## CARRANZA'S ACTION IS DECLARATION OF WAR

HEAD OF DE FACTO GOVERNMENT ACCEPTS FULL RESPONSIBILITY FOR CARRIZAL MASSACRE.

## WASHINGTON SENDS NEW NOTE

U. S. Considers Carranza's Attitude as Deliberate Hostile Action Against Forces of the United States.

(Staff Special to the Dallas News.) WASHINGTON, June 25.—General Carranza has accepted full responsibility for the Carrizal massacre.

In a note made public here today he informs the State Department that he ordered it and that he stands by it.

In short, General Carranza has told the United States Government that he has begun war against the American forces in Mexico.

This note was handed to Mr. Lansing, Secretary of State, by the Mexican Ambassador designate, Senor Arredondo, late yesterday. President Wilson and Mr. Lansing considered it in conference today and later made public its text, together with the American reply to it.

The report shows that the administration is still holding off. But the words of the reply received only one interpretation here today, namely, that the administration is making a plea for time necessitated by the fact the militia is not ready for service and that the regular army can not move for the occupation of Northern Mexico until it has this support.

The gravity of the situation was emphasized tonight when President Wilson called in the ranking Democratic and Republican members of the Senate and House committees which have to do with foreign affairs.

President Wilson, they said, did not discuss with them the military difficulties of the situation, nor mediation. He merely laid all the facts up to date before them, especially the information about the latest note from Carranza and the reply of this Government.

Senator Stone, after the conference, told newspaper men that he regarded the future with pessimism, so far as the continued friendly relations of the two countries are concerned. Intervention or war, he said, seemed inevitable now.

It was reported today that President Wilson will in a day or so go to Congress with a special message on the situation, but those who attended the conference tonight said this possibility was not discussed.

Despite the plain statement from Mr. Lansing that Carranza has formally avowed responsibility for the opening of hostilities and of his intention to continue them, the American note merely concludes with a demand that the Carranza Government make "an early statement" as to the course of action it has determined upon. The theory is that in demanding of Carranza a statement as to his course of action "through the usual diplomatic channels, and not through subordinate military commanders," the administration was making a play to force a direct declaration from Carranza, which would even more positively force responsibility upon his shoulders for the beginning of the conflict.

**Text of American Note.**  
WASHINGTON, June 25.—The text of the note to the Mexican de facto Government, transmitted today to James Linn Rodgers, special representative of the American Government in Mexico City, says:

"Mr. Arredondo yesterday delivered to this Government the following communication:  
"I am directed by my Government to inform your excellency with reference to the Carrizal incident that the Chief Executive, through the Mexican War Department, gave orders to General Jacinto B. Trevino not to permit American forces from General Pershing's column to advance farther south, nor to move either east or west from the points where they are located, and to oppose new incursions of American soldiers into Mexican territory. These orders were brought by General Trevino to the attention of General Pershing, who acknowledged the receipt of the communication relative thereto. On the 22nd instant, as

## ELLERD CLUB IS ORGANIZED BY CITIZENS OF PLAINVIEW

Judge H. C. Randolph Is Chairman; Nearly Five Hundred Hear Plainview Candidate.

Nearly five hundred people heard Reuben M. Ellerd, candidate for Congress, this afternoon, when he spoke near the Citizens' National Bank. Mr. Ellerd entertained the crowd from the time he began until he closed. He set forth his platform in a terse manner, and told the citizens of Plainview that he wanted their support solidly and that he believed he would get it. His jokes were new and he kept his crowd in a good humor.

At the close of his speech Dr. I. E. Gates took charge, and after a few words of commendation of the Plainview man entertained a nomination for a chairman of the Plainview Ellerd Club. Judge H. C. Randolph was named. Chas. Cole, who is Mr. Ellerd's private secretary, was named as secretary. As members of the executive committee of the club R. M. Peace, Judge W. B. Lewis, Rev. I. E. Gates, W. A. Donaldson, J. M. Adams, J. J. Ellerd, W. A. Nash, J. W. Boswell, L. G. Wilson and Judge W. C. Mathes were named.

## WILL SHOW DAVENPORT SLIDES.

Col. R. P. Smyth, of the Chamber of Commerce, states that he has received a letter from the Art Department of the Ladies' Home Journal informing him that slides of Davenport, Iowa, flower gardens and yards have been shipped him. These slides will be exhibited at an early date at the Mae I. Theatre.

## Eight Cars Livestock Sent to the Markets Saturday

Eight cars of livestock were billed out of Plainview Saturday. H. W. Knupp had two cars of hogs for Fort Worth. Dr. A. C. Scott shipped from Helen Temple Farm two cars of cattle to Kansas City, and Frank Collison shipped to Kansas City four cars of cattle.

Yesterday a car of horses was shipped from Plainview to Lakeland, Florida, by A. E. Harp.

## REPRESENTATIVE WILL SPEAK.

Capt. T. J. Tilson, representative from this district, will speak in Abernathy Friday night and at Hale Center Saturday afternoon at three o'clock in the interest of his candidacy for reelection.

## AT HALE CENTER INSTITUTE.

Dr. R. F. Hare, county demonstration agent in Hale and Floyd Counties, was in Hale Center Saturday night to attend the farmers' institute there.

## SAYS HE'S TO BE CAPTAIN OF THE TEXAS RANGERS.

Yesterday morning F. F. Hardin, manager of the Plainview Lumber Company, took the north-bound train. In an interview he stated to a representative of The Herald that he was bound for San Antonio; that he is going to accept the captaincy of the Texas Rangers and that he will direct his men from his headquarters, the Staghorn Saloon, in San Antonio, by wire. Mr. Hardin has the reputation of being a truthful man.

## Men and Boys Only Admitted to Service Sunday Afternoon

Thirty have professed faith at the revival meeting which is being conducted at the Methodist Church by Rev. J. W. Story, pastor. Interest in the meeting is increasing. One of the attractive features is the singing, conducted by Professor R. E. Huston.

Sunday afternoon there will be a great mass meeting for men and boys. The pastor, Rev. Story, will preach for men and boys only at three o'clock. He requests The Herald to state that every man and boy is cordially invited to be present.

Austin Miller visited in Amarillo Monday.

## LLANO ESTACADO SCHOOL OF INSTRUCTION CLOSED

Next Meeting of Order Eastern Star School Will Be Held in Post City.

The School of Instruction of Order of the Eastern Star, District No. 2, closed Friday night, after a most interesting and instructive session. This school is a new organization, under direct supervision of the Grand Chapter.

Grand officers present were as follows: Mrs. Cora Posey, Indian Creek, Grand Matron of Texas; Mrs. Lottie Brown, Grand Representative of Grand Jurisdiction of Oklahoma, a distinguished visitor during the school; Brother R. W. Lemond, of Hale Center, Past Grand Patron of Texas; Mrs. Cornelia Lemon Claxton, Hale Center, Grand Deputy; Mrs. Hattie E. Beadle, Chillicothe, District Deputy; Mrs. Rebecca Robinson, Lubbock, Chairman Committee on Works.

The school will be called the Llano Estacado School of Instruction, District No. 2. Mrs. W. A. Todd, of Plainview, is appointive Secretary and Treasurer. Mrs. Lula Burton, Slaton, Mrs. Monroe, Post, and Brother Lemond, Hale Center, is committee on resolutions.

The next meeting of the school will be with the Post City Chapter. Mrs. Hattie Beadle proved herself to be a most proficient teacher. District No. 2 feels fortunate in having her as its instructor.

Thursday night the school was delightfully entertained by musical selections by Mrs. Tom Carter, Mrs. Julia Collins and Miss Rebecca Longmire and vocal solos by Miss Myrtle Wade.

Friday night the following officers of Plainview Chapter were installed: Mrs. Zetta Lash, Worthy Matron; Col. R. P. Smyth, Worthy Patron; Mrs. Julia Collins, Associate Matron; Mrs. Lissie Gassaway, Conductress; Miss Rebecca Longmire, Associate Conductress; Mrs. W. A. Todd, Secretary; W. A. Todd, Treasurer; Mrs. Emma Keck, Warder; Mrs. Mary Quisenberry, Chaplain; Mrs. Carrie Pipkin, Organist; Miss Lena Williams, Marshal; L. F. Cobb, Sentinel; Miss Joe Keck, "Ada"; Mrs. Mary Gardner, "Ruth"; Miss Ethel Williams, "Esther"; Mrs. Belle Tudor, "Martha," and Mrs. Martine, "Electa." Mrs. Cora Posey, Grand Matron, officiated as installing officer. The installation ceremony was beautiful and impressive.

Following the installation, a social hour was enjoyed. Mrs. Cora Pritchett and a quartet of trained voices charmed the audience by their tasteful and sympathetic renditions of some fine-part songs, which so delighted the audience that encores were demanded and most graciously granted. Cold, delightful punch was served before separating. Good-byes were reluctantly said, and the Llano Estacado School of Instruction was closed.

The list of out-of-town visitors included Mesdames T. Y. Reed, Bur Smith, Chas. Wilson, Bud Broyles, Gene Dyer, Buck Sams, J. A. Sweeney, Brittain and Leota Guest, all of Lockney; Mrs. Monroe and Mr. James, of Post; Mrs. Eva Smith and Mrs. Lula Burton, Slaton; Mrs. Maggard, Mrs. Claxton and Mr. Lemond, of Hale Center.

## LOCK IS CANDIDATE FOR RUNNINGWATER COMMISSIONER

In printing the ticket in last Tuesday's Herald the name of C. E. Locke was left off the list of candidates for commissioner from the Runningwater precinct. Mr. Locke is a candidate, and his name was omitted through error.

## PEARSON BACK TO SANDERSON.

L. R. Pearson, who has been in Plainview for the past ten days on a furlough, returned yesterday morning to Sanderson, Terrell County, where Company L, of which he is a member, is encamped.

## SEAGRAVES APPOINTED TO NEW OFFICE WITH SANTA FE SYSTEM.

C. L. Seagraves, general colonization agent of the Santa Fe System, has been appointed Industrial Commissioner of the Santa Fe, with headquarters at Chicago, Ill., to succeed C. A. Dana, transferred. Mr. Seagraves will continue in charge of colonization and agricultural development, the title of General Colonization Agent being abolished.

## STATE DEPARTMENT AIDS IN DIRECT FARM MARKETING

Each Member of Farmers' Institute Gets Copy of Bulletin Free Each Month.

At the County Court room Saturday afternoon the Hale County Farmers' Institute held its regular meeting. E. A. Zollcoffer, president, presiding.

The next meeting of the institute will be held on the last Saturday in July, at which time the delegates to the State Institute, at Austin, will report. It is pointed out by members of the institute that no admission fee or membership fee is charged. Each member of the institute is entitled to a copy of the monthly marketing bulletin, in which he may list free of charge any produce he has for sale. This bulletin has a State-wide circulation, and copies of it are also sent to marketing organizations outside the State. It is part of the State Department of Agriculture's plan of improving market conditions in Texas. Buyers who want certain products list their names with the State Secretary, sellers list what they have to sell with him also, thus making the department a clearing house for the farm products of the State.

A committee to arrange a program for the next meeting was appointed as follows: Professor J. E. Willis, Capt. T. J. Tilson and Mr. Reddell.

The institute adopted resolutions favoring co-operation with the Chamber of Commerce and Young Men's Business League of Plainview in the matter of railroad rates and of securing an agricultural and mechanical college for West Texas.

## Sheep Have Made H. D. Rosser Fifty Per Cent for Four Years

Fifty per cent net annual profit is the return for four years from a small bunch of sheep owned by H. D. Rosser, of Abernathy. On an investment of \$500 the average profit has been \$416 gross, or eighty-seven and one half per cent. Mr. Rosser estimates that thirty-seven and one-half per cent is a liberal allowance for the cost of feeding the sheep. They have been allowed to graze at will on pastures of wheat, grass, etc.

## AUTOS TO NUMBER OF 934 BEAR HALE COUNTY SIGNS.

The last license tax issued by County Clerk B. H. Towery bore the number 934. Many new cars are being bought, and one gentleman has already spoken for number 1,000.

In Amarillo a few weeks ago the certificate bearing the number 1,000 was sold to the highest bidder. Dallas recently sold its number 10,000 for more than a hundred dollars, the proceeds going to a charity fund.

## WILL PAY SOLDIERS.

Every man in the employ of Armour & Co., packers, prior to June 17, who is a member of the National Guard will receive full pay while on duty. Armour & Company will pay the difference between the army pay and the regular salary of its men.

The Southwestern Telegraph and Telephone Company will also continue pay to employees in the National Guard. Many other big corporations have adopted a similar policy.

## Expert Marksman Is Son of Mr. and Mrs. Thomas Gibbs

E. T. Gibbs, of Cawker, Kans., son of Mr. and Mrs. Thos. Gibbs, of Plainview, is an expert marksman. In the big registered tournament at Omaha, Neb., recently he won the annual Western handicap trap shooting event. Gibbs won the event on the second shoot-off of a tie with J. G. Fye, of Ollie, Iowa.

In the 100-target event Gibbs and Fye tied for first place with 92 out of a possible 100. On the first shoot-off both broke sixteen targets, but on the second shoot-off Fye lost by a 1-target margin.

## FOURTH OF JULY IN PLAINVIEW WILL BE GALA DAY--PREPARING FOR CROWDS

PEOPLE OF THE SURROUNDING COUNTRY INVITED TO SHARE WITH PLAINVIEW CITIZENS THE DAY'S ENTERTAINMENT.

"Something doing every minute" is the promise of the arrangement committee for the big Fourth of July celebration in Plainview. And there are some live ones on the committee.

The big program does not commence until 9:30 in the morning. This will allow all the people from a distance plenty of time to make the trip to Plainview. The merchants' and automobile parade will begin at 9:30 promptly. For this event prizes are offered to the amount of \$50. For the best decorated advertising float or automobile \$25 will be given, and for the best decorated individual automobile a similar prize. Any automobile is eligible to compete in this auto contest.

## SPECTACULAR WATER FIGHT BY FIREMEN.

Most of the people of Plainview have seen the big auto fire truck in action, but the firemen promise a spectacle that will eclipse any fire fighting they have done. Four lines will be connected to the big pump in action it will be a battle worth seeing. Exhibition runs with two to a side will wage a water fight. Plainview has enjoyed a fight between the firemen with only the usual main pressure. With the big pump in action it will be a battle worth seeing. Exhibition runs with the big truck will also be made. Members of the Lubbock company will be up to watch the big truck in action, that city now being in the market for a fire truck. It is probable that a special factory representative will be here to help the boys manipulate the truck and carry out the big stunts they are planning.

## RACES FOR EVERYBODY AT 11:30 O'CLOCK.

The foot races and fun-making contests will begin at 11:30. Fat man's race, potato race, 100- and 220-yard dashes are some of the events the winners of which will be awarded prizes. If there is a fat man who thinks a few dollars would feel good in his pocket and who has an idea that he is speedy, he is wanted for this race. One gentleman of corpulent stature who lives several miles in the country has already announced his intention of making the real speedy ones look slow. He takes a cross-country hike each morning to reduce his flesh, and has developed into a sprinter of class. He lays down the challenge. Members of the Plainview Firemen's Association and a number of college students who have been in practice this spring will enter in the hundred and two-hundred dashes. Classy races are promised. Of course everyone knows what a potato race is, and there will be many entries for this laugh-provoking event.

## \$1,000 IN PURSES FOR SPEED ENTHUSIASTS.

After dinner, at two o'clock, on the big speedway which has been made ready by the Plainview Oval Speedway Association, auto races will be staged. One thousand dollars in cash is offered as prizes. This will assure entry of numerous fast cars. W. Flake Garner, secretary of the speedway association, is now entering cars. Any persons desiring to enter may communicate with him by mail or wire. The first race will be a twenty-five-mile drive, with prize for winner of \$100.00. This race is for the small-car class. At four o'clock the big race of the day, a 100-mile race for stock cars, begins. The first prize is \$600 cash, second \$200 cash, and third \$100 cash. The race track is built in a large lake which has been graded for permanent use. It is one of the best tracks in Texas.

## FIREWORKS AT LAKE PLAINVIEW IN THE EVENING.

A display of fireworks such as has never before been made in West Texas will be made at Lake Plainview beginning at 8:30 p. m. The committee has already made arrangements for a \$250 assortment of bombs, rockets, etc., and an acceptance of their order has been received. So it is assured that there will be plenty of fireworks.

## \$1,000 CASH PIG RAISING PRIZE CONTEST YET OPEN

Boys and Girls Who Want to Enter Must Hurry—July 1 Is Last Day; Blanks at Herald Office.

One thousand dollars in cash is offered to the boys and girls of Texas by the Texas Industrial Congress, of Dallas, for the best pigs. Competition in the Frank P. Holland Hog Club, which is a class in the Texas Industrial Congress contests, is open to boys and girls ten years of age or over and under twenty on January 1, 1916. For the best hog (barrow) judged from the butcher's standpoint, and cost and method of feeding considered, not more than fifteen months old on November 1, 1916, this purse of \$1,000 is offered. The first prize is \$200, second prize \$150, third prize \$100, and \$50 to be awarded in the discretion of the committee on awards. A daily record of the kind and amount of feed used must be kept, and blanks are furnished free of cost for this.

Last year three Hale County boys entered the contest, and each won a prize, not the first, nor the second, nor even the third prize, but they secured \$25 in cash. These boys were Willard White, Bayliss Stoneker and Lewis Stoneker.

Those who desire to enter must have their application blanks in the hands of the secretary of the Texas Industrial Congress by July first. These blanks may be secured at The Herald office. There is no fee attached and pigs which are being fed in the Hale County pig clubs, if they meet the requirements of the Texas Industrial Congress, may be entered. But the blank must be in Dallas by July 1. The boys and girls who want to enter will have to hurry.

## PAVING EXPERT RECOMMENDS A ROCK ASPHALT PAVEMENT

Engineer Tells of Experiences of Cities, in Which He has Lived, With Different Materials.

According to N. Werinskold, of Dallas, who is in Plainview as an engineer to arrange for a plant for sewage disposal, the best street paving for Plainview would be rock asphalt. He has had considerable experience in street paving in Dallas and other cities. He stated that macadamized roads had formerly proved very satisfactory, but the advent of the automobile and its general use has revolutionized road and street building. The automobile is peculiarly destructive of macadamized roads. Brick, too, he considers good paving for the small towns. It withstands wear, if good material is used. Concrete paving with a coating of tar to soften the streets and deaden sound, is another good paving for light traffic, but must be very carefully constructed. He does not recommend wood blocks for this section, partially because the cost is prohibitive and partially because a heavy traffic is an aid to holding and packing wood blocks. In many places the blocks have given trouble by swelling in wet weather, despite the heavy emulsion of creosote with which they are treated.

ARE BUSY ON SURVEY.

Members of the survey committee from the Young Men's Business League are busy today securing information about the farms of the county. Others who were unable to make the trip today will take the census of their territory at a later date.

Judge C. H. Curl, of Littlefield, was here yesterday on business.

# WE OFFER HALL CAINE'S MASTERPIECE "The Eternal City"

A massive photoplay production in eight parts, staged and produced in Rome, Italy, with a cast reaching into the thousands, and starring the world's foremost emotional actress,

## PAULINE FREDERICK

HERE TWO DAYS, MONDAY AND TUESDAY, JULY 3rd AND 4th

### THE OLYMPIC THEATRE

Special Music

#### The Herald's Review of the Movies

##### OLYMPIC'S FEATURE JULY 3 AND 4 IS "ETERNAL CITY."

Concerning the eight-reel photoplay which will be shown at The Olympic July 3 and 4, the New York Tribune says:

"The photo-spectacle, 'The Eternal City,' with Pauline Frederick, which will open at the Broadway Theatre Saturday evening, February 20th, marks her first appearance in motion

pictures. It is also the most pretentious subject ever produced by the Famous Players' Film Company, the first concern to present famous plays and celebrated stars in motion pictures. It represents the first time that a prominent American actress has ever been sent abroad by a film-producing company for the production of a motion picture. It was directed by Edwin S. Porter, 'the father of the photoplay,' who produced the first dra-

matic story in motion pictures eleven years ago, in collaboration with Hugh Ford, the noted stage director, whose first film experience it was. It is the first time in the history of the motion picture that the Vatican Gardens, the Coliseum, the Castle of St. Angelo, St. Peter's and other historic spots in the imperial city have been used as settings for a screen drama. It is the first time that a regiment of the Italian army, or an actual military body of any government, was loaned to motion-picture producers to pose as film actors in a screen drama. It is the first time that a motion picture has inaugurated a new policy of such wide purport in a theatre, that of presenting a series of elaborate film spectacles in the manner of regular theatrical productions, to run indefinitely and as long as their popularity endures, with admission charges ranging from twenty-five cents to a dollar. It is the first time that the Pope has ever been presented on the screen as a dramatic character, and it is the first eight-part motion picture ever produced by an American film company.

"Added to the beauty of the subject, is the vital, timely interest derived from the fact that many of the ancient and historic buildings that were injured by the recent disastrous earthquake in Italy form the background of the screen production of Hall Caine's stirring romance."

Everything comes out all right in the finish of the three-reel photoplay "Politeness Pays," to be shown at The Ruby Thursday. There is a poor young man and a beautiful young actress to befriend him, and the picture has the same elements that gave "Peg o' My Heart" and "The Cinderella Man" their success. John Junior and Betty Brown have the leading roles, and Cossar and Marlon Skinner are prominent members of a well balanced cast.

Billie Reeves, Carrie Reynolds, Margaret Moore, Jessie Terry and Mimi Yvonne are members of the cast of "A Temporary Husband," a one-reel comedy. Most wives object to lending their husbands. This one strongly opposes such an arrangement, and makes things lively for her better half and the maiden who borrows him for the afternoon.

The action of "Her Bad Quarter of an Hour" is progressive. There are no cutbacks. "The picture is entertaining and smoothly acted," says the Motion Picture News.

A program of variety is offered at The Olympic Friday. A two-part, thrilling railroad story, "The Leap," in which Lee Hill and Gene Rogers do some hazardous things before the camera opens the program. It is a Universal production.

Another reel is the "Animated Weekly," a late-news film with interesting views from all over the world, including several of Uncle Sam's punitive expedition in Mexico.

"Truth Crushed to Earth" is the latest episode in "Who's Guilty?" Tom Blake, from the time he was a small boy, always told the truth. He was invariably punished for some small offense, after having told the truth. His instinctive desire for the truth was strong, but not strong enough to withstand the repeated outrages visited upon him while upholding it. When a crucial test came he was not strong enough to withstand, and lied. It cost him dearly.

The Olympic shows Friday "The Heart of Nora Flynn," a feature that reaches the Lasky standards. The story is original and illustrates one of the best traits of Irish character. A man or woman with real Irish heart cannot betray a confidence. Nothing is more repellent to the Irish character than to be an "informer."

Nora Flynn is only a poor, simple little servant, but she has the admirable trait of her race to a marked degree. Driven to bay, disheartened with desertion by the man she loves, her

reputation as a good woman trembling in the balance, Nora refuses to betray her mistress. True, her mistress has done nothing for her, even plots against her, but she is staunch in her human loyalty, and out of her sacrifice and suffering is born happiness to others. Surely there never was a finer theme for a strong, clean film play. Marie Doro has excellent support.

Friday The Ruby offers "Ham, the Diver," a one-reel farce that has freshness of theme and a breeziness of action that is refreshing. The two partners, Ham and Bud, have the help of Ethel Teare, Jack MacDermott and Juanita Sponsler in their efforts to raise laughs.

There is also "Animated News Pictorial," animated cartoons of the late news items by Wallace A. Carlson, and a "Dreamy Dud" picture, that takes up five hundred feet of this reel. Views of Quebec and vicinity are also part of the reel.

The "Animated Weekly" shows Sousa's Band on parade, baseball stars in action, and views in Mexico.

"The Passing of Hell's Crown" is a two-part Western feature, with Carey and Olive Golden in the lead. There is plenty of action and western atmosphere in this offering.

Saturday's program at The Olympic consists of the eleventh episode of "The Strange Case of Mary Page," in two parts. In this number the story is materially advanced, and the action is good.

"Eleanor's Sacrifice" is a one-part Universal drama, in which Cleo Madison is seen to splendid advantage.

"Lem's College Career" is the last number. It is a Nestor Comedy in two reels. Review follows:

"A two-reel comedy-drama, by Al E. Christie, featuring Eddie Lyons, Lee Moran and Betty Compson. The college chap visits the ranch and is made sport of by the cowboys. Later he has his revenge, when the young ranchman comes to college. The number is full of all sorts of youthful pranks and contains a love story also. None of the scenes are exceptionally funny, but all are amusing and enjoyable. The ranchman is glad to return home by a freight after his college experiences."

The Ruby offers Saturday "The Perilous Swing," an episode of the "Hazards of Helen" series. Helen catches her lariat on the end of a railroad bridge as it is lifted upward, and swings out over the river, landing on the other side in time to baffle the train wreckers.

"A three-reel drama, 'The Man He Used to Be,'" says the Motion Picture News, "would prove a great success as a temperance lecture. It tells the story of the life of a man which is nearly wrecked by drink, and tells it clearly and forcibly, but in narrative

rather than dramatic form. It is competently played by a cast that includes William Dunn, Belle Bruce, Naomi Childers, Mary Maurice, Charles Kent, Logan Paul, Edwina Robbins, Kate Price and Arthur Robinson."

Wm. Dangman, in "Freddie Aids Matrimony," furnishes considerable amusement. It is good for a number of laughs.

An air-propelled hydroplane has been built in France for use on shallow rivers in Africa.

Seats which can be hung on automobile doors to carry additional passengers have been invented.

An alcohol lamp provides the heat in an apparatus invented by a Frenchman to disinfect with steam.

Included with recently invented sun goggles is a shade to protect the wearer's nose from sunburn.

Bombay averages more than 72 inches of rain a year, and gets most of it within four or five months.

# WE OFFER HALL CAINE'S MASTERPIECE "The Eternal City"

A massive photoplay production in eight parts, staged and produced in Rome, Italy, with a cast reaching into the thousands, and starring the world's foremost emotional actress,

## PAULINE FREDERICK

HERE TWO DAYS, MONDAY AND TUESDAY, JULY 3rd AND 4th

### THE OLYMPIC THEATRE

Special Music

### The Herald's Review of the Movies

#### OLYMPIC'S FEATURE JULY 3 AND 4 IS "ETERNAL CITY."

Concerning the eight-reel photoplay which will be shown at The Olympic July 3 and 4, the New York Tribune says: "The photo-spectacle, 'The Eternal City,' with Pauline Frederick, which will open at the Broadway Theatre Saturday evening, February 20th, marks her first appearance in motion

pictures. It is also the most pretentious subject ever produced by the Famous Players' Film Company, the first concern to present famous plays and celebrated stars in motion pictures. It represents the first time that a prominent American actress has ever been sent abroad by a film-producing company for the production of a motion picture. It was directed by Edwin S. Porter, 'the father of the photoplay,' who produced the first dra-

matic story in motion pictures eleven years ago, in collaboration with Hugh Ford, the noted stage director, whose first film experience it was. It is the first time in the history of the motion picture that the Vatican Gardens, the Coliseum, the Castle of St. Angelo, St. Peter's and other historic spots in the imperial city have been used as settings for a screen drama. It is the first time that a regiment of the Italian army, or an actual military body of any government, was loaned to motion-picture producers to pose as film actors in a screen drama. It is the first time that a motion picture has inaugurated a new policy of such wide purport in a theatre, that of presenting a series of elaborate film spectacles in the manner of regular theatrical productions, to run indefinitely and as long as their popularity endures, with admission charges ranging from twenty-five cents to a dollar. It is the first time that the Pope has ever been presented on the screen as a dramatic character, and it is the first eight-part motion picture ever produced by an American film company.

"Added to the beauty of the subject, is the vital, timely interest derived from the fact that many of the ancient and historic buildings that were injured by the recent disastrous earthquake in Italy form the background of the screen production of Hall Caine's stirring romance."

Everything comes out all right in the finish of the three-reel photoplay "Politeness Pays," to be shown at The Ruby Thursday. There is a poor young man and a beautiful young actress to befriend him, and the picture has the same elements that gave "Peg o' My Heart" and "The Cinderella Man" their success. John Junior and Betty Brown have the leading roles, and Cossar and Marion Skinner are prominent members of a well balanced cast.

Billie Reeves, Carrie Reynolds, Margaret Moore, Jessie Terry and Mimi Yvonne are members of the cast of "A Temporary Husband," a one-reel comedy. Most wives object to lending their husbands. This one strongly opposes such an arrangement, and makes things lively for her better half and the maiden who borrows him for the afternoon.

The action of "Her Bad Quarter of an Hour" is progressive. There are no cutbacks. "The picture is entertaining and smoothly acted," says the Motion Picture News.

A program of variety is offered at The Olympic Friday. A two-part, thrilling railroad story, "The Leap," in which Lee Hill and Gene Rogers do some hazardous things before the camera opens the program. It is a Universal production.

Another reel is the "Animated Weekly," a late-news film with interesting views from all over the world, including several of Uncle Sam's punitive expedition in Mexico.

"Truth Crushed to Earth" is the latest episode in "Who's Guilty?" Tom Blake, from the time he was a small boy, always told the truth. He was invariably punished for some small offense, after having told the truth. His instinctive desire for the truth was strong, but not strong enough to withstand the repeated outrages visited upon him while upholding it. When a crucial test came he was not strong enough to withstand, and lied. It cost him dearly.

The Olympic shows Friday "The Heart of Nora Flynn," a feature that reaches the Lasky standards. The story is original and illustrates one of the best traits of Irish character. A man or woman with real Irish heart cannot betray a confidence. Nothing is more repellant to the Irish character than to be an "informant."

Nora Flynn is only a poor, simple little servant, but she has the admirable trait of her race to a marked degree. Driven to bay, disheartened with desertion by the man she loves, her

reputation as a good woman trembling in the balance, Nora refuses to betray her mistress. True, her mistress has done nothing for her, even plots against her, but she is staunch in her human loyalty, and out of her sacrifice and suffering is born happiness to others. Surely there never was a finer theme for a strong, clean film play. Marie Doro has excellent support.

Friday The Ruby offers "Ham, the Diver," a one-reel farce that has freshness of theme and a breeziness of action that is refreshing. The two partners, Ham and Bud, have the help of Ethel Teare, Jack MacDermott and Juanita Sponsler in their efforts to raise laughs.

There is also "Animated News Pictorial," animated cartoons of the late news items by Wallace A. Carlson, and a "Dreamy Dud" picture, that takes up five hundred feet of this reel. Views of Quebec and vicinity are also part of the reel.

The "Animated Weekly" shows Sousa's Band on parade, baseball stars in action, and views in Mexico.

"The Passing of Hell's Crown" is a two-part Western feature, with Carey and Olive Golden in the lead. There is plenty of action and western atmosphere in this offering.

Saturday's program at The Olympic consists of the eleventh episode of "The Strange Case of Mary Page," in two parts. In this number the story is materially advanced, and the action is good.

"Eleanor's Sacrifice" is a one-part Universal drama, in which Cleo Madison is seen to splendid advantage.

"Lem's College Career" is the last number. It is a Nestor Comedy in two reels. Review follows:

"A two-reel comedy-drama, by Al E. Christie, featuring Eddie Lyons, Lee Moran and Betty Compson. The college chap visits the ranch and is made sport of by the cowboys. Later he has his revenge, when the young ranchman comes to college. The number is full of all sorts of youthful pranks and contains a love story also. None of the scenes are exceptionally funny, but all are amusing and enjoyable. The ranchman is glad to return home by a freight after his college experiences."

The Ruby offers Saturday "The Perilous Swing," an episode of the "Hazards of Helen" series. Helen catches her lariat on the end of a railroad bridge as it is lifted upward, and swings out over the river, landing on the other side in time to baffle the train wreckers.

"A three-reel drama, 'The Man He Used to Be,'" says the Motion Picture News, "would prove a great success as a temperance lecture. It tells the story of the life of a man which is nearly wrecked by drink, and tells it clearly and forcibly, but in narrative

rather than dramatic form. It is competently played by a cast that includes William Dunn, Belle Bruce, Naomi Childers, Mary Maurice, Charles Kent, Logan Paul, Edwina Robbins, Kate Price and Arthur Robinson."

Wm. Dangman, in "Freddie Aids Matrimony," furnishes considerable amusement. It is good for a number of laughs.

An air-propelled hydroplane has been built in France for use on shall-

low rivers in Africa. Seats which can be hung on automobile doors to carry additional passengers have been invented.

An alcohol lamp provides the heat in an apparatus invented by a Frenchman to disinfect with steam.

Included with recently invented sun goggles is a shade to protect the wearer's nose from sunburn.

Bombay averages more than 72 inches of rain a year, and gets most of it within four or five months.

**THE HERALD PUBLISHING COMPANY,**  
 Corner Broadway and Second Sts.

HERBERT S. HILBURN, Editor E. B. MILLER, Business Manager

Entered as second class mail matter July 1, 1914, at the Post Office at Plainview, Texas, under the act of March 3, 1879

\$1.50 a Year; 75c, 6 Months. Advertising Rates on Application.

And again, "Swat the fly!"

Everybody is talking the big celebration Plainview will have July 4th. There will be something doing every minute.

It can't be impressed too much or too often until accomplished, "Plainview needs a great public auditorium."

Big motor races, spectacular firemen's drill, popular contests, and, best of all, a real old-fashioned picnic in Plainview July Fourth. Don't forget it!

The "1916 Fair Special" of the Rockdale Reporter is a credit to that enterprising little city. It is well within keeping with the excellent editorial work which has made a reputation for its editor, John Esten Cooke.

Already 123 tractors have been entered in the National Tractor Demonstration in Dallas, July 18-21, and others will enter yet. A splendid opportunity is thus offered any man who is interested in the purchase of a tractor. There he will find such a display of models in operation as he cannot see elsewhere. He selects from a large group the individual machine which more nearly fills his requirements. And Plainview is going after the demonstration for 1917.

### THE SUBMISSION VOTE.

One of the important measures to be voted upon in the July primary is that of submission of the question of prohibition in Texas by a constitutional amendment. Voting for submission of the question to the people is not necessarily a vote in favor of state-wide prohibition. In fact, many who are opposed to the principle of prohibition will vote for submission, in an effort to settle, temporarily at least, the prohibition question, which has been dominant in Texas politics for many years.

### WHEN JUSTICE IS ONE-SIDED.

As a whole, the people are willing to deal fairly with the corporations. Freight and insurance rates are now up for consideration. The corporations generally want to do the right thing. They present their claims in the most rosy light, so that they will get everything that is their due, and then some. With able counsel to argue for them before the commissioners, they make a good impression and bring many facts to their attention. To offset these facts, which are only those which will tend to carry their side, the people must present their side of the question, present it fairly and present it forcibly. It's one of the principles on which the commission is formed. We must get busy.

If the evidence offered by insurance or railway corporations is all that is at their command, and the people do not carry all the facts at their command, justice is one-sided, for the commission must deal with the facts as presented to them.

### THE NEW EDUCATIONAL FORCE.

One of the wonderful industries of our age of rapid developments is the motion-picture business. A new educational force has arisen which by reason of its graphic presentation of words and scenes is exerting much influence—unfortunately in part a detrimental influence—on young and old. It is spreading rapidly, almost every town having one or more motion-picture theatres.

The movie is here to stay. It has become a wonderful force. There are educational opportunities opened with the movie which without it would be impossible. Motion pictures are universally popular. They have compelling influence. There are persons who see only the harmful effects of the movies and condemn them indiscriminately. Those do not recognize the truth that the movies are with us to stay. The problem is not suppression of the movie, but developing it to where the minimum harmful effects are possible. Wise educators and far-seeing men who desire to reach the public are using the movies. We don't need to curb the movies, we need to direct them. Public sentiment can best do this, for motion-picture shows are a business and the box office receipts in many instances control the manager's selection of plays. The managers are not producers, but when their complaints come to the producers they are heeded. And the managers are going to try, as a rule, to give the kind of plays the people want.

### Food for Thought

But this is sure: The future shall not be to the nation or race of most material power; But the future shall finally be to the nation or race of most potential spiritual power. —Lincoln Colecord.

Our duty is not only to keep the peace, but to make a peace that is worth keeping. For the kind of peace that the world needs cannot be had for the asking. It comes high, but it is worth the price.—Samuel McChord Crothers.

The human race is divided into two classes—those who go ahead and do something and those who sit still and say, "Why wasn't it done the other way?"—Oliver Wendell Holmes.

Think naught a trifle, though small it appear;  
 Small sands, the mountain, moments make the year.  
 And trifles life. —Edward Young.

Nothing commends a young man so much to his employers as accuracy and punctuality in the conduct of business.—Stuart Blackie.

I believe in work, hard work, and long hours of work. Men do not break down from overwork, but from worry and dissipation.—Charles E. Hughes.

Opportunities approach only who use them.—Emerson.

### WESTSIDE WILL ORGANIZE A TELEPHONE COMPANY.

WESTSIDE, June 26.—Harvesting is the order of today.

Quite a crowd from Halfway visited Sunday School at this place Sunday morning at 10:30 o'clock.

The picnic given by Professor Williams over on the draw at the north camp of the S. Ranch was enjoyed by all who attended.

Sadie Miller and Mavice Smith, of

Halfway, are visiting Myrtle Spence.

We are glad to say that Charles Scales and Willie Cornelius were able to be out Sunday.

Brother Brittain, of Plainview, will preach at this place Saturday night, July 1.

The men will meet Thursday night, June 29th, for the purpose of organizing a telephone company.

Joe Lee Ferguson, of Hale Center, was in Plainview today on business.

### LONE STAR WILL SEND CLASS OF 13 TO SINGING CONVENTION.

LONE STAR, June 26.—Our farmers are in a great rush to get their small grain harvested and threshed while the weather continues dry. Many of our farmers are not through planting yet.

J. B. Stevenson and family visited his brother at Silverton Sunday.

Mrs. E. C. Dodson has been on the sick list the past few days, but is much better at this writing.

There was a large attendance at Sunday School Sunday afternoon, and the singing was good. Next Sunday is singing convention day at Lakeview, 12 miles southeast of Floydada, and our class is to be there to sing in the contest. There will be thirteen to represent Lone Star in the singing.

Mrs. W. H. Rankin has been sick the past few days, but is convalescent.

A. C. Hatchell and wife, of Plainview, came out Sunday afternoon and made us a fine talk, and assisted us in our singing.

Bert Bobbitt carried Mr. and Mrs. Estes and Misses Kate and Myrtle Reeves to Dimmitt one day last week. Mr. Estes is wanted up there to teach a singing school. They stayed overnight with W. B. Kimbell's family.

Rev. S. W. Smith, of Plainview, filled his regular appointment here Sunday.

Miss Jeffie McGee, of Bobbitt, visited her sister, Mrs. Ruby Merrick, Sunday evening.

### LIST FOR DAIRY PAPER READY.

Within the next two weeks copies of Hoard's Dairyman will be received by two hundred farmers in the Plainview country. These copies are with the compliments of the Chamber of Commerce. The subscriptions are for six months.

LOST: Crank to an Oakland car. Return to I. W. LITTLE, at Plainview Mercantile Co.'s. tf.

### PANHANDLE STATE FAIR CATALOGUES ARE READY.

Catalogues for the Panhandle State Fair at Amarillo, September 12 to 16, inclusive, are ready for distribution. J. D. Hanby, J. H. Slaton, L. G. Wilson, Judge J. E. Lancaster and Dr. J. C. Anderson, of Plainview, are honorary vice presidents of the Panhandle State Fair Association.

Get your Ford Car for the big Fourth of July celebration, as BARKER & WINN have the cars for immediate delivery.

### CARD OF THANKS.

We take this method of expressing thanks to our friends and to all those who so kindly assisted us during the sickness and death of our brother and uncle. May the One who rewards a cup of cold water given in His name bless you. GEO. L. MAYFIELD AND FAMILY, C. W. BRADFORD, W. H. BRADFORD.

J. K. Milwee is spending a few days with home folks.

## THE HISTORY OF OUR FLAG.

Old Glory, as we know it, is the result of many changes. In the early days of the Revolution there were almost as many standards as there were commanders. Every man who raised a regiment of colonists seems to have designed a flag of his own fancy.

Most of these ancestors of the "Stars and Stripes" were copied upon the arms of the colony from which the revolutionary soldiers came. A month after the battle of Bunker Hill General Putnam displayed a red flag with the coat-of-arms of Connecticut.

Many of the revolutionary privateers adopted a flag bearing a mallet fist grasping thirteen arrows. At Cambridge, 1776, Washington flew a flag with thirteen red and white stripes, such as the flag bears today, but with a reproduction of the British union jack in the place now occupied by the blue field and stars.

The most famous of all the continental flags, however, was the rattlesnake banner with the motto, "Don't tread on me!" This was carried in many parts of the country.

Congress passed a resolution June 14, 1777, stating: "That the flag of the thirteen United States be thirteen stripes, alternate red and white; that the union be thirteen stars, white in a blue field, representing the new constellation." The designs may have been inspired by the Washington coat-of-arms, which had both stars and stripes.

It was apparently the intention to add both a stripe and a star for every new state admitted, but in 1818 the number of states had increased to twenty and the flag was rapidly getting out of shape. Congress altered the design to the style we now use.—Wichita Beacon.

## A CASE OF CO-OPERATION.

Early last spring the corn growers in a county in one of the Middle Western States found that they had about 60,000 bushels of corn good enough to be used for planting. Through their county agricultural agent they advertised it in the farm press, and through circulars distributed locally or within the State. All the corn they could spare was bought at good prices within a short time after it was advertised. The growers by getting together and jointly spending an inconsequential small amount of money found buyers. Every farming community can do something of this sort.—Breeder's Gazette.

# Motor News of General Interest

## MOTOR CARS, WEALTH AND POPULATION.

Much has been written in the past regarding the importance of the various states in the matter of motor-car buying. Statisticians have gathered figures to show which State has the most cars per unit of population and which State has made the greatest relative progress as a motor-car market. Such statistics are valuable, yet they are necessarily inconclusive, since they leave out certain factors which are essential to determining the real importance of any State as a motor market.

To arrive at a really conclusive estimate of a State's relative position as a market for automobiles, it is necessary to take into account three basic factors, viz.: the wealth of the commonwealth, the population and the number of cars owned within its boundaries. In this article we have endeavored to gather together all the determining factors and so to manipulate them that the result will show the standing of the States as regards their importance in the American motoring world.

The factors used are first the number of cars in each State, the wealth of the commonwealths as determined by government figures, and finally the populations. Dividing the motor-car factor into the wealth we get the wealth per car in each State. Next dividing the wealth per car by the population, we get a decimal quotient that represents the rating of each State in the general table for the whole country.

It may be asked what this rating shows, and the answer is that it demonstrates the States generosity in the purchase of motor cars on the basis of its wealth and the number of its inhabitants. As nearly as erring human wisdom can determine exact results by figures, this article will show the relative saturation of the motor-car market in the various States. It must not be forgotten, however, that there are other factors, quite impossible of collaboration in this connection, which may have a distinct bearing on a State's desire to purchase cars. Such a factor is the highway system of the section.

In the application of our figures, we find that Pennsylvania, with a decimal rating .0110, leads the list as the most generous State in proportion to its wealth and population in the purchase of automobiles. This will probably

be a surprise to most followers of motoring, as Pennsylvania in the incomplete tables generally compiled seldom ranks high in the list. It is only when the two factors of wealth and population are considered that the true position of the State develops.

Second in the list comes Illinois, a remarkably high position for this State, that has had the utmost difficulty in grappling with its highway problem. Our third State is the ever-reliable California, land of all-year motoring, and familiarly known as "the bottomless pit" by manufacturers of motor cars. There is scarcely an angle of motoring from which California does not show well in the van.

In fact, the Pacific Coast State may claim motoring supremacy in many ways.

It is peculiarly appropriate that Michigan should be well to the fore in any table of comparative motoring activity, and, sure enough, the Wolverine State comes fourth in our present compendium of wealth, population and cars.

The States of Indiana and Iowa follow next in order, and then comes Massachusetts, in seventh place. Massachusetts is the first great manufacturing commonwealth to show. It is rather a notable fact of this compilation that the agricultural States show to better advantage than those whose activities are more particularly manufacturing. New York, for instance, which leads all the States in the matter of wealth, population and number of motor cars, is way down in thirty-third position when the three factors are combined in a comparative table.

It will be noticed throughout that States located close together, where conditions may be thought to be similar, occupy places side by side, or nearly so, in the compilation. Instances of this sort of confirmation of the accuracy of our deductions may be found in Indiana and Iowa, Minnesota and Wisconsin, Kansas and Nebraska, New Hampshire, Rhode Island and Vermont, Louisiana and Mississippi, Arizona and New Mexico, Wyoming and Nevada.

It will be noticed throughout the accompanying table that States located close together, where conditions may be thought to be similar, occupy places side by side, or nearly so, in the compilation. Instances of this sort of confirmation of the accuracy of our deductions may be found in Indiana and Iowa, Minnesota and Wisconsin, Kansas and Nebraska, New Hamp-

shire, Rhode Island and Vermont, Louisiana and Mississippi, Arizona and New Mexico, Wyoming and Nevada.

These two latter states bring up the rear of the procession. That is to say, in proportion to their wealth and population, they have purchased fewer motor cars than any of the other commonwealths. This, of course, is to be attributed to the attenuated system of roads existing in these mountain States. Time and good roads will alter this condition.

It might be assumed on first thought that the matter of good roads would be almost as vital a factor in determining a State's standing in motor-car buying as the factor of wealth or population. As a matter of fact, however, analysis of the attached chart discloses the fact that good roads, while important, are by no means a deciding factor. For instance, the leading State, Pennsylvania, is not at all a leading good-roads commonwealth. The latest compilations show that Pennsylvania has only 32-10 per cent of its total highway mileage improved. Illinois, the second State in our ranking, has only 9 1/2 per cent of its roads improved. California has approximately 15 per cent of its highway mileage improved, while Massachusetts, in fourth place below all three of the States previously mentioned, has more than 50 per cent of improved roads. Another curious fact developed in this connection is that Rhode Island, which leads all the States in the matter of improved roads, with 58 per cent of the total, ranks only thirty-sixth in the table based on cars, wealth and population factors.

From the foregoing, however, we are by no means justified in assuming that good roads have nothing to do with determining a State's motoring standing, but it does call attention to the fact that other factors must be considered when any definite summing up is attempted.—Motor.

### DODGE BROTHERS CAR IN STATIONARY "RUN."

A Dodge Brothers car has just completed a "stationary run" of 8,000 miles at a show room of C. W. McCabe Company, dealers at San Diego, Calif., on which it averaged 35 miles per gal-

lon of gasoline used. The car was set up in the show window and ran the 8,000 miles continuously. The time required was 457 hours and 35 minutes, and those who were in the show room during the day, and the watchman at night, say that the motor never missed once during the long grind.

Another story of Dodge Brothers performance comes from Los Angeles, where the Dodge Club recently made a run into the mountains for a picnic. There were 63 cars in line and they carried 322 people. Not one of the cars had a particle of trouble, although part of the trip was over very rough going.

Tearing Down. An expert will use great care in un-assembling an automobile to make repairs. Often the damage done in taking down exceeds the original trouble to be repaired.

Tire-Pump Washers. The leather washers used in tire pumps should not be saturated with oil. Equal parts of glycerine and water keeps them soft and efficient.

Valve Stem Cores. Two or three removals of the valve core will ruin the small rubber washer that retains the air. Have new ones on hand.

Mixture Leaks. The slightest leak between the carburetor and the combustion chamber of the cylinders will tend toward irregular firing, especially when running slowly.

ANNOUNCEMENTS

The Herald is authorized to announce the candidacy of the following men for the political offices designated, subject to the action of the Democratic Primaries, July 22, 1916:

- For Representative: T. J. TILSON.
For District Attorney: AUSTIN C. HATCHELL, GEO. L. MAYFIELD, KENNETH BAIN.
For District and County Clerk: B. H. TOWERY, J. P. HOWARD, W. M. JEFFUS, JO. W. WAYLAND, JAS. F. DUNCAN, JR.
For County Judge: CHARLES CLEMENTS, AUSTIN F. ANDERSON, J. E. LANCASTER.
For County Attorney: L. D. GRIFFIN, L. R. PEARSON.
For County Treasurer: JNO. G. HAMILTON.
For County Tax Assessor: ROY IRICK, E. BURCH, W. H. MURPHY.
For Public Weigher, Precinct No. 1: J. L. OVERALL, TOM THOMPSON.
For Sheriff: J. C. HOOPER, J. C. TERRY.
County Surveyor: L. O. SHROPSHIRE.
For County Commissioner, Precinct No. 1: J. T. (DADDY) PHELPS, W. J. ESPY.
For Commissioner Precinct No. 2: J. W. ROBERSON.
For County Commissioner, Precinct No. 4: M. C. CORNELIUS, C. E. LOCK, W. T. BARBEE.
Justice of Peace, Precinct 1—MARLE C. KECK.

Short Circuiting. The products of wear of magneto brushes when mixed with oil will serve to short-circuit the current and cause irregular firing.

Extra Tire Chains. Unfortunately tire-chain clips sometimes become unfastened and the chain drops off. A spare tire chain is a very convenient spare.

Grinding Material. The debris which is found in the trough underneath an ordinary grindstone makes good valve-grinding paste when mixed with grease.

Leaking Gaskets. Ordinary soft wrapping twine encircled around the opening on each side of a leaking gasket will stop the leak.

A Firm Steering Wheel. When the steering column wobbles you must not expect to get quick response to your efforts to guide the car. Some manufacturers brace the steering column to the cowl to make it firm.

Negative vs. Positive. To determine which is the positive and which the negative wire from a battery, polish the wire terminals and insert them in an acid fluid. The positive end will tarnish quickly; the negative will remain bright.

Protecting Dry Cells. Painting the outside of the zinc and the exposed top of the cell with liquid shellac will protect the cell from moisture, and prevent consequent short-circuiting.

Dry Tools. A hood made of pantastote to slip over the tool-box will keep the rain and moisture away from the tools.

To Avoid Blisters. When one end of the plier handle is made to use as a screwdriver, this end should not be placed in the palm of the hand when the pliers are used if you wish to avoid blisters.

Instead of Repainting. If the paint on a car is not too badly cracked and chipped, it may be made to look almost as good as new by cleaning it perfectly and then revarnishing it with thin spar varnish.

Plumbago is the most important mineral product of Ceylon, which has about 1,000 mines.

CALOMEL DYNAMITES
A SLUGGISH LIVER

crashes into Sour Bile Making You Sick, and You Lose a Day's Work.

Calomel salivates! It's mercury. Calomel acts like dynamite on a sluggish liver. When calomel comes into contact with sour bile it crashes into it, causing cramping and nausea.

If you feel bilious, headachy, constipated and all knocked out, just go to your druggist and get a 50-cent bottle of Dodson's Liver Tone, which is a harmless vegetable substitute for dangerous calomel. Take a spoonful, and if it doesn't start your liver and straighten you up better and quicker harmless to both children and adults.

Take a spoonful at night and wake up feeling fine; no biliousness, sick headache, acid stomach or constipated bowels. It doesn't gripe or cause inconvenience all the next day like violent calomel. Take a dose of calomel today and tomorrow you will feel weak, sick and nauseated. Don't lose day's work! Take Dodson's Liver 'one instead and feel fine, full of vigor and ambition.

They praise Doan's Kidney Pills. Plainview evidence is now complete. Plainview testimony is confirmed. Reports of early relief substantiated. Merit doubly proved by test of time. Let a Plainview citizen speak:

Mrs. C. Reven, Plainview, says: "I used Doan's Kidney Pills for backache and other kidney troubles. They gave a wonderful relief when I was so stiff and lame that I could hardly stoop. Judging from my own experience with Doan's Kidney Pills, I can commend them for trouble from the back and kidneys." (Statement given January 18, 1911.)

ABOUT A YEAR LATER, Mrs. Reven said: "I confirm my former endorsement of Doan's Kidney Pills. They have given me wonderful relief whenever I have used them."

**ANY KIND OF TRACTOR TO BE SEEN IN DALLAS.**

DALLAS, Texas, June 26.—One hundred and twenty-three tractors have already been entered in the first National Tractor Demonstration to be held at Dallas, July 18-21, and the local committee in charge is gratified at the entries received. Entry blanks were mailed out a few days ago, and the responses have been liberal and prompt.

Owing to the large territory in which the tractor factories are located—from Pennsylvania to California—it will be some little time before all manufacturers have been heard from.

Below is a list showing the entries which have already been made. The committee is confident that this list will be greatly increased within the next ten days, as soon as all the tractor companies have had an opportunity of filing. The committee expects from 75 to 85 additional tractors to be in within that time:

- Avery Tractor Co., Peoria, Ill. .... 12 Tractors
- Texas Harvester Co., Dallas Texas .. 10 Tractors
- J. I. Case Threshing Machine Co., Racine, Wisconsin .. 10 Tractors
- Emerson-Brantingham Plow Co., Rockford, Ill. .... 10 Tractors
- Advance-Rumley Thresher Co., LaPorte, Ind. .... 9 Tractors
- Twin City Tractor Co., Minneapolis, Minn. .... 8 Tractors
- Sattley Bull Tractor Co., Dallas, Texas .. 6 Tractors
- Rock Island Plow Co., Rock Island, Illinois .. 4 Tractors
- B. F. Avery & Sons, Louisville, Kentucky .. 4 Tractors
- Moline Plow Co., Moline, Ill. .... 4 Tractors
- Ford Tractor Sales Co., Dallas, Texas .. 4 Tractors
- C. O. D. Tractor Co., Minneapolis, Minn. .... 4 Tractors
- Denning Tractor Co., Cedar Rapids, Iowa .. 4 Tractors
- Joliet Oil Tractor Co., Joliet, Ill. .... 3 Tractors
- J. I. Case Plow Works, Racine, Wis. .... 3 Tractors
- Peoria Tractor Co., Peoria, Ill. .... 3 Tractors
- Waterloo Gas Engine Co., Waterloo, Iowa .. 3 Tractors
- Parrett Tractor Co., Chicago, Ill. .... 3 Tractors
- Electric Wheel Co., Quincy, Ill. .... 3 Tractors
- Interstate Engine and Tractor Co., Waterloo, Iowa .. 3 Tractors
- Waite Tractor Sales Co., Chicago, Ill. .... 3 Tractors
- Simplex Tractor Co., Minneapolis, Minn. .... 3 Tractors
- McIntyre Manufacturing Co., Columbus, Ohio .. 3 Tractors
- Allis-Chalmers Manufacturing Co., Milwaukee, Wis. .... 2 Tractors
- Standard Detroit Tractor Co., Detroit, Mich. .... 2 Tractors

In addition to the tractors entered, engine plows, both moldboard and disk, of the following celebrated standard makes have been entered:

- Parlin & Orendorff Plow Co., Canton, Ill.
- Rock Island Plow Co., Rock Island, Ill.
- Newell Sanders Plow Co., Chattanooga, Tenn.
- Jno. Deede Plow Co., Moline, Ill.
- J. I. Case Plow Works, Racine, Wis.
- LaCrosse Plow Co., LaCrosse, Wis.
- Grand DeTour Plow Co., Dixon, Ill.
- Oliver Chilled Plow Works, South Bend, Ind.
- Moline Plow Co., Moline, Ill.
- Emerson-Brantingham Plow Co., Rockford, Ill.
- And others.

The list of entries already made include every size of tractor from 5 horsepower at the draw bar to 40 horsepower at the draw bar.

The plows entered range in size from a single-bottom moldboard en-

gine plow cutting a 14-inch furrow to a 24-disk engine disk gang cutting a 20-foot furrow.

**DR. T. H. P. DUNCAN,**

Who was here all last week, will be here again the week of July 3rd to 8th, and may be consulted at the Ware Hotel or Long-Harp Drug Co. Dr. Duncan has been practicing medicine and specializing in diseases of eye, ear, nose and throat for eighteen years in Texas. He formerly practiced in Amarillo, and many of our citizens were under his treatment. The doctor is now trying to limit his practice to the scientific fitting of glasses, but will be glad to advise you regarding any diseases of eye, ear, nose, throat, or nervous diseases. He requests you to phone or drop him a card and make appointments, and he will be glad to call at your residence and examine your eyes. No charge is made for examination. Every pair of glasses the doctor fits is "Made in Texas." He is specializing on fitting the world-famous "Kryptok" Invisible Bifocal. It does not cost you any more to get the services of an oculist than it does the guess-work of inexperienced vendors of cheap glasses. Make your wants known.

**The Optical Law.**

Write your Representative at Austin and insist that he votes for the passage of a law regulating the sale of glasses. Texas has no optical law. You may become an optician or spectacle vendor if you have the nerve and enough money to buy a few cheap glasses. You have no protection against unscrupulous vendors and peddlers who are infesting the country claiming to be "Eye Doctors." It is better to pay an oculist (a graduate in medicine) a little more, or a fee, and know that you are getting the best and the services of one who has made special study of the pathology of the eye, as well as optics. Protect your eyes and your pocketbook by helping to pass an optical law.

**CARRANZA'S ACTION IS DECLARATION OF WAR.**

(Continued from Page One.)

Your excellency knows, an American force moved eastward quite far from its base, notwithstanding the above orders, and was engaged by Mexican troops at Carrizal, State of Chihuahua. As a result of the encounter several men on both sides were killed and wounded and seventeen American soldiers were made prisoners.

"You are hereby instructed to hand to the Minister of Foreign Relations of the de facto Government the following:

"The Government of the United States can put no other construction upon the communication handed to the Secretary of State of the United States on the 24th of June by Mr. Arrendondo under instruction of your Government than that it is intended as a formal avowal of deliberate hostile action against the forces of the United States now in Mexico and of the purpose to attack them without provocation whenever they move from their present position in pursuance of objects for which they were sent there, notwithstanding the fact that those objects not only

involve no unfriendly intention toward the Government and people of Mexico, but are, on the contrary, intended only to assist that Government in protecting itself and the territory and people of the United States against irresponsible and insurgent bands of rebel marauders.

"I am instructed, therefore, by my Government to demand the immediate release of the prisoners taken in the encounter at Carrizal, together with

any property of the United States taken with them, and to inform you that the Government of the United States expects an early statement from your Government as to the course it wishes the Government of the United States to understand it has determined upon, and that it also expects that this statement be made through the usual diplomatic channels, and not through subordinate military commanders."
