PLAINVIEW, TEXAS, FRIDAY, AUGUST 4, 1916

## "JUDAS NOT FIRST NOR LAST TO BETRAY JESUS"

DR. TRUETT SAYS MAN CANNOT HARDEN HEART AGAINST GOD AND PROSPER.

## "PRAYER IS THE SANEST THING"

Large Crowds Are Attending Baptist Meeting in Specially Erected Tabernacle.

"Who hath hardened himself against God and hath prospered?" was the text of an able sermon delivered last night at the Baptist tabernacle by Dr. Geo. W. Truett, of Dallas, who is conducting the meeting.

"The very suggestion of the text is amazing," the speaker said. "Is there any reason why any man should harden himself against God? Is that reasonable? Is that right? God is not only our maker, but a being of infinite power. Life is utterly contingent upon the power of God. If His power should be withdrawn one instant from man, he would be destroyed. He is a being of infinite wisdom, yet men and women harden themselves against that Being. O what a difference in the lives of men if we always thought that God sees and knows altogether! If the truth could be borne in upon us—'Thou God seest me!' Even for every secret thing shall we be brought into judgment.

"I can understand why men would break with the Devil. Satan never intended to do man anything but mischief and hurt. Yet the marvel is that men will cast their allegiance with Satan, and decline to line up for Christ. 'Which of my works have I done that ye stone me?' Why do we stone the Christ by neglect? Why stone him by putting off salvation to another day? Why stone him by unbelief? Why stone him by disobedience.

"There are many ways in which men and women harden themselves against God. I shall have time to give only a few of them briefly. Some of the commonest ways I will mention. Men harden themselves against God by going on in sin. Sin gets tighter, stronger and more powerful the longer men indulge. Sin in general, or sin in particular—any sin—gets tighter every day continued or salvation is delayed. I wonder if there is anybody here who drinks. I will not use exhorting words. I have seen men begin to drink. They were just good fellows—hall fellows well met. Gradually the habit grew on them. I don't choose drinking because it is the worst sin. I think there are many men who never drink who are worse than some men who wallow in the mire. The gravest of all sins is that of rejecting Christ—the sin of unbelief.

"Men harden their hearts against God by the power of public opinion. The fear of man blighting a soul! Pilate was not the only man that has sold Jesus, and through that great trade sold his soul also. He was not the first man nor the last man to turn away from Christ for fear of man. All through our social order, all through our political life it has been done."

Here Dr. Truett told of a Presidential candidate who felt strangely moved in a revival meeting. His companions insisted, when he manifested a desire to respond to the minister's call, that he must desist for his political career's sake. The time, as they saw it, was not opportune. They feared the opinions of men. That great man was never saved.

"One waits for another. One fails to act rightly because another does. There are great questions of ethics and great questions of morals which stand out in bold relief when compared with the smaller questions of life, as the sun outshines the glow worm. Has man a moral right to occupy a position in the occupancy of which he might hurt? Men say they wait for the maturity of years, when the buoyancy and activity of youth have passed. That is exactly what they do not do except in extremely rare cases. They continue delaying and finally reject the Christ. Character crystallizes and habits form every day. A conviction indifferently followed fades and dies. The saddest thing I know is for men to know, to feel and to realize the gospel of Christ and to put it away.

"Men harden their hearts against God by raising captious doubts and questions about religion. Don't trifle with your doubts. Track them to their hiding place. Make them give you peace or fling them away. Men ask them-

## GOOD PRIZES OFFERED FOR MEMBERS PIG CLUB

County Convention Will Be Held in the Early Fall at Plainview.

Prizes amounting to about \$80 will be offered winners in the Hale County Pig Clubs. Dr. R. F. Hare, county agricultural agent, announces that, in co-operation with the Young Men's Business League, prizes have been arranged for. Geo. R. Quisenberry, of the Helen-Temple Farm, has offered as the first prize a registered Duroc-Jersey pig from the famous Helen-Temple herd. The second prize is \$15 cash; third, \$7 cash; fourth, \$5 cash; fifth, \$3 cash, and \$25 cash to be placed by the committee on awards at their discretion.

In the early fall a county convention of the pig-club members will be held. At that time the pigs will be weighed by the committee of awards and the prizes awarded. The exact date will be announced in plenty of time to allow all members to make their preparations.

In addition to the awarding of prizes, suitable entertainment will be provided for all members of the pig clubs. They will be guests of Dr. Hare and the Young Men's Business League on convention day.

## WAYLAND OUTLOOK GOOD.

Rev. R. E. L. Farmer, president of Wayland Baptist College, has been spending the past few weeks in the field in the interest of that school. Rev. Farmer states that the outlook for the term 1916-17 is indeed splendid. He is expecting many new students and a majority of the old ones.

...selves, 'What if this is so?' and 'What if that is so?' and do not secure an answer. Men and women can play the ostrich with their doubts. Just as this bird, when its head is thrust into the sand, believes it is hidden, while in reality it is subject to the shots of the hunter, so is the man or the woman who would trifle with their doubts.

"Prayer is the sanest thing I know. It is merely a poor, little, finite, dependent creature calling on the great infinite God.

"Men harden themselves against God by looking around and seeing some poor, weak Christian or hypocrite, and stab to death the lives of their own souls. There are such weak Christians and such hypocrites, yes. God pity us! But for the grace of God all of us would go down in the mire. In the group of twelve apostles, even, there was one hypocrite! The sinner pushes out the poor, weak Christian, while he pushes back Christ and stabs to death his own soul. Christ has answered this question with, 'Therefore thou art inexcusable O man, whosoever thou art that judgest; for wherein thou judgest another, thou condemnest thyself; for thou that judgest doest the same things.'

"Men harden themselves against God by delay. It is Satan's masterpiece to get men to delay. Men need to become Christians, they desire to become Christians, yet they delay. In my meetings in the extreme Western portion of Texas I have come into contact with Mexicans. In their camp duties they constantly are saying 'manana,' which means tomorrow. To me this is one thing which explains the delay in progress and civilization in the Mexican republic. 'Manana! Manana!'

"Who hath hardened his heart and hath prospered? If you will make out a case against one man from Adam to now, I'll burn my Bible and never preach again. Do you know one who has prospered in the full meaning of the term? Did Cain? Did Sodom and Gomorrah? Did Judas? Did you know anybody in your life who did?

"There is no real or abiding peace for any soul which forgets God. It is like a cloud without rain, a well without water, at last coming to blasted hopes, to gloom and to death. When a man's soul is lost the loss is irreparable. Some losses may be recouped. The unsanitary city burned, out of it arises a new and clean city and the attendant health of the populace. I beseech you, O soul, live for two worlds. Better that that man had never been born than to lose his soul's salvation. What can I say of duty, of need, of happiness, of usefulness—what can compare with that—of influence—how great is that—of danger—more immense than words can express is the danger to a soul by these considerations."

## Plainview the City Beautiful—

And one thing necessary to make it that is for us to cut our weeds.

Weeds and trash in our yard corners are unhealthy and unsanitary. They are the wintering over-places of the codling moth, the leaf hopper and other insects which attack our fruit trees, our vineyards, our ornamental vines and trees. They are unsightly. They are unnecessary.

Every weed allowed to reach maturity means countless seed to be scattered by the wind into our lawns and to our neighbor's premises. If you destroy the weed before its seed are mature you kill thousands of potential weeds.

There are city ordinances requiring property owners to cut their weeds—but such ordinances were not enacted for YOU. They were passed to make the man who couldn't see the improved appearance of the city, the necessity from a standpoint of health and sanitation, the danger to his trees and vines from insect attacks—in short, to compel the man who hasn't pride and initiative enough about him to do it voluntarily. They were passed only for that few.

## COMMONS HEAR PEACE TERM HINTS IN ASQUITH SPEECH

Premier Explains Why Great Britain Entered Paris Economic Conference.

LONDON, Aug. 2.—Premier Asquith, on opening the discussion in the House of Commons today on the resolutions of the Paris economic conference, said the British Government had entered the conference with two objects in view. The first was to convince the central powers that the entente allies were resolved to wage the war in complete unity and determination in economic as in military spheres. The second was to make preparations for the period following the declaration of peace, in view of the known attitude and will of the Germans.

"Our eyes have been opened," said the Premier, "as to the meaning of the manifold ramifications of the German system of economic penetration and commercial and financial control of vital interests and the use to which this system could be put in time of war."

Germany, Mr. Asquith said, would be animated by the same spirit when the war was over. The Germans already are organizing their industries for an attack on the markets of the entente allies, he said, and for a vigorous, if possible, attack on neutral markets.

Germans Would Have Advantage.

"The Germans would start with obvious advantages," the Premier continued, "through their action in destroying the works and factories in the invaded countries, and because of the fact that they had a large maritime fleet safely interned in German and neutral ports, it was seen that it would be necessary to make preparations for the coming of peace, and the resolutions of the conference represented the general lines upon which these preparations would proceed."

Reviewing the situation in general, Premier Asquith emphasized two points: First, the determination of the allies to obtain reparation for the devastated areas, and, second, that "these resolutions are not aimed at neutrals."

Premier Asquith repeated that it was an essential condition to peace that Belgium and Serbia be restored, not only politically, nationally and diplomatically, but materially and economically to the positions in which they stood before the war. The devastated districts of France and Poland would be similarly treated.

Mr. and Mrs. W. F. Garner and Mr. and Mrs. H. P. Wasson will leave tomorrow for Colorado in Mr. Garner's Hudson car. They will probably go to the Yellowstone National Park.

## FOUR PERJURY CASES ARE ON DISTRICT COURT DOCKET

Number of Divorce Suits to Come Up; One Statutory Case; Many Civil Cases.

District Court for Hale County will be convened Monday by Judge R. C. Joiner.

There are four perjury cases on the docket of the District Court, one bootlegging case and a number of divorce suits. One man is charged with stealing wheat. There is another suit on a statutory offense.

In the following civil cases service has been made:

488—Edw. Kennedy vs. John Burson et al.

647—First National Bank of Plainview vs. C. H. White.

110—R. C. Ware Hardware Co. vs. C. J. Gilbert et ux.; suit on debt and note.

1156—Wallen heirs vs. Jno. S. McEntire et al.; protest.

1030—Eph Wells vs. John Estes et al.; trespass to try title.

1070—J. J. Simpson vs. P. & N. T. Railway Co.; damage.

1133—C. E. Myers vs. A. N. Redinger; trespass to try title.

1134—W. E. Halsell vs. P. & N. T. Railway Co.; damage.

1135—Mat Hansen vs. A. C. Whittle et al.; trespass to try title.

1171—H. L. Bryant vs. Robt. McQuillin et al.; suit for damage.

1172—E. F. Bryant vs. Robt. McQuillin et al.; suit for damage.

1175—H. H. Tilson vs. Heirs of R. B. Grant; trespass to try title.

1189—J. D. Raitt vs. V. L. Farnway; suit for debt.

1190—A. B. Rosser vs. Commonwealth Bonding and Casualty Co.; cancellation of note and deed of trust.

Similar suits are filed by M. D. Leach and J. C. Brown.

1206—Annie May Davis vs. T. H. Davis; divorce.

1207—Donohoo-Ware Hardware Co. vs. J. A. Powery; suit on note and foreclosure.

1208—S. M. Goodlet et al. vs. Citizens National Bank et al.; damage and injunction.

1209—J. E. Cox vs. Citizens National Bank et al.; injunction.

1211—J. M. Graham vs. Prudential Life Insurance Co.; cancellation of note.

1212—Bess Thompson vs. Panhandle and Santa Fe Railway Co. et al.; damage.

1213—State of Texas vs. J. R. Goldsmith; search warrant.

1214—B. Bandy vs. Susie Bandy; divorce.

1215—Samuel Highman vs. Ben Sebastian; suit on note and foreclosure.

(Continued on Page Seven.)

## ACTIVE INTEREST SHOWN IN BOOSTING DAIRYING

Conference of Bankers and Other Interested Men to Be Held as Result of Meeting Yesterday.

Plans for promoting the dairy industry in the Plainview country were laid yesterday afternoon at a meeting of representative merchants and bankers at the Chamber of Commerce. L. L. Johnson, agricultural demonstrator for the Panhandle and Santa Fe Railway Company, talked at length, stating that he was in Plainview at the instance of C. L. Seagreaves, general colonization agent of the Santa Fe system, to spend as much time as needed to promote the agricultural interests of Hale County. Mr. Johnson stated that he was ready to do the bidding of the people of this territory. He will go anywhere in the interests of the work undertaken and at no cost to Hale County people.

It is a known fact that the farm products of the Panhandle country, especially, do not bring what they should. In the irrigated belt of the South Plains alfalfa brings a good price, but even that commodity can be marketed to better advantage in the form of dairy products. As a solution of the problem confronting the farmer, Mr. Johnson believes the dairy business is promising.

Dr. R. F. Hare, county agricultural agent, also spoke, giving details of the Moser Dairying Plan. Dr. Hare is anxious that a guarantors' association be formed, and is, and has been, actively interested in bringing this about.

On motion, the president of the Chamber of Commerce, Chas. Reinken, and its secretary, Col. R. P. Smyth, were appointed a committee, together with Dr. Hare and Mr. Johnson, to confer with representatives of the three Plainview banks and arrange details for the guarantors' association, so that the plan will be acceptable to the bankers, who have previously signified their desire to co-operate in the movement.

Mr. Johnson also stressed in his talk the hog and poultry, saying that they were natural complements to the dairy business. Milk that is not saleable is good feed for hogs and for chickens as well. The big Swift plant at Amarillo will soon be ready to care for all the produce, poultry, eggs, etc., that this section is capable of producing, according to advices given Mr. Johnson in assurance that good markets will be available.

To guarantee that the best markets will be open for the produce from the Plainview country farms, Mr. Johnson stated that his time could be spent in lining up good markets. He incidentally mentioned a proposition submitted by Mr. Julian Bassett, of Crosbyton, who states that he will guarantee thirty cents per pound for cream the year around if the farmers will contract their dairy output to him. This is a price in advance of what is now being received. Mr. Bassett expects to put on auto trucks of the refrigerator type, which will call for the cream in a large territory and will also have for retail sale ice cream and creamery products.

Mr. Johnson reiterated former references to the successful dairying business in Wisconsin, stating that it had practically revolutionized farming in that section.

## BUICK WINS IN SMALL-CAR CLASS; SUPER-SIX WINNER.

In the first fifty-mile race at Lubbock yesterday first place was won by a D44 six-cylinder Buick roadster, driven by Hum Patrick. The time was 49 minutes. Patrick secured a purse of \$100. There were six entries. A Maxwell was second and a Ford third.

In the second fifty-mile race a Hudson Super-Six from Oklahoma City won first, a Hudson Super-Six from Hotchkiss, Kans., second, and a Hupmobile third.

Tomorrow there will be a free-for-all one-hundred-mile race.

## HELEN-TEMPLE SALE TO BE HELD SATURDAY, AUGUST 5.

The pick of the big herd of registered Duroc-Jersey hogs on the Helen-Temple Farm, 3½ miles northwest of Plainview, will be sold at public auction Saturday, August 5, beginning at 10 o'clock a. m. This is the second annual sale of stock of this farm. It is generally conceded that the herd there is one of the best in the Southwest.

## "PLAINVIEW SHOULD HAVE AN ABBATOIR"—D. C. DOVE

FIELD MAN OF STATE DEPARTMENT OF AGRICULTURE ADVISES FARMERS' INSTITUTE.

## URGES CO-OPERATIVE SELLING

Eight Delegates to Panhandle Farm Congress Made Possible by Increased Roll.

"The purpose of the farmers' institute is two-fold," said D. C. Dove, assistant organizer with the State Department of Agriculture, Wednesday before members of the Farmers' Institute. "It is educational and business. In the first place, the aim is to get together and discuss live topics concerning farm life, to keep in touch with the late developments of scientific farming and apply the things thus learned in practical farm life. Then it is the aim of the institute to better marketing conditions. This can be done by co-operation, and only in that way. I do not just now see how it is to be done, but it is my prediction that before many years the State will market its agricultural products in such a way as to secure the most for them for the farmers. It will take a national board to fully control the situation, in my judgment."

Mr. Dove talked at length on the municipal abattoir, referring to the address made at the State Farmers' Institute by Mayor Ed McCuistain, of Paris. This town has successfully conducted an abattoir, or slaughtering and cold storage plant, for several years. Farmers can bring their livestock, sheep, goat, calf, hog, etc., to the abattoir and have them slaughtered at a nominal cost. The meat will be kept in cold storage for him also at a light cost. He urged that Plainview, the capital of Hale County, make such a move in the interests of her farmers. He says this is an admirable plan as it has been worked out in many towns. It means better living on the farms of Texas.

Mr. Dove also urged that the different institutes in Hale and adjoining counties appoint business agents to look after marketing their products, and suggested that Plainview be made a point for concentrating eggs, dressed poultry, cream and butter, and that it be marketed in large quantities and sent to the best markets. He stated that out of every \$12 paid by the ultimate consumer for products of the farm, the farmer only got five dollars. This assertion is based on statistics compiled by the University of Wisconsin, which Mr. Dove considers quite expert and competent to make the calculation. Only by co-operative marketing will this condition be bettered, he believes. This form of marketing also will result in lower prices to the consumer as one of his tenets.

Twelve new members were enrolled Wednesday. This entitles the institute to a representation of one more in the State meeting and in the Panhandle Farm Congress, which is to be held in Amarillo August 24, 25 and 26. Delegates elected to this meeting were Col. R. P. Smyth, L. N. Dalmont, C. E. Moore, W. A. Nash, J. J. Barton, E. A. Zollicoffer, F. A. Nye and Capt. T. J. Tilson. S. S. Sloneker and Mr. Palmer were elected alternates. It is probable that free transportation will be secured for the delegates.

On motion, the next meeting of the local institute will be held the second Saturday in August.

## OFFICIAL DISTRICT RETURNS.

Official returns from the 64th Judicial District show the following results:

County—	Hatchell.	Bain.	Mayfield.
Hale	644	174	469
Floyd	490	290	241
Lamb	57	33	70
Castro and			
Bailey	107	77	105
Swisher	178	243	190
Briscoe	114	211	117
Total	1,590	1,028	1,192

## BIRTHS.

Born, to Mr. and Mrs. Frank Barrow, August 2, a girl.

J. P. Reynolds, of Canadian, is here this week attending the Baptist meeting. Mr. Reynolds was formerly dean of Wayland Baptist College.

**BUTTON CLOVER.**

**Absence of Spiny Burs Makes It Particularly Desirable for Sheep Ranges in Certain Sections.**

Button clover is a new pasture plant which specialists in the U. S. Department of Agriculture are now advocating for use in the milder district of the Southwest and along the Gulf, the South Atlantic, and the Pacific coasts. This plant will succeed, it is said, wherever bur clover does well, and it is to be preferred to the latter in certain respects. Under favorable conditions it produces much more seed and it has no spines on the pod or bur. For this reason it is particularly desirable for ranges where sheep are pastured. The great loss of wool occasioned by the spiny burs of spotted or toothed bur clover getting into the fleece is evidence, says Farmers' Bulletin 730, a new publication of the department on this subject, of the value of a species with a spineless pod.

Button clover is as yet but little known in most parts of the United States. In general appearance and manner of growth it resembles the toothed or California bur clover and the spotted or Southern bur clover. The chief difference between it and these two species lies in the burs. In the case of button clover these are large and spineless, while the burs of the others are comparatively small and spiny. The button clover pods ripen in early summer and drop from the vines. In their ripened state they are then available at any time as food for stock.

For the best results with button clover, a growing period with no extremes of temperature is essential. The plant is not adapted to sections with a winter temperature below 18 degrees Fahrenheit, and it does not do well in extreme heat. In the United States it is believed that it will do best in a narrow strip extending along the entire length of the Pacific coast, in southwestern Arizona and southern Nevada, and along the Gulf and Atlantic coasts as far north as South Carolina. A fairly well drained, rich, loamy soil is desirable, but the crop can be grown on almost any soil which contains sufficient moisture. Under rather arid conditions it makes a fair growth, but in the dry foothill pastures of California it has done no better than the common toothed bur clover.

The principal value of the new plant is for pasturage. In the green state it is readily eaten by live stock and, as

has been said, the absence of spines in the burs makes it especially desirable on sheep ranges. This fact has been recognized for some time in Australia. In districts which produce an abundance of spiny bur clover, it has been found that fleeces often contain as much as 25 to 30 per cent burs. This means lower prices for the wool and extra freight charges. With button clover this trouble is, of course, eliminated. Australian seedmen now advertise the seed for sale.

Button clover also makes good hay. For this purpose it should be cut when most of the pods are still green but well developed, and just before the leaves begin to fall. If allowed to become too mature, many of the pods, as well as the leaves, are lost in handling. A supporting crop of oats or barley or some other grain should be sown with the button clover, in order to facilitate cutting. There are, however, a number of other legumes that are more desirable for hay production than button clover, so that its use for this purpose will no doubt be very limited. For green manuring the value of the new plant is about the same as toothed and spotted bur clover.

Button clover can be easily established in pastures, for nothing more is necessary than to scatter the seed in the most favorable places. The working of the soil prior to sowing will perhaps aid in establishing a stand, but except on good land this will hardly be profitable. Ordinarily the most profitable practice is to sow the seed broadcast and allow it to compete with other pasture plants. Where the winters are mild, the clover should be sown in the fall, and if there are summer rains the seeding should be done about the first of September. Early summer seeding in the cotton States is not advisable. In California, where dry weather prevails throughout the summer, the seed may be sown at any time before the fall rains begin. In California, also, and the other Pacific Coast States, where bur clover is common, inoculation is not necessary for the new crop. In the Southern and Gulf Coast States, however inoculation is recommended except on land that has previously grown bur clover. Mixing soil from an old field of bur clover with button clover seed is one of the easiest methods of securing inoculation. Only enough soil to dust the seed is necessary. Another method is to scatter soil from an old bur-clover field over the area to be seeded immediately before sowing. Sowing seed in the bur also seems to insure inoculation. If

no suitable soil is available for the purpose, inoculation may be obtained by the use of artificial cultures.

In comparison with the spotted and toothed bur clover button clover produces a large amount of seed. The harvesting of it is rather difficult, however, because the burs fall from the vines so easily.

**CITATION BY PUBLICATION.**

THE STATE OF TEXAS,  
To the Sheriff or any Constable of Hale County—GREETING:

YOU ARE HEREBY COMMANDED, That you summon, by making Publication of this Citation in some newspaper published in the County of Hale, if there be a newspaper published therein, but if not, then in any newspaper published in the 64th Judicial District; but if there be no newspaper published in said judicial district, then in a newspaper published in the nearest district to said 64th Judicial District, for four weeks previous to the return day hereof, S. P. Ellett, whose residence is unknown, to be and appear before the Honorable District Court, at the next regular term thereof, to be holden in the County of Hale, at the Court House thereof, in Plainview, Texas, on the 7th day of August, 1916, then and there to answer a Petition filed in said Court, on the 6th day of July, A. D. 1916, in a suit numbered on the docket of said Court No. 1233, wherein Arrah L. Williams is plaintiff and S. P. Ellett is defendant. The nature of the plaintiff's demand being as follows, to-wit:

THE STATE OF TEXAS,  
COUNTY OF HALE.

In District Court of Hale County, Texas, August Term, A. D. 1916.

To the Honorable Judge of said Court:

Now comes your petitioner, Arrah L. Williams, a feme sole, who resides in Hale County, Texas, hereinafter styled plaintiff, complaining of S. P. Ellett, who is a transient person and whose residence is unknown to this plaintiff, hereinafter styled defendant, and for cause of action represents and shows to the court as follows, to-wit: That plaintiff and defendant were formerly husband and wife; that on the 5th day of August, 1914, a valid divorce decree was entered by the District Court of Hale County, Texas, dissolving the marriage relation theretofore existing between them; that on or about the 1st day of September, 1914, plaintiff was lawfully seized and possessed of the following described land and premises, situated in Hale County, Texas, holding and claiming the same in fee simple, to-wit:

All the N. W. ¼ of the S. E. ¼ of Sec. No. 16, Blk. JK-3, Cert. 3-380, issued to G. C. & S. F. Ry. Co., more particularly described in deed from J. T. Graves and wife to plaintiff recorded in vol. 34, p. 84, Hale County deed records, to which reference is here made for a better description. Also

The E. ½ of the S. W. quarter of Block 87, Alexander & Westmoreland addition to the town of Plainview, said county and state, less ten feet along north side of said quarter reserved for alley, more particularly described in deed from C. L. Gilbert and wife to plaintiff, recorded in Hale County deed record vol. 23, p. 552, to which reference is here made for a better description.

That on the day and year last aforesaid, the defendant unlawfully entered upon said premises and ejected plaintiff therefrom and unlawfully withholds from her the possession thereof, to her damages in the sum of one hundred dollars; plaintiff further says that prior to the last-mentioned date, plaintiff and defendant, while permanently separated, entered into a separation agreement and the above-described land was purchased with the proceeds of other property received by her in said agreement, and that said property is and has always been since its acquisition her separate estate, purchased with her own money for her sole and separate use at a time when she and defendant were permanently separated, and that she claims said property as her separate estate and has always so claimed it, and that defendant does not now and has never had or held any interest in same; that said property was not mentioned in said decree, and that having been acquired prior to the dissolution of the said marriage relations, without any disposition of same in said decree clouds plaintiff's title; that plaintiff claims said land and premises from and under a regular chain of valid transfers and deeds from the sovereignty of the soil, and as her separate property, and that the exact nature of defendant's claim is unknown to this plaintiff, but she alleges same constitutes a cloud upon her title.

Wherefore premises considered plaintiff prays that defendant be cited to appear and answer herein and that on final hearing hereof that she have judgment cancelling all claim of de-

fendant to said land and that it be adjudged to be her own separate estate free and clear from any claim of defendant, for costs of suit and for such other and further relief, both general and special, as in law or equity she may be entitled to.

MARTIN, KINDER,  
RUSSELL & ZIMMERMANN,  
Attorneys for Plaintiff.  
HEREIN FAIL NOT, And have you before said Court, on the said first day of the next term thereof, this Writ, with your endorsement thereon, showing

how you have executed the same. Given under my hand and seal of said Court, at office in Plainview, Texas, this, the 6th day of July, A. D. 1916. B. H. TOWERY,  
Clerk District Court,  
Hale County, Texas.

# Attention Thrifty Housewives

It is noteworthy to note that in today's upset markets CASH GROCERY CO. is able to offer you values that would challenge comparison in a normal market. Through foresight and concentrated orders we name some prices that compel your attention. Give us your business for the month of August and watch your savings grow.

- 20—Arabs rebel from Turkey, capture Mecca.
- 27—Anglo-French drive renewed.
- July 4—Russians re-enter Liugany.
- 9—German submarine liner reaches Baltimore.

**FAMOUS PONIES AT STATE FAIR**

**BUSCH ENTRY ALSO FEATURES FAMOUS CATTLE**

President R. E. L. Knight of the State Fair of Texas, announces that, through the courtesy of Mr. August A. Busch of St. Louis, visitors to the State Fair this year will have an opportunity to see Mr. Busch's wonderful herd of prize-winning Dexter cattle. This will be the first exhibit of true Dexters ever shown in the South.

Mr. Busch has been interested in Dexters for several years, and has gathered together the most wonderful collection of individuals ever seen in one herd. In fact, it is the only considerable collection now owned in this country and is expected to be one of the most interesting features of the 1916 State Fair.

**The Dexter a Profitable Animal.**

The Dexter is a representative of the diminutive Irish cattle that are world-famous for producing meat and milk of exceptional quality. Though its origin is clouded in obscurity, it is probably a member of the celebrated Kerry family of cattle, as the two breeds have many common characteristics. Its small size, and proportionately small cost of production, should warrant the interest of American cattle raisers, especially when it is considered that the Dexter is a prolific producer of high quality milk, and that its meat will compare most favorably with the breeds now highest in the favor of American stockmen.

The small size of the Dexter will be realized when the statement is made that famous bulls of the breed have weighed, at maturity, about 500 pounds—with the cows scaling a considerably less figure. The average

adult stands about 36 inches high and is sturdily and compactly built, showing great depth of rib and general "beefiness."

**Bevo Ponies to Be Shown.**

In addition to his Dexters, Mr. Busch will show his world-famous stable of Bevo ponies. These wonderfully handsome little fellows—really horses in miniature, are undoubtedly the best specimens now in America. They are all of one size, 42 inches high, and are remarkably alike in color and general conformity. Mr. Busch states that he will show his Bevos to harness; four-in-hand, six-in-hand, tandem, etc.

W. H. Stratton, secretary of the Fair Association, states that efforts have been made during each of the past several years to induce Mr. Busch to make these exhibits, and that their acquisition for this year's Fair is of the utmost value and importance. Mr. Stratton also states that one of the handsome new barns, which are now being constructed, will be reserved for the exclusive use of the Busch exhibits, and that there is no doubt but what these exhibits will be of great interest to a majority of the 1916 Fair visitors.

The wonderful increase in facilities provided for the 1916 State Fair of Texas, which will be held in Dallas October 14 to 29, has been extended to include practically all departments and divisions of the Fair. In the classes for agricultural and livestock entries this increase has been most marked, especially in the poultry section, where numerous new and interesting classifications have been created.

**TEXAS GOOD ROADS CONGRESS WILL PULL A GREAT CROWD.**

Not a newspaper is printed these days in Texas but what you will find something about Roads—Good Roads being planned here and Good Roads being constructed there. It's in the air; it's in the mind; it's in the hands—the inspiration to have the best highways in the world. And to further the cause, and that successfully, it is necessary that there be thorough organization—national organization, State organization, county organization, and community organization. That's why the necessity of that most successful of all organizations—The Texas Good Roads Association—the same that plans the grand Good Roads Congress to be held at Medina Lake, San Antonio, on August 17, 18 and 19. Have you ever been to a Good Roads Convention in Texas? If not, you have missed one of the greatest events going. Never been to a meeting where there was so much unanimity of purpose, overwhelming desire to do something for the community good, and never before have we met so many men of big ideas as at the Texas Good Roads Convention. It has been that way in the past. It was that way at the last meeting, at Taylor, and it's going to be that way at Medina Lake on August 17, 18 and 19. Write D. E. Colp, San Antonio, for particulars. Besides the Convention feature, there is something that will prove just as captivating—that the sight of the wonderful Medina Dam. If you have never been there before, of course, here is your opportunity; and if you have visited the Medina Lake in the past, naturally you will want to see this glorious sight once more. It is more than a sight—there is something tangible and something practical in this trip to Medina Lake—the fishing, the best in the country. You will wonder at the size of the dam, and you will tire yourself down pulling the big perch out of the water. And that's just another reason why all the Good Roads enthusiasts are pledging each other to meet at Medina Lake on August 17, 18 and 19.

TEXAS GOOD ROADS ASS'N.

We make anything made of wood. Try us. No job too large or too small. THE HANDY MAN'S SHOP. Phone 475.

**KANSAS CITY STOCK MARKET IN DETAIL.**

**KANSAS CITY STOCK YARDS, July 31.**—A decrease of 9,000 cattle last week from the previous week resulted in a rise of 25 to 40 cents all along the line. Receipts today are 20,000, market 10 to 15 cents lower on grass beef steers, some cases more, butcher cattle, prime corn-fed cattle and stockers and feeders close to steady. Owners in the pasture country are nervous, and a good many last-minute orders for cars for today's market could not be supplied, hence a good run the balance of the week is expected.

**Beef Cattle.**

Choice Missouri corn-and-grass steers sold at \$10.00 this morning, and pretty fair corn-fed steers sold down to \$8.25. Kansas pasture cattle lacked quality, a few selling above \$8.25. Oklahoma- and Kansas-grazed Texas steers sold at \$6.00 to \$7.30, and some Panhandle steers sold to killers at \$7.30. Sixty-four cars of quarantine cattle came in, the best at \$8.40, called steady, bulk of the cattle 10 to 15 cents lower, good steers at \$7.50 to \$7.75, best grass steers \$7.10, light weights down to \$5.75, cows \$4.50 to \$6.25. Butcher cattle sold steady, fancy yearling heifers up to \$9.75, best cows \$7.50, grass cows \$5.50 to \$6.25, bulls around \$6.00, veals \$10.00 to \$11.00.

**Stockers and Feeders.**

Shipments out last week were 11,000 head, three thousand more than same week last year. A pretty strong demand was brought out, with prospects that it will increase right along. Choice light stock steers sell up to \$8.50, most of the stockers under \$7.25, however, feeders at \$6.75 to \$7.85. A drove of good red stock cows sold this morning

**Hogs.** Receipts were 11,000, and prices at \$5.50, without much fill. were 10 cents lower, eliminating a stroke nearly all the gain made last week. Top hogs sold at \$9.67½, bulk of sales \$9.40 to \$9.65, light weights up to \$9.60. Prices are more than two dollars above a year ago, and receipts are running considerably heavier, but demand from killers is urgent, although they conceal their wants as much as possible. Fresh-pork trade has slumped with the coming of hot weather, but demand for product keeps the salt men busy, and is the main support of the market at this time.

**Sheep and Lambs.**

Prices advanced 50 to 75 cents last week, and the market is fully steady. Receipts are inadequate, and packers here are shipping in sheep and lambs bought at other markets, because of shortage here. The run is 5,000 today, fair to good native lambs selling up to \$10.40, Arizonas \$10.40, choice Idahos worth around \$10.75, best yearlings \$8.25, wethers \$8.00, ewes \$7.60. Breeding stock is firm, young ewes up to \$9.00, and choice feeding lambs cost \$9.00 or better.

J. A. RICKART, Market Correspondent.

WANTED—To repair that old, broken furniture. THE HANDY MAN'S SHOP. Phone 475.

**PROGRESS MADE ON TEXAS ROAD.**

E. J. Hernan, assistant director general of the National Highway Association, has completed a several weeks' field campaign in Texas. He says that rapid progress is being made in the construction of the various links in the Texarkana-to-Laredo Highway, and he predicts that this road will be an accomplished fact within the next twelve months. In Lamar County a bond issue of \$1,000,000 is soon to be voted on, and the good-roads movement in other counties along the route of the trunk highway is receiving much attention.

**ROUND CORNERS FOR ROADS IN MISSOURI.**

The County Court of Jackson County, Missouri, in which Kansas City, Mo., is located, has announced that farmers must donate the land to make road corners round, before roads will be built.

is mighty nourishing and delicious. Made of whole wheat and barley, with all their goodness, including the priceless mineral salts so essential for normal balance of body and brain.

Crisp, ready to eat, easy to digest—an "energy" food of the highest value.

**"There's a Reason"**

Grocers everywhere sell Grape-Nuts

**99 Per Cent Efficient, Say 11,000 Owners**

Motor	99.9%	Electrical System	99.5%
Transmission	97. %	Rear Axle	99.7%
Clutch	98. %	Frame	100. %

YOU'VE heard, time and again, what a wonderful hold the Hupmobile has on its owners. Eleven thousand of them now tell you why. The net result is a tribute such as no car has ever had.

Classified and tabulated, these thousands of opinions result in a rating of 99 per cent for Hupmobile efficiency.

Until we cast up the result we did not know what a gold mine of good opinions we had uncovered.

**A Gold Mine of Good Opinions**

We have encouraged the owners of the present model Hupmobile—11,000 out of our total ownership—to register their criticisms, complaints and comments.

The engineering department especially sought evidence covering every unit in the car. They wanted to know any and all troubles the owner might have had.

Owners' estimates varied, of course. Some had had minor troubles in one part of the car, some in another. But the net result, out of the

11,000, was an overwhelming vote of complete satisfaction. It figured down to an exact 99 per cent of efficiency.

We never expect to come closer to the goal. No human effort can. We don't think any car other than the Hupmobile ever attained this high peak of popular approval.

Doesn't this explain why better than 50 per cent of all Hupmobile owners buy the Hupmobile year after year?

Isn't it plain why the Hupmobile public has not been won away by multi-cylinder promises?

**Performance Is the Answer**

Performance, of course, is the one and only answer.

In high gear work, for instance, these 11,000 owners know that the Hupmobile daily duplicates—if it doesn't actually outdo—cars that have more cylinders, or cost more money.

In pulling power, and quick getaway, they see nothing under another name that they do not have.

In flexibility, they find themselves relieved of gear-shifting to an amazing extent.

**The Broadest Service System**

In the Hupmobile service system, they know they are getting more than any other

car offers: expert inspection, adjustment and care each month for eight months by trained Hupmobile experts at Hupmobile service stations, paid for with coupons supplied free of cost.

Do you wonder, then, that 11,000 owners vote the Hupmobile 99 per cent efficient?

The Mark of Superior

Motor Car Service

**Five Hupmobile Points to Remember**

**PERFORMANCE**—A high-gear performer in the usual low-gear situations.

**COUPON SERVICE**—Regularly each month for eight months, free labor, inspections and adjustments at more than 5000 authorized Hupmobile service stations in the United States and Canada.

**ECONOMY**—In line with the well-known Hupmobile repair cost record of 1/4 cent per mile. This is

real economy—maintenance economy. Car is easy on tires, fuel and oil.

**EFFICIENCY**—Eleven thousand owners report the Hupmobile 99 per cent efficient.

**REPEAT SALES**—Fifty and eight-tenths per cent of the Hupmobile output is sold to Hupmobile owners, because they are completely satisfied with Hupmobile Performance, Service, Economy and Efficiency.

## Motor News of General Interest

### MAXWELL GIVES GOOD SERVICE FOR DIXIE HIGHWAY MAN.

With the speedometer of his Maxwell touring car registering more than 5,500 miles, W. S. Galbreath, field secretary of the Dixie Highway Association, motored into Detroit last week, after an extended trip through the South, where he has been preaching the gospel of good roads.

Naturally, Mr. Galbreath sought those sections of the South where the travel was roughest, to make his message more effective. He drove his Maxwell over roads that seemed impassable, and the car responded to the severe test in great style. The Dixie Highway secretary, passing through Detroit, called at the general offices of the Maxwell Company to pay a personal tribute to the prowess of the car.

"I have never seen a car get a harder pounding," he said, "and the way it stood up under the strain proved it to be a marvel of construction. It not only stood the wear and tear of the rough roads in fine style, but it made some speed records and some economy records of which to be proud.

"Frequently I made tests of the number of miles I was getting on a gallon of gasoline, and despite the severe nature of the travel, I often got as high as twenty-eight miles. In view of the service to which the car was subjected, this is a remarkable showing. And the Maxwell could show a burst of speed when I needed speed. I made the run from Tallahassee, Fla., to Macon, Ga., in eight hours, a distance of 200.2 miles. I was forced to observe the speed limits in every town I passed through."

Mr. Galbreath's tour started last December, from Detroit. He left that city on December 21st, in a snow storm. When he returned to Detroit, last week, the front wheels still carried the same two tires with which he started. The tire on the left front wheel still had Michigan air in it.

### OVERLAND USED FOR TRACTOR.

C. G. Bonnell & Son, of Medford, Minn., recently completed the purchase of a model 30 Overland engine, which is to be used for a gasoline tractor in their general farm work. This car was bought by the Auto Supply Company, the Overland dealer in that territory, in January, 1909. Its cost was \$1,250. Since then it has been in almost constant use for livery purposes. During that time it has been driven 250,000 miles, equivalent to almost ten times around the world. Its future usefulness will be limited to the use of the engine for a tractor. The body and running gears will be used for a trailer and boat cart. The engine alone was sold for \$100, almost ten per cent of the original cost of the car seven years ago. This can be regarded as one of the most remarkable proofs of the substantial and lasting qualities of Overland motors.

### FACTORY EMPLOYEES WILL SEE BARNUM & BAILEY SHOW.

What is claimed to be the largest circus party on record will take place in Toledo this summer, when The Willys-Overland Company will act as hosts to its 18,000 employees for six performances of the big Barnum & Bailey show.

This big tented amusement will be brought to Toledo on July 27, 28 and 29 for six performances, one each afternoon and evening. Each of the Overland employees will be given three tickets and six car fares for himself and family.

It is estimated that 60,000 or more will see this show—not only the main attractions, but the side-show attractions as well as everything will be free to the employees and their families.

In 1910 The Willys-Overland Company gave its first treat to its employees—a half-holiday to a ball game. The ensuing three years saw the duplication of this celebration. For several seasons the opening day of Toledo's baseball season was "Overland Day."

In 1914 there was no league baseball in Toledo. But the fun of the Overland employees was not spoiled. On the contrary, they were treated to a big-league contest, when the Chicago Cubs and the Philadelphia Athletics, the latter then world's champions, were brought to Toledo for an exhibition battle. In 1915 the New York Giants and the Detroit Tigers were brought to Toledo. In this way the Overland employees have had a chance to see "Christy" Mathewson, Ty Cobb, Eddie Collins, Frank Baker, Roger Bresnahan, Chief Bender, Eddie Plank, and numerous other baseball celebrities, as guests of their employers.

### LOS ANGELES BUYS DODGE BROS. CARS FOR COUNTY WORK.

Los Angeles County has purchased a fleet of seven Dodge Brothers cars for use in public work.

Dodge Brothers cars were selected in the present instance after a careful investigation, and turned particularly on the cost of up-keep. The officials found, according to their statement in recommending the purchase, that the Dodge Brothers cars were particularly low in repair costs as well as general operating expenses, when service rendered was considered.

### SCIENCE AFTER COSTS.

Discussing the high price of automobile fuel, the Wall Street Journal says:

"In the end, probably, automobilists will be able to go twice as far on twenty-five-cent gasoline as they were able to go on twelve-and-a-half-cent gasoline. Science will equalize things."

### Money to Loan

ty-five-cent gasoline as they were able to go on twelve-and-a-half-cent gasoline. Science will equalize things."

### STOLE CAR PARTS TO MAKE NEW CARS.

Discoveries of a sensational nature are reported to have been made by detectives of the Detroit police force, and warrants for fifteen or twenty employees of automobile factories have been issued, with many more to come. Charges involving larceny and robbery have been filed, and further developments are still to come. It is stated that a numerous gang of thieves has supervised the stealing of all sorts of parts of automobiles from the various factories, which parts were forwarded to the headquarters of the gang and there assembled into cars, which later were marketed and sold as "specials." Twenty such cars, in various stages of construction, were found in the headquarters of the gang, according to the statement of the police.

### ROAD TO ROOSEVELT DAM.

The United States Forest Service plans to construct a highway through the Fort Apache Indian Reservation, in Arizona, to connect Roosevelt and Globe with the Old Trails Highway. The route of the proposed road is through Pleasant Valley, Pine Top and Snowflake to Hollowbrook. It will be the means of opening a new region to automobile tourists.

It's high time Plainview were considering a municipal park. And what has become of the Chautauqua Association?

### AN EXAMPLE FOR TEXAS.

Wisconsin has turned her attention to farming. The chief exponent of scientific farm management and soil replenishment is the University of Wisconsin, at Madison. Through the good offices of this school Wisconsin land has been improved. Poor crops, low yields are a thing of the past. From a borrowing class the farmers have been transformed into depositors. The University of Wisconsin has not done it all. They only pointed the way, and the farmers helped themselves. At first—and we have it from a man who formerly lived in that state—the farmers were skeptical about the "new fangled" farm ideas. Some of the more progressive accepted the teachings of the university, and the gospel of scientific farming spread. It has been transitional.

Texas is a great State, but she suffers in comparison with Wisconsin in the matter of farm development. With her it is a latent possibility.

### WHY PAPER IS HIGH.

The paper situation is a constant source of worry to publishers. There are three contributing causes to high cost of paper: increased demand, shortage by reason of waste and the ever-present European war.

In England the size of publications and amount of paper they may use is regulated by the Government. There is every reason visible why news and other paper should be high in Europe.

In America there is a shortage of raw material—pulp—for white newspaper. Bleaching material, which is also imported, is expensive and the market is practically depleted.

The one-cent newspaper of the cities is doomed. It cannot exist under the high cost of blank paper. Publishers of periodicals of all kinds are increasing their rates for advertising or subscriptions, or both, or putting a lower grade of paper into their publications.

### PANHANDLE FARMERS' CONGRESS WILL MEET AUGUST 25, 26 AND 27.

Amarillo is making big preparations to entertain the third annual session of the Panhandle Farmers' Congress, August 24, 25 and 26, 1916. The program, as arranged by the Board of City Development and H. M. Bainer, agricultural demonstrator for the Santa Fe Railway, as follows.

All sessions at Auditorium of Board of City Development, at City Hall, Amarillo, Texas.

**Thursday, August 24, 9 to 12 a. m.**  
 Registration and preliminary organization.

#### Thursday Afternoon.

### Women's Department.

A separate program has been arranged in this department, which will be in charge of Mrs. J. L. Landrum, of the State Department of Agriculture, whose work in Domestic Science and Home Economics is so well and favorably known in all parts of Texas. Mrs. Landrum's practical talks and demonstrations will be of great interest, and the ladies of the city and country are especially invited to avail themselves of the three days' program, which Mrs. Landrum and her assistants will provide.

A part of the time in this department will be assigned to Mrs. W. A. Warner, of Claude, Texas, for her work in organization of the Panhandle counties for securing the benefits of the Smith-Lever appropriation for the women and children of this section.

Details of this program will be announced at the proper time.

### MEXICO FAVORABLY RECEIVES U. S. NOTE ON COMMISSION.

WASHINGTON, Aug. 2.—Officials of the de facto Government of Mexico have been favorably impressed, according to information reaching the State Department today, by Acting Secretary Polk's note accepting the suggestion for a joint international commission to consider border problems, but

no definite indication has come as to when General Carranza's reply may be expected.

At neither the State Department nor the Mexican embassy would any official predict what position the de facto authorities would take in regard to the American proposal that the commission be authorized to discuss other matters than the military situation on the border. It was made clear by the administration officials that the suggestion did not contemplate discussion of acquisition of territory, of claims of one Government against the other arising out of the losses suffered by Americans in Mexico, on the one hand, or damage resulting from the occupation of Mexican territory by American troops, on the other, or the processes which brought the de facto Government into power.

Great stress was laid on the fact that a speedy report was desired from the commission by both Governments. This alone, it was said, would prevent any discussion of financial claims or consideration of the dispute over a small strip of land in the El Paso region, which has recurred at various intervals for many years. So far as the status of the Carranza Government goes, it was added, the United States has extended recognition to it and can not go behind that act.

### BODY OF W. T. BOWEN IS SENT TO IOWA FOR BURIAL.

The body of W. T. Bowen, who died Wednesday morning, was sent to Conway, Iowa, yesterday morning for interment.

The funeral services were conducted at the family residence yesterday morning at eight o'clock by Rev. I. E. Gates, pastor of the First Baptist Church. E. H. Humphreys, C. S. Williams, Chas. Vincent, Col. R. P. Smyth,

E. T. Coleman and R. A. Long, of the Masonic lodge, acted as pall bearers.

The body was accompanied to Conway by Mrs. W. T. Bowen and her daughter, Mrs. Ned Laddorn, of Clearfield, Iowa.

Ernest Woolverton left yesterday for Lubbock to attend the automobile races.

Robt. N. Hamilton and John McSpadden, of Floyd County, was here Wednesday on business.

## ANNOUNCEMENTS.

The Benevolent League will hold their regular monthly meeting Wednesday afternoon at 3 o'clock, in the Mayor's office, at the City Hall.

## MISS BILES-HOSTESS.

One of the delightful social events of the week was the party Tuesday night given by Miss Dixie Biles, at her home.

Music and games made the time most pleasant. Punch was served throughout the evening.

About twenty-five guests enjoyed this hospitality.

Mrs. G. W. Pierce, of Calvert, arrived Wednesday for a visit with her daughter, Mrs. Chas. McCormack.

## HONORING MISSES MAGEE.

Mrs. Geo. Saigling entertained Tuesday afternoon, at her home, complimentary to her sisters, Misses Wilma and Lena Magee, of Austin.

Cut flowers gave to the rooms a cool and attractive appearance.

"Five Hundred" and "Forty-two" gave pleasure during the afternoon.

In the refreshments, the color scheme of yellow and white was carried out. Shasta daisies marked places for the guests of honor, the Wednesday Bridge Club members, Mesdames J. L. Vaughn, G. W. Archibald and R. L. Ramsdell, and Miss Annie Hill, of Austin.

J. B. Maxey is back from a business trip to Amarillo.

## BUCHHEIMER-DOLAND.

A very beautiful wedding was solemnized Wednesday morning when Miss Mildred Buchheimer and E. L. Doland were married, at the home of the bride's parents, Mr. and Mrs. Jos. Buchheimer, in Lakeside Addition.

The home was a veritable bower of flowers and ferns. Hanging baskets of sweet peas gave a touch of beauty, and vases filled with flowers prettily arranged gave added attractiveness to the rooms.

In front of the fireplace, and on the mantel, ferns and favored flowers formed an embankment, at the foot of which the ceremony took place.

Before the wedding march, George Hutchings sang "O Promise Me" with soft, tender effectiveness. To the strains of the wedding march, played by Miss Vera Newton, entered Mr. and Mrs. Robert Malone from opposite doors and came slowly down the reception hall, halting in front of the altar.

Then came Miss Joe Keck and the little ring bearer, Virginia Sansom. Last entered the groom and his best man, Ellis Carter, from one door and the bride and her maid of honor from the other door. They passed slowly down the hall and, as the bride and groom met in front of the altar, Rev. T. B. Haynie rose before them and performed the beautiful double-ring ceremony, while a male quartette, composed of George Hutchings, W. A. ToId, M. D. Henderson and E. B. Miller, sang "In Absence."

The bride wore an all-white gown of embroidered net over silk, with white hat.

Congratulations, given by the host of friends present, and the many handsome gifts speak the popularity of this couple.

Immediately after the ceremony Mr. and Mrs. Doland left for Colorado, where they will spend their honeymoon.

## DELIGHTFUL PICNIC PARTY AT LAKE PLAINVIEW TUESDAY.

Mr. and Mrs. J. J. Clark entertained Tuesday evening with a delightfully arranged fishing party and picnic supper at Lake Plainview, in honor of their guest, Miss Maude Dotson, of Olton.

First fishing and rowing occupied the time. Then supper was prepared over the open campfire, and indeed a delightful feast it was. Then rowing was again the pleasant diversion, and a number of vocal selections added to the enjoyment of the evening.

The following enjoyed the occasion: Mr. and Mrs. R. E. Cochran, Misses Maude Dotson, Addie Davidage, Ruth, Lucy and Beatrice Story, Adeline and Annie Erick, Grace Brown, Messrs. J. E. Lancaster, Frank Truesdell, Jake Burkett, Warren and Guy Gibbs, Gabriel Upton, Herbert Pritchett, and Mr. and Mrs. J. J. Clark.

## THE "5 W'S" MEET WITH LOIS HATCHER.

The "5 W's" were entertained this week by Miss Lois Hatcher, at her home.

Sewing and fancy work first occupied the time. Then piano and vocal selections furnished pleasing entertainment.

An ice course was served by the hostess to the club at the close of the evening.

The meeting of the "5 W's" will be with Miss Nancy Sanderson on next Wednesday afternoon.

## HONORING MISS HANDLEY.

In honor of Miss Marion Handley, of Jackson, Mich., Miss Martha McClendon entertained Monday night at the home of her parents, Dr. and Mrs. E. F. McClendon, 909 West Tenth Street.

The evening was pleasantly spent in music, games and conversation.

Toward the close of the affair, an ice cream course was served to about thirty-five guests.

Misses Wilma and Lena Magee, of Austin, who have been visiting with their sister, Mrs. Geo. Saigling, left Wednesday morning for Colorado.

W. E. Gibbs has returned from a trip to Floydada, Roaring Springs and Matador.

Miss Grace Brown left this morning for Lubbock, where she will teach next year.

Dudley Kennedy, salesman for the West-Cullum Paper Co., of Dallas, was here today on business.

Miss Hedges, of the Plainview Mercantile Co., is in Childress on a vacation.

Wade Roberts has accepted a position with The R. A. Long Drug Store.

J. F. Womack, of Quanah, is the guest of Will Tolbert.

Miss Pattie Dalton has returned from a visit in Fort Worth.

J. E. Willis, Jr., went to Lubbock this morning. He will pitch a game of baseball for the Lubbock team tomorrow against Vernon.

W. I. Kuykendall, of Amarillo, was a business visitor in Plainview Wednesday.

C. R. Houston is in the Eastern markets buying goods for Carter-Houston's.

John Meisterhans returned this morning from Amarillo.

Mrs. Maude Wilson, who has been spending the summer with her sister, Mrs. F. P. Powell, left yesterday for Waxahachie, Texas. After a visit of several weeks with relatives in Waxahachie, Mrs. Wilson will go to El Paso, where she will teach vocal music in the public schools during 1916-17.

Mrs. Margaret Simmons and daughters, Misses Lena and Mary Simmons, are visiting the family of W. R. Simmons, in Plainview.

Miss Tena Burgess, of Amarillo, returned home Saturday from a visit of several weeks with the family of Mrs. F. P. Powell.

Miss Willie King, of Quanah, Texas, is a guest in the home of her uncle, H. L. King.

Mrs. Geo. Isbell and daughter, Ellen, of Waco; Ira Isbell, of Quanah, and Rev. A. H. Isbell, of Crosbyton, are visiting in the home of Mr. and Mrs. H. L. King.

Miss Marion Handley, of Jackson, Mich., is visiting in the home of her uncle, Dr. E. F. McClendon.

Joe Sanderson and wife, of Waco, arrived Wednesday for a visit with the family of Mrs. J. M. Sanderson.

Mrs. J. Hartwell was in from the ranch Thursday.

Mr. and Mrs. C. E. Mitchell, of Happy, were here Wednesday.

W. A. McSpadden, of Amarillo, was here Wednesday on business.

Miss Elizabeth West is in the Eastern markets for Carter-Houston's.

Emit Airhart and Mack Gillham, of Amarillo, were here Wednesday.

C. H. Ball, of Amarillo, was here Wednesday on business.

Prof. J. W. McCord, who taught in the Plainview Public Schools last year, is to be with the Texas Military College next year. He is here now in the interests of that school.

Dr. I. W. Hicks, of Floydada, was here yesterday en route to Tahoka.

Rev. L. G. Haggard came down yesterday from Kress for a short visit.

Mr. and Mrs. T. P. McGaugh, of Canyon, were here Wednesday.

## "THE NE'ER-DO-WELL."

August 9th and 10th there comes to The Olympic Theatre Rex Beach's "The Ne'er-Do-Well." This photo play is in ten acts. It was produced by Selig. It is said to be the greatest moving-picture production since "The Birth of a Nation." Incidentally, The Olympic has contracted for the latter spectacle for a fall engagement.

**METHODIST-PRESBYTERIAN MEETING AT ABERNATHY.**

ABERNATHY, Texas, August 2.—J. C. Arnett was a business visitor to Plainview one day last week.

R. M. Hester's new home is nearing completion. He is putting down a well this week.

The Baptist meeting, which closed Sunday night, resulted in 25 additions to the church and about as many conversions. Several will join other churches.

The Methodist-Presbyterian meeting will be held under a tent in the square park, beginning Sunday, August 20.

Mrs. B. Y. Dickson and children have returned from an extended visit to Itasca.

The young people enjoyed a social at the home of Rev. Steward Monday night.

R. E. Holland is here from Dallas. Hugh Ragland has returned from several days' stay near Roby.

The Baptist Fifth Sunday meeting was not held here last week, on account of the revival being in progress at that time.

**BAPTIST MEETING CLOSES AT RUNNINGWATER CHURCH.**

RUNNINGWATER, Texas, Aug. 2.—The Baptist meeting closed here Sunday night. Brother Davis preached some interesting sermons.

Mrs. Daisy Elrod and sons returned last Monday from Hooker, Okla., where she has been visiting relatives.

Mrs. Herbert Tarwater is visiting relatives in Tennessee.

Cora Kindred visited Ethel Witt Sunday.

Miss Waddill was the guest of Nora Phillips the latter part of last week.

Brother Upton will fill his regular appointment here Sunday.

Mrs. Henry Taylor and Gladys Knight visited Mrs. Frank Wrist Thursday.

J. A. Cowart and family, from San Antonio, are visiting C. F. Knight and family.

The platform dance given Friday night by Charlie Phillips was well attended and enjoyed by all.

The people are rejoicing over the shower which fell here Sunday evening.

V. T. Hobbs attended church at this place yesterday.

Mrs. Lula Morton and children are visiting B. B. Morton and family.

A few of our people attended Dr.

Blair's tent show in Plainview.

Misses Pauline Wright, Nora Phillips and Clara Hunt visited Miss Gladys Knight last Wednesday.

Mr. and Mrs. Ray Phillips have moved back to their home in Nebraska.

Mrs. Dow Tipton visited her mother, Mrs. C. E. Locke, Saturday and Sunday.

John Meyer has a car.

**TEXAS COUNTRY BOYS MAKE GOOD; NOW ARE UNIVERSITY TEACHERS.**

AUSTIN, Texas, July 29.—A few years ago two country boys, one from Lone Oak, Hunt County, and one from Saginaw, Tarrant County, entered the University of Texas. Before coming to the University, one of these boys had studied at Texas Christian University, the other at Polytechnic College. After taking their degrees from

the University of Texas and doing special work, each in his chosen line of work, one of these young men went to the University of Chicago, and was given the highest degree in collegiate circles, doctor of philosophy. The second young man went to the University of California, and received the same degree. The University of Texas then called them back to teach. Only last week Dr. Carr Thomas Dowell, the boy from Lone Oak, was called to the professorship of Chemistry at Tulane University, New Orleans, and Dr. W. S. Hunter, the young man from Saginaw, was elected to the professorship of Psychology in the University of Kansas.

It is a credit to Texas that its own home-raised and home-educated products are being called to other states to contribute their share to the education of the people. It may be a matter of news to some that former students of the University of Texas, Texas-reared and educated boys and girls, are now teaching in many of the lead-

ing universities of the Nation, including Harvard, Princeton, the University of Pennsylvania, University of California, University of Chicago, Bryn Mawr College, Amherst College, University of Washington, University of Toronto, University of Virginia, Western Reserve University, Leland Stanford University, University of Wisconsin, University of Michigan, Boston University and the University of Maine.

**MONEY TO LOAN ON WEST TEXAS LANDS**

**Are YOU**

**ARE YOU** establishing yourself in the World of Successful Men?  
A BANK ACCOUNT inspires Confidence, increases your Prestige and helps you to Succeed.

**THIRD NATIONAL BANK**

**CREDIT**

Credit is the best asset anyone can have, but it must be taken care of the right way to keep it.

Every kind of business is based on credit whether they buy merchandise on credit or borrow money from banks.

We do not do what is called a credit business, everything we sell is due on the first of each month.

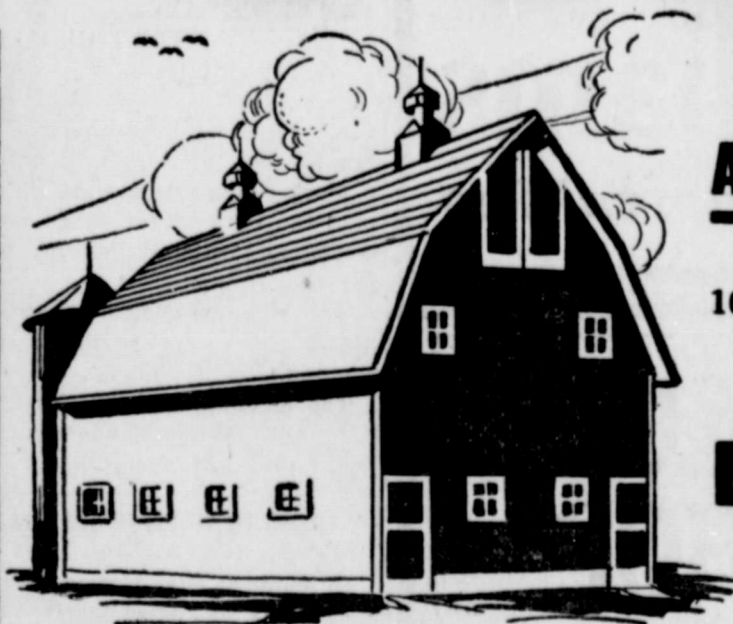

Our rule has always been that we want our accounts paid not later than the 5th, and hereafter we will adhere to this rule and insist on all accounts being paid not later than the 5th.

Sometimes in the past we have let accounts run over and double up and we can name practically all we have lost to this practice. It is not a question of whether a customer is good pay or not, no matter what he is worth if he owes us we cannot pay the wholesaler with his account, the banks and wholesalers will not take accounts as pay and we find that it takes cash to satisfy them.

Practically everything we handle it takes the CASH to get it and hereafter we want all accounts paid by the 5th. We must keep our credit good with bank and wholesaler and have to collect what is due us to do this.

**EVER SALVATED BY  
CALOMEL? HORRIBLE**

Calomel is Quicksilver and Acts Like Dynamite on Your Liver.

Calomel loses you a day! You know what calomel is. It's mercury; quicksilver. Calomel is dangerous. It crashes into your bile like dynamite, cramping and sickening you. Calomel attacks the bones, and should never be put into your system.

When you feel bilious, sluggish, con-

stipated and all knocked out and believe you need a dose of dangerous calomel, just remember that your druggist sells for 50 cents a large bottle of perfectly harmless and doesn't gripe. Dodson's Liver Tonic, which is entirely vegetable and pleasant to take and is a perfect substitute for calomel. It is guaranteed to start your liver without stirring up your inside, and can

Whenever You Need a General Tonic Take Groves'

The Old Standard Groves' Tasteless Chill Tonic is equally valuable as a General Tonic because it contains the well known tonic properties of QUININE and IRON. It acts on the Liver, Drives out Malaria, Enriches the Blood and Builds up the Whole System. 50 cents.

no salivate.

Don't take calomel! It makes you sick the next day; it loses you a day's work. Dodson's Liver Tonic straightens you right up and you feel great. Give it to the children, because it is

Do you read The Plainview Evening Herald's want ad column? The buyers and sellers of the South Plains meet on this page twice each week. —Adv. tf.

Lax-Fos, A Mild, Effective Laxative & Liver Tonic Does Not Gripe nor Disturb the Stomach.

In addition to other properties, Lax-Fos contains Cascara in acceptable form, a stimulating Laxative and Tonic. Lax-Fos acts effectively and does not gripe nor disturb stomach. At the same time, it aids digestion, arouses the liver and secretions and restores the healthy functions. 50c.

Drives Out Malaria, Builds Up System The Old Standard general strengthening tonic, GROVE'S TASTELESS CHILL TONIC, drives out Malaria, enriches the blood, and builds up the system. A true tonic. For adults and children. 50c.
