MIDLAND MAINTAINS ITS LEAD THIS WEEK IN THE RACE FOR TEXAS TECHNOLOGICAL COLLEGE

Midland maintained its lead this week in the ranks of the fifty and odd cities and towns through West Texas which are making the race for the Texas Technological College.

The publicity which Midland received the past week practically overwhelmed that which was secured by every other contestant. Favorable mention was made of Midland in at least thirty daily papers through the State, in addition to many weeklies. The Dallas News in a front page story of last Friday mentioned two cities as being the strongest contenders in the race. One of these was Midland. Reports from Fort Worth indicate that the sentiment there which had been in favor of Sweetwater has swung to Midland. This fact is of paramount importance because the claims of our city are daily being recognized not only in West Texas but throughout the State.

It is generally admitted now by all other contestants that if they secure the college they will have to beat Midland.

The strongest argument which Midland has advanced and which is declared by many interested as well as disinterested parties to be practically unbeatable is the fact that Midland is in the center of nearly all the University lands owned by the State. They realize that the placing of the college here would be sure to put value on these lands as a result of which every tax payer in the state would be benefited. It is also perfectly obvious that this is a claim to which no other contestant may make claim and one which concerns not only the people of West Texas but the people of ALL Texas.

Midland has run and is running a proverbial "dark-horse race." When it first announced itself as a candidate for the location of the college little attention was paid to it. In the past few weeks however it has jumped to the front with strides that has attracted attention from all over the State.

A unique and original feature which Midland has introduced is the organization of the "Tech-for-Midland" Club all over the State. The first apparent club was organized in Midland last week by the ex-students of University of Texas, C. I. A., and A. & M. This week similar organizations were completed by Midland students at each of the above named colleges. A new organization at the University of Texas, the Austin Stateman had the following to say: "The University students from Midland and adjoining towns met in the University Y. M. C. A. Friday and organized a "Tech-for-Midland" Club. Every student from Midland was present except one who was in the Infirmary. A representative of Pecos was present and offered the support of the Pecos students. The purpose of the club is to give support for the location of the Texas Technological College at Midland. The most important business was the election of officers. The following were elected: F. W. Whitefield, president; Herman Klaproth, vice-president; Thord Dockery, secretary; M. H. Half, director of publicity, and Miss Caroline Glover, of Pecos, reporter. Midland students not only at Stanton but all over Texas are organizing to assist in the attempt to locate the Texas Tech at Midland. There are already "Tech-for-Midland" clubs organized and active at A. & M., and C. I. A. If enthusiasm and active interest are controlling factors in the selection of the college the city of Midland certainly has a fighting chance the organizers of the local club says."

All of these organizations who are making plans for a "Tech-for-Midland" hope to be held in the near future at which many unique features all indicative of Midland's desire to locate the college here will be introduced.

The members of the club which was organized at Midland last week have been very active in the matter of writing letters to former classmates in regard to Midland's effort to secure the college and many of these have already brought splendid results. Mr. Byron Gist who was of the A. & M. committee has received a most cordial letter from Dr. W. B. Bizzell, president of A. & M. and also a member of the committee which will locate the college. Dr.

JUDGE BLAYDES BELIEVES IN PRE-WAR SALARIES

County Judge R. D. Blaydes of Pecos county was a business visitor in Pecos the forepart of the week and paid the Enterprise a very pleasant visit. Judge Blaydes is the newly elected county judge of his country and the one who set the precedent for all West Texas in reducing salaries. He not only asked for a reduction in the salaries of practically all county officers but asked that his own salary be cut in accordance with the rest who suffered a reduction, which will save the county some thirty six hundred dollars per year in salaries alone. Judge Blaydes also states that he believes that the only way West Texas can avoid the payment of unjust taxes which takes from our section of the state thousands of dollars more than we get back and gives it to the east Texas counties, is to reduce our renditions and he is now working out a plan whereby this can be done.

Midland merchants as well as merchants from Odessa, Pecos and Toyah have this week written to El Paso concerns with whom they do business, suggesting that they use their influence with the El Paso Chamber of Commerce towards securing the endorsement for Midland. The answers to these letters have been very favorable and the organizations and firms who have been selected will undoubtedly have a great deal of influence on any action which the El Paso Chamber may take. It is known that practically seventy-five per cent of the board of directors of El Paso are favorable to Midland's claim. President Schwartz expressed his opinion that Midland was the only city in the El Paso trade territory which was in the race and if the endorsement of the El Paso chamber was given to any city it should be given to Midland.

The Continental Drug and Chemical Company, and the South West Optical Company, both of El Paso, wired the City Drug Store and J. P. Inman respectively, that they would use their influence in behalf of Midland. Similar acknowledgments have been received by the Odessa merchants who are working hard for Midland.

Midland is fortunate to have the support of both of the El Paso papers. The editorial printed in the El Paso Times last week with the caption: "Why Not Midland?" is the most outstanding endorsement which any city or town in the race has received from a metropolitan news paper.

Mr. G. A. Martin, managing editor of the El Paso Herald personally assured Mr. Wall that Midland could depend upon him and his paper to support and advance the Midland claims.

The local committee securing the location has been this week and is making steady progress. Col. J. M. Gist has offered his land located south of town and adjoining South Ward school. He has six sections and will offer the entire tract or two thousand acres out of it. The tract is very desirable owing to its proximity to town and its many improvements on it. Options are being secured by individual owners on small tracts which are included in some of the large tracts selected as sites, by the local committee. In all cases with one or two exceptions the owners have gladly co-operated with the committee and have signed options and promised to get their abstracts up to date immediately. These matters should be attended to not later than this week as plans must be made for the brief which is to be submitted on April 20th.

MR. AND MRS. J. B. WILSON WILL LEAVE SATURDAY NIGHT FOR CALIFORNIA

Mr. and Mrs. J. B. Wilson will leave Saturday night for a visit to his mother in Dallas before going to California where they have secured situations on a morning paper at Visalia. Mr. and Mrs. Wilson have been with the Enterprise for more than two years and have ever been faithful, working at all times for the best interests of the paper. The Enterprise takes great pleasure in commanding them to the best people wherever they may cast their lot as being altogether reliable, trustworthy and faithful. During the forty-five years the writer has been in the newspaper game he has never known a more faithful, hardworking couple than these good people. Wherever they may land and whatever they may elect to do the very best wishes of the writer attend them.

CITY AND SCHOOL ELECTIONS

The results of the elections Tuesday leaves the matter practically as before. In the city election Brawley Oates was elected to succeed I. J. Sims. A. G. Taggart was reelected as alderman.

In the school election L. W. Ander-

WIFE FIRES ON AND WOUNDS MURDERERS OF HUSBAND

Midland, Texas, April 2.—With her husband, Horace L. Roberson, 45, of Midland, and W. D. (Dave) Allison, 55, of Post, lying dead at her feet in the lobby of the Gaines Hotel at Seminole Sunday night, Mrs. Roberson, according to her version of the affair today, clad only in her nightclothes, opened fire with a small automatic pistol upon the two men whom she accuses of the double killing and wounded both of them slightly.

TWO FACE CHARGES.

Tom Ross, Gaines county ranchman, and Milt Good Brownsfield cowboy and rodeo performer, are charged with murder in connection with the shooting affair.

The two men surrendered to the Sheriff at Seminole following the tragedy and were placed in jail. The grand jury was summoned to meet there Monday.

Eyewitnesses said that a sawed-off shotgun and an automatic pistol were used during the shooting.

Mrs. Roberson gave a vivid account of the tragedy to a representative of The News at her home here Monday:

"Horace was in Seminole to attend the session of the grand jury," she explained. "Friends of my husband had been apprehensive for his safety, and I had begged him to leave the association and take a less hazardous position, but he would not. Sunday we drove to Seminole, had supper at the hotel and at about 7:30 I retired to my room. About a half hour later I heard several shots. Grabbing a small automatic pistol, which my husband had given me, I rushed downstairs in my nightclothes.

Fires On Two Men.

"My husband and Dave Allison were dead on the floor. Two other men were in the middle of the room, one having a smoking shotgun in his hands. They backed out of the door as I came down.

"I saw my husband was dead and then I screamed and ran to the door and fired at the two retreating men. I hit one in the hand and grazed the other in the abdomen.

"My husband was shot eight times with buckshot, one shot piercing his brain."

There were a number of eyewitnesses to the killing.—Dallas News.

SIXTY-FOUR TOWNS WILL BE VISITED IN TRADE EXCURSION

Special to The Enterprise.

Kansas City, Mo., April 2, 1923.—Plans for the 32nd Annual Trade Extension Trip of the Kansas City Chamber of Commerce are rapidly nearing completion. Thirteen all steel cars, including two diners and one compartment car, have been ordered to make up the special train that will leave Kansas City on Wednesday afternoon, April 18, for an eight day tour through Colorado, New Mexico, Texas, Oklahoma and Kansas returning to Kansas City on the morning of April 27. Sixty-four towns in all will be covered by the party, which will visit Pecos.

The party will be headed by President N. N. Dalton of the Kansas City Chamber of Commerce, and F. J. McGinley, chairman of the Trade Extension Committee. The Governor of Missouri, Honorable Arthur M. Hyde, has advised the Chamber that unless something unforeseen occurs he will be a member of the party.

It is also expected that the Mayor of Kansas City, Frank H. Cromwell, will also participate in the trip.

Thirty thousand copper sheep bells have been received by the Chamber for distribution to school children along the route. School superintendents in practically every town have advised the Kansas City Chamber that schools will be closed in order to permit school children to be at the station to greet the Kansas City party.

According to present indications there will be more than a hundred Kansas City business houses represented, including manufacturers, wholesalers, bankers, live stock and grain men, on the trip. Eighty percent of the total possible to be taken has already been signed up.

son was elected to take the place of H. H. Johnson, the other two being reelected.

OIL NEWS OF PECOS FIELD LOOKS BETTER—BELL AND RAMSEY DRILLING—TOYAH-BELL FLOWS

CO-OPERATION WILL MOVE MOUNTAINS

Toyah, Texas, April 5.—In last week's issue of the Pecos Enterprise Mr. C. H. Willoughby asked for co-operation and has been successful in getting it. The Toyah Commercial Club, in conjunction with the Pecos Chamber of Commerce, took up the movement and in less than twenty-four hours had secured a standard rig to be placed over the Willoughby No. 1 well, this work having been done by a committee of prominent men from Toyah and Pecos.

This co-operation did not end with the securing of the rig. The Toyah Commercial Club had a meeting last Saturday night and the citizens decided to go this committee one better by moving the rig and putting it up. A number of trucks and wagons from Toyah and Pecos were volunteered to move the material and a greater number of men offered their services in tearing down and rebuilding the rig. Even groceries to feed the men and gas to run the trucks were volunteered. The result being that a caravan of trucks was lined up on our main street Wednesday morning, to be joined later by other trucks from Pecos, and pictures were taken of this truck caravan before it left to take down the rig.

Many stated that they would co-operate by sending pictures and letters to their friends, in an effort to gain their aid and assistance. It will be but a few days until Mr. Willoughby will have a good standard rig, tools and machinery over his well with which he can go any depth required.

This movement has behind it a great number of people in the Pecos Valley. Toyah is not claiming all the credit nor are we looking for glory. It is an oil well we want. A generous plan is being worked out by Mr. Willoughby and others to reward all who co-operate and as surely as co-operation will move mountains.

"Sunday we drove to Seminole, had supper at the hotel and at about 7:30 I retired to my room. About a half hour later I heard several shots. Grabbing a small automatic pistol, which my husband had given me, I rushed downstairs in my nightclothes.

"My husband was shot eight times with buckshot, one shot piercing his brain."

son was elected to take the place of H. H. Johnson, the other two being reelected.

AN APPRECIATION

After a rather intimate acquaintance of 12 to 14 years, and part of the time living within a block of each other, my impressions of Mr. J. B. Sullivan are most favorable. He was pleasant, agreeable, courteous, a gentleman and a man who made friends. The average man would naturally seek his association. Perhaps I would be controlled by my sympathies under the present circumstances, but my estimate of him had been made before his illness or death.

Others, who knew him far better than I, in a business way, say he was honest, upright, honorable in all his dealings, and an all-round good man. If we can get the real sentiment of the people, and what they think of a man you are apt to get the facts. He was a kind husband, an affectionate father and an oblig-

THE BELL WELL

The Bell well was unable to make much progress during the past week due to mechanical breakdowns and delays, and the consequent time lost in making repairs and getting parts, however everything is now in excellent shape, and we can look forward to hearing something worth while at an early date.

This well continues to have most promising showings and indications, and is making some free oil and a heavy volume of gas from the hard sandstone formation, even with a water packer in the hole to hold down the gas pressure. It is expected that the lower strata of this sand and sandstone will be the real pay sand, and this should be reached in a very short time now, when definite results will be in order.

THE WHEAT WELL

Jim Wheat says that he will have all his stuff on the ground this week and will then in a very few days be ready to go. He also states that while the money is coming in slowly he hopes to have enough to start operations within a very short time.

RAMSEY NO. 2 WELL

Operators of the Ramsey No. 2, being drilled by Mr. Granger, failed to get in a report this week, but it was learned today that they are drilling and making satisfactory progress. Some boiler and other minor troubles have delayed operations some but it is said they are making good footage and are satisfied with the progress.

THE TOYAH BELL WELL

The Enterprise learns that the Toyah Bell well which has been filled to the brim for more than a year and has continued to give up the oil at intervals during all that time on Sunday last turned loose of its own accord and belched forth more oil than at any time in the history of the field. The surrounding country was covered with the pure oil when the flow stopped. This is another evidence that all that is needed to bring in this well as a real producer is to clean out some of the debris and give it a chance. The Enterprise understands that an effort is being made to get Mr. Gallagher to do this feat which he believes he can do without much trouble.

SCHOLASTIC MEET

The various schools of the county are taking a vacation today and will try out on the local field their metal as sprinters and in an oratorical way at the school building to find out the best timber for the district meet. A program of the events is not available to the Enterprise editor, who has searched the town diligently for one, but could not locate same. It will, however, make an effort to give in detail a program of the events pulled off in our next issue.

C. E. Buchholz returned the forepart of the week from the mines in Culberson county. Mr. Buchholz says they are still working the mines as of days gone and placing on the surface some very fine ore. He with other parties, among whom is Ben Krause, own some exceptionally fine silver mines in Culberson county and they are taking out some exceptionally fine ore and some day will be, if they do not run out of luck and energy, find themselves in the millionaire class from their indomitable efforts and energy. The Enterprise hopes so at any rate.

ing neighbor.

It is said by those who knew him best, that he did many generous acts that but few knew anything about, even the Mexicans held him in very high esteem. When a man is loved by the poor, he is not apt to be a very bad man.

In his last illness, he talked freely and fully to the family, and those nearest him of his business affairs, his and their future, giving much good advice. He left very satisfactory evidence to the bereaved wife and children that he was prepared for the better world.

May the good Father comfort their broken hearts in this dark hour, and bring them all home at last.

C. S. MCARVER.

DEPARTMENT WARNS COTTON PLANTERS AGAINST FAKE WEEVIL "REMEDIES"

The present interest in the boll weevil problem in the Southeastern States has resulted in a large number of patented preparations and machines which are being vigorously exploited, says the United States Department of Agriculture. This is a repetition of what has occurred in every region invaded by the boll weevil. During the first few years the farmers are exploited and many useless or practically useless devices are sold to them. In a few years, however, history shows that such organizations go out of business. Their operations are especially important at the present time since the losses caused by the boll weevil will be increased by the expense of buying nostrums of various kinds.

The claims for these preparations are not based on scientific tests although in many cases the persons exploiting them are undoubtedly sincere in their belief that they will yield good results. Generally speaking they are based on misinterpretations of what occurs in the field. To determine whether a remedy is effective, it is necessary to have control areas and to consider the effects of numerous cultural practices. It is very easy for an untrained observer to attribute to some preparation he has applied, the beneficial results of some variation in climatic or cultural factors.

The Department of Agriculture and many of the State experiment stations have tested the new boll weevil remedies which have been proposed from year to year and many of those now being offered the public are not essentially different from the kind that have been tested and discarded.

The Association of Southern Agricultural Workers at its recent convention at Memphis considered the whole problem of boll weevil control and, in addition to certain cultural methods, it recommended the consideration of three remedies.

This convention heartily endorsed the use of the dusting method in areas where the yield of cotton was high enough to warrant the expense. It also endorsed the Florida method for the region in which it has been proven to be applicable, and further recommended extensive tests of this method in other regions of light yields.

In another paragraph it called attention to the fact that the molasses arsenate treatment, although not yet subject to sufficiently detailed experimental tests to warrant its endorsement, had apparently given results over a wide area that warranted further consideration, and it therefore recommended thorough and immediate tests of this method by State and Federal agencies.

The State and Government institutions are anxious to help the farmers through the agency of any new methods of controlling the boll weevil which may be discovered. As promptly as possible careful tests are conducted. The department strongly recommends that farmers exercise due caution in spending money for new boll weevil remedies. In all cases farmers should demand evidence of official tests and communicate with their experiment stations for detailed information regarding any of the new remedies. If anything of value is discovered by the State experiment stations or by the Federal Department, prompt and widespread notice of the fact will be given the public. In the meantime it is safe to say that in all probability any money spent for patented mixtures or machines will be wasted.

COTTON BELT MOVES UP NORTH; MANY STATES TO TRY NEW CROP

By Robert Fuller
Washington, D. C., April 5.—With cotton selling at more than 31 cents a pound, and with steadily increasing boll weevil damage to Southern cotton, Northern farmers within territory having a frost-free period of not less than 180 days will try their hand at cotton-growing this year.

Cotton takes about 180 to 140 days from time of planting to mature bolls under favorable conditions. Some cotton opens 120 days after planting. Early maturing varieties have been perfected which may play a large role in extending the cotton belt northward and westward.

Cotton already is grown in new Western territory, where it is free from injurious cotton pests and most of it is under irrigation. However, there is a large field for drought-tolerant cotton varieties, which mature with 20 to 25 inches of rainfall and which can be grown in semi-arid regions having a fertile soil.

West Region in U. S. With Frost-free Period.

There is a vast region in the United States immediately north of the present cotton belt which has an average frost-free growing period of not less than 100 to 190 days extending from the Panhandle of Texas through Southern Kansas into Central Missouri, Southeastern Illinois, Southern Indiana and Ohio and eastward to the Alleghenies. From Northern Virginia this same line runs through Southern Maryland, all of Delaware, Southern New Jersey, lower Pennsylvania, Southern Massachusetts and even Long Island.

New cotton gins have been erected in parts of Missouri this year in preparation for the coming crop. Southern Illinois around Cairo has a magnitude and so has Southern Ohio along the Ohio and Scioto Rivers.

World Shortage Of Cotton Makes Crop Very Valuable.

There is a world shortage of cotton of more than 1,500,000 bales, due largely to the increasing damage from the cotton boll weevil which can not be controlled successfully with present methods.

It is becoming more hazardous to raise cotton in the Old South and farmers along the edges of the present cotton belt, where at present there are no weevils and where the winters are cold enough to kill them and keep them from getting established are going to venture raising cotton.

In 1921 the weevil did \$600,000,000 damage to the cotton crop.

The country will watch cotton growing in new territory with much interest, and it is not at all impossible that cotton will not form a part of regular farm practice in many states which never before grew the staple.

FINANCIAL REVIEW

Prepared For The Enterprise By
The First National Bank In
St. Louis.

The volume of leather boots and shoes exported by the United States during January of this year totaled 477,610 pairs and shows an encouraging increase as compared with shipments of 322,317 pairs in January, 1922. This increase applies to all classes, men's shoes showing an increase of 54,311 pairs; women's 58,242 pairs, and children's 42,840 pairs.

The January, 1923, statistics show exports of 202,897 pairs of men's leather boots and shoes, a quantity which exceeded the exportation of similar goods in any month of 1922. The shipment of men's shoes during January, 1923, to Canada and the United Kingdom were much greater than those of the corresponding month of 1922.

Shipments of leather belting from the United States during January, 1923, totaling 66,496 pounds, represent an increase of over 20,000 pounds, as compared with figures for the corresponding month 1922. This is due largely to the expansion of trade with Canada, Cuba and South America.

The exports of leather belting by the United States during the seven months ended January 31, 1923, totaled 706,244 pounds, valued at \$1,060,416; similar exports during the corresponding period of last year amounted to only 449,540 pounds, valued at \$667,820.

STREET LIGHTING PAYS

Six hundred persons are killed each year in the United States because of inadequate street lighting, says a report of the American Society for Municipal Improvements. Property damage resulting from the same cause is put at \$54,000,000 a year, whereas the entire country's bill for street lighting is but \$50,000,000 a year.

Urging the need for higher standards of lighting as a preventive both of accidents and of crime, the Society quotes municipal statistics showing that modern street lighting has reduced crime on certain streets as much as 41 per cent, as compared with other streets in the same cities.

LAXATIVE BROMO QUININE Tablets remove the cause. There is only one "Bromo Quinine." E. W. GROVE'S signature on box. 30c.

The Pecos Enterprise, the big it; why not you?

PAGEANT OF NATIONS

The Rev. and Mrs. W. A. Fulbright are well known to Reeves county people and more especially those of our people who live at Toyah and on Toyah Creek. Their many friends here recognize their ability and indomitable energy and will be glad to know that they have lost none of their pep since moving to New Mexico. The De Baca County News, published at Fort Sumner, N.M., of March 23rd, carries the following notice which will be read with pleasure by their many friends in Reeves county:

The Pageant of Nations given in the Presbyterian church Friday night, by our neighbors and friends from Taiban, under the direction of Mrs. W. A. Fulbright wife of the Methodist pastor at that place, was a surprise to the people of Fort Sumner. It so far exceeded the expectation of those present in manner of presentation and in beauty and strength of lines spoken by the exponents of the different nations, that the hour which it occupied seemed far too short.

Mrs. Fulbright not only conducted the pageant, but was the author of the lines spoken, and composer of the words of the songs. Her composition was full of poetic fervor and religious tenderness, and here and there a patriotic note was struck, bringing applause which indicated that the audience was full of the American spirit. Throughout the programme the participants showed a deep sincerity and earnestness that was noteworthy and reflected credit on the training they had received. The pageant is a pictorial description of the work being done by our missionaries in foreign lands, and, back of it all, is a call to the big heart of America to come in and help. All this is done by means of monologues and songs, given by those portraying the missionary in the many different countries. The costuming was faithfully followed out and well done, considering the scant undertaking.

Fort Sumner is indebted to Mrs. Fulbright and the many other men and women who took part in the pageant and contributed so generously to the pleasure sure of the evening. It was a happy thought that brought us together, and it is hoped this cordial relation will continue and be the forerunner of other interchanges of mutual good will.

WEEKS RESUME OF FORT STOCKTON OIL FIELD

Fort Stockton Pioneer.

Everything in the Fort Stockton oil field is moving along very satisfactorily and Superintendent J. W. Grant expresses himself as being satisfied with the progress, notwithstanding it has required more time than he had calculated on to change the drilling power from steam engines to gasoline engines.

The installation of gasoline power at the 592 well, which is located on section 592, G. C. & S. F. railway survey, will be completed this week and drilling in earnest will be begun next week.

The standard derrick which will be used in drilling the Quinby and associates well on section 19, block 140, T. & St. Louis railway survey, has been completed and is being rigged.

Drilling on Grant well No. 6, section 19, block 140, T. & St. L. railway survey is being rushed as fast as double tour can do it. But the very hard lime formation encountered last week makes it necessary to sharpen the drill bit every two or three hours, and limits the footage that can be drilled daily to a few feet.

W. B. Troy, vice-president of the York Oil Company, who has been spending some time in California's oil fields, returned Tuesday. Mr. Troy said everything was setting "jake" for the completion of the Troy well on the arrival of the casing.

G. E. Minor and Judge E. M. Metcalf, of Kansas City, Mo., have been here the past week making an investigation of the Fort Stockton oil field. After spending several days surveying it from the viewpoint that real oil men of their experience do, they visualized the future outlook as being one that would justify them in becoming heavily interested in a financial way. On leaving Thursday for their respective homes, Messrs. Minor and Metcalf took with them a proposition for further consideration and it will not be surprising to the Pioneer to see these gentlemen return in the near future.

HE GREW TO BE A LAWYER

Mother—"You say you have been to Sunday School, yet I can smell fish on your hands. Explain please."

Johnnie—"Well here's the Sunday School paper, mom, and there, right on the back page, is the story of Jonah and the whale."

TALES OF METHUSALEH

Listen, my son, and I will tell thee a wondrous tale of my wanderings through Jazzland.

It chance that I strayed into a magnificent heathern temple of worship, that the natives dedicated to the great God, movies. Like unto a palace was this wondrous temple and filled with silent worshippers. Some moved their lips as if reciting the prayers that were magically inscribed on a silver screen. Others carried away by their religious zeal spoke them out loud.

Presently lights flared up and a man whom they called manager stepped upon the stage. "Ladies and gentlemen," said he, "in the audience here is a man with some other man's wife. Her husband is outside with a gun. A man of peace am I and desiring to avoid bloodshed and scandal I will permit the couple to leave by the back door."

Thinketh thou this is an old story? Nay—say thy snorts, my son, for this is yet another manager of another temple in another town from that thou knowest about. Hear what befall—

No sooner had the manager spoken when a multitude arose—clamoring for the exit, and in the zeal to avoid bloodshed—seven persons were killed in the rush to get out.

Piles Cured in 6 to 14 Days

Drugists refund money if PAZO GUMTMENT fails to cure Itching, Blind, Bleeding or Frotting Piles. Instantly relieves Itching Piles, and you can get restful sleep after the first application. Price 60.

Richard Lloyd Jones Says

PRESERVERANCE COUNTS MOST

WEALTH inherited is never valued like wealth earned. Victory is great as the battle is hard. There is no short road to real triumph. That which is gained easily is lost easily. "Easy comes, easy goes."

The plant that grows fast withers rapidly. The tree that grows slowly endures.

Steadfast application will do more than the quick, hard blow of impatience. Dropping water will cut its way through granite.

Mountains were not made in moments; they are the work of ages.

Great deeds are done not by strength but by persistence.

Want a thing hard enough, work for it long enough and you are pretty sure to get it.

A single purpose is the first essential to success. Stick to it. Tenacity is the primary element of greatness.

It is wisdom to build castles in the air; but it is folly to stop there. Go at your foundation; pile stone upon stone until you reach your castle. Then it is yours.

"Stay with it" is the slogan that makes the cowboy master of the bucking bronco.

"Don't give up the ship," was the command to his men that brought Perry victory.

Perpetual pushing puts difficulties out of countenance and makes seeming impossibilities give way.

Copyright 1923, by Richard Lloyd Jones

Poem
by UNCLE JOHN

Among the words I know of, which is fitted to describe the highest class enjoyments of the super-social tribe,—there's one that ranks superlative, an' suits my fancy best,—the little word is "pleasant," which I reckon you have guessed...

A PLEASANT CHAT
We all love pleasant faces, when we haunt the pleasant nooks; we sing of pleasant wimmin, an' discourse on pleasant looks; a pleasant social function is an easy thing to rhyme—and the little outdoor picnic gives its friends a pleasant time.

We treasure pleasant memories of hours that's past an' gone, which we spent in Pleasant Valley, with our Sunday garments on—And it's nothin' short of pleasant, when we hike to Pleasant Grove,—And Pleasant Hill's the Eden that the itemizers love!

Yes—the little word is pleasant—for the printer or the scribe, that records the daily doin's of Billyville's pleasant tribe—And when you're in HER company—with nothin' much to say, you can start the ball to rollin' with—"We've had a pleasant day!"

HOMEY PHILOSOPHY
for 1923

ONCE we knew a man in far away India who for more than thirty years had not spoken to a human soul. His last words were that it was better to think and do things than to waste time talking; moreover he believed nobody ever had said anything of lasting value. It would be a strange world if all of us just shut up and talked through our actions. Gee, how lonely it would be. Lots of things might be accomplished that are now left undone, but we'd miss that human contact that seems to make the whole world kin. And it isn't true that nothing has been said of lasting value. There are three everlasting words that stand as the foundation of human happiness and development: Love one another. You don't need to talk a great deal if we say something.

COOPERATION

No people on earth understand the real meaning of this word more than the people of Toyah in Reeves county. The caravan of trucks which passed through Pecos Wednesday en route to the site of the Stratton well in Ward county is positive proof of this fact. For some time the Willoughby well No. 1, in the southwestern part of Reeves county has been shut down on account of finances and the people of Toyah wanted this operation to go on. They wanted it to go on to such an extent that the past week they all got together in public meeting and decided to see that it does go on down to pay oil. In the first place they raised the funds with which to construct a standard derrick, secured the derrick, raised funds with which to buy the fuel oil with which to run the trucks and the lubricating oils with which to oil them, the grub with which to feed the men who were to drive them and do the work of tearing down and rebuilding, and all other expenses necessary toward getting the work again started which it is believed will in a very short time uncover one of the greatest oil fields in the entire country right in the vicinity of Toyah in the Willoughby well. The Enterprise is reliably informed that the good people of Toyah are putting up every cent of the money and labor necessary to secure the erection of this standard rig which is one of the best in the Pecos-Toyah oil field, on the location.

This cooperation is very gratifying to Mr. Willoughby, who called on the Enterprise Wednesday to assure the editor that the work would be completed in the shortest possible time and that his appreciation of the cooperation of the good people of Toyah is such as to encourage him to greater efforts, if possible than ever before to put that well down to pay sand. It is a tested location with his "Magnet" and Willoughby has all the faith in the world that he will there develop an oil pool which will startle the entire United States.

The caravan of trucks sufficient to bring back with them the entire rig with its equipment is expected back on its return trip some time this week and will be a vivid example of just what cooperation will do toward getting results in any undertaking and should set an example which Pecos could well afford to pattern after if she is ever to amount to anything more than a wide place in the road. All the towns along the T. & P. east of Pecos have this season made an active campaign to get their territory settled up with actual farmers from east Texas and citizens of Reeves county who have visited Fort Worth and Dallas, going via the T. & P. have made the expression to this writer that "It actually makes me sick to see what the towns along the line are doing and I think of what we have done in a more favored section than any of them." It takes cooperation to do anything, and so long as we of Reeves county sit down and consider that the other fellow's business is his own and none of ours, so long will we see the other fellow picking our grapes. It is my business, your business and everybody else's business to see to it that every business concern in the town which is a real asset is prosperous. When we do not do our best to accomplish this instead of trying our darest to kill the business which is just barely getting by we will be blown up.

The Enterprise recently published a paragraph which had reference to the Bankhead Highway in which it stated: "It is also said that both of these gentlemen opposed the building of this road at this time with the bonds voted for that purpose some time ago." Dr. Camp informs the

editor that he was opposed to the construction on a fifty-fifty basis at that time but that since it is assured that we can get three for one in said construction he is in favor of same. Mr. Couch is also in favor of the construction under the present terms, and it is doubted if a single one of our citizens will oppose the measure under the terms secured. Our people appear to stand as a unit in the matter and the Bankhead will be finished through this part of West Texas. As a matter of fact the Enterprise knows and has always known that it is easy to find out just where Dr. Jim Camp stands on any proposition—all that is necessary is to approach him pointedly—but it is also a fact that no newspaper man who runs a country weekly with a limited support which necessitates a limited help, can run down every statement made in such publication and get the material first hand. However, the Enterprise does not wish to put any citizen of this or any other county in the light of opposing any progressive move. Dr. Camp is one of our most progressive citizens and is only watching out for the expenses and to cut them where it is possible to do so which is very sensible as well as commendable.

THE COUNTRY PRESS

We wonder if our readers fully appreciate the difference in tone and uplift between the country press and city papers. The editor of the Lake Crystal Tribune sizes up the situation very accurately in the following editorial:

"Turning from the city newspapers to the rural exchanges which come to our desk is like stepping from the sums full of vile odors into an old fashioned garden sweet with honey-suckle and the scent of perennial flowers. The pages of the big dailies are so full of murders, thievery, immorality, the breaking up of homes by infidelity and selfishness that the better news is obscured. One puts the paper aside with a feeling of depression and heartache that the world is so full of such terrible and unhappy things."

"Then, picking up the paper that record the happenings of the smaller towns around us one gains renewed faith in life. Here are set forth only that which uplifts a community—the activities of the business men, the church news, the civic good accomplished by the women, school items, the happy social gatherings of the people, the marriages, births and deaths, farmers' items and all the thousand and one daily occurrences that make up the simple annals of the great common people who are really the foundation of this broad country of ours."

"Scandals are seldom published in the country newspapers, but if it so happens that decency so demands it the uglier details are omitted, or are given a kindly touch that is widely different from the unfeeling publicity of the city press. No wonder the offenders may be our neighbors, or people we have rubbed elbows with all our lives. They are real human beings, while to the great city dailies they are merely grains of a sort that are ground out hourly in their news mill."—Lake Crystal (Minn.) Tribune.

JUDGE HUNTER OF VAN HORN SAID TO HAVE BEST CHANCE OF DEFEATING QUAID FOR SENATE

By Bob Chapman in El Paso Times.

Opponents here of the Ku Klux Klan have selected Judge J. C. Hunter of Van Horn to run against State Representative J. E. Quaid for the senatorial toga which will be dropped by R. M. Dudley when he qualifies as mayor of El Paso.

Announcement to this effect yesterday by those responsible for the senatorial boom met with considerable enthusiasm and encouragement in many quarters and if the sentiment assumes the proportions it is expected to the formal announcement of Judge Hunter may be expected very shortly. Judge Hunter is ready to throw his hat into the ring and make an active campaign if the voters of El Paso signify that they would like to have him as their state senator.

In his own home town and county Judge Hunter has fought the Klan every time it has bobbed up and he has fought it without asking or giving any quarter. It was for this reason he was selected to oppose Quaid when the time came to pick a candidate to succeed Senator Dudley.

At first Judge Hunter was written to and asked to be a candidate. He refused. Then he was asked to come to El Paso for a conference with those who are determined to continue the fight to keep the Klan from controlling any state, county or city offices. This conference occurred yesterday and it was a lengthy one. Finally Judge Hunter said: "If I can be of any service to El Paso and this district I will make the race."

Seek To Defeat Quaid.
Local political wizards figured that

the race just between Dr. B. F. Berkeley of Alpine and Quaid might be too close to be comfortable and that the safest course to pursue in order to defeat Quaid was to get Judge Hunter in the race.

Judge Hunter is a positive character and does things in a positive way. When he moves off into the senatorial waters he will deal with the Klan in like manner. As far as he is concerned he can see but one issue in the race, and, accordingly, he is going to make the Ku Klux Klan the sole issue as far as he is concerned. Judging from his past performances the chances are he will not mince words.

Those who are intimately and even casually acquainted with Judge Hunter declare that El Paso has no better friend in this section of the state. He has always been an ardent admirer of the city and has never overlooked any opportunity which would further the city's prosperity.

Works For Constituents.

Citizens in the lower end of the district have sent Judge Hunter to Austin on a number of occasions to assist them in getting through some favorable stock measure or an appropriation and he always got the results. He has gone to Austin and remained at times all during a session in order to assist in getting some beneficial measure through for the residents of West Texas.

"I do not believe," said one of Judge Hunter's warmest friends here yesterday, "that a better man could have been selected in the district to succeed Senator Dudley. Judge Hunter, like Senator Dudley, is a fighter, and he will be found at all times fighting and working for the interests, not only of El Paso, but of the entire district."

Judge Hunter is a banker at Van Horn, a stockman and the owner of considerable land in that section.

Election Date Unsettled.

Many appear to be speculating on the probable date the special election will be held. Before any can be called by the governor Senator Dudley would have to resign. If he feels like it he can wait until after he is formally elected mayor of the city, which will be April 10. On the other hand, he can resign now. Should he resign now, which would be during vacation of the legislature, the governor would have to allow a 30-day notice in his call for the election. If Senator Dudley waits until the legislature is in session before resigning the election call would only have to carry a 20-day notice. Up to this time Senator Dudley has not intimated any date for his resignation to be turned in.

STATISTICS ABOUT "THE FOUR HORSEMEN" AS PUBLISHED IN LITERARY DIGEST

The screen version of Vicente Balisco Ibáñez's epochal novel took more than six months to complete.

"Upward of 12,000 persons were engaged in the undertaking.

"More than 125,000 tons of masonry, steel, lumber, furniture, an shrubbery—in excess of the materials used in the Woolworth Building—were used in constructing the massive settings for the colossal spectacle.

"An entire French village, capable of housing 6000 souls, was put up and then destroyed before the cameras.

"Every house in this village was finished throughout, instead of being a front."

"A costume factory was erected on the Metro studio grounds for dressing the production.

"An armory and two machine shops were incidentals of the other building operations.

"More than 500,000 feet of raw film were exposed in the taking of the picture, which when shown on the screen will not exceed 12,000 feet.

"Fourteen cameramen were employed to 'shoot' the big scenes from every angle, and Rex Ingram, the director, at times had fourteen directors assisting him.

"Field kitchens and a complete commissary organization were required to feed the army of 12,500 persons engaged on the production.

"A collection of art treasures from galleries and private sources, valued beyond price, was used in dressing the handsome interior settings. The insurance alone on these art works was \$375,000.

"The cast interpreting the roles contains two dozen principal players, who in other productions would be rated as stars."

The Four Horsemen will be shown at the Rialto April 10, 11 and 12.

Examinations and Reports made on Mineral, Oil and Ranch Lands.

PECOS LIGHT & ICE COMPANY

GATES TIRES

The Tire with the Wider and Thicker Tread

If Saving Appeals To You—

Then, shouldn't you insist upon getting *all* the mileage out of the part of your tire that costs you most?

That's the inside fabric or cords—they cost twice as much as the rubber-tread—but if the tread wears out, all the miles remaining in the cord or fabric are wasted.

It's by wearing longer and protecting the inside fabric better that the wider and thicker tread of your Gates Super-Tread Tires give you two or three thousand extra miles.

SOCIAL EVENTS

INFORMAL BRIDGE

Mr. and Mrs. Monroe Kerr entertained a few friends informally Friday evening in honor of Mr. and Mrs. Arthur Scudamore of Natchez, Miss. The diversion was Bridge and after the games delicious refreshments were served.

MRS. E. L. STRATTON HONORED

Mrs. Ira J. Bell entertained a few friends Monday afternoon at her home in the west part of town in honor of Mrs. E. L. Stratton who is visiting in the city from her home in Los Angeles, California. The pastime for the occasion were games of Forty-two and Bridge. The honoree made high score in Bridge.

A delicious two course lunch was served to the following: Mrs. E. L. Stratton, Mrs. W. W. Dean, Mrs. J. B. Howard, Mrs. J. W. Moore, Mrs. G. C. Parker, Mrs. Wm. Carlick, Mrs. E. J. Weyer, Mrs. R. S. Johnson, Mrs. H. C. Ferris, Mrs. Mable Beauchamp, Mrs. John Hall and Mrs. Bell.

HONORS MOTHER

Mrs. Ira J. Bell entertained with a family six o'clock dinner Tuesday, April 3rd in honor of her mother-in-law, Mrs. M. P. Bell's 79th birthday. Mrs. Bell is not only beloved and honored by the members of her own family, but is a general favorite with a large acquaintance who love to show her honors. The dining table on this occasion was especially beautiful in its appointments and was centered with the handsome bouquet of pink carnations which was presented to the honoree by the Christian Ladies Aid Society that afternoon.

The delicious dinner was served family style. Besides the members of the family present the honoree's pastor, Rev. C. A. Johnson was there.

GOULD-MEYER

W. E. Gould, a highly respected and prosperous farmer of the Balmorhea country and Mrs. Mary J. Meyer, daughter of our efficient county commissioner C. C. Kountz, were married in the parlors of the Methodist parsonage, Pecos, Wednesday, April 4th. Rev. L. L. Thurston officiated. These are splendid people and the Enterprise extends congratulations and wishes for them happiness and prosperity.

EXPRESSES APPRECIATION

Mr. John Hibdon, Editor, The Enterprise, Pecos, Texas.

Friend Hibdon:

I want to thank you and the Enterprise, the operators, the citizens and the investors for the hearty response to my call for co-operation in last week's paper.

We need only to look at the rains that have saturated Southwest Texas the past few days and at the blanket of warmth the sun has spread over the earth to see the results of God's divine plan of co-operation. The grass is growing fine, the cattle getting fat, the ranchmen smiling, bank accounts will grow larger, and with continued co-operation of rain and sun-shine bountiful prosperity will reign.

Again thanking one and all for their enthusiastic co-operation which cannot fail to weld warm friendships, open the Pecos-Toyoh oil fields and bring happiness and wealth to the country and its people I am, Your and their friend, C. H. WILLOUGHBY.

SKINS WE LOVE TO TOUCH

The youth who raves about the "dream" he was out with last Sunday.

You get a whole year's reading of the Pecos oil field through the Enterprise for \$2. Send it to a friend.

No Worms in a Healthy Child

All children troubled with worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTLESS CHILL TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a General Strengthening Tonic to the whole system. Nature will then throw off or dispel the worms, and the child will be in perfect health. Pleasant to take. 60c per bottle.

We are offering Exide Batteries at a big reduction, for a short time only. Come in and let us fit you up with the right size for your car. Phone No. 7, Slack's Battery Station. 34-tf

GREENVILLE, S. C., GUEST
OF GOOD ROADS AS-
SOCIATION APRIL 16-21

Special To The Enterprise.

Greenville, S. C., April 5.—The opening of the 11th annual convention of the U. S. Good Roads Association, 7th annual convention of the Bankhead National Highway Association and U. S. Good Roads Show will take place in Greenville, S. C., April 16-21. The time for the opening of this convention is only three weeks in advance. Wonderful progress and enthusiasm has been aroused to make these events a splendid success.

More than 25 states, over 100 Chambers of Commerce and scores of State Highway departments will be represented at this convention. The total number of delegates appointed to date is over 2,000. It is expected that before the convention is called to order that more than 2,000 more delegates will be appointed. It is expected that at least 50 per cent of those who have been honored by being named as delegates will attend these conventions. Probably the greatest array of distinguished men and women will appear on the program of any good roads or civic convention that has ever been held in America, according to the statement of Director General J. A. Rountree. The program will be Governors, Senators, Congressmen, Cabinet officers, State Highway Commissioners and engineers and good roads advocates of both men and women in every walk of life. The Bureau of Public Roads, at Washington, is sending one of the largest and most complete exhibits that has ever

been sent to a road show. It will consist of map, pictures, relief drawings, models of highways constructed under Federal supervision in various parts of the country in recent years; also machinery and moving pictures. Approximately 1,000 square feet of space will be occupied by it in the Texie Hall, where one of the largest arrays of road machinery, road material, trucks, tractors and automobiles will be shown.

Special reduced fares will be offered on every railroad in the United States to the members, delegates and visitors. The railroads are advertising the events most extensively.

The Greenville Chamber of Commerce is making active preparations through its various committees to entertain the members, delegates and visitors most handsomely during their stay in Greenville—the textile center of the South.

NATIONAL EXPERIMENT COSTS A LOT OF MONEY

Reviewing government operation of the telephone systems during the latter part of the war, an article in the New York Commercial on the Bell Telephone system, recently pointed out that cost and prices of telephone service went up about twenty per cent. The government failed to earn the compensation guaranteed to the telephone company on the basis of its former earnings by about one million dollars a month.

To overcome this loss the government not long before the property was returned to private operation advanced telephone rates. The advance was justified by increasing cost of materials and labor. When the

TOVASCO
THE FAMOUS TOYAH VALLEY
AGRICULTURAL SULPHUR
COMPOUND.

The Toyah Valley Sulphur Co., whose plant is at Orla and is one of the big assets of this section of West Texas, turning out thousands of tons of fertilizer every month, has recently published a pamphlet in which it calls attention to some of the superior qualities of this product as follows:

Is prepared from a natural mineral deposit.

It contains unretorted, inoculated sulphur, activated gypsum, and lime in proper proportions to apply to soil hard as brimstone, and then pulverized.

The unretorted, inoculated sulphur in Tovasco is considered superior to sulphur which has been cooked, or melted, in mining, allowed to set hard as brimstone, and then pulverized.

The activated gypsum in Tovasco is in process of conversion into active sulphur compounds, therefore, is unlike ordinary gypsum. It is not inert, but is inoculated with bacteria that induce this transformation.

We believe the best recommendation is a satisfied user of Tovasco.

Read carefully the enclosed letters regarding the use of Toyah Valley agricultural sulphur compound (Tovasco), and if you are not using this product you should try it. If your dealer cannot furnish it write us direct, giving his name, and we will see that you are supplied.

Tovasco is an economical fertilizer because it:

1—Is a fungicide, insecticide, as well as a fertilizer.

2—Cures and combats black alkali.

3—Conserves the ammonia in manure.

4—Prevents odors and flies.

5—Loosens tight soils, making them porous and light.

6—Releases plant foods from the soil in soluble form.

7—Is readily absorbed by the roots of plants.

8—Stimulates the growth of the bacteria that are responsible for nitrification and nitrogen fixation.

9—Increases the protein-content in plants.

10—Promotes vigorous healthy growth and gives the plants a good green color, the sign of vigor.

11—Is useful in curing potato scab, leafspot in sugar beets, smut in wheat, rust in oats, nearly all root diseases, and other afflictions of trees, annual plants and vines.

12—Is like sunshine for the soil, feeding, and purifying and promoting vegetable life.

13—Gives health and beauty to roses and other flowering plants.

14—Prevents many plant diseases, acting as a soil disinfectant and purifier.

15—Is particularly useful with grains, with alfalfa, clover, beans and other leguminous crops, with cabbage, onions, rape, turnips, squash, beets, potatoes, cotton, cane, grapes, citrus fruits, and many other things, as shown by a few of the many testimonies we have received.

16—Continues its beneficial effect in the soil long after its original application, since its active ingredients are not all immediately soluble, but keep developing while it remains on the soil.

TEXAS DRUGGIST REGAINS HEALTH

"I Have Gained 24 Pounds of Firm Flesh and Feel Like a New Man."

If you are one of the many weak and weary, underweight, nervous, run down folks who are half sick and half well you can profit by the remarkable experience of this prominent Texas druggist.

Mr. Ed. Waller, proprietor of Waller's Drug Store, Hubbard, Tex., says, "Like most folks who work indoors and do not get enough exercise, my muscles became flabby, had no appetite and had that 'tired out' feeling with me constantly. Six months ago I began taking Ironized Yeast. At that time I weighed 130 pounds. Today I tip the scales at 154, have a fine appetite, my muscles are as hard as a tool dresser's and I have that 'rearing to go' feeling all the time."

This is probably the finest endorsement any product could have. A druggist knows! With all the preparations in his store to choose from, Mr. Waller found Ironized Yeast the best. Your own druggist will tell you the same thing. Because Ironized Yeast is a scientific product of concentrated brewer's yeast in union with the kind of iron doctors use to enrich the blood. The vitamins of the brewer's yeast will nourish your shrunken tissues, filling in hollows and serawny places with firm flesh. Your blood will take on new strength and soon your whole body will tingle with the glow of perfect health.

Ironized Yeast is positively guaranteed to give satisfactory results or your money refunded. A ten-day treatment costs only a dollar; it means the difference between fine health and your present half sick condition. Get it today. Ironized Yeast Company, Atlanta, Ga.

ILLUMINATING NIAGARA FALLS

A plan for the illumination of the American side of Niagara Falls has been developed from the use of depth-bombs in the world war. It will be put into operation with power from the hydro-electric plant at the Falls.

White or colored electric lights, in hermetically sealed glass globes will be set in the top of airtight metal containers shaped like depth-bombs. These will be anchored by a chain cable beneath the surface of the water under the Falls. The buoyancy will keep the lights pointed up, so that the falling water will be illuminated at night from within. This

method, it is said, will produce a more beautiful effect than is possible with the flood-lights that are now played upon the Falls from the banks of the gorge.

The Ointment That Does Not Affect the Head
Because of its tonic andorative effect, LAXATIVE BROWNE QUININE is better than oil of camphor and does not cause nervousness nor tingling in head. Remember the full name and ask for the signature of E. W. GROVE, 30c.

MOTHER! MOVE
CHILD'S BOWELS

"California Fig Syrup" is
Child's Best Laxative

Hurry mother! Even a cross, sick child loves the "fruity" taste of "California Fig Syrup" and it never fails to open the bowels. A teaspoonful today may prevent a sick child tomorrow. If constipated, bilious, feverish, fretful, has cold, colic, or if stomach is sour, tongue

coated, breath bad, remember a good cleansing of the little bowels is often all that is necessary.

Ask your druggist for genuine

"California Fig Syrup" which has

directions for babies and children of

all ages printed on bottle. Mother!

You must say "California" or you

may get an imitation fig syrup.

IF BILIUS, SICK!
TAKE NO CALOMEL

"Dodson's Liver Tone" Straightens You Up Better Than
Salivating, Dangerous Calomel and Doesn't Upset
You—Don't Lose a Day's Work—Read Guarantee

You're bilious! Your liver is sluggish! You feel lazy, dizzy and all knocked out. Your head is dull, your tongue is coated; breath bad; stomach sour and bowels constipated. But don't take salivating calomel. It makes you sick, you may lose a day's work.

Calomel is mercury or quicksilver which causes necrosis of the bones. Calomel crashes into soluble like dynamite, breaking it up. That's when you feel that awful nausea and cramping.

If you want to enjoy the nice, gentlest liver and bowel cleaning you ever experienced just take a spoonful of harmless Dodson's Liver Tone tonight. Your druggist or dealer sells you a bottle of Dodson's

Liver Tone for a few cents under my personal money-back guarantee that each spoonful will clean your sluggish liver better than a dose of nasty calomel and that it won't make you sick.

Dodson's Liver Tone is real liver medicine. You'll know it next morning because you will wake up feeling fine, your liver will be working, your headache and dizziness gone, your stomach will be sweet and your bowels regular. You will feel like working; you'll be cheerful; full of vigor and ambition.

Dodson's Liver Tone is entirely vegetable, therefore harmless and can not salivate. Give it to your children.

H. & G. N. RY. LANDS FOR SALE
IN REEVES COUNTY

Surveys Nos. 48, 47, 53, 55, E. half of 61, and 63, in Block 4; and Nos. 48, 45, 47 and W. half of 27 in Block 5.

The surveys in these blocks are situated from 5 to 8 miles from Pecos City, in the artesian belt of the Pecos River country and will be sold only in whole blocks.

Also, Survey No. 49 in block 6 and Nos. 9, 12, and 15 in block 7.

Also, Survey Nos. 1, 3, and 5, fronting on the Pecos River, in Reeves County, and Nos. 19 (a river survey) Pecos County.

Also, 12 surveys in block 11 and 3 surveys in block 12. None of these are river lands. All are in Reeves County.

J. G. LOVE of Pecos is agent for the sale of all these lands situated in Reeves County and application should be made to him for the purchase of same.

There is no local agent for the sale of the lands in Pecos County, and parties desiring to purchase any of same should apply to the undersigned.

EUGENE CARTLEDGE, Agent and Attorney in Fact
AUSTIN, TEXAS

CITATION BY PUBLICATION

The State Of Texas,
To the Sheriff or any Constable of
Reeves County—Greeting:

You are hereby commanded to summon Abner Davis, Trustee, M. P. Carlock, Ben Williams, A. P. Foster, J. O. Childers, Geo. A. Rathburn, Paul C. Krank, W. C. Best, R. E. Alston, by making publication of this Citation once in each week for four successive weeks previous to the return day hereof, to appear at the next regular term of the District Court of Reeves county, Texas, to be held at the Court House thereof, in Pecos, Texas, on the 23rd day of April, A. D. 1923, then and there to answer petition filed in said Court on the 8th day of March, A. D. 1923, in suit No. 2329 where in A. G. Taggart, Trustee, and Pecos Mercantile Company are plaintiffs, and Sunshine Oil Corporation, Abner Davis, Trustee, W. A. Hudson, M. P. Carlock, El Paso Printing Company, Krakauer-Zork Company, Ben Williams, Tom Simmons, Pecos Land Company, A. P. Foster, J. O. Childers, Geo. A. Rathburn, Paul C. Krank, W. C. Best, R. E. Alston, Geo. H. Tucker, and Reeves County Abstract Company, are defendants, and said petition alleging in substance, as follows:

That plaintiffs are the owners of tract of land consisting of 22.97 acres out of section 68, block 4, H. & G. N. R. R. Co., survey, in Reeves county, Texas, described by metes and bounds in said petition; that on May 22nd, 1918, said land was owned by R. G. Hardgrave, and on said date he executed an oil and gas lease thereon to Jno. B. Howard and Alfred Tinally, providing for the drilling of a well for oil and gas thereon within one year thereafter on said land and to drill the same with diligence to completion, or on land in the general locality thereof, said contract providing for the payment of ten cents per acre in lieu of drilling, which payment would act as a continuation of the time of drilling for one year but not for a greater period than three years. That in August, 1918, Hardgrave sold the land to F. W. Johnson, who died in April, 1920, and W. D. Johnson was appointed Independent Executor of his estate. That no rental of ten cents per acre has ever been paid to said W. D. Johnson, Executor, or to plaintiffs to whom said land was subsequently sold, nor to any one for them, and that no well has been drilled with diligence to completion on said land or in the locality thereof, and that said contract has been forfeited by defendant Sunshine Oil Corporation, to which said lease was transferred by said Howard and Tinally. That all the defendants herein are claiming some interest in said land. Said defendants are given notice to produce at the trial of this suit the original lease made as aforesaid, or secondary evidence thereof will be produced by the plaintiffs. Plaintiffs pray for a cancellation of said lease and that the interest or claim of all the defendants be barred as to said land.

Herein fail not, but have before said Court, on the said first day of the next term thereof, this writ, with your return thereon, showing how you have executed the same.

Witness S. C. Vaughan, Clerk of the District Court of Reeves county, Texas.

Given under my hand and the seal of said Court, at office in Pecos, Texas, as the 1st day of March, 1923.

(SEAL) S. C. VAUGHAN, Clerk, District Court, Reeves County, By VANNIE INGLE, Deputy.

Company organized under a Declaration of Trust are Defendants, and said petition alleging that on or about the 5th day of June, A. D. 1920, Plaintiff made, executed and delivered to the Sunshine Oil Corporation of Texas a certain Oil and Gas Lease upon the following tract or parcel of land situated in Reeves county, Texas, to-wit: Being 63.3 acres out of the West 120 acres of the North 1/2 of section 5 in block 4, H. & G. N. Railway Survey and being described by metes and bounds as follows, to-wit: Beginning at a point in the Northern boundary line of said section 5, from which the Northwest corner of said survey 5 bears S. 56 degrees 45 minutes W. 336 varas; thence N. 56 degrees 45 minutes E. 377 varas along North line of said section 5 to a point, the Northeast corner of this tract; thence S. 33 degrees 15 minutes E. 950 varas to a point the Southeast corner of this tract; thence S. 56 degrees 45 minutes W. 377 varas to a point, the Southwest corner of this tract and Southeast corner of M. L. Vickers tract; thence N. 33 degrees 15 minutes W. 950 varas to point of beginning and containing 63.3 acres, more or less.

That said lease provides that failure to commence a well on said land by the 5th day of June, 1921, or failure to pay the annual lease or rental of 25 cents per acre each year beginning on the 5th day of June, 1921, shall terminate said lease as to both parties. That said lease has been assigned and transferred by the original lessee to the defendants. That no well has ever been commenced on said land, neither has the annual rentals been paid to plaintiff as stipulated in said lease and that said lease has terminated as to all parties. Plaintiff sues to cancel said lease, and the assignments thereof to defendants or any of the defendants and to remove the cloud cast by the same upon the plaintiff's title and for costs of suit.

Herein fail not, but have before said Court, on the said first day of the next term thereof, this writ, with your return thereon, showing how you have executed the same.

Witness S. C. Vaughan, Clerk of the District Court of Reeves county, Texas.

Given under my hand and the seal of said Court, at office in Pecos, Texas, as the 1st day of March, 1923.

(SEAL) S. C. VAUGHAN, Clerk, District Court, Reeves County, By VANNIE INGLE, Deputy.

CITATION BY PUBLICATION

The State of Texas,
To the Sheriff or any Constable of
Reeves County—Greeting:

You are hereby commanded to summon W. S. Fox, and his wife, M. L. Fox by making publication of this Citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your county, to appear at the next regular term of the District Court of Reeves county, to be held at the Court House thereof, in Pecos, Texas, on the fourth Monday in April, 1923, the same being the 23rd day of April, 1923, then and there to answer a petition, filed in said Court on the 5th day of March, 1923, in a suit, numbered on the Docket of said Court No. 2328 wherein C. L. Jeffrey is Plaintiff, and W. S. Fox and his wife, M. L. Holmes, Administrator of the Estate of E. W. Jeffrey, Deceased, The Peoples' Exchange Bank of Elmdale, Kansas, a Corporation, and C. Jeffrey, are Defendants, and said petition alleging this being a suit upon a promissory note and for foreclosure of a mortgage upon section 8 in block C-20, public school land in Reeves County, Texas. Said note executed on the 16th day of September, 1920, by W. S. Fox and his wife, M. L. Fox, E. H. Brazier and Bertha Clark, due December 16th, 1920, drawing interest at the rate of 8 percent per annum from maturity, and payable to E. W. Jeffrey, and endorsed and assigned by him to C. L. Jeffrey, and which note is now owned and held by the plaintiff, C. L. Jeffrey, and which note is secured by a mortgage upon the above described tract of land and which mortgage was executed by the said W. S. Fox and his wife, M. L. Fox. The said defendants, P. C. Jeffrey, J. A. Holmes, Administrator aforesaid, Peoples' Exchange Bank of Elmdale, Kansas, are claiming and asserting some kind of right, title, interest and lien upon the above described section of land, but their said rights, title, interests, claims or liens, if any, are all inferior and subordinate to the mortgage lien of plaintiff.

The plaintiff prays for judgment for the amount of said note and interest, and for foreclosure of his

mortgage lien on the above described tract of land and premises, and for costs of suit.

Herein fail not, but have before said Court, on the said first day of the next term thereof, this writ, with your return thereon, showing how you have executed the same.

Witness S. C. Vaughan, Clerk of the District Court of Reeves County,

Given under my hand and the seal of said Court, at office in Pecos, Texas, as the 19th day of March, 1923.

Yates, E. Berry, J. S. Harvey, D. J. Ruckman, M. C. Cowart, D. O. Ringold, J. C. Naquin, L. H. Johnson, J. Russell Terhune, A. B. Clair, D. J. Brady, I. N. Glover and S. E. Johnston, were Defendants, No. 2248, against the said Plaintiffs, to-wit:

On this day this cause came on to be heard in its regular order for trial, this being a regular term day of the Court and plaintiffs appearing by counsel, and the defendants appearing by counsel, both announced ready for trial and a jury being waived by both plaintiff and defendant, all matters of law as well as of fact were submitted to the Court, and the Court, after hearing the pleadings read, and evidence being introduced and the argument of counsel thereon, and having fully understood the same, is of the opinion that the law is with the defendants.

The Court finds that one W. M. Johnson made and entered into a lease contract to prospect for oil and gas with John B. Howard and Alfred Tinally, on or about the 20th day of May, 1918. That in said instrument the said W. M. Johnson was designated as lessor and the defendants Howard and Tinally as lessees. That said instrument and conveyance included the following lands:

• Sections 31, 33, 35, 37, 39, in Block 1;

Sections 11, 15, 17, in Block 2;

Sections 45, 47, 54, 55, 63 and E½ of Section 61, all in Block 4; the W½ of Section 37, 43, 45 and 47 all in Block 5 all in the H. & G. N. RR. Co. Survey

Reeves County, Texas.

That they agreed to begin the operation of a well to prospect for oil and gas one year from the date of such lease or else to pay an annual rental of ten cents per acre for such delay, and the Court, finds from the evidence that the Grogan Well No. 1 was begun on or about the 20th day of February, 1920; and that they paid rental for delay, and in addition paid upon all of the lands in said contract; said well was located upon Section 15 Block 2, H. & G. N. RR. Co. Survey, that being one of the sections mentioned in said lease, and that such well was for the purpose of prospecting for oil and gas on some of the land mentioned in said lease and fulfilled the terms of the lease contract sued upon.

It is therefore ordered, adjudged and decreed by the Court that the plaintiffs, A. S. Chapman, P. C. Chapman, A. B. Reese, G. J. Jones, Ed Jones, S. F. Jones, H. Y. Frazer, G. A. Mahoney, E. M. Purcell, Mrs. Daisy P. Wright, a female sole, and Mrs. E. E. Bew, a female sole, plaintiffs recover nothing by this suit of the defendants, Sunshine Oil Corporation, John B. Howard, B. T. Biggs, Steve Ward, Alfred Tinally, E. F. Ducommun, L. G. Ducommun, Alfred Ducommun, Florence Livingston, G. E. Beeman, Roy D. Barnum, E. H. Archer, W. S. Yates, E. Berry, J. S. Harvey, D. J. Ruckman, M. C. Cowart, D. O. Ringold, J. C. Naquin, L. H. Johnson, J. Russell Terhune, A. B. Clair, D. J. Brady, I. N. Glover, and S. E. Johnston, and that their title to said be quieted, and that each and all of said defendants do have and recover of and from the plaintiffs all cost in this behalf expended, for which let execution issue."

And whereas, the plaintiffs by petition filed on the 12th day of March, A. D. 1923, made application for and obtained a Writ of Error for the revision and correction of said judgment. You are therefore commanded forthwith to summon, as you have one time before been, the said E. F. Ducommun, L. G. Ducommun, Alfred Ducommun, Florence Livingston, G. E. Beeman, Roy D. Barnum, E. H. Archer, W. S. Yates, E. Berry, J. S. Harvey, D. J. Ruckman, M. C. Cowart, D. O. Ringold, J. C. Naquin, L. H. Johnson, J. Russell Terhune, A. B. Clair, D. J. Brady, I. N. Glover, and S. E. Johnston, and that each and all of said defendants do have and recover of and from the plaintiffs all cost in this behalf expended, for which let execution issue."

Given under my hand and seal of said Court, at office in Pecos, Texas, as the 23rd day of March, 1923.

tiff is the holder and owner of a certain Vendor's Lien note signed by John T. Barber and W. J. Barber made payable to H. E. Barber originally for \$14,000.00 dated Feb. 21, 1924, due on or before five years after date bearing interest from date at 8 per cent with ten per cent attorney's fees, setting out said note in his petition, and alleging that same was endorsed by H. E. Barber and F. F. Doepp, that interest thereon is paid to Feb. 21, 1919, and that \$2500.00 was paid on principal on Oct. 4, 1920. That said note was for a valuable consideration before maturity in due course assigned to this Plaintiff that same is due and has been placed in the hands of R. B. Redic and F. W. Vellacott for collection and that Plaintiff has agreed to pay them the ten per cent attorney's fees stipulated in said note. That said note was given in part payment for certain real estate and a Vendor's Lien retained in the deed to secure the payment thereof on the following lands:

• Sections 31, 33, 35, 37, 39, in Block 1;

Reeves County, Texas.

That said instrument and conveyance included the following lands:

• Sections 31, 33, 35, 37, 3

PERSONAL

Born—To Mr. and Mrs. E. F. King of New Mexico, Friday, March 30, a nine pound son.

Mr. and Mrs. Gram Green are the happy parents of a daughter, born to them Sunday, April 1st.

B. Frank Seay of Toyah, was a business visitor in Pecos Thursday of this week.

The Methodist ladies will serve a hot dinner during court. The place and date to be given later.

Mrs. B. R. Stine left Thursday on a business trip to Wichita Falls and Amarillo.

Mrs. Joe Seay was down from Toyah transacting business in the city Tuesday.

Sam Biggs has recently purchased the old experiment farm and moved his family to it. This is good property and Mr. Biggs is to be congratulated on having secured it.

I. L. Barlow came in Tuesday from his home at Balmorhea to meet his wife who had been out in California on a visit to relatives. They returned home the same day.

Mr. and Mrs. R. G. Middleton left Thursday morning for El Paso where they will spend a few days on business. Middleton is our efficient deputy sheriff.

Zack Lamar Cobb requests the Enterprise to state that he has moved his office from El Paso to the Bank of Italy Building, Los Angeles, California.

Tote and Duce Drummond were over from El Paso to spend Easter with home folk. They drove through in their Nash car. These young gentleman have situations in El Paso and are making good.

Mr. and Mrs. E. G. Boles and little son were in from the ranch yesterday. Ewy and the boy were having a good time on the streets with friends while Dr. Magee was working on a molar for Mrs. Boles.

Mrs. R. B. Norman and son left Sunday for Tyler to attend the Organized Bible Class convention of the Baptist church that convened in that city April 3, 4 and 5th. They will visit relatives in Fort Worth for a few days before returning.

Mr. and Mrs. Kenneth Palmer came in from El Paso Wednesday night to attend the bedside of his father, Judge Ben Palmer. Kenneth

has a lucrative position with the city of El Paso where he has been for the past six months.

Postmaster and Mrs. R. L. Parker of Toyah were Pecos visitors Monday, visiting Dr. Magee and looking after other business matters. Mr. and Mrs. Parker are splendid people and have many friends all over the country.

I. L. Barlow and A. L. Barlow and wife and W. D. Randolph came in Sunday for a visit with Mrs. M. E. Randolph and family. All except Will returned to Balmorhea Monday accompanied by Mrs. N. A. Honnold, aunt of the above parties.

Mrs. Harry Woods, who expected to leave Tuesday for Corona, N. M., because of the serious illness of her father, received a message before the hour of her departure that her father was better, so her visit is deferred until later.

Mr. and Mrs. Wolf of Fort Stockton, accompanied by little Miss Nancy Moore, daughter of Dr. and Mrs. W. H. Moore, arrived in Pecos Tuesday for a few days sojourn. Nancy left on the Tuesday afternoon train for a few days visit in El Paso.

Mr. and Mrs. H. B. Prickett, accompanied by Mr. and Mrs. Arthur Scudamore of Natchez, Miss., parents of Mr. Prickett, and who had been the guests for the past several days left Sunday for El Paso. Mr. and Mrs. Scudamore will visit relatives in Arizona before returning to their home.

W. H. Drummond has recently opened a cash and carry grocery store in his building east of the Orient Hotel. Mr. Drummond gave up that business during the oil boom days and has just recently concluded to again resume business but this time will run a strictly cash and carry business and will attempt to compete with all in his line.

C. H. Harper of Allamore was in town this week making preparations to move to Pecos with his family. He states to the Enterprise that some time ago he purchased the old Hardgraves place across north of the T. & P. tracks, and while he does not think that Mr. Parker will give up the place he will move to Pecos any way and be ready to occupy his property when it is vacated by Mr. Parker, and make one move do for good. Mr. Harper was injured while at work for the T. & P. some years

back and is still walking on crutches.

N. F. Chapman of Pecos, Texas, was in the city several days this week on business. Mr. Chapman formerly lived in Deming and homesteaded a tract of land about 12 miles east of here, therefore, is well (and he says himself unfavorably) known among our people. Since leaving Deming he has resided in Louisiana and is now interested in the oil development at Pecos. Mr. Chapman has been over the surrounding territory and declares the chances for oil here are good.—Deming (N. M.) Readlight, March 30.

J. G. Love left this afternoon for Carlsbad, N. M., on a business trip. He will return tomorrow.

Mrs. Glad Rowden went up to El Paso last week for a visit to her son, Tony and family.

Mr. and Mrs. Bob Baker and children came in this morning from their home at Saragosa to attend the county Interscholastic meet.

C. B. McCormick of the Toyah Valley Herald was a visitor in Pecos today in attendance upon the scholastic meet and made the Enterprise a very pleasant visit.

Mr. and Mrs. Glen Hampton and son, Jack, returned Saturday from a visit of several days to relatives and friends at Cisco and other points.

Frank S. Palmer came in from El Paso this week to attend his father, Judge Ben Palmer, who has been seriously ill for the past few days.

Mrs. S. A. Shellenberger was called to Fort Stockton Wednesday on account of the serious illness of her little grandson, the three months old baby of Mr. and Mrs. Web Courtney.

Rev. F. A. Eller was here from Carlsbad, N. M. Tuesday and held an Easter service at St. Marks Episcopal church and was back again to fill his regular appointment for his congregation Thursday evening.

Mrs. Carl Smith will leave today for her home at Shreveport, La., and Miss Caroline Sullivan will return to her school work at Finley Sunday after a visit of several days to their mother, following the death of their father, J. B. Sullivan because of which they were called home.

B. A. Oden came in from El Paso Saturday for a few days visit with Mrs. Oden and to look after business affairs and rest up. However, his services in El Paso are such that his firm could not do without him and ordered his return earlier than he expected to go.

Under the auspices of the choir of the Baptist church there will be a wedding of the Gumps at the Rialto Theatre Tuesday night, April 19th. Characters will be from the comic sections of the daily papers. Such as Jiggs and Maggie, Mutt and Jeff, Elmer and his Ma, etc.

Mr. and Mrs. Ira Jackson and Mr. and Mrs. George K. Jackson were week-end visitors to Fort Stockton and Alpine last week at the latter place they visited Miss Lela Virge Jackson, daughter of the former couple, who is in school at the Sul Ross Normal and whose many friends in Reeves county will be glad to know of the splendid record she is making in school there.

Mayor Ben Palmer who has been critically ill for the past week was much better this morning and up to noon was resting well and feeling fairly good considering the ordeal through which he has gone for the past few days. The Judge has never known until this recent illness just how much the people of Pecos thought of him—and especially the ladies of the town. Judge Palmer is a valuable citizen of the town as is evidenced by the fact that he has held the office of Mayor and legal advisor of the town for two terms and has a lucrative law practice—being recognized as one of the leading attorneys of the county. The many friends of Mayor Palmer hope

HAIL Insurance, carried in America's Largest Company. W. W. Dean, Agent. 34-3t.

ANNOUNCEMENT TO THE PUBLIC

I will be open for business in a few days at my new shop, which is the garage addition to Mr. M. H. Pior's filling station, and will be known as "The Buick Service Station." I extend a special invitation to my friends and customers to call and see me.

for Winter Ills

Every family has its winter ills to contend with. It is also true many big sickness bills could be avoided if precaution was taken to get after "little symptoms" whenever they appear.

Nine times out of ten the failure to start curing, before dangerous conditions have developed, is caused through not having simple little remedies on hand.

Come here and let us stock your medicine cabinet with simple home remedies. It may save you hundreds of times the expense in the long run—aside from unnecessary suffering.

This is the age of "prevention."

CITY PHARMACY

he may continue to improve until he has completely recovered.

Mike Bartley who came here something over a year ago to see the first oil well come in a gusher and for the past several months connected with the Mint Cafe, this week sold his interest in same and left Friday for Chicago. From Pecos he will go to Hot Springs, Ark., where he will visit relatives and friends for two or more weeks, and will visit with friends along the route at other points, and says he will be in no hurry to reach his destination but expects to land there right side up with care. Mr. Bartley is still interested in the Pecos oil field and has quite a lot of leases here and will keep abreast of the development work going on in the field through the Pecos Enterprise and says he does not want to miss a single issue of the paper which gives not only all the news of the field but gives it straight and without misleading the public, and that he gets all that and more in the Enterprise.

We are headquarters for Exide Batteries and Service, and if you are in need of one don't miss getting it while our sale is on. Phone No. 7, Slack's Battery Station. 34-3t.

Ideal Average Figure

Ideal Tall Heavy

Ideal Tall Slender

TYPE CORSETRY

THE whole ideal of Gossard Type Corsetry is to bring you to graceful proportions, one curve growing out of another with no part unduly emphasized. When this is done you will have an appearance of slimness that the woman with a four-inch smaller waist and your own hip measurements can never have. A faithful following of this simple rule will alone take pounds and pounds away from a woman's apparent silhouette and years away from her apparent age.

Let us classify your figure and select the proper corset for you
