What doth it profit a man to be able to speak seven different languages when he can't think of anything to say?

Since the price of jitneys has gone up the owners no longer refer to their cars as "Tin Lizzies," but now call them "Metal Elizabeths."

Take care of the little bit of common sense the Lord gave you, for these days the supply is not nearly equal to the demand. There was never such a need of common horse sense as now.

Leonard Suit of Russiaville, Ind., wants a divorce from Mrs. Suit. It seems that Mrs. Suit doesn't suit Suit, and Suit doesn't suit Mrs. Suit, so being as they do not suit each other, Suit enters suit for divorce. It seems that matrimonially they are both hard to suit.

Nearly three million dollars is on deposit in the three Plainview banks. It belongs mostly to wheat farmers. Everybody in the Plainview country has money now. Good times are here and will continue. People are coming in from elsewhere and buying farms and other property. The Plains has come into its own. Everybody should husband their resources, and hard times will never, at least for many years, come again.

The American dollar is king of the world, even if its purchasing power at home has been cut in half. Prior to the war the English pound was reckoned at \$4.90 American money. Now it is valued at only \$4.14. It dropped 5c last week. The French franc and the money of all foreign countries also dropped. This drop means hundreds of millions of dollars for American bankers and financiers, but injures the American farmer and manufacturer.

The high cost of politics has come. The democratic party will raise five million dollars to be used in next year's national campaign. Much of this money will be used in campaigning among the twelve million women who will vote, in an effort to induce them to vote the democratic ticket. The votes of the women are going to decide the presidency next year, just as the votes of women elected Mr. Wilson in 1916.

AN UN-NATURAL CREATURE

John R. Shilladay is a white man and hails from New York. He is secretary of the National Association for the advancement of Colored people. He is buggy on the subject of social equality of the white and black races. A few days ago he came to Austin, for the purpose of organizing a branch of his association, and starting a propaganda in Texas to bring about social equality. He got a bunch of negroes together and formed the organization. The white people of the capital city heard of Shilladay's work, and there was a court of investigation, in which he was questioned as to the object of his visit, and he gave vent to some very advanced ideas on social equality. Later a bunch of white men set upon Shilladay and beat him badly; he was escorted to the depot and told to move on and not stop moving until he got beyond the state line. He bought a ticket to St. Louis.

It is indeed a hard job to discuss with moderation a white man who seeks to bring social equality between the whites and the blacks. Such a man is disgusting to contemplate. He is such an unclean bird, such a zooparasite, such a horrible and loathful creature that no community, especially in the South, should let him remain a moment advancing his unnatural ideas. He was indeed lucky to have escaped from Austin with his miserable life.

Such a mingling of blood between the whites and negroes as he would bring about would not elevate the negro, but would drag the white race down to and loved than the present level of the negro.

The hope of the world, of civilization and Christianity, depends upon the Aryan race being kept pure from the intermingling of negro blood. The Aryan race will and should always lead the world.

To for one moment permit the negro to think he will ever have social equality with the whites is a sin against civilization, and whenever a

negro lets his mind dwell upon such a thought he is treading upon dangerous ground.

Such men as Shilladay had better stay out of Texas. They may be able to spout their horrible ideas in Boston and other "nigger loving" sections of the North, but down South the people will not permit it.

The people of the North would do better if they would attend to their own race troubles. They do far more harm than benefit to the negroes of the South by dabbling in the race affairs of the South. The South knows better how to solve its own race problems.

THE "REVOLUTIONARY" PARTY

"A state advisory democratic committee" of thirty-four members will meet in Dallas tomorrow for the purpose of launching a revolution in the democratic party, in Texas first, and then throughout the United States.

Joe Bailey is the guiding spirit of this revolution.

John Barleycorn is the "man behind the throne."

These revolutionists at their recent conference in Fort Worth adopted a platform. In that platform they say they oppose—prohibition, woman's suffrage, the League of Nations, socialism, the initiative and referendum, etc.

They are "agin" President Wilson and the democratic administration. The platform contains a dozen planks, and practically every one of them is a grouch.

But what good will all their grouching do? National and statewide prohibition is already a fact, and cannot or rather will not be changed. More than half of the states already have woman's suffrage, and as fast as state legislatures meet they are ratifying the national amendment. So far only two states have refused ratification. The amendment will doubtless become effective in time for next year's presidential campaign.

They say they are opposed to direct legislation and yet in the next breath declare that amendments to the national constitution should only be ratified by a vote of the people.

All democrats oppose socialism—or should do so.

They are going to carry on their revolution within the democratic party, but if they fail to reform the party, they propose to join Jim Ferguson's party or organize another one.

The News is not a prophet, but it can read signs when they are in box-car letters. The New prophecies that

nausey and John Barleycorn and the party will be booted out of the regular democratic party. They should get out now, while the going is good. They are but a source of trouble in the regular party. The party will be better off without them.

They will have no standing in the national party. They will but give comfort and aid to the republicans.

Joe and Jim love one another like a cat and a dog does. But they both love the interests of John Barleycorn, hence through John's interests they may become affinities. Jim says he is for Joe for president; but Joe isn't bragging over having Jim's support. Every time he thinks of Jim he has an attack of seasickness.

Joe is going to move back to Texas, and establish at law office in Fort Worth. He will mix once more in Texas politics, and is being urged to run next year for governor. If he does there will be more hades of the fire and brimstone sort than was ever before stirred up in the Lone Star State.

The editor of the News has been fighting Joe ever since we first heard of him and his ways. We were the first to denounce him over the Grape-

vine farm deal. We were among the first to denounce him over the Walters-Pierce oil deal; we helped to get his political scalp twice in Comanche county. Our opposition to him is fundamental, just as our opposition to Jim is fundamental.

QUIT GROUCHING, BEN

We do not know whether it is that his liver is out of gear; whether his eye-sight is bad and has made him nervous; whether it is the general unrest of the country that is affecting him; whether he has Bolshevik tendencies, or is just a chronic grouch—anyway for a long time Ben Smith of the Lockney Beacon, has been "knocking" Plainview and Hale county at every opportunity he could conjure up.

Just why he has a grouch at Plainview, we are at a loss to know. Just why he has departed so far from "the spirit of the Plains" to complain and knock at a neighboring town, is a mystery. During the more than eight years we have been in Plainview we have never seen a line in a Plainview newspaper knocking at or reflecting on Lockney, Floydada or Floyd county.

We have never heard a citizen of Plainview knock Lockney or any part of Floyd county. On the contrary, we have heard hundreds and hundreds of good things said, and the newspapers here have been uniformly complimentary anent Floyd county.

The Beacon's grouch seems to be solely because Plainview papers sometimes mention the section about Aiken as being in "the Plainview country." Well, what of it? The county line runs just this side of Aiken, and much of the Aiken trade comes to Plainview. The fact is, the News usually refers to that section as the "Aiken country." It is just as much the Plainview country as it is the Lockney county, for that matter. Guess the Beacon wants us to mention some farm out there in the following way "Henry John's farm, which is an inch and a half nearer Lockney than Plainview."

The Beacon insinuates that we include grain and produce shipments that come over the branch line as Plainview shipments. The Beacon is in error, for only such as originate here has been credited to our town. We do not have to take any credit due

Store Talk

The Big Boss returned Wednesday night from Colorado. He was mad about the low prices we had been making on groceries where he was away, but was pleased when we showed him the big volume of business, and we proved to him that the short profits were more than made up. Its better to make a small profit on a large amount of business than a big profit on a small amount of business. We are going to keep right on selling at close profits. You'll save money by trading at either of our store.

There is never a time in the life of a chicken when it is in such great danger as during the moulting season. More hens die then than at any other time. Careful feeding is necessary to keep up the vitality of the hen, produce new feathers and keep her laying. You can't be too careful in your feeding and Purina Chicken Chowder is a balanced ration that will do the trick.

Eggs are going to be scarce as hen's teeth during the moulting period unless your birds are properly fed on Purina feed.

Don't expect eggs either if the lice and mites are eating up your chickens. They have no life left to produce eggs. Get our lice and mite paints and powders and make the hens comfortable.

There is still some of that Light Crust flour left—the kind that makes summer baking a pleasure for it is an all purpose flour making bread, cakes, pies and biscuits equally well. It's the blend that does it. Can't we send you a sack today.

Course we need rain and the grass is getting a bit dry and the cows are not giving quite as much milk this hot weather, but it will pay you to keep them well fed and watered—it will mean more cream for you and for us and it will mean lots more money for you. Remember we test the cream here in Plainview and you get your check promptly.

Remember always that we can always use your country produce. Bring us your eggs, your fowls, your butter, your cream, and your garden produce.

Because these two stores continue to SERVE in the true meaning of that word they are continuing to grow. If you are with us we appreciate it, if you are not we want you to be, for it will help us both.

Red Cross Trained Nurse Will Begin Work Sept. 15

The American people should—and thousands of them do with sorrow—remember the deadly epidemic which swept over the United States a year ago and exacted a tremendous toll of the lives of the people.

They should remember those who have succumbed to the after effects of the influenza, or who still live in a weakened condition as the result of its ravages.

Already the second visitation of the most dramatic and destructive plague of modern times has begun. Even in our own town cases have appeared during the present month.

To combat this evil whose shadow is darkening the country, the American Red Cross is sending out nurses to the various chapters whose duty it is to teach the masses right living, to encourage sanitation, to prevent contagion and to make a gallant effort to stop preventable disease and to stay the ravages of epidemics.

About September 15th a Red Cross nurse will come to Plainview to instruct classes in nursing. The chief object of this instruction is home hygiene and the steps to be taken to make the women of the community better prepared in case of an epidemic.

The nurse will visit the homes in case of illness if necessary, and will be required in many instances to do bedside nursing.

The nominal sum of \$2.00 will be charged for the course of instruction. But if anyone within the jurisdiction of the chapter feels unable to pay she will still have access to the classes and no one will be the wiser in regard to her financial standing.

Do not let the want of a paltry sum interfere with the welfare of the family.

Classes will be organized at different times at accessible points in Hale and Lamb counties and arrangements made for the transportation of the nurse. The doctors throughout the chapter are asked to co-operate in the good work.

Anyone desiring to enroll or to get further information on the subject can do so by calling at the chapter headquarters, corner of W. Seventh and Broadway, between the hours of 1 and 6 p. m.

Mr. and Mrs. L. H. Rosser Have Family Re-union

Tuesday there was a family re-union at the home of Mr. and Mrs. L. H. Rosser in this city, and all their children and grandchildren, except one son, Percy who lives in Fort Worth, were present.

Those present were A. G. Rosser, wife and four children of Fort Worth; E. B. Rosser, wife and child of Bartonsite; True H. Rosser, wife and four children of near Petersburg; and Mr. and Mrs. W. R. Robbins, friends from Fort Worth.

The day was very enjoyably spent and a delicious dinner was served.

Miss Elsie Ogden Weds Prof. William F. Nix

Miss Elsie Ogden and William F. Nix were married Sunday morning at 10:30 o'clock at the home of the bride's parents, Mr. and Mrs. W. B. Ogden, near Olton. Rev. S. J. Upton of the Methodist church performed the ceremony in the presence of relatives and a number of friends.

The rooms were decorated with cut flowers, ferns and potted plants.

The bride wore a dress of white crepe de chine.

The bride taught in the Plainview public schools the past three years, and the groom taught at East Mound and other places in Hale county. He was discharged from the army several months ago.

They expect to make their home at Olton.

Miss Thelma Griffith and Virgil Brazzell Marry

Miss Thelma Griffith of Lockney and Mr. Virgil Brazzell of Slaton were married in Lubbock Monday afternoon. The bride was formerly book-keeper for the Texas Utilities Co. in Plainview, and the groom was employed with the Long-Harp Drug Co. They have many friends here who extend best wishes.

No meeting of the Tuesday Bridge club was held Tuesday afternoon, the meeting have been postponed.

"For What Did They Fight and Pay?"

In the battle of St. Mihiel 550,000 American soldiers fought, and many of them died. Kindly in civilian life, they proved themselves fierce fighters when after the foe.

An idea of the size of the struggle can be obtained by comparing it with the battle of Gettysburg, in which 100,000 northern soldiers fought.

The Meuse-Argonne struggle lasted for forty-seven days and 1,200,000 American soldiers risked their lives, many of them making the supreme sacrifice.

America had 2,086,000 soldiers in France, of whom 1,390,000 saw battle service, more than 50,000 dying in battle, a total of 122,500 overseas having died.

There were 236,000 American soldiers and sailors wounded on the western front.

No tribute is so great as to do justice to the gallantry shown by the boys who turned the tide of battle and helped our bleeding allies to victory, the French soldiers who died in the struggle having numbered 1,385,000 and the British numbered 900,000.

The war cost America much more—very much more—than \$1,000,000 an hour for two years.

The people have paid and are paying taxes on nearly everything; if not directly, then indirectly, on what they wear and eat and in rent.

The nation's net debt as a result of the war is about \$22,000,000,000, or about \$1,000 for every family, which finally must be paid by the toil of the family, for, no matter who pays it directly, in the end it comes to the consumer; and with interest added it will amount to more than \$2,000—nearer \$3,000—by the time it is paid.

What was the object of all this sacrifice over and risk and treasure?

What do we owe to the men who went over and risked their all?

What do we owe to the read or the fields of France?

What do we owe those who came back maimed for life?

What do we owe to those who gave generously of wealth and time?

What do we owe to humanity?

Do we owe them an assured peace for the future, or do we owe them endless bickering?

Those who sacrificed over there cry out that such a sacrifice shall never be forced on humanity again.

They know the fierceness of the death-dealing instruments devised by man; they know that another world conflagration, carried on with the knowledge gained in this, would all but wipe out humanity.

Those who suffered in the trenches would have themselves, their children and their children's children spared

Many Conversions In Methodist Meeting

The Methodist revival under the direction of Evangelist Freeman who is assisting Pastor Robinson, has become very interesting. Tuesday night there was a great meeting and about thirty conversions. Each night service since then has resulted in from fifteen to twenty conversions. Sunday morning Pastor Robinson will take into the church a class of fifty or sixty new members.

No services will be held Saturday, but Sunday there will be three services at 11, 3:30 and 8:15.

Those who have not been attending the revival have been missing great spiritual feasts. A very large attendance is urged at the Sunday meetings.

Holiness Meeting Closed Tuesday Night

The Holiness tent meeting in Plainview closed Tuesday night. The last service was one of the best of the series. Evangelist Kendall did some good work here. There were a number of conversions.

The big tent was taken Wednesday to Whitfield, where a revival will begin tonight.

Mrs. J. M. Malone Appointed Baptist District Organizer

Mrs. J. Murray Malone of Plainview has been appointed organizer of the woman's work in this the sixteenth district of Texas for the coming great Baptist campaign in which the Southern Baptists expect to raise \$75,000,000. The quota for Texas is \$16,000,000. Mrs. A. F. Beddoe of Dallas is head of the woman's work in the state.

The following assistants have been named in this district: Mrs. R. B. Longmire of Kress, Mrs. M. J. Shaw of Lockney, Mrs. J. B. Walker of Tahoka, Mrs. E. J. Cowin of Spur and Mrs. J. A. Clark of Quanah.

Presbyterian Services

Regular services will be held by Pastor Gordon Lang Sunday morning at 11 o'clock, but there will be no night service on account of the revival at the Methodist church. Sunday school at 9:45.

Announcement is made that a revival will begin at the church the third Sunday in September. The choir work will be under the direction of Laues Mallard of Tehaucana, who has quite a statewide reputation as a singing evangelist. Miss McCurdy will return to Plainview by that time and will play the accompaniments. Pastor Lang will secure the services of an eminent evangelist, most likely Dr. Sneed.

from such an ordeal again.

We all know that before this war we were told that great armaments worked for peace, and we know now that that was not true—that they meant death to mankind.

We have learned that peace can be maintained throughout the world only through an intelligent understanding among nations.

And the voices of those who have gone and those who remain cry out for such an understanding.

That understanding, written into the league of nations covenant, is being accepted in Europe.

Our constitution gives the United States senators the power to accept or reject the understanding accepted by other nations and before this government for action.

Each senator has a right to use his own judgment, to come to his own conclusions, in the matter, but he has no right to push aside Humanity's cry and to base that judgment—on the lines of party expediency.

There was no partisanship in the fight on the French front; there was no partisanship in the buying of Liberty bonds or giving to patriotic funds; there should be no partisanship in the contest in the United States senate; but, unfortunately, there is.—Henry Ford's Newspaper.

Carney on the Road

John Carney, the well known evangelist, preached on the streets here the first of the week. In former years he was a determined and aggressive enemy of the liquor business. He has his wife with him and travels over the country in a car. He preaches against all kinds of sin and law breaking. He has been traveling over Texas fighting Satan for a quarter of a century.—Memphis Herald.

BULWARK OF DEMOCRACY

This is to remind the reader that the state board of education fixed the scholastic apportionment at \$7.50 per capita for the ensuing year. A total of 1,245,278 scholastics were enumerated within the scholastic age, an increase over last year of but 29,000.

It was estimated that the 35 cents school tax on this year's values will produce net \$8,680,000 for the available school fund. Out of it comes 15 cents, or \$3,720,000 for free text-book purchases, leaving \$4,960,000.

To that is added \$3,600,000 to come from other sources, such as interest on school lands, interest on bonds held by the school fund and occupational gross receipts taxes and a cash balance of \$557,000, making a grand total of \$9,117,000.

Texas has a compulsory school attendance law. It should be made more drastic.

Texas should educate all the children of all the people.

A Titan 10-20

INTERNATIONAL HARVESTER COMPANY

Tractor

was purchased from S. P. Dickson, as a second-hand engine, in September, 1918. Up to that time it had plowed and double-disked 200 acre of land. In the Fall of 1918 this tractor plowed and double disked 300 acres of land. Commencing in January this engine, together with an 8-16 International, plowed 1,000 acres of sod and double disked 400 acres. Beginning on the 23rd day of June this tractor, together with another Titan, cut 965 acres of wheat in two weeks and two days.

Since that time this tractor has been pulling an eight-foot tandem disc harrow on land which had previously been double disked twice. Altogether it has plowed 1,000 acres of land, double disked 1,125 and cut 482 acres of wheat. It has used on an average 20 gallons of kerosene and 2 1/2 gallons of lubricating oil in every ten-hour day. The repairs have cost \$185.75.

This engine, together with two other Titans and one 8-16, is now double-disking 400 acres of land on the Pioneer farm, 2 miles east and one mile south of Plainview. We would be glad to have you look this engine over, see what parts are worn, condition it is in and kind of work it is still doing.

We do not claim that there is anything phenomenal about the amount of work done with this tractor, but believe that you, as a purchaser, would be interested in an honest statement of what you might expect it to do on your farm.

We would very much appreciate your coming to see not only this tractor, but the other tractors and you will find the boys running these tractors willing and anxious to answer any questions you may care to ask concerning the tractors and their work. Remember their location, Pioneer Farm, two miles east and one south.

NEW FALL CLOTHES FOR MEN

The evenings are turning cooler and it is time to think of getting that new Fall Suit.

This year in particular, a new Fall Suit means a good Fall Suit.

Since the requirements of the Government for Uniforms have been filled, the looms of the Woolen Mills all over the country have been employed in the weaving of woolen fabrics for civilian wear.

It is a well known fact, that the supply of woolens for Men's wear had become entirely exhausted at the time the Armistice was signed, hence the scarcity during the past six months of Men's good clothes.

Now, however, the situation is changed, the new woolens are on the market, the same good pre-war quality, and variety of beautiful patterns, are to be had here, carefully tailored, and with the character and style of the best Custom made clothing.

You owe it to yourself to get our prices on these new clothes, they are priced surprisingly reasonable.

Yankee Robinson Collection Finesa—
Dance to Music and Change
Step with Change of Music

Lovers of horses find unusual delight in the horses of the Yankee Robinson Circus which appears in Plainview Thursday, Sept. 18th. The general collection is unusually fine, even for organizations that make a specialty of beautiful and well-trained wonders, but nowhere before has ever been seen such horses as those that are ridden by the equestrians who do the artistic riding. There's a reason. The Buchanan Dancing horses, twenty in number, were formerly the property of Col. Hobbs of Boston—a wealthy capitalist who fairly combed the earth for exhibition horses. "Lady Virginia" formerly of the Vanderbilt stables was a Blue Ribbon winner for four consecutive years at the Madison Square Horse Show while "Texas Tommy" won similar laurels at the Boston Horse Show. "White Sox" and "Boston" two others of this famous collection of dancing marvels are now valued members of the Yankee Robinson Three Ring Wild Animal Circus and are just one of the few features to be seen with this big organization.

The Big Store On the Corner—In the Heart of Plainview

NOW OPEN FOR BUSINESS

The Richlier Store Is Now Barrier Bros. Dry Goods Company

Service

In the shuffle during the war and since you've probably wondered if you were to again receive that courteous prompt attention that you learned to expect in days gone by. Well come let us show you that it isn't a lost art. Our sales people are alert to serve you, they are "wide-awakes" and "glad to see you."

Prices

Everything in this store is fairly priced. Nothing is lowered in price to boost the sale of some other thing at the expense of the customer's satisfaction after the sale is made. We look beyond the transaction of today and view the results that the transaction will accomplish in the future.

For more than a week the store has been closed or topsy-turvy making ready for the change.

Now that inventories have been completed, every employe of the former management is back ready to serve you in the most satisfactory way. Other helpers are being added and the Barrier Bros. store from Sept. 1st, will be fully up to the established Barrier Bros. standard.

We are not strangers on the Plains for we have had for months, stores at Lubbock, Brownfield and Floydada.

Every day brings new and interesting merchandise from New York and other style centers.

For several weeks to come the ladies interests' will be centered on something to wear during the fall and winter months, new suits, cloaks, dresses, waists, millinery, etc.

We anticipate your highest approval of the splendid lines now being shown in our store. The assemblage is made possible by the combined efforts of several experienced buyers who have put their best into the choosing of our fall and winter ready-to-wear. It is fair to yourself and fair to us that you give our lines an occasioned look.

You Never Saw Prettier Fall Suits

You'll surely want one of these pretty creations when you discover what a smart appearance they present. You can wear the suit you choose now until the very coldest days arrive, because the long jackets are full-lined and button up snugly about the throat. Our prettiest models are not duplicated—enabling you to have a style "all your own" at a very moderate cost, if you choose promptly.

Stylish and Becoming Fall Dresses

Materials are many; both silk and wool are well represented, some times alone, and again in attractive combinations. There is such a diversity of effects produced by panels, pleats, sashes and draperies; and touches of fringe, braid embroidery, beads and buttons lend a charm which is altogether irresistible. To see these new dresses is to desire them, and there very moderate pricings make possession far from difficult.
