## DEATH LIST OF GULF STORM ABOVE 600 AND GROWING

MAY BE MUCH LARGER WHEN  
ALL BODIES HAVE BEEN  
RECOVERED

San Antonio, Sept. 17.—At midnight check of bodies recovered in the Gulf storm places official death list as follows:

Recovered at Odem, 11.  
Recovered at White Point 52.  
Recovered at West Portland, 38.  
Recovered at Corpus Christi, 47.  
Recovered at Portland, unofficial, 60.

At Rockport, 8.  
At Port Aransas 350 (estimated).  
At Aransas Pass, 1.  
Counted in bay off White Point 37.  
Total 604.

Reports from Aransas Pass late tonight estimated the dead in that vicinity at 350. Few bodies had been recovered and few of these had been identified. Food shortage there was reported and an urgent call for assistance was sent out.

These figures include thirteen bodies at White Point today, and the thirty-seven bodies seen floating in the bay which it was impossible to recover. There is a slight possibility of duplication in these figures in respect to the total thus far recovered from Nueces Bay, but the figure 148 appears correct.

A message from Roy Miller at Corpus Christi this afternoon said it is believed there the death list will reach 300, but it is known that figures of recoveries on the north shore as transmitted to Corpus Christi have been duplicated to some extent.

A hard rain is falling in Corpus Christi tonight and all along the Nueces Bay shore, making rescue work almost impossible. It prevented the building of a tent city in which it was expected to house 2,000 refugees in Corpus Christi tonight. It also prevented the dispatch of airplanes to Rockport and Aransas Pass which probably are in as serious condition for lack of food as Corpus Christi.

Four thousand people crowded into the town of Aransas Pass are in desperate need of food, clothing and shelter, according to a message received here late tonight, the first telegram which has reached San Antonio from Aransas Pass since Sunday.

While picturing the suffering of the food refugees as extreme, it brought for the first time confirmation that approximately 500 citizens of Port Aransas, which was swept by the storm, Ingleside and Harbor Island are safe in Aransas Pass. They "literally drifted in," is the graphic message.

Wheat Shipments are Held Up  
The embargo on wheat shipments continues, and practically no wheat is moving out of this section. A message was received this week authorizing under certain conditions the shipment of wheat from the fields, which have been stacked up, but as all such wheat is wet it cannot of course be shipped out until it dries. A local grain buyer remarked this morning that possibly the government official who sent the telegram wouldn't know a grain of wheat from a grain of corn.

Local people think that in a few days shipments will likely be authorized to again move to the Galveston port.

Salvation Army Drive Coming  
Within the next day or so posters and bills will be put up over Plainview and Hale county advertising the coming campaign for the Salvation Army in which Hale county's quota is \$1,600.

Capt. Carl Brown has been appointed chairman for Plainview precinct, in place of Capt. H. S. Hilburn, who has resigned the appointment. He will line up committees for the work in this precinct.

Bought Coons Property  
L. P. Barker has bought the lot just south of the Ford auto building from Mr. Coons of Amarillo. Mr. Barker expects to erect a brick building on it at some future date.

Will Become Assistant-Cashier  
C. S. Powell will be promoted to the assistant-cashiership of the Third National Bank, to succeed Will Stockton, who will on October 1 become postmaster.

## BANK DEPOSITS ALMOST DOUBLE IN 73 DAYS

Total September 12 \$2,644,609.94—  
Loans Are Being Reduced  
Rapidly

Between June 30 and Sept. 12, seventy-three days, the deposits in the three national banks of Plainview increased \$1,209,801.21. This is shown by the statements of the banks made to the comptroller of currency.

The following is an abstract of the statements on the two dates given:

Deposits Sept. 12  
First National Bank \$1,452,983.36  
Third National Bank 723,150.96  
Citizens National Bank 468,465.62

Total \$2,644,609.94

Deposits June 30  
First National Bank \$936,706.62  
Third National Bank 422,722.12  
Citizens National Bank 275,379.99

Total \$1,434,808.73  
This additional money came mostly from wheat sales and from sales of farms and other property. Had there not been an embargo on wheat shipments there would have been considerable more money on deposit, as the embargo stopped the sale of wheat to the farmers.

The loans of the banks have been greatly reduced since the June statement was made, while the cash and sight exchange on hand has been increased very much.

## ROUND ABOUT TOWN

Interesting Items Picked Up Here  
and There by the Editor of  
the News

Mrs. W. Holbrook and children, Raymond and Betty, will leave Sunday morning for an extended visit to Captain Holbrook's parents, Mr. and Mrs. Chas. E. Holbrook, in Watertown, New York.

J. J. Bennett left yesterday morning for Corpus Christi, to see if he could be of any assistance to several of his friends, who suffered damages and possibly bereavement in the big gulf storm.

Lieut. Burke Mathes came in Wednesday from Pensacola, Fla., where he has been serving in the naval airplane division. He has been put on the inactive list. He was in the service throughout the war, and was an instructor in flying for a time.

R. R. McGregor has gone to Wichita Falls, to again be the manager of the Piggly Wiggly store there. His place as manager here has been taken by Bob Nichols. Sherman Lockhart has a place as salesman in the store here.

R. F. Stewart and family will about October 1st to Eastland, where he will open a dairy with a bunch of Holstein cows. He was recently down there and said he could see more money in the dairy business than anything else, hence thought he would engage in it.

Andrew J. Newman, one of the 553 boys who went into the war from Hale county, arrived today, and will go to the home of his step-father, Mr. Tatum, near Lockney. He saw service across seas, and has just been discharged from the service.

F. A. Baylies arrived last night from Des Moines, Iowa, to spend some time here looking after his farm and ranch between here and Hale Center, and other business matters. Mrs. Baylies came a couple of weeks ago.

## Oil Case Set for October 11

The injunction case against the officers of the Tahoka Oil & Gas Co. has been set for a hearing on Oct. 11th before District Judge Joiner. M. M. Herring, secretary of the company, is here from Tahoka. An agreement has been made allowing the workmen to finish pulling the casing out of the well.

## Expect Well by Saturday Night

Reports from Santa Anna say the ten-inch casing in the Santa Anna Oil & Gas Association well has been set and drilling resumed. It is thought that the well will be brought in by Saturday night.

## RAINS THIS WEEK AGGREGATED 5.04 INCHES

Puts Fine Planting Season for Wheat,  
Will Help Late Row  
Crops

The rains of Monday, Tuesday and Wednesday aggregated 4.82 inches, according to the weather observer in Plainview. The weather fared off Wednesday night. Late yesterday afternoon there was a downpour for about a half-hour of .22 inch, making the total this week 5.04 inches.

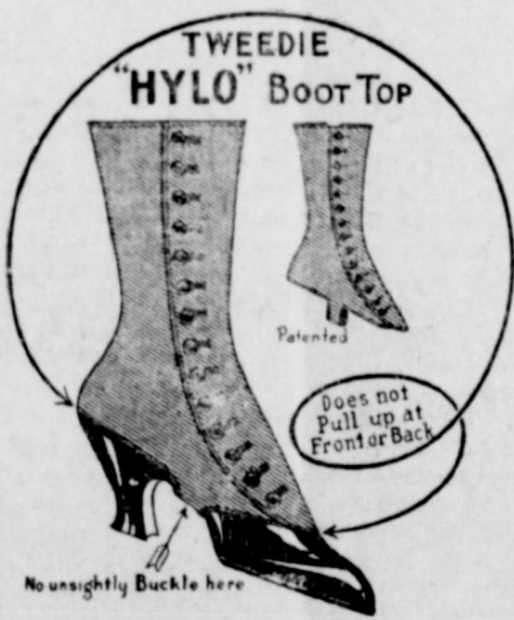

This rain will be of great benefit to the Plains, for it puts an excellent fall season in the ground for wheat planting, also helps late maize and kafir, and will provide a good winter

## MAY BUILD FINE APARTMENT HOUSE HERE

Stock Company May Be Formed to  
Erect Building at Cost of  
\$100,000

A meeting was held of prominent local citizens Monday afternoon, looking to the organization of a stock company with a capital stock of possibly \$100,000, for the purpose of erecting a fine apartment building in Plainview, to take care of a number of families, especially those of traveling men, who desire to make this place their headquarters, who want all the modern conveniences.

It is stated that about one-fourth of the stock has been spoken for if the company is organized.

A committee composed of Messrs. P. J. Woodruff, A. G. Hinn, L. P. Barker and W. E. Riser was named to get up details of the organization and see if the enterprise can be floated.

## ONE THOUSAND OZARK TRAILERS ARE COMING

People of Town Will Have to Open  
Homes to Visitors Night  
of September 29th

E. H. Perry says if the weather is good and the roads have dried off possibly one thousand Ozark Trailers may spend the night of Sept. 29th in Plainview, when the relay excursion of delegates to the annual meeting of the association which will be held in Roswell, meet here for the final day's run.

Several divisions of the Ozark Trails will come together here, and Plainview will entertain the delegates that night. Mr. Perry says the people of the town will have to open their homes for the accommodation of the delegates, and a committee will be appointed to have this matter in charge. The delegates will pay for their rooms, which must be only a reasonable charge.

## Circus Was Well Patronized

Yankee Robinson's circus was here yesterday, and despite the very muddy weather large crowds attended both afternoon and night exhibitions. The general admission was \$1 and reserved seats 50c, besides the side-shows and other money-getting schemes, hence the circus took several thousand dollars away with it in profits.

material can be put on the ground.

Messrs. R. L. Beard, president, and C. D. Hensley, cashier, of Littlefield, were here with local stockholders and let the contract.

The new bank expects to open for business in temporary quarters within a few days.

## Heard Mexican Battle

Miss Leona Houston returned from El Paso Thursday, where she has been for several months employed as saleswoman in a department store. She was rooming only three blocks from the border when the American troops went into Mexico and drove away Villa and his followers in June, and heard the gun-firing. She said there was great excitement. One day a stray bullet came across the border and into the store where she worked. She says board and rooms and other expenses in El Paso are much higher than here, and make it hard for working people to live. She went to Canyon this morning to spend several days and will then return to Plainview.

## Capt. and Mrs. Tandy Safe

Some anxiety was felt in Plainview for Capt. and Mrs. Tandy, who are now living at Palacios, on the coast, but a message from the Captain says they are safe. The storm wrecked the beach front there, but those living above the bluffs were not damaged.

W. A. Shofner and family, formerly of Plainview, live at Port Lavaca. About \$100,000 worth of damage was done to property on the beach front there, but there was no loss of life.

## Miss Norwood Will Recover

Miss Tulia Norwood, who was most seriously hurt in the auto tragedy Sunday, will recover from her injuries, and her condition is now improving. The thigh and pelvic bones were badly fractured, so an x-ray photograph shows, but unless complications set up, she will soon be able to be up.

## WEST TEXAS DENTISTS HOLDING CONVENTION HERE

PAPERS BEING READ TODAY,  
BANQUET TONIGHT, CLINICS  
TOMORROW

The annual convention of the West Texas Dental Society convened at the Elks hall in Plainview this morning at 10 o'clock.

The invocation was by Dr. E. E. Robinson, after which R. A. Underwood, of the Board of City Development, delivered the address of welcome, to which Dr. W. C. Neal of Abilene responded.

This was followed by the address of the president, Dr. A. J. Wimberly, of Sweetwater, who is presiding.

Later Dr. W. H. Flamm of Amarillo read a paper on "The Value of X-ray in Dentistry," illustrated with slides.

The following members of the society are in attendance, and possibly others will arrive by tomorrow: Drs. A. J. Wimberly of Sweetwater; Sid A. Harris of Snyder, secretary; E. O. Ellington of Big Springs, J. C. Guest of Lockney, C. M. Ballinger of Lubbock, R. B. and Mrs. Hutchinson of Lubbock, W. C. Neal of Abilene, Younger of Clarendon, W. H. Flamm of Amarillo, Fred W. Dodson of Amarillo, W. R. Rodgers of Amarillo, H. M. Carl of Claude, Ingham of Canyon. The local dentists are Drs. C. D. Wofford, P. E. Bernt, W. F. Ferguson, J. A. Ferguson, W. J. Lloyd, Flavius Green.

Dr. Hutchinson will this afternoon read a paper on Focal Infection.

Tonight there will be a banquet at the Ware hotel for the visitors.

Beginning at 9 o'clock in the morning at Dr. Wofford's offices, there will be a series of clinics as follows:

Clinics

Fair at Tulia Next Week

The annual Swisher county fair will be held at Tulia Friday and Saturday of next week, and we understand that the showing of farm and other products promises to be very creditable. A generous list of premiums is offered to exhibitors. After the fair the best products will be taken to the Dallas fair, to form a county exhibit. Many Hale county people will attend the fair.

## Nelson Perdue Appointed Deputy

Nelson Perdue has been appointed deputy sheriff and deputy county tax collector by Sheriff J. C. Terry, to take the place of W. M. Jeffus, who has resigned, in order to give his time to his farm. Capt. Perdue served across seas in the American army. He is a very competent young man, and the appointment will meet with the approval of the people.

## Roads are Very Muddy

The oil carriers on the rural and star routes out of Plainview are having a hard time this week, on account of the muddy roads. The Petersburg carrier has been making only a trip one way each day, instead of the roundtrip.

## Roof of Elks Home Sinks

The roof over the billiard room in the Elks home this week sank about five or six inches. Jacks had to be placed under it, and it is to be repaired at once.

## Jewish New Year Next Thursday

Next Thursday will be Rosh Hoshanah, the Jewish New Year. The store of Jacobs Bros. Co. will be closed during the day.

### WHY HIGHER TAXES?

Almost every day we hear somebody kicking because the city tax rate is now \$1.25, whereas it was but 60c a year or so ago. Some people cannot see why the rate should be higher now than then.

But, there are many reasons why it should be higher.

Several years ago there was no street paving, neither were there any cement street crossings, and there were but few sidewalks. During the rains, like the one this week, the streets were loblolly, and the mud in and alongside the streets to the depot was very deep. The public square was a field of mire and mud.

Does anyone wish to return to the unpaved streets, with no crossings or sidewalks? Well—hardly.

The water and sewer systems have been extended some, and now take in larger territory.

There is more money spent on street improvement, now than then.

The city now has an auto truck that has supplanted the old horse truck.

The city streets are lighted with electricity.

All these things cost money. We wouldn't do without them for the difference. The only way the city has to get money is by taxation. So, whenever there is any sort of an improvement, you may figure that the taxpayers of the city are going to have to pay for same, by increased taxation—not occasionally, but in every case.

If people insist on more and better service from the city, from the county, the state or the national government, they must pay for it.

Hence, of course taxes are higher than they were several years ago, for the people insist on having the government do more.

When a man and a woman sin, the woman falls, but the man merely stumbles.

You can't sometimes always tell. The lad with the pasteboard valise may have a bigger bank account than the lad with the \$75 wardrobe trunk.

Olin Brashears has gone down in the Eastland county oil fields, prospecting with the intention of opening a grocery store at Desdemonia or some other town.

The Clarendon News says if the question of dividing Texas ever becomes an issue, it will have something to say and some facts to lay on the table. Well, with all due regard to our Donley county exchange, facts are something that so far the opponents of division have not put forth in their arguments. The facts have been on the side of the divisionists. About all the anti-divisionists have said is something about the "empire state," and about the sentiment of the Alamo. There is no question if Texas were divided into two or three or four states the people would have better laws, taxation would be less and the states more prosperous. Editor Loomis of the Canadian Record has been writing some articles in favor of division that are unanswerable. The claim of the Clarendon paper that "political ambition" is at the head of the division idea is all bosh.

### WHERE'S THE DIFFERENCE

We Americans feel that we are better than the Mexicans. We deprecate the chaotic state affairs and out-lawry in Mexico. We are shocked at the manner in which people have been killed. We are incensed whenever an American in Mexico is killed and want to send an army into Mexico to punish the murderers. Some of us demand that this country intervene and take over the Mexican government, because the authorities down there cannot enforce "law and order."

Friday night in Pueblo, Colo., a mob made an assault on the city jail and after overpowering the jailer forced the keys from him, and then took out two Mexican prisoners and lynched them. The Mexicans were under charge of murdering a man.

Now, was such out-lawry any better than the out-lawry in Mexico? After such an affair can Americans throw any stones at Mexico? Are we not really more culpable than the authorities in Mexico are? In that country there is chaos; in this country we pride ourselves on our "law and order."

Of course the mob at Pueblo was composed of roughnecks, for mobs are always composed of criminals at heart and craven cowards. But, so far no arrests have been made. In Mexico, we complain, Carranza makes no effort to punish Mexicans who murder foreigners. Are we doing any better than Carranza?

Doubtless, the lynching in Pueblo when reported in Mexico, will cause Mexicans to have even more enmity toward Americans, and possibly incite them to kill Americans.

The more we know of mobs the more contempt for those who take part in them. The authorities should in every mob case ferrit out the mobites and hang every one of them, without the least mercy being shown, for mobs never show mercy toward their victims. The world is much better off without such cowardly scoundrels as persons who take part in mobs.

Mobs invariably select for their victims men who are friendless or penniless. They never wreak vengeance upon the powerful or the rich. Neither do they ever give their victim any chance. Every man who takes part in a mob will hit the hottest part of hades within a quarter of a second after his miserable soul leaves his body.

### THE STATE ROAD BOND ISSUE

The proposed \$75,000,000 state bond issue for good roads ought to be defeated. This may seem surprising to some friends of The Record in view of previous declarations favoring the amendment and our consistent advocacy of road bond issues.

It was generally believed when this amendment was submitted that the automobile license fees would be pledged to pay interest and provide sinking funds. That this belief was a mistaken one is now apparent. Not only are the license fees not pledged for the purposes mentioned, but the amendment seems to be so drawn that the legislature will be compelled to levy an ad valorem tax to take care of the bonds.

Taxes have reached a new high level in Texas, and the Record will not advocate the policy of taking the bridle off the legislature to levy taxes even for the purpose of road building. Our aw-makers have shown little regard for expenses, and liberal as our views are on the matters of taxation and improvement, we are not willing to give the legislature any more taxing power than it now enjoys. At least not until that body manifests a keener appreciation of the value of a dollar than it thus far has shown.

The Record's view of the road bond issue amendment is that the interests of the state and the good roads movement will be best served by defeating the present amendment and leaving to a future legislature the task of submitting a better one.—Vernon Record.

Bruce Spencer of Lubbock was here yesterday.

W. H. Young, a banker of Attica, Ind., is here. He owns some land near Olton.

The populists used to be known as the "calamity howlers party." Later the democrats became even grater calamity howlers than the populists. Now the republicans have become the real calamity howlers of the nation. These days most of the republicans in congress do not seem to stand for anything, but are against everything. A negative party is a rather sorry figure in national politics.

### SLAYDEN THE AUTHOR

It now transpires that a Texan and not President Wilson is the real author of the League of Nations plan. In 1896 Congressman James W. Slayden of San Antonio inserted in the naval appropriation bill a paragraph which directed the president, on or before the conclusion of the war, to invite the nations of Europe to a conference, the representation in which was to be men learned in international law, for the purpose of providing a world-wide agreement in the reduction of armaments, and for the preparation of a code of international law, supplanting the present code, which, Mr. Slayden contended, is obsolete, and not in the essential particulars meeting the needs of the world. There was one vote against the provision in the house, but a greater opposition in the senate, not sufficient, however, to defeat the provision.

Much stress is being laid by the President in the speeches of the present tour upon this direction, and he tells his audiences that congress not only went on record for the reduction of armaments, but directed him to call the conference to discuss methods of preventing further wars.

But, like most all politicians, President Wilson was ungrateful to Slayden, in fact turned against him, and in a most disreputable way encompassed his defeat for re-election last year, and helped to elect Charles Dyer, a brother-in-law of Postmaster General Burleson.

Congressman Slayden has for many years been a leader in all movements looking toward worldwide peace, reduction of armaments. The manner in which Mr. Wilson treated him was heartless, and is one of the political sins the president should repent of in sackcloth and ashes.

Mr. Slayden, who is now in Washington, preparing to go abroad as a delegate for the inter-parliamentary peace union, also advanced to the administration the idea of the pacification of Mexico by friendly intervention by the United States, and the powers of Latin and South America, so as to remove doubt in the minds of Mexican people of an ulterior purpose on the part of the United States.

### Public Auction Sales

An auction sale will be held at Mr. and Mrs. Frank Marshall's, at the old Matsler ranch, eight miles south and one mile east of Plainview, on Thursday, Sept. 25th, beginning at 10 o'clock. ### Railroads Show A Net Profit

Washington, Sept. 14.—For the first time since 1918, the railways under the government control showed a profit instead of a deficiency in July, according to the final report for that month, is sued today by the railroad administration.

The profit, which was \$2,316,501, was indicated last week in the preliminary report. The report covers 232,000 miles of road, or 97 per cent of mileage federally operated.

### Woodman Fight Rate On

Fort Worth, Sept. 12.—A state meeting of Woodmen of the World will be held here Sept. 27 to make plans for carrying into the Federal Court their opposition to the proposed increase of insurance rates by the sovereign camp. An injunction will be sought, it is said, and a committee of Texas Woodmen will be sent to Sedalia, Mo., Sept. 29, to confer with Missouri Woodmen. The conference here will be held at the court house.

### Mrs. Armstrong Won Prize

Recently the McMillan Drug Co. offered a prize of \$15 in cash to the person writing the best advertisement for its store. The contest closed several days ago, and the adv. written by Mrs. W. E. Armstrong was adjudged to be the best, and she was paid the money. The adv. appears on another page of the News.

**Miss Lula Howell Married to Henry L. Red of El Paso**  
Miss Lula Alice Howell, daughter of Mr. and Mrs. R. B. C. Howell of this city was married on Wednesday of this week to Henry LaFayette Red of El Paso.

The marriage was solemnized at noon at home of the bride's parents on West Ninth street, in the presence of a throng of interested friends and relatives.

The home was beautifully decorated for the occasion with sprays of honeysuckle and baskets of summer flowers.

Preceding the entrance of the bridal party, Mrs. Knoohuizen sang "Until," with charming effect. The processional was played by Mrs. Preston T. West, Lohengrin changing into Mendelssohn's wedding march under her skillful fingers. A. E. Boyd was best man and Miss Sallie Walthall Howell, sister of the bride, was maid of honor. She wore pink Georgette crepe and carried an arm cluster of pale pink asters. The maids in waiting were Misses Melba Wiley and Mary and Alberta Howell, sisters of the bride.

The latter were gowned in lavender and white Georgette and carried clusters of asters in contrasting colors. Miss Wiley wore blue and carried deep pink asters.

Messrs. Gottfried L. Akesson of Hale Center and Bennett and Frank Howell, brothers of the bride, acted as groomsmen.

As the bridal couple descended the vine wreathed stairway they were preceded by the flower girl, little Maurine Howell, daughter of Mr. and Mrs. Alfred Howell of Cisco, who wore white with large butterfly bows of blue maline.

The three then passed through an aisle formed by the attendant party, who moved forward and took their places in a semi-circle as the bride and groom stood under a decorated archway.

Dr. E. B. Atwood, president of Wayland Baptist college, officiated with an impressive ring ceremony.

For her wedding the bride wore a handsome costume of white Georgette crepe embroidered in silver over

white crepe de chine. She carried a shower bouquet of brides roses and carnations. Her traveling dress was brown gabardine, with matching hat and bag.

After the ceremony an informal reception was held, during which an ice course was served to the assembled guests. Numerous handsome gifts were showered on the bridal couple.

Mr. Red is one of the department managers of the El Paso Electric Railway, while the bride is a member of one of the most prominent families of Hale county. She is a grand daughter of the late Capt. Edwin Dyer and Major A. T. Howell. She taught in the public schools of El Paso, and for the last two years has been principal of the Lamar ward school.

Mr. and Mrs. Red left on the 2:15 train for Colorado. They will be at home in El Paso after October 1st.

## Tuesday Bridge Club

The Tuesday Bridge club met with Mrs. J. O. Wyckoff Tuesday afternoon. The substitutes were Messdames William Cook of Mexico, Bob Malone, Wallace Settoon, Casey Hughes and Chas. Saigling. A salad course was served. Mrs. L. A. Knight won high score for the club and Mrs. William Cook for the guests.

The next meeting of the club will be with Mrs. Hugh Burch, Sept 30th.

## Young Ladies' Guild Entertained

The Y. L. G. was entertained at the home of Pastor and Mrs. Gordon Lang last night, quite a number of the members being present. There was a social hour and also a business meeting. Refreshments were served.

## Mr. and Mrs. Haynes Entertain Young People With Dance

Mr. and Mrs. Will Haynes entertained at their home eighteen miles south of Plainview, Saturday night, with a dance. Several young people from Plainview attended.

## Ella Beth and Wilma Lee Byers Celebrate Birthdays

Ella Beth and Wilma Lee, daughters of Mr. and Mrs. Hershel Byers, celebrated their birthdays with a party at the family home near the high school Saturday afternoon, 3 to 6 o'clock, at which many of their little friends were present. The ages of the honorees is nine and five, and their birthdays are close together.

The children played games on the lawn and there was music. The birthday cake had lighted candles on it, and it and ice cream were served to

the following guests. Marie Brown, Edna Kent, Lula Rampey, Helen Faye Garner, Margarite and May Joe Waller, Merrill Waller, Flora Wagner, W. W. Jr., and Hubbard Thompson, Russell Wagner, also Messdames Hanley Wasson, Flake Garner, W. W. Thompson, and Wagner and Miss Faye Barnett.

## Jones-Bagby

Mr. Henry J. Jones of Plainview and Miss Essie Bagby of near Southland were united in marriage at 3 o'clock last Sunday afternoon at the home of the bride's parents, Mr. and Mrs. E. F. Bagby. Rev. T. C. Willett, pastor of the Methodist church of Slaton, officiated in a very impressive manner, using the ring ceremony.

This wedding was a quiet home affair and was witnessed by only a few of the close friends and relatives of the contracting parties.

The groom is a prominent young business man of Plainview, and a valued employe of the Panhandle Produce Co. Mr. Neal, manager of this company, accompanied by his wife and sister, were present at the wedding.

The bride is one of Southland's most accomplished young ladies, and by her charming personality has endeared herself to a large circle of acquaintances and friends.

Immediately after the ceremony the newlyweds left for Plainview, where they will be at home to their friends. They were the recipients of many handsome and useful gifts.

The Slatonite joins a host of friends in extending congratulations and wishing for them a long, happy and prosperous life.—Slatonite, Sept. 19.

## The President Epitomize Treaty.

The ten points in which he epitomizes the treaty provisions are as follows:

1. The destruction of autocratic power as an instrument of international control, admitting only self-governing nations to the league.
2. The substitution of publicity, discussion and arbitration for war, using the boycott rather than arms.
3. Placing the peace of the world under constant international oversight in recognition of the principle that the peace of the world is the legitimate immediate interest of every state.
4. Disarmament.
5. The liberation of oppressed peoples.

6. The discontinuance of annexation and the substitution of trusteeship with responsibility to the opinion of mankind.

7. The invalidation of all secret treaties.
8. The protection of dependent peoples.
9. High standards of labor under international sanction.
10. The international co-ordination of humane reforms and regulation.

# LAST OFFERING

The well of the Santa Anna Oil & Gas Association was down 733 feet at 7:30 o'clock, September 18th, 1919, the ten-inch casing having been set, and drilling had been resumed.

We anticipate a speedy completion of this well and expect to strike pay sand at 1450 feet as predicted by our geologist, Major J. W. Ottley.

With this completion in view we are giving our friends this last opportunity to purchase stock at PAR. This proposition lasts only until Wednesday noon

**September 24th, 1919**

when the stock will be taken off the market.

## Our Holdings

We own a six hundred acre lease, known as the Kingsbery and Henderson tracts, six miles South of Santa Anna, in Coleman county.

This is proven territory. There are from ten to fifteen wells in this immediate section, the nearest on the North being the Slick well, about one and one-half miles from our well, the Texas Company well on the East about two and one-half miles and the Trickham well about five miles South and East.

This lease was not taken by survey lines but was taken by Major Ottley out of about 3600 acres of land in irregular shape to cover certain structures selected by him as the best territory.

We are capitalized at \$75,000.00, and this is your last chance to secure stock at par. Come at once, we have not time to see you, so if you want stock you must see us.

### DON'T FAIL TO READ THIS

Below is a verbatim report of Major Jno. Ottley, geologist, on our holdings.

JNO W. OTTLEY, Geologist. Forty Years in the Service, Twenty-Five Years in Petroleum in all parts of Canada, United States and Old Mexico.

#### GEOLOGY, Petroleum Engineering.

Coleman, Texas, December 12, 1918.  
Special Geological report on acreage in Coleman County, Texas, about six miles South of Santa Anna, Texas; and owned by Upton Henderson and H. W. Kingsberry, respectively.

The surface geology in Pennsylvania, the formation is "Cisco," one of the uppermost members of the Pennsylvania formation.

The portion of this acreage relative to production is a few miles North of Trickham and about four miles South of the Turner production, which properties have been holding up in production for several years. The depth of drilling is about 1450 feet.

The dome covered by this report is about 2 miles long and one mile wide in its extreme limits as so shown on the plane table sheets.

The structure of this dome is eminently fittest I have so far discovered in this county and hardly second to none with which I have had to do in my experience of 40 years active service.

The plane table sheets accompanying this report shows the acreage under consideration and in conclusion class it as an ideal oil proposition.

JNO. W. OTTLEY,  
Geologist.

We are banking greatly on the report of Major Ottley, as he has located more of the heavy producing fields in the United States and Old Mexico than any other living geologist. The first Oil Camp in the Texas Coastal field was established by him in 1895, he located the fields of Sour Lake, Batson, Spindle Top, Humble and Markham in Texas. It was due to his report on Spindle Top that this wonderfield was discovered. Major Ottley stakes his reputation as a Geologist that we get paying production in our first well, and he has an interest in our Company.

We believe this a chance to get quick returns on your investment, as our drillers (barring unavoidable) promise us a well within about ten days. See Garner Bros. for further information.

#### PRAIRIEVIEW

Sept. 16.—This community was visited by a two-inch rain Monday night, and it is still raining at this writing (Tuesday evening), which was very much needed by wheat sowers, and will help some of the late feed crops.  
Mrs. J. W. Chambers of Summerville is here visiting her sister, Mrs.

W. G. Williams, for a few days.  
T. J. Shelton and family have moved to Plainview, that they may be close to school.

Several from this community attended the singing Sunday night at the Steve Williams home in the Whitfield community.

Mrs. P. H. Connally received word Saturday evening that one of her daughters had died suddenly in Nebraska. She left on the morning train Sunday morning for that place.

School will start at this place Monday, the 22nd, with C. O. Greene as principal, and Miss Willie May Bramlett as assistant.

J. A. Batty purchased a tractor last week.

Mr. and Mrs. D. R. Williams and son, M. D., returned last week from a trip to Sayre, Okla., making the trip in their car. They report good crops almost all the way.

Mr. Stewart, who has been working for Mr. Ooley, moved to one of Henry Sammann's houses Monday and will help him gather his crops.

Fred Sammann lost a mule Saturday from the colic.

Billie Watson, the hog man, was in our midst Monday, buying hogs.

Frank Zellney has bought and moved a four or five room house to his farm just north of the school house.

Everyone is urged to attend Sunday school, which meets at 10:00 o'clock each Sunday morning.

Bring your Butter and Eggs to Looper Grocery Co., eastside square. Phone 35.

## How We Go At It

First we look into the battery to see if you put water in it.

Then we use the hydrometer which is the one *reliable* way of knowing the condition of its charge.

Then, if no special cause of trouble appears we put it on the line to see if it will take a charge.

But if there is plain indication of serious trouble we open the battery up and find out *exactly what's what*.

Don't trust your battery to amateurs or artists in guesswork, who claim they can tell inside condition by outside inspection.

Come here where you find adequate machines and apparatus to really inspect, charge and repair any battery.

## The Alamo Oil & Refining Company Of Eastland, Texas

Has closed a deal with the Eastland-Ranger Refining Company of Eastland to take over their Refinery now under construction and located about one-half mile East of the city limits of Eastland together with their 20 acre site located on the Geo. W. Dawson land; and complete same as fast as men and money can do it.

Most of the machinery and equipment and supplies for their plant was ordered some weeks ago and the balance that is necessary to complete the plant will be contracted for at once. This refinery operated as a skimming plant will have a daily capacity of about 2,000 barrels of crude, but the Alamo will operate it temporarily as a semi-lubricating plant and will only run 1,000 barrels of crude daily. See explanation below:

The original Alamo refinery which will be known as Alamo Refinery No. 1, will be built as originally planned and the plant of the Eastland-Ranger Refining Company will be known as Alamo Refinery No. 2. The combined capacity of the two plants when completed will be 3,000 barrels per day. Alamo No. 2 will be operated as a skimming plant while Alamo No. 1 will be operated as a lubricating plant. Alamo No. 2 will make gasoline and coal oil and after there are extracted the heavy oil or residium will be pumped thru a three inch pipe line to Alamo No. 1, and there refined into lubricating oils, greases and vaseline. These two refineries will be located less than 1-2 miles of each other.

### Just Think of the Enormous Profits

That these two refineries will make for the Alamo Stockholders  
In the combination of these two companies we have brought together some of the strongest and most influential interests in Eastland county and have secured as stockholders three very large Eastland county land holders—Messrs. C. U. Connellee, Elisha Roper and Geo. W. Dawson.

They said of old that in UNION THERE IS STRENGTH, and this holds doubly true in the manufacturing business for the reason that it combines effort and concentration of energy and cooperation.

The combination of the two companies will cut the overhead and operating expenses half in two for the reason that one company can operate two plants as cheap as it could operate one. The combination of the two companies will make the Alamo Oil & Refining Company one of the strongest refining companies in North Texas and will reflect great credit upon the city of Eastland

and give it wide publicity wherever the Alamo refined products go, and this alone should arouse the pride and ambition of every one in this fast growing little city who has at heart the future greatness of Eastland.

The question now is: Do the people of Eastland and Eastland county want to see these two refineries built at once and operated? If so, they should give the

### Alamo Oil & Refining Co. the Strongest Support Both Morally and Financially

If they don't want the refineries here then they say by their acts that they want all this high grade crude oil gobbled up by the Trust and shipped away and refined in other cities and shipped back to Eastland in the form of gasoline, coal oil, lubricating oils and greases and pay one thousand per cent profits to the other fellows. THE PROPOSITION IS NOW UP TO YOU.

## REFINING PLANT TO BE OPERATING BY NEXT JANUARY

Since the Alamo Oil & Refining Co. took over the plant of the Eastland-Ranger Refining Co., John F. Marberry, president of the Alamo, has resigned and Elisha Roper has been elected president.

John T. Evans remains active vice president and manager of the Alamo. Geo. B. Dartois, vice president and chief engineer.

Tom W. Crutcher, secretary and treasurer, and C. V. Miller, formerly of the Eastland-Ranger Refining Co., will become connected with the Alamo as superintendent of plant construction of Alamo Refinery No. 2, and C. L. Murphy will continue as superintendent of plant construction of Alamo Refinery No. 1, and as assistant superintendent of plant construction of Alamo No. 2. Both of these refineries are now under construction and the plans of the Alamo Oil & Refining Company are to continue the work on both plants but complete the No. 2 taken over from the Eastland-Ranger people first. The Alamo Refinery No. 2 will be completed and in operation by the 15th of January and the Alamo refinery No. 1 with full operation by the 15th of January and the Alamo Refinery No. 1 with full lubrication installed by the first day of May.

John T. Evans whose patient and responsible for the success of the Alamo Oil & Refining Company in getting its plant under way is an enthusiastic booster for Eastland as the logical center for the refining business in this section.

"We have a great opportunity here," said Mr. Evans in discussing the matter with a representative of the Oil Belt News, "and all that is needed is to get a start and show the people what can be done in the refining business. Our company numbers among its stockholders some of the largest owners of oil lands in Eastland county and we expect to get the oil piped directly from the wells to the refinery. This is a very important item because the gasoline content is much greater in fresh oil than it is in oil that has been held in tanks for months at a time, the gasoline of course being highly volatile and escaping through evaporation."

"Refineries have made Tulsa, Okla., one of the wealthiest cities of the Southwest. When Cosden came to Tulsa from Bighead he had only a few hundred dollars and after he got a small plant in operation he had to go back to Baltimore where he had once lived to get money to finance his operations while he was getting started on a big scale, but today Cosden & Company are estimated to be worth \$30,000,000, and that money was all made in the past six years. Constantin came to Tulsa as a laborer and the money to put in his first refinery was largely obtained from Italian workmen. Today he is worth \$15,000,000 and has recently built two big refineries at DeVol, Okla., across the river from the Burk Burnett field."

Mr. Evans is a man of broad vision and a hard worker and we feel sure that he is going to make good and show the people of Eastland what can be done with a refinery located in the heart of the oil fields.—From the Oil Belt News.

### THAT MORNING LAMENESS

If you are lame every morning, and suffer urinary ills, there must be a cause. Often it's weak kidneys. To strengthen the weakened kidneys and avert more serious troubles, use Doan's Kidney Pills. You can rely on Plainview testimony.

E. J. Smith, farmer, Plainview, says: "Some years ago I was troubled with my back and kidneys and had to use a kidney remedy. My back was sore and lame and ached a good bit of the time. It seemed to bother me mostly when I stooped over. Sharp pains would shoot through my back and up through my shoulders. Mornings when I first got up my back was so sore and lame I could hardly straighten up. I also suffered from dizzy spells. My kidneys were weak and irregular in action and I had to get up often at night. I heard about Doan's Kidney Pills and began using them. In a short time I was relieved of the pain and my kidneys began acting regularly. I haven't used any medicine since as the cure Doan's gave me has been permanent."

## EVER SALIVATED BY CALOMEL! HORRIBLE

Calomel is quicksilver and acts like dynamite on your liver

Calomel loses you a day! You know what calomel is. It's mercury; quicksilver. Calomel is dangerous. It crashes into your mile like dynamite, cramping and sickening you. Calomel attacks the bones and should never be put into your system.

When you feel bilious, sluggish, constipated and all knocked out and believe you need a dose of dangerous calomel just remember that your druggist sells for a few cents a large bottle of Dodson's Liver Tone, which is entirely vegetable and pleasant to take and is a perfect substitute for calomel. It is guaranteed to start your liver without stirring you up inside, and can not salivate.

Don't take calomel! It makes you sick the next day; it loses you a day's work. Dodson's Liver Tone straightens you right up and you feel great. Give it to the children because it is perfectly harmless and doesn't gripe.

## LEMON JUICE IS FRECKLE REMOVER

Girls! Make this cheap beauty lotion to clear and whiten your skin

Squeeze the juice of two lemons into a bottle containing three ounces of orchard white, shake well, and you have a quarter pint of the best freckle and tan lotion, and complexion beautifier, at very, very small cost.

Your grocer has the lemons and any drug store or toilet counter will supply three ounces of orchard white for a few cents. Massage this sweetly fragrant lotion into the face, neck, arms and hands each day and see how freckles and blemishes disappear and how clear, soft and white the skin becomes. Yes! It is harmless.

Fred Carrigan, in jail at Lubbock charged with theft, attempted to escape one day last week, and managed to get on top of the room, hoping to later let himself down to the ground. He was missed and the canyon near town were searched. Later he came back into the jail.

## Biliousness and Constipation

It is certainly surprising that any woman will endure the miserable feelings caused by biliousness and constipation, when relief is so easily had and at so little expense. Mrs. Chas. Peck, Gates, N. Y., writes: "About a year ago I used two bottles of Chamberlain's Tablets and they cured me of biliousness and constipation." Obtainable everywhere.

### HALFWAY

Sept. 16—The farmers are not at work this week on account of the rain. The rain began falling Sunday night.

Mrs. J. H. Wilson returned home Sunday after a week's visit with friends at Floydada.

Mr. Smith and other Floyd county relatives visited his son, Chas. Smith here Sunday.

Mr. and Mrs. J. W. Dye returned home Thursday after a several weeks' visit at Wichita Falls and other points. Nine McComas and family visited Chas. Barretts' family east of Plainview Sunday.

Foster Henderson returned home Thursday after a two weeks' visit with relatives in Dent, Hopkins and Dallas counties. His grandmother, Mrs. J. P. Johnston of Hopkins county, came home with him.

Carl Sevier had a slight operation Thursday, but is getting along nicely.

W. H. Kaylor is on the sick list this week.

Our school has not received all the text-books, hence has not begun.

Rev. S. J. Upton filled his regular appointment here Sunday morning and night.

Mr. Dennis and family of Running-water attended church here Sunday night.

The brotherhoods claim that the high officials are to blame for the deplorable railroad conditions. Let's see. This week we received a shipment of print paper on which the News is printed. There were twenty bundles of 100 pounds each. Not a bundle came through with a whole wrapper. Several of the bundles were badly damaged, showing gross carelessness in handling. Every shipment during the past few months has been in this same condition. No railroad president or higher up handles the paper. Besides, the time taken in getting seven shipments of paper from Dallas to Canyon during the month of August varied from fourteen days to twenty-one days. Two years ago shipments never took more than six or seven days. That was before the brotherhoods undertook to run things. And, again, no higher official has been setting out cars of live stock between Canyon and Kansas City market. The brotherhoods cannot pass the buck to the higher ups on this kind of stuff. There is not a shipper who cannot tell stories of maltreatment by the men of the brotherhoods. These fellows feel that they hold the balance of power and being in position to demoralize business in the United States by a strike, they continue to do as they please. Just how long are the people going to stand for it?—Canyon News.

### Talking About Us

Every cloud has a silver lining. At least, so says Jess Adams in the Plainview News. It has only been a short time since Jess has been trying to hum a tune that sounded like "Every well has a golden bottom." But before it is too late, let us go back to the original. Every cloud has a silver lining. The old tune is the best anyway.—Canadian Record.
