\$2.00 PER YEAR, \$1.25 FOR SIX MONTHS.

BELL WELL NO. 1 BLEW IN WITH 30 MILLION FEET GAS

The gas strike in the Bell well made last Saturday about noon was very much the biggest strike that has ever been made in this field. Mr. Gallagher, the driller who is familiar with the handling of gas wells estimates the initial production as at least, 30,000,000 cubic feet per day. This has settled down to a steady production of about eight or ten million cubic feet per day. For the first four hours the gas flowed with terrific force, cleaning out the debris in the walls of the well. After flowing about four hours the water which has been giving trouble back of the last string of casing began to show in the gas. It would seem that the gas has sucked in the sand and silt that had held back the water and permitted it to come into the well.

At the time the old derrick was burned and the new derrick was erected it was not expected that it would be necessary to handle casing and the calf wheel for that purpose was not rigged up. The crew are now busy rigging up the calf wheel and expect to have it in working order by Saturday night, after which the five and three-sixteenths inch casing will be pulled, gas will be plugged off and the casing will be re-set below the last water showing, after which the plug will be drilled out and it is expected that it will be possible to drill on down to the oil body which is believed by everyone to be immediately below this big gas production. It is known that the gas came from a very black lime and it is expected that in the lower part of this formation the big oil well will be found. The members of the Dixieland Syndicate here are jubilant and believe that it is a matter of three or four weeks only until they will have a very big oil well.

P. V. WATER USERS BOARD TO MEET IN PECOS MONDAY

The first meeting of the recently elected board of the Pecos Valley Water Users' Association of Texas, is to be held at the Pecos Chamber of Commerce Monday, March 27, at 1 p. m. At this time the bylaws committee will make its report and a permanent organization will be perfected to deal with the United States reclamation service regarding the problems that are expected to arise during the construction of the Red Bluff reservoir. The reclamation service is now conducting geological surveys of various dam sites along the Pecos river, the Red Bluff site being among them.

PECOS VALLEY STOCKMEN HAVE PLENTY WATER

With the first waterings of the season completed, the Balmerben irrigation reservoir is filled and the farmers of the territory southwest of Pecos are facing the growing season with one of the biggest supplies of water on hand for years.

Practically all available land in the valley is being put in cultivation this year, the cotton fields which lay idle last year being utilized for wheat, alfalfa and some cotton. About 1000 acres of wheat is planted this year to be harvested in June. At the present time the growing alfalfa fields are being pastured with cattle from the surrounding ranches, due to the dry ranges.

HOOVER IS CHAUFFEURED BY HIS DRIVER IN EUROPE

When Herbert Hoover arrived in El Paso this week, he was met at the train by a Cadillac car, with Floyd Oden, of Pecos, Texas, at the wheel. As Mr. Hoover approached the car he gave the driver the "once over" and recognized the man who had chauffeured him in Europe during the days of food distribution.

Mr. Oden came to El Paso with the special purpose of driving Mr. Hoover during his stay in the city. The Cadillac was loaned by L. M. Lawson of the reclamation service. When Mr. Hoover left the city he remarked that Oden was a "darn good chauffeur" and the Cadillac a "darn good car."—El Paso Herald.

POSTMASTER "EXAM" CALLED FOR PECOS APRIL 18TH NEXT

At the request of the postmaster general, the United States Civil Service commission announces an open competitive examination April 18, 1922, to fill a vacancy in the position of postmaster at Pecos, May 20, 1922.

The salary paid to the postmaster of Pecos is \$2500 per year.

The Enterprise does not constitute the above order as being indicative of any immediate change in the postmaster of the Pecos office, as in a number of instances in which examinations have been called and applicants qualified more than a year has elapsed since the order was issued.

This paper trusts that the present incumbent, H. N. McKeller, is permitted to hold the place so long as he renders to the public the high degree of service which has characterized his administration of the office. Of course there is no earthly reason why he should be displaced except for the fortunes of politics and the Civil Service was founded to take the appointment of postmasters out of politics, but it don't work except in theory.

Why should Pecos have to swap postmasters and lose one of its most capable administrators perhaps getting in his stead some fellow whose only recommendation to the powers that be are that he votes the ticket straight?

But of course this editor might as well "holler" in the proverbial rain barrel for all the good his logic will do in this matter.

O. T. Norwood Starts Cash Grocery Store

Pecos is to have a brand new grocery store, headed by a brand new groceryman, though a fellow townsman whom everybody knows and likes. O. T. Norwood is to direct the new enterprise, which will be housed in the Wain-Lipscomb building formerly occupied by the Pecos Drug Co.

The name of the store will be the Norwood Cash Grocery. The location is ideal for mercantile trade and Mr. Norwood is a booster which should inject success in the enterprise from the very start.

Announcements and Comments By the Methodist Pastor

What a heritage is ours in this advanced hour of the Christian age! What for instance, should we do without our good songs?

I was lead to say this when I was thinking of God's blessings upon us since my last note to The Enterprise and memory brought up these inspiring words from an old hymn:

"Safely through another week, God has brought us on our way."

Then followed that worthy for ward look and prayer:

"May we each a blessing seek, Waiting in His courts today."

Last Sunday was an encouraging one to us. Pretty good crowds and interest, and a young man joined the church in the evening on profession of faith. He professed to have been converted on the Sunday evening before.

And that reminds me to say that I had a good text that evening any way. Here it is: "Whoever shall fall upon this Stone (Jesus Christ) shall be broken, but upon whomsoever it shall fall it will grind him to powder."

Next Sunday is called World Sunday by the Methodists because every where they are going to consider a world-wide and eternity long plan which God has inaugurated and Christians are endeavoring to carry out. My subject will be "World Empire" and will involve a discussion of worthy ambition. What about Alexander the Great, Napoleon? What about Billy Kaiser and his bunch? All young folk will find the subject profitable; all of every varying age will do so.

In the evening I offer, God assisting, an old-time-religion theme, "Co-operation of God and Man in Man's Salvation."

I am doing my best to be a true Christian minister and appreciate the prayers and co-operation of all men. I want to be true to God and the souls of Pecos people. I want to preach as should "A dying man to dying men."

L. L. THURSTON, Pastor

The Pecos Mercantile Co. is brightening up the woodwork on the outside by a coat of paint and if you do not wish to paint up your best suit, better not back up against this store until the paint dries.

Billy Sunday still a la Fairbanks

Billy Sunday, noted baseball evangelist, is still putting them over the plate on the Sayward Trail, a la Doug Fairbanks, as shown here, despite his years. This new picture was taken in Washington when Billy stopped off to lunch with the President while on his way to Sparanburg, S. C.

DISPENSER OF SOTOL TAKEN AT TOYAH SUNDAY EVENING

Sheriff E. B. Kiser and Deputy R. G. Middleton were probably missed from Pecos church congregations last Sunday evening, but they were conducting a little service of their own at Toyah, in which they impressed several sons of Maximilian that the way of the transgressor is hard, and especially the persuasion that concocts a beverage in violation of the Eighteenth Amendment.

The two officers secured a resident deputy at Toyah and gained admission to a house which was under suspicion without the owner of the place knowing of their entrance. Not long after they were inside the house than along came two native sons, who were admitted by the officers without their identity being known. Upon search of the persons of the two Mexicans, each revealed an empty bottle in their hip pockets.

It appeared from this search that patrons of the place were required to furnish their own containers before they could become possessed of the "liquid joy."

Next comes one hombre, who upon search divulged possession of a bottle which was filled with the beverage which is said to make a Mexican defy a vinegaroon in his own hole. A little Sherlock Holmes reasoning fastened the ownership of the premises upon this fellow.

Now bobs up the artillery which was to become mixed with the "liquid joy" for a fandango to which the young man was hastening. The Mexican, a youth who had barely reached his majority, is well known among the Mexican population in Pecos, and is said to have been warned by his father before leaving for the evening's festivities that he had better leave his side arms at home. To which the youth is said to have replied jovially, that he was not afraid, as the sheriff rarely visited the Toyah section.

The premises were equipped with a trap floor under the bed, while several jugs some containing spirits and others empty, were found. The brand of the beverage was sotol, made from that yuccalike plant of the genus Dasylirion resembling mesal and is said to be pretty rank poison.

Mrs. Mary B. Green Buys Bankrupt Stock

The stock, fixtures, etc., of the O. J. Green Mercantile Co., adjudged bankrupts and order of sale issued for disposal of the assets of the concern on March 18, was bought by the Dublin Mill & Elevator Co., and sold this week by private conveyance to Mrs. Mary B. Green.

Oram Green has assumed the management of the business, and it will be conducted under the name of the Cash Mercantile Co.

J. G. Love was a business visitor in El Paso this week.

WHIRLWIND DRIVE FOR BAYLOR RE-BUILDING PROGRAM

Rev. J. M. Garner, pastor of the Pecos Baptist church, left Wednesday night for Sweetwater, where he will preside, as chairman for West Texas, in a meeting held for the purpose of perfecting plans to promote an intensive rebuilding campaign for Baylor University.

Rev. Garner has also been designated a member of the "Flying Squadron," composed of Gov. Pat Neff, Judge R. H. Hamilton, Judge R. N. Buck, Dr. L. R. Svarborough, Judge Wm. Pierson, Dr. Geo. W. Truett, Dr. I. E. Gates, Dr. T. V. Neal and others, to promote this campaign in speaking dates over the State from March 25 to April 5.

Rev. Garner has advised his congregation that his connection with this campaign may necessitate his absence from the city for the greater part of the time of the next two weeks.

Grandfalls Merchant Locates at Pecos

L. Wadsworth, of Grandfalls, this week purchased the stock and fixtures of the Pecos Dry Goods Co., bankrupts, the transfer being made by Higginbotham, Bailey & Logan, of Dallas, who bought the merchandise and other effects of the concern under an order of sale which was conducted last Saturday.

Mr. Wadsworth has been in the mercantile business at Grandfalls for the past ten years and is credited with having achieved a large measure of success in this line of business.

He will continue his business at Grandfalls, but will move here to give personal direction to the store at this place.

Legion Follies Makes Date at Carlsbad

The "Legion Follies," a minstrel production which was put on in Pecos a few night ago by a cast comprised largely from the membership of the local post of the American Legion, has been booked for an appearance in the Crawford Theatre at Carlsbad, Saturday evening, April 1, according to W. W. Dean, who made a trip to the City-Beautiful last week to perfect an engagement.

The production made a decided hit in Pecos and it is certain to meet with the approval of that contingent of Carlsbad folk who realize the value of mirth as a tonic for driving away the blues.

SARAGOSA COUPLE WED. Pink Harbert and Miss Mabel Black, obtained license to wed from the County clerk's office in Pecos Saturday, and it is understood that they were married at Saragosa Sunday, where they reside.

WEEK'S DRILLING RECORDS PROGRESS IN PECOS OIL FIELD

Interest in the development of the Pecos oil field has been intensified this week in the striking of an immense volume of gas at the Bell well No. 1, being drilled by the Dixieland syndicate on S. W. 1-4 section 20, block 2, H. & G. N. Ry. survey. The well has been making enough gas for some time past to furnish fuel for motive power, but it blew in with such proportions on Saturday of last week as to place it in the column of a gasser of commercial volume.

The owners of the well estimate the present production at approximately eight million cubic feet daily.

The strike was made under a 15-foot layer of white lime. As the stream of gas is bringing out considerable black lime in chunks which is said to be different from any heretofore found in the hole, it is the belief of the management that the bit has just touched the top of the black lime.

The tools have not been run into the hole since the strike as a four-inch bit is being used, and the officials of the company state they are unable to announce the plans until drilling is resumed and they are better acquainted with the formation.

TOYAH-BELL WELL Since the last report of The Enterprise, the Toyah-Bell No. 2, being drilled by the Ramsey Oil Co., section 80, block 1, W. & N. W. survey, Loving county, suffered the loss of their derrick by collapse, which occurred on Saturday of last week at high noon.

The crew had fastened their tool to the 5-16 inch casing preparatory to pulling it, and left the rig in this position when they knocked off for dinner. The high prevailing southwest wind of the day contributed its share to the strain of the derrick, and it collapsed, fortunately with no one in the danger zone of the falling timbers.

Work of rebuilding the rig was immediately begun, and at this writing a new derrick looms over the site and the task of pulling the casing will be resumed.

The owners of this well are meeting with most of the adversities which are said to follow in the wake of the pioneer development of oil fields, but in the face of one mishap after another they are rising Phoenix-like from the ashes of yesterday to the full realization of the hopes of today.

The well is now in charge of a production expert who came here from the Ranger field, who will put it in readiness for a shot of nitroglycerine if this expedient should be deemed advisable to make it a commercial producer. This hole has already made oil history for the Pecos field, and it is the belief of many, said to be shared by the expert in charge now, that production may be secured in a large measure by shutting off the water which has for long been a controlling factor in its development.

THE LAURA WELL

The Laura well, being drilled by the Sunshine-Federal Corporation on section 17, block 4, H. & G. N. Ry. survey, has just completed the filling in with 200 sacks of cement of an otherwise insurmountable cave-in which was encountered just below the 2300-foot level where 8 1/2 inch casing was set. Henry Deutscher, controlling owner of the stock in this corporation, was here last week directing the details for the further extension of this development, which holds intense interest for a large number of investors and others interested in the field.

LOS-PECOS WELL

Edwin F. Smith, of Los Angeles, trustee for the Los-Pecos Syndicate, arrived in Pecos Wednesday night and will be here for a few days to look over the field and inspect the work that is being done at the Los-Pecos, and to consult with Arch. W. Bell, manager, with reference to the further development that is contemplated by the syndicate.

Mr. Bell reports that they are still working at clearing up the hole at the Los-Pecos well to carry it on down to the depth of the Bell well, which is less than one-half mile east, or deeper if necessary to secure production. The Los-Pecos site is on the N. W. 1-4 section 20, block 2, H. & G. N. Ry. survey.

RIVER WELL NO. 2

River well No. 2, being drilled by the Arthur-Pitts Oil Co., on 25-33 H. & T. C., in Ward county, has not made much drilling headway during the week, owing to the loss of the bit from the drill stem at 3450 feet. It was necessary to send to a distance for a horn socket with which to fish for the bit, and no sooner had it arrived Wednesday afternoon and

HAPPINESS WORLD'S GREATEST SUCCESS SAYS PHILOSOPHER

An Englishman, whose name I can't now recall, has written a very interesting book called "Fame and Failure." It is a character study of celebrities who have risen only to fall. In the introductory notes he makes the very significant statement that, "The successful are seldom happy, while the happy rarely attain success."

This instantly gives rise to the question, "What is success?" Was Beau Brummell a success because he was London's most celebrated dandy, yet never happy because of the insecurity of his place and an insufficiency of money? Or, was Brummell's loving wife and three healthy children, and enjoyed complete bliss?

Happiness is the one thing everybody strives for. If a man directs his energies to the making of money, it is because he thinks money will bring him happiness. If he enters politics and seeks high office, it is because he believes that great honor will bring him great happiness. He enters marriage because he believes he'll find happiness in the wedded state; he undertakes to rear children for the same reason.

The care of self is the first law of nature. Destroy the desire for self-improvement, self-preservation and self-satisfaction, and you take away the impelling force of progress. Men naturally seek that which they feel will bring them the greatest degree of satisfaction. The manifestation of this pre-natal instinct causes men to dream, and plan, and build, and to give the best that is in them to whatever task they apply themselves.

What is money if it doesn't bring happiness? What is fame if it brings only misery?

Then, if a man be acclaimed a success by the world and has not happiness; what does it avail him? What recompense can he claim for his toil?

Love in a cottage has ever been the ideal of happiness, and since happiness is the one thing for which men work, plan and dream, the man who finds happiness is unmistakably the world's greatest success.

I asked a mother a few days ago what she wanted to make of her two small sons. "I don't know," she said. "I want them to be happy. If they find happiness in any honorable work, I'll be satisfied."—Southwestern Machinery.

S. Thoisander, brother of Mrs. F. W. Fiehrer, who has been here on a visit for some weeks left Wednesday night for his home at St. Paul, Minn.

conveyed to the site than the drillers proved its merit in ending the trouble. Some dead oil has been encountered in the last few feet of drilling in this hole.

A bailer was lost in the hole Thursday, but was recovered with very little delay. The hole is now around the 3500-foot level.

PECOS-ANGELES

The Pecos-Angeles is drilling below 1000 feet. A night shift has been added to the crew. This well is located on section 68, block B, H. & G. N. Ry. survey.

WILLOUGHBY NO. 1

Willoughby No. 1, on the Cowman ranch in western Reeves county, has not completed setting casing at 550 feet.

THE BELL WELL

Ira J. Bell, controlling owner of the syndicate, returned from a visit to the East early Friday morning and was immediately taken to the well where he conferred with the drillers as to further operations. Returning at noon Mr. Bell stated that casing would be pulled and re-set in order to make water shut-off. When this is accomplished drilling will be resumed to complete the test.

PINAL DOME

Report Friday from the Pinal Dome test in Loving county was to the effect that drilling was progressing at 5135 feet, in a grey sand formation, the same in which the first oil strike was made at 5031 and an increase at 5050. The management has announced that drilling would be continued in this test until a change in formation was recorder. Oil and water is now standing in the hole to within 1000 feet of the top.

TOYAH-CENTRAL

The Toyah-Central Oil Co., in charge of Col. H. D. Green, of Redding, Pa., will start construction of a derrick at once over the 1000-foot hole which was drilled on section 4, block 72, school land, about 16 miles west of Pecos in Reeves county. Timbers are here for the construction of the derrick. A deep test will be made of this location, it is announced.

ROTAN PRESENTS
 CASE OF COMMUNITY SELF-HELP

Plans have been perfected jointly by the Rotan Chamber of Commerce and the Rotan Poultry Association by which an egg laying contest is to be put on covering all of West Texas.

A delegation representing the two Rotan organizations made arrangements to have the West Texas Chamber of Commerce to participate in the plans and that organization will lend its whole support to the movement.

The movement will be open to all persons in West Texas and elsewhere. The city hall will be used for the contest. Adjoining the city hall the Rotan Poultry Breeders' Association erected a modern poultry farm building to be made of concrete.

B. W. Eaton, former county demonstration agent for Fisher county, will have charge of this poultry work.

At the Fourth Annual Convention of the West Texas Chamber of Commerce to be held at Plainview May 22 and 23, representatives of the egg laying contest will present their plans in detail to the convention and will at that time receive applications for entrance in the contest. J. C. Corhn will talk on this plan at the convention.

WHAT IS MILK?

J. H. Lockey, Houston Normal College.

Would you feel honored if you were invited into an Arabian home and had a glass of mare's milk placed before you for you to drink? Would it be any more appetizing to know that the milk was from a goat or ewe? Many civilized countries use milk from these animals. Yet, the average American shudders at the thought of it. Custom has selected our foods for us and we follow that custom. You would not refuse a glass of fresh milk from a cow, would you? Yet, do you know what milk is?

Milk is composed of a number of substances, the most important of which are water, fat, albuminoids, sugar and ash.

Water makes up about 87 per cent of the total volume of milk, the purpose of the water being to hold the other substances.

The amount of fat contained in milk varies according to the quality and breed of the animals. The average for ordinary cows is about 3 1/2 percent. This total fat substance is a mixture of several fats. There are two kinds, the volatile and non-volatile.

The volatile fats compose about 15 per cent of the total fats contained. These fats give milk its characteristic odor and flavor. Butyric is the most important constituent of the volatile fats and decomposes readily. This decomposition forms butyric acid which causes butter to become rancid.

The non-volatile fats make up about 85 percent of the fats and are composed chiefly of olein, stearin and palmitin. These fats are simply glycerides of the fatty acids. These hard fats, palmitin and stearin, melt at the high temperatures but olein begins to melt at about 40 degrees F. Ordinarily, butter melts at 92 degrees and the hardness of butter depends on the amount of the solid fats contained. The color of butter is determined by the palmitin.

Casein is the principal albuminoid and is of most importance to us. The casein of milk is not in solution but is in suspension. Casein is the part of milk that builds tissue when taken as a food and plays a prime part in the manufacture of cheese. It is easily precipitated by the use of rennet but is not acted upon by heat. All in all, the albumin of milk is very similar to the albumin of the blood.

Sugar contained in milk is just the same as cane sugar. That is, it has the same chemical formula, but is called lactose. This sugar undergoes decomposition readily in the presence of certain ferments but is not easily crystallized. When this sugar decomposes, it forms lactic acid which acts as a check on fermentation. All milk sugar is in solution in the milk serum.

Ash forms about 1 percent of the milk and is composed of lime, phosphates, potash, soda, chlorides and magnesia. These salts are usually in solution.

Lactochrome is a peculiar substance in milk and gives its characteristic color. Some chemists believe that chlorophyll or green coloring matter in feed affects the lactochrome because milk has its highest color when green feeds are fed.

There are a number of other elements contained in milk that are of minor importance but those discussed are the principal parts of the whitish fluid that feeds our babes and nurses the sick and weak back to normal health and strength. If milk were taken from America, the fats, albuminoids, sugars and ash could not be supplied in any other form that would be so easily digested.

AMERICAN SOLDIERS
 TO LEAVE GERMANY
 BY JULY FIRST

Washington, March 23.—All American troops will be out of Germany by July 1, under orders issued by Secretary Weeks today by direction of President Harding. About 2000 officers and men are directly affected. The announcement of the decision for complete American evacuation of German territory was made by Secretary Weeks at his first act on return from a vacation in Florida. The order had no relation, he said, to the wrangle in Congress over further reduction of the size of the army nor did it result from the correspondence between the state department and the allied commissioners over the American demand for a share in German reparations payments.

The original order of the President it was pointed out, directed that all troops on the Rhine with the exception of not more than the single infantry regiment and artillery and other auxiliary detachments be brought home on army transports as rapidly as possible. The movement is now in progress and the work of the two transports running in the service will be continued under today's instructions, Mr. Weeks said, until the remaining troops also have been returned, which will be before July 1.

The war secretary made no objection to steps that would be taken to turn the Coblenz sector over to the allied commanders.

THE BANKER'S ASSISTANCE

Yesterday I called at the bank to talk with my banker. I call him "my banker" because I feel an interest in him and he in me and because the bank is a benefit to me in a business way. I did not ask for a loan, though I have on former occasions and have secured them. My object was to seek information on financial matters and the probable return of normal conditions in business and farming.

It is surprising how a few suggestions will benefit one. Without magnifying my lack of information on these matters or assuming a stilted attitude, the banker gave me facts, suggestions and directions for plans I have nourished for years, but could not put into execution. He did not tell me what crops to grow, how to manage my farm or censure me for not doing this or that. He did not profess to know how to farm. What he did know was finance, business and essentials for profitable transactions in commerce, finance and farming.

When asked for definite suggestions as to using capital in farming, making permanent improvements, cashing notes, borrowing to improve, etc. he was informed, sympathetic and concise. He even volunteered to assist in some financial problems which would have been difficult, perhaps impossible for me, but which are easy for him. I left relieved, even elated at the prospects of a brighter future and achievements I have cherished for some time.

I hope I may be pardoned for assuming that there are thousands of farmers in the Southwest that need the suggestions I received from my banker. I believe it is true. I believe there are such bankers as I have described in most towns of the Southwest. Permit me to suggest that farmers with financial burdens take them to the banker. But before bankers feel an interest in farmers, farmers must have deposits in banks. That is the requirement for calling the bank "my bank."

What advantages there are in having a bank account! Farmers must buy and sell. When one pays with checks it gives him prestige. No receipt other than your canceled check is needed;

LIFT CORNS OR
 CALLUSES OFF

Doesn't hurt! Lift any corn or callus off with fingers

Don't suffer! A tiny bottle of Freezone costs but a few cents at any drug store. Apply a few drops on the corns, calluses and "hard skin" on bottom of feet, then lift them off.

When Freezone removes corns from the toes or calluses from the bottom of feet, the skin beneath is left pink and healthy and never sore, tender or irritated.

**You never knew that
 Corn Flakes could be
 so wonderful
 as Kellogg's**

"Say, Captain, let the enemy come on! We can hold out a long, long time with this big box of Kellogg's Corn Flakes! Wish it was time to eat now!"

Kellogg's are a revelation, not only in Corn Flakes, but in cereals! Such delicious flavor, such crispy crunchiness never before was believed possible in corn flakes! You have a great treat awaiting you the very first time you sit down before a generous bowlful of Kellogg's Corn Flakes and a pitcher of milk or cream—and fresh fruit, if it's handy!

It isn't fair to yourself and your family not to share in the pleasures that Kellogg's Corn Flakes so generously spread over the nation—and the world. You are missing a taste-thrill! So, tomorrow morning, serve Kellogg's Corn Flakes for breakfast, or for lunch—or for between-meals nibbles! They're wonderful—and never tough or leathery or hard to eat!

Insist upon your grocer supplying KELLOGG'S Corn Flakes—the delicious kind in the RED and GREEN package that bears the signature of W. K. Kellogg, originator of Corn Flakes. NONE ARE GENUINE WITHOUT IT!

Don't forget, KELLOGG'S Corn Flakes are made by the folks who gave you the JUNGLELAND Moving Pictures. Coupon inside every package of KELLOGG'S Corn Flakes explains how you can obtain another copy of JUNGLELAND.

Kellogg's CORN FLAKES

Also makers of KELLOGG'S KRUMBLES and KELLOGG'S BRAN, cooked and krumbled

your cash is safe in the bank. How a cash balance at the bank makes one independent and confident!

The cash received from eggs, butter, milk, poultry, fruit, vegetables, etc., should first be deposited in the bank. Even if you need the cash and must spend it for necessities it ought to go to the bank where it is so much more serviceable to you and a help to business. It is in fact easier to save and harder to spend in the bank than in your purse. Think of the dollar you received for your eggs! If it be deposited you may pay your merchant, he may pay his clerk, his clerk may pay his farmer-produce seller, perhaps yourself; he takes the cash back to the bank, thus the money serves society.

When you are a depositor in the bank and have a nice balance you are in a position for favors at that bank. Furthermore, your banker will take an interest in you and will render you assistance that could scarcely be obtained elsewhere. And you can in a measure return some of these favors by keeping the banker informed on crop prospects, farm practice and community affairs in the country.—R. J. N. in Farm and Ranch.

"LAX-FOS WITH PEPSIN" is a specially-prepared Syrup Tonic-Laxative for Habitual Constipation. It relieves promptly but should be taken regularly for 14 to 21 days to induce regular action. It Stimulates and Regulates. Very Pleasant to Take. 50c per bottle. (Advertisement)

**You Can Depend On The Man Who
 ADVERTISES**

Nine times out of ten you will find that the man who advertises is the man who most willingly returns your money if you are not satisfied.

He has too much at stake to risk losing your trade or your confidence. You can depend on him.

He is not in business for today or tomorrow only—but for next year and the years to come. He knows the value of good will.

You get better service at a fairer price than he could ever hope to sell if he did not have the larger volume of business that comes from legitimate advertising and a product that bears out the promise of the printed word.

Don't miss the advertisements in The Enterprise. The live firms of the city are represented in its pages. It is the man who is broad minded in his advertising policy who will be broad minded with you.

Don't Fail to Read the Advertisements

GROSS PRODUCTION OIL & TAX YIELDS STATE MILLIONS

Activities of the Comptroller's department for 1921 disclose that over \$28,000,000 were received and disbursed, according to Comptroller Lon A. Smith, and approximately \$5,000,000 was collected from corporations operating in Texas subject to the payment of a gross receipts tax. About \$3,400,000 of this amount was collected from the oil companies, based on a tax of 1 1/4 percent of the gross production.

During 1921, Comptroller Smith issued and signed 115,055 warrants, and \$208,193 was collected by auditors of the department during the year, most of which was from delinquent oil corporations. It was pointed out by Comptroller Smith that this amount was almost sufficient to operate the department for two years.

DO YOU KNOW YOUR COW?

There is a difference in cows. Every farmer knows this; and in a general way he can tell the difference between a profitable producer and one which is a money loser, but not always.

A story comes from Iowa where a farmer had in his dairy herd two cows, half sisters of the same age. In build and appearance they were almost alike and both gave about the same quantity of milk. He valued both alike, considering one just as good as the other. Joining a cow testing association he was surprised, when examining the records, to find that one of these cows produced 520 pounds of butter fat and the other 288 pounds. From a butter fat standard one cow was almost twice as valuable as the other. This dairyman was completely fooled by appearance. It paid him to learn which cow was making him a profit and which was not.

The fact that so many farmers are feeding cows that do not pay for their own board is a factor in holding back the development of the dairy industry in sections of the country where it should pay. Good producers have always been profitable. Poor producers cost the owner money.—Farm and Ranch.

THE CHUMP

Suddenly, and with a saucy glance, she said: "Oh, don't you think it would be nice if I were Winter and you were Spring?"

"Why," said he, smiling vacuously, "certainly not! The idea!"

And she was so cool the rest of the evening that he went home wondering. Then it dawned upon him and he kicked himself.

Too late he had thought of the poet's line: "And Winter lingers in the lap of Spring."

WOMAN MAYOR, 80, WARS ON MALE VAMPS AND WETS

Magnetic Springs, Ohio.—Declaring that the efforts of the government to enforce the 18th amendment remind her of a small boy trying to dry up Lake Erie with a one-ounce sponge, Mrs. Mary McFadden, 80, who recently became mayor of this little village, let fall for the benefit of a band of church members who visited her, such pearls of wisdom as would do credit to the late King Solomon.

"Prohibition leaders must remember," she said, "that Rome wasn't built in a day, and they can't expect the few thousands agents now employed to enforce the law among all the millions of inhabitants of this country. The effect of the prohibition law will be most noticeable 20 years from now, when children will not know the meaning of the term 'whisky.'"

Replying to a question regarding her attitude on the present day girl's mania for bobbed hair, short skirts and rolled stockings, Mrs. McFadden said no real mother would appeal to the authorities or the press for assistance in rearing her own children.

Tip For Distinguishing.
"However," she said, "I believe that some of the mothers whose skirts are just as short as their daughters' should encourage the daughters to bob their hair as a mark of distinction between parent and child."

"The world isn't half as bad as it is painted. The chief trouble lies in the fact that there seems to be a band of reformers, who, for a consideration, will attempt to change anything desired changed. Less fanatical reform and more good common sense is needed, and this fact I will keep in mind, while administering the affairs of the village."

It is reported that recently a bootlegger was arrested and brought before Judge Whipp of Omaha. The judge said to the defendant: "If you drink a glass of your own hooch I'll turn you free." To this banter, the bootlegger replied: "I prefer to go to jail, I may live to get out!" To those who consider it smart to drink this illegal booze, this story should have some meaning. It should also be recalled that not only a seller but a buyer must exist to carry on a traffic against the laws of Texas and the United States. In the eyes of the court of final jurisdiction, the seller and the buyer are equally guilty, and the day is rapidly approaching when they will so be considered by the courts of our country.

IT PAYS TO ADVERTISE
In The Pecos Enterprise, Rates 40 cents an inch or 10 cents a line for readers.

OUR CONSUMPTION OF SWEETS SHOWS INCREASE

Washington.—America's sweet tooth was responsible for a per capita consumption of 97.8 pounds during 1921, which was the largest in the history of the country. The consumption of sweets has grown steadily since prohibition became effective. People of the United States consumed 10,548,451,000 pounds, or 28.4 per cent of the world's supply, which was 8 per cent greater than 1920 and 26 per cent over the average for the ten year period. The per capita consumption in 1920 was 91.4 pounds, in 1913 85.3 pounds and in 1900 58.8 pounds.

The sugar production of continental United States last year was 2,500,000,000 pounds, an increase of 30 per cent, the domestic production being only 24 per cent of the consumption. Of the amount supplied by noncontiguous territory nearly 1,000,000,000 pounds came from Hawaii, 818,000,000 pounds from Porto Rico and 338,000,000 pounds from the Philippines. Exports of sugar during the year totaled 789,000,000 pounds, a decrease of 46 per cent compared with 1920.

No Worms in a Healthy Child
All children troubled with Worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS CHILL TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a General Strengthening Tonic to the whole system. Nature will then throw off or dispel the worms, and the Child will be in perfect health. Pleasant to take. 60c per bottle.

MANY LIKE THIS IN PECOS

SIMILAR CASES BEING PUBLISHED IN EACH ISSUE.

The following case is but one of many occurring daily in Pecos. It is an easy matter to verify it. You cannot ask for better proof.

R. G. Middleton, tax collector, Pecos, says: "I certainly recommend Doan's Kidney Pills for they are wonderful. When I bent to pick up anything I became so tired I almost fell and I had to catch hold of something. The kidney secretions bothered me by passing irregularly, especially at night but Doan's Kidney Pills soon rid me of all the trouble. Whenever I have noticed any signs of kidney complaint since and have felt a little sluggish Doan's have quickly corrected the disorder."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Middleton had. Foster-Milburn Co., Mfrs., Buffalo, N. Y. (Advertisement)

WHY

HOME TRADE FALLS OFF It Always Slumps When Business Is Unbusinesslike

Most business men have this failing—they are swept off their feet when business booms.

We hit prosperity. Then starts the trouble. Everybody buys everything in sight and the merchants are caught in their own trap. They start advertising to beat the band. A riot of selling follows, the merchants OVER ADVERTISE and OVERSELL THE MARKET. Demand for goods keeps up and then comes the trip to the bank to borrow—for expansion. Then What? shortage and rising prices—a riot of buying before prices tilt to the top and a wild spree of advertising to keep the game going.

Suddenly there comes a halt. Buying slows up, and timid unbusinesslike merchants curtail advertising and the buying halt continues. Then advertising is stopped and business becomes stagnant.

When trade needs no stimulus the merchants buy space like drunken sailors, but when trade needs a strong push, they contract.

If business spent one-third the money in advertising when trade is booming and three times the money when trade is poor, business would find stability.

Now is the Time to Advertise Extensively

Don't throw chips on a blazing fire. The wood is needed when the fire is low. Advertising now means a real service to the buying public. The people want to know where and what they can buy economically.

Merchants Get Busy.

How Firestone Has Reduced the Cost of Tire Service

Size	Jan. 1921 Prices	Jan. 1922 Prices	Reduction
30 x 3 Fabric	\$18.75	\$ 9.85	47%
30 x 3 1/2 "	22.50	11.65	48%
30 x 4 Cord	35.75	17.50	51%
32 x 4 "	56.55	32.40	43%
33 x 4 1/2 "	67.00	42.85	36%
33 x 5 "	81.50	52.15	36%

HOW the cost of building quality tires has been brought down to the lowest level in history was explained by H. S. Firestone, President of the Company, to the stockholders at the annual meeting on December 15, 1921.

- All inventories and commitments at or below the market.
 - Increased manufacturing efficiency and volume production reduced factory overhead 58%.
 - Selling costs reduced 38%.
- Mr. Firestone stated, "This reduction in prices is made possible by our unusually advantageous buying facilities, and the enthusiasm, loyalty and determination of our 100% stockholding organization."
- "Due credit must be given to Firestone dealers who are selling Firestone tires on a smaller margin of profit. This brings every Firestone saving direct to the car-owner."
- The saving through first cost plus the saving through high mileage doubles Firestone economy and is daily adding new fame to the Firestone principle of service—

Foreign Advertising Representative THE AMERICAN PRESS ASSOCIATION

KEEPING THE RECORD STRAIGHT.

In order to keep the record straight and that no one may be misled, since the Richard Briscoe Post American Legion attempted to give publicity to the ones who assisted in any way in making their play last week a success, mentioning particularly several firms who gave assistance and failing to recognize The Enterprise, a few figures showing just what part The Enterprise played in this game will not be amiss.

Some of this publicity was requested by a Legion member and a good portion was given without the asking of a donation.

On February 24th the Enterprise gave this play a 65 line write-up, worth at regular price \$6.50; March 3, 11 inches display, worth \$4.44; on March 3, 60 lines write-up worth \$6.00; March 10, 10-inch display, \$4.00; and 85 line reader, \$8.50. Marking in all a grand total of \$29.44.

After the play The Enterprise devoted more than a column of space to the play worth \$17.50. Those who have tried to secure front page advertising in The Enterprise have failed as it is not for sale at any price but these readers boosting the play for which an admission was charged and which was in fact purely advertising matter, occupied front page positions.

The Enterprise does not regret having given the Richard Briscoe Post play any part of the above advertising but since it attempted to thank publicly individuals and firms who helped make it a success from The Enterprise way of thinking it would have been no more than justice to have given it credit for some meager portion of the success attained especially since they asked for the donation.

The Enterprise presumes that the Post also dispensed some paid publicity in the form of program window cards, etc., but none of this found its way to this office. It is also common practice for theatrical enterprises to compliment the press with special invitations to the attraction in the form of complimentary tickets, but no such courtesy was extended to The Enterprise in this instance.

If the Post expected to carry out a studied policy of ignoring The Enterprise in everything except in securing from its columns free publicity it succeeded well in its undertaking.

THE TAR AND FEATHER PARTY

Father Keller was whipped Saturday night and treated to a good coat of tar and feathers and ordered to leave town, which he did. It is stated that the Catholic Priest had been living in adultery, guilty of insulting ladies of the community, and accused of other acts unbecoming a good and loyal American citizen.

It is not known who applied the tar and feathers, but not a single expression of disapproval has been heard so far. Some have expressed regret that they were not invited to the party.

Keller's own congregation had been trying to get rid of him for many months, and only last November a long petition was sent to Bishop Lynch at Dallas, signed by a large number of his most influential members, praying that he be removed for sufficient cause. Catholics state that they never even received an acknowledgment of this request.

However, the tar and feather route seemed to be the most effective method of getting rid of an undesirable.

There are other undesirables in Slaton too, and we shouldn't wonder if some of them did not go the tar and feather route before many weeks pass. A start has been made and it may develop into an epidemic calculated to clean up the old town and community.

Every indication is that the tar and feather party of last Saturday night was composed of some of the best citizens of Lubbock county, men who believe in law and order, and would in no instance resort to this means of punishment if the courts could punish the guilty.

One thing this tar and feather party overlooked was picking up a newspaper man to report the affair. We hope that they will be more thoughtful next time.—Slatonite.

The above is taken from the newspaper published at Slaton as giving

evidence of the subtle argument with which the masked mob clothes itself. It will be noticed that the Enterprise makes no direct charge or statement against the victim of the tar and feather "party," but rather veils its insinuations under "It is stated." If the editor of the Slaton paper had knowledge that the Catholic priest was living in adultery and had been guilty of insulting ladies of that community, it would have been the noble and heroic role for him to have preferred such charges before the proper tribunals, and if they were disposed to laxness in the performance of their duty, he could have vacated their benches by a campaign of cold, unveiled daylight truth in his paper.

The Enterprise holds no brief for any follower of the Catholic church, priest or potentate, but it does believe and preach an Americanism that is open and above-board, unafraid of daylight, and stripped of every vestige of camouflage or cover. This paper glories in the kind of Americanism that was exhibited at Laredo a few days ago, when the representative citizenship of the community got behind their officers and issued the ultimatum "They shall not pass." And their name are legion. In fact they live in every hamlet and city in the United States in great flocks.

According to press dispatches appearing in the daily press last week with an Austin date line, Pecos is penalized 15 per cent in its key rate because of an average loss ratio for the past three years of 1.404. It means that when a rate is calculated on a risk it must be raised 15 per cent and the aggregate of the rate and the penalty is the final charge. This report stated that for the first time in its history the State Fire Insurance Commission has imposed the maximum penalty on a town because of its large fire loss for three years. While this is the sort of advertising no town likes, yet the reproof may be wholesome in its effects for correction.

PHILOSOPHY FOR 1922

Here was a man the other day that shot a fellow dead just because the chap had robbed him of \$15,000, and then tried to set fire to his house. Both were sufferin' from the same complaint—running wild without a check rein. The unfortunate avenger would laugh himself ill if he saw some chap walking down to the shore with a piece of blotting paper to dry up the ocean, wouldn't he but he was doing just that same sort of thing; trying to wipe out crookedness by killin' a crook. You can't make the world good by holding it up or knocking it down.

CATES PUBLICITY LAW

Acts of Regular Session, 35th Legislature 1917, Chapter 179

Art. 6016 1-2. Publication in newspaper of notice required to be posted; exception: That whenever by law notice required to be given of any act or proceeding, whether public or private, or relating to a judicial, executive, or legislative matter, which notice is now authorized by law or by contract, to be made by posting notices in one or more public places, such notices shall hereafter be given by publication thereof, in a newspaper of general circulation, which has been continuously and regularly published for a period of not less than one year, in the county in which said act or proceeding is to occur; provided, that nothing in this act shall be construed to require the publication of any general election notice, public road notices nor probate notices, when the appraised value of the estate in which same is issued is less than one thousand dollars (\$1,000.00) and provided further, that the provisions of this Act shall not apply to sales made under a written contract wherein it is provided that notice of sale thereunder may be posted.

In reference to legal publications The Enterprise has an opinion recently given by the Attorney General of Texas which in substance states:

If the publication has been continuously and regularly published for one year and the issues missed were at regular intervals and for reasons unavoidable legal notices therein would be valid. To be on the safe side use The Enterprise columns for legal advertising.

No business man who persistently advertised in The Enterprise ever went broke, but on the other hand were enabled to lay away a nest egg for a rainy day. Those who advertise in The Enterprise are not promised but get results. If you want to do business and make money place an ad in The Enterprise.

GETTING OUT A PAPER

Getting out this paper is no picnic. If we print jokes, folks says we are silly.

If we don't, they say we are too serious.

If we publish original matter, they say we lack variety.

If we publish things from other papers, we are too lazy to write.

If we stay on the job, we ought to be out rustling news.

If we rustle for news, we are not attending to business in our own department.

If we don't print contributions, we don't show proper appreciation.

If we do print them the paper is filled with junk.

WATCH OUTSIDE SWITCHES

Fire insurance companies are likely to cause a severe setback to the development of wireless telephony unless the owners of wireless sets display a caution that will offset attack. Chiefly the amateur "listeners in" should see to it that in the installation of their miniature plants and their outside switches they cover the local fire and building regulations. Already the insurance companies have given a fair indication of their attitude on the settlement of fire claims. Some of them have alleged that the aeriols constitute a danger, though it has been clearly demonstrated such is not a fact. Nevertheless, in cases of fire disputed claims are always troublesome, and in most cases an individual is at a disadvantage when fighting a rich corporation to which lawsuits are an incidental part of the routine day's work.

We owe the rapid development of wireless communication to the genius and interest of the American boy, and it would be a pity if in his further aid to development negligence should halt the advance of what is bound to be the most civilizing influence of the century. Watch your switches. Lightning is not attracted by aeriols but switches put up in defiance of the fire laws may be found to be costly. If, on the other hand, the plants are erected and have the official O. K. of the authorities the insurance companies will not have anything to fall back upon. Once more we say, watch your outside switches.

SPENDING MORE THAN WE MAKE

A recent official report on the finances of the Government of Canada shows that the public debt of the Dominion is increasing. In this Canada is no different than any other Nation in the world. Even the United States finds that expenditures exceed income and nearly every county and city in the country owes vastly more in 1922 than in 1920. The general tendency seems to be to find ways to increase public indebtedness rather than decrease it. Valuations are inflated in order to keep tax rates down as much as possible and open the way for issuing more bonds. Interest payments are becoming enormous, the most of which comes out of the pockets of home owners and those who must rent.

High rents are often charged with being an important factor in the high cost of living, but sifting the matter a little closer, high rents can be traced to inflated valuations and high taxes and these to the growing public debt and the necessity for raising an ever increasing amount of money with which to pay interest. The more the debt grows the more prosperous become the money lenders, but the poorer become the people. Farm and Ranch.

SOUND SLEEP EATS AWAY THE RAVELED SLEEVE OF CARE

When I was a boy I knew a man who considered that four or five hours of sleep sufficed. "Sleep is like an opiate," he would say. "The more you get, the more you want." He became a radical and later lost his mind.

Edison is the one man in all the world who can do wonderful things on a little sleep, and, according to Mrs. Edison, the wizard often catnaps in his chair.

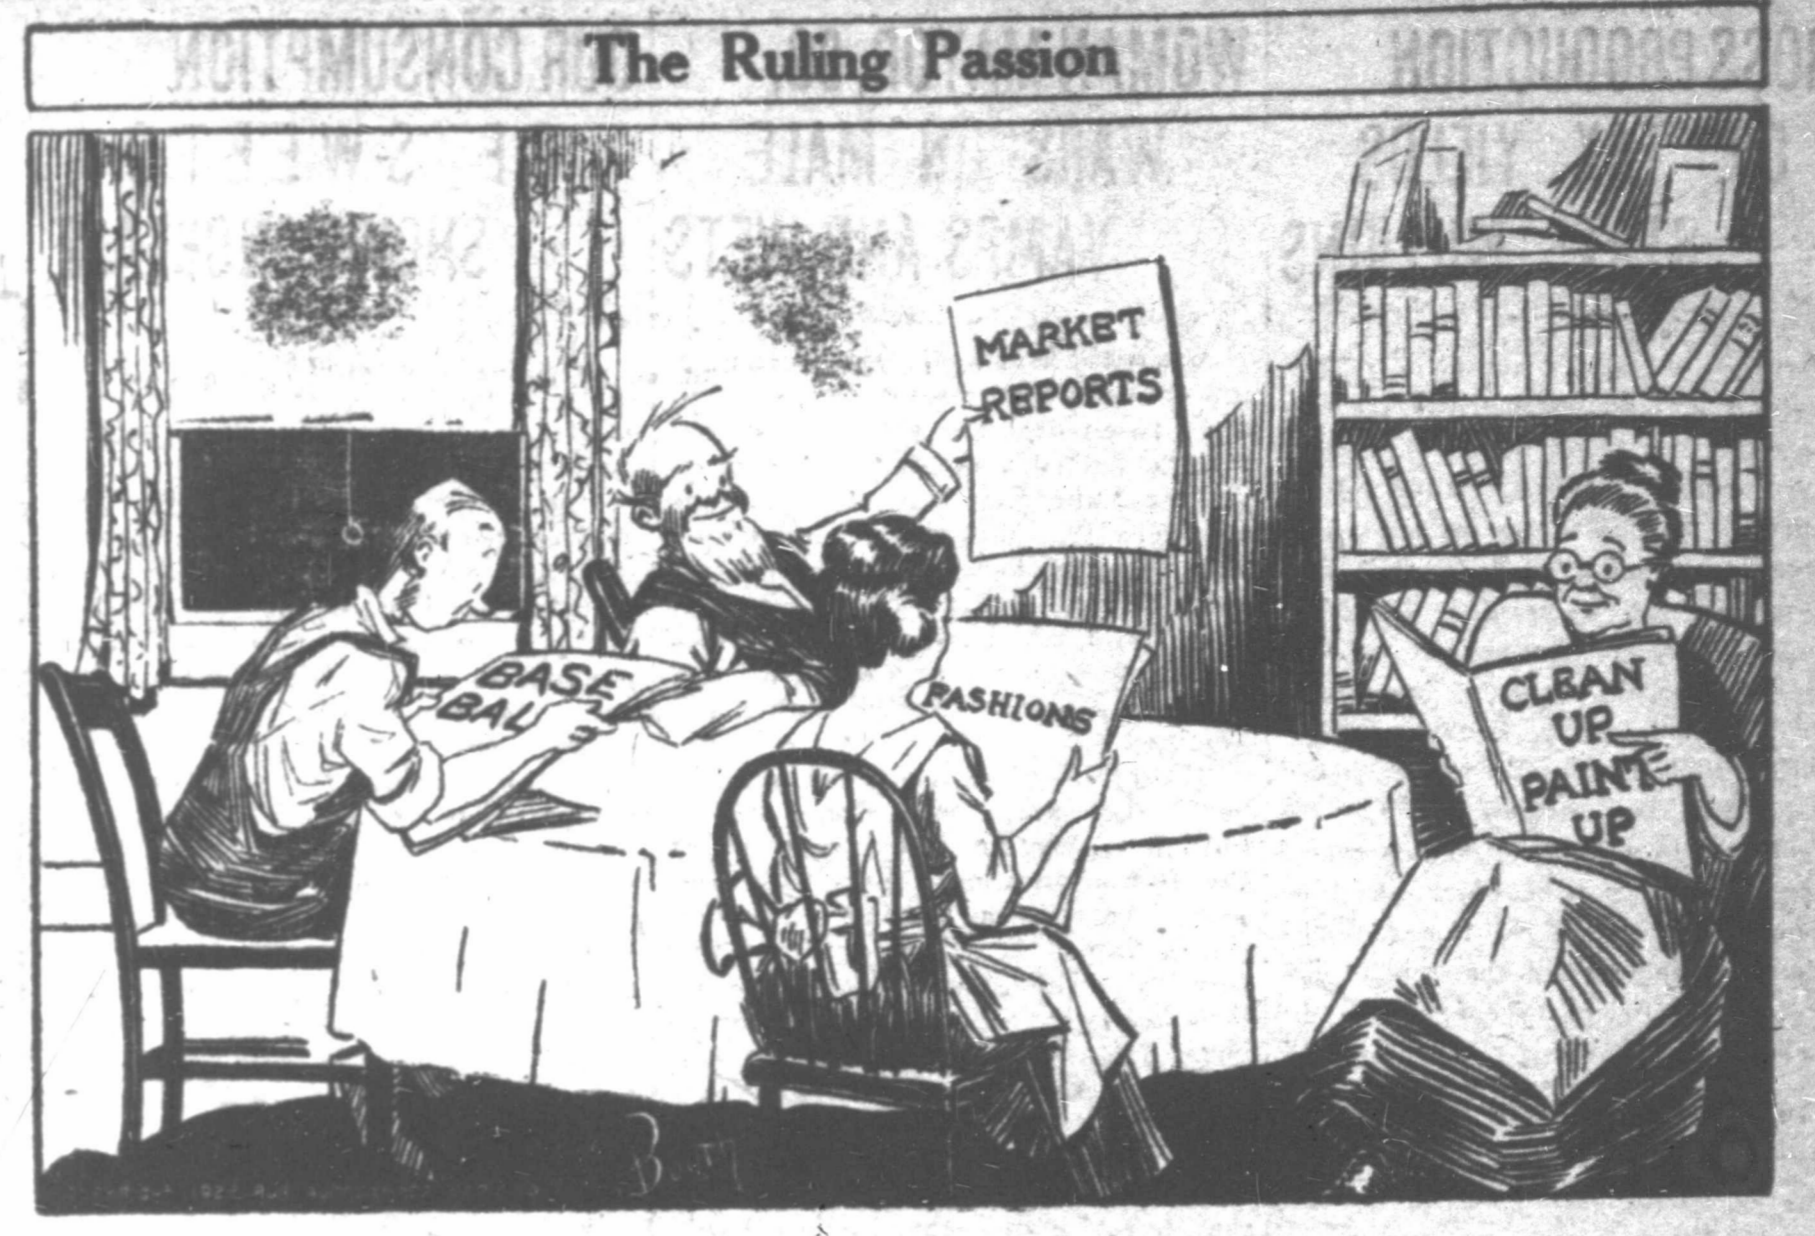

A great many men think they are losing their health, when all they need is eight hours of sleep every day.

Keep a man awake long enough and he'll confess to any crime; third-degree methods of the police have proved that. Keep him awake a little longer and he'll lose his mind; keep him awake long enough and he'll die.

The disagreeable, perverse, cantankerous individual is, nine times out of ten, nothing more nor less than a person who doesn't sleep well. By nature we are all agreeable, smiling, blessed with a sense of humor. The baby coos and smiles. The boy plays and laughs. They find something interesting in everything and everybody. They get enough sleep. The man who habitually loses sleep, doesn't see things in their true perspective; he doesn't think along a straight line; he doesn't feel natural, and consequently he doesn't act natural. He becomes moody, resentful, suspicious, and as a result he's ready to quarrel or fight on the slightest pretext. Give him the sleep that nature requires and he'll be restored to the youthful, playful self of boyhood days.

A few lose sleep because of "fast life," a majority lose sleep because of worry. If they haven't anything else to worry about, they worry about being unable to sleep. The more they worry, the less they sleep, and the less they sleep, the more they have to worry about, and the first thing you know people are saying, "What's the matter with Bill?" He used to be the finest fellow in his world, but now he even abuses his wife!" And Bill goes around worrying because people "don't understand me." All he needs is a good dose of sleep, taken regularly between the hours of 10 p. m. and 6 a. m.

Worry is a habit. Any man with a mind can easily become a worry dodger. He can especially dodge

worry when it's time to sleep. Think about all the good things in life, about being sleepy, about the good times that are to come; the first thing you know the alarm clock will be calling you to the duty of another day.

If people got all the sleep they require, we'd have fewer crimes, fewer divorces, fewer suicides, fewer business failures, fewer physical wrecks. —Southwestern Machinery.

"GENTLEMAN JIM" HAS A RIVAL

At last a heavyweight champion has appeared who likes to wear good clothes even better than "Gentleman Jim" Corbett. This new picture of Jack Dempsey shows the champ in his "open faced" frock.

FINANCIAL REVIEW

Prepared For The Enterprise By The First National Bank in St. Louis.

The exports of bituminous coal from the United States during the year 1921 amounted to 20,652,788 long tons, valued at \$122,596,704. This was a decline of 40 per cent as compared with the 1920 exports which were 34,290,254 long tons, valued at \$304,278,241. These figures do not include bunker coal laden on vessels engaged in foreign trade which in 1920 aggregated 9,362,178 tons, and in 1921 amounted to 7,647,518 tons.

Of the 20,652,837 tons of bituminous coal exported during 1921, 11,961,405 tons were shipped to Canada. The decrease in the 1921 export trade was divided mainly between France, Netherlands, Sweden, Canada and Argentine. The decrease in 1921, however, cannot be truly called a decrease from normal inasmuch as the 1920 exports were the greatest in the life of the trade, and, with the exception of the years 1917 and 1920, the shipments of 1921 were the greatest. There was a very slight increase in the importation of bituminous coal during 1921 as compared with 1919 and 1920.

Anthracite exports during 1921 were about 650,000 tons less than for the preceding year. Imports of anthracite decreased 72 per cent in 1921, the imports for that year being 7,950 tons as compared with 28,346 tons in 1920. Coke exports in 1921 declined 66

per cent from the 1920 figure, exports in 1921 being 273,888 tons as compared with 821,252 tons in 1920. Coke imports in 1921 decreased 24 per cent from the 1920 figure, 1921 imports being 27,670 tons and 1920 imports 36,735 tons.

A TONIC

Grove's Tasteless chill Tonic restores Energy and Vitality by Purifying and Enriching the Blood. When you feel its strengthening, invigorating effect, see how it brings color to the cheeks and how it improves the appetite, you will then appreciate its true tonic value.

Grove's Tasteless chill Tonic is simply Iron and Quinine suspended in syrup. So pleasant even children like it. The blood needs QUININE to Purify it and IRON to Enrich it. Destroys Malarial germs and Grip germs by its Strengthening, Invigorating Effect. 60c.

BIG RANCHES WILL ALWAYS COMMAND WESTERN AGREEMENT

The days of cattle ranching are by no means a thing of the past and on the contrary this country may look with confidence to the development of the ranching industry to a high state of efficiency, in the opinion of Dr. B. Youngblood, director of the Texas Agricultural Experiment Station.

"There is a popular belief," Dr. Youngblood said, "that the day of the big ranches is over and that we may expect them to vanish as the buffalo from the plains of the great Western areas. The real truth is that the lands that may be profitably tilled will be turned over to the hoe and the plow, but there always will remain on what has been America's frontier of millions of acres suited only to the raising of live stock. Schemes of land limitation in this country are fraught with the gravest of danger and many a heedless politician gives impetus to such a movement.

"There is in my judgment more danger of attempting to convert ranch lands into unprofitable farms than there is in the unlimited control of large areas by individuals. As long as the supply and demand shall rule our grazing lands that may with more profit yield field crops will be given over to the plow. When demand for production makes it necessary the ranchman will no longer hold his broad acres at a sacrifice.

"The plow already has made mistakes in this State. My own observations have contemplated a great area that went under the plow because the lands profitably could be plowed and I have seen another great area opened by small dry farmers and turned back to the ranchman. The Panhandle has been settled during the last fifteen or twenty years because it could provide a profitable living for the farmer. On the other hand the Trans-Pecos country no longer reveals a trace of the dugouts of the squatters I saw there fifteen years ago. The Panhandle was suited to farming. The Trans-Pecos country was not."

THE DYE INDUSTRY

The Senate Committee investigating alleged monopolies will not get much public sympathy in its attack on the du Pont interests for their alleged control of the American dye industry. Whatever may be said in criticism of the enormous business holdings of the du Ponts, there can be no disposition on the part of the public to frown on their efforts to protect themselves in the development of what we are bound to consider as a legitimate infant American industry. During the war the value of German dyes was clearly demonstrated. The relation of the dye industry to high explosives brought the lesson of foreign domination home to thousands of Americans, quite apart from the fact that we learned American dyes were of inferior quality and unsalable. When the guns began to roar America learned to her sorrow what it meant to have to depend on a foreign country for dyes. The manufacturing interests suffered severely. Even today, with all the millions that have been invested in experimenting and in developing American dyes to a proper standard, the American people are not convinced of the merit of the home manufactured product. German dyes are fast getting their old grip on the country. The dollar sign has taken the place of the flag very largely now that the fever of patriotism has waned. It will require courage and great investment to make America independent of Germany in the matter of dyes, and the government should do all it can to encourage rather than hamper American enterprise. Whatever of monopoly the du Ponts may have in other lines is quite another story. In their effort to develop the American dye industry they should be praised and helped. It is no piker's undertaking, and the nation will not suffer if a broad view of the situation is taken.

MISCELLANEOUS SHOWER
Mrs. Ed Otto, assisted by her daughters, Misses Edna and Mary entertained Wednesday afternoon with a miscellaneous shower for her daughter-in-law, Mrs. Amiel Otto. The rooms were prettily decorated for the occasion in white and blue crepe paper draped from the corners meeting in the center where was suspended massive wedding bells. Games of "42" served as pastime for those who cared to indulge and merry conversation caused the time to pass all too quickly. Delicious refreshments of bride's cake and hot chocolate were served.

The honored, who was becomingly gowned in blue and burnt orange georgette was the recipient of many useful and valuable presents of linens, china, pyrex, aluminum and cut glass, besides pieces of furniture, which she graciously received with modest expression of thanks.

Many foreign countries are clamoring for Tanlac. Its fame is world-wide. Sold by Pecos Drug Co. 1t

To Cure a Cold in One Day
Take LAXATIVE BROMO QUININE (Tablets). It cures the Cough and Headache and works off the Cold. E. W. GROVE'S signature on each box. 20c.

"David and Goliath" Is Filmed in Holy Land

Twenty stars of the American film world have arrived in Jerusalem to prepare for the filming of the old testament story of king David.

The big scene in the play is to be the fight between David and Goliath, which will be staged a few miles north of this city. Biblical accuracy is not strictly to be adhered to since the scenario provides a love scene after the battle.

About 5000 persons are to be employed in the filming of the play. Five thousand sheep, 1000 camels and 2000 goats also are to be used.

This will be the first time a production of this magnitude has been filmed in the holy land.

West Texas Has Big Feed Bill

"Paying better than \$40 a ton for cottonseed cake to feed to cattle already are carrying heavy loads of debt has added to the troubles of my part of West Texas," said R. W. Bruce of Ballinger, who was in Dallas yesterday. "In my own home, Runnels County, we have had to spend thousands upon thousands of dollars in feed bills for live stock and I am told that every head of sheep, cattle and goat in Concho County is on feed. The same state of affairs is true in Menard, McCulloch, Mason and Tom Green Counties. We are needing rain badly and the need is not new but it is particularly needed now that the lambing season is at hand, and sheepsman face the likelihood of an exceedingly short lamb crop."—Dallas News.

FRIDAY BRIDGE CLUB
Mrs. R. J. Wolf was hostess to the "Friday Bridge Club" Friday afternoon of last week at a St. Patrick party. The rooms were prettily decorated in emblems and colorings in keeping with the occasion. Five enthusiastic games of auction Bridge were played after which delicious refreshments of ice cream featuring the green shamrock and cake with whipped cream topped with cherries were served.

Club members present were: Mesdames. David Tudor, Tom Jones, John Baker, Campbell, Beck, Browning, Wingate and Wolf. Invited guests: Mesdames. W. A. Hudson, Marian Snow Hudson, J. W. Moore, Walter N. Sutherland, J. E. Starley, J. B. Howard, O. J. Bryan, Ralph Sparks, Clay Slack, Dorothy Heard, Russell, Christian and Miss Sparks.

ANNOUNCEMENTS

(Advertisements)

The following persons announce their candidacy for the respective offices subject to the action of the Democratic Primary in July:

For Associate Justice of the Court of Civil Appeals, Eighth Supreme Judicial District of Texas:
E. F. HIGGINS, re-election.
(of El Paso)

For District Judge:
W. A. HUDSON.
TOM GARRARD.
CHAS. GIBBS, Re-election.

For District Attorney, 70th Judicial District:
T. F. SLACK, Pecos.
BIRGE HOIT, Barstow.
B. FRANK HAAG.

For County Judge:
JAS. F. ROSS, re-election.

For Tax Assessor:
E. P. RICHBURG.
W. W. CAMP, re-election.
TOLBERT GARRETT.

For County Attorney:
ROY L. BIGGS.

For County and District Clerk:
S. C. VAUGHAN, re-election.

For Sheriff:
E. B. KISER, re-election.
E. G. DOTY.

For County Treasurer:
M. A. DURDIN, re-election.
C. B. JORDAN.

For County Commissioner Precinct No. 3:
A. W. HOSE.

For County Commissioner Precinct No. 2:
R. N. COUCH, re-election.

For County Commissioner Precinct No. 4:
J. W. B. WILLIAMS.

For County Commissioner, Precinct No. 1:
JULIUS EISENWIENE.

CITY ELECTION

The Enterprise is authorized to announce the following as candidates for offices of the City of Pecos subject to the action of the voters at the spring election.

For Mayor:
BEN PALMER, Re-election.
For City Marshal:
J. W. HUDGENS.
M. L. RODDY.

NEW TEXAS ROAD PROJECTS AGGREGATE NEARLY 2,000 MILES

Texas will start new road projects during 1922 that will cost \$17,265,000 and will add 1,350 miles of roads to 2,000 miles now under construction which will have a total cost of \$28,700,000, according to reports received by the United States Bureau of Roads, Fort Worth District.

Work under construction includes 126 miles of concrete and brick pavement, 325 miles of bituminous pavement, 1,190 miles of gravel and macadam roads, and the remainder, sand, clay, shell or earth; \$13,300,000 of the cost will be paid by State and Federal aid.

The cost of the new work will be shared by the State and Government paying 25 per cent each and the counties 50 per cent. Last year 1,078 miles of roads were completed, but, according to the opinion of J. D. Fauntleroy, State Highway Engineer, the number of miles completed this year will exceed that by 50 per cent.

CITATION BY PUBLICATION.

The State of Texas, To the Sheriff or any Constable of Reeves County,—Greeting:

You are hereby commanded to summon H. S. Dunn, Christian Dubach, Laura E. Dubach, Pierre P. Freyman, Paul C. Frank, George A. Rathburn, Reinhold Meierhoffer, Alfred Tinnally, Henry Deusch Henry H. Murphy, Jesse D. Murphy, Unknown Heirs of Emma C. Meierhoffer, deceased, Federal Service & Development Systems, Inc., Ben Williams, M. P. Carlock, A. P. Foster, J. O. Childers, W. C. Best, R. E. Alston, Abner Davis, Trustee; and the Federal Service Systems (not inc.), a common law trust and its trustees, A. W. Beising, W. C. Heller, F. M. Rutten, H. B. Baillie and Henry Deusch, by making publication of this Citation once in each week for four successive weeks previous to the return day hereof, to appear at the next regular term of the District Court of Reeves County, Texas, to be holden at the Court House thereof, in Pecos, Texas, on the 24th day of April, A. D. 1922, then and there to answer a petition filed in said Court on the 23rd day of February, A. D. 1922, in suit No. 2231, wherein L. H. Lamkin is Plaintiff, and H. S. Dunn, Christian Dubach, Laura E. Dubach, Unknown Heirs of Emma C. Meierhoffer, Reinhold Meierhoffer, Charles K. McKnight, Laura A. McKnight, Henry H. Murphy, Jesse D. Murphy, B. T. Biggs, Alfred Tinnally, Jno. B. Howard, Sunshine Oil Corporation, Pierre P. Freyman, Federal Service & Development Systems, Inc., Federal Service Systems, (not inc.), and its trustees, Henry Deusch, A. W. Beising, W. C. Heller, F. M. Rutten and H. B. Baillie, Antonio De Pasquale, A. V. De Pasquale, Henry Deusch, Abner Davis, Trustee, W. A. Hudson, M. P. Carlock, El Paso Printing Company, Krakauer-Zork Company, Ben Williams, Tom Simmons, Pecos Land Company, A. P. Foster, J. O. Childers, George A. Rathburn, Paul C. Frank, W. C. Best and R. E. Alston are Defendants, and said petition alleging that on or about March 28, 1914, Defendant, H. S. Dunn, executed and delivered to L. H. Lamkin, his five certain promissory notes, dated March 28, 1914, being numbered, due and in amounts as follows:—Note No. 1, due March 1, 1916, for \$1000.00; Note No. 2, due March 1, 1917, for \$1000.00; Note No. 3, due March 1, 1918, for \$1000.00;

Note No. 4, due March 1, 1919, for \$2,000.00; and Note No. 5, due March 1, 1920, for \$4,500.00; payable to L. H. Lamkin, with interest at 6 percent per annum, and providing for 10 percent attorney's fee in case of suit thereon. Whereby defendant H. S. Dunn became bound said sums specified. That Notes Nos. 3, 4 and 5, totaling the sum of \$7,500.00, interest and Attorney's fee, are now due and unpaid.

That said notes were given for a part of the purchase money upon Section Thirty-five, Block Four, H. & G. N. R. R. Sur., Reeves County, Texas, save and except right of ways for the Pecos Valley Railroad, and for the Pioneer Canal, leaving 625.50 acres; and that said deed executed upon said March 28, 1914, by L. H. Lamkin to H. S. Dunn, a vendor's lien upon said tract of land was retained to secure the payment of said notes. That said notes Nos. 3, 4, and 5 are still due and unpaid to plaintiff's damage in the sum of \$7,500.00, interest and attorney's fee.

That by a series of mesne conveyances from H. S. Dunn, the defendants, Christian Dubach, Laura E. Dubach, Unknown Heirs of Emma C. Meierhoffer, Reinhold Meierhoffer, Charles K. McKnight, Laura A. McKnight, Jesse D. Murphy, and Henry H. Murphy assumed and became bound to pay said vendor's lien notes, and are claiming some title to said tract of land.

That defendants Charles K. McKnight and Laura A. McKnight leased by an oil and gas lease to B. T. Biggs, Alfred Tinnally, and Jno. B. Howard, said tract of land above described on June 17, 1918. That said Defendants assigned said lease to the Sunshine Oil Corporation, which corporation in turn assigned portions of said lease to defendants, Federal Service & Development Systems, Inc., Federal Service Systems (not inc.), Antonio De Pasquale, Henry Deusch and other parties.

That since the execution of said deed and notes the defendants, W. A. Hudson, M. P. Carlock, El Paso Printing Company, Krakauer-Zork Company, Ben Williams, Tom Simmons, Pecos Land Company, A. P. Foster, J. O. Childers, George A. Rathburn, Paul C. Frank, W. C. Best and R. E. Alston hold judgments against Sunshine Oil Corporation and Federal Service Systems (not inc.), duly abstracted and recorded, but that said judgment liens are inferior to plaintiff's vendor's lien which is a valid and subsisting first lien upon said tract of land, above described.

That the right, title and interest of all said defendants named herein emanates from the equity of defendant, H. S. Dunn, in said land, under said deed from L. H. Lamkin to H. S. Dunn, and are all subordinate and inferior to plaintiff's vendor's lien. And plaintiff prays for judgment for his debt, interest, attorney's fee and costs; foreclosure of his lien upon the above described premises; and for removal of cloud upon his title, etc.

Herein fail not but have before said Court, at its aforesaid regular term, this writ with your return thereon, showing how you have executed the same.

Given under my hand and the seal of said Court, at office in Pecos, Texas, this 24th day of March, A. D. 1922.
(SEAL) S. C. VAUGHAN, Clerk
District Court, Reeves County, Texas.
By H. P. KERR, Deputy.

No. 2231, in the District Court of Reeves County, Texas, L. H. Lamkin vs. H. S. Dunn, et al. Citation by Publication. Issued this 24th day of March, A. D. 1922.
S. C. VAUGHAN, District Clerk.
By H. P. KERR, Deputy.

WOULD SEND CONGRESS DEBATES BY WIRELESS

Congressman Vincent Brennan of Ohio proposes a powerful radio broadcasting station be installed at Washington so that people all over the country can listen to debates on important legislative measures.

NEXT DOSE CALOMEL MAY SALIVATE YOU

IT IS MERCURY, QUICKSILVER SHOCKS LIVER AND ATTACKS YOUR BONES.

Calomel salivation is horrible. It swells the tongue, loosens the teeth and starts rheumatism. There's no reason why a person should take sickening, salivating calomel when a few cents buys a large bottle of Dodson's Liver Tone—a perfect substitute for calomel. It is a pleasant vegetable liquid which will start your liver just as surely as calomel, but it doesn't make you sick and can not salivate.

Calomel is a dangerous drug, besides it may make you feel weak, sick and nauseated tomorrow. Don't lose a day's work. Take a spoonful of Dodson's Liver Tone instead and you will wake up feeling great. No salts necessary. Your druggist says if you don't find Dodson's Liver Tone acts better than treacherous calomel your money is waiting for you.

Announcement

To the Public of Reeves and Adjoining Counties:—

In the next few days as soon as stock is received, I will open a grocery store in the corner building formerly occupied by the Pecos Drug Co. where I will be pleased to greet you and will assure you of Quality, Service and Price.

Cordially,
NORWOOD'S CASH GROCERY.
Phone 72.

SATISFACTION GUARANTEED

READ THIS AND SALESMAN CAN HAVE NUMBER

Who hath woe? Who hath contentions? Who hath babbling? Who hath corns on the bosom of his pants? Verily, he goeth forth upon the road to travel.

He goeth forth in the morning with a light heart and a starched collar, and returneth at eventide with soiled raiment and blisters on his heel.

He goeth forth like a roaring lion—seeking whom he may devour; but lo! every man he meets smiteth him. He goeth to the place where they do entertain strangers, and what he ordereth of the servants she bringeth not, and what he doth not order is set before him.

And when eventide has fallen, he sayeth unto the keeper of the house: "Behold! I would be awakened at the fifth hour of the morning, that I may depart to another country."

And lo! before it is yet light he knocketh loudly against the door, and sayeth in a loud voice: "Arise, that thou mayest depart upon thy train."

And he that would arise awaketh in haste and putteth his right foot into his left shoe, and he girdeth himself quickly. And, behold, he weareth his clothes hindside before, so great is his haste thereof.

And the collar that should be girt about his neck is coiled in the upper story of his hat.

And when he arriveth at the place from whence he would depart, he finds it only the third hour of the morning, and he leaneeth against a telegraph pole, and in his heart he revileth the keeper of the house wherein he slept.

Or perchance he asketh to be awakened at the sixth hour of the morning, and, lo! the servant man knocketh not until the eighth hour, and when he ralleth, the hired man looketh at him with a look of scorn.

He goeth forth to ride upon the railway.

Then cometh in a beautiful maiden, arrayed like the lilies, and behold she taketh a seat afar off, but the dowdy woman with five children and a wart on her nose taketh the seat nearest him. Verily, man that is born of woman and goeth upon the road is of a few days and varied rations. Today he hath much that is good, and tomorrow the food is the withered grass, yet not cleanly. Where he sleepeth, if there be much water; he hath no towel; but if the water be gone, he hath of towels five in number, and a piece of soap.

Verily, he hath cause to murmur an exceedingly great murmur.—The Shoe Retailer.

EFFICIENCY AND THE FARMER.

When, a few years ago, a well-known automobile manufacturer announced that from that time all his workmen would be paid \$5.00 a day which was a large wage at that time some people called him a fool, others a radical, and most people predicted bankruptcy. But he pulled through. The immediate reason why he was able to do this and yet sell his manufactured articles at a very small price was because his workmen had been trained to work efficiently. They had buildings designed to give them an opportunity to do the greatest amount of work with the least effort. There were few lost strokes of man power, and none of machinery.

Of course, it is well known that farmers have very little control over the price of the articles they sell. And they sell raw material. So a deal of the prospective profit depends upon what other people—the buyers—dictate. But, at the same time, there are so many farmers operating their farms at low efficiency that it is no wonder that they face a deficit at the end of each year. The farmer should regard his place as a factory—which it really is—as it turns out the raw materials which are worked over in turn by other factories into articles which can be sold across retail counters. No farmer need be a financier, a market juggler, a crook or a gambler, but he must be a business man if he is to make a profit each year instead of waiting for his profits until the fellows who dictate prices for raw materials are ready to hand it to him. There are those who will deny that there are any set of men dictating prices for farm products, but there is one fact that stands out like overalls on a bank president: The farmers are not dictating prices, or they would be getting more money.

I once knew a farmer who bought a rundown farm. This was an old farm, and a discarded dwelling was used for a barn. Barn and house were on one side of the road, and the fields on the other. The barn was so situated on a hillside that no measure could be saved for the rocks. A hundred yards below this, down a rocky incline, was a spring at which the stock was watered. Watering a team at this spring three times a day took nearly a half hour of hard toil, or nearly half a week—about two weeks' time lost in the working season. The gates on this farm were atrocious, badly hung, and had to be lifted to open, and were fastened with chains. Opening and closing six gates a day on this farm took another ten minutes a day, or about five days in a season. The barn door had been cut a

A SAD TALE.

When Ezry Nubbins went the trip, with what was called the Spanish gripe, he hired about a dozen Docs, fer Ezry Nubbins had the rocks! At first he called in old Doc Strine, a veteran of the firm's line,—but Doc was quick to lose his hope, when Ezry couldn't take his dope. An' then they called Doc Quacker in, that treated sickness through the skin, but soon old Ezry said he knew that weren't the way to knock the Flu. An' so he got a ostoquack, who found a crimp in Ezry's back, an' warned him of his awful fate unless they got his backbone straight. The Chiroquac done all he could, but couldn't seem to do no good, an' so he got a Nostopath, that squeezed his rafters, slats, an' lath, but shucks! In spite of all they done, the inflewenty tore right on,—an' while they punched an' pinched an' pried, old Ezry Nubbins up an' died.

An' then, we all, with one accord, upheld the judgement of the Lord.

Yours truly, Uncle John.

mere hole, and was fastened with a chain run through auger holes. Opening and closing this, and crawling upward 5 or 6 feet to feed horses three times a day (feed for only one horse could be carried through the hole at peril of life and limb) took a good 15 minutes of unnecessary time or a week during the working season of about thirty weeks. All this unnecessary work took about a month of the thirty-week period—a big slice you will admit. So this fellow tried to save expenses by working the farm the way it came to hand—gates and fences getting worse all the time—until he was forced to turn it back to the original owner three years later.

The next man had an idea. He built a real barn on the other side of the road and dug a well and put up a windmill saving leading his horses uphill and down three times a day besides gate opening. However he fixed the gates at the cost of four new hinges, a few brace slats, a good latch and good posts, with a few hours work. He arranged to have his manure also, which he could do, as the new place was not rock or steep. The road was a mail road, and he let the house stay on the other side. There were about ten acres on this side in bermuda, so he built a good yard fence around the house and turned the rest into a bog pasture, for which it was precisely situated. He changed the cropping system the other farmer had practiced also, and did not include so much cotton, and cut out a scrubby plum thicket to keep from having so many turn rows. The cutting of the wild plum thicket was not the act of a man who wants more soil for cotton but a man who knew what he was doing for he pruned up the old orchard so as to make it produce more fruit, so the plums were forgotten. Incidentally he set several trees of real plums, and a little later was selling some plums that would have graced the table of an epicure.

Of course, farming efficiently calls for the use of labor-saving tools. No industry can thrive with prehistoric tools, yet the one-horse single-foot plow differs but little from that used by the ancient Egyptians. They used wood plows and we have steel, and there you have the difference. Today even the one-man farmer can avail himself of such tools as sulks, one or two-row cultivators, disk and spike and spring-tooth harrows, grain drills, mowers rakes, etc. In fact, it is the one-man farm that needs these articles, in order that the one man may produce more stuff without hiring labor. Far be it from me however, to "advise" any farmer to work himself to death to produce more stuff when he gets less the more he produces. And he does if he is a one-crop farmer. One of the main things about these labor-saving tools, as well as certain prac-

tices and systems that save work, is that it will enable any farmer to do the same work with less effort.

However, the best thing to do is to diversify. Produce more, but spread out more. This makes for the independence of the farmer, without which he will continue to be fleeced each season. When this is done, organizations which aim to bring greater returns to the farmer for his product will become stronger because no farmer will be forced to dump his stuff to pay living expenses, but can live at home, and sell the stuff that brings a price which most closely approximates its real value, waiting to sell the rest until it reaches the same price level. For instance if spuds are down he can sell artichokes; if squashes are low he can sell alfalfa; if cotton is low he can sell sweet potatoes. All this will not only mean better working and social conditions for the farmers but will spell more food for the world. The Southland Farmer.

To Stop a Cough Quick

take HAYES' HEALING HONEY, a cough medicine which stops the cough by healing the inflamed and irritated tissues.

A box of GROVES' O-PEN-TRATE SALVE for Chest Colds, Head Colds and Croup is enclosed with every bottle of HAYES' HEALING HONEY. The salve should be rubbed on the chest and throat of children suffering from a Cold or Croup.

The healing effect of Hayes' Healing Honey in the throat combined with the healing effect of Groves' O-Pen-Trate Salve through the pores of the skin soon stops a cough.

Both remedies are packed in one carton and the cost of the combined treatment is 35c.

Just ask your druggist for HAYES' HEALING HONEY.

SHERIFF'S SALE

Notice is hereby given, that by virtue of a certain Execution issued by the Clerk of the County Court of El Paso County, on the 24th day of June 1921, in a certain cause where-

in M. P. Carlock plaintiff, and Sunshine Oil Corporation defendant, in which cause a judgment was rendered on the 20th day of May 1921, in favor of the said plaintiff M. P. Carlock against said defendant Sunshine Oil Corporation for the sum of Ten Hundred Fifty Two and 70-100 Dollars, with interest thereon at the rate of 8 per centum per annum from date of judgment, together with all costs of suit, I have levied upon, and will, on the first Tuesday in April 1922, it being the 4th day of said month, at the court house door of Reeves county within legal hours, proceed to sell for cash to the highest bidder, all the right, title and interest of The Sunshine Oil Corporation in and to the following described personal property, levied upon as the property of The Sunshine Oil Corporation to-wit:

All interest of the Sunshine Oil Corporation in the Laura Derrick Rig and Tools, at the Laura well, now located on section No. 17, in Block No. 4, in Reeves county, Texas.

The above sale to be made by me to satisfy the above described judgment for (\$1052.70) in favor of M. P. Carlock, together with the costs of said suit, and the proceeds applied to the satisfaction thereof.

E. B. KISER, Sheriff Reeves County, Texas.

SHERIFF'S SALE

The State of Texas, County of Reeves.

By virtue of a certain Alias Order of Sale issued out of the Honorable District Court of Reeves County, on the 16th day of December, 1921, by S. C. Vaughan, Clerk, of said Court, against Ira J. Bell et al for the sum of Eighteen Thousand Eight Hundred Seventy One and 28-100 (\$18,871.28) Dollars and costs of suit in cause No. 1937 in said Court, styled David F. Brooks, receiver, versus Ira J. Bell et al and placed in my hands for service, I, E. B. Kiser, as Sheriff of Reeves County, Texas, did, on the 1st day of March, 1922, levy on certain Real Estate, situated in Reeves County, described as follows, to-wit:

The North eighty acres of subdivision One (1) and all Sub-division Three (3) Five (5) Seven (7) Eight (8) Nine (9) Eleven (11) Thirteen (13) in Section No. 2 in Block No. Two (2) in H. and G. N. Ry Company Survey, in Reeves County, Texas, according to a map or plat of said Sub-division of said Section Two (2) of record in the county Clerks office of Reeves County, Texas, and levied upon as the property of said Ira J. Bell et al. And on Tuesday, the 4th day of April, 1922 at the Court House door of Reeves County, in the Town of Pecos, Texas, between the hours of ten A. M. and four P. M. I will sell said Real Estate at public vendue, for cash, to the highest bidder, as the property of said Ira J. Bell by virtue of said levy and said Alias Order of sale.

And in compliance with law, I give this notice by publication, in the English language, once a week for three consecutive weeks immediately preceding said day of sale, in The Enterprise and Pecos Times a newspaper published in Reeves County.

WITNESS my hand, this 1st day of March, 1922. E. B. KISER, Sheriff Reeves County, Texas. 30-4.

246

ELECTION PROCLAMATION

Notice is hereby given that an election will be held in the Town of Pecos City, in Reeves County, Texas, for the purpose of electing three aldermen for the said town of Pecos City. Also for the purpose of electing a Mayor, a City Marshal and a City Secretary for the said town of Pecos City, all to serve for a period of two years. That said election shall be held on the first Tuesday in April, A. D. 1922, being the 4th day of said month, and said election to be held at the City Hall in the said town of Pecos City, between the hours of eight o'clock a. m. and six o'clock p. m. and none but the qualified voters within the said town of Pecos City are entitled to vote therein.

C. S. McCarver is appointed presiding Judge and J. W. Wadley, Assistant Judge; M. W. Collie and C. B. Jordan are appointed Clerks for said election; and said election shall be held and due returns made thereof to the Council of said town of Pecos City as required by law.

Dated this 16th day of February, A. D. 1922.

BEN PALMER,
Mayor of the town of Pecos City, Texas.

Attest:
E. EASTERBROOK,
Secretary of the town of Pecos City, Texas. 27-74

SHERIFF'S SALE

The State of Texas, County of Reeves.

By virtue of a certain Alias Order of Sale issued out of the Honorable District Court of Reeves County, on the 16th day of December, 1921, by S. C. Vaughan, Clerk of said Court, against W. Earl Bell and Ira J. Bell for the sum of Twenty One Thousand Two Hundred Sixty and 73-100 (\$21,260.73) Dollars and costs of suit, in cause No. 1986 in said Court style David F. Brooks, receiver, versus W. Earl Bell, et al and placed in my hands for service, I, E. B. Kiser, as Sheriff of Reeves County, Texas, did, on the 1st day of March, 1922, levy on certain Real Estate, situated in Reeves County, described as follows, to-wit:

All of Section Twenty Two (22) and Twenty eight (28) in Block No. 2 H. and G. N. Ry. Co. Survey, in Reeves County, Texas, and levied upon as the property of said W. Earl Bell and Ira J. Bell. And on Tuesday, the 4th day of April, 1922, at the Court House door of Reeves County, in the Town of Pecos, Texas, between the hours of ten A. M. and four P. M. I will sell said Real Estate at public vendue, for cash, to the highest bidder, as the property of said W. Earl Bell and Ira J. Bell by virtue of said levy and said Alias Order of Sale.

And in compliance with law, I give this notice by publication, in the English language, once a week for three consecutive weeks immediately preceding said day of sale, in The Enterprise and Pecos Times a newspaper published in Reeves County.

WITNESS my hand, this 1st day of March, 1922.

E. B. KISER,
Sheriff Reeves County, Texas. 30-4t.

SHERIFF'S SALE

The State of Texas, County of Reeves.

By virtue of a certain Order of Sale issued out of the Hon. District Court of Reeves County, on the 19th day of January, 1922, by S. C. Vaughan, Clerk of said District Court, against R. L. Ledbetter, G. B. Pierce, J. E. Shurtle, C. S. Johnson, E. A. Clayton, Miami Oil Company, C. B. Hackleman, G. H. Schooling, Luther P. Hines, J. L. Hines, Chas. Harris, S. A. Burchfield, J. H. Hemphill, Arthur Holliway, J. B. Frost, Ernest Hart, F. C. Alsdorf, T. M. Robinson, J. J. Ivy, E. C. Carson, Rex R. Baxter, J. S. Horner, J. O. Fox, J. C. Hyde, W. F. Conn, F. A. Overholster, N. A. Jennett, Tom James, J. L. Brothers, Hugo Williams Oil Company, G. R. Olin, J. P. Johnson, W. M. Reilly, W. B. Kohnherst, Wilber P. Thiele, E. A. Talman, Aaron Cohen, Jim Catauro, J. H. Overstreet, M. E. Watson, Tom Kickirillo, Toyah Bell Oil Company No. 2, A. W. Rockwell, J. A. Hetherington, A. M. Alexander, Thresa Sullivan, T. W. Potter, Toyah Lub. Production Syndicate, Chas. H. Knower, Rowe Rowis, W. K. Hollifield, W. H. Robison, J. H. Hampton, F. G. Swanson, J. H. DeVillie, J. E. Smith, T. M. Edwards, R. H. Andrus, John McCarty, T. H. Newfern, T. W. McCoy, J. W. Plaston, G. B. Willingham, Oscar Roson, R. R. Rice, A. A. McGee, A. H. Smith, W. F. Stamford and W. A. Monce, for the sum of \$448.00, and costs of suit, in cause No. 2207 in said court, styled A. A. Hassan vs. J. L. Brothers, et al, and placed in my hands for service, I, E. B. Kiser, as Sheriff of Reeves County, Texas, did, on the 19th day of January, 1922, levy on certain Real Estate, situated in Reeves County, Texas, described as follows, to-wit:

All of that certain State Oil and Gas Permit No. 3925, issued by J. T. Robison, Commissioner of the General Land Office, to Mrs. Barbara Browning, on April 3, 1919, covering all of Sections 5, 8, 17 and 20, in Block 58, Public School Land, in the County and State aforesaid, the entire Permit being levied upon by me, save and except the West Half of the said Section 5, and levied upon

as the property of said R. L. Ledbetter, G. B. Pierce, J. E. Shurtle, C. S. Johnson, E. A. Clayton, Miami Oil Company, C. B. Hackleman, G. H. Schooling, Luther P. Hines, J. L. Hines, Chas. Harris, S. A. Burchfield, J. H. Hemphill, Arthur Holliway, J. B. Frost, Ernest Hart, F. C. Alsdorf, T. M. Robinson, J. J. Ivy, E. C. Carson, Rex R. Baxter, J. S. Horner, J. O. Fox, J. C. Hyde, W. F. Conn, F. A. Overholster, N. A. Jennett, Tom James, J. L. Brothers, Hugo Williams Oil Company, G. R. Olin, J. P. Johnson, W. M. Reilly, W. B. Kohnherst, Wilber P. Thiele, E. A. Talman, Aaron Cohen, Jim Catauro, J. H. Overstreet, M. E. Watson, Tom Kickirillo, Toyah Bell Oil Company No. 2, A. W. Rockwell, J. A. Hetherington, A. M. Alexander, Thresa Sullivan, T. W. Potter, Toyah Lub. Production Syndicate, Chas. H. Knower, Rowe Rowis, W. K. Hollifield, W. H. Robison, J. H. Hampton, F. G. Swanson, J. H. DeVillie, J. E. Smith, T. M. Edwards, R. H. Andrus, John McCarty, T. H. Newfern, T. W. McCoy, J. W. Plaston, G. B. Willingham, Oscar Roson, R. R. Rice, A. A. McGee, A. H. Smith, W. F. Stamford, and W. A. Monce, for the sum of \$448.00. And on Tuesday, the 4th day of April, 1922, at the Court House door of Reeves County, Texas, between the hours of ten A. M. and four P. M. I will sell said Permit at public vendue, for cash to the highest bidder, as the property of said above named parties, or Defendants, by virtue of said levy and said Order of sale.

And in compliance with law, I give this notice by publication, in the English language, once a week for three consecutive weeks immediately preceding said day of sale in The Enterprise and Pecos Times, a newspaper published in Reeves County.

WITNESS my hand, this 20th day of February, 1922.

E. B. KISER,
Sheriff, Reeves County, Texas. 30-4t.

CITATION BY PUBLICATION.

The State of Texas, To the Sheriff or any Constable of Reeves County, Greeting:—

You are hereby commanded to summon Joe Duncan, B. P. Van Horn, Mrs. C. C. Gumm, a feme sole, A. F. Luse, H. T. Luse, L. C. Weams, N. Morrison, N. Morrison, Trustee, W. D. Hammet, W. D. Hammet, Trustee, W. D. Hammet, W. D. Hammet, Trustee, A. W. Hoehn, A. U. Hoehn, Trustee, S. B. Murray, S. B. Murray, Trustee, Elizabeth T. Sanborn, a feme sole, A. C. Wyatt, Paul Angell, Charles O. Barks, J. M. Riley, Southern Consolidated Petroleum Company, a corporation duly incorporated, Carl Larsen, T. H. Christensen, George R. Davidson, D. F. Vincent, Mrs. Louise E. Myers, a feme sole, W. A. Wilson, R. G. Carter, H. B. Schlesinger, R. F. Luse and Ward C. White, and each of them, by making publication of this citation in some newspaper published in your county, if there be a newspaper published therein, but if not then in the nearest county where a newspaper is published, once in each week for four consecutive weeks previous to the return day hereof, to appear at the next regular term of the district court of Reeves County to be holden at the court house thereof in the City of Pecos on the eleventh Monday after the first Monday in February, the same being the 24th day of April, A. D. 1922, then and there to answer a petition filed in said court on the 2nd day of March, A. D. 1922, in a suit numbered on the docket of said court 2232 wherein W. C. White is plaintiff and Joe Duncan, B. P. Van Horn, Mrs. C. C. Gumm, a feme sole, A. F. Luse, H. T. Luse, L. C. Weams, N. Morrison, N. Morrison, Trustee, W. D. Hammet, W. D. Hammet, Trustee, W. D. Hammet, W. D. Hammet, Trustee, A. W. Hoehn, A. U. Hoehn, Trustee, S. B. Murray, S. B. Murray, Trustee, Elizabeth T. Sanborn, a feme sole, A. C. Wyatt, Paul Angell, Charles O. Barks, J. M. Riley, Southern Consolidated Petroleum Company, a corporation duly incorporated, Carl Larsen, T. H. Christensen, George R. Davidson, D. F. Vincent, Mrs. Louise E. Myers, a feme sole, W. A. Wilson, R. G. Carter, H. B. Schlesinger, R. F. Luse and Ward C. White are defendants, said petition alleging that on-to-wit the first day of January, 1922, the plaintiff was and now is lawfully seized and possessed of the tract of land hereinafter described situated in the said County of Reeves and State of Texas, holding the same in fee simple; that on the day and year last aforesaid the defendants entered upon said premises and ejected plaintiff therefrom, and unlawfully withheld from plaintiff the possession thereof, to his damage in the sum of \$5,000; that the premises so entered upon and unlawfully withheld by defendants from plaintiff are described as follows:

All of the east one half of section 9, block 70 Public School land, containing 320 acres, said land being situated in Reeves County, Texas, being the same land described in deed from A. F. Luse to H. B. Schlesinger dated March 30, 1915, and recorded in book 40, page 565 in the office of the county clerk of Reeves County, Texas, to which reference is here made in aid of the description.

Wherefore plaintiff prays that all of the defendants be cited by publication to answer this petition and that plaintiff have judgment for

the restitution of the above described premises against the defendants and each and all of them, and for such other relief as he may be entitled to in the premises, and as in duty bound plaintiff will ever pray.

Herein fail not, but have you before said court, at its aforesaid next regular term, this writ, with your return thereon, showing how you have executed the same.

Witness: S. C. VAUGHAN,
Clerk of the District Court of Reeves County.

Given under my hand and the seal of said court, at office in Pecos, this the 2nd day of March, A. D. 1922.

S. C. VAUGHAN,
Clerk of the District Court of Reeves County.

(SEAL)
Issued on the 2nd day of March, A. D. 1922.

S. C. VAUGHAN,
Clerk of the District Court of Reeves County.

29-4t.

CITATION

The State of Texas, To the Sheriff or any Constable of Reeves County—Greeting:

You are hereby commanded to summon William Willis and the unknown heirs of Wm. Willis deceased, by making publication of this Citation once in each week for four successive weeks previous to the return day hereof, to appear at the next regular term of the District Court of Reeves County, Texas, to be holden at the Court House thereof, in Pecos, Texas, on the 24th day of April, A. D., 1922, then and there to answer a petition filed in said Court on the 3rd day of February, 1922, in suit No. 2228, wherein C. M. Wilson is Plaintiff, and William Willis and the unknown heirs of William Willis, deceased, are defendants (and said petition alleging suit in trespass to try title for Lot 9, Block 68, according to the map of the original town of Pecos City, Reeves County, Texas.

Plaintiff alleges peaceable and adverse possession, use and enjoyment and payment of taxes, claiming under a deed duly recorded for more than five years. Also peaceable and adverse possession, use and enjoyment for more than ten years.

Plaintiff prays for title and possession and costs of suit.

HEREIN FAIL NOT But have before said Court, at its aforesaid regular term, this writ with your return thereon, showing how you have executed the same.

GIVEN UNDER MY HAND and seal of said Court, at office in Pecos, Texas, this 3rd day of February, A. D., 1922.

(SEAL) S. C. VAUGHAN,
Clerk District Court, Reeves County, Texas.

By H. P. Kerr, Deputy.
Issued this 3rd day of February, A. D., 1922.

S. C. VAUGHAN, District Clerk.
By H. P. Kerr, Deputy.

CITATION BY PUBLICATION

The State of Texas To the Sheriff or any Constable of Reeves County—Greeting:

You are hereby commanded to summon Woolf Teitel, Lottie Teitel, J. Buel Warren and J. W. Ganzhorn by making publication of this Citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your County, to appear at the next regular term of the District Court of Reeves County, to be holden at the Court House thereof, in Pecos, Texas, on the fourth Monday in April, 1922, the same being the 24th day of April, 1922, then and there to answer a petition, filed in said Court on the 6th day of January 1922, in a suit, numbered on the Docket of said Court No. 2227 wherein Mrs. Mary Young, joined by her husband, E. W. Young, is Plaintiff, and E. G. Doty, C. W. Croom, Woolf Teitel, Lottie Teitel, J. Buel Warren and J. W. Ganzhorn are Defendants.

The same being a suit brought by Mrs. Mary Young, joined pro forma by her husband, E. W. Young, to cancel and set aside a certain Oil and Gas Lease and certain Assignments thereof, which lease was made by Mrs. Mary Young and husband, E. W. Young, to E. G. Doty dated October 1, 1919, covering certain subdivisions of Section No. 25, in Block No. 4, H. & G. N. Ry. Co. Survey in Reeves County, Texas, said subdivisions aggregating 240 acres, which is all the land covered by said lease. But that part of said land upon which said lease is sought by this suit to be cancelled is better known and described as tracts No. 9, 11, 15, 17, 18, 19, 21, 23, 25, 27, 29, 30, 31, 32, and 33, and being subdivisions of said Section No. 25 in Block No. 4, H. & G. N. Ry. Co. Survey in Reeves County, Texas, said last mentioned fifteen sub-divisions aggregating 170 acres of land, being only a portion of the land covered by said original lease. Said suit is brought to cancel said lease, and the assignment thereof, held by the defendants, for the non-payment of rentals and also for failure to commence a well upon any part of said land covered by said original lease as specified and stipulated in said original lease, whereby the said lease became void as to all parties. Plaintiff in said suit also prays for judgment not only cancelling said lease, but also quieting her in her title and removing cloud from her title.

Herein fail not, but have before said Court, on the said first day of the next term thereof, this writ, with your return thereon, showing how you have executed the same.

Witness S. C. Vaughan, Clerk of the District Court of Reeves County.

Given under my hand and the seal of said Court, at office in Pecos, Texas, this the 6th day of January, 1922.

(SEAL) S. C. VAUGHAN, Clerk, District Court, Reeves County.

By H. P. KERR, Deputy.
Issued this 6th day of January, 1922.

S. C. VAUGHAN, Clerk
H. P. KERR, Deputy.

THE PECOS ENTERPRISE

PERSONAL

Arthur E. Hayes has recently had some additions made to his home.

Marshall H. Pior was a business visitor in El Paso last week.

Mr. and Mrs. Evy Bóles and little son were in from the ranch Wednesday.

Harry Anderson has recently treated his bungalow residence to a coat of paint.

L. B. Westerman and E. A. Humphries were business visitors in Pecos Wednesday from Toyah creek.

A. G. Van Horn, of Toyah Motor Co., was a business visitor in Pecos Thursday.

Mrs. Howard Collier is home from Fort Worth, where she has been visiting her sister, Mrs. Jo Camp.

Attorney Jno. B. Howard was a business visitor in Midland the early part of the week.

Billy, the little son of Mr. and Mrs. Harry Woods underwent an operation for tonsillitis Wednesday morning and is getting along nicely.

I. J. Sims returned home Wednesday night from El Paso where he spent several days looking after business matters.

W. N. Sutherland and Ralph Williams were in the Fort Stockton country Thursday putting-up road signs along the highway.

Mrs. Brooks returned to her home at Breckenridge Thursday after a visit of a few weeks to her sister, Mrs. Kenneth Palmer.

Edwin Vickers and mother, J. P. Tucker and Mrs. John Danlies comprised an automobile party who went to El Paso Wednesday to attend the wedding of Miss Sadie Collings.

Mrs. R. N. Hughes left Tuesday for her home at DeLeon after a visit of several weeks, following the death of her mother, to her father, O. F. Woods and other relatives.

Mrs. Frank Cavett left the early part of the week for a visit to home folk at Poseyville, Indiana. She has a sister who graduates from the public school this spring.

Marshall H. Pior believes in keeping abreast of the times and has added to his equipment a "trouble wagon" which not only carries all needed equipment as well as an air tank for furnishing free air wherever and whenever he may be called.

W. M. Scott and wife of Gilman, Ills., were Pecos visitors Thursday. They have investments in the Pecos oil field, and made visits to several of the interesting locations. While in this section of the country, they visited El Paso.

Mr. Keemer, of Springfield, Ills., dropped off in Pecos for a few days

this week to look over the oil field and went away well pleased with the progress of development. Mr. Keemer is interested in the Los-Pecos Syndicate.

E. L. Collings and daughters, Mrs. J. C. Wilson, Miss Warren and Mrs. Earl Collings attended the marriage of Miss Sadie Collings to Mr. Clarence Harper at El Paso Wednesday. Mrs. E. L. Collings and Mr. Wilson will return home next week.

The editor's herd of registered Jerseys was increased last week by the addition of a fine male calf and now the family are reveling in all the milk and butter they can use to say nothing of the rich cream. A little corn bread added to this and you'll have a hard time starving out The Enterprise family.

Rev. L. L. Thurston, in commenting on the Roswell district conference which was held the latter part of last week at Carlsbad for the M. E. Church South, was well attended, and that the report of delegates and workers on the field indicated an increasing growth of the gospel in the hearts and lives of the people of the Pecos Valley. Some very helpful sermons were preached at the conference by Bishop DuBois, of California.

A message from Los Angeles, California, Monday to Messrs. W. W. and John Camp, from their niece, Mrs. Bozarts, advised of the death on that date of Mrs. Marie Bozarts, of influenza, following by two weeks the death of her husband, Harold Bozarts, and their baby which was born February 17th, of the same malady. The couple were about 25 years of age. The deceased was a daughter of A. C. Wilmarth of Snyder, and her mother is a sister of Mrs. W. W. Camp of this city.

BRIDGE CLUB

Mrs. Ira J. Bell was the charming hostess Thursday of last week at her beautiful home in the west part of town to the Bridge Club. Beautiful yellow jonquils, exuding a delicate fragrance that filled the rooms, in handsome black and yellow crystal vases were used as decorations. There was six tables of enthusiastic bridge players. Mrs. Walter N. Sutherland had the honor of making high score and Mrs. Tom Jones that of second. After the games delicious refreshments featuring the color scheme was served. The table decorations were beautiful black satin lunch clothes with appliqued yellow motifs, centered with lighted candles in black and yellow crystal candle sticks. The favors were Easter bouquets. The members present were:

Mesdames J. B. Howard, David Tudor, Max Krauskopf, J. E. Starley, H. B. Prickett, Marian Snow Hudson, J. W. Moore, Guy Ratcliff and Clay Slack. Invited guests: Mesdames Tom Jones, Carl Smith, M. W. Collie, W. A. Hudson, J. A. Drane, John Baker, Ralph Sparks and Campbell.

THE COST OF MAKING UP A SUIT FOR A MAN

"People pay \$40 for a suit of clothes and claim that the price is unreasonable because the suit contains only \$5 worth of raw wool," said a clothing dealer. "The clothing manufacturer answers by stating that it is the high cost of labor which makes the cost of the suit. But a great many people are not satisfied with this answer. They still want to be shown. They feel that there must be a 'nigger' in the woodpile somewhere.

"Have they, however, ever stopped to think, that six egg plants at 35 cents each, in season, can be produced from one seed weighing 1-100 of a cent; that several tons of apples can be raised in an apple tree which cost but 50 cents; that an acre of oats, worth \$12, comes from 55 cents worth of seed; that a \$5000 automobile is manufactured out of iron worth \$50; that \$2000 worth of finished silk goods can be made from \$4.50 cents worth of silk worms; that a piece of fine furniture which sells for a thousand is made from a mahogany log which a native of the tropics floated down stream and sold a trader for a plug of tobacco; that most of the misunderstandings which confuse us, would disappear if we could but master facts which cost nothing but a little mental effort.

Labor's Big Cost.
"Labor brings the egg plant, the apple tree and the oat field to maturity. Iron, without labor, is as useless as clay. With long days of labor it becomes the 12 cylinder engine. The strand of silk in the cocoon is as worthless as a blade of grass until it becomes joined to man's inventive ability.

"And so it is with wool—it must be washed and scoured, carded or combed on expensive machinery, made into yarns, woven into fabrics, shrunk, finished, tailored, labored with through a hundred operations—literally millions of hazards being encountered—until the little handful of wool from the sheep's back, with which the operation started, turns out to be the most insignificant part of the whole process.

"And so it is with a thousand other products, whether made of wool, cotton, iron, copper, leather or cocoons. Of course, if any man still thinks that there is not much of anything in a suit of clothes but some raw wool, the thing for him to do is to make his own cloth, tailor it into a suit and thus get the laugh on the clothier and manufacturer.

"Let's be fair! Let every honest American look into his own labor cost before he accuses his neighbor of being a profiteer."

HOW TIMES CHANGE

(By Walter Wellman)

Once on a time, in prose and rhyme, the farmer man was pitied; we even sneered and often jeered, and thought he was half-witted. We laughed because he rose at four; we smiled because we thought him poor; we giggled at the clothes he wore the baggy way they fitted. Our writers said he went to bed each night as sun was setting, and gave his wife no joy in life, although she longed for petting. They all admitted he was just, but he was poor and often "bust," and when he died, he died of rust, and there was no regretting.

But look today, and you will say the tide is swiftly turning, and city guys are getting wise, and looking now with yearning toward those who own a little land. They want to join the farmer band, and farms are now in great demand, for city guys are learning that new machines have changed the scenes which once were dark and dreary; that farmers' wives lead happy lives midst scenes that never weary. The farmer and his better half live normal lives and give the laugh to those who scorned the pig and calf, through eyes too often bleary. We contemplate the farmer's mate at social functions leading. They all prefer to look to her for precepts well worth heeding. Her brain with useful things is packed, and what she knows is based on fact, and she has breeding too, and tact, built up through work and reading. We've dined and wined, but now we find we can no longer pity the farmer or his helpmeet, for it seems no longer witty. We envy now the simple life; we envy every farmer's wife. We'd like to shake the greed and strife that's found in town and city.

BUSINESS MEN'S CLASS WILL GO TO BARSTOW TUESDAY

Members of the Business Men's Class of the Pecos Baptist church will go to Barstow Tuesday of next week where they will assist in the organization of a similar body for the Baptist church of that place. The Barstow Baptists will serve a dinner to all the visitors on this occasion.

Richard Lynn spent Friday at Toyah attending to business.

The Quinine That Does Not Affect the Head Because of its tonic and laxative effect, LAXATIVE BRONCHO QUININE is better than ordinary Quinine and does not cause nervousness nor ringing in head. Remember the full name and look for the signature of H. W. GROVE, Jr.

Seniors Entertained Juniors With Dinner St. Patrick Evening

One of the most formal and yet most enjoyable events of the High School was the dinner given in honor of the Junior class Friday evening at the home of Miss Viola Ward. The color scheme of green and white was beautifully carried out, and we wonder whether the Seniors were thinking of St. Patrick or of the Junior class colors. Shortly after the invited guests arrived the dinner bell rang and we passed into the dining room. The dinner was elaborately served in three courses by a quintet of girls from the Freshmen and Sophomore classes.

Between the first two courses a toast was given by William Kerr and Wycliff Hefner, which was enjoyed by all. After the second course Francis Warn was called on to give a toast, in which he thanked the Seniors for the respect and kindness they had treated the Juniors with. And last but not least George Ross, the president of the High School class gave a farewell toast to all.

The dinner by courses was as follows: first, grape-fruit cocktail; second, dinner course and salad; third, dessert of shamrock jello, whipped cream and cake.

After dinner was over score cards were distributed and progressive forty-two was enjoyed by all. The wonderful entertainment drew to a close with fifteen rabs for the Seniors given by all the Juniors.

GOOD PEOPLE OF PECOS

Mr. Hibdon, your good editor, permits me space to express my heart's deepest love and most devout thanks for the many tender services rendered me and mine during my severe sickness. For these almost fifteen years I have known and loved the people of this good town. Your love and kindness in the past are held sacredly in my heart. I am praying that you may all enjoy every righteous success and prosperity. It is my confident belief that your future will be filled with large material prosperity and I also look for and bespeak for you large and glorious Christian growth, which is the true and lasting wealth of individuals and communities. May Heaven's richest, sweetest and constant blessings abide with every soul in this dear town, Lovingly your brother, J. B. COLE,

A LETTER FROM FRANK LANEHART

The following letter from Frank Lanehart at Wellington, Texas, will be of interest to readers of this paper who know him:

"I see by the dating on my paper that my subscription to The Enterprise expires today, and as I do not want to miss a single copy of the paper I am enclosing herewith check to cover renewal. I want the paper to keep me informed of the oil development in the Trans-Pecos field, as I have great faith in that country as an oil field. I still have confidence that the 'big pool' will be tapped and the liquid gold will flow.

"I am going to hold to our claims in New Mexico, and will some day see wonderful things happen in that great domain. We have the best climate and water out there to be found any place.

"I predict that before the close of the year we will see the Pecos country alive with derricks, and we will also see new herds of fine fat cattle, besides see the Pecos Valley turned into one great farm, and much land that now grows sage brush will be growing alfalfa. As the prophet said: 'Instead of the briar will grow the myrtle.'

"Wishing the readers of The Enterprise every success, I am,

Very truly,
FRANK LANEHART,
Wellington, Texas."

PECOS, TEXAS

Newest Spring Styles

Dark Canton crepe, having panels headed and hand-embroidered. Beautifully pleated folds fall from the shoulder in just the right proportion to break away undue fullness. Somber tone is given delightful piquancy by French blue sleeve facings.

Dark, rich taffeta carries deep scallops for its finish on skirt-collar and sleeves. Red cherries, as a corsage, add a bit of gaiety. Black velvet ribbon sash. Attractive shirrings join the skirt and basque.

Black taffeta, combined with white, expresses Fashion's newest whim. Black and white roses are used effectively on the skirt. Tiny plicated ruffings on sleeves. A model suitable for a variety of occasions.

For Three Types of Figures

THE above group of dresses invites women and misses to a wide choice of styles, colors and materials. Chey Chase frocks are designed for slender women and misses; Pandora models are for more matured figures and La Mere dresses are for women who have added extra weight and require slenderizing lines.

The various wearers' types are considered, so that no matter what age, size or type you are, you are assured of correctness of dress. Silk crepes, crepe knit and taffeta models in the season's popular shades and styles. New sleeves, new neck-lines, new girde effects and interesting treatments of trimmings. Priced attractively.
