PECOS, TEXAS, FRIDAY, NOVEMBER 18, 1921.

\$2.00 PER YEAR, \$1.25 FOR SIX MONTHS.

MINING FOR SHALLOW OIL IS STARTED

What is considered one of the most important developments in the Pecos oil field since the initial well was discovered is the starting of operations this week in mining for the Toyah shallow oil, thirty miles west of Pecos.

The operations are started in earnestness and are backed by money and men of the Pico Petroleum Company to carry it to a successful completion. It is believed that great quantities of this shallow oil will soon be on the market.

The Pico has started to mine for the oil by sinking large shafts. The initial shaft is six by five feet and is already to a depth of 35 feet.

Other drilling notes: Drilling operations have been carried on steadily on the well of the Pecos Angeles Oil Co., near Arno, and a ten-inch hole has been carried to beyond 850 feet.

Work has been resumed on the Tatum well at the intersection of Reeves, Culberson and Jeff Davis counties by Tollman & Latham, and a slight showing of oil has been picked up at 630 feet.

TEXAS HONEY INDUSTRY IS MOST IMPORTANT: More than 500 beekeepers belong to the Texas Honey Producers' Association, headquarters at San Antonio.

TEXAS COMPANY BUYS TRACTS IN PECOS TERRITORY: What is considered one of the most important events in the oil development of this section the past several weeks is the entering of the Texas Company and the buying of large acreage by this company.

CARLSBAD IRRIGATION PROVES BIG SUCCESS: The Carlsbad project on the Pecos river in Southeastern New Mexico, this year had the largest area ever under cultivation and the best crops since farming began there more than thirty years ago.

THANKSGIVING SERVICE TO BE HELD THURSDAY: The annual Thanksgiving program carried out by the Pecos churches is to be given next Thursday, beginning at 10 o'clock and is to be held in the Christian church building.

WELL IS NOW SETTLED PRODUCER FLOWING BY HEADS OVER THE TOP

Wichita Falls Puts Over Project Like Red Bluff Proposal

What is considered next to the Elephant Butte in size and importance is the Wichita river project at Wichita Falls, Texas, which is being started this week.

The organization was formed and the selling of the bonds done by Judge J. A. Starley of Pecos, considered the best authority in the Southwest on irrigation affairs.

This was formed and the project secured along similar lines to those advised by Mr. Starley for the putting over of the Red Bluff proposed project, which he believes would be probably as great as the Wichita project.

The definite launching of this important project is regarded as an epoch in the development of the city of Wichita Falls. The irrigation project has been the object of earnest thought and planning by J. A. Kemp for nearly a quarter of a century.

It will provide a water supply for domestic and industrial uses for 250,000 people. Wichita Falls, Iowa Park and Electra will all connect municipal water lines with this project.

All doubts are now brushed aside and the fact of the discovery well of the Pecos field, the Toyah-Bell, being really a paying producer is well established.

The latest report on the well, reaching the office just before the Enterprise goes to press is that five big heads, one right af-

ter another have shot the oil clear over the derrick.

Even as it stands now, should drilling be stopped, the well is a good paying producer, according to B. Ramsey, general manager of the company. He is satisfied with the production that is there now but says that drilling is continued in an effort to get enough gas to make a continuous flow of it.

According to a report from F. Davis, M. H. Sproul, a ranchman of that vicinity, ran down and with his pocket knife killed a bear on his ranch a few days ago.

KILLS BEAR WITH HIS POCKET KNIFE

According to a report from F. Davis, M. H. Sproul, a ranchman of that vicinity, ran down and with his pocket knife killed a bear on his ranch a few days ago.

Sproul with an employe, Henry Williams, in riding the pasture, came across a calf that had been slain. Suspecting the work as that of a bear they hit upon the trail, calling into service their four hunting dogs, and after chasing him for miles, brought him to a halt in a brushy canyon.

This oil is believed to be of sufficient quality to command a price of at least \$3.00 per barrel. With the production already reached interest is causing other and bigger companies to make purchases here and much is heard in the offices of Pecos concerning drilling contracts in the making and it is believed that many more wells will be started in this vicinity shortly.

The pipe line to the Santa Fe tracks at Arno has been completed and the Toyah-Bell people ordered a lot of four inch pipe yesterday from Ranger to complete the loading racks.

FEDERAL COURT IN PECOS LASTS THREE DAYS—THREE CASES

It took only three days for Federal Court to dispose of its business for this regular term at Pecos.

Court convened last Monday with Judge W. R. Smith on the bench. There were three trials and convictions in this session, two bootlegging cases and one charge of embezzlement of government property.

besides Judge Smith, were F. P. Harrington, court reporter; G. T. Botsford, Deputy U. S. Marshal; H. R. Gamble, special assistant to the attorney general; N. J. Morrison, assistant U. S. attorney; all of El Paso.

The grand jury returned two indictments, the nature of which and names of persons implicated cannot be revealed at this time.

METHODIST HOME COMING SUNDAY

What promises to be one of the best attended services witnessed at the Methodist church in many months is that to be held Sunday morning. It will be Methodist Home Coming Day and a program in keeping with the importance of the occasion is in the making, according to Rev. L. L. Thurston, the pastor.

Special music is a feature of the Home Coming program and efforts are being made to have a large crowd on hand.

The Rev. Thurston is delighted with the success that the teacher training class has met with. The class is under direction of Prof. Rutledge, superintendent of the Sunday school. This work has been in progress for quite a while and is counting for greater efficiency in the teaching personnel of the school and church.

Mrs. George Jay Gould, 60 years old, died of heart failure last Sunday while playing golf with her husband on their country estate, Georgian Court, golf links, near Lakewood, N. J.

GEODETIC SURVEY MEN GETTING DATA OF PECOS COUNTRY

D. W. Taylor and C. W. Cassper of the United States Coast and Geodetic Survey, representing the Department of the Interior arrived in Pecos Monday afternoon.

The men are to be engaged in making primary triangulation in this section of the Southwest to furnish map control data for the Government. They will locate the latitude and longitude stations in this section of the country and work with these as the base for their operations and study.

The last Geodetic survey work done in this country was in 1914. Some of the data which is to be gathered may be used in surveys for the proposed new irrigation projects on the Pecos river.

BUSINESS MEN TESTIFY OF WONDERFUL RESULTS FROM ENTERPRISE ADVERTISING

The following messages have been received voluntarily and without solicitation by the Pecos Enterprise, which show conclusively that it pays well to advertise in this paper.

Mr. John Hibdon, Editor Pecos Enterprise, Pecos, Texas. Dear Sir:

For the past three weeks we have been carrying a small advertisement in your paper and to say that we are agreeably surprised at the results is putting it mildly.

We have received inquiries from all over the country and as this has been the only advertising we have done, it certainly speaks in loud and unmistakable language of the real value of the Enterprise as an advertising medium and just for good measure, we have closed several deals which can be attributed to no other cause than our advertisements and these are the results that count.

We are writing this note simply as a tribute to you and your paper and from now on we are strong for John Hibdon and the Enterprise.

Very sincerely, BARNUM & THOMPSON. By Roy D. Barnum

From C. H. Willoughby, head of the Willoughby Petroleum Co.:

"I get better results from my advertising in the PECOS ENTERPRISE than I do from all other papers put together, and I carry ads in the big oil journals and magazines and publications in the East and North."

IRRIGATED SECTION RAISES PLENTY OF HIGH GRADE COTTON

R. M. Alexander, who owns ranches near Orla, Texas, and Malager, New Mexico, was in the Enterprise office this week and report conditions good in those sections up the Pecos.

Mr. Alexander said that in the Malager and Carlsbad, New Mexico irrigated districts much cotton was grown this year, more acreage having been put in cotton than in any previous year, it being the first year that the fleecy staple has been tried out on a large scale there.

PECOS MEN HELP IN FAMOUS OIL CASE DECISION

Miles Beck and W. W. Strike, representatives in this territory of the Federal Bureau of Soils, returned Wednesday from the Texas-Oklahoma state line, where they have been engaged for two weeks in making a study of the soil in the bed of the Red river.

T. & P. OFFICIAL IS ENTHUSIASTIC OVER OUTLOOK OF PECOS

Perhaps the most enthusiastic visitor to Pecos and the Toyah-Bell well this week was O. B. Webb, of Dallas, assistant general passenger agent of the Texas & Pacific Railroad.

Mr. Webb is of the opinion that a good oil field is just in the beginning in the region around Pecos. "It certainly looks good," he commented when he reached the Enterprise office on his return from the well Tuesday afternoon.

Mr. Webb said that passenger traffic had not been so good since the threatened strike, but travel is picking up gradually.

LAURA WELL IS IN GRAY LIME

Interest in the Laura well has been received during the past few days, since some rapid work has put the hole down to where the formation is looking very attractive. The drill is now pounding away in a dark gray lime in which there are black spots. This is said to be indicative of an oil bearing sand being near. The hole is now below 2600 feet and the water, that caused a lot of trouble some time ago, has been entirely cut off, the hole has been straightened out and everything is progressing most satisfactorily.

A TONIC

Grove's Tasteless chill Tonic restores Energy and Vitality by Purifying and Enriching the Blood. When you feel its strengthening, invigorating effect, see how it brings color to the cheeks and how it improves the appetite, you will then appreciate its true tonic value. Grove's Tasteless chill Tonic is simply Iron and Quinine suspended in syrup. So pleasant even children like it. The blood needs QUININE to Purify it and IRON to Enrich it. Destroys Malarial germs and Grip germs by its Strengthening, Invigorating Effect. 50c. (Advertisement)

5 ACRES FOR \$50

Section 4, Block B-20, one mile from drilling contract; has been cut into 5-acre tracts, which will be sold at \$50 each.

Freight Depot in Toyah, Reeves County, Texas. The following articles shipped by W. E. Hascha from Laredo: Acct. Reisor, Texas, on 9, 14, 20, consigned to Toyah Lubr. Production at Toyah, Texas. Refused by consignee one well drilling Machinery. No marks.
Owner may obtain shipment prior to time of sale by submitting proof of ownership and paying all accrued charges including cost of this advertisement.
GEO. W. HENDERSON,
12-11. Agent.

A man who was wanted by the police had been photographed in six different positions, and the pictures sent to the chief of police of a town, where it was thought the fugitive was in hiding. After a few days the reply reached headquarters: "Sir, I duly received the portraits of the six miscreants whose capture is desired. I have arrested five of them, and the sixth is under observation and will be secured shortly."—Tit-Bits.

To deride life is foolish; but to pity yourself for having to die is to carry egotism rather too far.—Augustine Birrell.

ASPIRIN
Name "Bayer" on Genuine

Warning! Unless you see the name "Bayer" on package or on tablets you are not getting genuine Aspirin prescribed by physicians for twenty-one years and proved safe by millions. Take Aspirin only as told in the Bayer package for Colds, Headache, Neuralgia, Rheumatism, Earache, Toothache, Lumbago and for Pain. Handy tin boxes of twelve Bayer Tablets of Aspirin cost few cents. Druggists also sell larger packages. Aspirin is the trade mark of Bayer Manufacture of Monoaceticacid-ester of Salicylicacid.

THOROUGH WORK
How a Pecos Citizen Found Freedom From Kidney Trouble.

If you suffer from backache—From urinary disorders—Any curable disease of the kidneys, Use a tested kidney remedy. Doan's Kidney Pills have been tested by thousands. Pecos people testify.

Can you ask more convincing proof of merit? Mrs. Lou Duncan says: "My kidneys were weak and I suffered much from inflammation. At times I was most uncomfortable. I had a dizzy, swimming sensation in my head when everything seemed to be dense in front of me. I had heard of Doan's Kidney Pills, so I started using them and they certainly helped me wonderfully. Doan's relieved the congestion and rid me of the disagreeable feeling in my head."

Price 60c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Duncan had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

ELEVEN WAYS TO IMPROVE HEALTH

Austin, Texas, Nov. 9.—Miss Pearl N. Hyer, Children's Secretary of the Texas Public Health Association announces that several thousand Texas school children have enlisted in the Modern Health Crusade against disease this year.

The purpose of the Modern Health Crusade is to cause the children to form health habits. These are summed up in the 11 chores which every Crusader is required to perform, in order to win advancement. These chores include such wide and varied habits as bathing, washing the hands before meals, brushing the teeth, breathing deeply, sleeping with windows open, playing out-doors, eating slowly of wholesome food and drinking plenty of water and milk.

This movement is starting on its fourth year now, and has more than six million children enrolled. This movement contains children from every State of the Union, Canada, France, Czech-Slovakia, China, Alaska and Virgin Islands.

The Modern Health Crusade is only a part of the state-wide campaign conducted by the Texas Public Health Association and its affiliated local organizations to raise the standard of health among children. Funds for carrying on this work are secured from the sale of

Tuberculosis Christmas Seal. The 14th Annual Sale will be held Thanksgiving to Christmas in Texas, and every dollar's worth of seals purchased is a blow directly at tuberculosis.

EFFORTS BEING MADE TO HELP MARKET

What is hoped to be a feasible plan for aiding the cattleman in getting better prices for his live stock is announced by the American Farm Bureau Federation.

The farmers' Live Stock Committee of Fifteen appointed by president J. R. Howard of the Federation has completed its report on live stock marketing investigation and recommends the organization of a great National Live Stock Producers Organization with the establishment at the terminals of Producers' Live Stock Commission Associations with allied stocker and feeder companies; the working out of an orderly marketing program by the Board of Directors of the National Live Stock Producers Association; the establishment by the same agencies of a Transportation Department to cooperate with the American Farm Bureau Federation and the American Farm Bureau; the interpretation of Live Stock Certificates and Federation in extending the marketing plan will be completed on November 10, by a meeting of representatives; live stock men from the United States.

The committee devoted an investigation that the problems which it needed to consider were: operative marketing order; live stock production; marketing information; and financing.

Existing live stock associations were studied carefully. The committee and the need of a new association was seen. Membership need not be bona fide live stock producers may become members.

The directors of the National Live Stock Commission must be bona fide producers at the election.

Earnings of the Association will be distributed to the members in the form of patronage dividends. It is hoped thereby to return to the producer into the his marketing actual cost.

TURK, 146, TAKES

FOURTH
An Universal Press Dispatch reported Paris, September 30 that Zaro, of Constantinople, aged 146, and the oldest man who has married his fourth wife, latest wife is a beautiful Turkish girl, aged 25. Other names of Zaro, nicknamed "King of 146" are:

Worked ninety years as street porter, quitting for another 110.

Became porter in a munitions factory at 111 and still holds the post.

Lost all his teeth at 109 and then grew an entirely new set.

Developed a third kidney at 106. Gets angry with his 96-year-old son because he will not work, but "sticks around the house."

Zaro has been offered a fabulous sum to tour America. He says he may—after his honeymoon.

To Stop a Cough Quick

take HAYES' HEALING HONEY, a cough medicine which stops the cough by healing the inflamed and irritated tissues.

A box of GROVE'S O-PEN-TRATE SALVE for Chest Colds, Head Colds and Croup is enclosed with every bottle of HAYES' HEALING HONEY. The salve should be rubbed on the chest and throat of children suffering from a Cold or Croup.

The healing effect of Hayes' Healing Honey inside the throat combined with the healing effect of Grove's O-Pen-Trate Salve through the pores of the skin soon stops a cough.

Both remedies are packed in one carton and the cost of the combined treatment is 35c. Just ask your druggist for HAYES' HEALING HONEY.

"Every tomorrow dies. We can take hold of it with a handle of anxiety or the handle of faith."

Voluntary economy prevents the forced economy.

KENTUCKY CHILD OF NINE READS MINDS

Nellie Cardell, nine-year-old girl from amongst the Kentucky mountains south of Cincinnati, has long mystified neighbors and friends by her ability to read minds. Facts and figures held in thought by others are no secrets to her—and now theatrical managers are trying to get her to tour.

THE LOS ANGELES SYNDICATE

LOS ANGELES, CAL., AND PECOS, TEXAS

We Are Not Wild and Wooley, Neither Are We Full of Fleas, But We Can See Further Than Just Below Our Knees.

Now that the Toyah-Bell is a real OIL WELL, and absolutely proves that the STRUCTURE on which we are DRILLING is full of OIL, and running over, do you realize what it will mean to you if YOU are the OWNER of some LOTS in this SYNDICATE, when our drill hits the SAND that undoubtedly lies under the big STRUCTURE on which we are now DRILLING our No. 1 Well? We are drilling Los Pecos No. 1 on the Apex of the Structure that caused the organization of every proposition that has been started in this FIELD.

Our holdings consist of Section 42 (which we own in fee) and 80 acres in section 34 (on which we have a lease) in Block 59, Township 2, in Culberson County, and Subdivision No. 6 in the Northwest Quarter, Section 20, Block No. 2, in Reeves County, Texas, where we are now drilling Los Pecos No. 1, now down 920 feet.

We expect to drill four wells on Subdivision No. 6; four wells in Section 42, and as many as possible in the 80 acres in Section 34 and the owners of Lots in Section 42 will share in every well we drill, in proportion to the number of Lots they OWN.

Section 42 is subdivided into 6400 lots, 4800 of which is to be sold, at the present time you may buy these lots at \$50 each. We are selling these Lots to raise money to drill the wells, therefore all the Oil we produce will be sold and the proceeds from the sale of Oil will be divided among all LOT OWNERS in proportion to the number of lots they own.

Figuring Oil at the present price, when we get a production of 5000 barrels per day, each LOT OWNER should receive about \$1 000 per year.

We expect to get better than 5 000 in Los Pecos No. 1.

Just to be sure that you get some of these lots at \$50 each, send in your order today. Don't wait to see what is going to happen, get some LOTS before something does happen, that will cause you to lose a FORTUNE.

Use the Coupon—Write Your Check—Attach it to Coupon—And Mail Today.

ONE TOO MANY

A literary family to which a seventh child had just come was at country house, and for a time a good deal of the care of the other six children devolved upon the father, who had Spartan ideas as to the upbringing of his sons. One morning he carried his two-year-old to the creek near his home to give

him a cold plunge. The child objected lustily to this proceeding, but was overruled and ducked, notwithstanding.

However, in the midst of the ducking, however, a runaway hand seized the Spartan father by his shoulder and flung him back, while the angry voice of the farmer, who was his nearest neighbor roared in his ears: "Here! None of that! I'll have

the law on you for this." For some time the father endeavored to convince the farmer that he was not trying to drown the child. Even then he wasn't wholly convinced. To the very last minute he kept shaking his head skeptically and saying: "Yell I dunne about that. I dunno. You got six besides this."—Harper's.

You'll get somewhere with a pipe and P. A.!

Start fresh all over again at the beginning! Get a pipe!—and forget every smoke experience you ever had that spilled the beans! For a jimmy pipe, packed brimful with Prince Albert, will trim any degree of smokejoy you ever registered! It's a revelation!

Put a pin in here! Prince Albert can't bite your tongue or parch your throat. Both are cut out by our exclusive patented process. So, just pass up any old idea you may have stored away that you can't smoke a pipe! We tell you that you can—and just have the time of your life on every fire-up—if you play Prince Albert for packing!

What P. A. hands you in a pipe it will duplicate in a home-made cigarette! Gee—but you'll have a lot of fun rolling 'em with Prince Albert; and, it's a cinch because P. A. is crimp cut and stays put!

THANKSGIVING

One has only to meditate for a few moments to be overwhelmed with the many things for which he should be thankful—it makes no difference when Thanksgiving Day comes.

The people of America, yes, of Texas and of Pecos, this Thanksgiving time have reasons for being unusually grateful.

Many people think that because they are not twice as well off as they were a year ago they have no occasion to be grateful. We are promised only from "day unto day" and are exceptionally blessed when we get two years' blessings in one. Because of conditions national and international that have existed for the past few years one is fortunate to hold an even break with each preceding year.

Now that prices are coming down on some commodities, now that the nation is building back solidly on a peace basis, now that the world powers are talking disarmament and now that there is plenty of work, secular, political, educational and religious, for all to do, let us feel thankful and buckle down to the task.

GOOD HAS SHAME BEATEN TEN THOUSAND TIMES

A publisher, about to sell the writings of a noted American scold, in book form, advertises its contents as "the shame of the world." In other words, it is deemed attractive, for money-making purposes, to blazon over the country the fact that the world has shame.

What's the matter with us Twentieth Century folks, anyway? Why is it that so many of us Americans are always knocking something, always looking for the bad in anything, always ready to believe that wrongs are advancing on us, always suspicious of some abomination or other? The "shame of the world," forsooth! Most certainly there is shame in the world—always has been and always will be as long as it is inhabited by human people. But there is ten thousand times more chastity, ten thousand times more good on this earth than there is shame, and there always will be—BECAUSE THIS EARTH IS INHABITED BY DECENT HUMAN PEOPLE.

Habit does a lot of things. If it is going to be a habit with the mass of us to look for blame, cussedness and general infamy, we may be sure that the filth will cling to us and it may even turn into a cancer afflicting the whole.

Editor Hibdon, the Methodist editor of The Pecos Enterprise, tells about his new assistant editor, Mr. Trout. Among other things he gives out the very unnecessary information that Mr. Trout is a Baptist. How could a trout be otherwise? Anyhow we are hoping our old friend Hibdon and Mr. Trout work together harmoniously and successfully.—Stephenville Empire.

The Enterprise is obliged to admit that Trout reminds one of water and without water there would be no Baptists, however this is a dry weather Trout The Enterprise caught and he seems to be thriving in West Texas and giving splendid service as an assistant editor and the editor and owner has no fear but that the two of us will make the best team for boosting and giving the real honest to goodness truth Pecos has ever had—and that not only means harmony but success as well, so here goes for a better paper, a greater Pecos and a more prosperous people.

A news item tells of a thrilling incident that occurred near Temple, Texas, recently, when a young man Jack Thompson, of that city, saved the lives of three young women. But part of the thrill and all the romance of the incident vanishes when we read that the young man let the young women get away without even learning their names and addresses. It seems unthinkable, in this romantic age, for a lad to do a thing like that. Although the young man received serious injuries himself in his effort to save the young women from a runaway vehicle the incident closed without them knowing who saved them and without him knowing

for whom he had risked his life. We'd like to know how one is going to build a future love affair on such careless business, or how the lad is going to even get his Carnegie medal, without being able to give the name of the three whose lives he saved.

There are too many of us who are always saying, "I ought to do this," or "I ought to do that." Boys, don't get into that habit; it's too risky. You may easily become a failure through it. The real man says, "I shall do this" or "I shall do that."

WATER, OUR GREATEST RESOURCE

Water is the greatest and most valuable resource that any farm, town, community or State can have. It is more important than gold mines, oil wells, potash fields, rich soil or broad acres of grazing lands, as valuable as all these things are. For without water in abundance and of good quality a home is only a place to stop over night without conveniences, without flowers and without gardens and without much happiness.

Without water in abundance no farm is half supplied or equipped. Without water in abundance the crops are measly and do not pay for half the trouble and money expended on them and the farm works the life out of the farmer, but with it there can be fine stock of every description, abundant crops and the farmer's labor pays manifold on the time spent and he has plenty and to spare for himself and his family. His gardens grow luxuriantly, his orchards bend with burdens of luscious fruits, his acres are not so many to work but are covered with bountiful crops of everything he chooses to plant and his live stock are fat and bring the top prices when market time arrives.

With plenty of good soft water any town has a resource of which it can boast in loud terms and the further its boasting is heard the more it will attract men hunting business opportunities, a place for industrial plants and a place for a happy citizenry. A community can do nearly anything if it has plenty of good water. Soil can be built, but what of the building unless there is a supply of good water. Gold mines can be discovered but what of the discovery if there is not water to use in the mining. Oil can be hidden away by the millions of barrels but it takes water to drill for it. Water in abundance must be had if any resource is worked.

The Pecos and Toyah Valleys have the greatest resource there is on the earth and it is in abundance. God knew what he was doing when he provided water as man's most valuable resource upon the earth. The Pecos and Toyah Valleys and other irrigation districts around Pecos are blessed with a resource that surpasses in value any mine or oil field, any black land section of Texas or any delta farming area in any State. And our citizenry are appreciating this fact more and more as the days and years come and go. Outsiders are beginning to see it, too, and come this way in greater numbers each year to make their home. Pecos City has plenty of water, too, but we need and will soon have also a supply of good soft water for our town.

SPEECH AND CHARACTER

Corsicana Sun: Get your mind on "Better Speech Week" and note carefully the manner in which each spoken sentence is framed. If you have been in the habit of using bad grammar, slang, or not correctly pronouncing your words set about now to make your speech free from those blemishes, for blemishes they are. Help to make "Better Speech Week" a success. In that effort you will make of yourself a better American.

Few there are who realize what effect correct speech has upon personal character. Did you ever see a criminal who habitually used grammatical language? Did you ever see a hoodlum, a burglar, a pickpocket whose converse was not larded with slang when not putrid with profanity? To teach the young one to speak the mother tongue with ease and clarity, without resort to the jargon of the illiterate or miseducated, is to do much toward starting him or her into the path of moral rectitude. To indulge constantly in the use of slang is to be guilty of an immorality. Untidy words from a pretty mouth are disillusioning and may easily become disgusting. Girls with the instinctive refinement of the best of their sex avoid slang as if it were the insignia of coarse-mindedness. This doesn't mean that the occasional ejaculation of a slang word is reprehensible. It does mean that the use of slang as a habit of speech is to classify oneself with those who do not know or do not care for the necessities of manner which proclaim good quality. One week in the year is not enough for "better speech." Every week in the year should be utilized by teachers and parents for the nurture of the young in the purity of their tongues. Example, by the way, is an effective instructor.—State Press.

According to R. M. Hubbard, chairman of the state highway commission, investigation of the records of the state highway department discloses some startling facts relative to the amount of road work that is being done. During the first seven months of this year the highway commission paid out a total of state and federal aid on work under construction of \$4,392,878, or an average of \$627,525 per month.

The Enterprise regrets to learn of A. S. Koonce's exit from the editorial force of our neighbor, the Alpine Avalanche. He has made a good editor; he is a sensible and forceful writer, considerate of all those about him and a journalist of no mean calibre. We are glad to know, too, that his leaving the editorial chair is not because of any fuss in the Avalanche ranks but because of business reasons, which means a bright and successful future for neighbor Koonce. We welcome C. W. Livingston back into the ranks and know we, because of his past record in the editorial chair, that the Avalanche will maintain its high standard that has been held up through so many years. No one, in any capacity, has a greater responsibility in the community than has the editor of a newspaper. It is his opportunity and his responsibility for the moulding of social, political, educational—yes, to a large extent even religious ideals. His audience is larger than that of any minister or teacher and consists of those of every class and clan and sect. While The Enterprise hopes it is certain A. S. Koonce will be happy and successful in his new field he is turning over to C. W. Livingston the greatest chance for doing good.

NOVEMBER 19 IS LIVE AT HOME DAY

Dallas, Texas, Nov. 17.—The United Campaign for Better Agriculture designating "TEXAS LIVE AT HOME DAY," November 19, has the full endorsement of Governor Pat M. Neff. The following is the text of his statement:

"To The People of Texas:
 "I have been advised that November 19th has been designated by the United Campaign for Better Agriculture as 'TEXAS LIVE AT HOME DAY.'"

"The people of the State interested in agriculture and that should include all the people, have been requested to meet at their respective court houses at one o'clock on the afternoon of this day, for the purpose of discussing the various agricultural problems that now confront the people. An exchange of ideas as to the benefits resulting from the diversification of crops in Texas will prove to be most helpful in many ways to the agricultural interests of the State.

"I commend most heartily the campaign having for its purpose the 'LIVE AT HOME' idea by our people.

"Trusting that these meetings will be generally attended and that much benefit will accrue therefrom, I am
 Yours most sincerely,
 (Signed) PAT M. NEFF,
 Governor.

Dallas, Texas, Nov. 17.—E. P. Shropshire, secretary United Campaign for Better Agriculture, states: "That more than one hundred speakers have been named for county meetings, TEXAS LIVE AT HOME DAY, November 19th. We made a great effort to secure an outside speaker for each county. We have done the best we can to make a success of these meetings. It is now up to the county chairmen and the leading citizens of each county."

"Cotton continues to decline on an estimate of 7,000,000 bales. If acreage is increased under existing conditions, what may we expect? We had better live at home."

Help! Help! Help! Help!

\$10,000.00 Wanted Quickly

To finish drilling this well to production. Location by R. M. Holden of New York City, as eminent an authority as ever visited and geologized the lands of West Texas and whose findings have been enthusiastically approved by many geologists who have visited the property. Every prediction made by Dr. Holden has so far proven true including the accurate foretelling of the outcome of the Grant Wonder and Miracle Wells of Pecos County.

Located on Section 25, Block B-19, Ward County, at a point on a Mammoth Oil Structure running through Loving and Ward Counties, and at a point on that structure where it is joined by a second oil stream coming from the Northeast. Dr. Holden said we would open up THE GREATEST SHALLOW OIL FIELD IN TEXAS. Other geologists have said that ALL WE NEEDED TO DO TO SECURE BIG PRODUCTION WAS TO DRILL THE WELL. C. H. Willoughby, the Oil Wizard of the Now Famous Toyah-Bell No. 2, spent two days on the property with me last summer and stated that I WAS DRILLING OVER THE BIGGEST POOL IN THE ENTIRE FIELD. He was in my office this week and voluntarily offered to put that statement in writing, if I so desired.

I have been selling leases in the vicinity of this well at \$25.00 to \$50.00 per acre and consider them the best investment in the field at that price. They would be splendid investments at \$10.00 per acre if my well was never drilled, both on account of the geological situation and other development going on in the vicinity. I HAVE SET ASIDE ONE THOUSAND ACRES THAT I WILL SELL AT \$10.00 PER ACRE, not only that but listen.

I have just returned from California where I am acquiring ONE THOUSAND ACRES OF VALUABLE OIL LEASE North of Santa Maria, the home city of the Pinal Dome Oil Company, the strongest developing company in the Pecos Field. This land has production on three sides at no great distance with main line of the Southern Pacific Railway across the lease and a 2000 foot switch on the property; it fronts the ocean and there are pipe lines close by. Several wells drilling on adjoining leases, one of them by one of the great and successful Huntington Beach developers. My geologist said we would secure big production at 1500 to 2500 feet. Ample California capital is available for drilling California wells and I anticipate no trouble in financing that proposition.

In order to better handle my business I have organized the Two States Oil Company. The Ward County Well has already been turned over to the new company; the California and all other properties will be turned to it as soon as acquired.

NOW LISTEN: For a short time I will give \$10.00 worth of stock in the new company with every acre of lease taken at \$10.00 per acre, LESS THAN ONE-HALF OF THE PRESENT SELLING PRICE OF THE LEASE ALONE. This stock will entitle you to participate in the production of the Ward County Well and all other properties secured by the company. UNQUESTIONABLY THE GREATEST VALUE AND THE GREATEST POSSIBILITIES OF ANY OIL INVESTMENT OF THE YEAR.

Lands will be assigned closest to the derrick to the first people who send in their money, the last to order will receive the tract furthest away. None will be over four miles from the derrick and all leases will cover lands on the Main Oil Structure, and PRESUMABLY OF EQUAL VALUE AS OIL PRODUCERS.

ACT QUICKLY. Orders by telegraph advised; remittances can follow by mail.

NOTICE OF SALE OF PERSONAL PROPERTY

The State of Texas, County of Reeves.
 Notice is hereby given that the undersigned, John F. and James Fred Nelson, acting under and by virtue of a certain chattel mortgage executed and delivered to them by the El Paso-Saragosa Oil Company, a trust estate, of date February 25th, 1921, duly registered in the Chattel Mortgage Records of Reeves County, Texas to which reference is made, will proceed to sell at public sale, for cash, to the highest bidder, in front of the Court House door, in Pecos, Reeves County, Texas, on Wednesday, the 23rd day of November, 1921, between the hours of ten o'clock a. m. and four o'clock p. m. of said date, the following described personal property, to-wit:
 Six hundred (600) feet of ten-inch standard well casing, now situated on the drilling site of El Paso-Saragosa Oil Company, near Sara-

gosa, in Reeves County, Texas.
 Said sale will be made to satisfy an indebtedness due the said James Fred Nelson and John F. Nelson by reason of a certain promissory note executed and delivered to them by said El Paso-Saragosa Oil Company, of date February 25th, 1921, for the sum of \$1,592.21, due thirty days from date, bearing 8 per cent interest from date, and 10 per cent attorney's fees, said note bearing a credit of \$1,000.00 of date March 18th, 1921, said note being secured by the Chattel Mortgage above referred to covering the well casing above described. Default having been made in the payment of said indebtedness, said sale will be made to satisfy the same.

Witness our hands this 8th day of November, 1921.
 JOHN F. NELSON,
 JAMES FRED NELSON,
 By J. A. DRANE,
 Their Attorney.

CALOMEL MAY TURN ON YOU NEXT TIME

Next Dose You Take May Salivate And Start World Of Trouble

Colomel is mercury; quicksilver. It crashes into your bile like dynamite, cramping and sickening you. Calomel attacks the bones and should never be put into your system.

If you feel bilious, headachy, constipated and all knocked out, just go to your druggist and get a bottle of Dodson's Liver Tone for a few cents which is a harmless vegetable substitute for dangerous calomel. Take a spoonful and if it doesn't start your liver and straighten you up better and quicker than nasty calomel and without making you sick, you just go back and get your money.

Don't take calomel! It makes you sick the next day; it loses you a day's work. Dodson's Liver Tone straightens you right up and you feel great. No salts necessary. Give it to the children because it is perfectly harmless and can not salivate.

LIFT OFF CORNS!

Apply few drops then lift sore, touchy corns off with fingers

Doesn't hurt a bit! Drop a little Frezzone on an aching corn, instantly that corn stops hurting, then you lift it right out. Yes, magic!

A tiny bottle of Frezzone costs but a few cents at any drug store, but is sufficient to remove every hard corn, soft corn, or corn between the toes, and the calluses, without soreness or irritation.

Frezzone is the sensational discovery of a Cincinnati genius. It is wonderful!

ITCH!

Money back without question if HUNT'S GUARANTEED SKIN DISEASE REMEDY (Hunt's Salve and Soap), fail in the treatment of Itch, Eczema, Ringworm, Tetter or other itchy skin diseases. Try this treatment at our risk.

LITTLE THOMAS KING GIVES BIRTHDAY PARTY

It was a happy time at the home of Mr. and Mrs. Jim King, on Oak street, Saturday afternoon, when a large number of children gathered there to celebrate the fourth birthday of Thomas James King.

The little ones gathered there brought their little gifts which were very graciously received.

They were then led out into the yard where several games were played. They were then called into the dining room, which was artistically decorated with our national colors. After the four candles were lighted birthday wishes were expressed. Refreshments of cocoa and cake were served.

Mr. Howard brought up his camera and took several "sur-enough" pictures of the children, grouped around a very large flag.

As the children were taking their leave each was presented with a toy balloon, in red, white and blue.

Those present were: Nell Turner, Virginia Thomas, Mary Ward, Maybette Stevenson, Opal O'Neil, Ella May O'Neal, Clara Low Beauchamp, Josephine Bryan, F. E. Hudson, Delamae Hudson, Helen Hudson, Martha Catherine Hudson, Mary Catherine Toliver, Gladys Lawson, Emma Jean Johnstone, Elsie Low Hamilton, Calle Hamilton, Cecil Turner, Swain Thomas, Clayton Garrett, Buck Simmons, Harrison Beauchamp, Frawley Dats Beauchamp, J. B. Hudson, Jr., James Garner, Walton Garner, Therman Lawson, Malcolm Payne, LeRoy Payne, Malcolm Heard, George Hamilton, Joe Bob Kelton, Mrs. G. G. Breen and son George, Mrs. Lewis W. Thomas and Mrs. Jackson.

MRS. ADAMS AGAIN IN CHARGE OF PECOS HOTEL

Mrs. Martha Adams is again in charge of the Pecos Hotel and is not only furnishing rooms but serving meals.

People all over Reeves county have in the past placed their feet under Mrs. Adams' tables until their appetites were appeased with the very best in the Pecos market, cooked in a palatable and inviting way, and will be pleased to learn that she has again entered the business of feeding and sheltering the populace in Pecos. The Pecos Hotel has always been recognized by home people as a place where you could get all you could eat of the very best at a nominal price and has received a generous share of patronage. It is safe to predict that under Mrs. Adams' administration it will be kept up to the high standard of the past if not improved. At any rate you can feel assured of your money's worth there and courteous treatment.

JOHN COWAN IMPROVING
John Cowan, who has been ill for a long time, returned from El Paso Saturday, where he underwent a surgical operation. He is improving rapidly now and is able to sit up some. He says he is glad to be back in Pecos and thinks that he'll be able to be out in a few more weeks.

AIRPLANE ACCIDENT KILLS LIEUTENANT

Friends and acquaintances of Mrs. Nellie May Bowen Bouquet, who formerly lived at Toyah and is well known in this section of the country, are grief stricken with her over the loss of her husband, Lieut. Ulric Bouquet, who was killed in an airplane accident in Honolulu on October 26.

The following is clipped from the El Paso Times:

"Mrs. Nellie May Bowen Bouquet, whose husband, Lieut. Ulric Bouquet, of the army air service, was killed in an airplane accident at Honolulu on October 26, is sailing with her baby for home on the transport Sherman, leaving Honolulu on November 6. This information was received in El Paso yesterday by Mrs. H. L. Robinson, 909 Montana street, in a letter from Mrs. James E. Bowen, mother of Mrs. Bouquet. Mr. and Mrs. Bowen are now in San Francisco, awaiting the arrival of their daughter, which is expected to be on November 12. The body of Lieut. Ulric Bouquet has been buried in Honolulu and will not be brought to America.

"As Miss Nellie May Bowen daughter of Judge and Mrs. J. E. Bowen, Mrs. Bouquet was one of the popular society girls of El Paso and the valley. Her wedding to Lieut. Bouquet, then stationed at Fort Bliss, which took place November 12 of last year, was one of the social events of the fall season in El Paso. Shortly after their marriage, Lieut. Bouquet was transferred to Honolulu, where he met death on Wednesday of last week through the burning of his airplane.

CUSICK-DUBLIN WEDDING

Robert Cusick and Miss Myrtle Dublin, both of Pecos, were married at the home of Rev. Tinnin, Presbyterian pastor at Barstow, Saturday evening at 8 o'clock. Mr. and Mrs. Cusick will make Pecos their home and are this week receiving the congratulations of their many friends.

NOTICE OF PARTNERSHIP

We, the undersigned subscribers, have this day entered into a limited partnership, agreeably to the provisions of the Revised Statutes, Title 102 relating to a limited partnership and do hereby certify that the name of the firm under which said partnership is to be conducted is A. S. Justice; that the general nature of the business to be transacted is the buying and selling as agents for others, all kinds of real and personal property, including oil and gas leases and assignments and the buying and selling, by said partnership, of all kinds of real and personal property including oil and gas leases and assignments. And the same will be transacted in the City of Pecos, County of Reeves and State of Texas, and that the name of the general partner of said firm is A. S. Justice of Brewster County, Texas, now temporarily at Pecos, Texas, and the special partners are John Perkins and I. L. Martin, Jr., both of the County of Brewster and State of Texas, that the capital contributed by said special partners is the sum of \$75,000 each, in cash, that the period that said partnership is to commence is the 10th day of November, 1921, and that it will terminate on the 10th day of November, A. D. 1922.

AMERICAN LEGION TO ELECT NEW OFFICERS

Members of the Richard Briscoe Post, American Legion, of Pecos, are to hold their annual business meeting in the Legion Hall next Wednesday night. New officers for the year are to be elected at this time, and full attendance of members is urged.

MAN WHO LOST LIFE IN DALLAS FIRE KNOWN HERE

Many friends and acquaintance will regret to learn of the death of Fred Felch, who was burned to death in a hotel in Dallas recently. He was well known in Pecos and Toyah and was connected with the West Texas Sulphur Company, with offices at Dallas. The account of his death says that he lost his life while making an effort to get his trunk out of the burning rooming house where he was living at the time. His parents reside in the State of Washington.

DEAL MADE HERE ON THOUSAND LAMBS

H. F. Anthony of Pecos has sold a thousand lambs, the past week, to Sol Mayer, C. N. Hornaker and Wilkes Williams of Saragosa.

These lambs are to be fattened on alfalfa at Saragosa. The sheep were raised in the Ft. Stockton country.

MARRIAGE LICENSE ISSUED

Marriage license have been issued out of the County Clerk's office the past few days to the following: Bob Cusick and Miss Myrtle Dublin, both of Pecos, and Frank Davis and Miss Laura Ross, of Carlsbad, N. M.

DANCE

About twenty couples were present for the dance given at Johnston's Cafe Tuesday night. A six-piece orchestra furnished the music.

A THANKSGIVING BONNET
At 25 per cent discount. Beginning Saturday, Nov. 19 we will sell any trimmed hat in our shop at above discount—for cash. Miss Lillie Poe. 14-17

BAPTIST TO HAVE SPECIAL SERVICES

Because of an urgent appeal for help in the Baptist Seventy-Five Million Campaign Round-up, Rev. J. M. Garner has accepted an invitation to speak Sunday morning at Grand Falls and Sunday evening at Fort Stockton.

In his absence from the Baptist pulpit at Pecos Sunday morning a special layman's service is to be held with special music. At the evening hour Prof. E. A. Norman will fill the pulpit, at which time there will also be special music.

Clem C. Calhoun will teach the men's class Sunday morning at the theater in the pastor's absence.

The church has been making rapid progress recently in teacher training and at the present rate will soon be able to say that it has the best trained corps of Sunday school teachers and officers of any Baptist church in this section of the Southwest. In consequence the Sunday school is showing some of the results of the teacher training by the increase in attendance. The attendance last Sunday was 216. During the past two weeks the pastor has been busy day and night with the classes in teacher training conducting a class every day in the week and two classes at night during the week. There are thirty-five taking the work now for the King's Teacher diploma and if these pass there'll be a total of forty-three diploma holders in the church.

Uncle John's Poem

A THANKSGIVING HYMN

When ripeness crowns the fruitful fields, and the bins has took their toll, a million comforts stand revealed to cheer our inmost soul. And so, this 'fittin' hour has come o doff our lids and say, "These blessins' pure from a Higher Power inspires Thanksgiving' Day."

We ain't been what we might abeen, such weaklings are we, nor realized the state we're in, so close to eternity! And herefore it becomes us well, with this poor forms of clay, to sanctify th place we dwell with a glad Thanksgiving' Day.

Contrite because of wrongs we've did, repentant knees we bend, well-knowin' that no deeds is hid from the blessed Lord, our friend. . . . Considerin' what he'd done for us, our best is but meager pay. Let's tell Him so, in harmony plus, this glad Thanksgiving' Day.

PORTERVILLE, TEXAS

ROBABLY A SECOND BURKBURNETT

Located in the Center of a Large Body of Rich Irrigated Valley Land
and in the Immediate Vicinity of the Most Intensive Oil
Development in the History of the World, Previous
to Big Production.

You know what happened at Burkburnett, at Ranger, at Eastland, at Breckenridge, at Huntington Beach, at Signal Hill and at each of the recent oil fields. Mexia as the latest sensation and possibly the greatest in Texas oil history, furnishes an object lesson of what may be accomplished by those who have the foresight to invest small sums wisely at the proper time. Many leases at Mexia that could have been purchased at \$100.00 per acre, (10 ordinary city lots), in 1920 have increased steadily in value till they are now selling at \$50,000.00 per acre, and the end is not yet.

Every newspaper or magazine reader is familiar with the history of Burkburnett, where the "Common People" came into their own, where oil gushed from every town lot on which a shallow well was drilled, where hundreds of people went to bed poor and woke up the following morning rich beyond their wildest expectations. What made the change? The drilling of one well largely through the faith of one woman who was convinced oil lay beneath. When the drill brought up a golden flow hundreds, yes thousands, of investors flocked in and bought small properties at enormous prices, or drilled wells on lots, paying royalties daily to the owners in hundreds, thousands and tens of thousands of dollars. History that reads in terms so great as to be almost beyond belief.

One well drilled with little or no geological research made Burkburnett the Wonder Town of Oil History. Many wells are drilling near Porterville, while numerous geologists have stated unqualifiedly that the Greatest Oil Field in the World would be developed in that district. NEVER AN UNFAVORABLE REPORT FROM ANY RELIABLE SOURCE. The town lies in the best Permian formation for oil drilling in the west half of Texas, according to the State Geological Survey (See Bulletin No. 47, furnished by the University of Texas, Austin, Texas). According to the United States Geological Survey the two great oil streams of the American Continent form a junction in the Pecos Field, with Tampico to the south (See Oil and Gas field map of the U. S. Geological Survey, Department of the Interior. Draw a line from Canada to Mexico, another from the Pennsylvania Oil Fields to Porterville. These lines in the shape of a letter Y cross all American oil fields, excepting the coastal oil fields of California).

The Toyah-Bell No. 2, the first Big Sensation between Ranger and the Pacific Coast. The initial gas flow was estimated at 100,000,000 feet; the oil commenced blowing in immediately.

Porterville lies in the center of the most intensive development in the entire Pecos Oil field, where over 50 experimental wells have been undertaken. The Toyah-Bell No. 2, the Record-Breaking Wonder Well between Ranger and the Pacific Coast, lies a trifle over a mile to the east. The drill penetrated the oil pool close to the dividing line between gas and oil, positive proof that it is not over the apex but to one side of the main body of oil. State and Federal Geologists have always claimed that the Pecos River followed the apex of an oil structure. Geological Maps issued by the State of Texas show Porterville in the midst of the Permian Formation, the best prospective oil land in the entire Pecos Oil Field. If these eminent authorities are correct, and who dare contradict them, THE MAIN OIL POOL LIES AWAY FROM THE TOYAH BELL ON THE SIDE TOWARDS THE RIVER, THE SIDE TOWARDS PORTERVILLE. The town lies on the highest point in the river valley for miles, THE POINT WHERE THE UPLIFT IS GREATEST, THE POINT WHERE THE OIL IS CLOSEST TO THE SURFACE.

The famous Bell Well that caused the greatest sensation in oil history during 1920, now drilled 1600 feet deeper and showing exceptionally good gas and oil signs, lies to the west.

The Pinal Dome Company, unquestionably the strongest developing company in the entire field, a company having the reputation of always developing oil in a large way, is drilling to the North-east. At this time they are over 3000 feet deep.

The Pecos-Angeles, three miles away and on the side opposite from the Toyah-Bell, is drilling rapidly on one of the best structural formations in the entire field.

Consult the map and you will see that THIRTEEN OTHER BIG DERRICKS have long since commenced operations in the vicinity. Each of these, successful or unsuccessful, will contribute their share towards the prosperity of the town—IN ALL EIGHTEEN TIMES AS MANY CHANCES AS WERE ENJOYED BY BURKBURNETT.

PORTERVILLE

Is the only town in Loving County as yet unorganized and certain to be its county seat.

Is the only postoffice north of Pecos within a radius of 40 miles.

CONSIDER THIS CAREFULLY: Several months ago people were suffering from a bad-attack of oil hysteria and with their eyes shut were buying anything called "oil stock" or "oil lease." As a matter of fact not over five per cent of the area of any oil district, possibly less, is capable of producing oil. People who bought or who buy within that area, have a run for their money, the other ninety-five per cent have nothing. As a rule the investing public knows nothing of the inside facts of oil development and should be careful to purchase only from reliable sources who offer for sale securities and titles covering lands geologized by men of science and pronounced good, and what is equally important, if early profits are to be expected, in vicinities where immediate development is certain. The buyer of stock is absolutely at the mercy of the company in which he takes an interest; the purchaser of an oil lease secures title to oil produced on the land excepting one-eighth which goes to the owner of the land; the purchaser of a tract of land in fee SECURES EVERYTHING, THE BEST INVESTMENT IN THE WORLD. Such we offer you in the lots at Porterville.

Maps, plats, price lists, application blanks, etc., mailed free on request. It must be understood that all prices are subject to sharp advances from time to time, as oil develops in the field, as well as in the vicinity of this townsite. Immediate action is advisable and may be necessary in order to secure the benefit of present prices.

Is on the graded and graveled Pecos-New Mexico Auto Highway.

Is in the center of a bend in the Pecos River containing 7000 acres of valley land furnished with ample water for irrigation by a system put in operation in 1908, where crops of oats, wheat and alfalfa have been produced that have been rarely equalled in any country and 2 bale cotton never surpassed in the State of Texas. Grapes of the California varieties and peaches have been grown nearby equal to California's best.

The climate, according to the U. S. Weather reports covering 40 years, has the least variation summer and winter of any portion of the United States.

Any oil investment of merit is attractive, as it poses the greatest possibilities for big, quick profits of any investment known. THIS IS THE BEST OF ALL. You are in line for enormous profits three ways, if you purchase property in this town.

FIRST: This town unquestionably lies over an oil pool, or oil stream. A well on the townsite 66 feet deep has traces of sulphur and has shown a film of oil on each bucketfull of water pumped from it the last 13 years. With oil now developed adjoining the town, its future is assured.

SECOND: With oil developing elsewhere in the vicinity, the town will boom as no other oil town ever has and all property values will rise rapidly.

THIRD: Lying in the center of an irrigated lands district property values would unquestionably increase steadily, regardless of oil development.

The Santa Fe Railway runs along the west side of the Pecos River. Porterville lies on the east side. The river between is bridged by a massive, single span steel bridge.

Five hundred residence and business lots owned by the Porterville Irrigation Company, a corporation organized under the laws of the State of Texas, are offered for sale at prices ranging from \$100.00 to \$1000.00 each, either for all cash subject to a 5 percent discount, or one-third cash and the balance in monthly payments, not to exceed five. Titles clear of incumbrances and taxes paid for 1921.

Money received from the sale of lots will be used as far as necessary in perfecting the grading of all roads, cutting out a few blocks as yet ungraded and other civic improvements.

E. L. STRATTON, General Sales Agent
PECOS, TEXAS

TAKE THE ADVICE OF MILLIONS! COLLECT S. & H. GREEN STAMPS

THE PECOS MERCANTILE COMPANY
General Merchandise Store Are Now Giving The

FAMOUS S. & H. GREEN TRADING STAMPS ON ALL CASH PURCHASES. Other progressive Pecos Merchants will adopt this great Co-operative Discount System.

START YOUR BOOK TODAY

We are giving you "S. & H." Stamps on all cash purchases. We are offering you the most beautiful and useful merchandise the market affords. See the beautiful illustrated catalog in our Dry Goods Department.

These Nationally Famous "S. & H." Green Stamps are Given From Coast to Coast By Over 30,000 Progressive Merchants and Saved by Millions of Thrifty People.

Ask for a Stamp Book in which to paste your stamps. You are entitled to one stamp with each 10 cents represented in all purchases. One thousand stamps fill a book. Hundreds of HIGH GRADE ARTICLES to select from in exchange for filled books of stamps.

We urge you to visit the Pecos Mercantile Company's Dry Goods Department at your first opportunity and acquaint yourself with the unusual values obtainable through this form of discount. PLEASE REMEMBER "S. & H." stamps are not something for nothing, something instead of nothing.

You Will Find at the Pecos Mercantile Company at All Times a Handsomely Illustrated Catalog From Which to Select and Order Your Premiums

AN EXTRA INDUCEMENT:---

"S. & H." Stamps are your earned discount for paying cash, they increase the volumes of sales, afford a quicker turn-over of merchandise. They make it possible for a merchant to take advantage of the cash discounts from the manufacturers and jobbers. This will enable us to maintain our former record of LOW PRICES and give you the additional advantage of this Attractive Co-operative Discount.

EXTRA STAMPS

In your stamp book you will find listed hundreds of Coupons, Trade Marks, Soap Wrappers, Wriggley Gum Wrappers, Signatures, etc. all of which may be sent to The Sperry & Hutchinson Co., care Rogers Furniture Company, El Paso, Texas and they will exchange them for "S. & H." Green Stamps. This will help you fill your book quickly.

THE SPERRY & HUTCHINSON COMPANY, Serving American Housewives and Merchants Since 1896.

DRY GOODS, GROCERIES, HARDWARE AND FURNITURE

FARM BUREAU IDEA

Dallas, Texas, November 9.—Co-operative marketing has already made progress in Old Mexico, according to Senor Samuel Torres E. Chief of Statistics of the Bureau of Agriculture of the Mexican government.

Marketing activities already set up through government agencies with which Mr. Torres is connected handle castor beans, coffee, fruit Irish potatoes, vegetables and flowers. An association of farmers around Xochimilco near Mexico City is organized to buy and use co-operatively agricultural implements necessary for the cultivation of truck gardens. Probably the most interesting industry now organized in Mexico is that which handles the coffee. Headquarters are at Cordoba in the state of Vera Cruz. The coffee growers' association employed a strong salesman who obtained a large increase in the price and developed new markets. The quality of the Cordoba coffee is such that Senor Torres says it is preferred over coffee from Brazil. The association now has 150 plantation owners and last year sold about 25,000 sacks of coffee.

In the fruit districts of Old Mexico around Tezuitlan in the state of Puebla the organization is canning and preserving peaches and apricots and is disposing of fresh apples, oranges, lemons and limes through its sales organization. One peculiarity of this district is that although the inhabitants are almost entirely Indians they have blue eyes and a pure white skin. They speak the original Indian language and are not familiar with Spanish.

The potato growers of Leon in the State of Guanajuato last year bought co-operatively 40 acres of seed potatoes from Georgia and sold over 400 cars of potatoes co-operatively.

FREIGHT RATES AND FARM PRICES

The Association of Railway Executives is spending thousands of dollars buying big advertisements in farm papers to convince the farmers that freight rates cannot be reduced until the wages of railroad labor is decreased. But the day has gone when farmers wore hayseeds in their whiskers, and intelligent farmers refuse to give serious consideration to this plea. They have not forgotten the wholesale fraud revealed by the Interstate Commerce Commission in the management of the railroads. Every rail company investigated was convicted of paying exorbitant prices for coal,

maintenance, and supplies to companies in which the officers of the road and their banker friends were interested. The farmers have not forgotten that the very officials who are talking the loudest about the necessity of beating down the wages of labor are themselves drawing salaries as high as \$125,000 a year.—although many of them are merely the dummies of the bankers who own the roads, and know nothing about the technique of railroading. Nor is the farmer ignorant of the fact that the stock of many railroads has been so generously "watered" by the bankers that dividends can only be paid by robbing both the railway worker and the farmer shipper. Finally the farmer knows that the industrial workers of the country are the biggest consumers of farm products, and that the lower wages are, the less of farm products the workers can buy. To beat down wages simply decreases the amount of money that rail workers can spend for the food which the farmer raises and the raw materials for clothing which he produces. The prosperity of producer and consumer are linked together by inexorable economic law.—Avalanche.

FORMER PECOS MAN IS ACCIDENTALLY KILLED

Clippings from the Colorado Springs Telegram and a letter from Mrs. F. G. Harris tell of the accidental death recently of J. W. Crain, who will be remembered by many Pecos people as having lived here several years ago.

The description of how he met his death is given in the following quotation from the Colorado Springs paper:

"J. W. Crain, 60, a teamster, of 442 East San Miguel street, was smothered to death Thursday of last week when he was buried by a wall of sand in a gravel pit at Wood avenue and Monroe street. A hand protruding from the sand was seen by W. C. Day, Rock Island employe, who was returning to his home in the afternoon. Aid was summoned but the man was dead when he was dug from under the sand.

"The funeral will be held tomorrow afternoon at 3 o'clock from the undertaking parlors, the Rev. C. A. Fulton officiating.

"He was born near Louisville, Ky., February 17, 1865, and spent most of his life in Texas and New Mexico, in the cattle business. He came to Colorado four years ago, buying the Zanger farm 15 miles east of here and living there until a year ago. He is survived by an adopted daughter, Gussie May (Law)."

GOOD NEWS FOR HUBBY.

New York.—Prices of women's spring clothing will be 25 to 33 1-3 per cent lower than last spring through the immediate return to piece work in the garment making trades, said a statement today by the Cloak Suit and Skirt Manufacturers' Association. Their proposal to abandon the present weekly wage and restore the piece work payments is opposed by the International Ladies' Garment Workers Union, the members of which are preparing to take a strike referendum.

Handful of capsules cured in 14 to 21 days

"LAX-PUS WITH PEP-SIN" is a specially-prepared Syrup Tonic-Laxative for Habitual Constipation. It relieves promptly but should be taken regularly for 14 to 21 days to induce regular action. It Stimulates and Regulates. Very Pleasant to Take 60c per bottle.

QUICK TRIP TO LOS ANGELES

A message from Los Angeles tells of a very successful motor trip made by Arch Bell and Omer Dvors of the Los Pecos Syndicate from Pecos to Los Angeles last week.

These men left Pecos Saturday noon and had dinner with Mrs. Tucker in El Paso at 8 o'clock that night. They arrived in Los Angeles in three and a half days driving time. They made the trip by way of Phoenix and Billie and the weather was not so good owing to the heavy rains in the desert this year.

The talent of success is nothing more than doing what you can do well, and doing well whatever you do.—Longfellow.

What has become of the man who used to polish his own shoes?—Wayne Winners.

SAFE AND SANE FARMING

The spirit of both the business man and the farmer of the West is ever progressive, and which many of our older section may well follow with advantage. The Snyder Chamber of Commerce is putting on a campaign for 100 chickens, four cows and three sows on every Scurry county farm and from which there is expected to be derived a million and a half dollars to Scurry county farmers within the next one or two years. This is safe and sane farming and if a home garden is added, will practically make a living at home for every farmer. Money saved is money made, and every dollar kept at home from these products gives added purchasing value to the cotton dollar, to be expended in the farmer's home market. With approximately 40,000 Texas farms on which there is not a cow, and possibly an equally large number without chickens, hogs or a home garden, all Texas would do well to follow this lead. This year has demonstrated that Texas is better off without all cotton. Let us maintain and make permanent the advantages gained by continued diversification.—Exchange.

IS IT ANY WONDER?

A man was one day visiting a lunatic asylum, and while walking in the grounds he met a patient, to whom he said:

"Well, how did you get here?"

The man replied: "Well, sir, you see, I married a widow with a grown-up daughter, and then my father married my wife's daughter, and that made my wife the mother-in-law of her father-in-law and my father became my step-son. Then my stepmother, the daughter of my wife, has a son and that boy, of course, was my brother because he was my father's son; but he was also the son of my wife's step-daughter, and therefore her grandson, and that made me grandfather of my step-brother. Then my wife had a son, so my mother-in-law, the step-sister of my son, is also his grandmother, because he is her step-son's child; my father is the brother-in-law of my child, because his step-daughter is his wife; I am the brother of my own son, who is also the son of my step-grandmother; I am my mother's brother-in-law; my wife is her own child's aunt; my son is my father's nephew; and I am my own grandfather."

"That's why I am here, sir!"

No Worms in a Healthy Child

All children troubled with Worms, have an unhealthy color, which indicates poor blood, and as a rule there is more or less stomach disturbance. GRIFFIN'S TASTELESS CHILD TONIC given regularly for three or four weeks will enrich the blood, improve the digestion, and act as a General Strengthening Tonic to the whole system. Nature will then throw off or digest the worms, and the child will be in perfect health. Pleasant to take. 60c per bottle.

FINANCIAL REVIEW

Prepared For The Enterprise By The First National Bank in St. Louis.

Exports of automobiles for September show an increase of more than 9 per cent over August exports. This is the first time this year that any monthly shipments have been in excess of the previous month.

The total number of trucks shipped in September was 472, valued at \$481,664 as against 381 in August, valued at \$434,052, or a gain in number of 23 per cent and in value of 11 per cent. Compared with September of last year these figures show a decrease. During the month of September 1920, 1747 trucks were shipped valued at \$3,036,028. Comparing the total shipments for the periods January 1st to September 30, of this year and 1920 we note a decrease of 73 per cent for the nine months of 1921.

Car exports show a decrease of 2 per cent in number and 17 per cent in value in September over the month of August for 1921. The greater decrease in the value of cars shipped is almost entirely due to price reductions. The comparative analysis for the nine months periods stated above tells the same story in the case of cars as with trucks. During September 1921, 10,432 cars valued at \$12,650,795 were exported. This September the number exported was 2,197 valued at \$1,870,770. In terms of percentage this is a decrease of 79 per cent in number and 85 per cent in value. Compared with the nine-month period of 1920 car exports shows a decrease of 78 per cent in number and 78 per cent in value.

Japan was the largest buyer in point of numbers of commercial vehicles during the month of September, but Canada was first in value taken. Mexico continues to be among the big buyers, both in number and value, being third. The United Kingdom is fourth.

THEIR COLOR AND FLAVOR

The experts who have been studying the effect of the sun's rays upon fruits and vegetables, not only in this country but in England and other countries, have discovered that the violet rays of the sun are more noticeable in the higher altitudes such as we find in parts of Colorado, Texas and New Mexico, and that these rays give to the fruits, vegetables and cantaloupes their extra color and flavor.—Reclamation Record.

If in doubt mind your own business.

DIDYA EVER SEE A JAP BABY SHOW?

This is the first one ever held and was featured by the Japanese colony at Los Angeles recently. It was open to all babies between 1 and 2 years old. "All of them batted 1000 per cent on the 'cat,'" said the photographer who took this picture.

Many Win Prizes In Armistice Day Tests

The Armistice Day celebration held in Pecos last week was largely attended. Many took part in the turkey shooting and other contests of the day. The address of the day was delivered in an interesting and forceful manner by County Attorney Clem C. Calhoun.

Winners in the contests were as follows: Sack race boys 16 years and under: Harrison Beauchamp, electric door bell at The Electric Shop, first; Bobby Dean, \$1.00 at First National Bank, second; Denwood Ross, two tickets to Rialto Theatre, third.

50-yard dash, men 30 years and over: H. H. Johnson, first, gallon can supreme auto oil, Harry Woods, second, suit cleaned and pressed at R. H. Palmer's.

Three legged race, free for all: Milton Wadley and Troy Hicks, first; \$5.00 credit on suit at Jack Hubbs, and five pound can King Komus Syrup at Leader Cash Store; Edwin Mayer and Walter Sutherland, second, \$1.00 in work at Stephens Barber Shop and dinner at Mint Cafe; Bill Dean and Jordan Stine, third, subscription to the Enterprise and the Gusher.

Fat men's race: Dave Gochicoa, Jr., first, gallon can Texaco Motor Oil at Johnson & Garrett Garage; Charles Young, second, dinner at Johnston Cafe, James H. Neill, third, merchants lunch at Jim King's Filling Station.

Egg and Spoon race: Tom Lilley, first, flashlight at Pecos Mercantile Co.; William Adams, second, Belt at O.K. Shoe Shop; Harry Ross, third, necktie at Pecos Mercantile Co.

50 yard dash, Boys 16 years and over 12: Francis Hudson, fountain pen at City Pharmacy; Jim Caroline, second, \$1.00 at

Pecos Valley State Bank; Tom Lilley, third, half dozen photo postals at City Studio.

100 yard dash, free for all: Norman, first; \$5.00 credit on suit of clothes at Walker The Tailor, Milton Wadley, second, \$1.00 in work at Ritz Barber shop; Walter N. Sutherland, third, one can Golden Star Body Polish at Pecos Vulcanizing Co.

Three legged race, Boys 14 and under: Tom Lilley and Paul Morrison first; pencil at Slack Jewelry Co. and knife at Zimmer Hardware Co.; John McMahon and W. King, second, Rexal pencil at Pecos Drug Co. and cake at Pecos City Bakery; Bill Dean and Gordon Stine, third, pair stockings at Tolver Dry Goods Store and necktie at Pecos Mercantile Co.

Girls potatoe race: Ruth Hicks, first, gingham dress at Tolver Dry Goods Store, Ruby Poer, second, box Jontee face powder at Pecos Drug Co.; Christeen Browning, third; pair scissors at Sims Hardware Co.

Cracker eating contest: Harrison Baker, first; Ingersoll watch at Charles F. Manhattan Jewelry Co.

POSITIONS STILL PLENTIFUL
Hard times need not worry you. Our free Employment Department takes all the risk by inquiring positions or refunding tuition. Recent telephones, letters and telegrams offer \$100 to \$150 positions to Draughton-trained graduates. Positions unfilled every week. Special rates now. Catalog free. Draughton's Business College, Box 38K, Abilene, Texas, 14-29

A PROFITABLE VINEYARD
Charles Walter, of Exeter, Tulare county, this year raised 300 tons of Emperor grapes on 21 acres. He sold the crop for \$96 a ton. His check was for \$27,000.—The Earth.

PERSONAL

Jim King and W. E. Edmonson have gone to the Davis Mountains for several days' hunt.

Sheriff Kiser and Harry Anderson have returned from a hunt in the Guadalupe Mountains in New Mexico. They report the killing of some big game. Mr. Anderson says there are not so many deer in that region this year but plenty of bear.

Mr. and Mrs. Sid Kyle motored in from the ranch Thursday and are in Pecos on business for a few days.

Mrs. Robert Heffner is in Pecos this week from New Mexico visiting her sister, Miss Beuna Payne.

H. W. Hinkle and O. H. Hinkle have returned from a hunting trip to the Davis Mountains.

Claude Elkins, Hubert Holloway, Frank Joplin, Sr., and Frank Joplin, Jr., have returned from a profitable hunt in the mountains.

Sheriff E. S. Kiser left Thursday for El Paso, where he went to testify as a witness in a trial there concerning the theft of an automobile.

Henry Kerr became a part of the County Clerk's force this week, taking back the old place where he worked several years ago.

C. W. Cathron and son Vernon of Sweetwater drove through to Pecos on a truck Tuesday and Wednesday and are here on business connected with the Pecos oil field.

Miss Viva Rhodes was a weekend visitor home from Midland last week accompanied by her friend, Miss Ruth Cravens. The young ladies are both in school at Midland College.

Chas. Weinocht of Toyahvale, and one of the most prominent as well as prosperous stockmen-farmers of the southwest part of the county, was transacting business in Pecos Wednesday.

E. L. Stratton kept his word and returned "when the well came in" and is now one of the liveliest dealers in the field. His family is still in California.

Tom L. Garrard, former district attorney, now attorney and stockman of Midland, was in attendance upon the Federal Court in session here this week.

J. B. Davis of San Angelo came in this week to visit relatives and watch the oil development. Davis is an old citizen of Pecos and can't resist the temptation to return occasionally.

Mrs. W. D. Casey was in Pecos Wednesday from their Davis Mountain ranch.

John B. Doudridge is here from Chicago looking after business matters.

O. O. Kinney came in this week prepared to stay and look after his oil interests. Mr. Kinney is a hustler and a good business man and was out looking for rooms for his family and that of his son-in-law.

Mrs. E. J. Weyer returned home Sunday from DeWitt, Nebraska, accompanied by her mother, Mrs. Sarah Buss, to whom she was called several weeks ago on account of serious illness. Mrs. Buss, at the age of 82 year, stood the trip fairly well and her general health is improving.

Mr. and Mrs. C. S. Gilpin and little son Lionel came down from El Paso last week to watch the oil developments.

Mrs. J. C. McMillan left Saturday for her home at Clovis, N. M., after a two weeks' visit to her parents, Mr. and Mrs. Ed Otto.

George B. Finley went to Dallas Friday to be gone about a week on a business trip.

Mrs. Max Krauskopf came in from Eastland Saturday much improved since the accident in which she was seriously injured and Max sustained a broken arm recently. Mrs. Krauskopf is a long way from normal but her many friends will be pleased to learn that she is doing nicely and is now able to sit up part of the time and receive friends.

The Pecos Auto Co. this week received another carload of Fords which are going fast.

Max Krauskopf has just sold R. P. Hicks a new Dodge car. Max is agent for this car and says he has several more ready for delivery.

Tom Hart of Toyah, was a business visitor in Pecos Monday.

Tom Roberts and F. T. Downer of Toyah, were Pecos visitors Tuesday. They were looking happy and well kept and talking oil.

Fred Collins, Manager of the Toyah branch of the Pruett Lumber Co., was in Pecos Monday.

Clarence Scholz was over from Toyah Monday and had a date with Dr. Magee. While here he took dinner with the editor and gave out quite a bit of information as to his home town and people. Clarence is a bright boy and is not a bit timid.

Judge Elbert H. Gary, chairman of the board of the United States Steel Corporation, has issued a statement declaring that the cutting down of the world's navies will not have any appreciable effect on the steel industry. Steel that has been going into war machines will be utilized in machinery of industry.

Governor Pat M. Neff announces that he will speak in favor of the election of ten to fifteen women members for the next session of the Texas legislature.

The War Finance Corporation at Washington last Monday approved government loans aggregating \$2,935,000 to finance agricultural and live stock products in sixteen States of the West and Middle West.

LARGE CROWD SEES CLASS DEMONSTRATE

Students in the commercial department of the Pecos High School gave a public demonstration, Tuesday night, of work they are doing. It was under the direction of Miss Myra Hilliard, head of the commercial department of the school. Twenty-eight boys and girls are taking these subjects in the high school this year and remarkable progress has been noted. The two most interesting features were the demonstrations of speed in typewriting and shorthand.

The auditorium was crowded with visitors. Addresses were delivered by Dr. Jim Camp, president of the board of trustees; W. H. Browning, Jr., president of the Pecos Chamber of Commerce; Rev. L. L. Thurston, Rev. J. M. Garner and Superintendent P. J. Rutledge.

Former students and graduates of this department are filling responsible positions in offices and commercial houses throughout the country.

Another interesting part of the program was the alphabet drill given by little folks of the first grade, under direction of one of the teachers in that department.

TENT THEATER COMPANY TO SHOW HERE SHORTLY

The Hila-Morgan Tent Theater Company, paying all royalty plays, will show in Pecos one week, beginning Monday night, Nov. 28th. They will show on Monday night the "Brat," Tuesday, "In Old Kentucky," Wednesday, "Polly Anna," and Thursday "Daddy Long Legs." M. E. Axtell advance agent for the company, was in Pecos Friday morning.

A movement has been started in San Antonio for a legislature of forty to give full time and handle all of Texas' lawmaking.

Colds Cause Grip and Influenza

LAXATIVE BROMO QUININE Tablets remove the cause. There is only one "Bromo Quinine." E. W. GROVE'S signature on box. 9c. (Advertisement)

To Cure a Cold in One Day

Take LAXATIVE BROMO QUININE (Tablets) that stops the Cough and Headache and works off the Cold. E. W. GROVE'S signature on each box. 9c. (Advertisement)

PRUETT LUMBER CO.

Twenty-five years experience in Pecos should give us an idea about how to supply your wants. We are always on the job. Lumber prices have hit the bottom. Now is the time to get ready for the next oil boom which is expected daily.

THE PECOS VALLEY STATE BANK

PECOS, TEXAS

Member Federal Reserve Bank
GUARANTY FUND BANK

A Safe Place For Your Funds

To Acreage Owners and Buyers:

The PECOS VALLEY OIL FIELD is coming to the front. The PECOS VALLEY will be a big oil field shortly. Many fortunes are made or lost in a new oil field, and the man that has first hand, reliable information, makes the money. Real EXPERT information is necessary and worth a lot of money at the proper time. If you own acreage here and your residence is elsewhere, you need expert advice from now on. If you figure to buy oil properties here, you need expert advice also. For the last two years I have been at the services of one of the oil corporations here, the first corporation to make extensive geological surveys of his field and open and prosecute drilling operations in Reeves, Loving and Ward Counties. I have obtained day by day, by personal experience, work, study and association with some of the best Geologists that have made various surveys of this field, informations and data of immense value. A special Geological report and survey on a certain tract of acreage, would cost hundreds of dollars, and not all oil investors or oil property owners can afford to employ and pay big prices to technical experts to secure special reports on what they want when they want to buy or sell, unless it involves a large amount of money. They generally rely upon public information, friends advice, hearsay, luck or promoters' literature, etc. and most of the time buy valueless properties or sell valuable acreage at the wrong time. On account of my work in this field, the experience and knowledge I have of it, my past experience in other fields, and my constant study and observation of all development work now going on, am prepared to give CONFIDENTIAL INFORMATIONS on any piece of prospective oil property, or any well in this field, by mail or wire, at any time, for \$5.00, and such informations, if taken as they are, can be worth a lot to you, or save you from loss at the present or in the future. If you are an oil man you need my advice and wires more than anyone else as they will be worth hundreds of dollars to you in railroad fares and time. When you come to the conclusion that you need disinterested expert advice, and you must have it in a hurry, write me what you want to know enclosing money order or check for \$5.00, state if you want an answer by mail or wire, and I will give you the information and advice you ask, based on my own knowledge of actual facts and conditions as they are. Reports and surveys of any tract at prices to be agreed upon.
