PECOS, TEXAS, FRIDAY, AUGUST 4, 1922.

\$2.00 PER YEAR. \$1.25 FOR SIX MONTHS.

DEMOCRATIC EXECUTIVE COMMITTEE MEETS

In accordance with law the Democrats of Reeves County met in convention at the Court House in said county at 3:30 o'clock P. M. on July 29th, 1922. There was present and participating from Pecos, Ben Randall, S. C. Vaughan, and C. W. Tudor; and J. B. Woolfolk of Saragosa was elected chairman of said convention and S. C. Vaughan of Pecos, Texas, was elected Secretary.

The following delegates were by said convention elected to attend the State Democratic Convention, to-wit: L. W. Anderson, E. B. Daniels, J. B. Woolfolk, C. C. Boyd, Floyd Goodrich and Ben Randall.

The following delegates were elected to attend the congressional Convention of the Democratic Party for the 17th Congressional District of Texas: J. C. Love, W. C. Holbert, V. E. Pruett, Dennis Hayes, and G. C. Parker.

For the Senatorial District there was elected W. H. Browning, J. W. B. Williams, S. T. Hobbs, R. L. Wigley and Frank Seay.

For the Legislative District there was elected: Jas. F. Ross, J. E. Starley, T. T. Downes, H. Robbins, E. W. Backus.

For Delegates to the 70th Judicial District Convention there was elected: W. A. Hudson, J. A. Drane, Harry MacTier, Biggs and Ben Palmer.

And for the delegates to the 8th Supreme Judicial of Texas there was elected: John B. Howard, Henry Russell, J. F. Meier and Edgar Patterson.

The candidacy of the honorable Earl B. Mayfield as United States Senator from Texas was heartily endorsed by said convention.

There being no further business said convention adjourned sine die.

Witness our hands this the 29th day of July, A. D. 1922.

J. B. WOOLFOLK, Chairman.
S. C. VAUGHAN, Secretary.

BIRTHDAY PARTY.

Mrs. H. B. Prickett entertained a number of the wee ones and their mothers Monday afternoon, July 31, in honor of the birthday anniversary of her little daughter, the beautiful little Jane Edith. Kodaking was one of the leading features of the occasion. Pictures were first made of the babies alone then the babies with their mothers and then the babies and the grandmothers. An ice course was served by Louise Starley and Kathryn Dean. The babies present were James Andrew Dean, Jr., Walter Acker Browning, Jr., Carl Smith, Jr., LeGrande Merriman, Jr., Vernon Hicks, Jr., Rowen Hudson, Jr., Bobby Levy, Rex Roy King, Lillian Young, Bettie Jane Campbell and the honoree, Jane Edith Prickett. Bobby Collie and Willie Fay Starley were also present. Besides the mothers of the babies, other ladies present were Mesdames J. E. Starley, M. W. Collie, A. Kenney, Monroe Kerr, T. Y. Casey of Dallas and Arthur Scudamore of Natchez, Miss.

DUNCAN-MORRISON.

The wedding of Miss Grace Duncan and James Roy Morrison was solemnized Wednesday, August 2 at 10:30 at the bride's home in the presence of relatives and a few intimate friends. Rev. J. N. Garner, the bride's pastor officiated. Grace is a Reeves County girl, having been born and reared in this county. She spent two years in school in San Antonio. She has many noble traits of character and a lovely disposition. She is the daughter of Mrs. Lou Duncan. Mr. Morrison has been in this country for some time and is interested in the oil business and he is said to be of sterling worth. The Enterprise joins their many friends in wishing them much joy and happiness.

CROSS-PREWITT.

Minor Cross and Miss Rosalee Prewitt were married Saturday, July 22nd, at the Methodist parsonage, Rev. L. L. Thurston performing the ceremony. The bride has lived all her life in Pecos where she has many friends. She is the daughter of Mrs. W. D. Prewitt, is a practical housekeeper and altogether a lovely young woman. Mr. Cross has been in this country for several years and is an excellent young man. During the World War he served in the navy. The Enterprise extends congratulation and wishes for them bon voyage on the matrimonial barque of life.

Will Randolph and Junior Bont-right left Sunday for Toiyah Creek where they are visiting with L. L. Barlow and phone messages indicate that they are both having a fine time.

Mrs. Frank Larehart who has been visiting relatives in Minneapolis writes the Enterprise to change the Enterprise back to former address at Wellington.

WEST TEXAS C. OF C. ASKS PROTECTION FOR R. R. LABORERS

By a vote of 34 to 1 the board of directors of the West Texas Chamber of Commerce, in a telegraphic referendum, last week adopted resolutions urging President Harding and Governor Pat Neff to use their good offices to bring the present railway strike to a quick conclusion and to afford protection to men who take up employment in the shops vacated by the strikers.

The action of the board of directors was taken in view of the fact that West Texas, facing one of the greatest crop years in its history, is confronted with a crisis in its transportation system, which if not solved speedily, will bring untold losses to the farmers, merchants, industries and general public and result in a general depression over the country. This action was not taken with reference to benefitting either the strikers or the railroads, the chamber of commerce assuming a neutral attitude toward both, but to insure to the farmers, industries and business men of West Texas the opportunity of realizing profit from the great crops with which Providence has this year endowed them.

FORMER PECOSITE APPRECIATES THE ENTERPRISE

Mrs. B. F. Prunty of Fresno, California, and much beloved by our Pecos people for her real worth, writes the editor under date of July 30th as follows:

Mr. Hibdon, Dear Friend: Enclosed find \$2.00 to please send me the Enterprise. We did not know we would miss it so much but had not gotten it for several weeks and we certainly do miss it. We think of you good people often. We have just returned from an auto trip along the coast—had a wonderful trip. With love to Mrs. Hibdon and all our friends.

P. S. Mr. and Mrs. Yoe visited us this summer and told us of your visit to them. While the editor does not feel vain, yet, like all of humanity, likes for the public to express their appreciation of his efforts to give them a good paper when they do appreciate it.

THE CHURCHES

STORY HOUR PROGRAM

The following is the story hour program to be given at the school building next week:

Kindergarten, Mrs. Oscar Buchholz.
Primary, Mrs. Thomas.
Junior and Intermediate, Mrs. W. W. Runnels.
Spanish-American, Mrs. Gentry.

BAPTIST CHURCH NOTES

The pastor is at home again and will be pleased to greet a good crowd at both services Sunday. All regular services will be held, and a lively time is predicted. Come and help the work while it helps you.

The Paisano Encampment was a great success, and everyone who attended says we must go in a body next year. Twelve thousand five hundred dollars were raised to pay for improvements up to date. A government landscape gardener is now surveying the grounds prior to our putting additional improvements on the grounds. West Texas is fortunate to have this great institution established within her bounds.

Subject, "The Coal Mines."
Leader, Mrs. Oscar Buchholz.
Bible Lesson, "Favor and Disfavor," Mark 6:1-6 by leader.
Prayer.

Duet by four little girls.
Who, Why, and What in the Coal Fields of Oklahoma, and West Virginia.
Who?—Mrs. Ashe.
Why?—Mrs. Lusk.
What?—Mrs. Jordan.
Solo, Miss Gladys Thurston.

Let each member bring an item of interest from the Missionary Voice.

J. C. Short came in from Wichita Falls last week and is looking after his farm interests near Saragosa this week. He was a pleasant caller at the Enterprise office.

J. C. is very much enthused over the oil prospects near his section of the county and believes his oil lands will yet make him a fortune. He left the home folk well and is looking fine himself.

PROSPECTS IN PECOS OIL FIELD ENCOURAGING AND ALL WORK PROGRESSING SATISFACTORILY

While there are not now nearly so many wells active in the Pecos oil field as some time back the outlook does not look so bad after all. The Bell well is busy drilling in a very favorable formation and believe they will run into a regular gusher most any time.

The Willoughby well, in the southwestern part of the county, is making very satisfactory progress and have had some very encouraging showings of oil and gas, which causes the manager to believe that they will strike pay almost any time.

The fishing job at the Toyah Bell is progressing very satisfactorily, and if they succeed in getting the casing out and shoot the well it is generally believed they will have a splendid well which will not only be a gusher but a good one.

Those who have been watching the Laurs well are very much gratified to know that the new rotary outfit is going in and the terms of the contract leads one to believe that when they do start that it will be only a short time until the bit will dig down into the pay. The editor has as much or more faith in the location of the Laura and the prospects of a real paying gusher as in any of the wells and firmly believes that they will get a real well at around 3,500 feet.

Taking it all in all the editor feels that the prospects for bringing in a well, while slow, are very encouraging at this time.

HERSHENSON WELL.

Drilling is now in full swing at the Hershenson Well, the driller having succeeded in spreading a 15 1/2 inch bit to 18 1/2 inch, this large bit taking the place of the new bit which broke about two weeks ago. The drill is now working in limestone formation, which formation is expected to continue to about 425 feet, at which depth a water sand should be found.

THE TOYAH-BELL WELL.

The past few days those at the Toyah Bell well have been busy baling oil and pulling casing. The latter job is proving a slow one yet those in charge have the greatest hopes of overcoming all obstacles and removing the balance of the casing at an early date. In the meantime the well is holding out the same as since it first struck pay and in giving up the oil. Occasionally it shoots over the top and at other times oil is being baled. What time they are not busy baling they are busy fishing.

THE LAURA WELL.

All but about two hundred feet of the casing which is to be pulled from the Laura well before installing the rotary rig is out and it is thought to be only a matter of small consequence to remove that. A car of the rotary machinery which was shipped when the other was some two weeks ago has not yet arrived although every effort is being made by the railroad officials to locate it and get it here. Meanwhile those in charge are making every thing in readiness to install the

THE TATUM WELL.

The Tatum Lease well is drilling at 970 feet and there is no change in the formation although a showing of petroleum gas was found after leaving the 900 mark, in hard time. The management has to secure a new drilling line and 100 feet of 6 5/8-inch casing to be prepared for any emergency that may arise. This will be secured at once.

The Owen No. 2 has more water trouble and is closed down temporarily awaiting casing to handle the water with they were drilling at 2840 feet and geologists predict oil will be found at 2900 feet.

Negotiations for a refinery for the Toyah shallow lube have been going on for the past week and representatives of the Toyah producers have gone to California to close out the negotiations. We trust everything will be successful and the refinery built.

S. M. N. MARRS MAKES STATEMENT

Jefferson C. Smith, who was a candidate for the office of superintendent of public instruction in the first primary and who was low man in the race, will support S. M. N. Marrs for that office in the second primary. Marrs' opponent in the second primary, Ed R. Bentley, is endorsed by the Ku Klux Klan. Mr. Marrs gives out the following statement:

"I wish to thank my friends throughout the state very sincerely for their enthusiastic and loyal support which I received in the recent primary. Only three-fourths of the vote in this contest have been reported and all indications are to the effect that when the remaining 150,000 votes are heard from I shall lead in the second primary.

I believe the cause of public education in Texas is more important than the political fortunes of any man. I am making this race solely as a school man on my school record. While for many years I have been a member of one of the leading Protestant churches of the state, I have not appeared to my church for its support.

The high office of state superintendent of public instruction should be filled by a man who appeals only to individual democrats to vote intelligently in the interests of all the children of all the people.

Within a few days I shall begin an aggressive and vigorous campaign and shall appreciate the support of all voters who believe in placing the interest of the children above all other interests."

rotary outfit preparatory to drilling in the well. Mr. Heiler, of the Sunshine-Federal interests, says they are now just about ready to begin the installation of the machinery, as they are getting everything out of the way.

BELL WELL DRILLING AHEAD CAUTIOUSLY

The Bell well was reported as drilling at 2770 feet this morning in a black lime shell and sandy shale formation, which had hardened perceptibly within the last twenty-four hours of drilling. Every precaution is being taken to prevent a recurrence of gas pressure blowing tools up in the hole, and formation is being watched closely in order that the expected oil and gas sand may not be drilled into unexpectedly.

The management and drilling crew at this well do not seem inclined to give out detailed information, or make prediction as to the possibility or probability of what they have, but have a knowing look of optimism and satisfaction that leaves no room for doubt.

THE WILLOUGHBY WELLS.

A note from C. H. Willoughby of the Willoughby Petroleum Co., says: "Everything running perfectly O. K. Both wells are going with the reaming and setting casing down to the black lime on Willoughby No. 1 at 602 feet to be completed before you go to press barring any breakdowns."

"Geologists claim that 'black lime' in these ages (Cretaceous) is practically certain of big production and we surely have the black lime and good oil showings."

Mr. Willoughby is now living at the well and putting in his every energy to put the well down to pay. The fine oil showings and the formations passed through lead him to believe that he will get to the pay in a very short time and he will leave no stone unturned to reach it in the least possible time. Mr. Willoughby is making the effort of his life to bring in a producer ahead of the other operators, and who will say that he will not do so, although others are just as hopeful.

THE BRIDGE CLUB HAS ENJOYABLE MEETING

The beautiful bungalow of Mrs. Harry Anderson was the scene of a very pretty affair on Thursday afternoon, July 27th, when 5 tables of bridge were enjoyed by the Thursday Bridge Club.

Punch was served during the playing. Later the hostess was assisted by Mrs. Roberson in serving maple-nut ice cream and cake.

The guests were: Mesdames Morris Collie, Ralph Williams, Chas. Young, Chas. Manahan, Scudamore of Natchez, Miss. and Rowan Hudson of Dallas.

Members present were: Mesdames Howard, Clay Slack, Weyer, Donald Bell, Guy Ratliff, Ira Bell, Herbert Prickett, Monroe Kerr, Mable Beauchamp, Dorothy Heard, Tudor, Krauskopf, Moore, Roberson and Dean.

BIRTHDAY CELEBRATION

Mr. and Mrs. W. F. Alexander entertained a few friends Tuesday evening, August the first, at a most delicious dinner given in honor of the eighteenth birthday of their daughter, Miss Elma. The occasion was held at the home of "Grandma" Alexander who assisted with the dinner as also did Elma's auntie, Miss Fannie Alexander. The dinner consisted of fried chicken and its accompaniments, topped off with ice cream and cake. Those to enjoy this hospitality were Misses May Kiser and Velma Gentry, Mr. and Mrs. R. N. Couch and children and Mrs. Stroud Gentry and sons.

Mrs. Frank Kelton left last week for the eastern markets to buy fall and winter millinery goods.

SCOUT BOYS RETURN FROM WEEK IN MOUNTAINS

Troop No. 1, Boy Scouts of America, with Scoutmaster J. L. Spears in command, arrived home this morning from a week's camping in Madeira Canyon, 55 miles west of Pecos.

The party consisted of 22, including the scoutmaster, and those making up the troop are as follows: Harry Ross, Denwood Ross, Rex Van Havis, Morriss Collie, William Adams, Milford Howard, Howell Johnson, Bobbie Dean, William Dean, Gordon Stine, James Harrison, Tillman Durdin, Chas. Fitzgerald, Geo. Morrison, Paul Morrison, Alfred Stephen, John Hibdon, Jr., Chas. Hudson, Jack Camp, Roy Thurston, and J. E. Couch.

The party left here last Friday morning and were conveyed in trucks and other cars to their camp site, arriving there in time to erect tents and take a swim before supper.

They were visited Sunday by Capt. and Mrs. W. W. Dean, Mr. and Mrs. James Ross, Mr. and Mrs. Oram Green, Mr. and Mrs. W. F. Howard, Mr. and Mrs. A. M. Dick, Mrs. Tom Harrison, Mrs. J. F. Gant, Mrs. J. E. Hines, Miss Eulah M. Gant and others. These visitors were indeed welcomed as they conveyed to the boys basket loads of food, such as fried chicken, cake, ice cream and other delicious edibles.

At the usual hour religious services were held Sunday morning, and just as dinner was ready for serving, up came a heavy rain and the campers and their guests were forced to make a ran for tents and other shelter. A good rain fell there during the day.

Each morning a detail of four was tolled off for duty at the camp during that day, while the remainder of the party hiked, swam, or in other ways enjoyed themselves to their heart's content.

On Thursday the party hiked up Dead Man's Trail and down Dead Man's Canyon, piloted by a Mexican herp herder, Jose. They also explored a cave where they saw the bones of some former human occupant.

At night they sat around large camp fires and listened to tales that have to do with the history of Jeff Davis Mountains, and at the proper hour all hands rolled up in his blanket and "slept the sleep of the just."

For supper Thursday they enjoyed a large can of hot biscuits sent to the camp by Mrs. W. L. Kingston, who resides on a ranch not so very far from the camp. The entire party were ready for biscuits, too, for their rations, for the most part, had consisted of "punk," frijoles, and canned goods.

They all came back declaring they enjoyed the trip hugely, and while they are a little more tanned and most of them have sun-burned shoulders and backs, they are all better for the outing and they appreciate their Scoutmaster, the Rev. J. L. Spears, more than ever.

The exhibit department of the West Texas Chamber of Commerce, B. M. Whitaker as manager, urges upon every county the necessity of joining the movement to advertise its resources in the North and East at the big fairs in the West Texas Chamber of Commerce exhibits tour. Comprehensive exhibits sent North and East under the supervision of an expert exhibitor will do more toward establishing a commonwealth among the Northern and Eastern people than any other means. The exhibitor will also distribute literature and interest fair visitors in the various territories which will be represented. The chamber asks that all counties interested in getting this free publicity and advertising take up the matter immediately with the general offices here.

Ralph Williams and family returned the forepart of the week from an outing at Hot Springs, N. M., where they spent a week. Ralph says that place is crowded with health seekers who are taking the baths and drinking the water. He says that so far as he could see there is little there to attract the health seeker or any one else, for that matter, except the hot water. The place, he says, is down in a hole with hills on the north and west and the buildings are temporary shacks built for the purpose of getting the coin and then if the worst comes they have spent little and can leave it without much loss. It is hot and dry there and there is apparently plenty of apartment shacks furnished at ten bucks per week which are fairly comfortable.

Sid Lasley returned the latter part of last week from Mineral Wells where he spent his vacation. He reports having had a most delightful trip and that Mineral Wells is still a very fine place to spend the vacation days. On his return Sid immediately resumed his duties with the Pecos Mercantile Company.

PECOS SCHOOLS MAKE GOOD SHOWING IN FOUR YEARS

It is not amiss to give credit where credit is due, and the very best time on earth to strew flowers is before the person for whom they are intended has been placed under the sod. If more of our people could see this and act upon it the world would be much better and the people happier. While this thought is uppermost is a good time to throw a bouquet at our former townsman and ex-superintendent of schools, P. J. Rutledge, who recently resigned this position to accept a better and of a different class of work, for which he has been preparing himself for some time.

Prof. P. J. Rutledge is a graduate of the University of Texas with the degree of M. A. He was elected to the position of superintendent of the Pecos Public Schools in 1918 and served in that capacity for four years, ending with the term which closed last May. What he has done is in part reflected by the following facts.

Under his administration the enrollment in the High School increased from fifty in 1918 to one hundred and twenty-two in 1922. In 1918 Pecos High School had sixteen units of affiliation at Austin. In 1922 there were twenty-five and one-half units of affiliation at Austin. The following units have been added during the last year:

Sports, 2 units; commercial, 2 units; physical geography, one-half unit; home economics, one unit. The commercial department did excellent work and has two units of credit. The requirements for graduation were raised from sixteen to eighteen units. The Whirlwind, the school paper, was promoted and conducted for the past three years. Thus it is shown that a total of 9 1/2 credits were added to the school in four years.

This is a splendid record of which not only Prof. Rutledge should feel proud but it is gratifying to the school board as well, all of whom gave the school the very best support possible during his administration.

Besides his school work in the public school Prof. Rutledge did some very creditable work in the Sunday School of which he was superintendent. He organized that body into a working unit probably second to none in West Texas and raised the standard immeasurably. Into this work he probably put as much of his soul as into any other, if not more. His efforts were tireless and while his judgment was not the best at all times he did as well as any man can do—that is his level best, and the Sunday School of the Methodist church of Pecos stands today as one of the best organized bodies of workers in the town, due to his untiring, faithful and efficient work in co-operation with others.

Prof. Rutledge will be located at Epworth Church, Oklahoma City, as supervisor of religious education. This is to be distinguished from the Sunday School Training course as being much broader, including such training and all other forms of religious education within the local congregation. Mr. Rutledge is much pleased with the outlook and hopes he has found in this class of work his life's calling.

Too much cannot be said for Mrs. Rutledge as a collaborator in such work. She has been specializing during the summer in primary work looking toward this task.

INCREASING VARIETY OF TEXAS PRODUCE GOES TO MARKET

A distinct feature of the past week's activity, was the increasing variety of Texas produce that rolled out to market. Forty one cars of onions, 2 of tomatoes, 4 of peaches, 15 of cantaloupes, 1 of peaches, 2 of Irish Potatoes, 534 cars of watermelons and the first car of sweet potatoes this season was the commercial produce movement from this State for the week ending July 29th. Tomato and peach ships as compared with the previous week were on a decided decline. The watermelon movement was 6 cars heavier, and the onion movement exactly the same. So far this season, Texas has shipped 4548 cars of onions, 1873 cars of tomatoes, 9 cars of peaches, 2612 cars of watermelons, 41 cars of cantaloupes, 26 cars of peaches, 1468 cars of spuds, and 1 car of sweet potatoes.

Mack Kyle is at home from California where he has been with his father, Sid Kyle, who is ill. He left his father, improving and a letter from his mother in the last day or two says he is continuing to improve. Later—Just as the Enterprise goes to press it learns that a telegram to Mack Kyle from his mother received early this morning is to the effect that Mr. Kyle is much worse—not expected to live—and advises him to "be ready to come any time."

OIL DEVELOPMENT SITUATION IN THE FT. STOCKTON FIELD

The Pioneer being unable to answer the many letters that are being received daily regarding the oil situation, we are making this statement for the benefit of our readers, who have land and lease holdings in this territory.

Recently drilling activity receded to an extent that only one well has been kept drilling, and as this well has not developed any information of value to the public, the Pioneer has been unable to publish any oil news.

From pending negotiations that have not been consummated, we believe the oil interest is far from being dead.

However we do know that unless a liberal co-operation of the land owners with oil men can be consummated, it is questionable as to whether there will be a revival of drilling activity in the near future.

If oil men, with money can secure the desired co-operation of the owners of land, it is more than probable that within ninety days several wells will be drilling.

— Ft. Stockton Pioneer.

JOE RANSON'S WIFE COINS A SAVORY DISH

Famous among epicurean dishes of the southwest is Slang Jang, which was perfected by Mrs. J. R. Ransone, Jr., of Cleburne, Texas. It is neither liquid nor chop suey, but a combination, with a dash of Mexican piquancy and sufficient relish to satisfy a healthy appetite. Slang Jang has been served by Mrs. Ransone, as hostess, at home and on gala occasions throughout Texas, to thousands of visitors from foreign parts of the world, who were in Texas, either on newspaper business, or as guests of Texas newspapermen. Mrs. Ransone for years, while her husband was busy with politics and business conducted his newspaper, the Cleburne Enterprise. As its active-head she entertained, both in Cleburne and at frequent conventions for years. The qualities of her slang jang and its receipt are thus described by Mrs. Ransone:

"It is a most appetizing 'eat' suiting all tastes. Those who sample it always call for 'more.'"

"The beauty of slang jang is that though it was originally accompanied by the fluid that made Milwaukee famous, it is just as good with coffee in the winter, or cold drinks in summer."

"It is a square meal, which will put so much pep into a person that he will feel he has supped from the fountain of youth; for what one ingredient fails to give, another furnishes fully."

"It is a boon to the housewife, who sees a motor full of guests approaching, and knows the spring pullets are too young for the skillet; or for Sunday night supper when there is no maid or on a hot summer day when a bunch of fellows drop in on a bachelor friend. It requires no cooking whatever. The youngest child in the family can sling it together, but it takes a bit of practice to season it to a nicety."

"Here are the requirements: a polished or a deal table, centerpiece for large cut glass bowl, napkins, spoons, a block of ice in the bowl. On the serving table mix two cans of rosy tomatoes cut in pieces, two cans of cove oysters, chopped up, a dash of pepper sauce, a dozen crumbled crackers, small finely chopped onion, a desert spoon of vinegar, thinly cut bits of school girl pickle, sprinkle with tabasco, stir lightly, pour over ice, and serve in three minutes. Serve in soup bowls with crisp crackers."

SOWING BUSINESS SEED

San Marcos Record:—Merchants of the older type sometimes used to think that if they had a good location on a proper business street they would get trade without much effort to solicit it. They would feel they would get a certain portion of those who passed their stand or were attracted by their window display.

This theory assumes that people decide where they want to trade as a result of haphazard influences, and influenced by the fact that one store may be a short distance nearer than another. That is not the way people decide where they are going to trade.

The average person does not visit a store that happens to be nearest him when he feels the need to buy something. He usually knows in advance where he wants to go, as a result of impressions and ideas formed over a considerable period of time. The way to get his trade is to build up in his mind the idea that certain other places have good locations and attractive window displays is not likely to shake his purpose.

The quickest and surest way to create a conviction of that kind, is to keep up a campaign of advertising. One notice will not do it, but it takes constant hammering. If a person sees in a newspaper a constant succession of advertising indicating that a certain store is working hard to please the public; if special opportunities are constantly being called to public attention, he is going to get the impression that that store is a live place where he can get good values. He will pass by stores having an equally good location and equally attractive window display to reach the place that has impressed itself on his mind by its constant effort to interest the people.

FINANCIAL REVIEW

Prepared for The Enterprise By The First National Bank in St. Louis.

The Department of Commerce has just made public figures on imports and exports of merchandise, gold and silver, for the month of June and for the twelve month period ended June 30.

Imports of merchandise during June, 1922, aggregated \$260,000,000, as against \$185,689,909 for June of last year; while exports totaled \$334,000,000, as against \$336,898,606 during June, 1921. During the twelve months ended June 30, 1922, imports of merchandise aggregated \$2,607,618,110, as compared with \$3,654,459,346 imported during the corresponding period of 1921; while exports during the twelve months period of 1922 aggregated \$3,779,220,971, as compared with \$6,516,510,033 during the same period of 1921.

Gold imports during June, 1922, totaled \$12,968,636, as against \$43,576,476 for June of last year; while exports totaled \$1,600,754, as against \$773,603 during June 1921.

For twelve months period these imports totaled \$46,310,273, as against \$638,559,805 during twelve months of last year; while exports amounted to \$27,345,282, as against \$133,537,902 last year.

Silver imports during June, 1922, totaled \$6,345,744, as against \$3,627,272 during June of last year; while exports totaled \$6,004,421 during June, 1922, as compared with \$1,424,010 during the same month of last year.

For the twelve months period these imports amounted to \$70,684,298 as against \$59,430,850 for the twelve months of last year, and the exports aggregated \$62,694,677 during the twelve months period ended June 30, 1922, as compared with \$52,536,171 during the corresponding period of last year.

The new Goodyear Cross-Rib Tread Cord

A Real Cord Tire for Small Cars at a Popular Price

The new Goodyear Cross-Rib Tread Cord in the 30 x 3 1/2 inch clincher type is a tire that the small car owner will warmly welcome.

It gives him, at a price lower than the net price he is asked to pay for many "long discount" tires, every advantage of quality cord tire performance for it is a quality tire through and through.

It is made of high-grade long-staple cotton; it embodies the reliable Goodyear quality of materials; its clean-cut tread engages the road like a cogwheel.

The scientific distribution of rubber in this tread—the wide center rib and the semi-flat contour—gives a thick, broad surface that is exceedingly slow to wear.

The tough tread stock in this tire is carried down the sidewalls clear to the bead, making it rut-proof to an extraordinary degree.

In every particular it is a representative Goodyear product, built to safeguard the world-wide Goodyear reputation.

Despite its high quality, and the expertness of its construction, it sells at a price as low or lower than that of tires which lack its important features.

You can get this new Goodyear Cross-Rib Tread Cord now, as well as the famous All-Weather Tread Cord, from any of the Goodyear Service Station Dealers listed here.

The 30 x 3 1/2 inch Cross-Rib Cord clincher **\$13.50**

This price includes manufacturer's profit tax

Goodyear Cross-Rib Tread Cord Tires are also made in 6, 7 and 8 inch sizes for trucks

Poem by Uncle John

HONESTY

There's many a puzzlin' problem that attacks a feller's mind, when discoursin' to a Public, of a mighty various kind. There's some will differ with ye, and there's others that applaud—an' some that won't believe ye on yer oath, so help ye God! Which brings the solemn query into this here humble song: Can anything be honest—yet remain, dead wrong?

I've allers heard that Honesty was fust among the things, that took a man to Heaven, on the shiniest of wings; that a man that wuzzent honest, had mighty nigh as well, consult the ticket agent fer the slowest train to hell— So, a little sober thinkin' will arouse the question strong.—Can any man be honest—yet, remain dead wrong?

I try to foller reason in the ideas I evolve—an' I sometimes pray fer guidance, when I've got a thing to solve. I've catered more to judgment, than to tolerance or taste, in these days of much palaver where the syntax goes to waste. Let me cast this humbly pebble in the philosophic pool—That Honesty is resky—in the bosom of a Fool!

Punchettes

by
Rev. M. A. MATTHEWS
D. D., LL. D.

Editor's Note: Rev. Matthews is a Presbyterian Minister in the First Church at Seattle, Wash.

TO PRESBYTERIANS

The Presbyterian Church has been one of the greatest forces for liberty, education, and evangelism America has ever had, I think. It was the author of modern representative Republican government.

I think America owes much of her government to the Presbyterian Church. She has been one of this government's greatest examples and most powerful defenders. In the old days the Presbyterian church's adherence to doctrines and principles, added to the strength, character, and integrity of American citizenship. In these latter days, it seems to me, she has come upon perilous times.

FIRST—The Presbyterian Church commits a folly and sin if she permits infamous heretics who deny the deity of Christ and the infallibility of the Bible to stay in her ranks and to occupy her pulpits. I insist she has no right to allow such enemies of God, of home, and of government to carry her name. I think a Presbyterian minister who denies the deity of Christ or the infallible Word of God and continues to occupy a Presbyterian pulpit is drawing his money under false pretenses. We have all taken oath to teach the deity of Christ and the infallibility of God's Word, and for that we receive position and compensation.

SECOND—The Presbyterian Church commits a folly when she becomes a meal ticket for faddists and place-hunters who constantly devise schemes and plans and organizations to increase their power, patronage and patrimony. They live and work exclusively that they may subsist upon such efforts.

THIRD—The Presbyterian Church com-

mits a folly when she permits her enemies to begin to build machinery and centralize her government, thereby detracting from her power.

I don't believe Presbyterians will submit to centralized power nor to dictation by agents and machines. They crushed that kind of power once. I hope they will crush it again. It must be crushed in governments and it must be crushed in the church.

The Presbyterian Church should return to the sovereignty and power and supremacy of her Presbyterian government and to the control of her presbyteries.

Hear my plea! Awake grand old Church of liberty, righteousness and evangelism.

WORTHLESS DEED

Mount Holly, N. J., July 1.—A wrist well trained in the subtle dexterities of "American golf" today brought the installment of a rich reward to Sergt. Gustav Reisig of the quartermaster corps, U. S. A., at Camp Dix, when he received a \$33,000 check.

This represents the first payment on oil royalties from Oklahoma land won by the veteran sergeant in a crap game five years ago. The source of fortune, whose name is unknown to the new man of wealth, had succumbed to a long series of "naturals," leaving him little more than a desperate hope and a deed to a few acres of

STATE FARMER'S INSTITUTE WILL NOT BE HELD THIS YEAR

Commissioner of Agriculture, Geo. B. Terrell will not call a meeting of the State Farmer's Institute this year, because of had financial conditions of the farmers and his inability to secure free transportation or reduced rates for the meeting.

His statement follows: "To Secretaries of Farmers' Institutes: This is to advise you that a delegated meeting of the State Farmers' Institute will not be held this summer, because of the impoverished financial condition of the farmers, rendering a great many of them unable to attend the meeting.

The State laws permit railroads to give free transportation for these meetings, and I tried to secure such free transportation, but the railroads declined to grant the transportation in the following statement: 'In view of the established rule not to issue any free transportation not authorized by the Interstate Commerce Commission Act, it would not be consistent for us to make an exception in this case and issue the transportation requested.'

Since we cannot secure free transportation, and cannot get reduced rates, except on the certificates plan, which requires the purchase of a large number of tickets at full fare, before the reduction is granted, on the return ticket and knowing the attendance under such conditions would not be large enough to secure any reduction in rates, I have decided not to call the State Institute this year. I regret this very much, as the farmers ought to come together once a year and discuss plans for bettering their conditions. But the conditions above stated make it impossible to have the meeting this year.

Respectfully,
GEO. B. TERRELL,
Commissioner."

COMMISSION FIRMS AT FORT WORTH FACE CHARGES

Washington, Aug. 1.—Charges of maintaining unjust, unreasonable and discriminatory rates for purchase and sale of livestock have been filed with the Packers and Stockyards administration against exchanges at Chicago, Kansas City, Omaha, St. Paul and Portland against all commission men market agencies at those exchanges and against individual commission firms at Fort Worth.

The charges were filed by the American National Livestock Association, the National Wool Growers Association and 13 State livestock associations, according to a statement issued today by Secretary Wallace. The defendants have been notified in each case, he said, and given until September 1, "to file answer or to satisfy the complaints."

Piles Cured in 6 to 14 Days
Druggists refund money if PAZO OINTMENT fails to cure Itching, Blind, Bleeding or Protruding Piles instantly relieves Itching Piles, and you can get useful sleep after the first application. Price 6¢.

Oklahoma land, which he considered worthless.

"Shoot you for that," he offered. "You're on," replied the sergeant, and he coaxed for another "natural" and pocketed the deed.

A few weeks ago he said, as he boarded a train today for his home in Springfield, Ohio, he obtained financial backing for an oil probe of the property. Wells were sunk and gushers resulted. There also resulted a contract which will pay Reisig 33¢ on every barrel of oil from the property.

Reisig has been in the army 29 years. He is 45 years old.

A Drop of Ink Makes Millions Think

AN AMERICAN MAGAZINE reporter once asked John Wrigley, the fifty million gum magnate, what he attributed his huge business success to, and the man replied that it was 90 per cent advertising.

Mr. Wrigley is used as a study among journalism classes as the man who accumulated three fortunes and each time spent them for advertising, after which he started in over again.

It is a well known fact that he spent one million dollars advertising his gum products on Broadway, New York, alone.

THE FUNDAMENTAL FACT —

however, is that after the gum king had spent three fortunes on advertising he did not stop. He let drop a secret that may well be applied to any business, however big, or however small:—

"That advertising is a good deal like feeding a furnace—you have to keep shoveling in the coal in order to keep the fire alive."

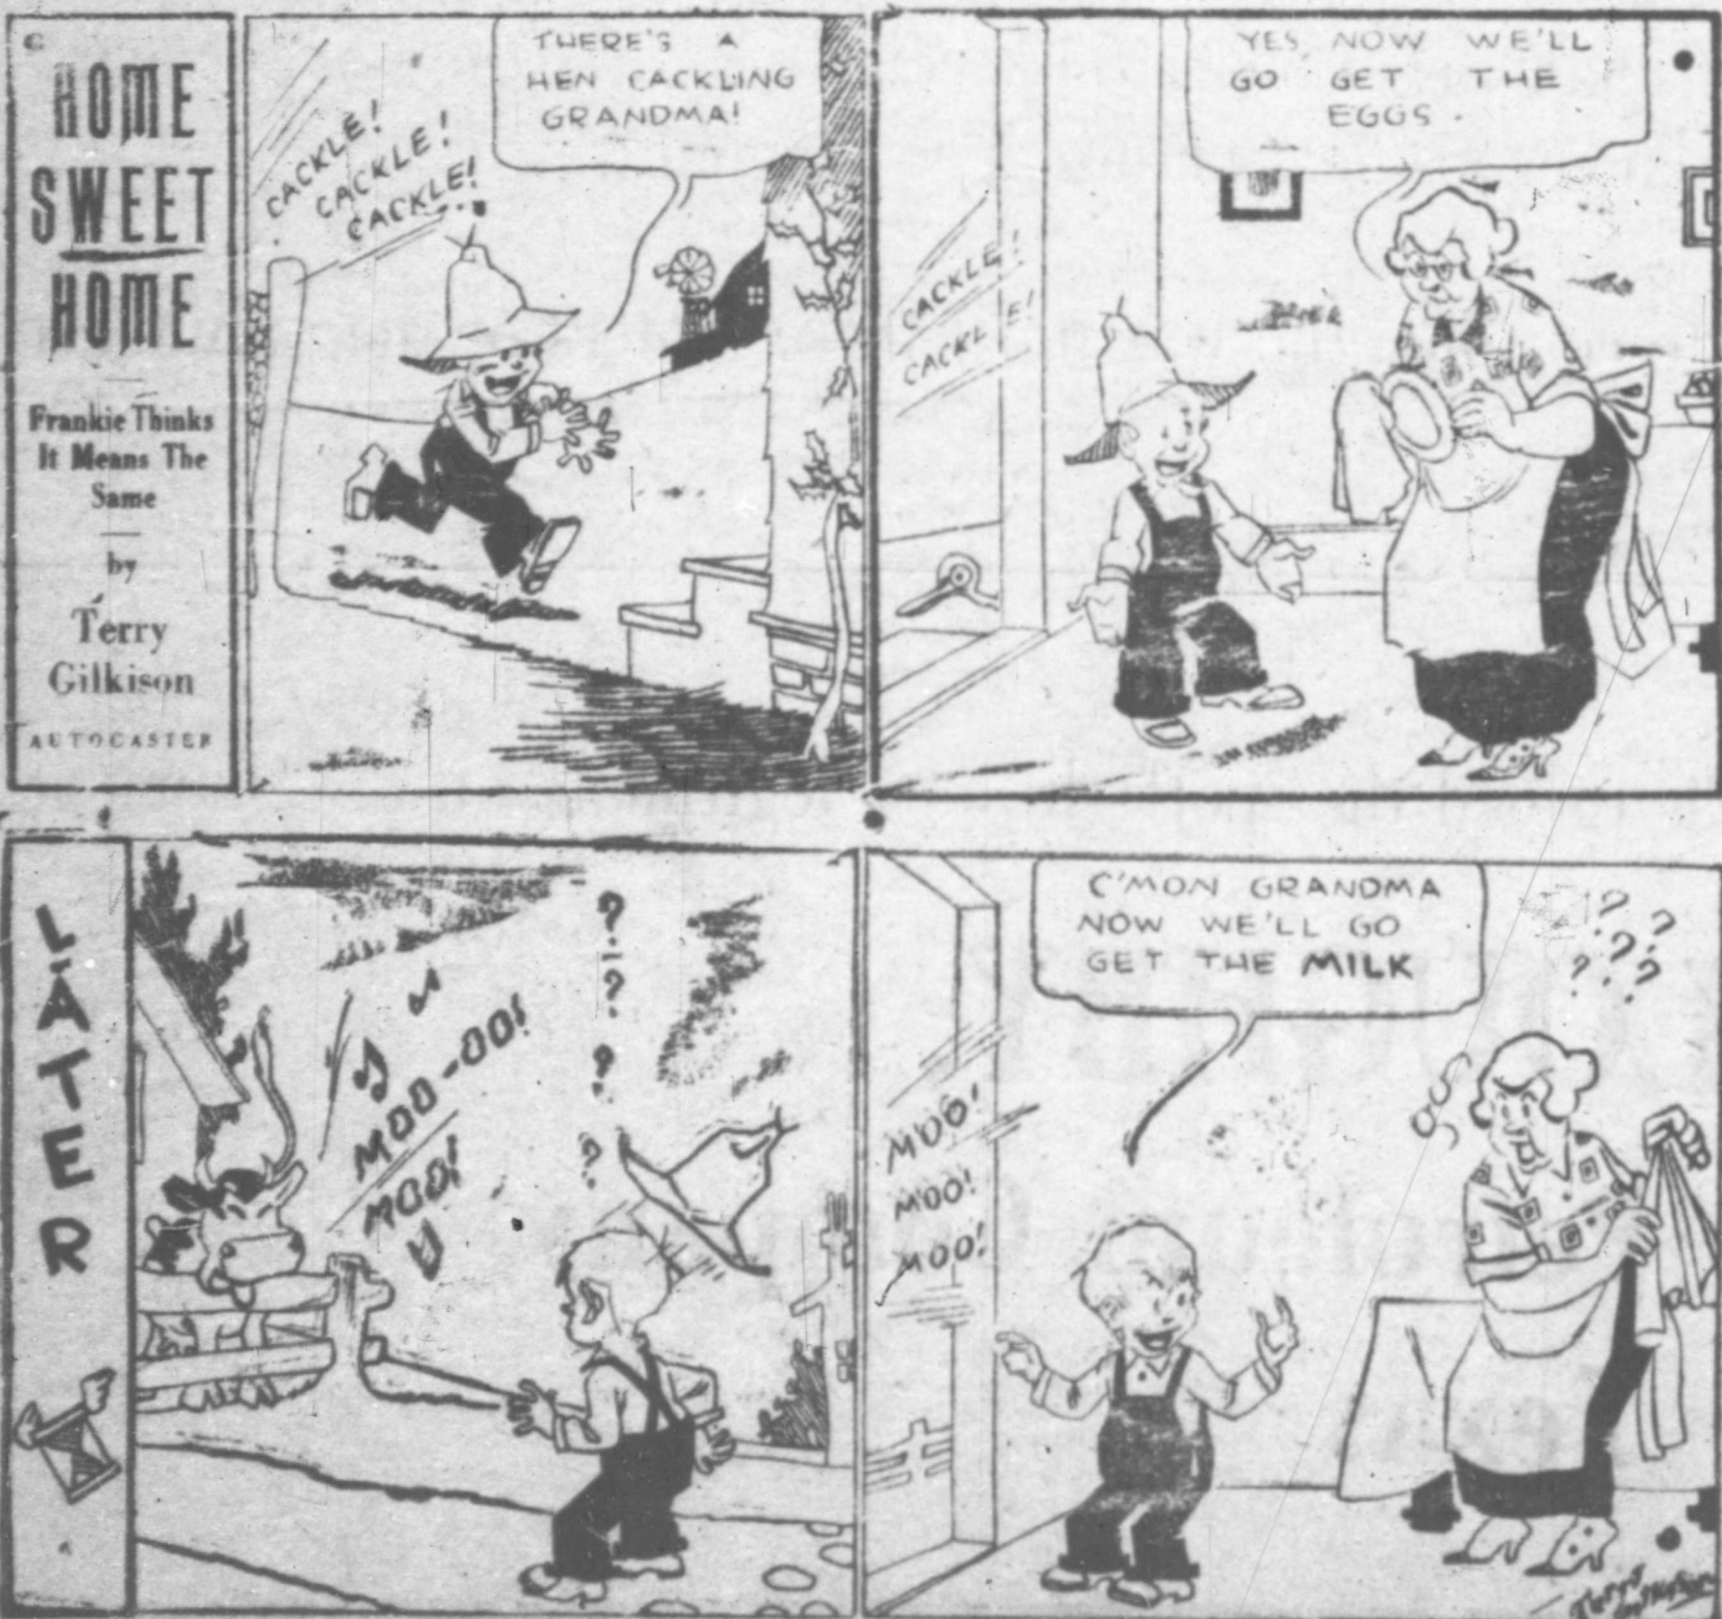

A little "ad" dropped here and there in your local paper is really of little value. It is the persistent, weekly and daily call that makes the people sit up and take notice.

WHAT THE ENTERPRISE CAN DO

It can place advertising, based on the inch rate, in 2,300 homes, virtually circulated among 11,500 people for 50 cents. To attempt to reach the same number of people by post card, the only other means of communication, would cost \$115.00.

It can readily be seen that there is no argument from an economic standpoint as the cheapest and most effective way of reaching the public.

FRONT PAGE EDITORIAL FROM THE LOS ANGELES RECORD OF SATURDAY, JULY 22, 1922.

WAR DECLARED ON CROOKS!

LOS ANGELES RECORD

SATURDAY, JULY 22, 1922

(EDITORIAL)

This is a declaration of war--war against real estate sharks, oil unit crooks and business bandits

in general.

Seven million eighty thousand dollars! Oil unit crooks alone have stolen that vast amount from Los Angeles people in the last year. This figure is officially vouched for by Corporation Commissioner Daugherty. And this is only a drop in the bucket. Depredations upon the people's savings by other kinds of allied crooks swell the loot to the \$100,000,000 mark.

Los Angeles, enjoying the best business conditions of any city in the United States, has attracted the sharks from all parts of the country. They are robbing our people and besmirching the city's reputation. They have victimized thousands of visitors entitled to our protection. They have inflated Los Angeles real estate in many instances to ten times its real value. Thousands of people who have purchased lots at these exorbitant figures have lost their entire investment.

It is high time to call a halt. Every dollar stolen by these oily tongued Wallingfords is a dollar taken out of legitimate channels of trade. Los Angeles real estate has a legitimate value. This value will increase normally and naturally as this wonder city grows. Nothing will retard our growth more certainly, nothing will stab our prosperity in the back more surely than this system of business banditry which within a year has grown to a real menace. It is time for Los Angeles civic leaders, business leaders and public officials to get busy. Especially is it the duty of our many honest real estate dealers to drive from their calling the dangerous near-criminal contingent.

This is a declaration of war. The Record means to continue the war until these looters of the public are driven out.

I say amen to the above exposure of the crooks which has turned the spotlight onto legitimate oil development.

C. H. WILLOUGHBY,

President Willoughby Petroleum Company,

Toyah, Texas

That Thieving Is Small

Mr. Reader, If in Los Angeles they declare war on crooks over the loss of Seven Million Eighty Thousand Dollars secured by oil crooks it is high time to START SHOOTING here.

Gunmen Are Tame!

Crooks have looted the Pecos Valley and its visitors out of more than all the gun-men have taken in the United States in ten years. Lease sharks have sold oil leases high up in the mountains. Skin-flint promoters sold leases so small that the buyers could not have erected and operated a standard outfit at prices ten to fifty times their value, near their wells that were never completed. Mismanagement or bold thieving has usurped an almost unlimited sum of money that should have been used in DRILLING. Wiley-tongued agents in Los Angeles, Chicago and throughout the United States fleeced their friends and clients JUST FOR A COMMISSION.

I said it is time to start shooting and this is the first shot and I care not what crooks may think. I have done enough work to have raised five million dollars had I been operating any other place but in the Pecos field. The work of crooks has CONDEMNED the country; not the DRILLING. The crooks have robbed the country of CONFIDENCE. The drilling has proven that the potential oil profits will run into untold millions.

Some of you readers think I have been drilling long enough on our Willoughby No. 1 well to have it completed. In all I have had less than \$15,000.00 with which to push the work. Snicker if you wish but some one is going to HAVE SENSE ENOUGH to know I can make their money earn OIL PROFITS. Someone will recognize what I have done and will furnish the funds needed to rush this work to completion.

Every red blooded American citizen should join in the war on the crooks but it is by far more important that you join hands and help develop the country. All it takes to eliminate the crooks is to let them alone. They cannot live if you do not feed them. You in California or Chicago, in Canada or elsewhere who are lambasting the Pecos country are simply aiding the crooks: making their dirty work more effective and harder to overcome. There is no place on earth that has more to justify investments in oil than we have. Quit crying. Quit gossiping. Give the crooks a rest and put your own think pan and money to work.

C. H. WILLOUGHBY, Toyah, Texas

If You Are Poor Or If You Are Rich I Have An Offer To Make That You Cannot Afford To Miss. Invest A Few Dollars Each Week Or Month Or a Lump Sum With Me And Watch It Grow.

C. H. Willoughby,
Toyah, Texas.

Dear Sir:

I have or can secure a lump sum of \$..... I do not want stock but a one-half interest in a good lease and oil produced less the usual royalty and a well must be drilled or started at once and rushed to completion. If you have such an offer I will come and inspect it and if satisfied will immediately furnished the above mentioned sum to be used only for the actual cost of development, and you are to furnish the first string of casing.

Name Box or Street

City State

C. H. Willoughby,

HONEY PHILOSOPHY FOR 1922

The best way to entertain a man is not to entertain him at all. Don't make yourself a four-flusher by giving him a better dinner than you always have. But give him what you have cheerfully. Then, too, your guests know you've got to work for a living and have lots of things to do, so go on and do them, telling your friend to do exactly what most pleases him till you get finished.

Don't be afraid to say what you think and don't agree if you don't agree, but don't expect your guest to agree with you because you're entertainin' him. Just widen out. Let love and tolerance be King and Queen of the home while the guest is with you, and then maybe you won't be able to throw them out after he's gone.

PREPARE TO MAKE MONEY HANDLING COTTON THIS YEAR

This year's cotton crop will be at least one million bales. Prepare to help handle this enormous crop. It requires only four to six weeks in our institution to become thoroughly familiar with the classing and handling of this most important product of the South. If you act quickly you can be ready.

We have the largest and best equipped sample room in the state, with a solid glass wall on the north to afford proper light. This room was constructed on top of our big three story building especially for teaching the grading and marketing of cotton.

With the ever-increasing demand for help along this line, you should prepare immediately. A number are now taking our cotton classing course, because they realize what an opportunity is open to the expert on cotton. Regardless of the price of cotton, the buyer makes his profit. The farmer would make much more than he does if he could grade and staple his product, because he is completely at the mercy of the buyer when he does not know one grade from another.

Read what some of our recent graduates say about us.

Tyler, Texas, May 23, 1922. To Whom It May Concern:

This is to certify that we, as Cotton Classers, are but a few of the number that come to the Tyler Commercial College to learn the Cotton Business. Our respective counties have sent us here and we feel that they have made no mistake in selecting Tyler Commercial College as the school is second to none in efficiency and equip-

ment, climatical and healthful conditions are the best.

Public Cotton Classers, farmers and business men who handle cotton should attend Tyler Commercial College and learn to class, staple and sample cotton in a practical manner so that they may be in a position to handle their cotton in a more intelligent and profitable manner. We highly recommend Tyler Commercial College to anyone desiring a commercial training and especially in cotton classing.

Yours for the Farmers' Labor Union of America and the Tyler Commercial College.

- Paul Sisco, Collin County, Texas.
- C. A. Lloyd, Cherokee County, Texas.
- J. B. Smith, Wood County, Texas.

TEXAS AND ARIZONA PEOPLE, READ WHAT WASHINGTON HAS DONE

The new administrative code in the state of Washington is working so well that 474 state employees have been cut off the payroll and more than \$1,000,000 annually has been saved in state expenditures.

Under the administrative code, all the many bureaus, commissions, and boards have been grouped into an orderly cabinet system of ten departments.

Before this was done, the end of the preceding two year period found practically every department asking for deficiency appropriations, of which \$1,250,000 were granted.

What happened as soon as the reorganization got under way is related in the first paragraph. What a contrast it is.

This is the very sort of thing that has been agitated in Texas during recent years—the elimination of costly and overlapping bureaus, commissions, boards and committees, some of which have little reason for existence except to provide jobs. By eliminating these and replacing them with a few major departments, none duplicating the work of any other, and all doing only those things that really are in the interest of efficient government, a large saving can be made.

Texas can save as much as Washington, and more. When you read what the state of Washington has done and remember how efforts to make the same kind of reorganization in Texas have failed, doesn't it make you impatient with the political forces that have defeated this wise action?

It's the same in Arizona as in Texas. When the legislature was in session in the spring of 1921, Gov. Campbell laid before both houses a complete plan for reorganization, worked out by him in conjunction with his executive secretary who traveled from state to state for several months and spent the better part of a year in making investigations and blocking out a rough draft of the plan.

When it was presented to the legislature, the plan was so simple and logical that it appealed to everybody who allowed his mind to rule his prejudices. It was a departmental plan similar to that which Washington has found so successful. Because of political opposition, the plan was never given so much as fair consideration. Arizona, like Texas, has been going along the same old gait, overburdened with offices and officeholders, spending money needlessly and without adequate results, supporting an army of commissioners, bureau chiefs and clerks who would better be out working for a living.

Texas and Arizona have plenty of company. These are not only states where politicians make pies and pass the slices around where they will do the most good.

It is very generous of the taxpayers to furnish the materials for the pastry, however.

THE IDEAL NEWSPAPER A newspaper publisher, wishing to please his readers, asked for suggestions. "How can I make mine the ideal newspaper?" he inquired.

"Cut out the crimes, the murders, the sensational divorce case reports," said the nice people.

"Cut out the accidents, the railway and steamship disasters," said the people who "couldn't bear" to read such things.

"Cut out the politics," said the old fashioned women, "I don't understand it and haven't time for it."

"Cut out the league of nations and all that heavy stuff," yawned the flappers of both sexes. "What's it all about anyway?"

"Cut out the so-called funny pictures," said the careful mother. "Such pictures aren't funny, and they're bad, very bad for children."

"Cut out the ponderous editorials," snapped the man who merely scans the headlines. "Nobody reads 'em nowadays."

"Cut out the woman's page," said the female with the strong mind. "It's mosh trashy, trivial; an insult to our sex."

"Cut out sports and theatres," said the intellectual. "Both are bad influences and both have received altogether too much notice."

"Cut out"—began another and still another, but the publisher beat them to it.

"Stop all of you," he cried. "On second thought, I have decided to cut out myself. It's no use trying to publish the ideal newspaper until I come across the ideal reader." Saying which he shut up shop and went into the wholesale saxophone business for rest.—Leslie's Weekly.

WHY? "Why do merchants inventory their assets and liabilities in material things without stopping to think their business will succeed or fail according to the mental ability and personal fitness of their personnel. A new show case may attract buyers, but a dumbbell clerk behind it may make the investment a loss."—Robert Fisher, business efficiency consultant.

If you want to sell your chickens and eggs for cash see J. W. Moore, Pecos, Texas. 44-4f.

STATISTICS SHOW INCREASE OF 546 BANKS IN NATION

The Fort Worth Star-Telegram under date of July 30th, with an Austin date line, carries the following interesting and instructive article with reference to State Banks and their increase in the United States. It shows the gaining popularity of State banks over the country which will be gratifying to those controlling State Banks as well as those patronizing them:

There was an increase of 379 State and 167 national banks in the United States from June 30, 1920, to March 10, 1922, according to R. N. Sims, secretary-treasurer of the National Association of Supervisors of State Banks, in a report received by the Texas Department of Insurance and Banking. On March 10, 1922, the report shows, there were 30,499 banks, of which 22,302 were State and 8,197 national banks, and in round numbers a capital, surplus and undivided profits of \$6,534,000,000; deposits of \$38,901,000,000, and resources of \$48,658,000,000.

On March 10, 1922, in round numbers the capital, surplus and undivided profits of the State banks was \$3,700,000,000, and of the national banks \$2,834,000,000, showing the capital resources of the State banks to be 30 per cent in excess of the national banks, according to the reports. The deposits of the State banks were \$23,510,000,000 and of the national banks \$15,390,000,000, showing the deposits of the State banks 52 per cent in excess of the national banks.

The total resources of the State banks were \$28,808,000,000, and of the national banks \$19,850,000,000, showing the resources of the State banks 45 per cent in excess of the national banks.

THE PLAYS WE NEED

A touching description of the faith and devotion of the actors who participate in the great Passion Play at Oberammergau has been sent by Harold P. Page, of Roxburg, Mass., the son of a prominent protestant minister and business secretary of the International Y. M. C. A. Mr. Page tells of the deep religious spirit that actuates the players in their work.

"On Monday morning," wrote Mr. Page, "we went along with the entire populace or at least so it seemed, to six o'clock Mass in the parish church (the community is almost wholly Roman Catholic) where prayers were sent up to God for His blessing on the town, and the nation on the play and on those who had come from the outside world to see the play. It was most impressive.

"Then after breakfast we went to the huge Passion Theater seating 4,500 people, where we found every seat taken and hundreds standing. The play began promptly and continued for four hours. The last scene before the morning session closed was that of the Last Supper. It was set just as Leonardo de Vinci painted it and so well was it done that it was all but impossible to believe that one was looking at a living picture and not at the original.

"Perhaps the most dramatic moment was when Christ dipped the bread in His cup and gave it to Judas, thereby branding him as the one who was about to betray Him. The washing of the disciples' feet was very tenderly and reverently done, and after the last farewells had been said, and Judas had slunk away, the curtain went down.

"The afternoon performance opened with Christ in the garden of Gethsemane. This was in many ways the most touching scene in the whole play. Lang, as Christ was a tragic figure, and the man who could see him portray the lonely, all but forsaken Christ, and not be better for it must indeed be made of stone. The other high lights were when Christ was carrying His cross to Calvary and, of course, the crucifixion.

"During all the years when the Passion Play was to me a remote and never-to-be-attained reality, I had always felt that no human being could possibly hope to reproduce the Christ on the cross faithfully and reverently. But Anton Lang did it and lifted me aghast but ever-lastingly grateful for having been permitted to visualize that awful moment in the world's history. It was beyond words."

THE TEXAS PACIFIC RAILWAY SYSTEM

To The Public

Men employed in our mechanical and car departments have been on strike since July 1st against the decision of the United States Railroad Labor Board. The officers and loyal employes of this company are doing all in their power to keep trains operating. If we can have that protection for life and property which the law guarantees, we will succeed. The strikers and their sympathizers, on the other hand, are doing their best, through a campaign of lawlessness, intimidation and terrorism, to prevent our operating trains. The welfare and prosperity of the communities we serve depend upon who wins. The law will be enforced if the public demands it. If the law is enforced, the railway can and will continue to operate trains and give that service so vitally necessary if crops are to be moved and producers and consumers alike spared the suffering and financial loss involved in a tie-up of the transportation industry.

DEMAND THAT THE LAW BE ENFORCED!

See How Ironized Yeast Clears Complexions

And Grows New Firm Flesh on Thin, Pale, Nervous and Run-down Folks

Are you troubled with humiliating skin blemishes? Are you thin—or do you feel the need of more energy or "pep"? If so, mail coupon for the amazing Three-Day FREE Trial Treatment of the wonderful Ironized Yeast Vitamin Tablets. Try these remarkable tablets—two with each meal. Then get ready for a surprise!

Watch The Results! Pimples, blackheads, boils, etc., begin to disappear almost "while you wait." You will feel an almost immediate increase in your ability to tackle hard work. And as for putting new, firm flesh on your bones—thin folks report gaining five pounds and more on the first package of Ironized Yeast!

Yeast Best With Iron Ironized Yeast is pleasant to take and will not cause gas or in any way affect the stomach as it contains a specially cultured yeast which is grown under the strictest supervision for medicinal purposes. The reason it brings such splendid results is because it supplies thin and run-down folks with the three vitamins, which though vitally essential to health, are lacking in the modern diet. But more than that, it supplies your blood with the iron needed to make it rich, red and strong. Vitamines alone are fine—but when taken with iron, as in Ironized Yeast, they bring their good results just twice as quickly, in many cases.

Try Ironized Yeast Today! If you want to banish skin eruptions and quickly acquire a fresh, youthful, clean-looking skin—if you are thin and run-down and want to fill out your figure with firm hard flesh and increase your energy so that work will be a pleasure instead of a tax—then try Ironized Yeast at once.

Just mail coupon as directed above for the wonderful Three-Day FREE Trial Treatment. You will very likely be amazed at the improvement just three days will show in you. Test it absolutely FREE! Mail coupon today.

Note: IRONIZED YEAST is sold at all Drug Stores on our guarantee of complete satisfaction from the first package or your money refunded.

Sold and recommended by all good druggists, such as Pecos Drug Company.

BUST THE BEEF TRUST MONOPOLY

George L. Record, star of the Chicago convention when Roosevelt headed the Bull Moose movement, now comes to the foreground in New Jersey, swinging his axe right and left at the Beef Barons, mercifully exposing their system of control.

The facts are so patent that fairness demands steps be taken immediately to put an end to the abuse which spells nothing but control of prices, the ability to extort from the people heavy titles they must pay nowadays for the privilege of living.

Two weeks ago the Enterprise made mention of the Church Booster, gotten out by the Presbyterian church, Rev. Spears, editor. In that issue this paper mentioned the fact that the publication was printed away from Pecos, although patronized by home merchants.

The Baltimore Sun, one of the oldest democratic newspapers in the nation, said that "it looks as if Mayfield is seeking to free himself from the implication of upholding the Klan."

THE PROFITEERING SEE SAW

Now we hail the period of prosperity. Analysis of the boom discloses that wages rise rapidly, sometimes to incredible heights, but that the cost of living rises still more rapidly, and to still more incredible heights. Soon we strike the reaction, the period of depression, and then we find that wages fall rapidly, but that food prices simply stumble. They never drop with the thud of the workers' wages.

From March to April of this year, for example, we learn that the average weekly earning of New York State factory workers declined 42 cents. This is a reduction of \$2.05 from April 1921, and a reduction of \$4.78 from October, 1920, which marked the peak of earning. As against these figures the United States Bureau of Labor Statistics show that the cost of living declined only 4 per cent between December, 1921, and March, 1922, in the country as a whole.

True, since June, 1920, there has been a drop of 23 per cent, but despite this the cost of living remained 67 per cent above 1913 in March of this year.

The retail cost of food did not change at all from March to April, either in the country as a whole or in the leading cities of the great Empire State.

Surely our political economists can find a lesson in such figures. When we poke under the public nose such evidence of outrageous profiteering, plus bungling and faulty taxation, we create a condition that is appalling, if not inflammatory. The American workman never can rise to a state of happiness and contentment if he is the continuous victim of the profiteering see-saw.

Two weeks ago the Enterprise made mention of the Church Booster, gotten out by the Presbyterian church, Rev. Spears, editor. In that issue this paper mentioned the fact that the publication was printed away from Pecos, although patronized by home merchants.

URGES FLAPPER INSPECTION.

Flappers, before you decide on a husband, see him first in a bathing suit.

So advises Frank F. Morris, executive secretary of the Texas Retail Dry Goods Association. He says:

"If I were a woman I would never decide on a man until I have first seen him in a bathing suit and that after he had had a dip in the water, so that I could determine just how ugly a creature I was about to encourage as a possible husband."

"Men are as clever as women in hiding their defects under a tailor's art."

"Too, I would recommend to men that they see women in their bathing suit before popping the question."

"There is a fine chance for deception on the part of women and men might be disillusioned and suffer a good many regrets, just as the women would, were they to ask the young lady to take a swim before becoming too strongly enmeshed in Cupid's spider web."

Morris is a defender of the flapper. "The flapper is a much abused person," he says. "There is too much of a modern tendency to make evil out of everything."

Judge Charles Gibbs spent the forepart of the week talking to the voters of Reeves county in the interest of his race in the second primary, which will be run off with Tom Garrard on August 26. Judge Gibbs ran a good race in this county in the first primary. Judge Hudson, our home man, of course, carried the county by a good lead and of the remaining votes Judge Gibbs got 309, or 119 more than Garrard. Gibbs has made a quiet race and made it in a gentlemanly manner, running strictly upon his merits as a man and jurist. His record is a good one and the saving to Reeves county alone in his administration over former district judges should win laurels for him. He is a true friend, a really upright and honorable gentleman and has made a fine judge and the needle points toward his re-election in the coming primary. Judge Gibbs, as stated above, has made a clean race, absolutely free of all mud-slinging, is under obligation in this race to no man other than the very best citizens of the district, and if elected to that office again can be depended upon to do what he knows to be right without fear or favor to any man.

Ladies calling cards neatly printed at this office.

EDITORIAL COMMENT ON

E. MAYFIELD New York, Washington and Philadelphia papers are still discussing Texas and the defeat of Culberson for United States Senator.

The main theme is astonishment that a klan candidate should be in the lead. The Philadelphia Public Ledger editorially asserted that Senator Culberson, representing what is left of decency and sanity has been defeated, Mayfield leaving the old and valuable senator far behind. The rest of the country had thought better of Texas, and the news that the state had fallen so completely into the hands of the basest form of ignorance, stupidity and unreasoning hate yet known has shocked the country.

The editorial continues that "it would be a national shame and disgrace if any one representing the klan were to take his seat among real Americans in the proudest legislative body in the world. The election of Mayfield would be an affront to the people of the United States. Texas has one chance to redeem herself in the eyes of the rest of the country, and that is to come to the senses before the run-off primary next month. If she does not, and Mayfield wins, Texas must surely know that he will have a hard time getting into the senate."

"The committee on privileges and elections will most certainly insist on knowing whether he is a member of the klan or not, and how far he is affiliated with it, and he will have to stand aside until it finds out," the editorial says. "The senate can not afford to have a Ku Klux member, and it can bar him even if he is not an active member. It is the sole judge of the qualifications of its members. Even such a man as Reed Smoot had to stand aside until the senate had investigated his record as a Mormon."

"For the present at least," declares the editorial, "Texas sits in disgrace among her 47 sisters. In many elections one state or another has run off the track and amazed the nation by voting for something mad but never had any state gone to such depths as these."

The Baltimore Sun, one of the oldest democratic newspapers in the nation, said that "it looks as if Mayfield is seeking to free himself from the implication of upholding the Klan."

The Baltimore American asserted that "Texas is between the devil and the deep sea. It would have been more cheerful if Culberson had run second in Ferguson's place. Whether or not James E. Ferguson was fairly treated in the impeachment proceedings by which he was ousted from the governorship, it hurts public confidence for the state to have to turn to a man with a black mark on his record for rescue. Mr. Ferguson espouses the principle that the individual shall live his own life without unreasonable dictation from his neighbors. It is a pity, we repeat, that a man who proposes to campaign in advocacy of this idea should be handicapped by a black mark on his personal record, whether or not that mark is deserved. But he is this time fighting for a good cause and it will be ill for Texas if he loses."—Cisco Daily News.

WESTERN TEXAS PRODUCTS TO BE WIDELY SHOWN

Stamford, Aug 1.—Nine nationally known fairs will be used by the West Texas Chamber of Commerce to display its comprehensive agricultural exhibits and give true representation to West Texas' resources. It was announced today by Manager Porter A. Whaley of the organization.

The fairs which will be visited and carry West Texas agricultural displays are: Kansas Free Fair, Topeka, Sept. 11-16. Kansas State Fair, Hutchinson, Sept. 16-22.

Tri-State Fair, Memphis, Sept. 23-30. Oklahoma State Fair, Oklahoma City, Sept. 23-30. Louisiana State Fair, Shreveport, Oct. 4-19.

Texas Cotton Palace, Waco, October 21, Nov. 5. East Texas Fair, Tyler, Nov. 9-13. South Texas Fair, Houston, Nov. 8-13. Southwestern Exposition, Fort Worth, Spring, 1923.

For the first time in its history West Texas will send an exhibit to all East Texas Fairs. The West Texas exhibits have been on display three times at the Texas Cotton Palace, also twice at the Louisiana State Fair at Shreveport, and once at the Tri-State Fair, Memphis, Tenn., and the Kansas Free Fair at Topeka.

An appropriation of \$14,600 has been made to carry the exhibits to the several fairs over the country. B. M. Whiteaker of Haskell, exhibit manager, will begin his tour immediately lining up the exhibits for the regional fairs at Abilene, Wichita Falls, Childress, San Angelo, Lubbock and other points.

The annual exhibitors' banquet will be held at the State Fair at Dallas, as well as similar banquets at regional fairs at Abilene, San Angelo, Wichita Falls, Childress and other points.

Pecos has settled down to real business since the election is over and those who are not at work should be. There is plenty to be done to keep all busy and the fountain, which is the principal resort for loafers, should be given a wide berth. Let us all get to doing something which will make for a bigger and better town of Pecos.

ARTESIA LIGHT PLANT DOWN AND OUT

Artesia is back on oil lamps for lighting the homes and the streets will probably go in darkness. Few Texas towns know more on the inconveniences incurred by this sort of lighting than Pecos whose citizens were forced to resort to the coal oil and gasoline lamps for nearly a year. Thanks to the new proprietors of the plant, who are now giving fairly good service in that line and are also now making real ice.

Of the Artesia light plant the Advocate has the following to say:

The Artesia light plant is down and out. It has had fits and spasms for a long time and the service it has rendered has been uncertain and unreliable. And through some mysterious dispensation of fate it has always blown up at times when it caused the greatest inconvenience and embarrassment.

An illustration was furnished on Thursday evening of last week. About fifty members of the Chamber of Commerce and invited guests had just seated themselves at a banquet table at the Hardwick. The viands were beginning to be served, when in a jerk of a lobster's liver bump went the light plant, out went the lights and the expectant bunch of feasters were plunged in darkness. The balance of the program was consummated in the sickly light of odoriferous oil lamps. Two nights later the emergency engine of the plant, which had been relied upon for months suffered a fracture beyond which the power of any local surgeon to repair or reduce.

It is said that it would cost \$800 to repair the large engine and about \$200 to repair the small one. This expense the company will not incur. The company claims the plant is far away from its chain of plants, which makes its maintenance troublesome and expensive, and that it wishes to dispose of it. The company is now trying to sell the plant to the city or some other organization here and threatens to dismantle the plant and move it away in case no sale is made.

The Pecos Enterprise, the big newsy newspaper.

Wonderful for warm days! Kellogg's CORN FLAKES with fresh fruit!

Play safe with your diet—and your health—this summer. Eat lighter, sustaining foods and work better, play better, sleep better and feel better.

Kellogg's Corn Flakes digest without taxing the stomach—yet they are satisfying! There isn't anything more refreshing, palatable or beneficial on a hot day than a big bowlful of Kellogg's with plenty of cold milk and some luscious fresh fruit!

Kellogg's Corn Flakes are sold only in the RED and GREEN Waxtite package that bears the signature of W. K. Kellogg, originator of Corn Flakes.

Also makers of KELLOGG'S KRUMBLES and KELLOGG'S BRAN, cooked and krumble.

GALOMEL USERS TAKE AWFUL RISK

Very Next Dose of Tracherous Drug May Start Terrible Salivation.

The next dose of calomel you take may salivate you. It may shock your liver or start bone necrosis. Calomel is dangerous. It is mercury, quicksilver. It crashes into sour bile like dynamite, cramping and sickening you. Calomel attacks the bones and should never be put into your system.

If you feel bilious, headachy, constipated and all knocked out, just go to your druggist and get a bottle of Dodson's Liver Tonic for a few cents which is a harmless vegetable substitute for dangerous calomel. Take a spoonful and if it doesn't start your liver and straighten you up better and quicker than nasty calomel and without making you sick, you just go back and get your money.

Don't take calomel! It can not be trusted any more than a leopard or a wild-cat. Take Dodson's Liver Tonic which straightens you right up and makes you feel fine. No salts necessary. Give it to the children because it is perfectly harmless and can not salivate.

Habitual Constipation Cured in 14 to 21 Days

"LAX-FOS WITH PEPSIN" is a specially-prepared Syrup Tonic-Laxative for Habitual Constipation. It relieves promptly but should be taken regularly for 14 to 21 days to induce regular action. It stimulates and regulates. Very Pleasant, to Take. 50c per bottle.

Colds Cause Grip and Influenza

LAXATIVE BROMO QUININE Tablets remove the cause. There is only one "Bromo Quinine." E. W. GROVE'S signature on box. 50c.

No Worms in a Healthy Child

All children troubled with Worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS CHILL TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a General Strengthening Tonic to the whole system. Nature will then throw off or dispel the worms, and the child will be in perfect health. Pleasant to take. 50c per bottle.

A TONIC Grove's Tasteless Chill Tonic restores Energy and Vitality by Purifying and Enriching the Blood. When you feel its strengthening, invigorating effect, see how it brings color to the cheeks and how it improves the appetite, you will then appreciate its true tonic value. Grove's Tasteless Chill Tonic is simply Iron and Quinine suspended in syrup. So pleasant even children like it. The blood needs QUININE to Purify it and IRON to Enrich it. Destroys Malarial germs and Grip germs by its Strengthening, Invigorating Effect. 50c.

PERSONAL

Mrs. Tom Jones is visiting relatives in Odessa.

J. G. Love returned the last of last week from a business trip to Austin.

Valentine Zuber and son, Otto, were in town from their Saragosa home Monday.

Mr. and Mrs. A. Kianey left Tuesday for Carlsbad, New Mexico, where they will reside.

Mr. and Mrs. Chas. Manahans are among those who are enjoying an outing in California.

Mr. and Mrs. T. B. Pruett and son, T. B., Jr., returned Monday from a few days visit to relatives at Alpine.

Mrs. C. J. Magee left last week for California where she will visit a few weeks before returning to Chicago where she teaches.

Miss Mable Smith is doing stenographic work in the Pecos Mercantile office during the absence of Miss Rose Briscoe, who is taking her vacation.

Walter Slover who was operated on for appendicitis a week or so ago, is again on the streets and looking well. He will soon be able to go to work again.

Mr. and Mrs. T. Y. Casey who have been visiting friends in Pecos for more than a week, expect to return to their home in Dallas the latter part of this week.

Charles Weinacht, one of the most prosperous farmer-stockmen of the Toyah Creek country, was a business visitor in Pecos Thursday of this week.

Mr. and Mrs. J. F. Lawney and little son and T. T. Downes all of Toyah, were business visitors in Pecos Thursday and made a very pleasant visit to the editor.

Fern Tatum of Moushans, in the garage and mercantile business, was a Pecos visitor Thursday and made the Enterprise office a pleasant visit. Mr. Tatum is one of the world war veterans.

Miss Bettye Watson returned Wednesday from a visit of three weeks to her friend, Miss Marie Walker at Tulsa. She was also the guest of Miss Jennie Drummond at Plainview for a few days.

Mr. and Mrs. W. H. Browning left Thursday for their home at Lampassas after a very pleasant two weeks visit to their sons, Woody and Walter Browning and daughter, Mrs. J. W. Brooks.

Mr. and Mrs. P. H. Pruett of El Paso are visiting their daughter, Mrs. Steve Ward and family, and brother, T. B. Pruett and family, this week. They were accompanied by their grandson, Walker Pruett.

Miss Jennie Drummond returned Wednesday from a visit to her sister, Mrs. B. V. Rogers at Plainview. Mrs. Rogers was operated on some weeks ago for appendicitis and has completely recovered. Miss Jennie reports a most delightful visit.

Mrs. J. A. Drane and son and Mrs. Walter Browning and children returned home Sunday from Fort Davis where they had been for the past few weeks recuperating. They accompanied their husbands home who went for them on Saturday.

Mr. and Mrs. F. A. Bessire of Toyah returned Monday from a three weeks visit to the hot springs on the Rio Grande and report a very pleasant sojourn and improvement in health. They were visitors in Pecos Wednesday, calling on friends.

Miss Elsie Zuber left Monday for Fort Chadbourne for a visit with a sister for a short while. From there she will return to Abilene where she has employment as a stenographer. She has been visiting, since Christmas, at the home of her parents, Mr. and Mrs. Valentine Zuber, at Saragosa.

Miss Gladis Thurston returned this week from Las Vegas, N. M., where she has been attending the New Mexico State Normal. Miss Truma Stephens of Tucumcari, N. M., accompanied her for a visit at the Thurston home. Misses Thurston and Stephens taught in the San Jon school last year and were roommates, as well as very close friends.

Mrs. Joe Seay, son, Jim, and daughter, Miss Jessie, accompanied by Mrs. J. C. Holbeck and two little daughters went out to the Charles Ross' ranch Saturday and visited a few days. A most delightful time is reported. It is said not only was the table well laden at all times with fried chicken and everything else good to eat but the fatted calf was killed, neighbors invited in and a jolly good time had. This wonderful western hospitality is marvelous.

L. H. O'Neil returned this week from a visit to Pinckneyville, Illinois, where he was called on account of the illness of his father, who died at that place on Friday July 21st, 1922, at the age of 91 years, six months and twenty-five days. Mr. O'Neil worked on the Laura well here as tool dresser, later going to Breckenridge where he was working when the sad message came to him. His family has lived in Pecos all the while and he will remain here for awhile before launching out again. The Enterprise joins a number of Pecos friends in sincerest sympathy to Mr. O'Neil in his bereavement.

C. M. Houghton and mother were over from Barstow on business and renewing acquaintances with Pecos friends.

Mrs. A. E. Wilcox and little son, Joe Roy Smith Wilcox, returned Thursday from Big Spring where they had been visiting friends for several days.

Arthur Scudamore of Natchez, Miss., will leave Saturday for his home after a visit of several days to Mrs. Scudamore who is spending the summer here with her son, H. B. Prickett.

Deputy Sheriff R. G. Middleton and family returned this week from a two or three weeks visit to El Paso and the Elephant Butte dam, and report a most delightful trip.

During the absence of Mr. Love and daughter, Miss Aileen, in Santa Fe, N. M., Miss Margaret will visit at the Green McCombs home in the Guadalupe Mountains while Mrs. Love will remain at home and take care of the place.

J. G. Love and daughter, Miss Aileen will leave the latter part of this week for Santa Fe, N. M., where they will spend two or three weeks enjoying the high altitude of that section. Their many Pecos friends hope the trip will prove of great benefit to them.

County Commissioner Julius Eis-cwaine and family returned the forepart of the week from a two or three week's visit to Hot Springs, N. M. Julius looks and feels much better than when he went and is high in his praise of the curative properties of the water there. He tells some wonderful stories of cures made while he was there and will never cease to make his annual visits to this popular resort so long as he is able to go.

KIRSCHBAUM CLOTHES

TWEEDS

Nothing like them for sport and outdoor wear—tweeds! Roughish, open weaves in browns, greys, and heathers. They make up beautifully. Especially in these smart new designs by the Kirschbaum shops.

\$25 to \$40
