PLAINVIEW, TEXAS, FRIDAY, JUNE 15, 1917

CELEBRITY OF FOURTH DISCUSSED BY LEAGUE

Y. M. B. L. APPOINTS COMMITTEE TO OBTAIN CONSENSUS OF SENTIMENT HERE.

CITIZENS MUST RESPOND

P. W. Madsen Says Sugar Beets Progress Favorably Under Unfavorable Weather Conditions.

The germ of the Fourth of July spirit was inoculated into the meeting of the Young Men's Business League last night. The organization heartily endorsed the suggestion and appointed a committee to convey the idea to the citizens for consideration and to obtain a general consensus of the sentiment and inclination of the people in respect to the commemoration of the anniversary of the Declaration of Independence.

The members of the Y. M. B. L. are of the opinion that owing to the flow of patriotism over the land that it practically necessitates a Fourth of July celebration. Notwithstanding the desire of the league members to hold the celebration on the Fourth, they do not feel safe in venturing upon the undertaking until it is made certain that Plainview desires to observe the national holiday in such a patriotic manner.

The idea held last night was that to celebrate the Fourth would be a patriotic expression of the real Americanism of this community. The significance of the day seems to have been obscured in the minds of the people this year owing to so many patriotic affairs that have been launched in the last two months of the nation's crisis. The general sentiment appeared to be that there is adequate time to make arrangements for the celebration if the response of the citizens is thorough and spontaneous. The league did not make any permanent plans at the meeting, but urged the publicity of the event.

The success of the suggestion depends upon the people of Plainview. If the idea is heartily supported a celebration here on the Fourth is certain, but if backwardness is evident it will practically thwart the suggestion.

The committee appointed to canvass the city and to feel out the sentiment of the citizens on the idea of a celebration is as follows: R. E. Cochran, W. A. Nash, F. A. Baylies, W. J. Mitchell, J. B. Farmer.

"Thus far the beets that have gotten through the ground are thriving exceptionally good under the unfavorable weather conditions," said T. W. Madsen, when called upon to speak about the progress of the beet industry in the Plainview country.

"There is not much," he continued, "that I can say at the present about what the general results are going to be, but everything appears to be favorable at this time. I will be able to give a better and a more accurate account sometime later after the development has reached a greater stage."

The members were urged by Z. E. Black, secretary of the Y. M. B. L., to give the Red Cross movement in this city next week as much publicity as possible. The league consented to the acceptance of the applications for membership of Vincent Robinson and W. M. Turner, the new manager of the Texas Oil Company.

E. H. Perry is Made County Chairman in Council of Defense

E. H. Perry was informed a few days ago that he has been commissioned as chairman of Hale County for the State Council of Defense. This organization endeavors to encourage extensive farming and to bring about an effective and efficient organization of the farming elements in the State. It also co-operates with the National Government in the regulation and conservation of food during the national crisis. Farmers will be aided by the State Council of Defense in obtaining farm hands during the harvesting season and will be advised in regard to the best methods to employ in order to help the nation in the solution of the food question.

15 Shots Are Fired In Second Part of Smith-Stigall Feud

The second act of the Stigall-Smith feud near Flomont took place near Matador Tuesday afternoon, when Floyd Smith and his brother, C. Smith, are reported to have fired fifteen shots at Lee Stigall, who was driving homeward in a buggy. Mr. Stigall jumped from the buggy at the time the firing started and concealed himself in the brush near the roadside.

The Smith brothers entertaining the opinion that they had killed Stigall drove to the sheriff's office at Matador and surrendered, thinking that they had killed Stigall. It later developed upon the appearance of Stigall at Matador that he had been untouched by the fifteen shots fired. The Smith brothers were released on bond.

Last April 24 was the first act of the feud between Stigall and the Smiths. Upon that occasion Stigall, returning home from church with Mrs. Stigall, fired upon Floyd Smith and dangerously wounded him.

COMMISSIONERS IN SESSION.

The County Commissioners are in session this week, acting as a board of equalization in tax matters. It probably will be the middle of next week before the work is completed.

\$33,300 FOR LIBERTY LOAN IS SUBSCRIBED IN PLAINVIEW

Boy Scouts Are Active in Last Four Days of Campaign—They Sell Eighty-seven Bonds.

Thirty-three thousand and three hundred dollars were subscribed for Liberty Loan bonds in the thirty-day Liberty Loan campaign in Plainview, which closed today at noon. The results of the successful patriotic financial campaign were telegraphed into the Dallas headquarters this afternoon, where a complete checking of the state's contribution to the Liberty Loan bonds will be made, and will then be dispatched to the National Government.

The Liberty Loan campaign after getting off on a poor start in Plainview, was enthusiastically and patriotically taken up by the business organizations of the city and advertised and pushed until a splendid rush resulted at the eleventh hour, making the campaign here a success. The First National Bank led in the campaign with \$17,500.

The Boy Scouts of this city were active during the last four days in the Liberty Loan campaign. The members of the organization sold eighty-seven bonds for the total of \$5,700.

Orders had been issued from scout headquarters and the Treasury Department ten days ago making it incumbent upon the local scout officials to participate in the campaign. Each scout was offered a war service emblem if he sold as many as ten bonds of any denomination. Eight boys of Troop No. 1 will be awarded these emblems as the result of their services in the campaign.

On Monday the scouts sold sixteen bonds for \$1,000, on Tuesday eighteen bonds for \$1,400, on Wednesday twenty-two bonds for \$1,500, and yesterday closed the campaign with thirty-one bonds for \$1,800.

ESCAPED PRISONERS CONTINUE TO ENJOY LIBERTY.

No trace of the two prisoners, Herbert D. Bragg, alias Ray Jones, and C. E. Gibson, who escaped from the county jail last Friday night, has been evidenced. Sheriff J. C. Terry has informed the officers of the surrounding counties in Texas and New Mexico to be on the lookout for the liberty-enjoying prisoners. The sheriff offers a reward of \$15 for the capture of the former jail inhabitants.

HONOR DIPLOMAS WILL BE GIVEN OUT NEXT WEEK.

It was announced yesterday that the honor certificates and diplomas given by the school board are ready for distribution. They will be given out from 9 o'clock to 11 o'clock every morning next week at the High School Building.

RED CROSS WEEK CAMPAIGN HERE WILL BE LAUNCHED NEXT MONDAY

WOMEN OF PLAINVIEW PLAN HOSPITAL AND FIRST AID DEMONSTRATION AT COURTHOUSE SQUARE—PICTURE SHOWS ARRANGE SPECIAL PROGRAMS.

Washington, D. C.
Mayor W. E. Risser,
Plainview, Texas.

President Wilson has appointed a war council for American Red Cross to raise \$100,000,000 for Red Cross work, and has designated June 18 to 25, as Red Cross week. An active campaign will be waged in all parts of the country. You are earnestly requested to appoint a committee of representative citizens to launch campaign in your city and vicinity. I am sure you will want a part in this patriotic service.

C. W. Dietrick,
Secretary of War Fund Council.

That Plainview will do its bit in the \$100,000,000 National Red Cross campaign, June 18 to 25, was determined upon by the representatives of the different organizations of the city Wednesday afternoon in the library at the City Hall. It will be Plainview's patriotic response to the nation's call to aid in the financing of the Red Cross organization for service in the World War.

The staging of an original and unique Red Cross exhibition and demonstration at the Courthouse Square next Thursday evening is the plan decided upon to get the citizens to aid in this movement. The exhibition will be a thorough demonstration of Red Cross and hospital service. The nurses, the Girls' National Honor Guard and the Boy Scouts will give demonstrations in hospital and first-aid work as practiced on the battlefield.

The Courthouse Square will be arranged and decorated to represent a natural army camp. There will be camp fires, trenches, cannon, hospitals, tents and various innovations that will add to the naturalness of the battlefield.

During the evening a special orchestra will furnish music, and the quartet that rendered its services on registration day will sing songs that are reminders of army life. Another feature of the evening will be the serving of a soldier's meal, which will consist of food that appears on the soldier's menu during active service. Everything of the evening will border on the militaristic side of life. An admission of .10 and .15 cents will be charged.

WILL SEE DAIRY CENTER

Farmers of Plainview Country Leave June 27 to Study Wisconsin Methods.

A trip to the Wisconsin dairy farms from Plainview for an expense less than \$100 is the unique plan arranged by the Santa Fe Railroad. A special excursion will leave Wednesday, June 27, from Amarillo, and will be personally conducted by L. L. Johnson, agricultural and industrial agent of the Santa Fe system.

The trip has been arranged to give every farmer in the Panhandle and the Plains of Texas the opportunity to visit and to study the methods of the dairy centers of United States. The Texas farmer will be placed in a position to see the methods employed by the Wisconsin farmer who earns a profitable income from farms less than thirty acres in area.

John Lucas, Santa Fe agent here, has announced that the railroad fare from Plainview will be \$49 without Pullman, which will cost \$6.50 each way. Persons interested in the trip may obtain information from Mr. Lucas.

ALFALFA CUTTING IN OPERATION ON PIONEER FARM.

The cutting of the alfalfa crop on the Pioneer Farm, three miles southeast of Plainview, is now in operation. W. L. Brush, foreman of the farm, is carrying on the work over the extensive tract of land, which consists of 266 irrigated acres, with new farming implements introduced to hasten the preparation of the alfalfa for the market.

Four cuttings a year are made on the Pioneer Farm. This cutting will be shipped as soon as it is prepared to Lubbock and Sweetwater, where a steady demand exists for alfalfa. The price has lowered somewhat since last week, when the market price reached the \$24 mark.

Justice Keck Turns 3 Petersburg Boys Over to Grand Jury

Austin Phillips, 15 years old, Lon McDaniels, 20 years old, and Roy Hankins, 15 years old, all of Petersburg, were brought before Justice Earl C. Keck yesterday afternoon of the charge of burglary at Petersburg last May. The three of them were bound over to the grand jury and were released upon furnishing bond.

Ray Roberson, 16 years old, who also is wanted on the charge of being implicated in the burglary is not to be found. He left Petersburg recently and no trace has been found of him. Word has been sent to the sheriffs of the surrounding counties.

Elks' Lodge Shows Patriotic Reverence for American Flag

Yesterday was a gala day of patriotism at the Elks' Club, where the regular ritualistic flag services were held at 2 o'clock in the afternoon. The affair had a special significance this year, owing to the fact that the watchword of the nation at this hour is patriotism and reverence for the American flag. The exercises consisted of a reading of the history of Old Glory, the praising of it and the Elks' tribute to it, which was delivered this year by Z. E. Black.

PRESIDENT SAYS GERMANS PLAN "INTRIGUE OF PEACE"

Wilson Warns American People in Flag Day Address on Washington Monument Grounds.

WASHINGTON, June 14.—President Wilson warned the American people in a Flag Day address on the Washington Monument grounds that Germany has carried into effect the greater part of her immediate plan on conquest and now is negotiating a new "intrigue of peace" designed to end the war while her aggressions are secure.

All the neutral empires, the president said, have been cemented into one great autocracy-ridden empire, "throwing a broad belt of German military power and political control across the very center of Europe, and beyond the Mediterranean into the heart of Asia." This achieved, he said, it is easy to understand why Germany is fostering a propaganda for an early peace.

"Peace, peace, peace, has been the talk of her foreign officers for now a year and more," said the president. "A little of the talk has been public, but most of it has been private. Through all sorts of channels it has come to me and in all sorts of guises. The military masters under whom Germany is bleeding see very clearly to what point fate has brought them. If they secure peace now with the immense advantages still in their hands, which they have up to this point apparently gained, they will have justified themselves before the German people: they will have gained by force what they promised to gain by it."

Army Camp Site List is Now Completed.

WASHINGTON, June 14.—Four sites for war army cantonments were approved today, completing the list of 16 points at which military towns are to be built by September 1, when the first draft of troops will be called to the colors.

At each cantonment a full division will be given its preliminary training before being sent to Europe for final instruction behind the fighting lines. They will be located as follows:

Ayer, Mass.; Yaphank, Long Island, N. Y.; Wrightstown, N. J.; Annapolis Junction, Md.; Petersburg, Va.; Chillicothe, Ohio; Louisville, Ky.; Battle Creek, Mich.; Little Rock, Ark.; Rockford, Ill.; Des Moines, Ia.; Fort Riley, Kansas; Fort Sam Houston, Texas; American Lake, Wash.

In addition to these the following six of sixteen camp sites for divisions of the national guard have been formally announced:

Fort Worth, Texas; Waco, Texas; Houston, Texas; Fort Sill, Okla.; Deming, N. M.; Linda Vista, Cal. It is probable that a seventh national guard camp will be established in conjunction with the national army cantonment at American Lake, Wash.

LOCATING BOARD TO BE IN PLAINVIEW TUESDAY

LOCAL COMMITTEE URGES ALL CHILDREN TO ASSEMBLE AT COURTHOUSE SQUARE.

SIGNAL WILL BE WHISTLE

Copies of Original Hale County Brief to Be Sold to Citizens to Cover Expense.

The West Texas A. and M. Locating Board will be in Plainview next Tuesday afternoon, was the announcement made by E. A. Perry, chairman of the local committee of the West Texas A. and M. College, after a meeting of the committee this morning.

The committee has decided that if Plainview is to be selected for the location of the new agricultural college, it will depend upon the enthusiastic response of welcome extended by every man, woman and child in Hale County next Tuesday afternoon upon the arrival of the Locating Board here.

Every effort will be made to have the school children assemble at the Court House Square to demonstrate their desire to have the college located in this district. The committee urges every person who is in a position to be present to assemble here Tuesday and show an enthusiastic welcome.

Mr. Perry this morning said, "The committee will endeavor to get in touch with every school child in Hale County with the expressed purpose of having them realized the significance of their appearance here when the members of the Locating Board reach this city. Not only are the children urged to be present, but the men and women of Plainview and every section of this county should be on hand to make the welcome a success."

The local A. and M. committee will go to Floydada to meet the members of the Locating Board. The visitors will then be taken over the Plainview country and will be shown just what valuable resources that Hale County has to offer for the location of the West Texas A. and M. College.

When the local committee reaches Lockney word will be sent to Plainview stating just what hour the Locating Board will be in this city. When word reaches Plainview the voices of the whistles will be touched off as a signal to the persons in Plainview to assemble at the Court House Square, to be ready to extend an enthusiastic welcome to the visitors.

The committee decided this morning that the local committee will need more money to cover the incidental expenses of the campaign. It has been arranged to sell copies of the original Hale County brief instead of holding another popular subscription. The copies and will be sold for \$1.00. The members of the committee urge that every person residing in Hale County buy one of these briefs, not only to help out the financial difficulty of the local committee, but also as a valuable piece of printed matter about Hale County.

'49-ers Are Brought Into Police Court on Charge of Vagrancy

Boyd Greenup, manager and part owner of the '49-ers, was fined \$200 and costs in City Court this afternoon on the charge of vagrancy. All the members of the company have similar charges filed against them. The prosecution of the manager took most of the day and a decision was not rendered until late this afternoon. The court will take up the other cases tomorrow.

CITY COUNCIL GIVES CONSENT TO PETITION—MEETS TONIGHT.

The City Council met last night in special session and gave consent to the petition of P. J. Woodriddle to close Hickory street between Sixth and Seventh streets and also to allow the construction of two tracks over this territory, he Council will meet again tonight.

BIRTHS.

Born, to Mr. and Mrs. Putnam, near Plainview, a girl.

Community Correspondence

LIBERTY.

Quite a number attended Sunday School here last Sunday.

Children's Day will take place here Sunday evening at eight o'clock. We extend to every one a hearty invitation.

C. B. Anderson and family are rejoicing over the arrival of a ten-pound boy Thursday morning.

Mr. and Mrs. C. P. Seipp spent Sunday with Mrs. Mary Ott and sons, of Runningwater.

Misses Dorothy and Hazel Wheeler spent Saturday night with Estell Cates.

Miss Dora Seipp spent Saturday night and Sunday with Eileen Groff.

J. G. Seipp and wife dined Sunday with Nick Klein and family.

Messrs. Johnson and Clell Bagett and Miss Eileen Groff took supper Sunday evening with Lawrence Seipp and sisters.

A number of our men were in Plainview Tuesday.

J. J. Groff and family, Mr. and Mrs. C. P. Seipp and Mr. H. G. Tumberg and family took supper Saturday evening with A. E. Tumberg and family.

Arthur Tumberg and family dined with C. B. Anderson and family Sunday.

The Liberty Social Club met Thursday evening with Mrs. E. E. Freeman. A number of the members were present and the following visitors: Mrs. Morris, Mrs. A. E. Holmgren and Miss Estell Cates. The hostess served ice cream and cake. The next meeting will be with Mrs. John Garstang, June 21.

MRS. C. P. SEIPP,
Secretary and Press Reporter.

LONE STAR.

Your correspondent has been away on a vacation, hence no items lately.

The dry weather continues here, and crops will be cut short on account of dry weather. It will be only a few more days until our farmers will be busily engaged in the harvest field, and the crops are good, considering the dry weather.

Since our last news was sent in, the following persons have been married: Ilme Hulson to Miss Minnie Fite; Olin Ragin to Miss Carine Culpeper; Robinson Pool to a young woman who kept her name secret from the correspondent.

Our singing school closed Saturday, and all are pleased with the work of Mr. and Mrs. Esters.

Our class won the banner at the district convention held at Sunset, June 3. The county convention will be held at Roseland the first Sunday in July.

E. C. Dodson and family, E. G. Foster and family, Mr. Hooten and family and Bob Reeve, all of this community, attended the Baptist meeting at Lockney last Sunday. They were entertained at dinner by Mr. and Mrs. C. A. Wafford.

C. A. Wafford leaves this week to visit relatives in New Mexico.

Misses Wirnie and Alma Babbitt, of Hillsboro, are spending their vacation with their brother, Bert Babbitt.

Mrs. E. C. Dodson and children, Virgil, Marie and Beaula Mae, came in Monday from Henrietta, Texas, where they have been visiting relatives. They made the trip in their new Buick Six. They report good crops in that district, especially at Vernon.

MARIE DODSON.

ENTRY OF COUNTRY IN WAR STIMULATES BUSINESS CONDITIONS.

President John W. Patten of the United States Mortgage & Trust Company, New York, has issued an important review of conditions prevailing in the United States. It bears a cheerful message, especially in the Economic Survey of the South and West. A copy has been received by Edwin Chamberlain, the representative in San Antonio of the United States Mortgage & Trust Company.

Under the heading "Economic Survey of the South and West," it is stated:

"Realizing that conditions throughout the country, particularly in so far moves on 'in the even tenor of its way' factors which have had a considerable influence were the drought in certain areas in the Southwest, a late freeze affecting citrus fruits from Florida to California, the northward spread of the boll weevil in the Southwest, and the migration of negroes northward. The boll weevil menace, together with the shortage of negro labor in the South, has brought about a pronounced increase in the area devoted to foodstuffs, these requiring less hand labor. The movement for economic preparedness has, of course, also been a factor in this result.

"A significant development likely to have a strong bearing on the food situation, is a widespread home-garden campaign. Another important tenden-

cy is the trend in the direction of greater simplicity and economy looking toward the conservation of all food resources. Labor shortage is almost universal, and all signs point to more serious conditions in this respect.

"Mortgage Conditions: Almost without exception the reports indicate a superabundance of funds for mortgage purposes with a relatively small demand, especially in the Pacific Northwest and in the Southeastern territory. Mortgage rates the country over are tending steadily downward, with real estate, and new building ranging from fairly active to normal or dull. Wages and building prices tend steadily upward, the situation in the Middle West having practically reached a point where new operations are being checked. In a few quarters wages, at least, seem to have reached a stationary stage. Delays in delivery of materials through car shortage and other causes are complained of, particularly in the Pacific Northwest.

"Influence of Federal Farm-Loan System on Mortgage Conditions: This system is only beginning to get under way, but the replies indicate that sentimentally, at least, it has not been without effect, as rates are admittedly lower, the term of loans has been lengthened, and there are certain specific evidences of its influence in States where the bonds of the land banks have been made legal investments, State homestead laws modified, etc. It is quite evident that the largest activity in this respect will at first be in high-rate sections, which are naturally those least developed and where drought is more frequent or rains apt to be excessive.

"Financial Conditions and the Retail Trade: Taking the country as a whole, financial conditions may safely be stated to be above the average, with loanable funds more abundant than for many years, and with but a moderate demand. Retail trade may also be said to be more uniformly good than for some years past. Special mention might be made of the Middle West, profiting as it has done by the high prices received for foodstuffs and by reason of its favored location, suffering perhaps less than any other section from the effects of the war. In States such as Oklahoma and Louisiana important discoveries of oil and gas have tended to bring about unusual activity. Greater conservation is evident, noticeably in the Southwest, and particularly in locations where present crop conditions are not especially favorable.

"J. W. PLATTEN, President."

GIANT EXPLOSIVE WOULD END WAR IN 48 HOURS.

Destroy All German Bases in Day, if it Will Only Work.

NEW YORK, June 4.—A secret equal to the famous "Dundonald's terror" has been offered to the United States Government, if the claims of Dr. Dayve B. De Wattoff, vice presi-

dent of the American Medio-Pharmaceutical league are borne out by official investigation.

"The war could be ended in forty-eight hours," if Wattoff's explosive will do all he says it will, in the opinion of military and naval experts—but there's a great big "if."

"Terrorall," discovered by De Wattoff and son, was announced to the league at its annual convention here. Five grains of "terrorall," costing less than one cent, would blow up the Woolworth Building, De Wattoff says. A few cents' worth would wreck the Palisades of the Hudson.

Accidental Discovery.
It was discovered during experimental search for a cheap gasoline substitute.

It can be put up in capsule form; an aviator could carry an unlimited supply.

The unsolved problem is how to make it safe to handle.

Aviators dropping "terrorall" could wreck the Kell naval base and all munition bases behind the German army lines with a few charges, says De Wattoff.

They could destroy Berlin in a few minutes.

The chemist's reputed discovery has the properties of "Dundonald's terror," the secret of which, locked in the tower of London, is guarded by the British Government.

"If used, it is said, "Dundonald's terror" could destroy all a nation's enemies; but its secret would then be open to the world, and might result in destruction of the human race.

Britain Refused Duplicate.
Britain refused to use Dundonald's invention in 1810 and 1814 against France. During the Crimean War the admiralty once voted to use it against Russia, but Dundonald insisted that he be the operator, saying he would be killed himself in annihilating all the Russians.

Disagreement resulted in revocation of the admiralty's decision to use the secret.

Military men say De Wattoff's invention, if vindicated, will equal Dundonald's in power.

Psychologists declare De Wattoff

GROW KAFFIR AND MILO.

The acreage of grain sorghums, including kaffir, milo, and feterita, should be greatly increased this year, the U. S. Department of Agriculture advises. There is need for abundant production of all crops used for stock feed or human food, or both. In the central corn belt corn will be used largely to replace winter-killed wheat. In the western half or two-thirds of Kansas, of Oklahoma, and of Texas, where winter-killing of wheat was most serious, the grain sorghums are safer than corn. They are now staple crops in this southern part of the Great Plains area, the grain-sorghum belt. In this section their acreage should be expanded to the limits of available land. This is not time to experiment. Grow the crop that is surest. Grain sorghums can be grown with less moisture than corn and will withstand longer and severer droughts. These sorghums can be sown throughout May and milo and dwarf milo are fairly safe when sown as late as June 15 or 20, except on the high plains in the western part of these States. Sorghums do not germinate well in cold, wet soils, and should not be sown until ten days or more after corn-planting time. Ground should be free from weeds before sowing the sorghums, as early growth is slow and they may be smothered by vigorous weeds.

It takes only a little seed for an acre. Three to four pounds of good seed are enough. Much of the seed grown in 1916 is of only fair quality, and has a rather low germination. More of such seed should be sown per acre than of good seed. The higher the elevation and the lower the rainfall, the thinner the seeding should be. Use a corn planter fitted with special sorghum plates.

Milo and feterita are earlier than kaffir, and can be sown later, and also farther north than kaffir. The plants usually are smaller than kaffir plants and can make a crop on less moisture. All three may be grown on newly broken sod. Use mostly kaffir in the lower and more humid districts, say below 2,000 feet elevation. Use kaffir, milo, and feterita between 2,000 and 4,000 feet elevation. On the higher and drier plains use milo, especially dwarf milo. In other words, it is best not to grow kaffir in the western third of Kansas and in the Panhandles of Oklahoma and Texas, except for silage or forage.

Kaffir, milo, and feterita may be used as feeding grains, as fodder, or as silage. The grain is liked by all kinds of stock and poultry. Its feeding value is about nine-tenths that of corn. Recently, new uses have been developed for the grain in the making of alcohol and yeast. Kaffir has a high fodder value even when the grain is allowed to mature. The stocks and leaves of milo and feterita ripen with or before the grain, and have but little fodder value when the grain is fully ripe. All grain sorghums make good silage. Since grain sorghums and beef cattle are grown in the same districts, the grain should be fed much more extensively where it is grown, thus saving handling and freight charges.

The grain of the white-seeded varieties is excellent for human food. It makes a meal similar to corn meal and can be used in every way like corn meal, either by itself or mixed with wheat flour. The grain can be popped like popcorn.

As the grain sorghums can be used both for stock feed and as human food, here should be no difficulty in using all that is grown and safely harvested this year. In the districts mentioned, every available acre of upland that can be effectively handled should be own in grain sorghums. On bottom lands here and on uplands farther east in the States named a small acreage of kaffir is a good insurance against the effects of drought.

MEN WANTED FOR SERVICE IN RUSSIA.

The Bureau of Foreign and Domestic Commerce has been requested by a firm in this country to assist in obtaining five young men for service in Russia. These men must be between 22 and 23 years of age, neither engaged nor married, having a knowledge of some language besides English as an indication of their ability to acquire foreign languages, and they must furnish references from men who have known them for several years, preferably in their home towns. It is planned for these men to start for Russia as soon as possible via the Pacific and Vladivostok. They will spend two summers and one winter traveling in Russia and studying the methods of operation in Russian establishments. They will be paid an annual salary of approximately \$1,500, plus traveling and living expenses.

The special qualifications for the five men are as follows:

1. Man who has been employed in oil-well operations or oil manufacture.
2. Man who has been employed in making roads, and who has a good general knowledge of the operation of

making macadamized roads, oiling dirt roads, grading, draining, etc.

3. Man who has spent time since leaving college in mining or metallurgy.

4. Man who was brought up on a farm and who has studied agriculture and knows, if possible, something of dairy farming, as well as agriculture generally.

5. Man who has been employed in a steel plant or large foundry and who has some idea of machine tools.

Applicants for these positions should

communicate direct with the bureau at

A Special Exhibition of the New Mechanical Bookkeeper at THE THIRD NATIONAL BANK

A cordial invitation is extended to you to come into this bank and inspect the wonderful Burroughs Bookkeeping Machine which we have just installed. This "bookkeeper with brains of steel" that cannot make a mistake is on exhibition in our banking room.

We want you to see just how this machine operates—how it adds, subtracts and figures balances without an error. Our bookkeepers will show you exactly how our books are posted by machinery. The demonstration will be both interesting and instructive. Samples of the work will be distributed to everyone present.

This machine has been installed for the purpose of giving added protection to our depositors. We urge you to call and become acquainted with this improved method of handling your account.

\$3.00 a Year; \$1.00 6 Months. Advertising Rates on Application.

ENGLAND CHERISHES OUR IDEALS.

In an effort to impress the struggling nation of Russia with the purpose of the world struggle between the Allies and the Teutonic Empire, the English government has indorsed the principles of President Wilson's message, which Great Britain characterizes as a document containing truths of Christian civilization. England has come out flat-footed before the world and voiced her sentiment against a war of conquest. She calls it a war for the sake of civilization. She has endeavored to impress the new Russian republic with the idea that the freedom of the world and its people are endangered. England wants it known that she is fighting for the higher principles of humanity. She comprehensively explains in her note to the new Russia that the purpose in mind is to have international agreements respected and the liberation of populations oppressed by alien tyranny.

The person in Plainview who is saving his pennies for a "rainy" day has the prospects of becoming a "John D."

An eastern railroad says in one of its advertisements "Safety for More Than Half a Billion Passengers." We wonder whether or not it has consulted with the Kaiser in regard to this proposition of safety.

AN EDUCATION IN DAIRYING.

The special excursion to the dairy center of the United States in Wisconsin June 27 for the dairymen of the Plainview and Panhandle districts may be characterized as educational in form and spirit. It will afford the dairymen of this part of the country a chance to understand the successful methods of the Wisconsin dairymen and see the faults of their own methods.

With the wonderful and unlimited opportunities for the expansion of the dairy industry here, the dairymen have more than an equal chance in making this the center of dairy industry in the United States. It is to be hoped that many of the dairymen from the Plainview country will take advantage of the educational trip to Wisconsin, where they will have the privilege of gaining knowledge of successful methods in dairying and also realize the opportunity they have of making the Plainview country the dairy center of the United States in the future.

"Are You Looking Forward to a Home of Your Own?" reads a slogan of a Texas real estate man. It is certain that the young men who have enlisted to serve their country are not at this hour, but there are a few who expect to dodge the conscription law.

New \$1.00 Blouses Have Just Arrived and Will Soon Make Their Departure

We have built up a very large following for our \$1.00 blouses. This is but the natural result of offering at all times such really remarkable values—a condition due to the fact that we are closely co-operating with the maker in such a way as to assure the new wanted styles—and that makes possible large savings in making and selling costs.

LOT 43 A wealth of beautiful imported St. Gal. Venice Lace, a lace that's decidedly popular this season, dignifies this extremely charming blouse. This lace extends around the deep collar and outlines the wide reverses, to which the collar is joined. Hemstitching further ornaments collar and reverses, is used to inset sleeves and to trim cuffs. Added attractiveness is gained through use of three clusters of tiny tuck and a single row of hemstitching on either side of front fold. Made of very fine voile.

LOT 44 Is a genteel, pleasing, youthful model, that anyone be they old or young, large or small, could wear becomingly. Panels of exquisitely woven embroidery in a dainty design, on either side of which is a row of pretty Val lace in distinctive Cluny pattern, and clusters of tucks attractively trim front. The deep cape collar is defined with dainty Val lace; sleeves are finished with turn-back cuffs, edged with lace to match that used on collar. Made of voile of an excellent quality.

We have exclusive sale in this city for the justly famous Wirthmore Blouse

SOCIETY

Telephone Number 72

The Five Hundred Club has been disbanded for the summer. This decision was determined upon at the last meeting of the club at the home of Mrs. C. C. Gidney last Tuesday afternoon. Mrs. W. H. Long of Rogerstown, N. M., was a guest of the club.

WILL HONOR THEIR GUESTS.

Mr. and Mrs. Daniel Francis Morgan at home as hostesses to friends in honor of Mrs. James Madison Woodson, Miss MacGillivray and Miss Mary Burbank, at 3 to 10 o'clock next Tuesday afternoon, June 19.

OVERALL-FORSTER.

Miss Gladys Overall of this city and Earl N. Forster were united in marriage at 11 o'clock yesterday morning at the home of the bride's parents, Mr. and Mrs. J. L. Overall. The ceremony was solemnized by the Rev. J. M. Harder.

Miss Overall has many friends here and has always been a popular young woman in the social circles of Plainview. Mr. and Mrs. Forster will make their home in Ochiltree, where Mr. Forster is engaged in the farming business.

W. L. Landers and son, of Tucumcari, N. M., are visiting his brother, B. F. Landers, this week.

Miss Kathleen Joiner, who has been a student at the University of Texas the last year, has returned home.

Mrs. Joe Biles and granddaughters, Dixie and Mabel, left Sunday for Austin.

Bank Jones of Amarillo, who has been visiting his aunt, Mrs. J. L. Vaughn, returned to his home Tuesday.

Miss Ethel McMillan left this week for Austin, where she will attend the summer session of the University of Texas.

Mr. and Mrs. J. D. Pelphrey will leave this week for Dallas, where they will make their home.

Mrs. Elizabeth Wilson and Mrs. Harrison McKinstry, of Roswell, N. M., are the guests of Mrs. Minnie Reeves this week.

Floyd Huff of Lockney left yesterday morning for Montoye, New Mexico, where he was called through the death of his brother, Austin Huff.

R. N. White of Los Angeles, Cal., who is connected with the Patterson Ranch Company, a sugar-beet industry, is in Plainview on business.

Mrs. N. A. Armstrong, who has been visiting here, left yesterday for Indiana.

Mrs. C. K. Roberts and two daughters, Ruth and Myrtle, left yesterday for Wichita, Kansas, after visiting relatives here for the last two weeks.

Mr. and Mrs. T. G. Waldrip, Mr. and Mrs. C. Foster and Mr. and Mrs. Cox, all of Floydada, will leave within a few days on a fishing and hunting trip through Colorado and New Mexico.

Miss Beatrice Bore returned to her home in Amarillo yesterday, after visiting her sister, Miss Myrtle Bore, who is recuperating from a recent operation.

Mr. and Mrs. H. C. McKee left yesterday for Kress, where they will make their home.

Henry A. Coombs of Fort Worth, who has been here on business the last four days, left this morning for Amarillo.

The Rev. A. L. Moore left Plainview Thursday morning for Clarendon to deliver the opening sermon at the conference of the Northwestern Texas Epworth League. The Reverend Moore will later go to Georgetown to give the commencement address at the Southwestern University.

Miss Sybil Roberts left yesterday morning for Amarillo to visit friends.

W. T. Riley returned to Plainview yesterday.

Mrs. James Kieser and daughter, Edith, left this morning for Canyon, where Miss Kieser will enter the State Normal School for the summer session.

Miss Eloise Howard returned home this morning from Dallas. Miss Howard has been a student in the South Methodist University the last year.

Mr. and Mrs. M. B. Whitfield returned to their home this morning, after a short visit with Mr. and Mrs. J. L. Sheets of Plainview.

J. E. Dickson, who has been visiting at the home of Mr. and Mrs. Clink-scales for the last few days, returned to his home in Carrollton, Mo., this morning.

Mrs. H. C. Cooper and son, Willard, who have been visiting with friends in Floydada the last month, left for Denver, Colo., this morning.

T. L. Girault left yesterday morning for Denver. Mr. Girault will attend the University of Colorado summer session.

Miss Irene Lamb returned home Wednesday from Georgetown.

MISS JOINER SPEAKS ON "FIRST AID WORK."

Miss Kathleen Joiner gave a short talk on "First Aid Work" at a meeting of the Girls' National Honor Guard last Wednesday afternoon in the basement of the Presbyterian Church.

Plans for the trip to the conference at Wichita Falls next week were discussed.

TRUTH

As its advertisement—so the car. An honest announcement goes with an honest car.

Truth is the eternal test.

You will never read a Chevrolet statement making any extravagant claim.

True, we have claimed certain qualities for our car—superior motor-power, easy riding comfort, low cost of upkeep—but we have always been prepared to support our statement with the proof.

We claim that the Chevrolet model—now as always—stands for the highest motor value in its price class.

Test our statement—see the Chevrolet car, ride in it.

You will find—as thousands of others have—that we have spoken the truth.

EVERYBODY SEES A

CHANGE IN FATHER.

Suffered Over Twenty Years and Spent Thousands of Dollars Trying to Get Well—Troubles Overcome.

"My father has suffered from chronic stomach trouble for over twenty years and has paid out thousands of dollars on medicines and doctors," said G. W. Slayton, a well known Cobb County farmer, who lives near Smyrna, a short distance from out of Atlanta.

"We tried nearly everything trying to cure him, and he went off to the springs, thinking maybe the water would help him, but it just looked like nothing would reach his trouble. Then he tried dieting, and lived on liquid food until he almost starved—but even that failed to do any good, and he just kept going from bad to worse.

"I don't guess there ever was a case as stubborn as his, and if there ever was a confirmed dyspeptic he was one of them, and I guess he would have been one yet if it hadn't been for this Tanlac.

"The first we heard of this medicine was when my father saw an advertisement in the papers from parties he knew in Tennessee, who were friends of his, and he knew what they said about it was the truth—so he got it right away and began taking it.

"Well, sir, it acted just like magic—and everybody notices the change in father now. Why, he is just like a different man, and sits down to the table and eats like a farm hand. Only yesterday he ate pork and turnips for his dinner, and ate so much we were actually afraid he was overdoing the thing, but he laughed and said nothing hurt him now, and that he was hungry and expected to eat and make up for lost time.

"Now, when a medicine will do things like that, I think people ought to know about it, and I want to say right now that I would not give one bottle of Tanlac for all the other medicines and health resorts in the country put together."

Tanlac is sold in Plainview by Long-Harp Drug Co.

FORESTRY REGIMENT TO BE ORGANIZED.

WASHINGTON, D. C., May 31.—A "forestry regiment," made up of foresters, practical woodsmen, loggers, portable sawmill operators, and others experienced in lumbering operations, for service in France, will, it is announced, be raised immediately. The Forest Service, at the request of the War Department, will prepare plans for the organization and equipment of the force and will aid in securing suitable men. The regiment will form a unit of the Engineer Corps now being recruited to be sent abroad as soon as it can be organized and equipped.

The organization of this regiment is the result of a suggestion made by the British Commission. Similar forces have been raised in Canada and are rendering valuable services. The object of the American forestry regiment, it is said, will be to convert available timber into material suitable for bridges, railroads, trenches, and other construction work with the least possible waste. At the same time the cutting will be done under the supervision of technical experts in co-operation with the French foresters. In this way the permanent damage to the forests incident to furnishing the imperatively needed timber, it is hoped, will be kept as small as possible.

The regiment will be organized in units capable of handling all kinds of woods work and will include a number of portable sawmill outfits. It will be officered by trained foresters and expert lumbermen who are thoroughly familiar with producing and delivering lumber. It will carry complete equipment for all kinds of woods work. The classes of men desired comprise axemen, teamsters, tie-cutters, millwrights, saw-filers, sawyers, portable sawmill men, farriers, blacksmiths, lumberjacks, cooks, and carpenters, as well as motorcycle and motor truck operators.

As rapidly as enlistments are secured, the men will be assembled at six central points, which have already been designated.

That in the latest English history of music, Cecil Forsyth says: "The folk music of Ireland is generally admitted to be the finest in the world. It has a variety unknown to any other musical country?"

PROJECTED REPLENISHMENT OF GERMAN EMPIRE.

The German scheme of replenishment after the war has been the subject of much speculation in Swiss business circles. According to reports received at Berne shortly before the break with the American Government, a plan was worked out in Germany which contemplated primarily the conservation of the German mark until the return of more normal conditions

in Europe. To prevent the mark from leaving, it was proposed that Germany replenish its depleted stores and stocks with the proceeds of short-term loans and treasury certificates negotiated and sold in neutral countries, notably in the United States. The successful culmination of this plan was to accomplish two things—(1) to give to the Germans an exchange medium that is not depreciated and to enable them to liquidate such loans with German wares; (2) to give the German mark time to recover its normal exchange value.

A very important part in the work of replenishment was to be assigned to the German mercantile marine. That marine was to be employed exclusively for the German trade. The control of all importations and export prices was to be lodged in government hands,

notably in the Zentral Einkaufs Bureau and similar organizations. A governmental guarantee of payment

was also to be offered to foreign firms disposed to make 12-month credit consignments to the German trade.

7-Passenger—48 Horsepower
127-inch Wheelbase

Our New \$1150 Six

Thousands who wanted Mitchells wanted a smaller car. So this year we show Mitchell Junior.

Not too small. The wheelbase is 120 inches—the motor is 40-horsepower. That's way beyond the usual in a car for five.

You have never seen a fine car with such amazing value.

Unique Things

The Mitchell is famous for its hundreds of extra values.

**31 Unique Features—
24 Per Cent Added Luxury—
100 Per Cent Over-Strength.**

These were all paid for by factory savings, due to John W. Bate. He has spent millions to attain them. This whole plant has been built and equipped by him to build this one type economically.

The result is a great car, built at far lower cost than anyone else could build it. And that saving goes into these extras.

See the Result

See the 31 features which nearly all cars

omit. See this year's added luxury, paid for by savings in our new body plant. We spend 24 per cent more on beauty than last year.

But the greatest Mitchell extra is this double strength in every vital part. Our margins of safety—once 50 per cent—have been doubled in three years.

Over 440 parts are built of toughened steel. All safety parts are vastly oversize. All parts which get a major strain are built of Chrome-Vanadium.

The object is a lifetime car, and tests show that we have it. Cars still in good condition have been run over 200,000 miles.

Cost \$4,000,000

The Mitchells extras on this year's output will cost us \$4,000,000. They cost you nothing, because our factory methods save them.

Compare the Mitchell with cars without these extras. We will abide by your judgment on which car you want.

EVER SALIVATED BY CALOMEL? HORRIBLE

Calomel is Quicksilver and Acts Like Dynamite on Your Liver.

Calomel loses you a day! You know what calomel is. It's mercury; quicksilver. Calomel is dangerous. It crashes into your bile like dynamite, cramping and sickening you. Calomel attacks the bones, and should never be put into your system.

When you feel bilious, sluggish, constipated and all knocked out and believe you need a dose of dangerous calomel, just remember that your druggist sells for 50 cents a large bottle of perfectly harmless and doesn't gripe. Dodson's Liver Tonic, which is entirely vegetable and pleasant to take and is a perfect substitute for calomel. It is guaranteed to start your liver without stirring up your inside, and can no salivate.

Don't take calomel! It makes you sick the next day; it loses you a day's work. Dodson's Liver Tonic straightens you right up and you feel great. Give it to the children, because it is perfectly harmless and doesn't gripe.

CITATION BY PUBLICATION.

THE STATE OF TEXAS, To the Sheriff or Any Constable of Hale County—GREETING:

YOU ARE HEREBY COMMANDED that you are summoned, by making publication of this citation in some newspaper published in your county, if there is a newspaper published therein, but if not, then in the nearest county where a newspaper is published, once in each week for four consecutive weeks previous to the return day hereof.

THE HEIRS OF A. M. DAVIS, deceased,

to be and appear before the District Court of Hale County, Texas, at the next regular term thereof, to be begun and held at the Court House thereof, in the City of Plainview, on the 6th day of August, 1917, then and there to answer a petition filed in said Court on the 1st day of June, 1917, in a suit

Drives Out Malaria, Builds Up System The Old Standard general strengthening tonic. GROVE'S TASTELESS CHIN TONIC, drives out Malaria, enriches the blood, and builds up the system. A true tonic. For adults and children. 50c

numbered on the docket of said Court No. 1543, wherein J. M. Shafer is plaintiff and the heirs of A. M. Davis, deceased, are defendants;

Plaintiff's cause of action being a suit in trespass to try title to Lot Number Five (5) in Block Number Forty-Four (44) in the Town of Plainview, Hale County, Texas; plaintiff alleging that A. M. Davis, deceased, is common source of title; and claiming title by and under a tax deed made by R. E. Burch, Sheriff of Hale County, Texas, and dated the 2nd day of October, 1901; and also claiming title by both the Five- and Ten-Years Statute of Limitation; and plaintiff prays that cloud be removed from his title, that he be quieted in his title and that he have judgment for the title, possession and restitution of the said land.

HEREIN FAIL NOT, and have you before the said Court on the first day of the next regular term thereof this writ, with your return endorsed thereon, showing how you have executed the same.

Given under my hand and the seal of said Court at office, in Plainview, Texas, this 1st day of June, 1917.

JO W. WAYLAND, Clerk, District Court, Hale County, Texas.

To Cure a Cold in One Day Take LAXATIVE BROMO Quinine. It stops the Cough and Headache and works off the Cold. Druggists refund money if it fails to cure. E. W. GROVE'S signature on each box. 25c.

Don't Put Off Painting! We Make It Easy THE average house will require but 5 gallons of O. V. B. Paint for two coats. Your painter will say it's not only the farthest spreading, but the easiest working paint he ever used. And how it sticks! You can depend on it. It's the right paint for "wear" as well as "spread."

Cold Days Require Coal Why is it that some folks always delay their coal buying and the installing of their stoves until the last minute when every member of the family has run the risk of serious cold or pneumonia and until all of the coal and stove dealers are so busy they cannot give the best service? Surely the wise man will not be caught in a blizzard with his coal supply not yet laid in. We have the supply of coal, we have the prompt service, and the prices are lower now than they will be when winter gets here. Isn't it good health insurance, isn't it good business, isn't it the sensible thing to do to place your order now? Just phone us at 162 and we will do the rest. ALLEN & BONNER
