## PLAINVIEW WILL TAKE TRADE EXCURSION MAY 18, 19, 20

### THREE DAYS WILL BE SPENT VISITING OTHER TOWNS—BAND GOING

About seventy-five representative business men met at the city hall tonight to lay plans for the trade excursion being promoted by the Junior Chamber of Commerce. R. M. Crabb presided over the meeting.

It was decided that Tuesday, Wednesday and Thursday, May 18, 19 and 20, the week before the chautauqua be the dates for the excursion, and that the purpose of the excursion be for a large number of representatives business men and citizens to go in cars to the various towns in this section, get acquainted with the people, invite them to visit Plainview, also to distribute advertising matter showing the good points of Plainview as a trade center.

A committee composed of Paul Barker, C. A. Miers, Guy Gibbs, John Boswell, J. M. Waller, Morey McGlasson, C. D. Hensley and J. M. Adams was appointed to map out the itinerary, and it retired and later brought in the following report, which was adopted:

First Day—Runningwater, Olton, Spring Lake, Dimmitt, Nazareth, Tulla, Kress and home at night, a distance of about 129 miles.

Second Day—Hale Center, Abernathy, Petersburg, Lorenzo, Ralls, Crosbyton, Floydada, where the night will be spent, distance 101 miles.

Third Day—Leaving Floydada, go to Matador, White Flat, Flomot, Quitaque, Silvertown, Lockney and home, distance 137 miles.

Steps of 15 minutes to an hour will be made at each town the brass band will give a concert and a speech or two will be made, but the most important matter will be to meet the people and distribute advertising matter. A schedule of just when the excursion will reach each town and how long it will stay will be arranged and published.

A committee was appointed to suggest the plan of advertising, composed of Sidney Miller, Mr. Chaney, G. V. Smith, Edgar Hartley, Claude Powers, O. O. Reed, J. B. Bradley, and A. E. Boyd. This committee later reported suggesting that the general advertising of Plainview as a good trading point be pro rated out among all the business men, so it will not cost any firm very much. The cars will be properly decorated and placarded.

L. P. Barker, W. L. White, Bob Malone, Theo. Shepard, A. C. McClelland and Carl Rosser were appointed to secure cars for the excursion.

The excursion will be a very important one for Plainview and should be encouraged by all the business men and citizens.

The News will print more about the details when the committees announce the arrangements.

## REV. A. B. ROBERTS GONE TO HIS ETHERNAL HOME

### WAS PIONEER PREACHER IN TEXAS—LIFE OF SERVICE FOR MASTER

Rev. A. B. Roberts died about two o'clock last night at his home in this city, from heart disease, he having been afflicted with it for some years. The funeral will be held Wednesday afternoon at the Methodist church, at 2:30 o'clock. Dr. Ernest E. Robinson will conduct the service, and likely the Masonic fraternity will attend in a body.

The deceased was born March 8, 1844, in Buncombe county, North Carolina. He moved to Texas in 1860, and later served with distinction in the Confederate army. After the war, in 1865, he was married to Nancy Ann Caraway, and she survives him. To them were born ten children, who are living, and all of whom but a son, who is blind and deaf, are at his bedside when he passed to his eternal reward. Six of them are daughters and four sons, among them being Mrs. Jordon of Plainview, Mrs. Gordon of South Dakota, Mrs. Banks of Snyder, Mrs. Woodlee of Oklahoma and the others whose names we cannot get just now. There are nineteen grandchildren.

The family moved to Plainview about thirteen years ago.

Bro. Roberts was for more than forty years a minister in the Methodist church, and the past few years was on the superannuated list, though he kept up his work preaching at several churches in this county. He preached in Erath county in the Indian days, when he carried a pistol with his Bible in his saddle bags as he rode on horseback to his appointments. It was then that the father of the editor of the News and Bro. Roberts became fast friends.

In Friday's News we shall have an editorial eulogy of this Godly man, who has gone to be with His Father after a life full of good works.

Bro. Roberts was one of the oldest Masons on the Plains.

According to reports from the scene of the accident, the Ford touring car in which the couple were traveling was struck from the rear by the locomotive and was completely demolished. ## TILSON DEFENDS WILSON AND ADMINISTRATION

### Denounces Bailey and His Campaign—Would Disgrace Democratic Party

Capt. T. J. Tilson, representative from this district, delivered an address at the court house Saturday afternoon to an audience that almost filled the county court room.

Capt. Tilson defended the Wilson administration, and declared it had accomplished more constructive and beneficial legislation in the past seven years than any other five administrations.

He gave as evidence the establishment of the reserve banking system, the land loan system, merchants marine, election of U. S. Senators by the people, child labor laws, and many other good laws—all of which Bailey opposes.

He pointed out that Bailey has always been an opponent of the democratic party and of good legislation. He even opposed rural mail delivery and the use of public roads by automobiles.

Capt. Tilson attacked Bailey's course during the war, and said he did as did pro-Germans and slackers, and did not help win the war. He said Bailey helps all mistakes of the war on Wilson, even where minor officials had committed them, and that Wilson made fewer mistakes than had been made in any other war.

As to the cost of war, the thing most important was to whip the Germans, and it had to be done as soon as possible. It costs to have war, and the cost per American soldier per day during the Spanish-American war was over \$21, and during the world war it was but \$9.51 a day.

## E. H. PERRY, VICE-PRESIDENT BANKHEAD HIGHWAY ASSO.

### PLAINAINS GETS EVERYTHING ASKED FOR AT CONVENTION—OLTON MAN DIRECTOR

The Oklahoma-Plains division of the Bankhead Highway association got most everything it asked for at the national convention held in Hot Springs, Ark., last week, despite the jealousy and active opposition of the all-Texas route, which follows the Texas & Pacific railroad across the state.

There were five divisions of the highway designated: From Washington City to Atlanta, Ga.; from Atlanta to Hot Springs, Ark.; from Hot Springs through Oklahoma, the Texas Plains and New Mexico to El Paso; from Hot Springs to El Paso through Texas; and from El Paso to San Diego, Calif. The route that runs through Plainview is a main route, equal with the all-Texas route. This route is well improved practically all the way, only three or four counties having bad roads; many counties having issued bonds and made first-class roads.

E. H. Perry of Plainview was elected vice president of the route and J. W. Mitchell of Childress and Fred Schrierer of Olton, directors.

Mr. Perry says it was a great convention, and will mean much to this section of the state.

### RAILROAD SWITCHMEN'S STRIKE FAILS—LEADER ARRESTED

Railroads Refuse to Re-Instate Strikers—Government Board Won't Hear Case

The strike of the outlaw railroad yardmen and switchmen that swept the eastern section of the country last week, has about played out, and yesterday freight was said to be moving at about 60 per cent of normal. Most everywhere the strikers are going back to work. On some railroads the men were given so many hours to get back to work, otherwise they were discharged and not allowed to work. Many of them have also lost their seniority privileges. In some places the regular unions have fired them out.

The leader of the strike, John Grunon, an I. W. W., and a prominent radical, is in jail in Chicago. A number of other radical leaders have been arrested, it being alleged that they promoted the strike for revolutionary political purposes.

The federal mediation board in Washington has refused to consider any matter coming from the strikers, or hear their demand for higher wages or other contentions, as it considers the strikers have forfeited any such rights by their uncalled for interruption of traffic.

### Jim Vaughn Lassoed Badger

Jim Vaughn recently lassoed a badger on his ranch in Castro county, and brought him to Plainview one day last week. The badger created considerable interest on the street, as there are not many of these animals on the Plains now. In the pioneer days they were quite numerous. They burrow in the ground, or take possession of prairie dog holes.

### Cool Northern Continues

The cold strong winds and moths that have prevailed for the past several weeks are damaging wheat, at least retarding its growth. The moisture in the ground is good, but the cold winds are bad for crops.

## Money and Products

The two most important factors of this community are money and products. Each is dependent upon and could not exist without the aid of the other.

We believe and know that the farmers of this community are the back-bone of the country. In a comparative sense, let us say that a bank is the financial heart of the community.

Closer co-operation between the banker and the farmer—the merging of these two factors of money and products will reflect itself to the lasting good of both interests and the consequent betterment of the entire community

Cone Johnson declares Bailey "is not of one particle of use to our people, our country or to humanity in general in the settlement of one single problem that is of any interest to anyone."

Delay, thy name is law. A case is now before the state supreme court from Lubbock county which was begun eight years ago. It involves a section of land which has increased in value since its beginning from \$10 to \$50 an acre.

Miss Margie Neal of Carthage is a candidate for one of the four delegations-at-large to the national democratic convention. Miss Margie is one of the best known newspaper women in the state and all the newspaper people favor her candidacy. She is at present a member of the state democratic executive committee.

Texas people are "easy suckers." The Little Motor Car Co., of Dallas sold stock to \$1,000,000 worth to 30,000 different Texas people. The concern has busted and is in the hands of the receiver. Over \$600,000 of the money has been stolen and wasted, leaving only \$300,000 in assets. "What fools some mortals be." Why should people longer fall for auto and oil stock selling schemes. Practically all of them are fakes.

Certain congressmen, with a hope of getting the Irish vote in their respective districts, seem bent on getting America into a war with Great Britain. Some time ago a resolution was adopted by the senate endorsing the Irish independence movement, and this week a resolution was introduced in the house calling upon England to give speedy trials to the Irishmen being held in prison for insurrections and murder in Ireland. Why should Uncle Sam be butting into other nation's internal affairs? Why should Uncle Sam make himself such a busy body. Aren't there enough troubles at home to keep him busy?

The compulsory training plan of the war department was killed by congress last week. It proposed to make every youth between the ages of 18 and 21 train so many months in a military camp. The West and the South killed the bill. It was well, for it meant the turning of America into a military camp after the German military plan. It would have created in America a military autocracy as a "Sinbad the Sailor" upon the shoulders of the taxpayers. It would have meant a great war sooner or later, just as the military machine in Germany precipitated the world war. The American people are against militarism, they are against big standing armies, they are against a military autocracy, they are against war. Compulsory training means all these evils, and it means higher and higher taxes. "Let us have peace."

The business men of Memphis have subscribed \$40,000 for a county fair.

### THE BLACKMAN-TINSCH WILD ANIMAL SHOWS

At last Plainview is to see the newest novelty in outdoor tented amusements, when the new Blackman-Tinsch two ring wild animal show comes here Saturday, April 24th, for one day only, and to its credit everyone will concede the program for extreme novelty is unequalled in thrilling wild animal training.

This organization is a well known enterprise in all the largest cities and now for the first time will devote its endeavors to all sizes of cities and towns, giving the same high class entertainment at every place where the big tents are erected.

This enterprise is calculated to please every admirer of wild and domestic animal training, and is particularly pleasing to the children and the ladies, for whom the management pays particular attention and where they are as safe and comfortable as at a lecture, or in their own home.

A big thrilling lion act by a skilled trainer is one of the features, interspersed with all kinds of startling and dangerous performances, in a long and praiseworthy program.

For the children and all the little ones, this management has made such special provision and attractive arrangements that they will never forget the pleasant visit to the big Blackman-Tinsch Wild Animal Shows for, during the visit to this clean, clever and well conducted enterprise all the

American girl.

They give her the new fashions adapted to become  
her.

They are cut on lines that fit her active figure, and  
in models for all the occasions she has need of---at  
school or at home.

Right now is the time for girls who want to be  
smartly and becomingly dressed to see the new spring  
styles in great variety. The new materials, the clever  
new touches, the new colors are all in this season's

# REAL ESTATE LOANS

ON

## Business and Residence Property

We are prepared to make loans for The United Savings Bank, of Detroit, Mich., on their well known monthly payment "On or Before" plan, for the purpose of buying, building or improving your business or residence property.

The loans are made on such terms that any one able to pay reasonable rent can take care of these loans.

The loans are made on a very simple plan of one hundred monthly payments and each payment carrying also the interest for the monthly period.

The scale below based on \$1,000.00 better illustrates the wisdom and convenience of the plan:

Monthly Payments	Int. & Prin. Pd. During Year.	Total Int. Pd. During Year.
1st Year \$17.00	\$120.00	\$84.00
2nd Year \$16.12	\$110.00	\$73.44
3rd Year \$15.22	\$100.00	\$62.64
4th Year \$14.34	\$90.00	\$52.08
5th Year \$13.44	\$80.00	\$41.28
6th Year \$12.56	\$70.00	\$30.72
7th Year \$11.68	\$60.00	\$20.16
8th Year \$10.68	\$50.00	\$ 9.36
1-3 of 9th		
Year \$10.20	\$ 40.00	\$ .80
Total Principal	\$1,000.00	\$374.48

From this you can see that out of 100 monthly payments the greatest being \$17.00 and reducing to the small sum of \$10.20 you have paid back the entire mortgage at a cost of only \$374.48 interest.

In the loan you reduce your principal 1 per cent of the total each month, thus making it very easy to calculate your amount paid.

Of all the war-torn countries of Europe, Belgium suffered the most, but following the armistice the Belgians settled down and went to work to rebuild their shattered fortunes, and they have been busy ever since, and are not pulling off any strikes or revolutions, nor is there every any mention in the newspapers of any anarchist activities. The Belgians

are "coming back." Many people think they were punished by Providence for the cruel treatment of the African inhabitants of the Belgian colonies, but if so, they have repented in "sackcloth and ashes" and have been purified as by fire.

The government weather bureau has exploded the old Western saying that "rain follows the plow," meaning that as more land is put in cultivation the average rainfall increases. The bureau has kept careful records since 1868, and finds this is not so. While the rainfall fluctuates, it is shown that counting periods of years the total average is on more after a section has been settled up and the larger part put in cultivation than it was when virgin soil.

A headline says: "Man kills himself because he is too lazy to live and make a living." We trust that the disease won't break out amongst the crowd on the corner.

### IN CASE OF FIRE

To the People of Plainview:

1. You are to remember the Telephone Company will not do your talking. They make the connection only.
  2. First learn the name of your street and the number of your house.
  3. Report fire to operator; she will give you Fire Station; stay on line and talk to us, don't leave phone and expect the operator to do the rest, because she is not allowed to do so, as it is against rules of the telephone company. Hold to the phone; you will save time and money.
  4. When you have a fire, close all doors and windows allow on one to enter because by so doing you are fanning the fire, which is all it takes to burn you up in a hurry. Call us the first thing, as we can use chemicals and avoid damage to your furniture and household goods with water.
  5. Do not try to combat fire yourself; that is what we are paid for and the first five or ten minutes is the time to avoid a grave disaster. Our Number is 24 or Fire Station.
  6. This is to impress on you the sooner you get connection with us the sooner we can come to your rescue.
- Kindly remember these remarks as they are useful in time of need.
