Plainview, Hale County, Texas, Tuesday, June 3, 1919

Number 6

## SANTA FE RAILROAD

### OFFICIALS VISIT PLAINVIEW

#### TO SEE BIG WHEAT CROP IN ORDER TO PREPARE TO HANDLE IT

The head officials of the Panhandle-Santa Fe railroad lines spent yesterday here, for the purpose of seeing the big wheat crop, and looking at the country in general.

They came from Amarillo on two private cars, and in the party were R. J. Parker, general manager; T. H. Sears, general superintendent; A. E. Meyer, general auditor; C. C. Dana, general freight and passenger agent; T. B. Gallaher, divisional freight and passenger agent; F. A. Bisbee, district engineer; W. D. Deavney, mechanical superintendent; J. D. Sweeney, car accountant; Avery Turner, tax commissioner; O. G. Ogg, superintendent of Slaton division; H. A. Tait, trainmaster.

They were at once taken in cars by local citizens through the country, and saw the biggest crops of wheat they doubtless ever saw, some of it producing more than forty bushels to the acre. They were surprised at the great acreage and the fine yield that is promised.

They stated the Santa Fe had for several months been getting in cars, repairing them to haul wheat, and storing them on the sidings in this section, preparatory to handling the crop of the Plains with dispatch when the harvest comes on. The railroad and the government are working in harmony to keep down any blockades at ports and grain centers.

There was a conference at the Elks club rooms, and at noon a luncheon was served at the Ware hotel. With Mr. J. C. Anderson as toastmaster, there were talks by Messrs. Parker, Dana, Turner, Sears, Bisbee, also Judge H. C. Randolph of Plainview. The visitors expressed interest in the development of Plainview, and Hale county, and plead for co-operation and friendship between the people and the railroad.

Most of the party went north on the afternoon train.

Nothing was said of the rumored extension of the Santa Fe from Plainview to Fort Worth, via the Ranger oil fields.

#### Cold Weather for June

The weather has been very cool since Saturday night, following several warm days. The cold wave extends all over the West Central states, and on the North Panhandle there was snow. Here in Plainview Saturday night the thermometer registered 49 degrees and Sunday night 42 degrees; last night was not quite so cold. A cold wind has been blowing and it damaged tender vegetation some; there was no frost.

The weather report for May here is as follows: Maximum temperature 91 degrees, May 31; minimum, 43 degrees May 1. Rain, 5.96 inches. Fifteen clear days, 9 partly cloudy, 7 cloudy. Rainfall since January 1, 14.83 inches.

#### Pioneer Woman Dies

Miss Mary Ellen Thornton, age 82 years and 10 days, died at her home just south of town, Saturday afternoon at 2 o'clock. The funeral was held at the home Sunday afternoon at 3 o'clock, Rev. J. W. Winn, the pioneer preacher, conducting the service and burial followed at the cemetery. She was a member of the Baptist church.

She was possibly born in Kentucky, but came to the Plains in the early days. She and a maiden sister almost her age, lived together, and the other one survives. She was a sister of "Grandma" Jones, and a niece of Thornton Jones and Mrs. J. L. Vaughn.

#### Attending C. of C. Meeting

Several Plainview citizens are in Amarillo today attending the meeting of representatives from many counties in Northwest Texas, looking to the organization of a Panhandle-Plains Chamber of Commerce.

J. C. Anderson, R. C. Ayers and W. C. Long went to Amarillo yesterday afternoon, and this morning Chas. Reinken and E. B. Miller went up.

#### Shipped Eleven Hundred Cattle

Last week John Crawford shipped eleven hundred cattle to Kansas City, where they were delivered to parties to whom they had some time ago been sold, at a good price. Mr. Crawford and Farris Frye went with them, returning this morning.

## ROUND ABOUT TOWN

### Interesting Items Picked Up Here and There by the Editor of the News

Prof. Gerald S. Craig has been employed to teach in the science department of a school at Oaklane, a suburb of Philadelphia, Pa., and he and his wife and baby will move in September to that place. He has been up there to get the position.

Former State Senator B. B. Sturgeon of Paris has been here for several days on business matters, leaving last night for home. Senator Sturgeon was a candidate for lieutenant-governor in the 1914 campaign, when Mr. Hobby was elected for the first time. Had he have been elected lieutenant-governor at that time he would now doubtless have been governor.

A. A. Hatchell received a letter yesterday from the secretary of the Central Texas Breeders' and Fanciers' association, saying that he had won fourth premium on a four months' old New Zealand buck rabbit at the show held at Georgetown. He also said that it was out of a strong class of fifteen rabbits, and when it grows up he predicts it will be a first place winner.

#### Will Meet at Liberty Next

The Hale county singing convention had a very successful meeting at Plainview Sunday afternoon. The attendance was good, the singing fine, and there were also several interesting short addresses.

The next convention will be held at Liberty Sunday, June 22, and will be an all-day affair, with a basket dinner at noon.

#### Federal Court Grand Jurors

Frank Hudgins and F. L. Brown of this county are members of the grand jury in federal court in Amarillo, which convened there yesterday. There may be several petit jurors from this county also, but if so we haven't a list of same.

Among the equity cases for trial June 6th is that of J. J. Ellerd et al. vs. Wallace Good et al.

#### Many War Relics Shown

The show window at Reinken's store has a very interesting display of war relics, including helmets, shells, bomb case, arms, insignias, etc., brought from the battlefields of Europe by returning American soldiers. When passing there, stop and take a look at the articles.

Mrs. J. L. Mills of Tulia was brought to the sanitarium here last week, where she underwent a surgical operation for appendicitis. She is recovering.

Mrs. Scott Cochran came in Friday from Mineral Wells to visit her parents, Mr. and Mrs. W. L. Harrington. Her two children have been here for some time.

R. E. Grady, an expert shoe salesman, from Chillicothe, Texas, has arrived, and will have charge of the shoe department at the Rich-lier store. Mrs. Grady will arrive here tomorrow.

Miss Susie Snyder came in this morning from Hesston, Kans., where she has been in school. Her brother, Vernon, who went up there recently, returned home with her.

Mrs. Hershel Byers and children came in Sunday from Oklahoma, to again make Plainview their home. They have a residence here. Mr. Byers will arrive shortly.

Mrs. N. E. Wright and daughter, Miss Betty, of Denver, Colo., are visiting her aunt, Mrs. N. J. Owens, at Hale Center. The young lady will spend the summer there.

Mr. and Mrs. T. E. Richards and three children left this morning in a car for a trip to Southern California, via New Mexico and Arizona. They will be away about a month.

Mr. and Mrs. R. L. Craig and child left this morning for Galveston and San Antonio, to spend a month. He is manager for the Gulf Refining Co., and this will be his vacation.

L. D. Rucker of this city, and his brother, P. T. Rucker of Floydada, have gone to Cleveland, Tenn., to visit their mother, who is seventy-five years of age, and is in very feeble health.

Kirby Nash will arrive tomorrow from Norfolk, Va., where he has been for some time working on some construction work at the government aviation field, under the Ulea Construction Co., of which his brother-in-law, T. A. Caldwell, is superintendent in charge.

## It Is the Little Things That Count

Big things take care of themselves. Here and there you will find a person who is too busy to bother with what seems to them a mere trifle.

This is true of not only individuals, but some institutions as well.

With us, nothing seems too small or trifling. The smaller things are given as much attention as the larger ones. The purchaser of a 25c article is given the same attention and courteous treatment as the purchaser of a \$25 article receives.

It is a pleasure for us to "make good" anything bought here that is not absolutely satisfactory in every respect.

WHERE PEOPLE WHO OPEN BEST TRADE

### PROHIBITION ONLY AMENDMENT TO WEATHER STORM

#### The Other Amendments Were Defeated So Latest Official Figures Over State Show

Election returns compiled by the Texas election bureau and given out Monday wiped out the majority held by the home ownership amendment and indicate that this measure would share defeat with the equal suffrage and governor's salary amendments. Latest figures give a majority of seven votes against the home ownership amendment. The tabulation shows:

Home Ownership—For, 131,842; against 131,849.  
Governor's Salary—For 97,755; against 164,587.  
Suffrage—For 124,473; against 146,710.  
Prohibition—For 140,051; against 124,927.

In Hale county the official vote is as follows:  
Prohibition—For 543, against 205.  
Woman's suffrage—For 549, against 237.  
Governor's salary—For 374, against 393.  
Home ownership—For 516, against 263.

Shipping Three Cars of Hogs  
C. W. Ardin of the Peyton Packing Co. of El Paso, is today shipping three carloads of hogs to that city which he bought here and at Lockney. He has come into this market to buy regularly.

### FORMER AIKEN MAN KILLS WIFE AND SELF

#### Vol Cogburn at Fort Worth Shot Young Wife and Then Committed Suicide

Vol Cogburn, formerly of the Aiken community, east of Plainview, and a son of B. S. Cogburn of that community, shot and killed his wife and himself at Riverside, a suburb of Fort Worth, Monday of last week.

He had been married but a few months to a Miss Burkhalter, and had just been discharged from the army. He was a young Baptist preacher and she was less than twenty years of age. They had quarreled and separated, and she had gone with her mother to the house to get her clothes and belongings, and as her mother was in another room shots were fired. It developed that he had killed his wife and then turned the gun on himself.

Have Bought Hunter Coal Co.  
The firm of Bonner & Price, composed of M. M. Bonner and N. A. Price, have bought the Hunter Coal Co. stock and business from E. C. Hunter, and will do business at both stands, near the depot and at the public scales.

M. J. Baird has returned from a trip to Alma, Crawford county, in Northwestern Arkansas, where he went to see his mother. She is still in a bad condition from acute heart failure. She is seventy years of age.

## FOR SALE BARGAIN!

Good steam tractor engine. Engine located near Plainview. Write or phone

**SLATON STATE BANK**  
Slaton, Texas

Movements of Soldiers and Sailors  
Friday Dr. J. H. Wayland received a message saying his son, John, who has been serving with the 20th engineering corps in the army in France, since early in the war, had arrived at New York, and would go to Camp Merritt, N. J. He has since arrived at Camp Bowie, Fort Worth, where he will be mustered out, and is expected home within the next few days.

Lewis Patterson has just returned home from service in France. He was in the hard fighting just before the armistice was signed. His brother, Oscar, sailed from France May 27, so a message has been received. They are sons of M. B. Patterson.

Mrs. Austin Anderson has received a cablegram saying that her husband, Capt. Austin Anderson, had sailed from France May 26. He will arrive in New York this week, and then come to Camp Bowie, Fort Worth, to receive his discharge. He is with the field artillery in the 90th division.

New Telephone Manager  
R. S. Williams has arrived to succeed A. L. Higginbotham as manager of the Southwestern Telephone Exchange in Plainview. Mr. and Mrs. Higginbotham will go to Fort Worth, where he will be connected with the headquarters office. Higginbotham is a genial chap, and has made many friends here.

Mr. Williams has been manager at Anson, and is a very pleasant young man. His family will arrive in several days.

Much Damage from Hail  
There was a severe hail storm and much damage Friday afternoon from Seth Ward Addition northeast. It seems to have centered at Bob Martine's farm, almost totally destroying his wheat. More than a hundred acres of Joe Keliher's wheat was also badly damaged. Possibly twenty farmers in that section filed damage claims for insurance.

There was also damage west of town about Dan Morgan's place.

No Elk Meat for Kress  
The Kress base ball team had been watering at the mouth for a meal of Elk meat for supper Friday night, but they didn't get it, for the Elks kicked the stuffin' out of them. The Plainview Elks team played there that afternoon, winning by a score of 8 to 1.

Wednesday afternoon the Elks played Halfway team on Wayland college grounds, winning by a score of 9 to 2.

Attended Ascension Service  
Sir Knights E. Harlan, Chas. F. Vincent, R. P. Smyth and Gamaliel Graham went to Lubbock on Sunday morning's train and attended the Knights Templar Ascension Day service at a church there. Sir Knights L. F. Cobb and Dan Morgan and their wives went through in a car, but did not arrive until the service was about over.

Course of New York Plays  
Miss F. L. Hoover, representing the Redpath-Horner lyceum and chautauqua bureau, is here today, for the purpose of interesting the local chautauqua association in guaranteeing a course of popular plays to be put on by New York city casts during the winter months. She says Amarillo and Canyon have already signed up for the course.

Joe Peace and Miss Ora McGill Marry  
Mr. Joe Peace and Miss Ora McGill, both of Plainview, were married in Sweetwater Wednesday afternoon. He was there and she went to that city, and the ceremony was performed just after the arrival of the train. She is a daughter of T. J. McGill, and he the son of Mr. and Mrs. R. M. Peace, and but recently returned from service across seas.

Tulia Family in Accident  
While Mr. and Mrs. Paul Ramsey and two children of Tulia were en route to Clovis in a car, near Bovina the car ran off of an embankment. Mrs. Ramsey was seriously hurt, Mr. Ramsey had his right arm badly crushed, but the children were not hurt. Mrs. Ramsey was taken to the hospital in Clovis.

Prairieview School to Close  
The school at Prairieview will close Friday and that night there will be a program and pie supper, to which all are invited to attend.

Four-Inch Snow at Dalhart  
There was a four-inch snow at Dalhart Monday, caused by the cold norther that swept the entire country.

## CELEBRATION FOR SOLDIERS HERE ON JULY FOURTH

### HALE AND LAMB COUNTIES TO JOIN IN WELCOMING HOME THEIR HEROES

The biggest celebration ever in the history of the Plains will take place in Plainview the Fourth of July, to welcome home the soldier and sailor boys who went to the war from Hale and Lamb counties. While the form of the celebration has not been decided upon, it will likely be a barbecue.

The executive board of the Hale county chapter of Red Cross, which is composed of Hale and Lamb counties, met Saturday night, and decided to hold the celebration, and appointed a committee on arrangements, composed of Judge C. H. Curl, chairman, Dr. J. C. Anderson and R. A. Underwood. They will soon give out a statement.

There will be many forms of entertainment, also addresses by prominent men, both local and from elsewhere.

It will be a real red letter day, and all the returned soldiers and sailors (their relatives and friends are invited).

Let everybody in the two counties, and other counties on the Plains, make arrangements to be in Plainview the Fourth of July.

C. W. B. M. Elects Officers  
The C. W. B. M. of the First Christian church met yesterday afternoon with Mrs. Wiley Johnson. Mrs. J. B. Scott was leader, and the bible study was the book of Philippians. Miss Dora Bell read a selection on "Leadership for Women in the Orient," Mrs. H. C. Randolph read a paper of "A Diamond in the Rough," and Mrs. P. B. Randolph read a selection on a missionary topic.

New officers for the society were elected as follows: Mrs. Nell Dorsey, president; Mrs. S. E. Keys, vice president; Mrs. W. W. Thompson, treasurer; Mrs. L. T. Mayhugh, secretary. The hostess served cake and cream with home-grown cherries.

### Plainview District Methodist Conference in Floydada

The conference of Plainview district, Methodist church, will open in Floydada this afternoon, and continue in session tomorrow, with Presiding Elder A. L. Moore presiding.

Among those on the program are Dr. E. E. Robinson, Arthur Lamb, Elmer Sansom, and Rev. S. J. Upton of Plainview; J. H. Lutrick of Abernathy, Rev. George H. Bryant and Geo. L. Yates of Hale Center, and Rev. J. H. Wyatt of Kress.

Happy Union Gets Banner  
There was a meeting of the people of Happy Union Sunday afternoon, at which time Judge Charles Clements formally presented the banner awarded that community for having the best school in the county the past year. Afterward there was a singing for some time by the Happy Union class.

Revival at Church of Christ  
A revival was begun at the Church of Christ Sunday morning, with Elder A. O. Colley of Oak Cliff as preacher and J. G. Hufstetler of Amarillo as singer. Services are held morning and night, and an interesting meeting is in progress, for Mr. Colley is a very able and impressive preacher.

Austria Handed Peace Terms  
Yesterday in Paris an installment of the peace terms of the allies was handed to the Austrian delegates. Another installment will be furnished later.

The banks are closed today on account of this being a legal holiday—the anniversary of the birth of Jefferson Davis, the president of the Confederacy.

Mrs. E. S. Hall has gone to Eastland to join Mr. Hall, who is in the oil business. Her sisters, Misses Wymen of Cuero, who have been visiting her for several months, have returned to their home.

Miss Edna Griffith of Lockney was here Saturday visiting her aunt, Mrs. Eula Merrill, while en route home from Topeka, Kans., where she attended school.

Joe Ryan came in Saturday from Wichita Falls and Fort Worth, where he has been for several months, in the oil business. His family has already packed up the household goods and will move to Fort Worth to be with him.

**In The Spring-Time.**

Any fool knows enough to carry an umbrella when it rains, but the wise man is he who carries one when it is only cloudy. Any man will send for a doctor when he gets

bedfast, but the wiser one is he who adopts proper measures before his ills become serious. During a hard winter or the following spring one feels rundown, tired out, weak and nervous. Probably you have suffered from colds or influenza which has left you thin, weak and pale. This is the time to put your system in order. It is time for house-cleaning.

A good, old-fashioned alternative and temperance tonic is one made of wild roots and barks without the use of alcohol, and called Dr. Pierce's Golden Medical Discovery, in tablet or liquid form. This is nature's tonic, which restores the tone of the stomach, activity of the liver and steadiness to the nerves, strengthening the whole system.

Port Worth, Texas.—"Over 40 years ago I sold Dr. Pierce's Family Medicines and always found they gave entire satisfaction. I think every household should have these remedies on hand. Many doctor bills will be saved. The 'Discovery' I can honestly say has no equal. I always keep a bottle on hand to take when I feel a little out of sorts, and especially as a spring tonic."—H. L. Downs, O. L. V. College.

If a man doesn't know enough to go in when it rains, he is easily taken in.

**A "DEAD SHOT" —SAYS MINISTER**

**Black-Draught Given High Praise As a Stomach and Liver Medicine by Well-Known Old Gentleman Who Has Used It.**

Mineola, Texas.—The Rev. M. G. Jenkins, a retired minister of the M. E. Church South, living in this city, says: "I have used Black-Draught as a stomach and liver medicine, and have never found its equal.

Once I suffered for two months with cramps and pains, tried everything I could hear of without avail, but Black-Draught was a 'dead shot.'

I am known here and all over the state for my honesty and truthfulness. I am 78 years old and have used Black-Draught for years.

I can highly recommend it to any one as a liver medicine that has no equal. It is excellent for stomach, liver and other ailments. I use it for a bad taste in the mouth, headache and other sicknesses that come from the disorders of the liver."

Theodor's Black-Draught is purely vegetable, and acts actively on the bowels, gently stimulating the liver, and helping to increase the normal discharge of bile into the intestines.

It assists in the digestion of food and relieves constipation in a prompt and natural way.

Try Black-Draught. Buy a package of Black-Draught today.—Adv.

A wise man can point out thousands of things he doesn't want.

**SAGE TEA DARKENS HAIR TO ANY SHADE**

Don't stay Gray! Here's an Old-time Recipe that Anybody can Apply.

The use of Sage and Sulphur for restoring faded, gray hair to its natural color dates back to grandmother's time. She used it to keep her hair beautifully dark, glossy and attractive. Whenever her hair took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect.

But brewing at home is messy and out-of-date. Nowadays, by asking at any drug store for a bottle of "Wyeth's Sage and Sulphur Compound," you will get this famous old preparation, improved by the addition of other ingredients, which can be depended upon to restore natural color and beauty to the hair.

A well-known downtown druggist says it darkens the hair so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through your hair, taking one strand at a time. By morning the gray hair disappears, and after another application or two, it becomes beautifully dark and glossy.—Adv.

The faster a man's gait the sooner misfortune overtakes him.

**Your Granulated Eyelids, Eyes** inflamed by exposure to Sun, Dust and Wind quickly relieved by **Marine Eye Remedy**. No Smarting, just Eye Comfort. At Your Druggist or by mail 60c per Bottle. For Book of the Eye free write to **Marine Eye Remedy Co., Chicago.**

**AMERICAN U-BOATS BACK FROM THE WAR**

After 15 months hunting of German U-boats in the Irish sea, the flotilla of the League Island navy yard at Philadelphia. The AL-11 (third from left) had enemy boats, including a fight below the surface with a Hun sub, which AL-11

**GET AFTER BOGUS STOCK SELLING**

**Federal Trade Commission to Curb Widespread Misrepresentation.**

**GLASS SAYS MENACE EXISTS**

Washington, D. C.—The federal trade commission has officially announced that it will co-operate with the treasury department, the capital issues committee and banking and commercial institutions throughout the country to curb the present widespread misrepresentation in the sale of stocks and securities, recognized as being at this time a particular menace to holders of Liberty bonds and War Savings stamps.

The commission will accord immediate consideration to complaints presented to it involving alleged fraudulent practices in the sale of securities in interstate commerce. The commission has designated Commissioner Huston Thompson to supervise the entire subject.

The commission's action follows appeals made to it by representatives of the treasury, capital issues committee, federal reserve board, Associated Advertising Clubs of the World and numbers of banking and commercial interests, that the power given the commission under its organic act to prevent unfair methods of commerce in interstate commerce be at once employed to protect holders of government war securities from bogus, "get-rich-quick" schemes under which promoters offer to accept Liberty bonds in exchange for stocks of doubtful value.

It was urged that the commission act on the ground that misrepresentations in the sale of securities constitute an "unfair method of commerce." Federal courts, it was pointed out, have held that securities are "articles of commerce."

**Glass Says Menace Exists.** Secretary of the Treasury Glass, stating that promoters of worthless stocks have "already displaced a very large amount of government bonds by taking them in exchange for stock," declared in a letter to the commission that "a menace exists which may seriously interfere with the placing of the new government issue, if the stock promoters are left without any restraint or restriction." His letter in part follows:

"The treasury department is peculiarly interested in the effort to restrict improper stock flotations at this time for the following reasons: "The offering of investments to the public competes with the offering of government securities, and, as you are aware, the treasury proposes to invite the public to subscribe to a very large

issue of securities shortly. Stocks and securities of a legitimate investment character compete with the government, but not nearly so much as highly speculative stocks offered with all the allurements customarily held out by irresponsible persons whose principal design is to obtain money from investors without regard to the value of the stock sold. The operation of the government in the past, in endeavoring to induce persons of all classes to purchase government bonds, have, to a large degree, brought into being a very large and new class of investors who are without experience or knowledge to guide them wisely in making investments. But the very efforts of the government agents, in persuading such persons to become investors, have prepared the way for promoters to place many worthless stocks.

"The result has been that these promoters have already displaced a very large amount of government bonds by taking them in exchange for stock, and to such an extent as to undo the work which is so essential for the suc-

cess of the government's financial operations; because the government cannot expect successful flotations of its own securities, or the preservation of a proper price therefor in the financial market, unless the great number of small buyers continue to hold their bonds.

**May Interfere With Loan.** "Warned by the past, the treasury department feels that a menace exists which may seriously interfere with the placing of the new government issue, if the stock promoters are left without any restraint or restriction.

"It cannot be expected that proposed legislation even if promptly enacted, can become operative in time to be of substantial benefit to the government in the next few days.

"It has been suggested that the federal trade commission has authority, under its organic act, to take action which would remedy the evil, at least in part. If a way can be found whereby even the fraudulent promoters and those who indulge in unfair practices in selling stock can be stopped, the treasury department feels that such action will be of great benefit to it in the immediate future.

"This department will welcome action by you to that end, and will be glad to co-operate in every proper manner.

"CARTER GLASS."

**U. S. HAS DYE TRUST**

Washington, D. C.—An American monopoly of German chemical patents has been organized by Alien Property Custodian Francis P. Garvan, under United States government protection, according to the custodian's report.

The title of the federal protected trust is "The Chemical Foundation," with Custodian Garvan as president and a coterie of American financiers on the executive board.

The avowed object of the organization is to drive out German influence from the American dye industry. The basis of the combination is 4,500 German chemical process patents seized by Custodian Garvan and his predecessor in that office, A. Mitchell Palmer, now attorney general.

Mr. Palmer sold to the foundation for \$250,000 the German patents. The corporation was capitalized at \$500,000, of which \$400,000 is to be 6 per cent cumulative preferred stock and \$100,000 common stock, limited to 6 per cent dividends. A voting trust, composed of Cleveland H. Dodge, Otto T. Bannard, Benjamin H. Griswold, Ralph Stone and former Supreme Court Justice George D. Ingraham will control the finances.

**AGE 108, HAS NEVER DIETED**

St. Louis Patriarch Hale and Hearty, Eats, Drinks and Smokes as He Desires.

St. Louis, Mo.—Simon Sobelman, who lives at the Jewish Old Folks' home in St. Louis, chuckled after having read with interest an account of how Leonard Matthews celebrated his ninetieth birthday by walking six miles.

"What do you think of that young-

ster?" he said to Mrs. Lena Gollman, the matron. "Here I am, one hundred and eight years old already, and I never walked that far in my life. He must be a scared of the street cars."

"The trouble now," said Sobelman, "is that people pay too much attention to what they should eat and drink. Everybody, it seems, is on a diet. I eat and drink what I like and take a little liquor or smoke if I feel like it."

**DISABLED SOLDIERS TO BE GIVEN TRAINING**

Washington, D. C.—A man disabled in a cantonment or concentration camp or during training is just as much entitled to retraining and placement as if he had been injured on the western front, and the federal board for vocational education is trying to get in touch with men who were discharged before having been fully advised as to the assistance available to them without cost.

"Up to the first of February," the federal board announced, "there were registered for vocational training 22,851 discharged men, 13,000 of whom were discharged prior to the granting of permission to the federal board for interviewing them at hospitals in order to deal with their cases.

"The federal board is bending all efforts to get in touch with these 13,000 men in order to acquaint them with the benefits which they may have absolutely without cost."

**GOLD SEEKERS QUIT KOYUKUK**

Famous Alaska Mining District Gradually Becoming Thing of the Past.

Anchorage, Alaska.—The Koyukuk mining district, one of the very oldest in Alaska, dating from 1884, is now in the throes of a fight to remain on the map. Prices of necessities, always high in that region, when given additional impetus during the war, started an exodus of the few remaining miners out of the country.

Travelers arriving here from the diggings 150 miles north of the arctic circle say that the Red mountain region, in the lower section of the Koyukuk district, is practically deserted. Arctic City and Bergeman, small localities, are no more.

Bettles is still in existence; Cold Foot, Myrtle Creek and Nolan Creek are also hanging on to the name of camp. But the old miners have largely gone, and whether the famous mining district is ever rejuvenated again, none can foretell.

**A Sheriff in Tennessee must be a man of brawn & vigor**

Mr. B. W. D. Barnes, of Warren County, Measures up to Requirements.

**HIS LIFE A STIRRING ONE**

Always in robust health, B. W. D. Barnes could ride, shoot and get his man. He was everything a sheriff in Warren Co., Tennessee, should be until overtaken by a complication of catarrhal troubles of the stomach, bowels or other organs. Dr. Hartman's Famous Peruna Tonic has been a standard household remedy for forty-five years.

If you are sick and suffering, write The Peruna Company, Dept. A, Columbus, Ohio, for Dr. Hartman's Health Book. It is free. Your dealer has Peruna in both tablet and liquid form. If you want health, insist upon having Peruna. Your dealer will give you a Peruna Almanac.

The Brighter Side. "The floorwalker reported me for inattention and I've been banished to the hardware department."

"Don't let that bother you, son. Although the hardware department may lack distinction, it's much easier to sell a suburbanite a hoe than it is to sell a lady of fashion a pair of gloves."

Birmingham Age-Herald.

Mean Hint. He—You don't catch my ideas. She—I'm sorry, but I broke my boot terribly neat.

Naturally. "Jim was keyed up to the highest pitch the other night."

"What was the matter?" "He was locked out."

**Constipated Children Gladly Take "California Syrup of Figs"**

For the Liver and Bowels

Tell your druggist you want genuine "California Syrup of Figs." Full directions and dose for babies and children of all ages who are constipated, bilious, feverish, tongue-coated, or full of cold, are plainly printed on the bottle. Look for the name "California" and accept no other "Fig Syrup."

It isn't necessary for a girl to be pretty if she has a promising bank account.

**Important to Mothers** Examine carefully every bottle of CASTORIA, that famous old remedy for infants and children, and see that it bears the Signature of *Chas. H. Fletcher*

In Use for Over 30 Years. Children Cry for Fletcher's Castoria

Very Much So. "Talking of love's sweet song, what is it's tune?" "Very often it is for-tune."

**"Cold in the Head"** is an acute attack of Nasal Catarrh. Persons who are subject to frequent "colds in the head" will find that the use of HALL'S CATARRH MEDICINE will build up the System, cleanse the blood and render them less liable to colds. Repeated attacks of Acute Catarrh may lead to Chronic Catarrh. HALL'S CATARRH MEDICINE is taken internally and acts through the blood on the Mucous Surfaces of the System. All Druggists 75c. Testimonials free. \$10.00 for any case of catarrh that HALL'S CATARRH MEDICINE will not cure. F. J. Cheney & Co., Toledo, Ohio.

**The Family League.** Knicker—Is Jones the boss? Bocker—No, his wife and children make six votes to his one.

Hail! King Apple! The apple is the king of fruits in value of crop as well as in the estimation of apple lovers. For the apple crop of 1918 a value of \$230,000,000 has been estimated, or nearly three-eighths of the value of all fruits.

**A BRIGHT, CLEAR COMPLEXION** is always admired, and it is the laudable ambition of every woman to do all she can to make herself attractive. Many of our southern women have found that Tetterine is invaluable for clearing up blotches, itchy patches, etc., and making the skin soft and velvety. The worst cases of eczema and other torturing skin diseases yield to Tetterine. Sold by druggists or sent by mail for 50c. by Shuptrine Co., Savannah, Ga.—Adv.

Whoopel. "Heigh-ho!" cried the spirited nag, as he found his bride on the barn floor and proceeded to smash the snaffle to smithereens. "I should say I've done my bit."

Many people imagine that Worms or Tapeworm cannot be gotten rid of safely. Those who have used "Dead Shot"—Dr. Peery's Vermifuge, know that they can. Adv.

One way for a lawyer to rise at the bar is to stand on a chair.

CANDY CATHARTIC.

THEY WORK WHILE YOU SLEEP.

Take a day off, occasionally, and your years will accumulate more slowly.

Fresh, sweet, white, dainty clothes for baby, if you use Red Cross Ball Blue. Never streaks or injures them. All good grocers sell it, 5c a package.

### CATCH PROVED WORTH WHILE

Remarkable Fish Not of Much Value as Food, but It Was Not a Total Loss.

"Talk about fishin'," says the old colonel. "I have hooked all kinds, but never until last Tuesday did I hook one of the 'old settlers'—one of the critters that helped to stake out the lake. Maybe he wasn't game! He ran under the boat, turned flip-flops and went through all of the stunts of the fish tribe. Well, after about two and one-half hours I landed him. He was about four feet eight inches long and weighed 28 pounds and three ounces. Took him right over to the point to show him to the boys, and we decided we'd hold a little banquet the next night and eat the old cuss up. Well, when we sat down to table and I started to carve up that fish, do you know what? Anywhere I cut I struck right into a fish hook. He'd been hooked by everybody, and had swallowed the hook. That fish was just plumb full of tackle. I whittled and haggled away for a time, but finally gave it up for a bad job."

"What did you do with him?"

"Sold him for old iron."—M. L. Granger, in Judge.

**Faise Economy.**  
"A long walk will give you a fine appetite."  
"That's the reason I'm sitting still," replied Mr. Growcher. "I can't afford a fine appetite."

Beware of the man who doesn't look you in the eye—and the female who does.

Wright's Indian Vegetable Pills contain nothing but vegetable ingredients, which act gently as a tonic and purgative. Adv.

### MIGHT EXTEND HUMAN LIFE

World Waits on Invention That Will Conserve the Vital Energy in the Body.

A thing does not have to move to be alive. A farmer out West recently found some corn that had been in the family attic 70 years. He planted it and it grew and yielded a crop. A few years ago wheat which had been tucked in an Egyptian tomb for 3,000 years was taken out, planted—and grew. That wheat had been motionless for 30 centuries, but the life germ in each grain lived on. If a body could lie motionless, it, too, might live for centuries. Movement brings death. Gradually the hard-working and abused machine wears out. The scientists now have what they call the energy theory of life—that all living things (men, animals, plants, trees) receive energy from the sun; that in moving and dying they release the energy, which immediately returns to its source, the sun. Is there some way, on a system like insulating electric wires, that we can keep our energy in our bodies, so as to double the average length of human life?—Toledo News-Bee.

**Had Done His Share.**  
Councilman—I've come to see, sir, if you will subscribe anything to the town cemetery.  
Old Resident—Good gracious! I've already subscribed three wives.—London Tit-Bits.

# DAIRY

### FREE HERD OF TUBERCULOSIS

Satisfactory Progress in Plan of Eradication Made During First Year of Work.

(Prepared by the United States Department of Agriculture.)

The tuberculosis-free accredited herd plan, inaugurated in December, 1917, and worked out in co-operation with the bureau of animal industry, United States department of agriculture, was slightly changed at the twenty-second annual meeting of the United States Live Stock Sanitary association held at Chicago in December. It was agreed to strike out the word "purebred" so

Although Apparently Healthy These Animals Are Positive Reactors to the Tuberculin Test.

as to admit to certification grade herds in addition to registered cattle.

The annual conference between representatives of the United States Live Stock Sanitary association and the Purebred Cattle Breeders' association resulted in the further indorsement of the tuberculosis eradication campaign and a recommendation that the work be extended as rapidly as possible.

The accredited-herd plan is to test cattle with tuberculin at the request of the owner, eliminate any reacting animals either by slaughter or by following prescribed sanitary measures, repeat the test at prescribed intervals, and list as tuberculosis-free accredited herds all herds entitled to that distinction.

Very satisfactory progress has been made during the first year of the work, and prospects for the future are bright. During the year 296 herds, comprising 9,284 cattle, have been fully "accredited" as free from tuberculosis, and 1,462 herds, having 35,052 cattle, passed one successful test in preparation for certification. In addition 4,622 herds, both purebred and grade, totaling 98,002 animals, have been under supervision for the eradication of tuberculosis. Each month additional herds are added to the list.

### HEIFERS DROP FIRST CALF

According to Experiment Carried on at Maryland College Thirty Months Is Best Age.

About thirty months was found to be the best age for Ayrshire heifers to drop their first calf, according to an experiment carried on at the Maryland Agricultural college. If the calves were dropped six months earlier, the milk flow was lessened considerably, but if dropped six months later the decrease was slight. This will vary for the breeds according to size; the smaller the breed type, the shorter the time. Eckles of Minnesota found that this variation would be three to five months which would bring the minimum age for Jerseys and Guernseys about twenty-five months and for Holsteins, thirty months. This is for well-developed animals.

### PASTEURIZED CREAM IS AID

It Yields More Uniform Article of Butter and Helps to Improve Keeping Qualities.

The relation of pasteurized cream to butter is now recognized as follows: It yields a more uniform product, aids in producing a higher scoring butter, improves its keeping qualities; avoids undesirable fermentations and gives protection from disease germs; overcomes questionable odors, increases value of skim milk and creates a steadier market. The slight increase in cost of production, per pound, when butter is made from pasteurized cream, is more than overcome by the benefits derived from this process.

### CLEANLINESS IS IMPORTANT

Cows Should Be Milked in Small-Top or Covered Pail and All Utensils Sterilized.

It is important to keep cows clean and milk them in clean surroundings. Milk them in a small-top or covered pail. All utensils which come into contact with the milk should be thoroughly sterilized with steam for at least five minutes.

### LIFT OFF CORNS!

Drop Freezone on a touchy corn, then lift that corn off with fingers

Doesn't hurt a bit! Drop a little Freezone on an aching corn, instantly that corn stops hurting, then you lift it right out. Yes, magic! No humbug! A tiny bottle of Freezone costs but a few cents at any drug store, but is sufficient to remove every hard corn, soft corn, or corn between the toes, and the calluses, without soreness or irritation. Freezone is the sensational discovery of a Cincinnati genius. It is wonderful.

**Romantic Girls Are Costly.**  
Dick—Do you like romantic girls, Harry?  
Harry—I don't. When you make a hole in your salary buying them expensive flowers they tear them apart, repeating: "He loves me—he loves me not."—Pearson's Weekly.

### WHY DRUGGISTS RECOMMEND SWAMP-ROOT

For many years druggists have watched with much interest the remarkable record maintained by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder medicine.

It is a physician's prescription. Swamp-Root is a strengthening medicine. It helps the kidneys, liver and bladder do the work nature intended they should do.

Swamp-Root has stood the test of years. It is sold by all druggists on its merit and it should help you. No other kidney medicine has so many friends.

Be sure to get Swamp-Root and start treatment at once. However, if you wish first to test this great preparation send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle. When writing be sure and mention this paper.—Adv.

**The Contrast.**  
"My dear, the coal and flour are all out."  
"Can't help it, Maria; I'm all in."

**Watch Cuticura Improve Your Skin.** On rising and retiring gently smear the face with Cuticura Ointment. Wash off Ointment in five minutes with Cuticura Soap and hot water. It is wonderful sometimes what Cuticura will do for poor complexions, dandruff, itching and red rough hands.—Adv.

There's only one person worse than a gossip and that's the person who doesn't know any.

"O Happy Day" sang the laundress as she hung the snowy wash on the line. It was a "happy day" because she used Red Cross Ball Blue.

No matter how early a man finds out he made a fool of himself some woman knew it first.

# GIRLS! BEAUTIFY YOUR HAIR WITH "DANDERINE"

Get a Small Bottle! Freshen Your Scalp! Stop Falling Hair! Remove Dandruff! Grow Lots of Wavy, Glossy, Beautiful Hair—You Can!

### "DANDERINE" GROWS HAIR

Besides doubling the beauty of your hair at once, you will shortly find new hair, fine and downy at first, but really new hair growing all over the scalp. Costs little.

### A Fixed Listener.

She—Look at that sour-faced old maid who has been sitting in one place trying to find out what the couples coming near her are saying. Isn't she a regular sport-spoiling wall-flower?  
He—I would call her rather a rubber-plant.

### The Cause.

"So the play failed because of the weakness of its love interest."  
"Yes; another case of heart failure."

### INFLUENZA—

Do not neglect an aching, Grippy cold—it may develop into Influenza.

**DR. CALVERT'S COLIC CURE.** It's liquid—Quick relief. Trial bottle 10c—two doses. Larger sizes also.—Adv.

**Bringing the Wrinkles.**  
"Time, after all, is the great vaudeville artist." "The old fellow is a headliner all right."

**No Worms in a Healthy Child**  
All children troubled with worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GILVER'S PASTILLES kill TOXIC even regularly for two or three weeks will enrich the blood, improve the digestion, and act as a General Strengthening Tonic to the whole system. Nature will then throw off or devour the worms, and the child will be in perfect health. Pleasant to take. 6c per bottle.

Sometimes a fellow calls making a lot of darned fool mistakes getting experience.

A friend in need is almost a twentieth century rarity.

There's a rich, satisfying, old-time flavor to  
**The Original POSTUM CEREAL**

that no substitute can ever equal.

A healthful drink that leaves no trace of harm, a beverage grateful to the stomach, that never upsets nerves, heart or digestion as does sometimes coffee.

Boil just like coffee

Boil thoroughly (15 minutes after boiling begins) make it rich and dark and you have something that makes your meal doubly enjoyable.

"There's a Reason"

At Grocers—two sizes 15c & 25c.

# The Tongue Test

Put a little alum on the end of your tongue and you will have the reason why alum baking powder should not be used in food.

England and France forbid the sale of baking powder containing alum.

You can tell whether baking powder contains alum by reading the label.

# DR. PRICE'S CREAM BAKING POWDER

Made from Cream of Tartar derived from Grapes

Contains No Alum—Leaves No Bitter Taste

# Store Talk

Cabbage and other plants and all sorts of garden and flower seeds are ready for the customers at Plainview Produce Company, north side of square.

We are not selling separators but we do buy cream, therefore, we urge you to get a separator and get more for your cream than if you made it up into butter. Of course that means if you get a high butter fat test and we make this test in the back room of the Plainview Produce Company and you don't have to wait for a mailed report on test.

Gibbs' Cash Grocery on the Northeast corner of the square is a different sort of place. You will like to trade there if you get acquainted with "Cliff" and his stock of goods and methods of doing business.

Have you learned those two emergency phone numbers, 366 and 337, without having to look in the directory? They mean grocery dollars saved for you if you will use them regularly.

The biggest little investment on earth is the little W. S. S. Get all you can and save them and help Hale County again to go over the top.

How about your butter and eggs? Plainview Produce Co. and Gibbs' Cash Grocery have always been willing to give you top prices in cash or trade.

It's convenient isn't it to try to drive to the curb with your produce and find a string of autos a block long in your way. The way is clear at Gibbs' Cash Grocery and you don't have to wait to load or unload.

If you raise poultry for pleasure or profit or both get one of the free Purina books, full of practical suggestions, at Plainview Produce Company, and while you're at it take home a sack of Purina feed for the little chicks—they'll grow like weeds if you feed this famous line of feeds.

Of course you will support the Boy Scout National Campaign—it's a worthy cause and Plainview realizes it.

We are able to supply you with re-cleaned field grain seed at Plainview Produce Company, Phone 366.

If it's groceries you want bear in mind every day that we have the quality and prices at—

# SOCIETY

**Party for Miss Keck**  
The Joseph Buchheimer home, in Lakeside addition, was the scene of one of the most delightful social functions of the season, when, on Friday afternoon, May 30th, Mrs. Buchheimer and daughter, Mrs. E. L. Doland, entertained, honoring Miss Josephine Keck, one of Plainview's June brides-to-be.

The rooms thrown open to the guests were sweetly fragrant with the scent of many lovely flowers of spring. Score cards for the games were heart-shaped, and decorated with tiny kewpies, and the National Emblem.

During the games, delectable popcorn confections were passed, and following the game series, delicious refreshments were served, consisting of pyramids of ice cream, surmounted by miniature American flags, also a variety of cakes in the shapes of hearts, rings and kisses, emblematic both of the patriotic significance of Decoration Day and sentiments apropos of distant wedding bells. At a given signal, a typical daughter of Emerald Isle appeared upon the scene, dressed in gala holiday attire, carrying a large white basket covered over with the Stars and Stripes. Upon spying "Miss Jo" the belated "Wash" was promptly delivered into that astonished young lady's possession, the contents of which proved to be of the nature of a miscellaneous shower, the main object of the party. Of varied and sundry sizes and shapes were the many lovely, useful and ornamental gifts within that basket, calling forth exclamations of admiration and approval from all who witnessed the inspection of the "wash," and much gaiety and merriment resulted from the appearance and remarks of the Irish Washwoman. Included among the pleasing secrets which the unwrapping of the parcels disclosed, was a "guest book" for the occasion containing a favorite recipe written by each one present, tied together with ribbon into a cover hand-tinted with kewpies, dated and inscribed—

"Each give a recipe  
The best that we know  
We give them with love  
To Raymond and Joe."

The very elements seemed to enter into the spirit of the party, for while the delighted honoree was examining the merits of the "wash," with many expressions of pleasure and prattitude, a real rain shower came suddenly down, followed soon by brilliant sunshine, and a rainbow sky, lighting all so cheerfully.

The guests included the members of the Wednesday Bridge club, and a few invited friends.

**Miss Pattie Dalton to Marry Missouri Man**

Miss Pattie Dalton, daughter of Mrs. L. W. Dalton, will be married June 25th, to Mr. Wm. H. (Jack) Vaughn of Springfield, Mo. The marriage will take place at the Dalton home, and they will make their home in Springfield, where he is a civil engineer. Mr. Vaughn has visited in Plainview several times, and is well and favorably known here.

**Entertained for Lubbock Guest**  
Miss Jane Mann of Lubbock has been the guest of Plainview friends the past week, and several parties have been given in her honor.

Saturday night Miss Agnes Coleman entertained, nine or ten couples of the younger set being present. There were games, music and some of them danced. Refreshments were served.

Last night Miss Hazel Sewell was hostess to about the same crowd, and there were also games and dancing, after which refreshments were served.

**Music Recital**  
Miss Vera Harkey will present her pupils in a recital at the Methodist church, Friday evening, at 8:15 o'clock. Every one is invited.

**Would Provide Amusement For the Young People**

There will be a meeting this evening at the home of Mrs. Geo. Saigling of delegates from the several woman's clubs of the town, to take some action looking toward furnishing means of wholesome amusement for the young people of the town this summer.

The boys and girls are out of school others are returning from the colleges, and the soldiers and sailors from service, and it is but proper and best that some form of amusement be afforded them. It is a sure thing that if wholesome amusements are not provided for them, some of them will pursue amusements that are not best. It is suggested that tennis courts, and other means for games, parties, etc., be provided.

**Baptist Workers' Meeting to Be Held at Meteor**  
The Workers' Council of the Floyd County Baptist association will be held at Meteor school house Friday, June 4. The program includes general discussion of the summer's work and

## PERSONAL MENTION

Mrs. Jessie Prosser visited in Tulla Thursday.  
Byron Brown of Hereford was here yesterday.  
Mrs. Chas. Jay of Petersburg is in town today.  
Mrs. J. L. Cox of Albuquerque, N. M., is here.  
W. A. Donaldson left Sunday for a trip to Temple.  
E. Refer of Cisco was here Saturday on business.  
E. R. Williams had business in Am-

arillo Wednesday.  
J. M. and C. M. Gough of Snyder were here Friday.  
R. C. Forbes of Spur was here yesterday on business.  
N. L. Greer of Lorenzo had business here yesterday.  
John Dalrymple came in this morning from Clarendon.  
Miss Bertie Stapp came in Monday morning from Tulla.  
Mr. and Mrs. J. W. Ely of Matador were here Friday.  
Mrs. A. H. Lindsay has returned from a visit in Paris.

Col. Wm. Keliher arrived Saturday from San Diego, Calif.  
E. C. Lamb left this morning for a business trip to Houston.  
J. S. McCombs of Garden City, Kans., was here Saturday.  
Frank Hardin returned this morning from a trip to Amarillo.  
Buster Fluke of Lubbock spent Sunday here with his parents.  
Mr. and Mrs. W. L. Willis of Clovis, Mrs. Feagly of Chillicothe was registered at the Ware Friday.  
N. M., were in town yesterday.  
J. V. Bernard of Thorp Springs had

Do not delude yourself with the thought that you are the one of the very, very few persons who cannot or are doomed not to possess in their own right a house and a home. Build a home.

REMEMBER that it is with a home as with any other purchase "The quality is remembered long after the price is forgotten." The satisfaction that comes with home ownership, even tho the home be ever so modest, is a thousand times greater than any that can come from renting a house, however pretentious it may be.

YOUR CHILDREN "will rise up and call you blessed" if you make a real home for them while they are still in their youth. Home means much to all members of the family, but most of all to the children.

Frequent moving of the household effects from one rented house to another does violence to many of the finest feelings and suppresses some of the most noble aspirations of the human heart. Do not be a nomad.

**ALFALFA LUMBER COMPANY**  
Phone one six three

business in Plainview yesterday.

Mr. and Mrs. D. F. Ashbrook of Hereford are in Plainview today.

Mrs. Blanchard of Amarillo arrived Saturday to visit Mrs. Sam Tippitts.

Mrs. Louise Poole of Hale Center has gone to Bronte to visit a daughter.

Mr. McIntyre of Canyon spent Sunday here with W. B. Anthony and family.

Mrs. F. M. Lester of Canyon arrived last week to visit Mr. and Mrs. L. A. Knight.

Miss Josephine Keck went to Amarillo Saturday to visit friends for several days.

Editor Jones of the Silverton Star and part of his family were in town yesterday.

Capt. and Mrs. E. E. Roos left yesterday for a business trip to Tucumcari, N. M.

Geo. Neldon was down at Abernathy Friday looking after his farm near there.

B. T. Bowlin and family are moving to Amarillo, where they will make their home.

Mrs. Mary Dalmont Silliman came in yesterday from a visit with relatives in Ranger.

Mrs. McClain of near Brady arrived last week to visit her niece, Mrs. L. M. Faulkner.

Mr. Dement and family have moved from Plainview to Paris, Texas, to make their home.

Miss Fronie Johnson returned yesterday from a stay of some time in the Ranger oil fields.

J. B. Nance and J. W. Grant returned yesterday morning from the Burk Burnett oil fields.

Miss Willie Young of Carter-Houston's left this morning for Fort Worth to spend her vacation.

Mr. and Mrs. Malcolm Graves returned this morning from a two weeks' visit in Dallas.

John M. Gist of Odessa is here on business and shaking hands with old friends and neighbors.

Mrs. Lloyd McBride and child left this morning for Crosbyton, where Mr. McBride is employed.

Misses Rebecca Chumley and Irene Lycan went to Amarillo Saturday to visit Mrs. Lawrence Kerr.

Mrs. L. B. Richards of Silverton has been here visiting the families of T. E. and J. W. Richards.

Mrs. J. W. Smiley of near Whitfield took the train here this morning for a visit in San Antonio.

Mr. and Mrs. J. C. Jenkins of Hermleigh visited the Clift family in Hale Center last week.

John Cochran of Del Rio is here visiting friends. He has just received his discharge from the navy.

W. B. Armstrong left Saturday for Mineral Wells, to spend some time resting up and for his health.

Editor Homer Steen of the Flovada Hesperian was here Saturday en route home from a trip to Hereford.

Mrs. Rosella Rushing and child have gone to Fort Worth and Denton to visit relatives for a few days.

Mrs. Cora Pritchett and daughter, Mary, have gone to Guthrie, Okla., to visit her son, Bert, and wife.

Miss Lucy Story came down from Amarillo Monday to visit her brother, Bob, and Mrs. W. H. Dickinson.

T. J. Allen and Mr. Mickey of near Petersburg are in town today, rejoicing over the fine crops down that way.

Geo. E. Duckwall returned Friday from the Ranger oil fields, where he has been working at the carpenter's trade.

Miss Irene Lamb returned this morning from a visit to Georgetown, Houston, Fort Worth, Corsicana and Dallas.

Mr. and Mrs. G. C. Russell of Hico arrived Saturday to visit his brother, P. C. Russell and family, for several weeks.

Misses Rosson and Hemington of Milford arrived yesterday to visit their uncle, J. H. Beauchamp and family.

Mr. and Mrs. D. V. Heck of Pittsburgh, Pa., arrived Sunday to look after their farm and ranch interests in this county.

John J. Barton of the southwestern part of the county is in town today. Everything is looking fine in his section, he reports.

Alfred Cravens of Dallas, a kinsman of E. C. Lamb, has arrived and will work on Helen-Temple farm during the summer.

Miss Thelma Griffith of Wichita Falls was here yesterday visiting friends. She is on a visit to her parents in Lockney.

Chas. Phillips has sold his taxicab business in Amarillo and has returned to Plainview. His family has been here all the while.

Mr. and Mrs. Tom Keenan of Olton took the train here Monday morning for Temple, where she will undergo a surgical operation in a hospital.

Mrs. L. B. Wright and child of Eastland have been here visiting her parents, Mr. and Mrs. J. K. Millwee, but left Monday night for their home.

Misses Electra Anderson, Grace Rosser and Fannie Goode returned Sunday from a visit of several days with relatives and friends in Lubbock.

J. W. Richards has resigned as salesman at the Rich-lie store, and expects to in a short while move with his family somewhere down in the state in order to get in a lower altitude.

## WANT COLUMN

Try a want-adv. in the News. Only 1c a word, minimum charge 15c a time.

FOR SALE—A first class mower, at a bargain.—Mrs. Cora Stevens.

We are heavy as ever in the market for poultry, hides, eggs, etc.—Panhandle Produce Co., east of Alfalfa Lumber Co. 45

MILK delivered at your door for 15c a quart.—Rees Dairy, Phone 478.

WANTED—Hides, poultry and eggs.—Panhandle Produce Co.

We pay cash or trade for country produce.—Cash Grocery Co.

A full stock of Feedstuffs, on hand, we offer the following at prices that can't be undersold, Bran, Oats, Chops, Molasses Feeds, Meal and Cake, and Alfalfa Hay.—E. T. Coleman, Coal and Grain Dealer, Phone 176.

WANTED—Men and women to take orders among friends and neighbors for the genuine guaranteed hosiery, full line for men, women and children. Eliminates darning. We pay 50c an hour spare time or \$24 a week for full time. Experience unnecessary. Write International Stocking Mills, Norristown, Pa. 98

FOR SALE—Who will make me an offer on one \$50.00 share of stock in the "Horseshoe Bend Oil Association" Address P. O. Box 152, Seminole. 3-4t

FOR SALE—Mexican Pinto Beans for seed, 7 1-2c per lb.—Texas Land & Development Co.

WANTED—Green and dry hides. L. D. Rucker Produce Co.

Big stock of syrup on hand now. All the popular brands to select from.—Cash Grocery Co.

FOR SALE—Bargain—An 8-20 tractor in first class condition.—G.-C. Electric Co. 98-1

IF YOU WANT good mules see A. L. Lanford, always got them worth the money. The only exclusive mule barn in Plainview, Texas. I buy and sell the year round. See me before you sell.—A. L. Lanford. 102-1f

Give us a chance at that grocery bill for harvesting or threshing crews. We will save you money.—Cash Grocery Co.

A GREAT OPPORTUNITY  
I have a ranch of 2177 acres, located in the northwest corner of Martin county, that I want to trade for land in this section, irrigated or unimproved. Will also take as much as five or six thousand dollars stock of merchandise as part payment. There is also 255 head of good white face cows, besides the young calves. Now is your opportunity to get a ranch. See me—L. M. Bailey, Hale Center.

The News is agent for engraved visiting cards, wedding stationary, announcements, etc. Call and see samples when in need of anything in the engraving line.

LIGHT HOUSEKEEPING ROOMS for rent.—Phone 336. 104-1f

FOR SALE—Household furniture, also cut glass and hand-painted china.—G.-C. Electric Co.

WANTED—To buy old beer bottles. Panhandle Produce Co. 5-4t.

WANTED—To buy span of good gentle work mares.—Hugh Speed.

See Cash Grocery Co. for a two room house cheap, with two acres of land.

THE STYLE SHOP is receiving new goods every day or so, in order to keep up with the very latest fashions. Our lady readers should call there often, and see the new things in millinery.

If you have grains or hay to sell, remember I am in the market for all kinds of feedstuffs, and want a chance at your business.—E. T. Coleman, Coal and Grain Dealer, Phone 176, between depots.

FOR SALE—Two work mules, and two brood mares. For particulars see E. E. Smith, 8 miles south and three miles east of Plainview. 5-tf.

Don't Violate the Federal Law  
We have secured a patent for Go-devil knife attachment for two-row lister, Go-devil and cultivator. The manufacture and sale of this article is a violation of the federal law. Notice is therefore given to all parties that any infringement will be strictly prosecuted.

W. E. Lewis, Atty.  
For V. R. Rodgers & Co. 4t-c

Use Simon Pure Nigger Head Nut Coal, the ideal and economical summer fuel. It costs no more than inferior Coals. E. T. Coleman, Coal and Grain Dealer, Phone 176. Between Depots.

CREAM WANTED—We test and pay for it here.—Rucker Produce Co.

LOST—Brown 4-year-old filley, scar on one front foot, about 15 1-2 hands high. Reward—H. B. Tatum, Box 412. 4-8t.

NOTICE  
Native June Seed Corn.—Sansom & Son.

FOR SALE—2 Ford and 1 Chevrolet touring cars. 1 Ford with form-truck body.—Texas Land & Development Co., Plainview, Texas.

FOR SALE—Up-to-date garage at Idalou, Texas, in one of best communities in state, lots of car work, shop has concrete floor, free air, gas filling station, etc.—W. R. Greer, Idalou, Texas. 4-2t.

I HAVE BUYERS for a few good farms in and around Plainview. If you want to sell, come in at once and list your farms.—C. H. Curl, in First National Bank Bldg. 5-3t.

FOR SALE—About June 1st, 60 head high grade stock cattle, one nice 4 room cottage on large lot, located in Petersburg. Address A. H. Gifford, Plainview, Texas. 3-tf-c

MISS ETHEL McCURDY, Piano Teacher, Studio Presbyterian church. Phone 313.

READ THIS—Several nice little homes for sale on easy payment plan. Will take some trade. Get one before school starts and save rent.—W. B. Knight.

Fresh barbecue, and fresh bread every day at Green's Market. Phone 300.

## IN MISERY FOR YEARS

**Mrs. Courtney Tells How She Was Cured by Lydia E. Pinkham's Vegetable Compound.**

Oskaloosa, Iowa.—"For years I was simply in misery from a weakness and awful pains—and nothing seemed to do me any good. A friend advised me to take Lydia E. Pinkham's Vegetable Compound. I did so and got relief right away. I can certainly recommend this valuable medicine to other women who suffer, for it has done such good work for me and I know it will help others if they will give it a fair trial."

—Mrs. LIZZIE COURTNEY, 108 5th Ave., West, Oskaloosa, Iowa.

Why will women drag along from day to day, year in and year out, suffering such misery as did Mrs. Courtney, when such letters as this are continually being published. Every woman who suffers from displacements, irregularities, inflammation, ulceration, backache, nervousness, or who is passing through the Change of Life should give this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound, a trial. For special advice write Lydia E. Pinkham Medicine Co., Lynn, Mass. The result of its long experience is at your service.

For Simple Stock and Poultry Troubles, such as constipation, indigestion, liver troubles, loss of appetite, and colds:

"Get Some Bee Dee"

**Bee Dee Stock & Poultry Medicine**

A concentrated and tonic for hogs, cattle, sheep, etc. Liver medicine for chickens, horses, which has been in successful use for over 35 years. (Formerly called Black-Draught Stock & Poultry Medicine)

Get a can of Bee Dee from your Merchant. Mix a little Bee Dee regularly with your stock and poultry feed.

Merchants: Ask Your Jobber's Salesman about BEE DEE

## COST OF LIVING FIRST TO FALL

Industrial Board of Department of Commerce Makes Statement.

### WAGES ALSO TO COME DOWN

"Stabilization" of Prices of Commodities, Causing Tremendous Increase of Business, Is Plan—Present Living Standards Not to Be Lowered.

Prompt reduction of the prices of basic commodities and the cost of living, followed by a moderation of the wages of labor and this in turn by a tremendous revival of manufacturing, buying and selling, is the program of the industrial board of the department of commerce.

The government purposes to "stabilize" the prices of commodities. In all cases where the price then does not come down the industrial board will "invite to a conference" the members of the industry which keeps up prices. Steel, building materials, textiles and foodstuffs will be taken up first and other commodities in the order of their importance.

The board announced that as soon as the country is assured that the prices of these basic commodities are fixed, within reasonable limits, there will be a tremendous increase in business. The depletion of stocks, the delay in building the gaunt condition of many industries will be quickly overcome.

"From the stable level thus reached," says the announcement, "we may expect a healthy and normal condition under the operation of the law of supply and demand.

"Industry must stand the first shock of readjustment. Then the cost of living will have been so far reduced that the price of labor will be automatically reduced, without any lowering of living standards."

The industrial board is composed of George N. Peek of Moline, Ill., chairman; Samuel P. Bush of Columbus, Ohio; Anthony Caminetti, commissioner of immigration; Thomas K. Glenn of Atlanta; George R. James of Memphis; T. C. Powell of Cincinnati, and William R. Ritter of West Virginia.

### OPPOSES PLAN OF BOARD

Secretary Morrison Emphatic in Denunciation of Any Scheme for Reduction of Wages.

Organized labor will refuse to "share in the results" of price readjustments if its "living standards are to be endangered," Frank W. Morrison, secretary of the American Federation of Labor, said in a statement.

Mr. Morrison criticized the declarations made by the federal reserve board in a recently published review of its forthcoming monthly bulletin that all factors in production "should bear their share in the general process of readjustment."

"The board seems to accept the economic error," said Mr. Morrison, "that the price of a commodity and the price of labor are identical. Where wages are reduced, living standards of the workers are immediately affected and the home suffers."

Calling attention to the board's statement that "if the readjustment is equitably carried out, its effect will not tend to favor any particular class or group in the commodity," Mr. Morrison said:

"The workingman will ask, if his living standards are to be endangered, if the same theory will apply to the employer, or is it intended to have the latter merely dispense with some of his wartime profits? There is nothing 'equitable' about such an arrangement. Its theory is unsound and in practice it is impossible."

### Seamen Make Demands.

The International Seafarers' Federation has decided to send a commission to Paris to lay the demands of seamen before the international labor commission. The delegates will have authority to demand only what the labor conference here has decided upon. Resolutions have already been passed by the conference protesting against masters holding pilot's licenses. This demand has been approved by masters and engineers whose representatives have participated in the conference.

### Michigan Eight-Hour Bill Dead?

It is not expected that the Holland-Kuppler eight-hour bill, killed in the Michigan house by a vote of 53 to 19, will be revived during the present session.

When this bill was reached on third reading Mr. Holland proposed an amendment which would have included in it the mills, mines, and manufacturing establishments which he sought to include in the first place. This was lost without a record vote.

### Irish Labor Conference.

The all-Ireland labor conference adopted a program calling for a 44-hour week and an increase of 150 per cent in wages over prewar rates with an absolute minimum of 50 shillings per week. All the results of the conference have been passed on to the various labor unions for decision, it being stipulated that the unions' action on the program should be submitted to the national executive committee.

## COAL TAR CREOSOTE TREATMENT MAKES FENCE POSTS MORE DURABLE IN GROUND

Post-Treating Outfit in Which Threshing Engine Is Used to Supply Steam for Heating Hot Bath—The Posts Are Set Vertically in the Hot Treatment and Then Are Laid Horizontally in the Large Tank Which Contains the Cold Creosote—Note the Beveled Tops of the Posts.

(Prepared by the United States Department of Agriculture.)

The fence-post problem is easily solved on the farm by means of a simple method of treating wood with coal tar creosote. Sap pine, red oak, maple, beech, sycamore, black gum, sweet gum and other abundant or inferior woods by this means are made durable in the ground for 10 to 20 years of service.

It is essential that the timber be peeled and thoroughly seasoned before attempting to treat it. Small flakes of inner bark left on the wood check or prevent proper absorption in those places. Peeling is done most easily during the spring months, but is carried on at other seasons of the year. A spade is about the best common implement for use when the bark slips easily, otherwise an ax or draw-knife should be used.

Because they have a uniform absorbing surface of sapwood, round sticks are more satisfactory than split timber. With treated timber it is not necessary to use the large-sized line posts commonly cut and used in the past. By using a post from three to four inches in top diameter and long enough to allow only a few inches above the top wire, the cost is reduced for creosote and for labor in handling, the post lasts practically as long as larger sizes, and it affords ample strength for the fence line. These facts have been fully established by means of experiments and demonstrations carried on for more than ten years by the forest service, United States department of agriculture, in co-operation with a number of state agricultural colleges in different parts of the country.

### Preservative Should Penetrate.

In treating the posts it is important to get a deep penetration of the preservative of from one to two inches in the butt of the post for a height of one foot above the ground level when the post is set in place. This is obtained by boiling the butt in creosote heated to about 210 degrees F. for one to two hours, depending upon the porosity of the wood, followed immediately by a bath in "cold" (80 degrees to 100 degrees F.) creosote for about the same period of time. The wood cells, expanded and deprived of some of the air by being heated, during the cooling treatment gradually absorb the desired amount of the creosote. The tops obviously require only a shallow treatment to last as long as the butts. Where only a single open drum or tank is used, top treatment may be accomplished by means of thoroughly painting the tops with a brush, or pouring hot creosote over the tops.

### Joint Ownership Saves.

A saving in cost would be made by two or more farmers jointly owning and using a treating equipment. This method in a number of instances has proved a successful form of co-operation among farm owners.

Post timber for treating is very abundant in the dense old-field pine stands throughout the Southern states. The small trees which are being crowded out by the taller dominant trees are very often of just the right size for making treated fence posts. Cutting them for this purpose utilizes a forest product that would otherwise be wasted and improves the remaining stand by giving room for growth needed by the remaining trees. A wood with an interlocked and twisted fiber, such as black gum or sweet gum, are of the very best sort for treating, since they are little subject to the deep checking apt to occur in wood after 5 to 10 years of exposure in the weather. The "seeds" or spores of wood-decaying fungi find entrance through such cracks or checks and begin feeding on the wood cells. Thorough treatment of well-seasoned posts poisons the food of the fungus, thus giving many years of useful service.

Alfalfa cannot stand wet feet. If the ground is poorly drained, the drainage is the remedy. The land can be drained either in the spring or fall.

Treating Posts With Creosote.

## Calomel Users! Listen To Me!

### I Guarantee Dodson's Liver Tone

Your druggist gives back your money if it doesn't liven your liver and bowels and straighten you up without making you sick.

Ugh! Calomel makes you sick. It's horrible! Take a dose of the dangerous drug tonight and tomorrow you may lose a day's work.

Calomel is mercury or quicksilver which causes necrosis of the bones. Calomel, when it comes into contact with sour bile, crashes into it, breaking it up. This is when you feel that awful nausea and "all knocked out," if your liver is torpid and bowels constipated or you have headache, dizziness, coated tongue, if breath is bad or stomach sour, just try a spoonful of harmless Dodson's Liver Tone tonight.

Here's my guarantee—Go to any drug store and get a bottle of Dodson's Liver Tone for a few cents. Take a

spoonful and if it doesn't straighten you right up and make you feel fine and vigorous I want you to go back to the store and get your money. Dodson's Liver Tone is destroying the sale of calomel because it is real liver medicine; entirely vegetable, therefore it cannot salivate or make you sick.

I guarantee that one spoonful of Dodson's Liver Tone will put your sluggish liver to work and clean your bowels of that sour bile and constipated waste which is clogging your system and making you feel miserable. I guarantee that a bottle of Dodson's Liver Tone will keep your entire family feeling fine for months. Give it to your children. It is harmless; doesn't gripe and they like its pleasant taste.

## FRECKLES

Now Is the Time to Get Rid of These Ugly Spots

There's no longer the slightest need of feeling ashamed of your freckles, as **Ortho**—double strength—is guaranteed to remove these lovable spots.

Simply get an ounce of **Ortho**—double strength—from your druggist, and apply a little of it at night and morning and you should soon see that even the worst freckles have begun to disappear, while the lighter ones have vanished entirely. It is so simple that more than one ounce is needed to completely clear the skin and give a beautiful clear complexion.

As an aid to the double strength **Ortho** as this is the most powerful of any used if it fails to remove freckles.—Adv.

### Use Good Preservative.

It is important to use a good preservative, and coal tar creosote has proven by far the most satisfactory substance. Ordinary gas or coal tar has been occasionally used, but it is too thick, even when heated, to give a fair degree of penetration and leaches out more quickly than creosote.

### Has With That.

"I don't have no trouble with taxes"  
"You evidently have with syntax."

## IT'S NOT YOUR HEART: IT'S YOUR KIDNEYS

Kidney disease is no respecter of persons. A majority of the ills afflicting people today can be traced back to the kidney trouble.

The kidneys are the most important organs of the body. They are the filters of your blood. If the poisons which are swept from the tissues by the blood are not eliminated through the kidneys, disease of one form or another will claim you as a victim.

Kidney disease is usually indicated by weariness, sleeplessness, nervousness, despondency, backache, stomach trouble, pain in loins and lower abdomen, gall stones, gravel, rheumatism, sciatica and lumbago.

All these derangements are nature's

signals that the kidneys need help. You should use **GOLD MEDAL** Haaslem Oil Capsules immediately. The soothing, healing oil stimulates the kidneys, relieves inflammation and destroys the germs which have caused it. Go to your druggist today and get a box of **GOLD MEDAL** Haaslem Oil Capsules. In twenty-four hours you should feel health and vigor returning. After you feel somewhat improved continue to take one or two capsules each day, so as to keep the first-class condition and ward off the danger of other attacks.

Ask for the original imported **GOLD MEDAL** brand. Three sizes. Money refunded if they do not help you.

## Weak and Miserable?

Does the least exertion tire you out? Feel "blue" and worried and have daily backache, lameness, headache, dizziness and kidney irregularities? Sick kidneys are often to blame for this unhappy state. You must act quickly to prevent more serious trouble. Use Doan's Kidney Pills, the remedy recommended everywhere by grateful users.

**A Texas Case**

Mrs. George Read, 37 Diaz St., San Antonio, Tex., says: "My kidneys were very irregular and my back would have a dull nagging pain that fairly throbbled over my kidneys and seldom let up for a moment. I got a supply of Doan's Kidney Pills. I had only used them a few days before I felt better and like a different person. My kidneys acted regularly, my back stopped aching and my health improved in every way."

Freshman—Merely a matter of temperament.—Buffalo Express.

BALLOON RESCUES MEN FROM SEAPLANE

Remarkable photograph showing an experiment tried at Key West naval station of rescuing aviators from a seaplane by means of a rope ladder

MUCH IN LITTLE

The American Forestry association has suggested that those women whose service flags bear a gold star, plant trees in honor of their loved ones who made the supreme sacrifice. Fourteen thousand three hundred pairs of army boots manufactured in New Zealand were supplied to the Dominion's soldiers serving at the front. To prevent fire, a filling tube for gasoline tanks on stoves or automobiles is surrounded by a fine mesh screen, through which flame cannot pass. A new convenience for motorists that packs compactly enough to be carried in a running board box can be used as either a single or double bed or a table.

Chinese gardeners sometimes plant statuettes of tiny men firmly in pots just like real plants, and then train live evergreens to grow up over these statuettes. The vines thus form a kind of robe for the statuette men, their white faces and hands protruding from the green leaves. A recently patented convertible costume for women consists of a bodice and bloomers for indoor use, over which can be buttoned an apron-like skirt to make it suitable for street wear. A \$3,000,000 Victory monument on the Parkway is planned as a tribute to the women of Philadelphia to the memory of the men and women who served in the war for democracy. In some parts of England dogs' wool is being spun and manufactured into garments.

SPRING, HARVEST SEASON OF THE SHEEP RAISER, DEMANDS ATTENTION TO ANIMALS

Member of a Boys' Sheep Club With His Thriving Flock.

(Prepared by the United States Department of Agriculture.)

Many new flocks of sheep were established in the farming states last year, and this spring their owners will for the first time experience the lambing and shearing seasons. Spring, which is the lambing and shearing season, is the harvest period of the sheep raiser, say specialists of the United States department of agriculture, and the size and quality of these crops determine the profits. At this time extra attention should be given to the ewes and lambs. In no other way can time be used to better advantage on the farm.

If the ewes have not been properly fed and cared for during the fall and winter, the crops of lambs and wool can be neither large nor of high quality. It is the weak, thin ewes that require most attention in the lambing season, though previous mistakes cannot be remedied at that time. On the other hand, failure to be constantly nearby while the lambs are arriving may mean the raising of only an 80 or 90 per cent crop of lambs where a 125 per cent increase—considering that many ewes will have twins—can easily be realized from good shepherding of flocks of mutton quality.

Advantages of Early Lambing.

In many sections it is most profitable to have lambs arrive in March or even earlier. One important advantage of this plan is that other work is then less urgent and full attention can be given to the ewes and the new arrivals. Another advantage gained by early lambing is that the lambs can be made sufficiently heavy and fat to market in June or July. Early marketing usually means higher prices, and it is especially desirable because the lambs are disposed of before the time of greater danger of injury by internal parasites. The ewe lambs are stronger than those which arrived later in the season and are, therefore, kept for the breeding flock. They are less suscep-

tible to injury caused by parasites, which is most serious in warm, damp periods of July or August.

Care of Weak Lambs.

The lamb that is born strong and vigorous, with a good dam, will need little care. Prompt attention given to the weak lamb immediately upon its arrival will frequently result in saving its life. In cold weather lambs should be wrapped in hot flannel cloths to prevent chilling, which may result in their death, and the cloths should be renewed as often as is necessary to keep the young animals warm. Milk should be given freely and the lamb returned to the ewe as soon as it is strong enough. Sometimes it may be necessary to feed the lamb with an infant's nursing bottle, giving a few teaspoonfuls of milk every hour for a few hours until it is strong enough to nurse without assistance.

If lambs are to be sold at three to five months of age they may run with their dams until that time. The lambs kept for breeding purposes should be weaned at the same time and put on fresh pastures where there is no danger of stomach worms. Where the weaning is done at this time the ewe can be put in better condition for the fall breeding. When lambs are to be kept on the farm, the best method of weaning is to leave them on the old pasture for three or four days, removing the ewes to a scanty pasture to check their milk flow. As soon as the lambs cease fretting for their dams they may be removed to fresh pastures. Ewes with large udders should be partially milked once every three days until they go dry.

Details on the care of the flock during the lambing season are given in Farmers' Bulletin 840, "Farm Sheep Raising for Beginners," copies of which can be had, so long as the supply lasts, by applying to the United States department of agriculture, Washington.

EXCELLENT PLAN TO HARVEST WOOL CROP

Avoid Chilling Ewes by Shearing on a Warm Day.

Hand-Power Machines Are Most Economical for Flocks of Less Than Fifty Head—Paper Twine Is Most Satisfactory.

(Prepared by the United States Department of Agriculture.)

Sheep shearing is usually done in late spring after the lambing season. The work should be performed on a warm day, so that the ewes may not become chilled. For flocks of less than fifty head, hand-power machines are the most economical. These machines are more rapid, produce smoother work, injure the sheep less, are more easily handled, and result in a larger crop than where hand shears are used.

After the fleece has been removed all tags and dirt should be cleaned out of it and it should be rolled up, not too tightly, the skin side out, and tied with paper twine. The value of the wool crop is often impaired by the use of binder twine in tying up fleeces. Anything is superior to binder twine, and paper twine is most satisfactory. Boxes for tying fleeces are not necessary; in fact wool shows better if not tied too tightly.

Farmers in New York and other states have profited largely by co-operative marketing of their wool. Under the direction of the county agent the clips are assembled, graded, and sold in large quantities at the prices prevailing at the principal markets. In the past these prices were materially higher than the "general" local prices obtained.

HOG "AUCTION" SALES BEST

Praises of New Method Sung These Days by California Marketing Association.

(Prepared by the United States Department of Agriculture.)

The praises of the hog auction are sung these days by the California Farm Bureau Marketing association, which comprises the marketing department of the farm bureaus in King, Tulare and Kern counties. The prices are said to be much better than when hogs are sold by the old method. The auction sales have also taught the farmers the importance of raising better hogs, as they have seen that packers give grain-fattened hogs the preference over those fattened on skimmed milk and alfalfa pasture alone.

ONE BREED IN COMMUNITY

(Prepared by the United States Department of Agriculture.)

It is highly advantageous for all or most of the farms in a neighborhood to keep the same breed of sheep. After a decision has been made as to a suitable breed, the aim should be to obtain ewes that are individually good and that have as many crosses as possible of the breed selected. With such a foundation and the continuous use of good pure-bred rams of the same breed, the flock will make steady improvement.

LIVE STOCK NOTES

Have a warm place ready for the cold-weather pigs.

Beet tops can be fed with the least expense direct from the field.

Buttermilk is a splendid feed for both pregnant and suckling sows.

There is no grain equal to corn in putting the finish on fattening animals.

The tougher and drier the roughage the more and the more costly the concentrates needed.

If you wish your pigs to grow as rapidly as possible, use a liberal feed of corn and skim milk.

Size in live stock is secondary to quick growth and ease with which finishing may be put on.

Feed silage to calves as soon as they will eat it, picking out for them the leafy portions at first.

It can be stated in a general way that too much protein in a ration is not good for the health of any animal.

Pure-bred stock long ago ceased to be merely a fad. The quality of farm animals is an all-important factor in success.

Corn and all the tankage the hogs would eat makes a good self-fed ration for hogs that are being grown for market purposes.

Silage and alfalfa or clover hay make a balanced ration and wonderful results have been obtained from these two feeds alone.

The KITCHEN CABINET

I read within a poet's book  
A word that starred the page:  
"Stone walls do not a prison make,  
Nor iron bars a cage!"

Yes, that it true, and something more:  
You'll find, where'er you roam,  
That marble floors and gilded walls  
Can never make a home.  
—Henry Van Dyke.

THE "BEST BERRY" DISHES.

The strawberry will soon be plentiful, yet while it is still a luxury we may use them in small amounts for a garnish or accessory.

Devonshire Pie.—Line a pie plate with rich pastry and bake it. Also bake a two-inch ring; this may be made by cutting around a large pie plate to make a large circle and then cutting around a smaller plate placed in the center of this. Use care to handle the ring without breaking it. Fill the pastry shell with Devonshire cream. This is prepared by scalding the milk the day before then skimming the cream and whipping it. Add a cupful or more of sweetened, very ripe berries and cover with the ring. Heap cream in the center and serve. A most attractive dish and one that is not hard to prepare.

Strawberry Ice.—Wash and hull one quart of strawberries, sprinkle with one cupful of sugar and let stand two hours. Mash and squeeze through a double cheesecloth. To the juice add one cupful of water and lemon juice to taste. Freeze, using three parts of ice to one of coarse salt.

Strawberry Baskets.—Beat the yolks of four eggs until thick, add one cup of sugar and beat two minutes, the sugar should be added gradually; add three tablespoonfuls of water, 1 at a time, and one-half tablespoonful of cornstarch in a measuring cup and fill up with flour. Mix and sift with one and one-fourth teaspoonfuls of baking powder, one-fourth of a teaspoon of salt, and add to the first mixture. Fold in the whites of the eggs beaten stiff and add one teaspoonful of lemon extract. Fill buttered gem pans and bake in a moderate oven. Cool and scoop out the centers and fill with sweetened crushed berries mixed with whipped cream.

Bomb Mousseline.—Line a mold with strawberry ice and fill with the following mixture: Beat one cupful of heavy cream until stiff and add three-fourths of a cupful of powdered sugar, one cupful of strawberry puree, one tablespoonful of orange juice and a teaspoonful of vanilla. Cover with the strawberry ice and overflow, adjust the cover and pack in ice and salt using equal parts, let stand two hours.

There is no friend like an old friend,  
Who has shared our morning days,  
No greetings like his welcome,  
No homage like his praise.  
—O. W. Holmes.

SUGGESTIVE DISHES.

For those who wish to eliminate meat from the diet the following two dishes will offer a variety.

Pea Roast.—Mix three-fourths of a cup of dry bread crumbs, one-half cupful of pea-pulp, that has been prepared by putting the cooked peas through a sieve, one tablespoonful of sugar, one-fourth cup of English walnut meats, finely chopped, one egg slightly beaten, three-fourths of a teaspoonful of salt, one-eighth of a teaspoonful of pepper, one-fourth of a cup of melted butter and three-fourths of a cupful of milk. Turn into a paraffine-lined pan, cover and bake in a slow oven 40 minutes.

Pecan Nut Loaf.—To five rice potatoes add three tablespoonfuls of butter, one teaspoonful of salt, a dash of pepper and one-third of a cup of hot milk. Beat with a fork until creamy and pack into a shallow pan. Set the pan in hot water and bake until well heated in a moderate oven. Turn on a hot platter, sprinkle with one-third of a cupful of finely chopped meats, pour around a cup of well seasoned white sauce and garnish with parsley.

Hot Finnan Haddie Canapes.—Fry one-half tablespoonful of chopped onion and two chopped mushroom caps in three tablespoonfuls of butter five minutes. Add two tablespoonfuls of flour and two-thirds cupful of thin cream. At the boiling point add two tablespoonfuls of cheese, the yolks of two eggs, well beaten, and one cupful of flaked finnan haddie. Season with salt and cayenne. Pile on pieces of toast, sprinkle with cheese and buttered bread crumbs and bake until brown.

Maryland Fried Chicken.—Clean, singe and cut in pieces for serving, two young chickens. Plunge into cold water, shake off and dip at once into flour to get as much to adhere as possible. Try out one pound of fat salt pork, cut in pieces and cook the chicken in the fat until well browned on all sides. Serve with a gravy made with the fat in the pan with thin cream and flour for thickening.

Nellie Maxwell

# SPECIAL DRESS SALE

At Special Low Prices We Offer for

## Thursday, Friday and Saturday

Three lots of Taffeta, Messaline and Serge Dresses at extremely low prices, these are of early spring shipments and mostly dark colors, and small sizes, few medium and large sizes.

One lot of our regular \$14.75 to \$17.50 **\$9.95** garments, your choice of the lot for
