VOLUME TWENTY-FOUR

PLAINVIEW, TEXAS, TUESDAY, SEPTEMBER 23, 1913

NUMBER FIFTY-FIVE

TEST SHOWS WATER 99.59 PER CENT PURE

Texas Land and Development Company Receives Analysis of Water from Six Wells.

32 WELLS IN OPERATION

Eighty Acres of Dr. Pearson's Section Will Be Planted in Wheat, Following Deep Ploughing.

South Plains water is 99.59 per cent pure, according to analysis just received by the Texas Land and Development Company from the chemical laboratories of the University of Texas.

Six samples of water were sent. The lowest analysis is 99.4 per cent. This water was taken from a shallow well about twelve miles southeast. The well is operated by windmill. The water shows 602 parts solids in the million, or .6 of 1 per cent. The best sample was that from the well in Pioneer Park. The well at Lake Plainview showed 99.576 per cent pure.

Analysis of water from the well at Lake Plainview shows: Calcium, 48; magnesium, 42; soda, 36; bicarbonate acid, 349; sulphuric acid, 36; hydrochloric acid, 33; making a total of 475 parts solid to the million.

The United States Geological Survey has given out that where 18 inches of water can be put on land each year without damage from alkali or other salts the water may be classified as "good." According to the report from the University of Texas 59 inches of water from the well at Pioneer Park (more than three times the amount specified by the Geological Survey) may be given to the soil without injury; from the poorest sample more than twice the figure set by the Geological Survey may be used.

Mr. Charles, manager for the Texas Land and Development Company, is having soil samples examined. No reports have yet been made on these.

The Development Company brought in another well Saturday. It is two miles south of Akin's Switch, on the "Brown Place," about 13 miles from Plainview. This makes 32 wells from the company has completed since January 1. Every well started has been a success.

Mr. Charles says that 600 acres of alfalfa have been planted. Eighty acres of land is now being prepared on the section purchased by Dr. Pearson. This land was ploughed with the big steam plow to a depth of sixteen and eighteen inches.

A reservoir for storage water is being put in on the quarter-section purchased by H. I. Miller, American Manager for the Pearson interests. Eighty acres of his sod will be broken this fall. Of course, Mr. Miller will irrigate his land.

Mr. Miller and W. S. Ayres, General Sales Manager, left Sunday for a visit to Chicago.

PARENT-TEACHERS' ASSN. TO ELECT OFFICERS FRIDAY.

Superintendent R. M. Harrison Will Address Meeting on Some Vital Questions Concerning Children.

The Parent-Teachers' Association will hold its first meeting of the season Friday afternoon at 3:30 o'clock, at the High School Building. Prof. B. M. Harrison, the superintendent, urges that there be a good attendance of the parents. He is closing school thirty minutes earlier than schedule time in order that the teachers and parents may have ample time to plan the work of the association.

Prof. Harrison will address the association. Organization and election of officers will be the order of business.

NEW BOOKS FOR LIBRARY.

You May Read Best Fiction, and Membership Is Only \$1.

The purchasing committee of the Library Association met Friday afternoon and made an order of fifty books for the Public Library. The library is well stocked with fiction. It is open each Monday and Friday afternoon from 3 to 7 o'clock.

STORK BRINGS TWINS.

Lusio Peres and his wife are the proud parents of twins, Antonio and Hosea, for those are the names given the young Peres, were born September 18. Lusio lives on the Syndicate farm east of town.

SANTA FE IS WILLING TO IMPROVE GROUNDS.

Engineer of Southern Division Asks Mayor Dorsett to Set Date for Meeting.

The Santa Fe Railroad has expressed itself willing to make improvements asked for at the depot. Last week Mayor Dorsett wrote to General Manager Fox, asking that electric lights be placed at the station, and that the road co-operate with the city in cleaning up its property.

Mayor Dorsett is to-day in receipt of a letter from N. R. Cullings, Engineer, to whom Mr. Fox has referred the matter. Mr. Cullings asks when it will be satisfactory for Mayor Dorsett to meet him in Plainview and go over the matter.

BURNING BRIDGE DELAYS SERVICE ON SANTA FE.

Investigation Being Held to Learn Cause of Fire; Passengers Were Transferred.

A burning bridge just south of Happy delayed passenger service Sunday. The sound-bound train was held up until the train bound for Amarillo reached the bridge; then all passengers were transferred. One train returned to Amarillo, the other returned south to Sweetwater. Passengers on the south-bound train reached Plainview some three hours late.

Investigation is being held to-day to determine the cause for the blaze.

MISS GOODE WINS HONOR SCHOLARSHIP AT BAYLOR.

Plainview Girl Is Entitled to Tuition for Two Years for Highest Grades at Wayland.

Miss Lula Goode left Sunday for Baylor University, at Waco, Texas. Miss Goode was a graduate last June of Wayland Baptist College. She was also a member of the student staff which published Wayland's Year-Book, "The Traveler."

Miss Goode has been awarded free tuition in the literary school at Baylor for two years. This scholarship is given to the student at Wayland who makes the highest average grade.

BLOOD POISON FOLLOWS ACCIDENTAL SHOOTING.

Pete Sutton Loses Arm Without Avail; Little Brother Discharged Gun into His Hand.

Pete Sutton, of Quitaque, died last night at Guyton Sanitarium. He was brought to the sanitarium Wednesday, from his home. The trouble started when his little brother accidentally discharged a gun he was cleaning, and the load mangled Sutton's hand.

His home physician had removed the hand, and blood poison set in. Dr. Guyton removed the entire arm, but could not stay the malady.

Mr. Sutton's body was shipped to Quitaque to-day.

FIVE NEW STUDENTS AT WAYLAND YESTERDAY.

President Gates Says Enrollment Will Number 300 by October 1; 246 to Date.

Five new students entered Wayland College yesterday and four to-day. This makes the enrollment to date 246. President Gates says it will go to 300 by October 1.

Work on the main building is being pushed. Ten men are at work all the time. President Gates and his co-workers are jubilant.

OREGON MAN SAYS OTHER PLACES HIT BY DROUGHT.

T. W. Harper Says South Plains No Worse Off Than Kansas; Better Where Irrigated.

T. W. Harper, of Albany, Oregon, is visiting Hale County. Mr. Harper formerly lived at Running Water. He still owns property in the county.

Irrigation is the great crop insurance policy, Mr. Harper thinks. Hale County isn't any harder set than other parts of the country, he says, and, of course, there is no comparison where South Plains lands have been irrigated.

Mr. Harper came all the way from Portland, Oregon, and he says things were short everywhere. "Kansas is worse off than you are here," he said, "except that they have been there longer and may have a little more saved up."

Calling Cards at The Herald.

REBEKAHS HONOR 62ND ANNIVERSARY

Celebration in Odd Fellows' Hall Honors Founding of Society, More Than Three Score Years Ago.

LUNCHEON DELIGHTS

Vocal and Instrumental Solos and "Old Bachelor's Play" Delights Members and Friends.

The sixty-second anniversary of the founding of the Rebekah Lodge of America was celebrated last night by the local Rebekahs and their friends and visitors. The celebration was held in the Odd Fellows' Hall, over the Donohoo-Ware Hardware Company store.

A program of vocal and instrumental solos, readings and papers was an enjoyable feature of the evening. The address of welcome was made by Judge W. B. Lewis. Mrs. C. F. Quisenberry and Misses Jennie Kerr and Beulah Elliott gave readings.

Mrs. L. N. Pennock and Mrs. J. W. Vines read papers on Odd Fellowship and Rebekahs. Miss Georgia Brashers gave a vocal solo, and Miss Jessie Kerr a piano solo.

Following the "Old Bachelor's Play," which was immensely enjoyed, refreshments in two courses were served. Hot coffee, iced tea, sandwiches and pie, followed by sherbet and cake, were dispensed bountifully.

A toast to the Rebekahs by Judge Lewis and a toast to the Odd Fellows by Mrs. C. F. Quisenberry closed the evening's program.

WOULD REBATE FARE TO OUT-OF-TOWN BUYERS.

Young Business Men's Club Believes Inducements Should Be Offered Purchasers.

At a meeting of the Young Business Men's Club Friday W. J. Kilgner and J. F. Duncan were appointed to talk with local merchants and evolve a plan for repaying railroad fare to out-of-town buyers as an inducement to them to purchase their goods in Plainview.

The business men believe that many purchasers might be induced to come here, provided they are shown just how they will get their "money's worth." The plan will be presented to the next meeting of the Club, Friday, October 3.

LASH TO BUILD REAL CALIFORNIA BUNGALOW.

Foundation Is Going in for Overland Garage; Donohoo and Sharp Break Dirt.

J. J. Lash moved his residence, on 302 Archer Street, yesterday to the back of the lot, and will begin immediately to build a modern California bungalow.

The foundation is going in for the new Overland garage, on North Pacific Street. Messrs Donohoo and Sharp have also broken dirt for their new buildings on the west side of the square.

ILLINOIS MAN TO MAKE HOME NEAR PLAINVIEW.

Dr. H. W. Walker, of Graptsburg, Illinois, has purchased 40 acres just northwest of town. Dr. Walker will build a modern home and put in an irrigation plant. He says that he will move his family to Plainview just as soon as he can close up affairs in Illinois.

Ben Flower and W. C. Graves, both of Fort Collins, Colo., are looking over the country with Dr. Walker. All of these men are much pleased with Hale County's irrigation proposition.

FOLK WILL BE NAMED FOR GOVERNMENT JOB.

President Wilson Has Decided to Send His Nomination as Solicitor of State Department to Senate.

Washington, D. C., Sept. 17.—Joseph W. Folk's candidacy for solicitor of the state department had advanced to a point today where congressional friends of the former Missouri governor declared his appointment had been settled by President Wilson and that his nomination would go to the Senate probably tomorrow.

OPERATION UNSUCCESSFUL.

Clyde Smith died at the local sanitarium Sunday. He had been operated on for appendicitis.

BRING IN EXHIBITS FOR DALLAS FAIR

Display from Oklahoma City Will Need Refreshing When It Goes to Amarillo, Too.

HALE COUNTY A WINNER

J. O. Brown Is Getting Up Individual Farm Display for Panhandle Fair.

Hale County's exhibit went out to Oklahoma City by Wells-Fargo Express Saturday. E. H. Perry and J. D. Hanby went along in charge of the exhibit. These gentlemen had a number of Plainview papers, and 5,000 pamphlets issued by the Chamber of Commerce were sent by parcels post.

Advisers from Oklahoma indicate that the people of the "Sooner State" are much interested in irrigation on the South Plains. Farmers there, as a rule, are intelligent students of agriculture, and would make very desirable land-owners for Hale County property.

The committee in charge of exhibits for the Panhandle Fair and the State Fair, at Dallas, are asking that every man, woman, boy and girl in Hale County co-operate with them in getting together exhibits for the Texas State Fair, as well as for the Panhandle Exposition, at Amarillo, beginning October 6. The exhibit from Oklahoma City will go to Amarillo, but it must be refreshed up somewhat.

Hale County has been a prize winner at the Dallas Fair during the past two years. In 1912 we won more than any other ten counties combined. Two years ago 26 entries were made; 19 of them took first awards; 7 won second prizes. The Chamber of Commerce is anxious to sustain this reputation. They want a larger exhibit this year than was sent last fall, so that we may also win sweepstakes.

And we can win if everybody who has grown any fruit, vegetables or farm crops of unusual quality or size will bring it in. If you can't bring your product to town, let the Chamber of Commerce or The Herald know about it, and the exhibit will be sent for.

J. O. Brown, 2 miles southwest of town, is arranging a complete "farm display" for the Panhandle Fair, at Amarillo. A farm wagon is offered for the best individual farm display. No information has been received of any other individual display being made by a Hale County man.

The Chamber of Commerce will hold a meeting in the District Court room at 8 o'clock Thursday night. Young men and older ones are still signing up as members. What Plainview wants is a Chamber of Commerce of which every man in Plainview—better still—every man in Hale County—is a member. The work is being done for all of Hale County.

ONE HUNDRED ROAD SIGNS ASKED FOR.

Automobile Men Will Place Borderland Route Monday; 800 Miles in One Day.

The highway committee of the Chamber of Commerce has asked J. G. Trindel, of Liberal, Kansas, for 100 road signs. This number will be placed by local automobile men Monday.

It is the purpose of Mr. Trindel and his co-workers to sign-post the road from Hutchinson, Kansas, to El Paso, Texas, in one day. The distance is 800 miles. One sign will be placed in the middle of each mile, and six at each cross road.

KECK SELLS TO HEARD.

George C. Keck sold Friday to J. W. Heard parts of three lots in Westmoreland Addition, for a consideration of \$1,600.

COURTS ADJOURNED.

County and probate courts adjourned Friday. In the case of James R. DeLay vs. Cyrus B. Woodring, suit for damage, in the County Court, Thursday, there was a hung jury.

FIRE DOES LITTLE DAMAGE AT CARTER'S.

The fire department went out this afternoon about 2:30 without signal to Mont Carter's home, on West Third Street. Fire was found in one of the up-stairs clothes closets. Practically everything in the closet was destroyed; there was no other damage. It is thought that rats are responsible for the blaze.

ROSS HARP RESTING WELL AFTER ACCIDENTAL SHOOTING.

Winchester Wound, Which Threatened Fatal Results, Improving; Auto Party Were Shooting Rabbits.

Reports from Hurley at 4 o'clock this morning indicated that Ross Harp is resting well. Dr. J. C. Anderson went out to-day to relieve Dr. C. C. Gidney, who has been with Ross since Sunday.

The accident occurred Sunday afternoon while Harp, Ernest Matlock, Bess Thompson and another man were shooting rabbits from Bess Thompson's car six miles this side of Hurley. Matlock started to shoot and the car swerved, the bullet striking Mr. Harp under the shoulder blade and coming out near the collar bone on the left side.

The wounded man was taken to Hurley and A. E. Harp, father of Ross, was notified. Drs. C. C. Gidney, J. V. Guyton and E. O. Nichols, with E. E. Roos, A. E. Harp and Clint Shepard, left at once in two automobiles.

FORT WORTH MEN TO BUILD POWER PLANT AT HURLEY.

\$40,000 Corporation Organized to Furnish Electricity for Irrigating Bailey County Lands.

With a view to irrigating the fertile acres around Hurley, Fort Worth and Eastern capitalists have organized a \$40,000 corporation, says the Fort Worth Record. The company will install an electrical plant at Hurley and furnish power to raise water from wells in the Hurley Valley.

This company is to be known as the Western Power Company. The report says that it will also furnish power for electric lights in the town of Hurley.

Pumps and pipes have been shipped and machinery has been ordered for the plant. Three 400-horsepower engines have been ordered. Machinery for the plant is of the latest improved kind.

It is said the wells in the Hurley Valley produce an abundant supply of water. In the near future the power company will erect alfalfa mills and silos. It proposes to promote scientific farming as a side line and will endeavor to be of assistance to the farmers of that section.

MRS. PIPKIN WINS "B. & K." NAME PRIZE.

Blasingame & Kilgner Give Box of Chocolates for Designation for New Store.

Mrs. Jim Pipkin won the 2-pound box of bonbons offered by Blasingame & Kilgner for a name for their new store. The name suggested was "The B. & K.," with a scroll under the initials, and the word "Confections" written in the scroll.

The competition was open to all. No conditions were imposed. Blasingame & Kilgner will occupy one of the store rooms in the building being erected by Grant and Blueher on North Pacific Street.

RUNS SEVENTY-TWO MILES IN HOUR AND 50 MINUTES.

Clint Shepard and E. E. Roos Make Record Time Carrying Physicians to Ross Harp.

Seventy-two miles in an hour and fifty minutes is the record made by Clint Shepard and E. E. Roos Sunday. They were taking physicians to Ross Harp, at Hurley. Shepard drove his Hudson 54 and Roos drove a Buick Roadster. The party had to open seven gates en route.

Dr. C. C. Gidney was in the Buick car; Dr. J. V. Guyton and A. E. Harp were with Mr. Shepard.

Mr. Roos left Plainview at 4 o'clock and Shepard left at 4:12. Roos reached Mr. Harp at 5:50 and the Hudson driver came in 12 minutes later. Mr. Roos went on to Texico Sunday night and brought back a trained nurse.

This is said to be the fastest run ever made on the South Plains.

COLQUITT NAMES NOVEMBER 5 AND 6 AS ROAD DAYS.

Dallas, Texas, Sept. 17.—November 5 and 6 were announced here last night by Governor O. B. Colquitt as Texas good roads days. The Governor said he himself would get out and take off his coat "and shirt, too, if necessary," to help build good roads. He announced further that he would give \$25 to help hire laborers to work on that day.

RENDITIONS SHOW 2 DOGS WORTH \$20

Horses and Mules in Hale County Are Given Taxable Value of \$278,425; Cows at \$298,710.

TOTAL IS \$3,547,560

Increase Over 1912 Is \$719,233; State Rate Increased 18 1-2c; County Rate Reduced.

Just two dogs in Hale County? Not much, but that is what the tax rolls show. Two owners have rendered their canine friends for a sum total of \$20. In the city renditions, Joe Peace rendered his bulldog at \$200.

The renditions for this year show a grand total of \$3,547,560, as against \$7,828,227 last year. County Assessor Jordan's records show on the resident roll \$5,101,000; non-resident \$907,200; unrendered \$1,627,470; railroads, telegraph and telephones \$604,420; State and National Banks \$307,370; 7,073 horses and mules are valued at \$278,425; 19,404 cattle at \$208,710; 97 jacks and jennets at \$5,345.

There are 3,185 sheep, valued at \$4,825, and only 55 goats, with a valuation of \$110; 6,753 hogs are rendered at \$21,765, and 2 dogs, rendered at \$20.

Fifteen hundred and ten carriages, buggies, wagons and automobiles are rendered at a valuation of \$60,890. Goods, wares and merchandise are turned in at \$269,710; manufactured articles at \$350; implements and machinery at \$77,595; engines and boilers at \$12,845.

The amount of money belonging to banks is placed at \$67,675; notes of individuals and banks, \$145,725. Individuals reported \$3,900 in money on hand. The value of property of companies or corporations is placed at \$5,000, and miscellaneous property is rendered at \$55,745. All of this is on the resident list.

The non-resident list shows 73 mules and horses, worth \$3,570; 133 cattle, having a value of \$1,515; 1,300 sheep, valued at \$1,950. There is one horse and two cows on the unrendered list.

The State tax rate is 23c ad valorem; school 17c; Confederate pension 5c; county tax rate is: Ad valorem 20c; road, bridge and court house 15c; making a total of 80c. The rate last year was: State ad valorem 10c; State school 16 2-3c; county ad valorem 16 2-3c; road, bridge and court house 25c.

Amounts for Various Districts.

No. 1, \$1,515.37; No. 3, \$880.33; No. 4, \$1,324.83; No. 5 (Runningwater, with a special school tax of 40c), \$1,505.46; No. 6, \$394.35; No. 7, \$626.17; No. 8, \$212.10; No. 9 (Petersburg, with a special tax of 50c), \$1,336.95; No. 10, \$583.49; No. 11, \$172.55 (districts numbers 10 and 11 have been united); No. 12, \$243.22; No. 13, \$503.87; No. 14, \$372.24; No. 15 (Halfway, with a special school tax of 50c), \$603.27; No. 17, \$418.60; No. 18, \$283.83; No. 19, \$322.52; No. 20 (Abernathy, with a special school tax of 50c), \$1,322.07; No. 21 (This district has a special tax of 50c.), \$490.06.

Hale Center has a special tax of 10c voted for high school purposes. The amount going to Hale Center is \$712.57.

In addition to these amounts, the various districts are allowed \$7 from the State for each scholastic.

BUICK MAKES RECORD FOR LIGHT CARS.

Edward Waterman Goes 204.45 Miles Over California Track in 3 Hours 14 Minutes and 17 1-7 Seconds.

A new world's record for automobiles of 231 cubic inches piston displacement was established at Corona, California, two weeks ago by Edward Waterman, in a Buick car. Waterman covered 204.45 miles in the light car race over the Caranathesid r. i. sh race over the Corona course in 3:14:17 1-7 hours, an average of 63 miles an hour. The best previous record was 61 miles an hour.

COLEMAN SUMMERS RETURNED.

L. N. Dalmont, Dr. Arthur Swaa, N. J. Sechrist and Jeff Pippin came in to-day from an automobile trip to Lubbock, Brownfield and Slaton. Coleman Summers returned to Texola, Okla., yesterday. Mr. Summers drove Messrs. Walslip and Doss to Plainview in a '12, which they had just purchased.

CYCLE CAR DEMAND WILL EXCEED SUPPLY.

Chalmers Will Increase 1914 Output by 3,000 Cars; Hudson Engineer Talks of Carburetor's Importance.

Owing to the fact that cycle cars may be manufactured in America so much cheaper than in any foreign country, the market for this product is already enormous and an export demand has been created before Americans are ready to deliver, says a Detroit, Mich., dispatch. The market for cycle cars in America must inevitably be enormous, as it places a power-driven automobile within reach of the masses. Every \$10 that is taken off the price of an automobile below the \$500 mark means a larger field, and with \$100 at least and sometimes more taken off through the generally accepted list for the regular cycle car model it is estimated that at least

twenty times as many people will be able to buy the little cars.

There is another item in favor of cycle cars that must be taken into consideration, and that is the expense of upkeep. Gasoline will last longer and storage charges will be practically eliminated, as cycle cars are so small and take up so little room that they may be stored in the ordinary woodshed or be carried into a basement.

Tire cost, owing to the light weight of the cycle car, will be reduced to a minimum, and other expenses are likewise cut in two in making the car in reality the poor man's car.

As indicating the demand already created, one cycle car promoter in Detroit, who has not completed his first car, stated last week that he had in his hands orders in large lots for no less than 53,000 cars. He had closed none of these deals, as he was not ready. And his demand for cars, as shown, named Australia, Italy, Switzerland and England as big purchasers having representatives in America to buy the little cars wherever possible. This cycle car manufacturer had naturally done no advertising, but had been found out through a notice spread broadcast that he was one who intended to build a cycle car.

Another promoter visited was seeking capital and had an engineer at work, and he reported orders in hand for 8,000 cars. Still another who has had one model on Detroit streets for some time has deposits on 8,000 cars that are known, and probably more. Every prospective maker, for all are prospective up to the present time, sees the sale ahead for more cars than he can build, and like reports are received from other quarters. Dealers from every city in the country reaching Detroit are asking where a cycle car agency may be secured with promise of early delivery.

Parts makers are being harassed with requests to make thousands and thousands of parts, and are only just getting ready to supply a part of the demand, while companies are being formed to manufacture cycle car parts. The demand of the present day is large and in the future will be larger, bringing the natural prediction that the cycle car business will ultimately be greater than the cycle business was at its prime.

Importance of Carburetor.

Howard E. Coffin, vice president and consulting engineer of the Hudson Motor Company, believes that the most important work before the automobile engineer lies in the field of carburetion. Mr. Coffin believes that the

great strides that will be made within the coming year or two will be in carburetors.

"With the character of fuel we are now able to get," said Mr. Coffin, in Chicago, before a number of Hudson dealers, "the economy of the engine is in exact proportion to the type of carburetion it is supplied with. I still think the carburetor is coming that will feed into the cylinder fuel broken up into globules that are so fine that they will make a real mist, and therefore will be susceptible to better and more efficient firing than the more or less imperfectly formed mist with large globules that are only partially oxidized in the work stroke."

The Ford Company.

In a late interview, James Couzens, vice president of the Ford Motor Company, stated that it was not the intention of the Ford Motor Company to equip exclusively with wire wheels for the 1914 product, nor build a special wire factory, and Mr. Couzens also denied emphatically any connection between the Ford Motor Company and the Dodge Brothers in the marketing of the new car of the Dodge Brothers.

Cadillac Increases Output.

After turning out 1,500 of the 1914 production, the Cadillac Motor Company closed down for inventory on August 16, and opened again on September 2, since which time the factory has been put under full pressure to maintain regular shipments on 1914 production, which will be larger than 1913 by 3,000 cars.

Burning an insured car to collect the insurance now means twenty-five years in the penitentiary according to the new law just passed in one of the states. The custom of insuring an old automobile and then burning it is said to be general in several sections of the country besides New York.

FOUR GOOD ROAD BOND ISSUES CARRY.

Texas Counties Vote \$410,000 for Highway Improvement During August; 25 Miles of Road Built.

Fort Worth, Texas, Sept. 22.—Only two road bond issues were defeated in the State during August and four elections, involving \$410,000, carried by large two-thirds majorities, according to the Texas Commercial Secretaries and Business Men's Association. The largest amount voted was \$155,000, in Aransas County, and only eight dissenting votes were cast against the issue. The proceeds of the election

will be expended in constructing a causeway from Live Oak Peninsula to Lamar Peninsula.

Six elections were held in the State during the month to vote on special road taxes, and four of the elections favored this system of highway financing.

Approximately 85 miles of permanent highways were built in Texas during the month, and the roads of 42 different counties were improved.

The following road bond issues were held in Texas during August:

County—	Amount.	Result.
Aransas	\$155,000	Carried
Brazoria (Dist. 2)	150,000	Carried
Brazoria (Velasco Dist.)	75,000	Carried
Hardin	65,000	Defeated
Smith (Bullard Dist.)	30,000	Carried
Smith (Winona Dist.)	40,000	Defeated

GAINES, TERRY AND DAWSON COUNTIES LINED UP FOR FAIR.

F. W. Zimmerman Says People Are Interested in Panhandle Exposition; Good Crops.

F. W. Zimmerman came in to-day from a visit to Gaines, Terry and Dawson Counties. He left this afternoon for Floydada. Mr. Zimmerman says that the people in the counties he has visited are enthused over the Panhandle Fair and will be on hand with good exhibits.

He has found good crops. In Dawson County Mr. Zimmerman says one farmer has sold forty-one tons of maize from 20 acres, and another thirty-six tons from 24 acres. The maize sells for \$17 a ton.

DON'T KNOW THEY HAVE APPENDICITIS.

Many Plainview people who have chronic appendicitis, which is not very painful, have doctored for years for gas on the stomach, sour stomach or constipation. J. W. Willis, druggist, states if these people will try simple buckthorn bark, glycerine, etc., as compounded in Adler-I-ka, the German appendicitis remedy, they will be surprised at the QUICK benefit. A SINGLE dose relieves these troubles INSTANTLY. —Adv. 55

AVOID THE BRONCHIAL COUGHS OF EARLY FALL.

The changeable weather of early fall rings on bronchitis and a hard cough that is wearing on the system,

and seems to tear open the bronchial tubes and mucous lining of the throat. Use Foley's Honey and Tar Compound promptly. For it will soothe and heal the inflamed mucous lining, relieve the cough quickly, and help to expel the cold. It contains no opiates. Get the genuine in the yellow package, and refuse substitutes. R. A. Long's Drug

EVERY STREET IN PLAINVIEW

Has Its Share of the Proof That Kidney Sufferers Seek.

Backache? Kidneys weak? Distressed with urinary ills? Want a reliable kidney remedy? Don't have to look far. Use what Plainview people recommend. Every street in Plainview has its cases. Here's one Plainview man's experience. Let John Pendley, of Covington St., tell it:

Mr. Pendley says: "I used Doan's Kidney Pills and they relieved me of bladder trouble and pains across my back and kidneys. Before I began using Doan's Kidney Pills I could hardly get up from a chair. I procured my supply at the Long Drug Co., and they did me a world of good."

If you back aches, if your kidneys bother you, don't simply ask for a kidney remedy—ask distinctly for "Doan's Kidney Pills," the same that Mr. Pendley had—the remedy backed by home testimony. 50 cents, all stores. Foster-Milburn Co., Props., Buffalo, N. Y.—Adv. 56

EDITOR'S INVENTIVE GENIUS PROVIDES AUTO CONVENIENCES.

Has Hot and Cold Water, Refrigerator, Folding Dining Table, Camera Equipment, Hammock for Child.

Modern conveniences of an unusual number abound on the car of J. H. Brown, who is an agricultural editor of Battle Creek, Mich., and also an automobile enthusiast in every sense of that word. He has provided his car with an extraordinary amount of equipment, and at the same time has not given the car a cluttered-up appearance. With his device he inflated the tires from air compressed in a tank by the engine, supplies hot and cold water to a real wash basin accompanied by soap and clean towels; carried every kind of a tool that was ever invented to facilitate automobile repairs and all in one of the most compact of tool kits carried on the running board; carries a lunch box with a refrigerator for keeping eatables and drinkables cool; carries a supply of thermos bottles for carrying supplies hot, and carries these thermos bottles in a case in which they can not break; had a folding table upon which to dine; a folding gasoline stove; a sleeping hammock for

his child; a camera rack with full equipment of cameras; a road map of the entire State of Michigan on spring rollers in a holder of his own invention attached to the front dashboard, and an electric searchlight and trouble lamp, enabling the operator to light the interior of the car, front and back, and to explore the depths under the floor board without trouble.

An electric bell and two different kinds of horns were on the car, and, although this Chalmers was a 1909 model, it was fitted with self-starter and with electric lamps that were turned on automatically the moment the engine was started. Mr. Brown said that he had not yet devised a method by which the car would steer itself, but had such an invention in mind. The car is fitted with a Yale ignition lock and switch, and the proper key is necessary to operate either the lights or the switch. It is now the intention of Mr. Brown to rig up a bed attachment for the car which will provide sleeping accommodations for himself and wife, in addition to the present sleeping hammock for his child, which is just back of the front seat and which rolls up out of sight when not in use. There are over a score of other ingenious contrivances, and on the back of the car is a most elaborate trunk of Mr. Brown's make, with compartments underneath for suit cases and above for all of the coats, rugs and other paraphernalia which usually litter up the tonneau.

STATE EXPOSITION TO BE A FARMERS' FAIR.

University of Texas to Have Exhibit for Wives on Cooking and Housekeeping.

Dallas, Texas, Sept. 22.—The management of the Texas State Fair is sparing no effort to make this year's exhibit especially interesting to the farmer and his family. Wednesday, October 22nd, has been designated as special Farmers' Day, and Secretary Houston of the Federal Department of Agriculture has been invited to be present and deliver an address. Charles Barrett, who was recently re-elected president of the National Farmers' Union for the seventh time, will also attend, and many other practical agriculturists, both of State and National fame, will participate in the program.

The University of Texas will have an exhibit of vital interest to every woman of the farm. Mrs. E. P. Turner, chairman of the Texas Farm Life Commission's Committee on Rural Homes and Schools, will be among the distinguished visitors. Competent lecturers will give practical demonstrations on cooking and the care of the farm home, and illustrated lectures will be delivered on housing conditions, marketing, schools, child welfare and sanitation. Special attention will be given farm conditions from the standpoint of the housewife.

The agricultural implement display, it is said, will be the biggest and best ever shown, and the practical operation of the silo and other modern agricultural inventions will be demonstrated.

NEW A. AND M. MESS HALL OPEN THIS WEEK.

State College Students Will Have First-Class Dining Hall This Year.

Use of the "temporary mess hall," hastily constructed to replace the hall destroyed by fire more than a year ago, will be discontinued with the opening of school, September 23, at the Agricultural and Mechanical College. In its stead a magnificent \$100,000 hall, thoroughly modern, fireproof and sanitary, will be opened for the cadets. The first meal in the new Barnard Sblisa Hall, named in honor of the steward who has seen 36 years continuous service at A. & M., was served on September 20, that being the date on which senior officers had been instructed to report at the college.

The new hall will seat 1,800 cadets and has been so constructed that additions may be made to the building without much cost. The floors of the kitchen, including the bake shop, wash room and other departments, are concrete, while the dining room floor is made of inlaid maple. Steel and brick were used in the construction of the building, making it fire-proof. R. J. Potts and R. B. Pearce, highway engineers at the college, have

The Style Book

Hart Schaffner & Marx fall Style Book is out

YOU ought to be sure of seeing this book; and when you do, you ought to go through it carefully to know what the correct styles for men are to be. Here are some of the things in it that will interest every man:

- 1 A series of illustrations showing new fall models in suits and overcoats for men and young men.
- 2 Some of the reasons why Hart Schaffner & Marx clothes are better for you than any made-to-measure clothes—for economy in time and money; and for more satisfaction.
- 3 A few words about the price of good clothes; what you ought to pay, and what you ought to get for it.
- 4 Some light on the way to get clothes that fit.
- 5 And a showing of the way men's styles in overcoats are adapted for women's wearing.

If you don't see a copy of this remarkable book soon, let us know and we'll see that you get one.

Carter-Houston Dry Goods Co.

begun the work of laying gravelled parade grounds to the three main entrances of the new hall, so that the cadets may be out of the mud in their march to the new hall. This work was mostly completed before the opening of school.

VEGETABLE REMINDERS.

Prick Potatoes with Fork; How to Keep Tomatoes Fresh.

Good rules, says the Dallas News, for young housekeepers to bear in mind when baking are:

Baked potatoes are better and more flakey if they are pricked with a fork or broken in two as soon as taken from the oven, to allow the air to permeate. Otherwise they will be heavy and soggy. They will become mealy if the end is cut, or before placing in the oven.

If parsnips and carrots are boiled with their skins on, like beets, the skins can be rubbed off in the hands in a moment or two after they are done.

To keep tomatoes fresh, pick when just ripe, retaining the stems. Cover with brine made by dissolving a teaspoonful of salt in a gallon of pure, fresh water. Place in an earthen vessel. They will keep almost indefinitely, with no loss of freshness.

A handy way to scald tomatoes before peeling them is to put them in a cheesecloth bag and dip them in boiling water. When stewing tomatoes throw in a little piece of red pepper pod. It gives a better flavor than black pepper and can be taken out when the tomatoes are seasoned enough. If you have more tomatoes than you want to can, fill a large stone jar with those remaining; after they are peeled and cut up, set the jar in the oven, and let them cook nearly a day, then seal up in jars. They will keep perfectly and will have an excellent flavor. Firm tomatoes can be washed, placed whole in glass jars, covered with water and vinegar, and thus be kept whole for several months.

LOCAL DRUGGIST MAKES STATEMENT.

Says Dodson's Liver Tone Is the Best Remedy for Constipation and Shriveling Liver He Has Ever Sold.

Every person who has tried Dodson's Liver Tone and knows how surely and gently it starts the liver to working and relieves biliousness will bear out the R. A. Long Drug Co.'s drug store in this statement about Dodson's Liver Tone.

"It is a purely vegetable liquid that entirely takes the place of calomel, harmless and pleasant to the taste, that has proven itself the most satis-

factory remedy for a slow-working liver that most of our customers have ever tried. A large bottle sells for fifty cents, and we do not hesitate to give the money back to any person who tries a bottle on the strength of this statement and is not satisfied with the result."

In these days of doubtful medicines and dangerous drugs, a statement like the above is a pleasant assurance that Dodson's Liver Tone is a reliable remedy for both children and grown-ups. In buying a bottle for immediate or future use it is well to make sure you are getting the genuine Dodson's Liver Tone, and not some spurious imitation that has copied our claims, but do not stand back of their guarantee. You may be certain of getting the genuine if you go to R. A. Long Drug Co.'s for it.

The fruits of honest effort are success.

Make a town beautiful and you help make it moral.

"Get rid of the clouds," says Peter Radford; "they decrease crop yields."

Character is builded upon the foundation of worked-out opportunities.

"Cleanliness is akin to Godliness," says Commercial Secretaries, "but fly swatting is divine." We never thought it divine employment; it does rid you of earth's most pestilent pest.

Every member of our Chamber of Commerce ought to be an Assistant Secretary; and every citizen who stands for a bigger, busier, better Plainview ought to join the Chamber of Commerce.

THE BETTER WAY.

The organized effort of a score of Texas communities to exterminate the fly is gratifying. Attractive prizes have resulted in the capturing of millions of the pest. In Plainview alone seven million flies have been burned since April.

Fly swatting serves a double purpose: It tends to rid your home of flies; it instills in the boys and girls an eternal enmity for their most dangerous enemy, and it awakens in them civic pride.

Swatting does not go far enough. The New Jersey mosquito has been practically exterminated by treating the swamp places with germicides which destroyed their breeding places;

the malaria belts of Italy have been, to a remarkable degree, rendered harmless through scientific sanitation by the Italian Government; sanitary methods applied in Cuba have abolished yellow fever from that island; the building of the Panama Canal was a reasonably easy task when the breeding place of the yellow fever mosquito was exterminated.

To win out in war with any kind of man, beast, vermin or disease, annihilate the means by which it lives and reproduces.

Plainview ought to exterminate the fly. Clean up streets, alleys, front yards and back yards.

DR. RANKIN PRAISES SOUTH PLAINS PRODUCTS.

Editor of Texas Christian Advocate Was Surprised at Productivity of Irrigated Farms.

Dr. G. C. Rankin, editor of the Texas Christian Advocate, likes the South Plains. He preached Seth Ward's opening sermon, September 4. In last week's Texas Christian Advocate, he writes:

"I spent several days in Plainview, and two or three of those days the weather put on its best behavior and more than redeemed its reputation. And when the weather is good out there, it is the best I ever saw, but when it is bad it is horrid. Brother Barnes took me in his automobile to a number of localities and I saw much of the country life.

"I was surprised at some of the nurseries and farms. They are introducing irrigation plants. Water is abundant from forty to one hundred and fifty feet. There seems to be no limit to it. They have one well, near the depot, which has been running for some time, and a great lake has been supplied. It looks like an inland sea. The pump runs most all the time, with a capacity of 1,500 gallons per minute, and a great stream pours out as clear as crystal. And it is pure water, and there seems to be no diminution. At two of the ranches I visited I found the pumps running and great quantities of water pouring into the improvised channels and flooding the Kaffir corn, the nursery, the alfalfa, etc., and the vegetation looked like the rank growth in a Tennessee river bottom.

"There seems to be a great underground stream or fountain and there is apparently no limit to its supply. It underlies the whole section. There is no mineral in it and it is wholesome for vegetation. L. N. Dahmst has more than 300 acres in a nursery and in a vegetable garden and melons. I have not seen it equalled in the black land. He runs it with about ten wells. Of course, these wells and pumps are just being introduced, but there is no reason why every man should not have them on his farm, and when this is the case that part of Texas will bloom like the rose.

"I saw as fine specimens of fruit as you will find anywhere, pears, peaches and apples. And such melons! Watermelons, cantaloupes, sweet potatoes and everything in the vegetable line is

Suits That Retain Their Stylish Drape

When you walk into this store this Fall to purchase a new suit you'll see scores of beautiful garments. You'll try one on and the drape will seem graceful and stylish. But, don't be impulsive and buy the suit for its appearance alone. Consider how it will look two months after the date of your purchase. It may lose its shape. It may lack that graceful drape. It may "bunch" and "bag" and "wrinkle."

If you are not a woolen and tailoring expert the only means you have of assuring yourself of the sturdiness of the fabric and permanence of the shape is by the reputation of the maker and seller.

Society Brand Clothes

have won fame for their sturdy exclusive fabrics and their reliable, masterful tailoring. They are not only good to look at but they're as good as they look. Their stylish drape and inherent beauty are permanent.

Get the Habit of Buying Your Toggery at Our Men's Shop Next to the Postoffice

Plainview, Texas

107 West Main Street

Society Brand Clothes

in its glory on one of those irrigated farms."

Concerning Seth Ward, Dr. Rankin said, in part:

"I do not hesitate to say that the institution is worthy of the care and direction of the Conference. It is an arm of strength to the Church in that rapidly developing section of the work. Before I went up there and inspected it for myself, I had no doubt as to whether the Church needed the school in the South Plains. But after a careful survey of the situation, it not only needs it, but cannot well get along without it.

"The territory demands it, and the boys and girls of that part of our State must have it; and after Seth Ward hunts them up, takes them through its course and stimulates ambition of the larger sort, they will seek our higher schools of training in considerable numbers. In this way it will be a great help to our other schools."

PROGRAM OF FEDERATED MISSIONARY SOCIETY.

The following program has been arranged for the meeting of the Federated Missionary Society to be held at 3 o'clock Monday afternoon at the First Baptist Church:

Director of Music—Mrs. Cora E. Pritchett. Scripture Reading—Mrs. J. H. Wayland.

Prayer—Mrs. R. F. Ivey. Paper—"Review Briefly China's International Relationship from the Visit of Marco Polo, in the Thirteenth Century, to the Five-Power Loan of Today"—Miss Edna Mayhugh.

Paper—"Makers of the New China"—Mrs. J. T. Markel.

Paper—"Custom Among the Chinese in Regard to Doctors and Doctoring; Money and Money Lending; Family Life; City Life; Ancestor Worship"—Mrs. Pauline Shackelford.

Paper—"Men and Manners of Modern China"—Mrs. Prudie Wright. Quiz—Mrs. J. W. Longstreth.

1. "By what name was the Chinese Empire known to medieval Europe?" 2. "To whom did Europe first owe her knowledge of China from a written description?"

3. "In what century did the first traders from the western world reach China?"

4. "Under what great ruler in the Thirteenth Century did missions and commerce thrive?"

5. "Under what Emperor was the great wall built?"

6. "Give the boundaries of modern China."

7. "Name the dependencies."

8. "Give the area of China proper."

9. "Give a topographical description of the country."

10. "Describe the great delta-plain in the northeastern portion of China."

11. "Of what agricultural value is the loess of Northern China, and what are some peculiarities of its formation?"

12. "Describe the Hwang-ho River. Why is it called 'The Sorrow of Han'?"

13. "What was the result of the 'Opium War' with Great Britain?"

14. "What advancement was made by the Chinese in the Nineteenth Century?"

15. "When did the Manchu dynasty end?"

16. "What is the present form of government in China?"

17. "What is the Chinese attitude concerning the proposed loan from the groups of foreign powers?"

18. "Will Yuan Shih Kai head a

new dynasty?"

19. "How many Protestant missionaries are working in the Chinese field at the present time?"

20. "Does the President favor Christianity?"

FEEDERS LOSE ADVANCE WHEN HEAVY RAIN STARTS.

Killers Bring High Prices on Kansas City Market; Quarantines Sell Well.

Kansas City Stock Yards, Sept. 19.—Cattle received here this week in four days, 70,900; same days last week, 68,900; last year, 69,200. Killing grades of cattle have sold strong to 10 cents higher every day this week, and close 20 to 40 cents higher; stock cattle and feeders higher Monday and Tuesday, but lower since, losing their advance.

Killers are good buyers, and the phenomenal demand for thin cattle from all sections keeps up. Stock steers went to Montana and Wyoming this week, and as far east as Norfolk, Virginia. Iowa and Illinois are taking as many cattle as they can get, and Missouri and Kansas are buying more cattle since the rains came than before.

Prime beef cattle made new records this week, heavy steers' reaching \$9.10 and \$9.20, and yearlings at \$9.25 and \$9.30. Kansas grass cattle range from \$6.65 to \$8.50 this week, including heavy steers that have had some cake.

Plain Westerns brought \$8.10 Thursday, considered the best price of the season for the class. Stock steers sell at \$6.00 to \$7.50 largely, though common animals may be had around \$5.50, and fancy Panhandle yearlings sold to an Ohio buyer this week at \$8.00, feeders selling at \$6.40 to \$8.25.

Features of the market are strong sales of quarantine grass steers at \$5.60 to \$7.00 the last few days, and of butcher stuff in native division, native cows up to \$7.00, the commonest canners at \$4.25. Best veals sell at \$9.00 to \$10.00.

Hog supplies are light this week, and prices were higher till yesterday, when packers started a determined fight and secured declines of 10 to 20 cents. They are paying 10 cents higher prices to-day; receipts, 3,000 head. Order buyers buy many hogs for shipment to small killers at various points, shipping out 28 per cent of the total supply the first four days this week to those killers, thus proving a strong support to the market. Top here to-day is \$8.70, bulk of sales \$8.10 to \$8.50.

Sheep and lambs in four days this week, 49,000; last week, 45,000; last year, 48,000. Prices are some lower this week, though firm the last two days. Utah lambs sold to killers to-day at \$7.00 to \$7.20, and to feeders at \$6.25 to \$6.50. Eight cars Utah feeders brought \$6.75 Wednesday. Fat ewes sell at \$4.00 to \$4.25.

J. A. RICKART, Market Correspondent.

MURRAY-JANES WEDDING WITNESSED BY MANY FRIENDS.

Nuptials of Abernathy Young People Is Brilliant Affair; Bride Wears Gown from Japan.

At the home of Mr. and Mrs. James Wood Murray, father and mother of the bride, near Abernathy, on the evening of September 17th, a beautiful wedding was solemnized, uniting the destinies of Miss Lockett Caroline Murray and George Mark Janes, in the presence of a large assemblage of relatives and friends. The decorations

consisted of leaves, vines, branches, fruits and grains artistically arranged to form carpets, festoons and aisles.

The wedding party entered while Mrs. Holland rendered Mendelssohn's Wedding March, followed by "Flower Song" during the ceremony. Almedia Murray and Murray Howell were cushion bearers; Ruth Janes and Annie Wood Howell were flower girls. The maid of honor, Miss Caroline Lutrick, bearing American Beauty roses, preceded the bride, who entered on the arm of her father, a vision of radiant beauty in her flowing robes.

The bride's gown was elaborately hand-embroidered silk from Japan, the gift of a brother, combined with chiffon, enveloped with her veil of tulle, adjusted cap of fashion, with tube roses. The only ornament she wore was a gift of the groom, a cameo of exquisite brilliance from old England, a family treasure for more than a hundred years. She carried on her arm a bouquet of carnations.

The groom, attended by his best man, Mr. Carl Goodman, met the bride at the altar, and there, before Rev. D. C. Ross, they assumed the sacred marriage vows, the ring ceremony be-

ing observed. During the reception which followed, silver cake and lemonade were served, as at the wedding of the bride's mother.

The many valuable and beautiful presents attest the high esteem in which the bride is held by her numerous friends.

The bride's going-away gown was a lovely creation in charmeuse satin and broche in one of the new browns, with all accessories in harmony.

The wishes of their many friends are that this couple may have an ideal wedded life—full of sunshine and happiness; free from cares and sorrow. A FRIEND.

"Mrs. Wiggs of the Cabbage Patch," perhaps the most popular play that has been seen on the American stage in years, comes to the Schick October list. All the famous characters of the books "Mrs. Wiggs of the Cabbage Patch" and "Lovey Mary," including Mrs. Wiggs, Mrs. Hazy, Lovey Mary, Mr. Stubbins, Little Tommy and the rest, will bid for the approval of those who appreciate the best in dramatic art. —Adv. 55

Giving Service

In these little talks on advertising it is our main purpose to point out to our readers the benefits to be gained from the careful reading of our advertising columns.

We have called attention to the economy of well planned and intelligent shopping and also to the surprising fund of useful information and education contained in advertisements.

In presenting this subject to our readers, our aim is to be of service—to help everyone to get the most possible good from his newspaper.

Likewise, from an intimate knowledge of the interests and purposes of our advertisers, this idea of serving their patrons is a controlling one with them.

The most prominent advertisers of the day manage their business and plan their advertising from the standpoint of helping their patrons.

Comfort, convenience and intelligent store arrangement go hand in hand and are advertised together with fashions and values.

Successful advertisers give service as well as values.

Hair Brushes

We have the most complete line of hair brushes now on display that we have ever offered the public. Our line consists of brushes from the best that can be offered for twenty-five cents to the purest of hand drawn bristles at Five Dollars and we feel sure we will be able to please you with the particular brush you like.

In fact, our entire Sundry Department is replete with up-to-the-minute goods and we will take great pleasure in showing you through if you will pay us a call.

LOCAL AND PERSONAL

Miss Patty Dalton was a visitor to Kress Sunday.

Judge L. W. Dalton returned from Lamesa to-day.

W. A. Nash went to Abernathy to-day, to hold a sale.

Charles Clements, county attorney, went to Petersburg to-day.

Dr. V. M. Longmire left yesterday for Louisville, Ky., where he will continue his study.

Judge C. D. Russell came in Monday from Lamesa, where he has been attending court.

Mrs. R. M. Williams returned to-day to Dallas, after a visit with her son, E. R. Williams.

Z. T. Rogers and wife, of Knox City, Texas, are visiting their son, Ross Rogers, this week.

Mrs. E. C. Shultz, of Long Beach, California, is in Plainview visiting her parents, H. J. Dillingham and wife.

Mrs. S. D. Jones and Mrs. A. J. Smith, who have been visiting Mrs. J. C. Fuller, returned to-day to Estacado.

Mrs. A. C. Cartwright, of Kress, Texas, who visited her granddaughter, Mrs. Huguley, near Olton, went home Saturday.

G. W. Backus, of Vernon, is a visitor in Plainview to-day. Mr. Backus passed through en route to Floydada Saturday.

Miss Fannie Howell, of Nashville, Tenn., and her friend, Mrs. Henley are in Plainview visiting the family of R. B. C. Howell.

Ray Carouth and his sister, Miss Ethel, of Davidson, Okla., went to Lockney, Texas, Saturday. Mr. Carouth will enter school and Miss Carouth will teach music.

George W. Corlett came in from Amarillo to-day in a 1914 Overland. He was accompanied by E. A. Bannister, of Lamar, Colorado. Mr. Bannister is visiting his son-in-law and daughter, Mr. and Mrs. E. B. Miller.

Hon. F. P. Works, of Amarillo, was a visitor in Plainview yesterday.

F. B. Wallace secured a marriage license to wed Miss Grace Swopes yesterday.

Maple Wilson left Monday for Austin, where he will enter the State University.

Austin Anderson left Monday for the University of Texas. He will study engineering.

Mrs. R. Anderson, of Stamford, who has been visiting her daughter, Mrs. W. R. Hall, went home yesterday.

Mrs. R. E. Burch, who has been visiting friends in Plainview, returned to-day to her home, at Abilene, Texas.

A. N. King, of Roswell, New Mexico, has accepted the position of prescription clerk with R. A. Long Drug Co., and began work to-day.

Ben Monning, who has been assisting Coach Crouch with the football squad at Seth Ward College, left yesterday for his home, in Amarillo. He will attend the University of Texas this year.

"Grandma" Muncey, of Floydada, who came up to attend the Association, at Calvary Baptist Church, last week is spending a few days with her niece, Mrs. J. A. Meyers, two miles east of town.

SOCIAL HAPPENINGS

POPULAR PLAINVIEW YOUNG PEOPLE MARRY.

Miss Bessie Wilson and Byron Brown Leave for Automobile Trip Immediately After Ceremony.

Miss Bessie Wilson and Byron Brown were married Sunday morning at seven-thirty o'clock, at the Methodist parsonage, Rev. S. A. Barnes officiating. The young couple were accompanied to the parsonage by Misses Clara Belle Wilson and Hattie Workman.

Immediately after the ceremony Mr. and Mrs. Brown left in their car for a five days' trip to New Mexico and Colorado. After October first they will be at home to their friends at 616 Jones Street.

MRS. MCINTYRE IS HOSTESS TO CALVARY LADIES' AID.

"Mission Schools" Was the Topic for Discussion at Church Women's Meeting.

Mrs. H. C. McIntyre was the cordial hostess to the Calvary Baptist Ladies' Aid Monday afternoon, at her home, 313 Prairie Street. Mrs. A. C. Hatchell, the leader, made the introductory remarks, leading up to the study topic, "Mission Schools," after which the following program was rendered:

- Song Service.
 - Prayer—By Leader.
 - "Bible Study in Song"—Mrs. A. C. Hatchell.
 - "Results of Investigation"—Mrs. J. F. Meyers.
 - "Japanese Babies as Mission Workers"—Mrs. C. A. Bivens.
 - "Mission Schools in China"—Mrs. Chas. Brown.
 - "Mission Schools in America"—Mrs. Duncan.
 - "World-Wide Progress Demands World-Wide Vision"—Mrs. C. W. Tandy.
 - Prayer—By Rev. C. R. Hairfield.
- At the close of the program, Mrs. McIntyre served cream and cake.

CLERKS ENJOY SUNDAY DINNER WITH R. A. LONG.

The high-noon dinner given Sunday for "the boys" by R. A. Long was a treat seldom accorded all the employees of one business. Mr. Long conceived the idea of having all of his clerks take dinner with him, and Sunday was the day he set for the pleasant occasion. It was a bountiful spread, served in five courses to Messrs. Davenport, Robinson, Barrow, Staley, Cleveland Woods and Hendicks Woods.

CHORAL CLUB TO SING HALLELUJAH CHORUS.

First Work Will Be on "The Holy City;" Afterward "The Chimes of Normandy."

The Choral Club met last night at 8 o'clock, in the Episcopal Church. In a short business session, the club decided to meet at 8 o'clock every Monday evening for the first month and at 7:30 o'clock thereafter.

Upon recommendation of the committee on selection of music, it was decided to take up first the study of "The Holy City," and to follow it with "The Hallelujah Chorus" and "The Chimes of Normandy." The score for "The Holy City" was ordered to-day,

FALL & WINTER

Copyright 1913 The House of Kuppenheimer

Ready.

We're ready to play the good clothes game with you for Fall and Winter, nineteen hundred thirteen-fourteen, and because the live stone believes in doing everything a little better each succeeding season, you will find even a bigger, better, brighter variety of good things for men and young men in our new stock, than we have ever offered before.

A careful, conscientious study of the prevailing styles, has convinced us that we make no mistake in pinning our faith to clothes from

The House of Kuppenheimer

Likewise, a careful inspection on your part, will convince you that here, and here alone, are garments which are both pleasing to the eye and critic-proof from a standpoint of quality and worthy workmanship.

Right now we wish to extend to every man an invitation to make this store his clothing home. We want to meet you and know you personally. We want you to feel free to come here at any time, not simply when you have a definite purchase in mind, but whenever you happen to be in our vicinity.

Our main idea, as good business men, 'is to sell clothing---we care for friendships and acquaintances too. An ideal combination of both is just exactly what we are looking for.

And because such an announcement as this would be incomplete without telling you what these good things will cost you, here's our complete price range, and from the lowest to the highest, every dollar spent with us represents just so many dollars worth of that before mentioned quality.

\$18, \$20, \$22.50, \$25, \$27.50, \$30, \$35

P. S.—For the man who seeks high quality at even a lower figure we offer a line of exceptional values at the popular price, \$15.00. Some even lower and all guaranteed to give a full measure of service.

Plainview Mercantile Co.

Don't Pay Clothing Prices for Your Work Clothes

Overalls and work pants and shirts—the kind that wear best.

Gloves

We have just received a shipment of gloves—the kind you have always wanted. They are triple sewed where the most gloves rip. Any kind of glove you want. You should buy now before they are picked over.

Come and see us for what you need.

and work on it will begin at once.

Twelve new members enrolled with the club. Practice last night was given to "Hark, Hark, My Soul," and "My Old Kentucky Home."

The Choral Club holds its meetings in the Episcopal Church.

MR. AND MRS. BAILEY ENTERTAINED FRIENDS.

Mr. and Mrs. Jim Bailey entertained forty of their neighbors and friends at their home, six miles south of Plainview, last Saturday evening. Games on the lawn and taffy pulling was the pastime.

Mr. and Mrs. Bailey left Tuesday for Denison, Texas, where they will make their future home.

"WHY I AM A BAPTIST."

Laymen of Baptist Church to Have Charge of Prayer Meeting.

The laymen of the First Baptist Church had their regular meeting Sunday afternoon at 2:30 o'clock, in the Wayland Building. Quite a number were present and a number of subjects pertaining to the general advancement of the Church and College were interesting and profitably discussed. The next regular meeting enter The Woman's College. This is will be held at the Wayland Building

one of the oldest schools in the South. It was founded in 1854. Dr. Nelson, the president, has been at the head of the institution twenty years.

The subject to be discussed at this meeting is the "Church Covenant." Those who have been asked to speak on this subject are Brothers R. C. Jojner, W. A. Donaldson, Dr. R. B. Longmire and Austin C. Hatchell. The Church Covenant is a subject of vast importance, and one about which a great number of Baptists know but little. It is, therefore, specially urged that all members of the church, the ladies as well as the men, be present, as it is expected that some interesting and instructive talks will be made by those upon the program.

At this meeting it was decided that the Laymen should have charge of the regular prayer service on next Wednesday evening, and would consider the subject "Why I Am a Baptist." If you want to know why your brother and neighbor is a Baptist, come to prayer meeting next Wednesday night.

SUMMARY OF WORLD NEWS OF THE WEEK.

Notwithstanding the statement of President Huerta of Mexico in his message Tuesday to the Mexican Congress that the period of six months allowed American warships to remain in Mexican waters by special permission will expire next month, and his recommendation that the formal permit be not renewed, American battle-ships will probably remain off the Mexican coasts as long as the present insecurity of Americans warrants it, according to official statements at Washington. It is considered unlikely in official circles that the Wilson administration will accept dictation from Huerta as to the circumstances under which American vessels may lie off the Mexican shores. The biggest parade ever held in Mexico formed Tuesday in celebration of the nation's Independence Day, which was the occasion of President Huerta's message at the opening of the Twenty-seventh Congress of that country. President Huerta, in the full uniform of a general, surrounded by his staff, Government officials, and foreign diplomats, stood in the drizzling rain and made a short address after he had reviewed the pageant. The artillery, cavalry and foot soldiers numbered thousands, and the line stretched for miles through the streets of Mexico City.

Joseph W. Folk, former Governor of Missouri, has been appointed Solicitor of the State Department at Washington by President Wilson, at a salary of \$5,000 a year. The appointment was approved by Senators Stone and Reed, of Missouri, and, it is believed, will remove Folk as a senatorial aspirant to succeed Stone. Secretary William Jennings Bryan of the State Department and Folk have been intimate friends for ten years, and the naming of Folk is looked upon as a "Bryan appointment." Folk recently completed a course of 110 lectures at chautauquas in 110 nights. One Washington rumor is that Folk is accepting the place preliminary to the Cabinet or some other more distinguished position.

A bomb received Tuesday in the mail by Gen. Harrison Gray Otis, owner of the Los Angeles Times, the building of which was destroyed by dynamite October 1, 1910, placed his life in jeopardy from an "infernal machine" for the second time within two years. The attempt on his life was attributed by General Otis to agencies friendly to those who caused the destruction of his newspaper plant three years ago, resulting in killing 21 men. The bomb was delivered at "The Bivouac," General Otis' home, to a Japanese servant, who noticed the peculiarity of the package and told his employer of his suspicion when he took the parcel to his room. It was wrapped in brown paper, and bore General Otis' address in obviously disguised handwriting.

The funeral of Mayor Gaynor of New York took place yesterday in New York. The body arrived Friday, accompanied by members of his family, and was taken to the Gaynor home. Former President William H. Taft was one of the twelve honorary pallbearers. The active pallbearers were selected by Mrs. Gaynor from among business associates of her husband and officials who served with him in municipal offices.

William H. Taft has lost 20 pounds since giving up the cares of office as President of the United States. He now weighs 240 pounds. His normal weight while he was President was 220. The loss of flesh resulted from outdoor exercise and a strict diet adopted to reduce his weight at his home in Brookline, Mass. In the mornings, after a shower bath, he takes a long ride on his favorite horse. His breakfast consists of one egg, two slices of dry toast and a cup of unsweetened coffee. Other meals are in proportion, and he spends much time out of doors.

The will of Timothy D. ("Big Tim") Sullivan, of New York, who was killed by a railroad train and was dead 15 days before he was identified, divides his estate of an estimated value of \$2,000,000 into four equal legacies. One-quarter section each was bequeathed to Patrick H. Sullivan, his brother; Lawrence Mulligan, his half-brother; Mrs. Margaret Hickey, his half-sister, and to the children of his dead sister, Mrs. Mary Ann Sommers. Sullivan's funeral was held Tuesday.

David E. Houston, Secretary of Agriculture, will within a few days have 50,000 letters sent to the wives of crop correspondents throughout the country, inviting them to discuss the agricultural and domestic needs of the United States from a woman's standpoint. Suggestions pertaining to church societies and women's organizations in their communities will also be asked for. The inquiry results from a letter received by the Secretary in which the complaint is made that "the farm woman has been the most neglected factor in the rural

problem, and that she has been especially neglected by the Department of Agriculture."

Thomas A. Wilson, former Mayor of Lebanon, Ill., and treasurer for 22 years of the endowment fund of McKendree College, at Lebanon, has turned over to the college his home and furnishings and his interest in several parcels of real estate to make good an alleged shortage of \$13,250 in his accounts of the endowment fund. He was relieved of his duties in June, after an audit of his books. Wilson denied that the alleged shortage was due to a misappropriation of funds, and said that it was due to investments he made in real estate which the Board of Trustees assert has shrunk in value. The members of the board say Wilson had no authority to make the investments in behalf of the college.

The impeachment trial of William Sulzer, Governor of New York, opened Thursday at Albany at the bar of the court of impeachment—the State Senate and Judges of the Court of Appeals. He is formally charged with "high crimes and misdemeanors." The articles of impeachment assert that he filed a false statement of campaign contributions; speculated in Wall Street with contributions to his campaign fund, and improperly used his influence as Governor to affect the political action of members of the General Assembly.

Harry K. Thaw is now at Concord, N. H., awaiting a hearing next Tuesday before Governor Felker in the matter of extradition to New York to be returned to the Matteawan asylum. If extradition is refused he will be a free man to go wherever he chooses within the borders of that state. If it is granted, his case will be reviewed by the United States District Court on a writ of habeas corpus, and an appeal likely will follow to the Supreme Court of the United States.

Edward Baxter, 35 years old, of Memphis, Tenn., a telephone lineman, is sought by the police on a charge of killing his wife's mother, father and 16-year-old brother, in their home, in Memphis. Baxter and his wife have been separated several months. It is charged that Baxter went to his father-in-law's home Sunday night and opened fire on the family. Mrs. Baxter eluded her husband.

Retail prices of food on June 15, 1913, were 59.2 per cent higher than the average price for the 10-year period following 1890, according to a bulletin issued by the Bureau of Labor Statistics, at Washington. The prices were 3.3 per cent higher than on June 15, 1912, and were 14.4 per cent above the prices of June 15, 1911. When the price of each of the 15 articles included in the bulletin is considered according to the average of consumption in families of workmen, the prices are shown to be higher than at any other time in the last 23 years, with the exception of November, 1912, when they were slightly higher.

The Rev. Elijah Hanley, president of Franklin College, at Franklin, Ind., has been indicted at Terre Haute on a charge of assault, growing out of the attack on his father, Calvin Hanley, at his home, near Middleton, Ind. It is charged that the minister beat and kicked his father because of his treatment of his wife and daughter-in-law, to which the son objected. President Hanley in a statement said he had not beaten his father, but had "switched and spanked" him for ill treatment of his mother and other members of the family. According to a late version of the family quarrel, Hanley has begged his father's pardon and the latter has granted it, saying that he deserved the chastisement.

The officials of the New Haven & Hartford Railroad are neither blamed nor absolved of responsibility for the wreck costing 21 lives September 2, when two trains crashed at North Haven, Conn., by the verdict at the coroner's inquest after a "private" hearing. Conductor A. B. Miller of the White Mountain Express and Conductor B. C. Adams and Flagman C. H. Murray of the Bar Harbor Express, into the rear of which the White Mountain Express ran, are held criminally responsible for the collision by the verdict. "Whether the banjo signals are obsolete or not," the verdict reads, "the accident would have been prevented if the company's rules had not been violated." The coroner said that the number of violations by employees of the road makes "a sorry record." Warrants for the three employees blamed were issued.

Max Lillie, of St. Louis, known as a careful aviator, dropped 200 feet to his death Monday in view of thousands of persons while he was making a flight in his aeroplane at the Galesburg, Ill., District Fair. His wife, who was in the crowd, fainted when she saw her husband fall when a wing of his machine broke. Lillie had been in the aviation game about three years and formerly conducted aviation schools at St. Louis and at Atlanta,

Ga. He was at one time associated with Andrew Drew, of St. Louis, who was killed recently at Lima, Ohio.

Members of the United Confederate Veterans were excluded from the annual parade Wednesday of the Grand Army of the Republic, at the convention at Chattanooga, Tenn., by an order barring women and civilians from the pageant. Just as the Confederate soldiers were preparing to take their place in line, Col. L. T. Dickerson, commander of Forrest Camp, was notified that only Union veterans would be allowed to participate. Commander-in-Chief A. B. Beers of the G. A. R. explained the incident in a statement saying that the order barring all but Union veterans was made after it was found that an organization of women was planning to take part in the parade. He said that he did not know that the Confederate soldiers had been invited to participate, and that such an invitation had not been indorsed at G. A. R. headquarters.

Two persons are dead and one is in a critical condition at the home of T. J. Turner, in Glenwood, Ark., as the result of an effort to carry out a triple suicide agreement. Mrs. Turner and a Miss Carter are dead. Turner, who it is thought will die, told the police that the trio swallowed carbolic acid Wednesday after they agreed life was not worth living.

Maury I. Diggs, former State Architect of California, was sentenced to two years in the Federal penitentiary at McNeil Island, Wash., and was fined \$2,000 after his conviction for violating the Mann act by accompanying Marsha Warrington, a Sacramento sorority girl, to Reno, Nev., for immoral purposes. F. Drew Caminetti, son of United States Commissioner-General of Immigration, was sentenced to two years in the Federal penitentiary at McNeil Island, Wash., and was fined \$2,000 after his conviction for violating the Mann act by accompanying Marsha Warrington, a Sacramento sorority girl, to Reno, Nev., for immoral purposes.

tenced to 18 months in prison and was fined \$1,500 on conviction of accompanying Diggs to Reno with Lola Norris, a friend of Marsha Warrington. A stay of execution of 10 days, in which to perfect an appeal, was allowed the prisoners, and they were released on bonds of \$15,000.

A folding wooden gate at the entrance to the rear platform, opened and closed by levers manipulated by the conductor, is being tried out by the United Railways at St. Louis, Mo., on a street car on the Park Avenue line as a safety device to prevent accidents to passengers getting on and off of cars. The device lifts the rear step as the gate is closed, making it impossible for persons to get on the car after it is in motion. If it proves successful all St. Louis cars will be equipped with the device.

Fritz Idecker, wealthy farmer of Mehlville, St. Louis County, Mo., was fined \$100 Wednesday and was sentenced to six months in jail on a charge of vagrancy. The complaint was made by his wife. Justice Morgan held that Idecker was a vagrant because he failed to provide the necessities of life for his family. Mrs. Idecker testified that she had never been to church or a place of amusement since their marriage, 15 years ago, and that during that time her husband had never bought her one piece of clothing.

Several thousand citizens of St. Louis, Mo., many of them of small means, lost investments aggregating nearly \$1,000,000 when the assets of the Continental Commercial Co., operating coffee, rubber and sugar plantations in Mexico, were transferred by the directors of the concern to themselves as a Bondholders' Committee, and the corporation was dissolved. The details of the transfer are now being investigated in a suit filed in Maine, where the concern was incorporated, by the stockholders. The extent of the losses was disclosed this week by testimony taken in depositions by Probate Judge Holtcamp as special commissioner. The officers and directors of the company when it was wiped out of existence by the sudden transfer were Bert F. Penn, lawyer; August P. Erker, optical goods dealer; Charles H. McKee, vice president of the St. Louis Globe-Democrat, and Thomas C. Hennings, Circuit Judge, all of St. Louis.

A statement of the assets and liabilities of Henry J. Fink, private banker and real estate broker, of Belleville, Ill., issued Tuesday by R. W. Ropuequet, who hold a power of attorney for his insolvent client, lists his holdings at \$125,000 and his liabilities at \$150,000. The assets are given as real estate in Arkansas, Texas, Belleville and East St. Louis, and secured and unsecured notes. Ropuequet stated that, in his opinion, the creditors of Fink would lose about \$25,000.

that English women were getting so that they wore their clothes more easily than they used to. He rejoiced at the fact. Women should wear their clothes easily. A beautiful gown, worn stiffly, is no better than an ugly gown worn gracefully. In fact, the beautiful gown in this case is not so good as the other.

Was there ever any sight more distressing than that of a simple woman dressed in her Sunday best? Her clothes were well enough. They were well made and of good material. But she looked afraid of them and wore them stiffly. How much better she looked in a gingham house dress, with apron and sunbonnet, perhaps, to match.

And then there is the young girl who wears her "best" clothes always as if she had their value in mind and was trying to take care of them. She smooths them out and holds them well away from furniture and neighbors, that they—the clothes—may not be contaminated by touching any-

thing. A young girl always looks better in a simple frock, comfortably and therefore gracefully worn, than in a really elaborate frock which she wears stiffly.

Lovely clothes should be worn joyously. It is not difficult to do this, for clothes are soft and clinging and graceful, and except by protest allow their wearers to look stiff. Cultivate the habit of wearing your clothes as if you were glad you had them—as if they were really a joy and not a burden.

RELIGIOUS CENSUS OF GERMANY.

The results of that portion of the census of 1907 relating to the religious complexion of the population of Germany have just been published, writes American Consul General A. M. Thackara from Berlin. They show that of the 61,720,529 people counted, 38,374,648 professed adherence to the Evangelical Church, 22,540,485 to the Catholic Church, and 566,999 to the

ADENOIDS ARE A MENACE TO CHILDREN.

Babies and young children must be carefully watched for the growth of adenoids, which spoil the mental and physical life of a child. They usually result from a succession of colds and throat irritations, and their presence is so productive of harm that many school boards have an examining physician to detect them. The conditions that cause them may be easily avoided by careful parents. Quickly and thoroughly cure all colds and throat irritations by the use of

Jewish Church. In the eastern section of the Empire 12,681,192 of the 18,747,937 making up the total population of that region were Evangelical, 5,758,072 were Catholic, and 232,377 were Jewish; in Western Germany 29,213,335 of the total population of 28,854,132 were Evangelical, 8,330,729 Catholic, and 188,918 Jewish, and in Southern Germany 5,480,121 of the total population of 14,118,460 were Evangelical, 8,451,684 Catholic, and 145,704 Jewish. The 37,989, 893 people in Prussia were divided as follows: Evangelical, 23,847,337; Catholic, 13,608,183; Jewish, 374,353; and the 6,598,168 people in Bavaria as follows: Evangelical, 1,861,079; Catholic, 4,668,108, and Jewish, 53,723. The small portion of the population not accounted for in each case was credited to non-Evangelical sects of the Christian faith or to non-Christian faiths.

ADENOIDS ARE A MENACE TO CHILDREN.

Babies and young children must be carefully watched for the growth of adenoids, which spoil the mental and physical life of a child. They usually result from a succession of colds and throat irritations, and their presence is so productive of harm that many school boards have an examining physician to detect them. The conditions that cause them may be easily avoided by careful parents. Quickly and thoroughly cure all colds and throat irritations by the use of

CANYON NORMAL SCHOOL ENROLLS 165 IN WEEK.

Total Is 465; 100 More Than Had Entered at This Time Last Year.

The attendance at the Northwest Texas Normal School jumped from 300 to 465 during the past week, says the Randall County News. To date the Canyon City school is 100 ahead of the enrollment at the same time last year.

The News says: "There has not been a day during the week when there were no enrollments, and it may be expected that this will continue until the third quarter will begin. The enrollment does not include 20 who registered in the ninth grade and the 126 who are in the training school. It is confidently expected that the enrollment will reach 500 before the end of the year.

Secretary Travis Shaw reports that everything is moving nicely in the school and that the work is getting well organized. The faculty is well pleased at the large attendance. There was some fear that the general drought throughout the State might cut down the attendance, but this has been shown to have had no effect."

"MRS. WIGGS OF THE CABBAGE PATCH."

Dear old optimistic and philosophic "Mrs. Wiggs of the Cabbage Patch" comes to the Schick Wednesday, October 1, where she will preach her gospel of contentment for one night. This charming play of Kentucky life is now in its tenth successful season, and bids fair to go on forever. Only recently "Mrs. Wiggs" registered her three hundredth performance at Terry's Theatre, London, where it has scored an enormous success and broken all records. The play will be presented here under the management of the United Play Co. Adv. 55.

KIDNEY TROUBLE. CAN'T AFFORD TO HAVE

No man with a family to support can afford to have kidney trouble, nor need he fear it with such a remedy as hand as Foley Kidney Pills. You can not take this honest curative medicine into your system without good results following. It cleans out and builds up the kidneys, and makes them able to strain out of the blood the impurities that cause backache, weak back, sore, inactive kidneys and sleep-disturbing urinary troubles. R. A. Long's Drug Store. Adv. 56.

OVERLAND

10,000 ORDERED IN 30 DAYS

OUR 1914 model was announced last month. Thirty days after this announcement we had on hand immediate shipping orders for more than 10,000 cars. This represents a business of over \$10,000,000. Such an instantaneous demand can only be attributed to the sheer force of superior merit and greater value.

The newest Overland is in every essential respect the greatest automobile we have ever produced. But in the very face of an unusual value increase, the price has been materially decreased.

Now "get" these fundamental value facts.

The motor is larger and more powerful. It is rated at 35 horsepower and will develop 50 miles an hour on an ordinarily good road.

More power and speed for less money than ever before.

The wheel base has been increased to 114 inches. Most \$1,200 cars have a shorter wheel base than this.

More wheel base for less money than ever before.

The tires have been made larger. They are now 33x4 inch Q. D. which means greater comfort and less upkeep expense.

More tires for less money than ever before.

The tonneau is roomier. The upholstery is soft, comfortable and luxurious. The car's appearance is handsom-

Completely Equipped

f. o. b. Toledo

With Gray & Davis Electric Starter and Generator--\$1075

Full electric lights
Storage battery
35 horsepower Motor
114-Inch wheelbase
Timkin bearings
Splitdorf magneto
Cowl dash
Schebler carburetor
Three-quarters floating rear axle
33x4 Q. D. tires
Brewster green body with light green stripings, nickel and aluminum trimmings
Turkish upholstery
Mohair top and boot
Clear vision windshield
Stewart Speedometer
Electric horn
Flush U doors with disappearing hinges

er than any of our previous models. It is richly finished in dark Brewster green, edged with lighter green striping and neatly trimmed in polished nickel and aluminum. It has a full cowl dash.

More comfort, beauty, style and elegance for less money than ever before.

The equipment is finer and more complete. It includes one of the very best lighting systems. All lights are electric.

More costly equipment for less money than ever before.

These greater and newest value additions are made possible by an enormous increase in our annual output. For 1914 we will manufacture 50,000 cars, the greatest production of its kind in the world. Operations on such a gigantic scale permit the consistent use of more money saving manufacturing equipment and enlarged factory facilities. As such operations and additions bring the manufacturing costs down, they, in turn, bring the retail price down.

Go to the nearest Overland dealer. Inspect this car from a mechanical standpoint; from an efficiency standpoint; from an economical standpoint and from an artistic standpoint, and then you'll realize and acknowledge this car to be the world's latest and greatest automobile value.

Handsome 1914 catalog on request.
