IT'S A WISE DOLLAR THAT BUYS "THE HERALD"

VOLUME TWENTY-FOUR

PLAINVIEW, TEXAS, FRIDAY, JUNE 4, 1915

NUMBER TWENTY-FOUR

SUB-IRRIGATION ON BIG SCALE

Elliard Brothers Making Extensive Improvements on Their Farm Near Hale Center.

DRILLING DEEP WELL

Five Wells Pumped by Windmills Will Supply Reservoir; Tile Will Distribute Water.

Reuben and John Elliard have shipped a carload of porous tile from the South Plains Tile Company, in Plainview, to their farm near Hale Center. Messrs. Elliard will experiment with this carload, and if the porous tile proves a success for irrigation, John Elliard says they will build a tile plant and tile 640 acres.

Four and six inch tile pipes will be used to convey the water to different parts of the land; three-inch porous tile will be laid for sub-irrigation. They will have five big windmills and pump into a reservoir for irrigation. Mr. Coffey, of Hale Center, is drilling a big well for them. The drill has gone down 96 feet and has passed through a good stratum of water. The well will be sunk into a lower stratum, which the driller expects to reach at about 110 feet.

The five wells which will be pumped by windmills are being lined with 4-inch pipe, and will have 3 1/2-inch cylinders. John Elliard says that the towers for the windmills are being made higher and of heavier material, so that they will more readily withstand the wind and furnish a more steady flow of water.

It is expected that this car-load of porous tile will irrigate about 10 acres of land. Surface irrigation will be used for the kaffir, maize and alfalfa planted this year; so that comparison can be made between surface irrigation and irrigation by means of porous tile.

Messrs. Elliard are building four Champion stave silos. They will plant 300 acres in kaffir and maize and 40 acres in alfalfa. By next year they expect to have 100 acres in alfalfa. It is their plan to feed 200 steers, a carload of calves and about 300 hogs next winter.

The improvements planned will require an outlay of \$5,000 to \$7,000 this year and \$10,000 next year. This experiment will be watched with considerable interest. It is claimed that sub-irrigation, by means of porous tile, is a much more effective method of applying water than flooding. Less water is required, and after the cost of installation the expense of irrigating is lowered. Porous tile is being installed by many Plainview citizens for gardens and orchards.

PAYS \$4,000 FOR 40 ACRES NEAR PLAINVIEW.

Fort Collins, Colorado, Man Will Irrigate Hale County Land; a Modern Home, Too.

Marlin Putty, of Fort Collins, Colorado, has purchased 40 acres of land at the northwest corner of town for a consideration of \$4,000. The land is unimproved. T. W. Sawyer made the sale.

Mr. Sawyer says that Mr. Putty will install an irrigation plant on this tract, and that he will build a modern home. Mr. Putty has had considerable experience with irrigation in Colorado.

Mr. Sawyer also sold 80 acres at the northwest corner of the townsite to L. M. Blakemore.

SEES HERALD AND JUDGES PLAINVIEW IS "QUITE A CITY."

We have received a copy of The Hale County Herald, of Plainview, Texas, dated May 8th. This is a "booster" edition of 48 pages. Prominent among the advertisers in the automobile section is the E. N. Egge Auto Co., general distributors for the Overland cars for 42 counties. Plainview must be quite a city, and we are pleased to note that our old friend, E. N. Egge, is one of the foremost successful business men.—Joyce (la.) Review.

TO SLATON IN AUTOMOBILE.

O. M. Unger, Geo. P. Hill, H. Blueher, Jake Korder and S. A. Elliott went to Slaton yesterday, in an automobile.

AMARILLO VISITOR TALKS AUTO ROAD.

Would Put Plainview on Colorado-South Texas Highway; to Denver via New Mexico.

Clarendon Ions, of Amarillo, visited the city Friday and conferred with members of the Chamber of Commerce regarding the recent efforts of the towns north of here to secure the Colorado-to-the-Gulf Automobile Route. Mr. Ions throws a new light on the situation with reference to the interests of Plainview and Amarillo being mutual, which seems worthy of consideration.

When interviewed by a Herald representative, Mr. Ions said:

"Since getting up enthusiasm between towns on the Denver road to secure the Colorado-to-Gulf Highway, we have been told that the people of Plainview feel that we have either given them the "go-by" or, worse, are actually working against their interests. This impression will not agree with the facts, and it seems certain that the Plainview people cannot understand the true situation, which is that neither Amarillo nor Plainview nor any town in the Panhandle is at present getting any Colorado-to-Gulf tourists whatever.

"At present the travel leaves the State 14 miles north of Wichita Falls, passes over the "Chisum" Trail northward across Oklahoma and Kansas to a juncture with the Santa Fe Trail on the Arkansas River, and on through Lamar to Pueblo, Colo. We can't get this traffic unless we tap the line at Wichita Falls. We are arranging to do this, and the towns north of Amarillo in Texas and New Mexico are putting a line through Dalhart, Clayton, Des Moines and Raton to connect with the Trinidad-Raton Scenic Highway, which will pull the traffic away from the eastern route and bring it through the Panhandle. If we are successful in doing this, we will then deliver within 80 miles of Plainview a traffic which has never heretofore touched the Panhandle at any point.

"This will enable the people of Plainview to divert this route southward, especially that routed to San Antonio and Corpus Christi, and give Plainview an opportunity which she has never had, to secure this traffic after we pull it into the Panhandle. It is practically certain that when the line goes northwest from Amarillo the entire travel will select the high, cool Panhandle and mountain route and abandon the low altitudes now followed, but unless this diversion is accomplished there will never be a chance for either Plainview or Amarillo to get the tourists."

Continuing, Mr. Ions said: "It is my belief that a warm feeling of comity exists not only between the people of Amarillo and Plainview, but between all the western towns. In extending the auto routes southward from Amarillo, there are a number of live towns which will spare no effort to get all that is coming to them. The people of Plainview, Lubbock, Big Springs and San Angelo can combine and get the earth if they want it; nothing can stop them. My personal opinion is that Amarillo regards Plainview as a specimen of grit, and push and energy so admirable and so closely associated in business and social interests that the pride of kinship is felt with the Queen City of the South Plains. Realizing this sentiment, it certainly behooves the citizens of both towns to show appreciation of the untiring efforts and unselfish labors of such men as O. M. Unger, of Plainview, and Charlie Wolfelin, of Amarillo, by all getting together in unison and a spirit of mutuality for the accomplishment of our common goals."

Mr. Ions is well posted on road conditions in West Texas, having driven his car over the entire line between San Antonio and Plainview and covered all the routes from the Plains to Central West Texas, in connection with business as Panhandle Manager of the San Antonio Life Insurance Co. He left in his Paige car for Lubbock Friday afternoon.

RISSEY IS DOING PLACE IN WHITE.

W. E. Rissey is giving an object lesson of how to make the farm more attractive. He has put up a splendid wire fence, removed the bark from his posts and painted everything white. Mr. Rissey's place stands out vividly. He has rendered a distinct service to the people, by showing them how small improvements attract.

PARCELS POST AVERAGES 300 PKGS.

Service Has Increased Rapidly Since January 1; C. O. D. Packages Taken July 1.

P. O. RECEIPTS \$1,700 GREATER

Postmaster Keck Says Three Times as Many Special Delivery Letters as Last Year.

Parcels post, including incoming and outgoing shipments, averages about 300 packages a day, according to Postmaster G. C. Keck. From April 1 to June 1 126 insured packages have gone out from Plainview; since January 1 252 insured packages have been sent. Relatively few of the packages are insured.

After July 1 packages may be sent C. O. D., with a value limit of \$100. The charge for sending a C. O. D. package also includes fee for return of money to the sender and insures the package.

The number of registered letters received by Mr. Keck is about the same as last year. Mr. Keck takes this to indicate a considerable increase in the business of the local office. Many packages which would have gone by registered mail have been sent by parcels post since the new service was established, January 1.

Special delivery letters have increased, the postmaster thinks, at least three times over last year's receipts.

Receipts of the post office for the year ending March 31, 1913, were \$13,267.88, as compared with \$11,561.00 during the year ending March 31, 1912; showing an increase of \$1,706.88. The fiscal year of the Post Office Department ends March 31.

Towns having post office receipts of more than \$10,000 are entitled to free delivery service as soon as sidewalks are put down. The inspector has said that he would recommend Plainview for free delivery service when we connect up our scattered sidewalks and build street crossings. The street crossings are being put down.

"LONG-HEADED BUSINESS MAN WAS RIGHT," HE SAYS.

Dallas Commercial Traveler Thinks Plainview Should Make Metropolis of Northwest Texas.

"That 'long-headed business man' referred to in Tuesday's Herald, who said that if Plainview doesn't grow into the metropolis of Northwest Texas it is your own fault, was exactly right," said a traveling man from Dallas yesterday.

"You have a wonderful soil—the best proposition for intensive farming I have ever seen, and you can grow anything. Your merchants are alive, and Plainview is doing the best business I have found any town doing. There is just one thing it seems to me you might do to advantage—more concentrated effort of an organized nature. It takes organized effort to win."

ABILENE MAN BOOSTS PLAINVIEW.

R. F. Jones, of Abilene, visited W. E. Winfield yesterday. Messrs. Winfield and Jones used to buy mules together, but W. E. has "graduated" into furniture.

"Your male barns are the best I have seen outside of the general stock yards," Mr. Jones said. "You have a wonderful country. I am a Plainview booster. Recently I have been over Missouri and adjoining states. Many people asked me where they should go, and I invariably told them to locate around Plainview."

DR. ANDERSON WILL USE MOTOR.

The Layne-Bowler Co. is placing machinery today and will begin drilling a big well on Dr. J. C. Anderson's farm west of town tomorrow. A day and a night shift will be worked. The well is expected to develop about 1,500 gallons of water a minute, according to Mr. Layne. A thirty-five horsepower direct-connecting motor will be installed. Only one other well has so far arranged to use electricity for pumping; the Texas Land and Development Company will use an electric motor for pumping their well at the lake just north of the Santa Fe depot.

Electricity for both of these wells will be supplied by the local light company.

CIVIC LEAGUE PUTS ON SPELLING BEE

Popular Organization Decided Wednesday to Enter Clean-Town Contest.

DRINKING FOUNTAIN PRIZES

Municipal Problems to Be Worked Out by Women of Plainview.

Can you spell? If there is any uncertainty about it you had better get out your blue-back speller and brush up. The Civic League is planning an old-fashioned spelling bee to be held sometime in July. Mesdames B. L. Spencer, C. C. Gidney, G. C. Keck, L. P. Powell and Miss Rosa Fowle were appointed a committee to arrange for the spelling bee.

At its Wednesday's meeting the Civic League also determined to enter the second Clean-Town Contest which will be conducted by Holland's Magazine. It was rumored last week that Plainview would enter the contest; any statements to that effect were without fact, however, because the contest was only announced last week, and no action could be taken until the Civic League met Wednesday.

The prizes offered are sanitary drinking fountains for every public school building in the corporate limits of the town. The contest will also be extended to include Oklahoma.

In Texas, towns will be divided into three classes: Class A—towns of 5,000 and not more than 12,500; Class B—towns of 2,500 and not more than 5,000 population; Class C—towns of 1,250 and not more than 2,500 population. Oklahoma towns will be divided into Class D, those having 5,000 and not more than 10,000 population; Class E, having 2,500 and not more than 5,000 population.

In 1912 eighty-six towns entered the contest. Each town entering the contest will be inspected and scored on the following points:

Condition of streets, parks and alleys.

Water, water supply and drainage. Collection and disposal of sewerage. Condition of vaults and privies (if no sewer system).

Condition of vacant lots.

General appearance of homes. Ventilation and care of public buildings and semi-public buildings. Public conveniences, especially those for schools.

Presence of flies, mosquitoes and other disease-carrying insects. Handling and exposure of meat, fruit, pickles, ice, milk and milk products and other food products offered for sale.

Such special conditions as may directly affect the health or cleanliness of a town.

Inspections will be made wholly at the expense of Holland's Magazine, and will be under the personal supervision of Dr. M. M. Carrick, medical director in charge.

DIVORCE SUIT TO PLAINVIEW.

Clements Says Grasshopper Scare on South Plains Ungrounded.

Charles Clements, county attorney; Judge L. S. Kinder, W. C. Mathes, G. L. Mayfield, L. C. Penry, C. D. Russell, Wm. Baker and C. O. French, of Kansas City, Missouri, went to Olton this week to attend Lamb County Court. The grand jury found no bills.

The divorce suit of Lillian B. Nafzger vs. John N. Nafzger was transferred to Plainview, and will come up in August. Mrs. Nafzger will receive alimony of \$40 a month until the suit is settled.

Charles Clements says he found no grasshoppers and could get no trace of any. He thinks that the talk of a grasshopper scourge anywhere on the South Plains is "all bosh." The people at Olton had heard that Plainview was being treated to a visitation of the pest until the county attorney assured them that there were no grasshoppers here.

WILL INVESTIGATE PUMPED IRRIGATION.

M. D. Henderson, General Manager, and R. S. Charles, Chief Engineer, of the Texas Land and Development Co., went to Deming, New Mexico, today to investigate the question of pumped irrigation. Deming is the great pumped irrigation district of New Mexico.

TRAPPERS BRING IN HALF MILLION FLIES LAST WEEK.

Herwin Galloway Wins Blasigame & Kilinger Prize with Catch of 150,000 Pests.

Herwin Galloway won the prize of 50c offered by Blasigame & Kilinger for last week to the boy or girl leading in the fly-trapping campaign. Herwin brought in nearly a bushel of flies—in round numbers, 180,000.

Last week Herwin was second, with 48,000. Harold Baker trapped 159,000 flies this week. Ed Kerr brought in 105,000 and Almira Strange trapped 69,000. Almira is the only girl who has entered the contest. She is making the boys look sharp. Almira expects to win the prize.

Tom Morrison came third in the list for this week's catch, with 130,500 flies. His entire previous catch had only been 6,000. Hot days are bringing out the flies. Vincent Tudor trapped 6,000; Coy Meyers and Wilbert Frye entered the lists this week for the first time, with 12,000 each. James Otis Trulove turned in 12,000.

Mrs. L. D. Rucker and Mrs. R. S. Charles have received 879,000 flies, or 4 bushels and 37 pints, since the contest began up to Tuesday. Total catch to date:

Herwin Galloway	228,000
Edward Kerr	165,000
Harold Baker	159,000
Tom Morrison	136,500
Almira Strange	106,500
James Otis Trulove	48,000
Vincent Tudor	12,000
Wilbert Frye	12,000

RAIN IS GENERAL OVER SOUTH PLAINS.

Floyd, Lockney and Petersburg Communities Receive Heavier Downpour.

Rains seem to have been general over the South Plains this week. G. R. Caldwell was in from Floydada and Lockney Wednesday. He says that those sections have not suffered. Grass in Floyd County is being leased for 25c an acre, according to Mr. Caldwell. Reports from Petersburg also indicate heavy showers in that section.

Tuesday night there was 93-100 of an inch rainfall in Plainview, according to local weather bureau reports. A downpour about midnight Wednesday increased the total to about 1 inch. This rain fell slowly and was absorbed.

PLAINVIEW CREAMERY INCREASES BUSINESS.

Home Industry Can't Get Enough Cream from Farmers; Big Bottling Works in Connection.

T. W. Morrison shipped 150 cases of soda pop, Coca-Cola and Dr. Pepper to Crosbyton today for the big celebration today and tomorrow. Mr. Morrison bottles all kinds of carbonated drinks in connection with his creamery. He is making 200 to 250 gallons of ice cream a week now, and is shipping ice cream to Floydada, Lockney, Hale Center, Tulia and some to Lubbock.

"The only difficulty I have had has been in securing enough cream," Mr. Morrison said. "We will take all that comes. It might be well to suggest that we can pay 2c a pound more for sweet cream than for sour cream, because we can pasteurize the sweet cream and hold it. Sour cream must be used at once."

Mr. Morrison is establishing the trade mark "Delicious" over the South Plains. His creamery is an industry of which few people know; it is one of which every citizen ought to be proud. It offers farmers a constant market for their cream and should encourage them to increase and improve their herds.

Dairying pays when the best cows are kept. Dr. W. P. Cutler, dairy commissioner of Missouri, is authority for the statement that a dairyman in Macon County, Missouri, makes a net profit of \$10 a month from his Jersey cows. Many farmers do not make any profit because they keep poor cows. The dairy cow and the silo are a money-making combination. But a record of every cow's production should be kept.

Mr. Morrison offers the farmer a ready market for every gallon of cream he can produce.

L. M. Staley left Wednesday to visit his people at Ringgold and Burkburnett, Texas.

AUTO SPEED LIMIT NOT REGARDED

Consensus of Opinion Is That Fifteen Miles an Hour Is Safe and Fair.

PRESENT LIMIT 8 MILES

Auto Drivers Say Many Cars Can't Be Slowed to Limit Now Imposed.

Increase the speed limit, and then demand that it be respected. That seems to be the sentiment of Plainview automobile drivers. The speed limit in Plainview is 8 miles an hour. Automobile drivers admit that nobody pays any attention to the law.

The consensus of opinion is that relatively few of the cars can be driven as slowly as 8 miles an hour with any degree of comfort, and a great many of the cars will not run that slow. Most drivers seem to think that 15 miles an hour would be a fair speed limit.

Joe Ryan, Manager of the Southwestern Telephone Company, drives a Hudson "37." "My car is new, but I can hardly pull it down to 8 miles an hour," Mr. Ryan said yesterday. Mr. Ryan favors a limit of 15 miles, with strict enforcement of the law.

A. E. Harp drives a new Case "40." He says that he can't run his car slower than 10 miles an hour. Fifteen miles an hour, Mr. Harp thinks, would be entirely safe. A speed limit of 15 miles an hour could be enforced. He thinks that would be far better than permitting entire disregard of the law, as it now stands.

"Everybody who drives violates our ordinance regarding speed," said Dr. J. W. Grant. "I cannot drive my car as slowly as 8 miles an hour. A man can drive twelve or fifteen miles an hour just as safely as at a slower rate. Why not make the limit one which can be observed, and then demand that it be obeyed?" Dr. Grant drives a 1913 Ford.

J. H. Slaton, President of the First National Bank, says that he can drive as slowly as 8 miles an hour, but it is uncomfortably rough. He thinks that a speed of 12 miles an hour might be attained in the business portion of town without danger. A car running 12 miles an hour is under entire control of its driver, Mr. Slaton thinks. Mr. Slaton drives a 1913 Buick.

"I can run 8 miles an hour, but I don't do it," D. Heffelfinger, of the Shallow Water Land Company, said. "Not more than half of the automobiles in Plainview can run that slowly, and none of the drivers respect the ordinance. I would favor a limit of 15 miles, and strict enforcement of the law." Mr. Heffelfinger drives a Hudson.

"My Ford won't slow down to 8 miles an hour," T. W. Sawyer, member of the City Council, said to a Herald reporter. "I believe the new Fords will run that slowly. I have always favored a speed limit of 12 to 15 miles an hour. That could be enforced. There isn't an automobile driver in Plainview who doesn't break the speed limit of 8 miles an hour. I think it is bad to have a law which we can't enforce."

It has been suggested that 8 miles is a good speed limit, because if the limit were 12 or 15 miles an hour it would be impossible to tell when a man were running above the limit if he were going, say, not more than 20 miles an hour; whereas, if the limit were 8 miles an hour, it would be easy to tell when a man was driving 10 miles above the limit, or say, 18 miles an hour. The idea is to keep anybody from driving at a dangerous rate of speed, rather than to enforce the letter of the law; and if the limit is fixed at 8 miles most drivers will keep within a limit of fifteen or twenty miles an hour.

AS LARGE AS EVER.

Readers Are Pleased with First Issue of Twice-a-Week Herald.

"Just as full of news as ever," was the comment made by a number of subscribers when their first copy of the new Twice-a-Week Herald came out Wednesday morning, "and just as large." Readers seemed pleased with the change. It is the purpose of the publishers to cover the entire news field. For the present 8 pages will be issued Tuesday and 12 pages Friday. When that is not enough to hold all the news The Herald will enlarge.

Put the rest in the bank. You'll find yourself in the best of company---your troubles lighter---your purse heavier---if you buy a Ford---and join the happy throng of those who know car comfort plus service satisfaction.

More than 275,000 Fords now in service---convincing evidence of their wonderful merit. Runabout, \$525; Touring Car, \$600; Town Car, \$800---f.o.b. Detroit, with all equipment. Ford Motor Company or

A MESSAGE TO WOMEN

Who are "Just Ready to Drop."

When you are "just ready to drop," when you feel so weak that you can hardly drag yourself about---and because you have not slept well, you get up as tired-out next morning as when you went to bed, then you need help right away.

Miss Lea Dumas writes from Malone, N. Y., saying: "I was in a badly run-down condition for several weeks, but two bottles of Vinol put me on my feet again and made me strong and well. Vinol has done me more good than all the other medicine I ever took."

If the careworn, haggard men and women, the pale, sickly children and feeble old folks around here would follow Miss Dumas' example, they, too, would soon be able to say that Vinol, our delicious cod liver and iron remedy, had built them up and made them strong.

It is a wonderfully strengthening and invigorating body-builder, and we sell it under an ironclad guarantee of satisfaction. You get your money back if Vinol does not help you.

ASSIGNEE'S NOTICE.

THE STATE OF TEXAS,
County of Hale.

To the Creditors of Vickery-Hancock Grocery Company:

You are hereby notified that Vickery-Hancock Grocery Company, a firm composed of F. C. Vickery and W. M. Hancock, of the County of Hale, on the 23rd day of May, 1913, executed a deed of assignment conveying to the undersigned all his property for the benefit of such of his creditors as will consent to accept their proportional share of his estate and discharge him from their respective claims, and that the undersigned accepted said trust, and has duly qualified as required by law.

All creditors consenting to said assignment must, within four months after the publication of this notice, make known to the assignee their consent in writing, and within six months from the date of this notice file their claim, prescribed by law, with the undersigned, who resides at Plainview, Texas, which is also his post office address.

WITNESS my hand this 26th day of May, A. D. 1913.

JOSEPH FOWLER,
Assignee.

FEDERAL INJUNCTION FOR EXPRESS COMPANY.

Temporary Restraining Order Issued Against Katy Upon Application of American Express Company.

Judge Edward R. Meek, of the United States District Court at Dallas, has granted a temporary restraining order to prevent the Missouri, Kansas and Texas Railway of Texas from accepting or allowing any shipments over its line by the Empire Express Company and restraining the Empire Express Company from offering such shipments to this railroad. The restraining order was granted upon application of James C. Fargo, for himself and as president of the American Express Company. The date for hearing on the order was fixed for June 9 at 10 a. m.

The Empire Express Company is a Texas company formed recently to conduct an express business in this State. The American Express Company has a contract with the Katy Railroad to handle the company's business. The Empire Company recently filed at Greenville a suit to compel the Missouri, Kansas and Texas to accept its express. This suit is still pending.

HOTTEST MAY THIRTIETH EVER RECORDED IN KANSAS.

Middle West Swelters When Thermometer Goes Above 100; 98 Degrees Is Hottest in Plainview.

Friday was the hottest May 30 ever recorded in Kansas, according to the Kansas City Star. The mercury played around 100 degrees all over the "Sunflower State." In Missouri temperatures varied from 96 to 105 degrees. A young woman attending the University of Missouri, at Columbia, was prostrated last week while walking to class.

The thermometer went up to 98 degrees at the local weather bureau, according to John Sander, but Mr. Sander does not remember which day it was. Perhaps "old sol" was working out a grudge against the weather man.

McGEEHEE WILL BUILD SILOS.

Resident of Lockney Community Says Oats Will Yield 70 Bushels an Acre.

The McGeehee well near Lockney is giving convincing proof of increased profits from irrigation. Mr. McGeehee is experimenting with a small acreage of oats this year, which he says will make 70 bushels to an acre.

Mr. McGeehee is planting 175 acres of kaffir and maize, which he will use to fill four silos which he will build this summer. The silo, he thinks, is so valuable that no farmer can afford to be without one.

The Texas Land and Development Company is digging a series of thirty big wells around Lockney.

A BANK'S AID TO FARMERS.

Blooded Cows Sold on Easy Terms by an Oregon Institution.

Burns, Oregon.—The Harney County National Bank has purchased several car-loads of Holstein-Friesian cows in Illinois, and will distribute them among reliable farmers of this county on terms that practically will allow the animals to pay for themselves. A large number of hogs were distributed in this county last year under a similar plan, and the bank announces that the experiment was a success. I. S. Geer is to leave for Illinois soon to bring the dairy cows here.

George W. Young and E. P. Sylvester, of this place, also have arranged to import large numbers of dairy cows to be distributed in this district.—Portland Oregonian.

"CHURCH OF CHRIST" BUYS HOUSE OF WORSHIP.

The members of the Church of Christ have purchased the Northern Methodist Church house and lots, on corner of Grover and First Streets, and are making considerable improvements on the house. They will have Sunday School every Sunday at 10 a. m. There will be preaching at 11 a. m. and 8:45 p. m., by F. Ross. Prayer meeting every Thursday evening at 8:45.

Elder A. J. McCarty, Christian evangelist, will begin a series of gospel meetings for the church the first Sunday in July. Brother McCarty is an able preacher.

TOM GREEN "BABY BEEF CLUB" GAINS 30 BOYS.

Thirty boys have agreed to join the Tom Green County "Baby Beef Club" as a result of the campaign conducted in the county during last week, says a San Angelo report. Those who are conducting the campaign expect to increase the club membership by at least seventy more within a month.

While away these spring evenings listening to a "Victor." J. W. WILLIS DRUG CO. has them. —Adv. 11.

DALLAS GIVES A. & M. SCHOLARSHIP ON SILOS.

Six Farmers Appointed from Each District in County to Take Correspondence Course.

Upon request of the Dallas Chamber of Commerce the County Commissioners of Dallas County have appointed twenty-four farmers to take advantage of the twenty-four scholarships in the Agricultural and Mechanical College course on silos and silage. Six farmers were appointed from each commissioner's precinct in the county.

The course is offered by correspondence, designed to encourage and increase silo farming over the State. The Chamber of Commerce purchased twenty-four courses for the purpose of introducing the work among Dallas County farmers.

WOMEN OF CAPITAL WOULD FETER CUPID.

Health Certificates as Marriage Requisites Meet Approval of Society Leaders.

Washington, D. C., June 2.—Sex hygiene and the enactment of a law compelling the prospective bridegrooms in the Nation's capital to secure a certificate of health before a marriage license could be obtained, were subjects for discussion today at a meeting of prominent society women and welfare workers.

While it was apparent the women were agreed on the compulsory production of the health certificate by bridegrooms, there was a difference of opinion as to the method of issuing such a certificate.

One group favored the establishment of a medical board in connection with the health department, while others would leave the matter to any reputable physician.

SIMPLICITY FEATURES WEINERT'S INDUCTION.

Austin, Texas, June 2.—True Jeffersonian simplicity marked the induction into office of the new Secretary of State, F. C. Weinert, who assumed charge this morning.

Arriving at the department at an early hour, the oath of office was administered by Miss Jennie Brin, an employe in the department, who is also a notary public, and without further ado Secretary Weinert began his duties.

When in need of a good Paper Hanger or Painter, phone 459. PLAINVIEW DECORATING CO., W. D. Jordan, Manager. —Adv. 11.

HARRAL WEBB DIES IN FORT WORTH.

Harral Webb, son of Mrs. Webb, proprietress of the Hale Center Hotel, who was taken to Fort Worth two weeks ago for an operation for appendicitis, died there on Thursday night of last week. The body was brought to Hale Center by the mother on Saturday for interment Sunday.

\$100 Reward, \$100

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address F. J. CHENEY & CO., Toledo, O. Sold by all Druggists, 75c. Take Hall's Family Pills for constipation.

A clean newspaper is a welcome visitor in all refined homes; it will help in a telling way in homes where the best in newspaper literature may be wanting. By sending the Twice-a-Week Herald to the former where it may not now be known, but would be appreciated, and by handing it to the latter, where its influence would be good, you can greatly help the cause of clean journalism.

500 Miles on One Gallon Oil with new Franklin lubricator

The Air-Cooled Franklin

We have just received two of the new Model M Little Six Franklins. We want you to see these cars and have us demonstrate them to your satisfaction. These machines are built by the best workmen of the best material. The result is therefore never in doubt. Franklin owners are satisfied owners. Look over all the other makes if you care to but see the Franklin before you buy.

"No radiator trouble when you own a Franklin."

J. J. ELLERD

Ellerd Building Phone 60 Plainview, Texas

Strong, durable, comfortable and light, with no radiators, water jackets or pumps to freeze

No Batteries to go dead and cost time and money

No Timer or Coil to get out of order

McCray Refrigerators

are to other refrigerators what refrigerators have been to the old-fashioned ice chest. The McCray prevents odors, insures health where inferior makes poison, and reduces the ice bills. Used by the U.S. Government.

Detroit Vapor Gasoline Stoves

save hours of labor over the hot coal cook stove, relieve tired housewives and preserve temper during the summer days.

Our Third Anniversary

We want our Customers and Friends to help us celebrate our Third Anniversary in Plainview.

On June 12th it will be Three Years since we opened our doors for the Drug trade in your midst and our trade has been very satisfactory, indeed.

COME, spend the afternoon, from 3 to 8, with us. See what we offer you in the Drug line, and take a FREE Drink or Ice Cream with us and have a good time.

R. A. Long Drug Company

HUPMOBILE LOWERS RECORD LOS ANGELES TO FRISCO.

Fresno Driver Averages 40 Miles an Hour Over California Roads.

E. W. Johnson, of Fresno, California, has trimmed 3 hours and 5 minutes from the record for the valley route between Los Angeles and San Francisco, Calif. On April 22 he drove a Hupmobile roadster "32" between these towns in 14 hours, averaging approximately 40 miles an hour. On April 22, a Hupmobile "32" roadster, driven by E. W. Johnson, of Fresno, California, cut three hours and five minutes off the record for the valley route between Los Angeles and San Francisco. Johnson drove the little car through in the remarkable time of 14 hours flat, averaging approximately 40 miles per hour. The best previous record for the trip, which has been essayed for record purposes by virtually every car sold on the Pacific coast, was 17 hours and 5 minutes. This record had stood for more than two years.

The start was made from the Times Building in Los Angeles at 4:30 o'clock a. m., and the car landed at the office of the Hupmobile dealer in

San Francisco at 6:30 o'clock that evening.

TEXAS INDUSTRIAL NOTES.

Belton.—By an overwhelming majority Bell County Road Precinct No. 1 recently voted \$150,000 in bonds to be used in building good roads.

Donna.—Hidalgo County will vote upon a \$200,000 good roads bond issue on June 18. Sentiment throughout the county favors the issue, and it will no doubt carry by a large majority.

Clarksville.—The voters of Precinct No. 1 of Red River County have petitioned the Commissioners' Court to order an election on June 28 to vote upon the issuance of \$290,000 for the construction of a system of permanent highways.

Lindale.—The voters of this road precinct of Smith County carried the \$75,000 road bond issue by a vote of nearly four to one.

Brownsville.—Potatoes grown in the Brownsville section broke all records for prices in the United States, it is claimed, when local shippers marketed twenty-five carloads at from \$2 to \$2.25 per bushel f. o. b. Brown-

ville during the season just closed.

Bartlett.—Commissioners' Court of Bell County has ordered an election to be held in Precinct No. 3 on June 14 to determine whether or not bonds in the sum of \$50,000 shall be issued for road improvement.

Tyler.—The Commissioners' Court has been petitioned to order an election in this precinct of Smith County to submit the proposition of issuing \$300,000 good roads bonds, the election to be held on July 8.

Kerrville.—The taxpayers of Precinct No. 1, Kerr County, recently voted \$40,000 for the purpose of constructing good roads. The election was carried by an overwhelming majority.

Pilot Point.—A good roads bond election in which \$125,000 will be submitted will be held in this precinct of Denton County on June 21.

Paducah.—The Cottle County Commissioners have ordered an election on the issuance of \$50,000 bonds for good roads in Precinct No. 1.

Grandbury.—A movement is under way in this precinct to petition Commissioners' Court to order a good roads bond election in Justice Precinct No. 1 of Hood County.

Brenham.—The Young Men's Business League is vigorously pushing a campaign to have the Commissioners' Court order an election to vote upon the issuance of \$350,000 for good roads.

Tyler.—The Commissioners' Court of Smith County has been petitioned to order an election on Tuesday, July 8, to vote upon the issuance of \$300,000 good roads bonds.

Waco.—Rapid progress is being made in the construction of the new steel bridge over the Brazos River for the Dallas-Waco Interurban. The bridge will probably be completed ahead of schedule time.

San Angelo.—Work on the new \$10,000 Santa Fe roundhouse here is scheduled to commence within a few days. Every modern facility for handling engines will be installed.

Blossing.—Within the past week a local firm has disposed of a full carload of silos to the farmers in the adjacent territory. The farmers are delighted with their short acquaintance with this modern boon to the tiller of the soil.

Cuero.—Great interest is being manifested throughout the mid-coast country over the meeting of the Mid-Coast Industrial Congress, which convenes in this city May 27-28. The Cuero Commercial Club, in conjunction with the Ladies' Civic League, will entertain the visitors.

Hereford.—Silos seem to be the order of the day in this entire section, several having been erected in this immediate vicinity within the past few weeks. The movement is growing, and the Plains country will soon be dotted with silos.

BAYLOR COMMENCEMENT DRAWS LARGE CROWD.

Waco, Texas, June 2.—Many former students, alumni and friends of the university were in attendance upon the commencement exercises at Baylor University today, and the number will be augmented by tomorrow, which is designated as Alumni Day, and around which all of the alumni functions will center.

SWEET POTATO, TOMATO AND CABBAGE PLANTS---in any quantity

All plants large and hardy. Ready for open planting.

WINDOW BOXES

Your unsightly back porch--or front; your office windows--small cost to grow a garden there, too! No need of fussing and mussing with dirt and old lumber. Plainview Floral Co. wipes out the bother--the uncertainty--for about the same money. Yes, and furnishes anything--or everything--plants, boxes, soil and trained labor.

For Your Rose Garden

We offer you the best in Rose Buds, Yearlings and Two-Year-Olds. A heavy line of Bedding Geraniums and Chrysanthemums. All plants that go to the open in Spring.

The addition to our Greenhouse is almost complete. We will keep, in season, all kinds of garden plants--Sweet Potato Slips, Tomatoes, Pepper, Cabbage, etc.; also a supply of best bulk Vegetables and Flowers.

CUT FLOWERS.

We propose to keep on hand at all times everything in Cut Flowers and Pot Plants found in a first-class Greenhouse.

BIRDS AND FISH.

We have a number of beautiful species of Canaries, Red Birds and Gold Fish for your home.

Just ask Central this morning for Phone 195

"We're as near to you as your phone."

RANCHMAN USES HOLLOW BRICK TO BUILD SILOS.

Parker County Man Says Tiling Will Withstand Dry Weather Best; Will Feed 2,500 Cattle.

Charles H. McFarland is building on his ranch near Weatherford, in Parker County, eight silos of hollow vitrified brick tiling, with reinforcement running over each layer of tiles and further reinforced with steel.

Mr. McFarland says the material used in these silos will stand the dry climate better than wood, which has a tendency to deteriorate. The eight silos will, when completed, take care of 5,000 tons of silage. One of 600 and two of 300 tons each, standing forty-three feet in height, with diameters of more than twenty-five feet, are nearly finished.

With eight silos, Mr. McFarland will have silage sufficient to feed 2,500 head of cattle, figuring two tons to the head. The silos are being built in pairs, with a loading house between, under which the wagons will drive and receive loads from chutes set in the sides.

BENEFITS LOCAL PEOPLE.

Plainview people have discovered that A SINGLE DOSE of simple buckthorn bark, glycerine, etc., as compounded in Adler-i-ka, the German appendicitis remedy, relieves gas on the stomach and constipation AT ONCE. J. W. Willis, Druggist. —Adv. 24

START YOUR LIVER; DON'T STOP WORK.

Dodson's Liver Tonic Acts Mildly, but Surely—Livens Up the Liver and You Stay on Your Feet.

It is the experience of calomel users that if they take enough of the drug to have the desired effect, it seriously interferes with their work the day after. But this is the least important item, for calomel is often a dangerous drug and acts on the system violently.

Don't take chances with calomel. Get a bottle of the pleasant, safe and perfectly harmless Dodson's Liver Tonic, guaranteed to take the place of calomel. Instead of making you feel

worse the next day, it makes you feel better—and you actually are better, for no remedy in the whole world livens up the liver, regulates the bowels and rejuvenates the system any better than this dose.

You are the sole judge of its merits. R. A. Long Drug Co. is fully authorized to hand you back your money without question if it fails to please you—and relieve you.

Remember, if you are constipated and bilious, what you need is Dodson's Liver Tonic. A large bottle and a good guarantee for 50 cents from R. A. Long Drug Co. —Adv. 24

BIG SURPRISE TO MANY IN PLAINVIEW.

Local people are surprised at the QUICK results received from simple buckthorn bark, glycerine, etc., as mixed in Adler-i-ka, the German appendicitis remedy. J. W. Willis, Druggist, states that this simple remedy antiseptizes the digestive system and draws off the impurities so thoroughly that A SINGLE DOSE relieves sour stomach, gas on the stomach and constipation INSTANTLY. —Adv. 25

If Your Garden Needs Rain

LET YOUR WINDMILL AND

Hardin Porous Tile

SUPPLY IT FOR YOU

Don't let the hot sun bake your garden by watering the surface but put the water underground where it reaches the roots and keeps the soil thoroughly moist and mellow. You can make your own test of the porousness of our tile by blowing thru it--Call at our factory and try it.

PEACE PLANS MEET JAPANESE APPROVAL.

Viscount Chinda Informs Bryan That His Nation Is in Accord with Arbitration Plan.

Washington, D. C., June 2.—Viscount Chinda, the ambassador from Japan, late today called upon Secretary Bryan with formal notification that Japan had accepted in principle the proposed plan advanced by the United States for universal peace.

Signatories of the proposed treaty would agree to refrain from hostilities for a period of at least nine months while any conflicting claims were under consideration by an international joint commission.

Only Principle Approved.

In the case of Japan, as with the ten other nations that have received the proposal favorably, the response applies solely to the general principle involved, and not definitely to the details of the project. Therefore, it may be many months before the tentative draft of the convention, which Mr. Bryan submitted to the various embassies and legations, can be reduced to a form which will receive their unqualified approval.

No Alien Bearing.

The statement by the Japanese ambassador that his government was prepared to give careful consideration to the peace proposal has no bearing whatever upon the negotiations now in progress between the two countries regarding the California alien land legislation. The Japanese foreign office has not yet cabled the ambassador definite instructions regarding the submission of its rejoinder to the last note, and it is known that it is conducting an original investigation as a basis for its rejoinder.

FIFTEEN MILES WITHOUT WATER

Pacific Coast Driver Takes Long Chance with Overland.

Necessity and absolute confidence in a car will often tempt a man to take chances which, ordinarily, he would not think of trying. Here is one case where this combination worked, and the man who took the chance pulled through with flying colors.

L. George Thompson, of the Los Angeles branch of the J. W. Leavitt Company, Pacific Coast distributors of Overland cars, while on a recent tour, found himself in a desert country without a drop of water in the radiator of his car and fifteen miles from the nearest water hole. Mr. Thomp-

son is as good as the average man at walking, but those fifteen miles looked to him like fifty, and he was as dry as his machine. So he took a chance, and, much to his surprise, not only reached the water hole, but found his car only slightly warmer than at the start.

In telling of his experiences later on, in the salesroom, he was given the laugh by all present, so undertook to make good. He removed the radiator entirely and ran his car about town for another 15 miles. The unbelievers were convinced and the feat has become the talk of California motordom.

"STOCKERS" IN DEMAND AT K. C.

Call for Feeders Is Not Urgent; Hogs Sell Well.

Kansas City Stock Yards, June 2.—Monday gluts at Chicago have come to be the rule in the cattle trade, and the rule was working today. The supply here was moderate at 8,000 head, and prices here are steady, in spite of a decline at the Lake market. Recent events show Chicago to be the beef market, local supplies running rather light, even when some stock cattle en route to the Northwest are included here.

Prices made small gains last week, except on heavy fed steers, which are no better than a year ago. Some big Nebraska steers brought \$8.15 and \$8.25 today, and light mixed yearlings went up to \$8.40. Pulpers brought \$7.80 to \$8.05 today, about like a week ago, and caked Texas steers sold at \$6.75 to \$7.65 today, a shade better than last week, and considered strong today. Grass steers from South Texas brought \$5.50 to \$6.70 today.

Country purchases are up to the limit of the supply, good pastures and hopeful crop prospects stimulating the trade even though stock cattle prices are higher than a year ago and fat cattle prices lower. Bulk of the thin cattle sell at \$7.00 to \$7.85, a few around \$8.00.

Call for feeders is not urgent, country taste running largely to stock grades, with "come on" ability. A condition that will add strength to cattle prices this summer and some time ahead is extreme cattle scarcity on the Pacific coast. Buyers from that section are making purchases within a radius of 1,000 miles at this time, and some fresh beef is being sent from Eastern packing centers to the hotel trade on the Pacific coast.

Hogs are selling well, though meeting a few reverses. Eastern killers are taking some hogs, and that is a strong feature. The stuff is cutting

up at a profit here also, and growers are making money, an agreeable situation all around. Run today is 9,000 here, prices off 5 cents, top \$8.72½, bulk \$8.55 to \$8.70. Average weight here last week, 208 pounds.

Sheep and lambs are uneven, sheep holding up strong, lambs weakening. Run today 11,000, yearling lambs up to \$8.05, springers worth up to \$8.50, of the right kind. Texas muttons \$5.00 to \$5.65, clipped native muttons up to \$5.75; a few goats available at \$3.50 to \$4.00.

J. A. RICKART,
Market Correspondent.

HENRY MEISTERHANS MAKES SECOND TRIP IN 20 YEARS.

Dallas Grain Buyer Has Left Business in Two Decades Only to Visit Brother.

Henry Meisterhans, of Dallas, is visiting his brother, John Meisterhans, boot and shoe maker on North Pacific Street, Plainview. This is his second visit in twenty years.

Mr. Meisterhans is in the grain and feed business in the North Texas metropolis, and has left his business only twice in two decades. Each time he has visited his brother, John.

COMPLIMENTARY MOTION PICTURE MATINEES.

Below is a list of the prominent business men of Plainview who are furnishing a free matinee at the Majestic every Saturday afternoon to their out-of-town customers, and will be given for those people only who live outside of the city limits of Plainview.

The merchants and business men of the town want the country people to take advantage of this free, entertainment, and want them to feel that it is a slight token of their appreciation to the people in Hale County who do their trading in Plainview. Complimentary tickets to the entertainment can be secured at any of the business houses listed below. Ask for them:

R. C. Ware Hardware Co., J. W. Willis Drug Co., R. A. Long Drug Co., Carter-Houston Dry Goods Co., Vickery-Hancock Grocery Co., Duncan's Pharmacy, J. C. Wooldridge Lumber Co., Donohoo-Ware Hardware Co., Fulton Lumber Co., Elk Barber Shop, Elk News Stand, E. T. Coleman, Coal and Grain Dealer; Boyd Grocery Co., City Bakery, Shelton Bros., Dry Goods and Furnishing Store; Sewell Grocery Co., Busy Bee Cafe; Jo W. Wayland, Men's and Boys' Furnishings; G. W. Graves Saddlery Co., The Necessity

Store, Scudder Grocery Co., Hatchell & Johnson Grocery Co., G. S. Fairris' Grocery Store, Hartley-Mise Hardware Co., Plainview Lumber Co., Alfalfa Lumber Co., Cochrane's Studio, Plainview News, Hale County Herald, Warren & Sanson's Grocery Store, Blasingame & Klinger, W. E. Winfield.

Any merchant not on this list who wishes to appear thereon may do so by notifying the Manager of the Majestic Theater.—Adv.

WHY IT SUCCEEDS.

Because It's for One Thing Only, and Plainview People Appreciate This.

Nothing can be good for everything. Doing one thing well brings success.

Doan's Kidney Pills are for one thing only,

For weak or disordered kidneys. Here is Plainview evidence to prove their worth:

Mrs. E. Vollintine, 200 Jones St., Plainview, Texas, says: "One of our family suffered terribly from kidney trouble, and he tried all kinds of remedies without benefit. He doctored steadily for a year, but got no better. As soon as he heard of Doan's Kidney Pills he discontinued the doctors' medicines and used this remedy according to directions. The first dose made him feel better, and after using several boxes he was cured. I also took Doan's Kidney Pills for backache, and was cured."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other. —Adv. 24

SOUTH PAYS TRIBUTE TO JEFFERSON DAVIS.

Eight States Honor Memory of Confederate President on 105th Anniversary of His Birth.

Tuesday the South paid tribute to the memory of Jefferson Davis, President of the Confederate States of America. It was the 105th anniversary of his birth. In Alabama, Florida, Georgia, Louisiana, South Carolina, Tennessee and Texas the day was observed as legal holiday, and in other states memorial exercises were held.

In several Southern States the day is known as Confederate Memorial Day, but in a few of the States of the old Confederacy May 10 is set aside as the day on which tribute is paid to the memory of the soldiers of the gray army.

In many parts of the South, not only the banks and State offices closed, but employes of post offices and other Federal institutions were granted a holiday. In the cities, business houses generally observed part holiday.

Local banks were closed and the post office was open from 8 o'clock in the morning until 3 o'clock Tuesday afternoon.

Our work has stood the test. Ask W. D. Jordan, Mgr. Phone 459. Ad. 1f. any one. PLAINVIEW DECORATING CO., Painting and Paper Hanging.

E. P. SWENSON INSPECTS TEXAS PROPERTIES.

Freeport, Texas.—E. P. Swenson, who is senior member of the firm of S. M. Swenson & Sons, New York bankers prominently interested in several Texas industrial developments of an extensive character at Stamford and Spur, and syndicate manager of the interests who are developing this city into a Gulf port of ultimate importance, is on a visit here.

He will remain here for several days inspecting the Freeport Sulphur Company's mine at Bryan heights, the Freeport Terminal Company's property and improvements, and the proposed deep water projects contemplated by the Federal Government at the mouth of the Brazos.

ELLERD RECEIVES TWO FRANKLIN "LITTLE SIXES."

J. J. Ellerd received two Franklin Model M, "Little Six," air-cooled automobiles last week. Mr. Ellerd has handled Franklin cars for nearly five years. He sold twenty-three cars in 1909 and 1910. These are all giving service, and several of them, he says, have gone over 100,000 miles.

GRADUATES WILL PURSUE AGRICULTURAL WORK.

Out of thirty-eight men who will receive degrees in the school of agriculture at the A. & M. College on June 10, thirty-seven have already announced

their intention of returning to agricultural work. Twenty-two will go to farms, while fifteen will accept positions as teachers and experts on demonstration farms. Some of these boys own their farms while others will assume the management of plantations or work on their fathers' places.

APPERSON TO DRIVE "JACK RABBIT" TO PACIFIC COAST.

Elmer Apperson, father of the first American gasoline automobile, will drive an Apperson "Jack Rabbit" touring car in the Pacific Coast tour of the Indiana Manufacturers' Association this summer.

This announcement, made during the last week from the main offices of the Apperson Bros. Automobile Company, at Kokomo, Indiana, was greeted with enthusiasm in all of the different centers where interest is being taken in the now-famous tour of the Hoosier automobile builders.

It seems fitting that on this tour, which will be representative of the best there is in automobiles in the Hoosier State, Elmer Apperson, the first to build an automobile in Indiana, should be at the wheel of one of his latest products. In addition to the car which he will drive, there will be another Apperson, making up a team of two.

It was just twenty years ago the fourth of the coming July that Elmer Apperson started work on his first gasoline car. In 1893 he, in co-operation with his brother Edgar and others, conceived the idea of the "horseless vehicle," as it was then called, and after years of unremitting work he has lived to see his fondest hopes realized in the present output of his mammoth factory, located on the same site as was originally occupied by his little shop from which ran the first American automobile, twenty years ago.

Right through from the beginning Mr. Apperson has been a pioneer in motor car development. It was he who built the first side-entrance touring car. He also designed the first successful system of electrical ignition used on an automobile, and also worked out the very first float-feed carburetor which gave satisfactory results. These are steps by which he has climbed to the present position which he occupies at the head of the automobile industry.

Wednesday, June 25, we will give 10 per cent of all cash sales to the Missionary Society of the Methodist Church. R. A. LONG. —Adv. 1f.

SORGHUM, WHEN CUT LATE, MAKES EXCELLENT SILAGE.

Kansas Agricultural College Experiment Shows Slight Advantage of Corn; Contains Less Acid.

Sorghum crops, both the saccharine and non-saccharine, can be used for silage with good results. Farmers and stockmen heretofore have believed that only corn was fit for silage. But a two-year test just closed at the Kansas Agricultural College, at Manhattan, Kansas, has disproved a number of beliefs about silage commonly held among farmers.

For instance, it was shown that cane silage did not contain so much acid at any time during the year as did silage made from corn. Heretofore little cane has been put in silos because farmers believed that the acid in it would make it unfit to eat. The results of the test are particularly valuable to farmers in dry regions, where the sorghums do well and where there is sometimes difficulty in getting a good crop of corn.

Usually when farmers put cane into the silo they cut it too early. It was thought that cane should be cut at about the same time as corn. But at this stage in its growth cane, the test showed, contains too much sap. If put into the silo at this time it is certain to result in a sour silage. In the experiment conducted at the college, cane was not cut until three weeks after corn.

A feeding test with 15 dairy cows was conducted last winter in which the three kinds of silage—corn, kaffir and cane—were compared. A similar experiment was carried out the previous year. In summing up the results of both trials, these conclusions were drawn:

Corn silage is slightly superior as a milk producer to cane and kaffir silage. Kaffir silage ranges second and cane third as a feed for milk cows. In both trials the cows seemed to gain in weight on cane silage more readily than on silage made from kaffir or corn. Although the kaffir and cane were shown to be slightly less valuable than corn silage, there are other factors that must be considered in judging the three kinds—yield and adaptability to conditions. Without doubt, says O. E. Reed, professor of dairy husbandry, who had charge of the test, the increased yield of cane and kaffir will offset the slight increase in feeding value obtained from corn silage. Kaffir and cane are drought-resistant crops and can be grown over a wider territory than corn, and from one-third to one-half

more tonnage to the acre can be obtained.

GEORGE YOUNG DIES.

George W. Young, of Boonville, Arkansas, brother of our fellow townsman, E. A. Young, died at his home, in Boonville, May 21. The Herald joins Mr. Young's friends in their expressions of condolence.

SHOFNER HAS FINE COLT.

W. A. Shofner is the proud owner of a fine colt. Reports are that W. A. has refused an offer of \$175 for the animal. His driving mare, Dixie, foaled the colt.

If Plainview is to win the "Clean-Town" prize we must begin now to "swat" the weeds. Our streets must be kept clean.

THE SPEED LIMIT.

Plainview's speed limit is 8 miles an hour.

As a matter of fact, not one automobile driver in ten respects this law. It is practically impossible for many drivers to keep their cars within that requirement.

A speed of 12 to 15 miles an hour seems to meet all requirements for safety. Any driver can keep within that limit. Would it not be the part of wisdom to fix our speed limit at 12 to 15 miles an hour, and demand that all men keep within its bounds?

A law which it is practically impossible to obey is doubly unfortunate; it has no force in effect; it inspires disrespect for all law.

ROOSEVELT VINDICATED.

We are glad that the Michigan jury brought in a verdict for Theodore Roosevelt in his suit against George A. Newett, the Michigan editor, who accused T. R. of drunkenness and swearing.

It is further gratifying that Colonel Roosevelt waived monetary damages. By this act he proved himself of less egotistic spirit than he has sometimes done.

Editor Newett's admission that he could not substantiate his charges, even though he had searched the country, gives pleasing proof of his effort at fairness—although he was hasty in his accusation.

It would have been a disappointment to find that a man who has stood so high in favor as a popular champion should be addicted to the use of alcohol. We wish that Colonel Roosevelt was a total abstainer.

THE SECOND "CLEAN-TOWN CONTEST."

Holland's Magazine is rendering Texas and humanity a large service by inaugurating its second "Clean-Town Contest."

Eighty-six towns entered this contest last year. Three of them won cash prizes. Every contestant won something of greater value in the campaigns of sanitary education and of practical public cleanliness.

Every town which enters the contest this summer must be a winner, whether it secures the prize or not, in health and comfort.

Wealth production has a distinct

relation to health. Cleanliness is the prime requisite for good health. Increased human efficiency will follow more healthful living conditions.

The advertising value which any town will receive from being heralded as the "cleanest town" in its class should not be overlooked by our Chamber of Commerce and other organizations devoted to industrial advancement. Such a town would undoubtedly show immediate and material increase in population.

When we increase the life rate we add to our productive wealth. Plainview's women are giving another evidence of their wise thrift by entering Holland's "Clean-Town Contest."

THE KICKER.

When Bill was born the first thing that he did Was to kick; and Bill never entirely got rid

Of that trait; all the time that Bill was a kid He kicked about things.

He kicked for the love of it; kicked with a will; He kicked with precision and consummate skill;

Whenever a creditor mailed him a bill, William would kick.

He kicked when improvements came to the place. With mulish enjoyment and asinine grace,

He loved to hit progress a kick in the face; He'd his heart in the work.

At last the community wearied of him;

Tied a rope round his neck, threw it over a limb, And hoisted him up with vigor and vim;

And, as usual, Bill kicked.

St. Peter regarded Bill's ghost with a frown;

"That way, if you please—take the car going down! If I did let you in and gave you a crown

And a robe and a harp and a nice pair of wings, Inside of a week you'd kick about things."

And William, he kicked. —New York Evening Sun.

**PANAMA-PACIFIC INTERNATIONAL EXPOSITION,
SAN FRANCISCO, 1915.**

Copyright, 1915, by Panama-Pacific International Exposition.

An echo tower in the Festive or East Court. At night the East Court, with its pavements of gold, its great banks of flowers, and its lofty palms, will be flooded with light. Musical masterpieces of the world will be rendered by the chimes in the towers. Great saengerfests and choral festivals will assemble upon the floors of the court. In the Festive Court, the visitor will behold a vision surpassing the richest dreams of Oriental or Moorish architecture. The floors of this court will be in tessellated pavements of gold. In the center of the court will be great groups of sculpture with fauns, dancing nymphs and satyrs. There will be great fountains upon which magic lights will play at night and at night this mystic court, as all others, will be flooded by a glow of indirect light which will resemble a bright moonlight. At the south end of the court will be a huge tower 270 feet in height in which will be a great organ with echo organs in smaller towers of the court. The Festive Court will be a court of music, of acting, and symphonic dancing. Here will assemble many of the great pageants of Oriental nations that will take part during the exposition; here too will come many of the processions from the amusement center, which will be designed to draw visitors from the more serious phases of the exposition.

R. S. Charles went to Amarillo Friday.

Judge L. S. Kifder went to Tulla today.

Miss Ruby Hatcher went to Lubbock today.

Miss Ethel Douthit left Tuesday for Canyon, to attend the Normal.

J. M. Murphy returned Thursday from a business trip to Amarillo.

The body of Hammond was shipped Wednesday to Boswell, Oklahoma, for burial.

J. R. Kerlin and family moved yesterday from Floydada to Brisco, Louisiana.

Jim Heard, Sam Laughlin and Solon Clements made a business trip to Floydada Tuesday.

The next meeting of the Episcopal auxiliary will be held with Mrs. J. O. Rountree, June 16.

Ben Monger, manager of the Harvey Eating houses, has been a visitor in Plainview this week.

The Commandery of Knights Templar will meet Monday night, to put on some special work.

Mrs. L. M. Herring, of Matador, has been in Plainview this week, visiting at the home of B. L. Shook.

Bunnie Russell, a prominent farmer of Bell County, is visiting her brother, P. C. Russell, in Plainview.

Misses Marie and Daisy Gidney returned today from Fort Worth, where they have been attending college.

Mrs. J. D. Bedford and daughter, Marie, came in Thursday from Amarillo to visit at the homes of Mrs. Joe and Mrs. A. W. McKee.

Mrs. C. P. Hutchings, of Amarillo, who has been visiting in Sweetwater some days, returned to Plainview today to visit Mrs. Geo. Hutchings.

E. N. Egge returned today from Amarillo, where he has been in the interest of the Overland. Mr. Egge reports that he sold two cars while in Amarillo.

Gaston Cogdell and wife, from Granbury, Texas, are visiting John E. Brown, on College Hill. This is Mr. Cogdell's first trip. He is pleased with the South Plains.

J. M. Layne, of the Layne-Bowler Pump Co., left Wednesday for Los Angeles, California. Mr. Layne purchased a round-trip ticket via Houston, Texas, back to Plainview.

Riley Brannon and family came in Tuesday from their home, in New Mexico, and will be in Plainview some time. They will visit in Kentucky before returning to New Mexico.

S. A. Elliott, who has the contract for installing steam heat in the Grant & Bluer Building, came in this week from El Paso. Mr. Elliott expects to put in several other heating plants before leaving Plainview.

Miss Verda Garrison left Wednesday to spend her vacation in Wichita Falls. Miss Garrison was accompanied by her sister, Mrs. Henry Elbert, who has been visiting Mrs. D. M. Garrison, on College Hill.

J. H. Sears, manager of the Sears Dry Goods Co., and wife, of Snyder, Texas, were passengers in the north-bound train Tuesday, on their way to Pasadena, California, to visit a sister of Mrs. Sears.

H. O. King, of Amarillo, is in Plainview.

D. W. McGlasson went to Amarillo Tuesday.

Flake Garner went to Hale Center Monday, on business.

B. O. Downs and J. Garrison, of Lockney, were in town Wednesday.

Miss Olga Schaefer, of Tulla, is a guest this week of Mrs. J. M. Shafer.

A. B. Martin, attorney for Mrs. J. M. Muncey, came in from Tulla yesterday.

Jess Waller, E. H. Burchett and George Hutchings went to Crosbyton today.

Miss Dorothy Foley and Mrs. Pruda Wright left Tuesday for Canyon, to attend the Summer Normal.

Mrs. J. C. Jackson, of Walnut Springs, Texas, came in Tuesday to visit her son, Fred C. Pearce.

Mrs. Henry Darden, who visited in Plainview some days this week, returned to Abernathy yesterday.

Miss Ethel Tubbs, of Floydada, was in Plainview Monday, on her way to Canyon to enter the Summer Normal.

Judge Kinder, Charles Clements, C. D. Russell, Judge W. C. Mathes, C. O. French, Geo. L. Mayfield, district attorney, and W. M. Baker, official reporter, came in from District Court at Olton Tuesday. The grand jury adjourned; no bills were found.

C. K. Shelton went to Dallas today, on business.

D. W. McGlasson returned from Amarillo yesterday.

Jake Korder, of Albuquerque, N. M., is visiting in Plainview.

E. N. Burrus, of Olton, was trading in town Wednesday.

Miss Ida McGlasson came in yesterday from Baylor University, at Waco.

Miss Lula Goode went to Estacado Monday, where she will teach music during the summer.

J. E. Sheeon and wife went to Llano, Texas, yesterday, to visit Mr. Sheeon's people.

S. A. Tibbitts and wife came home Monday from Waco, where they have been attending Baylor University.

Mrs. Clint Davis and children left Sunday for Comanche, their old home, to visit relatives and friends.

J. W. Law and wife, of Dallas, who have been visiting at the home of E. R. Law, returned home yesterday.

Mrs. S. E. Moors, of Portales, New Mexico, is in Plainview this week visiting her parents, Mr. and Mrs. J. M. Shafer.

Mrs. J. J. Millwee, of Paint Rock, who visited Mrs. L. A. Gunn, at Lockney, the past week, returned home Thursday.

Miss Bessie Keen has returned to Plainview and resumed her work as bookkeeper for the Plainview Mercantile Company.

Miss Artie Moreland went to the Moreland Ranch, southeast of Plainview, Thursday, to visit her brother, R. D. Moreland.

Mrs. Ben Smith, of Lockney, went to Wallace, Texas, Monday to visit her parents, Mr. and Mrs. Elisha Pennington.

Mrs. J. M. Murphy returned Tuesday from East Texas, where she had been visiting relatives for some weeks.

C. H. Veale, of Floydada, passed through Plainview en route to Amarillo Wednesday. Mr. Veale will visit his parents, in Amarillo.

J. S. Trapp, of Fort Worth, district superintendent of traffic for the Southwestern Telephone Co., is in town making arrangements for traffic for the new plant.

Dr. Thomas, of Mineral Wells, Texas, is in Plainview.

Herman Blueher came in from Albuquerque, N. M., this week.

Mont Carter and family left this week for an automobile trip through Colorado.

The City Ice Co. has ordered another ice wagon, to take care of their increased business.

J. W. Wayland has added a cleaning, pressing and repair department to his men's furnishing store.

J. J. Bromley, wife and Billy returned Sunday from Colorado and Abilene, Texas, where they have been on a two weeks' visit.

Miss Louise Moore is visiting her parents, Mr. and Mrs. B. F. Moore, in Plainview. Miss Moore has been in school in Colorado, Texas.

Mrs. W. A. Jones, of Tahoka, Texas, who has been on a visit to her brother, W. A. Standefer, at Flomont, Texas, returned home Thursday.

Y. W. Holmes and family went to Amarillo Thursday, to visit over Sunday at the home of B. H. Lowery, of the Lowery-Phillips school.

Miss Ida McGlasson returned today from Baylor University, to spend her vacation in Plainview with her father, D. W. McGlasson, and her brothers.

Miss Vena Hinds, of Abernathy, who has been visiting her sister, Mrs. Elmer Anderson, returned home Thursday, accompanied by Mrs. Anderson, who will visit at Abernathy some days.

Mrs. J. J. Moreland, of Canyon, was in Plainview Wednesday, on her way to Abilene to visit her sister, Mrs. C. C. Gaunaway. While in Plainview Mrs. Moreland was a guest of Mrs. J. O. Oswald.

GRAHAM FLOUR TESTS AVAILABLE TO HOUSEWIFE. Proper Sifting Will Show Whether Product Is Wheat Meal or Mixed Stock Feeds.

"How many housewives know whether the graham flour they use is unbolted wheat meal or a mixture of bran, shorts and low-grade flour?" asks the St. Louis Post-Dispatch. In most food standards graham flour is defined as "unbolted wheat meal." This is what the housewife should get when she orders graham flour.

Some millers make graham flour by mixing bran, shorts and low-grade flour—things that were usually sold for cattle feeds. Some grind the wheat, bolt it, regrind and remix.

Graham flour, if pure, is made by grinding the wheat without bolting or mixing. To determine its purity and to detect adulteration was one of the problems of the pure food laboratory at the Kansas Agricultural College, says the Kansas Industrialist.

C. A. A. Utt, of the department of chemistry, has devised a system of sieving by which he determines its origin and purity. This separates the graham into bran, middlings and flour of which it is composed, if pure. If adulterated, these separations show bran, shorts and low-grade flour. The amount of these different products is determined by weighing; the character, by examination.

A pure graham flour yields coarse bran, with flour clinging to it, very coarse middlings, coarse middlings, fine middlings, very fine middlings and white flour. These products are coarse to the touch.

In "made-up" graham flour the bran is clean, stripped of all flour, and the middle products have a fluffy, shorts-like appearance, grading from coarse, brown shorts to fine, white shorts. The flour has the fluffy, gray appearance of low-grade flour, or "red dog," as it is often called.

A chemical analysis is of little value

in the determination of the origin and purity of graham flour, Utt says. It may show whether the flour contains all the elements of the original wheat, but it will not reveal the fact that it is unbolted wheat meal.

ONE HUNDRED HORSEPOWER ENGINE COMES FOR DR. WHITE.

Dr. R. R. White's 100 horsepower "St. Mary" engine came in this week, and has been taken to his farm. It will be placed at once. The engine burns crude oil. Dr. White and Dr. A. C. Scott are each putting 100 horsepower engines for their wells. These are the largest pumping plants on the Plains. Dr. Scott's well has already developed 3,000 gallons of water a minute; Dr. White's well has pumped 2,600 gallons a minute.

OKLAHOMA MAN BUYS J. J. BROMLEY'S HOME.

Lumber Man Will Not Leave Plainview; Hadn't Expected to Sell until Asked.

C. V. Quisenberry, of Sulphur, Oklahoma, has purchased J. J. Bromley's home place, for a consideration of \$3,700. Mr. Quisenberry will move to Plainview. T. W. Sawyer concluded the deal.

"They took snap judgment on me," Mr. Bromley said yesterday. "I wasn't offering my home for sale. Mr. Sawyer asked me over the phone to set a price; I did, and it was accepted."

Mr. Bromley will not leave Plainview. He says that he will perhaps build a modern home as soon as he has time to perfect plans. Mr. Bromley is Manager of the Fulton Lumber Company.

COMPLIMENTARY MOTION PICTURE MATINEES.

Below is a list of the prominent business men of Plainview who are furnishing a free matinee at the Majestic every Saturday afternoon to their out-of-town customers, and will be given for those people only who live outside of the city limits of Plainview.

The merchants and business men of the town want the country people to take advantage of this free entertainment; and want them to feel that it is a slight token of their appreciation to the people in Hale County who do their trading in Plainview. Complimentary tickets to the entertainment can be secured at any of the business houses listed below. Ask for them:

- R. C. Ware Hardware Co., J. W. Willis Drug Co., R. A. Long Drug Co., Carter-Houston Dry Goods Co., Vickery-Hancock Grocery Co., Duncan's Pharmacy, J. C. Woodriddle Lumber Co., Donohoo-Ware Hardware Co., Fulton Lumber Co., Elk Barber Shop, Elk News Stand, E. T. Coleman, Coal and Grain Dealer; Boyd Grocery Co., City Bakery, Shelton Bros., Dry Goods and Furnishing Store; Sewell Grocery Co., Busy Bee Cafe; Jo W. Wayland, Men's and Boys' Furnishings; G. W. Graves Saddlery Co., The Necessity Store, Scudder Grocery Co., Hatchell & Johnson Grocery Co., G. S. Fairris' Grocery Store, Hartley-Mize Hardware Co., Plainview Lumber Co., Alfalfa Lumber Co., Cochrane's Studio, Plainview News, Hale County Herald, Warren & Sanson's Grocery Store, Blasingame & Klinger, W. E. Winfield.

Any merchant not on this list who wishes to appear thereon may do so by notifying the Manager of the Majestic Theater.—Adv. 11.

BUY GROCERIES IN LARGE QUANTITIES.

Fat from Ham and Bacon Rendered into Pure Lard and Finally into Soap.

"As a result of keeping house four years, I have found several ways in which one may economize," a woman writes in the Dallas News. "We always buy our groceries in large quantities. We also buy whole smoked hams and bacon, and I always save every particle of the fat, first straining it through a cheesecloth. I have found it as good as pure lard for several purposes such as frying doughnuts and French fried potatoes, and it does not leave a smoky flavor, as might be expected. After it has been used several times, I use it finally in making soap.

"Flour and sugar sacks, when hemmed and bleached, make very nice tea towels. I have noticed that my husband's plaited-bosom shirts always give way first around the neck, and, as it is a prominent part to wear mended, they are cast aside before the other parts are badly worn. I have found that there is just enough goods in the other parts to make little Russian dresses for my 2-year-old girl. The plaited part makes the front body section.

"As to reading matter, we have found a great saving in the yearly club offers of the magazine. Heretofore we bought a great many each

month in the stores, and this amounted to quite a sum at the end of the year. Now, by subscribing for a few of the clubbing offers, we have them come to the house every month already paid for at about half the price.

"I do all my work, baking and sewing for myself and two children, which I consider a good saving. I keep a dime bank in the kitchen, and whenever I receive a dime in making change I place it in the bank to have as spending money on my vacation."

UNIVERSITY TO CELEBRATE AT AUSTIN NEXT WEEK.

Thirtieth Anniversary of Texas' Greatest Institution to Be Great Homecoming.

State University officials are making extensive preparations to celebrate the thirtieth anniversary of the founding of the institution, Monday and Tuesday of next week. University students are going to present an elaborate musical comedy; a number of "silver-tongued" orators have been secured for the occasion; a number of bands and the glee club will furnish music. The reunion will conclude with a grand ball and reception at the University.

The University of Texas has grown rapidly during thirty years. It enrolls nearly 3,000 students and ranks with the greatest State institutions. It has been seriously handicapped by lack of funds.

GOVERNOR DESIGNATES "SEED-SELECTION" DAY.

Colquitt, in Proclamation, Declares Crops Would Be Benefited from 25 to 50 Per Cent.

Austin, Texas, June 3.—Governor Colquitt today issued a proclamation designating Monday, Sept. 1, 1913, as "Seed-Selection Day." On that day the Governor urges the farmers of the State to assemble at school houses or other convenient places and discuss the subject of proper selection of seed. The Governor pointed out the fact that competent authorities agree that the increased yield, as a result of proper seed selection, is from 25 to 50 per cent. The Governor's proclamation, the first of its kind ever issued in Texas, follows:

"To the People of Texas: Realizing that to a great extent our material welfare and prosperity depends upon the success attained by the people engaged in agricultural pursuits, the Federal and State Governments have done much to assist the farmers in getting better results from their labors. Laws have been enacted and bureaus created for the purpose of enlarging the scope of agriculture and bringing the producers into a fuller realization of the possibilities of production.

"One of the most, if not the most, potent factor in this work has been instruction in the proper selection of seed and results to be obtained thereby. Competent authorities agree that the increased yield, as a result of proper seed selection, is from 25 to 50 per cent.

"As this work is now progressing, it is only a question of time when all of our farmers will come to know that a little effort and care in the selection of their seed will mean more of the comforts and better opportunities for their families. Unfortunately, it will take a long time for the Government and our own agents to impart this knowledge throughout our great State, hence it is my purpose to ask for the united effort of all the people toward that end."

Sure of Support.

"Now, therefore, I, O. B. Colquitt, Governor of Texas, do hereby proclaim the first Monday in September as 'Seed-Selection Day,' and I feel sure I can rely on our farms, the press of the State, our educators, bankers, merchants and others to devote some portion of that day to this propaganda. Farmers throughout the entire State are urgently requested to assemble at their school houses or other convenient

Folger's Tea
THE IDEAL ICE TEA BLEND

Not the murky, bitter kind, poisoned by the large percentage of tannic acid you get in the less carefully blended preparations called "good tea", but the clear, mild, refreshing summer drink tea which can't possibly effect your good health.

SCENES AROUND PLAINVIEW.

The land is full of glad acclaim
For the blushing bride of June—
Won't some one whisper just one word
About the poor June groom?

The June Groom

is indeed a creature of neglect.
But not with us—we wish him
well and will do well by him.
For instance, we'll measure him
for his wedding suit of

Kahn-Tailored-Clothes
\$20 to \$45

These clothes are just as important in our eyes
as the marvelous trousseau of the bride—so we
guarantee a graceful, flawless fit—a suit worthy
of the dignity of the occasion.

NEW BANKING SCHEME NOW BEFORE CONGRESS.

Plan Would Eliminate Central Reserve Association and Agency Favored by Some Democrats.

Washington, D. C., June 2.—One of the plans suggested to members of the Banking and Currency Committees of Congress which will receive serious consideration before a definite program for currency reform is adopted, would eliminate the Central Reserve Association, proposed by the National Monetary Commission, and the central agency, favored by some Democratic leaders, and substitute a "National reserve division" in the Treasury Department.

Under the commission's plan the Central Commission would be largely in the hands of private persons, and under the Democratic plans in the hands of a semi-official board, while the new suggestion contemplates absolute authority in the Treasury. By this scheme, reserve agencies of the division would be established in each of the reserve cities, which would receive and mobilize the reserve of National and other banks which are members of the reserve association, put out Treasury gold notes as elastic currency secured by the prime assets of the bank accommodated and make a market for prime commercial paper of such banks.

Gold certificates, greenbacks and National bank notes would be retired and a gigantic gold reserve built up, to be used as a redemption fund for any notes issued by the Treasury in carrying out the plan. Gold available would be about \$2,000,000,000, a basis for twice that amount of Treasury notes.—Dallas News.

Butter-Butter-Butter!
For the Fourth Time
This Week

EAT butter, but don't waste it. The right place for butter is on your dining table; the wrong place is in your kitchen. Every time you shorten or fry with butter you waste money. *Cottolene*—the vegetable shortening—will give you equally good results at one-third the cost.

Cottolene

makes light, digestible food, which any stomach can digest. *Cottolene*-made food is rich, but never greasy. Neutral in taste, practically without odor, *Cottolene* is a product of carefully selected cotton oil, refined by our exclusive process.

Use one-third less *Cottolene* than either butter or lard.

Convince yourself with this recipe:

One Egg Muffins

1 1/2 tablespoons melted *Cottolene* 1 tablespoon sugar
1 1/2 cups milk 1 egg 3 cups sifted flour
3 teaspoons baking powder 1 scant teaspoon salt

Sift the baking powder and flour together, add *Cottolene*, sugar and egg and milk. Use more or less milk, according to the quality of the flour

Made only by THE N. K. FAIRBANK COMPANY

CAPTAIN C. W. TANDY,
Member Plainview Camp, No. 1548.

Captain and Mrs. C. W. Tandy attended the Confederate Reunion at Chattanooga, Tenn., last week, and are now visiting friends and relatives in Kentucky and Virginia. The next meeting of the United Confederate Veterans will be held in Jacksonville, Florida.

Captain C. W. Tandy enlisted in service in the spring of 1861, at Memphis, Tenn., in the same company with General Bedford Forrest. He was paroled at Gainesville, Ala., in 1865, ten or fifteen days after the surrender of General Lee's army.

Captain Tandy saw more than four years of active service. He was shot through both legs at the battle of Brice's Crossroads, near Tupelo, in North Mississippi (General Forrest's greatest victory of the war). These wounds kept him from active service three months.

Captain Tandy's Confederate grey uniform is decorated on the lapel of his coat with the Iron Cross of Honor and pieces of the battle flag of the regiment, which was divided by the paroled members of the Seventh Tennessee Cavalry at the surrender.

Captain Tandy carries the original muster rolls of Company G from the beginning, in '61, to the end, in '65. Captain Tandy says he prizes most of all the muster roll of his paroled comrades, numbering 28 all told, for active service—the remnant of a company of one hundred and sixty enlisted members.

CITATION BY PUBLICATION.

THE STATE OF TEXAS,
To the SHERIFF or any Constable of Hale County—GREETING:

You are hereby COMMANDED to SUMMON the heirs of W. H. H. Kilty, by making publication of this citation in some newspaper of Hale County, Texas, if there be a newspaper pub-

lished therein, but if not, then in the nearest county where a newspaper is published, once in each week for eight successive weeks previous to the return day hereof, to be and appear before the Honorable District Court of Hale County, Texas, at the next Regular Term thereof to be holden in the County of Hale, at the Court House thereof, in the City of Plainview, Texas, on the 4th day of August, 1913, then and there to answer a petition filed in said Court on the 23rd day of May, 1913, in a suit numbered on the docket of said Court, No. 960, wherein B. E. Crego is plaintiff and the heirs of W. H. H. Kilty, deceased, are defendants; the nature of the Plaintiff's demand as stated in said Petition being as follows:

STATE OF TEXAS,
County of Hale.)

IN THE DISTRICT COURT,
August Term, 1913.

To the Honorable District Court of Said County:

Now comes B. E. Crego, of Aurora, State of Illinois, hereinafter styled Plaintiff, and, complaining of the Heirs of W. H. H. Kilty, deceased, whose names and places of residence are to Plaintiff unknown, hereinafter styled Defendants, shows and represents to the Court:

That heretofore, on the 1st day of August, 1912, Plaintiff was lawfully possessed of the following described tract of land lying and being situate in Hale County, Texas, holding, owning and claiming the same in fee simple, to-wit: The J. L. King Homestead Pre-emption Survey, described by metes and bounds as beginning at the Northeast corner of the W. F. Addison Survey; thence east 950 varas; thence south 950 varas; thence west 950 varas, to the northeast corner of the J. McClinton Homestead Pre-emption Survey; thence north to the place of beginning, and containing one hundred and sixty acres of land; and that on the day and year aforesaid the Defendants unlawfully entered upon said premises and ejected the Plaintiff therefrom and unlawfully withhold from him the possession thereof to his damage in the sum of Three Thousand Dollars.

Plaintiff further shows to the Court that he claims and owns said land by chain of title as follows: 1st, Patent from the State of Texas granting said land to J. L. King; 2nd, Deed of General Warranty from said J. L. King and wife conveying said land to Herman Schulz, dated October 1st, 1908, and of record in the Deed Records of Hale County, Texas, Vol. 17, pages 203-4; 3rd, Deed from said Herman Schulz conveying said land to W. H. H. Kilty, dated May 27th, 1910, and of record in the Deed Records of said Hale County, Texas, Vol. 24, pages 623-4, in which deed of conveyance the Vendor's Lien was expressly retained to secure the payment of four notes of even date with said deed, each for the sum of \$425.00, and due respectively July 1st, 1912, 1913, 1914 and 1915, and each note providing that failure to pay any note or any installment of interest when due shall at the option of the holder mature all said notes; 4th, Transfer and assignment from said Herman Schulz of said notes to this Plaintiff, which transfer and assignment also conveyed to this Plaintiff all the right, title and interest owned or held by said Herman Schulz in or to said land, and which transfer and assignment was in writing, dated July 1st, 1910, and recorded in the Deed Records of Hale County, Texas, Vol. 75, page 367, and con-

veyed to this Plaintiff the superior legal title to said lands;

That the only title or interest in or to said lands or any part thereof held or claimed by Defendants, so far as known to this Plaintiff, is under said deed from Herman Schulz to said W. H. H. Kilty, above described. And Plaintiff says that said notes in said deed mentioned are long since paid due and have never been paid, and are and remain wholly unpaid, and Plaintiff has rescinded said contract of sale, because of the failure on the part of Defendants and said W. H. H. Kilty to pay said notes. And Plaintiff further shows that said W. H. H. Kilty is dead.

Wherefore Plaintiff prays that Defendants be cited by publication as provided by law in such cases, and that upon a hearing he have judgment for the title, restitution and possession of said above described tract of land, and for all relief to which under the law and the evidence he may be entitled.

MATHES & WILLIAMS,
Attorneys for the Plaintiff.

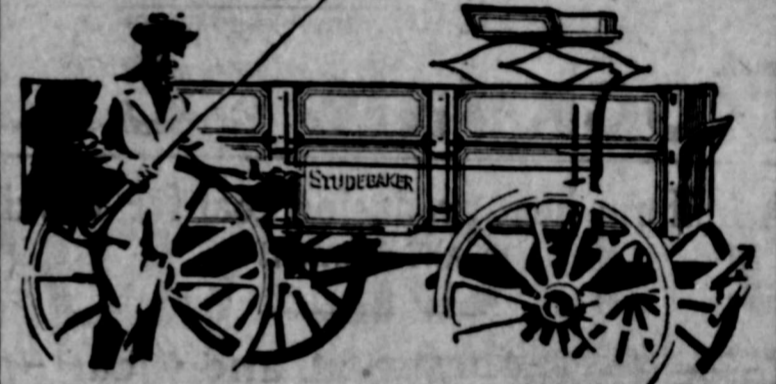

HEREIN FAIL NOT, and have you before said Court on the first day of the next term thereof, this WRIT, with your return endorsed thereon, showing how you have executed the same.

Given under my hand and seal of said Court, at my office in Plainview, this the 23rd day of May, 1913.

B. H. TOWERY,
Clerk District Court,
Hale County, Texas.

By W. H. BOX, Deputy.

Studebaker

"The wagon that stands up like the reputation of its makers"

When you buy a *Studebaker* wagon you buy a wagon that will last until you turn the farm over to your son and he turns it over to his son.

One of the first *Studebaker* wagons ever made saw constant service for thirty years, and we will gladly send you the names of farmers who have in their possession wagons that have been in constant use anywhere from 17 to 48 years—and there are thousands of them. We are building the same kind of wagons today.

A *Studebaker* wagon is an investment that will give you full return for your outlay. It is built on honor. Iron, steel, wood, paint and varnish used in its construction are tested and retested to make sure each is the best.

For work, business or pleasure—for town or country use—there is a *Studebaker* vehicle to fit your requirements.

Farm wagons, dump carts, trucks, buggies, surreys, runabouts, pony carriages, business vehicles of every description—with harness of the same high standard.

See our Dealer or write us.

Miss Minerva and William Green Hill

By FRANCES BOYD CALHOUN

(Copyright, by Kelly & Britton Co.)

(Continued from last week.)

CHAPTER XXV. Education and its Perils. It was a warm day in early August and the four children were sitting contentedly in the swing. They met al-

most every afternoon now, but were generally kept under strict surveillance by Miss Minerva.

"I won't be long 'fore we 'll all hafta go to school," remarked Frances, "and I 'll be mighty sorry; I wish we did n't ever hafta go to any old school."

"I wish we knew how to read an' write when we 's born," said Billy. "If I was God I 'd make all my babies so 's they is already educated when they gits born. Reckon if we 'd pray ev'ry night an' ask God, he 'd learn them babies what he 's makin' on now how to read an' write."

"I don't care nothing at all 'bout them babies," put in Jimmy, "'t aint going to do us no good if all the new babies what Doctor Sanford finds can read and write; it 'd jes' make 'em the sassiest things ever was. 'Sides, I got plenty things to ask God for 'thout fooling long other folks' brats, and I aint 'going to meddle with God's business now."

"Did you all hear what Miss Larimore, who teaches the little children at school, said about us?" asked Lina importantly.

"Naw," they chorused, "what was it?"

"She told the superintendent," was the reply of Lina, pleased with herself and with that big word, "that she would have to have more money next year, for she heard that Lina Hamilton, Frances Black, William Hill and Jimmy Garner were all coming to school, and she said we were the most notorious bad children in town."

"She is the spitefulest woman they is," Jimmy's black eyes snapped; "she 'bout the meddlesomest teacher in town."

"Who told you 'bout it, Lina?" questioned the other little girl.

"The superintendent told his wife and you know how some ladies are—they just can't keep a secret. Now it is just like burying it to tell mother anything; she never tells anybody but father, and grandmother, and grandfater, and Uncle Ed, and Brother Johnson, and she makes them promise never to breathe it to a liv-

ing soul. But the superintendent's wife is different; she tells ev'rything she hears, and now everybody knows what that teacher said about us."

air-gun, nor—"Nor your dolls," chimed in Frances, "and she won't let you bat your eye, nor say a word, nor cross your legs, nor blow your nose."

"What do she think we 's goin' to her ol' school fer if we can't have fun?" asked Billy. "Tabernicle sho had fun when he went to school. He put a pin in the teacher's chair an' she

sat down on it plumb up to the head, an' he tie the strings together what two nigger gals had they hair wropped with, an' he squeeze up a little boy's legs in front of him with a rooster foot tell he squalled out loud, an' he th'owed spitballs, an' he make him some watermelon teeth, an' he paint a chicken light red an' tuck it to the teacher fer a dodo, an' he put cotton in his pants 'fore he got licked, an' he drewed the teacher on a slate. That 's what you go to school fer is to have fun, an' I sho 's goin' to have fun when I goes, an' I aint 'goin' to take no bulldozin' offer her, nether."

"I bet we can squelch her," cried Frances, vindictively.

"Yes, we 'll show her a thing or two"—for once Jimmy agreed with her, "she 'bout the butt-in-est old woman they is, and she's going to find out we 'bout the squelchiest kids

ever see tackle."

"Alfred Gage went to school to her last year," said Frances, "and he can read and write."

"Yes," joined in Jimmy, "and he 'bout the proudest boy they is; all time got to write his name all over everything."

"You 'member 'bout last Communion Sunday," went on the little girl, "when they hand roun' the little envelops and telled all the folks what was willing to give five dollars more on the pastor's sally just to write his name; so Alfred he so frisky 'cause he know how to write; so he taken one of the little envelops and worten 'Alfred Gage' on it; so when his papa find out 'bout it he say that kid got to work and pay that five dollars hisself, 'cause he done sign his name to it."

"And if he aint 'bout the sickest kid they is," declared Jimmy; "I'll betcher he won't get fresh no more soon. He telled me the other day he aint 'd had a drink of soda water this summer, 'cause every nickel he gets got to go to Mr. Pastor's sally; he says he plumb tired supporting Brother Johnson and all his family; and he say, every time he go up town he sees Johnny Johnson a-setting on a stool in Baltzer's drug store just a-swiggin' milk-shakes; he says he going to knock him off some day 'cause it's his nickels that kid 's a-spending."

There was a short silence, broken by Billy, who remarked, apropos of nothing:

"I sho 's glad I don't hafta be a 'oman when I puts on long pants; mens is heap mo' account."

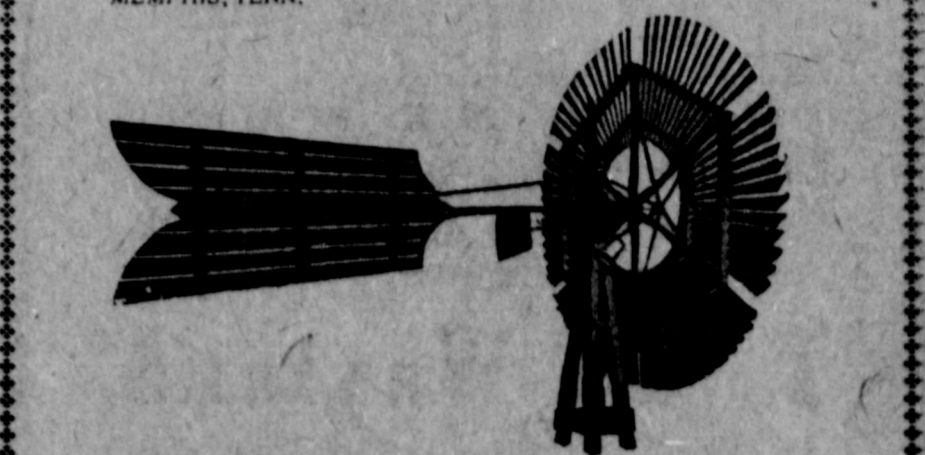

"I wouldn't be a woman for nothing at all," Jimmy fully agreed with him; "they have the pokkest time they is."

"I'm glad I am going to be a young lady when I grow up," Lina declared. "I would n't be a gentleman for anything. I'm going to wear pretty clothes and be beautiful and be a belle like mother was, and have lots of lovers kneel at my feet on one knee and play the guitar with the other—"

"How they goin' to play the guitar with the other knee?" asked the practical Billy.

"And sing 'Call Me Thine Own,'" she continued, ignoring his interruption. "Father got on his knees to mother thirty-seven-and-a-half times before she'd say 'I will.'"

You Can Prevent Hog Cholera— Kill Hog Worms and Have Fat Hogs.

I am a Merry War Lye Hog. Don't let Hog Cholera and Worms scare you—it's an easy matter to prevent them. This positive fact is vouched for by thousands of Farmers and Hog Raisers in nearly every state in the Union. Just feed with the daily hog ration a small quantity of MERRY WAR POWDERED LYE.

It renders hogs immune to Cholera—takes them up, keeps them on their feet; makes them fat and sleek; destroys Worms; increases your pork profits. MERRY WAR POWDERED LYE has proved itself to be the surest preventive of Hog Cholera; exterminator of Worms and the best hog conditioner and fattener in the world. Here is evidence that will convince you. Mr. H. H. Unterkircher of Wever, Iowa, writes: "I am recommending MERRY WAR POWDERED LYE to everyone I see, as it is a great hog conditioner and worm destroyer."

Ask us about MERRY WAR POWDERED LYE. Hatchell & Johnson, PLAINVIEW, TEX.

Be Happy!

Happy the girl, or woman, who has never suffered from any of the diseases of womanhood! Or, if she has been a sufferer, happy is she if she has learned of the wonderful benefits of Cardui, the woman's tonic. Cardui is a gentle, tonic remedy, for women's ailments. It is a natural medicine—safe, harmless, purely vegetable. It has been in successful use for more than 50 years. It has cured thousands. It should do the same for you.

TAKE CARDUI The Woman's Tonic

Mrs. Mary Neely, of Denver, Tenn., says, "I think there is no tonic on earth, as good as Cardui. I used it with the very best results. I had backache and nearly everything a woman could suffer with, until I took Cardui. Now, I feel better than I have for two years. I shall always recommend Cardui to other suffering women. I can't praise it too highly. As a medicine for weak, tired, worn-out women, Cardui is safe and reliable. Try it, today.

Write for Leaflet, Advisory Dept., Chattanooga Medicine Co., Chattanooga, Tenn. for Special Instructions, and 64-page book, "Home Treatment for Women," sent free. 118

BETTER THAN SPANKING

Spanking will not cure children of wetting the bed, because it is not a habit, but a dangerous disease. The C. H. Rowan Drug Co., Dept. 1913, Chicago, Ill., have discovered a strictly harmless remedy for this distressing disease, and, to make known its merits, they will send a 50c package, securely wrapped, Absolutely Free to any reader of The Hale County Herald. This remedy also cures frequent desire to urinate and inability to control urine during the night or day in old or young. The C. H. Rowan Drug Company is an Old Reliable House; write them today for the free medicine. Cure the afflicted members of your family, then tell your neighbors and friends about this remedy.

"Looks like he'd 'a' wore his breeches out," said Billy. "I don't want to be a lady," declared Frances; "they can't ever ride straddle nor climb a tree, and they got to squelch up their waists and toes. I wish I could kiss my elbow right now and turn to a boy." (To be continued.)

WE have added a cleaning, pressing and repair department to our already well-equipped store for men and will appreciate your patronage in this line.

Our effort is to keep our men's furnishings soup-to-date that you will enjoy looking over our stock every week.

J. W. Wayland

A STRONG FENCE costs little more than a weak one at the time you are building, but runs away ahead of the cheap one in upkeep and satisfaction. Our Cedar posts cut when the sap was down and water cured--together with our rough heart fencing will make a fence you'll be proud of and the cost will surprise you.

TEXAS BEGINS \$99,000,000 SUIT AGAINST OIL COMPANIES.

State Claims That Standard Oil Magnates Control Magnolia Company and Ask Ouster.

Suit for penalties amounting to \$99,000,000 against Standard Oil interests was begun in Corsicana Tuesday of this week. The State also asks that the companies be ousted from Texas.

Attorneys for the oil companies admitted that the bulk of stock of the Magnolia Petroleum Company of Texas was owned by John D. Archibald and H. C. Folger, Jr., of New York; but stated that these men merely held the stock as individuals, and that the defense would try to prove that the stockholders of the Magnolia Company had never violated any of the anti-trust laws nor attempted to monopolize the oil business in Texas.

WOMEN ARE AFTER INSANITARY STORES.

Federation Members to Boycott Meat Markets, Dairies, Groceries, Etc., If They Are Not Clean.

Hotels, restaurants, bakeries, dairies, grocery stores and meat markets must be kept thoroughly sanitary or they will be boycotted by the Fort Worth Federation of Women's Clubs. An investigation of all establishments where public sanitation is an issue will be made under the direction of the federation.

This inspection will be made by Dr. M. M. Carrick, of Dallas. He will make a detailed report of his findings to the federation meeting at the city hall Thursday morning. He will portray conditions in each hotel, restaurant or other institution just as he found them on his inspection tour.

It is probable that complaints will be filed in the county criminal court against persons who have openly violated the State sanitary code.—Fort Worth Record.

TEXAS INDUSTRIAL NOTES.

Mineola.—A box factory has just been completed here, in which more than \$30,000 is invested. The factory has begun operations and is turning out boxes for this season's peach crop. The first shipments of peaches were made here the latter part of May, and daily express shipments are now leaving this point.

Marshall.—Harrison County is making daily shipments to Northern markets of ripe peaches of fine quality, and soon they will be going to Northern markets by car-loads. The first ripe peaches to reach St. Louis came from the Standard orchard, at Scottsville, in this county.

Corsicana.—President J. F. Strickland, accompanied by other officials of the Southern Traction Company, made his initial inspection trip over the new line between Hutchins and Corsicana recently in a gasoline motor car. Work will be rushed on the line between Hutchins and Dallas.

Sulphur Springs.—The good roads campaign recently inaugurated here by the progressives has had the desired result. A few days ago a levy of 15 cents special road tax was voted. The highways throughout Hopkins County will be greatly improved during the year.

Marlin.—Ten new roads, located in various sections of Falls County, were ordered opened at the recent session of the Commissioners' Court. The majority of these roads intersect main thoroughfares, and are intended to give the farmers nearer routes to market.

Hillsboro.—The Southern Traction Company has broken dirt for the new sub-station. The Ivey Building, in the northeast corner of the square, which the company recently bought,

is to be remodeled and used as a passenger station. Everything is expected to be in readiness for the opening by July 1.

Port Arthur.—Cypress ties for the Beaumont-Port Arthur Interurban are being delivered here, and the grading of the road-bed is being pushed, in order that the laying can begin by July 1. Service is promised by September 6.

Temple.—The owner of the new Martin hotel has announced that a sixty-room annex will be added to the main building, the estimated cost to be approximately \$30,000.

Galveston.—The official model of the new battleship Texas has been obtained for Galveston for exhibition during the Cotton Carnival. An exception to the order revoking the exhibition of battleship models was made by the Navy Department at the request of Senator Sheppard.

Beaumont.—The first pickle salting plant to be erected in this section of Texas is now ready for operation. One hundred acres of cucumbers being grown by farmers in this vicinity will be utilized. A similar plant is being erected at Hampshire.

Palacios.—The fleet that will carry the people from this city on the tour of the Inter-Coastal Canal, June 12, will consist of ten boats, besides numerous private launches. The passenger steamers have made a flat rate of \$5 for the five-day trip.

Freeport.—The last connecting link in the Inter-Coastal Canal is about completed. The dredge Matagorda is now within a thousand feet of that section of the canal on the west that is already finished.

College Station.—Demonstrations in the manipulation of the latest and most improved farm machinery will be a feature of the "Farmers' Short Course" which will be conducted at the A. and M. College July 21-27. The complete program for the course will be announced soon.

Palestine.—Over one hundred and fifty delegates, representing ten counties, attended the second annual meeting of the East Texas Development Association recently held in this city. The Association placed itself on record as favorable to a system of good roads.

Jacksonville.—Three hundred delegates from different East Texas counties are expected to attend the business session of the Farmers' Union on June 6. The farmers in this section of the State are better organized than ever before, and their meetings are proving interesting and instructive.

Greenville.—The running of the first car from Westminster to Anna over the Anna-Blue Ridge Interurban was celebrated with a big barbecue at Westminster, which was attended by many people from Greenville. The line is expected to reach this place by the early part of fall.

Houston.—It is expected that the Houston ship channel will be open to sea-going vessels by the first of January, 1914. There remains but 26,800 feet to be dredged between the turning basin and Morgan's Point, and it is expected that the dredges will move to the bay about July. A minimum depth of 25 feet has been secured.

The Peerless Clothes Pin Company has been organized here, with a capital stock of \$25,000. The company will manufacture a patent clothes pin in the plant of the Standard Cotton Tie Buckle Company. E. A. Frantz, one of the incorporators, is the patentee of the clothespin, which is of wire.

Aransas Pass.—Thirty-five thousand bales of cotton were exported to

Citizens National Bank
CAPITAL \$100,000.00

Europe through Aransas Pass last year. This was an increase of 100 per cent over the year before, and preparations are being made to handle again as many bales of the 1913 crop.

Alvin.—The strawberry season has closed here, there having been shipped 94 car-loads, or 42,000 crates, that netted the growers an average of \$2.33 per crate. The Cape Jessamine season has started and promises to be the largest on record.

ENTHUSIASTIC OVER COLORADO-GULF ROAD.

Towns along the F. W. & D. C. R'y are enthusiastic over prospects of securing the Colorado-Gulf highway. Following the Childress meeting two weeks ago, meetings have been held at half a dozen towns along the proposed route. Wilbarger County branch organized Tuesday. At that meeting 200 pledged to go in automobiles to the second meeting of the Panhandle division, held in Childress yesterday.

SOCIAL HAPPENINGS.

MRS. ADAIR ENTERTAINS ALL OF PANHANDLE.

The novel reception to the Panhandle given by Mrs. Cornelia Adair, at her ranch near Clarendon, last Saturday and Sunday, was responded to by fully seven hundred guests.

Mrs. Adair did not issue invitations; she announced that she was "at home" to all of the Panhandle. The invitation was received in the spirit it was given—ranchmen and people identified with the cattle industry and friends of Mrs. Adair coming from all parts of the country.

Six hundred loaves of bread were ordered for the dinner and two beeves were killed. The manager of the ranch, James Wadsworth, former Speaker of the New York House of Representatives, was master of ceremonies.

RECEPTION TO TEACHER.

The Agoda Class of the Baptist Sunday School has elected Mrs. W. B. Joiner, of Plainview, Texas, teacher of the class, as she is to spend the summer here, during the absence of Prof. R. E. Hurt, the regular teacher.

Mrs. Joiner has a great reputation in this line. The boys are greatly rejoicing to be able to secure such a one. We hope to see the class grow under her care.

A reception was given in her honor at Mr. Sharp's residence on Tuesday evening. A jolly crowd passed the time very pleasantly at progressive anagrams. Chas. Kitterman presided at the punch bowl, and at a later hour ice cream was served. The boys proved themselves splendid entertainers.—The Jasper News (Jasper, Mo.)

MISS MAYHUGH ENTERTAINS.

Miss Edna Mayhugh, though not a member, but wishing to return, in part, the many courtesies shown her by the members of the club, was hostess Thursday afternoon to the Highland Club. Forty-two was played at four tables.

Miss Mayhugh had as substitutes Mrs. J. C. Anderson, Mrs. W. H. Mason and Mrs. Lee Stephens.

After a series of interesting games and pleasant conversation, Miss Mayhugh served two courses of delightful edibles—a salad and an ice course.

RUBY HATCHER WILL TRY FOR NEWS' COLORADO TRIP.

Miss Ruby Hatcher will try for a trip to Colorado offered by the Amarillo News. In order to secure this trip, Miss Hatcher must secure 40 one-year subscribers to The News. The offer closes July 1.

John H. Tolley, Advertising Solicitor for The News, in Plainview helping Miss Hatcher get started in her work for the prize.

"AT HOME" FOR MRS. RANDOLPH.

Mrs. W. P. Blackburn and Mrs. Rector P. Roberts will give a reception Wednesday afternoon at the Blackburn home, 1210 Harrison St., in honor of their daughter and sister, Mrs. H. C. Randolph, of Plainview, Texas. The affair will be one of the most enjoyable of the many events planned for the week.—Amarillo News.

PRICE BUYS WYCKOFF HOME.

J. O. Wyckoff sold his residence, at 214 Archer Street, last Friday to W. Y. Price, of near Hale Center. Mr. Price has moved in, and is now a citizen of Plainview. Mr. and Mrs. Wyckoff are boarding at present.

The OVERLAND

As handsome a car as the most exacting buyer could desire. From cooler to tail-light impressive, every line indicating fleetness and power, eloquent of comfort and pleasure, built with faithful regard to genuine quality, correct, invulnerable in every mechanical detail, the best in its class that American skill can produce and money can buy.

That is the Overland.

We don't build only 5,000 of them; nor even 10,000. If we produced no more than that number of cars we, too, would have to ask at least \$1,300 for the beautiful car we offer at \$985.

We build 40,000 cars this season. We contract for the raw material for this enormous production at one time, pay for it in cash, and thereby secure the best the markets afford, at the lowest prices.

Then we have the most experienced engineers, the best mechanics, to design and build our cars.

Instead of following the practice of smaller manufacturers, who buy their motors in one place, their rear axles in a second, and other component parts elsewhere, to assemble them into a car bearing their trademark, we ourselves produce, in our own plants, every important unit going into Overland Automobiles.

Only in that way is it possible for us to market

an automobile of such wonderful value at the price of \$985.

The price includes everything needed for comfortable touring—acetylene engine starter, gas tank, gas and oil lamps, genuine mohair top and top covering, clear vision, rain-vision windshield, Warner Speedometer, horn, robe-rail, foot-rest, tire carriers in the rear of the car, etc.

Our motor is the best of its type. Some motors—this is an important point—have three main bearings, some only two. Overland motors have five large main bearings; that's one of the reasons why they work without trouble. The whole motor is built for power and endurance.

Our model 69 rear axle is of a new and improved type, three-quarter floating. This axle system has all the advantages of the full-floating axle, but none of the shortcomings of the semi-floating axle usually found in cars of moderate price.

The brakes are of new design, overlarge, gradual but powerful in application. They will hold the car anywhere.

In Overland cars the transmission is combined with the rear axle and the drive is in a straight line. Both these features make for saving of engine power and smooth and quiet running.

The Above is a Quoted Statement of Willys-Overland Company

E. N. Egge Auto Co.

Panhandle Distributors of Overland Cars and Agents for Federal Tires and Excelsior Motorcycles

zen of Plainview. Mr. and Mrs. Wyckoff are boarding at present.

CHILDREN'S DAY.

We are to observe Children's Day at the First Presbyterian Church Sunday morning at 11 o'clock. A splendid program has been prepared, to be given by the children.

S. PARK, Pastor.

MRS. McINTIRE IS PRESIDENT.

As-You-Like-It Club Will Study Some Phase of Music and Art.

Mrs. H. C. McIntyre was hostess to the As-You-Like-It Club this afternoon. The Club determined to study one of Shakespeare's plays and some phase of music and art for next year. A year book committee was appointed, consisting of Mrs. Otis Trulove, Mrs. Louise S. Stephens, Mrs. J. F. Garrison and Mrs. James R. DeLay.

Mrs. H. C. McIntyre was elected president for next year. Other officers were: First Vice President, Mrs. Otis Trulove; Second Vice President, Mrs. Louise S. Stephens; Recording Secretary, Mrs. James R. DeLay; Cor-

responding Secretary, Mrs. W. L. Harrington; Treasurer, Mrs. J. M. Adams; Reporter, Mrs. R. C. Joiner; Critic, Mrs. J. J. Bromley; Parliamentarian, Mrs. W. H. Mason; Prelate, Mrs. E. F. McClendon.

Mrs. McIntyre served a delightful two-course luncheon.

Mrs. Jim Anderson, Mrs. Peyton Randolph and Mrs. Logan H. Bagby, of Dallas, were guests of the Club.

CIVIC LEAGUE NOTES.

The League met in regular session Wednesday, June 4th. Mrs. Mason reported for the committee on by-laws by submitting the following, which were adopted as read:

1. This association shall be known as the Plainview Civic League.
2. The object of this association shall be to promote by education and active co-operation a better public spirit in the City of Plainview.
3. Any resident of Plainview who is in harmony with the aims and objects of this association may become a member upon the payment of fifty cents a year.
4. The officers of the Civic League shall be President, Vice President, Secretary and Treasurer.
5. The government of the League shall be vested in an Executive Board, consisting of the officers and three members appointed by the chair.
6. The annual meeting shall be held the first Wednesday in January, at 3 p. m., public notice of the same being given by the Corresponding Secretary through the press. The election of officers shall take place at this time.
7. Regular meetings of the League shall be held on the first Wednesday of each month.
8. Special meetings may be called at the discretion of the President.
9. This Constitution may be amended at the annual meeting by a two-thirds vote of the members present.
10. Nine shall constitute a quorum for the transaction of business.

TO UNIVERSITY REUNION.

L. R. Pearson left yesterday to at-

tend the Thirtieth Reunion of the University of Texas, at Austin. He will also transact business in San Antonio before returning to Plainview.

MITCHELL AND SAWYER TO INSPECT STREET CROSSINGS.

B. E. Mitchell and T. W. Sawyer have been selected by the City Council of Plainview to visit nearby towns with a view to inspecting the most successful forms employed by these towns in street crossing construction.

These gentlemen will leave Plainview Monday, and will visit Sweetwater, Abilene, Wichita Falls and Amarillo. Upon their return the Council will determine upon a uniform construction for all street crossings.

COMMUNITY CORRESPONDENCE

WHITFIELD.

May 29.—The prayer meeting at New Hope was well attended Sunday night.

Some of the young folks of this place went to the singing convention at Prairieview Sunday.

Messrs. Charlie Moore, Alton Blackerby, Elmer Bass and R. C. Montgomery and Misses Lola and Nola Stark and Ruth Taylor were guests of Miss Leona Walling Sunday afternoon.

School at Price closed Friday. All

had a nice time. The patrons of the school served ice cream and cake to the visitors and scholars.

Carl Bell was badly hurt Thursday while roping a steer. His horse fell on him.

June 4.—A nice rain fell here Tuesday night, which was welcomed by all the farmers.

Carl Bell is some better this week.

Many of our young folks went to Providence Sunday. All had a nice time.

Messrs. Elmer Bass, Jesse Lovvorn, Hollie Francis and Ernest Lovvorn and Misses Leona Walling, Oda Francis and Ruth Taylor were guests of Mrs. Will Lovvorn Sunday afternoon.

Mr. Jim Lovvorn is planning to leave this place for Dallas, right away.

Mr. and Mrs. H. H. Blackerby and two boys were the guests of Mrs. R. B. Walling Wednesday.

Mr. Earl Blackerby was out Wednesday to see his father and mother.

KRESS.

June 4.—A good rain fell here Tuesday.

Mrs. E. E. Overly went to Plainview Monday.

The singing class started Monday evening, and will continue for a couple of weeks.

Miss Lillian Jordan went to Canyon Monday, to attend the Summer Normal.

The German minister of Plainview preached at the Central Plains school house last Sunday at 11 o'clock.

Mr. Frank Robards was hauling grain to Tullia this week.

Mr. Rob Rousser is having a large barn built on his farm.

Rev. Mr. Sharp, the Presbyterian minister of Tullia, will preach at Kress at 4 o'clock Sunday, June 8th.

Mrs. T. A. Oliver was a caller at Plainview Monday.

John Boney had his house and furniture burned last week.

Mr. John Fedderson, of Auburn, was a caller in Kress Saturday.

STONEBACK.

June 4.—We had a fine rain yesterday and last night, which was needed badly.

Mr. and Mrs. Morrison were Plainview visitors Monday.

Mr. Meester and Mr. Cartwright have been having serious trouble with their windmills.

Sunday School was not very well attended Sunday.

Mr. and Mrs. Hudson visited with Mr. and Mrs. Hawkins Sunday.
