PLAINVIEW, TEXAS, FRIDAY, JULY 4, 1913

NUMBER THIRTY-TWO

## E. J. MOREHEAD WINS IN "WHO'S WHO"

P. C. Russell and J. G. Dougherty Tied for Second in Herald's Prize Puzzle Contest.

### ONLY ONE CORRECT LIST

Over Seventy-Five Attempted to Indicate Advertisers; Other Lists Nearly Complete.

E. J. Morehead, teller at the First National Bank, was the only contestant in The Herald's "Who's Who in Plainview" prize puzzle contest who submitted a correct and complete solution to the puzzle, according to the judges, R. A. Long, Prof. R. Schuhmann and O. D. Coan. Mr. Morehead guessed the names of the entire forty-five advertisers represented in the puzzle.

P. C. Russell and J. G. Dougherty submitted lists which were perfect with single exceptions, and tied for second place. Mr. Russell indicated No. 4 as Hatcher's Blacksmith Shop instead of The Plainview Rubber Company, and Mr. Dougherty thought No. 22 was the Plainview Creamery, when he should have guessed Blasingame & Klinger.

Mr. Morehead will receive the \$5 offered by The Herald for the most complete solution, and the other two gentlemen will divide the second prize of \$2.50.

L. R. Pearson, Marie Gidney and H. C. Whitworth each presented 43 correct names. Miss Mary Howell, Ed Dougherty, Marie Woodrow, Tom Lipscomb, Lonnie Sewell, Jesse Hamilton, J. A. Askew and Mrs. Elmer Sansom each had 42 correct names. Paul Lipscomb guessed 41 names correctly, and Mrs. F. E. Blasingame, Miss Willie Farmer and Laurence Armstrong each had 40 correct names.

More than seventy-five replies were received, in a contest which has had all of Plainview guessing for a week.

The following is a correct list of advertisers in The Herald's "Who's Who in Plainview" contest:

- 1—Plainview Mercantile Company, dry goods and clothing.
- 2—Majestic Theater, moving pictures.
- 3—J. W. Willis Drug Company, drugs and jewelry.
- 4—Plainview Rubber Company, automobile accessories.
- 5—J. F. Coan & Son, department store.
- 6—C. A. Bowron, jeweler and optician.
- 7—Schick Opera House, moving pictures.
- 8—Hatchell & Johnson, groceries and bakery goods.
- 9—First National Bank, general bankers.
- 10—K. L. Scudder's Music Parlor, sheet music and musical goods.
- 11—Plainview Floral Company, cut and potted flowers.
- 12—Carter-Houston Dry Goods Company, dry goods and clothing.
- 13—The Herald Publishing Company, printing and publishing.
- 14—Stephens & Sams, groceries.
- 15—Busy Bee Cafe, meals a la carte.
- 16—Farmer's Coal Company, coal.
- 17—E. Vandevanter, groceries.
- 18—Carter-Houston Dry Goods Company, dry goods and clothing.
- 19—Waller Tailoring Company, cleaning, pressing and tailoring.
- 20—J. W. Wayland, men's furnishings.
- 21—Sewell Grocery Company, groceries.
- 22—Blasingame & Klinger, confectionery and cold drinks.
- 23—Long Drug Company, drugs and supplies.
- 24—Warren & Scudder, groceries.
- 25—Plainview Buggy Company, vehicles and harness.
- 26—Otto's Meat Market, meats.
- 27—Carter-Winn Rubber Company, tire repairing.
- 28—Duncan's Pharmacy, drugs and supplies.
- 29—Brown Motor Company, Hudson automobiles and supplies.
- 30—Richards Brothers & Collier, dry goods and clothing.
- 31—Watson's Second-Hand Store, new and second-hand goods.
- 32—Carter-Houston Dry Goods Company, dry goods and clothing.
- 33—Wright & Dunaway, groceries.
- 34—J. A. Askew & Company, fire and other insurance.
- 35—Harlan & Jeffries, real estate.
- 36—Elk Barber Shop, baths and tonorial work.
- 37—H. C. Whitworth's Cigar and News Stand, magazines and tobacco.
- 38—Well's Transfer, hauling.

## PUMPS 1,400 GALLONS WITH 15 H. P. ENGINE.

Dr. Anderson's Well Has Tested 2,200 Gallons; First to Operate with Electric Motor.

An 18-horsepower engine is lifting 1,200 to 1,400 gallons of water a minute from Dr. J. C. Anderson's new well, 5 miles west of town, according to J. M. Layne, of the Layne & Bowler Company, who dug the well. The flow increased to 2,200 gallons a minute, Mr. Layne says, when the big tractor took hold.

The lift in this well is about 60 feet; pump is set 50 feet below ground. The well is of the pitless variety and is 234 feet deep.

A line is being run from the local power house to supply electricity for pumping Dr. Anderson's well. This will be the first well, except the well of the Texas Land and Development Company, for pumping into Lake Plainview, to pump with electricity.

## USE OF PARCEL POST STAMPS DISCONTINUED.

Parcel Post Stamps Now Out Will Be Honored on Any Kind of Package. No Advice at Local Office.

Any kind of postage stamp may be used on parcels post packages, according to information generally given out. Postmaster Keck says that he has not yet received official notice of this fact; until official notice is received the local office will continue the use of parcels post stamps exclusively on parcels post packages.

The parcels post stamps now out may be used on any kind of mail, says the Dallas News. Again the local office has no advice on this point, and you let us will perhaps remain uncut if it bears only a parcels post stamp.

C. O. D. service seems to be giving entire satisfaction.

Packages will be accepted up to \$100 value, with the ordinary carrier charge of 10c and for the maximum amount return charges of 30c, making a total of 40c charges for delivering such a package and returning the money to the sender. Packages will be sent under such service only from money order offices and only when addressed to offices having money order service.

## MISS MCCARROL ENTERTAINED.

Saturday evening of last week Miss Iarrie McCarrol pleasantly entertained a few of her friends, at her home, west of town. Forty-two was the pastime. Miss May Fletcher gave several piano numbers.

At a late hour, ice cream and cake was served to Misses Mary Fletcher, Louise Duckwall, Florence Smith, of Petersburg; Ruth Duckwall, Cecil Bailey and Mabel Jeffries, and Messrs. Ash Bailey, Don Bailey, Thomas Fletcher, Bain McCarrol, Archie Duckwall, Dell Bailey and Carl Curtis.

## PUBLISHED BY REQUEST.

At the request of Mrs. L. Lee Dye, President of the Civic League, The Herald publishes the following statement:

"Members of the Civic League feel that an injustice has been done Mr. O. B. Jackson in the recent inspection by that body. As a matter of fact, there was a difference of only two points in the grading of the two markets. This signifies that Mr. Jackson's market was highly rated.

"The highest rating of any market or grocery store was 90 per cent, and Mr. Jackson's market was rated at 88 per cent."

## ANNOUNCEMENTS.

A reception will be given Saturday afternoon, at the residence of Dr. J. C. Anderson, by Mrs. R. S. Charles, Mrs. W. H. Mason, Mrs. J. W. Longstreth, Mrs. C. C. Gidney and Mrs. J. C. Anderson.

The revival meeting to be conducted by the two Baptist Churches of Plainview will begin Sunday morning, under the big tabernacle adjoining the Calvary Baptist Church.

- 40—W. E. Winfield, house furnishings.
- 41—Spot Cash Seay, groceries.
- 42—E. R. Williams, furniture and undertaking.
- 43—The Missouri House, hotel.
- 44—Carter-Houston Dry Goods Company, dry goods and clothing.
- 45—Plains Electric Company, electrical fixtures and supplies.

## DORSETT FAVORS "RULE OF REASON"

Plainview's Mayor Says Officials Object to Supplying "Everybody" with Gas on Sunday.

### WANTS CLEAN TOWN

City Will Begin Weed Cutting Next Week; Another Team Needed for Public Work.

"The Rule of Reason" is Mayor Dorsett's idea for conducting public as well as private business. It never was the Council's purpose to prevent the tourist from securing gasoline in Plainview if he ran short—even on Sunday, Mayor Dorsett said yesterday.

"We are not going to extremes. The situation is just like a man cutting wheat; suppose he breaks some vital part on his reaper. Of course, it would be unfair for the hardware man to refuse to sell him that part on Sunday. We must have a speed limit, but if a man is hurt and one of our doctors goes down Pacific Street at 50 miles an hour we would not prosecute him."

### No General Repair Work.

"General repair work ought not be done on Sunday; nor should local autoists be supplied, any more than a grocery store should remain open. Local people ought to get their supplies on Saturday, and the employees of these concerns ought to attend church on Sunday."

Mayor Dorsett says that he was called by H. P. Speed Sunday morning. Mr. Speed told him that a salesman of the Plainview Nursery was to meet his family and take them to Floydada Sunday, and that he had to be at his work Monday morning. The Mayor said let him have gas. Another instance was that of Dr. Lindsay, who wanted Mr. Speed to let him have gas on Sunday. Again, the Mayor indicated that the physician should be supplied.

"We want a clean town, morally as well as physically," Mayor Dorsett said. "And we can't have that if various lines of business remain open on Sunday. It is not our purpose to embarrass the tourist, and no man will have anything to fear who supplies an emergency case."

### Plainview's Petition First.

In connection with the recent petition filed calling an election for the closing of pool halls, Mayor Dorsett suggests that Plainview's petition, so far as he can learn, was the first submitted in the entire State. The law permitting such an election became effective July 1. At 10 o'clock the morning of July 1 Plainview's petition was submitted.

### Urges Weed Cutting.

Mayor Dorsett says the city will start a mower next week. On vacant lots belonging to non-residents the weeds will be cut and charged up to these people. Mayor Dorsett says the non-residents are usually entirely willing to pay such bills. Of course, local people are required to cut their weeds. In most cases civic pride impels them to action without invoking the law.

"We are much in need of another team," Mayor Dorsett said this morning. "The streets ought to be dragged. This would keep them in good condition, even when it rains. But dragging is impossible without another team. The team we have is the best investment the city ever made."

## LET CONTRACT FOR NEW COURT HOUSE.

Crosby County Building Costing \$40,000 to be Completed by Middle of February.

Crosbyton, Texas, July 2.—The Commissioners' Court has awarded the contract for building the new court house at this place. S. Goodrun, of Sweetwater, was the lucky bidder. The building is to cost \$40,000, and is to be finished by the 15th of February, 1914.

## HOYLE LEAVES HOSPITAL.

Leonard Hoyle left Guyton Sanitarium Sunday morning, and is now at the home of his brother-in-law, C. K. Shelton. The operation on his eye seems to have been successful. Mr. Shelton says. His sight was not impaired. Mr. Shelton thinks that Leonard will be entirely well in a short time.

## WILL DEVOTE FARM TO ALFALFA

Dr. R. E. White Has New Pump and Engine for Irrigation Well.

### WILL DIG MORE WELLS

Purposes to Dig Six Wells on His Three Sections; Pumping To-day.

Dr. R. E. White is replacing the number 6 pump in the big well on his farm five miles southeast of town with a number 8 pump. He is also installing a 100-horsepower engine. The new equipment will perhaps pump to-day.

Mr. Layne says that the well will produce 3,600 gallons of water a minute with this larger pump and engine. The number 6 pump and 60-horsepower engine lifted 2,600 gallons of water a minute when the well was first brought in. The well is 290 feet deep; water rises within 37 feet of the surface. The pump is set 70 feet below the ground and has a 12-inch discharge pipe.

Dr. White will devote his farm exclusively to alfalfa. He planted 40 acres of alfalfa this spring. The stand is not satisfactory, and he will replant this, along with 120 acres more. This ground has been prepared for seeding. Just as soon as possible Dr. White will seed the remaining 160 acres in this tract to alfalfa.

Dr. White owns 3 sections of land in Hale County. He says that he intends placing big wells on each 120 acres. Alfalfa will be planted on the entire three sections. One well of this size will irrigate 320 acres of alfalfa.

With the number 8 pump and 100-horsepower engine, it is believed that this well will produce more water than any other well in Texas.

## SANTA FE VISITORS EN ROUTE TO LITTLEFIELD.

C. L. Seagraves, General Colonization Agent; J. Brinker, General Passenger Agent, and H. M. Bainer, Agricultural demonstrator, all with the Santa Fe Railroad, passed through Plainview yesterday, en route to Littlefield for Fourth of July celebration. They were accompanied by E. E. Hartshorn, of Carlsbad, N. M.

Mr. Bainer was driving the party through in his automobile.

Mr. Seagraves intimates that the Santa Fe expects to bring a great many sightseers into the South Plains this summer and fall.

## MASSEY SAYS PETERSBURG COUNTRY IS PROSPEROUS.

J. E. Massey, of Petersburg, Manager for W. C. Reagan & Co., came in yesterday morning with D. J. Edwards on an Indian motorcycle. The outlook in the southeast part of the county is fine, according to Mr. Massey.

He says they have had fine rains and the Petersburg community is expecting to supply more premium-winning products for the State Fair, at Dallas, in September than they did last fall. Petersburg came in for a large share of the 36 blue ribbons and 16 red ribbons which Hale County won at Dallas in 1912.

## MRS. McCLENDON ENTERTAINS IN HONOR OF MRS. HANDLEY.

The Fourth of July colors featured in the color scheme of decoration for the reception given yesterday afternoon by Mrs. E. F. McClendon, at her home, 219 Slaton Street, honoring Mrs. J. R. Handley, of Indianapolis, Indiana, a sister of Mrs. McClendon.

Little Virginia Handley received the cards at the door. Mrs. McClendon and Mrs. Handley headed the receiving line.

Others assisting Mrs. McClendon were Mrs. T. P. Whitly and Mrs. T. E. Richards, who showed the guests to the dining room, where Mrs. A. W. Mortar, Mrs. James R. DeLay and Mrs. Will N. Baker served punch and cake.

A large number of Plainview's talented musicians gave a musical program, extending through the afternoon.

Special mention is made of the dining room decoration. Just over the dining table was hung a large "liberty bell," draped in the bunting. The center-piece was formed of sweet peas laid in sections of red, white and blue. The interiors throughout displayed a patriotic spirit.

## EBELING THRESHES 40 BUSHELS OF WHEAT.

Irrigated Twice, at a Cost of \$2 an Acre for Each Flooding; Grades High.

Forty bushels of wheat to the acre was threshed Wednesday by C. S. Ebeling on his farm six miles west of town.

Mr. Ebeling irrigated 17 acres. His well was dug during the winter, and he could not put water on the wheat as soon as necessary to get best results. Mr. Ebeling flooded his wheat twice; he figures total cost for each flooding at \$2 an acre. Practically all of this yield, it seems, should be credited to irrigation, because wheat which depended upon rainfall was practically a failure, due to an unusually dry spring.

This wheat grades high. Hale County wheat has always been given first grade. Last year we won first and second premiums at the State Fair on wheat. Garrison and Hefflinger are threshing their irrigated wheat to-day.

## L. B. MEADOWS DIED OF HEART FAILURE.

Death Occurred While at Work in Field of W. P. Freeman's Farm Yesterday.

Awaiting advice from relatives, the body of L. B. Meadows, who died of heart failure yesterday morning at ten-thirty o'clock, is held at the E. R. Williams Undertaking Parlors.

According to witnesses, the deceased was working on the W. P. Freeman alfalfa farm, eight miles west of Plainview, helping bale hay. When he started to work yesterday morning he was apparently in good health. One of the boys with whom he was working turned just in time to see him fall to the ground. Within three minutes life was extinct.

The body was brought to town yesterday afternoon and Judge W. B. Lewis held the inquest. His verdict was death due to heart failure.

The deceased has an uncle, Hugh Meadows, at Wichita Falls and a sister in Dallas. All efforts to communicate with them have been futile. The body has been embalmed, and, unless relatives or friends are heard from, burial will be made by the county.

## SILO BULLETINS TO BE DISTRIBUTED FREE.

H. M. Bainer, agricultural demonstrator for the Santa Fe system, announced yesterday that his recently prepared Silo Bulletin is now ready for free distribution. This bulletin, made up of the best information regarding all kinds of silos and liberally interspersed with illustrations, may be had in any number simply by writing to the agricultural demonstration department of the Santa Fe System, in Amarillo, or to the Colonization department, Chicago.

Those interested in silos will find matter of great worth to them in this publication, including suggestions as to plans and materials, together with ways and means for filling and caring for the silo after being filled. Feeding instructions are also contained in the bulletin. It was the expressed intention of the writer to omit no one desirable fact from the information contained, and it is stated that it meets his highest expectation.

## PLANS HAVE BEEN SUBMITTED FOR BIDS.

Plans for the new picture house to be put up by Grant & Korder have been submitted to contractors for bids, according to J. W. Grant. Mr. Bonner, lessee, says that he expects to get into the new picture house some time in September. He is building an airdome for use until he can get into the new building.

Dr. and Mrs. Grant visited El Paso and Albuquerque last week to look over plans for their new home and for the picture house.

## ALL BIDS REJECTED.

Bids for the street improvement and waterworks bonds recently issued by the town of Plainview, amounting to \$22,000, were opened Tuesday. All bids were rejected, according to Mayor Dorsett. The Mayor has taken up the matter of disposing of the bonds with Eastern parties, and hopes to come to some satisfactory arrangement in the near future.

## HERMANGALLAWAY WON FLY CONTEST

Boy of 13 Years Received \$40 in Civic League Fly Swatting Campaign.

### TRAPPED 900,000

Edward Kerr Won Second, with a Catch of 564,000; Almina Strange Third.

Herman Gallaway was awarded, yesterday, forty silver dollars—"a bag of money" without going to the end of the rainbow—for trapping and delivering to the "burning committee" of the Civic League 900,000 flies; that means four and two-thirds bushels of flies. He had thirty-six traps. His catch entitled him to the first prize in the contest which the Civic League has conducted, and which ended July 1.

"I am going to buy a cow with my prize money," Herman replied when Mrs. L. Lee Dye, President of the Civic League, asked him what he intended doing with his \$40. The winner is 13 years old, and is a son of Jack Gallaway, a barber in Largent's Barber Shop.

Edward Kerr trapped 564,000 flies, which entitled him to second prize of \$10. Third prize went to Almina Strange, the first girl to enter the contest, she receiving five dollars.

Nineteen other contestants were given one dollar each. Three children, who entered the contest just at the close, were given thirty-five cents each. The names of the contestants, other than winners of first, second and third prizes, are:

- |                     |                  |
|---------------------|------------------|
| Harold Baker        | Lawrence Pendley |
| James Otis Trulove  | Coy Meyers       |
| Tom Morris          | Vincent Tudor    |
| Harold Hamilton     | John Thompson    |
| Mark Gallaway       | Allison Chambers |
| Wilbert Frye        | Alma Hamilton    |
| Forrest Gallaway    | Arthur Talley    |
| Neil Meyers         | Ray Boswell      |
| Ruth Hamilton       | Harold Brashears |
| Marguerite Morrison | Stacy Vines      |
| Dwight Green        | O. T. Talley     |

The contestants turned in 3 bushels and 15 pints of flies during the last week of the contest. Since April 1 the contestants have trapped nearly 13 bushels of flies; in round numbers 2,500,000. While an exchange remarked last week that so many flies could not be found in their town, it is interesting to note that visitors say Plainview has fewer flies than any other town they have seen.

The fly campaign will continue. Arrangements have been made by the Civic League to pay 10 cents a quart for all flies brought in, and a cash prize will be given to the boy or girl trapping the greatest number of flies. Blasingame & Klinger continue their offer to pay 50 cents a week to the boy or girl trapping most flies each week.

## SIDEWALK BUILDING CONTINUES.

Soon You May Walk Dry Shod from Santa Fe Depot to Square.

The eight-foot sidewalk along Second Street from Pacific to Eureka has been laid, and will be continued along the east side of Eureka south to Wayland Boulevard. Walk is also being put down on the vacant place just north of the big hole on North Pacific Street.

There yet remain two street crossings and 50 feet in front of the hole on North Pacific to be laid, and then you may walk dry shod from the public square to the Santa Fe depot, at least so far as sidewalks are concerned.

Calhoun Bros. and Penick & Reeves both say that they have contracts pending for several miles of concrete sidewalks. These will be put in just as soon as the city puts down street crossings.

## KECK SAYS HE WILL STAY IN PLAINVIEW.

G. C. Keck, local postmaster, says that he has no intention of leaving Plainview when he leaves the service of the Postal Department. Mr. Keck is not certain just what line of business he will enter; he is considering several propositions.

## POST OFFICE SHOWS GAIN FOR QUARTER.

Receipts at the local post office for the quarter ending June 30 shows an increase of \$700 over the same quarter of last year. Business for the quarter amounted to \$3,628.58.

**A NORTHERNER WROTE "DIXIE."**

It is expected that the catchy, inspiring tones of "Dixie" will float over the battlefield of Gettysburg in the great reunion on the fiftieth anniversary of the battle which marked the high tide and beginning of the decline of the war of the Confederacy. Even the old Union soldiers have been caught by its infection, which has run riot in the younger generations.

Notwithstanding "Dixie's" popularity in this country and abroad, few know today its history, or even the words of the song. It was written on a rainy Sunday afternoon in New York City before the war, and its composer was not a Southerner, but was old Dan Emmett—Daniel Decatur Emmett, who was born in Mount Vernon, O., October 29, 1815, is well remembered as a minstrel by Indiana people, and who died at Mount Vernon, O., June 28, 1904. Dan was one of the first "negro minstrels," and even the late generations remember him well as not a bad one in the heyday of minstrelsy, when he made his last trips over the country with modern minstrels.

The song as written and sung by Emmett in the North was only a "negro melody." Its first real use in the South was on February 18, 1861, at the inauguration of Jefferson Davis as President of the Confederacy, which was at Montgomery. Herman Arnold, bandmaster, was called on to

arrange the musical program. He consulted a pretty girl, whose name the historians have been unable to trace. She suggested that he include "Dixie," which had recently been sung on the stage at Montgomery, because it was a "pretty, catchy air." Arnold got the piece, and when Davis started from the old Exchange Hotel to the capitol to take the oath of office, Arnold's band led off the procession with "Dixie." The Northerner's negro melody from that moment became one of the great assets of the South—for it was all that in inspiration during the war.

Gen. Albert Pike tried to work over its wording and make it the South's national song, but his pretentious version is seldom sung these days. His chorus ran:  
 "For Dixie's land we'll take our stand,  
 And live and die for Dixie!  
 To arms! To arms!  
 And conquer peace for Dixie.  
 To arms! To arms!  
 And conquer peace for Dixie."  
 But when we hum or sing the old air we almost invariably go back to the plebeian negro melody as Dan wrote it:

"Den I wish I was in Dixie,  
 Hooray! Hooray!  
 In Dixie's land we'll take our stand,  
 To lib and die in Dixie.  
 Away, away, away down South in Dixie."

Away, away, away down South in Dixie."

There has been confusion as to the original wording of the song. The one authority was Emmett himself. He left the record behind, and in 1895 S. A. Cunningham, editor of the Confederate Veteran, obtained the original and has a photographic copy of the song. It was given to him by Emmett himself. The words are:

"I wish I was in de land of cotton,  
 'Simmon seed and sandy bottom;  
 Look away, look away, away, Dixie land.  
 In Dixie land, where I was born in,  
 Early on one frosty mornin',  
 Look away, look away, away, Dixie land."

Chorus—  
 "Den I wish I was in Dixie,  
 Hooray! Hooray!  
 In Dixie's land we'll take our stand,  
 To lib and die in Dixie.  
 Away, away, away down South in Dixie.  
 Away, away, away down South in Dixie."

"Old missus marry Will de Weaber,  
 William was a gay deceaber;  
 Look away, look away, away, Dixie land.  
 When he put his arm around 'er  
 He look as fierce as a forty-pounder,  
 Look away, look away, away, Dixie land."

Chorus—  
 "His face was like a butcher's cleaver,  
 But dat did not seem to greeb 'er;  
 Look away, look away, away, Dixie land.  
 Will run away, missus took a decline, o'."

Her face was de color ob bacon rhine, o',  
 Look away, look away, away, Dixie land:

Chorus—  
 "While missus libbed she libbed in clober,  
 When she died she died all ober,  
 Look away, look away, away, Dixie land.  
 How could she act such a foolish part, o',  
 And marry a man to break her heart, o',  
 Look away, look away, away, Dixie land."

Chorus—  
 "Buckwheat cakes an' stony batter  
 Makes you fat or a little fatter;  
 Look away, look away, away, Dixie land.  
 Here's a health to de next ol' missus,  
 An' de gals dat wants to kiss us,  
 Look away, look away, away, Dixie land."

"Now if you want to drive 'way sorrow,  
 Come an' hear dis song tomorrow,  
 Look away, look away, away, Dixie land.  
 Den hoe it down an' scratch your grabble,  
 To Dixie land I'm bound to trabble,  
 Look away, look away, away, Dixie land."

Chorus—

Pike's words were pitched in a high, inspirational key, and were aimed to divest the old negro melody of its evidently plebeian origin. The first stanza of General Pike's wording indicates the general character of his change: "Southron, hear your country call you!"

Up! lest worse than death befall you!  
 To arms! to arms! to arms in Dixie!  
 To arms! to arms! to arms in Dixie!  
 Lo! let the beacon fires be lighted,

**Blessings That Are Overlooked**

There was a man who started to the Spanish-American War. He reached Tampa, Florida, then his courage gave out and he wanted to get home.

He was out of money, but by doing odd jobs got barely enough to pay his passage on the steamer to Philadelphia. He did not know what he would do for meals, but determined to take his chances.

He starved for two days and on the third could stand it no longer. Going boldly into the dining-room, he ordered the best meal he could get and ate until he could eat no more. Then with visions of jail in his mind, he timidly asked the steward how much he owed.

"You don't owe anything," replied the steward. "Meals are included in the price of your ticket."

**MORAL:** When you must buy men's furnishings see that the price of your ticket includes the quality for which you pay. We handle good substantial lines of clothing, hats, shoes, shirts, underwear, neckwear, etc.—the quality goes to you when you "buy your ticket."

**J. W. Wayland**

Let all hearts be now united!  
 Advance to the flag of Dixie."  
 The chorus followed as given above.

**TULSA WILL HELP AUTOMOBILE HIGHWAY.**

Swisher County Seat Assures Colorado-to-Gulf Association That People Will Provide Highway.

Swisher County is in line on the Colorado-to-Gulf Automobile Highway. Tulsa's delegates were unable to attend the meeting; however, Secretary D. H. Culton of the Chamber of Commerce sent assurances that Swisher County is in line. Mr. Culton's letter follows:  
 "Mr. Thos. F. Owen,  
 "Secretary Commercial Club,  
 "San Angelo, Texas.

"Dear Sir:  
 "I regret very much that I am unable to be with you in your highway meeting, and take this method of letting you know that Swisher County is with you in your efforts to land this route.

"The route in contemplation will carry the tourists through the best part of Texas, and on good roads practically all the way. It is a much

better road than that along the Denver route, there being no stumps to dodge and very few sand beds to go through. I am sure it will pull the travel.

"Swisher County will do her part. I have talked with the County Commissioners and other leading citizens, and they all tell me they will back the club in putting our roads in the condition which will be absolutely satisfactory to the promoters. We already have good roads, but we will make them better.

"We wish for you the best of success in your meeting, and if we can assist you, call on us.

"Sincerely yours,  
 "TULSA CHAMBER OF COMMERCE,  
 "By D. H. CULTON, Secretary."

FOR SALE—House with 7 good-size rooms, 5 closets, vestibule water room. Good cellar, well and windmill. Shrubbery, young trees, etc. House built on solid brick foundation. All in excellent condition. If you want a bargain, investigate. Southeast corner of block 36, lots 7 and 8, Highland Addition. I can give some terms. Address BOX 512, Plainview, Tex. 33

### OH, YES; THEY EAT ON THE SEA.

North German Lloyd Company Paid \$4,920,000 for a Year's Provisions.

In these days when the high cost of living is so much in the public mind, when the bills of the butcher, the grocer and the coal man threaten to disrupt the family happiness and bring the sheriff knocking at the door, it is interesting to know what it costs a steamship company to provide food for passengers who cross and recross the Atlantic. The annual statement of the North German Lloyd for 1912, just issued, gives some interesting facts on the subject.

Last year the company's bill for provisions alone was \$4,920,000, while in the same period the coal man was paid \$7,376,735 for 1,758,740 tons of coal. For these two items alone the company paid \$12,296,735.

That seasickness does not always interfere with the appetite of ocean travelers is shown by this expenditure of almost 5 million dollars for provisions. The butcher, as usual, reaped the greatest harvest in the matter of provisions, his bill to the North German Lloyd for the year having been \$1,685,000. This does not include fish and game. For the former the company paid an additional \$239,660, while the bill for game amounted to \$412,360, a total of \$662,020.

In our household expenditures we are not likely to pay much attention to the cost of preserves, and yet the North German Lloyd spent \$255,760

for these sweets in the year. The bill for fresh vegetables amounted to \$128,110, while for "sundries," including bread, flour, spices, fruits and the thousand-and-one articles that are used in the kitchen the company paid \$1,688,890.

More potatoes were consumed than any other single article, the total amount having been 17,875,873 pounds. Flour ranked next with 6,313,152 pounds, fresh beef third with 5,769,134 pounds, while the bread was fourth with 2,353,083 pounds. The passengers consumed 7,098,560 eggs, 4,271,059 oranges and lemons, 707625 pounds of onions and 983,802 pounds of salt. They used 465,340 pounds of coffee and 41,729 pounds of tea, and 529,619 cans of sterilized milk, to say nothing of 14,918 bottles of fresh cream. It was necessary to provide 19,119,242 pounds of ice to keep things cool and 12,097 boxes of matches for fires and "lights." In the bake shops 83,651 pounds of yeast were used, while the quantity of butter necessary during the year was 1,056,057 pounds. —National Provisioner.

### NAMES AMERICA'S GREATEST SIX

Columbia University Picks Men Who Have Made the Nation.

The building of this Nation has been a long, a solemn and a sacred task. It is the work of four generations of men who have conceived lofty ideals, and who, without regard to party, religious faith or section, whether up in the pine forests of Maine or over across the continent in the orange fields of California, or down on the plantations of the sunny South, have wrought for freedom, for liberty, for stability, for justice.

The American people have, in a singular sense, regarded themselves as the instruments of providence in the working out of a great government and a mighty civilization. Almost alone among the governments of the world, they have been in the habit, from the beginning, of invoking the Divine blessing upon the deliberations of their legislative bodies, and they have seen to it that religion has been represented on every great occasion of national festivity or rejoicing.

They have felt that here in this western world, with an endowment by nature the like of which history has never recorded, the opportunity has been given to try on a huge scale, opening their arms to all who would come, the fateful experiment of self government.

Many men of all types and kinds,

soldiers and sailors, jurists and teachers, legislators and executives, philosophers and popular leaders, have contributed to that great end. But out of them all I name six men who stand forever in the American Pantheon as supremely important among all those who have builded the Nation's government. I do not speak now of those who have made other and important contributions. I have not in mind those who have led great parties, who have accomplished important acts or have set in motion great and fine and lasting currents of thought; but I speak of six men who, one after another, have struck the blows that were necessary to the construction of our great American ship of State—the Nation's builders.

George Washington, Alexander Hamilton, John Marshall, John C. Calhoun, Daniel Webster and Abraham Lincoln.—Columbia University Quarterly.

### OUT OF THE MOUTH OF BABES.

Millard had two goats, a large one, Billy, and a young one he called "Boy." His father ordered a goat wagon for him. After examining the wagon Millard thought it didn't suit as to size.

"Papa, I can't use it," he said decidedly. "Billy wouldn't wait for it and Boy couldn't keep up with it."

Helen, aged 7, was showing a visitor how fast she could run, when she suddenly stopped and said, "But I can't show my best running unless something is happening back of me."

Billy, aged five, had often heard his parents talk of the time required to digest certain articles of food. One night, wishing to defer his bedtime, he asked, "Mother, may I sit up half an hour longer to decide my supper?"

Patty is the owner of a puppy. The little girl who sold him gives these directions: "Dust div him a wink and don't wop him."

Baby May had several times crossed the room and made an effort to close the door. Each time upon reaching her little chair and turning round she found the door had swung open. Finally she walked over to the door and, opening it wide, said, "Des walk in, Mis'er Wind."

Little June was sitting on her father's lap, and when he began to whistle she exclaimed:

"Oh, Papa; don't do that; you might draw your breath all out of shape."—Pictorial Review.

#### HIS CAR SPOKE TO HIM.

An Owner Says That He and His Machine Became Friends.

"One day my chauffeur was taken ill, and I drove myself in, left the car standing in a side street during the day, and drove home at night. Then, for the first time, I began to sense the feeling of mutuality, or mutual sympathy, if such an expression may be permitted between animate and inanimate things, between the machine and myself. Several trips by myself confirmed the sensation; then I bought another car for the family, and now drive myself regularly in this one.

"I have often thought of the stories told by locomotive engineers, in which their great engines are endowed with almost mental faculties. There are enough of them to fill a book, but I never considered them seriously until I began with this car. Sometimes the engine sings, sometimes it purrs—I know its 'sing' and its 'purr.' If anything is the matter with it, it tells it in a language entirely intelligible to me. It responds to my lightest touch in all its functions. Once it refused to run into an unlighted ditch where I was trying to steer it. I looked for half an hour for the trouble with the steering apparatus, but could find nothing wrong."—Suburban Life.

#### PLAN TO SWELL LAKE ERIE.

A Big Dam Probably Will Be Constructed in Niagara River.

Washington, D. C., June 27.—After more than ten years' investigation, the International Waterways Commission today, through the President, recommended to Congress the construction of a submerged dam, or weir, in the Niagara River, to raise the level of Lake Erie and its upper waters. The commission stated the value of the proposed work to Lake Erie ports hardly could be estimated, and that it would result in extensive improvements to harbors and docks.

Several years ago the commission reported against the advisability of constructing an ordinary dam across the Niagara, because of the consequent damage to property below the dam. This dam would have completely regulated the height of the water in Lake Erie, but the latest plan contemplates only part change.

The cost of the weir and consequent works to avoid damage to property is estimated at 2½ million dollars. The commission recommended its location at Gill Creek, on the American shore, and Hog Island, on the Canadian, just above Welland River. The dam would raise the level of the Niagara three feet for a distance of one and one-half miles. The commission suggested the construction of a levee to prevent damage to adjoining property.

The commission also suggested that the weir would eliminate any injurious effect upon Lake Erie level of diversion of waters at Niagara Falls for water power purposes, and would reduce the range of oscillation on Lake Erie 4½ per cent.—Kansas City Star.

#### TULLE IS EVERYTHING IN HATS.

No trimming competes with tulle just at present in Paris. Hats seem entirely made of it, either gathered or pleated. The straw shapes are completely veiled with pleated tulle, which is then drawn out leaving the loose line of pleating. In another model a deep tulle frill is made in box pleats, the center of which is sewn round the crown, where the brim meets it, forming two frills, one standing up round the crown and the other veiling the brim; the latter comes beyond the brim. A moire ribbon is drawn round the center of this frill, from which springs behind a dainty spiral arrangement of tulle made on wire, ending in an exceedingly pretty pompon. Fashion decrees that the narrow effect of the straw brim should be enlarged by the 4-inch tulle frill (goffered or pleated) which comes beyond it and shades the face so gracefully, always edged with a dainty picot. Many hats have satin brims and light tulle crowns. Two or three rows of twisted tulle lie round the brim, which is finished off at the edge with a narrow ruching.—London World.

#### WORK FOR LITTLE HANDS.

Parents Should Train the Young Child to Do Easy Tasks.

Parents cannot begin too early to train their children to be industrious. There are little duties about the house and barn that small boys and girls can learn to do, and like to do, if encouraged in the right way. Let them do the things that fall in with their natural bent, so as not to make labor a bitterness.

Teach the children to wait on themselves, to clear up the litter which they make, to get out and put up their toys. You can hardly imagine how early a young child can be taught to help. Teach them first not to be trou-

blesome, and then to help you. They can bring chips or wood from the wood yard, stick by stick, or feed the chickens or open and shut the door and numerous other small things which soon lead to larger things.

Give your children a special interest in work, as well as a fixed habit of doing it. For instance, if a boy loves gardening, give him a sunny strip of border for himself, where he may plant vegetables and sell on his own account. When you take a load of vegetables to market count in his and give him his profit.

If a child likes caring for stock, allow him that work. Put him to tending the fowls, making chicken coops, cleaning hen houses or feeding the calves and watering the horses, and he will do these things well. Allow him his special hen, calf, sheep or pig to return him profit, and you will see that he will care for them with all his might.

If there is a daughter, teach her to help in the house and allow her to share in the proceeds of the eggs and butter, or when she does some extra work pay her for it. I do not mean by this to teach your children to expect pay from you; only give it to them sometimes as an encouragement.

Some mothers think that they can get no help in the house from boys; if they have no daughters they must work unaided. I have seen boys sitting in a kitchen when their mother was bringing in fuel or water or blacking a stove, or when their sisters, tired with washing or baking, were performing these tasks. Now, there is nothing more ennobling and improving to a boy than to learn to do little things to help his mother. Why can he not learn to set chairs in their places, to pick up and fill an overturned work basket, to bathe an aching head or carry a meal to an invalid? Also, why not teach the boys to sweep and dust a room, to scour knives, black a stove or set a table? Train them so that they will scorn to sit by a stove and see their sister or mother filling the stove with fuel or bringing a bucket of water.

All these things will not make a boy "a Miss Nora," but will tone down his boyish roughness and make him thoughtful for others.—Mrs. M. E. Underwood, in the Journal of Agriculture and Star Farmer.

#### THEY PAID THIS

#### ARTIST'S BILL.

Belgian Church Officials Settle Account When Artist Specifies What Charge Is for.

An old church in Belgium decided to repair its property, and employed a celebrated painter to touch up and restore a large religious painting, says a correspondent. Upon presenting his bill, the committee in charge refused payment unless the details were specified, whereupon the artist presented the items, as follows:

To Correcting the Ten Commandments .....	\$ 5.12
To embellishing Pontius Pilate, and putting new ribbons on his bonnet .....	3.02
To putting new tail on the rooster of St. Peter and mending his comb .....	2.20
To re-pluming and gilding left wing of Guardian Angel .....	5.18
To washing the servant of the High Priest and putting carmine on his cheeks .....	5.02
To renewing Heaven, adjusting the stars and cleaning up the moon .....	7.14
To touching up Purgatory, and restoring lost souls .....	3.06
To brightening up the flames of Hell, putting new tail on the Devil, mending left hoof, and doing several odd jobs for the damned .....	7.14
To rebordering the robes of Herod and adjusting his wig	4.00
To taking the spots off the son of Tobias .....	1.30
To cleaning Balaam's ass and putting one shoe on him .....	1.70
To putting earrings in Sarah's ears .....	1.71
To putting new stones in David's sling, enlarging the head of Goliath, and extending Saul's legs .....	6.13
To decorating Noah's Ark and putting a head on Shem .....	3.31
To mending the shirts of the Prodigal Son and cleaning his ears .....	2.39
	\$58.42
The bill was paid.

**1912 COTTON CROP**

**SETS HIGH RECORD.**

Final Statistics Show Value to Be \$920,630,000, or Nearly \$70,000,000 More Than 1911.

Washington, D. C., June 28.—The 1912 cotton crop of the United States was the second largest ever produced, and amounted to 14,313,015 bales of 500 pounds gross each, the Census Bureau announced today. The final statistics show a slight increase over the preliminary production statistics

announced March 20.

The sea island crop amounted to 73,777 bales, linter 62,324 and seed production 6,104,000 tons, of which 4,579,508 tons were taken by the oil mills, leaving 1,524,492 tons for planting, export, feeding and other purposes.

The estimated value of the crop is \$920,630,000, or \$60,790,000 more than the record crop of 1911, notwithstanding that the quantity of lint cotton was 12.7 per cent less. The estimated value of the cotton crops for the five years 1908-1912 is \$4,216,970,000, the

average price being about 11.7 cents a pound, or nearly \$60 per bale.

The 1912 crop graded "middling to strict middling," and the average price of upland cotton was 12.05 cents per pound. Insect pests seriously infested the crop, growers in a large section having to contend with the boll weevil, cotton caterpillars and grasshoppers. The boll weevils have shown considerable existence, but work by the Federal and State Agricultural Departments is greatly reducing the destructiveness of the pests.

**AUTO SUPPLANTS PONY.**

Indian Discards War Paint and Feathers for Civilization; Likes Auto.

Lo! the poor Indian! The irresistible march of civilization and progress has marked great changes in his life. It has taken from him the bow and arrow, the tomahawk and the rifle of his belligerent days and has replaced them with the hoe and the scythe, badges of the once-hated humdrum of the agriculturist. His joyous days of the hunt and the warpath are over. His pony is gone, relegated to the limbo of things that never return by that engine of modern transportation, the automobile. Instead of sitting, dignified and important, in the councils of his tribe, poor Lo now lines up, meek and subdued, with his fellows at the door of the agency, the medium by which a beneficent government seeks to make reparation for slaying his forefathers and seizing his lands and his source of indolent, care-free livelihood, according to J. N. Willys, of the Willys-Overland Co.

One of the best examples of the adaptation of modern facilities and customs by the American Indians is Chief Iron Tail, once the head of a powerful western tribe, whose profile adorns the new five-cent piece recently issued by the Government. Far from being down-trodden and disconsolate at the loss of his former power and glory as the leader of an important people, Chief Iron Tail has welcomed the innovations which make for the supremacy of the United States among nations of the world, and has availed himself of every opportunity to improve the conditions under which he and the remnant of his tribe live.

Chief Iron Tail, with many of his followers, now lives on the big 101 Ranch, in Oklahoma. He is still a power, not only among his own people, but among the whites of that sec-

tion. Sober, industrious and ambitious, the famous chief has risen to affluence and prestige, and today is as well supplied with this world's goods as any of his paleface neighbors. Nor does he bemoan the passing of the good old days. His faithful pony and his war bonnet have been relinquished without a sigh. Chief Iron Tail is a very successful farmer and the proud possessor of an Overland automobile, several of which cars are in use in carrying on the business of the great ranch on which he lives. His greatest delight, between intervals of looking after his various business interests, is to gather a crowd of his Redskin neighbors and take them for long rides through the Oklahoma prairie country. He is an expert driver, and is never so happy as when sitting at the wheel of his Overland, speeding here and there over the territory he formerly traversed at the head of a war or hunting party of his followers.

"Auto heap better than pony" said Chief Iron Tail in a recent interview concerning the motor car. "Go like wind, much faster and much farther. No need stop for rest; Overland no tire out. Story of United States be much different if Indians had Overland in old days. White man maybe not drive Indians out so easy. With

auto Redskin could strike and get far away before Paleface could follow. Better like this, though, even if the Indian fast disappearing. We take customs and methods of white man and much better off now."

**PHILATHEAS ENTERTAIN.**

Tuesday evening the Philathea Class of the Methodist Church entertained the Wesley Baraca Class, at the home of Mr. and Mrs. Dan Ansley. Japanese lanterns, hung in the trees, made the lawn very attractive. Chairs had been arranged in a double row on the lawn, and as the guests arrived they were conducted to these.

A rather novel means of introducing the guests was used. As they arrived, each one was requested to write his name on a slip of paper and to pin this slip on his coat. When the guests had assembled on the lawn a continuous receiving line was formed.

The hostess introduced one-minute progressive conversation. Dainty lunches, bearing the ladies' names, were given the gentlemen. There were sixty guests.

We please the most exacting in Painting and Paper Hanging. All work guaranteed. PLAINVIEW DECORATING CO., W. D. Jordan, Mgr Phone 459. —Adv. tf

**FREE MATINEE.**

Below is a list of the merchants of Plainview who are offering free entertainment at the Majestic every Saturday evening to their out-of-town customers only. Shows at 1:30 and 2:30 o'clock:

Blasingame & Klinger, Boyd Grocery Co., Sewell Grocery Co., Busy Bee Cafe, Jo W. Wayland, Shelton Bros., Warren & Sansom, Necessity Store, J. M. Sanderson, W. E. Winfield, Geo. S. Fairris, Carter-Houston D. G. Co., R. A. Long Drug Co., J. W. Willis Drug Co., Wright & Dunaway, Duncan's Pharmacy, Donohoo-Ware Hardware Co.

This list is open to any business house in Plainview. —Adv. tf

If a substitute is offered you for Foley Kidney Pills, it means a cheaper medicine is pressed upon you for the dealer's profit, not for yours. Foley Kidney Pills may cost the dealer more than a cheap substitute, but they give better results than any other kidney and bladder medicine. A. J. Walsh, Sneffles, Calif., writes: "Rush them to me. I am badly done up with rheumatism, and Foley Kidney Pills are the only thing that will cure me." R. A. Long's Drug Store. —Adv. 39

**LINCOLN'S GETTYSBURG ADDRESS.**

"FOURSCORE and seven years ago our fathers brought forth upon this continent a new nation, conceived in liberty, and dedicated to the proposition that all men are created equal. Now we are engaged in a great civil war, testing whether that Nation, or any nation so conceived and so dedicated, can long endure.

"We have met on a great battlefield of that war. We have come to dedicate a portion of that field as the final resting place for those who here gave their lives that that Nation might live. It is altogether fitting and proper that we should do this. But in a larger sense we cannot dedicate, we cannot consecrate, we cannot hallow this ground.

"The brave men, living and dead, who struggled here, have consecrated it far above our power to add or detract. The world will little note, nor long remember, what we say here, but it can never forget what they did here.

"It is for us, the living, rather to be dedicated here to the unfinished work which they who fought here have thus far so nobly advanced. It is rather for us to be here dedicated to the great task remaining before us, that from these honored dead we take increased devotion to that cause for which they gave the last full measure of devotion; that we here highly resolve that these dead shall not have died in vain; that this Nation, under God, shall have a new birth of freedom, and that government of the people, by the people, and for the people, shall not perish from the earth."

**HOW IT WORKS.**

It was a hot summer day. It was also dusty. One hundred and fifty men were riding from town to town in Central Kansas, in autos, on a trade extension tour. They were Kansas men—merchants, lawyers, doctors, editors, clerks, mechanics, bankers, farmers. From time to time they stopped at thirteen towns during the day's run.

No one in the crowd spoke of beer. No one had any beer. No one at the thirteen towns offered anyone any beer. At most of the towns there were great, deep, stone jars of iced lemonade on the sidewalks with bright tin cups hanging from the jars, and a sign up, "Welcome Emporians." There was no whiskey, beer or wine in the crowd.

No one missed it. No one spoke of it. For these men, ranging from 30 to 60, had lived in Kansas thirty years under absolute prohibition. Most of them had never been in a saloon in their home town in their lives. Booze was as remote from their consciousness as carbolic acid. Booze is not in the Kansas scheme of things. No one thinks of it. Its presence or absence is not considered by the Kansas mind. —William Allen White, in the Emporia Gazette.

**ENTIRE TOWN VISITS  
MAJESTIC IN 20 DAYS.**

"Six hundred people is perhaps the largest crowd we have had any one night." It was Ross Rogers, proprietor of the Majestic Theater, speaking. Tuesday night Mr. Rogers says he turned away more than 300 people. Average crowds are about 300 a night, or 1,500 to 1,800 a week. This means that more than 5,000 people, the equivalent of Plainview's entire population, visit the theater every three weeks.

Mr. Rogers says that he fumigates his house every day. The air is always fresh. He runs three to six films each night, all of them censored. It is to these two things which Mr. Rogers largely attributes his success.

**WILL ILLUSTRATE LECTURE  
WITH GERONIMO'S WEAPONS.**

An Indian lecture by one who knows all about Indian life ought to be interesting. That is what is promised in Rev. A. E. Butterfield's lecture at the Methodist Church Monday night. Brother Butterfield will talk on the customs of the Indians. He will illustrate Indian habits by the use of the "peace pipe," papoose cradle, Indian's costume and moccasins. The bow and arrow which was formerly the property of the great Apache outlaw, Geronimo, will be used by the lecturer.

Editor Sam Malone, of the Seminole Sentinel, Seminole, Texas, was in Plainview a few days this week.

Call The Herald for job printing.

## GET RID QUICK

That is Our Aim When We Offer to Our Trade Such Liberal Discounts on New Seasonable Merchandise

### Dresses

Ladies Colored Linene Dresses in Neat Styles now	\$1 85

Remember that everything in the stock of the PLAINVIEW MERCANTILE COMPANY goes in their big sale which begins on Saturday of this week. Nothing is withheld, and many articles are priced below wholesale cost. —Adv. tf.

**SHE WOULDN'T START FRIDAY.**

Miss Susie Smith Comes from San Antonio to Wed J. A. Clark.

That "the course of true love never runs smoothly" was demonstrated in Plainview this week. It all happened because San Antonio is two days' ride from Plainview, and the bride was not willing to leave San Antonio on Friday—you know, Friday is unlucky. came to Plainview.

Miss Smith was expected Sunday. She was unwilling to start on her wedding journey Friday, so she left San Antonio Thursday. Naturally, she came into Plainview a day early. Mr. Clark did not find his sweetheart until Sunday; his understanding was that it would not be possible to secure license that day, so the wedding was postponed until a day later.

Miss Smith and Mr. Clark were married Monday. They will make their home for the present in Plainview.

**BAPTIST MEETING  
BEGINS SUNDAY.**

The protracted meeting to be conducted by the Baptists of Plainview begins next Sunday.

The big tabernacle, located on grounds adjoining Calvary Church, is now ready. It is, perhaps, the most comfortable tabernacle you ever sat under, and will accommodate a large crowd.

Rev. G. L. Yates, of the First Church, Tyler, Texas, will arrive Saturday and preach in the meeting. Mr. Yates is an Alabamian, and did conspicuous pastoral work in his native state, notably at New Decatur. He came to Tyler three years ago. At that time Baptist affairs in the city

were badly disorganized, but under his organizing head and warm, evangelistic heart the church has become the very leading Baptist Church of all that portion of the State. They have a continuous revival. No Sunday of recent months has passed without some one confessing Christ, and the baptismal waters are being troubled regularly.

Mr. Yates was never regularly in the evangelistic work, but his services are constantly sought for evangelistic meetings. He is a great pastor-evangelist. Fortunate, indeed, are we in securing his services for this meeting.

No more pleasing speaker has addressed a Plainview audience than Mr. Yates. He is forceful because direct, strong because simple, and convincing because earnest. Hear him once, and you will feel that in him you have a friend whose counsel you can trust and whose lead you can follow.

Everybody is specially invited to this meeting.

H. H. STREET,  
C. R. HAIRFIELD.

**"NOTHING RESERVED"  
SAYS W. A. SHOFNER.**

Plainview Mercantile's Semi-Annual Clearance Sale Will Continue 3 Weeks.

"We received \$600 or \$700 of new goods last week. Tell your readers that our stock is complete, and the most up-to-date the market affords," said W. A. Shofner yesterday to a Herald reporter. "We have made ample arrangements to take care of the crowds which are characteristic of these semi-annual clearance sales. The Plainview Mercantile never has but two sales a year, and the people

have come to look forward to them as trading events where they make large profits in their savings on clothing."

A feature of this sale is that \$20 in cash will be given away; \$10 to the person who buys the largest amount of goods during the sale; \$6 to the person buying the second largest amount; the person buying third largest amount will receive \$4.

Mr. Shofner has been manager of the Plainview Mercantile Co. four years. Mr. Shofner believes in keeping his stock at the highest level of quality and style values all of the time; and he believes that these semi-annual clearance sales, where people may make large savings on stylish goods, have done much to increase the regular patronage of his store.

The Plainview Mercantile Company's business during the first six months of 1913 shows an increase of nearly one-third over the same period of 1912. The big clearance sale continues through Saturday, July 26. —Adv.

"The Best and Prettiest Dry Goods Store on the Plains"

the Cator home Saturday.

Ralph and Carl Baker left Monday for Nebraska, where they will run a threshing outfit.

Mrs. A. R. Reddington spent Saturday and Sunday with Mrs. Cleavenger.

Sunday was a very rainy Sunday, yet we had an attendance of 115.

Norman Cleavenger made a trip to Plainview the last of the week, in the interest of the firm of M. E. Cleavenger & Sons.

James Reddington had the misfortune to get his mount badly cut on the wire.

O. C. Axtell was a Plainview visitor this week.

Spring Lake will not celebrate the Glorious Fourth this year. Our people have planned to help swell the crowds at Plainview and Littlefield.

**HOGS GAIN 9 CENTS; THEN CLOSE WEAK.**

**Short Run of Live Stock Falls to Boost Prices on Kansas City Market.**

Kansas City Stock Yards, June 30.—Receipts of cattle here last week were 6,000 head less than in the previous week, and about the same number short the corresponding week a year ago, favorable circumstances for developing whatever strength there was in the market.

Heavy steers closed this week about steady, after selling 10 to 15 cents lower the middle of the week. Light steers finished a shade higher for the week, cows strong to 15 cents higher, and stock cattle 25 to 40 cents higher. Today the supply is 14,000 cattle here and 19,000 in Chicago. Prices here opened steady to a shade lower on steers, but later sales were weak to 15 cents lower. Cows and stock cattle sold about steady.

There is a large number of choice to prime steers here today which sold at \$8.30 to \$8.75, bulk of the native steers \$7.75 to \$8.50. Fancy Missouri mixed yearlings brought \$8.65 today, from same feed lot that furnished \$8.75 animals a week ago.

Stock steers range from \$5.75 to \$7.75, feeders up to \$8.00. Top stockers a year ago brought \$6.75, top feeders \$7.75. More than two hundred cars of quarantine cattle came in today, the record supply for this year, and sales in that division are unevenly lower, grass steers largely at \$5.40 to \$6.50, fed cattle \$7.00 to \$7.50, grass cows \$4.25 to \$5.75.

Hogs made an average net gain of 9 cents last week, with a bad close Saturday. Supply today is 5,000 head, market 5 to 10 cents higher, top \$8.70, bulk \$8.65 to \$8.70. The light run today was good medicine for the market, as buyers late last week were in a bearish mood.

Sheep and lambs are sustaining their reputation for eccentricity. The market made sensational gains one or two days last week, but today there is another bad break of 30 to 50 cents. Top spring lambs today brought \$7.50, native ewes sold largely at \$4.25 and under, and an early bid of \$4.60 on Texas muttons could not be duplicated later. Receipts, 10,000.

J. A. RICKART, Market Correspondent.

All of our standard lines of men's furnishings, including Kuppenheimer Clothes, Lion and Stetson Hats, Lion Shirts and Collars, Nettleton, Beacon and Biltmore Shoes, will go at greatly reduced prices in our sale which begins Saturday, July 5th. PLAINVIEW MERCANTILE COMPANY. —Adv.

**THREE AND ONE-HALF  
 BILLION SAW MOVIES.**

Picture Theatres Took in 319 Million Dollars During 1912; Nearly 200,000 Employees.

An idea of the amazing growth of the moving picture industry in the last few years is given in figures compiled by Frank A. Tichenor, chairman of the first International Exhibition of Moving Picture Arts, which is being held in the Grand Central Palace, New York, this week.

Mr. Tichenor says 3,600 million persons patronized the moving picture theaters of this country last year, according to the Kansas City Star. Many more are expected in the year to come, as theaters have been built by hundreds.

Mr. Tichenor's figures, which are the first official ones ever prepared in this country, show 319 million dollars was received in quarters, dimes and nickels; that 80 million dollars is invested in the industry; that more than two hundred thousand persons are employed in it, and that 10 million feet of picture films are produced weekly. They will be thrown on a screen in the exhibition.

**ONE-TENTH OF US CLOWNS.**

Ten Per Cent of America's Population Work to Amuse the Rest.

It has been roughly estimated that 10 per cent of us, the people of the United States, keep busy and earn our living by amusing the other 90 per cent. This 10 per cent includes those who do the actual work of amusing: singers in grand opera, light opera, concert; actors in the "legitimate" theaters, in vaudeville, in burlesque, in small shows; performers in the various departments of the innumerable circuses, carnivals, street fairs, baseball players, football players, basket ball players, motor racers, aviators, boxers, innumerable exponents of innumerable forms of professional sports.

It includes also the people who promote these amusements; who incorporate companies and manufac-

ture devices to be used in amusing—film companies, with armies of employees in the moving picture field, for example; the people in their large office forces; the people who manage and direct theaters, amusement parks, race courses, athletic fields, etc.; stagehands, mechanics, electricians and employees in countless other ramifications of the general business of amusement.

It includes those who originate schemes of entertainment, those who finance them, those who manage them, those who execute them, those press agents, advance men, sign painters, "spielers" and "bankers," etc., who advertise them and draw the attention of the rest of us—the patrons who comprise the other 90 per cent.—World's Work Magazine.

**CANCEL TITLE TO TULSA LOTS.**

Federal Court Decides Real Estate Reverts to Creek Nation.

Muskogee, Okla., June 30.—Government patents to twenty-seven lots in Tulsa, worth \$50,000, held by the Frisco Oil and Gas Company, were ordered canceled by the Federal Court here today. The lots revert to the Creek Nation. The suit was similar to the ones in Muskogee four years ago, when ex-Governor Haskell was indicted for scheduling lots. The court held that while the Government commission may have sanctioned scheduling lots to persons claiming an occupancy right, but who really had none, and the persons who obtained the lots may have been acting in good faith, yet such patenting of lots was illegal. Hundreds of lots in Tulsa are said to be involved in a similar manner.

**WOMEN TO HOLD MEETINGS.**

School Hygiene Will Be Discussed in Special Sessions at International.

"Women's Work in School Hygiene" will be the subject of a special conference at the Fourth International Conference on School Hygiene in Buffalo the last week in August under the auspices of the General Federation of Women's Clubs of America.

The details of the meeting are now being arranged by Mrs. S. S. Crockett, of Nashville, Tenn., chairman of the public health department of the general federation.

Mrs. Frank J. Shuler, of Buffalo, president of the New York State Federation of Women's Clubs, will preside at the women's club session. The program as now arranged by Mrs. Crockett will include the following:

1. A symposium on "What Clubs of Women Can Do in School Hygiene," to be discussed by the following: (a) A representative school man, (b) A leading clubwoman, (c) An interested layman.

2. "A Story of Actual Achievement," 2-minute word picture of actual co-operation by clubwomen to be presented by representative women from many states.

"What Shall We Do About It?" 3-minute prophecies of what women's organizations will do in school hygiene before the next international congress on school hygiene.

To the Artists of Plainview: When in need or China for painting, don't forget that our stock is complete, both in Haviland and Bavarian Donatello shapes. DONOHOO-WARE HARDWARE CO. —Adv. 1f

**BORDERED SHADOW**

**LACES POPULAR.**

Cobwebby Designs Most Appropriate and Attractive for Youthful Evening Frocks, Says Star.

Although silks and other more stately materials are used freely for the youthful evening frocks, chiffons and thin, cobwebby laces remain the most appropriate, and therefore most attractive, fabrics for the purpose. Among this season's laces there are beautiful figured effects that are entirely new, and shadow laces with delicately traced border designs on a dotted or finely figured groundwork.

One of these bordered shadow lace gowns is a perfect creation of its kind for a young girl, since it is modish, shows several really novel features and is distinctive, and yet very youthful.

The gown can be made over fine, white net, or else have a separate net slip just so that it will not be too transparent. There is a high waisted corsage surplised in front and in back and made with very brief puffy sleeves cut in one with the body part. The tunic skirt is not very long in front, but runs down into a point in back that is considerably longer. It is

evenly gathered all around at the waist and the right front is caught up higher than the left in draped folds held in place under the satin girdle. The lower skirt has a sash above the left foot, headed by a spray of satin roses, which serves to hold in place the simple drapery of the skirt. Another spray of roses is caught at the girdle and continued up over the left side of the surplice blouse.—Kansas City Star.

**WORE A KEG FOR TROUSERS.**

Somebody Stole a Lake Bathing Trousers from Chicago Beach.

Chicago, Ill., June 30.—Leroy Lindstrom made the comic supplement picture a reality when he wore a beer keg home after some one stole his clothes from the shore of the lake.—Kansas City Star.

**GIVES INSTANT ACTION.**

J. W. Willis, druggist, reports that A SINGLE DOSE of simple buckthorn bark, glycerine, etc., as compounded in Adler-I-ka, the German appendicitis remedy, stops constipation or gas on the stomach INSTANTLY. Many Plainview people are being helped. —Adv. 32

### GO AS YOU PLEASE IN CAMP, VETERAN SLOGAN.

Heat Too Much for Formality at Gettysburg Reunion, Though Not Warm as '63.

Gettysburg, Pa., June 30.—Flanked on three sides by booths occupied by enterprising show men, who presented almost every conceivable proposition to conjure the nickels from the pockets of the Blue and Gray hosts, the big tent city that has sprung up on the site of the battlefield was a picturesque sight today.

Twenty-five thousand veterans in Blue and Gray, the biggest army of its kind that has been gathered together in fifty years, awoke on the fields of Gettysburg to the call of reveille and the warlike rattle of pots and pans in a score of mess tents.

Veterans who sat about campfires until late at night were up long before the sun climbed over the hills of the Blue Ridge. Over the brick-hard, sun-baked roads, the warriors of fifty years ago tramped seeking enjoyment and renewing old acquaintanceship.

Sang the Old War Songs.

Before the electric lights of this

modern camp were turned out to make way for the sun, the veterans were singing the songs of war time, and the wide streets of the tented city echoed with the "Ki-yi" of the "Johnny Reb" and the hoarse yell of his Yankee brother from the North.

The regular army men in charge of the camp expected fifteen thousand veterans to come into Gettysburg today, and by tonight they will be prepared to tent and mess more than forty thousand men without hitch or delay.

Just as soon as the rations of bacon and eggs and coffee, "fruit of the season," fresh bread and butter, were disposed of in the way all good soldiers dispose of them, the real inspection of the battlefield and the re-telling of the story of Gettysburg began, with all the pointed criticism that the private soldier knows so well how to make.

"I ain't seen a Reb yet who didn't charge Round Top and take it all by himself," said a lanky Southerner, as he wandered into the quarters of the Pennsylvania contingent.

"No, and I ain't seen a 'Yank' who didn't break up Pickett's charge by his own self," said a smiling Pennsyl-

vanian, as they shook hands.

### Celebration Starts Tomorrow.

Tomorrow the formal celebration of the anniversary of the battle will begin, to last until Friday, when it will culminate in a patriotic rally eclipsing anything ever before arranged in this country and marked by the presence of the President of the United States.

But today was one of enjoyment, and the blue and gray clad soldiers of a past generation fraternized over bottles of pop and trampled from booth to booth, reviewing the two-headed cow, the elephantine fat woman and the hundred and odd attractions familiar to the summer resort midway.

It was very hot. Long before the sun was visible above the flat lands lying to the eastward there was a warmth in the air that caused apprehension in the breasts of the men who shouldered the care of the 45,000 veterans.

### Not So Hot as in '63.

As a matter of fact, most of the veterans congratulated themselves on the fact that it was nowhere near so hot as fifty years ago today, and that there was not the necessity for haste that there was then.

And, despite the exhortations of the first-aid men to refrain from drinking any of the fearful and wonderful concoctions sold so freely everywhere outside the camp reservation, the visiting hosts simply suited their own tastes and drank when they were thirsty, and the drinks seemed to do little harm.

Gen. Bennett Young, commander-in-chief of the United Confederate Veterans, arrived with his staff today and was escorted to his headquarters by an impromptu procession of Union and Confederate veterans, who did their best to show by their enthusiastic greeting that they realized just what this visit meant.

### G. A. R. and U. C. V. Commanders There.

The commander-in-chief of the Grand Army of the Republic, Gen. Alfred B. Beers, of Bridgeport, Conn., was already on the ground, and for the remainder of the week the two ranking officers will be the most prominent figures in the celebration. Only two hours each day are to be devoted to formal exercises.

The officials realize that because of the age of most of those here it would be a hardship to lengthen the program. So for the greater part of the time the veterans will be permitted to go as they please and "fight the war over again" in their own picturesque manner.

The first formal function of the week came this afternoon. The few remaining survivors of "Joe" Wheeler's cavalry division and of Buford's Union cavalymen, gathered in the headquarter's tent. Veteran residents of Gettysburg and the present town officials were their guests. It was a reception designed as a belated acknowledgement of courtesies extended by the townspeople when the troopers rode into Gettysburg half a century

ago.  
Alcohol stove.  
Grain alcohol.  
Whisky.  
Lime water.  
Aromatic spirits of ammonia.  
Mentholated vaseline.  
Camphorated vaseline.

The products of any reliable manufacturer will serve the purpose, the Baltimore pharmacist states. He regards an atomizer and such things as mentholated vaseline as of far greater importance than is generally supposed, taking the view that a cold or other trouble is often averted by timely use of either preventive. All of the articles mentioned are in general use and can be applied intelligently by every individual.—Kansas City Star.

### A JUSTICE WAS BEING SHAVED.

But He Married a Kansas City Couple at Springfield Anyhow.

Springfield, Mo., June 30.—John I. Britton and Mrs. O. E. Ballenger, who gave their residence as Kansas City, were married in this city today under unusual circumstances. After obtaining a license they sought Justice C. A. Hubbard. They found him in the barber shop of John McNinn with one-half of his face shaved. The justice raised from his chair and spoke the marriage form.

The groom at first asked that the marriage be performed in secret and without witnesses. They are said to have married in Kansas City ten years ago, and had been divorced. Britton is 36 years old and his wife is 30.

### WHAT THE FACE TOLD.

Two young girls in the parlors of a celebrated photographer were waiting for a sitting. They had consulted the mirror and each other, had straightened every bow and ornament, had skillfully brushed the abundant hair into its most becoming waves and tendrils, yet still they were obliged to wait. When the studio door was finally opened and two middle-aged ladies emerged, the eyes of the girls ran swiftly over the face and figure of the one who had evidently been before the camera.

"Dear me! All this time wasted on her?" whispered one pair of rosy lips. "When I get to be as old and as homely as that, I'll not bother with having pictures taken, I can tell you."

But the artist was even then expressing to a friend his satisfaction with his sitter. "I like to take that kind of picture—a face that is full of character," he said. "That patient steadfastness in the eyes, the strong

lines about the mouth, will come out finely. Pretty faces are plentiful enough—they mean nothing except that care and time have not yet touched them—but strong, sweet faces have to be slowly chiseled out, year after year, by some workman within."

So the careless young girl is even now deciding what her face of the future shall be, and somewhere, whether she chooses or not, it will be plainly pictured.—Wellspring.

### MONEY REFUNDED WITH A SMILE.

Leading Drug Store Will Give Money Back Should There Ever Be a Case Where Dodson's Liver Tonic Falls.

Dodson's Liver Tonic is a mild vegetable Liver Tonic which operates so successfully in cases of constipation, torpid liver or biliousness that it has practically taken the place of calomel—the drug which is so often dangerous. R. A. Long Drug Co., who sells Dodson's Liver Tonic, recommends it as a reliever of constipation, sour stomach, biliousness and sluggish liver. It works gently, surely and harmlessly. If a bottle should ever fail to give satisfaction, R. A. Long Drug Co. will refund the price paid without question.

The price of Dodson's Liver Tonic is 50 cents per bottle. Be sure you get Dodson's Liver Tonic and not some medicine put up in imitation that is not backed up by a guarantee and that may contain harmful drugs.—Adv. 32

THOMAS & MILLER will trade you a new Buggy for an old one or a new Buggy for any kind of Livestock.—Adv. 32

For Weakness and Loss of Appetite The Old Standard general strengthening tonic, GROVE'S TASTELESS CHILL TONIC, drives out Malaria and builds up the system. A true tonic and sure Appetizer. For adults and children. 50c.

### FOR A FAMILY MEDICINE CHEST.

A Pharmacist Gives a List of Useful Home Remedies.

A Baltimore pharmacist who has had exceptional opportunities for studying the needs of individuals and families, has made a list of what he believes the family medicine chest should contain. His list is as follows:

- Absorbent cotton,
- Gauze bandage,
- Cholera Cure,
- Hot water bag,
- Fountain syringe,
- Quinine capsules,
- Camphorated oil,
- Liniment,
- Bicarbonate of soda,
- Sweet spirits of nitre,
- Atomizer,
- Dyspepsia tablets,
- Paregoric,
- Effervescent phosphate of soda,
- Carbolated vaseline,
- Powdered talcum,
- Tincture of arnica,
- Cough remedy,
- Dozell's solution,
- Saturated solution of boric acid,
- Zinc ointment,
- Cold cream,

It Look Good, It Tastes Good, It Is Good

WHAT?

Why, those delicious boxes of Kings Candy we have been telling you about. Take Her a box next time. The other fellow won't have a chance.

WE HAVE THE KIND SHE LIKES, TOO.

**CITATION BY PUBLICATION.**

THE STATE OF TEXAS,  
To the Sheriff or any Constable of Hale County—GREETING:  
**YOU ARE HEREBY COMMANDED,** That you summon, by making Publication of this Citation in some newspaper published in the County of Hale, if there be a newspaper published therein, but, if not, then in any newspaper published in the 64th Judicial District; but if there be no newspaper published in said judicial district, then in a newspaper published in the nearest district to said 64th Judicial District, for four weeks previous to the return day hereof, W. V. Kennedy, Edward Kennedy and R. S. Lemons, whose residences are unknown, to be and appear before the Honorable District Court, at the next regular term thereof, to be holden in the County of Hale, at the Court House thereof, in Plainview, Texas, on the 4th day of August, 1913, then and there to answer a Petition filed in said Court, on the 7th day of June, A. D. 1913, in a suit numbered on the docket of said Court No. 963, wherein L. W. Elliott and M. J. Elliott, R. W. Elliott are plaintiffs and W. V. Kennedy, Edward Kennedy and R. S. Lemons are defendants. The nature of the plaintiffs' demand being as follows, to-wit:

STATE OF TEXAS,  
County of Hale.)

In District Court,  
August Term, 1913.

To the Honorable District Court of said County:

Now come L. W. Elliott and M. J. Elliott, who are husband and wife, and R. W. Elliott, all of whom reside in Hale County, Texas and are hereinafter styled plaintiffs, and, complaining of W. V. Kennedy, Edward Kennedy and R. S. Lemons, hereinafter styled defendants, and whose places of residence are unknown, show to the Court:

That heretofore, on the 1st day of January, 1913, plaintiffs were lawfully seized and possessed of the following described tracts of land lying and being situate in Hale County, Texas, claiming, holding and owning the same in fee simple, to-wit:

**FIRST TRACT:** Beginning at 4 pits and stake at the Southwest corner of the D. P. Goodwin Homestead Pre-emption Survey; thence North 1,456 feet a 3/4-inch pipe; thence West 1,320 feet a buggy boxing for corner; thence South 1,456 feet 4 pits and a cedar post at the Southwest corner of the S. A. White Homestead Pre-emption Survey; thence East 1,320 feet to the place of beginning, containing 44.13 acres of land.

**SECOND TRACT:** Beginning at the center of the D. P. Goodwin Homestead Pre-emption Survey, a wagon spindle; thence South 1,320 feet; thence West 1,320 feet to 4 pits and stake at the Southwest corner said Goodwin Survey; thence North 1,456 feet to a 3/4-inch pipe; thence East 1,170 feet; thence South 136 feet; thence East 150 feet to the place of beginning, containing 43.66 acres of land.

**THIRD TRACT:** Beginning at the Southwest corner of the aforesaid D. P. Goodwin Homestead Pre-emption Survey; thence West 1,320 feet a stake at the Southwest corner of the S. A. White Homestead Survey; thence South 531.7 feet, a stake and 3 pits; thence East 1,320 feet a stake; thence North 531.7 feet, to the place of beginning, containing 16.11 acres of the J. E. White Homestead Survey.

**FOURTH TRACT:** Beginning at Goodwin Homestead Pre-emption Survey the Southwest corner of the said D. P. Goodwin Homestead Pre-emption Survey; thence East 1,320 feet; thence South 531.7 feet; thence West 1,320 feet; thence North 531.7 feet, to the place of beginning, containing 16.11 acres of the E. M. White Homestead Survey.

And that on the day and year aforesaid the defendants unlawfully entered upon said premises and ejected the plaintiffs therefrom and unlawfully withhold from plaintiffs the possession thereof, to plaintiffs' damage in the sum of Five Thousand Dollars.

Plaintiffs claim said lands by chain of title as follows: Patent from the State to M. E. Black, assignee of D. P. Goodwin, Patent No. 176, Vol. 28, recorded in Vol. 1, page 62, of the Patent Records of Hale County, Texas; deed from M. E. Black to A. E. White, dated Oct. 19th, 1906, recorded in Book 6, page 572, Deed Records of Hale County, Texas; Patent No. 232, Vol. 30, of Record Book 1, page 209, Patent Records, Hale County, Texas, to Ed M. White; Patent No. 570, Vol. 30, of Record Vol. 1, page 396, Patent Records of said Hale County, to S. A. White, who married T. J. Black; Patent No. 569, Vol. 30, recorded Vol. 1, page 395, Patent Records, Hale County, to J. E. White; deed from J. E. White et ux. to Ed M. White, dated Feb'y 6th, 1906, recorded Vol. 12, page 446, Deed Records of Hale County, Texas; deed from T. J. Black et ux. S. A. Black to R. W. Elliott, dated Oct. 17th, 1907, recorded Vol. 16, page 437, Deed Records of Hale County, Texas; deed from Ed M. White and wife, A. E.

White, to Mrs. M. J. Elliott, dated October 12th, 1907, recorded Vol. 16, page 438, Deed Records of said Hale County; deed from Ed M. White and wife to Mrs. M. J. Elliott, dated October 12th, 1907, recorded Vol. 16, page 439, Deed Records of said Hale County; deed from Ed M. White and wife, A. E. White, to Mrs. M. J. Elliott, dated October 12th, 1907, recorded Vol. 16, page 440, Deed Records of said Hale County; and that the only title under which defendants claim any part of said lands is the deeds herein-mentioned.

And Plaintiffs show that on the 26th day of April, 1909, plaintiffs signed, executed and delivered to W. V. Kennedy a certain deed, in form a general warranty, dated said day, and now of record in the Deed Records of said Hale County, Texas, Vol. 23, page 43, which said deed purports to convey unto said W. V. Kennedy a one-half interest in the north 120 acres in the townsite of Petersburg as shown by plat of said town on file in the Deed Records, except Blocks 7 and 8 and one acre deeded to T. B. Phillips by L. W. Elliott and wife, M. J. Elliott, and 3 acres deeded by L. W. Elliott and wife to Chas. Schuler and ten acres to W. V. Kennedy, further described as 120 acres out of a survey transferred to M. J. Elliott and L. W. Elliott by Ed M. White et al. And that on the same day, April 26th, 1909, plaintiffs signed, executed and delivered to said defendant, W. V. Kennedy, a certain deed, in form a general warranty deed, dated said day, and now of record in the Deed Records of said Hale County, Texas, Vol. 20, page 470, which deed purports to convey to said W. V. Kennedy ten acres off of the south side of a 120-acre tract of land conveyed to us by Ed M. White et al., and more particularly described as a strip of land 2,463 by 180 feet, and includes the north-west part of Block 4 and north part of Blocks 15, 22, 33, 40, 51, 58 and 69 as shown by margin line east and west on Petersburg Townsite plat, Hale County, Texas. And plaintiffs say that both said deeds are invalid and not binding against these plaintiffs, and should be cancelled, annulled and held for naught, and that the record thereof should be cancelled, annulled and held for naught, because, as plaintiffs show to the Court:

That at and before the said day of the execution of said deeds these plaintiffs resided at the said Town of Petersburg, where said land is situated, and owned and possessed at and near said town other lands, and were desirous of having a railroad constructed into and through said town; and that said defendants, W. V. Kennedy and Edward Kennedy, at and just prior to the date of the execution of said deeds, came to said town of Petersburg, and, acting together for the purpose of acquiring from plaintiffs the land in said two deeds described, and for the purpose of defrauding plaintiffs out of said land, represented to plaintiffs, and promised and assured plaintiffs, that they, said Kennedys, would build, construct, complete and equip a railroad from the town of Memphis, Texas, to and through the said town of Petersburg, within two years from said date, and would have such road completed and trains running thereover within said time of two years from the said date, if plaintiffs would make said deeds of conveyance; and represented to plaintiffs that they were financially and otherwise able to so build, construct, complete and equip such a railroad, and would do so within two years.

That plaintiffs had no knowledge of the matters about which said representations, promises and assurances were so made, and relied wholly on the said representations, promises and assurances so made by said Kennedys, and, so relying thereon, signed, executed and delivered said two deeds last above mentioned to said W. V. Kennedy; and plaintiffs show to the Court that they would not have made or delivered said deeds nor either of them but for said representations, promises and assurances so made by said defendants.

And plaintiffs further show to the Court that all and every of said representations, promises and assurances were falsely and fraudulently made by said Kennedys for the purpose of swindling plaintiffs out of their lands; that said representations, promises and assurances were made by said Kennedys without any expectation or intention of fulfilling them or any of them, and without any ability to perform or fulfill them or any of them. That said Kennedys were, in fact, mere adventurers, and had no financial ability or standing, and did not have the ability to construct any such railroad; and plaintiffs say that the execution of said deeds was procured by fraud.

And plaintiffs further represent and show to the Court that said deeds were signed and delivered by plaintiffs to said W. V. Kennedy, they, plaintiffs, relying fully and wholly on the representations, promises and assurances so made by said Kennedys as hereinabove set out; that no money or other thing of any value whatever was

given, paid to or received by plaintiffs for their said land or for the execution of said deeds, and that the only consideration for said land and for the execution of said deeds was the representations, promises and assurances so made to them by said Kennedys, as aforesaid; and plaintiffs further show to the Court that said Kennedys have wholly failed to perform or do any of the things which they so represented, promised and assured plaintiffs they would do; and have broken each and every of said representations, promises and assurances so made; that no railroad has ever been built into or anywhere near said town of Petersburg by said defendants nor by any one else; that plaintiffs have gotten nothing for their said lands; and plaintiffs said that said deeds are absolutely without any consideration to support them, and that the consideration for said deeds, if any ever there was, has wholly failed.

WHEREFORE, Plaintiffs pray that defendants be cited to answer this petition and that plaintiffs have judgment for the title, restitution and possession of the four tracts of land hereinafter first described, for a cancellation and annulling of said two deeds and the record thereof, and that said deeds and the record thereof be hereafter held for naught, for costs of suit, and for all other relief in law and equity to which they may be entitled under the evidence.

Attorneys for the Plaintiffs.

HEREIN FAIL NOT, And have you before said Court, on the said first day of the next term thereof, this Writ, with your endorsement thereon, showing how you have executed the same.

Given under my hand and seal of said Court, at office, in Plainview, this, the 27th day of June, A. D. 1913. (SEAL) B. H. TOWERY, Clerk District Court, Hale County, Texas. By W. H. BOX, Deputy. 40

**CITATION BY PUBLICATION.**

THE STATE OF TEXAS,  
To the Sheriff or any Constable of Hale County—GREETING:  
**YOU ARE HEREBY COMMANDED,** That you summon, by making Publication of this Citation in some newspaper published in the County of Hale, if there be a newspaper published therein, but, if not, then in any newspaper published in the 64th Judicial District; but if there be no newspaper published in said judicial district, then in a newspaper published in the nearest district to said 64th Judicial District, for four weeks previous to the return day hereof, W. V. Kennedy, Edward Kennedy and R. S. Lemons, whose residences are unknown, to be and appear before the Honorable District Court, at the next regular term thereof, to be holden in the County of Hale, at the Court House thereof, in Plainview, Texas, on the 4th day of August, A. D. 1913, then and there to answer Plaintiffs' First Amended Original Petition filed in said Court, on the 27th day of June, A. D. 1913, in a suit numbered on the docket of said Court No. 964, wherein Ed M. White and A. E. White are plaintiffs and W. V. Kennedy, Edward Kennedy and R. S. Lemons are defendants. The nature of the plaintiffs' demands being as follows, to-wit:

Ed M. White and A. E. White )  
vs. )  
W. V. Kennedy et al. )  
No. 964.  
In District Court,  
Hale County, Texas.

To the Honorable District Court of said County:  
Now come the Plaintiffs, Ed M. White and wife, A. E. White, and file this their First Amended Original Petition in lieu of their Original Petition filed herein on the 7th day of June, 1913, and for such amendment and for cause of action, and complaining of the defendants, W. V. Kennedy, Edward Kennedy and R. S. Lemons, whose places of residence are unknown to Plaintiffs and to plaintiffs' attorneys, show and represent to the Court:  
That heretofore, on the 1st day of January, 1913, plaintiffs were lawfully seized and possessed of the following described tract of land, situate and being in Hale County, Texas, holding, owning and claiming same in fee simple, to-wit: Beginning at an iron pipe 1,853 feet south of a wagon spindle driven in the ground at the center of the D. P. Goodwin Homestead Pre-emption Survey of 160 acres; thence south 990 feet; thence west 987.1 feet; thence north 990 feet; thence east 987.1 feet, to the place of beginning, containing 22.43 acres of land; and that on the day and year aforesaid the defendants unlawfully entered upon said lands and premises and ejected plaintiffs therefrom and unlawfully withhold from plaintiffs the possession thereof, to plaintiffs' damage in the sum of two thousand dollars. Plaintiffs further show that they hold, claim and have title to said tract of land by title as follows:

Patent from the State of Texas to plaintiff Ed M. White, No. 282, Vol. 30, of record in the Patent Records of Hale County, Texas, Vol. 1, page 209; and that defendants have no title to said lands or any part thereof, so far as these plaintiffs know, unless it be under the deed hereinafter mentioned.

And for further cause of action against said defendants, W. V. Kennedy, Edward Kennedy and R. S. Lemons, these plaintiffs show to the Court that on the eighth day of January, 1909, plaintiffs signed, acknowledged and delivered to said W. V. Kennedy a certain instrument in writing, a general warranty deed, bearing date said day and year, and now of record in the Deed Records of Hale County, Texas, Vol. 20, page 280, by the terms of which deed plaintiffs conveyed to said W. V. Kennedy certain lands in Hale County, Texas, described in deed as follows: Beginning at an iron pipe 1,853 feet south of a wagon spindle at the center of the D. P. Goodwin Survey; thence South 990 feet to stake; thence West 987.1 feet to stake; thence North 990 feet to stake; thence East 987.1 feet to stake, containing 22.43 acres of land. And plaintiffs show to the Court that said deed of conveyance is invalid and not binding against these plaintiffs, and should be cancelled, annulled and held for naught, and the record thereof should be cancelled, annulled and held for naught, for the following reasons:  
1st. At and prior to the time of the making of said deed, plaintiffs lived at the Town of Petersburg, Hale County, Texas, and had and owned and possessed certain other lands besides the lands in said deed described, and were, together with many other persons residing in and about said town, very desirous of seeing a railroad constructed into said town, and of seeing said town and the community thereabout grow and develop; and that said defendants, W. V. Kennedy and Edward Kennedy, at the time of the executing of said deed and before then, came to said town of Petersburg and represented to plaintiffs and promised and assured plaintiffs that if they, plaintiffs, and other persons would do certain things, including the conveyance to said W. V. Kennedy the lands in said deed described, that they, the Kennedys, would build, construct and complete a railroad from Memphis, Texas, to and through the said Town of Petersburg, and would complete said railroad and have trains running thereover within two years from that time; and represented to plaintiffs that they, said Kennedys, were able financially and otherwise able to so build, construct and equip such railroad, and would so build, complete and equip same and have trains running thereover within two years from that date, if plaintiffs would execute said deed.

That plaintiffs had no knowledge of the matters about which such representations, promises and assurances were so made by said Kennedys, and relied wholly on the said representations so made by them, and, so relying on said representations, signed, executed and delivered to said W. V. Kennedy said deed; and that they would not have so signed, executed or delivered said deed to said W. V. Kennedy but for said representations, promises, agreements and assurances so made by said Kennedy.

And these plaintiffs further show to the Court that all and every of said representations, promises and assurances so made by said Kennedys were falsely and fraudulently made by them for the purpose of swindling plaintiffs out of their said land, and were made without any expectation or intention of fulfilling them or complying with or performing them, and without any ability to perform or keep them. That said Kennedys were, in fact, mere adventurers, without any financial standing or ability. And plaintiffs say that the execution and delivery of said deed was procured by fraud.

And these plaintiffs further show that said deed was signed, executed and delivered by plaintiffs to said W. V. Kennedy, they, plaintiffs, relying on said representations, promises and assurances so made by said Kennedy, as aforesaid; and that no money or other thing of value whatever was given to plaintiffs or received by them for said land in said deed described or for the execution and delivery of said deed, and that the only consideration for said deed, and for said land in said deed mentioned, was the said representations, promises, assurances and agreements on the part of said Kennedys, as above set out, and to the effect that they, said Kennedys, would build, construct, complete and equip a railroad into and through said town within two years from the said date of said deed, and have trains running over said railroad within that time; and plaintiffs further show to the Court that said Kennedys have wholly failed to perform or do any of the things which they so represented, promised and assured plaintiffs that they would do, and have broken each and every representation, promise and assurance so made; that no railroad has ever been built into or anywhere near said town of Petersburg by said defendants or any other person; and

that plaintiffs have gotten nothing whatever for their said land; and plaintiffs say that said deed is absolutely without any consideration to support it, and that the consideration therefor, if any there ever was, has wholly failed. And Plaintiffs further say that said W. V. Kennedy and Edward Kennedy were acting together in all said matters.

Wherefore, plaintiffs pray that defendants be cited to answer this petition, and that upon a hearing hereof that plaintiffs have judgment for the title, restitution and possession of he lands hereinabove described; that said deed and the record thereof be cancelled, annulled and declared void; that plaintiffs have judgment for costs of suit, and that they have all other and further relief both in law and in equity to which, under the evidence, they may be entitled.

Attorneys for the Plaintiffs.

HEREIN FAIL NOT, And have you before said Court, on the said first day of the next term thereof, this Writ, with your endorsement thereon, showing how you have executed the same.

Given under my hand and seal of said Court, at office, in Plainview, this, the 27th day of June, A. D. 1913. (SEAL) B. H. TOWERY, Clerk District Court, Hale County, Texas. By W. H. BOX, Deputy. 40

**CITATION BY PUBLICATION.**

THE STATE OF TEXAS,  
To the SHERIFF or any Constable of Hale County—GREETING:

You are hereby COMMANDED to SUMMON the heirs of W. H. H. Kilty, by making publication of this citation in some newspaper of Hale County, Texas, if there be a newspaper published therein, but if not, then in the nearest county where a newspaper is published, once in each week for eight successive weeks previous to the return day hereof, to be and appear before the Honorable District Court of Hale County, Texas, at the next Regular Term thereof to be holden in the County of Hale, at the Court House thereof, in the City of Plainview, Texas, on the 4th day of August, 1913, then and there to answer a petition filed in said Court on the 23rd day of May, 1913, in a suit numbered on the docket of said Court, No. 960, wherein B. E. Crego is plaintiff and the heirs of W. H. H. Kilty, deceased, are defendants; the nature of the Plaintiff's demand as stated in said Petition being as follows:

STATE OF TEXAS,  
County of Hale.)  
IN THE DISTRICT COURT,  
August Term, 1913.

To the Honorable District Court of said County:  
Now comes B. E. Crego, of Aurora, State of Illinois, hereinafter styled Plaintiff, and, complaining of the Heirs of W. H. H. Kilty, deceased, whose names and places of residence are to Plaintiff unknown, hereinafter styled Defendants, shows and represents to the Court:

That heretofore, on the 1st day of August, 1912, Plaintiff was lawfully possessed of the following described tract of land lying and being situate in Hale County, Texas, holding, owning and claiming the same in fee simple, to-wit: The J. L. King Homestead Pre-emption Survey, described by metes and bounds as beginning at the Northeast corner of the W. F. Addison Survey; thence east 950 varas; thence south 950 varas; thence west 950 varas, to the northeast corner of the J. McClinton Homestead Pre-emption Survey; thence north to the place of beginning, and containing one hundred and sixty acres of land; and that on the day and year aforesaid the Defendants unlawfully entered upon said premises and ejected the Plaintiff therefrom and unlawfully withhold from him the possession thereof to his damage in the sum of Three Thousand Dollars.

Plaintiff further shows to the Court that he claims and owns said land by chain of title as follows: 1st, Patent from the State of Texas granting said land to J. L. King; 2nd, Deed of General Warranty from said J. L. King and wife conveying said land to Herman Schulz, dated October 1st, 1908, and of record in the Deed Records of Hale County, Texas, Vol. 17, pages 203-4; 3rd, Deed from said Herman Schulz conveying said land to W. H. H. Kilty, dated May 27th, 1910, and of record in the Deed Records of said Hale County, Texas, Vol. 24, pages 623-4, in which deed of conveyance the Vendor's Lien was expressly retained to secure the payment of four notes of even date with said deed, each for the sum of \$425.00, and due respectively July 1st, 1912, 1913, 1914 and 1915, and each note providing that failure to pay any note or any installment of interest when due shall at the option of the holder mature all said notes; 4th, Transfer and assignment from said Herman Schulz of said notes to this Plaintiff, which transfer and assignment also conveyed to this Plaintiff all the right, title and inter-

est owned or held by said Herman Schulz in or to said land, and which transfer and assignment was in writing, dated July 1st, 1910, and recorded in the Deed Records of Hale County, Texas, Vol. 25, page 357, and conveyed to this Plaintiff the superior legal title to said lands;

That the only title or interest in or to said lands or any part thereof held or claimed by Defendants, so far as known to this Plaintiff, is under said deed from Herman Schulz to said W. H. H. Kilty, above described. And Plaintiff says that said notes in said deed mentioned are long since past due and have never been paid, and are and remain wholly unpaid, and Plaintiff has rescinded said contract of sale, because of the failure on the part of Defendants and said W. H. H. Kilty to pay said notes. And Plaintiff further shows that said W. H. H. Kilty is dead.

Wherefore Plaintiff prays that Defendants be cited by publication as provided by law in such cases, and that upon a hearing he have judgment for the title, restitution and possession of said above described tract of land, and for all relief to which under the law and the evidence he may be entitled.

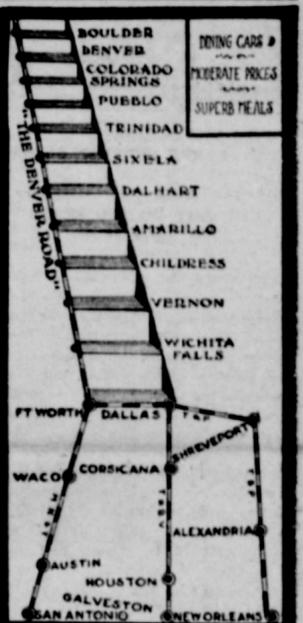

MATHES & WILLIAMS,  
Attorneys for the Plaintiff.

HEREIN FAIL NOT, and have you before said Court on the first day of the next term thereof, this WRIT, with your return endorsed thereon, showing how you have executed the same.

Given under my hand and seal of said Court, at my office in Plainview, this the 23rd day of May, 1913.

#### METHODISTS PLEDGED TO RAISE \$115,000.

Funds Will Be Used in Foreign Mission Work; Bishop Wilson Given Ovation.

Waynesville, N. C., June 28.—Representatives of the Methodist Episcopal Church here today pledged their organizations to raise a fund of \$115,000 for foreign mission work.

Bishop Alpheus W. Wilson, senior member of the college of bishops, who arrived from Baltimore, was given an ovation at the close of the morning session, a feature of which was the address by J. Campbell White, New York, upon "The Layman's Place in

World-Wide Evangelism." B. F. Laflamme, Rochester, N. Y., delivered an address upon, "Organizing for Victory."

The afternoon and night sessions were given over to devotional exercises.

#### DALLAS POST OFFICE ESTABLISHES RECORD.

For First Time in the History of Texas Million-Dollar Mark Is Passed.

For the first time in the history of Texas a post office has reached the \$1,000,000 mark for receipts of one year, and the Dallas office is the one to claim this distinction.

According to the report made yesterday at the local post office, the receipts for the year ending June 30, 1913, total \$1,002,405.98. This amount is twice as great as any other post office in the State, it is said, and puts Dallas in the rank with cities of 400,000 population and upward. Last year the receipts of the Dallas office amounted to approximately \$566,000.

The receipts for the month of June, this year, totaled \$81,646.87, compared with \$61,310.34 for the corresponding period last year, or an increase of about 33 per cent.

#### Crop Improvement

Agricultural Development by Uniting All Interests to Assist.

#### TEAM WORK.

How to Develop Agriculture and Commerce Through a County Wide Club.

[National Crop Improvement Service.] There is a certain class of men, and unfortunately many of them are now in authority, who look with suspicion and prejudice upon the development of all agricultural projects, except their own particular one.

W. J. Bryan, Secretary of State, in a talk before the Chamber of Commerce, Trenton, New Jersey, during March, said:

"Team work is the slogan of modern thought. The surest test of a man's sanity is his willingness and ability to co-operate with others in a great work. The surest evidence of a man's insanity is his inability to co-operate."

It is the purpose of the Crop Improvement Committee of the Council of Grain Exchanges to learn of the good work of all the forces, and to encourage the County Farm Bureaus to adopt as many of these plans, for their own development, as possible.

All of these projects must be carried along together, which means team work. This can only be accomplished by an organization, which partakes of both an agricultural and a commercial club, with practical committees appointed to take charge of each phase of the work.

Modern life is so complex that, like the game of Jack Straws, it is almost impossible to segregate one subject without disturbing the entire pile.

"One thing at a time" is a very good slogan, but who shall say which one thing shall be developed at the expense of all the others?

This world is made of little things, and the great come by simple addition. Therefore, in appointing county wide committees, it is necessary to select men who have a financial interest in the success of that portion of the work, which is placed in their charge. Then by correlating all of this work and by arousing a community spirit, the work in each county will become a success.

#### ROAD DRAGGING LAW.

Work for the County Road Committees.—Highway Board Should be Recommended by and Co-operate With the Advisory Council of County Farm Bureau.

[National Crop Improvement Service.] A new road law enacted by the recent Missouri Legislature that applies to every county in Missouri is what is designated as the "County Seat Road Dragging Law," the purpose and provisions of which are to have all of the public roads connecting the county seat towns of all adjoining counties improved by a regular systematic plan of road dragging.

This law provides for the appointment of a county highway board by the county court, to consist of three members, of which the county highway engineer is one, who hold their positions for two years and serve without compensation. This board, acting with the state highway engineer, is authorized and required to select "the most practical road from the county seat to the county seats of each adjoining county." After these particular routes, which are to be designated as county seat roads, have been selected the state highway engineer certifies to the state auditor the number of miles of such highway in each county. The county highway board contracts to have such roads dragged under certain prescribed regulations at a cost per mile per year of not exceeding \$15, which amount is paid out of the state good

roads fund, and all claims under the contracts are audited jointly by the state highway engineer and the county highway board and certified to the state auditor for payment, and these payments to the several counties are made direct and without any requirement that the counties duplicate said amount or any portion thereof. In other words, it is a direct free donation from the state road fund to the several counties.

#### AROUND THE WORLD ON A BICYCLE.

Mr. H. A. Tippler was through Crosbyton this week, riding a bicycle, and claims he is on a journey around the world, having started from Australia four and a half years ago. He has traveled in many countries, and his machine shows the effect of long usage, as it is almost dilapidated, but he says he intends to put it through. He is headed for San Francisco. He makes his expenses in various ways. Being a mechanic, he does repair work wherever he finds it, and he also does some remarkable feats on a very small bicycle which he carries with him, the small wheel being about 10 inches high.—Crosbyton Review.

DON'T use a cough medicine containing opium or morphine. They constipate the bowels and do not cure, only stifle the cough. Examine the label, and if the medicine contains these harmful opiates refuse it. Foley's Honey and Tar Compound contains no opiates, is healing and soothing. Frank Young, manager Wickshire Hotel, Cooper, Nebr., says: "I recommend Foley's Honey and Tar Compound for coughs and colds and lost voice. I used it myself and for my children, and it is the only medicine that always does the work." R. A. Long's Drug Store. —Adv. 39

#### DON'T YOU OWE YOURSELF SOMETHING?
