VOLUME TWENTY-FOUR PLAINVIEW, TEXAS, THURSDAY, APRIL 17, 1913 NUMBER SIXTEEN

NATIONAL WRITER VISITS PLAINVIEW

B. W. Currie, Editorial Writer for Curtis Publishing Co., Here.

WAS WITH SANTA FE OFFICIALS

Amazed at the Progress and Development of the Plains Country.

B. W. Currie, editorial and special writer for the Curtis Publishing Company, publishers of The Ladies' Home Journal, Saturday Evening Post and Country Gentleman, was here Sunday and Monday to inspect the development in irrigation in this section.

Mr. Currie became the guest of the Santa Fe System when he reached Chicago, from the East, and as a guest of the road he traveled to the Plains country in a private car of the company, accompanied by N. H. Reed, Chicago, general publicity man for the system; J. Brinker, general freight and passenger agent for the State of Texas; and H. M. Bainer, Amarillo, agricultural demonstrator. Other officials joined the party from time to time as they traveled west from Chicago.

As the guests of General Manager M. D. Henderson of the Texas Land and Development Company, they made an automobile trip to many of the wells near Plainview and to lands being developed by this company. Mr. Currie, as well as other members of the party who were more familiar with the development here, was amazed at the progress being made toward the utilization of natural resources. Mr. Currie declared that one of his most pleasant tasks of the future will be to tell and retell his readers of the untold possibilities of the South Plains. He predicted that in a very short time this section would be one of the most productive irrigated districts in the United States.

Mr. Currie is in a position to talk of the glories of the South Plains to as many people as perhaps any man in the United States, and the extent of publicity given this section because of his visit will be very large.

The Santa Fe officials left Plainview Sunday, and Mr. Currie left Monday for Amarillo, Hereford and Canyon.

WOMEN'S CLUBS FEDERATE

Will Work Together for Library and Civic Purposes Only.

The women's clubs will federate for library and civic improvement work. They will hold their distinct identity in all other respects. A joint committee from the Mystic Club, As-You-Like-It Club, Travel Study Club and Civic League met in the club room at the city hall at 4 o'clock Tuesday to effect federation. Mrs. C. W. Tandy was chairman and Miss Edna Mayhugh secretary of the joint meeting.

Mrs. T. P. Whittis, Mrs. L. Lee Dye, Mrs. J. J. Bromley and Mrs. L. T. Mayhugh were appointed to draw up constitution and by-laws. A nominating committee, consisting of Mrs. C. W. Tandy, Mrs. W. H. Mason, Mrs. H. C. McIntyre and Miss Edna Mayhugh will report to a meeting of the federated societies at 4 o'clock Wednesday afternoon, April 23. The meeting will be held at the Christian Church.

SENATOR H. B. SAVAGE TO JUDGE POULTRY

At the meeting last week of the South Plains Poultry Association, Senator H. B. Savage, Temple, Texas, was chosen to judge the poultry at the Association's show to be held in Plainview the third week in December. Judge Savage is a poultry judge of very wide experience, who is selected by many of the largest associations in the United States year after year. Judge Savage's score cards possess a money value to the prize winners, and the local Association is very fortunate in being able to obtain his services.

The new officers of the Association are: H. J. Dillingham, president; J. C. Goodwin, secretary; J. W. Elliott, assistant secretary; J. M. Malone, J. W. Pipkin and E. W. Byers, executive committee.

T. J. Johnson, of West Side, was in Plainview Monday procuring materials to build a telephone line between Olton and Littlefield. F. M. Severs has been engaged to build the line and will begin work at once.

FARMERS' INSTITUTE FOR PLAINVIEW.

Prominent State Agriculturalists Will Talk to Farmers April 26.

Under the direction of the State Department of Agriculture, a Farmers' Institute will be held in Plainview on April 26, at 2 p. m. The place of meeting will be announced later.

This institute will be conducted by Mr. J. W. Neill, Director of Farmers' Institutes, and Mr. E. A. Miller, Assistant Entomologist and Plant Pathologist of the Texas Department of Agriculture. Mr. Neill will discuss Diversification, Rotation, Seed Selection and better Cultural Methods. Mr. Miller will discuss Orchard Management, bearing particularly upon the principal diseases and insects, especially the control of the codling moth, or apple worm, and fruit tree borers.

Following is a list of Institutes to be held in this section, with the dates and hours of meetings noted:

Floydada—April 22, 2 p. m.
Lockney—April 23, 2 p. m.
Plainview—April 26, 2 p. m.
Gorman—April 28, 2 p. m.
Rising Star—April 29, 2 p. m.
De Leon—April 30, 2 p. m.
Dublin—May 1, 2 p. m.
Lingleville—May 2, 2 p. m.
Comanche—May 3, 2:30 p. m.

Officers of institutes already organized are requested by the Department of Agriculture to assist in getting the farmers out to hear these important questions discussed, although this should not be necessary, because every progressive farmer should need no urging when his own benefit is being so carefully considered.

These institutes are farmers' meetings devoted to the upbuilding of the best interests of the farmer; farmers should, therefore, bring their families and devote, at least, one day to a careful study and discussion of the agricultural questions which lie nearest their hearts.

The State Department of Agriculture publishes, from time to time, valuable reports upon topics of vital interest to the farmers of the State. All institutes will receive copies of all bulletins issued by the Department. The cost of these reports will be placed on the regular mailing list for future bulletins and reports.

CITY COUNCIL PLACES RECEPACLES FOR TRASH

Twelve More Will Be Located at Convenient Points Soon; Free Service to Citizens.

With a view to aiding in the clean-up of Plainview, the City Council today placed six trash cans in prominent downtown places for the reception of fruit peels, paper scraps and other refuse. Twelve more of these cans will be placed as soon as they can be painted and put in place, and it is hoped that the citizens of Plainview and the country people who come to the city to trade will be thoughtful enough to use these cans for the purpose intended. Cans have already been furnished by the business men and placed in their back yards for burning paper and trash accumulating in their places of business. Trash cans already placed on the streets can be found in front of the Citizens' National Bank, the First National Bank, the Third National Bank, Long's Drug Store, Wright & Dunaway's Grocery, and the Post Office. These cans are placed close together purposely, so that there may be no excuse for throwing refuse into the streets when a can is so close.

PARENT-TEACHERS' ASSOCIATION MEETING.

The following program has been arranged for the meeting of the Parent-Teachers' Association to be held tomorrow afternoon at the High School Building:

"Why Swat the Fly?"—Mrs. R. S. Charles.
"Who is Responsible for the Child Playing Truant?"—Prof. Warren.
"Where Are Our Children After 4 O'clock?"—C. R. Hairfield.
"The Importance of Every Child Planting a Tree, Shrub or Plant?"—B. O. Brown.
Report of committee.

FEDERATED CLUBS TO MEET.

The Federated Women's Clubs will meet in the Christian Church at four o'clock Wednesday afternoon, April 23, for the purpose of electing officers.

SCREEN ALL FOOD, SAYS CIVIC LEAGUE

Where Absolute Cleanliness Prevails Flies Cannot Exist; Use Lime and Kerosene.

GET BUSY NOW

Some Suggestions to Boys and Girls for Making Traps to Catch Flies.

Flies are disease carriers. They live and breed in all kinds of filth, infect food and drink by germ-laden feet. Each female fly can lay 150 eggs. The presence of flies is a direct evidence of careless housekeeping and the existence of filth in some form about the premises. Remember when and where absolute cleanliness prevails there will be no flies. Use lime and kerosene oil freely.

Flies crawl over fruits when exposed for sale unguarded by screens, and the generalty of people do not wash their fruit before eating it. Screen all food.

Assist the Civic League in all possible ways of ridding Plainview of flies this summer. There are a number of prizes offered for the boy or girl killing the most flies between April and July 1, and now is the time to put in good work, for the domestic housefly is passing from a disgusting nuisance and troublesome pest to a reputation of being a dangerous enemy to human health.

If we will commence our work now and kill all of the flies that have survived the winter, the number will be greatly decreased, for one female fly allowed to live now and lay her 120 to 150 eggs will have as her offspring by July 1 something like 200,000 flies. Such figures as these stagger the imagination, and it is at this time, between the issuing of the fly and the time when it shall lay eggs, that we should wage war against them.

There are many kinds of traps that can be used in this campaign, but for fear some boy has not made one just to his liking, we give a description here of a very successful trap that can be made for about fifteen cents.

Take two pieces of boards one inch thick and about a foot square; tack them together, saw them round, and in the center saw a hole eight inches in diameter. Then separate the boards, and into one fit a funnel-shaped piece of wire screen about ten inches high, and fasten to the board with tacks driven on the inside of the round hole and fastened funnel-shaped with a strand of wire selvage. A small hole, large enough to admit a lead pencil, must be left at the apex of the funnel for the flies to creep through. Then tack a piece of wire netting 18 inches wide to the outside circumference of each of the round boards, with the funnel-shaped wire on the inside. The outside of the wire fasten with the selvage of the wire. On the top tack a piece of wire screen in such a way as to be easily removed in order to empty out the flies. Then nail lengthwise on the outside of the trap a few laths to make it more firm. You can make feet for it by screwing into the bottom piece, containing the funnel, four wire coat-hangers about five inches high.

Of course, any boy can have as many traps as he likes scattered over town in the places most likely to catch the most flies.

CIVIC LEAGUE FLY CAMPAIGN COMMITTEE.

CHAMBER OF COMMERCE TO HOLD MEETING.

The Herald again calls attention to the fact that the Executive Committee of the Chamber of Commerce calls a meeting of that organization to be held in the Court House Tuesday night, April 22. If you are not now a member of the Chamber of Commerce you are urged to attend this meeting and become identified with the movement for a bigger and better Plainview. All members should be present for matters of importance are to be presented at this meeting.

PLAINVIEW'S REST ROOM APPRECIATED.

The appreciation of Plainview's Rest Room is being fully demonstrated by the use visitors and shoppers in Plainview are making of it. It is a large, comfortable, well-fitted room in the basement of the Court House, and has been provided for the tired shoppers. It is gratifying that it is appreciated.

RING CEREMONY FOR APRIL BRIDE

Bishop Edward A. Temple to Say Ceremony at Anderson-Harrington Wedding.

DECORATIONS ELABORATE

Will Be at Home After June 1 at 314 North Prairie Street.

A pretty home wedding will take place this evening at eight-thirty o'clock, when Mr. Jim Anderson, of the Citizens' National Bank, and Miss Florence Harrington will be married, at the home of the bride's parents, Mr. and Mrs. W. L. Harrington, in West Plainview, Bishop Edward A. Temple, of Amarillo, saying the ceremony.

The interior of the Harrington home is being transformed by the hands of admiring friends into a scene of floral loveliness. Delicate shades of blue and pink prevail throughout. An improvised altar in the reception hall, formed of lattice work of pale blue and pink ribbons, with the archway wound about with soft folds of milene, is arranged for the nuptial ceremony.

Prior to the ceremony, Miss Mildred Buehler, accompanied by Mr. Pat Murphy, on the violin, and Mrs. Peyton Randolph, on the piano, will sing "O Promise Me," after which the bridal party will enter the reception hall from the library through an aisle formed by blue ribbons in the hands of little Electra Anderson and Kathleen Lemond. Bishop Edward A. Temple will lead the way, followed by Miss Eula Mae Alley, of Hale Center, the bridesmaid, and Mr. Jack McWhorter, of Dalthart.

The groom will enter next with his brother, Mr. Austin Anderson. The maid of honor, Miss Edna Harrington, will come next, followed by the ring bearer, little Mildred Cochran, of Lubbock, niece of the bride. The bride will enter on the arm of her father, and be met at the altar by the groom. The ring ceremony will be used.

Little baskets filled with April blossoms and tied with milene make a portion of the decorations.

The bride will wear a white brocaded crepe de chine robe en train, embellished with laces and pearls. The bridesmaid, Miss Eula Mae Alley, will be gown in a robe of pale blue brocaded charmeuse draped with shadow lace. Miss Edna Harrington, the maid of honor, will also wear pale blue brocaded charmeuse.

FIRST OPEN-AIR CONCERT BY PLAINVIEW BAND.

Free Program Will Be Rendered at Northwest Corner of Square on Thursday Night, April 24.

The Plainview Band will give their first free open-air band concert on the street, at the northwest corner of the Court House Square, on Thursday night, April 24th.

The band has secured the services of Prof. E. B. Burchett as director during the concert season, and the boys are working hard to make a good showing at their opening concert. These concerts will no doubt become very popular, and citizens should encourage the boys in their work.

The program for next Thursday night follows:

1. March—"Gentry's Triumph"..... Jewel
2. Overture—"Crowns of Victory"..... Ripley
3. Waltz—"Sweet Illusions"..... Allen
4. March—"Drill Master"..... Kiefer
5. Selection from "Forty-Five Minutes from Broadway"..... Geo. M. Cohan
6. Porto Rican Dance—"El Dorado"..... Kiefer
7. Serenade—"A Night in June"..... K. L. King
10. March—"United Nations"..... Barnhouse

Program subject to change.

8. March—"Louisiana Purchase"..... Worroll
9. Waltz—"Wild Flowers"..... Kiefer

R. A. King, of Floydada, went to Quanah Wednesday, to attend the Presbytery of the Cumberland Presbyterian Church.

A HEALTHY BABY GIRL WAS BORN TO THE WIFE OF REV. EMIL RECKNAGEL ON MONDAY NIGHT.

The mother and infant are doing well.

SETH WARD WINS DEBATE FROM WAYLAND.

North Side Boys Convince Judges That Initiative and Referendum Is Undesirable.

Texas will not adopt the initiative and referendum if the conclusion of the judges in the Seth Ward-Wayland debate Tuesday night is taken as final. Wayland College chapel was crowded; the auditors were well paid for their time, both from the enthusiasm which they imbibed and from the knowledge which they gained of a subject which is confronting voters.

The speakers showed remarkable mastery of the subject. Both sides presented the question ably. Seth Ward's representatives seem to have convinced the judges that the initiative and referendum is inexpedient at the present, and that, while it might do in smaller states, it would be unsatisfactory in a state covering so many degrees of latitude and longitude and so diverse in interests as is Texas.

Clyde Goodman and B. W. Wilkins were Seth Ward's representatives; Wayland was represented by J. M. Pickett and J. F. Nix.

President W. M. Pearce of Seth Ward presided. Miss Prudence Bower played a piano solo and Seth Ward Quartette sang. Rev. S. Thompson, of Amarillo; Hon. A. B. Martin, of Tulla, and Judge Stalbird, of Lockney, were judges.

TO BEAUTIFY PLAYGROUND.

Clubs of Plainview Are Making Plans for a Public Library.

If these notes have any readers, they must have wondered last week what human "fribbles" were, unless they guessed that it should have read "foibles;" and if another guess changed "effect" to "affect" it would express the idea intended. A probable cause of the errors was hasty, illegible penmanship; a possible cause is that Texas people have so few foibles that they have little use for the word. In any case, we are not coining new words.

This civic work grows slowly—much more slowly than it would if every citizen was alive to its importance. However, it is growing, and the League isn't the least discouraged, though they realize that the fourteen hundred dollars in prizes which they so much desire can never be won except the whole town becomes interested—and active!

After the mass meeting the aims, hopes and needs of the League will be better understood.

Mrs. Bowles has given the new playground two trees of the box elder variety and one black locust; also a honeysuckle. Mrs. Frazier contributes a large rose bush; Mrs. Dye has a honeysuckle, and doubtless many others have like gifts, so that the new ground will easily and quickly be made beautiful. Everybody is generous with flowers; any other spirit seems inconsistent in connection with any form of beauty, and nature sets the example.

A FEDERATION OF ALL THE CLUBS IN TOWN, INCLUDING THE LEAGUE, MAKES A PUBLIC LIBRARY A FOREGONE CONCLUSION.

Given the necessary time. Many magazines have been contributed to the "Rest Room." Any one needing reading matter is quite welcome to take them away.

Word has just come that Mr. Hyde has generously contributed the labor necessary to install a hydrant on the new playground.

The list of members in the League when it started has been lost. Will all those whose names were on the list last year please phone Mrs. Dye, and if possible come to the meeting on May 7th? SECRETARY.

BIG MASS MEETING.

Prof. R. L. Marquis to Speak in Opera House April 25th.

The Civic League has arranged for a mass meeting at the Opera House on April 25th in the interest of a better Plainview. Prof. R. L. Marquis, teacher of biology in the Canyon Normal, will give an illustrated lecture on "The Fly." The evening is sure to be full of interest from start to finish.

In addition to the illustrated lecture, there will be moving pictures, music by the Plainview Band, a solo, and two short speeches.

Lead encouragement to this worthy effort by your presence. It is entirely free; there will not even be a collection.

PARSON PLEASUED WITH PROGRESS

Head of Pearson Engineering Corporation Likes South Plains; Rode Over Texas Thirty Years Ago.

MUCH WORK DONE

Texas Land & Development Company Is Carrying 185 Names on Its Plainview Pay Roll.

Dr. F. S. Pearson, of New York and London, head of the "Pearson Interests," his son, Ward Pearson, and H. I. Miller, of New York City, American Manager for the Pearson Interests, came to Plainview in their special car, the "Natalia," Friday. It was Dr. Pearson's first inspection of the \$3,500,000 pumping-irrigation project around Plainview. The visitors spent three days with General Manager M. D. Henderson of the Texas Land & Development Company, making automobile trips over their 60,000 acres of land and examining the big wells.

Dr. Pearson expressed himself as being much pleased with the South Plains. He expressed confidence that the South Plains project will develop into one of the most important of their world-wide holdings. Dr. Pearson first landed on the coast of Texas in 1883. He and one companion came northward into Denton County, where they bought horses and rode over a large portion of the Plains. It was a land of the buffalo thirty years ago, Dr. Pearson said, and gave little promise of becoming one of the world's great agricultural communities, supporting a population which only irrigated and intensified farming can maintain.

DR. PEARSON IS INTERESTED IN THE CIVIC IMPROVEMENT OF PLAINVIEW.

He suggested that the pavement of North Pacific Street would be a fine investment. It would give the visitor a much better impression of our town.

The Texas Land & Development Company is carrying 185 men on its pay rolls, according to W. H. Mason, Auditor. During the next twelve months the Company will perhaps spend more than \$100,000 for labor alone. This amount adds considerably to the business prosperity of Plainview.

A. M. Kruger is working a small army of men. He is setting out 65,000 fruit trees and is planting large quantities of truck. The Company is also putting out large numbers of trees for shade, windbreaks and other utilitarian purposes. They have already shipped into Plainview 100,000 tamaracs.

WELL NO. 2 ON PIONEER PARK TRACT, SOUTHEAST OF TOWN, WILL BE FINISHED IN A FEW DAYS.

The big rotary will then be put to work digging the well for Lake Park, just north of the Santa Fe depot. Lumber has been hauled for the derrick.

Dr. Pearson had a number of the business men of Plainview at dinner on his car Friday and Saturday evenings.

NEW WELL BROUGHT IN SOUTH OF PLAINVIEW.

More than 500 people from Plainview and neighboring towns visited the new irrigation well on the farm of Dr. R. R. White Sunday afternoon. The well is located four miles southeast of Plainview, and the lift for the pump is 35 feet. However, it was bored deeper than any well in this district to date, and Sunday, after three days of almost continuous pumping, was running 2,000 gallons per minute over a standard weir. The well is yet pumping sand, and it is thought that when it is fully developed and sufficient power furnished, a flow of 3,000 gallons per minute can be had. The Lays & Bowler Company, of Houston, have the contract for this well.

Dr. White lives in Temple, but owns considerable land here and is greatly interested in irrigation by pumping. He will subject from 160 to 320 acres to irrigation from this single well.

The sixty-horsepower tractor of the Texas Land & Development Company was hitched to Dr. White's well Monday and 2,300 gallons of water a minute flowed over the wier. This is the largest flow yet produced in the Shallow Water Belt. Well No. 2 on the experiment farm measured 2,200 gallons a minute.

REV. H. G. FINLEY AND WIFE, OF LOCKNEY, WERE IN PLAINVIEW TUESDAY, SHOPPING AND VISITING THEIR SON J. C. FINLEY.

GOLD MEDAL FOR BEST ESSAY ON ROAD MAINTENANCE.

A gold medal to the school boy or girl between the ages of 10 and 15 who writes the best composition, not to exceed 800 words, on the repair and maintenance of earth roads, is to be awarded by Logan Waller Page, Director, Office of Public Roads, United States Department of Agriculture, Washington, D. C. All compositions must be submitted to Mr. Page before May 15, 1913, and the medal will be awarded as soon thereafter as the compositions can be graded. The composition may be based on knowledge gained from books or other sources, but no quotations should be made.

Any child between the ages mentioned, attending a country school, may compete. Only one side of the paper must be written on; each page should be numbered; the name, age and address of the writer, and the

name and location of the school which he or she is attending must be plainly written at the top of the first page. The announcement of the competition has been sent to the superintendents of schools in rural districts. No further information can be obtained from the Office of Public Roads. This announcement should be plain to everyone, and all children will thus start on a basis of equality.

WILL UNVEIL REPLICA OF ALAMO HEROES' MONUMENT.

San Antonio, Texas, April 16.—On the anniversary of the Battle of San Jacinto, the evening of April 21, the replica of the Alamo Heroes' Monument will be unveiled. A program is being arranged that will impress on people in all parts of Texas the purpose in erecting the proposed monument and encourage all loyal Texans to give all the assistance they can.

Judge A. D. Story, of San Antonio, chairman of the board of trustees, will make the principal address. Among the visitors who will be present to give support to the movement will be Major Geo. W. Littlefield, of Austin; Joseph Hirsh, of Corpus Christi; D. E. Waggoner, of Dallas; Ben O. Smith, of Fort Worth; W. W. Seley, of Waco; J. S. Rice, of Houston; State Senator Hudspeth, of El Paso, and Fred W. Catteral, of Galveston. An invitation has been extended to each honorary vice president to attend the unveiling, and every Texan interested in this work is also urged to attend.

Let L. D. RUCKER PRODUCE CO. handle your GREEN and DRY HIDES. —Adv. tf

HEED THE COUGH THAT HANGS ON.

The seeds of consumption may be in lurk, and a cough that hangs on weakens your system, and lowers your vital resistance to disease. Take Foley's oney and Tar Compound. It stops the cough, heals the inflamed membranes, and strengthens the lungs. E. D. Rountree, Stillmore, Ga., says: "La Grippe left me with a deep-seated, hacking and painful cough, from which I could get no relief until I took Foley's Honey and Tar Compound. It completely cured me." Refuse substitutes. R. A. Long's Drug Store. —Adv. 17

DALLAS VISITORS TO HAVE SPECIAL PHONE SERVICE.

The special train bearing the business men of Dallas which will pass through this city April 23rd will be equipped with complete telephone equipment, by which those on board may communicate with one another while the train is in motion and at the principal points en route may place long distance calls as they desire.

As soon as the train reaches this city, linemen will be ready to connect telephones on this special train with the long distance switchboard, and calls will be handled exactly as from any residence or business house. For the information of those who may desire to call the train, the number of the special telephone will be No. 1.

A complete miniature switchboard will be installed in the baggage car of the special train, and an operator will connect lines from each car as directed. The train telephone system extends from the locomotive cab to the rear platform. This will be in service all the time. It will not be necessary to walk back and forth through the train to find friends and business associates who may be in some other car.

The Southwestern Telegraph and Telephone Company will be represented on this trip by General Commercial Superintendent P. K. Baker.

THE MARRIED WOMEN'S BILL IS NOW A LAW IN TEXAS.

The change made by the law as passed by the Legislature and approved by the Governor on March 21, 1913, is the greatest change in the property rights of this State since the adoption of the Constitution, and the legal status of women in Texas has taken a long step forward. The effect of the law is to give them absolute and exclusive control and disposition of all separate property, both real and personal, as well as personal earnings, subject only to the limitation that they cannot dispose of or encumber their real estate or transfer stocks and bonds without the joinder of the husband.

SHERIFF'S SALE.

THE STATE OF TEXAS,
County of Hale.)

BY VIRTUE of a certain Order of Sale issued out of the Honorable District Court of Hale County, on the 3rd day of April, 1913, by W. H. Box, Deputy District Clerk of said County, against J. M. Murphy and W. W. Jones, for the sum of Seven Hundred and Twenty-Eight Dollars and Forty-Two Cents, and costs of suit, in cause No. 934 in said Court, styled The First National Bank of Plainview, Texas, (a corporation) vs. J. M. Murphy and W. W. Jones, and placed in my hands for service, I, J. C. Hooper, as Sheriff of Hale County, Texas, did, on the 3rd day of April, 1913, levy on certain Real Estate, situated in Hale County, described as follows, to-wit:

Part of survey Number Thirty-Four, Block JK2, surveyed by virtue of Cert. No. 4-646, issued to the G. C. & S. F. Ry. Co., as described by metes and bounds as follows: Beginning at a point 60 feet north of the Northwest Corner of Block No. 40, in West Boswell Heights Addition to the town of Plainview, and 30 feet east of the West Boundary line of said survey No. 34, for the Southwest Corner of this tract,

thence East 220 yards, thence North 440 yards, thence West 220 yards, thence South 440 yards to the place of beginning. (And whereas said Judgment has been credited with Two Hundred Dollars, I will therefore sell said property in satisfaction of the Balance of said Judgment, which is the sum of Five hundred and Twenty-Eight Dollars and Forty-Two Cents) and levied upon as the property of said J. M. Murphy and W. W. Jones. And on Tuesday, the 6th day of May, 1913, at the Court House door of Hale County, in the City of Plainview, Texas, between the hours of ten a. m. and four p. m., I will sell said land at public vendue, for cash, to the highest bidder, as the property of said J. M. Murphy and W. W. Jones, by virtue of said levy and said Order of Sale.

And in compliance with law, I give this notice by publication in the English language, once a week for three consecutive weeks immediately preceding said day of sale, in The Hale County Herald, a newspaper published in Hale County.

WITNESS my hand, this 3rd day of April, 1913. J. C. HOOPER,
18 Sheriff of Hale County, Texas.

HOW OTHER STATES SOLVED THE RURAL CREDIT PROBLEM.

Philadelphia, Pa., April 15.—According to data compiled by the Country Gentleman, there have been only three states which have tried and abandoned systems of state loans on farm property.

A large number of other states have been making loans of state funds to farmers for several years, and the results have, as a rule, been very satisfactory. Idaho has been lending its educational funds on farm mortgages for twenty-two years, and during this time only six foreclosures have been made and not a cent has been lost by the State. The interest charged is six and seven per cent, whereas private money lenders charge eight to ten per cent. The latest report shows the total outstanding farm loans to be \$1,500,000.

Iowa adopted a constitutional provision in 1857 enabling the State to loan educational and school funds to farmers, and on June 30, 1910, \$4,495,731.19 was outstanding on mortgage securities of all kinds. The interest rate varies from five to six per cent. The loans are made by county officers. Very little money has been lost in foreclosure. North Dakota, on June 1, 1912, held 1,069 farm mortgages as security for loans aggregating \$1,646,462.85. In 1907 the rate of interest was reduced from six to five per cent. The loans run not to exceed twelve years, and after the fifth year the borrower can pay installments of principal in addition to interest. There has been just one foreclosure, and the State has never lost a cent. When North Dakota's school lands are all sold, \$6,000,000 to \$7,000,000 will be available for farm loans.

Oklahoma carries more than \$4,000,000 worth of farm mortgages; Oregon on October 1, 1910, had loaned \$5,078,144.95 in the same way; South Dakota on September 30, 1912, had loaned \$6,216,405.61, and Utah had \$1,089,174.47.

TWENTY-THREE MILLIONS FOR FARM LABOR.

Washington, D. C., April 15.—Texas not only harvested the largest farm crops of any State in the Union in 1912, but produced them cheaper than any of the other principal agricultural States, according to a report just issued by the United States Department of Agriculture, which shows the average monthly wages paid for farm labor in the different States during that year. The average monthly salary of hired help on Texas farms in 1912 was \$19.00, compared with \$25.00 and \$29.60, respectively, in Illinois and Iowa, which rank next to Texas in agricultural production. The highest amount paid farm labor in 1912 was in Wyoming, and was \$40.20, with board, while the lowest wage paid was in South Carolina, being \$12.30, with board. The report does not show the total amount expended for labor by Texas farmers, but the census reports show a total of \$25,000,000 disbursed for farm labor in this State during 1909.

While the wages of farm labor in Texas appear to be low when compared with Northern and Eastern States, they are considerably above the average in the South. During the past ten years farm wages have increased \$4.97 per month, or 35 per cent, in Texas.

MEANING OF THE CANAL.

It is expected that the opening of the Panama Canal will be accompanied by an almost world-wide commercial impetus. Already preparations are being made in the ports of the Gulf and Pacific coasts, Western South America and in Japan to take advantage of the new trade that is anticipated.

At this time it is impossible to comprehend the enormous commercial advantage that the canal will give to the United States. Panama, with its saving of nearly 5,000 miles, will probably divert practically all our Australian traffic from the Good Hope route. The same is true in regard to the Japanese trade. And if toll rates at Panama are low, much European traffic will probably prefer the new canal to the Good Hope route, where coaling stations are few and prices high.

The route from the United States and Europe around the continent of South America by way of the Straits of Magellan will in all probability lose all the traffic going over it. Not only will the new route divert the traffic from the older and longer routes, but it will create a new and vast volume of business.

A writer in a recent number of World's Work says that the people of Chile are expecting a five-fold increase in trade with the United States in the next decade as a result of the canal. Fortunes await the development of the vast resources of the republics to the west of the Andes. After all, the enormous capital that it cost to build the canal will be an investment with great returns.

MILLING INDUSTRY SHOWS LOSS.

The latest Census report on manu-

facturing, while showing a satisfactory comparative increase in the total number of establishments and in the capital invested, have in them an element of loss, when the statistics on the flour and grist milling industry are considered. The mills show a decrease of fifty-one establishments and nine million dollars in investment, and a twenty-million-dollar decrease in value of output. This is exceedingly unfortunate, in view of the early opening of the Panama Canal, which gives us access to the Orient trade. Texas is the logical milling-in-transit point for the wheat belt of the Mississippi Valley, and is vitally interested in the welfare of this industry.

THE SPLIT LOG DRAG.

Press reports from McLennan County announce that one hundred and fifty split-log drags are in operation in that county maintained jointly by popular subscription and appropriations of the Commissioners' Court.

The drag has contributed more toward the economical maintenance of the public highways than any implement of modern usage.

THE STATE OF TEXAS.)

County of Hale.

Whereas, by virtue of the authority vested in me as trustee, named and appointed in a certain deed of trust recorded at page 70 of volume 5 of the real estate mortgages of Hale County, Texas, executed and delivered to me on the 1st day of January, A. D. 1912, by J. D. Kendrick for better securing the payment of one certain promissory note for the sum of Fourteen Hundred Dollars (\$1400.00), fully described in said deed of trust, executed by the said J. D. Kendrick and payable to the order of the First National Bank of Knox City, Texas, due on the 1st day of March, 1912, and bearing interest at ten per cent per annum from date until paid, and also providing for the payment of ten per cent additional upon the amount of principal and interest as attorneys' fees, if not paid at maturity and if placed in the hands of an attorney for collection;

And, whereas, the said First National Bank of Knox City, Texas, is the holder and owner of said note and the said J. D. Kendrick has made default in the payment of same and the same is now past due and unpaid, principal, interest and attorneys' fees by reason thereof and as provided for in said note and in said deed of trust;

And, whereas, I have been requested by the said First National Bank of Knox City, Texas, to enforce said trust, I will offer for sale, between the legal hours thereof, to-wit, ten o'clock A. M. and four o'clock P. M., at Public Auction to the highest bidder for cash, on the first Tuesday in May, A. D. 1913, the same being the sixth day of said month, at the Court House Door in the Town of Plainview, in Hale County, Texas, the following described property, to-wit:

All of a 640-acre tract of land situated in Hale County, Texas, known as Survey No. 39, in block A-1, save and except 8.55 acres heretofore granted to the A. T. & S. F. Railway Company, and save and except 542 acres conveyed by deed of trust to H. G. McConnell, Trustee for A. N. Deering, dated April 18, 1911, the part of said section conveyed by the deed of trust as hereinabove mentioned and to be sold as herein advertised, consisting of all of the above-named survey which is situated on the north side of said railroad, including about 90 acres of land, the same having been patented on April 11, 1881, to J. J. Stevens, Assignee of the East Line and Red River Railroad Company by patent No. 91, volume 60, to which reference is here made for particular description, together with all the rights, members and appurtenances thereto belonging or in anywise incident.

Witness my hand this 1st day of April, A. D. 1913.

H. G. McCONNELL,

—Adv. 17. Trustee.

TEXAS INDUSTRIAL NOTES.

Paris.—Representatives of the Texas Light and Power Company have submitted a proposition to the Board of Trade for the leasing of the Warlick park grounds for a term of years for the purpose of erecting a cotton mill thereon. A committee has been appointed to confer with the operators of the Bonham Cotton Mill to ascertain the feasibility of establishing a cotton mill in this city.

Laredo.—The first two solid carloads of Bermuda onions of the season of 1913 out of the Laredo section have been shipped from here to Eastern markets. While there could be a heavy outgoing of onions in carload lots at this time, the growers, as a general rule, are disposed to wait for a more favorable market.

Manor.—The flowing hot artesian well is attracting attention outside the State, and the local newspaper has received inquiries from several parties regarding the medicinal properties of the water.

Freeport.—During the twelve months ending March 31, 1913, the inbound tonnage at this port was not less than 12,797 tons, of an approximate value of \$528,465. It is estimated that at least 20,000 tons of sulphur will have to be moved outbound through this port in the next four months.

Brownsville.—The big silk worm colony which F. H. Williams, of this place, is cultivating at his home, is almost ready to begin spinning. During the past six weeks the worms have been fed upon mulberry leaves, and the owner estimates that fifty thousand cocoons will soon be made by the colony of silk spinners.

Waxahachie.—The steel gang of the Southern Traction Company has begun laying rails out of this city on the line from Waxahachie to Waco. The new line will give this city connection with the entire network of interurbans in North Texas.

Palestine.—The Young Men's Business League of this city has taken an active part in the organizing of the new hotel company which will construct a sixty- or eighty-room hostelry. The building will cost eighty thousand dollars, all of which was raised by popular subscription.

A Very Fine Smoke A Very Small Price

Surprise yourself—right now. Step up to the nearest cigar case and exchange a nickel for one J. M. M. SMOKER. Smell it, taste, light it, smoke it. Delight yourself with a taste, fragrance and aroma just as delicious as you have been accustomed to in cigars costing from twice to five times as much.

If you'd rather pay a nickel for a cigar than a quarter you can't do better than get the J. M. M. SMOKER. You'll get your money's worth, and then some. You'll get a genuine, Cuban, hand made, clear Havana cigar and all the pleasure and satisfaction that only a genuine Havana cigar can give. It's a fact. One smoke will prove it.

FARM LIFE FACTS.

By JUDGE S. A. LINDSEY.

The bookkeeping farmer is the successful business farmer. Be a success.

The fence corners should be dimples on the cheeks of Miss Farm. Cut the weeds and plant in their stead flowers, and watch the smile.

The farmer who is fortunate enough to reside in the vicinity of an experiment station, and fails to avail himself of the manifold lessons to be learned therefrom is missing a great opportunity to better his material condition.

The "swat-the-fly" campaign has penetrated the most remote corners of the earth. It is up to the farmer to arm himself with a modern "swatter," go forth as a bold "Knight of the Swat" and destroy the enemy of health and happiness.

The average bird is the farmer's best and truest friend. Stand by your friends—the feathered songsters.

Don't forget the faithful old friend—the horse. Remember he is prone to become tired as well as yourself.

The depletion of soil is laying a heavy burden on posterity.

It is apparent that the old credit system must give way to business methods in financing the crop.

Agriculture is recognized as the greatest of all industries, and a prosperous, progressive and enlightened agricultural population is the surest safeguard of civilization.

It is an admitted economic fact that there can be no permanent prosperity without a permanent agriculture.

Soil is not a dead, inert substance, as many suppose. It is an active, virile force, full of energy and power, and the farmer should know his soil if he would maintain its productivity.

SPECIAL ANNOUNCEMENT.

The most popular general news and farm paper in Texas is The Dallas Semi-Weekly Farm News. It is read by more people than any other publication in the Southwest. It is the favorite with men readers, women readers and boy and girl readers, because it has something for all of them, and the best to be had at any price. The Hale County Herald and The Semi-Weekly Farm News will be sent a whole year to any address for \$1.75. We accept and receipt for all subscriptions at this office. We do all the ordering and take all the risk.

FORESTS AND HYGIENE.

We hear much of the importance of the conservation of forests from an economic standpoint, but little is said as to the hygienic value of forests.

Forests contribute to the general health by breaking the force of steadily blowing winds. They mitigate the heat of summer by the vast amount of evaporation from their leaves that occurs by day. They also promote rainfall. Thus they check the tendency of the earth to desiccate, which is almost as injurious to health as it is to vegetation.

Cholera often passes a wooded district and revels in a treeless one. A

Grinding Up Mustard Seeds

is not by any means all to good mustard making. In the first place there's just one mustard seed that will make thoroughly satisfactory mustard—that seed comes from England. Then there has to be extraordinary care taken in the handling and the grinding of the seed so that strength and delicacy of flavor will not be lost.

White Swan Dry Mustard is made from the best selected English seed and is ground by a special process which retains all the "mustardy" goodness of the seed. A little White Swan goes further and gives better results. Not only pure—better than the law requires.

Save the labels.

Cottolene at Cake-Baking Time

It is mighty hard to obtain uniform results in cake making—if you use butter or lard—because both of these products vary so in quality.

Cottolene is always uniform—always produces good results. With its use, you can count on a certain kind of cake being the same every time.

Cottolene sells at about the price of lard, and is so rich that one-third less is required than either butter or lard.

TRY THIS RECIPE:

Cream 1/2 cup Cottolene, add 1 cup sugar and mix in alternately 1/2 cup milk and 2 cups pastry flour in which 2 teaspoons baking powder and 1/2 teaspoon salt have been well sifted. Beat well, add the well beaten yolks and whites of 3 eggs separately. Bake in two layers. Use any desired filling or frosting.

An ounce of Carbolized Lime is worth a thousand swats when used as a preventative in the "Swat the Fly" campaign. Use it freely about the barn and other places where the flies congregate. It's but a short distance from the barnyard to your table.

Carbolized Lime in Any Quantity at

Plainview Lumber Co.

SWAT THE FLY.

Flies in the dining room usually precede nurses in the sick room.

A fly in the milk may mean a member of the family in the grave.

It is better to screen the cradle and wear a smile than scoff at the precaution and wear mourning.

Screens in the window prevent crepe on the door.

If the flies were as much feared as bad water there would be less typhoid fever.

Flies are the most dangerous insects known to man; he should be their most persistent natural enemy.

Don't allow flies in your house. Don't eat where flies are tolerated. Don't buy from a store infested with them.

A. A. HATCHELL IN SAN ANTONIO.

A. A. Hatchell left Sunday for San Antonio, where he goes to attend the State meeting of the Undertakers' Association, which was in session there from April 15th to 17th. Mr. Hatchell is considered by the association to be one of the leading undertakers of the State, and is a member of the Executive Committee.

H. E. EDWARDS
WHITEFLAT, TEXAS MOTLEY CO

lected more than \$1,000, under the direction of A. C. Moses, President of the Local Council. In Roanoke, Va., Troop No. 1 was especially enthusiastic in collecting money, and did everything within their power to help the Boy Scouts. The Boy Scouts of Girard, Ohio, rendered splendid service in flood relief work, under the direction of Scout Master Phil Hartly and Dr. E. A. Kirby. The boys got in some real patrol work when they were commissioned to assist in the enforcement of the precautionary quarantine at the flats, the foreign section, which was completely flooded.

Reports have reached headquarters of the remarkable work done by John Stone, a member of the Riverdale Boy Scouts. Stone was on an improvised raft. He turned a corner in a flooded street just as Mrs. Charles M. Adams was sinking for the third time. Her husband had tried to save her and twin babies at the same time, but Mrs. Adams had been torn away from him in the swift current. Just then Stone appeared and pulled her onto his raft.

Section 52 of Article 3, of the Constitution of the State of Texas, be amended so as to hereafter read as follows:

Section 52. The Legislature shall have no power to authorize any county, city, town or other political corporation or subdivision of the State, to lend its credit or to grant public money or thing of value in aid of, or to any individual, association or corporation whatsoever, or to become a stockholder in such corporation, association or company, provided, however, that under legislative provision any county, any political subdivision of a county, any number of adjoining counties, or any political subdivision of the State, or any defined district now or hereafter to be described and defined within the State of Texas, and which may or may not include towns, villages, or municipal corporations, upon a vote of a majority of the resident taxpayers voting thereon, who are qualified electors of such district or territory to be affected thereby, in addition to all other debts may issue bonds or otherwise lend its credit in any amount not to exceed one-fourth of the assessed valuation of the real property of such district or territory, except that the total bonded indebtedness of any city or town shall never exceed the limits imposed by other provisions of this Constitution, and levy and collect taxes to pay the interest thereon, and provide a sinking fund for the redemption thereof, as the Legislature may authorize, and in such manner as it may authorize the

same, for the following purposes, to-wit:

(a) The improvement of rivers, creeks and streams to prevent overflows, and to permit of navigation thereof, or irrigation thereof, or in aid of such purposes.

(b) The construction and maintenance of pools, lakes, reservoirs, dams, canals and waterways for the purposes of irrigation or in aid thereof.

(c) The construction, maintenance and operation of macadamized, graveled or paved roads and turnpikes, or in aid thereof.

(d) The construction, maintenance and operation of public warehouses for storing, handling, classing, measuring, weighing, elevating and loading agricultural products. Provided the Legislature may establish such means and agencies as may be necessary for accomplishing the purpose of this amendment and if a State warehouse commission be provided for, their term of office shall be fixed by the Legislature.

Sec. 2. The Governor is hereby directed to issue the necessary proclamation for submitting this amendment to the Constitution to the qualified electors of the State of Texas on the third Saturday in July, same being the 19th day of said month, and the amendments proposed to Section 52 of Article 3, as above indicated, shall be voted upon separately.

For amendment to authorize road and other public improvements by a vote of a majority, and those opposed to said amendment shall have written or printed on their ballot: Against amendment to authorize road and other public improvements by a vote of a majority.

Those favoring the issuance of bonds for the construction of public warehouses shall have written or printed on their ballot: For the amendment authorizing the issuance of bonds for the construction of public warehouses for agricultural products. Those voting against said amendment shall have written or printed on their ballot: Against the amendment authorizing issuance of bonds for the construction of public warehouses for agricultural products.

Sec. 3. The sum of five thousand (\$5,000) dollars or so much thereof as may be necessary, is hereby appropriated out of any funds in the Treasury of the State of Texas, not otherwise appropriated, to pay the expenses of such publication, proclamation and election.

JOHN L. WORTHAM,
Secretary of State.

PLAINS ROADS LAUDED.

T. P. Robinson, in an article published in the Farm and Ranch, comments upon the splendid roads of the Plainview country as follows: "The roads northward from Plainview are almost perfect, and all the automobilist has to do to out-run the western express train is to pull the throttle wide open and hold the car in the road. This phenomenal speed in our motor car in the West became so common and tame to us that we felt that we were going slow at 45 miles per hour, and longed for a car that would clip off 60 miles or above." Mr. Robinson states that his trip was merely a pleasure tour, and that he was tremendously impressed with the resources and development of the Plains country.

PROPOSED AMENDMENT TO THE CONSTITUTION OF THIS STATE AUTHORIZING THE ISSUANCE OF BONDS FOR IMPROVEMENT OF DISTRICTS, AND ALSO FOR THE OPERATION OF PUBLIC WAREHOUSES FOR STORING, HANDLING, CLASSING, MEASURING, WEIGHING, ELEVATING AND LOADING AGRICULTURAL PRODUCTS.

(S. J. R. No. 4.)

JOINT RESOLUTION.

A Joint Resolution proposing an amendment to Section 52, of Article 3, of the Constitution of this State: Section 1. Be it resolved by the Legislature of the State of Texas, that

SCOUTS RESPOND TO NEEDS OF FLOOD SUFFERERS.

Reports Show That Boy Scouts of America Made Self-Sacrifices in Helping the Afflicted.

Members of the Boy Scouts of America throughout the country displayed the principles of true scouting in helping persons who were afflicted by the recent floods in Ohio and other places along the Ohio River. In hundreds of towns and in many of the big cities boys went out scouting for food and clothing, which they delivered to the relief headquarters for shipment to the flood sufferers.

The Scouts who were most conspicuous, probably, were those in Allegheny County, Pennsylvania. The boys voted to contribute \$200 to the sufferers, which they had earned and saved to pay the expenses of their camp this summer. Furthermore, those same Scouts collected 300 pieces of clothing to be sent to the flood district.

The Boy Scouts of Toledo, Ohio, did valiant work as self-appointed solicitors of supplies and money contributions for the flood sufferers. The boys donned their scout uniforms.

The Boy Scouts of Poughkeepsie, N. Y.; Chicago, Ill.; Florence, S. C.; Logansport, Ind., and Brockport, N. Y., did splendid work in collecting money and supplies for the flood sufferers. In Washington the Boy Scouts col-

For Loss of Hair

We will pay for what you use if Rexall "93" Hair Tonic does not promote the growth of your hair.

In all our experience with hair tonics the one that has done most to gain our confidence is Rexall "93" Hair Tonic. We have such well-founded faith in it that we want you to try it at our risk. If it does not satisfy you in every particular, we will pay for what you use to the extent of a 30 day treatment.

If Rexall "93" Hair Tonic does not remove dandruff, relieve scalp irritation, stop the hair from falling and promote a new growth of hair, come back to us and ask us to return the money you paid for it, and we will promptly hand it back to you. You don't sign anything, promise anything, bring anything back, or in any way obligate yourself. Isn't that fair?

Doesn't it stand to reason that we would not make such a liberal offer if we did not truly believe that Rexall "93" Hair Tonic will do all we claim for it—that it will do all and more than any other remedy?

We have everything there is a demand for, and are able to judge the merits of the things we sell. Customers tell us of their success. There are more satisfied users of Rexall "93" Hair Tonic than any similar preparation we sell.

Start a treatment of Rexall "93" Hair Tonic today. If you do, we believe you will thank us for this advice. Two size bottles, 50c and \$1. You can buy Rexall "93" Hair Tonic in this community only at our store:

A TIME TO ADVERTISE.

Plainview is to have a splendid opportunity to advertise when the Dallas Trades Excursion visits this city, on April 23. It is hoped that no citizen will be indifferent or half hearted in his reception of these prominent business men. Every citizen should recognize in every stranger who comes to Plainview a possible future resident of the city, and a little hospitality extended at the right time may be the determining feature in the stranger's debate. A word of welcome and a deed of hospitality makes you a gentleman, a booster, and a possible benefiter from the decision of the man who is undetermined with regard to his future.

WHY A COMMERCIAL CLUB?

A commercial club is the greatest asset of any town, providing it's a commercial club. But there has been an unwarranted misuse of the term in the last few years. Many so-called commercial clubs are merely unorganized groups of business men of a city who meet whenever anyone comes along with some pet scheme. They act only when acted upon. But a real commercial club is something more than that.

A real commercial club is one that meets regularly. At each meeting some of the members give talks on things they think will make the town better. The needs of a town are discussed and ways and means of getting these needs satisfied are brought out. In that way they are ready to adopt any new plan that is for the best interests of their city. There is just as much difference between an organization of this sort and one that is loosely organized as there is between a well-trained army and an army of new recruits.

There are many things that a good commercial club can do that it seems hardly possible to conceive of a town not having one. Yet there are many towns throughout this State which do not have one. They can look after the sanitation of the city, paving, street cleaning, fire protection, safety of public buildings, nuisances and other things. They can watch out for new enterprises and send representatives to interview prospective promoters and show them why they should come to the city.

You can notice that the town which prospers most has the liveliest commercial club.—University Missourian.

SMALL BLAZE AT J. W. WILLIS' STORE.

About four-thirty yesterday afternoon the fire department responded to an alarm sent in from the drug store of J. W. Willis. By the time the boys had made a quick run the blaze had been extinguished, after having burned about \$100 worth of wall paper and filled the store with a dense smoke. The fire originated when trash which was being burned in the back yard blew into the store unnoticed.

PROPOSED AMENDMENT TO THE STATE CONSTITUTION AUTHORIZING THE ISSUANCE OF BONDS FOR THE PURPOSE OF THE CONSTRUCTION OF THE NECESSARY BUILDINGS FOR THE UNIVERSITY OF TEXAS AND ALSO FOR BUILDINGS OF VARIOUS INSTITUTIONS, AND AUTHORIZING IMPROVEMENT BONDS FOR THE PURPOSE OF NAVIGATION, IRRIGATION, CONSTRUCTION OF BRIDGES AND THE MAINTENANCE AND OPERATION OF PUBLIC WAREHOUSES.

(S. J. R. No. 18.)

SENATE JOINT RESOLUTION. To be entitled A Joint Resolution proposing and submitting to a vote of the people of Texas an amendment to Sections 49 and 52 of Article 3 of the Constitution, authorizing the issuance of bonds and the levying of a tax to pay the interest and sinking fund on same for public improvements.

Be it resolved by the Legislature of the State of Texas:

Section 1. That Sections 49 and 52 of Article 3 of the Constitution of Texas be amended so as to hereafter read as follows, to-wit:

Section 49. No debt shall be created by or on behalf of the State except to supply casual deficiencies of revenue, repel invasion, suppress insurrection and defend the State in war or pay existing debts, and no debt created to supply deficiencies in current revenues shall ever exceed in the aggregate at any one time five hundred thousand dollars. The Legislature, however, shall have power to authorize the issuance of bonds to be approved by the Governor for the purpose of purchasing additional ground and erect necessary buildings for the University of Texas, including a medical department, an Agricultural and Mechanical College and all departments and activities of a complete university of the first class. The revenue received from the permanent University fund shall be available for the payment of interest on these bonds and for the creation of a sinking fund for their redemption at maturity, and the Legislature shall also have power to issue bonds for the construction of necessary buildings for State institutions. The Legislature shall also have the power to authorize the issuance of bonds secured by lien on the real property of the penitentiary system to be approved by the Governor for the purpose of constructing buildings and making permanent improvements.

Section 52. The Legislature shall have no power to authorize any county, town or other political corporation or subdivision of the State to lend its credit or to grant public money or thing of value in aid of or to any individual association or corporation whatsoever or to become a stockholder in such corporation, association or company; provided, however, that under LEGISLATURE provisions any county, any political subdivision of a county, any number of adjoining counties or any political subdivision of the State or any defined district now or hereafter to be described and defined within the State of Texas and which may or may not include towns, villages or municipal corporations upon a vote of a majority of the resident property taxpayers voting thereon who are qualified electors of such district or territory to be effected thereby in addition to all other debts may issue bonds or otherwise lend its credit in any amount not to exceed one-fourth of the assessed valuation of the real property of such district or territory, except in case of improvement of rivers, creeks, and streams, in building levees to prevent overflow, in which case the bonded indebtedness may be for an amount not to exceed one-half of the assessed valuation of the lands of the district to be re-

Excursion Rates

to the North and East, to Summer resorts, conventions, etc., will add to the throngs that travel. Maybe you'll be going. Just a word about your baggage before your plans are completed. Will your old trunk or grip hold for another trip? It is looking bad and you'll soon have to put it aside and get a new one. Really you would enjoy that next trip better if you had new clean looking baggage.

Great Preparations

have been made at our store to supply you with just the Style of Bag, Case or Trunk that you like.

Good looking substantial goods, too, that will command for you better service at hotels, on the trains and wherever else you carry your baggage.

We want you to see our Big Line of Traveling Goods before you go. A style and a price to suit you at the

claimed; and, except, further, that the total bonded indebtedness of any city or town shall never exceed the limits imposed by other provisions of this Constitution, and levy and collect such taxes to pay the interest thereon and provide a sinking fund for the redemption thereof as the legislature may authorize and in such manner as it may authorize the same for the following purposes, to-wit:

(a) The improvement of rivers, creeks and streams to prevent overflows, and to permit of navigation thereof or irrigation therefrom or in aid of such purposes.

(b) The construction and maintenance of pools, lakes, reservoirs, dams, canals and water-ways for the purposes of irrigation, drainage or navigation or in aid thereof.

(c) The construction, maintenance and operation of bridges and macadamized, graveled, sandy clay, or clayed sand or paved roads and turnpikes or in aid thereof.

(d) The construction, maintenance and operation of public warehouses or in aid thereof.

Sec. 2. The foregoing amendment to Sections 49 and 52 of Article 3 of the Constitution of Texas shall be submitted to the qualified electors of this State for adoption or rejection at a special election hereby ordered for the third Saturday in July, 1913, the same being the nineteenth day of said month. All voters on this proposed amendment at said election who favor its adoption shall have printed or written on their ballots the following:

For amendment to Sections 49 and 52 of Article 3, of the Constitution, authorizing the issuance of bonds for the University of Texas, Agricultural and Mechanical College, State Penitentiary System, and other public improvements and building of warehouses for agricultural products. Those voting against its adoption shall have written or printed on their ballots the following:

Against amendment to Sections 49 and 52, of Article 3, of the Constitution, authorizing the issuance of bonds for the University of Texas, Agricultural and Mechanical College, State Penitentiary System, and other public improvements and building of warehouses for agricultural products.

Previous to the election the Secretary of State shall cause to be printed and forwarded to the County Judge of each county, for use in said election, a sufficient number of ballots for the use of voters in each county on which he shall have printed the form of the ballot herein prescribed, for the convenient use of the voters.

Sec. 3. The Governor of the State is hereby directed to issue his necessary proclamation ordering this election, and have same published as required by the Constitution and laws of the State. The sum of five thousand (\$5,000) dollars, or so much thereof as may be necessary is hereby appropriated out of any fund in the State Treasury not otherwise appropriated to defray the expenses of publishing said proclamation and printing of tickets and necessary blanks to use in said election.

JOHN L. WORTHAM, Secretary of State. (A true copy.)

SHELTON BROTHERS

LOCAL AND PERSONAL

J. N. Donohoo went to Austin Tuesday.

Judge L. C. Penry went to Tulla Wednesday.

Mrs. Geo. W. Corlett returned from Amarillo Monday.

Burford O. Brown, Editor of The Herald, was in Fort Worth this week on business.

Mrs. V. K. Taylor, of Lampasas, returned home Tuesday, after a visit of a few days in Plainview.

Omer Scott went to Hopkinsville, Ky., Wednesday, where he will spend some time with relatives.

Benjamin Wofford and wife came in from Rockport last Friday for a visit of several weeks with their sons, H. A. and Dr. C. D. Wofford.

W. J. Milner and wife, of Gatesville, were in Plainview Tuesday on their way to Colorado, where they will make their future home.

Mrs. M. E. Warren, who has been visiting her daughters Mrs. August Hamilton and Mrs. H. F. Burton, left Tuesday to visit relatives in Alabama and Florida.

W. L. Garner and wife, of Canyon, Texas, who visited in Plainview several days this week at the home of their son Flake Garner, returned home Monday.

E. B. Burton, an attorney of Knox City, Texas, and his wife are spending several days with relatives and looking over the situation with a view to permanently locating here.

J. C. Homan, Jr., who lives twenty-two miles west of Plainview, has joined the Texas Industrial Congress and is working hard to win the prize of \$300 for the best two acres of milo maize.

Today is excursion day, and there are many prospective land buyers in the county. The Texas Land and Development Co. are entertaining more than twenty men, while J. L. Vaughn and W. R. Hall took nearly as many men from here into the Littlefield section. The dining room of the Hotel Missouri looked very metropolitan when all these visitors assembled for their meals.

Judge W. D. Benson, of Lubbock, came in Tuesday.

Frank Leahy, of Rogers, Texas, is in Plainview today.

Geo. W. Corlett returned Tuesday from a trip over the South Plains in the interest of Overland automobiles.

Mrs. E. W. Walker is visiting her father and mother, F. F. Barnes and wife, west of Abernathy, this week.

B. L. Shook returned from Woodward, Okla., Tuesday, from which place he brought his mother to Plainview for a visit of several weeks.

Misses Ida and Cleo Caldwell, of Sentinel, Okla., were in Plainview Wednesday on their way to Lockney to visit their grandmother, Mrs. Susan Wilson.

Mrs. Annie D. Woodmansee, of Skidmore, Texas, will arrive in Plainview Sunday or Monday for a visit of several weeks with her son, Lee Kemble, proprietor of the Busy Bee Cafe.

K. Barker and family went to Amarillo last Saturday in their Ford car. They returned to Plainview Sunday. While in Amarillo they were the guests of Bird and Arthur Barker.

W. A. Shofner went to Port Lavaca Tuesday for a two weeks' stay. Mr. Shofner said, "The shop will not be closed during my absence; one can get all the dry goods they want."

Will O'Brien and R. L. Pierce came in from Hereford today. They will drive home in two new 71 Overlands, which Mr. O'Brien and brother have purchased from E. N. Egge.

Rev. W. H. Stephens and J. L. King, of Floydada, were passengers to Amarillo Wednesday, on their way to Quanah to attend the Presbytery of the Cumberland Presbyterian Church.

Mrs. E. A. Young returned from Denison Friday, where she visited her mother, Mrs. B. E. Harris, some weeks. Mrs. Harris was quite ill, but improved sufficiently to return with Mrs. Young, and will spend some time recuperating in Plainview.

A railway crew of graders are now at Littlefield, Texas, preparing the yards for laying steel. The Santa Fe will have more extensive yards at Littlefield than at any other place on their line between Lubbock and Texico. Mr. C. J. Duggan says, "The steel gang will reach Littlefield in about 30 days."

G. W. Brown and family moved this week to Corpus Christi, Texas.

Mrs. Byron Hale, of Hale Center, was in Plainview, shopping, Tuesday.

W. A. Askew, the fire insurance man of Amarillo, was in Plainview the first of the week. Mr. Askew says he expects to open an office in Plainview at once.

It has been reported that Dan White was married in Fort Worth on March 26th to Miss Fortson. Mr. White until recently was manager of Dr. White's farm five miles southeast of here.

Mrs. T. M. Palmer, Mrs. A. Gibson and Mrs. E. Newton, of Hereford, were in Plainview last week in attendance at the Presbytery at the First Presbyterian Church. While in Plainview they visited at the home of Flake Garner. They returned home Saturday.

At the PEOPLE'S SUPPLY STORE Prices are low enough to make a difference. —Adv. 1f.

Price Reduction that is a PRICE REDUCTION at the PEOPLE'S SUPPLY STORE. —Adv. 1f.

WEST SIDE.

April 16.—The West Side school will close next Friday.

Mr. G. G. Douthit took some hogs to town Tuesday.

Mr. Cecil Homan went to Plainview Monday.

Mr. Oscar Rocklage went to Plainview Tuesday to have some dental work done.

Messrs. F. W. Severs and T. J. Johnson went to Plainview Monday for the purpose of getting material to construct a telephone system to Littlefield. They intend to start to work Wednesday, and expect it to take them about ten days.

Mr. J. C. Homan went to Plainview on business Tuesday.

Miss Ethel Douthit and Messrs. Chester and Hubert Douthit, Dean Colony and D. M. Green were callers at Mr. Rueter's Sunday night.

Mr. G. G. Douthit returned from a business trip to Kansas City April 6.

Mr. Chilton and family were callers at Mr. J. C. Homan's Sunday.

Mr. G. O. Colony went to Plainview Saturday for the purpose of taking some feed.

Mrs. T. A. Douthit visited the West Side School Monday.

Mr. Emerson has purchased about forty hogs from Messrs. Chilton and Cornelius.

Mr. Severs and family visited Mr. Kilneagast and family Sunday.

D. M. Green has taught us an eight-months' school, to the satisfaction of all. The trustees and patrons wish to thank him in these West Side notes for his decided success as director of our school. We wish for him the very best of success wherever he may go.

—CORRESPONDENT.

SPRING LAKE.

April 15.—Mrs. Scott, of Illinois, who has been visiting her sister, Mrs. A. C. Axtell, for several weeks, returned to her home Tuesday.

Claude Thomas, of Plainview, was visiting his old neighbors this week.

Mrs. J. V. Rudd and son were transacting business in Plainview the first of the week.

Mr. Brown, of the Olton neighborhood, has moved to the Dotson farm.

Mr. Forney, agent for the Sunshine lamp, was entertaining Spring Lake people Wednesday.

H. M. Packard was selling millet seed in Plainview Monday.

W. H. Geldreth has moved his sheep to the Barnertson farm.

The school of the Spring Lake district has begun preparations for graduation exercises, which will take place the last of April.

The Christian Endeavor Society held a social and business meeting Tuesday night at the home of Leroy Har-

ris. After the business hour, Mrs. Harris served dainty refreshments, which were enjoyed by all. Officers for the coming half year were elected, as follows: President, Norman Cleavenger; Vice President, Chester Shiftlet; Secretary, James Redding; Assistant Secretary, Clarence Frederick; Treasurer, Leroy Harris. The chairmen of the several committees are Irena Frederick, Etta Hensel, Etta Vore, Ralph Packard and Victor Shiftlet.

LITTLEFIELD NOTES.

Littlefield, Lamb County, Texas, April 17.—The Commissioners' Court of Lamb County recently appointed B. F. Smith Justice of the Peace and T. D. Bennett Constable of Precinct No. 4, which includes the town of Littlefield and immediate community.

The Mexicans, some 200 in number, employed in laying steel on the Lubbock-Texico cut-off of the Santa Fe Railroad went on a strike yesterday, and the railway company has wired to El Paso for another gang. Work will be resumed as soon as possible. The steel is laid within 19 miles of this place to date.

Grading on Phelps Avenue, the main business thoroughfare of the town, was begun yesterday, and the avenue will soon present a most pleasing appearance.

PRICE.

April 16.—There was preaching at Price Sunday, by Rev. Pearce, from Plainview.

The singing at Mr. W. J. Taylor's Sunday night was well attended.

Mrs. W. A. Williamson went to Plainview Tuesday.

Mr. Jesse Lovvorn, Miss Oda Francis, Mr. and Mrs. H. P. Walling and Jim and Ernest Lovvorn were pleasant callers at the Walling home Sunday afternoon.

Mr. and Mrs. R. B. Walling were guests of Mrs. Randolph Wednesday.

Messrs. Bill Palmer and Clell Nations hauled feed from Mr. Walling's Saturday.

Mr. and Mrs. T. J. Garner went to Runningwater last Friday.

Mr. and Mrs. Joe Harrison have quietly settled in their new home.

Mrs. H. H. Blackerby was hostess to Mr. and Mrs. H. P. Walling, Miss Leona Walling, Mr. and Mrs. W. J. Taylor, Mr. Elmer Bass and Wes and Jim Lovvorn Sunday. All had a fine time.

The school at Price is progressing nicely.

Mr. and Mrs. W. A. Williamson visited J. C. Hague's Sunday afternoon.

COMPLIMENTARY MOTION PICTURE MATINEES.

Below is a list of the prominent business men of Plainview who are furnishing a free matinee at the Majestic every Saturday afternoon to their out-of-town customers and will be given for those people only who live outside of the city limits of Plainview.

The merchants and business men of the town want the country people to take advantage of this free entertainment, and want them to feel that it is a slight token of their appreciation to the people in Hale County who do their trading in Plainview. Complimentary tickets to the entertainment can be secured at any of the business houses listed below. Ask for them.

R. C. Ware Hardware Co., J. W. Willis Drug Co., R. A. Long Drug Co., Carter-Houston Dry Goods Co., Vickery-Hancock Grocery Co., Duncan's Pharmacy, J. C. Wooldridge Lumber Co., Donohoo-Ware Hardware Co., Fulton Lumber Co., Wright and Dunaway Grocery Co., E. R. TEXAS' MINERAL RESOURCES NOT YET DEVELOPED.

Fort Worth, Texas, April 16.—Texas, although the largest State in area and fifth in the number of inhabitants among the States of the Union, is twenty-third in the value of its mineral production, according to the most recent figures of the United States Geological Survey, which cover the year 1911.

The Lone Star State does not hold first place as a producer of any mineral or mineral substance, but ranks second in the production of two—**asphalt and quicksilver.** Its principal mineral production is petroleum, in which it ranks sixth among the states in quantity of output, and seventh in value. The value of the petroleum product represents something more than one-third of the total value of the State's mineral production. In 1911 the production of petroleum amounted to 9,526,474 barrels, valued at \$6,554,552, and the total value of all products was \$18,817,304.

According to Dr. Wm. B. Phillips, Director of the Bureau of Economic Geology of the University of Texas, this State is second in asphalt and quicksilver; fourth in Fuller's earth; fifth in gypsum; seventh in salt and petroleum; ninth in silver; tenth in sand and gravel; and eleventh in cement. Comparisons are made on the value of the production.

MABEE THREW MORGAN.

Roy Mabee, the local wrestler, threw Morgan, formerly of Waco and now with the Texas Land and Development Company, three times in fifteen minutes in their bout at the Schick Opera House Monday night. The first fall was accomplished in six minutes, the second in seven minutes and the third in a minute and a half. Mabee then threw Snyder twice, each fall coming after about ten minutes' work. The local boy then took on Goldbach, of Arizona, and threw him in seven minutes. W. H. Box then gave an exhibition with Mabee, making a good showing, but did not go to a fall.

Another bout has been scheduled for Mabee on Monday, April 21st, when he will meet a Chicago wrestler weighing 195 pounds. This will be the last bout of the season.

PROPOSED AMENDMENT TO THE STATE CONSTITUTION PRESCRIBING QUALIFICATIONS FOR DISTRICT JUDGES OF THIS STATE AND PRESCRIBING THEIR TENURE OF OFFICE.

(S. J. R. No. 11.)

A JOINT RESOLUTION. Amending Section 7, Article 5, of the Constitution of the State of Texas, relating to the creation and formation of judicial districts, the terms of compensation and qualification of the judges of the district courts, and the times of holding court.

Be it resolved by the Legislature of the State of Texas:

Section 1. That Section 7, Article 5, be amended so as to hereafter read as follows:

Section 7. The State shall be divided into as many judicial districts as may now or hereafter be provided by law, which may be increased or diminished by law. For each district there shall be elected by the qualified voters thereof, at a general election, one or more judges, each of whom shall be a citizen of the United States and of this State, who shall have been a practicing lawyer of this State, or a judge of a court in this State for six years next preceding his election; who shall have resided in the district in which he was elected for two years next preceding his election; who shall reside in his district during his term of office; who shall hold his office for a period of four years, and shall receive for his services an annual salary of three thousand dollars, until otherwise changed by law. Court shall be held by a district judge at the county seat, in each of the several counties at such times and in such manner as may be prescribed by law. The Legislature shall provide for the holding of the district court when the judge thereof is absent, disabled or disqualified from acting. The district judges who may be in office when this amendment takes effect shall hold their offices until their respective terms shall expire under their present election or appointment.

Sec. 2. The Governor of the State of Texas is hereby directed to issue necessary proclamation for the submission of this amendment to the qualified voters of the State of Texas at an election to be held on the 19th day of July, 1913, at which election all voters favoring this amendment shall have written or printed on their ballots the words: "For the amendment of Section 7, Article 5, of the Constitution of the State of Texas, relating to district judges and district courts," and all voters opposed to said amendment shall have written or printed on their ballots the words: "Against the amendment of Section 7, Article 5, of the Constitution of the State of Texas, relating to district judges and district courts."

Sec. 3. The sum of five thousand dollars or so much thereof as may be necessary is hereby appropriated to pay expenses for carrying out the provisions of this resolution.

JOHN L. WORTHAM, Secretary of State.

(A true copy.)

TYPE OF A MAN THE NEW FARMER MUST BE.

What he is to be, what his surroundings will be, what will be the spirit and purpose of the man, Secretary McKee of the Illinois Farmers' Institute tells us in the following words:

"The farm problem of America is not in bursting barns, nor in high-bred stock, nor in fertility, nor even in the rural school, but in the farmer himself. Its solution is in the individual known as the new farmer.

"The dreary drudgery of the old farm existence is fast passing away, and in its place is coming a broad, rich, free livelihood, never known before—the new country life."

"The new farmer lives the new country life; the new farmer builds for his wife and children a modern, sanitary, attractive home; the new farmer makes hard roads. He installs a telephone, receives his mail by free delivery, and encourages inter-urban service, supports a thriving rural church, and demands an efficient consolidated school with a high-school course for his sons.

"The new farmer reads and thinks; he studies his own environment, sees his opportunity and limitations, improves the one and removes the other. The new farmer is not only a scientist, but a sociologist. He works in harmony with his neighbors, for the general good and uplift of his immediate community, and above all else he realizes the dignity and importance of his own profession and individuality in the permanent and National welfare."

SHERIFF'S SALE.

THE STATE OF TEXAS, County of Hale.

BY VIRTUE of a certain Order of Sale issued out of the Honorable District Court of Hale County, on the 9th day of April, 1913, by W. H. Box, Deputy District Clerk of said County, against A. D. Summerville and Myrtle Summerville for the sum of Two Thousand Two Hundred and One Dollars and Twenty-Two Cents, and costs of suit, in cause No. 913 in said Court, styled J. A. Price et al. vs. A. D. Summerville et al., and placed in my hands for service, I, J. C. Hooper, as Sheriff of Hale County, Texas, did, on the 9th day of April, 1913, levy on certain Real Estate, situated in Hale County, described as follows, to-wit: Lot No. 6, in Block No. 24, as shown by the Original Plat of the Town of Plainview, Hale County, Texas, and levied upon as the property of said A. D. Summerville and Myrtle Summerville. And on Tuesday, the 6th day of May 1913, at the Court House door of Hale County, in the City of Plainview, Texas, between the hours of ten A. M. and four P. M., I will sell said Lot at public vendue, for cash, to the highest bidder, as the property of said A. D. Summerville and wife, Myrtle Summerville, by virtue of said levy and said Order of Sale.

And in compliance with law, I give this notice by publication, in the English language, once a week for three consecutive weeks immediately preceding said day of sale, in The Hale County Herald, a newspaper published in Hale County.

WITNESS my hand, this 9th day of April, 1913. J. C. HOOPER, Sheriff, Hale County, Texas.

Ladies, don't fail to attend the Hair Demonstration now in progress at the Plainview Hotel. It's free. Adv. pd.

FRAIL, SICKLY CHILD

Restored to Health by Vinol—Letter to Mothers.

Anxious mothers often wonder why their children are so pale, thin and nervous and have so little appetite. For the benefit of such mothers in this vicinity we publish the following letter.

J. Edmund Miller, New Haven, Conn., says: "My little daughter, ever since her birth, had been frail and sickly, and was a constant source of worry. Several months ago we commenced to give her Vinol. I immediately noted an improvement in her health and appearance. I gave her three bottles of Vinol, and from the good it has done her I can truly say it will do all you claim."

This child's recovery was due to the combined action of the medicinal elements extracted from cods' livers,—combined with the blood-making and strength-creating properties of tonic iron, which are contained in Vinol.

Vinol will build up and strengthen delicate children, old people and the weak, run-down and debilitated. We return the money in every case where it fails.

J. W. WILLIS DRUG CO., Plainview, Texas.

EFFORTS TO ALTER TARIFF DEBATED.

Putting of Cattle and Sheep on the Free List Was the Subject of Contention.

Washington, D. C., April 14.—Persistent efforts to put cattle and sheep on the free list, to cut the duty on swine, and otherwise to alter the tariff revision bill were defeated in the Democratic caucus of the House Monday.

Representative Garner, of Texas, a member of the ways and means committee, said cattle last year raised a tariff revenue of one million two hundred thousand dollars, and that the rate in this bill would raise a half million additional the first year. If cattle are listed free other rates must conform.

Something New in Plainview
 R. A. Long Drug Company and Duncan's Pharmacy have recently purchased a supply of the best Eczema remedy on the market. If you are afflicted, call and ask them about Dry Zenzal for the crusty, scaly skin and Moist Zenzal for all watery eruptions. Clean, odorless ointments for the two distinct types of Eczema. After two or three applications the skin begins to heal and you are on the road to recovery if you use the Zenzal preparations. 16

BETTER THAN SPANKING
 Spanking will not cure children of wetting the bed, because it is not a habit, but a dangerous disease. The C. H. Rowan Drug Co., Dept. 1913, Chicago, Ill., have discovered a strictly harmless remedy for this distressing disease, and, to make known its merits, they will send a 50c package, securely wrapped, Absolutely Free to any reader of The Hale County Herald. This remedy also cures frequent desire to urinate and inability to control urine during the night or day in old or young. The C. H. Rowan Drug Company is an Old Reliable House; write them today for the free medicine. Cure the afflicted members of your family, then tell your neighbors and friends about this remedy.

Don't Suffer!
 "I had been troubled, a little, for nearly 7 years," writes Mrs. L. Fincher, in a letter from Peavy, Ala., "but I was not taken down, until March, when I went to bed and had to have a doctor. He did all he could for me, but I got no better. I hurt all over, and I could not rest. At last, I tried Cardui, and soon I began to improve. Now I am in very good health, and able to do all my housework."
TAKE The CARDUI Woman's Tonic
 You may wonder why Cardui is so successful, after other remedies have failed. The answer is that Cardui is successful, because it is composed of scientific ingredients, that act curatively on the womanly system. It is a medicine for women, and for women only. It builds, strengthens, and restores weak and ailing women, to health and happiness. If you suffer like Mrs. Fincher did, take Cardui. It will surely do for you, what it did for her. At all druggists.

Facts in Nature
 FOR centuries it has been known that Nature's most valuable health giving agents for the cure of disease are found in our American forests. Over forty years ago Dr. R. V. Pierce, chief consulting physician to the Invalids' Hotel and Surgical Institute at Buffalo, N. Y., used the powdered extracts as well as the liquid extracts of native medicinal plants, such as Bloodroot and Queen's root, Golden Seal and Stone root, Cherry bark and Mandrake, for the cure of blood diseases. This prescription was put up in liquid form was called
DR. PIERCE'S Golden Medical Discovery
 and has enjoyed a large sale for all these years in every drug store in the land. You can now obtain the powdered extract in sugar-coated tablet form of your medicine dealer, or send 50c in one-cent postage stamps for trial box to Dr. Pierce's Invalids' Hotel, Buffalo, N. Y., and tablets will be mailed, postage prepaid.
 The "Golden Medical Discovery" makes rich, red blood, invigorates the stomach, liver and bowels and through them the whole system. Skin affections, blotches, boils, pimples and eruptions—result of bad blood—are eradicated by this alternative extract—as thousands have testified.
 Send 31 one-cent stamps to pay cost of mailing only on a free copy of Dr. Pierce's Common Sense Medical Adviser, 1008 pages, cloth-bound ADDRESS DR. R. V. PIERCE, BUFFALO, N. Y.

Keep Your Eye on that Can

When Buying Baking Powder

For this is the baking powder that "makes the baking better."

It leaves the food evenly throughout; puffs it up to airy lightness, makes it delightfully appetizing and wholesome.

Remember, Calumet is moderate in price—highest in quality.

Ask your grocer for Calumet. Don't take a substitute.

RECEIVED HIGHEST AWARDS. World's Pure Food Exposition, Chicago, Illinois, Paris Exposition, France, March, 1913.

You don't save money when you buy cheap or big-can baking powder. Don't be misled. Buy Calumet. It's more economical—more wholesome—gives best results. Calumet is far superior to sour milk and soda.

The J. W. WILLIS DRUG CO. will sell you a "Victor" Talking Machine, manufactured by the Victor Talking Machine Company. —Adv. 11.

TEXAS SECOND IN ATTENDANCE.

Chicago, Ill., April 16.—Texas, first in agriculture among the States of the Union, was a prominent factor at the National Conference on Marketing and Farm Credits recently in session in this city. Interest in the meeting was wide-spread, and of the 345 delegates, representing thirty-three states, the Lone Star State was only surpassed by Wisconsin in the number of representatives in attendance. To Texas goes the credit of instigating the movement for better marketing and farm credits, and Col. Frank P. Holland, of Dallas, Texas, acted as permanent chairman of the conference.

The gathering was a cosmopolitan one, consisting of producers, consumers, merchants, transportation men, university presidents, professors, newspaper men and students of economics, brought together for the purpose of devising ways and means of preventing waste of the perishable products of the soil in order that the 100,000 car loads of food products now annually rotting in the fields or thrown on the dump may be equitably distributed and to give the producer adequate reward for his labor.

Among the Texas delegation were: S. A. Lindsey, Tyler; Peter Radford, Fort Worth; Col. Ike T. Pryor, San Antonio; Frank P. Holland, Dallas; Charles B. Austin, University of Texas; John Beamer, San Juan; Dr. A. Caswell Ellis, University of Texas; A. M. Ferguson, Sherman; William C. Sall, Morrill; L. C. Hill, Houston; E. W. Kirkpatrick, McKinney; Edward R. Kone, Commissioner of Agriculture, Austin; B. L. Sherley, Anna; Congressman Hatton W. Summers, Dallas; George F. Verhalen, Scottsville; S. J. Verhalen, Scottsville, and W. B. Dunlap, Beaumont.

RECORD WOOL CLIP INDICATED.

Kerrville, Texas, April 15.—Indications are that the record of Kerrville as a wool and mohair market will be broken this year. There are more than 450,000 pounds of spring clip of mohair already in the Schreiner warehouse, and it is estimated that the total spring clip will reach 650,000 pounds. This, when augmented by the fall clip, will carry the 1913 yield far beyond the million mark. Of the spring clip, 300,000 pounds have been sold and shipped.

The local clip of spring wool has not yet begun to arrive, but about 250,000 pounds of wool have already been received by rail from Del Rio, Marathon, Lozier and other points. There is every indication that the 1913 clips of wool will reach and possibly pass the three-million mark.

INTERCOASTAL CANAL CELEBRATION.

Galveston, Texas, April 15.—Eight towns and ports along the line of the Intercoastal Canal between Corpus Christi and Galveston have so far appointed commodores for their respective fleets of small vessels which will participate in the big parade entering this port the morning of June 12 for the celebration in honor of opening the canal for traffic. These are Angleton, Freeport, Matagorda, Port Lavaca, Seadrift, Cuero, Velasco and Bay City.

RECORD OIL PRODUCTION.

Fort Worth, Texas, April 16.—The oil production of all the Texas fields for the month of March amounted to 1,232,901 barrels, a daily average of 39,771 barrels, according to estimates furnished the Texas Commercial Secretaries by the Oil and Gas Journal.

The Electra-Petrolia fields record the largest production in their history, the output averaging 19,871 barrels daily for the month.

HORSES AND AUTOMOBILES.

Fort Worth, Texas, April 15.—There is an automobile to every three horses in the principal cities of Texas, population basis, and the number of cars in these cities totals 10,026, while the horse population is 30,382, according to information furnished by the Census Department and the commercial organizations of San Antonio, Dallas, Houston and Fort Worth. The latest Federal Census gives these cities an aggregate population of 340,830, which is an average of 11 persons to each horse and 24 people per automobile. San Antonio has more horses than any other city, while Dallas ranks first in number of cars.

The horse is evidently holding his own in Fort Worth, as the equine population per car is 4.2, while the average in Dallas, Houston and San Antonio is 2.2, 3 and 3.2 horses per car, respectively. Houston appears to have the best transportation facilities, as there are 9 persons to each horse and 28 persons to every car. The average number of persons to each horse is 11 in San Antonio and Fort Worth and 14 in Dallas. The population per auto in Dallas is 31, San Antonio 26 and Fort Worth 45.

The total value of horses in these cities is \$3,250,000, and the capital invested in automobiles is \$14,500,000.

Ladies are invited to attend a Free Display of the latest styles in Hair-dressing at Room 1, Plainview Hotel. W. E. WINFIELD Successor to Nash & Co.

"Young man, when you buy a buggy, be sure it's a Studebaker"

Sound advice from the man who has been driving one for twenty years.

When you buy a Studebaker buggy you are buying all the skill, experience and science in buggy building that half a century can produce. You are protecting yourself against the mistakes of younger builders.

You will always be proud of the Studebaker nameplate, for there isn't a buggy on the road that is its equal for style, luxury and good looks.

Flexible bent-reach gear, graceful lines, solid corner, plugless body, double-ironed shafts, are a few of the special Studebaker features.

The new close-fitting shifting rail is enough in itself to make you buy a Studebaker buggy.

WORLD NEWS.

(Continued from Page Eight.)

senting 2,000,000 members of that denomination, has declined to join the St. Louis Federation for Good Citizenship. The Lutherans sent a note in which it was stated: "Good citizenship does not mix church and state. Fusion in this matter is simply confusion." Many of the objects of the Federation are commended by the Lutherans, but they stand firm against allowing the church and state to merge, and insist that members of the Lutheran Church will work for the public good as individuals, while the church avoids alliances.

Mayor Henry Kiel was inaugurated at an elaborate ceremony held in the St. Louis city hall at noon on April 12. The building was decorated with flags and flowers, and a union band furnished the music instead of the Industrial School Band, which has served at previous inaugurations.

Ralph Keris, 8 years old, living in St. Louis, Mo., was burned on the abdomen and legs and has died of his injuries, although 1,000 pieces of puppy skin were grafted on the injured parts. He was injured while playing Indian around a camp fire.

The National Drainage Congress, in session in St. Louis, favored the creation of a new cabinet position, "Secretary of Public Works." It was advocated that this new cabinet officer be appointed for the purpose of tak-

ing charge of drainage and reclamation work. The congress also asked for efficient work on the Mississippi, both to make it navigable at all seasons and to reclaim 75,000,000 acres of land along its banks.

Miss Idress Head, for several years librarian of the Missouri Historical Society, was married in Palmyra, Mo., to Prof. Clarence W. Alvord, of the University of Illinois, her former instructor. He is professor of history at the university.

St. Louis University students have volunteered skin to be grafted on Miss Olive Woodward, who was injured in an automobile accident February 23, in which George M. Trumbo, Mrs. Hazel Flynn and Arthur R. Harvey lost their lives.

Park Commissioner Dwight F. Davis, of St. Louis, has asked for \$5,000,000 to improve the city's parks. He asks that a bond issue for that amount be submitted at the special election on issuing bonds to complete the free bridge.

Mrs. Graham E. Babcock, formerly of St. Louis, but now of New York, and estimated to be worth \$15,000,000, is now Mrs. William Downey, the wife of a Canadian athlete many years her junior. She met the young man while he was clerking in his father's store at Brockville, Canada. She is a daughter of the late G. S. Myers, of the firm of Liggett & Myers, manufacturers of tobacco.

LENGTH OF SPECIAL SESSION IS MATTER OF CONJECTURE.

Washington, D. C., April 16.—Whether it will be a long session or a short one is a question which the lawmakers under the dome of the Capitol are unable to predict. If the tariff bill is rushed through substantially as it was prepared by the Ways and Means Committee it is quite possible that Congress will adjourn by July 1. But while the House will very likely pass it quickly, despite the disappointment in various quarters over failure to give what is considered sufficient protection, there will probably be a different story to tell in the Senate. In that body the advocates of protection for sugar and wool are likely to gather enough Democratic support to hamper the program of the administration. That will mean delay, if not disaster for the bill. And then, too, it is not improbable that the President may wish the currency question taken up, and perhaps other important questions, so that the session may stretch along into October.

CANAL COAL DEPOTS.

The official newspaper published by the Government in the Panama Canal zone, known as the "Canal Record," contains an item to the effect that fifteen German steamship lines have applied for coal space on the Canal zone sufficient to store 15,000 tons of coal. This only substantiates the statements that the great steamship companies were getting ready to make the fullest possible use of the canal. After passing through this new maritime highway the first port of call on American soil will be San

Diego, where active preparations are now being made to celebrate the opening of the canal with a great international exposition. Preparations are being made by the steamship companies to take thousands of visitors to the San Diego Exposition.

SUNDAY SERVICES AT NAZARENE CHURCH.

Following are the services which will be held at the Nazarene Church on next Sunday, April 20:
Sunday School—10 a. m.

PROPOSED AMENDMENT TO THE STATE CONSTITUTION PROVIDING ALL STATE, DISTRICT, COUNTY AND PRECINCT OFFICERS WITHIN THIS STATE SHALL BE COMPENSATED BY THE PAYMENT OF A FIXED SALARY.

(H. J. R. No. 41.)

A JOINT RESOLUTION Of the Legislature of the State of Texas, proposing an amendment to the Constitution of the State by adding to Article 16 thereof a new section to be known as Section 58, providing for the tenure and compensation of public officials.

Be it resolved by the Legislature of the State of Texas: Section 1. That there be added to Article 16 of the Constitution of the State of Texas a new section to be known as Section 58, which shall read as follows: Section 58. All State, district, coun-

ty and precinct officers within the State of Texas shall hereinafter be compensated by the payment of a salary to be fixed or provided for by the Legislature.

Sec. 2. The Governor of this State will, as directed by the Constitution, make publication of this proposed amendment in the manner and for the time as required by the Constitution. The amendment to be voted upon by the qualified electors for members of the Legislature of this State at the general election to be held for State officers on July 19, 1913, the returns of which shall, as provided for in the Constitution, be made to the Secretary of State, the result ascertained and proclamation made as provided for in Section 1, Article 17, of the Constitution. There shall be written or printed on the ballots to be used at such election "for the adoption of Section 58, Article 16, as an amendment to the Constitution, providing a salary compensation for certain officers and fixing term of office at four years;" and also "against the adoption of Section 58, Article 16, as an amendment to the Constitution for certain officers and fixing their term of office at four years;" and those favoring the adoption of said amendment shall erase the language "Against the adoption of Section 58, Article 16, as an amendment to the Constitution, providing a salary compensation for certain officers and fixing their term of office at four years;" and those opposing the adoption of said amendment shall erase the language "for the adoption of Section 58, Article 16, as an amendment to the Constitution, providing a salary compensation for certain officers and fixing their term of office at four years;" by running a pencil or pen through the same, and those opposing the adoption of said amendment shall erase the language "for the adoption of Section 58, Article 16, as an amendment to the Constitution, providing a salary compensation for certain officers and fixing their term of office at four years;" by running a pencil or pen through the same.

Sec. 3. The sum of five thousand (\$5,000) dollars, or so much thereof as may be necessary, is hereby appropriated to pay the expenses of carrying out the provisions of this resolution.

JOHN L. WORTHAM,
Secretary of State.

SOCIAL HAPPENINGS.

LINEN SHOWER FOR APRIL BRIDE

Misses Kinder and Alley Hostesses to Miss Harrington.

Misses May Kinder and Eula Mae Alley were hostesses Tuesday afternoon to a group of young ladies in honor of Miss Florence Harrington, the bride-to-be of the Harrington-Anderson wedding...

The deft hands of Misses Kinder and Alley had transformed the Kinder home into a scene of beauty. The color scheme was developed in pale blue, with touches of green and white.

Auction bridge was played from three to four-thirty o'clock, when the guests were invited to the dining room. Covers had been laid for sixteen maidens. The luncheon table was centered with a large blue milene heart, with lily of the valley and white rose border.

The luncheon, of five courses, was a repast of delightful appointments.

The menu consisted of frozen truce, lobster en shell, potato chips and wafers, grape fruit salad, pressed chicken, heart-shaped bread-and-butter sandwiches, strawberry shortcake (heart-shaped), ice cream, angel food cake and after-dinner heart mints.

Miss Harrington was showered with exquisite hand-made linen pieces.

GEO. D. HUNTER

General Passenger Agent Dallas, Texas

and W. Guy Ivey, of Plainview, were married last Sunday evening at the home of W. P. Moss, at Canyon. Rev. Holmes Nichols performed the ceremony.

Miss Bates has been attending the Normal this year, and Mr. Ivey was until recently a tailor at the Leader, a dry goods house at Canyon. Mr. and Mrs. Ivey arrived in Plainview Monday, and will make their home here.

The Herald joins their many friends in wishing them a long life of happiness.

THAGARD-BROWN.

Henry Thagard and Miss Edith Brown, of Lockney, were married, at Floydada, last Thursday, and left Tuesday of this week for Los Angeles, California, where they will make their home.

FIRE BOYS WIN 17-7.

Elks' Pitcher Cannot Stop Opponents; Pipkin, Ryan and Black Fall.

The Elks used three pitchers yesterday in an attempt to stem the tide of defeat. The fire boys seemed to have the "habit." They just wouldn't stop running.

Z. E. Black's work on the firing line was the feature of the game. Plainview's popular after-dinner orator had an elusive fling and his balls were breaking all right; only the firemen seemed to have a way of placing themselves squarely in front of Black's benders. And in two innings eight of the fire fighters had walked, while six others took first by placing themselves in front of Black's benders.

The fire boys crossed the home plate five times during one inning while Joe Ryan was pitching. Home runs by Liston Dunaway in the fifth inning and by Caswell Franklin in the sixth inning may have discovered two stars in Plainview's baseball firmament.

Final score was 17 to 7 in favor of the fire boys. Gate receipts amounted to \$117.25.

JUDGE PENNY ANNOUNCES FOR UNEXPIRED TERM.

Judge L. C. Penny, of Plainview, has announced for the unexpired term in the Texas State Legislature, to fill the vacancy caused by the death of Hon. J. P. Hunt, of Canyon City, representing the 123rd district.

Judge Penny's ability would add luster to our legislative assembly. "It is believed that Judge Penny will be elected without opposition," says the Amarillo News.

You can do more to make your appearance attractive by properly choosing your corsets than in choosing your gowns. It's the lines of your figure that mark you as well dressed rather than the material of your gowns.

KABO

"The Live Model Corset"

KABO STYLE 4024 deserves a large amount of the credit given to stylishly dressed women. There's a Kabo model for every style of figure and the woman who is careful to get the model that suits her special type of figure is just so sure to look well.

For every type of figure in every size we secure a living model of perfect lines and proportions whether it is a slender figure or a full figure; to the figure of this living model we fit and fashion our Kabo corsets intended for women of that general size and appearance. This is exclusively a Kabo idea.

Ask at Our Corset Counter for a Copy of the 1913 Kabo Fashion Book.

KABO STYLE 2034

Wayland students had beautifully arranged the stage and chapel, and much credit is due to both student bodies for their loyalty and support in "rooting" for their respective sides.

As no one was appointed to judge yells, Wayland claims the credit of victory in this field of action.

Judging by public sentiment on the question discussed and by the decision of the judges, Wayland was on the losing side, but Wayland herself knows that her argument was not defeated.

Overpowered by disappointment, because of their loyalty to the school, Wayland's entire student body, as well as her representatives, showed a crushed spirit.

The College is justly proud of her representatives, J. T. Pickett and J. A. Nix, because their arguments were not only a credit to the school, but because each was individual and showed a development of personality.

And in spite of their so-called defeat, were they any the less victors? After all, "The honor lies in the struggle, not in the prize, and the failure that looks up from the valley holds in the tear-drenched eyes the Victory."

HIGH SCHOOL NOTES.

The organization of classes and the preparation of programs reminds us that commencement is near. The "Jolly Juniors" went into organization this week, with Kelley Hooper as president, Gladys Overall as vice president, Faye Garrison as secretary-treasurer, and Josie Rosson as class representative.

Prof. W. H. Warren went to Canyon Saturday, to be present at the annual inter-normal debate. The contestants were representatives of the Canyon Normal and representatives of the Denton Normal. The Denton men were the victors.

Misses Roebuck and Mallow made a trip to Petersburg Saturday, returning Sunday.

The Post City baseball boys disappointed the High School nine by failing to put in an appearance last Friday. Measles was their excuse, two members of the team being afflicted with the disease. However, as the game had been extensively advertised, our boys were not to be outdone. They matched a game with Wayland College on the High School grounds at 4 p. m.

in which they were defeated by the Wayland boys by a score of 13 to 3.

This game, as may be inferred from the result, was liberally sprinkled with errors. Still, there were several good hits, the best being a three-base one by Bell. Wednesday afternoon the Firemen and Elks crossed bats on the High School diamond. An account of this game will be found in another column. EMMA POOL.

LOUISE DUCKWALLS, Reporters.

WE THANK YOU FOR YOUR PAST PATRONAGE

And in order to demonstrate in a more practical manner than in mere words, also to induce you to continue your esteemed favors, we have arranged to GIVE some ONE of our customers a PRESENT consisting of

The Beautiful Claxon Grand Piano

We have now on exhibition. The value of the instrument is \$400.00, and is guaranteed by the makers for a period of ten years. We cordially invite you to call at our store, INSPECT and TRY this beautiful instrument.

YOU have as good a chance of obtaining this valuable GIFT as anyone. Come to our store and let us explain our method of

Giving Away This Piano

We will begin issuing votes next Monday (April 21). Contest will close November 1st. Call for Piano votes.
