PLAINVIEW, TEXAS, TUESDAY, JULY 18, 1916

DRAYMEN PROTEST TO COUNCIL OF REGULATION

WATER RATES TO BE LOWERED TO CONSUMERS HAVING SEPARATE SERVICE FOR IRRIGATION.

SANITARY ENGINEER REPORTS

Storm Sewer Ordered on West Fifth Street—Health Officer Reports No Contagious Disease in City.

A delegation of transfer men appeared before the council in regular session last night protesting against the feature of the new traffic regulations which caused them to move from their parking arrangements near the bank corners and requesting protection against owners of wagons who do public hauling without license. They asked that the council repeal the drayman's license ordinance and refund the licenses already paid to the city, or that they give them additional protection from the occasional offense of those who haul without license. Action was deferred by the council until its next regular meeting.

Several complaints were heard of traffic conditions brought about by the new ordinance on traffic regulations. These were laid over until the next meeting.

Capt. C. W. Tandy appeared and asked that a fine imposed on him for violating the traffic ordinance be remitted. A motion was made to refund, but lost for want of a second.

The council voted to install a storm sewer on the north side of Fifth Street, immediately south of the R. C. Ware Hardware Company warehouse and running west past the Knight Auto Company garage approximately five hundred feet.

It was ordered that a clause be added to the proposed water ordinance providing that where a consumer wanted water for irrigation purposes and would stand all costs of installing a separate meter for the measure of water used for this purpose only, that he be given a rate of seven and one-half cents, this rate to be given for the separate service only, and not to apply on meters where water for domestic purposes is measured, or where one meter is used for water for both purposes. This clause will not affect the minimum-rate ruling. This ordinance was read for the third time last night, but was ordered laid over for a vote on the proposed change.

A communication was read and received from N. Werenskiold, the civil engineer employed by the city as engineer on the construction of the new sewage-disposal plant, suggesting and outlining tentative plans for the work.

The city health officer reported that there are no contagious diseases in the city. Those present at the session last night were Mayor W. E. Risser, Aldermen E. H. Humphreys, J. J. Ellerd, J. M. Waller and W. R. Simmons, Secretary B. L. Spencer, Marshal John Vaughn, Attorney E. Graham, Health Officer Dr. E. F. McClendon, and a number of visitors.

GOODWIN INSTALLS LATEST MODEL MILK CLARIFIER.

J. C. Goodwin, proprietor of Inglewood Dairy, has just installed a modern milk-clarifying machine as a part of his dairy equipment. The new machine cleans the milk as perfectly as it is possible to have it cleaned, there being no machine or process known today which will absolutely eliminate all bacteria.

Ordinary cow's milk, handled under the most careful conditions, contains some stable dirt. One grain of this dirt has been found to contain 32,875,000 bacteria. It is this bacteria which is more virulent in summer, causing stomach and bowel trouble in children.

The new machine is said not to injure the butterfat or other nominal constituents of the milk.

NO REASON FOR FORT WORTH TO COMPLAIN OF HALE'S SHIPMENTS.

W. A. Watson shipped two cars of hogs to the Fort Worth market Saturday, with which he topped the day's market at \$9.75.

Today L. A. Knight and Dr. N. B. Mayhugh each consigned a car of hogs to Fort Worth, and Bess Thompson shipped a car of horses to the same market.

THREE MEMBERS OF CO. L FAILED IN PHYSICAL EXAM

Three Others Whose Terms of Enlistment Have Expired Expected to Return Soon.

Creed Hancock, Malcolm L. Graves and Dewey H. Rutledge are the only three members of the Plainview company of the Texas National Guard who failed to pass their physical examinations. They have been discharged by the examining board at regimental headquarters, and will arrive in Plainview tomorrow morning. After failing to pass the field examination, at Sanderson, they went to regimental headquarters on July 11, and their examinations were verified.

The physical examiner turned Hancock down because of defective hearing, and Rutledge on account of his eyes.

Marshall Warren, Frank Armstrong and A. A. Hudgins, the three members of Company L who received their discharges two weeks ago, are being held up a few days at regimental headquarters on account of having to wait for their pay and transportation. They will probably arrive in Plainview in a few days.

FINE ARTS FACULTY OF WAYLAND COLLEGE COMPLETED.

The Fine Arts faculty of Wayland College has been completed for the coming school year. Prof. Rupert M. Crabb has accepted the position of director, and is now at work in the field. During the past year he has been doing post-graduate work in New York.

Rev. Farmer received a wire from Miss Zeigler yesterday stating that she would accept assistant's place in the Department of Music. She is now studying music in Boston, and will arrive here about September 1st. She will teach the Fletcher method.

Miss Donnell will again be instructor of voice and Miss Bess Brown will serve again as teacher of expression.

Wayland College is expecting a splendid year in its Fine Arts Department.

REAL ESTATE TRANSFERS.

W. B. Harp, of Grayson County, bought from W. J. Curtis and wife, of Denton County, 540 acres out of section number 19, block A-2, located in Hale County, for the consideration of \$16,000.

R. M. Hester, of Hale County, sold to the First State Bank of Abernathy lots 4, 5 and 6, in block 66, in the town of Abernathy. Consideration, \$2,229.

C. W. Sewell bought from A. H. Hall and wife, for the consideration of \$1,000, the west one-half of one acre out of the Hugh McClelland homestead.

C. W. Sewell and wife sold to L. C. Penry the west half of one acre out of the Hugh McClelland Homestead for the consideration of \$1,000.

LUBBOCK MULE BUYER KILLS HARDWARE MERCHANT

Dead Man Leaves Wife and Two Small Children; No Cause for Killing Reported.

C. C. Doniphan, age about thirty-six, manager of Rankin's Hardware Store, at Lubbock, was shot three times and killed this morning at six-fifteen by Kirby McDonald, a horse and mule buyer, age about thirty. No cause for the shooting is reported.

Both men are married. Doniphan leaves a wife and two small girls, besides a grandmother who has lived with the family for years. McDonald gave himself up to the authorities immediately after the killing.

DROVER'S TELEGRAM TELLS OF HALE'S HOG SUPREMACY.

In a single day last week there were shipped from Hale County, Texas, 2,256 head of hogs. Hog raising shows wonderful growth in that part of the Panhandle country, according to D. C. Crane, who has been successfully raising hogs for six years there. Mr. Crane states that stock farmers find hogs just a little the best paying live stock they can produce in that part of the Panhandle country.—Daily Drover's Telegram, July 12.

Who's Elected?

The Herald has arranged for complete primary election returns, morning at the R. A. Long Drug Store.

The State service will be full and complete, furnished by wire from Dallas by the Texas Election Bureau, composed of the Press Associations and the leading dailies of the State. This service will be continuous Saturday night up to one-thirty o'clock. Filings will then be received Sunday morning, Sunday noon, Sunday afternoon and Sunday night. A final filing will be made on Monday morning. This service will start about nine o'clock Saturday night.

The Herald has made arrangements for a correspondent in each of the forty-eight counties comprising the Thirteenth Congressional District to wire or 'phone the results of his county in the congressional race. These should be received Saturday night beginning about ten o'clock. The same arrangements have been made with correspondents in the counties comprising the judicial district.

Each election judge in Hale County will 'phone the results of his box as soon as compilations are made. This service should begin about eight or eight-thirty o'clock.

In order to facilitate the service, arrangements have been made with the Southwestern Telephone Company for two long-distance 'phones. Local 'phone calls requesting information regarding returns will be answered from 'phone 327. Arrangements have also been made with the Western Union Telegraph Company to have continuous service Saturday night and extra service on Sunday.

'PAT' MURPHY DROWNED IN IDAHO LAKE JUNE 12

Lost Life in Saving That of Young Lady of an Idaho Town.

Word has reached here that D. S. (Pat) Murphy, a former resident of Plainview, lost his life June 12 by drowning in Hayden Lake, Idaho, when he saved the life of a young lady of that place. The postmaster at Hayden Lake wrote Murphy's relatives in the East advising them of his death, and commenting "We hold him in high esteem for his noble sacrifice."

Mr. Murphy will be remembered as the son of Mrs. G. F. J. Stephens. He visited here several summers.

COL. R. P. SMYTH TO DALLAS TO ATTEND TRACTOR SHOW.

Col. R. P. Smyth, secretary of the Plainview Chamber of Commerce, left this morning for Dallas to attend the National Tractor Demonstration there this week. Colonel Smyth has been in communication with officials of the organization of tractor manufacturers for more than a year, and is hopeful of obtaining the next Southwestern demonstration for Plainview. Mr. Bartholomew, chairman of the locating committee has informed Colonel Smyth that he favors a demonstration at Plainview for next year. Colonel Smyth will inform himself at the Dallas meeting what plans will have to be carried out to obtain the demonstration, and what is expected from the community in the way of entertainment.

W. A. Nash, S. S. Sloneker, H. V. Tull, E. A. Zollcoffer, H. S. Hilburn and Dr. W. R. Ferguson, of Hale County, left Sunday to attend the Swine Breeders' Association and the Farmers' Institute to be held at Austin.

BUICKS COLLIDE IN TULIA RACES AT HIGH SPEED

Crowd Estimated Between 5,000 and 6,000, the Largest Known in Tulia.

The largest attendance at any of the anniversary gatherings at Tulia celebrating the organization of Swisher County, greeted that little city today, when between five and six thousand people partook of the barbecue and other good things which were arranged for their entertainment.

Probably two thousand people attended the automobile races. The races were of little interest, and were marred by a collision between two Buicks, one the new model roadster owned by E. E. Roos, of Plainview, driven by Kuykendall, and the other owned and driven by a Lockney man. The Lockney car hit the other, tearing a wheel from each car and damaging the axles. Both cars were going at a high rate of speed. No one was injured.

In the fifty-mile race, a Dodge owned by Joe Burlison won first place and \$500; the Hup of Chas. McDonald finished second, winning \$200; and a Buick Six driven by Jack Rascoe was third, with \$100. The twenty-mile Ford race was won by "Cement John."

Among those who attended the celebration from Plainview were: Jim Heard and family, J. F. Frye, W. Flake Garner and family, Tom Shafer and family, Sam McLaughlin and family, Mr. and Mrs. R. A. Underwood, John Hayden, Hum Patrick, Mrs. L. A. Matlock and family, B. A. Hubbard, Mr. and Mrs. A. B. Martin, Casey Hughes, George Wyckoff, Misses Daisy and Marie Gidney, Miss Lucille Kinder, Rev. J. M. Harder, J. M. Adams, J. J. Ellerd, W. A. Donaldson, A. G. Hinn, E. E. Roos, T. C. Shelton and family, and C. K. Shelton and family.

'Round About Town

Mrs. J. E. Finley, of Abilene, arrived Sunday for a visit with the families of W. M. Jeffus and J. H. Read.

Tom Donald, of Bagota, Oklahoma, is visiting with Rev. R. E. L. Farmer and Bill Slaughter. Mr. Donald was a student under Rev. Farmer at Olney, Texas, twenty-two years ago.

J. M. Rockwell, of Houston, was here on business yesterday.

Mrs. Gene Williams returned to her home, near Kress, this morning. She has been visiting with her parents, Mr. and Mrs. K. Barker.

Mr. and Mrs. J. E. Smith left this morning for Brownwood. They have been visiting in Floydada.

Misses Lorene and Mamie Wicker went to Tulla this morning to attend the picnic.

Mrs. J. A. Keck, who has been visiting for the past few weeks with her son, G. C. Keck, and family, left this morning for Florence, Colorado, to visit with her daughter, Mrs. D. A. Jack.

Miss Sammie Mounts, of Hale Center, who has been visiting with Miss Claudia Quisenberry, returned home this morning.

Miss Cecil Haley returned to her home, at Matador, yesterday morning. She has been visiting at Merkel, Texas.

T. G. and Roger X. Schehagen, of Kress, passed through Plainview yesterday morning en route to Dallas to attend the Tractor Demonstration.

W. N. McDonald came in Sunday from Gainesville.

Capt. T. J. Tilson returned Sunday from Hereford and Canyon, where he has been in the interest of his campaign.

Mr. and Mrs. W. E. Snyder left yesterday for Dallas to attend the Tractor Demonstration.

Miss Margie Saffle left Sunday morning for Mount Vernon.

Miss Myrtle Saffle went to Abilene Sunday.

Geo. R. Quesenberry returned Sunday from Artesia, New Mexico, where he had been on business.

Mrs. Martha Heath, of Perrin, Texas, who has been visiting here, returned home yesterday.

Mrs. Arra Lasater and children left yesterday for Fort Chadburn, Texas.

Judge Webb, of Kress, and daughter, Mrs. Carrol McGlasson, are visiting here this week.

J. T. Mosley, of Paris, Texas, came in Saturday and is looking after property interests here.

Prof. George Henderson, former coach at Seth Ward College, arrived Sunday morning for a week's visit here. Professor Henderson will be at Stamford College next year.

T. J. Tilson spoke at Hereford Friday.

J. H. McGehee, of Lockney, was here Wednesday to meet his wife, who had been visiting her daughter at Post.

PLAINVIEW GETS \$45,000.00 FEDERAL BUILDING AND SITE

Asked for \$50,000 and Got Only Appropriation Made in This Congressional District.

The omnibus public buildings bill has been called and reported by the House Committee, and the only item for public expenditure included from the Thirteenth Congressional District is an appropriation of \$45,000 for a Federal Building and site at Plainview, according to a staff wire to the Dallas News today.

Each member of the Texas delegation was given one item in the bill except Representatives Henry and Rayburn. Representative Garner's district received three items, because both Texas congressmen-at-large designated appropriations in his district.

Congressman John H. Stephens, of this district, asked for several appropriations for his district, but all were stricken out except the appropriation for Plainview.

The time of selection of the site or probable time of construction has not been indicated, but when the bill is presented in its present form there is practically no doubt of its final passage.

OHIO FARMER BOY MAKES GOOD ON PLAINS RANCH.

As an instance of accomplishment on the Plains, Charles Weigle, who now lives in the prosperous Providence neighborhood, came here six years ago from Ohio with \$650 cash and a bride. He rented a small place and bought the bare necessities with which to start farming. For two years he raised good grain crops, but had no money with which to purchase stock, and his grain had to be sold without much profit.

Two years later his uncle, G. W. Nosker, came from Ohio and staked him in the purchase of cattle. Upon his uncle's advice, he made a very small first payment on a small piece of land. The young man took advantage of his opportunities and prospered. Today, six years after his arrival, he owns a splendidly equipped farm of eight hundred acres and two hundred head of good grade cattle. After the first year's use of his uncle's money he returned it, and has since met his own necessities. He is at present worth approximately \$30,000, having cleared in so short a time over \$20,000 outside of the increased value in his land.

SOUTHWESTERN TELEPHONE CO. OFFICIALS INSPECT PLANT.

C. E. Zahn, division equipment engineer of the Southwestern Telephone Company, arrived Saturday morning to make a test of the transmission from the local plant to Fort Worth, Dallas and Southern points. Saturday night J. G. Maben, traveling auditor, with headquarters at St. Louis, arrived and made an audit of the local manager's accounts.

TODAY'S FORT WORTH STOCK MARKET REPORT

FORT WORTH, Texas, July 18.—HOGS—1,800. Market strong and steady. Top, \$9.75; bulk, \$9.50 to \$9.70; light, \$9.10 to \$9.70; mixed, \$9.50 to \$9.70; heavy, \$9.50 to \$9.75; pigs, \$6.00 to \$7.00.

CATTLE—2,000, including 200 calves; steady.

SHEEP—800; market steady.

HOME ECONOMICS CLUB DELEGATES OFF TO AUSTIN.

Miss Rebecca Longmire and the delegates from the Plainview High School left Sunday for Austin to attend the State Convention of the Home Economics Clubs.

As representatives from the eighth grade, Misses Fannie Goode and Bettie Merrell were chosen as delegates. The ninth grade was represented by Misses Eva May Merrill, Alberta Howell and Zella Rightmire. The delegate from the tenth grade is Miss Elizabeth Perdue. The eleventh grade is represented by Miss Margaret Powell, and the Campfire Girls by Miss Ruby Lattimore.

T. J. Tilson went to Canyon Saturday, where he addressed the voters of

VILLISTA BANDS ARE MARCHING NORTHWARD

ESCAPED DE FACTO GOVERNMENT TROOPS AND ARE CONCENTRATING AT TINAJAS AND LOS ESCOBAS.

MILITIA TO BE USED

Fearing That Movement Means Concentration for Raiding Attacks on Big Bend Country; Funston Vigilant.

SAN ANTONIO, Texas, July 17.—Two hundred or more Villista forces have eluded the Carranzista forces which surrounded them in the Rio Florido bottom lands and have started a march northward from Tinajas and Los Escobas, where they reassembled. It is believed here that they contemplate raiding the Big Bend country, and General Trevino, from Santa Rosalia has warned the American forces that it will be well to make preparation and be especially vigilant at all points north of the Rio Grande, especially in the Big Bend section. General Trevino has ordered the garrisons at Ojinaga and Piedras Negras to throw out their troops in an effort to intercept the northward march of the bandits.

The concentration may indicate, said officers at department headquarters, that the bandits in Northern Mexico anticipate an early advance upon the border by Villa, whose recent operations around Jimenez are reported to have been so successful as to swell the ranks of his army rapidly.

Though no immediate raid upon the Big Bend country is anticipated by officers at department headquarters, they expressed gratification over the fact that additional troops have been ordered into the threatened region to reinforce Colonel Gaston's command, which is composed of two regiments, one of cavalry and one of militia infantry.

Militia Being Shifted.

The squadron of the First Texas Cavalry, which has been stationed at Laredo, passed through San Antonio last night en route to the Big Bend country, and two battalions of the Pennsylvania Infantry, stationed at El Paso, have been ordered to join Colonel Gaston's command. It is believed that with these reinforcements Colonel Gaston could repulse any attack short of one by Villa with his main army, and in the event the bandit chieftain himself should start toward the Big Bend country General Funston would order heavier reinforcements into the region.

General Funston announced today that he had requested the War Department to allow him an emergency fund of \$300,000 for the medical corps. The money would be spent, said the department commander, only in case of war, and then it would be used to purchase medicines and equipment as demand should arise. While the medical corps is now regarded as one of the most efficient and best equipped branches of the service, its efficiency might be lowered if war should come and there were no funds immediately available for the purchase of medicines and other supplies required in the field and in the hospitals.

Medicines Scarce Now.

The scarcity and high cost of so many of the medicines indispensable to the medical corps, conditions for which the European war is held responsible, were among the reasons General Funston asked for the emergency reserve fund.

In a report to General Funston today, General Pershing said that he had been advised from Mexican sources that Villistas were practicing cruelties upon their Carranzista prisoners. Seventeen Carranzista prisoners taken during the recent fighting and later rescued by troops of the de facto government from Chihuahua City, said the report, were found to be deprived of their right ears. Neither General Funston nor General Pershing commented on the report.

REV. I. E. GATES TO HOLD MEETING AT MATADOR.

Rev. I. E. Gates left yesterday for Matador, where he will conduct a meeting. Rev. G. I. Brittan accompanied him and will assist in the meeting. They will return a few days before the fifth Sunday to make preparations for the Truett meeting here.

We Can Save You Money

SEASONABLE MERCHANDISE AT BIG REDUCTIONS

ELECTED BY PIG'S SQUEAL.

Homer S. Cummings, vice chairman of the Democratic national committee and committeeman from Connecticut, is said to be an authority on political history. He declared that the greatest events of the Nation have been decided by trivial things, and in support of this statement he said: "A pig caused the election of Andrew Jackson to the Presidency. A farmer, who was on his way to vote for a member of the Legislature, heard his pig squeal, and on going back he found the pig had been caught in a gate. It took him some minutes to extricate the animal, and when he got to the polling place he found it closed, and thus he was unable to cast his ballot. "The candidate for the Legislature for whom he intended to vote was beaten by just one vote. It was all due to the imprisoned pig. The man who was elected to the Legislature by a single vote voted for a certain candidate for United States Senator who was elected by one vote. Afterward this Senator was called upon to vote on the question of declaring war against Great Britain. That proposition was carried by just one vote. "War with Great Britain having been

decided by just one vote in Congress, there came on, history tells us, the battle of New Orleans. The hero of the battle of New Orleans was Andrew Jackson. His victory over the British there made him the popular hero. As such he was elected to the Presidency. In this chain of events it is the logical deduction that but for the pig that got stuck in the gateway up in Rhode Island Andrew Jackson never would have been elected President of the United States."

ENTHUSIASM GREETED REDUCED COST OF MAXWELLS.

When the Maxwell Motor Company announced, on July 1, the generous reduction in price on its touring car and roadster, the executives were prepared for a somewhat increased demand for the Maxwell product. But they were not prepared for the tremendous influx of business that followed on the heels of the announcement. Since the new Maxwell prices became effective, the great increase of business has been felt in every department of the organization. This increase has been reflected in the increased demand upon Maxwell dealers all over the country. "The 1916 season was a most pros-

perous one," said W. T. Bowen, local dealer for the Maxwell Company, "but if early indications count for anything, the 1917 season will surpass anything in the history of the automobile industry. There is no question but that the company's policy in standardizing their car and selling it at a figure that would appeal to people of moderate means will be justified by the increased business. "At the company's general offices, in Detroit, letters and telegrams from thousands of cities, towns and villages all over the country followed the announcement of the reduced price. Prospective buyers and automobile dealers fairly deluged the company with requests for catalogues and other literature.

It Pleases the Farmers. "Reports from the agricultural districts about the country indicate that farmers are intensely interested in the Maxwell announcement. One Iowa farmer wrote that he had always maintained that eventually it would be possible to buy a real automobile for the price of a good horse and buggy. He declared that a really high-class driving horse costs well over \$300, while the buggy and equipment brings the cost up to a few hundred dollars additional. There, he said, you have the

same amount of money required to buy a Maxwell, a high-grade motor car, whose upkeep will prove far less than the upkeep of a driving outfit.

"The response to the 1917 announcement of the Maxwell from both cities and country has been exceptional, and all the signs predict a record-breaking year."

GOPHERS KILLED WITH AUTOMOBILE FUMES.

Using automobiles as gopher-killing machines is the novel service to which cars have been put by Oregon farmers who have set about to kill gophers and other burrowing animals that damage their crops. A car, preferably one that is light, is driven into the field where the gophers live. The engine is allowed to continue running and one end of a hose is attached to the exhaust, while the other end is inserted in a gopher hole and packed about with a cloth and a little dirt. In a short time the fumes penetrate the various passages and issue from other holes. These are then plugged up; after this has been done the gases penetrate to the remotest chamber, and the inhabitants are suffocated.—Popular Mechanics Magazine.

FORD AHEAD OF SCHEDULE.

Manufacturing at the Detroit plant of the Ford Motor Company is reported to be ten days ahead of schedule, so that at the present rate the company will make about 525,000 cars during 1916, instead of the even 500,000 that was planned. At least 750,000 cars are to be made during 1917, and preparations are even now being made for their manufacture. About 19 new branch factories are to be ready for operation in 1917, and it is stated that then practically the entire output of the company will be made and assembled in the branch plants, the Detroit factory, which is to be doubled, to confine itself to making parts alone, save only for such cars as are needed by the local trade.

WOULD LICENSE AUTOMOBILE MECHANICS.

Agitation for the licensing of automobile mechanics has started in Peoria, Ill., where Frederick H. Evans, head of the machine-drawing department of the Bradley Institute there, developed the idea. The expert knowledge required in an automobile mechanic is lacking in a good many professed mechanics, and the science of

the mechanism is such an important part of the profession that only the thoroughly fit should be allowed to practice it. A veterinary has to have a license in many places before he will be allowed to doctor a two-dollar dog, Evans argues, but the car doctor who does not know the carburetor from the differential may practice on a \$5,000 automobile without hindrance.

Miss Rosa Webb, after a visit here, left Monday for her home, at Stanley.

MEN ONLY
Saw Ford Engine Pump inflates tire in a minute. Engine does the work—free air anywhere. Lasts long as car. Price \$3.25. Many items for Fords.
Going on a trip? You'll find all the little extras here—suit cases, baskets, pans, combs, brushes, handkerchiefs, etc. A few wrench bargains left. 3-foot pipe wrench \$2. Set of 4 open end heavy steel wrenches 50c. It is no "stretch" to say "The Biggest Wrench bargains you ever saw."

CITATION BY PUBLICATION.
THE STATE OF TEXAS.
 To the Sheriff or any Constable of Hale County—GREETING:
YOU ARE HEREBY COMMANDED. That you summon, by making Publication of this Citation in some newspaper published in the County of Hale, if there be a newspaper published therein, but if not, then in any newspaper published in the 64th Judicial District; but if there be no newspaper published in said judicial district, then in a newspaper published in the nearest district to said 64th Judicial District, for four weeks previous to the return day hereof, T. H. Davis, whose residence is unknown, to be and appear before the Honorable District Court, at the next regular term thereof, to be held in the County of Hale, at the Court House thereof, in Plainview, Texas, on the 7th day of August, 1916, then and there to answer a Petition filed in said Court, on the 24th day of January, A. D. 1916, in a suit numbered on the docket of said Court No. 1296, wherein Annie May Davis is plaintiff and T. H. Davis is defendant. The nature of the plaintiff's demand being as follows, to-wit:

THE STATE OF TEXAS,
 COUNTY OF HALE,
 IN THE DISTRICT COURT OF HALE COUNTY, TEXAS, AUGUST TERM, A. D. 1916.

To the Honorable District Court of said County:
 Now comes Mrs. Annie May Davis, hereinafter called plaintiff, who resides in the said Hale County, Texas, complaining of T. H. Davis, hereinafter called defendant, who resides in Hale County, Texas, and, praying for a divorce, for grounds, says:

1. That on or about the 24th day of November, A. D. 1907, plaintiff was duly and legally married to defendant in the County of Oklahoma, State of Oklahoma, and continued to live with him as his wife until about the 27th day of November, A. D. 1915.
 2. That plaintiff has been an actual bona fide inhabitant of the State of Texas for a period of twelve months, and has resided in said County of Hale, where this suit is filed, a period of six months next preceding the filing thereof, having become an inhabitant of said State in the year of our Lord 1909, and a resident of said County on the 10th day of April, A. D. 1915.
 3. That at all times, while married to the defendant, plaintiff has conducted herself with propriety, doing her duty as a wife, has at all times treated defendant with kindness and forbearance, and has been guilty of no act bringing about or causing the hereinafter described acts, omissions and conditions on defendant's part.
 4. That defendant disregarded the solemnity of his marriage vow, and his obligation to treat plaintiff with kindness and attention, within about a year after their said marriage, commenced a course of unkind, harsh and tyrannical conduct toward her, which continued, with very slight intermission, until she finally separated from him, on or about the 27th day of November, A. D. 1915. That on divers occasions, while plaintiff lived with defendant as aforesaid, he was guilty of excesses, cruel treatment and outrages

toward her, of such a nature as to render their living together insupportable.
 5. That on or about the 1st day of February, A. D. 1913, at Newsome, Camp County, Texas, when plaintiff and defendant's oldest child was sick, defendant, in a harsh and brutal manner, told plaintiff to bring him some medicine. That plaintiff was so hurt and shocked by said conduct of defendant that she hesitated or paused in going for said medicine and stopped by a window. That defendant became so enraged at plaintiff that he approached her in a very threatening manner and took hold of plaintiff's person in a cruel and brutal manner and addressed to her most opprobrious epithets and made threats of personal violence, saying "G— damn you, I've a great notion to kill you," under circumstances which showed utter disregard for plaintiff's health, if not her life, and plaintiff was greatly frightened.
 6. That, in Vernon, Willbarger County, Texas, in the month of December, A. D. 1913, defendant made arrangements with one Professor Gilley for defendant and plaintiff to live in the house with said Prof. Gilley which was at that time occupied by said Gilley. Defendant had agreed that he would furnish groceries for the common table and that plaintiff would cook and keep house for them, and that said Gilley would furnish the house and its furnishings. That plaintiff's wishes were not consulted in regard to said arrangement before said arrangement was made, and that plaintiff, upon learning of same, objected to agreement on the ground that said house was too dirty to live in. Defendant, without just cause or provocation, became angry at plaintiff and addressed to her such opprobrious epithets, saying "You G— damn whore," etc., and threats of personal violence as to put her in great fear of her health if not her life. That plaintiff, always solicitous of the welfare of defendant's financial interest, agreed and did accept with defendant said proposition of said Gilley, and moved into said house occupied by said Gilley. That sometime afterwards, the plaintiff being unable to fix the exact date thereof, the wife of said Gilley returned to live with him in said house. That, although plaintiff endeavored to be compatible with said Mrs. Gilley, their association together in the same house became unbearable to plaintiff, and plaintiff told defendant that she could no longer live under the existing arrangement. Defendant said that that was the best that he could do at that time. Plaintiff then suggested that she would go to visit her sister, who resided in Wichita Falls, Texas, until defendant could make other arrangements for a house, and thereby relieve him of the expense of paying hotel fare for that time. That defendant did not want plaintiff to go to Wichita Falls, and said that he would not let her have the money to pay her railroad fare. That defendant, for no reason known to plaintiff, became angry at plaintiff, and addressed to her such opprobrious epithets and threats of violence, saying "G— damn you, I have a good notion to cut your G— damn throat," all of which put plaintiff in great fear of her life.

7. That defendant, within a year after their said marriage, commenced cruel, harsh and indifferent course of conduct toward plaintiff, which continued throughout the time that she lived with him as his wife. That defendant, utterly disregarding plaintiff and unmindful of plaintiff's refined nature and her social position, continually, upon leaving home on business, or for other reasons, would leave plaintiff without funds with which to purchase the daily necessities for herself and children. That such treatment was not only embarrassing to the extent of cruelty, but it often left plaintiff without food sufficient for her absolute needs, and as a result of such treatment plaintiff's health was damaged and plaintiff was made to suffer needlessly therefrom.
 8. That on or about the 27th day of November, A. D. 1915, plaintiff tried to talk over long distance telephone to defendant, who was at that time in Amarillo, Texas. That defendant, after being told who wanted to talk to him, denied that he had a wife and that any such person wanting to talk to him was an imposter and a fake. That such denial of marriage was of a most cruel and inhuman character, and that plaintiff suffered great mental agony therefrom, being destitute and among strangers.
 9. That in consequence of the cruel and inhuman treatment above mentioned, together with the threats aforesaid, and such brutal and outrageous conduct towards her as rendered it unsafe for her to live with him or remain within the reach of his violence, she was, on or about the 27th day of November, A. D. 1915, obliged to leave, and did leave, the house of said defendant and go to her friends, since which time she has not dared to return to his said house or to live with him.
 10. That during the marriage of plaintiff and defendant, they have had born to them as issue of such marriage, two children, both female; Feraby Mae, age 7 years, and Neva E'Lols, age two years, who are still living that plaintiff is able to bring up and educate said children properly in that plaintiff has relatives who are provided with means and who have expressed assurance that they will assist plaintiff in bringing up and educating said children; that defendant is not able to bring up or educate said children properly, because his business takes him from place to place, and he would not be able to care for said children if he was so inclined; that plaintiff is and would be prudent toward such children, but defendant would not because he often becomes intoxicated and remains so for days at a time, and is not therefore morally fit to be custodian of the persons and education of such children; that it would be right and proper to award the custody and education of said children to plaintiff instead of to defendant because of the sex of said children.
 11. Wherefore plaintiff prays that defendant be cited to answer this petition; that on final hearing plaintiff have judgment dissolving the marriage between plaintiff and defendant; that plaintiff have the care, custody and education of the said children of said marriage, and for such other and fur-

ther relief as the court shall think proper to grant, or as plaintiff may be entitled to, either at law or in equity, and for costs of this suit.
 AUSTIN F. ANDERSON,
 Attorney for Plaintiff.
 HERIN FAIL NOT. And have you before said Court on the said first day of the next term thereof, this writ, with your endorsement thereon, showing how you have executed the same.
 Given under my hand and seal of said Court, at office in Plainview, this, the 26th day of June, A. D. 1916.
 B. H. TOWERY,
 Clerk District Court,
 Hale County, Texas.

MORE TRUCKS BOUGHT FOR MEXICAN USE.
 Seventeen additional carloads of motor trucks have been shipped to the Mexican border by the Peerless Motor Car Co., of Cleveland, Ohio, for use by the United States Government, which has purchased the 33 machines. Forty-four trained mechanics accompanied the trucks to serve as chauffeurs in Mexico. Twenty-eight of the trucks are of the three-ton, heavy-duty type, while the remaining five are huge tank trucks for the transportation of water.
BORAX A HOUSECLEANER.
 The solution of the housecleaning problem is a solution of borax. There is no place in all the house where the laws of sanitation should be so strictly observed as in the kitchen. Borax is, more than anything else, adapted to the work of the kitchen. It doubles the cleansing power of soap and water and makes things shine and sweet and wholesome. Sinks and drain pipes are breeding places for disease germs of all kinds. They should be flooded with a strong solution of borax and boiling water daily. This will remove germs and odors, leaving everything sweet-smelling and fresh. When washing your dish towels add a tablespoon of borax to a pan of water and boil fifteen minutes. It leaves the linen white and soft with absolutely no injury to the fibre.

Cash Grocery Co's SPECIALS
 Advancing prices on most all commodities necessitates slight advances on grocery products. Having supplied our shelves before material advances went into effect we are able to offer you the following prices:

HEAT vs. HEALTH

The two are not generally supposed to go together. The heat is here, so is the need of great care in the diet.

Energy must be kept up by means of wholesome light foods well prepared. The appetite is fickle. What will suit one member of the family does not appeal to another. All are prone to grumble at the cook or leave their meals only half eaten.

Under such circumstances the housewife has indeed a very troublesome question before her in the selection of her menus.

We are here to serve you under these trying circumstances. We have a complete stock of summer edibles and wholesome, energizing groceries, both staple and fancy. We have a nice assortment of tempting dainties for the lunch basket suitable for short time or extended outings. In other words we are here to please and have the goods of a quality which will please, of a wide selection in tastes, and at prices we will be pleased to have you compare.

Sewell Grocery Co.
 Phones 8 and 9

Your Favorite Music Rendered Perfectly

With the Playerphone you may use disc records of any make. The Playerphone is especially built to render perfect interpretations from every disc record.

It is made to meet a demand for an instrument that does not limit the owner to merely the records made by one firm. Best of all Playerphones are far less expensive than similar cabinet instruments whose powers are limited to just one make of records.

No change of equipment is necessary for playing all different makes of records. To play Hill & Dale records, such as Edison and Pathe, the producer only has to be reversed and a Playerphone jewel point or sapphire ball inserted.

As to appearance the Playerphone is an ornament to the most richly furnished home. Examine those on display and hear them play your favorite pieces.

AN INSTRUMENT WITHIN YOUR REACH

There is no need of waiting longer to have the best music in your home. Every musical pleasure is now within your reach. You can obtain attractive terms in buying a Playerphone.

In construction and materials the Playerphone is unexcelled. Each model is finished in the finest veneered mahogany or quarter sawed oak. The tone modifier is regulated from outside the cabinet, doing away with the old-fashioned doors and shutters. The tone chamber is constructed of the highest quality violin wood so as to amplify and interpret perfectly every inflection of sound.

ELECTRIC OPERATION—No Extra Charge

Merely by moving the tone arm into position for playing starts the motor. In those models which are equipped with electric motors no extra charge is made. The best and newest conveniences have all been incorporated. The cover has an automatic catch, locking it at any height. The spring motors used play several records without rewinding. Every refinement tending toward ease of operation and improvement of the tone has been made a part of the Playerphone.

Prices Range from \$50 to \$225

The Wonder of the Motor Age Is Here

Model D-4-35, Completely Equipped

PRICE **\$665** f. o. b. factory

It Has—The Buick Design—The Buick Valve-in-Head Power

The rightness of the Buick Valve-in-Head motor and not the enthusiasm of its salesmen has made the Buick conspicuous for leadership.

This new "Four" has a Buick Valve-in-Head motor (with electric starter) which develops thirty-five horsepower on brake test and is so reliable for rugged service that no eulogy is necessary among "men who know Buick."

Its lines are beautiful. Finish and color are exceptional. Deep, tufted black genuine leather upholstery. Covered floor and running board, with aluminum bindings, give a trimness of appearance that is peculiarly Buick.

Body, hood, fenders and running gear are painted a glossy, long-wearing black; wheels are black with white stripe. Tires 31x4 inches.

SPECIFICATIONS

BODIES: D-34, two-passenger Roadster type. Roomy baggage compartment under rear deck. D-35, five passenger touring type. Both models have streamline body and hood with deep cowl and instrument board; extra wide seats and doors.

FINISH: Handsomely painted; body, hood, fenders and running gear, black; wheels black with white stripe; deep tufted black genuine leather upholstery with wide, comfortable cushions.

CONTROL: Friction retained spark and throttle levers on top of steering wheel; independent foot accelerator; pedals for clutch, service brake and starter; levers for gear shifting, and emergency brake conveniently located in center of driving compartment; lighting and ignition switches mounted on instrument board directly in front of driver; center control.

WHEEL BASE: 106 inches.

MOTOR: Four-cylinder, four-cycle, Valve-in-Head type, unit power plant, suspended at three points from main frame; cylinders 3 3/8 inch bore x 4 3/4 inch stroke, semi-steel block casting with detachable head; heavy crank shaft with three large, babbit-lined main bearings; exceptionally large valves with noiseless adjustable ball end push rods; 35 actual brake horsepower.

COOLING: Water cooled with centrifugal circulating pump driven by spiral gears; ample jacket space, with large inlet and outlet passages; cellular type radiator of large capacity; pressed steel radiator fan driven by an adjustable flat belt from the camshaft.

LUBRICATION: Self-contained, constant level circulation splash system, with special plunger pump driven from camshaft; separate oil lead direct to timing gears.

CARBURETOR: Special automatic float feed, supplied by vacuum system from gasoline tank on rear end of frame.

IGNITION: High tension, jump spark system; current supplied by Delco generator; spark advance controlled by lever on top of steering wheel.

STARTER: Complete Delco, single-unit system for electric starting, lighting and ignition, built integral with the motor and operating in conjunction with storage battery under front seat; current supply automatically regulated; starter operated by pedal.

CLUTCH: Large leather-faced cone clutch with expanders under leather to insure smooth action. Clutch springs fully adjustable; operates easily with light pressure on pedal.

TRANSMISSION: Selective, sliding gear type; three speeds forward and reverse; heat-treated, chrome nickel steel gears; clutch gear runs on noiseless roller bearings, square shaft on large double row ball bearing, and counter shaft on bronze bushings.

DRIVE: Through single large universal joint and fully enclosed propeller shaft to bevel gears in rear axle; propeller shaft housing attached to large ball and socket joint on rear of transmission; torque taken through propeller shaft housing and ball joint; drive through rear springs.

REAR AXLE: Three-quarter floating type, with shafts running on roller bearings; ball thrust bearings for differential and driving gears; all weight carried on axle tubes; large beveled driving gears, ratio 13:53.

BRAKES: Two sets operating on rear wheel drums; service brakes, external contracting type; emergency brake, internal expanding type.

FRONT AXLE: Drop forged, I-beam section, yokes integral with drop forged steering spindles, drop forged tie rod yokes; all heat treated; large cup and cone ball bearings for front wheels.

WHEELS: Wood; artillery type with large hub flanges; 12 spokes, demountable rims.

TIRES: 31 inch x 4 inch; non-skid tread, front and rear.

STEERING GEAR: Semi-irreversible split nut and worm type, with adjustable ball thrust bearing to take up wear; 16 inch black enamel wheel; spark and throttle levers on top of wheel; left-hand drive.

FRAME: Reinforced; pressed steel; channel section; tapered toward front to secure short turning radius; four heavy cross members.

SPRINGS: Extra long and flat semi-elliptic springs both front and rear; front 2 inch wide by 30 inch long; rear 2 inch wide by 48 inch long.

STANDARD EQUIPMENT: Electric head, tail and instrument lights, with license brackets; double bulbs in head lights; electric horn; speedometer mounted on instrument board; extra demountable rim with tire carrier on rear of frame; one-man type top cover with side curtains and dust cover; Bair top holders; adjustable, rain-vision, ventilating windshield; complete set of tools, including jack, pump and tire repair kit; robe rail on D-35. (No allowance will be made for any part of standard equipment omitted on customer's order.)

WEIGHT: D-34—1935 lbs; D-35—2052 lbs.

PRICES: D-34, complete, f. o. b. Flint, \$650. D-35, complete, f. o. b. Flint, \$665.

We have for demonstration today several of these wonderful new cars. We expect a big shipment of cars for delivery in a few days and will make deliveries not later than August first.

This car is proving so tremendously popular in construction and price that it will be difficult later to get your car when you want it. Better take the hint therefore, and get your order booked at once.

Motor News of General Interest

FADS AND FANCIES FOR THE MOTORIST.

Novelties in Hats, Wraps and Veils Are Introduced for Touring Use.

Many of the extra wraps take the form of capes this season, and the models used are very attractive. One of white mohair is lined with old blue mohair with a deep convertible collar of the blue inlaid with a white edge. The cape has white and gold military buttons and cords, and inside are two deep pockets. The cape is three-quarters length. Another attractive cape is in tan corduroy lined with orange silk. It has a deep, tan suede collar, white tan, gold and orange buttons and cords fastened the front. Both of the capes have military caps to match, the white one has a blue leather visor, and the tan has one of suede like the collar.

Suede foot cushions are appearing in leather to match the lining of the touring car. They have accordion puffs around the edges laced in with leather thong which are tied in tassels at the corners. The owners' initials are burned in the centers of the top sides. These cushions may also be had made of black leather with white puffings.

Three-quarter length slicker with the "sou'wester" hats to match are the proper thing for tourists this season. They come in colors that are becoming to all types. The coats also are much cooler than the ordinary rain-coats.

Tire hat boxes are convenient for extra camping things, and there are several models to choose from. Some fit over the tire in semi-circular shape, while others rest on the running board. All are roomy, however,

and are well worth considering for extra packing space.

There is a new model of the harem veil made for wear especially with the sailor or round sport hat. It is a gathered flounce hanging from a rubber gathering string that buttons around the crown of the hat. It has a narrow strip of shadow net across the eyes like a mast and at the back two streamers the width of the flounce, but a yard long, are brought around to tie under the chin like a scarf.

National tea baskets are new and are painted to order. The Russian basket, besides being decorated with the national colors, is fitted with Russian enamel and silver fittings, with Russia tea in the silver caddy and caviar sandwiches in the enameled sandwich case.

Wise is the woman camper who takes along a pair of real storm rubbers for excursions into the woods or by running brooks after ferns or flowers. They often come in handy and save the smart traveling boots from destruction.

A MARRIAGE A LA MAXWELL AT EL PASO.

Life isn't all a proposition of guns and drums along the Mexican border. At least, the folks in El Paso, Texas, find time to temper the military atmosphere with the sweet tunes of wedding bells. The Buquor Motor Company, distributors of Maxwell cars in El Paso, were awake to the romance of the month of June. They painted some of their Maxwells a pure white, a real bridal tone, any happy couples getting married in the Texas town had the use of a car free for the wedding festivities.

Needless to say, the fleet of pure

white Maxwells was very popular during the open season for matrimony. And while a little war game goes on across the Rio Grande, the Maxwell distributors promote a little game of hearts in Texas. Business is reported brisker than usual at the marriage license counter in El Paso.

ILLUMINATING NIAGARA FALLS.

Thousands of tourists from all parts of the country who have visited Niagara Falls during the season, were treated to an unusual sight, when the falls were illumined by large incandescent lamps with reflectors. The lights were placed in three different positions, as an experiment, and the trials were so successful that illumination of the falls will probably hereafter be a permanent feature.

Stanley W. Todd, writing in the

August Popular Mechanics Magazine, gives an account of the experiments, which were carried on by the officials of the city of Niagara Falls, as a means of furnishing another attraction for visitors. Permission being obtained from the state-reservation officials, the city government co-operated with an electric-lighting company, which makes a particular kind of electric lamp, throwing a brilliant light. A battery of five lamps was placed just below Prospect Point, so that they illuminated the large American falls. A second collection—five in all—was installed on the first bridge to Goat Island. This illuminated the cataracts from that point down to the edge of the falls.

The largest battery was placed on the promontory of Goat Island, which gives an easy view of the Luna Falls and Luna Island. Here 15 lights in two rows gave a powerful glare, and with the others, illuminated all of the falls between Prospect Point and Goat Island.

AS A WEDDING GIFT

We know of nothing more practical, nothing which will give the young homemaker more real pleasure in the planning of home comforts and efficiencies than the possession of the most perfect kitchen cabinet on the market—

The Hoosier Cabinet

Is a gift among gifts. It's usefulness will last long after the cut glass is broken, or the many other dainty, pretty things have been forgotten. If you wish to present a really appreciated remembrance let your order be for a Hoosier Cabinet.

E. R. WILLIAMS
Furniture and Undertaking

Make Cooking a Real Pleasure

AS soon as you have an OIL STOVE cooking will be a real pleasure. They are always ready when you are. They save fuel, save health, save temper, save food, and save money for the owner. There should be an immense amount of satisfaction in the increased efficiency and the comfort in ownership of a modern appliance like a guaranteed oil stove. Wouldn't it be a boon to the housewife in your home if she could eliminate the heat and worry of the old fashioned method of cooking and have the advantage of the coolness, comfort and quickness of a real oil stove? The heat is right under (and hence goes up into) the "cooking" and not out into the room. The heat is always under perfect control.

You can keep one or four burners at an intensely hot flame, or a mere simmer. To regulate the heat you turn a lever according to a dial.

Oil stoves are clean, safe, economical, reliable. No wicks to trim nor valves to leak. The oil supply is automatically constant.

Water heaters give you plenty of hot water—any time—without heating your kitchen.

Glass door ovens are perfect bakers, insulated with air space and asbestos, retaining heat for the cooking.

We sell The Florence and other high-grade makes of oil stoves and invite your careful inspection of their merits.

COUNTRY AND CITY CO-OPERATION.

"The farmer, of all men, is given the most advice. Perhaps he is at first inclined to resent it, to feel that other folks ought to attend to their own business and let him manage his," writes W. L. Nelson, assistant secretary of the Missouri State Board of Agriculture, in a bulletin entitled "Rural Progress in Missouri." "It is possible though, that after more mature consideration he sees in the continued advice not so much fault-finding as acknowledgement of the importance of the place that farming holds in the world's work. The commercial club or other organization that interests itself in the activities of the farmer does so, not in a meddling manner, but in recognition of the dependence of the city upon the country. Thus is country life paid the highest compliment.

"It is not for country communities to resent the activities, agricultural or otherwise, of commercial clubs—for these clubs, in many country towns, must be given credit for making the first effective organized effort toward local upbuilding and betterment.

"Cities have been quick to recognize their dependence upon the country, for nowhere save from the fields can the workers of the factories be fed.

"The interests of town and country are, in a broad way, identical. This fact realized, corporation lines are lost and country and country towns are brought into helpful and sympathetic touch with each other.

"Farms are factories. The town that adds to their efficiency, adds to its own trade. So it is worth while for the town to aid in the promotion of better and more profitable agriculture. It is directly to the interest of the town that the farmer be an efficient farmer; that he makes money; that he adds to the deposits in both his banks—the town bank, where his deposits are written in the passbook, and the farm bank, where his deposits are certified to by larger crops from a more productive soil.

"The average country town, that is surrounded by a community of farmers who barely make a living, will be peopled by merchants who barely make a living. It is the purchasing power of the profit, rather than of the total produce, that measures the farmer's ability to purchase and pay. Where crops show no profit, trade is sure to suffer.

"To vitalize the village is to add to the efficiency of the farm. Likewise, the life of the average country town depends upon the surrounding agricultural community, and to a marked degree the weal or woe of the one is inseparably connected with that of the other. If the town is slow, the farming community suffers; if the fields fail to produce fully, or if there is waste of crops, the town as well as the country loses. So there is every reason why country town and country community should work together."

THE KANSAS CITY STOCK MARKET IN DETAIL.

KANSAS CITY STOCK YARDS, July 14.—Rather liberal supplies and reasonable readjustment to a grass basis made a situation against cattle sellers this week. Dry weather caused stocker and feeder buyers to hesitate. Prices dropped 25 to 50 cents up to Wednesday, but as receipts have been light the last two days, prices have advanced 15 to 25 cents since Tuesday, and the market looks better for next week. Scattered showers and a moist atmosphere have allayed drought fears, and cut down prospective loading for next week.

Beef Cattle.

Top steers brought \$10.35 this week, but good ones sold at \$9.50 to \$10.00. Kansas wintered steers sold at \$8.25 to \$9.15, including some from both Greenwood and Ellsworth districts. Oregon grass steers sold at \$8.40 to \$9.00. Kansas-grazed Texas steers sold at \$4.75 to \$7.75, fed Texas steers in the quarantine division \$7.50 to \$8.50, one load at \$8.75. Oklahoma grass steers at \$6.25 to \$7.25, some common light steers down to \$5.75. Butcher cattle are lower also, prime cows \$7.75, good dry-lot cows \$6.50 to \$7.00, grass cows \$5.50 to \$6.25, common cows around \$5.00, canners \$4.50, bulls \$5.50 to \$7.25, best veals \$11.00.

Stocker and Feeders.

Yard traders are all back from their

summer absence, and everything is cleared for an immense stocker and feeder trade this fall. However, there is a tendency, as usual, to wait a while, pending the development of the corn crop. In the meantime, prices are 25 to 50 cents lower than 10 days ago, most of the good steers \$7.25 to \$8.25, some plain and useful cattle down to \$6.50.

Hogs.

Receipts have been light, which rendered attempts of packers to put the market down without much effect. The supply is 3,000 today, market 5 to 10 cents lower, top \$10.00, bulk \$9.70 to \$9.95, light hogs up to \$9.85. Good Idahos sold around \$9.70 here this week, and 3 cars of Montanas weighing 195 pounds sold at \$9.85 and \$9.90 yesterday. Packing house stocks are reported smaller than a year ago, and heavy consumption, coupled with apparent moderate receipts, inspire prophecies of higher prices during the next four or six weeks.

Sheep and Lambs.

Light receipts are making a strong position for sellers at the sheep house. The supply today is 2,500, and prices are firm. Buyers are keen to get first bids on arrivals, a string of 4 cars of Texas wethers and yearlings selling this morning, 75 pounds average, at \$7.70. Colorado lambs brought \$10.75 yesterday, ewes \$7.25, neither price quite the limit for prime stock. Arizona spring lambs sold up to \$10.60

early this week. Natives sold at \$10.65 to \$10.85, and choice Idaho yearlings are quoted at \$8.00 to \$8.25. Feeding lambs are quoted up to \$9.00, breeding ewes around \$7.50, and choice young ones this morning at a new high price, \$8.75.

Market Correspondent.

NOTICE.

Plainview, Texas, June 12th, 1916.
We, the undersigned members of the Plainview Bar, hereby endorse the Hon. Nelson Phillips for re-election to the office of Chief Justice of the Supreme Court of the State of Texas. We do this because he possesses and has exhibited while serving his first term on the bench, every qualification necessary for a justice of our highest court to possess. He is fair minded, just, able, and is in everything a gentleman and a profound Judge. His decisions rank with those of the ablest judges who have held that office, and we ask the voters at the Democratic primaries to endorse him by their votes for re-election.

RANDOLPH & RANDOLPH,
W. B. LEWIS,
MARTIN, KINDER,
RUSSELL & ZIMMERMANN,
W. W. KIRK,

WHAT IS CLARIFIED MILK?

Clarification means centrifugally cleansing milk of the udder waste, foreign and impure matter it may contain without affecting its butterfat or other nominal constituents.

One grain of stable dirt has been found to contain 32,875,000 bacteria. Bacteria are tiny plants. Dirty milk contains millions of them. Clean milk contains only a few hundreds or a few thousands. The millions of bacteria in dirty milk inflame the intestines of children.

Clean People Buy Clean Milk

ANNOUNCEMENTS.

The Baptist Sunday School will have a picnic at Pioneer Park next Tuesday.

Mrs. Robert Malone entertained Friday afternoon in honor of Miss May Kinder with an English tea.

A demonstration of the Fletcher music method will be given by Miss Minnie Hutchings at the home of Mrs. Peyton Randolph, 803 El Paso Street, on Thursday, July 20, in the interest of Wayland College. The public is cordially invited.

Ross Dickerson, of Silverton, was here last week on business.

ANNOUNCEMENT.

Mr. and Mrs. Joseph Buchheimer announce the approaching marriage of their daughter, Mildred, to E. L. Doland, Wednesday, August 2.

KINDER-SMITH.

Saturday night at nine o'clock Miss May Kinder, daughter of Judge and Mrs. L. S. Kinder, was married to Ben F. Smith. Rev. J. S. Wicks pronounced the ceremony, at the St. Mark's Episcopal Church, in the presence of only a few friends and relatives. Simplicity was the keynote of the ceremony. Lawrence Gray played the wedding march.

The church was fragrant and beautiful in white and green, and was lighted with candles.

The bride was dressed in white satin and carried a bouquet of lilies of the valley.

The gifts to this popular couple were very handsome and many in number.

SUNDAY SCHOOL CLASS HONORED MISS KINDER.

Miss May Kinder was entertained Friday afternoon with a miscellaneous shower by her Sunday School class, at the home of Miss Elizabeth Hunsaker. Most of the gifts were dainty, useful, hand-made ones, made by the girls themselves, and therefore highly prized by their teacher.

Pink and white sweet peas adorned the rooms, and were used effectively in the table decorations.

Sherbet and cake were served from white china cups centered in a plate banked with pink and white sweet peas.

Those present were Misses May Kinder, Lena Donohoo, Helen Ware, Electra Anderson, Zeldia and Resonne Hulen and the hostess.

MRS. C. W. TANDY LEADS DISCUSSION OF BRAZIL.

The Ladies' Aid of the Baptist Church met yesterday afternoon, at the church. This was their regular missionary meeting. Brazil was the topic discussed. Mrs. C. W. Tandy was leader, and a very interesting meeting resulted.

GRAHAM HOME SCENE OF MISSIONARY SOCIETY MEETING.

The Missionary Society of the Presbyterian Church met yesterday afternoon with Mrs. E. Graham, at her beautiful home, north of town.

The meeting was one of interest, and about twenty enthusiastic members were present.

The devotional exercises were opened by Mrs. W. A. Todd.

A report was read by Mrs. H. D. Hyde, superintendent of the Light Department. She reported twelve little folks as the membership of this department.

Mrs. Reed gave a report of the financial condition of the Foreign Board of the Presbyterian Church for 1915-1916.

Miss MacGillivray delighted those present with two excellent readings.

The Home Mission topic for the afternoon was the report by Mrs. S. W. Meharg on the Home Missions at the assembly.

Then came the watchword and social hour. During the social hour the hostess served delightful refreshments.

COMPLIMENTARY PICNIC.

One of the very delightful affairs of the week was the picnic Friday from 6 until 10 p. m. arranged by Mrs. Walter McClure, of Fairmount Avenue, in honor of Mrs. G. L. Bruner, of Plainview. Forest Park was selected for the entertainment, and a most bountiful supper was spread.

Features of entertainment were vocal selections by Miss Nan Gantt and Mrs. U. M. Lee and readings by Miss Hallie Younger and Miss Florice Bessie Hammer, of Plainview.

The following enjoyed the occasion: Misses Laura Hartman, Annie Mae Younger, Nan and Mattie Gantt, Mary Louise and Fay Elizabeth Lee, Mary Miller, Gladys and Hallie Younger, Berta Mae Looney, Carrie Prince, Ruth McClure, Florice Bessie Hammer, Gladys McClure, Katherine Kinkle, Carrie Bell and Ruth Looney, Elizabeth McClure; Messrs. Homer Hagler, Gresham Moore, C. A. Gantt, of Waco; Sam and Joe McClure, Frank Younger, Irving Hansen, Hartman Looney, Wayne McClure, Walter Woodrow McClure and Herbert Prince; Messrs. and Meses. Walter McClure, S. D. Hartman, Robert Hansen, Sam McClure, U. M. Lee, Oscar McClure, W. Kinkle; Mmes. G. L. Bruner, Fannie Watkins; Mmes. G. L. E. Gantt, P. Younger, W. G. Miller and D. E. Looney.—Fort Worth Star-Telegram.

J. E. HAWLEY AND FAMILY BACK FROM AUTO CAMPING TRIP.

J. E. Hawley and family returned Sunday night from Happy, after an auto trip of seventeen days through the Capilina Mountains of New Mexico.

While away the party camped most of the time, stopping at Seneca for a short visit with Chas. Cheney, a brother of Mrs. Hawley, and at Dedman to visit J. A. Aycock, a former resident of Plainview.

Upon their return to the Plains, Mr. Hawley left his family at Happy, the guests of Mr. and Mrs. Chas. McDade, drove to Plainview for Miss Gertrude Maynard and Mrs. Barron an daughter, Marie, returning to Happy Saturday night. Mrs. Barron and daughter, Marie, returning to Happy, and the other members of the party returned home Sunday night.

BIRTHS.

Born, to Mr. and Mrs. A. E. Howell, on July 9th, a girl.

On July 13th a girl was born to Mr. and Mrs. J. W. Day, of near Hale Center.

A boy was born to Mr. and Mrs. D. B. Boswell on July 17.

Rev. R. E. L. Farmer, Miss Mildred Farmer, and Professor Crabb, who will be director of music next year at Wayland College, spent some time in Hereford last week in the interest of the college.

Miss Irene Redfearn has returned from Canyon, where she has been employed in a mercantile establishment.

Mr. and Mrs. Virgil McVickers have returned from a visit with Mrs. McVickers' parents, in the Pleasantview community near Canyon.

G. C. Vaughn and family spent Wednesday of last week in Silverton.

Miss Della Ansley, Deputy County Clerk, is forced to be away from the office this week on account of illness.

Miss Claudia Quisenberry left this morning for El Paso for a visit with her mother.

Miss Minnie Quisenberry went to Hale Center this morning for a visit.

Miss Patty Dalton left this morning for Fort Worth, where she will visit for the next two weeks.

Miss Essie Hancock left this morning for Fort Worth, where she will visit with friends in Fort Worth and Dallas.

BELGIAN SUFFERERS TO BE FED BY STAMP CAMPAIGN.

ASHEVILLE, N. C., July 12.—In order that the smallest boy or girl, or any man or woman, no matter what their means of livelihood are, can contribute their mite to the aid of the suffering women and children of the "Kingdoms of Grief," Belgium and Northern France, the North Carolina Commission for the relief of Belgium announces today that seals of mercy will be placed on sale in all sections of the United States. These seals, which were designed by the Secretary of the North Carolina Commission, and authorized by the National Commission in New York, are of similar size to the Red Cross seal.

Occupying the center of the seal are flags of the United States and Belgium, with the words "Seal of Mercy" and "Kingdom of Grief" above, and "America's Sympathy" below. The seals sell for one cent, and the funds derived from their sale will be devoted to the feeding and clothing of the women and children who, owing to the great European war, are suffering untold miseries. They can be placed on letters or mail packages of any kind, the same as the Red Cross seals are used. Seven seals will bring in enough money to feed one woman or child a day, according to the announcement of the Commission.

Here, There and Everywhere

In order to give water to the rice growers below Austin, Lake Austin is being drained.

A long stay for American troops in Mexico is indicated by the fact that winter clothing has been ordered for the men, twelve cars of supplies have been sent to them, and larger field pieces are being sent to El Paso.

A joint resolution at Washington to empower the President to buy a portion of Northern Mexico and Lower California, has been referred to the Foreign Relations Committee, where other similar bills have died.

There is a provision in the Senate Naval Bill to provide ten aviation stations as a part of the life-saving equipment of the coast guard service.

General Cipriano Castro, former President of Venezuela, has been refused admission to the United States, on grounds of moral turpitude. He was refused admission three years ago for the same reason.

Texas ranks among the lowest of the states in her per capita expenditure for education.

Germany has a national committee whose work is to prepare the minds of its citizens for the culmination of "an honorable peace."

JUDGE FISHER A WINNER.

As manager of Judge Fisher's campaign, I have visited the largest voting counties in the 7th Supreme District, and I find that Judge Fisher has a strong following everywhere.

He is strong with the rank and file of the people;

He is in sympathy with the common people, because he has come up through hardships and toil;

He is not the candidate of any particular class or special interest;

If he is elected, his decisions will be according to the law and the facts, and not influenced by prejudice, policy or spite;

He has never served as an attorney of the big corporations, nor is he backed by a bunch of corporation attorneys;

One member of the present Court of Appeals at Amarillo is doing all he can to elect a certain candidate. Do you want a self-perpetuating Court or do you want a court chosen by the people?

If you vote for W. D. Fisher, your vote will count.

Let the people rule!

P. A. puts new joy into the sport of smoking!

YOU may live to be 110 and never feel old enough to vote, but it's certain-sure you'll not know the joy and contentment of a friendly old jimmy pipe or a hand rolled cigarette unless you get on talking-terms with Prince Albert tobacco!

P. A. comes to you with a real reason for all the goodness and satisfaction it offers. It is made by a patented process that removes bite and parch! You can smoke it long and hard without a come-back! Prince Albert has always been sold without coupons or premiums. We prefer to give quality!

Prince Albert affords the keenest pipe and cigarette enjoyment! And that flavor and fragrance and coolness is as good as that sounds. P. A. just answers the universal demand for tobacco without bite, parch or kick-back!

Introduction to Prince Albert isn't any harder than to walk into the nearest place that sells tobacco and ask for "a supply of P. A." You pay out a little change, to be sure, but it's the cheer-fullest investment you ever made!

Prince Albert is sold everywhere in tippy red bags, 5c; tidy red tins, 10c; handsome pound and half-pound tin humidors and that clever crystal-glass pound humidors with sponge-mustangs top that keeps the tobacco in such splendid condition.

Motor News of General Interest

TRAILERS BEHIND ALL KINDS OF CARS.

European War Has Brought About Their Extensive Use, Transporting Men Say.

Reports from the Mexican border are to the effect that trailers are being used more and more to supplement the motor truck. When the crisis between the United States and Mexico assumed a threatening phase, the War Department placed several rush orders for trailers.

This use of trailers follows the experience of the European war, as the following from a paper by W. F. Bradley, read before the Society of Automobile Engineers, shows:

"It is worth noting that the war has brought about an extensive use of trailers. Their first application was in the automobile service, where loads are bulky and light. Their use has been extended in this service and has also been adopted by other branches of the army. Naturally, the four-wheel driven tractor has tended toward a considerable increase in the use of trailers, but these are vehicles originally designed for operating with trailers. The trailers are now being attached behind all kinds of automobiles, which, it was originally thought, would never have to receive them. Thus three-and-one-half-ton trucks working with bulky loads are being made more efficient by the addition of trailers.

"A large number of light trucks, of three-quarters and one-ton capacity, mounted on pneumatic tires, are fitted with a special army type elastic coupling at the rear and will take one or two-wheel pneumatic-tired trailers. These are extensively used for the transportation of men working in the rear of the lines. For instance, at a big aviation depot employing 500 men, who have to work five miles from their billets, these light tractors and trailers are used to take the men backward and forward morning, noon and night. The machines are not kept especially for this purpose, but are used in general haulage work around the depot.

"The trailers are merely two-wheel floats with canvas tops on detachable hoops; the front is closed and entrance is at the rear; there are two longitudinal seats. In a few minutes the trailers can be stripped to mere platform bodies suitable for carrying aeroplane wings or a complete aeroplane. As a speed of thirty-five miles per hour can be maintained on good roads, these outfits are valuable, in case of necessity, for the quick transportation of troops to threatened points. Many of the smaller munition factories not having sufficient work to justify the purchase of a truck are using ordinary touring cars with a trailer attached."

RESUME FOUR-CYLINDER MODELS

Buick Will Concentrate on This and Its Small "Six."

The General Motors Company has again entered the four-cylinder field, with a four-cylinder Buick runabout, known as D-4-34, and a touring car, known as D-4-35, with prices some \$350 less than those quoted on its cheapest car during the last year. The company will concentrate on this model and its small "six," having discontinued its large "six."

The new four-cylinder model will be designed for an initial production of about 75,000. The motor is of the same overhead-valve construction as the present "six," and is 3 3/4 x 4 1/2 inches, developing thirty-five brake horsepower. Other specifications include 106-inch wheel base, Delco ignition, Stewart vacuum fuel feed, 31x4-inch non-skid tires, three-quarter floating rear axle, semi-elliptic springs on both front and rear, the front being 30x2 inches, and the rear 48x2. The car has three speeds forward and is geared four to one on high.

GARAGE TANK MEASURES OIL ACCURATELY.

An accurate and simple device for measuring gasoline, described in the August Popular Mechanics Magazine, was constructed by a garage owner in Vermont. It consists of a 10-gallon tank in which there is a float; the latter is attached to a pointer that rises and falls in front of a graduated scale as the contents of the can is decreased and increased. A customer, desiring to fuel his machine, simply connects his oil tank with the 10-gallon reservoir by means of a hose provided, and observes the flow by the movement of the marker.

OVERLAND MODEL 75 POPULAR IN INDIA.

As evidence of the fact that the demand for their product is pretty much the same all over the world, The Willys-Overland Company, of Toledo, Ohio, points to the ever-increasing number of orders received from some of these far-off points urging the factory to rush additional cars to them with all possible speed.

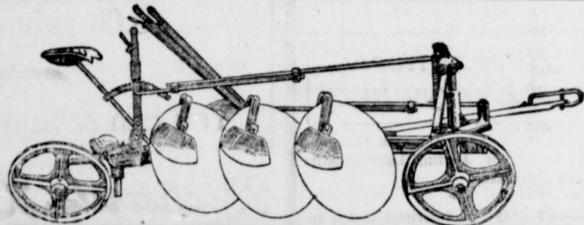

"The only complaint we have to make is that we cannot get cars fast

enough over here to satisfy our customers," writes the Overland dealer in Rangoon, the largest city in Burma. "If we could get the cars we could dispose of them as rapidly as some of your big dealers in the States.

"Not long ago two of our salesmen sold 23 Model 75 Overlands in four days, and the same two gentlemen followed this up by turning in orders for nine additional cars in one day. We have sold as high as 63 new cars in a month, which, I believe, established a record for this territory.

"If the good-roads movement ever reaches this country we will be able to double and treble our sales in short order. The streets of Rangoon and a few of the nearby towns are not so bad for automobiles, but as soon as you leave the town proper you are forced to pick your way over roads that are worse than any I have seen in other countries.

"The Burmese favor the small, light Overland in preference to the larger and more expensive machines. The economical advantages of this smaller model appeal to them strongly, and once we have demonstrated its ability to travel the so-called roads around Ragoon we have little trouble in closing the sale."

SANDERS DISK PLOWS

THE WORLD'S STANDARD. ALL SIZES—EVERY EQUIPMENT

The lightest draft DISK PLOW on the market!

Give your team a chance—insist on the Sanders!

SANDERS Horse Disk Plows are built in five sizes. Anything from one to five disks. Built with either 20, 24, 26 or 28 inch disk blades. Can be set to cut 6, 8 or 10 inch furrows per disk. Will plow from 5 to 9 inches deep, depending on size of disk blade used. Can be quickly changed from 2 to 3 disk when desired. SANDERS Plows have chilled disk bearings. The only really successful bearing for any disk plow. Large one inch bolts used throughout. Others use 3/4 inch and think them strong enough.

"Sturdy as the Oak" "Sturdy as the Oak"

OAKLAND

When the Woman Decides

Oakland cars make an unusual appeal to women. For they are cars of easy control, of striking beauty, and luxurious comfort. You will find your choice among the three Oakland models.

Eights

Do you prefer an eight? The Oakland "Eight" is the very essence of flexibility perfectly controlled power, with beautiful body lines and cushions of restful depth and softness.

Sixes

Or perhaps a six-cylinder car fits your ideals better. The Oakland "Six" at \$795.00, develops 30-35 h. p. and yet weighs but 2,100 pounds fully equipped, ready for the road. It is, in every sense, a man's car for power—a woman's car for easy handling.

SPEED MEANS POWER

Slim Caldwell driving an Oakland Six (\$795.) won the light car race at Matador, July 14th.

SILAGE FOR LAMBS.

The purpose of a recent Nebraska lamb-feeding experiment was to find out the comparative value of corn and alfalfa hay fed in various forms with and without corn silage.

Whole grain and hay in conjunction with the silage was the more economical of the two rations. Lambs on ground corn and ground alfalfa hay made daily gains of 0.371 pounds at a cost of \$6.12 per 100 pounds.

In a test to compare good versus poor alfalfa hay as a supplement to corn in mutton production it was found that good alfalfa was worth double the value of poor alfalfa hay.

SHERIFF'S SALE.

THE STATE OF TEXAS, County of Hale. BY VIRTUE of a certain Execution issued out of the Honorable Justice Court of Precinct Three, Hale County, on the 10th day of July, 1916, by T. C. Masterson, Justice of Peace of said County, against S. J. Underwood for the sum of Sixty-one and 50-100 (\$61.50) Dollars and costs of suit, in cause No. 70 in said Court, styled First State Bank of Hale Center versus S. J. Underwood, and placed in my hands for service, I, J. C. Hooper, Sheriff of Hale County, Texas, did, on the 10th day of July, 1916, levy on certain Real Estate, situated in Hale County, described as follows, to-wit:

Being all of the south one-half of the southeast quarter of survey 22, block A-4, in Hale County, Texas, surveyed by virtue of certificate 254. Located 11 miles south and 3 miles west from the Court House in Plainview, Hale County, Texas, and levied upon as the property of said S. J. Underwood.

And in compliance with law, I give this notice, by publication in the English language, once a week for three consecutive weeks immediately preceding said day of sale, in The Plainview Evening Herald, a newspaper published in Hale County.

Witness my hand this the 10th day of July, 1916. J. C. HOOPER, Sheriff, Hale County, Texas. By J. F. FRYE, Deputy.

NEXT VISIT.

DR. DUNCAN, eye, ear, nose and throat specialist, will be in Plainview July 21 and 22. This is the doctor's third visit here within the last two months. He comes to demonstrate the Famous "Kryptok" Invisible Bifocals. Every pair guaranteed. Every pair "made in Texas." About 100 people in and near Plainview are wearing them. Why not you? Phone DR. DUNCAN at Ware Hotel or Long-Harp Drug Co., and he will call on you. 2t.

FOR SALE—20 young male Poland-China hogs, from 4 to 6 months old, and 20 young Hereford bulls, from 8 months to a year old. Can be seen at my Hale County farm two miles south of Hale Center. J. J. ELLERD. 1t.

NICE HOME FOR SALE.

Low price; good terms. House, well and windmill. Plenty of trees and shrubbery. Will take some trade. For particulars, address P. O. BOX 44, Plainview, Texas. 1t.

Place your order with VICKERY-HANCOCK if you want good, fresh Groceries and want them delivered promptly. Phone 17. 1t.

NEXT VISIT.—The next visit of DR. DUNCAN, eye specialist, will be July 21 and 22. Telephone and he will call on you. LONG-HARP DRUG CO. 2t.

FOR RENT—Furnished front room. Close in. Prefer young men. Phone 210. 1t.

15,000 acres in solid body, Deaf Smith County; joins railroad; good shipping pens; plenty of water. Price, \$6.50 per acre; \$2.00 per acre cash; balance one to nine years at 6 per cent. Best cow ranch in the West. SMITH & GUINN, Hereford, Tex. 8t.

NOTICE.

All old patients will please drop me a card if they need any advice while I am in Plainview, July 21 and 22, and I will call on you just as soon as possible. If you live in the country, call at Ware Hotel Saturday afternoon. Tell your friends the date of this visit. Thanking you, T. H. P. DUNCAN, M. D.

USED CARS FOR SALE—Dodge, Ford and Hupmobile. See T. B. CARTER. 1t.

If your Glasses need changing, phone DR. DUNCAN July 21 and 22, and he will call on you. Ware Hotel. 2t.

We pay the highest cash prices for Poultry, Eggs, and Hides. Don't fail to call and get our prices before you sell your produce. Phone 637. Opposite passenger depot. WRIGHT PRODUCE COMPANY. 1t.

BIDS WANTED.

On July 25, at 2 p. m., bids will be opened for the erection of a brick school house in School District No. 17, Hale County, Texas. Contractors may get plans by depositing \$10.00 with me as a guarantee the plans will be returned. W. B. LEWIS, 2t. County Judge, Plainview, Texas.

STRAYED OR STOLEN.

Three month ago, from southeast of town, sorrel filley colt one year old; blaze face, white feet and legs. \$5.00 reward for information. J. L. DOTTS, Plainview. 2t-pd.

FOR SALE OR TRADE FOR CATTLE—One five-passenger Overland car. SOUTH PLAINS MARBLE CO. 1t.

FOUND—On Covington Street, an ironing board. Owner may have same by calling at the Herald office and paying for this ad. 1t.

OLD PATIENTS.

I will be in Plainview July 21st and 22nd, Friday and Saturday. Drop me a card or phone me if your glasses need adjusting or you want any advice. Will appreciate it if you will tell some of your friends about how your glasses are pleasing you.

Yours truly, T. H. P. DUNCAN, M. D. 2t.

EYES.

The eyes are the most used and most abused organ of our body. More eyes are made hopelessly incurable by misfit glasses than by disease. Don't let inexperienced vendors of glasses experiment on your eyes. Pay a little more and get the services of an oculist; get the services of one who understands disease, defects and deformities of the eyes; get the finest lenses money can buy. It will pay in the end. DR. DUNCAN will be here July 21 and 22. Phone and he will call on you. Ware Hotel or Long-Harp Drug Co. 2t.

LOST—Two five-dollar bills. If found return to BENNETT GROCERY STORE and receive reward. 2t.

LOST—Diamond stud. Reward if returned to E. E. ROOS, at Plainview Machine and Auto Shop. 1t.

USED CARS FOR SALE—Dodge, Ford and Hupmobile. See T. B. CARTER. 1t.

LOST—Last Friday, a boy's grey-mixed Norfolk coat, between Plainview and the old Tom Wilson farm, southeast of town. Please return to Hogue's Tailor Shop. E. C. FULLINGIM. 2t.

We are in the market for Dry and Green Hides. Highest prices. ALLEN & BONNER, Coal and Grain Dealers. Adv. 1t.

DR. DUNCAN, eye specialist, will be in Plainview July 21 and 22. LONG-HARP DRUG CO. 2t.

We are in the market for Dry and Green Hides in any quantity. RUCKER PRODUCE COMPANY. 1t.

500 ewes and 400 lambs for sale. H. D. ROSSER, Abernathy, Tex. 1t.

FOR SALE—106 head good two-year-old steers. \$43.00 for quick sale. J. R. WILSON, Redland, New Mex. 5t-pd.

FOR SALE—One two-room dwelling house; one store house 28x200, with stock of general merchandise. Located near \$6,000.00 brick school building. Will sell or trade for good notes or livestock. Write or phone CARL W. SMITH, Mickey, Texas. Adv. 8t.

Fresh Vegetables at all times at VICKERY-HANCOCK GRO. CO.'S. 1t.

FOUND: Friendship bracelet. Call at HERALD OFFICE. 1t.

Five-passenger Hudson car to trade for horses or mules or vendor lien notes. CLINT SHEPARD. 3t.

FORGET NOT! Have DR. DUNCAN examine your eyes July 21st or 22nd. Ware Hotel. 2t.

EVER SALIVATED BY CALOMEL? HORRIBLE!

Calomel is Quicksilver and Acts Like Dynamite on Your Liver.

Calomel loses you a day! You know what calomel is. It's mercury; quicksilver. Calomel is dangerous. It crashee into sour bile like dynamite, cramping and sickening you. Calomel attacks the bones, and should never be put into your system.

When you feel bilious, sluggish, constipated and all knocked out and believe you need a dose of dangerous calomel, just remember that your druggist sells for 50 cents a large bottle of

ANNOUNCEMENTS

The Herald is authorized to announce the candidacy of the following for the political offices designated, subject to the action of the Democratic primaries, July 22, 1916:

- For Representative: T. J. TILSON.
For District Attorney: AUSTIN C. HATCHELL, GEO. L. MAYFIELD, KENNETH BAIRD.
For District and County Clerk: E. H. TOWERY, J. P. HOWARD, W. M. JEFFUS, JO. W. WAYLAND, JAS. F. DUNCAN, JR.
For County Judge: CHARLES CLEMENTS, AUSTIN F. ANDERSON, J. E. LANCASTER.
For County Attorney: L. D. GRIFFIN, L. R. PEARSON.
For County Treasurer: JNO. G. HAMILTON.
For County Tax Assessor: ROY IRICK, E. BURCH, W. H. MURPHY.
For Public Weigher, Precinct No. 1: J. L. OVERALL, TOM THOMPSON.
For Sheriff: J. P. BUSSELL, J. C. HOOPER, J. C. TERRY.
County Surveyor: L. O. SHROPSHIRE.
For County Commissioner, Precinct No. 1: J. T. (DADDY) PHELPS, W. J. ESPY.
For Commissioner, Precinct No. 2: J. W. ROBERSON.
For County Commissioner, Precinct No. 4: M. C. CORNELIUS, C. E. LOCK, M. T. BARBEE.
Justice of Peace, Precinct 1—EARLE C. KECK.

perfectly harmless and doesn't gripe. Dodson's Liver Tone, which is entirely vegetable and pleasant to take and is a perfect substitute for calomel. It is guaranteed to start your liver without stirring up your inside, and can no salivate.

Don't take calomel! It makes you sick the next day; it loses you a day's work. Dodson's Liver Tone straightens you right up and you feel great. Give it to the children, because it is perfectly harmless and doesn't gripe.

POSITIVE PROOF.

Should Convince the Greatest Skeptic in Plainview.

Because it's the evidence of a Plainview citizen.

Testimony easily investigated. The strongest endorsement of merit. The best proof. Read it: Mrs. T. R. Alexander, Archer and Slaton Sts., Plainview, says: "I suffered from a feeling of distress in the small of my back and was languid in the morning. Doan's Kidney Pills, procured from the Long Drug Co., removed the trouble and strengthened my back."

Mrs. Alexander is only one of many Plainview people who have gratefully endorsed Doan's Kidney Pills. If your back aches—if your kidneys bother you, don't simply ask for a kidney remedy—ask DISTINCTLY FOR DOAN'S KIDNEY PILLS, the same that Mrs. Alexander had—the remedy backed by home testimony. 50c all stores. Foster-Milburn Co., Props., Buffalo, N. Y. "When Your Back is Lame—Remember the Name." —Adv. Styles change in Visiting Cards. Are yours of the approved size and letter? Our Engraved Cards come from the best copper plate engravers. Call 72. —Adv. 1t.

\$100 Reward, \$100. The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address F. J. CHENEY & CO., Toledo, O. Sold by all Druggists, 75c. Take Hall's Family Pills for constipation.

FARM AND RANCH LOANS R. A. UNDERWOOD

In After Years

Your baby will feel the effects of improper feeding.

Do you know that cow's milk contains but one-sixth the amount of iron of mother's milk and that Thompson's Food (Peptonized) is pure sweet milk modified on a large scale and so prepared that the iron content equals that of mother's milk.

Your baby will thank you in after years if you bring it up on Thompson's Food (Peptonized). There will be no danger of it being anaemic, rickety or backward in growth. Ready for use by simply adding water.

We suggest that you try a 50c package with our guarantee of satisfaction.

Long-Harp Drug Co., Plainview.

ONLY 10 MORE DAYS

Over 73 per cent increase of business from July

Of this unusual crowd impelling bargain event.

1st up until July 16, over same period of days last year and now to make this last 10 buying days a still greater success.

Sale closes Monday night, July 31st. Articles not mentioned in this ad are generously reduced in price.

Our Greatest Clearance Sale

In our first advertisement of this sale we told you that we expected to make this the greatest Clearance Sale in the history of our store, and that anticipation is being fully realized every day; for up until July the 16th our sales have increased 73 per cent over the same period of days of last year. We also told you that it was the policies of this progressive store to avoid the sensational in both selling and advertising, but that we felt that this would be a sale that we could not term anything else but sensational—and it has; for each and every day has seen our floor thronged with pleased and delighted purchasers. Every possible effort will be put forth to make the last 10 buying days of this sale a still greater success. Take advantage of this Bargain event and wend your way Mercantile-ward to this our greatest Clearance Sale.
