## COMMISSIONERS FAVOR FARM DEMONSTRATOR

VOTE APPROPRIATION OF \$750.00 PER YEAR—STATE GIVES \$700.00, TOO.

## FLOYD TO DECIDE THURSDAY

Wm. Ganzer Today Presented Proposition for Joint Agent for the Two Counties—Hale Is Ready.

The Commissioners' Court of Hale County passed favorably on the proposition to secure a farm demonstrator for Hale County yesterday when Wm. Ganzer, of the Extension Department of the Federal Government, and a committee from the Chamber of Commerce appeared before the body. Mr. Ganzer's proposition was that if Hale County and Floyd County would appropriate \$750 each per year that the department would give \$700 per year, thus providing a salary of \$2,200 with which to pay a competent farm demonstrator for the two counties. This is a better proposition than Mr. Ganzer was authorized to make when he was here several months ago.

**In Touch With Competent Man.**  
He has in mind a man who is thoroughly competent, having been connected with one of the leading agricultural colleges of the Southwest for a number of years and being a man of practical experience. He has been consulted and has consented to take up the work.

Following the approval of the proposition by the Commissioners of Hale County, Mr. Ganzer and Col. R. P. Smyth, of the Chamber of Commerce, spent today in Floydada, and Mr. Ganzer presented the matter to the court. They did not give an immediate answer, but are considering the proposition and will decide Thursday.

Mr. Ganzer recommends the man suggested for the position very highly. He has had much practical farm work and is experienced in irrigated farming.

### Demonstrators Are Efficient.

As an example of the efficiency and economy of farm demonstrators, Mr. Ganzer told a representative of The Herald today that J. W. Campbell, of Wichita County, during the past six months has vaccinated 2,491 hogs and has saved every hog. This action has been necessary to protect the hog industry in that county, and has been the means of saving hundreds of hogs which otherwise would have died and of stamping out the disease early and preventing its spread.

H. M. Means, of Vernon, in his report for the week, states that there is a family in his county which has been following his instructions on crop planting and cultivation in every detail. He reports that they have won at various fairs and in Texas Industrial Congress contests during the year past \$700 in cash. These cash prizes for good yields were, of course, in addition to the money for which the crops were sold.

### "West Just Coming Into Its Own."

"This great western country is just coming into its own," said Mr. Ganzer. "Development here is in its infancy, and the wonderful agricultural and stock-farming possibilities of the section are not fully realized. What the country here needs is competent men who are familiar with western conditions to help solve the agricultural problems. A man who can tell just when and just how to spray the fruit trees and who can actually spend his time showing how it is done; a man who can analyze soils and tell what qualities are lacking; a man who can figure out a balanced-feed ration and tell just how to feed it and in what quantities, is a man who will be worth thousands of dollars to Hale and Floyd counties. Such a man is the one we are now seeking to employ."

It is generally believed that the Commissioners of Floyd County will pass favorably on the proposition of a farm demonstrator to serve the two counties jointly.

### NO MONEY NOW FOR SCALPS.

County Treasurer John G. Hamilton says that Hale County has depleted its fund for paying for scalps of rabbits and wolves. The Commissioners' Court ordered payment to cease last Saturday.

Miss Martilla Eepy is visiting friends in Littlefield this week.

## MYERS BECOMES GENERAL MANAGER T. L. & D. CO.

Longstreth Resigns—Will Make Irrigation Investigations—Pipkin Becomes General Superintendent.

J. W. Longstreth, general manager of the Texas Land and Development Company, has handed his resignation to the officers of the company, to become effective immediately. Mr. Longstreth will spend the next six months studying irrigation in the different projects in the United States. He states to a representative of The Herald that he expects to make Plainview his permanent home.

C. F. Myers, who recently came to Plainview from El Paso, has been selected as general manager, and assumes his new duties immediately.

W. S. Fife, chief of the engineering department, has also tendered his resignation. Mr. Fife expects to enter railroad engineering again.

J. W. Pipkin has been made general superintendent.

W. J. Williams, for a number of years county surveyor of Hale County, but who for the past few years has been engaged in the newspaper business in Amarillo, has been employed to fill the position made vacant by the resignation of Mr. Fife.

## TWO IN JAIL ON CHARGE OF ROBBERY WITH FIREARMS.

Lady Barber and a Confederate Relative F. S. Barrow of About \$70, It Is Alleged.

G. W. Wagner and Mrs. E. B. Large are in the county jail, having failed to make bond for appearance before the District Court of Hale County. They were arrested by Sheriff J. C. Hooper, following charges against them of robbery with firearms by F. S. Barrow.

Mrs. Large is a barber, and has been working at Ben's Barber Shop. Friday night she and her confederate robbed F. S. Barrow of about \$70, it is alleged. They waived examining trial and his bond was fixed at \$2,000 and hers at \$1,000.

Five other arrests were made by the sheriff last Tuesday. An open-daylight poker party was disturbed by the officer and his deputies. Pleas of guilty were entered and their fines set at \$15 and costs.

## COUNTY COMMISSIONERS WILL INSPECT THE SCHOOL LAND.

Order Hitting Racks Removed From Court-House Lawn—Will Build Walks and Curbs.

This afternoon a committee from the Young Men's Business League went before the County Commissioners and urged them to remove the hitting racks from around the Court House to the lots purchased recently by the city for a market place. The commissioners voted to do this, and further voted to construct sidewalks and curbing around the property, and let a contract for the work to E. H. Bawden.

Tomorrow the commissioners and Judge W. B. Lewis will go to Bailey County and inspect the school lands there belonging to Hale County. A survey of the land will probably be made, looking forward to its sale. Tracts of 177 acres each will be laid out.

## REVIVAL AT SETH WARD.

Rev. J. W. Story requests The Herald to announce that a revival meeting is being conducted at Seth Ward College, in the chapel. Rev. G. W. Shearer, pastor of the Methodist Church at Tulla, is doing some strong preaching, and interest in the meeting is steadily increasing. The services are opened at 7:45 p. m. and 11 a. m. The general public is invited to attend.

## KENNETH BAIN ANNOUNCES FOR DISTRICT ATTORNEY.

The Herald is authorized to announce Kenneth Bain as a candidate for District Attorney subject to the action of the Democratic primary July 22. He is twenty-eight years of age, a native Texan, and has spent most of his life in this district, having lived in Hale County in the early days, and later in Swisher and Briscoe counties. He received his education preparatory to practice of law at the University of Texas, and has been practicing six years, serving two years of that time as county attorney of Briscoe County.

## Manufacturers and Jobbers See the Benefit to Be Derived From Herald's Advertised Goods Week

Interest in The Herald's Window Display Week continues to grow. News of The Herald's co-operative effort has found its way into the trade press, and two prominent manufacturers who are not locally represented have written asking co-operation in interesting local dealers in their products. Several merchants have received letters from their producers complimenting them upon their participation in the campaign, and The Herald has many congratulatory letters from manufacturers who see in the effort a closer relationship between the dealer, the producer and the advertising medium. Many of the jobbers and manufacturers have sent special window displays and plans to their customers for the occasion.

Posters have been placed in those windows in which special displays will be made, in order that the public may know which windows will be entered in competition for the \$25 prize offered by The Herald. Every buyer in this trade territory will profit by watching those windows so indicated. Practically every merchant who will make a display will also offer special bargains during the week, and a trip of inspection offers also to be a buying event of importance.

Several merchants and dealers have asked if they may compete if they rent windows for the week. These questions have come from those who have poor display windows. If another merchant cares to rent his window and the one displaying cares to make the effort to decorate it, he will be allowed to compete if he makes proper entry. There is no entry fee connected with the display, and Plainview's progressive merchants are realizing the value of the publicity given them in the campaign.

The J. M. Hamner Dry Goods Company and The R. & H. Millinery Company have entered windows since last Friday. These bring the number up to 35. Friday The Herald will carry a list of all entrants.

An enthusiastic entrant who appreciates the value of co-operation and the marked results of judicious news-

## U. S. Accepts Carranza's Offer; Entry of American Troops is Not Intervention---May Use Militia

WASHINGTON, D. C., March 13.—Texans do not favor the granting of authority for an army to enter the country from Mexico upon the reciprocal agreement demanded by General Carranza, and they express the hope that it will never be utilized. The approach of an armed force from the other side of the border into Texas, whether of the de facto government or of other Mexican forces would tend to create disorder. The Texas border country holds a general distrust to any armed force from the other side of the river.

The acceptance of Carranza's proposal by the United States Government is a formal agreement with the de facto government of Mexico under which American troops will cross the border to hunt down Villa and his bandits, with the expectation of hearty co-operation from Carranza forces.

Secretary Lansing made public the text of a note accepting General Carranza's proposal for a reciprocal arrangement between the two governments and announcing that the United States held this arrangement to be now in force and binding upon both parties.

Official announcement was awaited tonight that the American force had crossed the border. Plans for the troop movements have gone ahead without regard to the diplomatic exchange.

### Not Armed Intervention.

Mr. Lansing also made public a statement issued in the name of President Wilson reiterating that every step being taken by the administration is based on the deliberate intention to preclude the possibility of armed intervention in Mexico. The statement follows:

"In order to remove any apprehension that may exist, either in the United States or in Mexico, the President has authorized me to give in his name the public assurance that the military operations now in contemplation by this Government will be scrupulously confined to the object already

paper advertising has called to our attention a clipping setting forth the value of newspaper space to nationally advertised goods. In part, it reads:

"Recently it was shown that the Calox Company, manufacturers of a dentifrice, experimented in Boston, and as a result of a brief newspaper campaign increased its sales, in Boston alone, 400 per cent over the entire sales in all the New England States for the entire year of 1915.

"The figures for the past year of some of the large advertising concerns of the country, which are gradually being made public, prove interesting, and incidentally demonstrate more clearly than volumes of arguments the wonderful efficacy of newspaper advertising as a business builder. Prosperity for those who have the nerve and foresight to bank on it is the unerring result of judicious, consistent and continuous newspaper advertising.

"Occasionally wisecracks are met who say the Gillette Safety Razor idea is 'petering out,' that the Gillette Company had blazed the trail for a score of competitors, with cheaper razors, that they are getting the business, etc.

"The portrait of King Gillette decorated almost all the magazine pages a few years ago. During the past year or so newspaper announcements began to appear.

"The answer? Well, eight million Gillette razors were sold last year, against ninety thousand the first year, and in 1915 the net earnings were \$2,427,173, against \$1,673,435—a 45 per cent increase!

"The Victor Talking Machine Company began flirting with newspaper advertising several years ago. The result was a recent extra dividend of ten per cent on the common stock; this in addition to a regular quarterly dividend of five per cent!

"The B. F. Goodrich Company has used large newspaper space to advertise its tires. Last year seventeen per cent dividends were paid on the common. The capital is \$60,000,000, and the dividend for the previous year was less than six per cent.

announced, and that in no circumstances will they be suffered to infringe in any degree upon the sovereignty of Mexico or develop into intervention of any kind in the internal affairs of our sister Republic. On the contrary, what is now being done is deliberately intended to preclude the possibility of intervention."

### Agreement With Carranza.

The note to Carranza defines the terms of the agreement beyond the possibility of misconception. In brief, it provides that where conditions arise on the American side of the border similar to those at Columbus, which led to the orders to General Funston to enter Mexico, the same privilege will be accorded to the Mexican de facto government without the necessity of a further exchange of views. It is clearly stated, however, that the bandits to be pursued on American soil by Mexican troops must have come from the American side, committed depredations on the Mexican side and fled back again to United States territory. There is no such instance on record in recent years.

### Strong Force to Enter Mexico.

SAN ANTONIO, Texas, March 13.—A sufficient force is now gathered at the Mexican border, under the command of Brigadier General John J. Pershing, to begin the pursuit of Francisco Villa, it was announced tonight by Major General Fredrick Funston.

The General said that only the completion of plans for backing up the expeditionary force now was needed. He was noncommittal, however, as to the time needed to accomplish this.

Late tonight General Funston said the expedition would not get under way tomorrow morning. He characterized all reports that American troops already were in Mexico as "absolute falsehoods." The General declined to discuss the reported departure of Brigadier General Pershing and his staff for Columbus, N. M. General

## SEVEN NEW CLUBS ORGANIZE TO STUDY HOME ECONOMICS

Herald Will Carry Weekly Lessons So That All Girls May Have Opportunity to Study.

Seven Girls' Home Economics Clubs have been organized in Hale County by Mrs. J. L. Landrum. She and her co-workers have been making the itinerary mapped out last week and published in Friday's Herald.

"The girls and boys of Hale County are interested in club work," said Mrs. Landrum this morning to a representative of The Herald. "It is almost distressing to me to find three times as many boys as girls in the rural schools of Hale County. I have found the teachers of the county alert and nice. They have been splendidly co-operating in the work. Friday we were at East Mound and organized a club with twenty-two members. The officers elected were: Beulah Hubbard, president; Ione Long, vice president; Fay Martin, secretary; Sallie Buchanan, treasurer; Rosa Wallace, press reporter. Members of this club are Naomi Marlin, Dee Wallace, Lee Buchanan, Ona Cox, Letha Seaman, Annie Belle Estes, Mary Close, Mary Hubbard, Emmagene Howell, Mozelle Marlin, Esta Belle Hubbard, Lucille Cox, Ila Hall, Lela Cox, Welma Hall, Erlene Connaly and Miss Noelia Jones, teacher. Mrs. A. H. Estes was present at the organization of the club."

Other clubs organized are: **Midway.** Lois Ritchey, president; Irma Feinagle, press reporter; Bird Fletcher, vice president; Maud Morgan, treasurer; Jessie Ritchey, secretary; Lorine Ritchey, Mary Mitchener, Zona Crouch, Ola Mitchener, Myrtle Mitchener, Virgie Crouch, Ruby Hunter, Captola Hunter, Bessie Slaughter and Clara Ritchey.

**Mount Vernon School.** President, Margie Lee Saffle; vice president, Lucille Brayeley; secretary, Vestal Hanier; treasurer, Orem Abney; press reporter, Hulda Durham. Other members of the club are Katherine Brayeley, Rosa Lee Thomas, Gertrude Durham, Guyrene Abney, Orem Abney, Ola Durham and Gladys Thomas. Miss Margie Lee Saffle is teacher of the school. Mrs. Hanier, Mrs. K. Thomas, Mrs. Jim Brayeley and Miss Gladys Thomas were visitors.

**Hooper School.** President, Miss Clements; vice president, Alma Yates; secretary, Ina P. Yates, treasurer, Welma Toller; press reporter, Velda Skipworth. Other members of the club are Hazel Kaylor, Hollie Toller, Frances Anderson and Maud L. Phillips. Miss Clements is teacher of the school.

**Snyder School.** President, Mrs. Maud Krider; vice president, Ada Hartzler; secretary, Lydia Hartzler; treasurer, Edna Grungrich; press reporter, Mildred Landis. Other members of the club are Susie Snyder, Grace Snyder and Esther Brenneman. Miss May C. Ramer is the teacher. Visitors were Mrs. T. Chaddick, Mrs. Jas. Chaddick, Mrs. Andrew Brenneman, Mrs. P. B. Snyder, Mrs. John Snyder, Mrs. G. B. Landis and Misses Martha and Ona Stuart.

This morning clubs were organized at Plainview and Liberty, and this afternoon Mrs. J. L. Landrum, accompanied by Mrs. J. W. Longstreth and L. R. Pearson and H. C. Howard, are at Snyder and Runningwater. Tonight they will be at Halfway.

Mrs. Landrum's itinerary for the remainder of the week is: **Wednesday**—West Side, 10 a. m. Mayfield, 11:30 a. m.; Center Plains, 2 p. m.; Norfleet, 3:30 p. m.; Belleview, 8 p. m. **Thursday**—Ellen, 9 a. m.; Petersburg, 11 a. m.; Lakeview, 2 p. m.; Abernathy, 3:30 p. m.; Stoneback, 8 p. m. **Friday**—McWhorter, 11 a. m.; Iowa Avenue, 2 p. m.; Happy Union, 3:30 p. m.; White School, 8 p. m.

The weekly lessons from Mrs. Landrum ordinarily are sent only to the president of each club, but in order that each girl in Hale County who is interested in the work may have access to the lessons before the time of meeting, if she so desires, The Herald has made arrangements to publish the lessons in advance of the time set for study.

Miss Elizabeth Head, who teaches school near Olton, is at home this week on account of illness. Her sister, Miss Jessie Head, is teaching during her illness.

## HIGH SCHOOL BUILDING IS TO BE FIREPROOF

CANVASS OF VOTE SHOWS THAT PEOPLE WANT TO PROVIDE FOR EFFICIENT SCHOOLS.

## THE BONDS CARRY 10 to 1

West Side Block to Be Site for Modern Twelve-Room and Auditorium Structure, Is Belief.

The Board of Trustees of the Plainview Independent School District met last night and canvassed the returns of the bond election which was held Saturday. It was found that there were 184 votes for the bonds and tax and 17 against—more than ten to one. Returns of the election and other data relative to the bond issue will be submitted to Attorney General Looney for approval soon.

The board discussed summarily plans for the new high school building. With them were a number of men who have had experience in construction work. M. L. Waller, of Fort Worth, who makes a specialty of school building architecture, met with them. Mr. Waller has drawn plans of numerous buildings in Fort Worth for school purposes, including their magnificent Central High School. He is architect of the Waco High School building, also.

It has been suggested that the building be erected to face east. The board is considering the matter of building a thoroughly fire-proof structure. Although no site has been definitely decided upon, it is the consensus of opinion that the block owned by the board in West Plainview, where the West Side building now stands, will be used.

H. E. Skaggs, president of the board of trustees, stated this morning that the board is considering a twelve-room building with an auditorium that will seat a thousand people.

It is the plan of the board to have the building completed by September.

## SOUTH PLAINS HOGS BRING \$9.70 IN WICHITA, KANS.

Glutted Market at Fort Worth Forces Price Down, and Shippers There Got \$9.40.

South Plains hogs brought \$9.70 on the Wichita market Monday. These hogs were from the Kapaun farm, at Kress. Several loads from Plainview brought \$9.65 and \$9.60. G. W. Lowel-lyn had three loads of fat cattle which brought the top, \$9.00. A load of stock cattle shipped by Joe Kelleher brought \$8.25.

On the Fort Worth market Watson & Son had five loads, for which they secured \$9.30 to \$9.40. There was a glutted market at Fort Worth Monday, receipts 9,000.

Preparatory to Saturday's shipments shippers at Plainview bought 346 head of hogs Friday from farmers. They brought at the Plainview yards \$8.25 per hundred. Seventy-nine thousand and fifteen pounds total were purchased at this price. Watson & Son were the heaviest buyers.

## IMPROVE TEXAS UTILITIES' SOUTH PLAINS PROPERTIES.

New Unit for Plainview Plant—Will Strengthen Emergency Plant at Lubbock, Too.

Within the next thirty days a new unit will be installed in the plant of the Texas Utilities Company, from which current for the South Plains project of the company is supplied. This machine will have a capacity of producing 300 kilowatts.

There has just been shipped to the Lubbock plant of this company a 170-horsepower Diesel engine, which will improve the plant there so that it may be efficiently used in case of trouble. This will guarantee continuous service and will practically eliminate trouble on the high-tension line. Manager R. A. Drumm left this morning for Lubbock to inspect the company's property there.

## MOVES FROM MINNESOTA TO THE SOUTH PLAINS.

Daniel C. Kimball, of Kosson, Minn., arrived in Plainview Friday with his household goods. He will occupy a ranch four miles northwest of Runningwater.

**CITATION—BY PUBLICATION.**

**THE STATE OF TEXAS**  
To the Sheriff or Any Constable of Lamb County—Greeting:  
**YOU ARE HEREBY COMMANDED,** That by making publication of this Citation in some newspaper published in the County of Hale, for Four Consecutive weeks, previous to the return day hereof, you summon John N. Hansen, whose residence is unknown, to be and appear before the District Court of the 68th Judicial District of Texas, to be holden in and for the County of Dallas at the Court House thereof, in the City of Dallas, on the first Monday in May, 1916, then and there to answer to the petition of C. C. Slaughter Co., a private corporation, filed in said Court on the 6th day of January, 1916, against the said John N. Hansen for suit, said Suit being Numbered 21771-C, the nature of which demand is as follows, to-wit:

On or about February 1, 1909, the defendant purchased from C. C. Slaughter the Southeast Quarter of Sec. 5, Blk. "T-2," Lamb County, Texas, containing 160 acres of land; as part consideration therefor, the defendant executed and delivered to said Slaughter his certain promissory notes, numbered 3 and 4, and being for \$173.33 and \$920 and due on February 1, 1912, and February 1, 1916, respectively, each payable to order of said Slaughter, with interest thereon from date at 6 per cent per annum, payable annually, both principal and interest payable at Dallas, Texas; a vendors lien was retained to secure the payment of the said notes. Said notes also bear providing that all past due interest to bear 6 per cent per annum from the annual maturity thereof and providing that in case of default in payment of any of the installments of interest, when due, should, at the election of the holder of the said notes, mature all of them, and providing for attorney's fees if collected by suit. That note No. 3, for \$173.33, is long past due and unpaid and defendant wholly fails and refuses to pay the said note or any part thereof, though often requested, and an interest installment due on each of these notes February 1, 1912, and payments thereafter, have not been paid, and the plaintiff has exercised its option and declared the notes due and payable. Thereafter, on April 9, 1914, said Slaughter transferred the said notes to the plaintiff, who is the legal owner and holder of same.

Plaintiff prays citation; judgment foreclosing the vendors lien as it existed on February 1, 1909, on said land, in the alternative, that the title to the said land be vested in the plaintiff, for all damages, costs and general relief.

HEREIN FAIL NOT, but have you then and there before said Court this writ, with your return thereon showing how you have executed the same.

WITNESS: MATT L. COBB,  
Clerk of the District Court  
of Dallas County, Texas.

Given under my hand and the seal of said Court, at office in the City of Dallas, this 10th day of February, 1916.

Leonard, for suit, said suit being Numbered 21774-C, the nature of which demand is as follows, to-wit:

On or about October 6, 1908, said Allen purchased from C. C. Slaughter the Southwest Quarter of Section 1, Blk. "O-2," containing 160 acres, Hale County, Texas, which said land was by the said Slaughter conveyed to W. H. Allen on October 6, 1908, by deed of that date; as part consideration therefor, the said Allen executed and delivered to the said Slaughter his certain promissory note for \$920 payable on or before October 6, 1915, to said Slaughter, with interest thereon from date until paid at 6 per cent per annum, payable annually as it accrued, principal and interest payable at Dallas, Texas, for value received; to secure the said note, a vendors lien was retained on the said property; that all past due interest to bear 6 per cent interest from the annual maturity date thereof and that in case of failure to pay any installment of interest when due, should at the option of the holder of the said note mature the entire note; and that the vendors lien would become subject to foreclosure, also providing for 10 per cent attorney's fees, if collected by suit. The interest installment due October 6, 1913, has not been paid nor has any installment since said date been paid, and plaintiff has declared the entire note due and payable; on or about the 9th of April, 1914, the said Slaughter transferred the said note, together with the lien therein contained, to the plaintiff herein, and plaintiff is the legal owner and holder of same. On January 9, 1909, said Allen conveyed the said property to said Bryngelson, the last mentioned party assuming the said note; that the said Leonard is claiming some right, interest or title to the said property, and the said Bryngelson, although he assumed the said indebtedness, has failed and refused to pay the same or any part thereof; that the said W. H. Allen wholly fails and refuses to pay the said note or any part thereof or past due interest, although requested.

Plaintiff prays citation; judgment foreclosing the vendors lien as it existed on October 6, 1908, on said land, in the alternative, that title to the said land be vested in the plaintiff, for all damages, costs and general relief.

Johnston for suit, said suit being Numbered 21762-C, the nature of which demand is as follows, to-wit:

On or about December 4, 1908, said Winters purchased from C. C. Slaughter the Northwest Quarter of Sec. 21, Blk. "O-5," Lamb County, Texas, containing 160 acres of land; the deed of conveyance being of date December 4, 1908; as part consideration therefor, the said Winters executed and delivered to the said Slaughter his 4 certain promissory notes numbered 1, 2, 3 and 4; the first 3 of said notes being for \$173.33 each of even date with said deed and payable 1, 2 and 3 years after date; note number 4 being for \$920 due on or before December 4, 1915, each bearing 6 per cent interest per annum, payable annually as it accrued, both principal and interest payable at Dallas, Texas; a vendors lien being expressly retained to secure the payment of the said notes; also providing that all past due interest was to bear 6 per cent interest per annum after the annual maturity thereof; also providing that failure to pay any installment of interest when due, should at the election of the holder mature all of the said notes, and providing for 10 per cent attorney's fees if collected by suit; the interest due on December 4, 1911, and on each succeeding interest installment thereafter has not been paid, and plaintiff has declared all the said notes due and payable; notes 1, 2 and 3 being past due and unpaid; thereafter, on or about April 9, 1914, said Slaughter transferred the said notes to the plaintiff, together with all liens therein contained; the said Johnston, by deed April 27, 1914, purchased the said property from said Winters and assumed the payment of the said notes; that the said defendants, though often requested, have failed and refused to pay the said notes or any part of the same.

Plaintiff prays citation; judgment foreclosing the vendors lien as it existed on December 4, 1908, on said land, in the alternative that title to said land be vested in the plaintiff, for all damages, costs and general relief.

HEREIN FAIL NOT, but have you then and there before said Court this writ, with your return thereon showing how you have executed the same.

**CITATION—BY PUBLICATION.**

**THE STATE OF TEXAS**  
To the Sheriff or Any Constable of Lamb County—Greeting:  
**YOU ARE HEREBY COMMANDED,** That by making publication of this Citation in some newspaper published in the County of Hale, for Four Consecutive weeks, previous to the return day hereof, you summon W. P. Soash and G. H. Gutru, non-residents of the State of Texas, to be and appear before the District Court of the 68th Judicial District of Texas, to be holden in and for the County of Dallas at the Court House thereof, in the City of Dallas, on the first Monday in May, 1916, then and there to answer to the petition of C. C. Slaughter Co., a private corporation, filed in said Court on the 6th day of January, 1916, against the said W. P. Soash and G. H. Gutru for suit, said suit being Numbered 21768-C, the nature of which demand is as follows, to-wit:

On or about March 1, 1909, said

Soash purchased of C. C. Slaughter the Northwest Quarter of Sec. 2, Blk. "T-2," Lamb County, Texas, containing 160 acres of land, and said deed being dated March 1, 1909, and said Soash executed and delivered to said Slaughter, as part consideration, his certain note in the sum of \$920 due on or before March 1, 1916, with 6 per cent interest per annum, payable annually as it accrued, principal and interest payable in Dallas, Texas; on or about the said date above, said Soash purchased of said Slaughter the Southwest Quarter of Sec. 2, Blk. "T-2," Lamb County, Texas, containing 160 acres of land, and as part consideration therefor executed his certain note for \$920 due on or before March 1, 1916, with 6 per cent interest per annum, payable annually as it accrued; a vendors lien was retained to secure the payment of the said notes, in each of said transactions; and providing for 6 per cent interest per annum on all past due interest from annual maturity thereof, and also providing that failure to pay the installments of interest when due should at the election of the holder of the said notes mature the entire notes and be subject to foreclosure proceedings, and providing for attorney's fees if collected by suit. The interest installment on each of the said notes March 1, 1913, and each succeeding interest installment thereafter have not been paid, and plaintiff has exercised its option and declared the said notes due and payable. Thereafter, on or about April 9, 1914, said Slaughter transferred the said notes, together

with all liens therein contained, to the plaintiff herein, who is the legal owner and holder of the said notes and liens; that the said Gutru, subsequently, purchased the said property and assumed the payment of the said notes; that the defendants have wholly failed and refused to pay the said notes or any part thereof.

Plaintiff prays citation; judgment foreclosing the vendors lien as it existed on March 1, 1909, or in the alternative that title to said land be vested in plaintiff, for damages, costs and general and special relief.

HEREIN FAIL NOT, but have you then and there before said Court this writ, with your return thereon showing how you have executed the same.

WITNESS: MATT L. COBB,  
Clerk of the District Court  
of Dallas County, Texas.

**A HEREFORD MAN FINDS "FRIJOLAS" A GOOD CROP.**

Samuel Wailes, of Hereford, planted last year, in May, 19% acres in Mexican beans, "frijoles." He sold the entire crop, 16,330 pounds, at 4 1/2c per pound. His revenue was \$36.75 per acre, and in addition to the cash received he had left excellent hay for

cattle and sheep. The expense of planting and making the crop is about the same as that of any other row crop, he states in The Hereford Brand. The Western National Bank of Hereford bought the crop and is selling it out at retail at cost.

**LIVESTOCK BRING GOOD PRICE AT PELPHREY SALE.**

FLOYDADA, Texas, Mar. 8.—Stock of all kinds brought exceptionally high prices at the sale of F. Pelphrey, deceased, fifteen miles southwest of Floydada Wednesday. Red Polled cows and heifers and some two- and three-year-old fillies brought the highest prices recorded at sales in this county.

An incident attendant upon the sale was a bloody fist and rock fight between Roy Chapman, of Cone, and Otis Murray, of Starkey. Neither was seriously hurt.

# First Annual San Jacinto Celebration

AT  
**Wayland College, Plainview, April 22**

Holiday, Picnic, Declamation Contest, Basket Dinner, Track Meet, Basket Ball, Base Ball

## EVERYBODY INVITED

The program will be an inter-scholastic meet for declamation and athletic contests in which all public schools of the South Plains and adjoining territory may participate.

On the basis of scholastic census and population of the town or district, the schools are divided into two classes. Any school may be transferred to the other class by offering sufficient reason.

**CLASS A includes—Canyon, Crosbyton, Floydada, Hale Center, Hereford, Lockney, Lubbock, Matador, Plainview, Silverton, Tulia.**

**CLASS B includes all other towns and rural schools of this section. Scholastics not attending school are considered a part of the school in their district.**

In the declamation contest only one from each school may enter, and the time is limited to ten minutes. In the track events each school may enter as many as they please, provided that not more than three try in any particular contest.

For each class there will be a declamation contest in the morning, and high jump, broad jump, fifty yard dash, one hundred yard dash, 220 yard dash, and girls basket ball in the afternoon. The winner in each case will be awarded a nice pennant and the school winning the most points will be awarded a special pennant. Toward this pennant 1 place counts 10, second 5, third 1.

In addition to the above there will be a sack race for boys not over 14 years old, and potato race for girls not over 15. Each boy who enters the sack race should bring his sack with him.

All students of the Plains may enter the essay contest. The subject is to be some phase of "Cowboy Life on the Plains", and the essay is limited to 2500 words. The winner will receive \$2.50 in gold.

Late in the afternoon Wayland and Seth Ward will play base ball.

To cover expenses an admission fee of 25c will be charged each person and this includes the entire program of the day—all inter-scholastic contests and the base ball game between Wayland and Seth Ward.

All schools that expect to enter should send names of their contestants and the contest they are to enter to J. C. Stephens, Dean of Wayland College, Plainview, Texas before April 22. All contestants whose names are sent in before April 15th will be exempt from the 25 cent admission fee.

For further information write to **J. C. STEPHENS, Dean**

## The Herald's Review of the Movies

"The Red Circle" No. 5 comes to The Olympic on Thursday. "Weapons of War" is the title of this episode. This promises an exciting adventure for June Travis, the heir to the Red Circle brand of the criminal Borden family. Three good comedies will complete this bill.

The same day, at The Mae I. "A Romance of the Alps," a two-reel love story of the mountain peaks, and of the Austrian Tyrol, featuring Marguerite Marsh, heads the bill. This feature is said to be a strong picture of mountain scenery and sturdy emotions. It is semi-military in character. "In Baby's Garden," a one-reel misadventure starring "Baby" Helen Badgley as a safe robber, promises to be a delightful diversion. "Drifting," a one-reel camp drama, features the manhood of two rivals in love.

The Ruby offers two comedies and "The Losing Game" on Thursday. Darwin Karr features in the three-reel drama of a good and a bad brother and a stolen will.

Friday promises to be a big day at The Olympic, with dainty Marguerite Clark appearing in "Mice and Men." The critics say of this that it is a "charmingly wholesome play." This is a famous Players five-part subject, "The Famous Players five-part subject, Inner Soul," a two-part drama, com-

plotes the program. The latter is a somewhat improbable story of a woman who married the same man twice before learning that the "primrose" path is always the hardest in the end.

Miss Clark in the beginning has the role of Peggy, child, one of the many in an orphan asylum. From that institution she is "ok" into the home of a man who has been impressed by a sentence he has read in a book that if a man would live a wife to his liking he personally should superintend her upbringing.

The plan works out splendidly until Peggy is woman grown. Mark Embury, the gardian, has set the stage for a proposal. In the moonlit arbor, with a lakon in the background, he hesitates—ands lost. The real lover appears, extads his arm, and Embury gets not other chance.

The picture is finely staged. The exteriors are of the South, with the southern atmosphere—with the moss-laden bushes of the trees, with those stately porticoed and column-adorned white mansions that are found only below Mason and Dixon's.

"The Sam at Work," at The Ruby Friday, is an educational number, showing the Weather Bureau, the Lighthouse Service, the Revenue Cutter Service and scenes from the U. S. S. New Jersey. It depicts interesting scenes of comparatively unknown organizations. Two comedies and "The Famous Players five-part subject, Inner Soul," a two-part drama, com-

plotes the program. The latter is a somewhat improbable story of a woman who married the same man twice before learning that the "primrose" path is always the hardest in the end.

### Will Give Firemen "The Devil"

Wednesday night The Mae I. will offer "The Devil," a Mutual Masterpicture in five reels, featuring Bessie Barriscale, and a Beauty Comedy, "Almost a Widow." This is a benefit performance for the Plainview Volunteer Fire Department.

SCENE FROM "THE DEVIL" FIVE PART MUTUAL MASTERPICTURE PRODUCED BY NEW YORK MOTION PICTURE CORPORATION Firemen's Benefit at Mae I. Theatre Wednesday.

A five-reel Mutual Masterpicture, "The Deadlock," at The Mae I. Friday, is a stirring drama of Alaskan adventure, filmed in the snow-bound wastes of the Klondike, featuring Wilma Wilkie and David Butler. The principal scenes in this photoplay were taken on the famous Dawson trail in mid-winter. They make fit settings for the stirring plot, vigorous action and big dramatic leads of the piece. There is pictured in the film the world's champion dog team and their owner and trainer. It is a story of cards, love, gold mines, and daring adventure. The World's Champion Baseball Series between Boston and Philadelphia, as a closing two-reel feature, should make this program unusually interesting and entertaining.

A three-reel number, "Across the Rio Grande," Saturday, at The Olympic, should be particularly interesting just at this time, provided it is true to life there. The critics claim it a forcible desert-country setting. A young engineer is captured by Mexicans and makes a terrific struggle to free himself. The horseback riding is a memorable feature and the night photography very good.

Saturday, at The Mae I., "The New Adam and the New Eve" features Grace Valentine in three acts. Nathaniel Hawthorne's romance by the same name is said to have inspired this picture of an absorbing love story of

the present day. "Hannah's Henpecked Husband," a clever comedy of disillusionment, completes the week-end offering.

Three good single reels and a two-reel circus comedy, "Hughy of the Circus," closed the week at The Ruby. It is a varied program containing a Pathe News reel and No. 56 of the "Hazards of Helen" series. The circus comedy has as its lead Hughy, supported by the Bearded Lady, the Fat Lady, and an old maid. "The Tramp Telegrapher" is another of the exciting Helen railroad stories.

### TEXAS U. JOURNALISTS TO SERVE MADE-IN-TEXAS BANQUET.

Jugs for the Editors Will Be of Athens, Texas, Manufacture—Editors Use Paste.

Plainview is to be represented in the big made-in-Texas banquet which will be served by the School of Journalism of the University of Texas during newspaper week, March 20-24. Colonel R. P. Smyth will forward for use of the journalists parsley from D. C. Aylesworth's truck garden and potatoes from the crop of J. W. Tatum. Even made-in-Texas garments is one of the startling features which will be enjoyed by the newspaper men in attendance upon Newspaper Week.

Honest, made-in-Texas garments will be one startling feature of the great made-in-Texas banquet.

"Clad in Texas-made jumpers and overalls furnished by Miller Brothers, of Galveston," says E. O. Brown, of the School of Journalism, "around a board made festive by made-in-Texas truck, there is every promise of a thoroughly enjoyable and instructive and wholesome hour of eating held out to the hundred Texas editors who have indicated their intention of being on hand. After the banquet there will be some Texas-made speeches produced by Texas air impinging upon vocal chords which have been grown principally in Texas.

"The memento of the happy occasion will also consist of objects grown or manufactured in the Lone Star State. Here will be a Texas-made basket, containing in the first place a jug made in Athens, Texas, of Texas clay, by the Athens Pottery Company, the said jug being designed to contain the editor's paste; the Waples-Platter Company, of Fort Worth, contribute to this basket a one-pound can of White Swan Coffee (roasted but not raised in Texas); each one of the hundred or more souvenir baskets will contain also a bottle of Texas-reared pickles from Price-Booker, Houston; the Hub Furniture Company will contribute to each basket a chance at a beautiful fumed oak library table, the owner to be determined by lot; the Brown Candy Com-

### Nationally Advertised Goods Implies Standardized Goods

The manufacturers of these goods spend millions annually in conducting their advertising campaigns in order to get the public to associate their brand for the article in question. By using persistency they get results. When you think of buying hosiery naturally you think of Black Cat, when you think of a hat Stetson bobs up, so it is with Selz for shoes, McCalls for patterns, etc. The consumer is doubly protected—first in buying goods that have been tried and repeated, and in having a double guarantee.

**JACOBS BROS. CO.**  
ONE PRICE SPOT CASH

The manufacturer who is willing to go before a criticizing public and "expose" his products in all detail of construction, quality and guaranteed worth is the producer who has faith in his own goods. You as a buyer are protected by his faith and his advertised assertions. He must live up to his advertising and he knows it. A manufacturer who is offering for sale a product as good as it can be made welcomes publicity and pays big sums to obtain it. The nationally advertised product does not cost more because of heavy advertising appropriations—rather does thoughtful advertising so greatly increase production that manufacturers are enabled to cut selling costs.

**PANHANDLE STEERS BRING \$9.25 AT KANSAS CITY.**

**KANSAS CITY STOCK YARDS, March 10.**—Only one packing house in Kansas City is killing cattle today, Friday, everything bought this week having been cleaned up last night. The extraordinary strength of the market is based on necessities of killers. By Monday beef hunger will manifest itself, and a strong demand is assured. Whether the advance of 35 to 50 cents made this week on the various grades of beef cattle will be maintained depends on the size of the supply. A good run will doubtless arrive Monday, and it is possible that the market may break next week, but if the advance this week was an exposition of true conditions in the beef trade, it should be held next week.

Finished steers close the week worth \$9.25 to \$9.60, bulk of the beef steers at \$8.25 to \$9.15, including pulp-fed Westerns, which sold this week up to \$9.10, and corn and cottonseed Oklahoma and Panhandle steers, best of which sold at \$8.90 to \$9.35 this week. Cows bring up to \$7.75, with a long list of daily sales at \$6.75 and upwards, and prime baby heifers sold up to \$10.00 this week. The common price for fair to good bulls is \$6.50, with choice ones up to \$7.25, veal calves \$9.50 to \$11.00.

Stockers and feeders slowed down a little after Wednesday, but close at a high point. More stockers have arrived this week than any time in a month, and while the price is high, further advances appear justified by the soaring of the beef cattle market. Stockers are coming thinner than usual for this season, and should make good gains through the spring. Feeders sold up to \$8.45 Thursday, and stock steers largely at \$7.25 to \$8.00, stock cows and heifers \$5.65 to \$8.00.

Hog receipts today 3,500 head, market 15 to 25 cents higher. Top price was \$9.75, and bulk of sales ran from \$9.50 to \$9.75. The great feature this week has been extraordinary buying of order buyers for shipment to Eastern killers. Tuesday they bought 48 per cent of all the hogs sold, Thursday their purchases took 59 per cent of the total supply, and today they bought three-fourths of the offerings. Small receipts at Eastern markets, and good fresh pork and smoked meat trade explain the great demand for shipment. Of course, local packers need many hogs to fill their orders, and the result is a very keen market.

Sheep and lambs sold stronger yesterday, steady today, supply only 500 today. The week closes with best fed lambs worth \$11.15, some weighing 97 pounds yesterday at \$11, ewes \$7.25 to \$8.15, yearlings around \$10.00 for best. Quality has averaged below par this week, as end-of-the-season shipments from the San Luis Valley predominated. Choice stock would get strong competition.

J. A. RICKART,  
Market Correspondent.

**WORLD'S LEADING TOBACCO CITY.**

Following are extracts from an address delivered by Col. A. D. Watts, Collector of Internal Revenue for the Fifth District of North Carolina, at a smoker given by the Twin City Club, Winston-Salem, February 4th, 1916:

"Winston-Salem is supplying one-fourth of all the chewing and smoking tobacco consumed in the United States, besides exporting vast quantities to foreign lands. This statement is taken from the report of the Commissioner of Internal Revenue for the first quarter of the present fiscal year and from private advices from Washington, as to the second quarter, which ended December 31st, last.

"Your city is making one-seventh of all tobacco products—chewing and smoking tobacco, cigars, cigarettes and snuff—manufactured in the United States. Your manufacturers are paying on an average about \$37,000 a day revenue taxes to the Government, and the amount is increasing from month to month. When your government building, much the handsomest in the State,

was completed, last July, at a cost of \$250,000, your newspapers made the statement that the taxes paid in your city to Uncle Sam for the first eight days of its occupancy would pay for it. Since September, it has taken only a fraction over seven average days' collections here to equal its cost. So far this week, Mr. Cranford has taken in \$206,428.50. I predict that before 1916 shall have ended your average weekly payments to the Government on tobacco will more than pay for this magnificent building, leaving the collections for the other fifty-one weeks as clear profit

to the Government. "Winston-Salem is shipping on an average each week day to all parts of this country and to foreign lands at least \$150,000 of tobacco products. "In conclusion, Winston-Salem manufactures more tobacco, all tobacco products are taken into this statement, than any other city on earth, little or big. Industrially, she is easily first in North Carolina, population considered, first in America, and, I believe, in the world; socially, a never failing delight to her friends."

## The Plainview Evening Herald

TWICE-A-WEEK

—Published Every Tuesday and Friday Evening by—  
THE HERALD PUBLISHING COMPANY,  
Corner Broadway and Second Sts.

HERBERT S. HILBURN, Editor E. B. MILLER, Business Manager

Entered as second class mail matter July 1, 1914, at the Post Office at Plainview, Texas, under the act of March 3, 1879

\$1.50 a Year; 75c, 6 Months. Advertising Rates on Application.

### A GOOD BY-PRODUCT

Lambs at eight cents should look interesting to the average man on the farm. Ewes are not expensive. Their wool pays for their keep. A few can be run on the average farm with little cost for feed. They are the gleaners of the farm. With lambs from seventy-five per cent of the ewes there is a good profit in handling them.

One farmer in the Plainview country recently sold a load of lambs averaging in weight 108 pounds. They brought eight cents. He has the ewes yet and has some wool from his small herd of sheep.

Sheep are the gleaners and become a by-product of the farm.

There is a good demand in the Plainview country for draft animals. Horses and mules are bringing good prices, and brood mares are few on the market and bring a high price. A few good brood mares apparently is a good investment for the South Plains farmer.

### WHY TAKE A CHANCE?

There's one way to know whether the seed you plant are good. That is to test them. The germination of a quantity of seed can be determined to a degree remarkably accurate.

The Wichita Daily Stockman compares the farmer who does not test seed he plants to the man who sells a bill of goods for \$5,000 cash and does not count the money. And, also, to the engineer who knows that flood waters might have weakened the bridge he is to cross and knows that it has not been tested since. He just takes the chance. The \$5,000 might be there, the bridge might be safe, but why take the chance?

### CONVENTIONS WORTH GOING AFTER.

Many of the larger cities so feel the importance of drawing conventions that they have bureaus for this purpose, maintained at a cost of many thousands of dollars. It is estimated that every man who spends a week in attendance at a convention spends \$70 in the city. The merchants reap the benefit of this additional patronage.

Just figured out in dollars and cents, conventions are good things for any city or town. There is an intangible advertising value which is appreciable.

If the large cities see enough in conventions to cause them to appropriate thousands of dollars to secure them, and to maintain separate bureaus to interest organizations in their cities, isn't it good business policy for the smaller cities to attempt the same thing on a scale in keeping with the size of conventions?

### THE PAPER SHORTAGE GROWS.

The rigid economy in the use of paper of all kinds is being urged by Parliament in England. It is stated in current press reports that an edict may soon be issued prohibiting use of paper for certain purposes. The president of a large paper mill has brought to the attention of the Department of Commerce of the Federal Government that there is a serious shortage of raw material for the manufacture of paper, including rags and old papers. He urges the department to make known that the collecting and saving of rags and old papers would greatly better existing conditions for American manufacturers. The paper market is very unstable and the supply is limited. Nearly all large orders have been only partially filled, and mills under contract are having difficulty in meeting the demands. Several of the large mills of the country have shut down on account of inability to secure raw materials.

### BONDS ARE EQUITABLE.

The passing of the bond issue Saturday by a vote of ten to one shows that the people of Plainview Independent School District are awake to the needs of their schools. Fifty thousand dollars will provide well for the schools for the next few years, if the money is expended judiciously. And the Board of Trustees plan to make thorough investigation of modern plans before contracting for the new building.

Bonds are equitable. They distribute the burden of taxation through a period of years and the present taxpayer meets only his proportional part. Taxation is more or less approximate, and the bonding plan is as nearly correct as any form of taxation used.

### WANT MEETING OF TEXAS SWINE BREEDERS.

Through its commercial organizations and interested private individuals, Plainview is inviting the Texas Swine Breeders' Association to hold its next meeting here. We believe we know how to entertain conventions. We know of no organization which could more appropriately meet in Plainview than this exponent of the mortgage-raising industry. It's trite, but true—"Plainview is the most piggish part of the United States."

## Lines to Be Remembered

O shame to men; devil with devil dam'd  
Firm concord holds, men only disagree  
Of creatures rational, though under hope  
Of heavenly grace, and God proclaiming peace,  
Yet live in hatred, enmity and strife  
Among themselves, and levy cruel wars,  
Wasting the earth, each other to destroy.  
As if, which might induce us to accord,  
Man had not hellish foes enow besides,  
That day and night for his destruction wait.

—Milton.

### WEST TEXAS PRESS.

The Tulla Herald and The Clarendon News are to have improved papers by reason of recently purchased Linotypes.

Sweetwater is making considerable stir of a proposition to endeavor to locate another A. & M. College in West or Northwest Texas. Six years ago we were much interested in such a proposition, but when we got down to Austin and found East Texas senators as thick as thieves, many counties touching each other having senators, while out in the west it takes forty-nine counties to have one senator, we decided that the first thing to be done was to redistrict the State. They stand about as much show of getting what they are asking as a snow ball in the hot place, until they can get a fair representation for the west part of the State.—Hall County Herald.

But the booming, bounding west will be recognized at some time or other. The agricultural resources of that part of Texas lying west of the 100th meridian is too extensive to be ignored. That the only way this vast territory can be served by the Agricultural and Mechanical College effectively is by dealing with soil and climatic conditions as they actually exist, is the belief of a majority of those who live in

the western part of Texas. This belief is attested by the large number of boys and young men who attend the agricultural colleges of Colorado, Kansas and New Mexico. We believe that the claims of this area will be given consideration in the course of time. It's just a matter of making the people of Central and East Texas see the expediency of the move. That two separate and distinct Agricultural and Mechanical Colleges for Texas is feasible, we do not believe, but that a number of well equipped junior colleges, with

ample facilities for studying conditions in the different sections of the State is feasible and necessary, we do believe. And it is highly probable that the regents of the A. & M. College have something of this nature in mind in their plans for the future of the Texas A. & M. When the regents see the necessity of widening out, enough pressure will be brought to bear on the Legislature to meet their suggestions.

### How About Amarillo?

Press dispatches out of Plainview yesterday evening gave information of the voting of a bond issue for \$50,000 with which to erect additional quarters for the public schools. The votes when all were counted stood seventeen against the issue and one hundred and eighty-four for it—more than ten to one.

Hurrah for the people of Plainview! They vote like men who are determined to build a city. There is inspiration in the action of the "Shallow Water Metropolis."

Amarillo should not allow Plainview to surpass her in matters of this character. It will be recalled that a few months ago a petition was circulated asking for the call of an election at

which the people should be asked to vote on a bond issue for the purpose of expanding the present housing facilities of the Amarillo public schools. The petition was liberally signed—in fact, practically every one given an opportunity appended his signature to the request for an election.

Despite the enthusiasm attending the circulation of the petition, no election was called, and the matter now stands as at the time, less the zeal exhibited then when the matter was fresh.

Amarillo, with her boasted superiority, may with profit follow the lead of her fair sister city in the South Plains Country, loosen the grip on her money bags, and advance another step in actual progress. Such action will reflect far more credit and satisfaction than would ghastrly, white, senseless and meaningless slabs erected in the cemetery above blackened and charred forms of beloved children whose lives were swept out in a fire.—Amarillo News.

Yes, Amarillo will need to "watch her step" if she keeps pace with Plainview and provides as well for the housing of her 2,100 children of scholastic age as Plainview is doing for her 1,100.

# The General Concensus of Opinion

Is that the merchant who sells better merchandise at lower prices is entitled to the business. We not only make the assertion but are practicing it daily that we are not only in position to give you more for your dollar, but at the same time make your shopping much easier.

Your child is entitled to the same just and courteous treatment as yourself, and with the One Price System, together with our efficient and courteous salesforce make it perfectly safe for you to send your children to our store.

If at any time after you make your purchase you are not entirely satisfied please do not hesitate to return same and have it adjusted, as we are concentrating all our efforts in giving perfect satisfaction.

Most merchants say that the price is the thing, we say Price and Quality is the Thing. The two are synonymous—one cannot exist without the other at a store where satisfaction predominates.

## SPRING COATS AND COAT SUITS

## CHRISTIAN CHURCH WILL HOLD GET-TOGETHER MEETING.

The members of the First Christian Church are planning to hold a get-together meeting, at the church, Friday evening, March 17. A banquet will be served, and there will be talks on church work by members of the church, and possibly Elder Ernest C. Mobley, pastor of the First Christian Church of Amarillo, will be one of the speakers. The attendance of all members of the church, as well as those who belong to the denominations and have not identified themselves with the local church, is urged by the arrangement committee.

Although this church has not for some time had a pastor, it is stated that the work is growing, especially in the Sunday School. Last Sunday ninety were present, including every officer and teacher. This is the largest attendance for two years.

## CITIZENS OF HALE CENTER ORGANIZE COMMERCIAL CLUB.

Sanders Says, "Too Much Self Center and Not Enough Hale Center" Will Retard Town.

Last night a commercial club was organized at Hale Center. An advisory committee had been appointed several days previous to the meeting, and this committee had the proposition well in hand. Joe Lee Ferguson was temporary chairman.

A prize of \$5 had been offered for the best answer to "Why Hale Center Doesn't Grow." A committee composed of R. M. Ellerd, A. F. Anderson and H. C. Howard decided that the suggestion of A. O. Sanders, of the firm of Quisenberry & Sanders, was best. It is: "Too Much Self Center; Not Enough Hale Center. The Town Cow Has Too Much Liberty." Explanatory to the above, Hale Center is now debating the question of enactment of a stock law.

Permanent organization of the commercial club was effected.

## JOE KELLEHOR GETS FOURTH PLACE AT FAT STOCK SHOW.

Joe Kellehor had a load of Hale County hogs on exhibition at the Fort Worth Fat Stock Show, and they were awarded fourth place yesterday. He will receive a prize of \$25 cash. These hogs stood well in the class in which they were exhibited, despite the fact that they were shipped from Plainview only Friday and had a long wait en route, which caused their condition for showing not to be the best.

## SERVING NOTICES TO PUT IN NEW CONCRETE SIDEWALKS.

Notices are being served on property owners who have not been notified to put in concrete sidewalks. B. L. Spencer, city secretary, stated this afternoon that the walks ordered at this time will complete the thirty blocks of continuous sidewalks which the council has ordered. It is a step in the direction of securing free delivery of mail in Plainview. City Marshal Vaughn started this afternoon with the notices, and will serve them within the next day or two.

## COMPULSORY ARBITRATION IS SUBJECT FOR DEBATE.

Two Baptist Colleges Will Be Represented in Forensic Contest Friday Night.

Friday night the team from Wayland Baptist College will debate in the Wayland Chapel a team from Goodnight Baptist College, of Goodnight, Texas. The subject is compulsory arbitration before a Federal board of disputes between capital and labor. Wayland College is represented by Blake Bolton and W. D. Rumble, who have the negative side of the question.

C. E. Stoneker, of Hamilton, Ohio, was here Sunday.

## DORSETT SAYS HE BELIEVES IN MUNICIPAL PREPAREDNESS.

Sees Need for Increased Sewage Disposal Plant and Septic Tanks for City.

Mayor J. L. Dorsett, in a conversation with a representative of The Herald, stated this afternoon that the septic tanks at the sewage-disposal plant, owned by the city, is overtaxed and the Texas Land and Development Company, through J. W. Longstreth, general manager, has complained that the drainage from this plant is being turned into the draw leading to Pioneer Park. "I believe in preparedness," said Mr. Dorsett. "I have seen for several months that this condition would face us. We need a larger disposal plant and a sanitary one. The necessity will be greater in the course of time, for new residences are being connected with the sewers.

"By the way," he continued, "the firewall at the pumping station has been completed. As soon as it is passed on by the State Insurance Commissioner, we are assured of another reduction in our insurance key rate. I believe the amount is six cents. This wall was recommended by the council several months ago, and is only one of the steps that have been taken to reduce our insurance key rate.

**GIST TO PUT FANCY CATTLE ON RANCH NEAR LITTLEFIELD.**

LITTLEFIELD, Texas, March 10.—Almost ideal summer weather prevails here. Cattle on the range are doing splendidly. J. M. Gist received a car of extra fine registered Hereford bulls and cows from Kansas City this week. They will be carried to his ranch, 25 miles west of Littlefield. A handsome price was paid for these splendid animals.

The following families moved in this week to make Littlefield their permanent homes: A. K. Heit, wife and four children, and Frank Johner, wife and five children, of North Dakota; J. T. Carmody, wife and eight children, from South Dakota. The emigrant cars of J. R. Williams and C. H. Lewis, of Oklahoma are arranging to move to families will arrive in a few days. Several other families in the Dakotas and Oklahoma are arranging to move to Littlefield at an early date.

**COMMUNITY NEWS FROM OUR LONE STAR CORRESPONDENT.**

LONE STAR, March 14.—Our school pupils are doing fine, and work seems an enjoyment to our pupils with Mrs. Chas. Merrick and Miss Mary Applewhite as teachers.

We have church three Sundays in the month and Sunday School each Sunday afternoon, with good attendance.

Mr. Flite has nearly completed his new five-room house.

Mr. Hamilton and a Mr. Phillips both have new houses, Mr. Phillips having bought Mr. Guget's new house.

Our farmers are quite busy these days. There has been a good deal of small grain sown in our community.

Adam Savage and wife have moved into their new home.

Joel Nance and his new bride will move soon to their new home, near Whitfield.

The singing at E. G. Foster's Sunday evening was well attended, and all report a splendid time.

Several of the men of our community have been attending court at Floydada the past two weeks.

E. G. Foster and family visited relatives in Tullia Saturday. Mr. Foster has a daughter attending school in Tullia this winter.

W. B. Hatchett returned from Kansas City a few days ago, where he has been to dispose of his steers he has been feeding, and we are glad to know that Mr. Hatchett came out all O. K. on his steers.

I. H. Fowler, wife and two sons, Mrs. R. W. Smith and Mrs. E. C. Dodson drove to Canyon Saturday in Mr. Fowler's new Imperial car, returning Sunday. They were visiting relatives who are attending school in Canyon. They all report a splendid time.

Mrs. Oliver Savage has been quite sick, but is up again at this writing.

Chas. Merrick was a visitor in Lockney Monday.

Many of our farmers' wives are gardening these days.

Success to The Herald and its editorial staff.

**Tom Shelton Building Good House on Place South of Helen Temple Farm.**

WOODENWATER, March 13.—The pesky tax assessor slipped one over on us last week.

If you have lost any of your sandhill cranes, they are over in our wheat field.

A small addition is being built to the house on Helen Temple Farm.

Tom Shelton is building a good house on his place south of Helen Temple Farm, where he intends to make his home.

The social at Woodrow School Friday evening was quite a success.

Mr. Moore and Mr. Mise has planted a large acreage of oats with a neighbor about three miles west of this place.

E. F. Sevier came near having a serious fire on Saturday, March 4. Sparks from the chimney, possibly, or probably a cigarette, stub, caught in trash in the feed lot, with the wind blowing towards the feed ricks. The timely arrival of some of the neighbors probably saved him his feed.

Will Wise and family Sunday in the Liberty neighborhood. They are living in the Runningwater district at present.

**MAN NO NATION WANTED**

**BURIED IN STATEN ISLAND.** NEW YORK, March 6.—The travels of Nathan Cohen, the "man without a country," who for two years was carried back and forth between New York and South American ports on steamships because he was refused shelter in both the United States and Brazil, have ended, and his body lies in a Hebrew cemetery in Staten Island.

Cohen's journeys of more than 33,000 miles up and down the Atlantic Ocean caused his fate to be likened to that of the "Wandering Jew." He was born in the province of Courland, Russia. For a number of years he was in business in Brazil and, accumulating several thousand dollars, he came to the United States, landing at Baltimore three years ago. Subsequently he went to Jacksonville, Fla., where he lost his little fortune and his wife left him. While searching for her in Baltimore he became insane. Under the immigration law he was ordered

deported, as he had become a public charge within three years of his arrival in America.

He was sent to Rio Janeiro on a steamer of the line which brought him here, but Brazil refused to let him land. Returning to New York, he was again barred. After traveling back and forth for two years he was allowed to land here after intercession on his behalf by the Knights of Pythias and the Hebrew Sheltering and Immigrant

Aid Society of America, which promised to send him to Russia after the war.

**PRINCE ALBERT**

the national joy smoke

is the real tobacco for jimmy pipes and makin's cigarettes

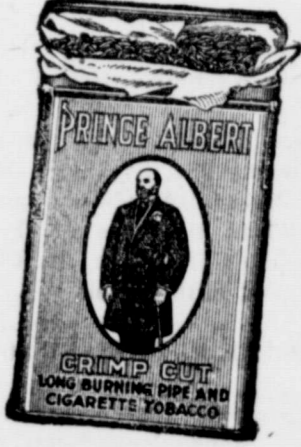

**Get a Fresh Start!**

For men who got away to a false start on a pipe or home-made cigarettes Prince Albert has a pipe or two for what ails their smokeappetites!

Forget you ever tried to smoke, for Prince Albert is so different, such a fine flavor, so cool and cheerful and friendly, you'll get a new idea of smoke joy! The patented process fixes that — and cuts out bite and parch!

And this little preachment is also for men who think they're on the right track. All to be said is that the sooner you lay out a nickel or a dime for a supply of Prince Albert, the sooner you'll make a discovery that'll be worth a lot to your peace of mind and tongue!

Get the idea of smoking all you want without a comeback—that's P. A!

Buy Prince Albert all over the civilized world! Topsy-turvy bags, 5c; tidy red tins, 10c; pound and half-pound tin humidors—and that classy crystal-glass pound humidor with sponge-moistener top that keeps the tobacco in such fine shape—always!

R. J. REYNOLDS TOBACCO CO., Winston-Salem, N. C.

On the reverse side of this tidy red tin you will read: "Process Patented July 30th, 1907," which has made three men smoke pipes where one smoked before!

CALOMEL DYNAMITES
A SLUGGISH LIVER

Crashes Into Sour Bile Making You Sleak, and You Lose a Day's Work.

Calomel salivates! It's mercury. Calomel acts like dynamite on a sluggish liver. When calomel comes into contact with sour bile it crashes into it, causing cramping and nausea. If you feel bilious, headachy, constipated and all knocked out, just go to your druggist and get a 50-cent bottle of Dodson's Liver Tone, which is a harmless vegetable substitute for dangerous calomel. Take a spoonful, and if it doesn't start your liver and straighten you up better and quicker harmless to both children and adults. Take a spoonful at night and wake up feeling fine; no biliousness, sick headache, acid stomach or constipated bowels. It doesn't gripe or cause inconvenience all the next day like violent calomel. Take a dose of calomel today and tomorrow you will feel weak, sick and nauseated. Don't lose day's work! Take Dodson's Liver Tone instead and feel fine, full of vigor and ambition. —Adv.

IS IT YOUR KIDNEYS?

Don't Mistake the Cause of Your Troubles.

Many people never suspect their kidneys. If suffering from a lame, weak or aching back they think that it is only a muscular weakness; when urinary trouble sets in they think it will soon correct itself. And so it is with all the other symptoms of kidney disorders. That is where the danger often lies. You should realize that these troubles often lead to dropsy or Bright's disease. An effective remedy for weak or diseased kidneys is Doan's Kidney Pills. Residents of this vicinity are constantly testifying. Mrs. R. B. Meek, 813 North Spring St., Tyler, Texas, says: "About two years ago I used a couple of boxes of Doan's Kidney Pills, and found them to be a speedy cure for that dull, nagging ache in the back and other annoyances arising from disordered kidneys. Doan's Kidney Pills are a fine medicine."

Mrs. James Spratts is enjoying a visit from her mother and brother, of Wichita, Kansas.

W. T. Singleton and family were Plainview visitors Monday.

J. M. Huston was in Hereford Wednesday.

Mrs. Ruth Nash and little daughter left for New York City the first of the week.

Roy Greenlee arrived Wednesday from Carthage, Missouri, where he has been attending school.

D. G. Axtell was doing business in Hereford Thursday.

Mr. and Mrs. Yelton left Wednesday for Carthage, Mo., where they will visit with relatives.

M. E. Cleavenger's took their baby to see the doctor in Dimmitt Friday. At the present writing he is much improved.

Arthur Yelton has purchased the Taylor farm.

A baby boy arrived in the home of Mr. and Mrs. W. R. McCluskey Wednesday.

The Ladies' Aid, assisted by their husbands, met at the church Wednesday and Thursday and greatly improved the interior of this place of worship by paper and paint. We are certainly glad this work has been done, as it was very much needed.

Russell White, accompanied by Mr. and Mrs. Carl Paschkey and Miss Hazel White, motored to Hereford Saturday.

Spring Lake Literary Society met in regular session Friday night, with a large attendance. A good program was rendered, followed by a debate, with M. E. Cleavenger and C. E. Bales for the affirmative and P. D. Vore and P. S. Cunningham for the negative. The question was, "Resolved, that President Wilson's preparedness policies are right." A decision was given in favor of the affirmative. Come and have a good time every other Friday night at the school house.

C. W. Nimon, of Gainesville, has been here this week on business.

S. O. Hurst, of Waco, has had business here this week.

Warren Johns, of Dallas, was here Saturday on business.

**NEW ABERNATHY POST OFFICE BUILDING IS COMPLETED.**

ABERNATHY, Texas, March 13.—Mrs. Stone, who has been seriously ill for the past few days, is improving.

The Abernathy folks went to Lakeview last Saturday night and presented the play "The Face at the Window." The proceeds will go for the benefit of the Methodist parsonage at Abernathy.

Rev. R. D. Steward filled Rev. Bone's appointment here Sunday morning and evening, delivering two excellent sermons.

J. C. Arnett, our enterprising postmaster, has just about completed a new post office building, and it will be ready for occupancy one day this week. We understand that he is to put in a stock of goods.

Mrs. Tom Fletcher and children visited relatives in Lubbock last week.

S. Brower Hannah went to Plainview Monday, where he entered Seth Ward College. Mr. Hannah is a promising young man, and we wish him well.

The Abernathy basketball team went

to Estacado Saturday and played a game of basketball.

Mr. Brown, of Slaton, arrived Saturday to join his wife and little son, who are visiting her parents, Mr. and Mrs. F. F. Barnes.

Mrs. St. Clair is painting her residence this week, which adds much to the appearance.

Some prospectors from South Dakota were in Abernathy last Saturday, and expressed themselves as being well pleased with this section of the country.

The McAdams Lumber Company at this place is enlarging its lumber sheds to make room for more stock.

W. B. Tudor has sold his garage to Messrs. W. A. Harrel and C. E. Stout, who will continue the business here. We understand that Mr. Tudor will remain a citizen of Abernathy.

C. G. Goodman, of the First State Bank of Abernathy, is spending a few days this week in Dallas on business.

A baseball team has been organized in Abernathy, and we are informed that practice will begin soon. Abernathy had a good team last year, and with some new strength added for this season we expect to capture a number of games this summer.

Miss Kathryn Darden entertained a number of her friends last Friday evening in honor of her birthday.

Sunday night the Hardesty Dry Good Store was broken into and a number of things were stolen. So far no arrests have been made.

**REUBEN M. ELLERD**

OF PLAINVIEW, TEXAS, CANDIDATE FOR CONGRESS 13TH DISTRICT

**ON PREPAREDNESS**

I am with and for our Democratic administration and its splendid policies, and believe that our Nation should take its place as a WORLD POWER and that it should have all facilities and equipments necessary to enforce and properly defend its rights as such, to the end that those who subscribe to the false doctrine that might makes right may be held in subjection and our peaceful progress insured.

I am opposed to militarism and war, believing that the central thought in all government should be the CONSERVATION of human life and resources and promotion of the public good everywhere, and that the Government's greatest asset is her citizenship.

was carried Saturday for an operation for appendicitis. At last reports he was improving. Edwin Hardesty has also been confined to his bed for several days on account of an attack of appendicitis, but at this writing is some better. We hope these young men will soon be restored to health.

**BARBEE WILL MAKE RACE FOR COUNTY COMMISSIONER.**

R. T. Barbee has asked The Herald to announce that he is candidate for commissioner of Precinct No. 4, Hale County. He lives nine miles northwest of Plainview, on the Running-water road. He has lived in the county for nine years. "If I get the office, I expect to tend to it just as I have tried to do in my own business," Mr. Barbee states.

**LAYNE & BOWLER OPEN AN UP-TOWN OFFICE.**

The Layne & Bowler Company have opened an office up town, in the Grant Building.

Miss Bertha Jacobs left Sunday morning for South Texas points, where she will visit before returning to her home, in Dallas.

**LAKEVIEW SCHOOL GETS \$500.**

Today word was received from Austin to the effect that \$500 had been appropriated from the State's rural school fund for the Lakeview School. Professor Dudley H. Stovall is teacher at this school. This is the sixth district in Hale County which has met the requirements of the State board and received aid from this fund. Good building, standard curriculum, sanitary ventilation system, good water and a fifty-cent school tax are some of the requirements.

**THREE SOUTH DAKOTA MEN MOVE TO PLAINVIEW COUNTRY.**

P. H. Connelly and L. D. Mosher, of South Dakota, have moved to the Plainview Country, having purchased quarter-section farms each. Mr. Connelly has been raising standard-bred harness horses. He will continue in this business here. Mr. Mosher for a number of years has been dealing in Percheron horses. They have moved to their farms, eight miles northeast of Plainview.

Some three months ago P. H. Connelly, Jr., and wife moved to the Plainview country. Mr. Connelly was suffering from asthma, and made the

move for the sake of his health. He is much improved.

**UNITED STATES ACCEPTS CARRANZA'S OFFER.**

(Continued from Page One.)

Funston and his chief of staff, Major Malvern H. Barnum, remained at headquarters until a late hour keeping in close touch with the situation.

**Expedition to Be Strong.**

That the expeditionary force will be a strong one was indicated by a statement by the General that when the expedition was fully organized, there would be only six or eight regiments other than those on the border left in the United States. This did not take into account troops in the Canal Zone and Philippines.

**May Mobilize Militia.**

EL PASO, March 13.—Officers leaving camp near El Paso are authority for the statement that the National Guard of Texas will garrison the posts made vacant by the punitive expedition which is to enter Mexico. Fort Bliss is almost depleted by the orders for concentration at Columbus, and it is stated that the state militia may be mobilized.

**FREE BLUEPRINTS OF FARM BUILDINGS ARE OBTAINABLE.**

Chamber of Commerce Has Set of Plans Drawn by Experts of the A. & M. College.

One of the very important things the Extension Department of the Texas Agricultural and Mechanical College is doing is to furnish blueprints with all specifications for model farm buildings to the people free of charge.

There have just been received by the Chamber of Commerce a full set of blueprints of plans for a beef-cattle barn for seventy-five head; cattle-dipping vat; dairy barn, both a one- and two-story plan, with farming details included; five-room bungalow; four-room cottage; hog house, individual; hog house, 16 farrowing pens; home-made terracing level; home-made terracing drag; poultry house for seventy-five hens; silo (home-made Gurley silo); silo (home-made modified Wisconsin silo); soil-saving dam. These plans are drawn by the agricultural engineering department of the A. & M. College. They may be seen at the Chamber of Commerce. Their use is free.
