

THE PLAINVIEW EVENING HERALD

Official Paper of the City of Plainview.

TWICE-A-WEEK

Official Paper of the County of Hale.

VOLUME 28, NUMBER 41

PLAINVIEW, TEXAS, TUESDAY, JUNE 5, 1917

HALE CO. HAS 1119 ELIGIBLE FOR SERVICE

TEN MILLION REGISTERED IN THE UNITED STATES; PRACTICALLY NO DISTURBANCES ANYWHERE.

NUMBER TO BE CALLED INCREASED

Practically One Out of Every Six Will Be Notified of Draft Within Fifteen Days; Report September 1.

Hale County has 1,119 who are eligible for military service under the selective-draft registration conducted at all of the voting precincts of the county today. Of this number, Plainview contributed 588, more than half of the total.

At seven o'clock, when the registration booths were opened, lines of young men were waiting to tell their stories to the registrars. There was a steady grind until after noon, when the numbers diminished. Sheriff J. C. Terry states tonight that so far as his office knows there was not a male between the ages of 21 and 31 who had not registered. No disturbances, no objections on the part of signers had been noted in any part of the county. A splendid spirit of co-operation and loyalty marked the work of the day.

At each of the Plainview registration places—the City Hall and Court House—members of the Girls' National Honor Guard pinned red, white and blue ribbons on those who had registered, and sold tiny American flags for the benefit of the American Red Cross Society.

By precincts, the registrations recorded were: Plainview, Court House, 316; Plainview, City Hall, 272; Happy Union, 36; Petersburg, 55; Hale Center, 95; Center Plains, 25; Runningwater, 55; West Side, 21; Bartonside, 19; Abernathy, 184; Halfway, 11; Lakeview, 30; total, 1,119.

There were a number of Mexicans registered in the county, the largest number at Abernathy, where the Santa Fe gangs were directed. A few aliens, and a few alien declarants, were recorded. Most of these were English subjects. One or two negroes were among the number registered.

The changed plans of the Provost General's office, at Washington, will cause the draft of approximately one of every six registered today.

A statement of unusual interest was issued today by Provost Marshall General Crowder, at Washington, in which he set forth, more in detail, the general plan of drafting into the service those who were recorded in today's registration. It is now the plan of the Government to select from one to one and a half million of those listed in the registration. From this number 625,000 will be chosen for service. It is the plan to have these men in camp ready for training by the first of September. From the 650,000 drafted, 500,000 will be sent to France for active service, while the remaining 125,000 will be retained as a reserve force to those at the front.

No exemptions will be based on occupations, but all exemptions will be based on individual circumstances. All those selected will be notified personally within two weeks from registration, so as to give ample time for them to readjust their business affairs, and to offer any claim they might have for exemption, to the local and other exemption boards.

Partial eliminations by condition were made yesterday by all registrars, and reports were wired in tonight to the adjutant general's of the States. These figures will be forwarded tomorrow to the Provost Marshal, at Washington. The county clerk of each county will retain the original copy of each registration card, and forward a duplicate copy to the adjutant general, who will report to headquarters, at Washington.

The manhood of the Nation, practically ten million of them, obeyed the President's call and volunteered en masse, setting at naught all the schemes and plotting of the Kaiserists and a few cranks who have exercised themselves against conscription. While no complete returns were transmitted up to a late hour, messages came from all the governors that quiet and order had prevailed throughout the day. Reports from all sections of the country showed that the number of men within the specified ages would equal, if not surpass, the estimates of the Census Bureau. A typical message came from

SECOND SERIES TRAINING CAMPS TO OPEN AUG. 27

Applications Will Be Received From June 15th and July 15th; Eligibles Between Ages 21 to 44.

A second series of officers' training camps will be held between August 27 and November 26, in eight locations, to develop officers for the second increment of 500,000 men to be called into service by the selective draft, Adjutant General McCain announced today. In general, the rules will be the same as for the first increment.

Applications must be sent to the commanding general of the department in which the applicant lives, between June 15 and July 15. Citizens between the ages of 20 years and nine months and 44 years are eligible.

Some of the present sixteen officers' training camps will be abandoned in the second series, and all selected for the second training courses are located in the southern part of the country, where the weather will be good through the fall.

The camp sites chosen and the areas from which applicants will be assigned include:

Fort Leon Springs, Texas; Illinois, Texas, Arizona, New Mexico and Oklahoma.

Fort Riley, Kansas; Minnesota, North Dakota, South Dakota, Nebraska, Iowa, Kansas, Missouri and Colorado.

The Presidio, San Francisco; Utah, Wyoming, Montana, Idaho, Nevada, Oregon, Washington and California.

Other camps will be held at Fort Myers, Va.; Fort McPherson, Ga.; Fort Oglethorpe, Ga.; Fort Benjamin Harrison, Ind.; and probably Fort Logan H. Roots, Ark.

The announcement says: "The officers' camps will be held with the definite mission of producing a body of line officers capable of filling all places in the grades above lieutenant and many of the places in the lieutenant grades of the second 500,000 troops.

"The minimum age limit for all is 20 years and nine months. However, in order to attain the experienced class of men desired, preference will be given to men over 31 years of age.

"It will be difficult for men under that age to qualify except in rare instances where the applicant has pre-eminent qualifications or unusual military experience. Men certified as acceptable for these first series of camps, which are now in operation, must renew their applications if they were not directed to attend the first series of camps.

"Applications must be made between June 15 and July 15. All applications received after July 15 will be returned. The application must be accompanied with the names of three responsible citizens who know the applicant."

LIVESTOCK SHIPMENTS DROP.

A number of live-stock shipments left Saturday for Fort Worth and Wichita, Kansas. The shipments were as follows: W. A. Watson, two car loads of hogs to Fort Worth; L. A. Knight, one car load of hogs to Fort Worth; Alex Anderson, two cars of cattle to Wichita, Kansas; J. A. Cox, two cars of hogs to Wichita, Kansas.

Woman's Service League Will Meet Thursday Afternoon

Miss Lena Williams, chairman of the Woman's Service League of Hale County, announces that a meeting of that organization will be held at the Court House at four o'clock Thursday afternoon, June 7th. Not only the women of Plainview, but all the women of the county as well, are expected to be present. Subjects of vital importance to the welfare of the Nation in this crisis will be discussed.

Among the most important questions to be discussed at this meeting will be those pertaining to the conservation of food supply and to the prohibition of the use of grain in the manufacture of alcoholic beverages. Plans of economic house keeping will be discussed, and an effort will be made to impress upon every housewife in Hale County the necessity of the economical use of food, and thereby getting every woman to contribute her bit in helping to win the war.

Hale County Docket Full; Court Will Convene Tomorrow

The Hale County Court convened in regular session Monday morning, at the Court House. Immediately upon convening it was decided to take adjournment until tomorrow morning, because of registration day.

Quite a full docket awaits the convening of court Wednesday morning, when the following cases will be taken up: Fred O. Grimes vs. Paul A. Turner; Fred O. Grimes vs. First National Bank of Plainview; S. J. Underwood vs. J. M. Gist; McWhorter Auto Co. vs. First National Bank of Lockney; Bess Thompson vs. the Santa Fe Railway Co.; Oxweld Acetylene Company vs. L. H. Rosser; T. L. Moore vs. Santa Fe Railroad; H. T. Akers vs. Santa Fe Railroad; L. G. Pierce vs. Santa Fe Railroad; J. H. Bone vs. Santa Fe Railroad; G. W. Brown vs. Egge Auto Company; W. W. Connell vs. R. O. Fields; J. A. Hallem vs. Robt. F. Alley.

'TO PUT ON SHOW' FOR LOCATING BOARD

Committee, Back From Austin, Feels Encouraged That A. & M. Will Come Here.

E. H. Perry, secretary of the A. and M. Campaign Committee, returned Sunday morning from Austin, where he went with the other members of the committee to meet the State commission appointed to locate the West Texas A. and M. College, for the purpose of presenting data and briefs to show that Hale County is the logical place for the location of the West Texas institution.

While the Hale County delegation was unable to gather any definite information concerning the location of the new school, it would be conservative to say that the committee came back greatly encouraged over the situation. Not only did our claim show up fully equal, if not superior, to every one presented, but the Hale County brief, setting forth reasons why the A. and M. should be located in Hale County rather than elsewhere, was the most complete document presented to the commission. While the briefs presented by many other contestants were vague, and their claims indefinite, it was not so with the Hale County document, which pointed out in unmistakable terms why the new institution should be in Hale County.

One thing that encouraged the Hale County committee was the attitude of the delegates of other contesting places toward the Hale County proposition. Mr. Perry said that Hale County was the second choice of every locality in the contest; that many of the delegates had promised to exert their efforts in behalf of Hale County in case they were not successful in securing the school. With this sentiment among the other contestants, and the strong pull that is being made for the school at home, there is every reason to be encouraged over the outlook. To express it in Mr. Perry's words, "Hale County is in the game."

The commission will begin its tour of West Texas next Thursday, June 7. The commission will first visit Uvalde. From there they will go to Kerrville, San Angelo and Sweetwater, in the order named. Mr. Perry is expecting the commission here about the fifteenth. It is the purpose of the local committee to have all the boys and girls representing the various clubs present on that occasion. A program will be arranged, and all the local clubs and organizations will be asked to "put on a show" that day.

There are nineteen cities and towns in West Texas after the institution. They are Uvalde, Kerrville, San Angelo, Ballinger, Abilene, Snyder, Haskell, Post, Lubbock, Ralls, Plainview, Amarillo, Goodnight, Sweetwater, Sterling City, Lockney, Floydada, Crosbyton and Wichita Falls.

COMMISSIONERS TO MEET.

Judge Chas. Clements announces that the County Commissioners will convene in regular session next Monday, June 11th. In addition to the regular routine of business to come before the County Commissioners' Court will be that of confirming the additional tax assessed by the City Council of Plainview for street paving.

Fifty Five Girls Already Enrolled In Honor Guard

The local order of the Girls National Honor Guard met at the Court House yesterday afternoon. In addition to the regular business was a lecture to the members by Miss Nyhus, of the South Plains Sanatorium. Miss Nyhus gave the Guard a very instructive lecture on the subject of Red Cross and First Aid service. Miss Nyhus is a graduate in the Red Cross and First Aid Service, and was able to offer many helpful suggestions and first-hand information as to the requirements for this service.

Lieutenant Lucille Kinder announces that fifty-five members have been enrolled in the local order to date. The number will probably double before the big encampment at Wichita Falls. Miss Lena Williams has been chosen secretary and Miss Daisy Gidney, treasurer. Wallace Settoon, a graduate in military tactics, has been chosen drill master. Once a week the young ladies meet for drill. The next meeting of the Guard will be held in the basement of the Presbyterian Church, on the afternoon of Wednesday, June 13. At this meeting some local physician will lecture along the lines of First Aid Service.

BLUE LODGE OFFICERS ELECTED.

At the regular monthly meeting of the Plainview Lodge No. 7 of the A. F. & A. M., the following officers were elected for the ensuing year: S. W. Waddill, Worshipful Master; W. C. Longmire, Senior Warden; E. J. Doland, Junior Warden; J. H. Slaton, Treasurer; Lee Shropshire, Secretary; and Joe W. Carter, Tiler. The other officers are appointive, and announcement of the appointments will be made at a later date.

Mrs. Glenn L. Brown and little daughter, Margaret, of Chicago, arrived this morning for a visit with their relatives, Mr. and Mrs. Fred L. Brown.

Chautauqua Comm. May Use \$1000 Earned To Start Auditorium

J. F. Garrison, chairman of the local Chautauqua committee, announces that the Plainview Chautauqua for 1917 was a financial success. Practically all of the expenses of the Chautauqua have been paid and the receipts were several hundred dollars in excess of the disbursements. Mr. Garrison stated that while the disbursements were more this year than last, the increased patronage of the Chautauqua will more than offset that, and the net profit, over and above all expenses, will exceed that of last year.

While no definite action has been taken by the committee as to the disposition of the funds of last year and for this year, it is the conviction of Mr. Garrison and others that this money should be used toward the construction of an auditorium in Plainview.

There is nearly \$800.00 in the treasury now from the 1916 Chautauqua. While a financial statement has not been prepared by the committee as to the exact amount for 1917, it is known that the amount remaining from this year's Chautauqua, after all expenses are paid, will be close to \$1,000.00.

Just what disposition the committee expects to make of this amount will not be decided until it meets. But it is the opinion of most of the committee that these amounts accruing over and above the expenses of the Chautauqua should go toward the construction of an auditorium. This feeling has become more pronounced since the recent action of the city school board forbidding the new High School auditorium to be used for any meetings save those pertaining directly to the interest of the school.

Mr. Garrison stated that plans have been perfected for the return of the Chautauqua next year. Not all of those who signed the contract for this year have added their names to the new contract, but enough have signed to guarantee the Redpath-Horner entertainment for next year. A thing assured is the fact that the season tickets for next year will sell for the same price as this year, regardless of any increase in the general cost of the program. It is the policy of the local committee to keep the price the same from year to year, that the Chautauqua may reach the greatest number possible.

LIBERTY LOAN BOND SALE GIANS \$10,000 IN 3 DAYS

Citizens' National Leads in Distribution of Bonds in Hale County.

Since Friday the amount subscribed to the Liberty-Loan Bond in Plainview has jumped from \$2,500 to approximately \$12,500. The greatest number of bonds have been sold by the Citizens' National Bank. The amount subscribed for at each of the Plainview banks is approximately as follows: Citizens' National Bank, \$7,150.00; First National Bank, \$4,300.00; Third National Bank, \$1,200.00.

No more practical patriotism has been shown by any firm than that demonstrated by Carter-Houston Dry Goods Company, when every member and employee of that firm became a subscriber to Uncle Sam's war fund.

The largest individual bond purchaser for the week was R. C. Ware and S. J. Young, a farmer, each having increased the Federal fund \$1,000. Another interesting feature of the sale of bonds in Hale County is the fact that most of the bonds are purchased by parents for their children, and the fact that most of the Liberty-Loan Bonds sold in Hale County are now in the possession of children. One encouraging feature is the large number of bonds sold to farmers. To date, the farmers have surpassed all other classes subscribing to this fund. As has been stated, Hale County's share in the Liberty Loan is approximately \$160,000.00.

Council Gives Low Water Rate to Santa Fe for Improvements

The City Council met last night, in regular monthly session. The following were present in their official capacities: Mayor W. E. Risser, Councilmen E. Lee Dye, J. E. Maxey, W. E. Winfield, E. H. Humphreys and J. M. Waller, and City Secretary B. L. Spencer.

The following business was transacted:

Ordered that the P. & S. F. Railway Co. be granted 8 cents per 1,000 gallons of water provided the consumption of water is one million gallons or over per month, 10 cents per 1,000 if the consumption is under one million gallons per month. The city will pipe the water to the railroad right-of-way at the city's cost. It was agreed that the railroad would extend four-inch lines to depot and stock yards and allow the city the use of the hydrants installed by the railroad company for fire purposes.

On motion, all scales in streets in the paving districts were ordered removed in time not to interfere with paving contractors.

Dr. E. F. McClendon reported no contagious diseases in the city.

It was ordered that the Santa Fe be requested to pave its stock pens used for keeping and feeding hogs and keep same in a sanitary condition.

The Mayor was allowed \$25.00 a month for car expenses. He was also authorized to secure a good flag for the City Hall.

It was ordered that the night watchman's salary be raised to \$70.00 a month, an increase of \$10.00 a month.

The monthly bills were allowed before adjournment.

Farmer Loses Finger; Waiting Army Orders Had Just Enlisted

A. Cooper lost the middle finger of his right hand yesterday, when a shotgun with which he had started on a hunt at his farm was discharged accidentally.

Mr. Cooper was taken to the sanitarium, where Drs. E. O. Nichols and L. C. Wayland amputated the injured member and treated other fingers of the wounded hand.

The injured man had enlisted in the naval service but a few days prior to the accident, and had been accepted. He was awaiting instructions to report for assignment. It is not known what effect the accident will have upon his final acceptance.

J. W. Saffle preached at Petersburg last Sunday.

Miss Almira McComas, of Halfway, left this morning for the Canyon Normal.

PATRIOTIC THROG AT REGISTRATION MEETING

FRANCE EULOGIZED BY SPEAKER WHO SAID "WE OWE FRANCE A DEBT WE CAN NEVER PAY."

MRS. JOHNSON REPRESENTED WOMEN

Every Phase of How All Can Help Formed the Subjects of Patriotic Addresses by Citizens.

Probably the most patriotic crowd ever assembled in Plainview gathered here today to give vent to their feelings and patriotism on this day of registration. At a few minutes past ten o'clock the crowd, about fifteen hundred in number, gathered in front of the band stand, on Broadway. After the crowd sang "America," Judge Chas. Clements, the master of ceremonies, explained the purpose of the meeting. He explained the selective-draft law and its purpose. He took occasion to refer to the President and to bespeak our loyalty to him in an hour of crisis. "We all owe it to our country, young men, farmers, stockmen, women, and children, to do our bit in every way."

Judge Clements then introduced Dr. E. E. Robinson, pastor of the Methodist Church. Dr. Robinson, in his eloquent and animated style, stirred his auditors to the depths with an appeal for patriotism. "There is work for everybody to do in the present crisis. No man or woman is too old, no child too young, to do some loving service for our beloved land." His references to France and to General Joffre, as "the hero of the Marne," elicited enthusiastic applause from his hearers. "We owe a debt to France that can never be paid. It was this country that came to our rescue with money and with men to combat our cause against monarchy," he referred to the noble services our fleet is already rendering and to the fact that our flag today is unfurling in the Old World, not in the interest of conquest, but in the interest of humanity, "to free a down-trodden people from the manacles of Prussian autocracy."

Following Dr. Robinson's address, Mrs. B. M. Johnson, of Hale Center, president of the County Federation of Women's Clubs, was introduced. In presenting Mrs. Johnson, Judge Clements said that such exercises would be incomplete without an address from a representative of the women. Mrs. Johnson spoke on "Woman's Part in the War." The keynote of her speech was sounded in three words—production, conservation, and loyalty. In substance, the speaker said that there was a work for all to do. Most of the people could produce something; but ALL could conserve, and thereby demonstrate loyalty. Mrs. Johnson struck the soft-drink habit a blow and urged the people to abandon the use of refreshments at social gatherings and to donate the money they would spend for such luxuries to the Red Cross or other such work. She closed her remarks by urging every woman in Hale County to be present at the woman's meeting to be held at the Court House next Thursday.

Col. T. J. Tilson spoke upon the farmer's part in the present crisis. He provoked general applause and laughter with the expression, "Let's keep our eyes on Europe and do our darndest." He urged the abolition of whiskey, tobacco and soft drinks.

R. A. Underwood, of the Citizens' National Bank, spoke in a business-like way on "The Liberty-Loan Bonds." The speaker said: "I feel that every liberty-loving patriot ought to buy one or more of these bonds. Not only is buying bonds a patriotic duty, but it will help business, as most of the money accruing from these bonds is to be spent in this country." He said that Hale County's part in the Liberty-Loan Bond was \$180,000.

One of the interesting features of the program was the singing of "Tenting on the Old Camp Ground" and "Have We Forgotten America?" by the male quartette composed of Will Stockton, Frank Truesdell, Fred Cousineau, and Jake Burkett.

The meeting closed with the singing of "Columbia, the Gem of the Ocean."

COUNTY SCHOOL BOARD CALLED.

The Hale County School Board of Education is called to meet in special session, at the Court House, Wednesday morning, June 6th.

(Continued on Page Eight.)

AMERICAN RAILROADS TO HELP THE RAILROADS OF FRANCE.

Instructions have been issued by the Railroads' War Board to the railroads of the United States to take vigorous action to assist in the organization of nine regiments of qualified railroad men for service in France. It is an urgent necessity that these men be sent to France at the earliest possible moment.

Railroad executives have been asked to give immediate attention to a communication which has just been sent to them, which says, in effect:

"The French railways are badly run down. They need more or less complete rehabilitation. France has no men who can be spared for this work. She wants all her men at the front."

"Before we can train men to go into the trenches we can supply France's railroad wants and we can do it practically immediately. Any men we send over must be soldiers, so it will be necessary for the railroad forces to enter the army."

"We propose to make up five construction regiments of six companies each to do this rehabilitation. Each regiment will have an engineer officer of the United States Army as Colonel and another officer from the army as Adjutant. The other officers will be made up of railroad men, except that the commissary will be provided by the United States Army. The Lieutenant-Colonel will be a Chief Engineer of a railroad, or some one else of similar experience. Captains will be taken from the Engineers of Maintenance of Way, Lieutenants from supervisors or roadmasters, and non-commissioned officers from track and bridge foremen. The privates will be track laborers."

"The pressing need just now is for officers for these regiments. They will require five Chief Engineers, thirty Engineers of Maintenance of Way, ninety supervisors or roadmasters, sixty track foremen, and thirty bridge foremen. Each company will have 150 track laborers and fourteen bridge carpenters as privates."

"The next important requirement on the French railways is for shop forces. They are short of men to repair their locomotives. It is proposed to organize a shop regiment, to be made up the same way as the construction regiments, except that the Lieutenant-Colonel will be a Superintendent of Motive Power; the Captains will be master mechanics, the Lieutenants will be shop foremen and the non-commissioned officers gang foremen. The rest of the company will be made up of boiler-makers, machinists, blacksmiths and their helpers."

Three railway operating regiments will be formed. Each regiment will be a complete railroad-operating unit, and will be commanded by a Colonel from the United States Army. The Lieutenant-Colonel will be a General Manager or a General Superintendent of a railroad, the Captain Adjutant will be an officer of the United States Engineers, the Captain Quartermaster will be chosen by the Colonel, and the Captain Engineer will be selected from the railroad engineers of maintenance of way."

Two Majors for each of the operating regiments will be chosen from the General Managers or their assistants, while two Captains-adjutant and six Captains will come from division superintendents or their assistants. Twelve first lieutenants will be chosen from trainmasters, road foremen of engines, and engineers of maintenance of way, and six second lieutenants from chief dispatchers and master mechanics.

The make-up of each company in the regiment will include the following enlisted men:

- 7 Electricians, Linemen and Signal Maintainers.
- 2 Gas Enginemen.
- 3 Clerks and Stenographers.
- 2 Draftsmen.
- 2 Surveyors.
- 12 Car Inspectors and Repairers.
- 2 Storekeepers.
- 2 Pile Driver Engineers.
- 1 Pipe Fitter.
- 1 Locomotive Inspector.
- 1 Wreck Derrick Engineer.
- 1 Water Supply Man.
- 4 Cooks.
- 8 Conductors.
- 16 Brakemen.
- 12 Locomotive Engineers.
- 4 Stationary Engineers.
- 4 Yard Foremen.
- 8 Switchmen.
- 8 Machinists.
- 4 Blacksmiths.
- 6 Boiler-makers.
- 12 Operators and Agents.
- 4 Dispatchers.
- 14 Track Foremen.
- 14 Bridge and Buildings Force.

Forty non-commissioned officers are included among these 164 men. They will be selected from supervisors, section foremen, bridge foremen, carpenter foremen, and others in similar positions.

Each regiment will have 25 men rated as wagoners, who will be chosen from men who can act as chauffeurs, though half of them must be capable of other duties as well.

BETTER SANITATION NEEDED IN RURAL SCHOOLS.

In the interest of efficiency and health there is increasing necessity for the application of scientific medical and sanitary knowledge to the administration of the public schools, in the opinion of the Public Health Service.

In general, the faults observed in rural schools, the annual report of the Service declares, are due to a lack of skilled advice, especially in regard to the location, construction and equipment of school buildings and disregard of sanitary principles governing water supplies, the disposal of sewage, ventilation, temperature, illumination, and the arrangement of school desks and blackboards. During the past fiscal year surveys have been made in rural districts of several States and many thousand school children have been examined. These examinations have included thorough testing of the eyes by competent oculists, tests of mental capacity, and the effect of sanitary environment on school progress, as well as inspections for the customary physical defects.

The conclusion is reached that there is great need for improvement in rural schools and that communities themselves will benefit if conditions are bettered, the schools themselves serving as object lessons for surrounding sections. Conditions in country districts have been found below those in the cities, and it is apparent that organized health work has largely been confined to the latter. Considered from a sanitary standpoint alone, the Public Health Service is in favor of the consolidation of rural schools, since it must eventually result in the

providing of better buildings and the organization of systems of efficient sanitary inspections.

It takes about 5 gallons of O. V. B. Paint for two coats on the average 7-room house. This spread value is due to careful selection and fine grinding of pigment. It makes your cost very reasonable. Besides, you'll find the paint wear you want in

O. V. B.
"All That's Best in a Paint"

Whatever the age or condition of your house, O. V. B. Paint doesn't take long to pay for itself several times over because of its durability. It increases the value of the house with its fresh, bright, protective coat of metal. No adulterants—no cheap ingredients—but a firm weather-resisting surface that's possible only with pure lead and zinc, uniformly mixed by machinery.

Come in today. Let's figure together. Let our color suggestions and cards help you plan your color combinations.

SAFETY FIRST—BUY YOUR COAL NOW

The outlook is for high priced coal. Railway freights increase 60 cents per ton is a certainty. Mines have withdrawn summer prices and advanced present prices 50 cents per ton. This means the retail coal dealer must advance his prices. I have a limited stock on hand, and will maintain present prices as long as it lasts. Better invest a little money in coal now, and don't blame me if you have to pay higher for coal in the near future.

SECRETARY REDFIELD CLOSSES FISH HATCHERY IN TEXAS.

Secretary Redfield has approved the recommendation of Dr. H. M. Smith, Commissioner of Fisheries, that the fish hatchery at San Marcos, Texas, be closed, on account of the failure of the Texas Legislature to enact the necessary laws for the successful operation of the hatchery. Dr. Smith's report and recommendation to the Secretary of Commerce follows:

"The Texas Legislature has adjourned its extraordinary session without having enacted legislation imposed on it by act of Congress if the Bureau of Fisheries is to continue fish-cultural operations in the State. The principal species of fish handled at our Texas hatchery receives no protection during the spawning season, and the State in this respect has shown persistent disregard for elemental principals of fish culture, with the result that the work of the hatchery is to a great extent nullified. This matter has been constantly presented by the department to the consideration of the Texas fishery authorities, the Governor, and the Legislature during 1915, 1916, and 1917, and no exception has been taken to the stand of the department as to the absolute necessity of protection to this kind of fish under the circumstances indicated.

Procedure Prohibited by State Law.
 "For several years the representatives of the Bureau of Fisheries in the State of Texas have been threatened with arrest by local officials because of the fact that the laws of Texas do not afford to the Federal Government the rights accorded in other States in which Federal fish-cultural operations are conducted. This matter has been assiduously presented by the department and the bureau to the Governor, the members of the Legislature of Texas, to Senators and Representatives in Congress, and to prominent citizens of the State. Favorable action has been taken by committees of the Texas Legislature on measures giving to the representatives of the bureau elementary privileges required for the successful conduct of fish-cultural work; but the Legislature itself has taken no action, although such action was practically guaranteed at the recent extraordinary session. An absolutely necessary procedure in bass culture is the collecting of brood fish by means of nets. This procedure is prohibited by State law; and the county attorney of Hays County, in which the San Marcos station is located, acting under an opinion of the Texas attorney general, has intimated to our superintendent at San Marcos that he intends to enforce the law against employees of the Bureau of Fisheries. It does not seem proper for the bureau to direct or permit its employees to carry on their work under circumstances which will subject them to arrest and fines; and it therefore becomes necessary for the department to make a definite stand in this matter.

Provision in Act Making Appropriations.
 "The following paragraph is included in the act making appropriations for the Bureau of Fisheries for the fiscal year ending June 30, 1917, and the identical paragraph is included in the pending bill making appropriations for the fiscal year 1918: 'No part of the foregoing amount shall be expended for hatching or planting fish or eggs in any State in which, in the judgment of the Secretary of Commerce, there are not adequate laws for the protection of the fishes, nor in any State in which the United States Commissioner of Fisheries and his duly authorized agents are not accorded full and free protection of the fishes and that the Commissioner of Fisheries and his duly authorized agents are not accorded full and free right to conduct fish-cultural operations, and this law being necessary and proper by the said commissioner or his agents.'

"It being fully established that the Texas laws are not adequate for the right to conduct fish-cultural operations necessary therefor, in such man-

mandatory, I do not see how the department can legally avoid the discontinuance of fish-cultural work in Texas. I, therefore, recommend that steps be taken for the immediate closing of the San Marcos station and the furloughing of any employees who can not now be transferred to other stations where their services will be useful. The Government property would naturally be left in charge of a custodian."

If you must knock, get out in the middle of a forty-acre lot before you swing your hammer.
 A young man usually keeps on being crazy about a girl as long as she keeps on being crazy about some other fellow.
 All the leading man needs is a good head of hair.

Maxwell

Uses Little Gasoline

The Maxwell will go further on a gallon of gasoline than any other car made.

Thousands of Maxwell owners run their cars on \$5 to \$8 a month.

Utility—dependability—economy—these are what practical men want in an automobile.

HERBERT S. HILBURN, Editor E. B. MILLER, Business Manager

Entered as second class mail matter July 1, 1914, at the Post Office at Plainview, Texas, under the act of March 3, 1879.

\$2.00 a Year; \$1.00 6 Months. Advertising Rates on Application.

LET THERE BE NO MORE "DUSTY" ENTERTAINMENT.

A splendid chautauqua program marred by an ill wind could have been avoided had Plainview had a municipal auditorium in which to house its chautauqua visitors.

The lecture of Lou Beauchamp was lost because a heavy wind and very disagreeable dust storm drove a frightened and disgusted audience from the big chautauqua tent.

The same experience was repeated when the play "Little Women" was becoming interesting to those who hoped for an evening of pleasure. Other performances were marred because of the wind and dust.

Much of such a difficulty could be avoided if Plainview had a municipal auditorium, substantially but not necessarily elaborately erected. Housed well, with comfortable seating, such programs would show bigger returns at the box office.

Since the High School Auditorium has been withdrawn from the public use, since the churches with the largest seating capacities are not available for entertainment, Plainview is without the opportunity of entertaining large conventions or attracting entertainments of merit.

An auditorium, whether it be owned municipally or by a stock company would serve many purposes in Plainview. Every convention committee has difficulty in arranging the place of meetings, every church finds it an expense to erect temporary outdoor tabernacles for revival meetings. There is no place for a worth while lyceum course, nor can public meetings of importance be held except in the streets.

Let us talk it over among ourselves—this need for such a recreation place. If you are interested enough we will find a solution.

Shoe Manufacturer Sums Up Dawning Prosperity in U. S.

A Plainview merchant is in receipt of a letter from one of the largest shoe manufacturers in the United States which gives some interesting comments of the effects of the war on business. The letter is reproduced here, in part:

"Hysterical persons have interpreted the slogan 'Don't Waste' into 'Don't Spend a Cent.' The temporary result was a slackening of purchases.

"What does it mean to be at war? Plenty of things that are evil and distressing, but these never include industrial or agricultural depression, except immediately in the war zone, or in some blockaded section. War is waste, but the waste must be taken care of by increased production. For that reason war is the greatest known stimulant to industrial and agricultural activity. War forces vast sums of money into circulation, and puts it into the pockets of the consuming public, and in this way stimulates the purchase of luxuries as well as necessities.

"If the United States has enjoyed a period of prosperity for the last eighteen months in consequence of the demands of European armies, what kind of a boom are we going to experience when he have to provide for our own armies as well? Every man, woman and child in the United States who is able and willing to work will have the opportunity, and this opportunity means steady employment at high wages.

"War periods are inevitably periods of expansion. Just now we are going through the period of preliminary contraction. In a few months this will be passed, and the greatest expansion the country has ever seen will be upon us."

Resume of New Automobile Laws Shows Great Changes

A bulletin containing the laws passed by the Thirty-fifth Legislature of Texas has been issued, and a copy is now in the hands of every executive officer of the State. Probably no legislature in recent years has so modified the legal statutes as has the Thirty-fifth Legislature, which has just adjourned.

According to District Attorney Hatchell, the most stringent of the recent laws are those regarding automobiles. Among the numerous regulations placed upon the owners of automobiles is one requiring the owner to register his car and to receive his number directly from the State capital, rather than from the county clerk. In this way no two cars in the State will bear the same number.

Owners are required to place the numbers of their cars in front as well as behind. A State tax has been levied on the horsepower of cars. Many other regulations were passed concerning the operation of automobiles.

After July the first it will be in violation of the State law for the owner of a car to permit it to be driven by another save a regular chauffeur, registered under the State laws.

Legislature Fixes Law Governing the Desecration of Flag

The Thirty-fifth Legislature of Texas passed the following law concerning the desecration of the United States flag as well as the State flag of Texas:

Section 1. Any person, who, in any manner, for exhibition or display, places or causes to be placed, any word, figure, picture, design, drawing, or any advertisement of any nature, upon any flag or ensign of the United States or State flag of this State, or ensign. . . . Shall be deemed guilty of a misdemeanor, and shall be punished by fine, not exceeding one hundred dollars or by imprisonment for not more than thirty days or by both in the discretion of the court. . . .

Section 2. The fact that there is now in existence no law prohibiting the desecration, or improper use of the flag of the United States, creates an emergency and an imperative necessity, requiring a suspension of the constitutional rule requiring bills to be read on three several days, and said rule is hereby suspended, and this shall take effect and be in force from and after its passage and it is so enacted.

In order to obtain the best results all around, the pigs should be taught to eat as early in life as possible. In some this will be when they are about two weeks old. The time of teaching them will vary. The size of the litter in some cases, and in others the amount of milk given by the dam, will govern it. Teaching them to eat is best accomplished by pacing a small trough out of reach of the dam and supplying it with warm, sweet skimmed milk and soaked corn meal.

Just as good butter can be made on the farm as in the creamery, but the dairyman must follow modern methods to do it.

With the Churches

First Methodist Sunday School.
Last Sunday we climbed above the four-hundred mark again, having 440 present.

In the afternoon the officers and teachers held a very enthusiastic council meeting, in which plans were made to make this a larger and more efficient Sunday School.

We hope to reach the five-hundred mark in the near future.

The public is invited to these services.

I. E. GATES.

First Methodist Church.

Services for next Sunday, June 10th: Sunday School at 9:45 a. m. Let teachers and pupils do some special work for their classes.

Preaching at 11 a. m. and 8:15 p. m. Morning subject, "Charlots of Salvation"; 8:15 p. m. subject, "The World War: Little Belgium, the Baby Nation." Special music, and some songs we all can sing.

Leagues at 3 and 7 p. m.

Let the young people take interest in helping to make our Leagues the best in the conference.

A cordial invitation to everybody.

SUNSHINE NEWS.

SUNSHINE, May 24.—Misses Mary Cunningham and Mabel Hansen spent the week end with friends in Plainview.

W. B. Jones and family and W. F. Cunningham and family were visitors in Spring Lake Friday.

Misses Gladys Thomas and Grace Beard visited Miss Mary Cunningham Monday.

C. W. Boyd and family, Misses Gladys Thomas and Frances and Abbie Chancey, and Messrs. Frank Triplett and Sam Jones visited W. F. Beard and family Sunday.

Miss Cecil Brown returned home Saturday from Tahoka, where she has been attending school.

School closed May 25th.

John Miller, of Runningwater, spent the latter part of the week with Orle Beard.

C. W. Boyd is having his old home remodeled, making quite a neat residence.

Miss Grace Brown, of Tahoka, came in Saturday for a short visit with her parents, Mr. and Mrs. G. W. Brown.

Miss Pauline Cunningham, who has been attending school in Abilene the past year, returned home Sunday, ac-

companied by relatives who will spend the summer here.

The singing at C. W. Boyd's Sunday was well attended. Each one reports a nice time.

Sam Jones left Monday in his car for a trip to New Mexico.

Ernest Jones, of Spring Lake, spent the past week with his parents, Mr. and Mrs. W. B. Jones.

CENTER PLAINS NEWS.

CENTER PLAINS, May 28.—Misses Grace and Cecil Brown have just returned from Tahoka. Miss Grace will return to Tahoka Sunday to teach a summer class in music.

Miss Pauline Cunningham, who has been attending school at Abilene, has returned home to spend the summer. She was accompanied by her two cousins, Mrs. W. R. Tandy, of Glazier, and Miss Viola Cunningham, of Abilene.

Miss Viola will spend the summer on the Plains.

C. W. Boyd is building a new home. Mrs. C. F. Redinger has a new "player piano."

Quite a number of young folks from Sunshine and Center Plains enjoyed a very pleasant evening Sunday with Mr. and Mrs. C. W. Boyd.

SOCIETY

Telephone Number 72

FORT-PORTER.

A quiet home wedding was solemnized at the home of J. C. Goodman last Sunday morning, when W. H. Porter and Miss Rena Fort, both of Silverton, were united in matrimony, Rev. A. B. Roberts officiating. After the marriage Mr. and Mrs. Porter left for Silverton, where they expect to make their future home.

GROFF-SEIPP.

Monday evening at eight o'clock, at the home of Mr. and Mrs. James J. Groff, of the Liberty community, their daughter, Miss Catherine Helen, and Celestine Peter Seipp were united in marriage by Rev. S. J. Upton. About eighty friends of the popular young people were present.

After the ceremony, refreshments were served.

Mrs. Seipp is the correspondent in the Liberty community for The Herald.

FITE-BURLESON.

A quiet wedding was solemnized at the home of Rev. S. W. Smith on Sunday afternoon, June 3rd, when James Burleson and Miss Minnie Fite, both of the Lone Star community, were united in the holy bonds of matrimony. The bride is one of the prettiest and most refined young women of her community, while the groom is one of the most promising young farmers of this section. Mr. and Mrs. Burleson returned to their new home, in the Lone Star community.

HONORING MRS. PRITCHETT.

Monday evening a number of the friends of Mrs. Cora E. Pritchett, who has been teaching at Stamford College, met at her home to welcome her to Plainview again. About eighteen were present.

The quartette which she coached while here sang for her. The members of the quartette are Messrs. Will Stockton, Fred Cousineau, Jake Burkett and Frank Truesdell.

Ice cream and cake were served.

HIGHLAND CLUB.

Tuesday afternoon Mrs. J. P. Crawford entertained the Highland Club to meet her sister, Mrs. L. M. Cobb, of Ponder, Texas.

A salad course was served.

W. M. A. BUSINESS SESSION.

The Woman's Missionary Auxiliary of the Methodist Church met in business session Monday afternoon, at the church.

Reports were given by the delegates to the annual meeting, recently held at Chillicothe. These reports show a marked increase in missionary activity, and the delegates declare that it was one of the most successful meetings ever held in this conference.

One of the most commendable features of the entire session was a thousand-dollar Liberty Bond, which the Society purchased.

The next annual meeting will be held in Abilene.

Attention is called to the change in time of meeting of the local auxiliary from three to four p. m. during the summer months.

Personal News

Mrs. G. C. Johnson, of Houston, has been visiting Mr. and Mrs. L. R. Kier, of Plainview.

Preston Shephard left this morning after a several days' visit with his sister, Mrs. G. C. Brown.

Prof. Lester A. Hartley left today for Abilene, where he will attend the summer session of Simmons College.

Miss Iva O'Neal, of Trinidad, is visiting Miss La Ombra Brown.

Mrs. R. W. Brahan left this morning for Leon Springs, where she has gone to celebrate the twenty-first birthday of her son, R. W. Brahan, Jr., who is stationed in the training camp.

Miss Mary McKinnon, of Floydada, who has been visiting Mrs. T. C. Shepard the past week, returned home yesterday.

Mrs. S. S. Williams and little daughter, Roberta, left this morning for Tulia, to visit with her parents.

Mrs. S. S. Williams visited in Tulia last week. She was accompanied home by her parents, Mr. and Mrs. F. W. Scott; Mrs. H. H. Tracy and Misses Althart, Euna Scott and Margerette McCune.

Rev. W. S. Davis, local Baptist missionary, is conducting a series of revival services in Hurley.

Ernest Atkins, of Canyon, was a Tuesday visitor.

Mrs. W. T. Close, of this city, is visiting her mother, in Collin County.

G. H. Miller left Tuesday morning for Haskell County. Mr. Miller wants it strictly understood that he is not going to Haskell to join the Farmers' Protective League, which has given Uncle Sam so much trouble recently.

Judge George L. Mayfield went to Hale Center on legal business Tuesday. Joe Fields a prominent farmer of the Halfway community, is making arrangements to return to his old home, in Carthage, Mississippi.

Guy M. Johnson and Joe Fields, of Halfway, were in town today on business.

W. H. Bloome, of Finney, was in town today on business.

Miss Dora Bell left today for the Canyon Normal.

R. M. Gift left for Amarillo this afternoon.

Mr. and Mrs. J. B. Green, of Willis Point, are visiting relatives in Plainview.

Miss Sadye Earle Adams left today for Amarillo. She will go from there to Galveston and other points of interest in the southern part of the State.

Miss Josephine Goode arrived home last week from Abilene, where she has been attending Simmons College for the past year. Miss Goode was a member of the senior class, and will take her bachelor of arts degree this summer.

Mr. and Mrs. L. A. Donnell, of Silverton, were in Plainview Saturday.

W. E. Redin and family, of Silverton, were up for the Plainview Chautauqua last week.

Jim Campbell, of the Magnolia Oil Co., was in Silverton last Tuesday.

Sam Carr and family, of Silverton, visited relatives in Plainview last week.

Prof. E. Terrell, Judge Richards, Mr. and Mrs. E. D. McMurty and Misses Ada Douglass and Ada Lee Anderson, of Silverton, were here last Wednesday night for Bryan's lecture.

Rev. Henry Hagemeyer preached at the Christian Church in Tulia last Sunday.

Miss Marguerite Gardner left Saturday for Boulder, Colo., where she will spend a portion of the summer months.

G. L. Akesson, of Hale Center, was in Plainview Saturday.

Mrs. Cora E. Pritchett and Miss Wilma Mills, of the Stamford College faculty, returned to their homes, in this city, last Saturday.

Miss Grace Brown has returned home from Tahoka, where she has been teaching a class in music.

Miss Alma Armstrong returned Friday from the C. I. A., at Denton.

Miss Mary Lipscomb has returned home from Claude, where she has been teaching in the public schools.

Mrs. W. H. Phillips and children were visitors in Amarillo Sunday.

Mrs. E. Kratzer went to Lubbock Saturday to join her husband, who is now employed there.

Mrs. J. O. Lady visited relatives in Tulia last week.

A. R. Clovis, who has been visiting his mother, has returned to his home, in Clovis, New Mexico.

Miss Clara Buzbee has gone to Canyon for the summer session of the normal.

Mrs. B. F. Gardner and son have moved to their ranch, several miles south of town.

The friends of Miss Mary Braselton will be pleased to know that she is improving, after several weeks of illness.

David Burnett spent the week end visiting his home folks, in Lockney.

Miss Nelle Sanson left Sunday morning for Fort Worth, where she will take a six weeks' course in the Dunning System of Improved Music Study for Beginners. While there she will also study piano and voice.

Rev. J. A. Sweeney, pastor of the Methodist Church in Lockney, had the

misfortune to break his hip in a recent automobile accident. Friends will be interested to know that he is recovering rapidly.

Rev. T. B. Haynie left Monday morning for Tulia, where he will hold revival meetings for about two weeks.

Clitis Dunham, of Runningwater, was in Plainview Sunday and Monday.

Rev. Gabriel Upton preached at the Methodist Church at Lockney Sunday.

Dr. W. M. P. Rippey preached at Pleasant Valley last Sunday.

William Thompson was in Hale Center on business last Monday.

Alvin Plumblee, of Matador, returned from Denver, Colorado, this morning.

B. A. Lindsay has gone to Lockney to take charge of the telephone exchange.

R. M. Adair, of Amarillo, is visiting his mother, in this city.

Mrs. S. E. Cristwell, of Ralls, was in Plainview Monday.

Mr. and Mrs. Herbert Schoolcraft, of Ralls, were in Plainview Monday.

Rev. J. M. Harder left Monday morning for Amarillo.

Miss Polly Cristwell, of Ralls, passed through Plainview last Monday on her way to the Canyon Normal.

The Herald is requested to announce that Children's Day exercises will be celebrated at the Methodist Church next Sunday.

Jack Harrison and Miss Carrie Pace left Monday for the summer session of the Canyon Normal.

Miss Lois Pack left Saturday for Abilene, where she will attend the summer session of Simmons College.

Mrs. W. M. Moore, of Amarillo, has been visiting her daughter, Mrs. Fred Miller.

Chas. Byrd and Miss Myrtiss Garner, of Scurry County, passed through Plainview Sunday en route to the Canyon Normal.

Misses Edna Griffith, Ruby Fowler and Josie and Ole Moore, of Lockney, were in Plainview for a brief stay Monday.

C. C. and C. W. Munger, sons of Mr. and Mrs. W. A. Munger, have notified their parents that they have enlisted in the navy. One of the sons is in Portland, the other in Salt Lake City. Both will go into training as soon as ordered.

The friends of Miss Mary Braselton will be pleased to know that she is improving, after several weeks of illness.

David Burnett spent the week end visiting his home folks, in Lockney.

Miss Nelle Sanson left Sunday morning for Fort Worth, where she will take a six weeks' course in the Dunning System of Improved Music Study for Beginners. While there she will also study piano and voice.

Rev. J. A. Sweeney, pastor of the Methodist Church in Lockney, had the

misfortune to break his hip in a recent automobile accident. Friends will be interested to know that he is recovering rapidly.

Rev. T. B. Haynie left Monday morning for Tulia, where he will hold revival meetings for about two weeks.

Clitis Dunham, of Runningwater, was in Plainview Sunday and Monday.

Rev. Gabriel Upton preached at the Methodist Church at Lockney Sunday.

Dr. W. M. P. Rippey preached at Pleasant Valley last Sunday.

William Thompson was in Hale Center on business last Monday.

Alvin Plumblee, of Matador, returned from Denver, Colorado, this morning.

B. A. Lindsay has gone to Lockney to take charge of the telephone exchange.

R. M. Adair, of Amarillo, is visiting his mother, in this city.

Mrs. S. E. Cristwell, of Ralls, was in Plainview Monday.

Mr. and Mrs. Herbert Schoolcraft, of Ralls, were in Plainview Monday.

Rev. J. M. Harder left Monday morning for Amarillo.

Miss Polly Cristwell, of Ralls, passed through Plainview last Monday on her way to the Canyon Normal.

The Herald is requested to announce that Children's Day exercises will be celebrated at the Methodist Church next Sunday.

Jack Harrison and Miss Carrie Pace left Monday for the summer session of the Canyon Normal.

Miss Lois Pack left Saturday for Abilene, where she will attend the summer session of Simmons College.

Mrs. W. M. Moore, of Amarillo, has been visiting her daughter, Mrs. Fred Miller.

Chas. Byrd and Miss Myrtiss Garner, of Scurry County, passed through Plainview Sunday en route to the Canyon Normal.

Timely Hints for Home Gardener

Still Time to Plant Certain Vegetables in this Section

IT IS NOT TOO LATE TO PLANT

- String beans,
- Lima beans,
- Collards,
- Tomato plants (second planting),
- Egg plants (second planting),
- Pepper (second planting),
- Cucumbers,
- Muskmelons,
- Watermelons,
- Okra,
- Squash (pie),
- Sweet potatoes,
- Beets (second planting),
- Table corn (second planting).

If you have not already planted a garden, there is still time even in this region (marked Zone B on the Department's zone-planting map for vegetables) to grow some food, say specialists of the U. S. Department of Agriculture. Not a day should be lost, however, in planting, as the most favorable planting period for most vegetables is past, and as the crops must be given an opportunity to become well established before hot weather sets in. Among the vegetables which still may be planted with good chances of success are beans, lima beans (both bush and pole), collards, cucumbers, muskmelons, watermelons, okra, sweet potatoes, and squash.

If you have already started a garden, but have not planted the crops named, you should lose no time in getting the seed in.

There is, of course, considerable variation within the region for which this advice is given. It may be that the possibility for planting successfully certain of the crops mentioned has passed in the more southerly sections. The advice is based on the latest frost dates for the section, and the variations in weather conditions from year to year also may influence planting periods.

The following cultural suggestions are made for the crops which may yet be planted with fair chances of success throughout most of this region:

Beans.—Plant in rows two and one-half feet apart for either horse or hand cultivation, and three to four inches apart in the rows. A pint of seed is sufficient for a hundred-foot row.

Lima Beans, Pole.—Plant in hills three to four feet apart, for horse or hand cultivation. A half pint of seed is sufficient for a hundred-foot row. Bush limas should be planted in rows two and one-half feet apart for hand cultivation, or three feet apart for horse cultivation. Space the seeds six to ten feet apart each way. One-

Cucumbers.—Plant 8 to 10 seeds in a hill, spacing the hills 5 feet apart each way, and thin to 2 or 3 plants; or sow the seed in rows four to five feet apart. When planted in rows, the plants should be about fifteen inches apart, but the seed should be sowed much thicker, the plants being thinned later. A half ounce of seed is sufficient for a hundred-foot row.

Squash.—The bush varieties should be planted in hills four feet apart each way, and the running varieties eight to ten feet apart each way. One-half ounce of seed is sufficient for a hundred-foot row of either the bush or running varieties.

Muskmelons.—The culture of the muskmelon is the same as the cucumber, except that the plants are usually given more space. Plant eight to ten seeds in a hill, spacing the hills six feet apart each way. Another method is to sow in drills six feet apart and thin to single plants eighteen to twenty-four inches apart.

Watermelons.—The culture of the watermelon is the same as the muskmelon, except that the plants require more space. Plant watermelons in rows eight to ten feet apart and thin to single plants three feet apart in the rows, or plant in hills eight to ten feet apart each way. An ounce of seed is sufficient for a hundred-foot row or for a dozen hills.

Okra.—The rows should be three to four feet apart for the dwarf varieties and four to five feet apart for the tall kinds. Sow the seed a few inches apart and thin the plants to 18 inches to two feet apart. Seven ounces of seed is sufficient for a hundred-foot row.

Sweet Potatoes.—It is desirable to have a row or two of sweet potatoes in the home garden. Set the plants in ridges 3 to 4 feet apart. Space the plants fourteen to eighteen inches apart. About seventy-five plants will be required for a hundred-foot row.

Collards.—Sow in drills eighteen inches apart for hand cultivation and

thirty inches apart for horse cultivation. Thin to stand fourteen to eighteen inches apart in the row.

Tomatoes.—Set the plants (purchased or grown early in hot beds) 18 inches apart in rows 2½ to 3 feet apart if they are to be pruned or staked. If they are to be on the ground, the distances should be 4 feet between rows and 3 feet in the rows. Pruning a few branches and staking are desirable in the home garden.

Eggplants.—Set the plants 18 to 24 inches apart in rows 2½ to 3 feet apart. A dozen good, healthy plants supply enough fruit for the average family.

Peppers.—Set the plants 15 to 18 inches apart in rows 1½ to 3 feet apart. A dozen plants should be sufficient.

Corn.—Plant closely in drills three feet apart and thin to 10 or 14 inches in the rows. If preferred, seeds may be planted in hills 3 feet apart each way, and the plants thinned to four in each hill. Corn should be planted in well prepared, rich land.

Beets.—Sow in rows 15 to 18 inches apart for hand cultivation or 2 to 2½ feet apart for horse cultivation. The plants should be thinned to 4 to 5 inches apart in the rows.

BARNEY OLDFIELD RETURNS TO RACING GAME.

New Speedway records now depend as much upon the efficiency of tire makers as on the automobile manufacturer, according to Barney Oldfield, veteran race driver and holder of many records. Speedway racing has reached a point where improved resilience, endurance and balance in tires are necessary for increased speed, so Oldfield says.

During the past five years Oldfield has taken part in very few contest events, devoting his efforts to time trials and exhibition driving. This year, however, he intends to take an active part in all the big auto races. He is working out daily on the big speedway at Cincinnati in preparation for the Decoration Day contest in that city.

Oldfield recently visited the Firestone factories to inspect the making of the new Firestone cord tires, which he will use in all his races this year. He expressed the opinion that this new Firestone product was certain to prove itself equal to any speedway test, and reaffirmed his intentions of retaining his old slogan "Firestone Tires Are My Only Life Insurance."

The veteran driver will pilot a new type of racing car this year. Its construction is a radical departure from

all previous models and is expected to create a sensation when it appears. The design is a pet idea of Oldfield and he is of the belief that it will revolutionize the racing game.

The new racer has a complete enclosed body, built like an egg shell. Oldfield and his mechanic will be completely protected from injury by track accidents, while the shape of the body will give the minimum of wind resistance, which is one of the greatest causes of power loss in racing.

The new car is built of aluminum throughout, its roof being trussed and all joints reinforced by oxide welding. The engine was built especially for the car, which is exceptionally light when compared with the weight of other racing machines. With his Firestone equipment and his new machine, Oldfield expects to lower several world's records during 1917. Adv. 1t.

FOR SALE.—New L. C. Smith typewriter. Terms: Part cash; balance on easy terms. W. B. DAVENPORT, at G-C Electric Co. tf.

THE STATE OF TEXAS,

To the Sheriff or Any Constable of Hale County—GREETING: YOU ARE HEREBY COMMANDED That you summon, by making publication of this Citation in some newspaper published in your county, if there be a newspaper published therein, but if not, then in the nearest county where a newspaper is published, once each week for four consecutive weeks previous to the return day hereof.

Mrs. J. C. Newman, Gladys O. New-

man, Emma Gertrude Newman and Virginia Low Newman, who are non-residents of this State, to be and appear before the District Court of Hale County, Texas, at the next regular term thereof, to be holden at the Court House of said Hale County, Texas, in Plainview, Texas, on the 6th day of August, 1917, then and there to answer a petition filed in said Court on the 1st day of June, 1917, in a suit numbered on the docket of said Court No. 1542, wherein E. C. Hunter is plaintiff and Lois Pack, H. B. Pack, H. G. Pack, D. S. Pack, Mrs. J. C. Newman, Gladys O. Newman, Emma Gertrude Newman and Virginia Low Newman are defendants.

Plaintiff's cause of action being a suit in Trespass to Try Title to Lot Number Twelve in Block Number Twelve in the Town of Plainview, Hale County, Texas, to recover the title and possession of said lot, to establish and declare a certain deed made by

C. E. McClelland conveying said lot to J. H. Buntin, "Trustee for J. N. Donohoo, Homer Pack, J. C. Newman, J. M. Graham, J. L. Vaughn, G. S. Hardy and W. B. Sheffey, dated April 4th, 1908, recorded in Deed Records of Hale County, Texas, Volume 15, Page 612, to be a trust for the use and benefit of the Methodist Episcopal Church, South, at Plainview, Texas; and to remove the cloud cast by such deed on plaintiff's title to said lot and to quiet plaintiff's title to said lot.

HEREIN FAIL NOT, and have you before said Court on the first day of the next regular term thereof, this WRIT, showing your return endorsed thereon, showing how you have executed the same.

Given under my hand and seal of said Court, at office, in Plainview, this the 1st day of May, 1917.

JO W. WAYLAND, Clerk, District Court, Hale County, Texas.

A postal card to me will place one of these oilers in your lot free of charge for thirty days.

\$1150 F. o. b. Racine
Mitchell Junior—a 40 h. p. Six
120-inch Wheelbase

\$1460 F. o. b. Racine
7-Passenger—48 Horsepower
127-inch Wheelbase

Our New \$1150 Six

Thousands who wanted Mitchells wanted a smaller car. So this year we show Mitchell Junior.

Not too small. The wheelbase is 120 inches—the motor is 40-horsepower. That's way beyond the usual in a car for five.

You have never seen a fine car with such amazing value.

Unique Things

The Mitchell is famous for its hundreds of extra values.

**31 Unique Features—
24 Per Cent Added Luxury—
100 Per Cent Over-Strength.**

These were all paid for by factory savings, due to John W. Bate. He has spent millions to attain them. This whole plant has been built and equipped by him to build this one type economically.

The result is a great car, built at far lower cost than anyone else could build it. And that saving goes into these extras.

See the Result

See the 31 features which nearly all cars

omit. See this year's added luxury, paid for by savings in our new body plant. We spend 24 per cent more on beauty than last year.

But the greatest Mitchell extra is this double strength in every vital part. Our margins of safety—once 50 per cent—have been doubled in three years.

Over 440 parts are built of toughened steel. All safety parts are vastly oversize. All parts which get a major strain are built of Chrome-Vanadium.

The object is a lifetime car, and tests show that we have it. Cars still in good condition have been run over 200,000 miles.

Cost \$4,000,000

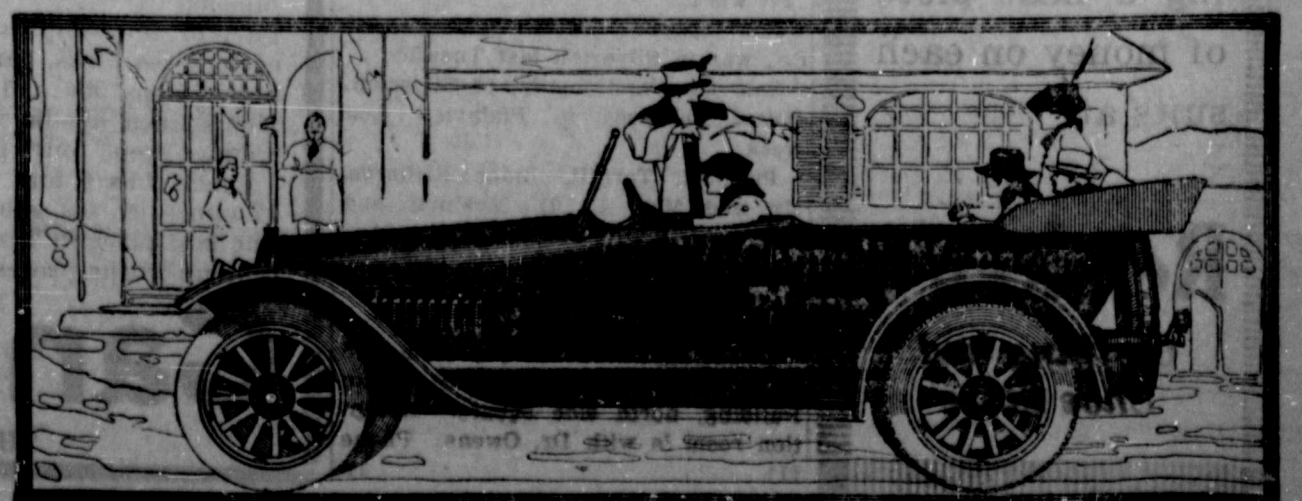

The Mitchells extras on this year's output will cost us \$4,000,000. They cost you nothing, because our factory methods save them.

Compare the Mitchell with cars without these extras. We will abide by your judgment on which car you want.

TRY IT! SUBSTITUTE FOR NASTY CALOMEL

Starts Your Liver Without Making You Sick and Can Not Salivate.

You're bilious, sluggish, constipated and everybody's druggist—has noticed a great falling off in the sale of calomel. They all give the same reason—Dodson's Liver Tone is taking its place.

WONDERFUL STUFF! LIFT OUT YOUR CORNS.

Apply a Few Drops, Then Lift Corns or Calluses Off With Fingers—No Pain.

"Calomel is dangerous and people know it, while Dodson's Liver Tone is perfectly safe and gives better results," said a prominent local druggist. Dodson's Liver Tone is personally guaranteed by every druggist who sells it. A large bottle costs 50 cents, and if it fails to give easy relief in every case of liver sluggishness and constipation, you have only to ask for your money back.

No humbug! Any corn, whether hard, soft or between the toes, will loosen right up and lift out, without a particle of pain or soreness. This drug is called freezone, and is a compound of ether discovered by a Cincinnati man. Ask at any drug store for a small bottle of freezone, which will cost but a trifle, but is sufficient to rid one's feet of every corn or callus. Put a few drops directly upon any

Cold Days Require Coal

Why is it that some folks always delay their coal buying and the installing of their stoves until the last minute when every member of the family has run the risk of serious cold or pneumonia and until all of the coal and stove dealers are so busy they cannot give the best service? Surely the wise man will not be caught in a blizzard with his coal supply not yet laid in.

We have the supply of coal, we have the prompt service, and the prices are lower now than they will be when winter gets here. Isn't it good health insurance, isn't it good business, isn't it the sensible thing to do to place your order now?

Just phone us at 162 and we will do the rest.

ALLEN & BONNER

WHAT IS LAX-FOS

LAX-FOS IS AN IMPROVED CASCARA A DIGESTIVE LAXATIVE CATHARTIC AND LIVER TONIC

LAX-FOS is not a Secret or Patent Medicine but is composed of the following old-fashioned roots and herbs:

- CASCARA BARK
BLUE FLAG ROOT
RHUBARB ROOT
BLACK ROOT
MAY APPLE ROOT
SENNA LEAVES
AND PEPSIN

In LAX-FOS the CASCARA is improved by the addition of these digestive ingredients making it better than ordinary CASCARA, and thus the combination acts not only as a stimulating laxative and cathartic but also as a digestive and liver tonic. Syrup laxatives are weak, but LAX-FOS combines strength with palatable, aromatic taste and does not gripe or disturb the stomach. One bottle will prove LAX-FOS is invaluable for Constipation, Indigestion or Torpid Liver. Price 50c.

"Everybody Must Have New Shoes"—Why Not Buy Them Where Qualities are Best and Prices Lowest—and Now's the Time

Lovely Georgette Crepe, Crepe de Chine and Net Dresses for the "June Bride"

Fluttering flounces, softly draped tunics, deep hems of Georgette crepe, pastel ribbons peeping in and out, dainty laces and silk piping finishing all the edges, heavy soutache braiding in effective contrast, cubist designs in colored appliques, beautiful crepe de chine and crepe Georgette gowns trimmed in contrasting colors in same material.

This is the story of the new frocks that all who see much admire.

Prices \$9.50 to \$40.00

Men's and Young Men's Low Shoes \$3.50 to \$5.00. (Last year's prices)

Here is a list of some of the new low shoes that we have ready for men and young men to wear right away. It is a collection that represents our very best judgment and experience. Our shoe business has been exceedingly large (beyond compare.) Our purchases have been very advantageous, so much so that always bear in mind that the styles are correct, that leather and workmanship are the best. These shoes are lower in price than similar grades elsewhere.

At \$4.00 to \$5.00 a pair—Black and tan calf skin in button and lace.

In this run you will find the stylish English last the young men like so well.

At \$3.50 a pair—Black calfskin in button and lace.

At \$2.50 a pair—Men's outing shoes of tan calf and elk soles.

Women's and Children's Stylish Shoes at Moderate Prices

For Women White canvass, five-eyelet, Christie ties \$4.50; white canvass pumps \$3.50; white linen canvass pumps with covered half Louis heels, long graceful vamps, \$4.50; black kid-skin and soap-kid pumps, Louis XV heels, plain dressy lines, \$4.00 and \$4.50.

Proper Shoes for the Children

Children's shoes, sizes 4 to 8, ankle-strap pumps of white canvass \$1.00, of patent leather and soft black kid-skin \$1.00 to \$1.50. Children's shoes, sizes 8 1-2 to 11, ankle strap pumps of patent leather at \$2.25 to \$2.75. Misses shoes, 11 1-2 to 2, ankle-strap pumps of patent colt, some spring heels, \$2.50 to \$3. Big misses shoes, 2 1-2 to 7, ankle-strap, patent colt, wide, comfortable toes and spring heels or medium toes with medium low heel, \$2.75 to \$3.25.

NEW PLAY SHOES—Children's new barefoot sandals of white, black and tan calf, sizes up to 2, prices 85c, \$1.00, \$1.25 to \$2.00. Boy's shoes, gun metal, calf, blucher and button shoes, \$2.50 to \$3.50. Boy's scout shoes, tan calf with elk soles, 12 to 6, at \$2 to \$3.00. Infant's soft soles in black and white and fancy trimmings, 50c to \$1.00.

Snow White Would Choose Such Values As These

So white and frilly and fluffy are they. There are lawns, organdies and volles with rows and rows of lace inserting, and edging, touches of satin ribbon or wee silken rosebuds.

In sizes 2 to 14, at 75c to \$6.50
In sizes 4 to 14, juniors \$3.50 to \$6.50

COLORED FROCKS FOR LITTLE GIRLS

Sizes 4 to 14, \$3.50 to \$6. Flowered voile dresses, some have white collars and cuffs edged with brial stitching to match the color in the frock.

An Event in New Summer Weight Suits for Men—\$8.50, \$12.50, \$15

For young men these are suits showing the military effect: The yoke and sleeves have light weight linings (for warm summer days.)

More conservative suits for men who prefer them are half lined.

All are of chevots in weights that can be worn with comfort throughout the summer. The colorings embrace a great number of grays and browns and blues—not a bad pattern in the lot. All the coats are single breasted.

HALE COUNTY HAS 1,119 ELIGIBLE FOR SERVICE.

(Continued from Page One.)

Idaho, "Registration will be one hundred per cent."

Today's registration included only continental United States. Alaska and Hawaii will record their fighting men on dates to be determined later by the War Department.

The only incident approaching a revolt occurred in Colorado, when the Ute Indians, on their reservation, refused to register under the selective-draft act, and spent most of the day dancing war and bear dances, in their native costumes.

A feature of the registration was the refusal of hundreds of thousands of men to make any reply to the question "Do you claim exemption?" Men with obvious physical disabilities and those whose occupations are certain to keep them at home, declined to make such a claim. Apparently they have entered fully into the very spirit of the law. They are content to leave the question to the boards.

TEXAS UNIVERSITY MAN TO TRENCHES IN FRANCE.

Probably the first representative of the University of Texas to reach France will be Neill Hall, a student in the Department of Education. He has enlisted in a contingent of road-construction engineers to be sent to France in the next week or so. He will be one of the group of ten thousand Americans who will devote themselves to engineering and maintaining the railroads of France.

FOR SALE—Lots 9 and 10, Block 49, in Highland Addition to Plainview. Near the new High School. Make me an offer. Also 640 acres of land, well improved and well located in Swisher County. Will take good Plainview property to amount of \$3,000 and some cash, balance easy terms with six per cent interest. **DOWNS & HILTON**, Lockney, Texas.

J. B. DOWNS LAND & CATTLE CO.

We render and pay taxes on non-resident lands.
Phone 86, Lockney, Texas.
Office: First National Bank Building.

FOUR APPLY FOR TEACHERS' CERTIFICATES BY EXAMINATION.

The semi-annual teachers' examination was held at the Court House last Friday and Saturday, under the direction of Miss Rebecca Longmire, of Plainview, and Prof. Chas. Smith, of Halfway.

Those applying for teachers' licenses were Miss Helen Barnett, of Plainview; Miss Glenn Brashers, of Lockney; Miss Beulah Herbert, of Hart, and Miss Lorna Hutchinson, of Plainview. The number of applicants was smaller than it has been in a number of years. It is attributed to the fact that most of those expecting to teach prefer to go to Canyon or some other State normal, where with a few summers of work they can secure a permanent license; whereas the county certificate is valid only for a period of four years.

HUTCHINGS WILL ENTER CHAUTAUQUA WORK SOON.

Geo. Hutchings has recently signed up as a member of the Texas Glee Club, and expects to leave about the 15th on a tour through Minnesota, Nebraska, Missouri, Kansas, and Iowa. Mr. Hutchings will travel under the auspices of the Midland Chautauqua Co. Mr. Hutchings made a similar tour through the North and East in the summer of 1915, and so well was he received by the music lovers in those sections that there has been a great demand for his talent every season since then. Mr. Hutchings will take the advantage of his tour to do publicity work for the Immigration Information Bureau of Plainview, of which firm he is a member.

INVENTOR'S MODEL OF AN UNSINKABLE WARSHIP.

A young inventor of Lancaster, Pa., has constructed a model of what he believes to be an unsinkable warship, able to defy submarines and turn torpedoes from the strict path of duty. His working model, a picture of which appears in the June Popular Mechanics Magazine, shows a sort of semi-submerged fort, the great bulk of the ship's hull being under water at all times. The design of the hull shows extraordinary depth, and the inventor's theory is that this construction, with numerous air chambers, would keep the ship afloat even if struck by one or more torpedoes at or near the water line. A belt of air chambers, resembling a huge tiange, surrounds the

hull near the normal water line, and is designed to assist in maintaining buoyancy after the lower hull has been pierced and partly water-filled by torpedo attack or shell fire.

PERSONAL

Mr. and Mrs. C. Ellis Carter have returned from their bridal auto trip to New Mexico.

Miss Mabel Dagley has gone to Abilene on a visit.

Miss Vera Wise, of Lockney, arrived yesterday to enroll in the Wayland College Summer School.

Misses Sabre Thaggard and Nellie May Lewis, of Lockney, were in Plainview Monday.

Mr. and Mrs. J. P. Webb, of Lubbock have been visiting their son, Prof. J. P. Webb, of this city.

T. D. Lipscomb, who has been connected with the Maxwell Auto Company in Plainview, has gone to Lubbock, where he will be in charge of the Maxwell Auto Company there.

H. E. Cox was in Hale Center Monday on business.

James Crie, editor of the Lynn County News, and his wife are visiting Mrs. Crie's parents, Mr. and Mrs. J. W. Boswell.

Mr. and Mrs. E. A. Rogers and M. F. Rook are visiting points in the southern part of the State.

H. L. King was here over Sunday from his ranch in Bailey County.

Prof. J. W. Campbell has returned from a business trip to New Mexico.

Dr. J. V. Dawson has returned from a business visit at Kansas City and Joplin, Mo.

Eugene Thompson, of the Southwestern Paper Co., Dallas, called on the local trade yesterday.

Miss Florence Patton left last Saturday for her home, in Lorenzo. She will pursue her studies in Simmons College this summer.

Lorenz Engelmann, a student in Wayland College, left for his home, in Florida, last week. He writes back that his mother died the day before his arrival.

Geo. E. West, of Dallas, is here today demonstrating his latest invention, which is a concern by which the air pipes on locomotives may be operated without endangering the lives of the train crew.

Miss Lois Pack left this morning for Amarillo.

Miss Ruby Kitchens left this morning for Canadian, Oklahoma, where

she will be engaged in the telephone business.

C. V. Bryson arrived Sunday from his ranch at Comanche. He reports that crops in that section of the country are excellent.

K. J. Goode and son Jones left for his ranch Monday.

O. P. Braselton, of Weatherford, is visiting his sister, Mrs. C. L. Glenn.

J. M. and Preston Conner, of Lockney, were in Plainview today.

Miss Gertrude Conner, of Lockney, passed through Plainview this morning en route to the Canyon Normal.

The Benevolent League of Plainview will meet at three o'clock Friday afternoon, in the home of Mrs. C. W. Tandy.

Misses Ruth Pitts and Velma and

Esther Rogers, of Floydada, passed through Plainview this morning en route to the Canyon Normal.

J. L. Brock, of Denver, Colorado, was here today in the interest of his real estate business. Yesterday Mr. Brock sold, through his agents, Price & Boswell, eighty acres of land to W. C. Carver. The land lies two miles west of Wayland College. Mr. Carver is planning to construct an ideal country home on his new place, where he will engage in farming to some extent.

Miss Pauline Gates returned home this morning, after spending the year as a senior in the literary department of Baylor University.

Perry Vaughn left this morning for Monroe.

Several ladies of the Eastern Star

Lodge of Plainview went to Lockney Monday night to attend the local school of instruction.

Miss Goldie Rigler left this morning for the Canyon Normal.

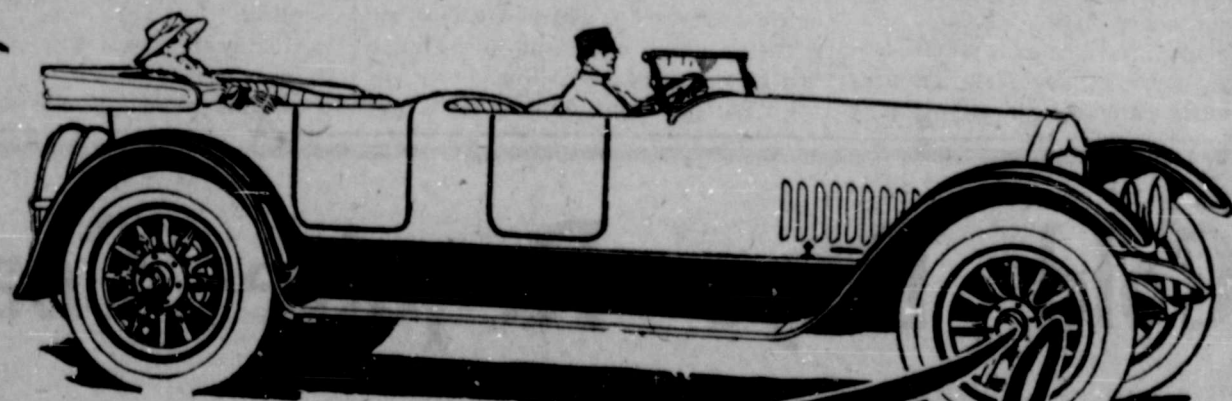

W. J. Wade, of Coleman County, was in Plainview yesterday.

C. P. Hutchings, of Amarillo, is visiting his brother, Geo. Hutchings.

Rev. P. D. Hardesty, of Abilene, is assisting R. E. L. Farmer in a series of meetings at Kress this week. Mr. Hardesty will be a member of the Wayland College faculty next year.

Mrs. Geo. Boswell has been critically ill for the past few days, but is improving some.

Can everything you can; what you can't can, dry or preserve.

National HIGHWAY SIX—\$1750

WHEN National built the best six cylinder chassis, they next enhanced it with the best looking body. This model is here. Come and verify our claims.

This new type body is not only finer in appearance but offers many new comforts and accommodations. Only a close scrutiny is adequate to convey the exactness and elegance of the arrangements and finish of this luxurious craft. Come and verify our claims.

For quiet, smooth running power, this National Six is not excelled. From the time that National built America's first stock Sixes down to this new model, National has been perfecting the six type of car. Their success is reflected in the way this car out-performs others. Come and verify our claims.
