TEXAS PENCIL PUSHERS VISIT LOWER RIO GRANDE VALLEY

The editor and wife returned Tuesday morning from a trip of 1100 miles one way, to attend the meeting of the Texas Press Association at McAllen in "The Magic Valley of the Rio Grande," leaving Pecos on the afternoon of the 5th. The trip was a most delightful one and greatly enjoyed.

The editor and wife joined the north and west Texas "gang" at Dallas where the Lower Rio Grande Land Men's Association had awaiting us free pullman coaches for the entire trip to the "Magic Valley" and return. This train was attached to the regular Katy train to Waco and run as a special from there on. This courtesy on the part of the Rio Grande Land Men's Association was very much appreciated and highly enjoyed. To complete the pleasure of the journey to the "Magic Valley" the editors, their wives and friends who made the trip are indebted for generous supplies—enough to last all the way to the journey's end at McAllen—to Smith's Ice Cream factory, Dallas and B. Ise Cream Co. of Waco, for as fine a lot of the very best of that delicacy ever manufactured. The gentlemen smoked the finest brands of cigars on the way down donated by the well known firm of Casey-Swasey of Fort Worth. Coca cola drinks by the Dallas firm was enjoyed enroute and each lady was presented with boxes of delicious candies furnished by King's of Fort Worth.

The Young Men's Business League of Waco had prepared a real feast of good things to eat and drink which was served at noon the first day at the Raleigh at which a reception, speechmaking and a general good time was had. Those Waco boys are real sports and will continue to keep theirs in the forefront of the progressive cities of Texas.

The party landed at San Antonio in time to enjoy a splendid supper consisting of Mexican dishes such as tamales, enchiladas, chile and frijoles, etc., donated by the chamber of commerce of the city and served on the roof garden of that splendid and palatial hotel—The Gunter. Many talks were made at this festival which were to the point and proved conclusively that the people of this, the largest city in Texas, were wide awake and progressive and their congenial spirit and splendid hospitality forcefully explained the reason for its greatness. After three hours of real enjoyment of the hospitality of that beautiful and progressive city the party again resumed their journey and when the breakfast hour came landed in the beautiful little city of Kingsville. Unloading they were met by as fascinating a bevy of young women as could be found in the entire state of Texas, all laden with arms full of beautiful bouquets which were presented to the ladies with suitable hat pins for fastening them on. The entire crowd were ushered into the large commodious and beautiful hotel where a breakfast fit for the kings was served. After this cars sufficient to care for the entire party were in readiness to take the guests over the famous King ranch, where great fields of corn, cotton and feed stuffs were growing and the cream of Texas Jerseys were grazing. It was a sight never to be forgotten but the magnificent home or club house where punch and cake were served was the wonder of the gathering. Spacious halls and rooms, with most elegant furnishings and mounted wild animals, trophies of the hunt of earlier days, adorned the halls and alcoves. Few if any of the editors ever saw such splendor. Mrs. King was not present, owing to her age and the consequent fatigue but her daughter, Mrs. Cleburg, received the party. It would take an entire newspaper to portray the beauty of this mansion and the hospitality of those who occupy it. The one thing which caused our people to enjoy it to the fullest was that the occupants were just folks like the rest of us when the grandeur might lead one to believe that they would be unapproachable. At the conclusion of the visit to the King ranch a feast of barbecued meat, pickles, bread and coffee was served and then such a watermelon feast—ice cold—as would cause an east Texas nigger to walk almost as far as we had ridden to enjoy. They were the first and the best.

Raymondville was the next stop and here we were shown the first groves of citrus fruits. The orchards were young but were growing and looked mighty good to the Texas pencil pushers. The next stop was at Harlingen where those good people showed the moulders of public opinion in Texas the first view of real oranges, lemons and grape fruit hanging on the beautiful trees and weighing the limbs to the ground. It was some sight to behold and all in Texas. Corn and cotton patches were fine and well laden with fruit. These good people opened their hearts and gave badges with keys to the town attached and spread a

would delight any man. Beautiful tuberoses with stems as long as your arm and

many other beautiful flowers were handed out, and plenty of delicious watermelons served. These good people have splendid homes, a grand country and a most hospitable people.

A short stop after nightfall was made at Mercedes—just long enough for the Governor of Texas, Pat Neff, who joined the party at Austin, to pay his respects to those people.

Landing at the point of destination—McAllen—the entire party were cordially met and escorted to hotels and private homes for their three days sojourn in the heart of the "Magic Valley." Where McAllen stands now, a city of around 6,000 people, ten years ago was covered with prickly pears and thorny brush. It now has commodious brick and stone store buildings which would look good in any city and well filled with splendid stocks of goods, beautiful bank buildings and churches and a magnificent school building which would be a credit to a city many times the size of McAllen. McAllen also has a teacherage which will house thirty-two teachers and cost the city or school district some \$38,000 furnished. It is a beautiful structure, modern and up to the minute. McAllen also has paved streets and is a city of Palms and beautiful, modern homes. Huge palms are to be seen all over the city and oleanders are as common as the proverbial pig tracks. The big hotel which will house some three hundred persons is a model of beauty and convenience and surrounded by beautiful palms and flowering plants. The town of McAllen is a new town, a clean town and a model of beauty; here people are of the best in the land—progressive, wide-awake and the only kind capable of taking a barren waste and converting it into a veritable Garden of Eden. The country around McAllen is as rich as the valley of the Nile. Besides the orange, lemon and grape fruit groves which are laden with fruit and are numerous, there are many truck gardens and a large acreage of corn and cotton. The latter is now as large as it usually gets in this country and heavily fruited. The Indian corn is planted as thick as maize in this country and each stalk has from one to two big ears of corn—no nubbins. The farms are necessarily cut up into small tracts and each home has its citrus fruit orchard and the country homes appear to be as fine as the best homes in Pecos outside of a very few Pecos homes. Lands there sell from \$200 per acre up according to the improvements and are irrigated from water from the Rio Grande. It is a beautiful country—a grand country and inhabited by a big hearted, generous people.

The citizens of McAllen served a roast chicken dinner at McCollis club house which is situated just on the outskirts of the city. It is a thing of beauty, commodious and elaborate and surrounded by beautiful palms and oleanders and on one side by a beautiful grove of citrus fruits all bearing. The editor and wife had the pleasure of a ride through Sharyland with John H. Shary, the owner. In the heart of a 20,000 acre tract of land which has been cut up into small tracts and sold to happy and prosperous farmers, is the Shary club house and lake. It is a marvel of beauty and an immense structure, second only to the famous King ranch club house or anything of the kind this editor ever inspected. There the crowd gathered to enjoy a watermelon feast at the expense of this splendid gentleman and promoter who, by his thrift and with his money made it possible for so many of these happy, prosperous homes to exist in this fertile valley. From there the entire delegation were carried across the Rio Grande to Reynoso for a barbecue donated by the citizens of Reynoso or his sister republic.

The citizen of Mercedes also entertained the convention with an elaborate roast chicken dinner at the Stewart club house and were taken for a drive through that beautiful city.

The convention closed at 11 o'clock Saturday a most wonderful and successful meeting at which much of interest to Texas publishers was discussed and which will be of great benefit not only to the publishers but to the state at large. At 6 o'clock they all boarded the train bound for Brownsville after bidding McAllen and her citizens a fond farewell and one of the most generous hosts ever to entertain the Texas Press Association. Arriving at Brownsville the press was driven over the town and across the river to Matamoros where we were given a grand reception in that beautiful cathedral after which the thirst of ye Texas editors was fully quenched with considerably more than two per cent which the Volstead law made impossible on the Texas side of that most wonderful of rivers in all the world which is "dry on one side and wet on the other."

From there we were driven to the Brownsville Club house and treated to a most wonderful watermelon and again driven over town until time to leave for home.

REV. S. X. SWIMME LECTURES ODD FELLOWS

S. X. Swimme, pastor of the M. E. church at Midland and a well known member of the Odd Fellows delivered an instructive and interesting lecture on "Mystery of Three Links" at the Methodist church Tuesday evening. The audience included most all of the prominent members of the order in Pecos and vicinity and the comments and appreciation of those in attendance are of the most profuse and praiseworthy nature. He is an eloquent and fluent speaker and was absolutely conversant with the subject.

A special point made by the speaker, and considered well taken, was in reference to the Odd Fellow's Home. The order does not claim to have an Orphan Home, nor any orphans under their charge. All of the motherless children receiving their education and sustenance from the order are children of the order. The graduates of their institutions have gone into the world and made good, there being only one exception out of many thousands. Brother Swimme, through his lectures on Oddfellowship makes many converts to christianity both inside and outside of the order and it is a grave question whether his teachings along this line would not meet with quite as beneficial results in inducing mankind to lead better lives as would his teachings from the pulpit. He is beloved by his charge at Midland and believes the principles of Oddfellowship is a strong exponent of christianity and an inducement for men to lead better lives. The following are some of the points taken up and dwelt upon by the lecturer:

The Independent Order of Odd Fellows is the greatest Order in the world. For the following reasons: It is 101 years old, having been organized in 1819; with five members; and now has (had at the last session of the Sovereign Grand Lodge, which met last September) 2,371,738 members, of whom 577,402 are women—members of the Rebekah Branch of the Order.

The wealth of the Order was reported at \$87,619,580, and the income of the Order for 1919 was almost twenty-four million dollars. The Order has 56 homes—not "orphans," but Odd Fellows' Homes—in which there were last year 4,487 residents, and these homes are valued at over seven million dollars.

"It is the greatest Order in the world," because of what it stands for. Its ideals are so high that all Odd Fellows are good men—there are none better. All Odd Fellows are Christian gentlemen. This is argued from the teachings of the Order; which are founded on the Bible and the christian religion. The lecturer did not claim that all members of the Order are christians, or even good men; he claims that in order to live consistently up to the principals and teachings of the Order a man must necessarily be a christian.

Taking up the motto of the Order: "Friendship, Love, Truth," the lecturer discussed the meaning of each

of these principles, showing that a man must have Divine help in order to exemplify these principles in his life.

"The foundation on which the whole superstructure of Odd Fellowship rests is fraternalism." What is "fraternalism?" It is brotherhood. How are all men brothers? By being the sons of a common father. How can this be? Only in a spiritual sense. Paul tells us who are the "sons of God." "As many as are led by the Spirit of God—they are the sons of God." Then, in order to be really brothers we must be sons of God; and only as we are led by His Spirit are we His sons.

The lecturer closed with an appeal to all wearers of the Three Links to be true to the ideals of the Order. To do this they must be Christians. "This do, and, in the language of the great Browning: "Thou shalt arrive."

MUCH INTEREST IN SAND LAKE RESERVOIR

The Sand Lake Reservoir project took a big leap towards a realization this week when an agreement was reached regarding the organization contract at an impromptu meeting of the Barstow district's board of directors and officers of the Pecos Chamber of Commerce. The terms are such that it is regarded as almost a certainty that they will be acceptable to the Grandfalls board of directors, and if as expected the latter board signs the contract the first big step has been taken.

After the signing of the contract by all three parties the contract must be voted on by voters of the Barstow and Grandfalls districts, and then sales of the bond of the two districts can be consummated under negotiations now under way, and Pecos can proceed with the work of forming the new district on the west side of the river with full confidence in the outcome of the project.

The contract provides for the division of interest and costs heretofore agreed upon, as follows: Barstow, 35 per cent; Grandfalls, 40 per cent and Pecos 25 per cent. It also places a price of \$65,000 on all rights and holdings of the Barstow district in reservoir site, and on all engineering data secured to date. This price includes some work already accomplished. The Barstow district will assume its prorata share of the purchase price or 35 per cent.

The contract has been dispatched to Grandfalls for signatures. The recent rains have placed several feet of water in the reservoir site, and is but an indication of what supply can be obtained from the natural drainage of that area.

Six months is granted in the contract for the Pecos Chamber of Commerce to form a district on this side of the river, and the time limit to March 1, 1921, is given for definite sale of the bonds or definite arrangements made for their sale.

CATTLE SHIPMENT

Cattle shipment from the Toyah and Pecos Valley have been slow for

DRILLERS ARE BUSY BUNCH IN TRANS-PECOS OIL FIELD

Crews have arrived for the C. W. Gossert and Consolidated Sulphur Company's wells in Eastern Culberson county, and these arrivals forecast an early resumption of activities in that vicinity, in addition to the development program being carried on by the two Owens wells, and by the Weoh Company.

Meanwhile greatest interest in the operations around Pecos is centered on the Trans-Pecos and the Helen S. with the Bell No. 1, as a probable early contender. Oil saturated sands and shale continue to be found in the Trans-Pecos well in Ward county and the odor from these sands indicate that the oil is of a very high quality. Operations are continued on this well in charge of a competent crew, and it is being watched very closely by the oil fraternity because of the excellent showings. Oil shows on the sluice pit, and the bailer brings considerable oil to the top.

A sack of wheat has been sent to the Helen S. in the Bell territory, and has been sunk to the bottom of the hole, the idea being that the wheat will swell when put in the water, and that it will act as a stop to sediment that might flow under the casing, and thus form a mud dam, which will keep water out of the well proper, and allow drilling to proceed with a dry hole. The hole has been pushed to a depth of 1,000 feet with very good showings in a brown limestone formation, and the operators are strong in their belief that production will be found in the vicinity.

The casing of the Bell No. 1, should reach the bottom of the 1830 foot hole Friday, and mudding off operations are to be immediately started. Precautions will be taken to prevent the blow-out which occurred previously when the mud was placed in the hole and gas pressure forced it over the top of the derrick. It is believed that the use of mud back of the casing will provide the needed water shut off.

The Gossert rig on section 7, block 100 Culberson county, is the only rotary core cutting rig in the field. The rig cuts a core eleven inches in diameter out of the ground, and brings to the top of the ground the exact formation at the bottom of the hole. Cable tools are also had with the rig, and these were used in forcing the way through a mass of boulders at the 100 feet depth encountered in drilling operations last fall. Mr. Gossert and members of his crew are in the field. A new boiler is needed before drilling can be started, it is understood.

E. Berner field superintendent for the Consolidated Sulphur Company, which has a standard rig on section 26, block 111, Culberson county, went to Chicago this week to confer with some of the interests of the company, while a crew of California drillers have gone to the location, and are understood, to be preparing for operations. Both the Consolidated and Gossert operations are dependent on mountain water for their steam supply, and have been shut down waiting for rains. The recent rains have filled the natural reservoirs.

The Owens No. 2, in 16-92 school, is understood to be well below 1700 feet, and making good time, with some showings of oil and gas. The No. 1, has found an underground cave at 90 feet, in which the bit was lost, and cannot be touched by fishing tools. The only difficulty will be that of assuring a straight hole through the cave and surveys and tests have been made with a view to securing the proper conductors to carry the tools beyond this point.

Casing has been taken to the Weoh well at the intersection of Reeves, Culberson and Jeff Davis counties, and it is understood that operations would soon be resumed in that territory. The Toyah Shallow Oil Company on the Cowan ranch has succeeded in fishing its bit from the 505 foot hole and is now occupying itself with efforts to shut off the water so that a test of the oil showing at that depth can be made. The company has a lost bit in its No. 2, well in the El Paso-Saragosa section South of Pecos at a depth of about 260 feet, and is fishing.

The Toyah Bell No. 2, has made excellent time during the past week and was working well below 3200 feet in a gypsum and salt rock formation late this week. This formation is accepted by the operators as an indication of a geological break between the Permian and Pennsylvanian formation, which the operators expect to pick up between 3,000 and 4,000 feet, and where they expect to find oil in paying quantities.

This well has had probably as many favorable showings as any in the field, oil saturated limes having been located at number of points between 2,000 feet and the present depth.

The Pinal Dome in Eastern Loving county succeeded in getting all

Only pleasing reports are available to The Enterprise from the River well this week, but it is understood that the drilling is working at about 1940 feet, and that considerable gypsum and dark limes are being found in the salt rock formation at that depth.

Word from the Pecos county territory is to the effect that the Miracle well, after being cemented and treated to a small shot responded with a flow for an hour and one-half estimated at twenty-five barrels, and that efforts are to be made to put this well on the pump. This well is the 96-foot wonder, which created considerable excitement in January.

The Pinal Dome Oil Company is drilling at about 1675 feet northeast of Fort Stockton. The Pope Prospecting Company is drilling below 1100 feet near the Miracle well, and the Bower, Hale & Lamb combination is drilling below 1300 feet on their location.

Arch Bell is tireless in his efforts to put the Los Pecos down to pay sand and as field manager is putting in full time and now has that well below the 910 foot level. He was in town Wednesday and for fear that would be his last opportunity to report before this weeks Enterprise appeared called in to say that they were working hard to shut off the water and making hole every day and that work is going on satisfactorily. They have some gas and rainbow colors, but no oil sand and are hoping to penetrate the sand at any time.

C. H. Willoughby of the Toyah-Bell No. 2, in Pecos Wednesday says that they will be down below 2300 feet by the time The Enterprise goes to press. He stated that the formation was changing and it has since been reported that they are again in a rock salt formation. This is the deepest test in the field and every effort is being made to put the well down to pay sand though according to Mr. Willoughby, they are having a struggle to keep it financed and he is calling for assistance in a stentorian voice. This well has had some fine oil showings recently.

When the derrick and machinery of the Laura well were destroyed by fire on May 13th the stem dropped to the bottom of the hole. The derrick and engine all now in good order and the drillers have steam up and are fishing to recover the stem. Mr. Tinnally does not anticipate any trouble in bringing up the stem and when recovered everything will be in readiness to resume drilling. This quick resumption of operation after the unfortunate destruction of the plant is the subject of very favorable comment and is frequently mentioned with approbation and approval by all interested in the progress of the well.

THE TRANS-PECOS OIL CO

The Malita well of the above company continues to show up more encouraging daily. Oil in the slush pit on the drilling cable and in the bailer increases as the drill goes down. Samples tested, show rich oil in the lime and sand formation and the company is working diligently. From present indications, and unless all signs fail, the Malita promises to be the first well to come in in this field. There has been no delay from accident of any kind, which speaks well for the efficiency of chief driller C. L. Black and his crew.

CLOSING EXERCISES OF BIBLE SCHOOL

Program Sunday June 19, 1920, at 8:30.

1. March—Singing America—Salute to the flags.
2. Opening Sentence.
3. Hymn—"Holy, Holy, Holy. Prayer—Rev. Faust.
4. Hymn—"Jesus Calls Us."
5. Report of the Bible School—Mrs. J. W. Brooks.
6. Beginners Department.
 - (1) Song—"Jesus Loves Me."
 - (2) Memory verses.
 - (3) Song—"Can a Little Child Like Me."
7. Primary Department.
 - (1) Singing Game—"Our Country needs True Soldiers."
 - (2) The Message of the Bell.
 - (3) Song—"Just a Little Something for Jesus."
 - (4) The Good Shepherd—Dramatised.
 - (5) The Message of the Bell.
 - (6) The World Children for Jesus.
8. Junior Department.
 - (1) Memory verses.
 - (2) Naming Books of the Bible.
 - (3) Song—"Why We Give."
 - (4) The 100th Psalm.
9. Song by school—"Blest Be"
10. Closing Sentence.
11. Benediction followed by the Lord's Prayer—Rev. Homer Magee.

Have you tried the new 10c package? Dealers now carry both; 10 for 10c, 20 for 20c. It's toasted.

ADVERTISING WOULD CURE BUSINESS ILLS

Atlanta, Ga., June 13.—The gospel of better and more business was preached here today by ad men from all parts of the world, attending the annual convention of the Associated Advertising Clubs of the World.

Confidence is only needed to restore business to the peak of capacity, prominent business men declared.

The buying power of the world has not greatly changed, it was pointed out. But there is a feeling on the part of the man who does things, or the man who in the past has done things, that there is not very much encouragement today to risk what he may have, or what he might borrow, for investment purposes.

Advertise, advertise, advertise, is the solution to present-day depression in business, the ad men were told. They were encouraged to sound the gospel throughout the land.

Edge Sounds Keynote. "As an advertisement man myself, I'd like to sound the keynote," said Senator Walter E. Edge of New Jersey.

"In a short time we can drown out the wails of woe of the pessimists and faint-hearted."

Senator Edge declared in favor of Congress revising the revenue and tax measures, cutting off surtaxes, "so that a business man will not feel he has to pay a maximum of 70 per cent of the fruits of his labor and worry back to the Government."

The "truth in advertising" movement as fostered by the ad clubs, was lengthily discussed.

Steps urging legislation against the use of deceptive advertising was taken.

"In Henry Grady's home city I make bold to declare that the spirit of this convention is and is to be the spirit of Henry W. Grady—a spirit of courage, a spirit of carry on and up from the president of Doubleday, Page & Co. and past president of the World Ad Clubs. "That spirit rebuilt the South from the ruins of war; it is rebuilding the world.

CATTLE LOANS

The formation of a \$50,000,000 cattle loan pool was to be considered at a conference of bankers from the East and Middle West section at Chicago Wednesday. One-half of the funds are to be provided by the Eastern bankers, and, as explained here, will not include Government funds, but be privately administered from Chicago with banker representatives throughout the cattle districts.

The funds will be available to the cattle companies and enable the feeders of Idaho, Wyoming and other States to purchase cattle in Arizona, Texas and New Mexico for the Northern ranges. The usual turnover period, as explained by a Treasury official today, is two years.

Loans for Six Months.

The loans, which are to be at current interest rates, will initially be for six months, at the end of which time, if the stock are found in good condition, would be renewed, and this continued by subsequent renewals until the period required is completed.

It was explained that the small producer has been obtaining accommodations through his banker, but that the cattle companies obtaining their money in the Eastern centers and through brokers were denied loans through the usual channels when the market slump came.

It was explained by those advocating the private pool in place of Government aid through the War Finance Corporation, as suggested by officials

of the Federal Reserve Board that long delays are experienced in obtaining legislative sanction to a plan and in getting the funds into the field. Operation of the pool, it was said, would be through the usual channels of credit and require no new machinery.

TRADE NAMES MUST BE FILED WITH COUNTY CLERK

Merchants and companies are prohibited from using trade names in operating their business unless their trade names have been filed with the county clerk under the provisions of a law which became effective last Sunday.

The first section of the act reads:

"No person or persons shall hereafter carry on or conduct business in this State under any assumed name or under any designation, style, corporate or otherwise, other than the real name or names of the individual or individuals conducting or transacting such business unless such person or persons shall file in the office of the clerk of the county or counties in which person or persons conduct or transact or intend to transact such business, a certificate setting forth the name under which such business is or is to be conducted or transacted, and the true or real full name of the person or persons conducting or transacting the same, with the post-office address or addresses of said person or persons. Said certificate shall be executed and duly acknowledged by person or persons so conducting or intending to conduct said business in the manner provided for acknowledgement or conveyance of real estate."

Businesses conducted exclusively in the true name of its owner or owners are not required to make the filing.

The act provides that persons who already are operating their business under a trade name or an assumed name or title will have thirty days after the law becomes effective to make their filing.

Section 3 provides that whenever there is a change in ownership of any business operated under any such assumed name the person withdrawing from the business shall file a certificate with the county clerk, stating that he has withdrawn from the company. This section states that "until he has filed such certificate he shall remain liable for all debts incurred in the operation of said business."

County clerks are ordered by the new law to keep an alphabetical index of all persons filing certificates. A copy of the certificates duly certified "shall be presumptive evidence in all courts of law in the State of the facts therein contained," the law states. It is provided that the county clerk shall charge a fee of \$1 for each registration.

Failure to comply with the act constitutes a misdemeanor. Section 6 states that violation of the act would call for a fine of not less than \$25 nor more than \$100. It also says that each day any person or persons shall violate any provisions of the act shall be deemed a separate offense.

SARAGOSA NEWS

Bob Reid was among the Pecos visitors Saturday.

C. R. Duncan and son, Jim, motored to Pecos Wednesday. They report the road in bad condition.

Rain! Rain and more rain. The ranchers meet you with a smile, while the farmers frown.

Misses Seliah Tucker, Mable Toter and Ivy Carpenter left Thursday for Alpine where they will attend the normal.

Messers Wynn Hamilton, Raymond Honaker, Edwin Mayer and Herndon Crenshaw started to Pecos Thursday afternoon but on account of condition of the road at Salt Draw they were forced to turn back.

Miss Jimmie Conger and her grandmother, Mrs. Dawning, left Friday for Lockney, where grandmother Dawning will visit for sometime. Miss Conger will return by Sterling City where she will visit for a short time, returning home for the fourth.

Messers Wynn Hamilton and Raymond Honaker went to Pecos Sunday.

FINANCIAL REVIEW

Prepared For The Enterprise By The First National Bank In St. Louis.

The Bureau of Crop Estimates of the United States Department of Agriculture reports the condition of world crops as good.

Throughout the Northern Hemisphere as a whole the condition of winter cereals is generally satisfactory while spring seeding reports are favorable. The winter wheat condition in Canada is reported as being more favorable this year than in either of the last two seasons. In France the crop situation is reported as excellent as recent rains have vastly improved all of the crops. In Sweden the crops are continuing to make good progress altho growth has been somewhat checked by recent cold weather. In Denmark, while the weather has continued cold, rain has been plentiful and the crop situation is still regarded as satisfactory. In Germany, as a result of the generally warm and favorable weather, good progress has been made by the winter crops as well as early spring crops and the agricultural situation may now be considered as quite satisfactory. In Russia, according to unofficial reports it is stated that the disorganization of the agricultural districts is great and that owing to the many hardships peasants have become apathetic. In England, as a whole, cultivation is more advanced than usual. Spring cereal sowings have practically been completed in some of the southern and eastern districts and elsewhere are well advanced. The wheat and oat acreage are estimated to average about the same as last year. Crop conditions in Hungary are just about normal.

BARSTOW DISTRICT COURT

Judge Gibbs, presiding at Barstow District Court, continued all cases on account of the impassable conditions of the roads. The recent rains have made it impossible for witnesses and other interested to reach Barstow.

Colds Cause Grip and Influenza

LAXATIVE BROMO QUININE Tablets remove the cause. There is only one "Bromo Quinine." E. W. GROVE'S signature on box. 50c.

GUESS WHO THIS IS?

When President Harding selected Edwin Denby of Michigan as his Secretary of Navy, he picked out a regular "go-getter" and two fisted American, is now the verdict of Washington folks. It is because they have seen Secretary Denby in more unconventional poses than any public man since Roosevelt. When Denby inspects he inspects—as shown here at the Marine camp at Quantico, Va., ready for a flight in a naval plane. Denby was a sergeant in the Marines during war.

OBITUARY.

Mrs. M. A. Nance, mother of Mrs. R. G. Middleton died Tuesday morning at Winters, Texas. Mrs. Nance was quite well known to some of our Pecos citizens, having visited her daughter here several times. She was sixty-three years of age and has

been an invalid for a long time. Mrs. Middleton, her daughter, will not be able to attend the funeral as she has been confined to her home for sometime. At this writing no definite plans for the funeral are known to her daughter. She leaves eight children, all married, twenty-eight

grand children beside a host of friends to mourn her loss.

The Quinine That Does Not Affect the Stomach. Because of its tonic and laxative effect, LAXATIVE BROMO QUININE is better than ordinary Quinine and does not cause nervousness or ringing in head. Remember the full name and look for the signature of E. W. GROVE.

DRILLING REPORT

Corrected to June 15, 1921

The following drilling report was compiled and furnished The Enterprise by W. A. Bennett, and is accurate, according to best information, and will be of much interest to the public.

Table with columns: Company, Well, County, Sec., Township, Block, Depth, Remarks. Lists various drilling operations across different counties and townships.

The above list does not include many shallow wells in the Toyah field, and only those in actual operation in the Pecos Valley field. I know of no oil field that at the same stage of development (20 months) that had so many active operations, and the fact that migratory or seepage oil has shown to a remarkable amount proves beyond question that the big pools are surely here, and it is certain that some of these operations will go into them when they get deep enough, which may be anywhere from 2500 to 4000 ft. Grant Oil Company, Pecos County, putting on power to pump 29 wells on one line.

STATE PARK IN DAVIS MOUNTAINS

State Representative W. W. Stewart from Reeves county, who is the originator of the idea of a State Park in the Davis Mountains is ceaseless in his efforts to interest the legislature in a measure to make the project an assured fact. Considerable favorable comment has been published in the interest of the locality by the press of west Texas and we are glad to submit the following from the Fort Worth Star Telegram of June 11th:

"The West Texas Chamber of Commerce is interested in the movement at Balmorhea to establish a 'State Park' in the Davis Mountains, which would include over 100 sections of the beautiful mountains and picturesque canyons of these mountains.

"To establish such a park will require the action of the State Legislature, but the idea is not a new one. It is older even than the National Park idea, for many of the more populous States of the East long ago began to designate certain mountainous areas as 'State Parks,' not so much at first with a view toward preserving the beauty spots as for the purpose of conserving watersheds for domestic purposes.

"It is doubtful whether there is a State in the Union in which there are more beautiful bits of river, canyon and mountain scenery, and it is absolutely certain that no other State is in greater need of water conservation than Texas.

"W. W. Stewart, State Representative from Reeves county, is the father of the idea, and if his plans go through the first 'State Park' to take form will comprise a section of the rugged mountains of Reeves and Jeff Davis counties, and will take in the wonderfully scenic Limpia, Abuja, Madera and other canyons of that part of the State, rivaling in beauty and grandeur the peaks and canyons of Colorado, New Mexico and other mountainous States."

Habitual Constipation Cured in 14 to 21 Days

"LAX-FOS WITH PEPSIN" is a specially-prepared Syrup Tonic-Laxative for Habitual Constipation. It relieves promptly but should be taken regularly for 14 to 21 days to induce regular action. It Stimulates and Regulates. Very Pleasant to Take. 60c per bottle.

REGULATING THE OPERATION OF BARBER SHOPS

A law regulating the operation of Barber and Beauty shops effective September 1st, 1921, requires the full name of owner and location of shop to be registered with the Texas State Board of Health. The requirements of owners and employees are numerous under the law and if strictly complied with there would be little time to shave a customer. The sanitary obligations are the better elements of the statute and if strictly adhered to will be a boon to men who cannot or do not shave themselves. The following are a few of the imperative rules to be complied with as set forth in the law:

No one who has contracted a communicable disease can be employed or operate. Furniture and equipment must be kept clean. Comb, hairbrushes and similar articles must be thoroughly washed each day. Mugs, scissors, brushes, clippers etc., must be sterilized after every time they are used.

The sterilizing process must consume ten minutes in hot water or a five per cent aqueous solution of carbolic acid. No towel or wash rag can be used which has not been boiled or laundered since last used. A barber must wash his hands before he hollers "next." When a barber draws blood and stops the flow with a piece of alum or other material he must never use the same piece of alum again. Powder puffs and sponges must be sterilized before they are used the second time. No head rest can be used unless covered with a towel fresh from the laundry. A barber must not shave anyone whose face is inflamed or broken out. No one must be allowed to sleep in a barber shop. Violations of this act is punishable by a fine of not less than \$10.00 nor more than \$50.00 or 90 days in jail. The above are some of the sanitary obligations which if strictly complied with will keep the tonsorial artist busy between shaves.

The mail clerk who handles the single wrappers on The Roswell Daily Record works on the principle that the best goods are done up in small packages. He has the cigaret fiend who "rolls his own" beaten two city blocks for scientific compression.

INSTALLATION OF TOYAH CHAPTER O. E. S.

Installation of the new officers of Toyah chapter No. 579 was held Thursday June 9th, at the Masonic Hall. The following elective officers were installed for the ensuing year:

Worthy matron, Mrs. Willie M. Dabney; worthy patron, Mrs. A. H. Smith; assistant matron, Mrs. Alice Tinnen; secretary, Mrs. Lillie Morton; treasurer, Mrs. Willie Humphries; conductress, Mrs. Lily Robinson; assistant conductress, Mrs. Grace Hayes.

The appointive officers were: Adah, Miss Irene Andrews; Ruth, Miss Corin Humphries; Esther, Mrs. Jewel Henderson; Martha, Mrs. Ruby Seay; Electa, Mrs. Myrtle Adams; Warden, Mrs. Mary Harris; Marshall, Mrs. Agnes V. Young; chaplain, Mrs. Willie Hosie; Sentinel, A. G. Van Horn.

The installing officer was Mrs. Agnes V. Young who conducted the installation in a very dignified and impressive manner. The retiring Worthy Matron, Mrs. Nellie E. Hosie, was presented with a handsome gold worthy matron star pin and the retiring secretary, Mrs. Iva G. Troxel, was also presented with a beautiful pin for her faithful services as secretary the past 2 years. The presentation speeches were made by Mrs. Agnes V. Young and Mrs. Willie Dabney. After which there was an enjoyable reception with delicious refreshments.

MILEAGE TRUCK LAW

Last week The Enterprise published a short article in reference to a mileage truck law and stated that same went into effect June 11th. The State Highway Department at Austin has received a notice from the Attorney General stating that no part of the new truck law can become operative until after January 1st, 1922. It is the consensus of opinion among auto truck manufacturers that an effort will be made to modify the requirements of this law.

No Worms in a Healthy Child

All children troubled with Worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS CHILL TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a General Strengthening Tonic to the whole system. Nature will then throw off or dispel the worms, and the Child will be in perfect health. Pleasant to take. 30c per bottle.

PECOS VALLEY LODGE A. F. AND A. M.

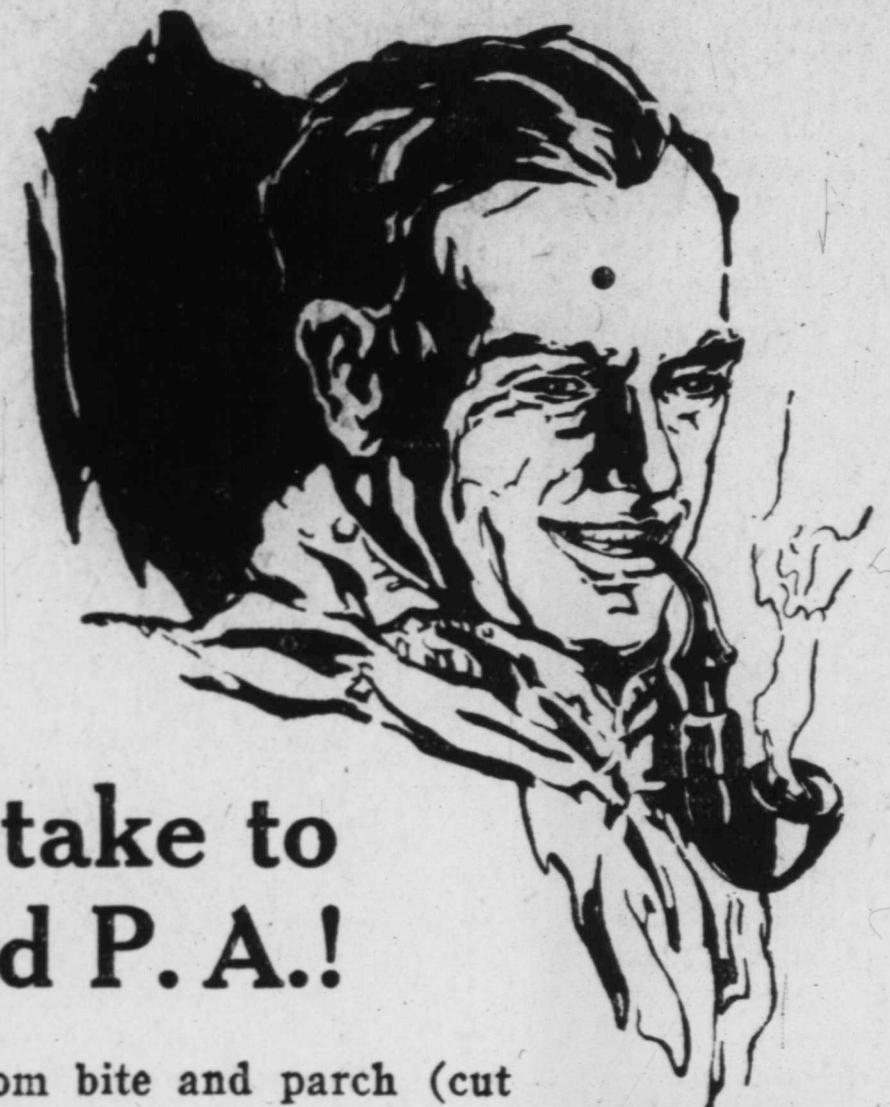

At a Stated Communication of the Pecos Valley Lodge No. 736 A. F. & A. M. held on the night of June 11th, A. D. 1921, the following officers were elected for the ensuing

masonic year:

T. H. Beauchamp, W. M.; J. W. Jackson, S. W.; B. A. Toliver, J. W.; E. L. Collings, treasurer; W. W. Ruhlen, secretary.

The past year has been one of the most prosperous years in the history

of the local Lodge, at the above meeting there was 1 affiliation 3 petitions were filed, 7 candidates were elected to receive the E. A. Degree, 4 to receive the F. C. Degree, and 2 to receive the M. M. Degree in Masonry.

**Me-o-my,
how you'll take to
a pipe—and P. A.!**

Before you're a day older you want to let the idea slip under your hat that this is the open season to start something with a joy'us jimmy pipe—and some Prince Albert!

Because, a pipe packed with Prince Albert satisfies a man as he was never satisfied before—and keeps him satisfied! And, you can prove it! Why—P. A.'s flavor and fragrance and coolness and its freedom

from bite and parch (cut out by our exclusive patented process) are a revelation to the man who never could get acquainted with a pipe! P. A. has made a pipe a thing of joy to four men where one was smoked before!

Ever roll up a cigarette with Prince Albert? Man, man—but you've got a party coming your way! Talk about a cigarette smoke; we tell you it's a peach!

Prince Albert is sold in tippy red bags, tidy red tins, handsome pound and half pound tin humidors and in the pound crystal glass humidor with sponge moistener top.

Foreign Advertising Representative
THE AMERICAN PRESS ASSOCIATION

Cullen Thomas of Dallas was with the press gang to South Texas and made several talks which were very fine. Mr. Thomas is an orator and one of the really big men of Texas and is an aspirant to Congress. He is a very likable and pleasant gentleman and will probably visit this section of Texas at an early date.

Governor Neff, in a talk before the convention of Texas editors at McAllen stated that saloons were being run wide open in certain cities of Texas and that the present law is powerless to stop them. He advocates laws which will make it possible to remove all officials who fail or refuse to enforce the laws. The Enterprise is heartily in favor of either enforcement or repeal of all Texas laws.

The heavy rains over West Texas the past week will make lots of grass and fat cattle but it is hard on the farmers and alfalfa growers. While the rains appeared to be general and in way were, yet some of our stockmen claim they have not yet had all the rain needed to make grass. The editor and wife returning from Brownsville and starting homeward Saturday night via Dallas, never saw a dry spot on the entire trip, which is conclusive that it has rained over a good portion of the State. Grain shocked in the fields near Dallas is getting green.

More than forty per cent of the young men and women students of the University of Texas earned all or part of their expenses in various kinds of employment while attending that institution during the past year, according to statistics that have been compiled of this phase of student life. During the session just closed the employment bureau of the Young Men's Christian Association found positions for 532 men students and an almost equal number of girls were placed by the employment bureau of the Young Women's Christian Association. Beside these regular channels of finding employment a great many students found work on their own account. It is asserted by members of the faculty that the most studious students are usually those who are working their way through the University.

At the press convention at McAllen the editor and wife were entertained by F. B. Freeland and family. Mr. Freeland is farming and selling real estate and is an elder in the Presbyterian church. He has a lovely commodious home with modern conveniences and a family altogether worthy. The wife and two daughters are as lovely as the beautiful flowers of the lower Rio Grande and the little son, Bob, who has color in his hair doubtless caused by that fertile soil, is bright and mischievous. Should readers of The Enterprise ever visit McAllen they will find in these good people a compact form of loveliness and hospitality seldom met with. Should you desire to do some trading in "Magic Valley" lands it is the honest opinion of this writer that you will deal with an honest man when you deal with F. B. Freeland.

CATTLE COUNTY GETS GOOD RAINS PAST WEEK

The Pecos and Toyah Valley pastures have been plentifully soaked the past week and this will insure both water and grass for a long time. Many cowmen were making preparations to move their cattle to Kansas and Oklahoma grass and have now been relieved of this extra expense by fine prospects on their own ranges. These conditions will relieve the overloading of the market on account of short grass and water and will enable many cowmen to hold their cattle in the hopes of getting better prices.

Heavy rain fell late in the week west of San Angelo in the cattle country extending to the Pecos River. Eastward the rain reached Ballinger. Merton reported nearly three inches Friday afternoon, with four inches in the northern part of Irion county. Ozona, Barnhart, Big Lake, Rankin and Sheffield also were drenched. One inch fell at Miles, Rannels county, eighteen miles east of San Angelo, and a shower Saturday added a quarter inch more. Fair Rock and Rowena reported big rains and

Ballinger a shower. Rain around Robert Lee was heavy, but did not cover all Coke county.

Saturday was the third day that the South Concho River was impassable south and southeast of San Angelo, and dozens of cars from Sonora, Eldorado, Christoval, Eden, Paint Rock and other points had to stop three miles out while the occupants walked across the Lone Wolf bridge spanning Lake Concho. This structure is being rebuilt and all traffic has to ford the stream, which has been swollen by the week's heavy rains. Mail between San Angelo, Sonora and intermediate points was transferred over the bridge by hand to waiting autos.

VACATION BIBLE SCHOOL A SUCCESS

The vacation Bible school held by the various protestant churches of the city closes this week a most successful term of two weeks of hard, earnest, consecrated work.

This is the first school of this kind ever held in Pecos and in this part of the West so far as the writer knows. The possibility of this school is due to the wide awake and progressive pastors of the various churches and to the spirit of harmony and co-operation of the people. The number in attendance and the work accomplished surpasses the fondest expectations of the most sanguine. The principles of religion and good citizenship instilled into the hearts and minds of these children in these few days will stay with them through life and will be far reaching in its influence on the lives of those with whom they come in contact. It was a pleasure to the writer to visit the various departments of the school and witness the splendid work being done. In the beginners department, with Mrs. Monroe Kerr, Mrs. Fred Johnson and Miss Julia Magee as teachers they are taught, reverence for the church, how to worship, songs, and scripture quotations. The text book used is "The Beginners Graded Lessons." The following are the pupils: Nadine Mann, Emigene Johnson, Willie Fay Starley, Mary Ann Beck, Jewel Garrett, Nancy Camp, Ona Lee Kerr, Dick Slack, Ralph Williams, Jr., Josephine Bryan, Buddie Lawson, Junior Chandler, Berford Chandler, John B. Howard, Jr., Louis Swain Thomas, Kellough Ligon, Basil Hicks, Bobbie Collie, Oscar King Green, Kelton Garrett, Junior Abernathy, Mary Catherine Couch, Lucile Stephens, Edna Wilson, David Butles, Billy Toliver, Ebb Huggins, Port Higgins, James Monroe Gasner, Buck Simmons, Parker Elkins, Roy Payne, Weldon Garner, Isla Mae O'Neil, Floy Shufer, Mary Lou Elkins, Aileen Porter, Joe Bob Kelton and Jimmie Cox.

In the primary department, Mrs. B. R. Stine, Mrs. H. H. Johnson teachers and Miss Viola Ward musician and assistant teacher were doing splendid work in character building in song, story and hand work in making posters of "Happy Home," "The Good Shepherd," "The Flags," "Missionary" and "God's Good Gift." The text books used are "Good American Code," "Vacation church school Manual and stories in connection." The pupils are: Herman Holt, Joe Roy Smith, Junior Boatright, Vivian Palmer, Nemo Brack, Mae McMahan Lucile Slack, Helen Hudson, Ola Fitzgerald, Mary Ward, Mildred Ruhlen, Perry Colwell, Cecil Turner, Frank Lewis, LeRoy Irby, James Starley, Claude Anthony, Arthur O'Neil, Malcomb Payne, Herman Webb, Edith Slover, Ruby Stephens, Ostine Henson, Virginia Thomas, Raymond Bowie, Cecil O'Neil, Nora Slack, Dorothy Mount, Wallace Wilson, Florence Noaker, Ethel Hairston, Margaret Ross, Katherine Holloway, Johnson Charske, Clayton Garrett, Margaret Hairston, Elizabeth Holloway, Earl Hicks, Philip Harrison, Georgie Johnson, O. D. Holloway, Clinton Exell, Florence Johnson, Arthur Sallbrook, A. Z. Hart, Nona Christine McDaniel, Wesley Hart, Mildred Porter, Mary Beth Jeffus, Maurice Colwell, Elizabeth Lilly, Frank Mitchell, Florence Lofton, Maynette Stevenson, Nell Anderson, Truett Poer, J. H. Stephens, Ella Gene Harris, Elizabeth Rhodes, Christine Browning, Clara Piehler, Henry Kerr, Jr., Claralu Beauchamp, Elizabeth Green, Dora Noaker, Alice Ezell, Charles Shorey, Nell Turner, Harrison Baker, Mary Kathryn Toliver, Dorris Piehler, James Murry, Helen Pewitt, Noel Day, Mary Ruhlen, Billy Krouse, Jane Ross and Joe Edna Hudgins.

The Junior division has Mrs. Wynie Cole and Mrs. C. B. Jordan as teachers, and these youngsters are taught the Psalms and other scripture quotations, the names of the books of the Bible and lessons from the text book used which is "Good Americans and Americans All." The personnel of the class is: Bunk Moorhead, Gilbert Murry, John Mann, Lillian Mount, Stanley Poer, Willie Mae Moorhead, Charles Noaker, Opal O'Neil, Alfred Stephens, Ruby Poer, Auline Stephens, Opal Palmer, Bryan Stine, Ora Belle Ward, Lucile Webb, Naomi Payne, Rex Harris, Ima Durdin, Lorena Bowie, Evelyn Leeman, Jack Payne, Vesta Day, Lorena Webb, Velma Day, Jewel Bush, Milfred Howard, Hilda Bertam, Gordon Jones, Lean Bertram, Betts Lois Randals, Annie Mae Prewitt,

Charles Jeffus, Louise Buckels, Louise Hubbs, Letha Prewitt, Wallace Anderson, William Adams, Sadie Abernathy, Mildred Browning, Elizabeth Abernathy, Lorena Bowie, Morris Collie, Billie Collie, J. E. Couch, Ben Colwell, Wylie Sue Cole, Bobbie Dean, Helen Ezell, Verna Garrett, Jesse Hairston, Bertha Hairston, Edith Hudson, Della Mae Hudson, Sue Hines, Howell Johnson, Nora Hines Krauskopf, Annie King, Obara Lawson and Gladys Lawson.

The other pupils are under the supervision of teachers according to church affiliation. Those of the Methodist church have Mrs. J. W. Parker as teacher. The text book besides the Bible used is "When we join the church and character studies of Bible Men and Women." The pupils are: Anna Boles, Ida B. Hines, Bessie Wolff, Lucile Ruhlen, Willie Ruth Hines, Ione Krauskopf, Ila Lawson, Olene Rhodes, Virginia, Bozeman, Dorothy Sisk, Frances Wilson, Raymond Norwood, John Hibdon, Jr., Myrtle Rublen, Edna Boles, Alice Morrison, Effie Black, Willie Lee-man, Donald Runyon, Henry Stewart, DeEtte Green, Everett Stratton and Mesdames. M. M. Leeman, Lillian Butler, M. T. Slover, S. E. Wilson, Oram Green and Mrs. Abernathy.

Those of the Christian church are taught by Brother H. L. Magee and the course is outline studies in the Bible. The following is the enrollment: Lucile Prewitt, Mary Stine, Mary GALLEY (8) -Mable Magee, Louise Starley, Floena Vaughan, Velma Gentry, Chas. Fitzgerald, Cap Weyer, Thos. Lilley, Bill Dean, Keith Camp, Wm. Kerr, Annie Lou Cole, Katherine Dean, Jane Dean, Floy Vickers, Eloise Wheat, May Riser, Opal Biggs, Margaret Howard, Annie Belle Watson, Tullus Randals, Bean Eisenwein, Hazel Eisenwein, Mrs. J. E. Starley, Mrs. W. W. Dean, Mrs. J. W. Moore, Mrs. John Oglesby, Mrs. H. C. Glover, Mrs. M. H. Pior, Mrs. W. M. Beck, Mrs. Ben Randals, Mrs. Julius Eisenwein, Mrs. T. J. Hefner, Mrs. Max Krauskopf, Mrs. Lynn Bell, R. E. Johnson, Mrs. Jim Camp and Mrs. G. T. Looby.

Those of the Baptist church and taught by Rev. J. M. Garner who uses in connection with the Bible the B. Y. P. U. Manual for both the junior and senior classes are: Juniors—Bobbie Bowie, Joe Mitchell, Maggie Mitchell, Stella Kiser, Blanche Bowie, Charles R. Hudson, Annie Mahala Murray, Ona Moorhead, Ora Moorhead, Jessis Hardy, Mrs. Fred Johnson, Mrs. Hefner, Robert Stewart, Estelle Hicks, Nona Garrett, Nathan Poer, Ruth Hicks, Eva Lewis, James Hudgens, Lucile Brooks, Margie Ward, Julia Ward, Edna Poer, Eva Richburg, Loraine Joplin, Delma Alexander, Leonard Grogan, Francis Hudson, Grace Hubbs and Mrs. J. M. Garner.

Senior—Eula Morrison, Amanda Ean, Mrs. W. E. Poer, Viola Ward, Velma Buchanan, Lucile Brooks, Callie DeRacy, Robbie Bowie, Lennie Jeffords, Delma Alexander, Velma Gentry, Mrs. Hefner, Balsar Hefner, Mrs. Hudgens, Kathleen Kite, Myrtle Ruhlen, Eva Lewis, Mrs. Tom Lewis, Mrs. White and Mrs. J. M. Garner.

The school meets in general assembly at nine o'clock each morning in the main auditorium of the Baptist church for an opening exercise and again at eleven o'clock, after the class periods for the closing exercises. Short periods of recreation are provided for the lower grades at the middle of each session so that they may not become weary. Mrs. J. W. Brooks is principal of the school and her excellent ability as a leader in educational matters is well known to our people and no doubt the marvelous success of this school is largely due to her management and leadership as well as to the splendid corps of teachers, who impressed the writer as not being amateurs but as professionals, judging from the eagerness and enthusiasm with which they were doing the work.

Several head of good horses, mules, wagons and harness to sell cheap. Green Merc. Co. 1t. Adv

LIFT OFF CORNS!

Apply few drops then lift sore, touchy corns off with fingers

Doesn't hurt a bit! Drop a little Freezone on an aching corn, instantly that corn stops hurting, then you lift it right out. Yes, magic!

A tiny bottle of Freezone costs but a few cents at any drug store, but is sufficient to remove every hard corn, soft corn, or corn between the toes, and the calluses, without soreness or irritation.

Freezone is the sensational discovery of a Cincinnati genius. It is wonderful.

Mrs. G. L. Selman, nee Annie Richburg, and baby came in yesterday from the Selman ranch at Kent to visit her parents, Mr. and Mrs. F. P. Richburg for a few days.

DEATH OF J. A. MARTIN, JR.,
 A FORMER TOYAH CITIZEN
 J. Alfred Martin, Jr., of El Paso, vice president of the Southwestern Oil Development Company and director of the Border National Bank, died in a local hospital in El Paso at 11:30 o'clock last night as the result of a sudden complication of an illness which he had fought for years.
 Mr. Martin's home was at Hotel Paso del Norte, where he has resided for the last two years.
 Mr. Martin has made his headquarters in El Paso for 11 or 12 years. During part of that time he has resided at Toyah, Texas. He was mayor of Toyah and practically the "hub" of its civic development for a long while. He had oil interests around Toyah.

E. A. NORMAN RELEASED ON BOND
 E. A. Norman, who has been in jail about fourteen months on a charge of rape, was released this morning on a bond of \$3,000. He was sentenced to the penitentiary for twenty years and the Court of Criminal Appeals has granted a new trial. The case has been transferred to Van Horn, Culberson county, and will be tried in the October term of court.

LEASES TO GIVE AWAY
 I want to thank the three people who have given me a lease each. These will help, for I am giving these as a bonus to people who have ready money. All these leases are close to our well the Toyah Bell No. 2. We must drill this well to oil and are giving leases close to the well in addition to our stock.
 If you cannot help with money give us a lease and men with money will help. We are now below 3200 feet. Help us bring in an oil well.
 C. H. WILLOUGHBY.
 1t Advt.

MARRIAGE LICENSES
 Marriage licenses were issued June 7th to Merse Rayos and Tomaze Subia; June 16th to W. A. Hendricks and Mrs. M. E.

COUNTY ELECTION
 An election was had last Saturday to determine if County Commissioners of Reeves County should be authorized to annually levy and collect a special ad valorem tax on all taxable property in Reeves county at the rate not to exceed fifteen cents on the valuation of each \$100, for the support and maintenance of the public roads and bridges of the count. The results are as follows: Pecos, for, 48; against, 6; Balmorhea, for, 29; against, 1; Toyah, no election; Saragosa, no returns to date. Authorizing the increase of school taxes for Balmorea Independent District was carried by a vote of 29 to 1.

HOME FROM SCHOOL
 Miss Gussie Richburg returned Tuesday from Waco where she has been in school the past year at Baylor University. Miss Mabel Smith returned Monday from Colorado Springs, Colorado, where she has been in school the past year. Miss Aileen Love returned Thursday from Dallas where she has been in school at S. M. U. Misses Carrie Glover and Jewel Cowan returned Wednesday from Austin where they had been in school at the State University. Miss Irene Prewitt returned last week from Sherman where she graduated from Carr-Burdette College. Hilliard Camp is at home from T. C. U. Fort Worth where he has been in school the past year and Hill Hudson is also at home from the State University where he has been in school.

DEATH OF E. M. DAGGETT
 E. M. Daggett of the firm of Daggett Keen Co. Live Stock Commission of Fort Worth died at his home in Fort Worth Wednesday. The Daggett family are pioneers of Fort Worth, Henry Daggett having helped to locate that city as a military post some time prior to 1842. "Bud" Daggett was known to all old time cattlemen of Texas, when he started drive the last bunch of hostile Indians from Fort Worth and loaded the first train of cattle which left Fort Worth over the Texas and Pacific railroad. He was 71 years of age when he died and came to Fort Worth at the age of four. He leaves six children including Mrs. Glenn Allen of Odessa, eleven grand children and one brother, Charles B. Daggett of Fort Worth.

MARRIAGE
 Mrs. M. E. Slover and W. A. Hendricks were married last evening at the residence of Mrs. Slover. Rev. J. M. Garner tied the knot, and this couple of well known citizens of Pecos will be at home at the former home of Mrs. Slover, east of the court house.

EASTERN STAR ELECTS OFFICERS

On June 13 the Order of the Eastern Star held its stated meeting, after which the installation of officers followed. The officers for the ensuing year are: Mrs. Zenora Wilson, Worthy Matron; Mrs. Mary McKee, Associate Matron; Mrs. Adele Jackson, Secretary; Mrs. Kate Collins, Treasurer; Miss Rose Briscoe, Conductress; Mrs. Ethel Toliver, Associate Conductress; Mrs. Kate Vaughan, Chaplain; Miss Ora Pruett, Organist; Mrs. Ethel Reynolds, Adah; Mrs. Lola Calhoun, Ruth; Miss Maggie Glover, Esther; Mrs. Myrtle Johnson, Martha; Mrs. Mary Ashe, Electa; Mrs. Gladys Collings, Warden; Mr. Sid Lasley, Sentinel.

Insurance means protection. Protection means quick payment of losses. That is our motto. If you loose, we pay. For lowest rates see E. L. Collings, Insurance.

CURRENT WEEK'S DIGEST OF OPERATIONS IN THE FORT STOCKTON OIL FIELD

From Fort Stockton Pioneer.
 The Twin Cities Oil & Gas company, working with a standard rig on the Kokernot ranch, near Hovey, southwest of Fort Stockton 35 miles, is in a granite-like stratum at the depth of 2,210 feet.
 The well on the Baker-White ranch, which is being drilled by the Texas-Top Oil company on section 11, block Z, T. C. railway survey, is going on down from the 2,750-foot level, a tedious fishing job having been just completed.

Bower, Hale & Lamb, drilling with a 28-star machine on section 24, block 26, university lands, are making some repairs on their boiler this week preparatory to the resumption of drilling from the 1,150 foot level, where work was stopped in a stratum of shale.
 The Polk Prospecting company, drilling with a National machine on section 18, block 140, T. & St. L. railway survey, with the bit working in a black bituminous lime, at the depth of 1,002 feet, is reported to have good showings of both gas and oil. Drilling is suspended for the moment while the boiler is undergoing some needed repairs, made necessary by water corrosions.

Frank Gower, senior member of the firm of Bower, Hale & Lamb, who are putting down a well east of here, has just returned from a trip to company headquarters at Wichita, Kas., and brings encouraging news relative to the feeling of the investing public in that section of the country regarding the Fort Stockton field. While financial matters have caused a stagnation in the

A TONIC

Grove's Tasteless chill Tonic restores Energy and Vitality by Purifying and Enriching the Blood. When you feel its strengthening, invigorating effect, see how it brings color to the cheeks and how it improves the appetite, you will then appreciate its true tonic value.
 Grove's Tasteless chill Tonic is simply Iron and Quinine suspended in syrup. So pleasant even children like it. The blood needs QUININE to Purify it and IRON to Enrich it. Destroys Malarial germs and Grip germs by its Strengthening, Invigorating Effect. 60c.

ESTRAY NOTICE

State of Texas, County of Reeves.
 Taken up by J. S. Carmack and estrayed before Max Krauskopf, Justice of the Peace, Precinct No. 1, Reeves County, on the 2nd day of May, A. D. 1921, a certain red mottled faced cow branded with turtle and marked with clipped ears and slit in right ear, about 4 years of age and appraised at \$30.00.
 The owner of said stock is requested to come forward, prove property, pay charges, and take away, or it will be dealt with as the law directs.
 Given under my hand and official seal, the 4th day of June A. D. 1921.
 S. C. VAUGHAN,
 County Clerk, Reeves County, Texas.

promotion of oil field work in all parts of the country it is generally meant will take place before the passing of much more time.

Dave Humphrey, the drilling contractor who will have charge of the completion of the Troy-Graham well on section 20, block 140, T. & St. L. railway survey, has hauled across country, from the Sherbino ranch, to the Troy-Graham location, a large part of the standard drilling derrick and equipment used in drilling the Menzie well on section 51, block C4, G. C. & S. F. railway survey and the derrick will be erected and rigged ready for work in the course of the next two weeks, when drilling will be resumed and continued until oil is struck, unless it is deemed more expeditious to move the rig around to China, when the 4,000 foot level is made.

Work on the Bower, Hale, Lamb & Findiess well, on section 592, G. C. & S. F. railway survey, which is under the supervision of drilling contractor A. S. Penney, is being held up pending the arrival of a new boiler to replace the one that has been in use, but has been placed on the superannuated list, because of frailties superinduced by water com-

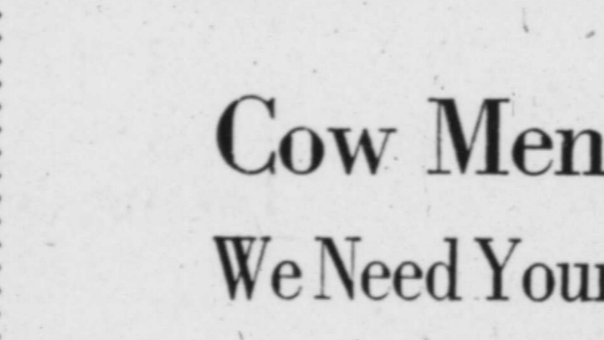

KEEP OUR SHIPS ON THE SEVEN SEAS
American ships, flying the Stars and Stripes will carry you and your goods anywhere
 Two and three generations ago, the Stars and Stripes were all over the world. Then they almost vanished from the seven seas. But today they are back again.
 Big splendid steamers, American owned and operated, carrying passengers and goods, are crowding their way into all foreign harbors with the Stars and Stripes proudly fluttering from their masts.
 American exporters, importers, travelers—all can help by shipping and sailing under the Stars and Stripes.

WHAT TO EAT AND DRINK IN SUMMER

By Dr. Manton M. Carrick, State Health Officer.

Hot weather and digestive upsets go together. We call such upsets "summer complaint" with good reason.

Hot weather favors the growth of germs and the decay of milk and other foods. It also lowers the power of the body to digest food which it could thrive on in winter.

The most important rule for keeping well in summer is not to overtax the digestion.

Special care should be taken not to eat foods which have undergone decomposition. Such food is one of the commonest causes of summer diarrhoea.

Do not overeat in the summer. If you take more food than the body needs the excess ferments in the intestine, and the products are absorbed and poison the body.

Do not eat or eat very lightly when overtired or very warm. Eat sparingly of meat in summer. Meat foods are particularly harmful when they ferment in the intestine. Meat should not be eaten more than once a day or may well be omitted entirely by all those who are not doing hard physical work. Fish, too, should not be taken more than once a day. In the tropics men live largely on fruits and vegetables, and in this case nature's way is the best way.

Simple and light meals should be the rule in July and August.

Drink freely of water between meals. Water drinking favors free perspiration and keeps the bowels in good condition. The temperature of the water should be cool, but not too cold. Do not take cold drinks while you are very warm or in the middle of violent exercise. Thirst is often best quenched by something hot, such as hot tea.

Keep the bowels clear in hot weather. The fermentation of the food in the intestine is likely to cause serious disease when the system is weakened by hot weather. It is most important to clear the bowels every day. Free drinking of water helps in this.

If you do these things you can bid defiance to the germs of diarrhoea.

SHERIFFS ASSOCIATION WILL MEET AT AMARILLO IN JULY

The annual convention of the Texas Sheriffs Association will be held in Amarillo, Texas, on July 12th, 13th and 14th. An interesting and instructive program is being arranged for. At present time there are 492 members of this association, and arrangements are being made for special rates to be granted, and it is

hoped that the sheriffs of all Texas be present, and also those sheriffs residing in Oklahoma and New Mexico, in order that a closer understanding may be reached and plans devised and worked out whereby the interests of the State will be better protected through this department of justice. Each individual is urged to lend his support, and be present to take part in the proceedings of the convention.

PEOPLE SHOULD BE EXAMINED ONCE A YEAR

Austin, Texas.—The Texas Public Health Association urges that every one be examined at least once a year. Nowadays we take it for granted that we should be protected by the inspection of our food and drink.

There are many channels through which disease can reach us in spite of up-to-date sanitary precautions. Sometimes the focus of disease has been established many years ago and only lights up when the body is overworked, badly fed, or abused in some way.

From the standpoint of tuberculosis alone it is worth while to have periodic health examinations to detect the early signs of such trouble. 150,000 people die annually from this disease in the United States.

Here are a few of the often unsuspected troubles that such an examination may disclose: Defective vision or hearing, flat foot, latent constipation, tuberculosis, heart affection, high or low blood pressure, anemia, mental trouble, and infected teeth and tonsils. All of these conditions and many of them combined have been found in people supposing themselves to be in good physical condition. Many people are found to be doing things inadvertently that will lead them into serious trouble.

Only custom and tradition stand in the way of making the thorough periodic overhauling of the body in the life of the average citizen just as routine a measure as the analysis of the financial condition of a business concern.

To Stop a Cough Quick

take HAYES' HEALING HONEY, a cough medicine which stops the cough by healing the inflamed and irritated tissues.

A box of GROVE'S O-PEN-TRATE SALVE for Chest Colds, Head Colds and Croup is enclosed with every bottle of HAYES' HEALING HONEY. The salve should be rubbed on the chest and throat of children suffering from a Cold or Croup.

The healing effect of Hayes' Healing Honey inside the throat combined with the healing effect of Grove's O-Pen-Trate Salve through the pores of the skin soon stops a cough.

Both remedies are packed in one carton and the cost of the combined treatment is 35c. Just ask your druggist for HAYES' HEALING HONEY.

Troxel Well Will Be Worked Again, Toyah Rumor Says

Toyah, Texas, June 12.—It is rumored that arrangements have been made to resume work on the famous Troxel well, 14 miles northwest of Toyah, preparatory to putting it on the pump so as to test the amount of oil it will yield a week from Monday, June 13, Parker and Hancock, the operators, are both in California.

Supplies For Gossert Well

C. S. Warner of the Gossert company arrived in Toyah Wednesday and immediately arranged for the transportation of gasoline and other supplies to the well on section 7, school block 100, Culberson county, about 50 miles northwest of Toyah. Mr. Warner left for the location by automobile this morning. The supplies will be hauled by burro teams as trucks might not be able to negotiate the roads made soft by recent heavy rains.

The No. 2 well of the Illinois syndicate on section 17, school block 59, is down 175 feet, according to a statement made by Jack Dunlap, who is in charge of operations while Mr. Cox is in the east.

Well Is Cleaned.
The Green well on section 25,

school block 72, about four miles east of Toyah, has been cleaned out preparatory to resumption of drilling as soon as arrangements can be made for men and material.

The tools have been recovered from the Cowan well of the Toyah Shallow Oil company on section 44, block 56, township 7, about nine miles southwest of Toyah. As soon as the roads dry up enough to permit passage the crew will begin under-reaming to carry the big casing down to the sands. A bit in the hole delays operations on the Saragosa well of the same company, but as the necessary fishing tools are on the location it is believed the delay will be short.

DODSON KILLING CALOMEL HABIT

Don't sicken or salivate yourself or paralyze your sensitive liver by taking calomel which is quicksilver. Your dealer sells each bottle of pleasant, harmless "Dodson's Liver Tone" under an ironclad, money-back guarantee that it regulates the liver, stomach and bowels better than calomel without making you sick—15 million bottles sold.

BALD HEAD HELP WIN CHAMPIONSHIP

Stanislaus Zbysko, the oldest active wrestler in the world, who for twenty years has been in the limelight of the American mat game, had to wait until he was an old man before he won the title— "thanks to his bald head."

Piles Cured in 6 to 14 Days. Druggists refund money if PAZO OINTMENT fail to cure itching, burning, bleeding or protruding Piles— Instantly relieves Itching Piles, and you can get restful sleep after the first application. Price—25c.

To Cure a Cold in One Day. Take LAXATIVE BROMO QUININE (Tablets). It stops the Cough and Headache and works off the Cold. E. W. GROVE'S signature on each box. 50c.

SHERIFF'S SALE

The State of Texas, County of Reeves. By virtue of a certain order of sale issued out of the Honorable District Court of Reeves County on the 7th day of June, 1921, by the Clerk thereof, in the case of W. D. Hudson versus J. K. Turnham, No. 2177, and to me, as sheriff directed and delivered, I will proceed to sell, within the hours prescribed by law for sheriff's sales, on the first Tuesday in July, 1921, it being the 5th day of said month, before the court house door of said Reeves County, in the City of Pecos, the following described real estate, to-wit:

Section Nos. 20, 26, 23, 36; the North one-half (1-2) of Section No. 34, and the West one-half (W 1-2) of Section No. 10, all in Block No. 27, Twp. 1, T. & P. Ry. Co. survey, in said Reeves County, Texas, and levied on, on the 7th day of June 1921, as the property of J. J. Turnham, to satisfy a judgment amounting to \$10,775.38 in favor of W. D. Hudson, and costs of suit.

The State of Texas, County of Reeves. By virtue of a certain order of sale issued out of the Honorable District Court of Reeves County on the 1st day of June, 1921, by the Clerk of said Court against Walter K. Perkins for the sum of One thousand five hundred seventy-six and 12-100 (1576.12) Dollars and costs of suit, in cause No. 1963, in said Court, styled Alphonso Klob, et al. versus Walter K. Perkins and placed in my hands for service, I, E. B. Kiser, as Sheriff of Reeves County, Texas, did, on the 7th day of June, 1921, levy on certain Real Estate, situated in Reeves County, described as follows, to-wit:

The State of Texas, County of Reeves. By virtue of a certain order of sale issued out of the Honorable District Court of Reeves County on the 9th day of May, 1921, by the Clerk of said Court against the unknown heirs of M. Brown and Mrs. M. Brown for the sum of Fifteen Dollars and Twenty-six Cents (\$15.26) and costs of suit, in cause No. 2114 in said Court, styled The Town of Pecos City versus the unknown heirs of M. Brown and Mrs. M. Brown and placed in my hands for service, I, E. B. Kiser, as Sheriff of Reeves County, Texas, did, on the 7th day of June, 1921, levy on certain Real Estate, situated in Reeves County, described as follows, to-wit:

SHERIFF'S SALE

The State of Texas, County of Reeves. By virtue of a certain order of sale issued out of the Honorable District Court of Reeves County on the 9th day of June, A. D. 1921, by S. C. Vaughan, Clerk of said Court against C. S. Seymour for the sum of eleven hundred seven and 15-100 (\$1107.15) Dollars and costs of suit, in cause No. 2121, in said Court, styled Arthur E. Hayes, versus C. S. Seymour and placed in my hands for service, I, E. B. Kiser, as Sheriff of Reeves County, Texas, did, on the 9th day of June, 1921, levy on certain Real Estate situated in Reeves County, Texas, described as follows, to-wit:

The State of Texas, County of Reeves. By virtue of a certain order of sale issued out of the Honorable District Court of Reeves County on the 23rd day of December, 1920, by the Town of Pecos City of said county against The Pecos Land Company for the sum of Eleven Hundred Ninety-three 07-100 (\$1193.07) Dollars and costs of suit, in cause No. 2061 in said Court, styled The Town of Pecos City, Texas, versus The Pecos Land Company and placed in my hands for service, I, E. B. Kiser, as Sheriff of Reeves County, Texas, did, on the 9th day of June, 1921 levy on certain real estate, situated in Reeves County, described as follows, to-wit:

The State of Texas, County of Reeves. THE ENTERPRISE CLASSIFIED ADS GET RESULTS.

EFFICIENCY

The word efficiency is yet in its infancy. Only within the last few years has it been used to any extent. It was first applied when it was discovered that a particular workman could do a job, not only better than the average man, but could do it in less time with a greater degree of accuracy.

Skill, speed and accuracy are responsible for the coining of this word efficiency, and they are made possible through the employment of the latest types of machinery.

TWO WAYS OF DOING A THING

Comparison of Linotype machines. THE NEW WAY: A \$6,000 Linotype machine that casts new type for every job and advertisement. Does the work of four men. Equipped with 32 different faces of type that can be changed on a minute's notice. Also casts ornamental printing material, rule, border, etc. Metal saw that cuts machine products into any design and measure. THE OLD WAY: When printing was done by hand it required six times as much time as by machinery. Type was laid in cases, became worn, the printing surface scratched; rules were bent, nicked and battered and in a few months the office could not possibly do first-class work. Neither could they afford to buy new. The Linotype has done away with this method.

REASONS FOR QUALITY PRINTING

THE two Linotype machines in THE ENTERPRISE office are capable of handling any work that falls to them in the shortest possible time—with no exceptions. The now Model 14 is one of the best equipped machines in the State—this is fact.

Without the machines we would have to employ four times as much labor, our floor space increased and additional rent; we could not give you new material with every job; our methods of production much slower, but everyone knows the difference between machine and hand work—it is a short story: Either the hand work costs you much more or the job is done in a haphazard way to meet the low price of the machine work.

THE ENTERPRISE has the only machines in the county and the best skilled workmen on the market.

METAL BAG IS LIGHT AS SILK

The fine golds of the ancients have been surpassed by the craftsmen of today, and the modern woman now totes an armor mesh bag, which is finer and lighter than silk. It is the newest idea in small hand bags, and a fashion which bids to stay awhile due to the art in its workmanship.

SHERIFF'S SALE

The State Of Texas, County of Reeves. By virtue of an order of sale issued out of the honorable District Court of Reeves county on the 6th day of June, 1921, by the Clerk thereof, in the case of Pecos Land Company versus C. B. King No. 2136, and to me, as Sheriff directed and delivered, I will proceed to sell, within the hours prescribed by law for sheriff's sales, on the first Tuesday in July, 1921, it being the fifth (5th) day of said month, before the court house door of said Reeves county, in the City of Pecos, the following described real property, to-wit:

All of block No. fifteen (15), in West Park Addition to the town of Pecos City, Texas, and containing twelve lots, numbers one to twelve (1 to 12), inclusive, in said Reeves county, Texas, according to a map or plat of said addition of record in the Deed Records of Reeves county, Texas. Levied on, on the 6th day of June, 1921, as the property of C. B. King, to satisfy a judgment amounting to \$1395.09, in favor of Pecos Land Company and costs of suit. R. C. WARN, PECOS, TEXAS

PERSONAL

Judge B. Frank Buie and wife of Canyon, Texas, were visitors at The Enterprise office this week. Judge Buie is a well known jurist of the Panhandle and is attending the District Court at Barstow now in session.

John Baldrige, formerly a Pecos citizen and well known to our people, was a passenger on the early Tuesday morning train on his way home from a visit to his aunt, Mrs. Mollie Pace in Oklahoma. The many Pecos friends of Mrs. Pace will be glad to know that she is well and happy.

J. T. Dennis and family of Merkel, uncle and aunt of J. I. King, left Tuesday for their home after a two weeks' visit to the family of the latter. They came through and returned in their automobile.

The Misses Jane Looby and Amy Langham, Phil Pryor and Joe Patterson, motored to Mrs. Lou Duncan's ranch in the Davis Mountains Saturday for a week-end. They report an enjoyable time.

John B. Howard and family, Ralph Williams and family and J. E. Cox and family will leave tomorrow in their separate autos for an extended outing and fishing trip. The proposed camp will be at Independence. The party will be absent for about two days.

Mrs. W. W. Hubbard and daughter, Francis, are sojourning at Cloudcroft, N. M. They will remain for the summer.

Jack and Mrs. Jargensen will leave tomorrow for their home in Long Beach, California. They have been in Pecos one year and have made many friends.

Mrs. J. B. Gibson of El Paso, sister of Mrs. Van Havis is in Pecos to spend the summer at the Van Havis home.

Mrs. Clem Colhoun and baby left for Sherman this week to spend a few weeks with her parents.

Mrs. E. L. Collings arrived home this week from a visit at Loving, New Mexico.

Jesse Williams of Balmorhea was a visitor in Pecos this week.

Mrs. C. J. Charske and daughter, Miss Helen Duncan and son, Johnson Charske have recently returned from Dallas where Mrs. Charske has been with her daughter, Miss Helen during her last year in High school. Miss Helen was one of the honor graduates of the Dallas High school of the class recently graduating.

Margaret Love is visiting her grandmother, Mrs. Mary Owen at the ranch this week.

Mrs. W. W. Runnels and children, Virginia and Robert left last week for Texarkana where they will visit relatives for several weeks.

Mrs. W. B. Goodner left Thursday for her home at Dublin after a three weeks visit to her daughter, Mrs. David Tudor.

Mr. and Mrs. C. R. Troxel were in Pecos Wednesday on their way to their new home in Electra, Texas. Electra is in the center of an oil field and these good people will not be strangers to the surroundings.

Miss Warren Collings, one of the efficient force at the post office, returned from El Paso yesterday where she has been visiting her sister, Mrs. Sam Means. She resumed her duties this morning at the post office and reports a glorious time during her two weeks vacation.

Mr. and Mrs. Lee Garrett had a fine baby girl born to them Tuesday, the 14. Mother and baby are both doing well at the Manison Sanitarium.

The delegation who went up to El Paso to attend the teacher training school have all returned and are much pleased with the work accomplished. The class from Pecos made eight units towards the gold seal diploma.

Prof. and Mrs. P. J. Rutledge and children stopped over in Pecos for one day on their return from El Paso where they had been attending the teacher training school. They left this morning for Dallas where they will spend some weeks and later will perhaps go to Junnauska, N. C., where they will attend a demonstration school relative to the Sunday school work.

Miss Sadie Collings returned home from El Paso where she has been teaching the past year.

BALMORHEA BUDGET

Surveyor Adecock and assistants have completed the preliminary survey of the Old Spanish Trail in this road district, and it is expected that the construction work will start in the next three or four months, meanwhile the tourist travel over this route is still on the increase and when this road is completed will no doubt be the most popular all Southern route from ocean to ocean.

Last Saturday's Fort Worth Star Telegram featured a whole front page head, and write-up of the proposed State Park for Texas of a hundred sections in the Davis Mountains near Balmorhea, and the West Texas Chamber of Commerce is getting behind the project and pledges their support when it comes up before the legislature. This is something that our people should be very much interested in, and every person in West Texas should do all in their power to help establish, and with the proper co-operation will no doubt be located. The Davis Mountains boast of scenery that is unsurpassed by any State in the Union, but is practically unknown, except by the few ranchmen or hunters who have explored these beautiful canyons, gorges and picturesque peaks. Notice was received this week by the Toyah Valley Good Road Association that the Automobile Club of Texas will start a path-finder car from Dallas to Balmorhea in the interest of the "State Park." The car will follow what is known as the "Central Texas Highway" from Fort Worth, via Dublin, Brownwood, Ballinger, San Angelo, Fort Stockton to Balmorhea.

Another big rain Tuesday evening, and the haying is delayed for several more days, and some of our farmers are wearing a worried expression over not being able to get their hay cut and put up, but the stockmen have a smile that is all their own, and it is on to stay. An ill wind but what blow's good to someone.

Harry Woods, the main stay of the P. V. S. Ry. was out from Pecos Monday transacting business.

Lee Kingston and Mr. Foster transacted business at Fort Davis Monday and Tuesday.

Judge Ross who has been sojourning at Head Springs for several weeks, returned to Pecos the first of the week to superintend the road work in different sections of the county which was necessitated by the recent rain storms.

The bee men have been busy the past two weeks taking off the largest crop of honey ever harvested in this section, and as it is mostly of the "catlaw" flavor is exceptionally fine.

TAX RATES

The same tax rate which prevailed in 1921 will apply to next years payments according to a decision of the City Council at its monthly meeting Monday night. This rate is 85 cents.

The council also requested Fire Chief Manahan to investigate the cost of electric fire sirens, and requested that bids be secured for the construction of a fire proof, concrete block with fire proof roofing building around the auxiliary engine and the pump at the city pumping plant. They also added to the duties of City Secretary Earl Easterbrook the responsibility of looking after the fire apparatus, and designated him as a paid fireman.

These last three actions were taken at the request of the State Fire Commissioners, who declared that a substantial reduction in the fire insurance rate could be thus secured.

Further investigation of the building and electrical codes which the state board asked the city to adopt will be made. The adoption of these codes with strict regulations on the construction and wiring of buildings, would bring a still further cut in the insurance rate.

Secretary Walter N. Sutherland of the Chamber of Commerce who met with the council at the request of the business interests estimates that the cuts that may be obtained as a result of the action started by the council could save the business interests about \$1,000 a year.

J. Collin George will be remembered by many readers of The Enterprise as a very successful attorney of Stephenville. He and Mrs. George now have a beautiful home with several acres of bearing citrus fruit in Brownsville and as in days ago when Collin and the writer were neighbors on the farm he has a pack of Beagles and still enjoys the chase which adorn his "den."

At the station in Brownsville the editor and wife were met by Mr. and Mrs. Thos. J. Yoe who took charge of us and showed us the beauties of Brownsville and the oasis in Matamoros. Prof. Yoe was superintendent of the Pecos school at one time and has many warm friends in Pecos now who will be pleased to know that he is superintendent of the Brownsville public schools and has fifty teachers under him. He has purchased citrus fruit land in the suburbs and will build a home thereon. They are well, happy and delighted with their work and with Brownsville.

Good Cletrac Tractor—all plows. Disc etc.—good as new. Will sell cheap. See Green Merc. Co. Adv 1

HOUSEWORK IS A BURDEN

Women's lot is a weary one at best. But with backache and other distressing kidney ills life indeed becomes a burden. Doan's Kidney Pills have made life brighter for thousands of women. Read what Mrs. J. H. Shepherd, Baird St., Midland, Tex., says: "Quite a few years ago I had occasion to use Doan's Kidney Pills. I had a great deal of trouble with my kidneys and back. At times my back would feel so sore and lame, the least work would be a drudgery. I would have headaches and on stooping over, I would get so dizzy, everything would turn black in front of me. I was caused a lot of inconvenience to the too frequent action of my kidneys, and I was all played out, with no ambition to do anything. I started taking Doan's Kidney Pills and they cured me entirely. I haven't been troubled since."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Shepherd had. Frost-Milburn Co., Mfrs., Buffalo, N. Y.

ENVELOPE CHEMISES \$1.25 to \$5.00

NIGHT GOWNS \$1.50 to \$7.50

UNDER SKIRTS \$1.25 to \$2.50

CAMISOLES AND CORSET COVERS \$1.00 to \$4.00

PECOS MERCANTILE CO.

INSIDE DOPE ON THE TOYAH BELL NO. TWO

First—On June 21st, the derrick will be sold at Sheriff's sale to satisfy a judgement in favor of Pearce Bros. rig builders.

Second—We are practically broke and have always been so.

Third—If this derrick is sold we will be compelled to quit the well.

Fourth—We are well below 3,100 feet.

Fifth—If we are compelled to quit the well is deep enough to condemn every acre of land for miles around.

Sixth—We believe we will get a big well within a few hundred feet.

Seventh—If you don't help us to keep going, you will not make a dime, for we have no oil, just a nice showing.

Eighth—We are helpless and admit it.

Ninth—You can help us.

Tenth—It must be done.

We, the Pecos Natural Oil Company took the Toyah Bell well over at 1,500 feet and have drilled it to below 3,125 feet. We have issued less than \$32,000.00 in stock, capitalized at only \$100,000.00, par value \$1.00 and we will give you shares in the company for every dollar you will subscribe to help us continue drilling and every dollar will be used to complete the well. We are not trying to persuade you to buy stock but ask you to help us bring in an oil well and without help it cannot be done. There isn't a business man, land owner, lease owner, ranchman or citizen in the Pecos Valley that will not be benefited twenty-five dollars by the Toyah Bell coming in and all of you will lose much more if it does not. You know just how tight money is and how hard it is for a little old stock company to exist and if the Pecos Natural Oil Company is allowed to go under for want of your assistance a lot of country will be condemned where I firmly believe we will open one of the greatest oil fields in America if we can just keep drilling. You owe it to yourself, the Pecos country and we will go on to the oil or China. Don't wait to see what happens. If you don't help us we must shut down. Then you would have to help or we would stay down. We have 20 barrels of fuel oil on hand and a good crew. No matter where or when you read this, will you send us at least \$25.00? That is not much but if everyone will do this who should, we will be in position to complete the well, secure tankage, and lay a small pipe line to the Santa Fe Ry. tracks. Make checks payable to the Pecos Natural Oil Company, mail to C. H. Willoughby, Trustee, Pecos, Texas, and we will issue certificates for your stock, and keep drilling. Do this now.

C. H. WILLOUGHBY.

It Advt.

ACCIDENT AT SULPHUR MINES

Supt. Calsten and one other were badly burned at the Toyah Valley Sulphur mines yesterday. The name of the man injured besides Calsten could not be learned as we go to press. Dr. Camp was called and treated both men and as the accident was serious they will be moved to Pecos for care and further treatment.

ASPIRIN

Name "Bayer" on Genuine

Take Aspirin only as told in each package of genuine Bayer Tablets of Aspirin. Then you will be following the directions and dosage worked out by physicians during 21 years, and proved safe by millions. Take no chances with substitutes. If you see the Bayer Cross on tablets, you can take them without fear for Colds, Headache, Neuralgia, Rheumatism, Earache, Toothache, Lumbago and for Pain. Handy tin boxes of twelve tablets cost few cents. Druggists also sell larger packages. Aspirin is the trade mark of Bayer Manufacturing Co. of Monoaceticacidester of Salicylicacid.
