PLAINVIEW, TEXAS, FRIDAY, JULY 11, 1914

NUMBER THIRTY-FOUR

R. HOLLAND TRIES INTENSIVE FARMING

Three Acres of Roasting Ears, Seven of Potatoes and Thirty in Kaffir Keep 3 Men Busy.

EQUIPMENT COST \$650

"Independence and Happiness" on 20 Acres Would Mean 100,000 People in Hale County.

Intensive farming—that is the sort of land cultivation which means most families to a given area, and it also means largest yields per acre. It is intensive farming that makes operation profitable in the Isle of Jersey, where \$600 an acre is frequently paid for land; intensive cultivation has made it possible for men in our Western States to pay \$500 to \$1,000 for a single acre of land and yet make money.

R. Holland is trying out intensive cultivation on his place just north of town.

Mr. Holland's equipment consists of a well 142 feet deep and a number 3 pump. The pump is set 39 feet below ground in a pit. This well is operated by a 7-horsepower electric motor. It produces 350 to 400 gallons of water a minute. Mr. Holland pumps into a dirt reservoir and ditches the water to his farm.

Three acres of this farm are planted to roasting ears; seven acres to sweet potatoes; about a quarter of an acre to onions. Mr. Holland has about 30 acres of kaffir, which he has not yet irrigated. He says he will water this if it needs irrigation. The roasting ears are just beginning to tassle. They have been irrigated once.

Mr. Holland irrigated his sweet potatoes by running water into each alternate row; at the next irrigation he will flood the middles which were skipped this time. It is all an experiment, and Mr. Holland is watching results with the same interest manifested by his visitors. This acreage gives work to 3 men. On that score it looks like a "man's job."

The outfit complete, Mr. Holland says, can be installed (well, pump, motor and house) at from \$600 to \$650. It is within reach of any man. And men who have tried out irrigation farming say that 20 acres of land will yield an independent living; that it is more than one man can properly care for. Twenty acres and independence for each family would give Hale County more than 25,000 families—happy, prosperous and intelligent. At 4 to the family, this would give Hale County a rural population of 100,000 inhabitants.

R. Holland is giving a new vision to People in Plainview!

TURNER IS JOINT RECEIVER FOR FRISCO.

Vice President of Santa Fe's Northwest Texas Lines Will Manage Bankrupt Roads.

Avery Turner, vice president of the Eastern Railway of New Mexico and the Southern Kansas Railway of Texas, Santa Fe lines, has accepted appointment as joint receiver for the Frisco Texas lines.

The lines of the Frisco in Texas are the St. Louis & San Francisco from Sherman to Fort Worth and Dallas to Paris, the Fort Worth & Rio Grande from Fort Worth to Menard, and the St. Louis & Brownsville, from Houston to Brownsville. For the latter line, Frank Andrews, of Houston, has been named receiver. G. H. Schleyer and M. Turner have been named as receivers for the other lines, and their headquarters will be in Fort Worth.

C. O. D. PARCELS INCREASE.

Plainview has sent out four packages and received one since the new C. O. D. service was established, July 1, in connection with parcels post. The parcel coming in was for Mrs. W. B. Dare. John Meisters and the Plainview Rubber Company have sent out one package each; Richards Bros. & Collier have sent out two.

BY AUTOMOBILE TO NEW MEXICO.

T. P. Bell and family, from Bomarton, Texas, and C. A. Bell and family, from Seymour, Texas, were in Plainview yesterday, en route to Clovis and Portales, N. M., respectively. Both families were traveling by automobile, and carried a complete camping outfit.

SHIPLEY TO BUILD ANOTHER RAILROAD.

But Track Will Be Only 200 Feet Long—to Haul Coal from Yard to New Elevator.

You can load your wagon in 5 minutes and haul away nothing but perfectly screened coal, is the way D. D. Shipley sums up the improvement he is making at his coal yard.

Mr. Shipley and his father, W. A. Shipley, are building an electrically operated elevator to handle coal. In this there will be three pockets, each of which will hold 100 tons. A wagon drives alongside of the elevator and pulls a lever—presto!—his wagon is loaded. The coal will pass through specially prepared screens and the screenings drop back into a pocket prepared for them. You go to different pockets, according to the kind of coal you want.

Mr. Shipley has also purchased a miniature railroad track and three cars. These will be used to haul coal which he will store in his yard to the elevator. The elevator will take up the coal from these cars car-load at a time.

Mr. Shipley says that this will be the best equipped coal yard anywhere in Texas. It means a considerable outlay of money, but, as Mr. Shipley expresses it—his faith in the future of Plainview justifies the investment.

MOTOR AND ROW BOATS FOR LAKE PLAINVIEW.

Texas Land & Development Company Is Building Boat House; New Engine Room Finished.

Two motor boats, one 16 feet long and one 18 feet long, and 4 row boats are here; one motor and all of the row boats have been placed on Lake Plainview. The company is building a boat house at the lake to shelter their boats. Rowing seems to be a popular recreation.

A new engine house has also been constructed. Mr. Charles says that his company will not install an electric motor for pumping the well at Lake Plainview, because of heavier cost of pumping with motor than with their engine. The company's investigations leads it to believe that the cost of pumping with the engine which they have now is considerably less than it would be with a motor.

"It will be necessary to protect the banks of the lake," Mr. Charles said yesterday. "Nothing will be done now, but a little later, before the winds begin to blow, we will arrange to protect them from the waves."

SAN ANGELO TOURISTS PRAISE NEW HIGHWAY.

J. R. Hewitt and H. Rodermann, of San Angelo, prominent live stock and business men of that section, passed through Amarillo Monday afternoon, en route home after an extended tour in Colorado.

The San Angelans returned by way of the newly-designated Colorado-to-Gulf Highway from Denver to Amarillo, and declared that the Trinidad-Raton-Amarillo route was one of the finest in the matter of excellent roads and incomparable scenery.

The party went to Colorado by the Lamar route, but declared that the Raton route is in many respects preferable.—Amarillo News.

REAL ESTATE TRANSFERS.

Hugh McClelland to L. D. Rucker, lot 8, block 14, McClelland Addition; \$50.

Wayland Baptist College to W. A. Newman, lots 5, 6, 7 and 8, block 8, College Hill Addition; \$800.

G. W. Nosker to J. J. Lash, lots 6 and 7, block 6, Alexander and Westmoreland; \$1,500.

Sam B. Wilks to H. E. Hagood, lots 11 and 12, block 49, Highland Addition; \$125.

E. C. Nix to Geo. T. Meriwether, lot 6, block 24, original town of Petersburg; \$150.

D. W. McGlasson to W. L. Braddy, lots 11 and 12, block 38, College Hill Addition; \$400.

IONS IS WORKING FOR HIGHWAY.

Clarendon Ions, of Amarillo, came in yesterday from Lubbock, Dawson and Lynn Counties. Mr. Ions spent several days working with the people of Lynn and Dawson Counties on the question of good roads. He is one of the enthusiastic boosters for the Colorado-to-Gulf Highway.

TO PLANT 400 ACRES IN ALFALFA

Development Work Is Begun on Section Purchased for Dr. Pearson; 2 Big Wells.

STANDARD EQUIPMENT

Texas Land and Development Co. Working Out Definite Schedule for All Farms.

"Say nothing and saw wood"—that has been the policy of the Texas Land and Development Company. And because no one heard any noise many people didn't believe that much was being done. Even after the company had paid out \$1,500,000 for Hale County lands a great many people couldn't believe that the Pearsons really meant development.

It was announced last fall that the company would build 400 houses and put down between 300 and 400 big wells for irrigation on their 60,000 acres of land; and that this land would be sold to bona fide settlers in small tracts.

Will they really do this? The writer doesn't know. He does know that 150 to 175 men have been employed all winter and spring, repairing reasonably good houses or building new ones, putting up fence and getting the farms ready to irrigate. Two men have put up more than 100 windmills this spring, according to E. Dowden. Mr. Dowden says the company will put up a windmill on every place, in addition to the well for irrigation. This windmill will supply the house, the milk room and live stock.

The Company is putting a modern home on each quarter section, or the unit may be somewhat larger by special arrangement with the purchaser. Twenty acres is planted in alfalfa, five acres to assorted fruits and 5 acres is fenced for hogs. Each well is equipped with a No. 6 Layne & Bowler pump, concrete pit, a 40-horsepower Heer engine and government well. The wells are guaranteed to produce 1,000 gallons of water a minute by actual measurement.

A farm of 160 acres, equipped in this way, is sold for \$100 an acre, \$4,000 cash, and the balance in deferred payments at 6 per cent interest.

Five drill outfits are busy in the Lockney neighborhood putting down wells. The big rotary runs day and night.

Work of improving the section which Dr. Pearson purchased for himself when he visited Plainview in April has just begun. Two wells will be drilled and 400 acres planted in alfalfa. According to E. Dowden, a concrete block house will be erected; the barns and outhouses will all be of concrete. This section is 8 miles southeast of Plainview.

PLUMS BY THE CLUSTER.

R. P. Mayhugh brought a cluster of plums into The Herald office on which 61 plums were counted. The twig was only 6 inches long. Roger says that he can beat this, and, just to show what he had, he brought along three or four other bunches nearly as good as the one counted.

BAND CONCERT TOMORROW.

Manager E. B. Burchett announces that the Plainview Band will give its regular weekly concert Saturday night. The concert was postponed from Thursday night.

DRIVES HUPMOBILE 35 MILES IN 45 MINUTES.

B. A. Hubbard returned from Fort Worth Friday. He drove the last 35 miles of this trip in exactly 45 minutes, according to his watch. Mr. Hubbard drove a long-stroke "Hup."

AERDOME OPENED YESTERDAY.

The Aerodome Theater opened last night. Manager J. S. Bonner says that the lens he ordered was not shipped to him, and he has wired to Chicago for another lens; the pleasure house gave its first show last night, nevertheless.

NEW BOARD OF EQUALIZERS.

J. F. Garrison, B. E. Irwin and W. M. Jeffus have been appointed board of equalization for Plainview. The original appointees declined to serve.

"INDIFFERENCE IS CURSE OF WORLD"

Baptist Evangelist Says That Christ Expressed Profound Contempt for Hypocrisy.

HONESTY NECESSARY

Crowds Fill Tabernacle to Hear Rev. Yates Tell Story of the Son of God.

"Indifference" was the theme chosen by Rev. G. L. Yates at the evening service yesterday in the revival meeting being conducted by the two Baptist Churches of Plainview. The preacher declared that indifference is the curse of the world.

Mr. Yates took for his text, "I would that ye were cold or hot." The preacher began his discussion of the text by saying, "Jesus came into the world in the midst of indifference, and this supreme indifference culminated when he stood weeping over Jerusalem."

Mr. Yates said Jesus pronounced his strongest denunciation upon hypocrisy. "Jesus is wanting to know what you possess, not what you profess. Are you acquainted with Him? How are you treating Jesus? Does He have right-of-way in your life? Are you honest with yourself, with your fellow man and with God?"

At this time the minister gave an opportunity for those who felt that they had not treated Jesus right to make a confession. Many responded to this proposition.

For the morning service today Rev. Yates spoke on the scripture, "If any man thirst let him come unto me and drink." There are four steps," said the preacher—"If any man thirst"—"enthrone Jesus"—"Drink"—"Believe." These four steps, carefully and prayerfully taken, will crown Jesus all in all in your life.

Crowds are attending the services. The large tabernacle at Calvary Church is filled at every evening service. Good music is a feature of the services.

GROUND BROKEN FOR NEW GRANT BUILDING.

New Modern Picture House Lensed by Bonner; Will Open in September.

Ground was broken Wednesday for the new building which Dr. J. W. Grant and Jake Korder will erect adjoining the Elk Building, on North Pacific Street. This building will be one of the most modern picture show houses in the State. Contract was awarded to W. T. McRae. Dr. Grant says that the building will be ready for occupancy by September 15. It has been leased by J. S. Bonner.

HOME FROM COLORADO.

Mr. and Mrs. L. M. Faulkner returned Tuesday from Colorado Springs, in their Ford automobile. Mr. Faulkner says that he made this trip is a little more than 2 days.

SANFORD'S COMMISSION COMES.

Ben Sanford received his commission for the local Post Office Tuesday. Mr. Sanford took charge of the office Wednesday afternoon.

BOX WINS EASY FALL.

W. H. Box threw Bomer Moore twice in 20 minutes and 21 seconds Friday night. The first fall was secured after 20 minutes of wrestling; second fall came in 21 seconds. Box had agreed to throw his man three times in an hour.

I. O. O. F. INSTALLS OFFICERS.

Plainview Encampment No. 58, I. O. O. F., installed officers Wednesday night, July 9. District Deputy Grand Patriarch A. A. Hatchell assisted by Special District Deputy Grand Patriarch Elmer R. Anderson and Patriarch Robert Hubbard installed the following in their respective offices: Patriarch Lee Kemble—Chief Patriarch.

Patriarch Albert Allen—High Priest. Patriarch Harry Hyde—Senior Warden.

Patriarch Jim Hood—Junior Warden.

The commission of Elmer R. Anderson as Special Deputy Grand Patriarch was read and accepted.

PIONEER PLAINSMAN ANSWERS LAST CALL.

Captain J. L. Vaughn Had Passed 3 Score and 10 Years; Masons to Conduct Funeral Services.

Captain J. L. Vaughn died this morning at his home, on Highland Avenue. He was 71 year, 4 months and 10 days old. He had been ill for sometime.

Captain Vaughn moved to Hale County about 18 years ago. He was a native of Missouri. After serving an enlistment in the Confederate army, he moved to Texas in 1862. His ventures in the cattle business on the South Plains proved profitable. When the Citizens' State Bank was organized, in 1906, Captain Vaughn became president.

The Citizens' State Bank consolidated with the Plainview Bank and Trust Company in 1908, under the name of The Citizens' National Bank. The President of the Citizens' State Bank became Vice President of the new institution. He retired from active connection with the Citizens' National Bank a little more than a year ago.

He was a member of the Methodist Church. He held positions of high honor in the Masonic Lodge.

Funeral services for Captain Vaughn will be held at 4 o'clock tomorrow afternoon, under the auspices of the Masonic Lodges.

CIVIC LEAGUE NOTES.

Ten new members at the July meeting spells encouragement, and there is small doubt that the organization is here to stay so long as it finds work to do.

It isn't Plainview alone, among towns, nor Texas, as a State, that is trying to revolutionize conditions; the whole country is awake to the need, and it is women everywhere who are arousing a spirit of inquiry into these, too often, revolting conditions, and the end is, almost inevitably, a great change for the better.

The town that ISN'T striving for improvement is, indeed, behind the times. Women are, first of all, housekeepers and homemakers, to whom order and cleanliness are natural, and they have learned that the home extends beyond the threshold—hence her zeal in this direction.

Dr. Carrick's inspection will, perhaps, give us an even higher standard. Of course, we will try to reach it! Is any town to outdo Plainview? Well, hardly!

Here is what the sanitary officer of North Fort Worth advises:

1. Cut weeds on premises, sidewalks and alleys.
2. Keep premises, alleys and sidewalks clean.
3. Lot and stable refuse must be hauled off.
4. Keep outside closets in good repair, boards on backs, fly proof; keep dry and use disinfectants.
5. Slop and all refuse that draw flies must be kept in covered receptacles.

Some of the reports show a lack of sanitation most surprising, and the excuse that it costs too much to keep perfectly clean seems inadequate when one remembers that life and health are in the balance and the cost of illness in one family might far exceed the cost of sanitary measures. In any case, we are entitled to assurance from danger in our food and drink. It was suggested that if every citizen could and would read Dr. Carrick's article in the current number of Holland's Magazine, there would be a better understanding of this problem, a more united effort in its solution. He states that in many cases inspection was, at first, resented, but later the most strenuous objectors became converts to sanitation and called special attention to changes they had thought wholly unnecessary.

At the League meeting it was stated that strangers coming here were taken to the "Big Wells" and were properly impressed, but later made very critical remarks on the condition of streets, vacant lots, etc.; so it would seem that the work the League is trying to do is a very necessary adjunct (it ought to be preliminary) to that of the boosters.

To the Texas Land and Development Co. and to Mr. Henderson are due most cordial thanks for the prizes offered in the "fly campaign," which helped so largely in stimulating interest and zeal in that very successful work.

SECRETARY.

Maple Wilson came in from Yale University on Tuesday's train.

LIVE STOCK AND SILOS MEAN PROFITS

Intensive Cultivation under Irrigation Will Make South Plains Treasure House, Visitor Says.

DRIVE, DON'T HAUL

Fort Worth Live Stock Representative Sees City of 25,000 People in Plainview.

Smaller farms, and see that your people drive everything off on foot instead of hauling off their products—that is the answer Charles Burke, special representative of the Daily Live Stock Reporter and Southwestern Breeder and Farmer, made when a Herald reporter asked him how best to insure the prosperity of the South Plains. Mr. Burke believes in intensive farming under irrigation. He thinks that irrigation, the silo and live stock can't be beaten.

You can save the expense of hauling your products to town if you grow live stock, Mr. Burke suggested. Then, too, you increase the fertility of your farm every year. The silo will retain all of the food value of crops grown and renders this food available for cattle, hogs or horses. The silo increases the acre yield three or four fold. That is why Mr. Burke favors it.

Twenty acres under irrigation, with a big barn and silo for cattle, hogs and mules will give any family an independent living. In Mr. Burke's opinion, and he is basing his judgment upon actual experiment in the Salt Lake Valley. That means ten times as many people as now live in Hale County, he says.

"You have a wonderful country," Mr. Burke said. "If a person had told me you had what I have seen here I should never have believed it. Plainview ought to be making plans now to provide for 25,000 people in ten years."

Mr. Burke was taken over Hale County yesterday by O. M. Unger and this morning by E. Dowden. He left at noon for Artesia, N. M. The National Breeders and Feeders' show at Fort Worth has been changed from early spring to November, Mr. Burke says. It is followed by the horse show. Fort Worth people, he suggests, are anxious to welcome Hale County visitors into Fort Worth this fall.

BAPTIST WOMEN TO MEET IN PLAINVIEW JULY 17.

The annual meeting of the Baptist women of the Northwest Texas (or Panhandle) District will be held in Plainview July 17th. Following is the program:

Officers of the District.

President—Mrs. B. T. Johnson, Canyon City, Texas.
Secretary-Treasurer—Mrs. J. E. Garrison, Hereford, Texas.
Chairman of Personal Service—Mrs. Arthur Lile, Stratford, Texas.

Program—Thursday, 1:30 p. m.

Devotional—Mrs. L. T. Grumbles, Lubbock, Texas.

Greetings—Mrs. R. B. Longmire, Plainview, Texas.

Response—Mrs. Arthur Lile, Stratford, Texas.

Announcement of Committees. Report of District Officers.

Special Music—Mrs. Williams, Plainview.

"Our District Workers: How Maintained: Our Purpose"—Mrs. B. T. Johnson, Canyon City; Mrs. David B. Hill, Childress.

"How Shall We Enlist Our Women in Organized Work?"—Mrs. J. E. Nunn, Amarillo; Mrs. C. W. Tandy, Plainview; Mrs. J. M. Malone, Plainview; Mrs. R. H. Baker, Floydada.

Reading—Miss Kathrine Duckworth, Plainview.

"Personal Service Our Hope"—Mrs. W. L. Skinner, Channing; Mrs. S. A. Richmond, Lubbock; Mrs. Arthur Lile, Stratford; Mrs. T. W. Tomlinson, Tulla.

Music. Reports from Auxiliary Presidents. Reports from Sunbeam Band.

"Baylor College and Cottage Home"—Miss Julia Collier, Lockney; Mrs. J. E. Garrison, Hereford.

"Wayland College"—Mrs. T. D. Lipscomb, Plainview.

Song. Prayer.

Dismissal. Motto—"Saved to Serve."

Watchword—"Serve Jehovah with Gladness"—Psalms 100:2.

Call The Herald for job printing.

COMMUNITY CORRESPONDENCE

PETERSBURG.

July 7. — Petersburg has been blessed in the last few days with the finest rains that we have seen in some years, and that, together with the ideal weather, has put farmers in the best shape they have been in for a number of years. This writer has been on the Plains six years, and I never have seen prospects for a good crop as flattering as they are now.

Since the recent rains some of the public roads leading out from Petersburg are getting in rather bad shape. The public road leading from Petersburg to Abernathy has been graded eleven miles, or to within four or five miles of Abernathy, and for the want of a public road from there on work had to stop. In a few days we are going to serve notice on Abernathy that "unless some steps are taken to open up the road, the business men of Petersburg will be forced to have their goods shipped via Plainview or Floydada." Floyd County has had her roads graded and in good shape to the east line of Hale County. Commissioner Roberson tells us he has done what he could to have the road opened on to Abernathy.

Owing to the bounty placed on rabbit ears there have been quite a few brought in in the last few days, and we trust it will have the desired effect of thinning out the pesky jack rabbits. Since the rains the grass has formed a perfectly green carpet, and reminds one of his old Kentucky home in his

boyhood days. Speaking of the roads, it might pay some of these railroad towns to take some interest in the amount of grain, hogs, cattle, etc., that will necessarily have to be shipped from the Petersburg community this fall.

Misses Bessie Gartin and Grace Elliott visited in Lockney during the picnic.

Miss Gladys Parker, of Lubbock, has returned home, after a visit to Misses Rena and Ruby Ford.

J. W. McDaniel and family spent Sunday with D. M. Jay and family, of Estacada.

Mr. and Mrs. Albert Reagan are visiting his father and other relatives in Petersburg.

E. C. Reagan made a flying visit to Canyon to see his better half, who is attending the Normal preparatory to teaching in the public school here.

W. B. Graham returned home Saturday, after several days' stay in Kansas.

Miss Ruth Graham is visiting relatives in Amarillo.

B. F. Carmickle, of Indiana, is visiting his son, Ed, south of Petersburg, and in the meantime recruiting up his health.

KRESS.

July 9.—Rev. Sharp, the Presbyterian minister of Tulla, will preach at Kress Sunday at 4 o'clock in the afternoon.

Mr. and Mrs. F. Rousser were callers in Kress Monday.

Rev. Emil Recknagel, the German minister of Plainview, preached at the Central Plains school house, eight miles west of Kress, Sunday.

The Embroidery Club will meet Friday at Mrs. T. A. Oliver's.

Mr. and Mrs. Feddersen, of Auburn, were callers in Kress Monday.

Mr. J. Bush drove to Tulla Monday. Mr. Dustman, Howard Overly and Mrs. May Rousser received at Tulla Saturday.

Bert Beck and George Houser went to Waco Monday, to visit Mrs. R. C. Robison.

The M. E. Quarterly Meeting will commence July 20th and continue until Monday night.

A big crowd has gone to the canyons to gather plums.

Mr. Luke is on the sick list.

SPRING LAKE.

July 9.—S. H. Roush went to Hereford this week, where he purchased a machine to harvest his wheat crop. C. E. Bales delivered his wool at Hereford this week.

Rev. Hensell and A. D. Fredrick left this week for Los Angeles, Calif., where they will attend the C. E. Convention as delegates from this place. They will visit other points in the West while absent.

Norman Cleavenger spent the Fourth at Canyon.

H. M. Packard is harvesting L. E. Linville's wheat crop.

Misses Ruth Heard and Grace Frenzel spent the day with Mrs. Gilbreth Tuesday.

A large delegation of our people went to Hurley Tuesday, to assist in the tabernacle meeting at that place.

Our people who went to Littlefield to spend the Fourth report a fine time.

The monthly business meeting of the Christian Endeavor Society will be held at the home of Miss Elta Hensell Friday night.

H. M. Packard made a flying trip to Plainview Wednesday, for machine repairs.

Clarence Fredrick entertained the Sunday School class of Boy Scouts, of which he is a member, last Wednesday, in honor of his birthday.

R. O. Frenzel and family spent the day of the Fourth at the Taylor home. The Sunday School at Spring Lake will observe Temperance Day next Sunday.

O. C. Axtell and family entertained the following the day of the Fourth: E. Giest and family, A. C. Axtell, H. W. Axtell, J. Trumbell, Arthur McCall and Miss Mamie Axtell.

OLTON.

July 7.—Mrs. Jas. Prewitt, of Knoxville, Iowa, is at the home of her daughter, Mrs. Cyrus Erb, called there on account of the serious illness of Mr. Erb. The last reports from Mr. Erb were favorable, and we hope he will soon be about again.

Quite a number of our Olton people attended the Fourth of July celebration at Littlefield.

Miss Bessie Clark, of Kansas City, Mo., is visiting her parents, Mr. and Mrs. J. J. Clark.

A number of our young people enjoyed an afternoon picnic at S. Camp Saturday.

Mrs. D. Harrison, of Fort Worth,

is visiting her sister, Mrs. Walter Sullivan, at the Bar-W Ranch.

Mrs. J. W. Forney is visiting her daughter and other relatives at Des Moines, Iowa.

J. M. Sowers is looking after his farm interests near Tallula, Ill.

Mrs. Dennison, of California, is visiting her father, J. Fitzloff.

Jas. Miller, who has been at Lubbock for the past few months, spent Saturday and Sunday with home folks. Mrs. Tom Keenan and children and Mrs. M. Dotson and children spent the day with Mrs. Tom Crisswell last Tuesday.

Mrs. and Mrs. Robt. McQuillen and Mrs. C. H. Curl were in Plainview last Tuesday.

Mr. and Mrs. J. J. Clark and daughter, Miss Bessie, spent Sunday in Plainview, guests at the Irick home.

Miss Fannie Pugh, after spending several days with her parent, here, returned to Plainview Wednesday, accompanied by her sister, Anna, who took in the Fourth of July celebration while there.

Misses Clara and Cora Silsbee are spending several days in Littlefield.

WHITFIELD.

July 8.—We are having fair weather at present, and the farmers are very busy these days killing weeds. Crops are looking fine in this locality.

Mr. and Mrs. Edgar Fornway, Mr. and Mrs. R. B. Walling and Mr. L. A. Shelton were guests of Mr. and Mrs. W. A. Williamson Sunday.

Prayer meeting at New Hope Sunday night was well attended.

There will be preaching at Price school house Sunday at 11 a. m. Everybody is invited.

Mr. H. H. Blackerby left Tuesday for Eastland County, to visit his brothers and sisters.

Mr. John Bell went to Hale Center Friday, on business.

Mr. and Mrs. T. J. Garner went to Plainview Saturday to visit Mrs. Garner's father and mother, Mr. and Mrs. John Pendley.

Mr. B. F. Foster was a business caller in Plainview Monday.

Mr. and Mrs. H. P. Walling were guests of Mr. and Mrs. Barrie Stark Saturday and Sunday.

Mr. J. B. French, of Fort Worth, is visiting at the R. H. Neal home this week.

Mr. Ernest Lovvorn killed a large rattlesnake Wednesday evening.

Miss Leona Walling was the guest

TO PROBE PACKING PLANTS.

Houston Names Experts to Look into the Meat Industry.

The meat packing establishments throughout the country are to be subjected to searching inspections by experts selected by the Secretary of Agriculture from outside the Government service, says a Washington dispatch. This step followed criticism of Federal meat inspection from various sources, and Secretary Houston announced that its object was to increase the efficiency of the service and to foster public confidence.

The secretary made public the names of three college professors who have been chosen to visit and report to him personally upon conditions existing in packing plants in New York, Massachusetts, Connecticut, Illinois and Missouri.

Dr. W. T. Sedgwick, professor of bacteriology and sanitary engineering in the Massachusetts Institute of Technology, is to investigate plants at Boston, Worcester and Brightwood, Mass., and New Haven Conn.; Dr. V. A. Moore, professor of pathology at Cornell University, will go to Philadelphia, New York, Buffalo and Pittsburgh, and J. A. Connaway, of Missouri Agricultural College, to Kansas City, St. Louis and St. Joseph Mo., and National Stock Yards, Ill.

"It is my desire," said the secretary, in his address to these experts, "that you report to me fully and frankly the conditions as you find them at the various packing establishments, together with such recommendations looking to the improvement of the service as in your judgment may seem best."

In a statement announcing his plan, Mr. Houston said: "This new inspection of meat pack-

ing establishments by outside experts, under temporary assignment by the Government, will in no way supersede or lessen the work now being done by the bureau of animal industry. The idea is simply to have the inspection and regulatory work checked up by competent authorities, who will report directly to the secretary."

NOTICE.

Dr. Guyton would be accommodated if no one but members of immediate families would visit the sick in the Guyton Sanitarium. —Adv. of

WAYLAND GETTING READY FOR GREAT OPENING.

President Gates Says Baptist College Will Double Enrollment During 1913.

"Wayland College will swing her doors open September 16th to receive students for the fourth time," said President I. E. Gates this morning.

The President is devoting all of his attention for the first time since the school began in enlisting young men and young women to attend college. For three strenuous years he has de-

voted himself almost entirely, thought and energy, in securing funds and shifting debts to maintain the life of the school, but now, since Brother McGlasson has assumed the business management, he is free to go afield and ask students to come and help make a great school. "We expect to double the attendance for the next session. We must have 300 students if possible---and it is possible!" President Gates said.

The faculty for this fall is as follows:
I. E. Gates---Psychology and Ethics.
E. C. Nelson, Jr.---English and

Greek.
D. F. Morgan---Mathematics and Science.

Miss Burr Goode---Modern Languages.

Miss Mabel Wayland---Latin and History.

Miss Kathrine Duckworth---Oratory.

George Hutchins---Voice.

Mr. Watson---Commercial Department.

Miss Hutton---Music.

Miss Glenn and Miss Stevens---Intermediate Department.

Mrs. Hutchins---Matron of Girls' Dormitory.

"Mr. Sam Malone will have charge of the culinary department," President Gates said, "and will give us as good board as he did last session. A good cook makes good students and pleasant teachers.

"Work will begin on the main building in a few days. The grounds and trees are to be put in order by a general work day after the meeting is over.

"I expect to make every town within fifty or seventy-five miles of Plainview in an auto, while Professor Nelson, Mr. Nix and others will make the railroad points. With the combined effort on the part of all, we ought to fill the school this fall.

"We are getting a good football team lined up and will have a winning team for this season.

"You can go to Wayland College nine months for less than \$250.00. Board will cost \$16.00 a month. Let every friend of Wayland College help to make a school in harmony with our buildings."

CROSBY COUNTY MAN DROWNED.

The recent rains on the South Plains have filled the surface lakes full, and some of them are very deep---12 and 15 feet. In one of these deep lakes last Tuesday Earl Bonine, of Emma, was drowned while out swimming with some of his friends, and the body was not recovered until 5:35 in the afternoon, after being in the water since 10 o'clock in the morning. Interment was had in the Emma Cemetery Wednesday at 2 p. m., with Masonic rites.

Mr. Bonine had a wife and one child. He had lived in Crosby County practically all his life. He attended a summer normal held in Floydada in 1904, and was known to numerous parties here.---Floydada Hesperian.

NEW RECORD SET BY AMERICAN BOOZERS.

More Whisky, Beer, Cigars and Cigarettes Disposed of in the Last 12 Months Than Ever Before.

Washington, D. C., July 6.---The American people drank more whiskey and beer, smoked more cigars and cigarettes, and chewed more tobacco during the fiscal year 1913 than in any other yearly period of the Nation's history, according to estimates based on the record-breaking internal revenue receipts of the Federal Government for the twelve months ended June 30.

The drinkers of the country consumed the enormous total of 143,000,000 gallons of whisky and brandy, an increase of 7,500,000 gallons over the previous year, and breaking the former high record of the fiscal year 1907 by 7,300,000 gallons. Sixty-four million five hundred thousand barrels of beer flowed down the throats of lovers of the amber brew, exceeding 1911's great record by more than 1,000,000 barrels.

Several Cigarettes.

Smokers puffed into space 7,707,000,000 cigars and 14,012,000,000 cigarettes during the year just closed. This was 217,000,000 cigars and 2,290,000,000 cigarettes more than ever had been consumed in a single year. Patrons of the pipe smoked 403,200,000 pounds of tobacco, or 9,400,000 pounds more than the consumption of 1912. Users of snuff likewise held their own, disposing of 33,200,000 pounds, an increase of more than 3,000,000 pounds over the previous year.

18,000 Fewer Saloons.

Despite the high record consumption of intoxicants, returns to the internal revenue bureau show, without explanation, that the number of saloons of the country decreased by 18,000 during the year, the retail liquor dealers numbering only about 450,000. Assessments on drinking and smoking luxuries, on corporations and on oleomargarine and other articles taxed by the Federal Government, brought into the United States Treasury \$344,426,884, the greatest amount in history, exceeding the previous high record of 1911 by \$21,900,000.

You can certainly save money on all sorts of men's and ladies' furnishings by reading the advertisements this week of the big sale at the PLAINVIEW MERCANTILE COMPANY'S store. ---Adv.

MABEE WILL WRESTLE ASIATIC HEAVYWEIGHT.

Box Says That Oklahoma Champion Will Give Manogoff "a Run for His Money."

"I think you can say to your readers that Roy Mabee will meet the Turk heavyweight." W. H. Box was speaking in regard to a letter which The Herald has received from Bob Manogoff, of Chicago. The Asiatic wrestler seems to think that he can throw Mabee twice in 60 minutes. He weighs 210 pounds, as against Mabee's 190.

Mr. Box has taken the matter up with the Oklahoma champion, and is confident that the bout can be arranged. Manogoff is a Turk wrestler of Chicago, who says that he will tour the Southwest at an early date.

We please the most exacting in Painting and Paper Hanging. All work guaranteed. PLAINVIEW DECORATING CO., W. D. Jordan, Mgr. Phone 459. ---Adv. 11.

TO THE PEOPLE OF TEXAS:

A community of interest prevails between the railroads and the people. Unless the people prosper the railroads cannot hope to prosper. On the other hand, unless the railroads are permitted to earn sufficient money to give good service, the people cannot enjoy the full measure of prosperity.

Railroads are today operated under the strictest of regulations. They cannot charge one cent for any service that is not authorized by officers chosen by the people. In law and good morals, these officers of the people who fix the charges that can be collected by the railroads for services performed, must fix such charges high enough to pay all legitimate operating expenses, plus an amount that will pay a reasonable return upon the value of the railroad property devoted to the use of the public.

Suppose the Legislature should pass a law taking from the pockets of the people a million dollars a year to pay the salaries of public officials not needed at all, nor whose services could be utilized in the interest of the public in any manner; would such a course be approved by the people as a whole?

We think not.

The operating expenses of railroads affect the public just as much as the taxes they pay. In one instance the taxes are collected by public officials; in the other instance the rates fixed by public officials are collected by the railroads.

It is just as impossible for the Legislature or the courts and juries to impose unjust burdens upon the railroads without, at the same time, placing the burden upon the shoulders of the producers and shippers, as it is to create new public offices and expect the taxpayers to be relieved of meeting the expenses of such places.

Under the present system of levying taxes in Texas, the State Tax Board takes into consideration the appropriations made by the Legislature and levies a tax high enough to bring in sufficient money to meet the expenses of government.

In fixing freight rates, the same rule applies. The commission, after ascertaining what the railroads have to pay out for operating expenses, taxes, personal injuries, etc., fixes the rates high enough

to pay all such expenses, and, in addition thereto, a fair return on the value of the property used for the public. Therefore, the higher the operating expenses, taxes, and personal injury payments, the higher must be the rates the people have to pay.

It is the sincere desire of the managers of the Texas railroads to give the public good service, and at the least possible cost to you. And we respectfully and earnestly ask you, in your own interest, to assist us in doing so, and thereby protect yourselves against unjust and unnecessary burdens.

We desire to express our appreciation to the producers of Texas who have made a study of the question, and have taken intelligent action to protect themselves against the infliction of unjust and unnecessary burdens.

We respectfully ask you to study this so-called "Railroad Problem" closely. We welcome the most searching and minute inquiry. There is so much in common between the railroads and the producers that a better understanding and closer co-operation is bound to benefit all concerned.

General Managers Texas Railroads

CUPID INOCULATES SETH WARD STUDENTS.

Wedding of President Pearce, Last Year, Seems to Have Infected Teachers and Students.

Two weddings among students of Seth Ward since college closed, in May; two more scheduled for the summer and one faculty man to marry before September, is Cupid's remarkable record at the local Methodist College.

Yesterday F. C. Goodman and Miss Myrtle Fort were married. The marriage of B. W. Wilkins and Miss Hattie Sweeny was the first of the college boys and girls since May. President

Pearce informs us that Thos. Shepard, of Dimmitt, and J. T. Ross will marry before college opens in September. Professor R. Schuhmann is the faculty man whom Cupid has wounded. Since President Pearce married, last year, Cupid has played havoc with hearts at Seth Ward. He seems to be a considerate little fellow, however, in that he doesn't interrupt college work, but waits until college closes.

WHY THE FLY MUST DIE.

Insect Is More Dangerous to Man Than the Ravenous Beast.

The house fly exists only through the tolerance of man—a tolerance

which, were it not ignorant, would be criminal.

The house fly is the most terrible single enemy that mankind has among living creatures. Beasts of the jungle have slain their thousands, but this prowler in the household has slain his tens of thousands. Of all vermin he is the most filthy; of all purveyors of disease the most deadly.

The house fly is born in offal—nowhere else. The manure pile and the cesspool are his homes. It is from these haunts that he comes to visit the kitchen, the dining room and the nursery. He drags his filthy feet across the bread, dips them in the butter, wipes them on the meat and bathes them in the milk. He seeks out the sick room and sips the excretions of the consumptive, the typhoid fever patient and the child with the summer complaint.

Experiments were made to measure the possible range of flight of flies, and further observations were recorded on the ways in which artificially infected flies carry and distribute pathogenic and other bacteria. The experiments and observations quoted in the report show definitely that artificially infected flies, both house and blow flies, are capable of infecting fluids, such as milk and syrup, on which they feed and into which they fall. In the case of the house fly, infected with certain micro-organisms, gross infection may be produced in milk for at least three days, and a smaller degree of infection for ten days or even longer. Blow flies produce gross infection for six to nine days with non-pore-bearing micro-organisms, and some degree of infection for three or four weeks.—Eastern and Western Review.

KAFFIR CORN AND PEANUTS PROMISE CHANGE IN COMMERCE.

The growing of several new crops in the Middle West gives promise of making considerable changes in both the domestic and foreign commerce of the United States, says the Dallas News. Two of these articles are Kaffir corn and peanuts. The former was planted very extensively last year, especially in Texas, Oklahoma and Kansas, so much so that 1,000,000 bushels of Kaffir corn were exported to Europe, via Galveston and New Orleans. The main use, however, for Kaffir-corn is on the farm, where it is fed as forage, and also in the grain, to all kinds of stock. It is said to have 90 per cent of the feeding value of Indian corn (maize) and is a much surer crop. Bankers in loaning

money to farmers, and landlords in renting farms to tenants, this spring are stipulating that a certain acreage be planted to Kaffir corn.

This season the planting to Kaffir corn in the Mississippi Valley has greatly extended, and is expected to produce an available surplus for export of at least 10,000,000 bushels. Some agricultural commissioners of railroads in that region put the estimate much higher, and are anxious to help provide a foreign market for this cereal.

Peanuts are also being planted on larger areas in the Middle West. This industry was started there only about six years ago, having previously been confined almost wholly to Virginia and the Carolinas, which in 1905 produced some 14,000,000 bushels. There was a shortage in 1906, only about 7,500,000 bushels being produced. Mississippi, Alabama, Oklahoma and Texas then took up peanut culture, and in 1909 the yield for the entire country increased to 20,000,000. This was raised on some 870,000 acres. The size of the crop has continued to increase as the demand grew for peanuts for converting into peanut butter and other comestible uses. Statistics are not available showing the crop last year, but its value is estimated variously at from \$14,000,000 to \$20,000,000. The crop for 1913 should be much larger, as 2,500,000 acres are said to have been planted to peanuts in the Middle West alone. The single State of Oklahoma has planted 200,000 acres to peanuts. The acreage devoted to peanuts in the United States this year is, therefore, at least five times as great as 10 years ago, says the Government report.

There are now numerous peanut-butter factories throughout the Eastern and Middle Western States, and the sale of this article of high food value through the retail grocery stores of the country has become an important feature of the trade.

SETH WARD FACULTY BUSY THIS SUMMER.

President W. M. Pearce Says Outlook for College Is Brightest in History.

"We have the cleanest crop on the South Plains," said President W. M. Pearce of Seth Ward College this morning. Seth Ward has a considerable park in course of growth. And the president is constantly at work beautifying the college grounds. No matter how exacting other duties become, he finds time for recreation

among the growing trees on the campus. This bids fair to be one of the beauty spots around Plainview when the trees grow a little more.

"Our plans for school are developing nicely," President Pearce said. "Miss Shook is studying in Columbia University, New York City, and Miss Williams is doing summer work at the University of Chicago. Professor Luther Purdom is in Tennessee. Professor Schuhmann is teaching in Seth Ward Summer School and superintending some improvements on the boys' dormitory. The enthusiasm of our teachers is at a higher point than ever before."

President Pearce was in Lockney and Pleasant Valley Sunday morning and night. He secured several sub-

scriptions to the college endowment. There is much interest in Seth Ward, and President Pearce says they are getting ready for the best year the college has ever had.

BOURNE'S PLAN FOR NATIONAL GOOD ROADS.

Senator Bourne, of Oregon, has prepared a scheme for National aid to the states in their road-building campaigns.

His plan is much the same as the plan that was proposed in North Carolina for the state to pursue in helping the counties. It amounts practically to a guarantee of the counties' bonds, so that they may realize the better credit facilities of the state. Senator Bourne's plan simply means the guarantee of the state bonds, so that they may use the better credit facilities of the National Government.

Under the Senator's plan, every state would be allowed to issue a certain amount of 4 per cent bonds and deposit them in the Federal Treasury. The National Government would then issue its own 3 per cent bonds, and pay the states for their bonds from the proceeds of the sale of its own.

If, for example, the states deposited 200 million dollars' worth of 50-year 4 per cent bonds in the Treasury of the United States, and the Government issued the same amount of 3 per cent bonds, it would secure 8 million dollars interest a year and pay 6 million dollars. On the 2 million dollars difference, according to the Senator's plan, the United States government would allow the states 3 per cent annual compound interest.

At this rate, at the end of 46.89 years this sinking fund would amount to 200 million dollars, enough to pay off the National bonds and return the state bonds to the state treasuries canceled.

In return for the privilege of having the aid of the National credit facilities, the states will have to agree to maintain certain standards of construction and maintenance—particularly maintenance—and if the Government inspection should prove that the road money was not being effectively spent, it could be withheld.

SILOS AND SILAGE MAKE FEEDING PROFITABLE.

Are Indispensable for Dairymen, Says Farm and Ranch; Increases Yield of Soil.

Some people are finding profit in using silos. For dairymen silos are indispensable, says Farm and Ranch. Only the cost prevents every intelligent dairymen from at once using a silo. The cost is what should induce him to use it. The economy is so great that he cannot afford the losses from failure to use a silo, if his herd be large enough. There are many kinds of silos—

RAINS BOOST PRICES

AT KANSAS CITY.

Light Rains Surprise Packers; Hog Receipts Below Expectations and Prices Are Higher.

Kansas City Stock Yards, July 7.—Cattle receipts at all points today were very light, and the market here was 10 to 25 cents above last Thursday. A rather unsatisfactory market last week, together with plentiful rains all over the pasture and corn country, reduced incentives to ship to a minimum.

Buyers overreached themselves last week in bearing down on prices, figuring on a normal supply today. They were able to act as they did last week on account of the week-end holiday, but today found them in the saddle early, and with rush orders.

Native steers sold at \$8.75 in two cases, a larger number of fed steers at \$8.40 and upwards, yearling heifers at \$8.65, bulk of the native cows \$5.50 to \$6.50, veal calves up to \$9.00. In the Southern division only 77 cars arrived, as compared with 239 cars a week ago, and grass steers sold at \$5.65 to \$6.70, some caked steers up to \$7.50.

Some 963-pound steers from Kiowa,

Oklahoma, at \$6.60, were from the same herd that produced steers at \$6.25 a week ago. Stockers and feeders were 15 to 25 cents higher today, with bulk of the stock steers selling at \$6.00 to \$7.50, feeders worth \$7.10 to \$8.00.

The run of 7,000 cattle today was only a few more than half what was expected. The close of the market today was at strongest time, and unless there is a good run later this week further advances will be in order.

Hog receipts were also light, at 4,000 here, and the market is 15 cents higher; top \$8.92½, bulk \$8.85 to \$8.90. Packers restrained themselves today, on account of the small supply, but a fair run tomorrow will sell sharply higher again.

Speculators were the principal buyers today, and the general expectancy points to higher prices later in the week.

Sheep and lambs received today, 4,000 head; market 10 to 15 cents higher. Spring lambs sold up to \$7.25 today, Texas muttons \$4.75 to \$4.85, native wethers worth up to \$5.00, ewes \$4.50, for best. Black-face breeding ewes, good mouths, may be had at \$3.25 to \$3.75.

Plainview Mercantile Co.

"The Best and Prettiest Dry Goods Store on the Plains"

wood, iron and concrete; and many kinds of each of these. It would be well for every dairymen to study the subject carefully, and to save the cost of buying so much feed.

Wherever a few acres can be irrigated there is reason for using a silo. An acre of corn, made rich enough and irrigated, will sometimes produce so enormous a crop that only a few acres are required to fill a large silo. Even on non-irrigated land as much as 30 tons per acre are produced, and with irrigation much more can be produced. This, of course, depends upon the quality of the soil and the supply of water.

It is estimated that silage under favorable conditions will not cost, in the silo, more than \$3 per ton. Its feeding value is far more than this. Canned green stuff (silage) enables the feeder to feed green feed at any time—summer, winter, fall and even in the spring. No investment will return greater profits, under proper conditions.

We do not urge every man to buy a silo, but we do urge every owner of stock to investigate the value and usefulness of a silo to himself. Whether the investment had best be made will depend upon the conditions of the individual. There are few people who own as many as 20 head of stock who will not find the silo profitable, provided they are in position to produce the silage at small cost. Conditions vary, and so the advisability of the investment must be determined each for himself.

But study the subject and learn what you can of it. Determine from accurate knowledge of your own conditions and needs whether the investment is desirable for you. Ordinarily silage is very cheap feed, and

it is desirable for many other reasons.

PLANTED THREE AND HALF BILLION FISH EGGS.

The Government Plans More Extensive Culture of Lobsters in New England.

Washington, D. C., July 8.—The year just closed established a record for the United States Bureau of Fisheries in the number of fish eggs taken and later planted. It ran to the enormous total of 3,640 million, which broke the record made in the previous year by 173 million. The largest number of any one kind was in flat fish, of which 800 million eggs were planted.

In the year there was an increase of black spotted trout, Chinook salmon, haddock, striped bass and white fish eggs and a decrease in those of lake herring, pike perch, shad, yellow perch and lobster.

To increase the supply of lobsters along the New England Coast the bureau is considering the establishment in Rhode Island of a plant for lobster breeding. It is proposed to keep the young lobsters in captivity until they can defend themselves against attack or until they have passed what the experts call the fourth stage of their existence.

The bureau now has two lobster hatcheries, one in Maine, the other in Massachusetts, but at neither are there facilities for breeding work.

320 acres of fine deeded land four miles from Melrose. Half section of land adjoining open to entry. Two good wells. Water at 12 feet. Ideal place for small ranch. A bargain. Write J. W. LEMON. —Adv. tf.

THE DIFFERENCE BETWEEN "THE SUMMER GIRL" AND "THE SUMMER WOMAN."

While the former is having a "good time," the latter is too often dragging around nervous, run down, tired out, with aching back and weary limbs, sleepless and wretched. Often it is kidney trouble, not female trouble, and Foley Kidney Pills are a direct and positive help for the condition. Mrs. M. J. Strickland, Mt. Willing, Ala., writes: "Please send me another bottle of Foley Kidney Pills. They do me all the good. I can not sleep at night without them." R. A. Long's Drug Store. —Adv. 39

as a matter of news, of course, but
just to keep the record straight.

WHAT THE DEMOCRATS SHOULD CARE ABOUT.

While President Wilson was cruis-
ing in the yacht the Mayflower, re-
cently, the rotating band from a shell
fired from the Government proving
grounds at Indian Head narrowly
missed the vessel, and an investiga-
tion will be held.

It is not believed, however, that any-
one meant to injure the President.
The investigation will be held to as-
certain if carelessness is displayed in
the firing of shells from Indian Head.

The real danger to the administra-
tion is from the bushwhackers at
Washington, who will attempt to shoot
the administration measures in Con-
gress full of holes.—Kansas City Star.

GOVERNOR MAJOR'S BIG IDEA.

As commander-in-chief of the peo-
ple of Missouri, Governor Major is to
call out an army of three hundred
thousand Missourians to work two
days on the roads, says the Kansas
City Star.

It is as fine an order as a com-
mander-in-chief ever issued. And the
call is to as fine a service as the "citi-
zen soldiery" ever engaged in.

The Governor will have aroused the
best spirit of Missouri in thus giving
all the able-bodied men of the com-
monwealth a chance to show their
commonwealth devotion.

It is going to be a really dramatic
occasion. It is going to mean a lot
more to Missouri than even the six
hundred thousand days of work on
good roads!

That is a great big thing in itself.
But beyond its own immediate mean-
ing it signifies a constant inspiration
to road work, a continuing expression
of Missourians' loyalty to Missouri.

Texas and her Governor might
emulate Governor Major's example
with much profit to the entire people.

WHY THE AMENDMENT?

During the two fiscal years ending
August 31, 1912, and August 31, 1913,
Texas spent \$978,600, or approximate-
ly \$1,000,000, in erecting buildings at
State educational, eleemosynary, and
penal institutions. Inasmuch as all
this money was provided by appro-
priations made by the Legislature, the
taxpayers of Texas were required to

pay practically \$1,000,000 in two years
for buildings which ought to last, and
will last, for fifty more years. If the
Legislature had had the power to is-
sue bonds for these necessary build-
ings, as authorized in the proposed
amendment, said bonds bearing four
per cent interest and maturing in
thirty years, the taxpayers of today
instead of being required to pay \$1-
000,000 in two years would have paid
in interest and sinking fund approx-
imately \$60,000 per year, thus reducing
in amount of taxes paid per year ap-
proximately \$440,000. It is perfectly
clear, therefore, that the proposed
amendment, if adopted, will reduce the
State ad valorem tax rate.

Is it good business management to
take a million dollars in taxes from the
people that is worth eight per cent
when invested in our industries and
put it into buildings when, by
means of bond issues, money can be
borrowed by the State at four per cent
interest, the State ad valorem tax rate
reduced, and in this way an additional
million dollars put into circulation in
our State? Is it JUST to make the
people of today pay in two years the
entire cost of buildings that will be
enjoyed by the people for forty-eight
or more years at no cost to them-
selves?

The four State Normals, the Col-
lege of Industrial Arts, the Agricul-
tural and Mechanical College and the
eleemosynary institutions of the State
are asking the Thirty-Third Legisla-
ture for approximately \$2,000,000 for
necessary buildings for the next two
years. With respect to providing the
necessary buildings at these institu-
tions, three courses are open to us:

(1) We may let our lunatics stay
in the county jails for lack of room
at the Asylums; let our blind, deaf
and dumb children continue to live in
fire-traps that endanger their lives;
and permit our higher educational in-
stitutions to continue without build-
ings urgently needed in which to teach
the girls and boys of Texas who are
begging for education.

(2) The Legislature may appropri-
ate \$2,000,000 out of the general rev-
enue for the erection of these urgently
needed buildings, and by so doing the
State ad valorem tax rate for this
item alone would have to be fixed at
four cents on the \$100 valuation of
property to raise the money, whereas

by the issuance of bonds, as explained
under (3), the building could be pro-
vided for at a tax rate of forty-eight
hundredths of a cent on each \$100
valuation of property.

(3) We may authorize the issuance
of bonds by adopting the proposed
amendment for making these improve-
ments, and thus distribute the cost of
these buildings over thirty years; in
which event we would have to pay
only about \$120,000 per year in inter-
est and sinking fund, which would of
course mean a great reduction of the
State ad valorem tax rate. On the
present valuation of taxable property
in the State it would require a State
ad valorem tax rate of forty-eight
hundredths of one cent on each \$100
valuation of property to produce
\$120,000 per year.

If the issuance of bonds for the
erection of these buildings at the State
institutions distributes justly the cost
of these buildings, as it does; enables
the State to get more promptly and
economically the urgently needed
buildings, as it does; and reduces the
State ad valorem tax rate on account
of buildings, as it does; then ought not
reasonable, patriotic men put aside
petty prejudices and jealousies and
vote on July 19 for the amendment to
Sections 49 and 52 of Article 3 of the
Constitution? To adopt this amend-
ment would be to authorize a safe,
sound, conservative public policy in
the matter of providing urgently
needed buildings at our State institu-
tions, and to reduce the State ad
valorem tax rate for such purposes.

Most people who look
at our line of trunks, bags
and suit cases find just
what they want. The
line is extensive, the styles
are the popular ones, the
quality is the best, the
prices satisfy, and that is
why we sell so many.

M. P. Dalton and wife, of Killeen, and Misses Joyce and Ercelle King, of Crawford, arrived Wednesday for a visit with the family of H. L. King.

The fire boys have been presented a real live badger by a young man named Edwards, from west of town. Next in line, the boys say, is a bob cat.

Mrs. C. R. Bernard, of Joplin, Mo., has been visiting the Leach boys. Misses Ida and Lizzie Leach accompanied her home Friday for a few weeks' visit.

H. K. Fortney returned Friday to his home, in Iowa. Two years ago Mr. Fortney bought 200 acres of land near Plainview. He has made many improvements on the place.

H. G. Paddock and wife, of Moline, Ill., and daughter, from North Dakota, were in Plainview Saturday. Mr. Paddock owns land in Floyd County, and will probably move here.

Mesdames T. D. Webb and A. E. Hampton, who have been visiting friends here, left Tuesday for Kress, where Mrs. Hampton will visit Mrs. Webb before returning to her home, in De Leon.

Miss Marie McDonald came in today after an extended visit with friends and relatives in Gainesville, Texas.

During the week a boat house has been built at Lake Plainview, the ground ploughed and graded for shrubbery, and other minor improvements have been made. The boats on the lake have attracted quite a few people each evening.

MISS FRANCES VIRGINIA MAYHUGH.

A daughter was born to Mr. and Mrs. R. P. Mayhugh July 3. The mother and little one are doing nicely. The young lady has been christened Frances Virginia.

CORRESPONDENTS WANTED.

The Herald wants correspondents in every community on the South Plains. The news items of your community are of considerable interest to all of our readers. If you are willing to act as correspondent, write The Twice-a-Week Herald for further information.

TO TRADE.

Three-story brick store building 25 by 100 feet, three hundred feet from the most prominent business corner of Oklahoma City, to trade for improved land near Plainview. Address J. P. JOHNS, 818 Insurance Building, Oklahoma City. Adv. 35pd.

\$10 REWARD.

\$10 reward for delivery, or \$5 for information leading to recovery, of one Scotch Collie; female; sable (yellow) and white. Wearing collar with Plainview tax tag, 1913, attached. Deliver or write DR. J. V. GUYTON, Plainview. —Adv. 1f.

WHEN YOUR LIVER GOES WRONG.

Nearly Everybody Needs a Liver Stimulant at One Time or Another.

Nearly everybody now and then is annoyed with a sluggish, lazy liver or by constipation or by biliousness. It is for this reason that Dodson's Liven Tone is such a good medicine to keep always in the house. Either children or grown-ups can take Dodson's Liver Tone without bad after-effects and without restriction of habit or diet. It is a vegetable liquid with a pleasant taste, but a reliever of constipation and liver troubles, and entirely takes the place of calomel. R. A. Long Drug Co. guarantees every bottle of Dodson's Liver Tone they sell. It costs 50 cents per bottle, and if you are not satisfied that it is worth the money, they will hand you half dollar back to you with a smile. Don't be fooled by preparations imitating the claims of Dodson's Liver Tone. Just remember R. A. Long Drug Co. will give you back your money if Dodson's Liver Tone fails you. That is a guarantee that guarantees. —Adv. 34

OBEY THAT IMPULSE!

Instead of enduring the daily torment of weak back, sore kidneys, swollen joints and rheumatism, obey that impulse to take Foley Kidney Pills. They co-operate with nature, which accounts for their success in all kidney and bladder disorders. They are healing, strengthening and tonic. Charles N. Fox, Himrod, N. Y., after doctoring for years with no relief says: "I commenced using Foley Kidney Pills and I am now entirely cured." Obey that impulse today, and give them a chance to help you. R. A. Long's Drug Store. —Adv. 39

To the Artists of Plainview: When in need of China for painting, don't forget that our stock is complete, both in Haviland and Bavarian Donatello shapes. DONOHOO-WARE HARDWARE CO. —Adv. 1f.

If a substitute is offered you for Foley Kidney Pills, it means a cheaper medicine is pressed upon you for the dealer's profit, not for yours. Foley Kidney Pills may cost the dealer more than a cheap substitute, but they give better results than any other kidney and bladder medicine. A. J. Walsh, Sneffles, Calif., writes: "Rush them to me. I am badly done up with rheumatism, and Foley Kidney Pills are the only thing that will cure me." R. A. Long's Drug Store. —Adv. 39

FOR SALE.

Section of choice land suitable for irrigation; no waste land. Located twelve miles northeast of Plainview. Five miles of fence; new three-room house; stock shed; wildmill and pond; about two hundred and fifty acres under cultivation; near church; half mile to school; on rural route. Address W. A. BATES, Lockney, Texas, R. F. D. 1, Box 44, or JOHN W. PHILLIPS, Pemberville, Ohio. Ad. 35

TO THE TAX PAYER:

If you believe that the people should vote upon each and every bond issue, vote against the bond amendment. Election, Saturday, July 19. This amendment confers upon the Legislature full power to issue unlimited bonds without a vote of the people. Seventy members of the Legislature are against it. STATE TAXPAYERS ASSOCIATION. —Adv. CITATION BY PUBLICATION.

THE STATE OF TEXAS, To the Sheriff or any Constable of Hale County—GREETING: YOU ARE HEREBY COMMANDED, That you summon, by making Publication of this Citation in some newspaper published in the County of Hale, if there be a newspaper published therein, but, if not, then in any newspaper published in the 64th Judicial District; but if there be no newspaper published in said judicial district, then in a newspaper published in the nearest district to said 64th Judicial District, for four weeks previous to the return day hereof, W. V. Kennedy, Edward Kennedy and R. S. Lemons, whose residences are unknown, to be and appear before the Honorable District Court, at the next regular term thereof, to be holden in the County of Hale, at the Court House thereof, in Plainview, Texas, on the 4th day of August, 1913, then and there to answer a Petition filed in said Court, on the 7th day of June, A. D. 1913, in a suit numbered on the docket of said Court No. 963, wherein L. W. Elliott and M. J. Elliott, R. W. Elliott are plaintiffs and W. V. Kennedy, Edward Kennedy and R. S. Lemons are defendants. The nature of the plaintiffs' demand being as follows, to-wit:

STATE OF TEXAS, County of Hale.)

In District Court, August Term, 1913.

To the Honorable District Court of said County:

Now come L. W. Elliott and M. J. Elliott, who are husband and wife, and R. W. Elliott, all of whom reside in Hale County, Texas and are hereinafter styled plaintiffs, and, complaining of W. V. Kennedy, Edward Kennedy and R. S. Lemons, hereinafter styled defendants, and whose places of residence are unknown, show to the Court:

That heretofore, on the 1st day of January, 1913, plaintiffs were lawfully seized and possessed of the following described tracts of land lying and being situate in Hale County, Texas, claiming, holding and owning the same in fee simple, to-wit:

FIRST TRACT: Beginning at 4 pits and stake at the Southwest corner of the D. P. Goodwin Homestead Pre-emption Survey; thence North 1,456 feet a 3/4-inch pipe; thence West 1,320 feet a buggy boxing for corner; thence South 1,456 feet 4 pits and a cedar post at the Southwest corner of the S. A. White Homestead Pre-emption Survey; thence East 1,320 feet to the place of beginning, containing 44.13 acres of land.

SECOND TRACT: Beginning at the center of the D. P. Goodwin Homestead Pre-emption Survey, a wagon spindle; thence South 1,320 feet; thence West 1,320 feet to 4 pits and stake at the Southwest corner said Goodwin Survey; thence North 1,456 feet to a 3/4-inch pipe; thence East 1,170 feet; thence South 136 feet; thence East 150 feet to the place of beginning, containing 43.66 acres of land.

THIRD TRACT: Beginning at the Southwest corner of the aforesaid D. P. Goodwin Homestead Pre-emption Survey; thence West 1,320 feet a stake at the Southwest corner of the S. A. White Homestead Survey; thence South 531.7 feet, a stake and 3 pits; thence East 1,320 feet a stake; thence North 531.7 feet, to the place of beginning, containing 16.11 acres of the J. E. White Homestead Survey.

FOURTH TRACT: Beginning at Goodwin Homestead Pre-emption survey the Southwest corner of the said D. P. Goodwin Homestead Pre-emption Survey; thence East 1,320 feet; thence South 531.7 feet; thence West 1,320 feet; thence North 531.7 feet, to the place of beginning, containing 16.11 acres of the E. M. White Homestead Survey.

And that on the day and year aforesaid the defendants unlawfully entered upon said premises and ejected the plaintiffs therefrom and unlawfully withhold from plaintiffs the possession thereof, to plaintiffs' damage in the sum of Five Thousand Dollars.

Plaintiffs claim said lands by chain of title as follows: Patent from the State to M. E. Black, assignee of D. P. Goodwin, Patent No. 176, Vol. 28, recorded in Vol. 1, page 62, of the Patent Records of Hale County, Texas; deed from M. E. Black to A. E. White, dated Oct. 19th, 1906, recorded in Book 6, page 572, Deed Records of Hale County, Texas; Patent No. 282, Vol. 30, of Record Book 1, page 209, Patent Records, Hale County, Texas, to Ed M. White; Patent No. 570, Vol. 30, of Record Vol. 1, page 396, Patent Records of said Hale County, to S. A. White, who married T. J. Black; Patent No. 569, Vol. 30, recorded Vol. 1, page 395, Patent Records, Hale County, to J. E. White; deed from J. E. White et ux to Ed M. White, dated Feb'y 6th, 1906, recorded Vol. 12, page 446, Deed Records of Hale County, Texas; deed from T. J. Black et ux, S. A. Black to R. W. Elliott, dated Oct. 17th, 1907, recorded Vol. 16, page 437, Deed Records of Hale County, Texas; deed from Ed M. White and wife, A. E.

White, to Mrs. M. J. Elliott, dated October 12th, 1907, recorded Vol. 16, page 438, Deed Records of said Hale County; deed from Ed M. White and wife to Mrs. M. J. Elliott, dated October 12th, 1907, recorded Vol. 16, page 439, Deed Records of said Hale County; deed from Ed M. White and wife, A. E. White, to Mrs. M. J. Elliott, dated October 12th, 1907, recorded Vol. 16, page 440, Deed Records of said Hale County; and that the only title under which defendants claim any part of said lands is the deeds herein- after mentioned.

And Plaintiffs show that on the 26th day of April, 1909, plaintiffs signed, executed and delivered to W. V. Kennedy a certain deed, in form a general warranty, dated said day, and now of record in the Deed Records of said Hale County, Texas, Vol. 23, page 43, which said deed purports to convey unto said W. V. Kennedy a one-half interest in the north 120 acres in the townsite of Petersburg as shown by plat of said town on file in the Deed Records, except Blocks 7 and 8 and one acre deeded to T. B. Phillips by L. W. Elliott and wife, M. J. Elliott, and 3 acres deeded by L. W. Elliott and wife to Chas. Schuler and ten acres to W. V. Kennedy, further described as 120 acres out of a survey transferred to M. J. Elliott and L. W. Elliott by Ed M. White et al. And that on the same day, April 26th, 1909, plaintiffs signed, executed and delivered to said defendant, W. V. Kennedy, a certain deed, in form a general warranty deed, dated said day, and now of record in the Deed Records of said Hale County, Texas, Vol. 20, page 470, which deed purports to convey to said W. V. Kennedy ten acres off of the south side of a 120-acre tract of land conveyed to us by Ed M. White et al., and more particularly described as a strip of land 2,463 by 180 feet, and includes the northwest part of Block 4 and north part of Blocks 15, 22, 33, 40, 51, 58 and 69 as shown by margin line east and west on Petersburg Townsite plat, Hale County, Texas. And plaintiffs say that both said deeds are invalid and not binding against these plaintiffs, and should be cancelled, annulled and held for naught, and that the record thereof should be cancelled, annulled and held for naught, because, as plaintiffs show to the Court:

That at and before the said day of the execution of said deeds these plaintiffs resided at the said Town of Petersburg, where said land is situated, and owned and possessed at and near said town other lands, and were desirous of having a railroad constructed into and through said town; and that said defendants, W. V. Kennedy and Edward Kennedy, at and just prior to the date of the execution of said deeds, came to said town of Petersburg, and, acting together for the purpose of acquiring from plaintiffs the land in said two deeds described, and for the purpose of defrauding plaintiffs out of said land, represented to plaintiffs, and promised and assured plaintiffs, that they, said Kennedys, would build, construct, complete and equip a railroad from the town of Memphis, Texas, to and through the said town of Petersburg, within two years from said date, and would have such road completed and trains running thereover within said time of two years from the said date, if plaintiffs would make said deeds of conveyance; and represented to plaintiffs that they were financially and otherwise able to so build, construct, complete and equip such a railroad, and would do so within two years.

That plaintiffs had no knowledge of the matters about which said representations, promises and assurances were so made, and relied wholly on the said representations, promises and assurances so made by said Kennedys, and, so relying thereon, signed, executed and delivered said two deeds last above mentioned to said W. V. Kennedy; and plaintiffs show to the Court that they would not have made or delivered said deeds nor either of them but for said representations, promises and assurances so made by said defendants. And plaintiffs further show to the Court that all and every said representations, promises and assurances were falsely and fraudulently made by said Kennedys for the purpose of swindling plaintiffs out of their lands; that said representations, promises and assurances were made by said Kennedys without any expectation or intention of fulfilling them or any of them, and without any ability to perform or fulfill them or any of them. That said Kennedys were, in fact, mere adventurers, and had no financial ability or standing, and did not have the ability to construct any such railroad; and plaintiffs say that the execution of said deeds was procured by fraud.

And plaintiffs further represent and show to the Court that said deeds were signed and delivered by plaintiffs to said W. V. Kennedy, they, plaintiffs, relying fully and wholly on the representations, promises and assurances so made by said Kennedys as hereinabove set out; that no money or other thing of any value whatever was

given, paid to or received by plaintiffs for their said land or for the execution of said deeds, and that the only consideration for said land and for the execution of said deeds was the representations, promises and assurances so made to them by said Kennedys, as aforesaid; and plaintiffs further show to the Court that said Kennedys have wholly failed to perform or do any of the things which they so represented, promised and assured plaintiffs they would do; and have broken each and every of said representations, promises and assurances so made; that no railroad has ever been built into or anywhere near said town of Petersburg by said defendants nor by any one else; that plaintiffs have gotten nothing for their said lands; and plaintiffs said that said deeds are absolutely without any consideration to support them, and that the consideration for said deeds, if any ever there was, has wholly failed.

WHEREFORE, Plaintiffs pray that defendants be cited to answer this petition and that plaintiffs have judgment for the title, restitution and possession of the four tracts of land herein first described, for a cancellation and annulling of said two deeds and the record thereof, and that said deeds and the record thereof be hereafter held for naught, for costs of suit, and for all other relief in law and equity to which they may be entitled under the evidence.

Attorneys for the Plaintiffs.

HEREIN FAIL NOT, And have you before said Court, on the said first day of the next term thereof, this Writ, with your endorsement thereon, showing how you have executed the same.

Given under my hand and seal of said Court, at office, in Plainview, this, the 27th day of June, A. D. 1913. (SEAL) B. H. TOWERY, Clerk District Court, Hale County, Texas.

CITATION BY PUBLICATION.

THE STATE OF TEXAS, To the Sheriff or any Constable of Hale County—GREETING:

YOU ARE HEREBY COMMANDED, That you summon, by making Publication of this Citation in some newspaper published in the County of Hale, if there be a newspaper published therein, but, if not, then in any newspaper published in the 64th judicial district; but if there be no newspaper published in said judicial district, then in a newspaper published in the nearest district to said 64th Judicial District, for four weeks previous to the return day hereof, W. V. Kennedy, Edward Kennedy and R. S. Lemons, whose residences are unknown, to be and appear before the Honorable District Court, at the next regular term thereof, to be holden in the County of Hale, at the Court House thereof, in Plainview, Texas, on the 4th day of August, A. D. 1913, then and there to answer plaintiffs' First Amended Original Petition filed in said Court, on the 27th day of June, A. D. 1913, in a suit numbered on the docket of said Court No. 964, wherein Ed M. White and A. E. White are plaintiffs and W. V. Kennedy, Edward Kennedy and R. S. Lemons are defendants. The nature of the plaintiffs' demands being as follows, to-wit:

Ed M. White and A. E. White vs. W. V. Kennedy et al. No. 964. In District Court, Hale County, Texas.

To the Honorable District Court of said County:

Now come the Plaintiffs, Ed M. White and wife, A. E. White, and file this their First Amended Original Petition in lieu of their Original Petition filed herein on the 7th day of June, 1913, and for such amendment and for cause of action, and complaining of the defendants, W. V. Kennedy, Edward Kennedy and R. S. Lemons, whose places of residence are unknown to Plaintiffs and to plaintiffs' attorneys, show and represent to the Court:

That heretofore, on the 1st day of January, 1913, plaintiffs were lawfully seized and possessed of the following described tract of land, situate and being in Hale County, Texas, holding, owning and claiming same in fee simple, to-wit: Beginning at an iron pipe 1,853 feet south of a wagon spindle driven in the ground at the center of the D. P. Goodwin Homestead Pre-emption Survey of 160 acres; thence south 990 feet; thence west 987.1 feet; thence north 990 feet; thence east 987.1 feet, to the place of beginning, containing 22.43 acres of land; and that on the day and year aforesaid the defendants unlawfully entered upon said lands and premises and ejected plaintiffs therefrom and unlawfully withhold from plaintiffs the possession thereof, to plaintiffs' damage in the sum of two thousand dollars. Plaintiffs further show that they hold, claim and have title to said tract of land by title as follows:

Patent from the State of Texas to plaintiff Ed M. White, No. 282, Vol. 30, of record in the Patent Records of Hale County, Texas, Vol. 1, page 209; and that defendants have no title to said lands or any part thereof, so far as these plaintiffs know, unless it be under the deed hereinafter mentioned.

And for further cause of action against said defendants, W. V. Kennedy, Edward Kennedy and R. S. Lemons, these plaintiffs show to the Court that on the eighth day of January, 1909, plaintiffs signed, acknowledged and delivered to said W. V. Kennedy a certain instrument in writing, a general warranty deed, bearing date said day and year, and now of record in the Deed Records of Hale County, Texas, Vol. 20, page 280, by the terms of which deed plaintiffs conveyed to said W. V. Kennedy certain lands in Hale County, Texas, described in deed as follows: Beginning at an iron pipe 1,853 feet south of a wagon spindle at center of the D. P. Goodwin Survey; thence South 990 feet to stake; thence West 987.1 feet to stake; thence North 990 feet to stake, containing 22.43 acres of land. And plaintiffs show to the Court that said deed of conveyance is invalid and not binding against these plaintiffs, and should be cancelled, annulled and held for naught, and the record thereof should be cancelled, annulled and held for naught, for the following reasons:

1st. At and prior to the time of the making of said deed, plaintiffs lived at the Town of Petersburg, Hale County, Texas, and had and owned and possessed certain other lands besides the lands in said deed described, and were, together with many other persons residing in and about said town, very desirous of seeing a railroad constructed into said town, and of seeing said town and the community thereabout grow and develop; and that said defendants, W. V. Kennedy and Edward Kennedy, at the time of the executing of said deed and before then, came to said town of Petersburg and represented to plaintiffs and promised and assured plaintiffs that if they, plaintiffs, and other persons would do certain things, including the conveyance to said W. V. Kennedy the lands in said deed described, that they, the Kennedys, would build, construct and complete a railroad from Memphis, Texas, to and through the said Town of Petersburg, and would complete said railroad and have trains running thereover within two years from that time; and represented to plaintiffs that they, said Kennedys, were able financially and otherwise able to so build, construct and equip such railroad, and would so build, complete and equip same and have trains running thereover within two years from that date, if plaintiffs would execute said deed.

That plaintiffs had no knowledge of the matters about which such representations, promises and assurances were so made by said Kennedys, and relied wholly on the said representations so made by them, and, so relying on said representations, signed, executed and delivered to said W. V. Kennedy said deed; and that they would not have so signed, executed or delivered said deed to said W. V. Kennedy but for said representations, promises, agreements and assurances so made by said Kennedy.

And these plaintiffs further show to the Court that all and every said representations, promises and assurances so made by said Kennedys were falsely and fraudulently made by them for the purpose of swindling plaintiffs out of their said land, and were made without any expectation or intention of fulfilling them or complying with or performing them, and without any ability to perform or keep them. That said Kennedys were, in fact, mere adventurers, without any financial standing or ability. And plaintiffs say that the execution and delivery of said deed was procured by fraud.

And these plaintiffs further show that said deed was signed, executed and delivered by plaintiffs to said W. V. Kennedy, they, plaintiffs, relying on said representations, promises and assurances so made by said Kennedy, as aforesaid; and that no money or other thing of value whatever was given to plaintiffs or received by them for said land in said deed described or for the execution and delivery of said deed, and that the only consideration for said deed, and for said land in said deed mentioned, was the said representations, promises, assurances and agreements on the part of said Kennedys, as above set out, and to the effect that they, said Kennedys, would build, construct, complete and equip a railroad into and through said town within two years from the said date of said deed, and have trains running over said railroad within that time; and plaintiffs further show to the Court that said Kennedys have wholly failed to perform or do any of the things which they so represented, promised and assured plaintiffs that they would do, and have broken each and every representation, promise and assurance so made; that no railroad has ever been built into or anywhere near said town of Petersburg by said defendants or any other person; and

that plaintiffs have gotten nothing whatever for their said land; and plaintiffs say that said deed is absolutely without any consideration to support it, and that the consideration therefor, if any there ever was, has wholly failed. And Plaintiffs further say that said W. V. Kennedy and Edward Kennedy were acting together in all said matters.

Wherefore, plaintiffs pray that defendants be cited to answer this petition, and that upon a hearing hereof that plaintiffs have judgment for the title, restitution and possession of the lands hereinabove described; that said deed and the record thereof be cancelled, annulled and declared void; that plaintiffs have judgment for costs of suit, and that they have all other and further relief both in law and in equity to which, under the evidence, they may be entitled.

Attorneys for the Plaintiffs.

HEREIN FAIL NOT, And have you before said Court, on the said first day of the next term thereof, this Writ, with your endorsement thereon, showing how you have executed the same.

Given under my hand and seal of said Court, at office, in Plainview, this, the 27th day of June, A. D. 1913. (SEAL) B. H. TOWERY, Clerk District Court, Hale County, Texas.

By W. H. BOX, Deputy.

CITATION BY PUBLICATION.

THE STATE OF TEXAS, To the SHERIFF or any Constable of Hale County—GREETING:

YOU are hereby COMMANDED to SUMMON the heirs of W. H. H. Kilty, by making publication of this citation in some newspaper of Hale County, Texas, if there be a newspaper published therein, but if not, then in the nearest county where a newspaper is published, once in each week for eight successive weeks previous to the return day hereof, to be and appear before the Honorable District Court of Hale County, Texas, at the next Regular Term thereof to be holden in the County of Hale, at the Court House thereof, in the City of Plainview, Texas, on the 4th day of August, 1913, then and there to answer a petition filed in said Court on the 23rd day of May, 1913, in a suit numbered on the docket of said Court, No. 960, wherein B. E. Crego is plaintiff and the heirs of W. H. H. Kilty, deceased, are defendants; the nature of the Plaintiff's demand as stated in said Petition being as follows:

STATE OF TEXAS, County of Hale.) IN THE DISTRICT COURT, August Term, 1913.

To the Honorable District Court of said County:

Now comes B. E. Crego, of Aurora, State of Illinois, hereinafter styled Plaintiff, and, complaining of the Heirs of W. H. H. Kilty, deceased, whose names and places of residence are to Plaintiff unknown, hereinafter styled Defendants, shows and represents to the Court:

That heretofore, on the 1st day of August, 1912, Plaintiff was lawfully possessed of the following described tract of land lying and being situate in Hale County, Texas, holding, owning and claiming the same in fee simple, to-wit: The J. L. King Homestead Pre-emption Survey, described by metes and bounds as beginning at the Northeast corner of the W. F. Addison Survey; thence east 950 varas; thence south 950 varas; thence west 950 varas, to the northeast corner of the J. McClinton Homestead Pre-emption Survey; thence north to the place of beginning, and containing one hundred and sixty acres of land; and that on the day and year aforesaid the Defendants unlawfully entered upon said premises and ejected the Plaintiff therefrom and unlawfully withhold from him the possession thereof to his damage in the sum of Three Thousand Dollars.

Plaintiff further shows to the Court that he claims and owns said land by chain of title as follows: 1st, Patent from the State of Texas granting said land to J. L. King; 2nd, Deed of General Warranty from said J. L. King and wife conveying said land to Herman Schulz, dated October 1st, 1908, and of record in the Deed Records of Hale County, Texas, Vol. 17, pages 203-4; 3rd, Deed from said Herman Schulz conveying said land to W. H. H. Kilty, dated May 27th, 1910, and of record in the Deed Records of said Hale County, Texas, Vol. 24, pages 623-4, in which deed of conveyance the Vendor's Lien was expressly retained to secure the payment of four notes of even date with said deed, each for the sum of \$425.00, and due respectively July 1st, 1912, 1913, 1914 and 1915, and each note providing that failure to pay any note or any installment of interest when due shall at the option of the holder mature all said notes; 4th, Transfer and assignment from said Herman Schulz of said notes to this Plaintiff, which transfer and assignment also conveyed to this Plaintiff all the right, title and inter-

est owned or held by said Herman Schulz in or to said land, and which transfer and assignment was in writing, dated July 1st, 1910, and recorded in the Deed Records of Hale County, Texas, Vol. 25, page 357, and conveyed to this Plaintiff the superior legal title to said lands;

That the only title or interest in or to said lands or any part thereof held or claimed by Defendants, so far as known to this Plaintiff, is under said deed from Herman Schulz to said W. H. H. Kilty, above described. And Plaintiff says that said notes in said deed mentioned are long since past due and have never been paid, and are and remain wholly unpaid, and Plaintiff has rescinded said contract of sale, because of the failure on the part of Defendants and said W. H. H. Kilty to pay said notes. And Plaintiff further shows that said W. H. H. Kilty is dead.

Wherefore Plaintiff prays that Defendants be cited by publication as provided by law in such cases, and that upon a hearing he have judgment for the title, restitution and possession of said above described tract of land, and for all relief to which under the law and the evidence he may be entitled.

MATHES & WILLIAMS, Attorneys for the Plaintiff.

HEREIN FAIL NOT, and have you before said Court on the first day of the next term thereof, this WRIT, with your return endorsed thereon, showing how you have executed the same.

Given under my hand and seal of said Court, at my office in Plainview, this the 23rd day of May, 1913.

B. H. TOWERY, Clerk District Court, Hale County, Texas.

By W. H. BOX, Deputy.

Blanton, a local capitalist. It is understood the roads will be improved at an early date.

Fort Worth.—The bank clearings of this city for the past week show a gain of more than \$2,000,000 over the same period last year. This year the clearings amounted to \$6,717,857.22, and for the corresponding week two years ago they were \$4,680,778.42.

Denton.—Preliminary surveys are being made on many of the prominent streets of this city making ready for the building of the new E. P. Turner interurban from Dallas to Denton and other towns in North Texas.

Childress.—The first silo in Childress County is now under construction, near this city. It is expected that over seventy-five silos will be built in this county this year.

Amarillo.—The Chamber of Commerce of this city has raised a total of \$110,000 in bonuses this year. Of this amount, \$10,000 was for the support of the Chamber of Commerce, \$8,000 for the Catholic School for Girls, \$12,000 for the Lowry-Phillips School and \$80,000 for the Texas, Kansas and Omaha Railroad.

Fort Stockton.—Three large silos, of 200-ton capacity, will soon be constructed near this city. These will be used to store part of the immense feed crop now growing.

Childress.—The first wool to have been marketed here was offered for sale last week. The seller, J. R. McFarland, has over 3,000 pounds to dispose of.

Mineral Wells.—The Commissioners of Palo Pinto County have set aside \$2,500 for post roads, making \$5,000 in all, against \$5,000 raised by the city of Mineral Wells.

Waco.—The average yield of oats in this county is estimated at from forty to forty-five bushels per acre. This is a little less than last year, but the quality is better.

Temple.—The Santa Fe railway will spend \$40,000 here at once in improvements and enlargements of its roundhouse and machine shop facilities. Plans are now nearly complete for additions to the machine shops estimated to cost \$15,000.

Denton.—District Agent William Ganzer, of the Federal Department of Agriculture, received word recently that Staislav Poniatowsky, of Tashkend, Russia, an official of the Turkestan Department of Agriculture, will be in Denton some time soon with Mr. Ganzer studying the growing of cotton in this district.

Ablene.—Sixteen silos have been sold in this county by one firm within the past thirty days. Three have been received and will be erected at once.

Hartley.—The tax rolls of Hartley County show a total valuation of \$5,828,739 for 1913, compared with \$5,209,242 for 1912.

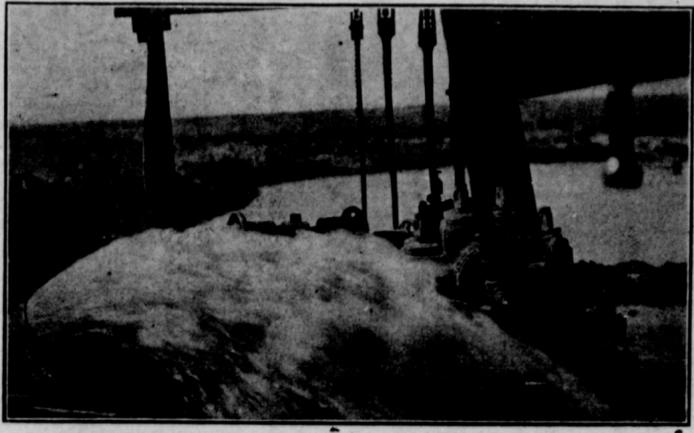

Timpson.—A petition is now being circulated in this road precinct of Shelby County requesting the Commissioners to call an election for the purpose of voting upon a good roads bond issue of \$287,000.

Hereford.—It is estimated that more than half a million pounds of wool

WELL DRILLING

LAYNE & BOWLER CO.
Plainview Texas Houston

will be marketed from this town this season. Numerous buyers are here, and have already contracted for several thousand pounds of wool at from 11 to 14 cents per pound.

Waco.—That Waco will soon boast of a bounteous supply of natural gas now seems assured, if the citizens of this city can reach an agreement with the directors of the Mexia Oil and Gas Company, which recently brought in a gasser. It is planned to pipe the gas from Mexia to Waco, a distance of about forty miles.

San Angelo.—The San Angelo Truck Growers' Association has been organized here, with a substantial membership of the leading truckers of this section. G. L. Freible is selected as president and A. G. Norton, secretary-treasurer.

Hamlin.—The Kansas City, Mexico & Orient Railway is making considerable improvements at this place. A round-house, coal chute, turn table and more yardage is included among the improvements now under construction. It is understood that other and extensive building will be made here this summer and fall.

Seguin.—The citizens of this city have voted a \$48,000 bond issue for the erection of a new school building, and the trustees of the district have awarded the contract for the plans.

Gatesville.—The City Council has decided to erect a High School Building. The record for the bond issue has been submitted to the Attorney General, and as soon as approved by him bonds of \$25,000 will be issued.

Palestine.—M. P. Kelley, of Gainesville, has been awarded the contract for the construction of the new Court House to be erected by Anderson County. The contract price was \$148,438. Construction will begin at once.

San Antonio.—Harvey L. Page, chairman of the Coliseum League, announces that final subscriptions have been made for the erection of a \$250,000 Coliseum.

Wichita Falls.—It has been announced that a \$30,000 sanitarium will be erected in the western part of the city by local physicians. The site for the hospital was given by J. A. Kemp and J. B. Marlow, and the building will be ready for occupants by October 1.

Decatur.—Plans for building the new Masonic Temple, costing \$30,000, have been submitted to the local lodge's building committee. The lodge recently purchased the lot on the northwest corner of the public square.

Houston.—The Chamber of Commerce of this city has laid aside a fund of \$10,000 which will be invested in good securities. It is expected that plans for a permanent home for the Chamber of Commerce will be well under way by fall.

Fredericksburg.—Work is progressing rapidly on the excavation of the tunnel under the hills near here through which the main line of the San Antonio & Fredericksburg Railroad will pass. Grading work will commence as soon as the tunnel is completed.

Groesbeck.—J. E. Farrow has been elected secretary of the local Commercial Club and has taken charge of the office. The club is perfecting plans for an agricultural exhibit.

Cisco.—The Commercial Club of this city is promoting sentiment for good roads, and will seek the co-operation

of the neighboring communities to secure improved highways. It has been suggested by the club that every one interested in the movement devote part of one day each week to road work.

Tyler.—After two years' hard work by the Commercial Club and the city officials, this city is to have electric street cars. Practically the entire bonus of \$29,000 has been raised.

Linden.—Unusual building activities are under way here at present. Seven brick buildings, three wooden business blocks, hotel and twenty-five residences are under construction.

Sulphur Springs.—The Post Office Building under construction here is nearing completion. The contractor is now working on the second story. The structure will cost \$60,000.

Fort Worth.—Over 1,500 visitors are expected here August 7th, 8th and 9th, the occasion being the annual convention of the county judges and commissioners, district and county

clerks, county and district attorneys and the county tax collectors. One of the features arranged for the entertainment of the guests is an inspection of the good roads work in Tarrant County.

Fort Stockton.—Work is progressing rapidly on the Court House in this city, and the building will be turned over to the county in 60 days. The building is being constructed at a cost of \$85,000.

San Benito.—The Commercial Club of this city is desirous of securing the addresses of parties who have strawberry plants for sale. The farmers are in the market for several million plants.

Dallas.—The Commissioners' Court has appropriated for Dallas County \$20,000 to be used in the building of a post road, in order to secure from the State \$10,000 for the same purpose. The fund will probably be used on the Fort Worth-Dallas pike.

COULD SCARCELY WALK ABOUT

And For Three Summers Mrs. Vincent Was Unable to Attend to Any of Her Housework.

Pleasant Hill, N. C.—"I suffered for three summers," writes Mrs. Walter Vincent, of this town, "and the third and last time, was my worst."

I had dreadful nervous headaches and prostration, and was scarcely able to walk about. Could not do any of my housework.

I also had dreadful pains in my back and sides and when one of those weak, sinking spells would come on me, I would have to give up and lie down, until it wore off.

I was certainly in a dreadful state of health, when I finally decided to try Cardui, the woman's tonic, and I firmly

believe I would have died if I hadn't taken it.

After I began taking Cardui, I was greatly helped, and all three bottles relieved me entirely.

I fattened up, and grew so much stronger in three months, I felt like another person altogether."

Cardui is purely vegetable and gentle-acting. Its ingredients have a mild, tonic effect, on the womanly constitution.

Cardui makes for increased strength, improves the appetite, tones up the nervous system, and helps to make pale, sallow cheeks, fresh and rosy.

Cardui has helped more than a million weak women, during the past 50 years. It will surely do for you, what it has done for them. Try Cardui today.

Write to: Chattanooga Medicine Co., Ladies' Advisory Dept., Chattanooga, Tenn., for Special Instructions on your case and 64-page book, "Home Treatment for Women," sent in plain wrapper. J-45

QUININE AND IRON—THE MOST EFFECTUAL GENERAL TONIC

Grove's Tasteless chill Tonic Combines both in Tasteless form. The Quinine drives out Malaria and the Iron builds up the System. For Adults and Children.

You know what you are taking when you take GROVE'S TASTELESS chill TONIC, recognized for 30 years throughout the South as the standard Malaria, Chill and Fever Remedy and General Strengthening Tonic. It is as strong as the strongest bitter tonic, but you do not taste the bitter because the ingredients do not dissolve in the mouth but do dissolve readily in the acids of the stomach. Guaranteed by your Druggist. We mean it. 50c.

There is Only One "BROMO QUININE" That is LAXATIVE BROMO QUININE. Look for signature of E. W. GROVE on every box. Cures a Cold in One Day. 25c

RELIEVES PAIN AND HEALS AT THE SAME TIME

The Wonderful, Old Reliable Dr. Porter's Antiseptic Healing Oil. An Antiseptic Surgical Dressing discovered by an Old R. R. Surgeon. Prevents Blood Poisoning.

Thousands of families know it already, and a trial will convince you that DR. PORTER'S ANTISEPTIC HEALING OIL is the most wonderful remedy ever discovered for Wounds, Burns, Old Sores, Ulcers, Carbuncles, Granulated Eye Lids, Sore Throat, Skin or Scalp Diseases and all wounds and external diseases whether slight or serious. Continually people are finding new uses for this famous old remedy. Guaranteed by your Druggist. We mean it. 25c, 50c, \$1.00

\$1475 OVERLAND MODEL 71 T \$1475

F. O. B. Toledo Fully Equipped

Big Features--Complete Equipment

There have been as many Overlands delivered in the past five months as all of the factories of Germany can make in a whole year. There have been as many Overlands already contracted for this year as the combined factories of France can make in one year, and twice as many as those of England. And the combined factories of Italy, Holland, Russia and Sweden do not make as many cars as some of the individual Overland dealers handle in 12 months. How can such a demand be created by anything but the MOST car for the LEAST money? Be sure and see these cars at once if you wish an early spring delivery. We have new models ready on the floor now. Delay means disappointment.
