SEVEN PROPOSED CHANGES IN STATE CONSTITUTION

AMENDMENTS TO BE VOTED ON NEXT TUESDAY ARE IMPORTANT

On Nov. 4 the voters of Texas will adopt or reject seven amendments to the constitution of the state. One amendment is that which provides a portion of the earnings of convicts in state prisons shall go to the convicts or their families. This amendment has the support of the leading philanthropists of the state, the leading welfare associations and organizations and all right thinking people who have made a study of the question. This amendment should be adopted.

Another is an amendment to the state constitution providing that Galveston city and county may issue bonds. Under the constitution the statutory limit of county or city in voting improvement bonds is fixed at 30 cents on the \$100 valuation of taxable property. Galveston has reached its limit, but on account of the tidal waves of recent years improvements of roads in that county is a necessity. This amendment should be adopted.

For or against amendment to section 49, article 3, of the constitution, proposing to amend section 49 of article 3, relating to the power to create debts by or on behalf of the state, so as hereafter to authorize the legislature to enact a law directing the issuance of bonds by the governor of the state in a sum not to exceed \$75,000,000, the proceeds of said bonds to be used in the construction of durable, hard surfaced roads upon public highways of the state; tax not to exceed 20 cents on the \$100 valuation of taxable property for the state. This amendment should be defeated. It means that the West will have to pay taxes for building roads in East and Central Texas. It means that unless a county also issues local road bonds it cannot get a cent of the state money, though it is forced to pay thousands of dollars each year to support these state bonds. It means an increase of 20c in state taxes—and goodness knows taxes are already high enough. Besides, it is very likely a large part of the money will be wasted. Vote against this amendment.

For or against amendment to section 51 of article 3 of the constitution authorizing the legislature to grant aid to Confederate soldiers, sailors and their widows who have been residents of this state since Jan. 1, 1912. There is a "joker" in this amendment, for it contains the following clause, which should not have been inserted: "And provided further that the provisions of this section shall not be construed so as to prevent the grant of aid in cases of public calamity."

For or against the amendment to article 8, section 9, of the constitution of the state of Texas providing for the levy of taxes not to exceed 30 cents for roads, streets and bridges and not to exceed 50 cents for the erection of public buildings, streets, sewers, waterworks and other permanent improvements, and not to exceed 60 cents for maintenance of public roads in one year. The smaller cities of the state want this amendment adopted. It increases taxes, and it would be well for the voter to consider well before voting for it.

For or against the amendment to section 10, 11, 12, 13, 14 and 15, of article 7 of the constitution of the state of Texas fixing the constitutional status of the University of Texas, the Agricultural and Mechanical College of Texas and other state higher colleges. This is known as the "separation amendment." It would be alright if a provision was left out which provides that several million dollars in bonds be issued against the public lands of these colleges to be used to erect new buildings. We are opposed to such bonds and shall vote against this amendment. Bonds mean higher taxes.

For or against a constitutional convention. Now is not the proper time for such a convention, for there is so much unrest following the war that people are not in the proper frame of mind for the job. Besides we have fought for many years to secure certain amendments that are now contained in the present constitution, and these might be left out of

PREDICTS UNUSUAL WEATHER DISTURBANCES IN DECEMBER

Weather Prophet Foster Says Six Planets Will Be On Same Side Sun

Weather Prophet Foster predicted the Corpus Christi storms, also the severe hail storms in the West, he predicted excessive rains and now comes out with the prediction of great storms yet to come.

Foster did not tell why they were coming, but he says severe weather changes are caused by the movement of the planets. Some people think the planets are mere stars twinkling in the skies, while as a matter of fact they are great bodies of matter, just as the earth is a great body of matter, swinging around the sun, and the vibrations or electricity from these bodies not only cause the weather conditions but they are also causing the mental unrest that is now sweeping the country.

It is estimated that the planet Mercury travels 107,012 miles per hour, while Neptune travels a little over 12,000 miles per hour. The others travel at varying speeds. A very unusual thing is to occur on December 17, 1919, when Neptune, Jupiter, Saturn, Mars, Venus and Mercury will swing around and pull on the same side of the sun at a given time. The earth will be in such a position at that time that it will be liable to receive a very great shock. Since no one was living on this planet that was here when all of these planets were in that position before there is no telling what the outcome will be. The moon could be flung away from the earth and become an independent planet, the Bible speaks of that in connection with the storms could occur. It might become so cold that proverbial "brass monkey" would freeze for the lack of warmth from the sun. If that happens, it will be something very unusual. Everybody should be ready for any emergency.

Owing to a strange grouping of six mighty planets, such as has not been in a score of centuries, the United States next December will be swept by the most terrific weather cataclysm experienced since human history began.

It will be caused by the hugest sunspot on record—a sunspot that will be visible to the naked eye.

Since man first began to make records of events no sunspot has been large enough to see without the aid of instruments. This one will be.

The sunspot that will appear December 17, 1919, will be a vast wound in the side of the sun.

It will be a gigantic explosion of flaming gasses, leaping hundreds of thousands of miles out into space. It will have a crater large enough to engulf the earth as Vesuvius might engulf a football.

Such a sunspot will be rich enough in electro-magnetic energy to fling our planet into a disturbance without precedent or parallel.

There will be hurricanes, lightning, colossal rains.

It will be weeks before the earth will regain its normal weather conditions.

There will also be gigantic lava eruptions, great earthquakes, to say nothing of floods and fearful cold. He makes this startling prophecy with no desire to be merely sensational or alarming. "It is merely because my study of the planets has revealed certain results with mathematical certainty, that I now say to you:

the new one. One reason why certain interests want a new constitution is to increase the tax rate. It will cost fully a half-million dollars to hold a constitutional convention and the necessary elections. Vote against this amendment.

WILL DISCUSS CONSTITUTIONAL AMENDMENTS

Will be held at the Band Stand Saturday and Monday Afternoons

Capt. T. J. Tilson, representative in the legislature, has called meetings to be held at the band stand in Plainview tomorrow (Saturday) and Monday afternoons, at 2 o'clock, for the discussion of the proposed constitutional amendments to be voted upon next Tuesday. Capt. Tilson, Mr. A. B. Martin and other local citizens will speak, explaining the proposed amendments, and every voter should try to be present, in order to pass intelligently upon the changes in the organic law, for nearly every

THIRD RED CROSS ROLL CALL BEGINS MONDAY

Roll Call to Close Up Plainview and Hale County's Quota The First Day

The third annual roll call of the Red Cross will begin Monday when every person will be asked to renew membership or become a member of the Red Cross, and pay \$1 fee.

E. H. Perry is chairman for Hale county, and Judge Curl of Plainview. They are both determined to close up their quotas Monday, the first day of the drive.

Every person should help in this great work. One of them if adopted means an increase in taxation.

TEN THOUSAND ACRES SOLD ALMOST 1/2-MILLION DOLLARS

F. Davenport Disposes of Farms Near Lockney and Sudan to E. Roper

One of the largest realty deals in this section of the Plains for a long time was that in which F. Davenport last week sold to E. Roper of Eastland 10,000 acres of lands, most of it being in cultivation—4,000 acres north of Lockney and 6,000 acres in Lamb county, near Sudan. The price paid was nearly \$500,000, and was practically all a cash deal. In the deal goes all the improvements, live stock and machinery.

Mr. Davenport is the largest individual farmer on the Plains, and each year cultivates several thousand acres of crops. This year he had 3,000 acres of land in cultivation north of Lockney, besides large tracts near Sudan.

When asked what he intended to do, he said to us "Buy more Plains land."

Mr. Roper is one of the largest oil land men in the Ranger field, having many big wells on his lands.

Congressman Jones' Views

Congressman Marvin Jones of this district and nearly all the other Texas congressmen voted to override President Wilson's veto of the prohibition enforcement bill.

Congressman Jones is with the president in his ultimatum to the coal mining unions, and made a strong speech along this subject Monday. He is for legislation that will put a stop to preaching revolution and anarchy, and wants to stamp out bolshevism.

Migratory Fowls Destroying Crops

The wild geese, ducks and cranes, especially the latter, are eating thousands of dollars' worth of grain in Hale county, in fact are devouring whole fields of kafir and maize, and deplete both day and night. In some instances a thousand or more cranes fly into a field at one time. Yesterday morning the editor of the News saw fully a thousand cranes in the field just north of Lake Plainview.

Fourth Cutting of Alfalfa

The Texas Land & Development Co. this week cut its fourth crop of alfalfa this year from its farms near Plainview. The total aggregates about three tons and a half to the acre. The rain came on this cutting and possibly damaged it considerably, but it can be fed to stock on the farms.

Mitchell Will Run for Sheriff

Ben E. Mitchell tells us that he will make the race for sheriff and tax collector of Hale county in next year's campaign, and his formal announcement will appear in the News at a later date. He has been in Hale county for many years, is well and favorably known, and is well qualified to fill the position.

Will Publish Write-Up

Silliman Evans, staff correspondent of the Fort Worth Star-Telegram, was here this week getting data for a write-up of Plainview and Hale county in the Star-Telegram. It will be quite a comprehensive article on the resources and development of the county.

Opening Battery Station at Lockney

The Conner-Mathes Battery Co. of this city is opening another house in Lockney—this giving them three stations as they have houses here and at Lubbock. They have the Willard battery, and may open stations at other points on the Plains.

Opening Store in Lubbock

McGlasson-Armstrong Rubber Co. of Plainview are opening a tire and vulcanizing business in Lubbock, with Jewell Patton as manager. They will carry a big stock of tires and accessories and maintain a service station.

Meeting at Meteor Tonight

A get-together meeting and Hallo-ween social will be held at Meteor school house tonight.

The Redpath-Horner people are putting on a chautauque at Lockney this week, and each day the troupes of entertainers have been passing in and fro through Plainview.

GOVERNMENT WILL FIGHT FOR INTERESTS OF PUBLIC

DRASTIC STEPS TAKEN TO PROTECT ALL MEN WHO DESIRE TO WORK

Washington, Oct. 30.—The government put on its fighting clothes today to meet the coal strike due to start Saturday.

While order after order popped out with startling war time swiftness, the long arm of the law reached out to protect the public and those miners willing to remain at work in the face of union commands to quit.

Most drastic of all moves during the day was the order for the seizure of coal in transit for roads requiring it, with retarding of stock on hand to establish.

Breaking down the barriers which had kept members of the cabinet away from his sick room, President Wilson took a hand in the fight today and personally approved every detail in the general plan of dealing with conditions likely to arise with the walkout of the soft coal miners.

For twenty minutes, the president propped in bed, went over with Attorney General Palmer the various steps, heard what orders had been issued and was put in intimate touch with all arrangements. The president, it was stated, was especially gratified to learn of protective measures, both for the homes and the mines.

The coal strike took precedence over the peace treaty in the cabinet which for four hours debated and then adopted a resolution pledging its support to the government in maintaining order during the present industrial emergency. Efforts to have the house take similar action failed, because of the opposition by republican leaders. In and out of congress, however, sentiment seemed to turn through one groove and there were expressions of general approval of the public's determination to keep the mines in full operation.

While the only statement given out after the special meeting of the cabinet dealt with issuance of an order relating to the fixing of a maximum coal price, the members were understood to have considered seriously means of protecting the miners who will not strike.

Reports received from confidential sources during the last few days, officials said, indicated that a considerable number would keep on turning out coal if afforded protection, and this officials added, would be given in abundant measure.

State and city police and regulation constabulary forces will be pressed into service first, and troops will be called only as a last resort according to those familiar with the program.

Secretary Daniels announced today that sailors and marines will be shifted to land duty and attached to military organizations, if their services are demanded by the president.

Weather Continues Unsettled

The weather on the Plains, and all over the state for that matter, has been unsettled for almost two months, ever since the great gulf storm that raged the middle of September. There have been but few clear days since then; rainy, cloudy, misty, weather has prevailed. This week there has been rain, mist, clouds, though yesterday and today have been fair, last night was cloudy and misty.

The continued wet weather has been hard on the farmers, and has damaged the row crops greatly. Good open weather has been needed to permit the harvesting of the crop, as the lack of help as forced most every farmer to do his own harvesting.

Expert Service Man is Reynolds

H. H. Reynolds of Muskogee, Okla., has arrived and is connected with the Carter-White Motor Co. as manager of the service department. He has had many years experience as an expert in this work, and was sales-agent for the Cadillac and Hupmobile cars at Okmulgee.

Auctioneer Allen Has Nine Sales

W. T. Allen, the public auctioneer at Petersburg, was here Wednesday. He says he has nine public sales to hold within the next several weeks in the Petersburg section and the edges of Floyd, Comanche and LeFlore counties. He is very successful in his sales, and his services are sought.

Men are a lot like fish. You never hear of one getting the hook because he kept his mouth shut.

Next Tuesday eight constitutional amendments will be voted on, five of which deal direct with the question of taxation. Under the Constitution as it now stands \$1.60 on the hundred adopted the maximum tax rate will limit. If these amendments are if you contemplate voting for these amendments it might be advisable for you to first find out just what your taxes are this year and then consider what they might be next year and for years to come, in the event these amendments carry. Vote against every amendment that seeks to increase taxes or issue bonds.

President Wilson is an enigma. He is a Christian, a leader in the Presbyterian church, a great apostle of morality, and an advocate of higher civilization, sobriety, cleanliness. Yet, he seems determined to repeal the wartime prohibition law so that there can be a great national debauch of a few weeks before national constitutional prohibition becomes effective in January. Some weeks ago he sent a message to congress asking that it repeal the law; this week he vetoed the prohibition enforcement bill, but it has since been passed over his veto, and it is given out that the moment the German peace treaty is ratified he will raise the ban against the sale of liquor. He has given no satisfactory reason why he thinks the nation should be given a final spree before the long drouth sets in. Nation-wide prohibition prevails, the saloons are closed, liquor or beer is not sold anywhere, the liquor dealers have gone out of business, the people are forgetting about the damnable stuff—so why should President Wilson insist on re-opening the saloons for a few weeks at

most? Why should he want to debauch thousands of young men by throwing temptation in their pathway? To re-open the saloons would be a national calamity. Yes, Wilson, in this case, is an enigma.

UNIONISM DEFILES GOVERNMENT

Saturday night President Wilson threw a bomb into the ranks of the leadership of the coal miners' unions by denouncing the nationwide coal strike, which is called to begin tomorrow. He said the strike was not called upon a vote of the miners, but was solely at the behest of the leaders, and it is claimed that most of coal miners are really against the strike. He said that such a strike would be unlawful, and would bring untold suffering upon the people of the country, rich and poor; would stop factories, stop railroads, and tie up all industry. He said that the government does not propose to submit to such an awful calamity, and will take the necessary steps to keep the mines going. He plead with the miners to call off the strike.

The leaders of the miners met Wednesday and refused to call off the strike, and denounced President Wilson as a usurper. They threw down the gauntlet to the people of the country. They showed that they have no regard for the welfare of the people. They deliberately propose to starve and freeze the people into submission to their autocratic demands.

They are striking for a six-hour day, five day week and an increase of 60 per cent in wages—and recognition of the union. The smallest wage now in the coal mines is \$5 a day, and they run up to \$12 and \$15 a day. The government will put down the strike, for the people are with Mr. Wilson. Whenever any set of men, especially ignorant foreigners, set themselves up as being greater than the government, they always lose out. It should be a set policy of the government, by law, that there shall be no strikes in coal and iron mines, railroads, and other great industrial fields, where the general public is so vitally interested. The people should be paramount, and disputes between labor and capital should be settled by arbitration.

Labor unionism must be shown it cannot rule the country, just as capital has been shown it could not. Only fifteen per cent of the laborers of the United States belong to unions, yet it demands that the other eighty-five per cent either join it or starve.

KRESS

Oct. 23.—

The people of Kress were not at all shocked when the news began to spread Sunday afternoon that Mr. Hubert Boney, one of our returned soldier boys, and Miss Ielsie Hartman, both of them prominent young people of Kress, were happily united in marriage in Plainview Sunday afternoon. They were accompanied to Plainview by several young people of this place. The ex-war bride and groom returned to Kress Monday morning, stopping at the hotel with the sister of Mr. Boney. From the noise the tin pan created in that vicinity Monday night, we think everyone was notified of the marriage. We understand that Mr. and Mrs. Boney will make their future home here.

Mrs. Sefton and little daughter, Oneda, returned Tuesday from Big Springs, where they have been visiting with the father of Mrs. Sefton, Mr. Griffith. Mrs. Sefton left Tuesday afternoon for Tulla, where she has accepted a position with the Santa Fe.

Professor and Mrs. S. W. Reeves went to Ibbcock, Friday afternoon, after school hours, to visit with relatives. They returned home Sunday afternoon.

Claud Hooks of Colorado City was in Kress last week visiting his friend, Miss Ethlyn Edwards.

We understand the Glee club is going to give an entertainment soon. Several young people of Tulla were

Miss Lena Williams, Former Plainview Girl, to Marry

We note in the Fort Worth Record that Miss Lena Williams, daughter of Dr. and Mrs. George J. Williams, of that city, is soon to marry Capt. Howard Goodman. The family lived in Plainview for many years, and she was teacher of expression in the colleges here, and is well known.

A number of pre-nuptial social affairs are being given for her. Two are mentioned for next week.

cement party by Mrs. J. B. Dooley, which was a very elaborate affair, and a dinner by Judge and Mrs. L. C. Penry, formerly of Plainview. Among the guests were Mr. and Mrs. Harry Long of Miami, Arizona, who used to live in Plainview.

Announcement

The Library board will meet at the club room Wednesday, Nov. 5th, at 3 o'clock.

Librarians and substitutes urged to come.

Lynn Pace Marries

Miss Blair of Illinois
Mr. Lynn Pace of Plainview was married October 8th at Salem, Ill., to Miss Grace Blair of that place, at

the home of her parents. The wedding was quite an elaborate affair. They spent several days in St. Louis, and then came on to Plainview.

Baylor Association Met

With Mr. and Mrs. Pierce
The Baylor Association had a meeting Tuesday night at the home of Mr. and Mrs. C. A. Pierce. About thirty persons were present and the program was informal. Refreshments of punch and cake were served.

The association will give a Thanksgiving banquet with Miss Lula Goode the third Tuesday night in November.

Presbyterian Women Met

With Mrs. Deacon
The Woman's Missionary society of the Presbyterian church met at the home of Mrs. Deacon. Meeting was called to order by the president, Mrs. Curl.

The devotional part of the meeting was conducted by Mrs. Kerr. Roll call was responded to by items on Alaska.

At a business part of the meeting it was decided to hold two sessions a month, one social meeting and one for business and study. At the social meeting refreshments will be served and silver offering taken.

The following papers were then read: "Alaska," by Mrs. Abney; "India, North and West," by Mrs. Jeffus. "Text Book," Mrs. D. Ferguson.

The society adjourned by repeating the watchword. The hostess served delicious refreshments.

The next meeting will be the social meeting at the home of Mrs. C. H. Curl, the 2nd Monday in November.

Reagan Dublin Celebrates

His Eleventh Birthday
Reagan Dublin celebrated his eleventh birthday Saturday afternoon with a party in which Hallowe'en decorations were used. The afternoon was spent playing games and there was music. His mother, Mrs. R. C. Dublin, served refreshments of birthday cake, pumpkin pie and ice cream. In cutting the birthday cake Lloyd Bray got the dime and Ellen Tuttle the thimble.

Y. L. G. Will Entertain

Next Friday Night
The Young Ladies' Guild will entertain next Friday night, Nov. 7th, at the home of Mrs. Gordon Lang with a masquerade Hallowe'en party.

Methodist Women

The Woman's Missionary Auxiliary of the Methodist church will have a trip around the world Thursday, Nov. 6th, making stops at some of their most interesting mission stations.

The first stop will be at the home of Mrs. Blocksom, representing Mexico; the second at Mrs. C. S. Williams, representing Japan; the third Mrs. A. E. Harp, representing Africa, and then back to the parsonage, which is America, the great melting pot. An interesting program will be given at each station and refreshments, peculiar to the country represented, will be served.

Hours from 4 to 10 o'clock in the evening; tickets for adults 50c; for children under 14 years, 25c.

The proceeds will be used to pay for the new piano, which has just been purchased for the church.

Colonial Ball at Elks

Club Tonight
There will be a colonial ball at the Elks club tonight, and all who attend will wear Colonial costumes. Only old-fashioned dances will be danced, and the music will be from old-fashioned "fiddles." The refreshments will be apple cider, ginger bread and pumpkin pie.

Costume Hallowe'en Party

Miss Alma Armstrong will entertain tonight at the W. B. Armstrong home with a Hallowe'en party, and the guests will attend in fancy costumes.

C. S. Power has sold the Hal Wofford residence property between town and Seth Ward to Mr. Connally, who will occupy same.

R. F. Ivey has severed his connection with the L. D. Rucker Produce Company, and will from this date on be with the C. E. White Seed Co., where he will have charge of the buying of eggs, poultry and hides.

Doc Hines and C. L. Hogue have returned from Wichita Falls, where they have been working for some time, and will establish an auto repair shop.

N. H. Wright of Lubbock is here on business.

When you want your Ford car repaired, insist always upon getting the genuine Ford parts, made by the Ford Motor Company. In order to insure reliable quality. There are "spurious," "counterfeit," "imitation" parts made by outside concerns, who have no regard for quality in material, so insist on your Garage or Repair Man furnishing you the genuine Ford Parts. All reliable garages may now buy the genuine Ford Parts from us—so there's no excuse for any one using the "bogus" parts. To be sure, bring your car to us for repairs or replacements.

If you want a Ford car place your order now.

LANDS FOR SALE

No. 30. 4 sections improved land in one solid body in the Plainview territory, located on public road with daily mail and telephone connection. All of the very best smooth farm land, fenced and cross-fenced into several pastures, 4 wells and windmills, with inexhaustible supply of good water, about 650 acres in fine state of cultivation, divided into several fields and fenced separately, some of which is ready to sow to wheat, also about 150 of which is under best woven hog wire fence and sub-divided into numerous pastures with feed lots, brood houses, etc. There are three sets of good improvements, 4 to 5 room framed houses, all necessary corals, sheds, granaries, one new barn that will cost 3,000 to build. Orchard, etc. Price only \$35 per acre, good terms. If the whole tract is not wanted, will sell 3 sections reserving one.

No. 40. 1280 acres improved land in the Plainview territory on public road with daily mail, all in one body and all choice level farm land, fenced and cross-fenced, being about 9 miles good 3 to 4 wire fence, two wells and windmills, good four-room framed house well painted, good corrals, sheds, etc. About 600 acres in cultivation and divided into five fields and fenced separately. Price only \$35.00 per acre.

No. 40 1/2. Three and three-fourths sections (2400 acres) in the Plainview territory, all in one body and all of the very best smooth farm land. All fenced and cross-fenced into numerous pastures, being about 15 miles of good 3 to 4 wire fence. 4 wells and windmills, two sets of fair improvements, about eight hundred acres in fine state of cultivation and divided into about seven separate fields. Price only \$35.00 per acre. Can sub-divide and sell in tracts of from 160 and up to suit the purchaser.

No. 60. 160 acres of improved land 3 miles north of Plainview, all of which is in cultivation, a splendid 5-room frame house, well built and painted, well and windmill, water works, etc, lots and sheds, good orchard and shade trees. This is a very desirable place and convenient to town and schools. Price low, terms easy, 1 per cent.

No. 65. 160 acres improved land 5 miles of Plainview, 100 per cent best level land, 100 acres in cultivation, 50 of which is ready to be sowed in wheat, 50 acres in good row crop. House, well and windmill with plenty of good water. Improvements cheap, but a fine tract of land and well located. Will sell on good terms, 5 per cent interest and include 50 acres sowed to wheat and the rent out of 50 acres good row crop.

The above lands are the very best that can be found around Plainview and the prices given are ridiculously low, the raw land is worth more—genuine bargains that are absolutely sure to yield good profits to the purchaser.

Never in the history of the Plains were crop conditions more favorable and with the increasing demand for these lands, we ask the thinking man, where will these land values stop? Not under the highest priced lands of Central Texas. We have other lands for sale all over this country, too numerous to mention here—have dealt in these lands for more than twenty-five years—know values and best proposition for investments. Our business is to sell land and not to deceive anyone.

Dinner For Five

Five Middle Western farm leaders sat down to dinner in a big hotel. Modestly they ate steak, potatoes, corn, bread and butter and drank coffee—and the check was \$11. Then one of them, says

The COUNTRY GENTLEMAN

figured roughly from the day's market reports what share the farmer had got of the \$11—and the answer was 82 cents! And still some folks say the farmer is a profiteer!

First, last and all the time THE COUNTRY GENTLEMAN stands for a living profit for the farmer. Its articles are aimed at better and more economical methods in cropping; at more scientific breeding and feeding of animals; at greater use of tractors and other labor-saving machinery; at more efficient marketing.

BERT DAVIS PLAYERS WILL BE HERE ALL NEXT WEEK

The mere announcement that a show is coming to town does not signify anything. Most any one can buy a tent and hire a few men and women and go out and advertise "The Biggest and Best Show Ever Here," but that is not convincing, nor is it any assurance that the aforesaid show will be good or that it will get business. The Bert Davis' Players is now in its fourth year of success in every way and it has not only made money from its initial performance, but it has given universal satisfaction everywhere it has played, for example; Mr. Sullivan, the manager of the Deandi theatre at Amarillo heard that Mr. Davis was going to lay his show off for a couple of weeks while he repaired it and rigged it up for the winter. Mr. Sullivan immediately engaged the show for his house for the two weeks and before that time prevailed upon Mr. Davis to stay another week, which he did and business was better the last week than the first week. This show is better prepared to give winter shows under canvas than any other one in Texas, in the first place there is a practically new tent that cannot leak and there is double side walls and five big coal stoves are kept red-hot as long as they are needed.

The plays are all new and true to name, for instance, the opening play "The Boy Who Came Back" is even now playing in one night stands at dollar prices and every other bill is new, here is a partial list: "Bought and Paid For", "The Girl He Couldn't Buy", "The She Devil", "The Little Lost Sister", "A Pair of Country Kids" and "Lena Rivers" for Saturday matinee.

The vaudeville numbers that will be introduced between the acts are all clean and highly entertaining.

The prices of admission are adults 33c and children 15c, which includes the war tax. The ladies will be admitted absolutely free Monday night upon the payment of a 3c war tax at the front door.

There is an excellent band carried with the show which will give a grand free concert on the main street at four o'clock Monday evening and another one at seven.

The doors will be open at 6:45 with a band concert and then curtain will rise at 7:45.

It might be of interest to the lovers of music to know that Eddie See's singing orchestra gives fifteen minutes concerts every evening just before the curtain rises.

DODSON TELLS THE HORROR OF CALOMEL

You Don't Need to Sicken, Grip, or Salivate Yourself to Start Liver

You're bilious, sluggish, constipated. You feel headachy, your stomach may be sour, your breath bad, your skin shallow and you believe you need vile, dangerous calomel to start liver and bowels.

Here's my guarantee! Ask your druggist for a bottle of Dodson's Liver Tone and take a spoonful tonight. If it doesn't start your liver and straighten you right up better than calomel and without griping or making you sick I want you to go back to the store and get your money.

Take calomel today and tomorrow you will feel weak and sick and nauseated. Don't lose a day. Take a spoonful of harmless, vegetable Dodson's Liver Tone tonight and wake up feeling splendid. It is perfectly harmless, so give it to your children any time. It can't salivate.

NASTY COLDS ARE RELIEVED AT ONCE

"Pape's Cold Compound" then breaks up a cold in a few hours

Don't stay stuffed-up! Quit blowing and snuffing! A dose of Pape's Cold Compound" taken every two hours until three doses are taken usually breaks up a severe cold and ends all gripe misery.

The very first dose opens your clogged-up nostrils and the air passages of the head; stops nose running; relieves the headache, dullness, feverishness, sneezing, soreness and stiffness.

"Pape's Cold Compound" is the quickest, surest relief known and costs only a few cents at drug stores. It acts without assistance, tastes nice, contains no quinine—insist upon Pape's!

The River of Life

Say what you will of whatever part of the human anatomy you please, the river of life is the BLOOD. It is either the swift running stream of health or the gaudy laden channel of disease, one or the other.

The new remedy for the blood is **RICH-TONE, The Famous TONIC**

the kind that freshens and quickens the circulation, energizes the good corpuscles that fight the battles of life for the sick.

RICH-TONE, The Famous TONIC, is unlike any other known remedy. It works differently, it reaches in and through and down till it penetrates to the seat of the disease and springs at the very throat of the cause of it.

It's the only remedy that does this. And doing this it gets results and effects cures that no other can.

Mr. Wimsatt says: "I bought two bottles of Rich-Tone for my mother. She thinks it is the finest tonic. She has used many other kinds, but nothing has helped her like Rich-Tone."

This famous tonic is for sale at our drug store at only \$1.00 per bottle. **DYE DRUG CO.**

Chamberlain's Cough Remedy the Most Reliable
After many years' experience in the use of it and other cough medicines, there are many who prefer Chamberlain's to any other. Mrs. A. C. Kirstein, Greenville, Ill., writes: "Chamberlain's Cough Remedy has been used in my mother's home and mine for years, and we always find it a quick cure for colds and bronchial troubles. We find it to be the most reliable medicine we have used."

\$100 Reward, \$100
The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Catarrh being greatly influenced by constitutional conditions requires constitutional treatment. Hall's Catarrh Cure is taken internally and acts upon the blood on the mucous surfaces of the system thereby destroying the foundation of the disease, giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in the curative powers of Hall's Catarrh Cure that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

TULIA

Oct. 24.—The Redpath Horner chautauques will present a four-day chautauque in Tulia, beginning next Wednesday, 29th.

Uncle Jeff Evans returned last Thursday from Plainview, where he has been for some time recuperating from an operation for appendicitis.

Next Friday, October 31st, is the date set for "visiting day" at the Tulia public school. Every mother, every patron, and all other ladies who claim to be a friend to public education is expected to be present.

Out of fifty entries in the individual exhibits, the class that all the counties entered their best, Swisher county won twenty-two first prizes, eleven second prizes, and seven third prizes at the Dallas fair. The first prizes were awarded on soft wheat, Egyptian wheat, red rust proof oats, milo maize, red, (threshed), kafir, white (threshed), speltz, (threshed), field peas, sudan grass seed, alfalfa seed, sorghum seed, beets, dry beans, watermelons, native prairie hay, sheaf hard wheat, sheaf oats, sheaf rye, sheaf speltz or emmer, and brooms. Second prizes were on feterita (threshed), milo maize heads, red, alfalfa hay, peanut hay, white yams, cantaloupes, best 5 pounds of short staple cotton, sorghum heads, Indian corn, Gano apples and Stamen winesap apples. Third prizes were for hard wheat (threshed), milo maize white (threshed), onions, pumpkins, best three stalks of cotton, black twig apples, and gourds. The only entries upon which we did not win a prize were three varieties of onions, one variety of apples, barley, two varieties of broom corn and one peck of Turkey red wheat.—Herald.

SILVERTON

Oct. 24.—P. A. Jones has sold his beautiful home, four miles southeast of town, to R. W. Lemons and sons. Mr. Lemons at present lives at Dallas, but has a considerable ranch southeast of the Jones place, where some of the boys make their home. This is composed of three sections of choice land and is one of the best improved farms in Briscoe county, having several sets of improvements.

The Parent-Teachers' club will give a Hallowe'en social at the school building Friday night, Oct. 31st.

Births—To Mr. and Mrs. Aldredge a boy; R. J. McDonald, boy; Earl Long, boy; Louis Francis, twin girls. Grady Burson and Cooper Crane made a trip to Hale Center the latter part of last week, returning the first of this week. It is reported that they ran out of gas and covered considerable of the distance afoot.—Star.

Mrs. Smith Recommends Chamberlain's Tablets
"I have had more or less stomach trouble for eight or ten years," writes Mrs. G. H. Smith, Brewerton, N. Y. "When suffering from attacks of indigestion and heaviness after eating one of two of Chamberlain's Tablets have always relieved me. I have also found them a pleasant laxative." These tablets tone up the stomach and enable it to perform its functions naturally. If you are troubled with indigestion give them a trial, get well and stay well.

HANDS, ARMS, LIMBS ASLEEP

And Was Run-Down, Weak and Nervous, Says Florida Lady. Five Bottles of Cardui Made Her Well.

Kathleen, Fla.—Mrs. Dallas Price, of this place, says: "After the birth of my last child... I got very much run-down and weakened, so much that I could hardly do anything at all. I was so awfully nervous that I could scarcely endure the least noise. My condition was getting worse all the time... I knew I must have some relief or I would soon be in the bed and in a serious condition for I felt so badly and was so nervous and weak I could hardly live. My husband asked Dr. about my taking Cardui. He said, 'It's a good medicine, and good for that trouble,' so he got me 5 bottles... After about the second bottle I felt greatly improved... before taking it my limbs and hands and arms would go to sleep. After taking it, however, this poor circulation disappeared. My strength came back to me and I was soon on the road to health. After the use of about 5 bottles, I could do all my house-work and attend to my six children besides."

You can feel safe in giving Cardui a thorough trial for your troubles. It contains no harmful or habit-forming drugs, but is composed of mild, vegetable, medicinal ingredients with no bad after-effects. Thousands of women have voluntarily written, telling of the good Cardui has done them. It should help you, too. Try it. E. D.

Croup
If your children are subject to croup get a bottle of Chamberlain's Cough Remedy, and when the attack comes on be careful to follow the plain printed directions. You will be surprised at the quick relief which it affords.

Mrs. John Bowie, living south of Dimmitt, has died of leakage of the heart.

CANYON

Oct. 24.—W. E. Anthony and family of Plainview were guests of Mr. and Mrs. N. E. McIntyre Saturday and Sunday.

Miss Thelma Jones of Abernathy was a guest last week of Mrs. I. N. Hicks and Mrs. A. B. Janes.

Wesley Owen was fatally injured Wednesday afternoon at the Joe Foster place while assisting Mr. Foster with his threshing, his liver being cut in two by the force of a blow received from the handle of a pitchfork which caught in the drive belt of the threshing machine. Mr. Owen was throwing bundles into the machine from the ground. His fork caught in the big driving belt of the machine, and was hurled at Mr. Owen with such force as to cut his liver in two. He died early Friday morning in the sanitarium at Amarillo.—News.

Henry Stone, a young man formerly of Lubbock county, committed suicide on his claim near Tatum, N. M., by taking carbolic acid. He and his sweetheart had just had a falling out.

A GOOD FRIEND

A good friend stands by you when in need. Plainview people tell how Doan's Kidney Pills have stood the test. W. J. Mitchell, Carpenter and Contractor of Plainview, endorsed Doan's three years ago and again confirms the story. Could you ask for more convincing testimony?

Mr. Mitchell gave the following statement on November 12, 1915: "For the last three or four years I have had some trouble with my kidneys. My back would get lame and ache steadily through the small part of my back. I was unable to do any work. I stooped down I could hardly straighten. The first time I used Doan's Kidney Pills they relieved me and now whenever I suffer in that way I get Doan's Kidney Pills at the R. A. Long Drug Store and receive the same good results as I did the first time I used them. I can highly recommend Doan's Kidney Pills for children with weak kidneys, also for the cure they gave me."

On May 6, 1919, Mr. Mitchell added: "Since I recommended Doan's Kidney Pills I have used them off and on whenever I have felt I needed a kidney remedy and they have never failed to give me excellent results. This has increased my faith in Doan's Kidney Pills and I praise them higher today than I did when I first endorsed them."

"Guaranty Fund Bank"

(Continued from 1st Page)

"Be warned in advance. Tremendous things are going to happen from December 17, to December 20, 1919, and afterwards."

Here are the simple, yet astounding facts that enable me to make this prophecy:

The planets in their orbits swing in great eclipses about the sun. They are linked to the sun, and to each other, by chains of electro-mag-

netic energy whose compelling forces counteract each other and hold each planet in its regular path.

Whenever two planets wheel into such positions, that they pull together on the sun—either in conjunction on the same side of the sun or in opposition, with the sun between them—their united pull causes the sun's gasses to "explode"—to leap out into space in the whirling volcano we call a sunspot.

These sunspots in turn cause

storms in the atmosphere of our earth—doubtless on other planets as well.

Two planets united are enough to cause a small sunspot and a small storm. Three cause a larger one—four make a very great storm indeed.

But—on December 17, 1919, no less than seven planets will pull jointly on the sun. These will include all the mightiest planets, those with the most powerful pull.

Six of them—Mercury, Mars, Venus, Jupiter, Saturn and Neptune—will be in conjunction: grouped together in the greatest "League of Planets," ever known in the annals of astronomy.

They will be massed in the narrow limit of but 26 degrees, on the same side of the sun.

Directly opposite, coming into opposition with this gigantic league will be the huge planet Uran and the six planets will pierce the sun like a mighty spear.

Our earth is outside the league at an angle of nearly 90 degrees—in perfect position to receive almost the full force of the monster electrical disturbance as it leaps into activity on what, to us, will be the eastern horizon of the sun's disk.

This means we shall get the full strength of the storm when the sunspot is at its worst, before the exploding gasses have had time to die down.

Such a close grouping of planets has never been recorded before. The whole solar system will be strangely out of balance.

What will be the outcome? My knowledge does not permit me to state, beyond the fact that the storms, eruptions and earthquakes will be tremendous in their strength and scope.

Remember the date, December 17 to 20, and after.
