in the State, and was working as smoothly as a sewing machine. They not only have this fine equipment but fishing tools of every description. In fact they have a complete outfit of the very best hat money could buy.

They are giving out absolutely no information to the public about the well; however, they are now in the Permian formation and the indications are extremely favorable.

Mr. Tinnally is just as sure now that he will get a gusher as he will be when it is flowing over the derrick, and informed the editor that they are now "over the rocks" and have placed orders for two more rigs which he hopes to have in operation within sixty days. He also stated that Sunshine oil stock is being snapped up by El Pasoans in a way that would astound the natives. The increase in the price of stock from \$1.00 to \$2.00 per share has only seemed to stimulate the sale and in a very short while all the stock offered for sale will be snapped up.

PECOS PEOPLE FORM OIL CO.

The Ranger-Hudson is the name of an oil company with holdings in the eastern fields, formed of Pecos men.

The officers of the company are as follows: L. W. Anderson, president; D. W. Bozeman, 1st vice-president; Finley Holmes, 2nd vice-president; J. A. Drane, secretary. J. G. Love, treasurer.

The company has very desirable holdings right up against the big gushers in the Ranger and Duke oil fields, and there is no doubt in their minds that the project will be a big winner for them.

A. J. Adcock of Grandfalls, was in Pecos Monday transacting business.

Weekly Health Talks

What Doctor Pierce Has Done For Humanity!

BY DOCTOR CRIPPS.

It has always seemed to me that Dr. Pierce, of Buffalo, N. Y., should be placed near the top when a list of America's great benefactors is written. He studied and conquered human diseases to a degree that few realize. Whenever he found a remedy that overcame disease, he at once announced it in the newspapers and told where it could be bought at a small price. He did not follow the usual custom of keeping the ingredients secret, so that the rich only could afford to buy the medicine, but openly printed the name of each root and herb he used. And so to-day the names of Dr. Pierce and his medicines are widely known, and they stand for better health and better citizenship.

One of this great physician's most successful remedies is known as Doctor Pierce's Pleasant Pellets. These are little, sugar-coated pills, composed of Mayapple, leaves of aloë, root of jalap—things that Nature grows in the ground. These Pellets are safe because they move the bowels gently, leaving no bad after-effects, as so many pills do. Very often they make a person who takes them feel like a new man or woman, for they cleanse the intestines of hard, decayed and poisonous matter that accumulates when one is constipated. If you are constipated, by all means go to your druggist and get some of Dr. Pierce's Pleasant Pellets. They may prove to be the very thing your system requires to make you well and happy.

One little seed of hate planted in our heart can destroy a world of good that would have grown from a seed of kindness.

Women!

Here is a message to suffering women, from Mrs. W. T. Price, of Public, Ky.: "I suffered with painful..." she writes. "I got down with a weakness in my back and limbs... I felt helpless and discouraged... I had about given up hopes of ever being well again, when a friend insisted I

Take

CARDUI

The Woman's Tonic

I began Cardui. In a short while I saw a marked difference... I grew stronger right along, and it cured me. I am stouter than I have been in years. If you suffer, you can appreciate what it means to be strong and well. Thousands of women give Cardui the credit for their good health. It should help you. Try Cardui. At all druggists. E-73

Let us be done with fault-finding, and leave off self-seeking.

A better way than to uproot bitterness in one's heart is to never let it begin growing.

Stop Corn Agony In Four Seconds

Use "Gets-It"—See Corns Peel Off! The relief that "Gets-It" gives from corn-pains—the way it makes corns and calluses peel off painlessly in one piece—is one of the wonders of the world. The woman in

"Get Me 'Gets-It' Quick! It Eases Corn Pains and Makes Corns Peel Right Off!"

the home, the shopper, the dancer, the foot traveler, the man in the office, the clerk in the store, the worker in the shop, have today, in this great discovery, "Gets-It," the one sure, quick relief from all corn and callus pains—the one sure, painless remover that makes corns come off as easily as you would peel a banana. It takes 2 seconds to apply "Gets-It"; it dries at once. Then walk with painless joy, even with tight shoes. You know your corns will loosen from your toe—peel it off with your fingers. Try it, corn sufferers, and you'll smile! "Gets-It," the guaranteed, money-back corn-remover, the only sure way, costs but a trifle at any drug store. Mfg'd by E. Lawrence & Co., Chicago, Ill.

LEMONS BEAUTIFY AND WHITEN THE SKIN.

Make This Beauty Lotion Very Cheaply For Your Face, Arms and Hands

At the cost of a small jar of ordinary cold cream one can prepare a full quarter pint of the most wonderful lemon skin softener and complexion beautifier by squeezing the juice of two fresh lemons into a bottle containing three ounces of orchard white. Care should be taken to strain the juice thru a fine cloth so that no pulp gets in, then this lotion will keep fresh for months. Every woman knows that lemon juice is used to bleach and remove such blemishes as freckles, sallowness and tan and is the ideal skin softener, whitener and beautifier.

Just try it! Get three ounces of orchard white at any drug store and two lemons from the grocer and make up a quarter pint of this sweetly fragrant lemon lotion and massage it daily into the face, neck, and hands. It is marvelous to smoothen red, rough hands.—Adv't.

Let your idle books help our soldiers—You can do your bit.

No Worms in a Healthy Child
All children troubled with worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS CHILL TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a General Strengthening Tonic to the whole system. Nature will then throw off or dispel the worms, and the Child will be in perfect health. Pleasant to take. 60c per bottle.

CITATION BY PUBLICATION

THE STATE OF TEXAS
To the sheriff or any constable of Reeves county—Greeting:

You are hereby commanded to summon John Yates by making publication of this citation once in each week for four consecutive weeks previous to the return day hereof, in some newspaper published in your county, if there be a newspaper published therein, but if not, then in any newspaper published in the 70th Judicial District; but if there be no newspaper published in said judicial district, then in a newspaper published in the nearest district to said 70th, to appear at the next regular term of the District court of Reeves county, to be holden at the court house thereof in Pecos, Texas, on the third Monday in April, 1919, the same being the 21st day of April, 1919, then and there to answer a petition filed in said court on the 12th day of March, 1919, in a suit, numbered on the docket of said court No. 1832, wherein Mrs. Augusta Reynolds, a widow, is plaintiff, and Wm. G. Yates and John Yates are defendants, said petition alleging that said plaintiff conveyed to Wm. G. Yates all of Sec. 40, Block 6, H. & G. N. RR. Co. Survey, in Reeves County, Texas, on or about December 20, 1916, in consideration among other things of two certain notes bearing said date, in the sum of \$1000 each, signed by said Wm. G. Yates, payable to the order of the plaintiff at Pecos, Texas, due, respectively, in two and three years after date, with interest thereon from date until paid at the rate of 8 per cent per annum, interest payable annually at Pecos, Texas; the said notes providing that at the election of the holder, that default in the payment of either of said notes or of any installment of interest due thereon, should mature both of said notes; that thereafter on or the said Wm. G. Yates conveyed said the said Wm. Yates conveyed said above described land to John Yates. Plaintiff sues and prays that the defendant Wm. G. Yates be cited by citation as required by law, and that the defendant John Yates be cited by publication, to appear and answer her petition, and upon final hearing that she have judgment against the said Wm. G. Yates for her debt, interest and attorney's fees and costs, and for judgment against both defendants foreclosing the vendor's lien upon the above described property, for order of sale and general and special relief. For a more particular description of said suit, reference is hereby made to the plaintiff's original petition now on file in the above court.

Herein fail not, but have before said court on said first day of the next term thereof, this writ, with your return thereon, showing how you have executed the same.

Witness S. C. Vaughan, Clerk of the District Court of Reeves County.

Given under my hand and the seal of said court, in the City of Pecos, Texas, this 13th day of March, A. D. 1919.

(Seal) S. C. VAUGHAN, Clerk, Dist. Court, Reeves Co., Texas.

First insertion March 14. Last insertion April 4.

At a funeral held in Baintree, in the State of Massachusetts, recently, the hymn "Dennis" was sung in accordance with a request made more than 150 years ago by an ancestor that, whenever a member of the family died this particular hymn should be sung at the funeral. The request has been carried out with every member of the family who has died since the request was made.

AGENTS WANTED

THIS "TICK" COSTLY, TOO

"One of the Bureau of Animal Industry slogans," declares on Idaho editor, "is a 'tick-free South'. Now, whether it is the kind of tick that infests cattle in warm countries and whose ravages cost up to \$40,000,000 a year, or the still more expensive 'tick' which consists of buying

things for which you have not the cash in sight to pay for, it is a good thing for the whole country to be free from."

According to specialists of the Bureau of Animal Industry, the passing of the cattle tick is followed closely by the introduction of improved live stock and other sources of prosperity. Thus it appears that with

the eradication of the cattle tick the Southern States will enjoy increasing freedom from the burdensome "tick" of time-buying. Especially the dairy industry, which has been developing in the tick-free areas of the South, is recognized as a cash industry since the products of the dairy herd are produced and marketed throughout the year.

RUMOR IS CAUSE OF MANY SEEKING AN EDUCATION

An amusing, yet important, result of a rumor was revealed last week in a report of the work of the "Y" with the Colored Development Group soldiers. The rumor, the source of it being a mystery, was to the effect that no soldier would be discharged who could not read and write. The result was a rush to the "Y" educational men. To date more than 100 absolutely illiterate men have been taught to read and write; 200 more have revived forgotten instruction in these branches, while 300 others who had instructions in subjects up to the third grade have been carried further in their education. Now, despite demobilization, 65 men are in "Y" classes in this group of colored men, half of that number overcoming illiteracy. The others are being taught in subjects which will enable them to take civil service examinations for positions for which colored persons are eligible. Classes operate 30 hours a week, three soldier teachers and a like number of "Y" secretaries are engaged in the instruction.

A potato exposition held a short time ago at Milwaukee, gave people some entirely new facts about the tuber. In old times potatoes were thought fit only for cattle and they came into use very gradually. Few people realize today the value of the potato used and the annual waste. This is because potatoes have now become "common". According to well-gained statistics, three-sixteenths of each year's crop goes into the garbage pail, or is allowed to rot in cellars. At least 75 per cent of this could be converted into flour or starch.

The Strong Withstand the Winter Cold Better Than the Weak

You must have Health, Strength and Endurance to fight Colds, Grip and Influenza.

When your blood is not in a healthy condition and does not circulate properly, your system is unable to withstand the Winter cold.

GROVE'S TASTELESS CHILL TONIC Fortifies the System Against Colds, Grip and Influenza by Purifying and Enriching the Blood.

It contains the well-known tonic properties of Quinine and Iron in a form acceptable to the most delicate stomach, and is pleasant to take. You can soon feel its Strengthening, Invigorating Effect. 60c.

CITATION BY PUBLICATION

THE STATE OF TEXAS

To the Sheriff or any Constable of Reeves County—Greeting:

You are hereby commanded to summon Fred Fritsch by making publication of this citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your county, if there be a newspaper published therein, but if not, then in any newspaper published in the 70th Judicial District; but if there be no newspaper published in said Judicial District, then in a newspaper published in the nearest District to said 70th Judicial District, to appear at the next regular term of the District Court of Reeves County, to be holden at the court house thereof, in Pecos, Texas, on the third Monday in April, A. D. 1919, the same being the 21st day of April, A. D. 1919, then and there to answer a petition filed in said court on the 27th day of February, A. D. 1919, in a suit, numbered on the docket of said court No. 1826, wherein O. C. Slate is plaintiff, and Fred Fritsch and W. C. Key are defendants, and said petition alleging that on the 13th day of April, 1917, defendant executed and delivered to one Mattie Alderson his promissory note in the sum of \$500.00, bearing date the year and day above written, due Dec. 1st, 1917, bearing 5 per cent interest per annum from date and 10 per cent attorney's fee if placed in the hands of an attorney for suit. That said note was part of the consideration of the purchase price of Lots Nos. 1 and 2, in Block 9, of Clark's Addition to the town of Pecos, Texas, in Reeves County, said property being on said date conveyed by W. C. Key to Fred Fritsch and said note being made payable to said Mattie Alderson and the lien in said deed and in said note being reserved on said described property in favor of said Mattie Alderson. That there afterwards the said Mattie Alderson, for a valuable consideration, sold and transferred said note and the lien on said property to the plaintiff. That said note is past due and unpaid, and plaintiff sues for the amount of same, and for a foreclosure of his lien on the above described property.

Herein fail not but have before said court, at its aforesaid next regular term, this writ, with your return thereon, showing how you have executed the same.

Given under my hand and the seal of said court, at office in Pecos, Texas, this the 28th day of February, A. D. 1919.

(Seal) S. C. VAUGHAN, Clerk
Dist. Court, Reeves Co., Texas.

With the Sunshine Oil Corporation to start two more rigs as soon as the materials can be had and the rigs put up and Watson's well to be started soon, and the wells of the Sunshine and Troxel now making splendid headway, it looks as if the oil boom was upon us.

Watch the oil rigs go up and note the strange faces upon our streets. Gentlemen, the boom has started and few of our people yet realize the rapidity with which it is coming. Are you prepared, or will you let the outsider grab all the opportunities that are in reality yours?

Never in the history of Reeves county did the farmers make more clear cash per acre than in the past two years—and it is quite likely that none in the State have done so well. In the face of this who would have the gall to ask for a portion of the drouth relief fund?

Twenty-seven miles of the Pecos River bed has been leased for oil drilling and County Surveyor Randolph has been making a survey of the river in order to get field notes. Applications have been filed on most of the land in Reeves county and now they are taking to the river bed. The eyes of the whole country are upon the Pecos oil field.

There is not an intelligent newspaper reader in Reeves county who did not and does not know now that the citizens of this county could not get any of the drouth sufferers' fund without having to write to headquarters to find out. Our people are a liberal and just people and while the farmers east of us had been forced by the drouth to leave their homes and seek employment elsewhere to earn their bread, and after the rains were returning penniless and needed sorely needed—much money, the farmers of Reeves county, who were never more prosperous, would have had too much of the "milk of human kindness" in their hearts to have asked for it had they known it would be shared with them.

Down at Welsh, La., The Enterprise has a subscriber who has evidently been stung by the oil bee—in other words he has the "oilitis." When you understand that he is in a town where several mail trains pass daily you can see the necessity for Uncle Sam's mail clerks' accuracy and promptness. Leaving off the address and bottom, the letter reads: I failed to get my copy of The Enterprise for Friday Feb. 28th. It should have reached me yesterday. Our mail trains have passed from the rest since it is overdue. As owner of land about one mile from the La. oil well, I am keenly interested in the Enterprise. Please mail me a copy of Friday, Feb. 28th at your earliest convenience."

Delegates From Pecos Are Sent to Austin

CHAMBER OF COMMERCE EXTENDS EFFORT TO SECURE LEGISLATION THAT WILL FAVOR DEVELOPMENT

At a called meeting of the Chamber of Commerce Saturday night, the purpose of discussing the general law pending in the Legislature, there was a large crowd of enthusiastic live-wires. A splendid speech was made by C. R. Troxel, of Troxel Oil Co., in which he referred for the benefit of those in attendance, every phase of the proposed law, with suggested amendments. This talk was supplemented by others by Judges W. A. Hudson and Judge Jno. B. Howard. The members seemed keenly interested in the issue, and the matter threshed out to a frazzle and resulted in a decision to send two delegates to Austin to cooperate with West Texas Chamber of Commerce and "leg" for the passage of a law as would not retard the development in West Texas. Judge Hudson and Judge Howard selected by the Chamber of

Commerce as these delegates and in less than ten minutes \$150 was raised to defray their expenses. They had only an hour to get ready and catch the train and that was all that Hudson needed, but for some reason Howard did not go.

Seventy-five Millions Voted for Good Roads

ACTION OF TEXAS LEGISLATURE MEANS THAT TEXAS WILL HAVE BEST SYSTEM OF ROADS IN UNION

The final passage of the Seventy-five Million Road Bond issue by the Texas Legislature by a vote of nearly six to one in the House and ten to one in the Senate, means that Texas is to have a road system second to none and that we are to be the happiest, the most enlightened and the most progressive people in the entire United States. This was spoken by Adrian Pool, of El Paso, on the passage of the bill. "There will be little opposition to the Amendment when the people of Texas know what it means, and a meeting of all the people of Texas interested in the development of the State of Texas is called to meet at Mineral Wells on April 6th for the purpose of organizing a campaign of education to let the people of Texas know just what the Seventy-five Million Dollar road bond issue is, and what it means to the people of Texas."

"We want every county in Texas to be represented at this meeting by a delegation interested in the development of Texas. The United States Good Roads Association will be in session at Mineral Wells from April 14 to 19, and it is well for your delegation to come to this meeting and stay through the whole proceedings for the reason that the most advanced thought on this subject in the United States will be represented at this meeting. Men like Senator Bankhead, the Grand Old Man of the U. S., who is responsible for the liberal appropriations made by the Federal Government for the construction of roads, will be present at this meeting.

"We urge upon every community in Texas to select your delegation immediately to represent you at the big meeting for the development of Texas, at Mineral Wells on the 16th of April. We are going to make this a regular 'Good Roads Jubilee' meeting and the adoption of the \$75,000,000 bond issue by the people of Texas will not only give us a road system, but will give thousands of men, our returning soldiers, employment."

LOVELY BIRTHDAY DINNER

On Sunday, March 9th, at the residence of Mr. and Mrs. Alfred Tinally, a birthday dinner was given, the occasion being the thirty-second birthday anniversary of Mrs. Tinally.

The home was beautifully decorated with floral offerings from Mr. Tinally, a lovely bouquet of American Beauty and Bridal roses, consisting of sixty-four, a bouquet of carnations from Mrs. J. H. Tinally, a basket of cut flowers from Miss Laura Tinally, a basket of cut flowers and evergreens from Mr. and Mrs. Geo. Ewing, a lovely bouquet of violets from Mr. Jack Linton, a bouquet of cut flowers from Mr. Bert Mackley of El Paso, also a fern from the Sunshine oil staff of El Paso.

Numerous other costly gifts were given her by the family and friends. Several telegrams of congratulation were received from distant friends.

At seven o'clock the beautiful home opened to a number of Mrs. Tinally's friends, and an interval of laughter and merriment was enjoyed, after which covers were laid for eighteen at a ten-course turkey dinner, served to the following: Mr. and Mrs. Harry Anderson and son, Mr. and Mrs. J. W. Moore, Mr. and Mrs. Geo. Ewing, Mrs. J. H. Tinally, Miss Laura Tinally, Miss Buissink, Miss Elizabeth Brady of El Paso, Rev. J. P. Buissink, Mr. Jack Linton, Mr. McDonough of Dallas, and Mr. and Mrs. Alfred Tinally. After a late hour the guests departed, wishing Mrs. Tinally many more happy birthdays.

NOTICE TO SCHOOL CHILDREN

The Enterprise wishes to inform the school children that no more nickel packages of drawing paper will be wrapped flat. It takes twice as much wrapping paper to wrap it flat and the actual time consumed in wrapping a few sheets of paper flat is worth more to the office than the money. So in future you will have to take it rolled or bring ten cents.

Miss Ruth Pendleton left yesterday for her home at Carlsbad, after a pleasant visit of several days with Miss Lola Hines.

Inspector's Report on Toyah Schools

REPORT MADE BY STATE INSPECTOR L. E. DUDLEY FROM RECENT VISIT TO SCHOOL, AND RECOMMENDATIONS

The following report of the work in the Toyah schools, in which are included several recommendations for bettering the good work now being done, were made by State Inspector L. E. Dudley, after a recent visit to the schools:

The Toyah High School occupies a comfortable and well planned building that will accommodate the community when it has become much larger than at present. The school is at a stage that causes its maintenance to be a comparatively expensive business since the same number of classes are conducted and teachers employed as in a high school of a larger enrollment, without the revenue from the State that an increased number of scholastics would afford. The tax for school purposes however, is lower than in most communities of Texas.

Two years of high school work are being done, the second and the third; there is no first-year class this year. It is planned to make of the school a standard third-year or second-year high school.

The school is falling short of the minimum requirements for a second-class high school in the following particulars: 1. Number of teachers employed. 2. High school library. 3. Elementary library. 4. Laboratory equipment. 5. Number of classes taught daily by high school teachers.

It was pointed out to the superintendent and trustees, however, that these requirements, with the exception of the first and last, could be met with an expenditure of approximately \$200. This sum the trustees agreed to furnish immediately.

An additional teacher is necessary next year in order to introduce first year in the high school and reduce the number of classes of the superintendent to six. It may be necessary to raise the maintenance tax to provide sufficient funds to pay the salary of this teacher. This must be done if the school is classified; moreover, it is a step that would naturally be prompted by good business for efficiency regardless of the benefits accruing from classification.

An excellent spirit was observed throughout the school. The teachers are competent and interested in their work. The students, while not so well informed as in some of the affiliated schools of the State are nevertheless interested and making fair progress.

The following recommendations were made by Mr. Dudley:

That arrangements be made for the employment of an additional high school teacher next year.

That at least \$100 be spent in the standardizing of the high school library.

That at least \$25 be spent for the elementary library.

That two or more standard history charts or maps be bought.

That a minimum of \$25 be spent for additional laboratory apparatus.

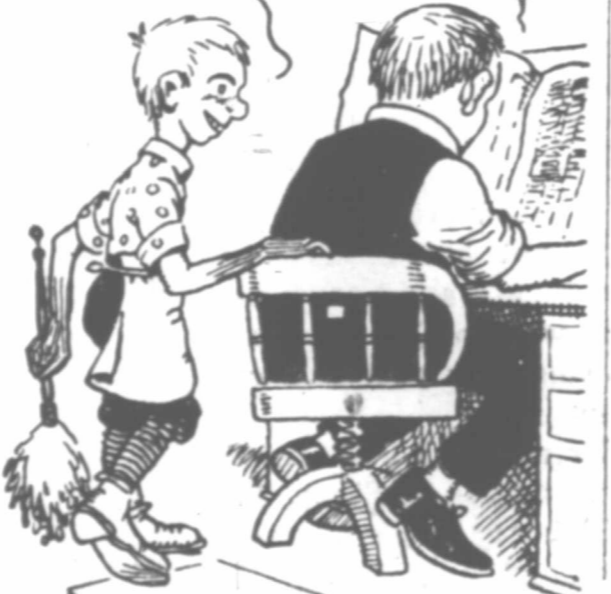

That, provided the Department is furnished with evidence—invoices in the case of books and other purchases and a statement by the president of the Board in the matter of the additional teacher—that the above requirements have been met, this school be listed as a high school of the second class.

The Enterprise has plenty of Oil Leases—Form 88—in stock, for sale.

FARMER IS KILLED WHEN TRACTOR OVERTURNS

George W. Brown, one of the most prosperous farmers of the Cedarvale community was killed this morning about nine o'clock. He was trying to pull a big pump up the hill at the Sullivan Bridge with a Ford tractor, when the tractor turned backwards and caught him about the waist in the steering wheel. Dr. Bryan was called and arrived about twenty minutes before he expired.

The hill he was trying to pull up is steep and it appears that one wheel sank into the sand and the tractor overturned, resulting as above.

Mr. Brown was one of the best fixed and most prosperous farmers of Ward county, was about fifty years of age and leaves a wife, one daughter about ten years of age, and two sons, about 14 and 19, respectively, the latter enlisted with Uncle Sam.

AT THE CHURCHES.

CHURCH OF CHRIST

"The Christian's Refuge" and "A Rebellious Soul Submits," will be the sermon topics on the coming Lord's day. The Bible school begins promptly at ten o'clock. It is doing good work. Christian Endeavor at 6:15. That was a good special program last Sunday evening. Congratulations to the young people.

We give a cordial invitation to the public to all our services.

HOMER L. MAGEE.

BAPTIST CHURCH

The congregation has greatly enjoyed two sermons delivered by Dr. J. M. Robertson, who is spending a few days in our city.

Last Sunday night the pastor preached to a fine crowd at Toyah. Sunday morning the pastor gave 120 copies of the gospel of John to the boys and girls present at Sunday school. The school is growing under the fine leadership of Superintendent Hanson.

Be sure to read the advertisement in this issue on Popular Amusements.

W. A. KNIGHT, Pastor.

METHODIST CHURCH

The sermon subject Sunday morning, "Ownership." The evening sermon subject will be a companion sermon to the one last Sunday night, "The Cure of Self-Ignorance."

Both the Sunday school and the services are growing. Each Sunday we seem to move a little bit forward in numbers. This is very gratifying to the leaders of church work. Let the day be not far distant when every one will be in their usual places at the appointed time of divine worship. At our church we are fighting that Empty Pew, he is a very unpleasant thing to associate with. He has found it out and is proceeding to make his get away.

"HOW IT IS DONE"

Instead of the regular preaching service at the Christian church last Sunday evening the time was given to the C. E. Society, and a sketch with the above title, was rendered.

Have you ever attended a meeting where the conduct of the meeting is safe to say that few in the world had the opportunity to see. It is connected in an office that directly had the opportunity to see. The next best imitation of the real thing is a good presentation of a business session composed of leaders in foreign missionary work. Every phase was represented, even to the application of a would-be missionary wholly unfitted for the work, and of one or two who were made of the proper timber for the work of carrying the saving message.

The parts were imitated in such a way that each unit blended into a natural whole and especial mention is unnecessary. A sweet solo, "Will You Give to Jesus," was rendered by Miss Irene Carson.

The work among the orphans of India is the main interest of these young people, and on this occasion the offering was \$14.

MISSIONARY SOCIETY

Following is the program for the Social Service Meeting of the Missionary Society, at the Methodist church Tuesday afternoon, March 18, at three o'clock:

Subject, "Making Democracy Safe Politically."

Leader, Mrs. Parker.

Hymn, No. 47.

Bible Lesson, "A Fundamental Basis of Democracy—Brotherhood," 1 Cor., 12:12-26.

Prayer, Mrs. Faust.

"Democracy—It's True Meaning," Mrs. Kerr.

Violin Solo, Mrs. Butler.

"Making Democracy Safe Politically," Mrs. Moyer.

"An Unsafe Democracy—Mexico," Mrs. McCarver.

Social Service Questionnaire, conducted by Leader.

Closing prayer, Mrs. Boles.

PRESBYTERIAN AUXILIARY

The monthly business and social meeting of the Woman's Auxiliary of the Presbyterian church met with Mrs. J. A. Drane Tuesday afternoon. At the conclusion of the pleasant and profitable session hot chocolate and cake were served to the following: Mesdames D. W. Bozeman, John Lilley, C. J. Charske, I. J. Sims, M. W. Collie and J. A. Drane. The meeting next month will be held with Mrs. D. W. Bozeman, and Mrs. F. W. Pichler will be leader.

With Students of the Pecos High School

ITEMS OF THE WORK WHICH YOUR CHILDREN ARE DOING INTERESTINGLY TOLD BY THEMSELVES

Pupils who were absent during the week of the mid-term examinations in February, took their examination last week.

The new plan of taking up school at 9 o'clock, instead of 8, began on March 4th. This plan provides for one hour at noon and an afternoon recess.

The contest of the Interscholastic Meet for this year has been entered by more pupils than ever before. The students, too, have entered these contests with more determination to win. The following are the contests: Spelling, Debate, Declamation, Essay, and Athletic.

All pupils of the school are members of the Health Crusade. There are twenty-one signers in the Fifth Grade. The next pin given will be a silver bar.

The Mother's Club seems to grow in interest with each meeting. There are many more in attendance than in former terms.

The girls of the primary grades have gone back to their deserted swings. This is the case each spring: the Mother's Club furnishes new rope for these swings each year.

The Red Cross drive for 1919 in the school netted about \$50. Nearly 80 per cent of the pupils of the Pecos school are members.

Edward Warn spent last week in Austin. He visited the capitol building and the university. He has returned and is in school again.

The Juniors will entertain the Seniors at the home of Mrs. I. W. Anderson, Saturday evening, March 15th. The affair is planned in honor of St. Patrick's Day.

L. N. BOLES.

The Interscholastic League

What is now known as the University Interscholastic League work was begun in our school last week. This work is carried on by the majority of the schools of Texas. The league is the most highly organized and has the largest membership in the United States of any similar organization.

The purpose of this league is to organize and promote school activities and thereby prepare the students for citizenship.

On account of the epidemic of influenza, the work of the league has been retarded to quite an extent. On account of this the students entering these contests have only three weeks to prepare their subjects.

PECOS SCHOOL (Contd.)

Despite this, every student is taking up his or her work with enthusiasm and is going forward with the determination to win.

The different events for contest are the following: Spelling, declamation, debating, and the athletic events. The girls are showing remarkable interest in the athletics. The other events are not being slighted, as is shown by the fact that the grammar grades are even now talking of spelling the High School down Friday. The work in all branches is being boosted by the teachers, and each one is taking an active part in helping the contestants in their several events.

The time for these contests is not far distant. The city contest will be held March 29th, the county contest about April 6th, and the final State contest between the second and third of May. Everyone is cordially invited to attend these meetings and to take an interest in the work.

A small admission fee will be charged to assist in defraying the expenses of the winners who will go to the District meet, and this fee will be charged in the city and possibly the District meets.

HATTIE DURDIN.

Athletics in the Pecos Schools

The military training in the Pecos High School was discontinued Arbor Day. One-fourth of a credit toward graduation was given for it. Every one is looking forward to the preliminary contests to the Interscholastic Meet which will be held March 28th or 29th. Preparation began Thursday. The following track and field events will take place:

Boys' Events—50-yd. dash; 220-yd. run; 440-yd. run; 880 yd. run; 1 mile race; 1-mile relay race; broad jump; high jump and shot put.

Girls' Events—30-yd. dash and one mile relay race.

About 30 boys and 40 girls are trying for these events. Mr. Rutledge has charge of the boys' events and Mrs. Bromley and Miss Shaw are in charge of the girls. Great interest is being taken by both boys and girls.

A series of basketball games is

"Bayer Cross Tablets. American Owned, Entirely."

FADES RIGHT AWAY

"Bayer Tablets of Aspirin" Offer Relief—with Safety!

- For Headache Colds
- Neuralgia Grippe
- Toothache Influenza Colds
- Earache Achy Joints
- Rheumatism Neuritis
- Lumbago Pain! Pain!

Adults—Take one or two "Bayer Tablets of Aspirin" with water. If necessary, repeat dose three times a day.

Aspirin is the true nature of Monoc...
Buy the Bayer packages only. package—Also larger sizes.

Being played between Barstow and Pecos. The first was played on March 1st, at Pecos, the score was 14 to 10 in favor of Pecos.

The second game was played on the Barstow ground March 9th, and the result was 22 to 18 in favor of the Pecos five. At the close of the first half the score was tied—8 to 8. In the last half the Pecos boys "tightened up" and won out. Both games were close. The Pecos boys remarked that the Barstow team played a cleaner game than any team they had played with. Mr. Rutledge refereed both games.

The third and last game will be played on the Pecos High School grounds Saturday, March 15th, at 3:15 p. m. The admission will be 10 cents.

Immediately following the boys' games there will be a game between the girls of Pecos and Barstow, and everyone is urged to be present and root for the home teams.

The school campus presents a very busy scene at recess. The time is utilized by both teachers and pupils in practice for the several athletic events.

FRANK JOPLIN.

The Keeping Up Club

The regular meeting of the Keeping Up Club, on account of inclement weather, was held on the night of February 28th, instead of the 21st. A splendid audience filled the auditorium to overflowing and greeted each number contributed by the members with generous applause.

The meeting was called to order by the president, Miss Jewel Cowan, while vice-president, Hilliard Camp, occupied the chair during the latter part of the meeting.

The roll call by the secretary was the first number on the program, and each member responded with a prose or poetical quotation. The matter thus furnished was patriotic and philosophical in tone while the humorous side of life was not overlooked. It would be unwise to single out any member on the program for comment when all did so well, but it is only fair to say that the audience seemed to enjoy the more or less funny things contributed.

Musical numbers were interspersed throughout the program, and a series of jokes was followed by a declamation and a debate. The last named feature resulted in a decision that the government should own and operate the railroads.

At the close of the meeting the Sophomores sang their class song and received loud applause for their efforts.

Altogether, the meeting was one of the most pleasant and profitable yet held, and we feel that the audience enjoyed the evening as much as did the members of the club.

The next program, which is as follows, will be given Friday, March 21:

- Male quartet.
- Will the Senate defeat the League of Nations—Miss Ruby Mae Beauchamp.
- Piano Solo—Miss Jennie Drummond.
- Argumentative Lecture—Barney Haygood and Jim Prewit.
- Song—Freshmen.
- Declamation—Irene Prewit.
- Chorus—High School.

ARCHIE ROSS.

Active Campaign for Good Roads Is On

ROUNTREE AT MINERAL WELLS TO ARRANGE FOR BIG CONVENTION APRIL 14 TO 19 AT MINERAL WELLS

J. A. Rountree, director-general of the United Good Roads Association, and United Good Roads Exhibit, and secretary of the Bankhead National Highway Association, left Birmingham, Ala., Sunday en route for Mineral Wells, Texas, where he will open temporary headquarters for promoting and pushing to success the great convention of good roads enthusiasts which will meet in that city April 14th to 19th, 1919.

Director Rountree reports that in the past sixty days a most active campaign of publicity for both these Associations has been conducted from the headquarters at Birmingham, and the result is that already over ten thousand delegates have been appointed by governors, county officials, mayors, good roads, automobile and civic associations. Hundreds of the delegates have already written that they will attend and are reserving rooms.

Seven governors, two U. S. Senators, five Congressmen, representatives of the United States Road, the Treasury and Postoffice Departments, also some of the leading engineers and members of State Highway Commissions and the most prominent of road boosters in America have accepted invitations to attend and address the convention. The United States Government, State of Texas, States of Oklahoma, Arkansas, and Arizona, will have exhibits of road models and a number of trucks, cement, asphalt and road material manufacturers, good roads machinery, automobiles, etc., and have reserved booths at the U. S. Good Roads Exhibit to be held in connection with the conventions.

Probably the greatest of these road meetings will be that of the Bankhead National Highway Association, which will have delegates from fourteen states, who are enthusiastic over this great transcontinental highway. On account of the rivalry over the location of the Highway between Memphis, Little Rock and El Paso, this will draw large delegations from the contesting routes.

Director Rountree is returning to Texas very enthusiastic over the coming meeting of these two associations and predicts that on account of the great activity and interest in road-building throughout the Nation that this will be the largest and greatest good roads gathering that has ever been held in the country.

Senator Bankhead writes most enthusiastically of the interest that people are manifesting in the conventions, in Washington and the East, and that we may expect a good attendance from that section of the country.

WEEKLY FINANCIAL REVIEW

Prepared each week for The Enterprise by the St. Louis Union Bank of St. Louis, Mo.:

The unprecedented record of United States exports for January, just placed at a value of \$623,000,000 by the Department of Commerce, is even more significant with respect to volume. The lifting of the ban on overseas shipments has taken several forms. There has been the exemption from export license requirements and the passing of the submarine factor. The later has obviated the high insurance costs that had to be figured in on prices, while the extra overhead charges, arising from the seamen's bonuses for traveling on boats through the submarine zones have also been lifted.

Even greater export records in coming months are expected. The word from abroad that France has begun negotiations with this country for purchases that may begin with an outlay of \$250,000,000 is indicative of the pressing necessity for many American manufactured products as well as raw material. The United States is looked to for a vast amount of reconstruction work in Europe.

Chairman Hurley of the Shipping Board has called upon the army and navy for 500,000 tons of additional shipping to assist in moving the \$100,000,000 of goods now lying at United States seaports. There is probably as much more goods in transit or about to be shipped, much representing material listed for transportation to far eastern ports.

In one angry moment you can say more than some people can live down in a whole lifetime.

Fortune smiles on those who put their hands on the shares with the determination never to look back.

ONE SHELL INFLECTS TWENTY WOUNDS ON THIS "Y" MAN

After surviving the effects of twenty wounds from a single high explosive shell in the battle of the Argonne, Henry Pinkerton of Jacksonville, Ill., has arrived in Houston to resume his duties at Ellington Field as a Y. M. C. A. secretary. Pinkerton was a "Y" worker with the Third division in France and had charge of the headquarters of the Y. M. C. A. canteen. He was with the division while it was in action in the second battle of the Marne and the Saint Mihiel drive last summer. While at work as close to the front as he could get in the battle of the Argonne, he was wounded by what he believes was an Austrian "77". So great was the concussion of the shell that it burst a blood vessel in his head, rendering him unconscious for over 48 hours. The fragments of the shell that inflicted most of his wounds appeared to be pieces of the inside wrapping of the shell, one piece of which he has with him as a souvenir. He declares he experienced no pain whatever at the time he was wounded.

Mr. Pinkerton states that he saw little of the war except that part in which the third division was engaged up to the time he was put out of action. He says the "Y" canteens were forbidden to sell to any men outside of their own outfits and this caused a great deal of trouble as the "Y" men were anxious to serve all who applied to the canteens and did not know just when to take a chance and break the rules. The canteen at the front, he declares, never did have sufficient supplies while he was there, as the doughboys would clean them out a few days after their arrival of several truck loads of supplies, regardless of the amount received.

STATES WILL HELP WORK ON TUBERCULAR STOCK

Legislatures in 23 States that convened recently are expected to appropriate nearly \$2,000,000 for eradicating tuberculosis from live stock, according to reports to the Bureau of Animal Industry. Much of this money is expected to be appropriated for indemnifying owners for cattle destroyed because of tuberculosis, and in most cases carries the understanding that partial indemnity will be made by the Federal Government, according to a recent Act of Congress. In States where it is necessary to change the laws relating to tuberculosis eradication in order to cooperate with the Federal Government and to receive Federal assistance in indemnification, necessary changes are expected to be made. Dr. J. A. Kiernan, in charge of tuberculosis eradication work of the Bureau of Animal Industry, says that the great interest being taken by State legislatures is good evidence of the importance of tuberculosis eradication is realized and that Federal cooperation is appreciated.

The death of former Police Chief Washburn, of Chicago, recently, recalls the sensational attempt to steal the body of Abraham Lincoln in the fall of 1879. Mr. Washburn was at the head of the Secret Service Bureau at that time, and caught the marauders at their work. They escaped but were captured three days later. It was their intention to take Lincoln's body from Oak Ridge Cemetery, at Springfield, carry it to Canada and there open negotiations for its return in exchange for a large monetary consideration.

Piles Cured in 6 to 14 Days
Druggists refund money if PAZO OINTMENT fails to cure Itching, Bleeding or Protruding Piles. Instantly relieves Itching Piles, and you can get restful sleep after the first application. Price 60c.

During the recent influenza epidemic, a Nevada rancher was obliged to pay a woman thirty dollars a day to care for his family, all of whom were very ill with the disease.

EVER SALIVATED BY CALOMEL? HORRIBLE!

Calomel is Quicksilver and Act's Like Dynamite on Your Liver
Calomel loses you a day! You know what calomel is. It's mercury; quicksilver. Calomel is dangerous it crashes into sour bile like dynamite, cramping and sickening you. Calomel attacks the bones and never should be put into your system.

When you feel bilious, sluggish, constipated and all knocked out and believe you need a dose of dangerous calomel remember that your druggist sells for 50 cents a large bottle of Dodson's Liver Tone, which is entirely vegetable and pleasant to take and is a perfect substitute for calomel. It is guaranteed to start your liver without stirring you up inside, and cannot salivate.

Don't take calomel! It makes you sick the next day; it loses you a day's work. Dodson's Liver Tone straightens you right up and you feel great. Give it to the children because it is perfectly harmless and doesn't gripe.

Good Roads Increase The Land Values

STATISTICS FROM EVERY SECTION SHOW ALSO INCREASE OF BUSINESS WITH ADVENT OF GOOD ROADS

Wherever a bad road leading from a farming community to its marketing and shipping points has been replaced by a good one, over which much heavier loads may be hauled every day in the year, the value of the farms using the road has been increased, says the Texas Industrial Congress. The Office of Public Roads of the United States Department of Agriculture has examined property valuations in many parts of counties before and after the change was made from bad to good roads. In Spotsylvania county, Va., for instance the increase was more than eight times greater than the amount spent in building the roads; in Dinwiddie county, Va., the land values approximately doubled, with farms farthest back from the road showing the largest increase; in Wise county Va., eight farms located on improved roads in various parts of the county, increased from an average of \$49.06 per acre to \$79.44; in Franklin county, New York, the average increase of the land values on improved roads was \$12.50 an acre, or taking the increase at \$10 per acre on the farms along 492 miles of improved roads, the gain in values was \$1,259,520. In Dallas county Ala., the improvement added at least \$5 to the value of each acre of land lying within one-half mile of the road, and quite a number of instances were found of increases in value from 50 to 150 per cent. In Lauderdale county, Miss., the gain in value averaged from 25 to 50 per cent, in many cases being from 50 to 100 per cent. In Manatee county, Florida, the gain was from 50 to 100 per cent, or at least \$15 per acre on all lands within one-half mile of the new roads. No case has ever been found in the history of the world in which the building of good roads lowered property values.

Road building is a business proposition, and all its phases can be put in terms of dollars and cents. A good many Texas counties have taxed themselves for this improvement and valuation of tax renditions and farm values as expressed in deed records before and after the improvement was made are on file. The prospective cost and gain can be very fairly estimated, so that there is no necessity that anything connected with the issue should remain a matter of opinion. What has happened in these counties will, in all probability, happen in others.

Making money through an increased value of land by road improvement seemingly reverses the proverb that "One cannot eat his cake and have it, too."

Texas can double land values by building better roads.

UNIVERSITY OF TEXAS HAS A LONG HONOR ROLL

Up to this time more than 2,800 names of former students of the University of Texas who were in military service have been recorded, with the names of more than 500 to be added. The names of 72 former students who gave their lives in the service have been placed upon the Honor Roll, as also have the names and achievements of 25 former students who have been cited for distinguished service and given suitable medals. Three of the 26 flying aces in the army were former students of the University: Of the approximate 2,800 University of Texas men in the army whose names have already been recorded, 1,501 were officers, classified as follows: One brigadier general; five colonels; nine lieutenant-colonels; 79 majors; 300 captains; 600 first lieutenants; 510 second lieutenants. Besides the students and former students in the army about 50 members of the faculty were in military service. Nearly one hundred former women of the University of Texas responded to the call for nurses, clerks, and other lines of work.

PATENTS GRANTED TEXANS

Following is a list of Texans to whom patents were issued recently, compiled by W. A. Redmond, patent attorney of Washington, for The Enterprise:

- Earl H. Duke of Houston, device for controlling electric current.
- Thomas B. Garrett of Marshall, a measuring apparatus.
- John H. Hartman of Houston, a scraper.
- James W. McFarland of Brownwood, a washing appliance.
- Geo. W. North of La Tuna, horse-power apparatus.

LIFT CORNS OR CALLUSES OFF

Doesn't hurt! Lift any corn or callus off with fingers

A MEDAL FOR EVERY WORKER IN THE VICTORY LOAN

Every worker connected with the Victory Liberty Loan Campaign will receive a medal made from captured German cannon. The medal will be the size of a fifty-cent piece and will have on one side a reproduction of the Treasury Department and on the other a certification that the owner has participated in the Loan. Space will be left for engraving the name of the recipient.

In an interview this week, Frank M. Smith, Federal District Director of the War Loan Organization, said that he knew of nothing better calculated to stimulate interest among the workers than this plan. Several prominent workers on being asked of the matter said not only would they want to wear the medal, but hoped that it would be bestowed on their children's children.

A PECOS WOMAN'S EXPERIENCE

Can you doubt the value of this Pecos woman?

You can verify her experience. Read this.

Mrs. John DeRacy says: "I was troubled for years by my kidneys. My back ached and lame and there was a constant languid and had dizzy spells, headaches, black spots before my eyes and acted irregularly. It was boxes of Doan's Kidney Pills I got at the Pecos Drug Store and I have never been since."

Price 60c. at all dealers. Simply ask for a kidney remedy. Doan's Kidney Pills—made by Mrs. DeRacy's husband, Dr. J. C. DeRacy, Co. Mfrs., Buffalo, N. Y.

The day well-spent makes tomorrow a pleasant memory. Tomorrow a pleasant anticipation.

The Quinine That Does Not Affect the Head
Because of its tonic and laxative effect, TONIC BROMO QUININE is the only Quinine and does not cause the ringing in the head. Remember to look for the signature of E. W. White on the box.

SHERIFF'S SALE

STATE OF TEXAS, County of Reeves.

By virtue of a certain judgment issued out of the Honorable District Court of Bexar County, the 14th day of January, 1919, by the clerk of said court against Mattie H. Prewit, and Husband, J. C. Prewit, for the sum of Ten Thousand Two Hundred Eight and no/100 (10,208) Dollars and costs of suit in case No. B-18504 in said court, styled Mattie H. Prewit, Plaintiff, versus Mattie H. Prewit and Husband J. C. Prewit, as defendants, in my hands for service, I, E. B. Kiser, as sheriff of Reeves County, Texas, did, on the 22nd day of February, 1919, levy on certain real estate situated in Reeves County, Texas, described as follows, to-wit:

Lots 11 and 12, block 10, City, Texas.

And levied upon as the property of said Mattie H. Prewit and J. C. Prewit, and on Tuesday, the 19th day of April, 1919, at the court house door of Reeves county, in the town of Pecos, Texas, between the hours of ten a. m. and four p. m. I will sell said real estate at public vendue, for cash, to the highest bidder, as the property of said Mattie H. Prewit and J. C. Prewit, by virtue of said levy and said execution.

And in compliance with law, I give this notice by publication, in the English language, once a week for three consecutive weeks immediately preceding said day of sale in The Enterprise, a newspaper published in Reeves County.

Witness my hand this 22nd day of February, 1919. E. B. KISER, Sheriff, Reeves County, Texas.

By H. P. KERR, Deputy. First insertion Mar. 7.

Always Welcome

"You little rascal—played along the way, didn't you? Kept grandma waiting! Oh well, it's all right. Because

CALUMET BAKING POWDER

is always right. It's worth waiting for. Always welcome. Never shirks its work. Never fails. Never wastes minutes or materials and I face it's pure and wholesome, as Calumet contains only such ingredients as have been approved officially by the U. S. Food Authorities.

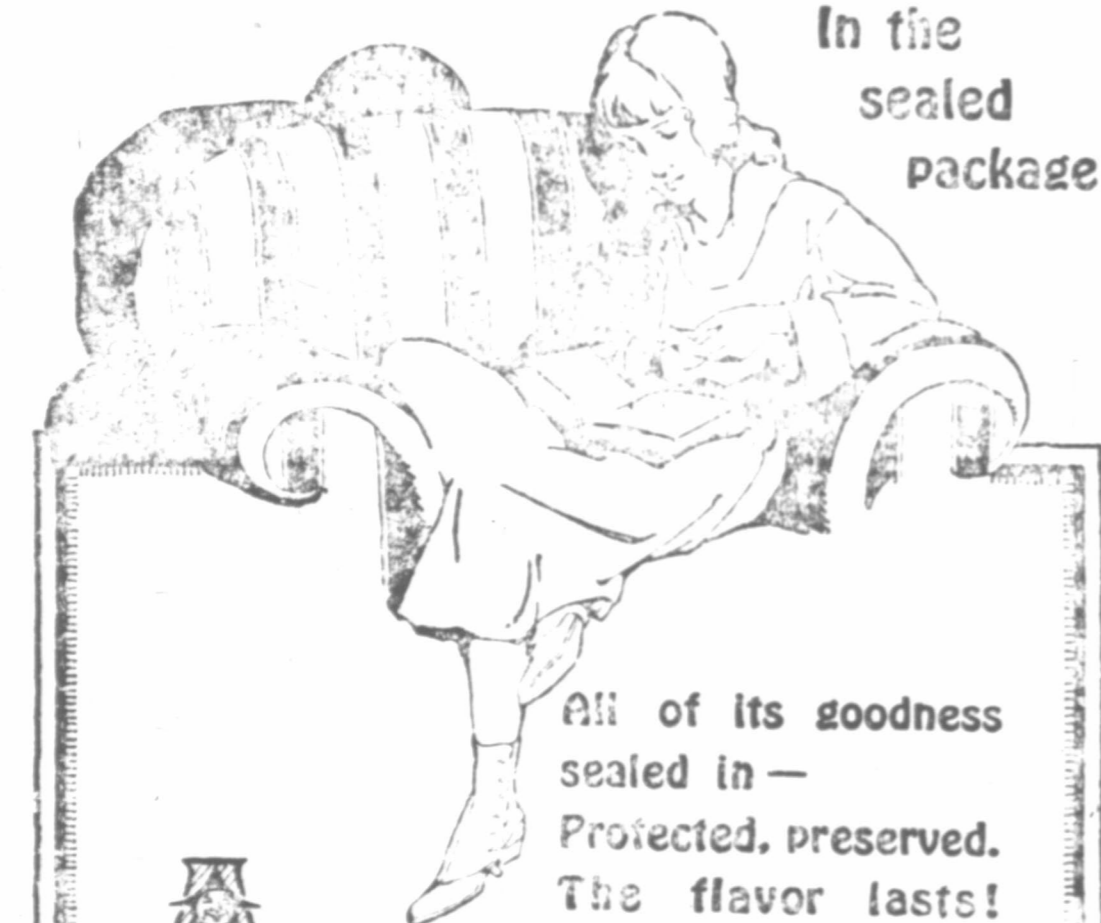

You save when you buy it—you save when you use it.

All of its goodness sealed in— Protected, preserved. The flavor lasts!

ASK for, and be SURE to get WRIGLEY'S. It's in a sealed package, but look for the name—the Greatest Name in Goody-Land.

Right—Kept Right

The end of an Imperfect

"Nervous Headache"

Nervous headache is the result of a run down weakened nervous system. You feel out of sorts—everything seems wrong—food disagrees with the tired stomach—you can't sleep and have a constant case of "the blues."

Rev. Geo. Heflump of New Cumberland, Pa., tells how he was cured after he had almost given up hope.

"Five or six years ago I became greatly worried on account of the condition of my nerves. I was prostrated and suffered so much I thought I would never be well again. I used one bottle of DR. MILES' NERVINE and began to improve from the first. I then used it until it completely cured me. It is without doubt the greatest nerve remedy ever discovered."

If you are troubled with a nervous affliction, you will find the first bottle of DR. MILES' NERVINE will bring relief. It is non-alcoholic and contains no injurious drugs—a safe, dependable and efficient family medicine. Ask your druggist about it.

DR. MILES' NERVINE

UNITED WAR WORK PLEDGES SHOULD BE PAID AT ONCE

The Enterprise is requested to announce that all pledges made for the United War Work fund are past due, that this money is urgently needed in the work of the various organizations, and that those who made said pledges will be performing a patriotic deed by paying the same at once.

Pledges may be paid at the Pecos Valley State Bank, who will receipt for same.

SHERIFF'S SALE

THE STATE OF TEXAS, County of Reeves.

By virtue of a certain alias order of sale issued out of the Honorable District Court of Reeves county on the 4th day of March, 1919, by the clerk of said court, against R. N. Sewell, et al, for the sum of Three Thousand Six Hundred and twenty-four and 97-100 (\$3624.97) Dollars and costs of suit in cause No. 1566 in said court styled Charles T. Franks vs. R. N. Sewell, et al, and which said judgment, after being assigned to Byron D. Wilcox, bears a credit of \$368.38, of date March 1st, 1918, and placed in my hands for service,

E. B. Kiser, as sheriff of Reeves county, Texas, did, on the 4th day of March, 1919, levy on certain real estate situated in Reeves county, described as follows, to-wit:

The west one-half (1/2) of Section No. Three (3), in Block No. Four (4), H. & G. N. R. R. Company's survey, less the right of way of the Pecos River Railway Company across said land, containing 6.6 acres.

And levied upon as the property of said R. N. Sewell, and on Tuesday, the 1st day of April, 1919, at the court house door of Reeves county, in the town of Pecos, Texas, between the hours of ten a. m. and four p. m. I will sell said real property at public vendue, for cash, to the highest bidder, as the property of said R. N. Sewell by virtue of said levy and said alias order of sale.

And in compliance with law, I give this notice by publication in the English language, once a week for three consecutive weeks immediately preceding said day of sale in the Pecos Enterprise a newspaper published in Reeves county.

Witness my hand this 5th day of March, 1919.

E. B. KISER, Sheriff, Reeves County, Texas.

PROPOSED AMENDMENT TO THE STATE CONSTITUTION PROHIBITING THE MANUFACTURE AND SALE OF INTOXICATING LIQUORS

HOUSE JOINT RESOLUTION NO. 1

A resolution proposing to amend the Constitution of the State of Texas, by amending Article 16, Section 20 thereof by striking out and repealing said section and substituting in lieu thereof a new Section 20, prohibiting the manufacture, sale, barter or exchange in the State of Texas of spirituous, vinous or malt liquors or medicated bitters capable of producing intoxication, or any other intoxicant whatever, except for medicinal, mechanical, scientific or sacramental purposes, and providing that the Legislature shall enact laws to enforce this section; providing that until the Legislature shall prescribe other or different regulations on the subject the sale of spirituous, vinous or malt liquors or medicated bitters, capable of producing intoxication, or any other intoxicant whatever, for medicinal purposes shall be made only in cases of actual sickness, and then only upon prescription of a regular practicing physician, subject to certain regulations with reference to the same; providing that this amendment shall be self-operative; and until the Legislature shall provide other or different penalties, the violation of any part of this constitutional provision shall be deemed a felony punishable by confinement in the penitentiary for a term of years specified, without the benefit of any law providing for suspended sentence; conferring authority upon the District Courts and judges thereof, under their equity powers, to issue upon suit of the Attorney General injunctions against infractions or threatened infractions of any part of this constitutional provision; providing that, without affecting the provisions herein, intoxicating liquors are declared to be subject to the general police power of this State; declaring that the Legislature shall have power to pass any additional prohibitory laws in aid thereof which it may deem advisable; fixing the time for the election for the adoption or rejection of said proposed constitutional amendment and prescribing certain rules and regulations with reference to the same; declaring that the provisions of the General Election Law shall govern in all respects as to qualifications of electors and methods of holding the election and in all other respects where applicable; directing proclamation for the election and making certain provisions for the election and ballots thereof and method of voting; prescribing certain duties for the Governor of the State; and making an appropriation to carry out this resolution.

Be it resolved by the Legislature of the State of Texas:

Section 1. That Article 16 of the Constitution of the State of Texas be amended by striking out and repealing Section 20 thereof and substituting in lieu of said Section 20 the following:

Sec. 20—(a) The manufacture, sale, barter or exchange in the State of Texas, of spirituous, vinous or malt liquors or medicated bitters capable of producing intoxication, or any other intoxicant whatever except for medicinal, mechanical, scientific or sacramental purposes, are each and all hereby prohibited.

The Legislature shall enact laws to enforce this section.

(b) Until the Legislature shall prescribe other or different regulations on the subject, the sale of spirituous, vinous or malt liquors, or medicated bitters, capable of producing intoxication, or any other intoxicant whatever, for medicinal purposes shall be made only in cases of actual sickness, and then only upon the prescription of a regular practicing physician, subject to the regulations applicable to sales under prescriptions in prohibited territory by virtue of Article 598, Chapter 7, Title 11, of the Penal Code of the State of Texas.

(c) This amendment is self-operative, and until the Legislature shall prescribe other or different penalties, any person, acting for himself or in behalf of another, or in behalf of any partnership, corporation, or association of persons, who shall, after the adoption of this amendment, violate any part of this constitutional provision shall be deemed guilty of a felony, and shall, upon conviction in a prosecution commenced, carried on and concluded in the manner prescribed by law in cases of felonies, be punished by confinement in the penitentiary for a period of time not less than one year nor more than five years, without the benefit of any law providing for suspended sentence. And the district courts and the judges thereof, under their equity powers, shall have the authority to issue, upon suit of the Attorney General, injunctions against infractions or threatened infractions of any part of this constitutional provision.

(d) Without affecting the provisions herein, intoxicating liquors are declared to be subject to the general police power of the State; and the Legislature shall have the power to pass any additional prohibitory laws, or laws in aid thereof, which it may deem advisable.

(e) Liability for violating any liquor laws in force at the time of the adoption of this amendment shall not be affected by this amendment, and all remedies, civil and criminal, for such violations shall be preserved.

Sec. 2—The foregoing constitutional amendment shall be submitted to a vote of the qualified electors for members of the Legislature at an election to be held throughout the State of Texas on the fourth Saturday in May, being the twenty-fourth day thereof, A. D. 1919. At said election, the vote shall be by official ballot, which shall have printed or written at the top thereof in plain letters the words, "Official Ballot." Said ballot shall have also written or printed thereon the words, "For Prohibition," and the words, "Against Prohibition."

All voters favoring said proposed amendment shall erase the words "Against Prohibition" by making a mark through the same, and those opposing it shall erase the words, "For Prohibition," by making a mark through the same.

If a majority of the votes cast at said election shall be "For Prohibition," said amendment shall be declared adopted. If a majority of the votes shall be "Against Prohibition," said amendment shall be lost, and so declared.

All the provisions of the General Election Laws as amended and in force at the time of said election is held shall govern in all respects as to the qualifications of the electors, the method of holding such election, and all other respects, so far as such election laws can be made applicable.

Sec. 3—The Governor of the State is hereby directed to issue the necessary proclamation for said election and to have the same published as required by the Constitution and laws of this State.

Sec. 4—The sum of Five Thousand Dollars (\$5,000.00), or so much thereof as may be necessary, is hereby appropriated out of any funds in the State Treasury, not otherwise appropriated, to defray the expenses of such proclamation and election.

GEO. F. HOWARD, Secretary of State.

(A true copy)

PROPOSED AMENDMENT TO THE STATE CONSTITUTION PROVIDING FOR AND RELATING TO EQUAL SUFFRAGE

SENATE JOINT RESOLUTION NO. 7

Proposing to amend Section 2, Article 6, of the Constitution of the State of Texas so that it shall hereafter, in substance, provide that every person, male or female, subject to no constitutional disqualifications, who shall have attained the age of twenty-one years, and who shall be a citizen of the United States, and who shall reside in this State one year next preceding an election and the last six months within the district or county in which he offers to vote, shall be deemed a qualified elector; provided electors shall vote in the election precinct of their residence; declaring

that the electors voting in such county to which such county is attached for election purposes; providing that any voter who is subject to pay a poll tax under the laws of the State of Texas shall have paid said tax before he or she shall offer to vote at any election in this State and hold a receipt showing that poll tax has been paid before the first day of February next preceding such election; declaring that if said voter shall have lost or misplaced such tax receipt, he or she shall be entitled to vote, upon making affidavit that such tax receipt has been lost, which affidavit must be in writing and left with the judge of the election. And declaring that all laws now on the statutes relating to qualified voters and governing and regulating elections shall apply to male and female voters alike; and all laws relating to elections shall remain in full force and effect until changed or modified by the Legislature, and declaring that this amendment to the Constitution shall be self-enacting.

Be it resolved by the Legislature of the State of Texas:

Section 1—That Section 2, of Article 6, of the Constitution of the State of Texas be amended so that hereafter said section shall read as follows, to-wit:

Section 2—Every person, male or female, subject to none of the foregoing disqualifications, who shall have attained the age of twenty-one years, and who shall be a citizen of the United States, and who shall have resided in this State one year next preceding an election, and the last six months within the district or county in which he offers to vote, shall be deemed a qualified elector; and all electors shall vote in the election precinct of their residence; provided, that electors living in any unorganized county may vote at any election precinct in the county to which such county is attached for judicial purposes; and provided further, that any voter who is subject to pay a poll tax under the laws of the State of Texas shall have paid said tax before he or she offers to vote in any election in this State and hold a receipt showing such poll tax paid before the first day of February next preceding such election. Or if said voter shall have lost or misplaced said tax receipt, he or she shall be entitled to vote upon making affidavit before any officer authorized to administer oaths that such tax receipt has been lost. Such affidavit shall be in writing and left with the judge of the election. All laws now on the statutes of this State relating and relating to qualified voters in both primary and general elections shall apply to and govern and regulate both male and female voters, and shall be in effect until such statutes are changed or amended by the Legislature. And this amendment to the Constitution shall be self-enacting without the necessity of further legislation.

Sec. 3—The foregoing constitutional amendment shall be submitted to the vote of the qualified electors for members of the Legislature at an election to be held for such purpose on the fourth Saturday in May, A. D. 1919, the same being the twenty-fourth day of said month; at said election, the votes shall be placed on an official ballot which shall have printed, or written, thereon the words, "For the amendment to Section 2, Article 6, of the Constitution of the State of Texas, providing qualifications for male and female voters," and also the words, "Against the amendment to Section 2, Article 6, of the Constitution of the State of Texas, providing qualifications for male and female voters." All voters favoring this proposed constitutional amendment shall erase the words "Against the amendment to Section 2, Article 6, of the Constitution of the State of Texas," and those opposing it shall erase the words, "For the amendment to Section 2, Article 6, of the Constitution of the State of Texas," which said erasures shall be made by making a mark with a pencil, or pen, through said words. All ballots cast, as above provided, shall be counted as cast for or against a proposed amendment, and if a majority of the votes cast shall be against the amendment, said amendment shall be lost. All provisions of the general election laws, as amended and enforced at the time said election is held, shall govern in all respects as to the qualifications of the electors, the method of holding such elections, and in all other respects so far as such election laws can be made applicable.

Sec. 4—The Governor of this State is hereby directed to issue the necessary proclamation for such election and have same published as required by the Constitution and Laws of this State.

Sec. 5—The sum of Five Thousand (\$5,000.00) Dollars, or so much thereof as may be necessary, is hereby appropriated out of any funds in the State Treasury, not otherwise appropriated, to defray the expenses of such proclamation, publication and election.

GEO. F. HOWARD, Secretary of State.

PROPOSED AMENDMENT TO THE STATE CONSTITUTION, GIVING THE LEGISLATURE POWER TO GIVE OR LEND, OR AUTHORIZE THE GIVING OR LENDING, OF THE CREDIT OF THE STATE FOR THE PURPOSE OF ASSISTING CITIZENS, HEADS OF FAMILIES, TO ACQUIRE OR IMPROVE THEIR HOMES

HOUSE JOINT RESOLUTION NO. 19

To amend Section 50, Article 3, of the Constitution of the State of Texas, to provide that the Legislature shall have power to give or lend, or authorize the giving or lending, of the credit of the State for the purpose of assisting citizens who are heads of families to acquire or improve their homes; authorizing the State to acquire, improve, sell or lease real estate or assist such citizens to acquire or improve their homes upon terms and conditions prescribed by the Legislature; authorizing the Legislature to create such agencies as may be necessary to carry out the purposes of this section; providing that obligations created under this section shall never be taxed; and providing that the Legislature shall have authority to provide a method of securing any deferred payments for lands purchased hereunder, and that such obligations shall be secured in addition to the usual liens by an annual assessment collected as a tax against the land; and providing that the Legislature shall have no power to relieve any person from any obligation entered into under this provision or any any statute enacted thereunder; and providing for the classification of lands acquired under this Act, and limiting acreage sold to any one person where lands are classed as agricultural.

Be it resolved by the Legislature of the State of Texas:

Section 1. That Section 50, of Article 3, of the Constitution of the State of Texas, be so amended that the same will read hereafter be as follows:

Sec. 50. The Legislature shall have no power to give or to lend, or to authorize the giving or lending, of the credit of the State in aid of or to any person, association, or corporation, whether municipal or other, or to pledge the credit of the State in any manner whatsoever, for the payment of the liabilities, present or prospective, of any individual, association of individuals, municipal or other corporation, whatsoever, except that the Legislature shall have the power to give or to lend, or to authorize the giving or lending, of the credit of the State for the purpose of assisting native born or naturalized citizens who are heads of families and who will become in good faith actual occupants, to acquire or improve their homes; and for this purpose the State is authorized to acquire, improve, sell or lease real estate or assist such citizens to acquire or improve their homes upon such terms and conditions and in such manner and subject to such limitations as the Legislature may from time to time prescribe. Provided that no land shall be acquired by the State under the terms of this amendment to the Constitution until the said lands are examined, and the value of said lands is appraised and ascertained as to its actual value for agricultural purposes, by a commission hereby authorized, composed of the Governor, Attorney General, Land Commissioner, Comptroller of Public Accounts and the State Treasurer; and their report shall be available to all prospective land purchasers. The Legislature shall have authority to create by law such agencies as may be deemed necessary to affect the purposes of the Act. Obligations created under this section shall never be taxed, and the Legislature shall have authority to provide a method of securing deferred payments for lands purchased hereunder, and in addition to the usual liens may secure the same by an annual assessment collected as a tax against the land; provided, however, the Legislature shall have no power to relieve any person from any obligation entered into with the State under this provision or any statute enacted hereunder. The terms of this Act shall not apply, or be extended to any person who is not a bona fide resident citizen of the State of Texas and who has not been such citizen at least two years prior to the extension of such aid, nor shall the terms of this Act ever be applied to any lands outside of the State of Texas. Provided further that all land acquired by the State under the provisions of this section for which the State may lend its credit shall be classed as agricultural lands or otherwise, and if classed as agricultural lands, then no more than 200 acres shall be sold to any one person under the provisions herein.

Sec. 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors of the State of Texas at an election to be held throughout the State on the 24th day of May, A. D. 1919, at which election all voters favoring said proposed amendment shall write or have printed on their ballots the words: "For the amendment to Section 50, Article 3, of the Constitution of the State of Texas, providing that the Legislature shall have power to give or lend or authorize the giving or lending of the credit of the State for the purpose of assisting citizens who are heads of families to acquire or improve their homes," and all those opposed shall write or have printed on their ballots the words: "Against the amendment to Section 50, Article 3, of the Constitution of the State of Texas, providing that the Legislature shall have power to give or lend or authorize the giving or lending of the credit of the State for the purpose of assisting citizens who are heads of families to acquire or improve their homes."

Sec. 3. The Governor of the State is hereby directed to issue the necessary proclamation for said election and to have same published as required by the Constitution and existing laws of the State.

Sec. 4. The sum of \$5,000.00, or so much thereof as may be necessary is hereby appropriated out of any funds in the Treasury of the State not otherwise appropriated to pay the expenses of such publication and election.

GEO. F. HOWARD, Secretary of State.

The Bureau of Advertising of the American Newspaper Publishers' Association reports that a vast amount of advertising is in sight. At first this would indicate little, but when it is learned that free advertising is always followed by good business it makes us "chirk up." This means, also, that markets are soon to be more nearly normal again, and people can get more for a dollar spent.

SMOKING TOBACCO FACTS FROM THE ENCYCLOPAEDIA

The Use of Flavorings Determines Difference in Brands

The Encyclopaedia Britannica says about the manufacture of smoking tobacco: "... on the Continent and in America, certain 'sauces' are employed... the use of the 'sauces' is to improve the flavour and burning qualities of the leaves." Which indicates that a smoker's enjoyment depends as much upon the flavoring used as upon the tobacco.

Your nose is a sure guide in the matter of flavorings. Try this simple test with several tobacco brands: pour some tobacco into your palm, rub briskly, and smell. You will notice a distinct difference in the fragrance of every brand. The tobacco that smells best to you will smoke best in your pipe, you can rest assured.

Carefully aged, old Burley tobacco, plus a dash of pure chocolate, gives TUXEDO Tobacco a pure fragrance your nose can quickly distinguish from any other tobacco. Try it and see.

1919 WILL BE BIG YEAR FOR HOME GARDENS

Home gardening is starting off this year in every section of the country with the momentum gained during the two gardening seasons in which the United States was at war. This is the conclusion drawn from reports to the garden specialists of the U. S. Department of Agriculture from the garden leaders in most of the states. According to these reports gardening has spread to every element of the people and has become a fixed factor in city and suburban as well as in rural life. With experience gained by amateur gardeners in the past seasons and with gardens assuming a permanent rather than a temporary character, this year is expected to be the greatest year ever recorded in making waste lands produce food.

SENATE JOINT RESOLUTION NO. 13

A resolution to amend Section 5 of Article IV of the Constitution of the State of Texas, as follows: Strike out the words "Four Thousands" found in the third line of Section 5, and insert in lieu thereof the words "Ten Thousand," and adding after the word "furniture" the words "and this clause shall be self-enacting," and making an appropriation to pay necessary expenses hereof.

Be it Resolved, by the Legislature of the State of Texas:

Section 1. That Section No. 5 of Article IV of the Constitution of the State of Texas be so amended as hereafter to read as follows:

Section 5. ARTICLE IV. GOVERNOR'S SALARY AND MANSION.—He shall at stated times receive as compensation for his services an annual salary of ten thousand dollars, and no more, and shall have the use and occupation of the Governor's Mansion, fixtures and furniture (and this clause shall be self-enacting).

Sec. 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors for members of the Legislature at an election to be held throughout the State of Texas on the fourth Saturday in May, A. D. 1919, same being the twenty-fourth day of May, A. D. 1919, and the Governor of this State is hereby directed to make the necessary proclamation for said election and to have the same duly published as required by the Constitution and laws of this State. Said election shall be held under and in accordance with the general election laws of the State and the official ballot shall have printed or written thereon in plain letters the words, "OFFICIAL BALLOT," and also the words, "For the amendment to Section 5 of Article IV of the Constitution of the State of Texas in regard to the salary of the Governor of the State of Texas," and also the words, "Against the amendment to Section 5 of Article IV of the Constitution of the State of Texas in regard to the salary of the Governor of the State of Texas."

All voters favoring such amendment shall erase, by making a mark through the words "Against the amendment to Section 5 of Article IV of the Constitution of the State of Texas in regard to the salary of the Governor of the State of Texas," and all voters opposing such amendment shall erase by making a mark through the words "For the amendment to Section 5 of Article IV of the Constitution of the State of Texas in regard to the salary of the Governor of the State of Texas." If a majority of votes cast shall be "For the amendment to Section 5 of Article IV of the Constitution of the State of Texas in regard to the salary of the Governor of the State of Texas," said amendment shall be declared adopted. If a majority of the votes cast shall be "Against the amendment to Section 5 of Article IV of the Constitution of the State of Texas in regard to the salary of the Governor of the State of Texas," said amendment shall be lost and shall be so declared.

Sec. 3. There is hereby appropriated out of the funds in the State Treasury, not otherwise appropriated, the sum of Five Thousand Dollars (\$5,000.00), or so much thereof as may be necessary to cover the necessary expenses attached to the proclamation and publication of this amendment, and the Governor shall issue the necessary proclamation and cause the same to be duly published.

GEO. F. HOWARD, Secretary of State.
