## PLAINVIEW RED CROSS BRANCH ELECTS OFFICERS

### LONG DEBATED CLAUSE OF WORLD WAR PEACE TERMS KILLED BY VOTE

Washington, Oct. 16.—The long debated Shantung amendment to the peace treaty, presented by Senator Lodge and approved by the foreign relations committee, finally was rejected in the senate with a majority of an even score against it.

It was a vote of 35 to 55, fourteen republicans swung over to the pro-treaty forces, while three democrats lined up with those supporting the proposal. Of the six senators absent, two republicans were put on record as in favor of the amendment and one republican and three democrats were opposed. The vote came at the end of another six and a half hours of sharp debate, in reality swept away six amendments instead of one, each change in the treaty text has been numbered. By unanimous consent, however, the six changes were debated and voted on as one.

Only three of the committee's 45 amendments now remain to be acted on by the senate, 36 previously having been rejected. Of those remaining one relates to American representation on the reparations committee and two to equalization of voting power in the league of nations assembly.

After the vote was completed Senator Lodge announced that later he would move to strike out entirely the sections awarding the Shantung rights to Japan.

Notice also was given by a number of the republican senators who opposed the committee amendment that they would present reservations dissenting from the Shantung award.

More than twenty senators took part in today's debate, extended speeches being made for the amendment by Senators Johnson of California, Sherman of Illinois, and LaFollette of Wisconsin, all republicans and against it by Senator Phean of California, a democrat, and McCumber of North Dakota, a republican. Senator Williams, democrat of Mississippi, injected into the resolution a denunciation of the attitude of some Irish-Americans and sharp replies were made by Senators Phelan and Gerry, democrat of Rhode Island.

### Strike Declared Virtually Over

Chicago, Oct. 16.—Steel mill officials at Gary, Ind., today expressed the opinion that the strike is virtually ended and made preparations for building up a new organization.

Union leaders disputed the accuracy of the claims made by the steel officials. They also began an effort to establish the independence of the union forces from the radicals.

Major Thomas B. Crockett, head of the local branch of military intelligence is in Gary making a thorough investigation of the alleged radical plots.

### Commissioners' Court

Ordered that warrant be issued out of highway fund to cover amount of \$1,262.50 due to Advance-Rumley Machine Co. for road tractor. Another installment will be due next fall.

Ordered that Sam Mason and Louis Jay each be paid \$120 per month for road work.

The court ordered a new road opened near Runningwater and Clabe Dye was appointed overseer and ordered to open same.

### Garners Have Fine Hearse

Garner Bros., the undertakers, have just received a fine hearse. It was made by E. M. Miller & Co., and is of two-tone grey in color, with beautiful ornaments. The interior is finished in genuine mahogany. It has a six-foot flower tray attachment, and is very modern in every detail. They say they are at all times intent upon giving their patrons the best service possible, such as found usually only in cities.

### Wilson Condition Improving

The condition of President Wilson is improving. He is not allowed to attend to any state matters, and is being made to rest.

### French War Orphan Here

Gaston Loridan, a French lad, has come to Hale county to make his home with R. L. Wilson, who lives on a farm five miles south of Plainview. On account of his French accent his English can hardly be understood, though he can write the language very well.

Sergeant Luther E. Wilson met the boy, who is a French war orphan fourteen years of age, in Lille, France, and encouraged him to come to America. The next time he saw him was in camp at Newport News, Va., the boy having worked his way across the ocean on a steamship.

It is said his mother died before the war started; his father enlisted in the French army and was killed when Gaston was only ten years of age. His home in Lille was destroyed by German shells.

When the American army arrived in France he stayed about the camps and made many friends, and determined to follow them home—and did so.

### Plainviewians Organize Oil Company

Another oil company has been organized in Plainview, to be known as the Texas-Colorado Oil Co., with a capital stock of a million dollars.

The holdings of the company are 10,000 acres in Prowers county, near Lamar, in the southwestern part of Colorado, fifteen acres three miles east of Desdemona, and ten acres northwest of Burkburnett. Stock will be sold and wells drilled.

The officers of the company are B. O. Cloud, president; A. G. Hemphill and J. F. Duncan, vice presidents; J. B. Nance, secretary; R. A. Long, treasurer; Ed H. Grimes, head driller.

### Some Important Realty Deals

The following deals are reported by Perry & Cram this week.

K. L. Conner has sold to Andrew H. Bier of Greencastle, Mo., his 160-acre irrigated farm about eight miles northwest of town. Mr. Bier, who is a brother to John F. Bier, will move to it soon.

Bigger Bros. have sold their 640-acre farm near Hale Center to A. H. Sykes of Eastland.

E. B. Hughes has sold his small residence near the Christian church to Matt Cram, who will occupy same with his family.

### City Charter Case Submitted

Yesterday the News finished printing the brief in quo warranto proceeding of J. H. Wayland and other citizens attacking the validity of the new city charter of Plainview. The case is set for submission this morning before the court of civil appeals in Amarillo. The attorneys say they feel that the court will hold the city charter null and void.

### Visits of the Stork

Born to Mr. and Mrs. J. W. Scott, Plainview, Oct. 11, girl.

Maple Wilson, Plainview, Oct. 9, girl; named Jane.

E. G. Anderson, 8 miles south of Plainview, Oct. 14, girl.

### Buys Wasson Home

G. D. Fallis, from Kaufman, who has bought an interest in the J. J. Lash Real Estate Co., has bought from W. S. Wasson his home and ten acres of land a mile west of Wayland college. His family will move here some time next month.

### Buys Field Garage

W. F. White of the Carter-White Motor Co. has bought the brick garage at the corner of Broadway and East Eighth, now occupied by the firm, from C. S. Field of Dallas. The building will be improved by its new owner.

### Morehead's Chickens Won Prizes

Ed J. Morehead had several entries at the poultry show at the state fair in Dallas. He won 1st, 2nd and 4th on light Barred Plymouth Rocks, and 1st and 2nd on dark Barred Plymouth Rocks.

### Car Fordson Tractors Here

Barker & Winn announce a carload of Fordson tractors have arrived, the first they have received for several weeks, as the demand is heavier than the factory can supply them.

Chas. Reinken is making an addition to his residence in the western part of town.

## Just Received! Charming Crepe de Chine and Wash Satin under garments.

You certainly couldn't find prettier garments anywhere nor could you find more durable ones. This combination is out of the ordinary, but add to it the advantage that our prices are the lowest for which equal garments are sold and you'll realize why purchases of these garments are always so satisfactory. Remember too, that it will probably be years before you'll be able to choose from such large assortments of dependable quality merchandise at such prices as these.

Gowns ——— \$7.50 to \$17.50

### Selling Lots of Insurance

Messrs. Boyd and Knoobuizen, district agents for the Southwestern Life Insurance Co., say the people of Hale county are buying lots of life insurance these days. The first three days of this week they sold \$40,000 worth. There is nothing so good an investment as reliable life insurance, and every man should have his family protected.

### Hail Storm Near Floydada

There was a very heavy rain at Floydada and from there it extended to Lubbock Wednesday afternoon and night. Six miles southeast of Floydada there was much damage from a heavy hail.

J. F. McCarty had thirty acres of alfalfa just ready to cut and it was literally beaten into the ground.

### Hale County Products Win

The Hale county products in the farm and mill section of the Dallas fair have won many blue and red ribbons, but as we have not been able to get a complete list of the winnings we will defer publishing the list till next week.

J. O. Brown, one of those who have been in charge of the exhibit, returned this morning from Dallas.

### Tudor Buys 300 Sheep

David Tudor has bought 300 sheep from Mr. Armstrong at Lorenzo and is today loading them for shipment to Shannondale, Mo.

W. B. Lewis returned Wednesday from a trip to the Desdemona oil fields, where several wells are being drilled on his lands.

### ROUND ABOUT TOWN

#### Interesting Items Picked Up Here and There by the Editor of the News

Dr. and Mrs. P. K. Lewis, who have been here visiting Mr. and Mrs. S. J. Jackson, and prospecting, left Wednesday for their home in Doyle, Tenn. They may return here and locate.

Rev. C. E. Painter, pastor of the Baptist church in Hale Center, was here yesterday, attending the board meeting of the Staked Plains Baptist association. He is publicity man in Hale county for the Baptist \$75,000,000 campaign.

Mr. and Mrs. R. F. Baylies left yesterday for their ranch at Evanson, in the southwestern corner of Wyoming, to spend several weeks. Mrs. Baylies will also go to Berkeley, Calif., to visit her daughter, Miss Isabel, who is attending the State University.

I. M. Bailey, the Hale Center land man, was in town Wednesday. He says considerable land is beginning to change hands in his section of the county. He is of the opinion that considering everything, land around Hale Center is about the most reasonable in price of any on the Plains.

### No Sugar in New Mexico

It has been persistently rumored here that there was plenty of sugar to be had over in New Mexico, and the question was asked, why then should we have a scarcity here?

Mr. W. E. Boyd, the groceryman, went to Roswell, the fore part of the week to see about the matter. He found there was as little sugar there as here, and wholesalers said they could not hope to get any more until the latter part of this year or maybe January. The stores there are having as hard time securing sugar as those in Plainview.

Mr. Boyd says the people must economize as much as possible until the new crops come in.

### Plainview to Play Amarillo

The Plainview high school football team went to Amarillo this morning, where it will play the Amarillo high school team this afternoon.

The game will be very interesting as it to a considerable extent affects the championship of Northwest Texas. So far Plainview has not been defeated. If she wins she will play with Simmons college of Abilene.

Those who went to Amarillo this morning were: Prof. R. W. Hamilton, coach; Prof. R. M. Crabb, and Hamilton Luna, Stewart Goodwin, Gordon Brown, Charle Rushing, Frank Daniels, Paul Lipscomb, Frank Helm, Garnett Reeves, Clem Ross, Newton Daniels, Leon Duncan, Salee Saffles, Sam Harlan, J. D. Johnson, Jim Bryan.

### Coal Shortage is Approaching

E. T. Coleman says that a real coal shortage is approaching. Last week for several days there was not a ton of coal on hand at any coal dealers' in Plainview, except some steam coal. Several cars have since been received, but it is being loaded out of cars into wagons. A nationwide coal strike is scheduled for Nov. 1st, hence the railroads are holding all the coal they can get, which makes it hard to get shipments thru.

### WHITFIELD

Oct. 14.—Raymond Crouch was on the sick list last week.

Chas. Veigel and Mr. Hannon were at Dimmitt last Friday and Saturday on business.

Quite a number from here attended the fair at Floydada.

Grandma May underwent a surgical operation last week, under Dr. Wayland, at her home. She is getting along nicely.

Omaha Nations and wife of Pampa, visited at the M. E. Nations home Friday.

Vasta Foster had the misfortune to have his finger cut off while heading maize last week.

Mrs. Frank Yearwood is able to be up and around again, and is visiting her mother, Mrs. I. C. Nations.

W. G. Williams sold a car of hogs this week.

Rev. G. I. Britain and a number of people from Kress were at the Baptist church Sunday and held a meeting.

## SENATE REJECTS SHANTUNG AMENDMENT TO TREATY

### HALE COUNTY CHAPTER WILL HOLD ELECTION WEDNES- DAY—ROLL CALL NEXT

The election of officers for the Plainview branch A. R. C. took place Wednesday night in the office of the Texas Land & Development Co.

The following officers were elected for the ensuing year: Mrs. C. H. Curl, chairman; E. H. Perry, vice-chairman; Miss Marie Gidney, secretary and J. C. Anderson, Jr., treasurer.

The annual election of chapter officers will be held next Wednesday night at the Red Cross headquarters. The public is earnestly requested to take interest in this election for the activities of the American Red Cross are not over with by any means.

Humanity will always need the helping hand of "the Greatest Mother in the World." Her sheltering arms are always outstretched over the poor, the needy, the sick and suffering in times of war and times of peace.

Answer with your name and a dollar to the Third Roll Call with begins November 2nd. Don't forget it. By joining or renewing your membership you are contributing to an organization that is world wide in its benefits.

Names are being added daily to the class for instruction in nursing and in the next issue some definite statement will be made in regard to the date.

Don't forget the Third Roll Call. Keep it in mind. Mr. E. H. Perry, chairman for the drive in Hale and Lamb counties, is making extensive plans for the work and needs the co-operation of every man and woman in both counties to make it a success. Help him and the cause.

### Watson Business College

Watson's Business College continues to grow. Mr. Watson says that his enrollment and attendance has been better this fall than at any time during the past seven years, and that the demand for his graduates is enormous.

The following students have recently enrolled: Lee Matsler, Lena Bebe Sebastian, Irene Thomas, Earl King and W. F. Warren. Many young men and women are planning to enter in the next few days.

Miss Mattie Lee Knight has accepted a position with Radford Grocery Co. of this city. Miss Birdie Bryan has accepted a position with Donohoo-Ware Hardware Co.

Miss Myrtle Bryan graduates this week and will probably accept a position with a local firm.

Miss Audrey Stoddard, who recently graduated and accepted a position with a firm in Floydada, writes that she is well pleased with her work and is an enthusiastic supporter of Watson's Business College.

Jewell Fowler returned to school this week after a short visit to his old home in New Mexico.

Our class in telegraphy is gradually growing and in view of the fact that there is a big demand for operators the enrollment ought to greatly increase in the next few weeks. It is planned now to install wireless telegraphy.

The new diplomas have recently arrived and those who have been awarded one feel that it is a good recommendation of their qualifications.

Carvey Groves is spending a few days in the oil fields at Gorman and Eastland.

### Eastland People Buy Property

Mr. and Mrs. Sam Day and Mr. and Mrs. A. M. Sykes of Eastland are here buying several large tracts of Hale county lands. They have large oil holdings and royalties in the Eastland fields.

An Arkansas man courted a woman twenty-two years, and then married her. Three weeks after the marriage, she sued for divorce because he failed to support her. Rather impatient, seems to us, to expect a habitual courter of twenty-two years' experience to turn into a practical husband in three weeks.

But you know how women are.

We can prove beyond the shadow of a doubt that both ends of the rainbow rest in Hale county.

"Love laughs at Locksmiths" is an old saying, but these days it doesn't do much laughing at the grocer or butcher.

Neither money nor labor must be permitted to dictate to or control the other, but both should participate in the fruits of industry, in just proportion to their contribution.—Attorney General A. Mitchell Palmer.

The Crosbyton Review is the only newspaper in this section that is openly opposing ratification of the League of Nations covenant. It makes the same argument against it as do the republican senators.

A Northwest Plainview woman says the high cost of living could be reduced some by the bunch on the corner getting out and going to work instead of loafing around, gossiping, rubbernecking at women who pass along the street, and talking about "my oil interests."

The Canadian Record has just entered its twenty-seventh year of existence. It is one of the most interesting exchanges that comes to the News' desk. Editor Loomis is giving his people a fine local paper, and from its prosperous looks they are according it the proper encouragement.

In those states where prohibition was not effective before the war-time prohibition became the law July 1st the dry and thirsty brethren have been hoping that the senate would ratify the German peace treaty as quickly as possible, so that the nation could have a final spree of several weeks before constitutional prohibition goes into effect Jan. 16. But their hopes for a hiatus have been dashed to the ground, for it is pointed out that the ban on liquor cannot be raised until after the senate ratifies the Austrian peace treaty, too. The German peace treaty will not be finally disposed of until in November, and then it will likely take the senate until the middle of January to dispose of the Austrian treaty. John Barleycorn is down and out in this land of the free and the home of the brave—also sober and sensible.

A bunch of astronomers declare the

#### MILKING THE WEST

Another reason why it would be to the interest of West and Northwest Texas to have the state divided into two or three states is that East and South Texas counties actually receive more money each year from the state available school fund than the taxes of all kinds they pay into the state treasury aggregate.

Houston county actually receives over \$20,000 a year more than it pays. There are seventy-six counties in those sections that receive more money from the state school fund than they pay in state school taxes.

In West and Northwest Texas the amounts are reversed. Hale county, for instance, pays \$28,100 into the state school treasury, and gets back \$18,367 from the school fund. Hockley county pays \$10,388 and gets back only \$150. Briscoe pays \$12,071, and gets back \$6,810; Castro pays \$13,740, gets \$3,442; Floyd pays \$1,501, gets \$18,514; Crosby pays \$15,293, gets \$10,630; Lamb pays \$21,619, gets \$2,340; Lubbock pays \$31,213, gets \$18,000; Swisher pays \$18,200, gets \$9,180; Cochran pays \$3,363, gets only \$15.

West and Northwest Texas people are thus paying not only for the education of their own children, but in addition are burdened with paying for the education of the children down in the state.

Every dollar paid into the state treasury by these down-the-state counties comes back to them and then some. Out of every dollar paid in by West and Northwest Texas counties only a portion ever comes back—less than a half-cent in some cases.

No wonder East, South and Central Texas is opposed to dividing the state, and thus losing the opportunity of milking the West and Northwest sections.

#### IN A MINOR STRAIN

Some of us forget to be thankful for what we don't get.

When you hear a man denouncing the millionaires and knocking all wealthy people, do not leave any coin laying around where he can steal it.

Too many of us go through life on the theory that it is much easier to pray for forgiveness than it is to resist temptation.

If there isn't any Perfect Woman, it isn't because some of them do not try hard enough to conceal their imperfections.

Keep sweet. No matter how much they knock you while you are here, always remember that they will speak well of you after you are dead.

The Texas Farmers' Institute urges the farmers not to dump their cotton on the market, for it believes the price will go to 45c a pound. Even at 45c, considering the high price of other things, the cotton farmer earns every cent he gets for it, and then some.

#### AMERICANIZE FOREIGNERS

It is said that when the labor unions recently took a vote of the members working in the steel mills, as to whether to strike, practically every one of foreign birth voted in favor of striking, and that practically every one of American birth voted against striking.

Senator Kenyon of Iowa, chairman of the senate committee, went to the Pennsylvania steel district last week to make an investigation of the strike, and he returned to Washington Monday and in a formal statement, said:

"I do not desire to discuss the steel strike, nor the reasons nor causes therefore at this time. The committee has not as yet completed their investigation. I think it permissible to say, however, that the committee returned from the Pittsburgh district strongly in favor of some Americanization bill.

"I have thought for a long time that congress must do what it could to help stimulate Americanism. That is a common ground upon which we all can stand, and is a rallying point for all.

"When you find that in some of these mills over fifty per cent of the workmen cannot read, write or speak the English language; when it is necessary in those mill districts to publish orders in all kinds of languages, it is time for the American people represented by the American congress to give determined efforts to learn what the institutions of American stands for and to become Americanized.

"We cannot reach a one-language nation over night but that eventually should be our goal. It will take some time but the result will be worth while for there is national solidarity in all people of a nation, speaking the same language.

"Eight and a half million people in this country over ten years of age cannot speak, read or write the American language. To the correction of that condition every citizen should resolve to do his part."

Senator Kenyon is correct. The foreigners are the ones who are bringing the strange, revolutionary So long as low foreigners are permitted to live in clans in thickly congested industrial districts, the foreign element will be a menace to the country. Where foreigners are scattered out over the whole country, a few in each county or city, or live on farms they soon become Americanized, and are easily assimilated in the "melting pot."

The low foreigners were allowed to come into America by the millions. The News and hundreds of other newspapers pointed out at the time that such a deluge would become a peril, and the country would suffer in the years to come. Now, the seed sown then, is maturing, and the contest is on as to whether this shall be an American land or dominated by foreigners and their false doctrines.

Immigration has been stopped. Let the gates stay closed, while we set ourselves to thoroughly Americanize those foreigners who are already here.

Those who are teaching Bolshevism, anarchy, revolution and such doctrines should be deported or locked up for their lives in asylums for the unbalanced.

The problem is a big one—and it must be solved.

Editor Loomis of the Canadian Record, leading scientist of the North Panhandle, is again worried. He is trying to figure out whether a zebra is a black animal with white stripes or a white animal with black stripes.

Every time we think of the present high prices of shoes, we take cold feet.

REMEMBER this picture is complimentary to every baby in the county, under school age. Our plans will not be complete without your baby. So come and get your engagement card, at once.—Snell & Snell, northeast corner of square.

# To the Farmers and Flour Users of Hale County;

We take this method to notify you that we are still making a fine Flour for Bread, Biscuits and Pastry cooking.

The Plains wheat has more gluten this year than most any other wheat on the market, therefore assuring to the user of flour made of the Plains wheat a better rising quality, and all mills are anxious to buy the Plains wheat on this account.

One outstanding fact is, if you use our flour you get as good a quality as can be found any where and get it for less money. If you do not find it where you trade, call at the mill. Every sack guaranteed.

## What Keeps a Battery Young

To be reliable, a storage battery must have well-made plates.

Battery solution must be proper strength and required purity.

Battery jars must be mechanically strong and must allow no leakage of current or battery solution.

But it's the insulation between the plates that keeps that battery full of life and adds months to its term of useful service.

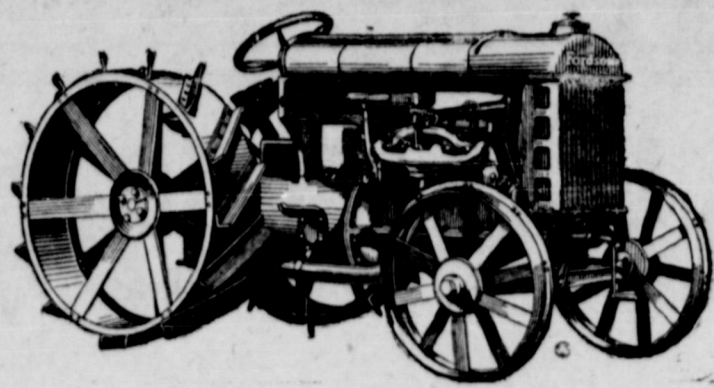

Drop in and ask us to tell you about Threaded Rubber Insulation, and some of the records it has made in keeping batteries on the job far beyond what used to be the battery age limit.

**COOL GEO. W. HALL SHOWS COMING, TWO PERFORMANCES**

No one can fail to notice the atmosphere of refinement about this particular show. The performance goes along with perfect system and the myriad and bewildering bill no unrest is felt. Acts follow each other without delay; the program is made up of big feature acts, Prof. Frank E. Hall and his wonderful troupe of trained and educated ponies and dogs, and the numerous other acts of monkeys, goats, gymnasts, acrobats and arenic performers from every known land; Mrs. Frank E. Hall with her Baby Louise, one of the youngest performing elephants on the road today, the like of which has never before been seen. Mlle. Roberts doing her death-defying nerve thrilling acts in midair has well earned the title of Queen of the Air; and her acts alone are without doubt the greatest gamble with death ever attempted. The entire program is truly beyond comparison and this show should be seen by everyone, at two and eight p. m. See the free outside exhibition on show grounds—rain or shine, on Thursday, Oct. 23.

**Baptist Board Meeting**  
The board of the Staked Plains Baptist association held a meeting here Wednesday, with twenty-one members present.

After checking up last year's work, it was found that all bills had been paid and \$200 remained in the treasury.

Rev. G. I. Britain has been associational missionary, but cannot longer serve as he has taken the pastorate of several churches in this section. The matter of employing his successor was deferred until the big Baptist campaign is over.

New officers for the coming year were elected as follows: T. D. Webb, of Kress, chairman; Rev. C. E. Painter of Hale Center, clerk; D. W. McGlasson of Plainview, corresponding secretary and treasurer.

The apportionment to the churches for the \$75,000,000 Baptist campaign was made. The Plainview church will be asked to raise about \$100,000.

**Rev. Upchurch and Band Are in Plainview**

Rev. J. T. Upchurch and his gospel band of Arlington, are here holding services at the Nazarene church. Rev. Upchurch is a very able preacher and his band are excellent singers. You are invited to hear them.

**Dr. Gates is Preaching to Large Congregations**

Dr. I. E. Gates is preaching to large congregations at the Baptist church in the revival being held there. Much interest is being manifested and there have been a number of conversions. The meeting will continue over next Sunday. Services are held in the morning and at night each day.

**St. Mark's Episcopal Church**

### State Wide Campaign Of Religious Education

What is said to be the greatest constructive program of religious education ever attempted in Texas, has been definitely outlined and is now being launched by the Texas Sunday school association of all denominations, of which M. H. Wolfe is president, Judge Joseph E. Cockrell is chairman of the executive committee, Cullen F. Thomas, chairman of the board of trustees, and S. J. McFarland, treasurer.

The program is to help every Sunday school in Texas, and is so comprehensive that it merges into the work of every denomination. The campaign is called "The Victory Reconstruction Campaign." In the working out of the general plan the state has been divided into ten Regional districts, these districts subdivided into 56 zones, the work again subdivided into the 253 counties, then into the communities.

I. C. Winn, who has been here with his brother, E. E. Winn, for several months, left yesterday for a trip to Chicago. His wife and child will remain here.

### MR. CAR OWNER READ THIS

Suppose you have a tire that's worn down to the fabric. You are afraid to drive it because you know it's likely to blow out any time. So you junk it, throw it away, or give it away. Have you ever stopped to think of what becomes of that tire?

Well, if the tire is of a good standard make this will be the story, in most cases.

It will some time find its way to some tire shop and be rebuilt and put on the market again.

The man who buys it will get very nearly as much service out of it as you have gotten, and it has cost him only about half what it cost you. Who is the loser?

 The greatest surprise in the world to a girl is that there is no taste to it.—Exchange.

No taste to it! Well, by all the hen feathers on Cupid's dart. The editor of that paper must be color

blind and deaf and dumb in his palate. They tell, those who have tried it, that it tastes like the double distilled essence of honey spread thick on a large fat slice of punkin pie; that its taste resembles a sip of nectar brewed by the gods and served in the dew-covered honey-suckle blossoms.

Way back in the dim and hazy past, long before we had misplaced all our teeth and when we had a cinch on the beauty prize, the prettiest girl in the world told us that our first kiss felt like a flock of Paradise birds fluttering out each ear and ending with a sensation like a covey of winged angels pouring molasses down her spine.

No taste to the first kiss? Great guns! It would make a wooden Indian's hair curl up into a fluttering marcel wave and his toe nails quiver in ecstatic bliss.

The man who invented that idea must be an ice box.—Exchange.

# LANDS FOR SALE

No. 30. 4 sections improved land in one solid body in the Plainview territory, located on public road with daily mail and telephone connection. All of the very best smooth farm land, fenced and cross-fenced into several pastures, 4 wells and windmills, with inexhaustible supply of good water, about 650 acres in fine state of cultivation, divided into several fields and fenced separately, some of which is ready to sow to wheat, also about 160 of which is under best woven hog wire fence and sub-divided into numerous pastures with feed lots, brood houses, etc. There are three sets of good improvements, 4 to 5 room framed houses, all necessary corrals, sheds, granaries, one new barn that will cost 3,000 to build. Orchard, etc. Price only \$35 per acre, good terms. If the whole tract is not wanted, will sell 3 sections reserving one.

No. 40. 1280 acres improved land in the Plainview territory on public road with daily mail, all in one body and all choice level farm land, fenced and cross fenced, being about 9 miles good 3 to 4 wire fence, two wells and windmills, good four-room framed house well painted, good corrals, sheds, etc. About 600 acres in cultivation and divided into five fields and fenced separately. Price only \$35.00 per acre.

No. 49 1/2. Three and three-fourths sections (2400 acres) in the Plainview territory, all in one body and all of the very best smooth farm land. All fenced and cross-fenced into numerous pastures, being about 15 miles of good 3 to 4 wire fence. 4 wells and windmills, two sets of fair improvements, about eight hundred acres in fine state of cultivation and divided into about seven separate fields. Price only \$35.00 per acre. Can sub-divide and sell in tracts of from 160 and up to suit the purchaser.

No. 60. 160 acres of improved land 3 miles north of Plainview, all of which is in cultivation, a splendid 5-room frame house, well built and painted, well and windmill, water works, etc, lots and sheds, good orchard and shade trees. This is a very desirable place and convenient to town and schools. Price low, terms easy, 1 per cent.

No. 65. 160 acres improved land 5 miles of Plainview, 100 per cent best level land, 100 acres in cultivation, 50 of which is ready to be sowed in wheat, 50 acres in good row crop. House, well and windmill with plenty of good water. Improvements cheap, but a fine tract of land and well located. Will sell on good terms, 6 per cent interest and include 50 acres sowed to wheat and the rent out of 50 acres good row crop.

The above lands are the very best that can be found around Plainview and the prices given are ridiculously low, the raw land is worth more—genuine bargains that are absolutely sure to yield good profits to the purchaser.

Never in the history of the Plains were crop conditions more favorable and with the increasing demand for these lands, we ask the thinking man, where will these land values stop? Not under the highest priced lands of Central Texas. We have other lands for sale all over this country, too numerous to mention here—have dealt in these lands for more than twenty-five years—know values and best proposition for investments. Our business is to sell land and not to deceive anyone.

**Twelve Inches of Rain in Floyd**  
Lockney, Oct. 14.—Floyd county has had twelve inches of rain in the last four weeks. All farm work has been at a standstill since Sept. 12. Cotton has been injured very little by the rains, as it has just begun to open. Hundreds of acres of wheat remains in the fields unthreshed. The maize crop has suffered more than any other crop from the wet weather.

No matter how they juggle the daylight question, or enact the seven-hour day into law, it will always take about a day to do a day's work.

## IMPORTANT CHANGES IN STATE GAME LAW

Austin, Oct. 8.—Attention of hunters is called to important and material changes, as well as differences, in state and federal game laws, in a statement by the game, fish and oyster department. Most important of these is that the federal law now forbids the shooting of curlew and upland plover, and fixes a daily bag limit of twenty-five on doves. The state law allows a maximum of but fifteen doves.

The new bag limits and open seasons follow:

Deer, three bucks, from Nov. 1 to Dec. 31.

Turkey, three gobblers, March 1 to April 30.

Doves, fifteen per day, Sept. 1 to Dec. 15.

Quail or Mexican pheasants, fifteen per day, Dec. 1 to Jan. 31.

Ducks, twenty-five per day, Oct. 16 to Jan. 31.

Geese, brant and sandhill crane, 8 per day, Oct. 16 to Jan. 31.

A maximum of twenty-five is fixed as a day's bag limit, which would include any combination of birds listed above.

Farmers may kill birds destroying growing crops by obtaining a proper permit with regard to limit or season.

The state law prohibits the hiring or employing of another person to hunt and makes it a misdemeanor to accept such employment. This prevents even the giving of a box of shells to a person to hunt for another.

Game now may be shipped without the hunter accompanying the shipment by protecting the bag with an affidavit. These affidavits may be taken by express agents, train auditors, conductors and boat captains.

The new hunters license costs \$2 each and is required when hunting beyond the confines of a person's own resident county, even on land owned by the hunter.

It is unlawful to kill any wild song-bird and night hunting is prohibited in all seasons as also is the use of any light or lantern.

### PETERSBURG

Oct. 16.—We had a shower last night. We have concluded that the Plains is a very wet country, and that wheat is the grain to plant here.

A few bales of cotton was ginned here yesterday.

Chas. Jay and wife have been enjoying the state fair at Dallas for the past week.

Jim Porter, who was once a resident of this place, is here now visiting his sister, Mrs. I. Z. Smith.

The stork flew over our community Sunday and left a fine baby boy with Mr. and Mrs. J. W. Allen, Jr.

The Claitor home was a scene of enjoyment Monday night, when Mrs. L. S. Claitor and Miss Genevieve Wilson entertained in honor of Ernest Hughes, on his 18th birthday. After the guests had been entertained with music, rendered on the piano by Misses Knowles and McLauray and violin by L. S. Claitor, accompanied by Miss Annie Hegi, they were invited into the dining room to cut the birthday cake. On a small table, decorated with evergreens and golden glow, with 18 lighted candles arranged around it, was a large white cake. After the crowd had viewed it with admiration, Miss Genevieve Wilson explained that the cake contained some fortunate articles and each couple came up and cut a slice very expectantly. Ed Bledsoe is to be an old bachelor, he got the button; Miss Allie Mae Dendy will be rich, she cut the dime; and Dude Shankles will soon marry, as he got the ring. Quite a jolly time was spent and the young folks wouldn't care it Ernest would have another birthday soon.

Ed and Jim Bledsoe have returned from the Dallas fair and pronounce it quite a success.

Ira Allen is now busy at the State University at Austin. He is a deserving young man, and will succeed at any work he undertakes.

Prayer meeting Wednesday night at the Christian church was well attended.

Mr. and Mrs. Clyde Barnes entertained the younger set Friday night in their country home.

### ANCHOR

Oct 13.—Mr. and Mrs. Leander King returned from Lubbock Sunday. They report another heavy rain at that place Thursday.

Still drizzling rain here today.

The singers met at the home of Mr. and Mrs. C. J. Sturdevant Sunday night. Quite a crowd was out, although it was threatening rain.

### No Indication of Epidemic

St. Louis, Oct. 14.—There is no indication of an epidemic influenza this winter, according to speakers at the convention of the Association of Military Surgeons of the United States here.

**United States Tires are Good Tires**

## Most Economical

Wear—life—service—mileage—safety—comfort. These are the things that count in a tire.

These are exactly what you get in United States Tires,—general all-round tire satisfaction.

This greater total of tire

values means greater economy—less cost of maintenance—less repairs and depreciation.

Car owners who do their own thinking prefer United States Tires. Their merit is recognized everywhere.

We have them—a type and size for every car.

# PRINCE ALBERT

the national joy smoke makes a whale of a cigarette!

YOU certainly get yours when you lay your smokecards on the table, call for a tidy red tin or a tippy red bag of Prince Albert and roll a makin's cigarette! You'll want to hire a statistical bureau to keep count of your smokestunts! Why, you never dreamed of the sport that lies awaiting your call in a home rolled cigarette when it's P. A. for the packing!

Talk about flavor! Man, man, you haven't got the listen of half your smokecareer until you know what rolling 'em with P. A. can do for your contentment! And, back of P. A.'s flavor, and rare fragrance—proofs of Prince Albert's quality—stands our exclusive patented process that cuts out bite and parch! With P. A. your smokesong in a makin's cigarette will outlast any phonograph record you ever heard! Prince Albert is a cinch to roll. It's crimp cut and stays put like a regular pal!

Prince Albert upsets any notion you ever had as to how delightful a jimmy pipe can be! It is the tobacco that has made three men smoke pipes where one was smoked before. It has won men all over the nation to the joys of smoking.

Awaiting your say-so, you'll find tippy red bags, tidy red tins, handsome pound and half pound tin humidor—and that classy, practical pound crystal glass humidor with sponge moisture top that keeps Prince Albert in such perfect condition!

# The River of Life

Say what you will of whatever part of the human anatomy you please, the river of life is the BLOOD. It is either the swift running stream of health or the germladen channel of disease, one or the other.

The new remedy for the blood is **RICH-TONE, The Famous TONIC**

the kind that freshens and quickens the circulation, energizes the good corpuscles that fight the battles of life for the sick.

**RICH-TONE, The Famous TONIC**, is unlike any other known remedy. It works differently, it reaches in and through and down till it penetrates to the seat of the disease and springs at the very throat of the cause of it.

It's the only remedy that does this. And doing this it gets results and effects cures that no other can.

Mr. Wimsatt says: "I bought two bottles of Rich-Tone for my mother. She thinks it is the finest tonic. She has used many other kinds, but nothing has helped her like Rich-Tone."

This famous tonic is for sale at our drug store at only \$1.00 per bottle.

## ASPIRIN FOR HEADACHE

Name "Bayer" is on Genuine Aspirin—say Bayer

Insist on "Bayer Tablets of Aspirin" in a "Bayer package," containing proper directions for Headache, Colds, Pain, Neuralgia, Lumbago, and Rheumatism. Name "Bayer" means genuine Aspirin prescribed by physicians for nineteen years. Handy tin boxes of 12 tablets cost few cents. Aspirin is trade mark of Bayer Manufacture of Monoacetic-acidester of Salicylic acid.

## MANY LIKE THIS IN PLAINVIEW

Similar Cases Being Published in Each Issue

The following case is but one of many occurring daily in Plainview. It is an easy matter to verify it. You cannot ask for better proof.

L. J. Akers, farmer, Plainview, says: "Some years ago my back was all out of whack and caused me a lot of trouble. My back was weak, sore and lame and ached most all the time. When I stooped over sharp pains would catch me in the small of my back so I could hardly straighten up. In fact, my back bothered me all the time and mornings when I first got up it was so sore and lame I could hardly get around. My kidneys were weak and irregular in action and bothered me a great deal. A neighbor advised me to try Loam's Kidney Pills. I used one box of this medicine and they relieved the pain in my back and fixed my kidneys up in good shape. I use Doan's Kidney Pills occasionally to keep my kidneys in good condition."

## A FAMILY MEDICINE

In Her Mother's Home, Says This Georgia Lady, Regarding Black-Draught. Relief From Headache, Malaria, Chills, Etc.

Ringgold, Ga.—Mrs. Chas. Gaston, of this place, writes: "I am a user of Theodor's Black-Draught; in fact, it was one of our family medicines. Also in my mother's home, when I was a child. When any of us children complained of headache, usually caused by constipation, she gave us a dose of Black-Draught, which would rectify the trouble. Often in the Spring, we would have malaria and chills, or troubles of this kind, we would take Black-Draught pretty regular until the liver acted well, and we would soon be up and around again. We would not be without it, for it certainly has saved us lots of doctor bills. Just a dose of Black-Draught when not so well saves a lot of days in bed."

Theodor's Black-Draught has been in use for many years in the treatment of stomach, liver and bowel troubles, and the popularity which it now enjoys is proof of its merit.

If your liver is not doing its duty, you will suffer from such disagreeable symptoms as headache, biliousness, constipation, indigestion, etc., and unless something is done, serious trouble may result.

Theodor's Black-Draught has been found a valuable remedy for these troubles. It is purely vegetable, and acts in a prompt and natural way, regulating the liver to its proper functions and cleansing the bowels of impurities. Try it. Insist on Theodor's the original and genuine. B 79

## How to Avoid the Flu

1. Don't inhale any persons breath.
2. Avoid persons who cough and sneeze.
3. Don't visit close, poorly ventilated places.
4. Keep warm and dry.
5. If you get wet, change your clothes at once.
6. Don't use drinking cups or towels that other persons have used.
7. For the protection of others, cover your mouth when you cough or sneeze.
8. Clean your teeth and mouth frequently.
9. Don't spit on the floor.

## People are Buying Luxuries

The monthly review of trade conditions in the United States, issued by the American Exchange National Bank of New York at the close of September, says:

"There was no evidence of a decrease in the buying power of the people. Luxury goods continued in heavy demand. The demand for furniture and jewelry was particularly good. The furniture manufacturers are working at capacity, and the jewelry trade is experiencing almost unbelievable prosperity. Fabulous prices are being paid for diamonds and the better qualities of jewelry. The domestic demand for jewelry is supplemented by an unusually heavy export demand. The dry goods trade has experienced little difficulty in disposing of goods at the higher prices. A heavy demand for women's woolsens was reported. Indications point to a further increase in prices at retail as a result of further advances at the mills."

## Croup

If your children are subject to croup get a bottle of Chamberlain's Cough Remedy, and when the attack comes on be careful to follow the plain printed directions. You will be surprised at the quick relief which it affords.

The Santa Fe passenger and freight depots in Sweetwater have been reopened. When the government took charge of the railroads business of all three of the roads running through Sweetwater they were concentrated at the T. & P. depots.

## Sour Stomach

Eat slowly, masticate your food thoroughly, abstain from meat for a few days and in most cases the sour stomach will disappear. If it does not, Chamberlain's Cough Remedy Tablets immediately after supper. Red meats are most likely to cause sour stomach and you may find it best to cut them out.

E. A. Peden of Houston has resigned as federal food administrator for Texas. He served through the war.

## Chamberlain's Cough Remedy the Most Reliable

After many years' experience in the use of it and other cough medicines, there are many who prefer Chamberlain's to any other. Mrs. A. C. Kirstein, Greenville, Ill., writes: "Chamberlain's Cough Remedy has been used in my mother's home and mine for years, and we always found it a quick cure for colds and bronchial troubles. We find it to be the most reliable medicine we have used."

Miss Blanton is calling for special examinations for teachers again in November. The demand for more teachers is rather acute over the state and the superintendent is doing all in her power to fill vacancies here and there.

## A LEOPARD CANNOT CHANGE ITS SPOTS

Mr. Dodson, the Liver Tone' Man, Tells the Treachery of Calomel

Calomel loses you a day. You know what calomel is. It's mercury; quick-silver. Calomel is dangerous. It crashes into sour bile like dynamite, cramping and sickening you. Calomel attacks the bones and should never be put into your system.

When you feel bilious, sluggish, constipated and all knocked out and believe you need a dose of dangerous calomel just remember that your druggist sells for a few cents a large bottle of Dodson's Liver Tone, which is entirely vegetable and pleasant to take and is a perfect substitute for calomel. It is guaranteed to start your liver without stirring you up inside, and can not salivate.

Don't take calomel. It can not be trusted any more than a leopard or a wild cat. Take Dodson's Liver Tone and you will straighten you right up and you will feel fine. Give it to the children because it is perfectly harmless and doesn't gripe.

## Twenty-Five Tests Near Amarillo

Amarillo, Oct. 12.—At this time there are at least twenty-five test wells being drilled in the Amarillo field. Some of these wells are almost completed and excitement is running very high. A greater part of the activity is confined to the section north of the city, where oil showing has been found in at least three wells.

There is not a well in the county producing oil—that is there is not a well under the pump. However, two wells, it is claimed, would make several barrels of oil a day. On account of the formations the drillers will go on down, hoping to find oil in larger quantities.

## BREAKS A COLD IN JUST A FEW HOURS

"Pape's Cold Compound" instantly relieves stuffiness and distress

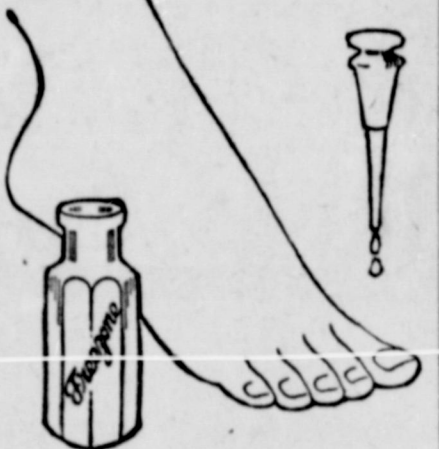

Don't stay stuffed-up. Quit blowing and snuffing! A dose of "Pape's Cold Compound" taken every two hours until three doses are taken usually breaks up a severe cold and ends all gripe misery.

The very first dose opens your clogged-up nostrils and the air passages of the head; stops nose running; relieves the headache, dullness, feverishness, sneezing, soreness and stiffness.

"Pape's Cold Compound" is the quickest, surest relief known and costs only a few cents at drug stores. It acts without assistance, tastes nice, contains no quinine—Insist upon Pape's!

## LIFT OFF CORNS!

Apply few drops then lift sore, touchy corns off with fingers

Doesn't hurt a bit! Drop a little Freezone on an aching corn, instantly that corn stops hurting, then you lift it right out. Yes, magic!

A tiny bottle of Freezone costs but a few cents at any drug store, but is sufficient to remove every hard corn, soft corn, or corn between toes, and the calluses, without soreness or irritation.

Freezone is the sensational discovery of a Cincinnati genius. 'It is wonderful.

I think your egg maker fine. My hens are laying twice as many eggs since using it.

Your egg maker is just fine. All that you claim for it.

The egg meker I ordered from you some time ago has proven far superior to any so called egg producer I have ever seen or used.

I have been using it with excellent results. I am getting nearly five times as many eggs since I started using your egg producer.

Have been using your egg maker for three or four years and find it an excellent preparation for getting the hens in good shape for laying after moulting. In 10 days one can see a change in egg production.

We had 12 and only 12 old common hens and after using egg maker a few weeks we were getting 12 eggs every day. Mrs. Polk and myself will prove this.—J. M. Polk, Queen City, Texas.

Name and address of any testimony above can be had at our store. Don't be buncoed into buying a substitute for the Genuine Egg Maker. Feed Lee's Egg Maker to Hens, and the hens will feed and clothe you. Eggs a Nickle each is mighty good easy money. Get plenty of them.
