AMERICAN NATIONAL LIVESTOCK ASSOCIATION CONVENE IN EL PASO

President Brite makes the Annual Address, Many Entertainments and social funtions for Delegates and their wives

The American National Livestock Association opened its session in El Paso this week at the Hotel Paso del Norte, with an address by the president L. C. Brite, of Marfa. His address was filled with many observations and suggestions of interest to the stockmen thru out the country. In part, he warned against expansion, stating that stockmen should seek to produce better, instead of more cattle; against the entry of free raw material, and the Box bill which is intended to increase wages by reducing the supply of Mexican labor. In the address he lauded the action of W. M. Jardin, Secretary of Agriculture in prohibiting the importation of Livestock and meats from countries where contagious diseases existed.

"The present import tariff on livestock and meats," he said "should not be lowered, and the tariff on canned and preserved meats should be materially increased because of the large consignments now coming into this country from South America."

Speaking of tick eradication, he declared the problem is becoming more acute every day and is national in scope. He said:

"A satisfactory solution of this vexing problem might be to establish a dead-line, extending along and paralleling the Rio Grande the full length of the tick-infested territory of Mexico."

He opposed speculators and said, "We do not believe that breeders, feeders or packers should be compelled by law to patronize and support an organization composed entirely of middlemen and speculators."

The terminal markets have not proved entirely satisfactory. As a result, the majority of feeder stock is sold direct

to the feeders. Their method of marketing is making rapid growth. It is economic and sound."

Social Activities.

Tuesday night at the banquet given by the Chamber of Commerce to visiting stockmen, Mayor R. E. Thomason, W. W. Tournay, M. W. Borders, Jake Miller and Frank Fletcher of El Paso, extended welcomes. Afterwards short talks were made by others among the speakers were: L. C. Brite, Capt. J. B. Gillett and J. D. Jackson, Captain Gillett former Texas Ranger and Marshal of El Paso from 1882 to 1885, now of Marfa, recalled in his remarks the early days in El Paso especially, some of the effective methods used when Marshal in keeping order in the Border City during its wide open days.

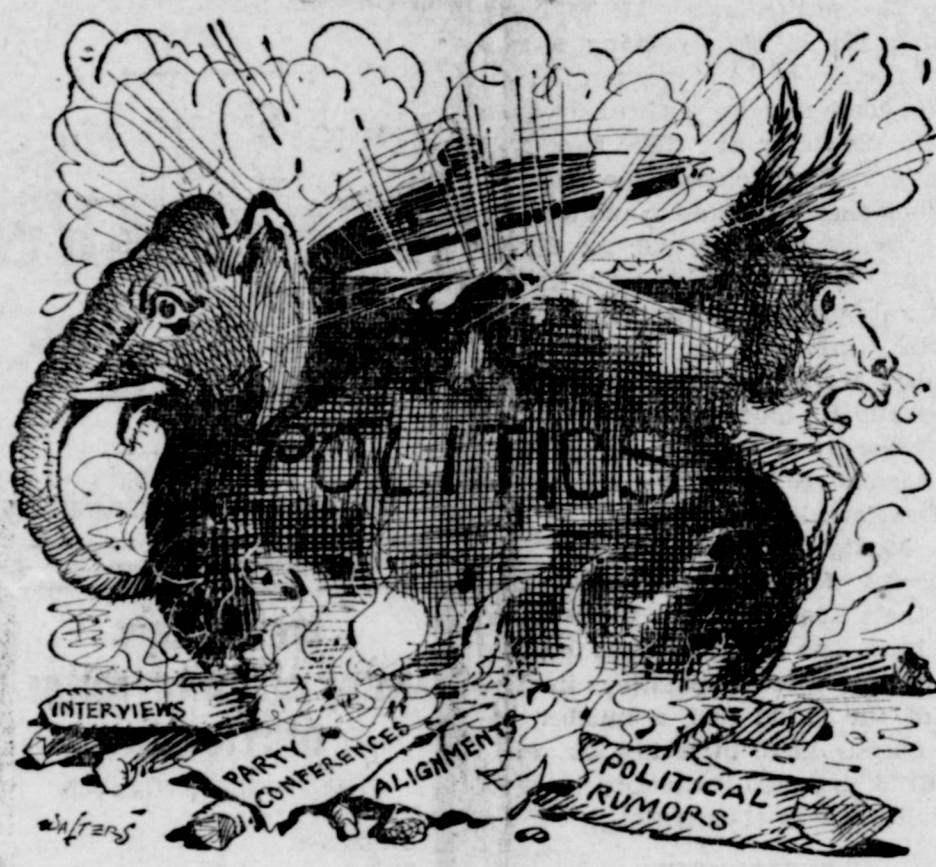

Wednesday, Mrs. W. W. Turney was hostess at her home to the wives of the visiting stockmen, and on Friday evening gave a luncheon in honor of Mrs. L. C. Brite, wife of the Association President.

Thursday was the barbecue lunch served over the river in Juarez for the Stockmen and their wives.

These men will appoint the various other officers for the coming year and they will take charge of the next regular meeting, Monday night January the twenty-ninth.—Border Times.

BIG CATTLE DEAL

W. B. Mitchell & Sons of Marfa pried the lid off in a big trade by buying from W. T. Waggoner 7,000 head of 3- and 4-year-old steers for spring delivery. The Mitchells handle more cattle than any one else in the Big Bend County, it is said. The prices in the deal were not given.—American Hereford Journal.

INTERESTING REVIVAL MEETING CONDUCTED BY PROMINENT EVANGELIST

EVANGELIST THORN AND VOCALIST COOPER CONDUCTING. WILL CONTINUE TO FEB. 5

Thursday evening saw the largest crowd of the week at the Baptist church where Rev. F. B. Thorn of Waco and Mr. Atley J. Cooper of Fabens are conducting a series of meetings. The prospect is that the Baptist will have the most successful meeting they have had in several years.

The people of the community speak well of the work being done by the evangelist and his assistant. Rev. Thorn is pastor of a large church in Waco where he speaks to large audiences regularly. Every Sunday morning he lectures to a noted Bible class at the Hippodrome Theatre in that city. This continuous contact with many people has given him a sympathetic understanding of men's needs and problems. With a winsome manner of speech he seeks to meet these needs in his gospel messages. Mr. Cooper wins the cooperation of the crowds in the song service. He is also organizing a booster choir among the children. As a high class Christian gentleman he is of invaluable assistance to the minister who preaches.

Thursday morning Messrs. Thorn and Cooper appeared before the student body in the school auditorium. They were well received by the boys and girls. They also had complimentary words for our school building and the fine appearance that our faculty and students made.

The meetings at the Baptist church will continue through February 5.

A POPULAR STUDENT

It is always pleasing to learn of the success our folks who are off attending school. Miss Nan Jones is one of these of which many good reports have been received. She is now a student at Athens College, Ala., and this week the New Era received a communication from the Director of Music stating "Miss Nan Jones from your city took a prominent part in our Recital to night and won hearty applause because of her splendid singing. We wish we had more students like her."

 Entered as second-class matter at the Postoffice in Marfa, Texas, under
 the Act of Congress of March 3, 1879.

Remember that you must pay your
 poll tax by January 31st, or else you
 cannot vote.

1928 is election year, and a very im-
 portant one since a President of the
 United States is to be elected. Besides
 all state and county officers are to be
 selected.

So far the candidates for offices in
 this county have not come out in the
 open. Weather probably has been too
 cold to warm them up to the thawing
 point.

There is some agitation in Marfa a-
 mong many with view of interesting
 the citizenship in a better streets and
 pavements for our city. Without ques-
 tion our streets and pavement should be
 improved. It would not only add to
 the attractiveness of Marfa also to the
 convenience of every one. Besides there
 would be an additional value to city prop-
 erty. But whether at present with the
 new waterworks and sewer bonds re-
 cently issued it would be advisable to
 go deeper in debt—is the question.

A big member of a big concern inter-
 ested in Marfa says that he is for the
 movement.

Killing The Community.

Existing in many towns, is the ap-
 parent eagerness with which many
 otherwise good citizens contribute to
 the stagnation of their towns and com-
 munity.

These citizens will often show most
 commendable zeal in working to ob-
 tain civic improvements, to promote
 the location of new industries and to
 secure better educational facilities, to
 secure better streets and better city
 improvements. Yet many of these same
 men and women will deliberately en-
 gage in a practice that nullifies all of
 their otherwise laudable efforts and
 then they wonder why they and their
 towns do not prosper and go ahead
 as they should.

The pernicious habit of buying away
 from home is largely responsible for
 the failure of many communities to
 make the progress which their location
 and environment warrants. The money
 that ought to be kept at home for the
 expansion of local trade and industry
 is sent away to mail order houses never
 to return.

Unbelievable as it may seem, some
 merchants are guilty of this practice.
 For a trifling saving here and there,
 usually more imaginary than real, is
 sufficient to cause these merchants and
 a certain number of citizens to forget
 their duty to their community and to
 themselves. There are some who ex-
 pect their local merchants to render
 service to them that add 20 per cent to
 the cost of their goods and to extend
 credit to them for 60 to 90 days or
 longer, then give them the prices of-
 fered by the mail order houses that
 give no service and demand cash be-
 fore the goods are shipped.

It is a community with loyal mer-
 chants, and loyal citizens—loyal to
 themselves and loyal to each other,
 loyal to their newspapers, that forges
 to the front in these days of keen com-
 petition.—Exchange.

The Texas Almanac.

The New Era has received the Texas
 Almanac for 1928, issued by the Dallas
 News. It contains a great deal of in-
 teresting information in regard to the
 State of Texas, and should be in every
 one's hands who desires to become ac-
 quainted with our wonderful State, its
 history, development and untold unde-
 veloped possibilities.

In glancing over its pages we noticed
 mention of the length and breadth of
 Texas. We learned that the greatest
 length north to south is 740 miles, the
 greatest breadth is 825 miles. It is far-
 ther from Texarkana to El Paso than
 from Texarkana to Chicago. And to us
 it was interesting to learn that in the
 state there are 879 publications, pub-
 lished in 530 cities and towns. There are
 106 daily Newspapers, 28 semi-weekly
 and tri-weekly, 662 (including the New
 Era) weekly, 9 semi-monthly, 1 bi-
 monthly, and 6 quarterly publications.

NEWSPAPER WRITER VISITS IN OUR CITY THIS WEEK

Percy Montgomery, newspaper writer
 an illustrator, as been spending a few
 days in Marfa on a vacation with
 friends of his wife, the former Evelyn
 Ellison, daughter of R. R. Ellison, well
 known resident of this place, now liv-
 ing in El Paso. Mr. Montgomery while
 here has made several trips in a car to
 study the scenery as he does agree-
 deal of illustrating and has made
 many fine oil paintings of the Western
 Country, one of which is now in the
 San Antonio Art League in the nation-
 ally famous Winter Exhibit, opening on
 January 25th, in which artists exhibit
 from all parts of the United States.

"I am very favorably impressed with
 Marfa," said Mr. Montgomery. "It pos-
 sesses mountain scenery equal to any
 on the North American continent and
 some of the finest sky effects in the
 whole world. The sunset and skyline
 coloring which I witnessed on Monday
 were equal to anything I have ever
 seen with the possible exception of Al-
 aska. I was also impressed with the
 fine homes here. The first impression
 one gets is that the windmill here
 would indicate the place was a bit of
 old Holland. I kept looking for the
 familiar poplar trees and the canals
 but found none. When one gets to know
 the place it is a revelation. In the
 homes of Mr. Brite and Mr. McCabe,
 where I was entertained, I found art
 values and interior decoration equal to
 anything in the country—a very pleas-
 ant surprise for the artist and some-

thing of which this place should be
 very proud. One doesn't look for a
 Fifth Avenue mansion in the heart of
 an apparently barren country and it is
 a tribute to home-loving of the Ameri-
 can people that wherever they settle
 art and culture are a natural expres-
 sion. It would be a liberal education in
 interior decoration for some of the so-
 called 'city people' to see these two
 homes. I have enjoyed my stay immen-
 sely and gained from it. Zane Grey
 was here Sunday in a motor but he was
 looking for material of the old days of
 rough life. What interested me and
 furnished me some very valuable mat-
 erial is the wealth here won by hard-
 working people—people living a real
 life of usefulness. In proportion to pop-
 ulation there is more wealth here than
 in New York City and there is no real
 poverty and indolence—the country
 prohibits that. The West is more inter-
 esting to me than the old, for all its
 romance, because in this new West I
 believe people get a lot more out of
 life than anywhere else in America. I
 consider Marfa and its people, its
 homes and its mode of life and look-
 ing at the world about as complimen-
 tary a cross section of this country as
 any traveler will ever find."

Mr. Montgomery and his wife left
 Wednesday for El Paso where they
 have their home now. In their home
 they have one of the finest collec-
 tions of Southwestern paintings in this
 part of the world and a number of
 their friends here, including Mr. and
 Mrs. Brite, accepted invitations to visit
 this collection as their guests.

Miss Francis Mitchell left last Friday
 for Dallas, accompanied by her mother
 Mrs. Arthur Mitchell and brother R. L.
 Mitchell, also Rudolph Mellard went
 with them. They expected to attend a
 concert given on the 24th inst., by the
 Dayton Westminster Choir, and Miss
 Francis had been requested to come to
 Dallas in order that Director William-
 son, noted choir leader and director,
 could be given an opportunity of
 hearing her sing.

Mrs. George Crosson was called to
 San Antonio Wednesday, to be at the
 bedside of her father who is quite ill.

Mrs. Sam Bunton and Mrs. B. M.
 Vick of Valentine were pleasant visitors
 to our city Thursday.

Growth of Cable Service

The first successful cable to be laid was to Callias from Dover, about 1850, by Jacob and John Brett. In 1858 the first cable messages were exchanged between England and America. There are now over 300,000 miles of cable over which messages can be sent at the rate of 100 words a minute.

ROBBER AND HIS VICTIM ARE KILLED IN PISTOL DUEL

Mrs. Joe Bishop received a wire stating that her brother-in-law H. J. Neimeyer was killed several days ago in San Antonio. The Express in giving an account of his death says:

Henry Neimeyer, filling station operator at Zarzamora and Frio City Road refused to "stick 'em up" when so ordered by a holdup man Tuesday night, but started shooting, with the result that he and the holdup were both shot to death.

Neimeyer fired six shots before he finally crumpled to the floor in front of his cash register, which he was checking to close up at 8:30. Four of the shots took effect in the robber's body.

Henry J. Neimeyer died Jan. 24, 1928, in his thirty-second year, residence of San Antonio for the past fourteen years resided at 211 Drexel avenue, survived by his wife, Mrs. Carolina Neimeyer of San Antonio; father and mother of Sample, Texas; one brother, August, of Laredo, Texas.

RECENT BRIDE GIVEN SHOWER

A charming compliment tendered a recent bride was the miscellaneous shower given Saturday afternoon when Mrs. Henry Coffield entertained, honoring Mrs. Charlie Shannon whose marriage to Mr. Charlie Shannon was solemnized at the Episcopal church at Uvalde, December the 14th. The shower came as a complete surprise to the bride. When she arrived she was given a cup towel to her as well as all the other guests and upon the completion of the cup towel the honoree was presented with a large box in the shape of a horse shoe, found to be filled with beautiful and useful gifts. Much pleasure was derived from inspecting the lovely array of gifts, bearing a wealth of good wishes that quite overwhelmed the honoree. The refreshment course served during the afternoon comprised salad, sandwiches cake and chocolate. Those who enjoyed Mrs. Coffield's hospitality were, the honoree, Mrs. Charlie Shannon, Mesdames, J. A. Shannon, W. A. Shannon, J. D. Shannon, H. Hord, J. Livingston, Lloyd Mitchell, Hillsman Davis, Tom Crosson, Jack Rawls, Clay Mitchell, J. Hoffman, W. J. Yates, C. E. Norman, W. P. Fischer, H. O. Metcalfe, Pierce, Gallimore, K. Smith, W. K. Livingston, and Misses Greenwood, Hancock, Duty and Nell Shannon.

Guy Smith, formerly of San Antonio and a recent graduate of the Texas University Law School, has moved to Marfa, and is now associated with J. C. Fuller in the practice of law. Mr. Guy Smith is a son of Rev. Hubert Smith, who formerly resided in Alpine as pastor of the Methodist Church there and afterwards presiding elder of this district. The New Era bids him welcome to our city.

COLD CHECK ARTIST PASSED THROUGH MARFA LAST WEEK

A man, about a week ago with a printed card, on which was a name, the old familiar name of Cassidy, who was represented as the Sales Manager of some concern, we believe in Kansas, passed through Marfa. He was riding in a fine car and stopped at the Highway Filling Station to replenish his supply of gas and oil, in payment, as he was short of cash, and a little expense money, gave to the order of Highway Filling Station a beautiful check on some bank for \$20.00 and at the same time showed and presented the card as his credentials; thereupon the check was cashed and the tourist rode on towards the East. The check was returned from the bank as worthless. These cold check artists are scattering their worthless paper constantly throughout the country and they seem to specialize on the Filling Stations as they pass by. Generally driving fine cars and having the appearance of wealth it is calculated to deceive.

PRESIDIO NOW PORT OF ENTRY

According to an authentic report it appears that now the opening of the International bridge at Presidio has caused the government to extend the hours for open port and to designate Presidio as a "Port of Entry". The new hours are from 7 o'clock in the morning until 11 o'clock at night. Merchandise, however, must still be crossed during the old daylight hours, from 9 o'clock in the morning to 4 o'clock in the evening.

This new bridge at Presidio is the eighth of its kind across the Rio Grande and the ninth international bridge entering the United States, there being one across the Canadian border. The bridge also is important since there are only two better ones, the one at El Paso and the one at Laredo.

The owners of the bridge, L. Dittman, of McComery, F. L. Scott, of Fort Worth, and H. E. Dupuy, of Presidio, report that many people are using the bridge now, and that more and more are coming every week. It is especially welcomed by people from McComery, the oil fields, Alpine and Marfa, as it cuts off several miles of travel from the old trip via El Paso.

WHAT OTHERS SAY

What others have to say about you is vastly more important than what you have to say about yourself. The Orient has been fortunate and that its friends have often spoken kind words concerning the quality of its livestock service. Following is one of many testimonies

E. H. Shauler, General Manager the K. C. M. and O. "It might interest you to know that the special service accorded stockmen along your route in Texas, Oklahoma and Kansas, has caused more favorable comment around the Wichita Union Stock yards than anything your road has ever done."
