### EL PASO WINS GAME

As we go to press we hear that El Paso won the championship basketball game from Marfa by a score of 32 to 14.

Our boys played a splendid game from start to finish, both teams being pretty well matched.

Like in many games there were a few disputed decisions but the umpire's decision always counts and therefore it did the Marfa rooters little good to dispute them.

However, our team did some fine work and deserve much praise.

The yell leader and her bunch of rooters made more noise than a pack of chattering monkeys but they did much to cheer the Marfa team up.

The El Paso team departed for home on the 4:15, much elated over their victory.

They were a fine bunch of young men and even though they beat our team, our boys are sportsmen enough to take their defeat with a smile.

### THE LAST LYCEUM SHOW

On March the first will be the last show on this years Lyceum Circuit.

Everybody is urged to come out and see this last performance for it will be a good one.

Mr. W. R. Preddy says this show is much praised wherever it has been presented and he can guarantee those who come will get their money's worth.

Don't forget the date—March 1—next Thursday—Everybody come.

### THE HIGH SCHOOL PLAY

The four one-act plays given by the Public Speaking Class of the Marfa High School last Friday night at the Opera House drew a full house and was a big success.

Each act was presented splendidly and the young folks displayed real stage talent; in fact some of them did so well that the audience frequently voiced their approval by their untiring applause.

Not only was the play a big success in the way it was presented but it also was a success from a financial point of view, for it netted an even \$100.

Miss McElroy, the English teacher in the High School, deserves much praise in the way she coached the young actors and she herself did fine in the part she was forced to play on account of the sudden illness of one of the young ladies who could not take her part.

The music for the evening's entertainment was also very good, and was under the leadership of Mrs. Chas. Porter, accompanied by Billy Hirth, Frances Mitchell, Benton and Weldon Howell.

After the show the actors and musicians were invited to a delicious spread of refreshments by Mrs. O. L. Shipman at the Busy Bee confectionery.

—Have you seen the Spring Hats at Livingston-Mabry Co.?

### STEWARDS MEET

The steward of the Methodist Church met in the basement of the Church February 19th, for a social and business meeting. A delicious supper was served by the ladies of the Missionary Society. They had as their guest Bro. Albion, presiding elder of El Paso district. At the business meeting many plans and suggestions for improvement of church were made.

The meeting was one of the most profitable ever held in Marfa.

## MASONIC ENTERTAINMENT

The Marfa Lodge No. 506 opened the Masonic club rooms in the basement of the Masonic building Thursday night with a program suiting the occasion—Washington's birthday. The rooms were very attractively decorated with flags and red, white and blue bunting.

Judge C. E. Mead was toast-master, introducing first, Chaplain Harkins, first cavalry, who started the program with a prayer.

Capt. J. B. Gillet, next on the program, spoke of the good to be derived from the establishment of this club.

Col. A. V. P. Anderson spoke of Washington, the man and soldier. Col. Anderson is a scholar as well as a true soldier, therefore well qualified to speak intelligently and forcefully.

Doctor R. L. Irving of Fort Davis, spoke of Washington, the statesman and Washington, the true Mason. Doctor Irving exhibited a picture of the Bible used by Washington when he took the oath of office of the president of the United States. This same Bible was used by President Harding, who is a Mason. It is in the possession of St. John's Lodge No. 4, New York City. It is always a pleasure to hear Doctor Irving make an address.

Mrs. S. E. Johnson, in her charming manner, gave a vocal solo: "I'll Build the World in the Heart of a Rose." She was accompanied by Mrs. Feagan. The High School orchestra furnished the music for the occasion. The members of the orchestra are: Misses Frances Mitchell and Earline Petross; Messrs. Billy Hirth, Benton and Weldon Howell.

Delicious refreshments were served to more than two hundred members and guests.

Mr. J. W. Christopher, Orr Kerr and Geo. Randolph handled the refreshments part of the program very efficiently.

It is hoped by all who attended that the executive committee of the Club, N. A. Arnold, J. W. Howell, Chas. Bowman, A. R. Maley, M. G. Stanhagen and R. E. Petross, will stage another party soon.

### BIG DANCE

A big dance will be given by the enlisted men of the first cavalry next Friday night at the Service Club, to which everybody is invited.

The first cavalry orchestra will be there to render sweet music for the occasion.

A real good time will be in store for everyone, so be there and make yourself at home—You are welcome.

### MENS' MASS MEETING

Last Sunday afternoon a mens' mass meeting was held at the Christian Church with an attendance of about twenty-five men from all congregations. The meeting was called to formulate plans by which to organize a club or association with members of all churches.

This organization is to meet in the afternoon 2:30 the second Sunday in every month at one of the churches and take up such subjects as to further all good movements for the benefit of our town.

Interesting talks were made by six of the charter members present and A. M. Avant and R. E. Petross were elected a committee to arrange a program for the next meeting, while H. W. Schutze was elected as reporter for the organization.

Everybody interested in the welfare of our community and this organization is cordially invited to attend our next meeting, the time and place to be announced later.

## MAKING GOOD

It is always a joy for us to chronicle the success of Marfa children who are making good off at school.

Paramount in our estimation, next to a Christian religion, is a good education, and therefore we are happy when we see our young folks making good.

This week it comes to our attention of the successful work that is being accomplished by Miss Penelope Snyder, who is at the present time attending the Junior College at El Paso, where she was elected last week by a popular vote, as sponsor to the cadet officers corps of the High School and Junior College.

This is quite an honor for Miss Snyder for out of eight hundred scholars, only twenty are elected by a popular vote and only those eligible must be passed on by the faculty of the college and have an average of 80 in all of her subjects.

A student making 80 in all subjects is certainly to be proud of, and the New Era is glad to hear of her success.

In this same college we find Horace Porter, another Marfa High School boy, making good. He is among the best in his class and is steadily climbing the ladder of success. Horace and Miss Penelope both made the first basketball teams of their college, which goes to show that they are also a success in the athletic sports of their school.

The New Era wishes both these young folks continued success that they might carry off the high honors in their college.

### A REAL "HE" MEETING

Sunday evening, February 25th, at 6:30 p. m. the Epworth League will present a real live and interesting program.

All men and boys on the program, in fact it will be a man's program for the girls and ladies of Marfa.

Everybody come—Don't miss it. Bring your friends and enjoy a real HE meeting.

—Laugh piled on laugh, that rises to a smashing climax and ends with a roar.

Lloyd's comedy a joy forever.

### RED CROSS MEETING

Sunday afternoon at three o'clock there was a call meeting of the officers of the local chapter of the Red Cross to meet Maj. L. G. Coop, Field Director, from El Paso.

The following five officers responded to the call meeting, which was held in the Community House: Judge W. W. Bogel, Ben Avant, Mrs. W. J. Yates, Mrs. Henry W. Schutze and Miss Blanche Avant.

Maj. Coop made a very interesting talk and outlined the work which he expects to do in this field thru the co-operation of the local chapter.

**BRITISH WAR DEBT APPROVED BY SENATE**

**Congressional Action Virtually Complete—Few Adjustments to Be Made.**

Washington.—Congressional approval of the British debt funding settlement virtually was completed Friday when the senate passed the house funding bill.

By a vote of 61 to 21 the senate rejected the amendment of Senator Hitchcock, democrat, of Nebraska, to fix the British interest rate at the same rate as paid on United States bonds. The vote was 70 to 13.

The bill was returned to the house for adjustment of amendments not related to the plan for funding the British debt of \$4,604,000,000 over a term of sixty-two years at reduced interest, but providing that settlement with other debtor nations must have the approval of congress instead of the president.

The opposition consisted of four republicans—Senators Borah of Idaho, France of Maryland, La Follette of Wisconsin and Norris of Nebraska—and nine democrats—Senators Ashurst of Arizona, Garry of Rhode Island, Heflin of Alabama, Hitchcock of Nebraska, McKellar of Tennessee, Reed of Missouri, Trammell of Florida, Walsh of Massachusetts and Walsh of Montana.

Forty-six republicans and 24 democrats voted for passage of the bill. The republicans were Ball, Brookhart, Bursum, Calder, Cameron, Capper, Colt, Couzens, Curtis, Dillingham, Ernst, Fernald, Frelinghuysen, Gooding, Hale, Harrell, Johnson, Jones (Washington), Kellogg, Keyes, Lenroot, Lodge, McCormick, McCumber, McKinley, McLean, McNary, Moses, Nelson, New, Oddie, Page, Phipps, Poindexter, Reed (Pennsylvania), Shorridge, Smoot, Spencer, Stanfield, Sterling, Sutherland, Townsend, Warren, Watson, Waller and Willis.

The democratic supporters were Bayard, Broussard, Caraway, Dial, Fletcher, George, Glass, Harrison, Jones (New Mexico), King, Myers, Overman, Owen, Pittman, Pomerene, Ransdell, Robinson, Sheppard, Smith, Shields, Stanley, Swanson, Underwood and Williams.

The attacks in the final debate, as well as in previous discussion, centered on the reduced interest provided in the British settlement. This is 3 per cent for the first ten years and 3 1/2 thereafter. Opponents rallied finally upon the amendment of Senator Hitchcock, democrat, of Nebraska, proposing that Great Britain should pay the same rate paid by the United States upon its securities, averaged each year. This was rejected 61 to 21 and ended the interest fight.

Fourteen democrats and seven republicans supported the Hitchcock amendment. The democrats were:

Senators Ashurst, Broussard, Dial, Gerry, Harrison, Heflin, Hitchcock, McKellar, Reed (Missouri), Smith, Stanley, Trammell, Walsh (Massachusetts) and Walsh (Montana). The republicans were Borah, Brookhart, Couzens, France, Johnson, La Follette and Norris. Eighteen democrats joined the majority of republicans in opposing the Hitchcock amendment.

**Greatest War Hero Weds**

St. Louis.—Michael B. Ellis, declared one of America's greatest war heroes, was married Wednesday to Miss Catherine Krzyzanowska. Ellis captured 53 Germans and 10 enemy machine guns single-handed, while serving in France, and for his valor was decorated by America, France and Italy. General Pershing bestowed the congressional medal of honor on him after his return from France. Ellis was a sergeant in the 28th infantry. His bride was an American Red Cross worker in France.

**Cause of Mine Blast Known.**

Dawson.—Derailment of an outgoing motor trip car, knocking down timbers to which the trolley feed line was attached and the consequent raising of a quantity of dust which was ignited by an electric arc, caused the disastrous explosion in mine No. 1 here Thursday last, which cost the lives of 120 men, according to the verdict returned by the coroner's jury Friday.

**Williamson County Ginnings.**

Georgetown, Tex.—P. S. Ford, cotton statistician, reports that prior to Jan. 15, Williamson County had ginned a total of 80,046 bales. During the same period of the previous year the figures were 66,120.

**Plant Wiped Out in Fire**

Beaumont, Texas.—The Temple Lumber company's plant at East Mayfield, about 60 miles north of Beaumont, was destroyed by fire Thursday.

**Warehouse Act Enlarged.**

Washington.—Without a roll call the house passed Thursday, a senate bill amending the federal warehouse act so as to include within its provisions all agricultural products, to remove the one year limitation placed on licenses of warehousemen, to license persons to inspect and sample products within warehouses, and to enlarge the scope of offenses which a warehouseman might commit and for which he might be punished. The bill now goes to conference.

**The Markets**

Latest report of markets, issued by U. S. Department of Agriculture, Washington, D. C.:

**Grain.**—Grain prices advanced during the greater part of the week on political conditions in near east and weather conditions over wheat belt, but a sharp decline at the close results in fractionally lower net prices changes for the week. **GOOD FIRE RECORDS ARE GRANTED CITIES**

**First Record Credits for Year Are Announced By Commission.**

Austin, Tex.—The Texas state fire insurance commission this week announced its first good fire record credits for the year beginning March 1, with a number of others to follow in the near future. In the first announcements only two of the larger towns are included, Austin and Waco, both receiving the maximum allowance of 15 per cent off the schedule, while 6 per cent was allowed Bay City and Denton. The following towns received 9 per cent credit: Bowie, Cleburne, Madisonville, Mercedes, Palacios.

Towns receiving 12 per cent are as follows: Baird, Burnet, Campbell, Crowell, Nordheim, McAllen. The towns receiving the maximum allowance of 15 per cent are as follows: Austin, Aransas Pass, Aspermont, Atlanta, Alvord, Angleton, Bardwell, Bridgeport, Bloomington, Bartlett, Bridport, Canyon, Carrizo Springs, Cross Plains, Colorado, Center, Del Rio, Eagle Lake, Eagle Pass, Edgewood, Flatonia, Freeport, Fort Stockton, Groesbeck, Gatesville, Hallettsville, Henrietta, Hutto, Honey Grove, Henderson, Kaufman, Kerrville, Kosse, Lexington, Lubbock, Livingston, New Braunfels, Nocona, Orange and Waco.

**Citizens Named to Locate New Pen Site**

Austin, Tex.—With the announcement Thursday of the three citizen members of the committee to report on a relocation of the state penitentiary that body is now complete and consists of fifteen members. The committee met and organized by electing Representative Teer of Granger as chairman, Senator Lewis of Conroe vice chairman and Representative Satterwhite of Carson secretary.

The three citizens named are Dr. W. B. Blalock of Woodlawn, Harrison County, physician, farmer county merchant, president of the State Ginners' Association, member of the state democratic executive committee, and former member of the legislature; Lee Simmons of Sherman, banker, stock farmer and actively connected with the Sherman Chamber of Commerce, and Mrs. W. C. Martin of Dallas, active in club circles and civic undertakings, and who has personally supervised and directed the installation of schools, community centers and been active in other similar matters. The resolution provided that one of the three citizens should be a woman.

Members of the committee other than those named are Lieutenant Governor Davidson and Senators Wood, Bledsoe, Fairchild and Ridgeway, Speaker Seagler and Representatives Patterson, Pate and Lackey.

This committee will visit the Harlem farm site recommended by Governor Neff, as well as other sites that may be suggested or considered.

**BILL APPROPRIATES SUM TO COMPLETE AUSTIN PAPERS**

Washington.—The sum of \$14,741 would be appropriated under terms of a bill introduced Monday by Senator Sheppard to cover the cost of completing by the government printing office of the Moses Austin and Stephen F. Austin papers. The publication is to be made under the supervision of the American Historical Association, which is manifesting a deep interest in preserving the papers, and with illustration of the important aspects covering the period in the lives of the two men from 1790 to 1836. The compilation would include the valuable and original details of the colonization and settlement in Texas from the United States. The Austins carried on operations in Virginia, then went to Massachusetts, from whence they went to Texas.

**Greeks Are Blamed, Too.**

New York.—Both Greeks and Turks were equally guilty of atrocities during the hostilities in Asia Minor, Miss Susan D. Orvis of Dubuque, Iowa, declared this week upon her return on the Italian liner Giulia Cesare after three years as a relief worker in the Near East. Miss Orvis directed the exodus of the last group of orphans to be deported by the Turks from Cesarea, in the heart of Anatolia.

**Supply of Potash Found.**

Washington.—Enough potash to supply the needs of the United States for nearly a thousand years, based on pre-war importations, is contained in the green sands of New Jersey, the geological survey announced this week. Moderate estimates place the quantity of potash in that belt at 256,953,000 short tons that could be mined from open pits.

**Hearne Postmaster Named.**

Hearne, Tex.—Charles J. Hostrasser has received the appointment as postmaster at Hearne, succeeding Floyd Easterwood, whose term has expired. Mr. Hostrasser was postmaster for 16 years under the Roosevelt and Tatt administrations, and was succeeded by Mr. Easterwood in 1914.

**Fruit Trees Not Hurt.**

Goliad, Tex.—Orange trees that had fruit the size of small egg have withstood the heavy coat of ice during the recent freeze.

 "I hear tell that Gabe Gawkey is figuring on getting a divorce from his wife," said a neighbor. "What's the matter with her, anyway?" "She's plumb heartless!" replied Gap Johnson of Rumpus Ridge, Ark. "He talked about some spring medicine and she up and told him that the best kind to suit his case was a bucksaw and an ax. **Camp Fire Work Indorsed.**  
 Testimony to the growth of the Camp Fire movement, as well as tribute to its efforts in the direction of better citizenship, is found in the fact that 12 universities and colleges in various parts of the country now have courses in Camp Fire work, for which academic credit is given. In addition, many cities have officially recognized the program by definitely correlating it with recreation work in the public schools and by giving the instructor the same status enjoyed by other teachers.

Anyway, the Ohio man who was bunked at the age of eighty-five lived to a green old age.

Consistency is a jewel that is difficult to counterfeit.

**IF SICK, BILIOUS! START YOUR LIVER**  
 Don't Take Calomel! "Dodson's Liver Tone" Acts Better and Doesn't Gripe, Salivate or Make You Sick—Don't Lose a Day's Work—Read Guarantee!

Ugh! Calomel makes you sick. It's horrible! Take a dose of the dangerous drug tonight and tomorrow you may lose a day's work.  
 Calomel is mercury or quicksilver, which causes necrosis of the bones. Calomel, when it comes into contact with sour bile crashes into it, breaking it up. This is when you feel that awful nausea and cramping. If you are sluggish and "all knocked out," if your liver is torpid and bowels constipated, or you have headache, dizziness, coated tongue, if breath is bad

or stomach sour, just try a spoonful of harmless Dodson Liver Tone tonight.  
 Here's my guarantee—Go to any drug store and get a bottle of Dodson's Liver Tone for a few cents. Take a spoonful and if it doesn't straighten you right up and make you feel fine and vigorous I want you to go back to the store and get your money. Dodson's Liver Tone is destroying the sale of calomel because it is real liver medicine; entirely vegetable, therefore it can not salivate or make you sick.

## GOOD STALLION MANAGEMENT

Many Promising Animals Have Years of Usefulness Reduced by Neglect in Winter.

Many promising draft stallions have their years of usefulness greatly reduced through neglect during the winter months. The ideal method of handling a stallion is to give him daily work to do in order that he may eat his feed with relish and keep his body

A Good, Vigorous Stallion Needs Plenty of Exercise.

and muscles in trim. Where such a method is practiced the animal, accustomed to daily handling and control, does not become unruly and hard to manage. Furthermore, he is groomed at least once daily when in use.

Unfortunately for the horse business, the common practice in stallion management is to put the horse in a shed, out of sight and hearing of other horses, where he is fed at irregular intervals and seldom groomed at all. Even though a small yard is sometimes provided, it is very often so filthy as to be more of a damage than an advantage.

No horse, however sound, can stand such treatment long without injury. A good, vigorous stallion needs at least six miles' travel daily or its equivalent in work.

The amount of feed to be given depends upon the exercise given, the condition of the horse and his ability to make use of the feed he gets.

The Kansas experiment station suggests the following as good combinations:

1. Oats, timothy or prairie hay.
2. Oats four parts, corn six parts, oilmeal one part, timothy or prairie hay.
3. Corn seven parts, bran three parts, oilmeal one part, timothy or prairie hay.

## STEER SHOULD BE DEHORND

Animals Fatten Faster and Sell Better—Work is Easier When Calves Are Young.

Steers usually fatten faster and sell better if dehorned. Calves can be dehorned any time after weaning, usually in the cool months when there are no flies. The work is easier when the calves are young; a neater job can be done; the shock is not so great and the calves are easier to handle. The aim should be to take the ring of skin off with the horn to prevent a stub growing out. A little pine tar over the wound helps to stop bleeding and keep away flies. Clippers do good work with all young cattle and are quicker and more humane than the saw. If the clippers are kept sharp they will handle any ordinary horn without crushing it, though it is not as easy to cut close to the head as with the saw.

## HOUSE FOR FARROWING SOWS

Animals Should Be Separated and Given Ration High in Protein and Rather Laxative.

A sow which is soon to farrow should be separated from the other hogs at least a week before her date, and during this time she should be given a ration high in protein, and rather laxative in nature; in other words, a feed very similar to that which is given while suckling the pigs, and as the farrowing time approaches the ration should be reduced somewhat. This will bring the sow up to farrowing time in good condition, and she will not be feverish and restless; hence, less danger of her injuring or killing her pigs when she farrows.

## HOGS IN LIMITED QUARTERS

Success May Be Had if Quarters Are Kept Clean—Divide Pasture into Desired Areas.

Swine can be raised when they are confined in limited quarters if the quarters are kept clean, but they will do much better and stay in better health if they have plenty of pasture. Dividing the pasture into convenient areas, so that the hogs can be shifted from one pasture by plowing and reseeding.

# OPERATING EXPENSE TEXAS RAILROADS

During 1922 Decrease in Income and Expense Accounts Are Shown.

Austin, Tex.—Practically all of the income and expense accounts of Texas railroads decreased during the eleven months ending Nov. 30 last, as compared with the same eleven months of the preceding year. However, the carriers still show a healthy income from operation. These are figures compiled by the railroad commission and were given out this week.

As compared with the 11 months of 1921 and the 1922 accounts for 11 months show as follows:

Freight revenue \$128,757,570; decrease \$21,661,655, or 14.40 per cent. Passenger revenue, \$33,861,965; decrease \$6,515,202, or 16.14 per cent. Mail revenue, \$3,084,637; decrease \$282,285 or 8.38 per cent. Express revenue, \$4,968,823; increase \$886,421, or 21.71 per cent; other revenues, \$4,528,223; decrease \$988,728 or 17.92 per cent. Total operating revenue, \$175,201,368; decrease \$28,561,479, or 14.01 per cent. Maintenance of way and structures, \$31,432,469; decrease \$4,095,576, or 11.5 per cent; maintenance of equipment, \$34,622,930; decrease \$4,409,143, or 11.29 per cent; traffic expense \$3,712,131; decrease \$72,595, or 1.92 per cent; transportation expense, \$66,162,327; decrease \$14,197,300, or 17.67 per cent; miscellaneous expense, \$759,856; decrease \$49,449 or 6.11 per cent; general expense \$7,223,710; decrease \$483,908 or 6.28 per cent; transportation for investment, credit, \$529,352; increase \$297,487 or 128.30 per cent; total operating expense \$143,294,071; decrease \$23,606,256, or 14.14 per cent, and net revenue from operation, \$31,907,297; decrease \$4,955,221, or 13.44 per cent.

The ratio of operating revenues to operating expenses was 81.79 per cent last year against 81.91 for the previous year.

## Coffin of Egyptian King Is Found Amid Treasures

Luxor, Egypt.—Opening of the mortuary chamber in the tomb of King Tutankhamen Friday showed the sarcophagus of the pharaoh to be still in the same position in which it was placed by his mourners more than 3,000 years ago. The exploring scientists were confronted with splendor which, upon the first cursory examination, appear to surpass even those of the antechamber which have held the interest of the entire world. The center chamber is about fourteen feet square, occupied by an immense gilded canopy, richly inscribed. Tutankhamen's coffin, for the present, was left undisturbed in the canopy.

A canopy jar, which probably contains the heart and other internal organs of the king, was found inside the canopy. A magnificent statue of a cat, richly painted, has stood sentry over the dead pharaoh through the centuries he has lain there. The chamber is filled with splendid furniture, in orderly array. It also holds several superb gold chariots, an exquisite ivory and ebony box and many beautiful alabaster vases.

Gift to German Babies. Coblenz.—Major General Henry T. Allen, former commander of the American troops in the Rhineland Thursday approved using the 10,000,000 marks profit made by the Amaroc News, the American soldier newspaper, for the German children's milk fund. Captain McMahon, former editor of the journal, is co-operating with the German associated charities in distributing the funds.

To Investigate Carload Weights. Washington.—State railroad commission of Missouri, Illinois, Minnesota, Nebraska, Wisconsin, South Dakota, Kansas, Iowa, Oklahoma, and Texas have agreed to co-operate with the interstate commerce commission in an investigation to determine whether minimum carload weights now fixed by railroads on interstate shipments of hogs throughout their territory are reasonable.

Puts Good Season in Soil. Smithville, Tex.—The recent freeze caused the loss of a number of cattle and has put the roads in bad condition, but the fine season in the ground will greatly offset this. Most of the farmers have all of their land broken.

Extension of Time on Taxes. Washington.—The commissioner of internal revenue Wednesday announced an extension of time until June 15 of the final date for filing tax returns of domestic corporations for the calendar year 1922.

Flatonía Fair Announced. Flatonía, Tex.—M. Fernan, secretary of the Flatonía Fair Association, announces dates for the fair at Flatonía as Sept. 19, 20, 21 and 22 at the Fair Park.

New Postmaster for Waelder. Waelder, Tex.—R. H. Rhodes, who was recently appointed postmaster of Waelder, has received his commission and has taken charge of the postoffice succeeding Mrs. Mary Foster, who has been postmistress for seven years.

# Texas Items

Cotton planting in many parts of the Rio Grande Valley has begun.

The large acreage of onions now ripening in Willacy county will be harvested soon.

A total of 37,518 cattle were run through the dipping vats of De Witt County in January.

The attorney general has approved \$20,000 Conroe Independent School District bonds, serial 6s.

Magnolia Park, a suburb of Houston, defeated a \$300,000 bond issue for storm sewers at a special election held last week.

School trustees and patrons of the Millican school have signed a petition asking for money to run the school the full nine months.

Crit Connell, former editor and manager of the Orange Leader of Orange, has been appointed secretary to the Texas State prison commission.

An election held at Groveton for the purpose of increasing the school tax from 50c to \$1 on the \$100 valuation was carried by a vote of 357 to 92.

The road leading from Barreda to Point Isabel is being graded and made wider. By taking out the detours heretofore necessary it is also being made shorter.

Plans are being worked out for a live stock and agricultural fair to be held in Lockhart in October. The plans as they now stand call for permanent fair grounds and buildings.

Perhaps the largest foreclosure of land on record in Victoria County was made by Sheriff Muller when he sold last week approximately 4,000 acres, located in the Salem territory, to satisfy a judgment of nearly \$125,000.

Steps to incorporate the Texas Farm Bureau Fig Growers' Association, embracing Galveston, Harris and Brazoria counties, were taken at the meeting of the Galveston County Farm Bureau at Dickinson last week, when a report of a committee was made, and seven fig growers of the three counties were elected to comprise the board of directors.

Farmers in Milam County see in the visitation of the swarms of blackbirds great good this spring and summer in destruction of crop pests. The birds are everywhere in immense numbers, swarming over the plowed fields and industriously gathering in the insects. Much land was put under through December and January, and the late freeze softened it so that the birds find it easy to harvest their insect food.

There will not be a shortage of tomato plants in Texas caused by the recent freeze, according to reports received by the department of agriculture. Car lot shipments of vegetables from the lower Rio Grande Valley from Oct. 1, 1922, to Feb. 8, 1923, inclusive, are reported as follows by the department: Beets, 71 cars; potatoes, 7; cabbage, 258; spinach, 16; carrots, 98; tomatoes, 11; lettuce, 74; citrus fruits, 38; mixed vegetables, 258 cars.

The Alvin Strawberry Growers' Association has been pledged sufficient acreage to insure a strong organization and a state charter has been issued. The association is affiliated with the Farm Bureau Federation, which places the growers in a position to co-operate with the various branches of the federation and enable them to dispose of their product to the greatest advantage.

The board to locate the Texas Technological College met last week and adopted rules of procedure, after organizing by electing S. B. Cowell as chairman and W. R. Nabors as secretary. Mr. Nabors is in charge of the budget division of the board of control and is not a member of either board. It was decided at the meeting to close the submission of exhibits and data in behalf of proposed sites by April 20. Thereafter the board will make study of the matter submitted and start its rounds about the first week in May. The board hopes to proceed on a strictly business basis, with entertainment features frowned upon.

A large number of requests are received daily at the office of the federal prohibition director in Austin from physicians and druggists in various portions of the state requesting emergency allowances of prescription books and whisky, supporting their requests by statements that there is an epidemic of influenza and pneumonia in their respective communities, and in some instances providing certificates of local health officials that these diseases are prevalent.

The attorney general has approved Conroe Independent District bonds, serials, 6s.

A building program of approximately \$500,000 was carried out in Temple in 1922, according to reports just made available. Building permits to the amount of \$435,000 were issued during the year. Inasmuch as the completed contract usually exceeds the amount named in the permits by at least 20 per cent it is indicated that the actual amount of building was close to the \$500,000 mark.

# WOULD NOT TRADE FOR \$10,000 CASH

Benefits From Tanlac in Ending His Stomach and Rheumatic Troubles, Priceless, States Tucker.

"I wouldn't take \$10,000 for the good Tanlac has done me," declared W. E. Tucker, 1120 North 28th St., Richmond, Va., a boxmaker for the Allegheny Box Co., recently.

"I thought I would have to give up the job I had been on seventeen years, but Tanlac has built me up eighteen pounds, and I never felt better in my life.

"I was so weak and run down and had lost so much weight and strength I just felt broken down all the time. I got up mornings awfully nervous, with no appetite, feeling like I hadn't slept a wink, and while on the job my nerves were so unstrung that the noise in the factory just tortured me. My liver wasn't acting right, and I suffered so much from rheumatism I could hardly use my arms.

"But Tanlac has made a clean sweep of my troubles, and now, with plenty of strength and energy, I am working and feeling fine."

Tanlac is for sale by all good druggists. Over 35 million bottles sold.—Advertisement.

## IMPRESSING HIS BEST GIRL

Plumber Felt He Had a Right to Be Proud of His Important Family Connections.

He was quite evidently a plumber, and as he sat with his "best girl" back of the Woman upon the bus he explained that he had been working a little harder lately—the cold weather made them work harder in those buildings which were unheated and in which they were putting the plumbing. It was different in the summer, when the buildings were restfully cool.

And then the bus passed by the big "mansions" on the drive. The plumber began to boast. Pride is so curious a thing.

"My dad," he said, "had the contract to put in the plumbing in almost every swell house in this city. Yep," he continued boastfully, "he's got the finest lot of customers you'd ever find."

And the girl whispered happy and proud admiration of the splendid family into which she was about to marry.—Chicago Journal.

## Fabric Made From Guncotton.

From guncotton there has been recently made a new product known as "vistra," which is made use of for some very novel purposes. Imitation Smyrna rugs, silk sweaters and Gobelins tapestries were recently shown made of the new material and it was with difficulty that the imitation could be detected. It may be mixed with silk, cotton, flax and wool.

## A Chip of the Old Block.

"What you need is a car," said Salesman McGurk, "to take a ride when you've finished your work. After dinner on Sunday you can go for a spin across valley and hills to a roadside inn." I believed what he said and bought a machine, but then something happened which I hadn't foreseen: for my son took the car across valley and hills, while I stayed at home and settled the bills.

# MOVE SICK CHILD'S BOWELS WITH "CALIFORNIA FIG SYRUP"

MOTHER! Even Bilious, Upset, Tongue-Coated Children Love this Pleasant, Harmless Laxative

A teaspoonful of "California Fig Syrup" now will thoroughly clean the little bowels and in a few hours you have a well, playful child again. Even if cross, feverish, constipated, or full of cold, children love its "fruity" taste, and mothers can rest easy because it never fails to work all the souring food and nasty bile right out of the stomach and bowels without griping or upsetting the child.

## MERELY USED AS A PARABLE COMPLIMENT THAT RANG TRUE

Individual Cited as Example of Carelessness Existed Only in the Imagination of Minister.

At the little church the minister, a colored man, announced that he regretted to state that a certain brother had retired to rest the night before without locking the door of his fowl house, and on rising in the morning had found that all his chickens had disappeared.

"I don't want to be personal," he added, "but I had my suspicions as to who stole dem chickens. I shall be glad if the man who took dem will not put any money in the box when it is passed round, and then I shall know if dose suspicions are right or not."

Every one present contributed. "Now, breddern," announced the minister, "I don't want your dinners spoiled by wonderin' where dat brudder lives who don't lock his chickens up at night. Dat brudder don't exist, mah friends; he was a parable for the purpose of finance."

Owlsh. "And he left legacies," droned the lawyer. "to wit—" Here he paused. "To who?" intoned the judge.

Inefficiency is as much bad judgment as laziness.

Little Indianapolis Newsboy Proved He Had His Share of the Wit of His Race.

She is one of Indianapolis' most agreeable and attractive young business women, who has fallen into the habit of bringing all sorts of presents to a little Irish newsboy who sells papers not far from the News office. The other evening she brought him a pair of warm gloves, and he racked his little Irish brain for suitable thanks for her.

And finally they came with a true Irish compliment. "Lady," he said, "I'm glad the likes of you is an old maid. If you were married and your boys sold newspapers on this street, and bein' anything like yourself, the rest of us kids would have to go out of business."

The business woman says that was the best compliment she ever received.—Indianapolis News.

The Other Side of the Shield. "You'll never make me believe that opels are unlucky; why, I was wearing them when I became engaged to Claude."

"Yes, but what about Claude, dear?" Nothing pleases a silly woman more than a compliment she doesn't deserve.

## Has your mealtime drink said "Pay up!"

A GOOD many people have had that message from coffee or tea after the drug, caffeine, has had its effect upon nerves or digestion. Frequently the message comes at night, when nerves won't quiet down and sleep won't come, after the dinner cup of coffee. There's no unfriendly after-notice from that good cereal beverage, Postum. Postum delights the taste, gives comfort and satisfaction, and is free from any possibility of harm to health. Try Postum with your meals for a few days and let the whole family, the children included, share in its appetizing, invigorating goodness. It will bring better nights and brighter mornings. Your grocer sells Postum in two forms: Instant Postum (in tins) prepared instantly in the cup by the addition of boiling water. Postum Cereal (in packages) for those who prefer to make the drink while the meal is being prepared; made by boiling fully twenty minutes.

### SHAFTER NEWS

Last Saturday night Shafter witnessed a masquerade dance which was the best of its kind ever enjoyed here. It was a real success from start to finish, and the boys of our town deserve much credit for having arranged everything so perfect. Many guests from Presidio, Marfa and other adjoining towns here to help cheer things up. Delicious refreshments were served during the evening's entertainment, and everybody present had a most enjoyable time.

Justice of the Peace Robert J. Davis has been offered a position as chief engineer at Hanover, New Mexico, which he accepted and will soon depart for his new field of labor. Mr. Davis and his family have lived in Shafter the past four years and during their stay here have made many warm friends who regret to see them depart from among us. However, we all wish them much success out in their new home out in New Mexico.

Mr. and Mrs. Martin gave a bunco party last Wednesday evening in honor of Miss Alice Buehler, who celebrated her birthday on that day. Prizes were given to the winners. First prizes were won by Vincent Zipperod and Mrs. Martin Shapleigh; the second prizes were won by Joe Kalmore and Miss Minnie Joe Farmer. After the games a delightful luncheon was served. Everybody had a most enjoyable time.

### LLOYD IN COMEDY OF THE UNDER DOG

Harold Lloyd in "Grandma's Boy," his newest comedy in five parts, plays the part of a country boy who was afraid. He had no more spirit than a jack rabbit. The other kids had knocked enough chips off his shoulders to start a lumber yard. As a baby he was afraid to call his cradle his own. At school he wore great holes in his stockings where his knees shook together. At nineteen he was meek, modest and retiring.

The Boys most precious possession was his old-fashioned Grandma. When the girl came into his life and then a Rival who was a big bully, the boys days were made miserable. Then came realization of his weakness and cowardice. How he goes out and conquers his fear, captures a desperate criminal that has terrorized the community, thrashes the Bully and wins the girl, provides "Grandma's Boy" with a real, dramatic story and a host of opportunities for hilarious situations and "gags," and some great thrills.

The Queen theatre will present Harold Lloyd in "Grandma's Boy" for two days—Wednesday and Thursday. It is a Hal Roach production for Associated Exhibitors. Fred Newmeyer directed it from the story by Hal Roach, Sam Taylor and Jean Havez, and the cast includes Mildred Davis, Mrs. Anna Townsend, Dick Sutherland, Charles Stevenson and Noah Young.

Capt. J. B. Gillett reports that his book is finding a ready market in the East. This week he sold two copies to Wm. A. Pinkerton, the noted Chicago detective; also a copy each to Wm. S. Hart, the famous moving picture star, and Mr. Hintz, the well known variety pickle manufacturer. Many more books were sold to people all over the country but the above were among the most noted.

A laugh in time saves nine doctor's bills. There's a laugh in every flash, a scream in every scene of "GRANDMA'S BOY."

### MILITARY SOCIETY NEWS

One of the most delightful dances ever given in Marfa was the one given by the officers and soldiers of the first cavalry Wednesday night.

The three dancing hours passed all too soon, and the dancers heard the notes of "Home, Sweet Home" with regret.

Delicious and elaborate refreshments were served. Expense and trouble was not considered in the preparation and serving of the refreshments.

The guests from town enjoying this dance were:

Mr. and Mrs. W. W. Bogel, Mr. and Mrs. W. P. Fischer, Mr. and N. L. Casner, Mr. and Mrs. J. W. Pool, Mr. and Mrs. E. R. Mabry, Mr. and Mrs. T. C. Avant, W. R. Preddy, Ben Pruett, Jr., Roy Griffith, James Karstendiek, Leonard Howard, Ed Davis, R. S. Casner, Graves Bogel, Karl Word, Leo Howell, Hicks.

Officers and wives giving the dance were: Col. A. V. P. Anderson, Lt. Col. and Mrs. Shaw, Major and Mrs. Tilson, Capt. and Mrs. Thompson, Capt. and Mrs. Strawn, Capt. and Mrs. Truscott, Capt. and Mrs. Smith, Capt. and Mrs. Marcus, Capt. and Mrs. Bass, Capt. and Mrs. Clayton, Capt. Clifford, Capt. Donald Dunkle, Capt. Galwey, Capt. Besse, Lieut. and Mrs. Gau, Lieut. and Mrs. Mossey, Lieut. and Mrs. Feagan, Lieut. and Mrs. Brown, Lieut. Clark and Lieut. Waddell.

Capt. and Mrs. Hollister, Chaplain and Mrs. Harkins and Mrs. Dunkel mother of Capt. Dunkei, were additional guests.

### CITATION IN PROBATE

THE STATE OF TEXAS.

To the Sheriff or any Constable of of Presidio County—GREETING:

YOU ARE HEREBY COMMANDED to cause the following citation to be published in a newspaper of general circulation which has been continuously and regularly published for a period of not less than one year preceding the date of the citation in the County of Presidio, State of Texas, and you shall cause said citation to be printed at least once each week for the period of ten days exclusive of the first day of publication before the return day hereof.

### CITATION IN PROBATE

THE STATE OF TEXAS.  
To all persons interested in the welfare of George Fred Mecklin and Willie Florence Mecklin:  
On the 13th day of February, A. D. 1923, the Honorable K. C. Miller, County Judge of Presidio County, Texas, made an order appointing Geo. Mecklin temporary guardian of the persons and estate of the above named minors, which said order is now recorded in the Probate minutes of said Court, said minors having an estate of the probable value of \$\_\_\_\_\_, consisting of an interest in the estate of their uncle, Dr. Wagley, deceased, late of the County of Johnson County, Texas.

All persons interested in the welfare of George Fred Mecklin and Willie Florence Mecklin are hereby cited to appear before the County Court of Presidio County, Texas, at the Court House in the Town of Marfa, Texas, on the 5th day of March, A. D. 1923, the same being at a regular term of said Court, then and there to contest such appointment if they so desire, and that if such an appointment is not contested at such term, then the same shall become permanent.

HERE FAIL NOT. But have you before said Court on the first day of the next term thereof, this writ, with your return thereon, showing how you have executed the same.

WITNESS my hand and official seal, at Marfa, Texas, this 14th day of February, 1923.

J. H. FORTNER,  
Clerk County Court, Presidio County, Texas.

I HEREBY CERTIFY that the above and foregoing is a true and correct copy of the original writ now in my hands.

J. E. VAUGHAN,  
Sheriff.

## Why Farmers are Turning to

In 1922 Chevrolet jumped from seventh to second place in sales of all cars, and to first place in sales of fully equipped modern cars.

Purchases by farmers were the chief factor in this remarkable development.

Farmers want automobiles not only of low first price, but also of low later cost for operation and maintenance.

They want room, comfort, and the ability to stand up under hard conditions.

They find that Chevrolet, fully equipped as sold, is the best value per dollar in the low-priced field, and neighbors tell them it costs less per mile to operate.

**The Rude Awakening.**  
The flapper daughter of the family came to the breakfast table in a distinctly bad humor. "I don't see why you awakened me when you did," she complained to her mother. "I was just about to receive a proposal. I dreamed John T— had taken me out to dinner, we had just finished eating and he folded his hands and looked at me like he was ready to ask a question when you woke me up."  
"Oh," her unsympathetic brother laughed. "I know that guy better than you do. He wasn't going to ask you to marry him at all. He was going to ask you to lend him money to pay the dinner check."

**No Meeting.**  
A young reporter was sent out by the city editor of one of the Rochester papers to report a meeting.  
About two hours after the assignment was made the young reporter returned with a sad countenance.  
The city editor told him to get the report up immediately, as it was nearly time to go to press.  
"There will not be any report on that meeting," was the answer.  
"Why not?" queried the city editor.  
"There was no meeting," replied the young reporter. "It broke up in a big row and the chairman was chucked under the table."—Rochester Democrat and Chronicle.

## TEXAS SENATE AND HOUSE PROCEEDINGS

### Legislators Now Busy Dealing With Numerous Measures of Importance.

**A Total of 926 Bills Offered.**  
Austin, Tex.—A total of 926 bills have thus far been introduced into the Texas legislature and by the end of this week more than one thousand will have been presented. Of those already of record 578 have appeared in the house and 348 in the senate. During the past week 129 new bills have been introduced, eighty-five in the house and forty-four in the senate. The foregoing totals refer exclusively to bills and to the dozen joint resolutions and simple resolutions which have been entered on the legislative calendars.

**Monday's Legislative Proceedings.**  
Austin, Tex.—The house Monday took up the consideration of the Sackett highway bill and the constitutional amendment resolution, after establishing a bare quorum, 107 members answering the roll call. Several minor bills and resolutions were also disposed of.

The senate was without a quorum in both the morning and afternoon sessions, and adjournment was taken. Nineteen senators were in their seats while 21 are required to transact legal proceedings. Seven senators are making an investigation of the state penitentiary and prison farms.

Preceding the discussion of the highway bill, the lower body passed finally three minor measures which had been pending for some time. By a vote of 5 to 15, the Potter house bill extending the life of the commission of appeals for two years from June 19, 1923, gained final passage. The Carpenter bill, making attorneys' fees recoverable in certain cases, and the Bryant bill, reorganizing the forty-sixth and forty-seventh judicial districts and creating the ninety-third judicial district with the counties of Hall, Childress, Collingsworth and Donley were passed by overwhelming votes.

The house judiciary committee Monday reported unfavorably the McFarland bill seeking to require all applicants for licenses to practice law to take the state bar examinations. Baylor and University of Texas law graduates are now accepted without such examination.

The committee also reported unfavorably the senate bill seeking to give building and loan organizations the right to use the word "savings" in their titles.

The house committee on common carriers designated a subcommittee to view a safety device for interurban and street railways to replace the usual catchwater or fender.

Senate committee adopted favorable reports on the following bills Monday:

By Ridgeway by Request—Providing that a single act of adultery by a married man constitutes grounds for divorce.

By Bledsoe—Making the usual extension of two years for railroads to construct their lines as called for in their charters and thus prevent forfeiture of charter.

By Woods—Establishing a supreme judicial council with authority to equalize the dockets of all the courts of the state so that litigation may be expedited and isolated congestion relieved.

By Parr—Validating county line and common school districts and bonds issued by them.

By Watters—Permitting state, county and district officers to make surety company bonds instead of personal bonds.

Unfavorable reports were adopted on the following bills:

By Murphy—Leaving to the district officers to make surety company bonds instead of personal bonds.

Unfavorable reports were adopted on the following bills:

By Murphy—Leaving to the discretion of the court appointment of guardians where minors and lunatics are parties defendant in suits where notice is by publication.

By Baugh and Holbrook—Taxing attorney's fees as well as costs, against the losing side in cases appealed.

### Thursday's House Proceedings.

Austin, Texas.—The house Thursday adopted a senate concurrent resolution calling upon the governor for return of senate bill No. 52, limiting private banks, which already has been passed by both the house and senate. Complaint against the measure has come from Houston, and a hearing upon the bill is contemplated.

By a vote of 72 to 26 the house Thursday engrosses the bill by Carter of Coke reducing the amount of the bonds required of depositories of independent school districts. Under the present law their bonds are twice that of county depositories.

Favorable reports were made by the house judiciary committee Thursday upon the following bills:

Providing that clerks shall be paid only a certificate fee in cases where they do not actually provide the transcript of cases, but only certify to it.

Providing that copies of the opinion of the appeals court shall be furnished free to each of the parties litigant and intervenors.

Establishing the ninety-sixth judicial district in Tarrant County.

**Emergency School Bill Signed.**  
Austin, Tex.—House bill No. 1, appropriating \$3,000,000, to be added to the available school fund during the current scholastic year which ends Aug. 31, 1923, was signed by Governor Neff Saturday and went into immediate effect. This would have the effect of raising the per capita apportionment from the present figure of \$10 to more than \$12.

By amendment inserted by the senate no part of this appropriation is to be used for the payment of increases in salaries, the purpose being that it should be used exclusively for the prolongation of the school term.

With the signing of the emergency school bill, the amount of appropriations which the governor has approved since convening of the present session of the legislature has reached \$5,018,009. Other bills carrying appropriations signed are: General deficiencies, \$428,509; citrus experimental station, \$50,000; Texas Technological College, \$1,002,500; topographical surveys of rivers and streams, \$600,000.

**Friday's Senate Proceedings.**  
Austin, Tex.—By a vote of 23 to 1 the senate Friday passed finally the medical practice bill following an entire day of debate that ran over into a night session of more than an hour and a half.

As amended and passed finally the bill, which was introduced by Senator Couzens and jointly signed by Senators Holbrook, Thomas and Strong, makes provision for Christian Science practitioners, but is without provisions for the practice of chiropractic. Christian Science practitioners would not be permitted under its provisions to charge, directly or indirectly, for their ministrations.

The amendment exempting Christian Scientist practitioners from the provisions of the bill, offered by Holbrook and adopted by viva voce vote, after motion to table it had lost, 10 to 8, with five parts, reads as follows:

"Nothing in this act shall be construed to affect or limit in any way the application or use of the principles, tenets or teachings of any church in the ministrations to the sick or suffering by prayer without the use of any drug or material remedy, provided sanitary and quarantine laws and regulations are complied with."

To this amendment was tacked the provision, offered by Witt, prohibiting pay for such services, the Witt addition being, "provided no charge is made, directly or indirectly."

Amendments were adopted taking cancellation of license out of hands of the medical examiners' board and placing it with district judges, and to prevent injunction before hearing on proceedings to cancel license.

### Friday's House Proceedings.

Austin, Tex.—The house Friday ordered submitted to the voters of Texas the proposition of holding a convention at Austin in May, 1925, for the purpose of revising, altering or amending the present state constitution or of the framing of a new one.

By a vote of 77 to 43 it adopted the Rountree-Quail concurrent resolution after accepting three amendments dealing with the number of convention delegates and the manner of their selection.

The first amendment, offered by Mr. Rountree, provides that the proposition of calling the convention shall be submitted at the general election of 1924 and in the event of a favorable vote that the delegates will be chosen at a special election in March, 1925. The vote on the amendment was 5 to 21.

The house finally passed the bill by Mrs. Wittmans of Dallas county court of domestic relations for trial of divorce cases. The vote was 76 to 16, with many members not voting.

The Wilman's bill for creation of the Dallas County district court of domestic relations was finally passed by the house Friday by a vote of 75 ayes, 16 noes and 14 present and not voting.

### Thursday's Senate Proceedings

Austin, Tex.—The senate Thursday finally passed the bill by Senator Wood appropriating \$428,509 to pay deficiencies in the appropriations for the operation of the state government during the current biennium.

The bill by Holbrook and others providing for the separation of the insurance and banking departments, creating the office of state banking commissioner with a salary of \$7,500 a year and raising the salaries of state bank examiners, was passed finally by the senate Thursday by a vote of 20 to 7.

House bills passed finally by the senate Thursday:

By Dunn—Allowing Falls County to vote bonds.

By Lestrourgeon—Relating to lunacy commitments.

By Quinn—Permitting reciprocity between insurance companies.

Creating following independent school districts: Sour Lake, Sudan, Meadow, Key, Schwertner, Village Mills and Deals.

By Dielman—Creating special Bexar County road law.

By Stewart—Restoring civil and criminal jurisdiction to county court of Sutton County.

By Jacks—Regulating terms of county courts of Dallas County.

### Wednesday's House Proceedings.

Austin, Tex.—Eleven senate bills were finally passed by the house Wednesday, including the group of bills enacting the changes in the state banking system that were recommended by the convention of 700 bankers at Waco last June.

# PE-RU-NA

For Coughs, Colds and Catarrh

Mr. E. W. Marshall, Brampton, Michigan, suffering from Systemic Catarrh involving Head, Nose, Throat and Stomach, claims a complete cure. His letter is convincing: "For the past two years I have been troubled with systemic catarrh. I used several boxes of Pe-ru-na tablets and they have effected a complete cure. I do not hesitate to recommend Pe-ru-na for all catarrhal conditions."

Mr. Marshall is just one of many thousands who have been benefited by Dr. Hartman's famous medicine in the past fifty years. It is by stimulating the digestion, enriching the blood and toning up the nerves that Pe-ru-na is able to exert such a soothing, healing influence upon the mucous membranes which line the body. It is a wonderfully effective remedy to restore strength after a protracted sickness, the grip or Spanish influenza.

### Kansas's Destructive Laugh.

In the days when horseflesh was in flower one of the hardest things in town was to get horses accustomed to Job Hofer's laugh. Every time he took off the main hatch and helped himself to a real mastodontic gurgle of glee there were two or three runaways down Main street. The horses largely have passed, but Job's laugh has the same devastating effect. Today he became amused at something while in Lem Lump's Ford, and two panes of window glass fell out.—Eldorado Times.
