WAYLAND COMES BACK; PLAYS S. W. GOOD GAME

COACH THOMAS' MEN SHOW GOOD FORM; SANDERS PROVES TO BE A PHENOM.

ONLY 3 TOUCHDOWNS MADE

Baptists Avenge Early-Season Defeat of 72 to 0 by Holding Methodists to Low Score.

Thomas' squad came back yesterday. Not as strong as they would have liked to, but they came back. On October 11 Seth Ward defeated Wayland 72 to 0. Only three quarters were played, and Coach Henderson put every man who wore a suit to the field into the game for Seth Ward.

So yesterday's game, in which Wayland held the Methodists to a score of 19 to 0, was a surprise to many.

J. R. Thomas started in at Wayland with a raw bunch of players. Most of them were unfamiliar with the game. But they had one thing—dogged perseverance. The team has lost and smaller schools have held them to close games, but the fellows "stuck."

Thomas has developed one man at Wayland who showed better form than any other individual yesterday in picking holes and in his style of line bucking. Sanders hits low and he hits hard. He finds a hole if there's one close to him. He hits the line as if he isn't afraid of it.

Both teams were forced to punt in the early part of the game, failing to make the required ten yards.

The Game in Detail.

Wayland kicks off, sending the ball downfield 30 yards. Guinn returns it to the 44-yard line. Seth Ward fails to gain on first down. Bishop carries ball around end for 4 yards on second. Guinn falls through the line on third down and Pritchett punts out of bounds.

On the first down Wayland fails to gain. The second attempt nets 2 yards through the line; the third fails, and Webb punts on fourth down out of bounds.

Seth Ward's ball on 34-yard line. Wayland bears Seth Ward back for a 2-yard loss on the first down. Failing on second down to gain through line, Pritchett carries ball on third down through the line for 4 yards, and on fourth down punts. Touchback and ball is given to Wayland on the 20-yard line. Making no gain on first down, Webb again carries the ball, gaining 5 yards through the line. On the third down Sanders carries ball through the line for the required 10 yards. First down gains nothing. On second, Sanders again carries ball through line for 2 yards. Bolton recovers a fumbled ball on third down, and Wayland is forced to punt on fourth. Ball goes out of bounds.

Long end run by Bishop, of Seth Ward, nets 5 yards. On third down

PEDDLING ORDINANCE IS PASSED BY CITY COUNCIL

BAN PLACED BY THE EMERGENCY MEASURE AIMS TO ABSOLUTELY PROHIBIT IN FIRE LIMITS.

TO AMEND SIDEWALK MEASURE

Entire Corporation Will Be Included in Area Where Walks May Be Charged to Owner.

"Ordinance No. 99" is law.

At the regular meeting of the Council last night, Mayor J. L. Dorsett and Aldermen E. H. Humphreys, J. B. Maxey and W. R. Simmons attending, the ordinance declaring an emergency was passed, all participating voting "aye."

This ordinance absolutely prohibits selling of goods, wares and merchandise within the fire limits of the city on the streets or alleys except products raised, grown or manufactured by the party selling. It further provides for a license of \$60 annually for peddlers or vendors outside of the fire limits.

The matter of extending the water main to the freight depot was tabled on motion.

It was ordered on motion that the city attorney draw up an amendment to the present sidewalk ordinance. The district in which the city may order walks to be built by property owners and may assess the costs of walks against the property if request is not complied with will be extended by this amendment to take in the entire corporation of Plainview. Heretofore only the more densely populated sections of the town have been affected by the ordinance.

Bids on sidewalks to be constructed for the city were opened, and it was found that E. H. Bawden and J. E. Penick had made bids of 12 cents per foot. It was ordered that the work be divided between the two.

SOME SENTENCE SERMONS FROM PLAINVIEW PULPITS.

"You speak of the many evils which threaten the Nation. I see only one thing—the lack of home training. The home is the place where character must be built. If I had it in my power to deliver a message to the American Nation, I think the text selected would be: 'And say to America, let us build up a great nation; let us build a nation of homes with a home atmosphere.'"—Rev. T. B. Haynie, Presbyterian Church.

"Some men believe the religion of Jesus Christ is only for women and children. They know not of what they speak; but the crowning glory of Jesus Christ, is that the womanhood of his time were true and faithful to him."—Rev. J. W. Story, Methodist Church.

OCTOBER POSTAL RECEIPTS SHOW 11 PER CENT INCREASE.

Money Orders Issued and Money Orders Paid at Plainview Office Show Gain Over October, 1914.

It seems that the postal receipts of any post office are a good index to the growth of a town. We note that the postal receipts from the different towns and cities are in proportion to the population and prosperity of the respective communities.

During October, 1915, the postal receipts of the Plainview post office, according to figures of Postmaster Ben O. Sanford, were \$1,645.56. Receipts for the same month last year were \$1,375.91, or an increase of more than nineteen per cent.

It is noted, too, that money orders paid at Plainview show an increase this month over the same month last year of eleven per cent. Orders issued from this office during the same month showed an increase of about three per cent over last year's October receipts.

FORMER RESIDENT VISITS.

W. A. SoRelle, of Clarendon, was in Plainview Friday on business. Mr. SoRelle was formerly a resident of Plainview, having been in the realty business with Otus Reeves.

FRAMER'S OFFERS AMARILLO HIGH \$100 FOR ONE GAME.

Challenge to Claimants of Panhandle Scholastic Championship Ends November 20.

DALLAS WOMAN IS HEAD OF STATE FEDERATION.

Mrs. Fred Fleming, of Dallas, is head of the Texas club women. The election took place Friday morning. At the same time Sherman was selected for the nineteenth annual convention of Federated Clubs, which will meet a year hence.

Judge J. E. Lancaster left this morning for Waco, where he will attend the Cotton Palace and visit with friends.

W. A. Shofner left Sunday to visit his son, at Daniel Baker College, at Brownwood.

John Lutrick was here from Hale Center today.

Charity Cards Are Being Sent Out By The Benevolent League

Have you received your charity cards yet? This afternoon, in the business district, Miss Edna Mayhugh and Mrs. J. E. Conner are distributing these cards. This is a part of the new plan for the work of charity by the Benevolent League. The residences of the town will be supplied tomorrow and later in the week.

This is printed on the cards: "By presenting this card to the Mayor, at the City Hall, corner Wayland Boulevard and Eureka Streets, help can be obtained from The Benevolent League of Plainview for all worthy applicants."

There is a blank line for the signature of the one giving the card. These cards be given them bearing the signature of the one giving it. Thus directed to the Benevolent League, help is assured all who deserve it.

Cards may be secured from any officer of the League or at the Mayor's office, at the City Hall.

It is the plan of the Benevolent League to make their work that of a united charity. In lieu of a down-town office, Mayor Dorsett has tendered his office to the League, and all claimants applying to him will be referred to the League. It is thought that much time and annoyance can be saved the business men and housewives of Plainview by letting one investigation—by the League—determine whether an applicant for help is worthy; for otherwise each merchant and housewife would have to investigate the case when applied to, turn away people who are really needy and worthy, or give to many who do not deserve aid. If an applicant is worthy and needs assistance the League will apply provide.

This plan of giving to charity ought to appeal to the busy business man and merchant and to the housewives. There are indeed few who are unwilling to help the needy. By giving to the Benevolent League at least a portion of the money or clothing or supplies of other nature which they want to give as charity, you are assured that your money will be directed in the proper channel. Someone you might want to help if you only knew of their condition will be assisted by the League, and if you contribute to it you will have a part. Mrs. A. C. Hatchell is treasurer of the League, and will receive any donations. All gifts of clothing, supplies or money left at the City Hall or either of the newspaper offices will be receipted for and turned over to the League, also.

WOMANHOOD AT JESUS' FEET HOPE OF WORLD—REV. STORY IS AN AUTHENTIC REPORT

Pastor of Methodist Church Preaches Occasional Sermon on Opening of New Year.

The first sermon of his second year's ministry in Plainview by Rev. J. W. Story was preached Sunday morning. The annual week of prayer of the Woman's Missionary Society beginning Monday called for an occasional sermon. The pastor's text was: "And I entreat thee also, true yoke-fellow, help those women which labored with me in the gospel, and with my other fellow-laborers, whose names are in the book of life."

"I believe the work of woman is of peculiar and equal importance to that of man," he said. "There ought to be no conflict in the work of the two. No man ever thoroughly understood a woman and no woman a man. They are complements. Woman's place is of equal utility and of equal possibility. Woman is equal to man in some point, inferior in some, superior in others."

"Men started it and woman yielded to the idea that woman is weaker in every respect than man. Men of the past imagined women inferior. My interpretation of that passage in Revelations which refers to the weaker vessel is that women are weaker normally in physical existence. In strength of mental, moral and will power faculties women stand equal on every part of the ground. They have courage equal to men's, intellect as decisive, mental organism which gives keener sensibilities and keener feeling. She stands beside man the complete complement of his being, and ought to be regarded as equal."

"She has her sphere of life. If she has not come to her own, by the grace of God she shall."

"It has ever been in the Church of God that woman can do some things man can't do. Women have peculiar ways of reaching women even now in all heathen nations, just as they did in the time of Paul. I offer it as my opinion, take it for what it is worth: Woman's sphere is not the pulpit. When she enters it she lessens her opportunities. Despite all we hear, they have not accomplished great things in preaching the gospel of Jesus Christ. Laboring with the fellow servants of Jesus Christ, they have carried the gospel in ways a man could never do. In ways that men wouldn't work; in ways that men couldn't work; in ways that women only could work, they have accomplished things. The formation of a missionary society was brought about because the foreign missionaries said they could not reach the women of heathen nations. You can never save a nation until you reach its womanhood. Missionary work is the response unto his wants. It was a woman who

Forty-two members of the Plainview Camp, W. O. W., went to Kress Saturday evening in autos, where they initiated into the protective degrees a class of twenty-two candidates. After the initiation, refreshments were served by the Kress lodge.

TEXAS FARMER PROSPEROUS HOPE OF WORLD—REV. STORY IS AN AUTHENTIC REPORT

Plains Area Has More Feed—Stuffs Than It Requires for Own Use, Says Texas Industrial Congress.

DALLAS, Texas, Nov. 13.—Reliable information from 3,000 correspondents, including bankers, publishers and commercial clubs, from every county in the State, based on agricultural conditions as of November 1, has been received and tabulated by the Texas Industrial Congress. The result shows a situation as gratifying as it is amazing.

Without a market for cotton last year the farmer was unable to pay his debts, and the 1915 cotton crop had to be financed. Rigid retrenchment was necessary in all lines of business, and in farming most of all, yet within twelve months agricultural conditions in the State are at least as good as in 1914 and 1915 had been average years. Reports from practically all of the farming counties show that this year's cotton crop was produced on an extension of credit ranging from twenty to eighty per cent, and an average of sixty per cent of the amount given in normal years. About sixty-five per cent of a small crop of cotton, below the average in quality, has been marketed at a fair price. Good crops of grain and forage crops have been produced. The farmers in approximately one-fourth of the counties paid their indebtedness for 1914 and 1915 and have a general small surplus to their credit in the banks; in one-half the counties they have met

PLAINVIEW AGAIN WINS IN AGRICULTURAL CLASS

HALE COUNTY TAKES ONE OF LARGEST HONORS AT COTTON PALACE, AT WACO.

ANNOUNCE COMPLETE AWARDS

Caufield Ranch Takes Second Place in Two Important Contests at Big Exposition.

Following is the complete list of awards in the agricultural classes at the Cotton Palace, at Waco, as reported in the Waco Morning News. The winning of the premiums at Waco has previously been announced in detail in The Herald with the exception of the names of the producers. This list gives the comparative score of Hale County over all other agricultural contestants.

Complete awards in the agricultural department of the Texas Cotton Palace, comprising an almost complete line of farm products, were officially given out yesterday by John Gorman, superintendent in charge of the department. The winning list includes names of farmers all over the State.

Plainview carried off the bulk of the honors in the agricultural department. In addition to winning first place for county exhibits, farmers living around the Plains city took forty-nine other premiums, including first place for individual farm exhibits and most extensive and varied farm exhibits. Second places in the latter contests were won by the entry from the Caufield ranch, at McGregor.

In many respects the farm exhibits in the agricultural building are declared to be the most complete ever assembled in the State. In addition to the hundreds of almost perfect specimens from the farms, the most scientific methods of producing these winners are demonstrated.

The premium winners, the divisions and the amounts in full for the department are as follows:

Overland

HERE is another Overland model. A brand-new car at a brand-new price. Many people prefer a car that is smaller, lighter and more economical to run, but with the advantages of the larger and higher priced cars.

Model 75—f. o. b. Toledo

\$615

Roadster \$695

The large electric headlights have dimmers. This car is very easy to handle. It responds quickly. Anyone in the family can drive it.

Model 75 is a comfortable family car with virtually all the advantages of the very large cars at a price which is well within your reach.

With Electric Starter and Electric Lights

Four-Inch Tires

The electric switches are conveniently located on the steering column. This is the same arrangement used on the highest priced cars.

The price is only \$615. It has a powerful motor; electric starting and lighting system; high-tension magneto ignition; 104-inch wheelbase; cantilever springs; four-inch tires; demountable rims; streamline body design.

This season our factory capacity has been increased to 600 cars a day. This, in itself, explains our ability to give so much car for so little money.

It has the easy working Overland clutch which any woman can operate. The pedals are adjustable for reach. The steering wheel is large and turns easily.

This newest Overland is a beauty. The body is the latest full streamline design with a one-piece cowl.

It is handsomely finished in solid black with bright nickel and polished aluminum fittings. Five adults can ride comfortably.

The rear springs are the famous canti lever type. These springs probably are the easiest riding and most shock-absorbing springs ever designed. With these springs riding comfort is insured.

While the car is roomy, it is light in weight, 2160 pounds. It has demountable rims with one extra.

The tires are four-inch all around, because we believe in the advantage of large tires.

The seats are roomy and comfortable, for the soft cushions are built over deep coiled springs.

They insure greater mileage and comfort than can be obtained from the smaller size used on other cars of similar specifications.

The motor is four-cylinder, long-stroke en-bloc type, having a 3 1-8 inch bore and 5-inch stroke. Horsepower is 20-25. It is of the most modern design.

It has a mohair one-man top. In short, there is everything that makes this car up-to-date and comparable with many cars costing considerable more money.

The electric starting and lighting system is one of the most efficient on the market. It is of the two-unit type.

Other Overland models are—Model 83 five-passenger touring car \$750; the famous Overland Six seven-passenger touring car \$1145. All prices being f. o. b. Toledo.

You will be delighted when you see it. And when you ride in it you'll know instantly that this is your ideal of a modern automobile at your idea of a moderate price.

STOCKERS AND FEEDERS BREAK ON KANSAS CITY MARKET.

KANSAS CITY STOCK YARDS, Nov. 12.—Commission men and beef cattle buyers do not agree on the course of the beef-steer market this week, buyers claiming there has been little or no decline, commission men saying beef steers are a quarter lower. Feeder competition on steers selling at \$7.25 to \$7.75 last week is absent this week, and such cattle have dropped back to the prices packers were bidding on them last week, and not getting them then. Short-fed steers at \$8 this week were in the same class that brought about the same money last week. Prime steers sold at \$10.00. Cows, bulls and butcher steers are steady for the week, good cows selling at \$6.00 and upwards, heavy bulls \$5.00 to \$5.75, light, cheap steers at \$6.40 to \$6.50, and order buyers who watch the markets closely say these classes of cattle are selling higher here than they are in Chicago. Beef steers sold 10 to 15 cents higher yesterday.

The big break was on stockers and feeders, which are 25 to 50 cents lower, choice yearlings and twos from the range off as much as anything. There is a great demand for stock cattle yet unfilled, buyers having been waiting for lower prices. Now they are waiting for the bottom of the decline to be reached, and the dealers say that the moment the market on stockers and feeders starts up there will be a rush for them, and prices will go as high as they have been averaging heretofore.

Smaller receipts of cattle are expected next week, and the strength shown yesterday and today on beef cattle may possibly develop into a positive advance.

Hogs also have shown strength last two days, market 5 cents higher today. Packers have been strong buyers the last few days, paying top prices for choice heavy hogs weighing upwards of 300 pounds in some cases. Top today was \$6.80, bulk of sales \$6.50 to \$6.75, order buyers paying \$6.65 to \$6.76 for most of their hogs. Receipts

to day are 4,500 head. The objective of the packers is said to be a six-dollar market, but it will probably take them till January to reach that point, if they succeed at all.

Sheep and lambs fluctuate mildly, closing this week firm on all kinds. Receipts have been fairly liberal, though there are only 1,300 today. Fat lambs sold at \$8.65 to \$8.85 today, and feeders bring \$7.85 to \$8.25, one lot at \$8.30 this week. Feeding yearlings

sold up to \$7.00, fat light-weight yearlings up to \$7.25, feeding ewes \$4.25 to \$4.75, breeders \$5.50 to \$7.00, fat ewes \$5.25 to \$5.75. A liberal supply of feeders has been included this week.

Firestone Faith

The Firestone ideas of motor-ing are founded on a belief in the wisdom and common sense of the motorist—and this faith has been justified. Firestone success has proven that the car owner wants safety, comfort and Most Miles per Dollar. He wants the quality that costs less to use. The Non-Skid lettering is an imprint of safety. You need it always—but particularly at this time of year. It holds the standard for endurance and economy. The letters prevent spin or skid in any direction, they radiate the heat of road friction, insure perfect traction with gasoline economy, car-protection and maximum comfort. Everywhere experienced motorists praise Firestone performance.

TWICE-A-WEEK

—Published Every Tuesday and Friday Evening by—
THE HERALD PUBLISHING COMPANY,
Corner Broadway and Second Sts.

HERBERT S. HILBURN, Editor E. B. MILLER, Business Manager

Entered as second class mail matter July 1, 1914, at the Post Office at Plainview, Texas, under the act of March 3, 1879

\$1.50 a Year; 75c, 6 Months. Advertising Rates on Application.

"WHO'S GOT THE BUTTON?"

The Herald believes that the people of Hale County are really anxious to see the detailed report recently made by the Dallas auditor. It develops now that the report probably contained suggestions as to how certain officials might comply with the law in conducting official affairs. Why this report in full was not filed with the County Clerk and why it has not been available, are matters of conjecture which only the publication of a certified copy of the report will clear. Reports of this nature, and all official documents of the county, are made not merely to be accepted by the Commissioners' Court—for that is a body with merely delegated power—but as an official record to be filed with the officer who keeps the records, and from him to be available to any citizen of the county who applies for it. They are not made to suit the whims and convenience of any one or more officials, and to be juggled about at will.

The editor of The Herald has the statement of the presiding judge that there was a typewritten report by the auditor, and the latter has intimated that it made suggestions to the court as to changes in methods of conducting county business. This is the report for which The Herald has asked five times, and each time has received words in answer to the effect that the report could not be found, or that he would secure it for us. The first request was made immediately following the making of the report, in September; the last, the second Tuesday in November.

Doubtless the auditor was more careful than the officials, and has kept a copy to which he will certify. The full report in all its details—the typewritten report of several pages to which the Judge refers—is the report in which there is most interest.

If an official or officials of the county have honestly erred in handling any of the county's business, or have used methods which the law does not approve through ignorance, no one impugns their motives. Incidentally, that's just where publicity comes in—it's corrective—and will probably prevent a repetition and will also cause more care to be exercised. The man who has honestly erred is honest still, from a moral standpoint. And the honest man has nothing to hide and nothing to fear.

Whether there's a "nigger in the woodpile" or whether there isn't, the report ought to be published; for the people have a right to know.

We'll add here that The Herald believes the county has a set of square, honorable officers, and that if error has been made it has been through ignorance.

But, if the presiding judge of the court which ordered the audit made does not know where the full report is; if it has not been incorporated in the minutes of the court or filed with the County Clerk, where is it?

It's the old game. "Button, button, who's got the button?"

PROFIT SHARING ON THE FARM.

The question of tenantry in Texas is of much interest, both to landlords and to those who rent.

There is much dissatisfaction with the present system of farm tenantry.

A Michigan farm, which for ten years had failed to return a dividend, under a system of profit sharing paid a dividend of five per cent on an investment of \$60,000. This farm consisted of five hundred acres. The changes which accomplished the financial revolution were as follows (publications of the National Department of Agriculture are authority):

- (1) Four-horse machinery was substituted for 2-horse.
- (2) The unprofitable cows of the dairy herd were weeded out and sold and the money received for them invested in better stock.
- (3) A silo was built.
- (4) The foreman was allowed, in addition to his salary, 10 per cent of the net income from the farm. The expenses of operating the farm, but not the interest on the capital, were deducted from the income before the foreman received his percentage.

We know a land owner in Central Texas who has failed to make money on a small hog ranch. This year he is dividing equally with the tenant the sales from feedstuffs. The stock on the place are owned by the landlord and tenant jointly in the ratio of one to two. Sales from the stock are to be divided equally. Small returns have been received from the property under the old regime, but the owner is looking for an increase in profits this year, and the tenant will make more, too.

SETH WARD NOTES.

After the holidays, the Seth Ward bunch is back again—rested, refreshed and eager for a renewed onslaught on the knots and problems of college life.

Back to childhood days again was the cry of every heart at Seth Ward on last Friday evening, when the boys and girls remaining at the college assembled in the parlor determined to chase away loneliness and have a jolly good time. The costumes of the girls varied from checkered gingham dresses and sun-bonnets to pinafores, and the boys wore short trousers and waistcoats, representing in colors every hue of the rainbow.

Games, such as fruit basket, stage coach and blind man's buff, were enjoyed until the novelty of being little tots again wore off, and it was decided that there should be a mock wedding. The bride wore a dainty frock of red-checkered gingham, a fluffy white bridal veil and in her hands she carried a lovely bouquet of crimson posies. The groom was dressed according to the customs of "Auld Lang Syne"—knickerbockers, long hose and slippers with silver buckles.

After the ceremony a dainty wedding supper was served in the dining hall. The guests departed at the proper hour, each declaring that he had had a most enjoyable time and wishing for the happy pair a long life beset with few troubles.

The Fidelity Literary Society entertained the Eroalethian girls on last Wednesday afternoon. Both the society members and guests enjoyed the well rendered program and the dainty refreshments served.

Misses Irene Whitely and Clo Page, teachers of the primary department of Seth Ward, entertained their pupils with a theater party Friday afternoon. After the show they visited a refreshment parlor, where a delicious ice course was enjoyed.

The Eroalethian Literary Society was entertained by Misses Hattie West and Edith Randolph Saturday, November 13th at 4 o'clock. After the guests had enjoyed a number of games, they were divided into groups of six, and each group received a slip of paper on which was written a message directing them to some certain point about the house or grounds. What they found at the end of their search was cake, which they proceeded to dispose of with great rapidity.

There were contests of different kinds, and one of the guests delighted the company with a reading.

At the close of the evening, delicious refreshments of chicken sandwiches, pie and chocolate were served.

BOOKER T. WASHINGTON DIES AT HIS HOME IN ALABAMA.

Nervous Breakdown Causes Death of Noted Negro Educator and Lecturer.

TUSKEGEE, Ala., Nov. 14.—Booker T. Washington, the noted negro educator and founder of Tuskegee Institute, died of a nervous breakdown early today, at his home, four hours after his arrival from New York.

He is survived by his wife, three children and four grandchildren. His brother, John H. Washington, is superintendent of industries at Tuskegee Institute.

The funeral will be held at Tuskegee Institute Wednesday morning at 10 o'clock.

Born in Slavery.

Washington was born in slavery near Hale's Ford, Va., in 1857 or 1858. After the emancipation of his race he moved with his family to West Virginia. He was an ambitious boy and saved his money for an education. When he was able to scrape together sufficient funds to pay his stage coach fare to Hampton, Va., he entered General Armstrong's school for negroes there, and worked his way through an academic course, graduating in 1875. Later he became a teacher in the Hampton Institute, where he remained until 1881, when he organized an industrial school for negroes at Tuskegee. He remained principal of this school up to the time of his death.

The institute started in a rented shanty church, and today owns 3,500 acres of land in Alabama and has nearly 100 buildings, valued at \$500,000.

Washington won the sympathy and support of the leading Southerners by a speech in behalf of his race at the Cotton States Exposition in Atlanta in 1895. Of undoubted ability and breadth of vision, his sane leadership enabled him to accomplish more for and among the negroes of the United States than any negro of his time.

In addition to his prominence as an educator, Washington gained considerable fame as an author. He received an honorary degree of master of arts from Harvard University in 1896 and was given an honorary degree of doctor of laws by Dartmouth College in 1901.

An incident of Washington's career made him a figure of national prominence during the administration of President Roosevelt. He sat down to lunch with the President at the White House, either by formal or informal in-

visitation. There was a storm of protest, particularly from the South, but in spite of the resulting hostility shown toward him by many white persons, Washington continued to exert a wide-

spread influence toward the betterment of his people.

ANNOUNCEMENTS.

The Wednesday Bridge Club meets this week with Miss Mildred Buchheimer, in Lakeside Addition.

Mrs. E. H. Humphreys, 213 Prairie Street, will be hostess Thursday afternoon for the Highland Club, at three o'clock.

At the meeting of the Mystic Club Saturday afternoon the following program will be given:

Leader—Mrs. E. Graham.
Roll Call: Response—Thanksgiving.

Paper, "Frances Hodgson Burnett"—Mrs. C. W. Tandy.

Study Assignment (Payne)—"Every Year," "Music in Camp," "Little Giffen of Tennessee."

Reading selection from "Little Lord Fauntleroy"—Mrs. R. B. Tudor.

MRS. J. W. GRANT'S BRIDGE.

The home of Mrs. J. W. Grant, 300 Eureka Street, was artistically decked with cut flowers Friday afternoon, honoring a special cortege of friends invited by the hostess to play Bridge. The fortunate player in the game was Mrs. H. W. Harrel.

A beautifully appointed luncheon was served.

Around the three tables placed for the game were Mesdames H. W. Harrel, R. W. Brahan, L. A. Knight, L. S. Kinder, R. C. Ware, R. W. Otto, E. B. Hughes, J. O. Wyckoff, F. W. Clinkscals, H. M. Burch, Wallace Settoon and R. M. Malone.

WEEK OF PRAYER OPENS AT METHODIST CHURCH.

The first of the meetings scheduled for the week of prayer was held yesterday afternoon at the Methodist Church. The program was carried out in full, with Mrs. E. C. Hunter as leader. Mrs. Pauline Shackelford led in prayer.

A number of ladies were present, and a collection was taken for the Lambuth Training School for Girls, which is being kept up in Japan by the Methodist Church. The collections each afternoon this week will be given to this school.

"In the interest of Japan" was the subject near the heart of the ladies at today's meeting at the Methodist Church.

It was the second meeting of the week of prayer. Miss Rebecca Ansley led the devotional exercises, making a fine talk as an opening feature.

Mrs. R. T. Jones, of the Baptist Church, was present and took part in the exercises.

PRESBYTERIAN LADIES' AID STUDIES CAUSE OF MISSIONS.

Third Monday in Each Month Is Day Designated for Discussing Missionary Work.

"The Mission Cause in Latin America" was the study topic for the Presbyterian Ladies' Aid Society Monday afternoon, the third Monday in every month being devoted to missionary work.

Mrs. L. R. Peters was leader, and brought out many interesting points in regard to the lesson.

St. Mark's Auxiliary Studies Missions, Too.

The Women's Auxiliary of St. Mark's Episcopal Church met Monday afternoon with Miss Edna Mayhugh.

During the afternoon, Mrs. J. C. Anderson and Miss Mayhugh read some interesting sketches of mission work in China. One point in particular was strongly brought out—the small percent of money given to foreign compared with that subscribed to home missions, and the great need of the latter.

During the business session, Mrs. R. W. Brahan was elected treasurer, to fill the unexpired term of Mrs. W. H. Mason, who leaves in a short time to spend the winter in the North.

Refreshments were hospitably served by Miss Mayhugh.

"AS YOU LIKE IT" CLUB.

The "As You Like It" Club met Friday, November 12, at the home of Mrs. J. F. Garrison, the usual place of meeting.

The study for the afternoon was Henry IV as history gives it—serving as a connecting link between "Richard II," the last play studied, and "Henry V," which the club will take up next.

Mrs. E. T. Coleman read an interesting paper on the life of Henry IV. In the absence of Mrs. W. A. Morter, Mrs. E. F. McClendon read a paper prepared by Mrs. Morter on "Rebellions of the Period."

Mrs. H. A. Wofford told in a charming way of "The Poet King of Scotland," and Mrs. E. O. Nichols read a splendid character sketch of Henry IV from "Shakespeare—His Mind and Art."

The next regular meeting of the club will be Friday, November 26.

REPORTER.

PLAINVIEW AT THE STATE FEDERATION OF CLUBS.

Mrs. W. A. Warner, of Claude, who attended the convention at Brownwood, carried a delegation from the Panhandle with her—made up of women who are strong boosters for the county-federation idea. Mrs. Warner organized the first county federation in the State about three years ago, in Armstrong County, and it is said to have revolutionized the life of the county. Since then many have been organized, and largely through Mrs. Warner's influence. With Mrs. Warner were Mrs. J. W. Longstreth, of Plainview, president of the Lamar County Federation; Mrs. May O. Burford, of Lubbock, president of the Lubbock County Federation; Mrs. W. B. Howard, president of the Department Club of Childress; Mrs. Robert Tudor, of Plainview, president of the Lamar Mothers' Club, and Mrs. A. F. Sommer, of Quanah.—Fort Worth Record.

HANCOCK-FOGERTSON.

A pretty wedding was solemnized Thursday night near Silverton, at the home of Mr. and Mrs. P. L. Hancock, when their daughter, Miss Janie, became the bride of Zeph Fogertson.

The marriage took place in the presence of a large number of friends of the bride and groom, who are both well and favorably known in the community.

After the ceremony an elaborate supper was served.

PUPILS' RECITAL A SUCCESS.

The recital given Friday night at the Baptist Church by the pupils of Mrs. Eva L. Barnes and Miss Lena Williams was well received by a full house. We have a new fresh line of groceries and solicit your patronage. Our experience in the grocery business has taught some valuable lessons by which we expect to profit, and at the same time we are going to give you the benefit of our costly experience:

FIRST--We know you want a good **QUALITY** of goods. When you buy an article which pleases, you remember it long after you have forgotten the price.

SECOND--We have learned that the man who sells on credit--even 30 day time--will lose some bills and somebody is going to pay for the bad accounts.

THIRD--The man who pays high rents and costly salesmen has to add more profit on his goods or fail.

Since we have learned this we have arranged now to eliminate all the expense possible. Instead of only one man paying the rent, it is now divided among three in our store, which gives us the cheapest rent in the city. We are going to do our own work--my wife and I. We are also making a change in our delivery service. For all bills of \$3.00 or over we deliver free; for less amounts 5c extra will be charged. We sell for spot cash. We make the price.

Buy one of our trade books, we give you a discount and it is always ready for change.

Remember, we don't handle "junk"; our goods are first-class. When you buy cheap goods you are not satisfied, and we have satisfied customers. Junky prices look good on paper. One thing we assure you, no man will sell the same grade groceries cheaper than we and stay in business. Try us.

Respectfully yours to serve,

SCUDDER GROCERY CO.

LIBERTY.

LIBERTY, Texas, Nov. 15.—Mrs. J. J. Groff and daughters entertained the Liberty Social Club Thursday afternoon. Mrs. Ralph Houston joined the club. Mrs. J. V. Boston, Mrs. Cragg, of Kress; Mrs. Nick Klein, Mrs. W. W. Wise and Miss Hazel Flamm were the visitors.

Mrs. C. C. Alexander and Misses Helen and Eileen Groff served a dainty two-course luncheon.

The club members departed at a late hour in the afternoon, and will next meet with Mrs. Carol Gundrum, November 18th.

There is a club, all must confess, whose kindly motto spells success, whose object is to reach the top, keep on trying and never stop.

It is an honor great to be a member of this L. S. C. Come join and be a member kind; a better chance you'll never find.

Just live the pledge of the L. S. C.; in future years you shall be both proud and pleased to cheerily say "I joined the L. S. C. one day."

Then here's to the famous L. S. C.—a better club there will never be. Come, let us try, both large and small, to make our club the best of all.

Miss Buchheimer Will Teach Voice.

Miss Mildred Buchheimer, of Plainview, will begin voice instruction in Floydada this week, taking up the work of Prof. Edwards, who is forced to stop teaching voice for a time on account of trouble with his throat.

Miss Buchheimer has had excellent training, has a good contralto voice, and her teaching has met with success heretofore. Mr. Edwards says he regrets very much to give up his class just at this time, but feels sure the pupils will have equally good training from Miss Buchheimer.—Hesperian.

TUBERCULIN TEST IS NINETY-EIGHT PER CENT SUCCESSFUL.

General Use by Dairymen Is Advocated by Well Known Farm Journal.

If there were not serious consequences involved it would be amusing the way some cattlemen object to the tuberculin test, because it is not accurate. The trouble is that it is too accurate to suit these men. In over 98 cases out of 100 in which the tester has claimed the tuberculin test showed tuberculosis, and post mortem examination has been made, it has showed the test and the tester correct. It is probable that tuberculin never causes an elevation of temperature unless the animal has tuberculosis. The tester may make a mistake occasionally, but if he only fails in two cases out of one hundred the test is remarkably accurate. We know of nothing of this nature in which man's judgment is involved that is more accurate.

Southern cattle are comparatively free of tuberculosis now, and if our stockmen would look to their interests, and not only test all cattle brought in, but all those now on their farms, once a year, the disease would never become a menace to our herds, as is the case in some sections, and millions of dollars and many human lives would be thereby saved.

Every dairyman should tuberculin test his herd once a year, and the state should prohibit the shipment of any cattle into or within the state for dairy or breeding purposes unless tested and found free of tuberculosis.—Progressive Farmer.

A NEW PROCESS MAKES NEW PAPER OF OLD NEWSPAPERS.

In New York City there are two companies which manufacture paper pulp from old newspapers. A process whereby papers even saturated in printing inks can be "de-inked" has been worked out. The inks and oils

are emulsified in water and drained off from the fibre. Heretofore old newspapers have been sold far below the commercial value they will soon have, if the process is cheap enough to allow it to be used on a real commercial scale.

Have your tires been 99% satisfactory during the past two years?

If in 1914 and 1915 you have used ten tires and one has "gone bad," you have only been 90% satisfied. If two have "gone bad," your score is reduced to 80%.

In 1914 and 1915, out of every million Diamond Squeegee Tread Tires, 990,000, or 99% have made good.

Was your percentage that high?

If nine friends and yourself had between you, in 1914 and 1915, bought 100 Diamond Squeegees for your cars, but one tire out of the whole lot would have required adjusting.

If it takes you 15 years to use up 100 tires yourself, in all those years only one Diamond Squeegee will cause you any trouble.

These are facts based on the law of averages—upon which billions are invested in the life insurance business.

Start using Diamond Squeegees. You can't beat "99% satisfaction" in the tire business.

TRY IT! SUBSTITUTE FOR NASTY CALOMEL

Starts Your Liver Without Making You Sick and Can Not Sallivate.

Every druggist in town—your druggist and everybody's druggist—has noticed a great falling off in the sale of calomel. They all give the same reason. Dodson's Liver Tone is taking its place.

"Calomel is dangerous and people know it, while Dodson's Liver Tone is perfectly safe and gives better results," said a prominent local druggist. Dodson's Liver Tone is personally guaranteed by every druggist who sells it. A large bottle costs 50 cents, and if it fails to give easy relief in every case of liver sluggishness and constipation, you have only to ask for your money back.

Dodson's Liver Tone is a pleasant-tasting, purely vegetable remedy, than nasty calomel and without making you sick, you just go back and get your money.

If you take calomel today you'll be sick and nauseated tomorrow; besides, it may sallivate you, while if you take Dodson's Liver Tone you will wake up feeling great, full of ambition and ready for work or play. It's harmless, pleasant and safe to give to children; they like it. —Adv.

POSITIVE PROOF.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only Constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

WACO TRIBUNE TELLS OF PLAINVIEW COUNTRY

Says Hale County Display at Cotton Palace Is Undoubtedly Biggest in Its Line.

From the Waco Tribune.

The Hale County display of farm products at the Cotton Palace is undoubtedly the biggest thing in that line at the exposition. It is a refreshing revelation. Very few people have any idea of the wonderful variety and quality of the fruits, vegetables and grains that are raised in that section of the State. This section is known as the Shallow Water District. The Hale County exhibit is in charge of E. H. Perry and Dr. J. D. Hanby, as representatives of the Plainview Chamber of Commerce. These two gentlemen are very much on the job. They know the agricultural business from beginning to end. They are born diplomats, and know just exactly how to handle the public. All visitors are received with courtesy and enthusiasm.

It is one of the greatest breeders of enthusiasm that can be found on the Cotton Palace grounds. The size, the quality and numbers of the exhibits are so unusual that an onlooker soon becomes dizzy and wonders whether it is a reality or just a dream.

There are twenty-three varieties of apples in the exhibit that were grown near Plainview. This is a stunner. No one ever dreamed that that many different kinds of apples were grown in the whole State.

Pears are there in great abundance. In fact, practically every kind of fruit and vegetable that has ever been heard of can be found in this remarkable exhibit. Beets weighing 28 pounds; radishes as large as pumpkins; cabbages large enough to choke a whale; pumpkins that would require three men to carry; onions that would make anyone weep with joy; peppers of every description; oyster plants, carrots, turnips, cucumbers and beans of all kinds, are just a few of the many things that are raised at Plainview and that are in the Hale County exhibit at the Cotton Palace.

Hundreds of blue ribbons have been captured by this display at the leading expositions of the country. One of their prize trophies is a big silver cup that was awarded at the Dry Farming Congress at Denver. This was a world-wide contest.

Grains of every description form one of the interesting sections of the exhibit, the most interesting item being the finest bushel of wheat in the entire world. It has won all prizes against all comers.

A description in print cannot convey an adequate idea of the character of the Hale County products. They must be seen in order to be fully appreciated.

WAYLAND COMES BACK.

(Continued from Page One.) Pritchett carries ball over for required ten. Haynie fails to gain on first down, Guinn get 5 yards on long end run on second, and Kiker carries ball on third down for long end run. Seth Ward is penalized 15 yards for holding. Quarter ends with ball in Seth Ward's possession on 45-yard line.

Second Quarter.

Seth Ward punts and Wayland receives on 3-yard line. Webb punts out to Bishop, who returns 6 yards. With in two downs Seth Ward gets the ball on a free-for-all fumble. Pritchett carries the ball 5 yards through the line on the first down, and Kiker makes long end run for first touchdown. Pritchett misses on easy goal. Score—Seth Ward 6, Wayland 0.

Rushing kicks for Seth Ward. Wayland brings ball out to 24-yard line. On second down, with ten to go, Sanders makes nice gain, but off-side player on Wayland's team brings ball back. On third down, with 15 to go, Wayland loses ball on fumble. Rushing gains three yards for Seth Ward through the line. Haynie carries ball through line for required gain. Bishop makes 8 yards around end, and on next down Rushing plants pigskin on 3-yard line. Bishop goes over for second touchdown of game. S. W. chooses to kick out, and Kiker receives from Pritchett, who kicks goal. Score—S. W. 13, W. B. C. 9.

Rushing kicks for Seth Ward. Offense penalized 5 yards, and Rushing kicks again. On first down Sanders gains 2 yards for Wayland around end. Second down nets 4 yards. Webb carries ball 10, but off-side Wayland player is penalized. Bolton makes 10 yards through the line. On first down Webb carries ball 2 yards. Hay repeats with 1-yard gain. Webb carries ball 4 yards on third down and on fourth punts. Touchback and Seth Ward gets ball on 20-yard line.

Kiker goes around end for 14 yards. Making only 5 yards in four downs, Seth Ward loses ball to Wayland. Sanders carries ball through broken field for ten yards, fumbles ball, and Dobson recovers it for Wayland. Seth Ward is penalized 5 yards for off-side play. The half ends with ball in Way-

land's possession.

Second Half.

Seth Ward kicks. Ball is in play on 32-yard line. Three down netting only 5 yards, Webb is forced to punt. Kiker receives and Seth Ward has the ball on her 20-yard line. On the second down Pritchett fumbles, and Dobson gets ball for W. B. C. Two tries at forward pass fail. On next down Pritchett climbs Charlie Webb and downs him for a loss. Webb punts. Touchback and ball is given S. W. on 20-yard line.

Kiker makes 40 yards around end on first down. Webb tackles Guinn for loss of 9 yards on first down. Pritchett punts to 40-yard line.

On first down W. B. C. loses 3 yards. Sanders gains 6 through line on second down. Webb makes incomplete forward pass on third and punts on fourth. Touchback, S. W. gets ball on 20-yard line. On first down Guinn gains 2 yards. Bishop makes 32 yards around end on second. Wayland's line holds on first down. Guinn gets 2 through line, and on third down Kiker makes 9 around end. Bishop and Guinn gain 5 yards, and Rushing punts.

Seth Ward offside. Hale intercepts forward pass from Rushing and carries ball 10 yards. Hay gains 6 yards around end. Quarter ends with ball in Wayland's possession on 49-yard line.

In the third quarter the playing was in favor of either team from time to time. Kiker getting away with a forward pass from Perdue for a 50-yard gain and the last touchdown. Perdue misses goal. Score—S. W. 19, W. B. C. 6. Both coaches substituted freely during the last quarter.

The line-ups were:

Wayland.

Hale, right end; Dillard, right tackle; Dobson, right guard; Reeves, center; Baker, left guard; Ellington, left tackle; Blakemore, left end; Hay, quarter; Bolton, right half; Webb, fullback; Sanders, left half.

Seth Ward.

Whitworth and Kiker, ends; Jordan and Rushing, tackles; Page and Russell, guards; Formway, center; Haynie, quarter; Guinn and Bishop, halves; Pritchett, full.

Referee, Saunders; field judge, Fletcher; lineman, Bodin.

TEXAS FARMER IS PROSPEROUS.

(Continued from Page One.) their obligations for this year and last year and are about even; in the remaining one-fourth of the counties they are still somewhat behind. All of the counties that have reported west of line running from Wichita Falls to Eagle Pass, and about a dozen counties lying south and east of such a line, are in the clear. The counties that bore the brunt of the great storm in August and those in several centers of boll-weevil activity have not caught up.

Most of the counties have grown enough feedstuff for a year, many of them have produced enough for two years, and a few have a three years' supply. The storm-swept counties of the Coastal Plain are almost the only ones that will have to buy feed outside of their own borders, the amount required ranging from fifteen to seventy per cent of a year's supply.

The damage from the boll-weevil has been generally a heavy one, running as high as seventy-five per cent in one or two counties.

Notwithstanding the general damage to the corn crop from the chinch bug, the State's average is nearly twenty-five bushels per acre. This year's acreage of wheat and oats, which was above the normal, will be reduced, but will exceed the yearly average. This is due to dry weather, which has been unfavorable for fall planting, and the present price of cotton, and will result in an increased acreage of cotton unless the campaign for diversified farming is vigorously continued.

Sudan grass, amounting to but an inconsiderable part of the great hay production of this year, was grown only in scattered patches, and the Plains counties alone report crops of kaffir, milo and feterita exceeding their own requirements. A great peanut crop has been produced and twenty per cent of it has been threshed; that which cannot be marketed is being baled for winter feeding.

An increased volume of the cattle business is shown, which will be from ten to twenty-five per cent more profitable than the average year's production. Practically all counties report an increasing hog production, some of them a great increase. Hog cholera, however, is more widespread than heretofore, and in some places is causing heavy loss.

The reports indicate a slow but steady progress in the construction of silos.

That the farmers of Texas have, in one year, with restricted credit, discharged the debts of two years and provided feed for a year ahead is marked evidence of the success of the campaign to promote the home-grown living, as advocated by the Texas Industrial Congress, the banks, the newspapers and other agencies. It is a testimonial, too, to the economy and thrift of the farmer during the past twelve months, and indicates what

WOMANHOOD AT JESUS' FEET.

(Continued from Page One.) first announced the glorious truth of the resurrection of Jesus Christ from the dead; who first ministered by her hand making garments for the poor for Jesus' sake. Some men have the idea

that the religion of Jesus Christ is for women and children only. They know not of what they speak. I repeat it, it's the glory of Jesus Christ that the womanhood of his time were true and faithful to him. The only hope of the world is that its womanhood stay at of the heart of womanhood to the call of her Lord.

"It's the glory of Jesus Christ that the womanhood of his time was true and faithful to him. They ministered

the feet of Jesus.

"Men accomplish in their own way, women in theirs, and their work is supplementary and complementary to each other."

P. J. Becker, of Amarillo, was here Saturday. Mr. and Mrs. R. C. Cox, of Hale Center, were here last night visiting friends.
