## WE OFFER OVER ONE HUNDRED THOUSAND DOLLAR

We made history in Plainview last Monday.

It was not the mere matter of raising over \$100,000 for railroad purposes that will cause the day to be marked as auspicious in the annals of this place, but it was the convincing demonstration of the fact that the spirit of progressiveness and unity of purpose and action is to dominate the citizens of Plainview and immediate surrounding territory.

The raising of a large bonus for any purpose is usually attended with a great deal of boosting, persuasion, hurrah and effort to start an excitement. There was a noticeable absence of this in the present move to take advantage of the glorious opportunity that is ours to-day, but may be gone to-morrow.

The leading men of this city, the men to whom city growth and prosperity means added values to their property, and those whose business will be benefited by every additional improvement, are thoroughly alive to their own interests, and are manifesting a disposition to do their full share towards securing such desirable results.

When the moneyed men lead, the others gladly follow. When those who will be the chief beneficiaries of a new railroad line evidence such a spirit as was shown at the mass meeting on last Monday, it means something for Plainview.

The city wants a railroad, and wants one just bad enough to donate \$100,000 for any main line from the east, southeast or northwest, regardless of whether this point is a terminal or a station on the line.

If a railroad can be induced to build through this immediate section, and this amount of money, with right-of-way and depot grounds, can secure it, Plainview will be on another railroad map.

The benefit of a line to directly connect this city with the markets to the east of us is so patent that argument in its favor is unnecessary.

The citizens fully realize the situation, the money is available, and, best of all, the residents of this place and immediate territory are in almost absolute harmony.

### One Road in View.

There are rumors afloat of many prospective lines to be built across the Plains. Some of these are paper propositions, some merely exist in the imagination of would-be promoters. The Santa Fe has builded wisely with a view to covering the Plains to the exclusion of other lines, but there are three prospects in sight that it is reasonable to suppose will materialize into actual construction and operation.

The first road likely to be built westward across this territory in the near future is the Quanah, Acme & Pacific, a Frisco project. It is currently and reliably reported that the Frisco will build to Yuma, Arizona, to make Pacific-coast connections with a line from that place to San Diego, California.

At a meeting of the board of directors of the Acme road held at Quanah on last Tuesday, the chief business transacted was the order authorizing the construction of a line from Paducah to the West Texas line, and on to the Pecos Valley, to Roswell or some point in that section.

Surveyors were ordered to at once

## Plainview Will Give This Amount As a Bonus for Another Railroad Line From the East, Northeast or Southeast.

### Citizens Realized the Necessity and Promptly and Liberally Respond to Call of the Commercial Club—Overtures Made to the Quanah, Acme and Pacific Line, and a Survey Is Now Being Made.

run two preliminary surveys in accordance with the order, and they are now in the field.

One line, and the one in which Plainview is deeply interested, is to be run by Matador, and onto the Plains near that place. The other line will be run south of Matador, and too far off the route to come by this city.

A number of towns in the Pecos Valley sent delegations to the meeting at Quanah; also a few delegations were present from towns on the Plains.

Plainview was well represented by Judge Lancaster, Capt. Donohoo and President Dowden, of the Commercial Club. They put the situation up to the board as to the mutual advantage in building to this city, and, while there was no opportunity to make a formal offer as to what this city would do as to donations, they convinced the railroad officials that they spoke with authority in saying that Plainview wanted this road and wanted it fully one hundred thousand dollars' worth, and would throw in a right-of-way and depot grounds, and, if absolutely necessary, would stand a raise.

Their talk drew compliments from the directors for Plainview's progressiveness, but no definite promises, except a preliminary survey.

When the surveyors' report is made there will be something doing, and on what Plainview does—and does quickly—will depend our future prosperity.

The committee returned from the meeting confident that in a few weeks there will be a formal proposition made to this city.

### How the Money Was Raised.

Lists were circulated in the city on Saturday for signers to obligate a payment of a certain per cent on their assessed property valuation. Those called upon signed so willingly that the men behind the movement felt confident that the committee could make an offer to the road that would influence favorable action.

About \$42,000 was signed for by Monday morning, and the word was passed around that there would be a mass meeting at the Schick opera house at 2 o'clock. All the merchants in the city closed their doors, and without any extra noise, no beating of drums, nor waving of flags, or great palaver of what we have done or ought to do or are going to do, Plainview citizens filled the opera house, and in a short time acted in a manner that fixed the destiny of this city.

They realized their needs and raised the money. Plainview may not secure this particular road, but will secure some road—and that before long. The men who can do things have so decreed.

There were several speeches made at the meeting. They were all good

speeches and were entirely suited to the occasion, brimful of the spirit of progressiveness, and calculated to more closely unite all the elements necessary to the upbuilding of a city.

Enthusiasm and pride in Plainview permeated the atmosphere. Everybody was ready to do something—and do it now.

There was no formal program. A few well-known citizens were invited to occupy seats on the stage, which they did, but there were no set speeches: they responded when called on to talk, and their talks were effective.

E. H. Perry explained the object of the meeting, and Secretary Graham

was on hand and engineered the details.

Rev. I. E. Gates, always equal to the occasion when any movement for the public good is under way, was called on to preside. One expression of the presiding officer is calculated to arouse thought:

"The destiny of Plainview hinges on what we do ourselves within the next six months."

Judge Mayfield spoke directly to the proposition on hand, and indirectly concerning other matters.

"Plainview," he said "is already the best town south of the Denver and north of the T. & P. railways. If we will put up the same plucky fight for this city that six or seven individuals are making against us,

Judge Mathes made a short talk, and his expressions of confidence in the people of this city, as ever ready to unite their efforts for the public betterment, were calculated to promote a get-together spirit.

The writer, who, perhaps, has heard more public speeches, sermons and legal arguments than any individual of his age in Texas, or any other state, had to confess to himself that he was a bad picker—after Green Wilson finished his speech. He didn't look like he had a rousing speech in his system, and a cursory glance would not fix the attention to his ear-marks of oratory—but he is.

He was right on hand with the right kind of talk that arouses latent inclinations to effective effort for good work. Mr. Wilson is considered the wealthiest individual in Hale county, and he gives his means as liberally as well-rounded sentences flow from his lips. The writer, who is a comparative stranger in this section, has since learned that he is not in a class by himself in at first underestimating the gentleman's oratorical ability, as he was formerly in the active practice of law and was known as a fine speaker. Plainview lies close to his heart, and he doesn't hesitate to so express himself. Ten men of Mr. Wilson's interest, ability and activity could make a town anywhere. (We started to say, nearer the geographical center of the county.)

Rev. Gates was called on for a speech, and he fitly responded.

Secretary Graham made a short talk and started the ball to rolling. The subscription lists were circulated, and everybody signed up. Some few hesitated, of course, but there was over \$100,00 pledged, and a telegram was sent to the committee at Quanah to go the limit.

## CENSUS TAKERS NOW AT WORK

ENUMERATORS MUST HAVE CO-OPERATION OF ALL CITIZENS.

Every Effort Will Be Made to Obtain a Complete Count—Work Is Being Done Systematically.

This is Plainview's only chance in ten years to make an official showing of our actual number of inhabitants. The place this city will occupy in the government list should be of concern to every citizen. Census Enumerators Bissell and Spencer are now at work securing the names and required data of the entire population of the city, and it is their desire to obtain a full count. The assistance of the women of the city is asked, that no families who are temporarily away from home may be overlooked.

The work in this city has been equally divided between Messrs. Bissell and Spencer, and they are proceeding systematically and taking considerable trouble to secure the names of every man, woman and child living here on April 15.

After the enumerators have passed the house where you live, board or lodge, and have not personally called on you, call up the secretary of the Commercial Club, phone 395, and you will receive a call from the enumerator.

The enumerators are making good progress with the work and will secure a complete count several days inside the time limit of May 15. Each of them has informed The Herald that they are meeting with prompt responses to their inquiries. Get your name on the rolls and see that your neighbor does the same. It will benefit Plainview.

### SAVED FROM THE GRAVE.

"I had about given up hope, after nearly four years of suffering from a severe lung trouble," writes Mrs. M. L. Dix, of Clarksville, Tenn. "Often the pain in my chest would be almost unbearable, and I could not do any work, but Dr. King's New Discovery has made me feel like a new person. It's the best medicine made for the throat and lungs." Obsolete coughs, stubborn colds, hay fever, la grippe, asthma, croup, bronchitis and hemorrhages, hoarseness and whooping cough, yield quickly to this wonderful medicine. Try it, 50c and \$1.00. Trial bottles free. Guaranteed by All Druggists.

If you have something to sell or trade, let it be known through a "Want" ad in The Herald. There is no better or cheaper way to advertise.

# CLEAN-UP DAY A GREAT SUCCESS

## PLAINVIEW IS RID OF ALL THE RUBBISH IN SIGHT.

Civic League, City Officials and School Boys Entitled to Credit for Adding to Town's Attractiveness.

Plainview is now more than ever a pretty place, and also a clean one. The city is rid of all the unsightly rubbish, filth and unsanitary trash.

On Clean-Up Day the members of the Civic League outlined the plans, the city furnished the wagons and the schoolboys did the work, at least the larger part of it.

Many citizens helped the cause along by piling up the rubbish from their premises where it could easily be loaded, and the hired teamsters and some fifty active, vigorous, hustling young Americans from the 7th, 8th and 9th grades of the public school did the omnium gatherum act, enjoyed the holiday and earned not only the prizes offered, but the commendation of every one interested in the work.

The boys were divided into companies, each with a captain in command, and they worked with zeal in the contest to pile up the largest accumulation of non-combustible material. They gathered everything in sight, from a tin can to a decrepit windmill. The mayor was driving around encouraging the work, and when he left his auto a few moments the youngsters promptly pushed it up among the junk, and soon would have had it buried beneath old buggies, wagons, scrap iron, tin tanks, roofs, cans and other matter they had accumulated.

Each company selected a vacant lot on which to pile their collection, and, after the work was finished, the visible results of Clean-Up Day were so much in evidence that none could dispute the fact that the work was badly needed and will prove of material benefit, as well as add greatly to the appearance of the city.

Where the youngsters ever found

all that junk and refuse matter is a mystery.

The ladies of the Civic League displayed considerable commendable interest in the movement, the city officials did their duty and the boys, great American boys, those complex creatures whose conduct is often a delight, and sometimes otherwise, they are entitled to chief honors for the success of the day.

They took everything in sight. No unpleasant, unsightly or unsanitary matter now remains to vex the vision or endanger the health of Plainview citizens. They were working youngsters, and didn't discriminate in anything they thought would go in the refuse. Had they been able to have pulled up the Pacific street hole, took down the telephone system and captured the court house "enjiners" the scrap heaps would have contained all the city's undesirable elements.

The three companies made such a creditable showing that another prize was added, and each company received \$5.00.

Following are the names of the boys who did such effective public work:

### Seventh Grade.

Erin Foutz Park, captain; John Wade, Jno. Mathes, Hal Lattimore, Kirby Nash (6), Deo McLaughlin, Henry Ansley, Lloyd Mitchell, Harry Phelps, Bernice Lackey, Bert Vaughn, Ray Garrison, Robt. Brahan.

### H. M. BURCH WITHDRAWS.

#### No Longer a Candidate for the Office of Tax Assessor.

In announcing my withdrawal from the race for the office of Tax Assessor of Hale county, I take this means of thanking my friends who have so kindly and generously tendered me their offers of support. I have accepted certain business obligations and responsibilities which preclude my continuance in the race or fulfilling the duties of the office if elected. I will soon assume the duties of cashier of the new Third National Bank, where I hope to meet all friends and that my business relations with the general public will be as pleasant as I trust, they will be profitable to all concerned. The short time, and I assure you that I will be as pleased to you that I as I was when I was with you there office.

### HOME AGAIN.

After an absence of five months, sweet, sweet home. "Home, home, ble, there's no place like home." To say we are like home. I put it mildly. Our trip is to is sublimely gracious of Mexico pine apples and to have bananas, during the wintertime every day privilege to see and spring is a fresh cabbage, plate, and to have ears, etc., beans, peas, roasting. To pass the meal is enjoyable, seeing frost fire winter without. These we enjoy is a rare treat. Our stay in Ned superbly during.

### HAIR HEALTH.

#### If You Have Scalp or Hair Trouble, Take Advantage of This Offer.

We could not afford to so strongly endorse Rexall "93" Hair Tonic and continue to sell it as we do, if we were not

we claim that it would do all as well. Should our enthusiasm as away, and Rexall "93" Hair Tonic not give entire satisfaction to the users, they would lose in us and our statements, and in consequence, our business prestige would suffer.

Therefore, when we assure you that if your hair is beginning to unnaturally fall out, or if you have any scalp trouble, Rexall "93" Hair Tonic will promptly eradicate dandruff, stimulate hair growth and prevent premature baldness, you may rest assured that we know what we are talking about.

Out of one hundred test cases, Rexall "93" Hair Tonic gave entire satisfaction in ninety-three cases. It has been proved that it will grow hair even on bald heads, when, of course, the baldness had not existed for so long a time that the follicles, which are the roots of the hair, had not become absolutely lifeless.

Rexall "93" Hair Tonic is vastly different from other similar preparations. We believe that it will do more than any other human agency toward restoring hair growth and hair health. It is not greasy and will not gum the scalp or hair or cause permanent stain. It is as pleasant to use as pure cold water.

Our faith in Rexall "93" Hair Tonic is so strong that we ask you to try it on our positive guarantee that your money will be cheerfully refunded without question or quibble if it does not do as we claim. Certainly we can offer no stronger argument. It comes in two sizes, prices 50 cents and \$1.00. Remember you can obtain it only at our store—The Rexall Store. The Wyckoff-Willis Drug Co.

### BANK OFFICERS ANNOUNCED.

Judge Lancaster to Be President and H. M. Burch, Cashier.

Announcement is made that the positions of president and cashier of the new Third National Bank have been tendered Judge J. E. Lancaster and H. M. Burch, and these gentlemen have signified their acceptance.

Judge Lancaster is known as one of the most safe, conservative and able financiers of this section, and Mr. Burch has a wide acquaintance and a thorough knowledge of credit conditions, having been engaged in the mercantile business here for years.

The men behind the financial affairs of the new institution have made a fine selection of officers.

### ODD FELLOWS ANNIVERSARY.

Members of Local Lodge Will Attend Special Service on Sunday.

The local lodge of Odd Fellows, and auxiliary order of Rebeccas, will hold a special service on Sunday afternoon at 3 o'clock, at the Schick Theatre.

The service will be in the nature of an anniversary exercise in commemoration of the founding of the order in America, by Thomas Wildy, in Baltimore, Md., on April 26, 1819.

Rev. Ferguson, of the M. E. Church, South, will preach the anniversary sermon, and, on this account, there will be no regular evening service at the church of which he is pastor.

A cordial invitation is extended the public to attend the 3-o'clock service.

### WHY NOT SIDEWALKS?

Four thousand and ten citizens of Plainview have applications on file for post-office boxes, and can't get them. The post master is obliging enough to side-step the government rules and allow various persons to use the same box. The receipts of the local office have long since passed the mark entitling the city to free delivery, whereby you may have your mail brought to your door twice a day. Would you like this to be done? Well, just build a sidewalk, and encourage your neighbor to do likewise.

### TULLIA'S AUTO TRACK.

J. E. Pepper was a Tullia visitor on Tuesday. Dock went up to see some prospective Overland buyers, and also to inspect the auto race track the fair association is building at that place. He says that, when completed, Tullia will have a fine place for the fast machines to display their speed. He will order a new car for himself, he says, and, after training it a little and practicing it up, will be on hand at the Tullia fair to show the speed maniacs a spin or two.

SESSION OF CITY COUNCIL

NEW MEMBERS TAKE UP WORK WITH CONSIDERABLE SPIRIT.

All Members in Attendance—Accounts Checked and Approved. Bond Issue Ordered.

With the mayor, the entire board of aldermen and other officials present, the city council met in regular session on Monday afternoon.

The new members take up with the work like old-timers, and, if they keep up their present interest and attention, the affairs of the city will be conducted with business dispatch and in proper manner.

Reports and books of the city marshal and tax collector and of the secretary and treasurer were checked up by the committee appointed at last meeting and were found to be correct, accepted and the secretary and treasurer's report ordered published. It will be found elsewhere in this issue.

The ordinance committee recommended that an ordinance be drawn to make the property owner responsible for sanitary work done by the sanitary officer on their rented premises. The scavenger reports that so many renters move before paying bills that it works a hardship on the department. A regulation remedying this trouble will be enacted.

Aldermen Nash and Mitchell reported considerable work needed on different streets of the city.

The street running north from Cobb & Elliott's will be graded, and steps will be taken to open up a street through the Maupin property, on the east side of the city.

An alley is needed in block 11, of what is known as the Bolivar strip, but the council will not likely take official action, as they consider that such should have been provided by the promoter of the addition.

The marshal was instructed to have the fence moved back to the street line on the property just east of the Presbyterian church, the present fence and small barn being some six feet over the line.

W. J. Espey received some sort of official appointment, but the proper designation of his position is problematical. He was already considered the chief constructor of public streets, and at the meeting was appointed street commissioner or assistant street commissioner or to collaborate with the city marshal, whose duties are to look after such work. Between the marshal, mayor, Aldermen Nash and Mitchell and the demands of insistent citizens, Mr. Espey will likely have plenty to do. He will draw no salary for the honor of an official title, but only receive the usual pay for the usual work he has been doing, as in the past.

Attorney Graham, who has been keeping the council in the proper legal channel, having announced that he was not a candidate for further honors, the office of city attorney required an appointment. Charles C. Clements, the popular and able young county attorney of Hale county, was the unanimous selection of the board for the place, but, as he is already filling one official position, and will continue in that capacity for the next years, at least, he is barred from appointment as city attorney, but was elected and accepted the position as attorney for the city, a distinctive change of title, but no noticeable difference in pay.

The newly-appointed "attorney for the city" was escorted to the council chamber by the city marshal, but bashfully, blushing refused a speech other than a "thank you" for the honor.

An order was passed authorizing the \$10,000 bond issue, recently voted for a city hall and fire station. The bonds will be issued in denominations of \$1,000, dated April 18, bear 5 per cent interest, payable semi-annually, due in forty years, with a twenty-year redemption option. When approved by the attorney general's department, they will be tendered for sale to the state school fund at par, as required by law, and will likely be taken by the state.

A city depository will be selected at the next meeting. An unofficial offer of 6 per cent has been made for the use of the city sinking funds.

City surveyor created discussion, and it was schedule of rates for walk grades, as furnished by the surveyor, was some-what objectionable. The committee was appointed to look into the matter, and the surveyor will be of some use in the future.

and everybody else on the success of the day.

The account of \$79.50 for boring a well at the waterworks plant was held up, as usual. The price of \$1.00 per foot was too high, thought the council, and it was decided to allow the bill on actual measurement at a rate of 75 cents per foot.

The work of hauling off the large piles of garbage collected on clean-up day was turned over to the marshal and sanitary officer.

Construction of street crossings brought out considerable discussion, and, in this connection, the question of obtaining free mail delivery engaged the attention of the council. Sidewalk building will be thoroughly agitated, and it is proposed to inaugurate a summer movement for miles of good walks.

Council adjourned until regular meeting, Monday, May 2.

CARD TO THE PUBLIC.

To the Patrons of the Western Union Telegraph Co.:

Having tendered the Western Union Telegraph Company my resignation as manager at this place, and they having accepted, I wish to thank the patrons of this office for their patronage and kindness to me while serving them and the company the past three years, and wish to say I have fought under very unfavorable conditions for service for the people of this place, and, in a measure, have secured better service than we would have gotten had I not pushed and fought for it.

I have several times had to go to the Superintendent for assistance, and thereby caused ill feeling on the part of other employees, but I felt that it was a duty I owed to the people, as well as my company, to fight for better service.

I am leaving the service of the company to make the race for County and District Clerk, as I feel that I can serve the people in this capacity to a good advantage and make a better living than I have serving them as I have the past three years.

Wishing to ask all my friends and all voters to give me their help and support in the race, and, if elected, will give you the best possible service. I am,

Yours for service, B. H. TOWERY.

FAIR GROUNDS ARE SELECTED

HALE COUNTY WILL HAVE FINEST LOCAL FAIR IN TEXAS.

Santa Fe Railway Will Furnish 160 Acres of Land One Mile East of the City.

Secretary Graham has received notice from the general manager of the Santa Fe lines in North Texas that he has favorably considered the application of the Plainview Commercial Club, asking the use of a certain tract of land belonging to the railway company for the purpose of a fair ground. The land lies one mile east of the city, on the Lockney road, contains 160 acres, is easily accessible, and desirably located in every way.

The officers of the Commercial Club are elated over securing this desirable site, and a fair association will be organized at once and the work started towards holding the very best county fair ever held in Texas.

The Hale county fair will be held in September, and it will be a great success.

RUNNING WATER.

Since I have been requested to act as correspondent from this place, I will comply to the best of my ability.

Running Water and the immediate vicinity was blessed with a good rain the middle of last week, and the alfalfa fields are now beautiful indeed. All farm work is much advanced for the time of year, owing to the more abundant rains than we usually have through the fall and winter.

Our box supper, on last Wednesday night, was well attended, considering the disagreeableness of the evening. Twenty-one dollars was taken in, which will be used to place gas lights in the school house.

Invitations are out to the wedding of Miss Daisy Knight and Owen Elrod, both of this place. The wedding is to occur on the 20th inst.

Mrs. Will Edmonson has been on the sick list for ten days or more.

Miss Allie Skipworth, of Kress is the guest of her sister, Mrs. L. P. Duvall.

Mr. and Mrs. Jordie Hobbs, of Tulla, were down the latter part of last week visiting relatives, and attending church on Sunday. A large congregation was in attendance at church, and Rev. B. L. Ray preached a very eloquent and impassioned sermon on "What shall a man give in exchange for his soul?"

Our prayer meeting, held on each Sunday night, is growing in interest and attendance.

Beginning on the second Sunday in May, the Emanuel Baptist church, of this place, will begin a protracted meeting. Bro. Britian, of Floydada, will be present to assist Bro. Forbes, and the co-operation of all Christians is earnestly desired.

Mrs. Malone, of Running Water, accompanied Mr. and Mrs. J. W. Dye, of Halfway, to Tulla on last Friday to attend a meeting of the Primitive Baptists.

Miss Hattie Matlock was visiting in Plainview on Sunday.

There will be choir practice at Mr. Kirk's on Wednesday night.

Hugh Isbell, who has been chief cook and bottle washer on the L. A. Knight ranch for the past few months, has resigned, and his place has been taken by a family.

PRESIDENT ROOSEVELT SAYS

that outdoor exercise is needed by the American people. That's all very well, but how can people with rheumatism follow that advice? The answer is simple—use Ballard's Snow Liniment and the rheumatism will go, leaving you as spry as a colt. Gives quick and permanent relief from rheumatism, neuralgia, lame back and all pains.
