POST NEWS

Lieut. Col. Perkins, cavalry, reported for duty with the 5th Cavalry on April 10th, 1921. Col. Perkins was recently assigned to the 5th Cavalry from Charleston, Fla.

Captain Lile, 5th Cavalry, made a trip to Presidio and Polvo, Texas. He reports that the roads are now in fairly good condition.

Lieutenants Meador, Kinney and O'Donnell of the 5th Cavalry are now wearing Captain's bars. We wish them good luck and hope that some day they will wear Major's insignia. The services held by Chaplain Thompson at the Camp Service club last Sunday night were excellent, and a large audience was in attendance. Free motion pictures were shown after the services, entitled "Palestine in Bohemia" and "Bray's Pictograph," which were very good.

A newspaper publication will be organized by Chaplain Frank M. Thompson of Camp Marfa within a week or so, and we are hoping to read about ourselves and others. This publication will be published under the name of the "Big Bend Sentinel."

Captain O'Donnell, the athletic officer, is now forming plans for a base ball league for the army. Details will be published later. There is no doubt that one hard fought game will be played this year.

The regular weekly polo game was played Saturday afternoon between the officers and the enlisted men's team. The lineup was as follows:

Officers' Team
Positions Name
1 Major J. P. Wheeler (Captain)
2 Capt. M. F. Meador
3 Capt. C. H. Palmer
4 Capt. J. M. Adamson, Jr.
5 Lt. F. C. Hershberger

Enlisted Men's Team
Positions Name
1 Mas. Sgt. Crawford (Captain)
2 1st Sgt. Moore
3 Staff Sgt. Beck
4 Corporal Smit
5 Hrs. Schockey
Score, 11 to 6 in favor of the officers.

This was the first game the enlisted men played as a team and with a little more practice, in order that team play may be developed, the officers may in the near future look forward to some hard fought contests. The game was very fast and it was uncertain until the 5th period who would win. The enlisted men were well pleased with the results, however, as playing against such well seasoned and experienced players as the officers and the results therefore proved conclusively that in the enlisted line-up there is material for a good polo team. All games in the future are to be played on Saturday afternoons, the games beginning promptly at 2:45 p. m.

TROOP "A"

Troop A basket ball team easily defeated the Troop M team and still remains without a game lost. The only other team in the camp basket ball league that has not lost a game is the Regimental Infirmary and on the 23rd of this month we play them for the championship. Our team is confident of victory over the infirmary and will get the pennant.

The troop is getting their base ball team in condition as we expect the base ball season to open Sunday, the 24th of the month. About twenty men reported at the Regimental base ball field for practice Monday. We have them out for a good team. As it was too windy and so much sand blowing Tuesday, we did not practice, but we expect to get out every pretty day and get the team in season playing form.

TROOP "C"

Did you ever hear the one about the three bad eggs? No? Well that's too (2) bad. Wait a minute, don't go yet. "C" Troop has another seal on its pole, we scored a victory over Troop "E" after a hot crumble in a basket ball game; score was 18-10. 2 n 1 is hoe polish and 3 in 1 is oil; what in the world is 4 and 1? Five, correct. You are now presented with hand carved, brass studded elastic band.

Well, seeing as how our reputation is at stake, we think it best that we quit right here. What? You want to hear another one? Well, then, how this? "Why is a cow?" Oh, sure, we know it's not a bull. Ouch, take him away Sergeant.

TROOP "I"

Private 1st class Urbanski has returned from Newark, N. J. where he spent a thirty day furlough. He says it is a keen looking country up there now.

Yesterday sure was a keen day to be on the inside looking out, but even then you couldn't see much whether you were on the inside looking in, or on the outside looking in.

This organization sure will be pleased with the base ball league opens up as the only troop we could get a game with was the Supply Troop. We have been trying to get a game with the Marfa High School, but it seems that they have lost their voices.

TROOP "D"

Every member of this troop is looking forward with much interest, for the curtain to go up on the beginning of the base ball season, as we will be arrayed in our new "Nobby" suits recently purchased by the troop. It is believed that our lineup will be as good as there is to be found in the camp, the result of the practice games show that we are really in a class by ourselves, and there is no question that we are out for the pennant and we want you all to know that nothing less will please us. In our practice games the team shows evidence of fast rounding into shape and the way some of the men have their eye on line ball bids fair to a string of "home runs" three baggers and the like in our favor. Owing to the recent addition of several "old-timers" of the game, we will be able to put up a much stronger lineup than heretofore.

TROOP "E"

Captain Jefferson, 5th Cavalry, who has just returned after a two and one-half years stay in Panama, has been assigned to this troop.

Captain Berry, Corporal Cawley and Corporal Anelli spent the week end in El Paso, Texas.

TROOP "F"

The last game of basket ball was with the Quartermaster Corps, on Sunday, April 10, and judging by the size of the opponents, every one thought that we were going to be badly beaten, but at the end of the game the score was 14 to 14. After all, it is a true saying that the "bigger they come the harder they fall."

Our men have not been practicing base ball on account of their interest in the approaching target season, and if they do not lose interest before the end of the target season, we are all sure that they will all make good.

TROOP "G"

Sergeant Ring has a crosscut saw for company last Sunday. Oh, Wedding bells!

Sergeant Pokrzywinski wants all the world to know that he did not fall off his horse Thursday. Note: Would a proof reader be able to earn his cow in Marfa???

Private Spratt had Sergeant Ring and Cooper as guests on an automobile ride last Tuesday night. It was a very joyful affair until the machine died and left them stranded 15 miles from home. Brother Spratt, with many apologies, examined the machine and he was very much annoyed when he found that the oil was A. W. O. L. The party returned to camp in the mode that Adam reported an excessive use of foot powder Wednesday.

TROOP "H"

Set John Sells is spending a 20 day furlough in El Paso. Mrs. Remick E. Knowles, wife of Hrs. Knowles, has returned to Marfa, after visiting relatives in El Paso.

Corpl. Mike Sova will be discharged Saturday. He will return to his home in Pennsylvania.

TROOP "K"

Pvt. Lavinter just returned out of the hospital where he has been gold-bricking for quite a while. We are glad to have him back with the troop as it gives us one more man for rations.

Pvt. Lambert received his discharge yesterday, April 11th, 1921. We all miss him already in the troop, but wish him a happy time in civil life.

TROOP "M"

Pvt. Bernard L. Shndell has been transferred to Headquarters Troop, Band section, where he is taking a course of instruction in music.

Pvt. Odon has been placed on special duty with the Veterinary Detachment, while waiting his transfer to the detachment to be approved.

Pvt. Hutchinson is heart broken as his transfer to the Finance Department, Ft. Sam Houston, Texas, has been disapproved.

STATION HOSPITAL

Pvt. John M. Light, Medical Dept., was honorably discharged April 6th, 1921, per expiration of term of service. Pvt. Light left the same day for his home in Sistrerville, West Virginia.

Mrs. H. E. Napier, of Shafter, visited Sgt. Towns and family last week and attended the circus.

Pvt. Clinton W. Clay and Isador Wolfson and Joseph Changrey were rated Specialist 6th Class. Pvt. Edward G. Robitaille, a patient of this hospital, left last week on a 30 day furlough to visit his home in Manchester, New Hampshire.

SUPPLY TROOP

The Supply Troop lost to Troop A in their basket ball game Saturday, April 9th, after a hard fought and well played game. Troop A deserves to win the pennant.

The troop is registering a good deal of enthusiasm in the coming target season, and bets are going down on the experts and near experts. The old timers are betting their small change however, because the gray train is wrecked.

SIGNAL CORPS

Corpl. F. E. Jacob left for Presidio, Texas as operator in charge of that station.

HEADQUARTERS TROOP

The Troop basket ball team played Troop "K" Saturday, winning by a score of 20 to 16. They also played Troop "E" on Sunday winning by a score of 33 to 02.

Privates Murphy and Teeley have had a smile on their faces for the last week as the Moss Sergeant has drawn his forced issue of corn beef and that means earned beef and cabbage.

BIG DANCE APRIL 30th

On the last Saturday night in April the 30th, there will be a special dance for the enlisted men and their friends at the Service Club. This will be an "Advertising Party," every one is asked to appear in costume representing some popular advertisement or sign, such as "Cream of Wheat," "Gold Dust Twins," etc. Many original ideas can be developed in this scheme and we anticipate a great number to compete for the prizes. No masks will be worn. So tell all your friends and everybody come out and make this the best dance of the season. Don't forget the date, April 30th, 1921.

QUARTERMASTER CORPS

Pretty near every man in the Detachment responded to the first call for base ball candidates and spring practice which resulted in a snappy half hour period of ball tossing. With the material to hand to pick from the years' team will even be better than last years' and should be able to take on and handle all comers.

A wind blew by, we hear it sigh, It spoke to our Sarg as it went by, Siken had cord of golden hue, I'm positive don't belong to you; The chevrons' color is not dark blue, The O. M. wears the O. D. too, Beautiful boots of darkest brown, Can't be worn, not in this town.

The sergeant quickly and sadly turned, His eyes were wet, his cheeks they burned, But now his form delights the eye, He's issue too, like you and I.

STOP—LISTEN

Soldier boys, you are invited to the Methodist Sunday school at 9:45 a. m. Autos will be at camp at 9:30 Sunday morning for you. Come, we need you.

Springtime is here and though everyone thought leap year comes but once in every four years, from observation it seems as though a considerable number are making great progress. Even to our little telephone operator. So beware, no telling who the next victim may be. We wonder how much longer it will be before Mr. Packard's pipe gets strong enough to stand up for its rights and insist on being taken out and given the air.

Corporal "Baldy" Deshong, our talented painter and instructor, has been appointed to the highly desirable position of Director of the Board of Governors of the enlisted men's dance.

Our old and esteemed friend, Judge Russell, little have received his check a little earlier than usual this month as he already has shifted from Sight Drafts to Travis Clubs.

Creature Furnished Own Transportation. The Transportation Division has latest news Transpacifically, that during the recent maneuvers in the Philippines that the hose-constrictor that swallowed the escort wagon and two teams of mules, way back in '99, has been discovered dead at the foot of Delahupajan Mountain. The wheels had gradually penetrated his sides until he habitually thought they belonged there by nature. And it happened one day he escorted himself to the summit of the Mount.

As all the old timers know, he ascending rails have an average of 47 and a half degrees incline. The old bird had gorged himself with a couple of dozen young deer and it seems he was seized with Locomotor ataxia, and by manipulation of his jaw bone he had taxed his aged strength, and had in some way released the brake lever. The tremendous load gained momentum at every turn of the wheels, with the resultant demolition of the creature.

THE JUNIOR SPELLING CONTEST

Ten Junior spellers of Marfa took the state test under Miss Belle Jones' direction last week. After having studied the 1200 words for some four months, they wrote one word every ten seconds for one hour, a test of endurance in itself. The average for the class of ten was 99 per cent. Those taking part in the contest were: Ruth Baily, Willie Joe Dorocott, Homer Hess, Lois Neville, Helen Joyce, Laura Mitchell, Mildred Poole, Isabelle Yates, Henry Meade Wilson, Henry Meade Wilson made 100 per cent. He had already been selected by lot to represent the class in Austin. Yesterday word came from Austin that he had won every possible point for his class, having made 100 per cent there.

SUPPORT THE CHAUTAUQUA

The Chautauqua guarantors, 84 men and women of Marfa, present this program for your consideration. If it meets with your approval and you contemplate attending the attractions, they would appreciate it if you would purchase a season ticket. The guarantors are bringing these high-class attractions to Marfa for the benefit of all the people and they will not share in the receipts from the sale of season tickets or the door receipts from night to night. Not one penny will they get out of it, but like the general public, they will pay for their individual season tickets. The only way the attractions could be secured was for a certain number of people to guarantee the advance sale of the equivalent of 700 adult tickets. The men and women whose names are printed below signed the guarantee. If the advance sales fall short of the guarantee they will have to pay the difference out of their pockets. So if you contemplate attending the attractions, get a season ticket, please. You will spend much more buying your tickets for each performance and in so doing also add to the probability of the guarantors having to make up a deficiency.

Word has been sent here that every attraction advertised will positively appear on the program this time, and several on the list are worth the entire price of the season ticket. The guarantors are as follows:

L. C. Brite, T. C. Mitchell, C. E. Mead, K. C. Miller, R. R. Smith, Mrs. L. C. Brite, J. E. Connor, Mrs. Frank Anderson, J. C. Orzain, H. O. Metcalfe, Lucius Bunton, McKie Mitchell, T. M. Wilson, C. CHRISTIAN CHURCH REVIVAL

The revival which is being conducted at the Opera House by Rev. Ben N. Edwards and Horace N. Roberts, is growing in interest and enthusiasm with each service. There have been great crowds nightly, with over-flow crowds on Sunday nights. Rev. Edwards is a great preacher. Having been a successful pastor in Texas for more than fifteen years, he knows the needs and demands of a local church, and is endeavoring to conduct his Evangelistic services along such lines as will produce permanent results. As a result of the special services thus far the church some twenty-five have been added to the membership. Rev. Edwards is a popular speaker and his messages are always clear and forcibly delivered. Those who have heard him thru the entire series of services say that he is one of the best Evangelists ever visited Marfa.

The music is being conducted by Mr. Horace N. Roberts, of Longview, Texas. He has been very successful as a musical director and assistant pastor and his work with the choir and with the children during the meeting has been a leading feature. The meeting will close next Sunday night. Rev. Edwards goes to Greenville, North Carolina and Mr. Roberts to Corpus Christi for their next engagement.

THE WAR CAMP COMMUNITY BUILDING

The question has arisen whether the city of Marfa should purchase the War Camp Community building located adjoining the Opera House. A mass meeting was held at the Opera House Thursday evening and on motion it was unanimously carried that the city should own said building. However, at the mass meeting when the question was submitted there was not such a representation of citizens as had been anticipated; therefore, the city authorities, before taking any further definite steps towards acquiring the property, have suggested that a referendum vote be held by the taxpayers of the city. It is now for the citizens interested in this matter to let their wishes be known.

PUBLISHER AND PARTY VISITS DEL RIO

R. C. Mecklin, manager of the Kingsville Publishing Co., accompanied by his little son, Jack, and J. S. House, county treasurer of Kleberg county, arrived in the city by motor Wednesday morning at 5 o'clock. They were encamped about nine miles this side of San Antonio for the night, when the threatening weather induced them to break camp and continue their journey westward with the result that they were forced to "pull mud" most of the way. They intend to go into camp on Devil's river above Comstock for a week or ten days, provided a camp site can be secured, following which they expect to go on west to Marfa and other nearby towns. Mr. Mecklin is a double cousin of Geo. Mecklin, former publisher of the Marfa New Era, whom he expects to visit if he is still a resident of the City of Lights.—Val Verde Herald.

REV. J. L. HENSON GOES TO MARFA; ELLIS HERE

Rev. J. L. Henson of Marfa, Texas, will assume the pastorate of the Assembly Methodist church today. He will preach his first sermon here this morning. He is exchanging pastorates with Rev. J. L. Henson, whom he succeeds here. The Rev. Mr. Henson will begin his work in Marfa this morning.

Each pastor has served six months in his preceding position. Mr. Henson here; Mr. Ellis in Marfa.—El Paso Times.

FIRE BRIGADE

The Mayor and Commissioners of Marfa have accepted a proposition from the American Legion to organize a fire department for the city. The Legion has 60 members ready to enroll at once. The committee having this important movement in charge is composed of Ben S. Avant, Wm. R. Preddy and Rev. F. M. Johnson.

All citizens should unite solidly for this department and lend every assistance possible. Marfa needs it.

HOUSEHOLD SCIENCE CLUB

Mrs. Frank Randolph was hostess to the Household Science Club last Thursday, April 7th.

Mrs. H. O. Metcalfe was the leader of the programme on tried recipes—each member giving her favorite one.

Mrs. Caruthers was received as a new member. Mrs. Packard was a guest. A salad course was served by the hostess.

The next meeting will be with Mrs. Orr Kerr, April 21.—Reporter.

LEAGUE PROGRAM FOR APRIL 17

Subject: The Gospel of Play. Scripture: Zech. 8, 3-5; John II, 1-11 4 Cor. X 31-33. Leader: Mr. Gregg. Leader's talk: Is Jesus interested in our play. The Value of Play. Miss Thomas. The Menace of Commercialized Amusement. Mrs. Ed Metcalfe. What Shall We Do? Mr. Hoffman. Topic Acoustioic. Miss Hightower. Special music. Lorene Settle. Talk. Mr. W. B. Mitchell. Announcements. Benediction.

CLEAN-UP CAMPAIGN

There is now considerable interest being taken in having another Clean-up in Marfa. The last time much good was accomplished, but it was only a beginning. If we fail this year to keep up the good work, that of last year will have been in vain.

OFFICIALS OF ORIENT RAILROAD SAY EXTENSIONS WILL BE MADE; VISIT EL PASO

"When I get back to London, I will do my best to get our people to put the Orient railroad back on its feet," said W. S. Poole, member of the party of English and American capitalists, Orient officials, touring the properties in this country and Mexico, looking to the completion of the line from Kansas City to Topobampo, Sinaloa, Mexico.

Mr. Poole made it plain that the completion of the line is all that is necessary to "put it on its feet," as the party was much impressed with the management and operation of the present lines.

Frederic Hurdle, another London capitalist, said that Mr. Poole's suggestions would be heeded in English financial circles almost to the letter so that the Orient could reasonably expect to be completed in the near future.

"If the proposition is undertaken, it will not be done piecemeal," he emphatically declared.

Road Well Cared For

Charles E. Jones, New York banker, an American member of the party, said that all credit for holding the properties intact during the troublous times should be given to W. T. Kemper, receiver for the company and president of the Oklahoma and Texas lines.

Walter Gray, recently of Kansas City and now general agent of the company here, concurs with Mr. Jones in the opinion, saying that Mr. Kemper had been the moving spirit of the company during the revolutionary period in Mexico, which had served to bring construction to an end.

Other members of the party were J. Edward Dillon, assistant to the receiver, and Fred Shultz, of Wichita, Kans., superintendent of motive power for the company.

Given Big Welcome

Mr. Kemper and A. De Bernardi, vice-president, kept all the cities along their route notified of their approach including San Angelo, Del Rio, Alpine, Presidio, El Paso and Chihuahua City.

Juan F. Trevino, Chihuahua representative of the K. C. M. & O., met the party in El Paso and escorted them to Chihuahua City and over the properties east and west of that city. Gov. Ignacio Enriquez gave them a banquet in his palace.

President Alvaro Obregon had sent telegrams to all officials where they were to visit in Mexico, requesting that all hospitality and courtesy be extended them.

The party passed through El Paso enroute from Chihuahua to California. They will pass through El Paso again on their return east, making three visits by them to this city on their trip.—El Paso Herald.

A DOG TAX

There are now wandering in and about the city hundreds of dogs. A number of them are no good for any purpose whatsoever. It has been proposed that the city pass an ordinance requiring all dogs to be taxed, and in the event a dog is found without showing payment as evidenced by a tag on its collar, then it will be the duty of the marshal to impound it, and if payment is not made within a limited time, to kill same.

BIG SHIPMENT OF CATTLE

The first of the week Mitchell and Epsy shipped from Marfa to Kansas 62 train loads of cattle. There were about 1600 head of cattle. These cattle will be put on grass.

Thursday W. B. Mitchell commenced shipping to market 1500 head of cattle.

JUDGE FRANK E. HUNTER

Judge Hunter, one of El Paso's old timers and prominent citizen, was in the city Wednesday, in connection with the Perry estate. He is one of the most distinguished Odd Fellows in Texas, having occupied all the positions in the order, both local and state.

FROM MARFA

Fifty car loads of cattle were loaded out at Marfa Sunday for pasture at Vinecreek, Kansas, according to Nat Parks, livestock agent on the Southern Pacific Lines, who returned to the city from that section yesterday. "Cattle are in good condition in the Marfa section, but early grass in Kansas causes them to fatten earlier in that country than in Texas," Mr. Parks said, explaining the heavy movement of cattle to Middle Western pastures. Ranges are fine in that section according to Mr. Parks.—San Antonio Express.

NOTICE

Having purchased the Marfa Steam Laundry will close same temporarily until necessary new equipment can be installed to put plant in first class shape. In the meantime we have made arrangements with outside laundry to handle all business.

Phone 164 and we will call promptly. Your patronage will be appreciated.

ELIMINATING THE NOISE.

Eliminating disturbing noises in the receiver during telephone operations, making extremely long distance conversations a reality has been the achievement of Burnell R. Ford, who will appear here on the opening night of the Chautauqua. Through his conception and perfection of the telephone balance it is possible today to hear clearly from opposite points of the United States.

Mr. Ford is a recognized inventor. He was called to Washington, D. C., during the period of the recent war to explain his plan for coast defense. He now divides his time between the laboratory platform and presents in his public work a program of tremendous instructive value. It will mystify and amuse. He handles with impunity electric currents deadly in volume, creates a lightning storm on the platform, operates a trolley car by wireless, welds metal by electric currents passing through him, sets off explosives by electricity projected through the air, etc.

NOTICE

No fishing nor hunting allowed at the San Estevan dam. Any one detected violating this order will be prosecuted.—Mitchell and Russell.

P. H. Pruitt was down from El Paso last Friday visiting his sister, Mrs. W. W. Henderson, and old time Alpine friends. Mr. Pruitt is in fact and indeed a member of the "old settlers" for he was a resident of this section before Alpine was thought of. He still owns the old saddle horse he rode for fourteen years when he traversed the mountains and valleys as a "cowman." The horse is on the Kokernot ranch, and is nearly thirty years of age and is still one of the best saddle horses in this section, active as a colt. Mr. Pruitt is well advanced in years but like the prophet of old, "his eye is not dimmed nor his natural force abated." His reminiscences are interesting.—Alpine Avalanche.

MURDEROUS INSANE MAN.
Sheriff Haynes of Goliad arrived in Alpine last Friday and left immediately for Marfa to arrest Lonnie Lindberg of Goliad who had escaped from the asylum in San Antonio and who is also wanted in connection with the murder of Alex Lind, a service car driver of Victoria, whose mutilated body was found near Goliad.

Finding that his man had left Marfa, Sheriff Haynes returned to Alpine and found a telegram awaiting him from the sheriff at Sanderson stating that the sheriff had his man in jail there. Sheriff Haynes then left for Sanderson where he secured the man and returned with him to Goliad.—Alpine Avalanche

TALKING CRYSTALS

Burnell R. Ford, who lectures here on the opening night of the Chautauqua, has found in his electro-chemical experiments that certain salts will do things that fairly stagger one's imagination. Some of these salt crystals will actually talk. That is, the crystal can be made to reproduce speech and in such volume that it will fill a large auditorium. Sometimes in the future we will be able to pick from the sands a pebble, talk into it, and a similar pebble hundreds of miles away will resound. Making it possible for two people to keep in constant touch with each other regardless of the distance separated simply by having two similar tuned crystals.

No. 205

The State of Texas, of Presidio county, Greeting: To the sheriff or any constable You are hereby commanded that by publication of this writ for at least once a week, for the period of ten days in a newspaper of general circulation which has been continuously and regularly published for the period of not less than one year in the County of Presidio, Texas you give due notice to all persons interested in the estate of H. W. Wykeham-Perry, deceased, that Ellen Louise Perry has filed in the County Court of Presidio County, Texas, an application to probate the will and for letters testamentary on the estate of H. W. Wykeham-Perry deceased, which will be heard at the next regular term of the County Court of Presidio County, Texas to be held and holden on the first Monday day in June A. D. 1921, it being the 6th day of said month, at the court house, thereof in the city of Marfa, Texas, at which time all persons interested in said estate may hear and contest said application, if they see proper to do so.

Given under my hand and seal of said court, at my office in the city of Marfa, Texas this 12th day of April A. D. 1921.

J. H. Foster, County Clerk, Presidio County, Texas. Issued this 12th day of April, A. D. 1921.

J. H. Hartono, County Clerk, Presidio County, Texas.

I hereby certify that the above and foregoing is a true and correct copy of the original citation now in my hands.

Ford
THE UNIVERSAL CAR
Out of the more than 3,000,000 Ford cars now in use, about sixty percent have been sold to farmers. Probably no other one thing has brought to the farm so much of comfort and profit as has the Ford car. It has enlarged the social life, doubled the facilities for marketing, brought the town next door to the farm, multiplied for the farmer the pleasures of living. A family car without an equal in low cost of operation and maintenance. We solicit your order for one now because the demand is large and continually increasing.

CAPT. J. B. GILLET

Capt. J. B. Gillet, widely known cowboy in Marfa, who is spending the winter in San Antonio, is compiling a history of old days on the Texas frontier, which will be entitled "Six Years with the Texas Rangers." Capt. Gillet, as he is familiarly known throughout Texas, for his six and a half years of service with the Texas Rangers, from 1875 to 1881, has in his possession a wonderful collection of data on old days on the frontier of Texas, and of many early Indian fights on the Texas plains. Mr. Gillet's books will deal largely with stories of hair-raising experiences during his many years of service with the Texas Rangers when there were no railroads in Texas and when "gangs were five," as he expresses it. Stories of the capture and killing of Sam Bass and other notorious cowboys, which were witnessed by Mr. Gillet while serving on the Ranger force will also be contained in the book. Mr. Gillet says work on the book is rapidly nearing completion and will be ready for the publishers. A wonderful collection of pictures of men prominent in the history of the 20's, 30's, 40's, 50's and 60's, many of which are probably the only ones in existence, is in the possession of Mr. Gillet, who also has an extensive collection of Indian trophies, captured in various fights with the redskins. First to the brim with stories of the early days on the Texas range, the publication of Mr. Gillet's book is being anxiously awaited for by his large circle of cowboy and Ranger friends in the State. Mr. Gillet was the chief of police of El Paso's first police force, but is now an extensive rancher in the Big Bend or Marfa country. He is also vice president of the Highland Hereford Breeders' Association, an organization of Hereford cowmen in the El Paso section. He is conducting the winter in this city, and is registered at the Gunter Hotel with Mrs. Gillet.—San Antonio Express.

FOR SALE: Property of Estate of S. T. Cameron, Lots 7 and 8, adobe building, frame building and warehouse; also lots 23, 24, 25, 26, all in Block 22; also lots 27 and 28 in Block 28 adobe dwelling. Submit offers on property to Dr. Geo. P. Cameron, Admrx., 1103 E. Nevada St., El Paso, Texas.

WHERE THE WEST IS

Oh, give me the name in the golden West.

Where the sandstorms sweep o'er the prairie crest— Where we've rattlesnakes plenty and vinegar soaps, And the night birds whistle "Casey Jones."

Where the coyote's scarp brings fifty cents, And the bullbat sleeps on the barb wire fence;

Where the Mexican snail and the whippoorwill

Join in the chorus of "Steamboat Bill," Where the white-faced cattle and broncho steed

Go out and nibble the loco weed.

And the famer subsists on beautiful scenes, With an occasional feast on rabbits and beans.

No chills, no fever, pellagra nor gout— We look lean and hungry, but are healthy and stout.

THE MOST BEAUTIFUL WILL EVER WRITTEN

In the pocket of an old ragged coat belonging to one of the insane patients of the Chicago poorhouse there was found, after the patient's death, a will.

The man had been a lawyer, and the will was written in a firm, clear hand on a few scraps of paper. So unusual was it that it was sent to a lawyer, and he read it before the Chicago Bar Association, and a resolution was passed ordering it printed. And now it is on the records of Cook County, Ill. The will reads as follows:

"I, Charles Lounsbury, being of sound and disposing mind and memory, do hereby make and publish this, my last will and testament, in as full and just a manner as may be, to distribute my interest in the world among my succeeding men."

"I am known in law and recognized in the above-bound volumes as my property, being inconsiderable and of no account, I make no disposition of in this my will. My right to live, being but a life estate, is not at my disposal, but these things excepted, I proceed to devise and bequeath:

"Item: I give to good fathers and mothers, in trust for their children, all good little words of praise and encouragement, and all quaint pet names and endearments, and charge and parents to use them justly, but generously, as the needs of their children will require.

"Item: I leave to children inclusively, but only for the term of their childhood, all and every the flowers of the fields and the blossoms of the woods, with the right to play among them freely according to the customs of children, warning them at the same time against thistles and thorns. And I devise to children the banks and the brooks and the golden sands beneath the waters thereof, and the odors of the willows that dip therein, and the white clouds that float high over the giant trees.

"And I leave to the children the long, long days to be merry in, in a thousand ways, and the night and the train of the Milky Way to wander at, but subject, nevertheless, to the right hereinafter given to lovers.

"Item: To divide to the boys jointly all the useless, idle fields and commons where ball may be played at pleasant waters where one may swim all snowy and hills where one may coast, and all streams and ponds where one may fish, or where, when grim winter comes, one may stake a horse the same for the period of their boyhood. And all meadows with the clover blossoms and buttercups thereof; the woods with their evergreenness; the squirrels and the birds and rabbits and strange noises and all distant places which may be visited together with the adventures thereof. And I give to each boy his own piece of the sea side of night, with all pleasures that may be seen in the burning world to enjoy without let or hindrance or without any impediment or care.

"Item: To lovers I devise their imaginary field with whatever they may need on the stars of the sky, and none be the wall, the bloom of the hawthorn, the sweet strains of music and night when the moon shines, and the beauty of their love stories. To young men I give the love and honesty of all historians, including events of ancient and I give to them the dignity of weakness and undoubted confidence in their own strength. Though they are rude I leave to them the power to make lasting friendships and necessary acquaintances, and to them exclusively I give all money coins and paper shavings to give with best voice.

"Item: And to those who are no longer children or youth or lovers, I leave memory and remembrance to them the volume of the names of Dime and Shalans and of other poets, if there be others, to the end that they may live the old days over again, freely and fully, without fifth or diminution.

"Item: To our loved ones with money opens I bequeath the happiness of old age, the love and protection of their children, and the full pension.—R. R. Wright, Jr., D. D. in the Prochastor of the South.

If you can afford it, I want you to buy anywhere from one to ten shares in the Kokernot Oil Company, an association, which is capitalized at \$800,000 and is now drilling a well on 3228 acres of land situated 30 miles east of Houston, in Liberty County, Texas, at Wailey on Cedar Bayou, between Dayton and Crosby. While you may have invested in wells that did not get oil, others have done the same thing, but kept on taking a small chance until they finally made great strikes in oil. One operator in Houston drilled 7 dry holes before he struck oil and made a million.

This lease is 15 miles southeast of the Humble oil field which has produced two hundred million dollars, it is 23 miles north of the Goose Creek field which is now producing millions, the Hull and Sour Lake fields are about 20 miles east. Our well is now down about 2,900 feet and the Sims Organization has brought in three wells just 2½ miles north of our lease which produced from 50 to 200 barrels per day of high grade oil. The Dayton field which has been producing oil for 15 years is also 2½ miles north from our lease.

No honest man can say for sure that he will strike oil. But we are in an oil country. We have a large acreage. Our capital is only \$80,000. Recently when oil was struck at Blue Ridge, just 14 miles west of Houston, land sold for \$20,000 an acre. On this basis, if we hit oil, our property would be worth forty million dollars, and our well would be worth 500 to 1,000 every ten dollar share would be worth five thousand dollars. One well at West Columbia, 70 miles southwest of our well has already produced about three million dollars in oil.

No commission is paid to stock salesmen, and your money goes into actual cost of drilling the well. Every stockholder has interest in every well drilled by the company.

I know times are hard, but because they are hard is the main reason why you will be justified in taking a small chance to make a big speculation. You need money more than ever. If we strike oil on this large lease a \$10 share will make you more clear money than you can make this whole year raising cotton, corn, rice or wheat. It will make you more money than you have made as a railroad man, a carpenter, a bricklayer or any other kind of employment at which you have worked during 1920. It will make you as much money as if you had been running a dry goods store, a shoe store or a meat market.

Invest only what you can afford to lose. If we hit the juice a small investment will make you plenty. If we don't, just cut out a few pair of them silk cut and one of them silk shirts, and get some good cotton goods like you used to wear, and you won't know the difference. In the meantime you will have a sensation, and if we crack the Kokernot we will have a celebration. Shares \$10 each. Remit today as this stock may be withdrawn from the market at any time. The next 3 or 4 hundred feet may tell the tale. Oil is found in the coast country at a depth of from 3000 to 3500 feet. If you want quick action and a square deal remit today to

Lumber Back To Normal.

Lumber has reached a price level where its value bears the true and proper proportions to the value of the products you stockmen raise and sell. In other words lumber prices to-day are consistent with prices on Ranch products.

There's nothing mysterious about it—just the old law of supply and demand—and a willingness on our part to play fair with our customer friends by reducing our prices to a point where you can afford to buy.

Right now your problem may be a barn, shed or other building necessary to help you do your work better, more quickly or more economically. Or it may mean a new home, or repairing and remodeling the old one.

Bring your problem to me. Let us show you the facts. We have many plans and suggestions some of which you can probably use, and our friendly counsel and assistance won't oblige you in any way.

Come in the first convenient day and let's talk it over.

Lecturers of National Prominence

Stefanson, noted explorer of the far north, who brings a remarkable illustrated lecture on "My Five Years in the Arctic," Tom Skellyhill, Anzac soldier-poet and adventurer, just back from Russia with a great story about latest developments in Bolshevik-Land; Peter Clark Macfarlane, prominent author and contributor to leading magazines; Hunt Cook, of the Chicago Art Institute, with two lectures on "better homes;" Father D. J. Cronin, speaking on "The Weeks and Flowers of Literature," and Burnell Ford, electrical scientist and inventor, demonstrating the marvels of electricity.

A Big Play Production

The Highbury Broadway Players, a New York company with an all-professional cast, will present on the fifth night one of the greatest comedies of the present day, "Nothing But the Truth." This big farce success was first presented on Broadway by Willie Collier, achieving a record run.

A Week of Splendid Music

Two concerts will be presented by Ligurians' Little Symphony, an orchestra created and coached by T. U. Lawrence, American composer. At the evening concert Jane Peterson, prominent Chicago contralto, will appear as soloist. Two concerts by the Jugo-Slav Tamburica Orchestra, an organization from Eastern Europe. Two concerts by the Orpheus Four, official quartet of the Orpheus Club of Los Angeles and rated as one of the foremost quartets in the country. Two programs by the Rose-Ford Duo and two programs of solo work and community singing directed by Walter Jenkins.

An Afterdinner Entertainment

The inimitable Ada Roach is coming! Her dialect stories and character sketches are among the best being presented on the platform. Ruth Freeman too is an entertainer of note. Then there is the big play production and the entertainment features of the week. It is an evenly balanced program. You'll love it through and through.
